J. A. Gordon Dies At Son's Home In California July 4

John Albert Gordon, 89, a longtime resident of Wellington, died July 4th at the home of his son, Howard, in Long Beach, Calif. He was admitted to a Los Angeles hospital suffering from lobar pneumonia and died after an illness of one day.

He had been living with his son, Howard and family for the past two and a half years. He moved to California following the death of his wife, Julia, in 1953. Mr. Gordon's health had been excellent until the time of his death.

Funeral services were held in Long Beach Thursday afternoon, July 7th at the Motells and Peek Chapel with Rev. Claude W. Young of Grace Methodist Church in charge of the services. Burial was in Sunnyside Memorial Park in Long Beach.

Mr. Gordon was a faithful member of the Methodist Church and he and Mrs. Gordon made many friends during the years that he lived here. He is survived by his son, Howard and wife, Velma, and four grandchildren.

Frank Jones Will Play in All-Star Game at Childress

CHILDRESS — Football fans from throughout the State are looking forward to August 12, when they'll see Frank Jones perform as center for the West Team in the Sixth Annual Greenbelt Bowl Football Game.

The All-Star grid affair will get underway at 8:30 o'clock on Friday, August 12, in the Fair Park Stadium in Childress. Pre-game, halftime and post-game activities are also slated during the evening.

Heading up this year's two squads as coaches will be Frank Kimbrough and Clark Jamnigan of West Texas State College for the West and Garvin Beauchamp and Oliver Jackson of Abilene Christian College for the East.

Trainers will be Elmer and Delmer Brown, with Lynn Mink and Doc Shaw serving as team managers.

Both teams rate plenty of all-district, all-area and all-state stars again this year, assuring area football fans of a top-notch battle from start to finish.

"The teams seem to stack up pretty even for the 1955 classic, which is just what we strive for in selecting players", said Game General Chairman Vernon Egan. "Neither team should be prohibitive favorite on game night."

The Greenbelt game, sponsored by the Childress Quarterback Club includes only players who finished their high school eligibility at the end of the 1954 season. The selected players will arrive here on Sunday, August 7, and will work out for four days prior to the actual tilt.

Mrs. C. R. Leggitt On Student Tour

CANYON — (Special) — Mrs. C. R. Leggitt of Wellington was among a group from the Panhandle area who left Monday, July 18, on a 25-day tour of the West Coast sponsored by the geography department at West Texas State College.

The tour, by chartered bus, covered ten states and Canada, with stops in most of the West's national forests and parks, and visits in major cities. Two stops enroute to California afforded an opportunity to visit Old Mexico.

First stop was in El Paso, and points for stops the first week were Tucson, El Centro, Calif., San Diego, Los Angeles, and Fresno. Second week was spent at Yosemite National Park, San Francisco, Garberville, Calif., Grant's Pass, Eugene, and Portland, Ore., and Seattle and Spokane, Wash.

Points of interest visited included Yosemite, San Francisco, the Redwood Highway, Crater Lake, Willamette Valley, Victoria, the Cascade Mountains, Mount St. Helens, Lake Umbagog, Canada, the National Park, and the (Continued on page 12)

HONOR CAMPERS VISIT WELLINGTON

1. Pictured above in the first scene are the four Wellington boys who were selected as all honor campers during the week long stay they had at Camp Kiowa, near Canadian. They are Creed Hill, Leo Russell, Neal Russell and Carol Davis.
2. This scene shows the 59 honor campers pedalling into Wellington along 8th street.
3. The Scouts make camp at Marian Air Park. While in Wellington they were served with a free meal on the evening of their arrival, a free swim, and free admittance to the Ritz Theatre and the next morning served breakfast in the Community Building before departing for Clarendon.

We've Missed the Bus

Bus Service On Caprock Terminated Abruptly Following Commission Order

Bus service for Wellington was discontinued Tuesday for an indefinite time. Glenn Bell of Shamrock announced that he had secured permission from the Texas Railroad Commission to suspend operations and still hold his franchise for one year.

Mr. Bell has had his application for suspension in with the Railroad Commission which operates between Pampa and Childress and serves Wheeler, Shamrock and Wellington as well, had been showing a loss for the past four years. The ruling of the Railroad Commission does not mean that Wellington will necessarily be without bus service for an entire year, Mr. Bell said. The order gives the Caprock the right to resume operations at any time. If we can sell or lease the line, Mr. Bell said, the service may be resumed at any time.

When a Leader reporter asked Mr. Bell if there was a possibility

of selling the bus line to some such company as Greyhound or Trailway, Mr. Bell said: "I don't think so. Their employees are highly unionized and their expense per mile is considerably greater than Caprock. They do not seem to be interested in buying the Caprock line."

This leaves Wellington without any bus service at all. A few years ago a major bus line tried to get a permit to run a line from Amarillo through Claude, Clarendon, Wellington, Mangum and on to Oklahoma City, an application that was supported by the Wellington Chamber of Commerce but which was opposed by a number of other cities.

No comment could be obtained from Chamber of Commerce officials because Wayne Cudd, president, was in Corpus Christi and Mrs. J. W. Thomas, secretary, was in Ft. Worth.

Vernon Morris Dies From Heart Attack

Vernon Morris, formerly of Wellington, died recently in Los Angeles, Calif. The 54 year old man was a former employee of the City State Bank in Wellington.

After leaving Wellington, he was with the Bank of America for ten years. At the time of his death he was office manager for the Consolidated Copperstate Lines. Employees had been on strike for 22 days and Mr. Morris had had a part in the negotiations and died shortly after they had been concluded.

He is survived by his wife, the former Allene Hill of Wellington, and one son, Dan Earl, and a daughter, Dixie Kay and his mother, Mrs. Daisy Morris of Los Angeles.

Funeral Services For J. R. Savage Held Mon., July 18

Funeral services for J. R. Savage, 78, were held at the First Baptist Church in Wellington Monday, July 18th, with Rev. Bill Thomas and Rev. J. F. Michael in charge of the services.

Mr. Savage, a retired farmer, died Sunday night in a Wichita Falls hospital after having been ill for a number of years.

John Robert Savage was born in Gibson County Tennessee, December 11, 1878, the son of Tom and Lucrecia (West) Savage. His family moved from Tennessee to Montague County, Texas in 1904, and it was there that Mr. Savage was married to Miss Annie Savage on December 17, 1905. Later the couple moved to Oklahoma and were living in Cotton County when they moved to Collingsworth in 1916. Mr. Savage engaged in the business of farming from that time until 1941 when he started to work for the Cicero Smith Lumber Company. His wife died in 1943 and his health broke in 1944.

Mr. Savage was deeply devoted to his family and belonged to no organization except the Baptist Church and he remained a faithful attendant as long as he was in good health. His main interest was in his devotion to his family and a friendly regard and helping hand for his neighbors.

Pall bearers for the funeral were B. W. Baird, Robert Posey, Bill Williams, Joe Terry, and Doc Harrison. Burial was made in the West Wellington Cemetery under the direction of the Kelso Funeral Home.

Survivors are two sons, J. H. Savage, R. T. Savage and one daughter, Mrs. Homer Ingram, all of Wellington.

Dodson Baptist Church To Start Improvement Soon

The South Baptist Church of Dodson is entering upon their annual improvement campaign. Last year the church added and equipped six educational rooms. Recently a seventh room has been re-decorated and made available as a pastor's study and doubles as an intermediate class room.

Features of this year's expansion are being sponsored by the Brotherhood of the church. In their last meeting which was attended by 22 members and visitors, the Brotherhood voted for church improvements and sufficient funds have been secured or pledged to complete the proposed projects.

Projects for this year include the purchase of a new air-conditioner which has already been installed, and with the use of another large conditioner previously owned by the church, adequate cooling system for both the Sunday School rooms and the church auditorium. A second project which will be co-sponsored by the Brotherhood and the WMU will be the redecorating of the church auditorium. The floor of the auditorium will be finished in a smooth grey finish, and sky-line blue will be featured on the walls. Pews have been purchased by the church and will be installed this week. The third project outlined is to strengthen the foundation of the existing building and to succo the exterior. All of these projects will aid in the usefulness and physical beauty of the church.

Most of the labor will be contributed by members of the church. All age groups will contribute. The Royal Ambassadors, an organization of Junior boys will help prepare the building for stucco, while both ladies and men will paint and redecorate the auditorium. Members of the brotherhood will contribute labor for the stucco work.

Blosch Will Hold Twirling School

Charles H. Blosch, band director, will conduct a class for twirlers for Junior High Students from August 1 to 12. Students who are interested are asked to report at the band house from 9 to 11 in the morning and 2 to 4 in the afternoon.

