THE JUNCTION EAGLE

Volume 46

Junction, Kimble County, Texas, Thursday, July 11, 1929

Number 13

PIONEER FETED BY CHILDREN WEDNESDAY

Mr. J. L. Bishop was agreeably surprised last Wednesday, July 3, when four of his children and other relatives made their appearance at his home and reminded him that it was his 85th birthday. A good dinner was prepared and Mr. Bishop was the happiest one in the crowd. Some of the women threatened to give him a "whipping" so he would remember the day, but he told them that it was unnecessary as he would remember it as one of the bright spots in his life.

Those present for the day were Mrs. Hyde Felps, Junction; Mr. and Mrs. Buck Bishop, Cartia Valley; Mrs. Bart Johnson, Comanche; Mr. Pink McCrary, Comanche; Mrs. Henry Felps, Fort Stockton; Mr. and Mrs. Troy Fleming, Junction; Mr. Lacy Fleming, Junction; Mr. Lem Fleming, Junction; Mr. Buster Bishop, Junction; Mr. and Mrs. Joe Felps, Junction; Mr. Fleming Felps, Junction; Miss Mary Edwards, Junction; and the honoree, Mr. J. L. Bishop. If others were present Mr. Bishop could not recall their names when talking to the editor.

Mr. Bishop is an old timer in Kimble County, coming here from Taylor County forty-five years ago. He was born in Hempstead County, Arkansas, July 3, 1844, where he lived until he had passed his majority when he went into Oklahoma, known then as the Indian Territory. He remained in the Territory only a short time, going from there to Hill County, Texas, where his parents had moved. In 1869 he went to Coryell County where he was married to Miss Harlow Griffith. He and his wife came from Taylor County to Kimble County forty-four years ago. She was his faithful companion until May 11, 1924, when she was called to her heavenly home. Six children were born to them, five of whom are living and were present except Mrs. J. E. Bird of San Marcos.

Mr. Bishop is a familiar character in Junction and his many friends as well as his children wish for him many more happy birthdays. He is active in mind and body and bids fair to live many more years.

KOTHMANN FAMILY HOLDS REUNION

The Kothmann family reunion will be held at the Premier Ranch on the Fredericksburg road on July 11, 12 and 13. This reunion is an annual affair and is one of the big events in the Hill Country.

There will be about 800 relatives present, most of them living in Texas. A program has been arranged for the three days of the reunion.

NOTICE

A truck will be sent over the business and residential section of the city Monday morning and all trash placed out in front will be carried off. The city is paying for this in an effort to clean up Junction.

DIVERSIFICATION PRODUCES CACTUS AND ELEPHANT-EARS

Farm experts call it diversification, other people call it conglomeration, but the real idea is to see how many different things can be grown on the same plot of ground.

Mr. J. Jeff Rogers seems to hold the undisputed record of producing the greatest number of horticultural specimens on the smallest plot of ground in Kimble County.

The patch, located just west of