There will be tryouts for drum major and either boys or girls may (Continued on page twelve)

Gentle Rains Up To Three Inches Cover County July 18 and 19

Gentle rains falling July 18 and 19 soaked the field and pastures of the Wellington area. The rainfall varied greatly with the tight land that needed it the most getting up to three inches, while the sandy land farms right around Quail that were not in need of moisture received only half an inch with Crossroads reporting less than

a half. However, a few miles west of Quail as much as three inches fell.

The gauge at the city hall in Wellington measured an inch and twenty-five hundredths, however, residents in other parts of town reported over an inch and a half. Dodson received 2 inches but there were spots between Dodson and Wellington that received as much as three inches.

Row crops have been growing at a tremendous rate during the hot weather of the past two weeks giving the county the best prospects in recent years. Due to late planting farmers are hoping for a late frost.

This year the county has approximately 70,000 acres in cotton and over 100,000 in other row crops such as maize, sorghums, etc. It is also estimated that the county will have something over 15,000 acres in Guar. This crop proved profitable last year in spite of the dry weather, but it is doing much better this year thanks to an abundant supply of underground moisture.

Soil District To Study Bindweed

The Salt Fork Soil Conservation District is in the process of leasing a 63-acre plot of land from H. M. Small for the purpose of making an intensive study of the eradication of bindweed, and syrup-pan terraces. They will also make a study to see if the growing of grasses for cash can be made a paying proposition on tight land.

Since bindweed has become such a problem to many farmers on tight land, and since there has been little success with recommended methods, the District has decided to check into this particular problem.

Blinded By Malnutrition

Koreans Will Speak At Baptist Church Sun.

Mr. and Mrs. Don Kim of Korea will conduct the morning services at the First Baptist Church next Sunday in the place of Rev. Bill Thomas who will be conducting a revival in Fort Worth.

Mr. and Mrs. Kim are studying at the Southwestern Baptist Seminary and Mr. Kim will complete his studies in two years and receive his Doctor of Theology degree. They have been in the United States for the past five years. Mr. Kim's father is a Baptist preacher in Korea.

Mrs. Kim's family was killed by the Communists during the Korean War. She was a prisoner in Japan for over five years in World War

II. Conditions were so bad in prison that she lost her sight, hearing, and all her hair, teeth, fingernails, and toenails due to malnutrition. During this time she witnessed for the Lord to other prisoners and guards and led over one hundred of them to be converted.

Plans Complete For 4H Girls County Camp Here

Plans for the annual 4-H club girls county camp have been completed and it will be held at the

VFW Hall in Wellington on Thursday and Friday, July 21 and 22, according to Miss Kathryn Potter, home demonstration agent.

Registration will start at 10:30 Thursday morning after which the girls will set up camp and have a sack lunch. From 1:30 to 3:00 there will be an electrical demonstration, which will be followed by a rest period. From 4:00 to 5:00 the club girls study flower arrangements after which they will swim in Marian Air Park Pool until 6:30. At seven they will hike to Ellison Park for a weiner roast and an evening of entertainment, and at 9:00 will be back in camp for a campfire and devotional service.

Friday will start off with a flag raising ceremony and the recitation of the 4-H club ritual. After breakfast there will be a recreation program from 8 to 8:30 after which Sheriff John Rainey will give training in the use of firearms for an hour and a half. They will swim again from 10 to 11:30 and will disband after lunch.

The camp will be broken down into groups and big sisters will take care of the smaller girls of the younger groups.

Leader Wants News About Ex-Students

The Wellington Leader will again publish news of the ex-students of Wellington High School prior to and after the reunion which will be held August 5 and 6.

Here is the sort of information The Leader would like to have. Your name, year graduated, parents name, who did you marry, how many children, their names, ages and accomplishments. Did you go to college, where and what degrees received. Activities since that time.

If you filled out the form last year, you might devote more of your article to what you have been doing the last year. But do tell again the year you graduated, your parents name and the name of your spouse.

Last year the exes who still live here were very modest in sending in information. Perhaps they thought it was for those who had moved away. Those who have moved away would like to know about you also—so this year The Leader invites the local exes to be more diligent in sending in information.

One Out of Five to be Injured

Farm Leaders Seek Lessening Of Accidents During Safety Week

The week July 24-30 should be for every Texan on or off the farm a practice period in prevention of accidents. The period has been designated as Texas and National Farm Safety Week.

The Texas Farm and Ranch Safety Committee believes that accidents on farms do not occur because farmers and their families are more careless than other citizens. But with excess work and fatigue they often neglect necessary precautions in working with power equipment and edged tools, and in keeping in good repair articles which are used frequently.

Prevention of accidents has a deeper importance than merely keeping people fit to do their work. The waste of human lives, the pain and sometimes permanent crippling resulting from accidents and the disruption to family life when a member is injured are of even greater consequence. The distressing thing, points out the committee, is that so large a part of accidents which are happening daily could be avoided and common sense safety.

Hazards to life and limb in homes and farm buildings are many and obvious. A systematic check will

reveal them, and knowledge of them. Falls cause more injuries in the home than any other type of accident. Looking before stepping could reduce such accidents, suggests the Safety Committee.

Finally, the Committee suggests that these seven days should take on special significance. It is time that farmers and their families and neighbors pooled their efforts toward making their industry as safe as any other in the nation. And as stated in the theme for Safety Week . . . "Your Safety is in Your Hands."

News of Men in Service

BEPPU, JAPAN — Cpl. Raymond D. Fillpot, 21, son of Mr. and Mrs. Buster Fillpot, Dodson, is scheduled to fly in mid-July from Japan to Fort Bragg, N.C., with the 187th Airborne Regimental Combat Team as part of Operation Gyroscope, the Army's new unit rotation plan.

Giant C-124 Globemasters are being used in the 12,000 mile project in which the 187th is being replaced in the Far East by the 508th ARCT. The operation is the first large scale air transfer of units in the history of the Army.

Corporal Fillpot, a machine gunner in the 187th Company K, entered the Army in April 1953. He received basic training at Fort Campbell, Ky. He is a 1950 graduate of Dodson High School.

NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS

No. 1921
Notice is hereby given, to whom concerned, that G. M. Thompson, the postoffice address of whom is Wellington, Texas, on the 27th day of June, 1955, filed his application in the office of the Board of Water Engineers for the State of Texas, in which he applies for a permit to appropriate of the unappropriated waters of the State of Texas, from Wolf Creek, a tributary of the Salt Fork of the Red River, in Collingsworth County, Texas, not to exceed 236.92 acre feet of water per annum, for the irrigation of not to exceed 118.46 acres of land in Section 27, Block 12, H. & G. N. Ry. Co. Surveys, in Collingsworth County, Texas, all being more fully described in said application; water to be diverted by means of a pumping

plant. The proposed pump is located between points which bear South 41 degrees 38 minutes East 1300 feet and South 68 degrees 40 minutes East 3340 feet from the Northwest corner in Collingsworth County, Texas, and is distant in a North-easterly direction from Wellington, Texas, about 14.4 miles.

A hearing on the application of the said G. M. Thompson will be held by the Board of Water Engineers for the State of Texas, in the office of the Board at Austin, Texas, on MONDAY, AUGUST 8, 1955, beginning at ten o'clock A. M., at which time and place all parties interested may appear and be heard. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Board of Water Engineers may deem right, equitable and proper.

Given under and by virtue of an order of the Board of Water Engineers for the State of Texas, at the office of the said Board at Austin, Texas, this the 27th day of June, 1955.

Engine Wear Reduced 40% with Trop-Artic Motor Oil

(THE DIFFERENCE IN WEIGHT IS A DIFFERENCE IN WEAR!)

IT'S PERFORMANCE THAT COUNTS!

The difference in piston ring wear illustrated above proves an important point about the performance of motor oils:

Most engine wear occurs when you first start your car or under stop-and-go driving conditions with an engine that hasn't warmed up. It takes a very special kind of oil to flow quickly and protect your motor when you start, and then to protect moving parts from sludge and varnish after the engine heats up. TROP-ARTIC All-Weather Motor Oil gives you this double protection. Compared to older types of oils, it can even double engine life.

In a motor oil it's performance that counts. And TROP-ARTIC gives super performance! You'll get easier starting... save gasoline... and you can save 15% to 45% on oil consumption. Get TROP-ARTIC from your Phillips 66 Dealer.

PHILLIPS PETROLEUM COMPANY

Tire Talk & Facts

Tires like farms vary in price. Quality making the difference. We get what we pay for in a tire. Mobile Premier Nylon's in Tubeless or conventional are the best 20 0/0 and 40 0/0 discount.

Try a set and be convinced. Yes, we will trade and give 6 monthly payments. No carrying charge if purchased on courtesy card.

See your Magnolia Station for fan belts and lots other accessories for the car. When it's better we will have it.

ON HIGHWAY 83

B. F. Evans

P. S. Don't forget Nylon tires are guaranteed not to rip, run, ravel, bust, bend, break or blowout.

FOR SAFETY ON THE FARM

Electricity is the farmer's hired hand and the farm wife's chore girl. Hundreds of you enjoy the convenience of electricity in your home and around the place.

MAKE THIS ELECTRICAL CHECK-UP

Are all electric circuits equipped with proper fuses?

(Branch fuses should generally not exceed 15 amp.)

Do you cut off current when working on electrical equipment?

Some of you are getting it turned on. But you cannot be careless with electricity. So if you are one of our customers,

Are you using an approved commercial electric fence controller?

Is the pathway to main switch box free of all obstructions?

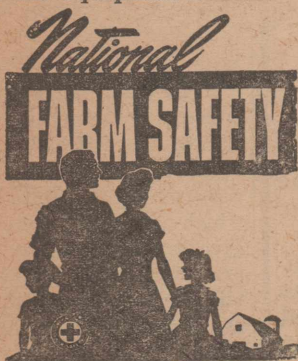

Do you avoid replacing burned out buses with coins, wire and other metals?

Do you use moisture-proof cords for outside weather conditions. Heavy rubber cords for motors and motor driven appliances?

Are all electrical appliances in proper condition. Are they being properly operated?

Do you know how to treat cases of electric shock?

CORRECT THESE HAZARDS ON YOUR FARM.

Don't try to repair outside lines and equipment. It can be highly dangerous. Instead, phone us (119 Day or 413-M night) and we will be out

immediately to fix the trouble. THE MAIN LINE SERVING YOUR PLACE CARRIES 3 TIMES THE VOLTAGE USED IN AN ELECTRIC CHAIR.

GREENBELT ELECTRIC COOPERATIVE INC.

You can sit this pretty for less than you think

This Big Buick SPECIAL 2-Door, 6-Passenger Sedan delivers locally at a small-car price

(Come in and check it!)

We'll mince no words.

You can buy a Buick SPECIAL like the one shown here if you can buy any new car.

You can boss this big and brawny Buick Sedan for just about the price of the smaller cars—even for less than some models of the three most well-known smaller cars. The price tag we'll show you proves that.

But you can't get anywhere else for the money what you get in this Buick, or any other new Buick—and that's something you really ought to look into.

For Buick sales are soaring to all-time best-seller highs this year just because more and more people are discovering how much more automobile their dollars buy in a Buick than the same dollars buy elsewhere.

They find Buick a bigger package of sheer automobile for the money—bigger in power thrill, in stretch-out comfort, in ride steadiness, in structural solidity.

They find Buick size and styling an added prestige—Buick roadability and handling ease an added pleasure—Buick brawn and precision an added reassurance.

And they find Buick performance a thrill without peer—for where else can you get the whip-quick response and bettered gas mileage of Variable Pitch Dynaflo?

Maybe you'd better drop in and see how much real automobile and fun and deep-down satisfaction your money buys in Buick.

Whether you want the low-priced SPECIAL, the high-powered CENTURY, the extra-roomy SUPER, or the custom-built ROADMASTER—you'll find the price more than right and the trade-in deal terrific. Can you make it today?

†Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

Thrill of the year is Buick

ROUND ABOUT

By Louise Wells

Mulching soil in your shrub and flower beds is an urgent chore. A much helps hold moisture and keeps the soil beneath cool.

Dr. V. C., Norma, and young Vic Saied finally landed an unfurnished apartment at 6500 Lincoln Drive, Philadelphia 19, Pa. Arriving late at night with a very young baby and searching for a place to live is kinda hard on everybody.

A very pleasant visitor in town this week is Glenn Stephens, who works in the ad department of the Paris (Texas) News. He thinks the Wellington Leader is the best weekly paper he's ever read. Glenn, along with Mrs. Stephens and Mr. and Mrs. Bill Owen, are spending the week with Mr. and Mrs. Alvin Horton and John. Mrs. Owen and Mrs. Horton are sisters. Mrs. Stephens is a niece.

Lura (Finley) Briggs, Danny and Lee Ann are here while Don is at National Guard Camp. They are from Canyon and are visiting her parents, Mr. and Mrs. J. G. Finley.

Bubba (Cameron Jr.) and Ruthie Beam are home for the summer visiting Mr. and Mrs. Cameron Beam Sr. and Tommy and Marilyn Beam. They will go to Austin for a few days to see about entering the University in the fall.

Two very blistered people appearing at work Monday were Eunice Nunnell and Margaret Elbert. They had spent Sunday at Lugart along with their husbands, Ernest and Harold.

Ran into Logan Cummings and T. E. Lennon in B. W. Baird's office. They were talking over school problems. Logan and Inez have been attending Texas Tech and had stopped off here a few days before returning to Austin.

Am happy to report that Dona (Mrs. Mish) Dukeminier is doing fine after undergoing surgery in Northwest Texas Hospital in Amarillo on Saturday.

The Eight Do-Mores:
Do more than exist — Live.
Do more than touch — feel.
Do more than look — observe.
Do more than read — absorb.
Do more than hear — listen.
Do more than listen — understand.
Do more than think — ponder.

New Commercial Teacher For WHS

Miss Peggy Willis of Denton is one of the new teachers to be added to the Wellington High School faculty for the coming school year. She will teach in the commercial department, superintendent Bennett Goodloe announced this week.

Miss Willis has her bachelors degree from Texas State College For Women and has for the past five years been teaching in Nocona Schools.

Do more than talk — say something.

—John Harsen Rhoades

This Month 25 Years Ago
G. L. Farrar, Superintendent of Schools, announced that Miss Katherine Bates of Camden, Ark., has been engaged to teach piano and voice in the schools of the city.

Lee O'Neil, chairman of the Collingsworth County Executive Committee received information saying those people who live in the "Strip" awarded to Texas by Oklahoma will not be allowed to vote in the coming primary unless they paid their poll taxes between October 1929 and January 31, 1930.

From the Home Town Bulletin by Budge Harle: Young Denzil Bevers is certainly old for his years. I heard him inquire from J. W. Chapman if the new Whiz Rangs had arrived.

Small for Governor Rally July 23, 1930 in Wellington.

YOUTH is the happy time — but only AGE knows it.

PERSONAL

Mr. and Mrs. R. M. Horn and Kathryn of Longview spent last weekend with his parents, Mr. and Mrs. Roy Horn.

Mr. and Mrs. Winefred Middleton and children of Amarillo were weekend guests of Mr. and Mrs. Bob Hightower in the Kelly Community.

Mr. and Mrs. L. S. Riley of Pampa visited her mother, Mrs. W. W. Johnson Sunday.

QUAIL NEWS

By MRS. G. T. STEPHENS

Mr. and Mrs. Dean Rose and children, who were enroute home from Honolulu to Sayre, Oklahoma stopped by to visit in the home of Mr. and Mrs. Dick Campbell recently. Mr. Rose had just received his discharge from the service where he had served four years in the Air Corp. He is the brother of Mrs. Campbell.

Mrs. Frank Kennedy is in the Groom hospital where she underwent surgery on July 12. At present Mrs. Kennedy is recovering nicely and is expected to be able to return home soon.

Mrs. G. W. Downing received a painful left hand injury last week while she was washing and ran her hand through the ringer. The examination and X-rays did not show any broken bones but some of the ligaments were torn loose and the flesh was badly bruised.

We received more rain in the Quail community again Monday night, July 18, which increased the demand in the community for more cotton choppers.

Mr. and Mrs. Leon Shields of Willow, Okla., were weekend guests in the home of Mrs. Shields parents, Mr. and Mrs. Sam Russell.

Mr. and Mrs. Carroll Blevins had as guest in their home Sunday Mr. and Mrs. Sherman Stewart and son, George, of Sweetwater, Texas, Mr. and Mrs. Hamm Holton and children of Wellington and Mr. and Mrs. Howard Blevins and family.

Mr. Stewart was a mail carrier of Quail a number of years ago.

Mrs. Lela Maxwell and Mr. and Mrs. Kenneth Maxwell of Wellington visited in the home of Mr. and Mrs. Earl Shields and family of Sunray, Texas.

Mr. and Mrs. Dick Campbell and children visited in Amarillo, Tex., over the weekend with Mr. and Mrs. John Rose.

Dennis Brammer who lives near Little Rock, Ark., visited in the home of Mr. and Mrs. Roy Canada Saturday. Dennis is a brother of Mrs. Canada.

Mr. and Mrs. Jack Bonner and children of New Orleans, La., were guests in the home of Mr. and Mrs. Leroy Pate last week from Tuesday until Thursday. Mr. Bonner is the brother of Mrs. Pate. Mrs. Monty Mitchell, who attended summer school the first semester at Texas College for Women in Denton, Texas, returned home Friday, July 15.

Mr. and Mrs. J. G. Finley had her parents, Rev. and Mrs. L. J. King of Quanah, their daughter Mr. and Mrs. John Souther, David and Susan of Amarillo and Mrs. Eugenia Souther of New York City as guests last weekend.

Weekend visitors in the home of Mrs. D. C. Beard and children were Mrs. Beard's sister, Mrs. Alie Myers of Erick, her niece and family, Mr. and Mrs. Bob Mabre and children of Sweetwater, Oklahoma and Mr. Alley Able also of Erick. Mrs. Myers plans to make her home with Mrs. Beard.

Mrs. Dobbs Visits Old School Mates

Mrs. Tom Dobbs spent four days last week in Paducah visiting with three friends she had not seen in fifty nine years. Two of them were before marriage the Casey girls and married Robinson brothers. They also had a brother and his wife there and several other school mates. They reported

a wonderful visit even if they didn't seem the same as they did as school mates 59 years ago. They went to school together for eight years.

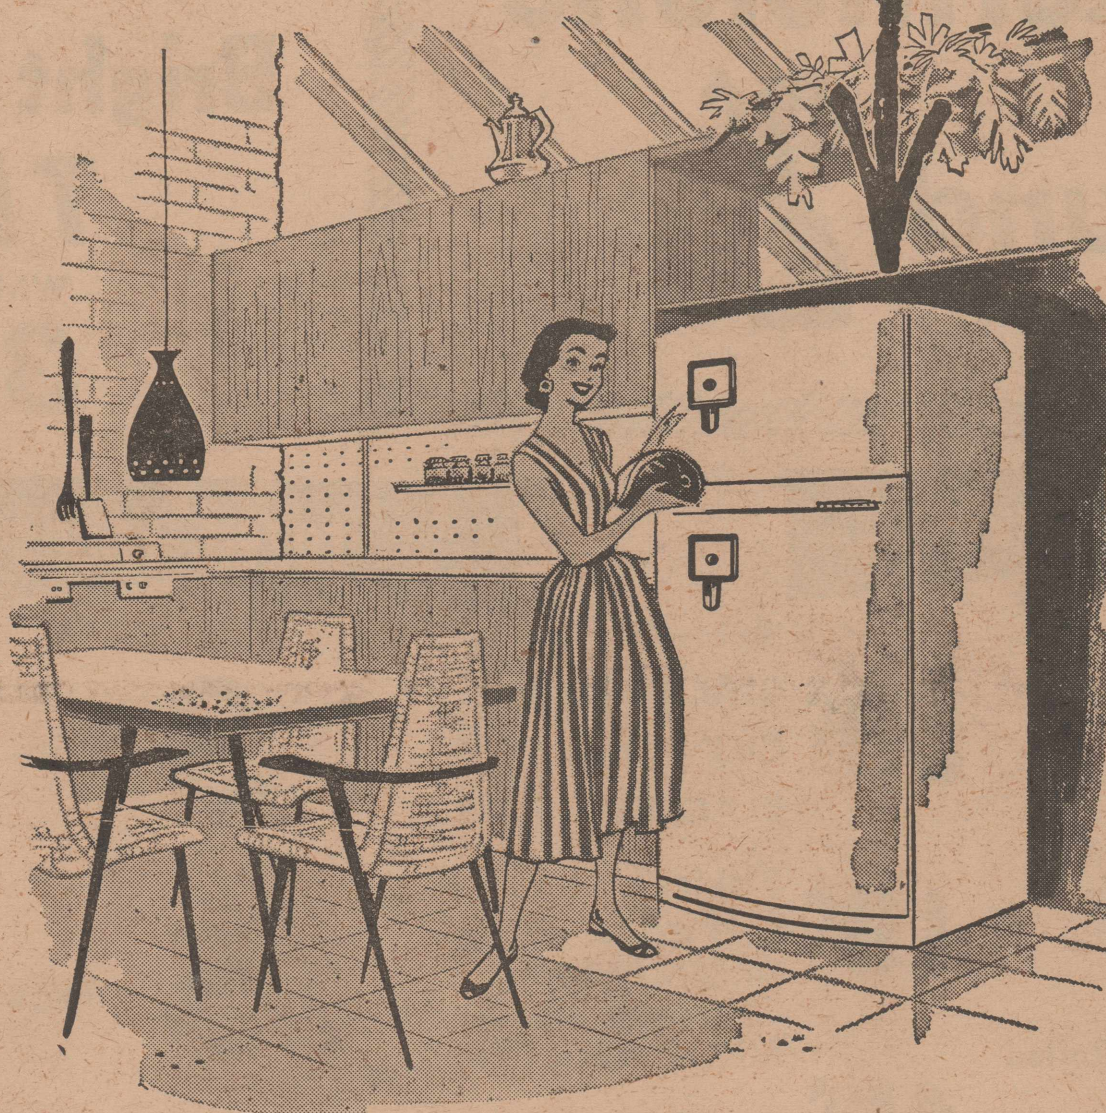

Mrs. Mary (Davis) Harris of Commerce met with them also. She and Mrs. Lola (Longino) Dobbs were desk mates most of the eight years. They recalled many pleasant memories and some sad ones. They plan to visit together more often in the future.

Legal Notice

COUNTY OF COLLINGSWORTH

Be it hereby known that the Wellington, Independent School District by and through its duly qualified and acting officials will take bids for the Bank Depository for the Wellington Independent School District funds for the two years beginning September 1, 1955, until September 1, 1957.

Bids must be submitted to Mr. V. E. Warrick, Wellington Texas, President of said School Board on or before July 30th, 1955 at 1:00 p. m.

All firms submitting bids must be able and willing to qualify with the laws regulating School District Depositories.

V. E. Warrick, President of School Board, Wellington Independent School District.

Letters From The PEOPLE

June 27th, 1955

Dear Mr. Wells,
My wife and I have certainly appreciated very much indeed receiving your most interesting Wellington Leader. From its pages we have been able to follow up the fortunes of those citizens of Wellington who together did so much to make our visit last year so vivid and full of happy memories. Each week when we have read it through we pass it on to the Rotary Club who by now are very familiar with the goings on out in Collingsworth County.

We both congratulate you on such an excellent publication especially the many personal touches that make it a real family paper and also for the excellence of the photographs which in our opinion are of a very high standard indeed it is also pleasant to record that the commercial adverts maintain the dignity of your publication without the sensational tactics so prevalent in the United States.

The past year has been indeed memorable in many ways, soon after our return my Mother who was a local Councillor died after a short illness but the safe arrival of a dear daughter to my wife in March has made us very happy, she is being Christened this Sunday and her names are Alison Hazel.

We have shown our colored slides on many occasions among our friends and everybody is most impressed by the many aspects of the American way of life available to your community. We both very

SPITTIN' IMAGE — Don't let the modestly lowered lashes and smirking smile fool you. The grin's built-in on this camel at the London. England. zoo, and the demure, almost bashful look is designed to lure you within spitting distance. Then—Ptui!

regret however that we are unable to make any payment for forthcoming issues of the Leader as restrictions of expenditure of Sterling to America is controlled by the Bank of England and we will quite understand if you are unable to continue with any more copies.

Needless to say we both wish to offer hospitality to any persons from Wellington, Texas who ever visits this country on active service or on holiday who would like to see Wellington, England.

It is impossible for us to write and keep in touch with all the families who made us so welcome but

we will never forget them so please publish this, as a tribute to their hospitality.

Our personal regards to you and your family. God bless you all.
Mary and Terry Heath

Important thought to keep in mind:

There's no need to worry about stalling in hot-weather traffic; no need to worry about balky, hot-engine starting! Just fill up at your Gulf station with New Super-Refined Gulf NO-NOX—the gasoline that's made with evaporation control to prevent vapor-lock. And always protect your engine with New Gulfpride H.D. Select, the motor oil that controls carbon.

New Gulf No-Nox Gasoline delivers not just the highest octane but

full working octane

because it's super-refined to burn clean

See what a difference Gulf super-refining makes. Gulf takes out the "dirty-burning tail-end" of gasoline—at the refinery—to bring you new, clean-burning Gulf NO-NOX.

NO GASOLINE, no matter how high the octane, will let your engine deliver full power performance—mile after mile—unless it burns clean. That's why it pays to always use new NO-NOX. Gulf NO-NOX is the clean-burning fuel that gives you full working octane day in, day out. In addition, you get...

- more complete engine protection
- extra gas mileage in short-trip, stop-and-go driving
- freedom from vapor-lock, engine stumbling and stalling
- no knock, no pre-ignition—even in today's high-compression engines

Now! For the ultimate in working octane performance, always use Gulf's super-refined gas-oil team...New Gulf NoNox Gasoline and

New Gulfpride H.D. Select Motor Oil

The only motor oil super-refined by the Alchlof Process for modern high-compression engines.
• Controls carbon
• Combats corrosive acids, rust and deposits
• Assures lower oil consumption
• Provides the toughest protective film ever developed in a motor oil
Available in 3 grades—SAE 10W, SAE 20/20W, SAE 30.

August Rites Announced For Miss Patricia Starr and Richard E. Hall

Mrs. Mildred F. Starr, 204 Crestway Terrace, Amarillo, announces the engagement and approaching marriage of her daughter, Patricia Ann Starr, to Richard Eugene Hall, son of Mr. and Mrs. Everett Hall, 111 Brown Drive, Amarillo, Texas.

The wedding date has been set for an early fall wedding, August 27th, at the San Jacinto Methodist Church, Amarillo.

Miss Starr is the granddaughter of Mr. and Mrs. G. N. Scruggs,

1304 S. Bowie and P. E. Starr, 1411 Childress Street.

Fidilius SSC Have Annual Picnic

The annual class picnic of the Fidilius Sunday School Class of the First Baptist Church was held Thursday, July 7.

The opening prayer was led by Mrs. Porter Loving and the business meeting was presided over by Mrs. H. A. Davis. After the meeting the members went to the home of their teacher, Mrs. J. M. Stowell, for song services.

Members attending were Mmes. Riley Dunson, Donnie Huston, J. M. Stowell, A. B. Clark, Birdella Genthe, O. B. Raburn, T. L. Holloway, E. M. Cook, Porter Loving, H. A. Davis and Miss Guen Davis.

BERMUDA BAVARIAN—Bermuda shorts in Oxford gray team with white knee-length socks to give this ensemble a tolecan touch. Matching blazer features white piping and buttons.

Dodson Civic Club Have Annual Picnic

The Dodson Civic club held its annual picnic at the home of the club president Mrs. J. T. Martin on July 13.

Mrs. Martin's lawn was attractively lighted, with tables and chairs for the guests, a long table held the bountiful feast of fried chicken, salads and other good things to eat.

After the picnic supper every one enjoyed visiting and games.

Those present were Mr. and Mrs. W. Frank Smith and Joy Carolyn, Mr. and Mrs. H. A. Painter and Tolbert Painter from Littlefield, Texas, Mr. and Mrs. E. C. Alexander, Adelle and Betty Ann, Mr. and Mrs. J. C. Howell and Jimmy, Mr. and Mrs. T. E. Lennon and Joe, Mr. and Mrs. B. B. Martin, Mrs. Katherine Smith, Rev. and Mrs. Keelin, Rev. and Mrs. Bill Hendricks, Rev. and Mrs. Lonnie Voorhies, the hostess, Mrs. J. T. Martin.

Nina Hankins Circle Meets

The Nina Hankins Circle met in the First Baptist Church parlor Monday afternoon with Mrs. Farrell Kent as hostess.

Mrs. Rufus Sweet presided over the business meeting and Mrs. Milford Harris taught a book on Prayer.

Dainty refreshments carrying out the red, white and blue color scheme were served to the following: Mmes. Milford Harris, L. L. Easter, A. B. Clark, Judge Holton, J. M. Stowell, John Dukeminier, Doshia Dix, Milburn Derryberry, Cicero Gulley, Noble Murry, Rufus Sweet and hostess, Mrs. Farrell Kent.

Grigsby Family Hold Reunion

The family of E. M. Grigsby held a reunion at the W. H. Grigsby home in Amherst on July 3 and 4. All eight of his children were able to be present. Seventy-four attended coming from Louisiana, California, Florida and many parts of Texas.

The eight children were Mr. and Mrs. Otis Nowell of Muleshoe, Mr. and Mrs. D. L. Allen of Pampa, Mr. and Mrs. W. H. Grigsby Sr., of Amherst, Mr. and Mrs. Paul Grigsby of Ft. Worth, Mr. and Mrs. Walter Bell of Van Nuys, California, Mrs. LaVonia Pierce of Austin, Mr. and Mrs. Bill Doran of Bryan and Dr. and Mrs. Billy Knapp of Alexandria, La. Also Mr. E. M. Grigsby, 19 of his grand children, 20 great grandchildren, and a host of friends.

A wonderful time was enjoyed by all taking pictures, eating and renewing acquaintances.

Miss Potter Meets With 4-H Girls

By Reporter Patsy White
The Collingsworth County 4-H Club Council met Friday, July 15, at the County Court Room.

Miss Katherine Potter, Home Demonstration Agent, had her first meeting with the girls and was really welcomed to the county.

The 4-H camp was discussed and the date was set for the 21st of July.

The council urged every 4-H'er to come. There will be plenty of fun for everyone.

Different demonstrations in electricity and flower arrangements will be given and there will be recreation including swimming and games of different sorts.

Plans were completed for the camp and it will be held at the VFW Hall.

The Bake Show contest and Dress Review will be held August 27.

Dodson WMS Have Program

The Woman's Missionary Society of the South Baptist Church in Dodson met at the church for their monthly program meeting Thursday, July 7. The theme of the program was "All Roads Lead to London" and featured a review of the Baptist World Alliance which meets this month in London, England. An attractive poster carrying out the theme was used as a worship center. The program was given by the pastor in the form of a report of the proceedings of the Baptist World Alliance. After the meeting chilled melon was served in the recreation hall of the church.

Those attending were: Miss Vera Jones, Mesdames, Perry Mach Scott, Rob Holland, Truett Holland, Thurman Wyrick, Buster Fillpot, Homa Yarbrough, T. E. Lennon, Glen Lewis, Bill Hendricks, Frank Ford and Aaron Welch.

Mrs. Jim Cochran and daughter spent last week in Fort Worth with her parents, Mr. and Mrs. Neal Warren. She and Mrs. D. V. Watkins visited over the weekend with their husbands, Maj. D. V. Watkins and Lt. Jim Cochran who are now at National Guard Camp at Ft. Hood, Texas.

Spaghetti Sauce Brings Eggplant to the Table in New Dress

BY DOROTHY MADDOX

EVERYONE likes to try a new sauce with ever-popular spaghetti. That's why we think this savory eggplant sauce will be welcome at your dinner table.

Spaghetti With Eggplant Sauce (6-8 servings)

One-half cup butter or margarine, 1 medium-size eggplant, pared and cut in cubes; ½ cup chopped onions, 3 8-ounce cans tomato sauce, 1 cup water, ¼ cup chopped, canned pimiento; 1 medium-sized green pepper, diced; 1 teaspoon salt, pepper to taste, ¼ teaspoon thyme, 2 tablespoons salt, 4 to 6 quarts boiling water, 1 pound spaghetti, grated Parmesan cheese.

Melt butter or margarine over medium heat. Add eggplant and onions and saute 10 minutes, stirring occasionally. Add tomato sauce, water, pimiento, green pepper, 1 teaspoon salt, pepper and thyme.

Cook over low heat 30 minutes, stirring occasionally. Meanwhile, add 2 tablespoons salt to rapidly boiling water. Gradually add spaghetti so that water continues to boil.

Cook uncovered, stirring occasionally until tender. Drain in colander. Serve eggplant sauce with spaghetti and sprinkle with grated Parmesan cheese, if desired.

Maybe you want a soup that is a meal in itself. Served with big slices of bread and a salad, this salmon-and-vegetable soup makes a wonderfully hearty lunch.

Cream of Salmon-Noodle Soup (About 2½ quarts)

One tablespoon salt, 3 quarts boiling water, 8 ounces wide egg noodles (about 4 cups), ½ cup butter or margarine, ¼ cup finely chopped onion, ¼ cup all-purpose flour, 6 cups milk, 1 7½-ounce can salmon, drained and flaked; ½ cup cooked Lima beans, salt and pepper to taste.

Add 1 tablespoon salt to rapidly boiling water. Gradually add noodles so that water continues to boil. Cook uncovered, stirring occasionally, until tender. Drain in colander. Melt butter or mar-

garine over low heat; add onion and saute until tender. Add flour and blend.

Gradually add milk and cook until slightly thickened, stirring constantly.

Add salmon, Lima beans and salt and pepper to taste. Add noodles. Cook over low heat 15 minutes, stirring occasionally. Serve immediately.

Out-of-Towners Here for Wedding

Out-of-town guests who were here for Jean Tarter and Delmo Risley wedding were Mr. and Mrs. John S. Stewart and George of Sweetwater; Mr. and Mrs. A. Z. Hayes, Abilene; Mr. and Mrs. Glen Tarmamice, Ft. Worth; Mrs. W. S. Kogdkiss, Bonham, Texas; Miss Kay Killingsworth and Troy Stafford, Dimmitt; Mr. and Mrs. Woodroe Killingsworth, Jimmy and Jerry, Dimmitt; Dr. C. E. Killingsworth, Borger; Mr. and Mrs. Ted Truce, Ellen, Becky, and Cidney, of Bryan; Miss Helen Kemprose, and Jack Tarter of Abilene; Mr. and Mrs. Dan Trew and Tom of Hereford; Miss Nell Trew, Dallas; Miss Nancy Lewis, Gastonia, North Carolina; Miss Nell Hodgkiss, Bonham; Miss Eugene Black, Abilene; Miss Minnie Stanley, Tahoea; Miss Daphne Telhik, O'Donnell; Miss Gay Needham, Ft. Worth; Jack Minter, Garden City, Kansas; Baylor Anglin, Abilene; Glen Cage, Wichita Falls; Minister and Mrs. G. B. Stanley, Gage, Michael and Judy of Shamrock, Mr. and Mrs. A. H. Patterson and Don, Dalhart, and Mrs. Ollie Clark of El Paso.

Dodson Young People To Have Social

The young married couples and young people of the South Baptist Church in Dodson will have a Sunday School Party at the home of Mr. and Mrs. Floyd Teustich in Dodson Friday, July 22, at 8:00 p. m. The party will be on the plan of an "old-fashioned ice cream social". Games and recreation will be provided and members of the class will be urged to bring prospects, new members and friends. Edwin Crowder is the teacher of the class. The evening will close with a devotional taught by the pastor before the refreshments are served. We are especially proud of this class for its continued growth and spirit of friendliness and co-operation in aiding the church program in many ways.

was draped with a white lace cloth over blue cotton. The three-tiered cake was topped with a miniature bride and groom beneath a heart entwined with dainty white flowers.

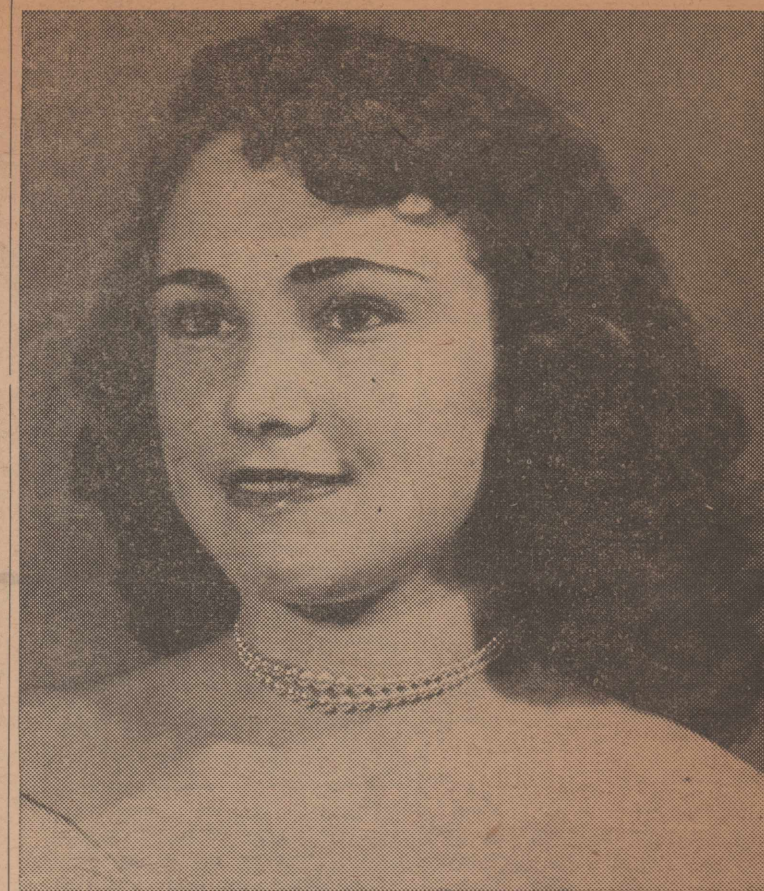

The centerpiece was the brides bouquet with blue satin streamers with "Jean" and "Delmo" written in silver glitter on each side of the bouquet. After the bride and groom had cut the first piece, the cake was served by Mrs. A. H. Patterson of Dalhart, cousin of the bride while Miss Nell Trew of Dallas, also a cousin of the bride, presided at the crystal punch service. Mrs. Kenneth Maxwell was at the brides book. Other members of the reception party were Miss Black, Miss Needham and Mrs. Carroll Duncan.

For a wedding trip to New Mexico the bride traveled in a dress of ivory pongee trimmed in black. She wore black accessories and her corsage was the orchid from her bouquet.

Upon returning they will establish their home at 781 E. N. 14th Street in Abilene.

Mrs. Risley was graduated from Wellington high school in 1951 and received her Bachelor of Science Degree in 1951 from Abilene Degree from Abilene Christian College with the class of 1955.

The groom graduated from Phillips High School and from Dragun's Business College in Amarillo. He spent four years in the US Air Force, three years of which were spent in Germany. He is now a student in Abilene Christian College.

—Photo by Allen Graves

Miss Beatrice Hutchins To Marry Spencer Coleman in August Ceremony

Mr. and Mrs. Vernon Denton Hutchins announce the engagement and approaching marriage of their daughter, Beatrice, to Spencer Delano Coleman, son of Mr. and Mrs. John Scott Coleman.

The wedding is scheduled for Saturday, the twentieth of August. The candlelight ceremony will take place at eight o'clock in the Wellington Church of Christ.

Miss Hutchins has chosen as her honor attendant, Miss Lennie Lou Coleman, sister of the groom-to-be. Her bridesmaids are to be Miss Barbara Herivel of Littleton, Colorado, and Miss Mary Carol Smith. Raymond McDaniel of Abilene will serve Mr. Coleman as his best man.

Friends of the couple are invited to attend the wedding.

Houselog Club Hold Regular Meeting

Houselog Good Neighbors Club met Friday, July 15, in the home of Mrs. Robert Karnes. After a short business meeting the members spent the afternoon making bandages for the Cancer Society.

Ladies attending were Mmes. Ray Clubb, Ed Smith, M. C. Pigg, George Brawley and Joy, Leonard Karnes and girls and Mrs. Robert Karnes.

Next meeting will be a picnic at the City Park on August 19.

Organic Gardening is Recent Subject of Talk Before Wellington Garden Club

Organic farming was the topic of a recent meeting of the Wellington Garden Club that was presented by Mrs. Deskins Wells. Her talk was based mainly on Louis Bromfield's book "Out of the Earth".

Excerpts of her talk follow:

After more than a hundred years the ghost of Thomas Robert Malthus is walking again. You may remember that it was Malthus who wrote a pamphlet about the end of the 18th century setting forth the theory that while food supplies of the world increased by mathematical progression, population increased by geometric progression, and that the day was certain to come when population of the world would exceed its capacity to feed itself.

Today I think it can be said that the world is turning more and more to this country for the answer to the problems of soil erosion, depletion and waning food supplies.

About 10 per cent of American farmers, the ones practicing sound agriculture, produce 50 per cent of the food consumed by our population. The remaining 50 per cent of our population is largely fed by about 30% of our farmers who are pretty good at their job. The remaining 6% of our farm population produces either cotton, tobacco or similar crops or very little more than it consumes.

The point is, that if every cubic foot of the world's soil now under cultivation could be made a perfect, balanced soil and one of optimum production, not only could we raise many times the amount of food the world is now producing but we could improve its actual nutritional quality to such a degree that, save for inherited organic deficiencies or weaknesses, we could alter the whole physique, character and intelligence of millions of the world's population for the better. In other words instead of producing people living perpetually on the borders of malnutrition and even starvation, we could produce well fed, intelligent physical specimens capable of producing and enjoying economic wealth and of actually making continuous contributions.

All soils were originally nothing but accumulations of minerals and rocks in broken down form. As life progressed and developed on this planet and the process of organic birth, growth, death, decay and re-birth advanced with increasing rapidity, these inorganic minerals accumulations became overlaid with deposits of minerals in the organic form of dead or decaying animals and vegetation and in this organic form the minerals were highly available for the nutrition of succeeding animals and vegetation.

When man began the first agriculture, he began destroying this

thin organic residue as rapidly as possible, generally speaking in two ways. (1) by encouraging it to wash away down the streams and back into the oceans. (2) by burning up rapidly through cultivation the organic content so that not only did he destroy all the living qualities of the soil (the moisture, bacteria, fungi, moulds and other factors dependant upon decaying organic materials for their existence), but he also destroyed the process by which these organisms operated to break down combinations of inorganic salts.

In other words we have broken of destroyed completely a natural chain reaction together with the balance and laws by which soils are created and recreated and by which they can constantly restore themselves and make available to plants, animals and people the minerals existing in inorganic and frequently unavailable form and in certain areas in virtually unexhaustible amounts.

Organic matter is free for all. Have you ever gone foraging on a Saturday afternoon for some leaves or corn cobs near your home? Or do you round up unused grass clippings from obliging neighbors? Better still, have you ventured out to local businesses for the vast quantities of greens and animal matter that normally would be incinerated? What about these same things from your own kitchen? Bakeries do something with stale bread—why not crumble it in your compost? What about leaves from your own yard—or along the yards or highways of your friends.

Cow lots, dog kennels, etc., are wonderful sources of manure. Grass clippings from your yard. Never burn as many people do.

Weeding and cultivating begin this month for the non-organic gardener. But in the organic garden these chores may be eliminated entirely by applying early a sufficiently thick mulch of shredded plant material such as leaves, alfalfa, or clover hay, salt hay, shredded bark, and crushed corn cobs. A plant-material mulch serves many useful purposes, as it prevents splashing of soil and erosion, conserves soil moisture, regulates soil temperature and protects and feeds the soil organisms.

Mr. and Mrs. John C. Harper spent the weekend in Lubbock with Mr. and Mrs. J. M. Moore and Lynn. Lynn returned with her grandparents for a few days visit.

Miss Asenath Thorton left last Thursday by plane to Honolulu to live with her mother, Mrs. Rob Chang.

Eggplant and spaghetti sauce is an unusual taste treat to serve the family one of these days.

Deck's DIDACTICS

—By Deskins Wells

The last bus ran out of Wellington Tuesday. You can read the details on the front page. The announcement came rather abruptly, but it has been known that Mr. Bell was trying to get such a permit from the Railroad Commission for over a year. You can't blame him, for the Caprock Bus Line has been losing money over a four year period. Whether this is a matter of management or economics is not of first importance right now. He has a year to lease the line or sell it or resume operations.

The important thing to Wellington is that we have no bus service at all. We never have had one east and west, and now we do not have one north and south. It is a crippling blow to our business activity. A number of years ago the Chamber of Commerce lent its support to the application for a franchise of a major bus line that would run from Amarillo through Claude to Wellington and on through Mangum to Oklahoma City. But it was opposed by a number of neighboring cities and the application was not granted by the Railroad Commission. It looks like it is time to start working on this project again especially since there is an active and concerted effort under way to establish this route as a U S Highway. There is little we can do about the Caprock for one year unless we help Mr. Bell either sell it or lease it.

Emmett Passmore is showing a lot of first class movies at the Ritz this month. Coming up is Walt Disney's "Davy Crockett" that will show Wednesday, Thursday and Friday. Better go to see it and see what the small fry have been so excited about for the last several months. Of course James Bowie and Daniel Boone were much more king of the wild frontier than was Crockett. But just try to tell that to any boy between the age of six like my son and Leon Russell, age 12, and see how you come out in the argument.

Two other excellent shows are "The Country Girl" and "Violent Saturday". I have never seen this latter picture, but the story was as fast moving and as exciting as you can expect to read, and I imagine that the picture will be also.

Earl Bowen tell a heart warming story. His son, Ladwaine, is stationed with the U. S. Army in the Canal Zone in Panama. Last week Pfc. Henry Graves of Stanton, who has been with their son, drove 600 miles out of the way in order to spend the night with Mr. and Mrs. Bowen and tell them the news about their son, who is getting along fine in the tropics. Earl says that there couldn't have been anything better with the possible exception of having their own son back home.

I just can't wait to see what Duard Scott may have to say about the present peace conference at "The Summit" as Sir Winston Churchill named it. Personally I take a dim view of all this sweetness and light from the Russians. Their real intentions are the same as they were in 1920, 1930 and 1940 when they so infiltrated our governmental agencies, our universities, even some parts of our churches and some newspapers and magazines with their insidious weapon of communism. It takes Duard's dry wit to put this before people in a manner that will not make devotees of certain organizations and institutions very angry indeed.

It could be that the Russian bid for peace may mean that they have trouble at home. They still do not produce enough food in all of that vast land. The peasants (farmers) don't like collective farming. One Russian farmer produces enough to feed himself and one other person. An American farmer produces enough to feed himself and eighteen other people, and still we have a surplus of wheat, cotton, potatoes, cattle, hogs, chickens, milk and far too many things to mention.

Some of the facts outlined above may have to do with the visit of Russian agricultural "experts" to the United States and our mutual visit of American farmers to Russia. The Russians have murdered twenty million, (20,000,000), in the last thirty years in order to try

to force them to collectivise and the peasants still resist. You know what collectivise is, don't you? The farm belongs to the state and the grower gets enough to keep his family alive, perhaps.

New Location For Victory Baptist

The Victory Baptist Church announced this week that beginning Sunday they will be in their new location at 1000 Fort Worth Street. The services were formerly held on Highway 83.

Everyone is invited to attend the services.
Rev. E. A. VanCamp of Amarillo is in charge of the services. Sunday school begin at 10:00 a. m., preaching at 11:00 a. m., Sunday night training union at 7:30 and preaching at 8:00.

Dr. Goss Returns From Vacation

Dr. J. Fred Goss returned from California this week after a three weeks vacation to resume his practice in Wellington. While gone he visited Long Beach, San Francisco, Bakersfield and 29 Palms.

Wellington young men acted as his drivers. Frank Agee drove him out to California and he picked up Jimmie Graves, who has completed his enlistment with the Marines and who drove him back.

day school begin at 10:00 a. m., preaching at 11:00 a. m., Sunday night training union at 7:30 and preaching at 8:00.

Funeral of Infant Held Here Tuesday

Funeral services for the infant child of Mr. and Mrs. Billy Gene Williams were held at the Faith Baptist Church at 3:00 P. M. Tuesday with Rev. Bob Evans in charge of the services.

The baby died soon after his birth at St. Joseph's Hospital. Surviving relatives are the parents and his grandparents, Mr. and Mrs. R. B. Lucas and Mr. and Mrs. Wilson Williams.

Mrs. Willie Smith returned Thursday after spending two weeks in Abilene with Mr. and Mrs. Bill Herring and new baby daughter, Cheryl Dawn.

CARD OF THANKS

We wish to tender our sincere thanks to all who were so kind and helpful following the death of John Robert Savage. We especially want to thank the ladies who prepared food and those who sent floral offerings. Your kindness and sympathy will be remembered with gratitude.

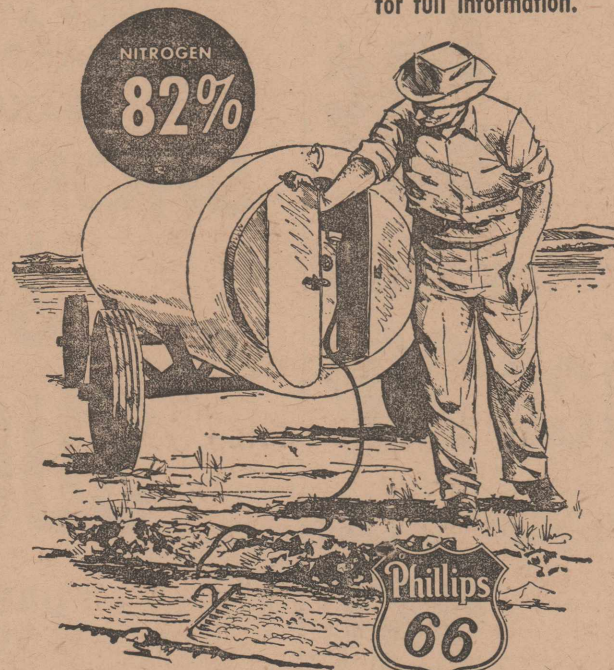

The Family of J. R. Savage

Mr. and Mrs. J. G. Finley Jr. and children, Griff and Kim of San Angelo and Betty Finley of Amarillo spent the weekend with their parents, Mr. and Mrs. J. G. Finley Sr.

Mr. and Mrs. Dudley McMillin were business visitors in Oklahoma City over the weekend.

FARM SAFETY WEEK

Will yours be one out of 5 farm families, in which an accident occurs this year? You, and only you, can eliminate the hazards that may cost a life!

1
2
3
4
5
6

Our nation is only as strong as the combined productive efforts of all our people. Manpower is the basic resource by which all other productive resources are made useful and available. Agricultural manpower supplies are limited.

The chances of an agricultural worker being killed on the job are over three times as great as for a worker in manufacturing. In 1953 there were 14,500 accidental deaths and 1,250,000 injuries among farm people.

Loss due to accidents affecting farmers, including property and equipment is estimated at one billion dollars, more than the total of all farm real estate and personal property taxes in 1949.

During recent years agriculture has made rapid strides in technology. Farm output per man-hour in 1952 was 73 per cent higher than the average during 1935-39. Effective conservation and utilization of manpower require that similar progress be made in accident prevention.

A study in one midwestern county revealed that accidents occurred in one year in more than 3 out of 4 of the families studied.

(1) falls, (2) agricultural machinery, (3) animals, and (4) motor-vehicle accidents still account, in the above order, for nearly 2 out of 3 accidents to farm residents.

Editorial Comment — The Wellington Leader

Loaded Wiring a Waste

Since Mr. Edison's invention of the electric light 75 years ago, the nation's electric bill has grown from zero to 13 billion dollars a year.

Surprising as it seems, out of this astronomic bill an estimated 130 million paid to the power companies was a complete loss to consumers, and represented not a single volt, ampere, watt or ohm that did them any good. You yourself are probably paying for at least 10 per cent more electricity than you are using!

Why? Because of inadequate wiring, overloading circuits that can not deliver the full power supply that enters the house to toasters, coffee-makers, vacuum cleaners, TV sets or even Junior's miniature railroad.

A house outgrows its wiring every ten years, simply because there are so many more electrical devices added each year to make life easier, more comfortable and more fun. It's not the fault of the utility companies or the appliance manufacturers that you pay for power you don't get. Your wiring, no doubt, was all it should have been at the time it was installed. But when was that? What's happened since in your dependence on electricity? And aren't you thinking right now of adding another piece of equip-

ment?

That 10 per cent drain—the squeeze in the wiring that chokes off power you need and pay for—would underwrite a rewiring job. And being wired for tomorrow instead of yesterday will make your house worth more. . . and you too. For one thing, you can sleep in safety.

—The Gallatin North Missourian

More Killers in the Comics

Another well-founded criticism of comic books is what one investigating committee calls the "atrocious language" generally appearing in them. The evil effect of the "atrocious language" on the speech of young readers is perhaps far more evident than the effect on character. Since comic books are more popular than school text books, it is reasonable to suppose that readers are more likely to pattern their language from words discovered in comic books than from their study of school text books.

In most comic books, we believe, the killers of people are usually apprehended and brought to justice. But the killers of the English language always go unpunished.

As a comic book character would say, "Dere chust ain't no chustus in dat".

—The Wildwood (N. J.) Leader

CARD OF THANKS

We wish to thank all of our friends and neighbors for the many gracious acts of kindness that were rendered during a time of illness. They were so many that we can't mention them all, but we especially appreciate the food and the flowers and those who cleaned up our premises after the storm. We are grateful to each one of you.

Mr. and Mrs. Homer Ingram

Mrs. Edith Estes has returned home after a two months visit with her son, Ruel, in Los Cruces, New Mexico.

Mrs. Hester Stall of Tyler is here visiting her mother, Mrs. O. L. Couch.

Mr. and Mrs. Odis Ball spent several days last week vacationing in Raton, N. M., and Trinidad, Colorado.

Mrs. T. R. Lewis of Pampa, daughter of Mr. and Mrs. Earl Harrison, had surgery in a Pampa hospital last Monday.

Guests in the homes of Mr. and Mrs. Alvin Horton and John and Mr. and Mrs. Claude McKinney this weekend were Mr. and Mrs. John King and Elinor of Dumas.

READY FOR A MINE HUNT

Cadets at the Signal ROTC summer camp at Camp Gordon, Georgia become familiar with the fundamentals of an SCR-625 mine detector. Cadets Donald E. Gilborn (on the left) of San Benito, Texas a student of Texas A & I and Spencer D. Coleman of Wellington, Texas a student of Texas A & M look on while Sergeant First Class James E. Allen (center) of Beavertown, Ky. demonstrates the proper method of assembly of the mine detector. These cadets are two of the 700 Signal Reserve Officer Training Corps cadets from 45 colleges, universities and institutions in 25 states, who are engaged in a six week period of intensive individual and unit training at Camp Gordon.

monstrates the proper method of assembly of the mine detector. These cadets are two of the 700 Signal Reserve Officer Training Corps cadets from 45 colleges, universities and institutions in 25 states, who are engaged in a six week period of intensive individual and unit training at Camp Gordon.

Dr. Preston Hunt Dies in Pampa

Funeral services for Dr. Preston Hunt were held Sunday, July 17, at three p.m. He was a former Texarkana physician and benefactor. He died Saturday, July 16, in a Pampa Hospital. He was at the time of his death 89 years of age. Services were held at the First Baptist Church in Texarkana. He is a brother of J. G. Hunt of Wellington.

Dr. Hunt had practiced medicine there since 1900 when he moved to McLean, Texas in 1949 upon his retirement.

He gave 200 acres of land for the establishment of Camp Preston Hunt, Boy Scout Camp at Texarkana. He was prominent in work of the Lions Club and the First Baptist Church and medical societies. He was past president of the Texarkana Lions Club, the Bowie County Medical Society, Texas State Medical Society, and Senior Deacon of the First Baptist Church in Texarkana.

Mrs. Hunt died in 1935. They had no children.

Dr. Hunt is survived by two brothers, Claude E. Hunt of McLean and Grover Hunt of Wellington; and one sister, Mrs. Sally Filgo of Vernon, Miss.

Active pallbearers were Dr. S. A. Collom, Dr. Hubert Shull Sr., Dr. Williams Hibbits, Dick Couch, Robert L. Waite, all of Texarkana, and Aubrey Canon of Diboll, Tex.

Honorary pall bearers were members of the Bowie and Miller County Medical Societies, members of the Texarkana Lions Club, members of the Texas Masonic bodies, and deacons of the First Baptist Church in Texarkana.

Blosch Will Hold—

A FARM SAFETY WEEK EDITORIAL

DID YOU KNOW THAT --

More people were killed by accidents in farm home alone last year than were killed in the great Chicago fire, the sinking of the Titanic, the San Francisco earthquake and fire and the Johnstown flood combined. People don't hear much about these accidents that occur in the farm home. And yet that is the scene of the greatest number of farm accidents. The National Safety Council figures indicate that nearly 7,500 farm home fatalities occur each year.

National Farm Safety Week is the special time to consider home dangers. The time for realization of safer ways of getting things done, the time to take notes for future repairs which will make your farm home a safer place to live.

Warrick Machinery Co.

ounces, and he was named Jerry Wayne.

Deanna Terry, thirteen month old daughter of Mr. and Mrs. Eugene Terry of Amarillo spent last week with her grandparents, Mr. and Mrs. Everett Bell. Mr. and Mrs. Terry spent the weekend with Mr. and Mrs. Bell and Deanna returned home with them Sunday.

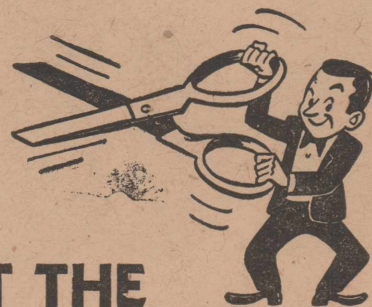

Mr. and Mrs. Jack J. Smith and boys of Pickton, Texas, visited Friday in the home of Mr. and Mrs. C. T. Hubbard and Mr. and Mrs. Lester Hunter.

Mr. and Mrs. Jack Hunter of Lubbock visited over the weekend with his parents, Mr. and Mrs. Lester Hunter.

This old world has too many church members and too few Christians.

Discipline is learned by every man during his first six weeks in the army and his first six weeks of marriage.

Profanity is seldom a convincing argument except to the man who practices it.

LET'S CUT THE PRELIMINARIES

LET'S get right to the point. Your property represents a great many dollars. And disaster may, at any time, rob you of these dollars. . . a rough financial blow.

Let us provide you with the best protection against such a loss. . . adequate insurance. Call on us or phone and have us call on you today.

DON'T CULTIVATE ACCIDENTS ON YOUR FARM

A field half plowed, a furrow left unturned, work stopped by accident!

To the farmer, working against time and weather, delay can mean the difference between a crop and no crop, a good year or a lean one. So accidents have no place in this schedule; they cost money, delay production and the growing season keeps rolling along.

Yet, farming ranks third most hazardous in eight major industries. Think of it, while the death rate for all industry is 29 per 100,000 workers, in agriculture it is 55 per 100,000! One farmer in every 15 is injured on the job! Total, 4,400 killed, 300,000 disabled by injury every year.

The wise farmer knows where his hazards are and avoids them. Falls, machinery and animals account for most accidents down on the farm. Their annual cost, \$75,000,000. Yet, they're so easy to prevent. Just a little caution is all it takes.

Don't "cultivate" accidents and losses! Instead. "Cultivate" safety and success!

be careful..... avoid accidents
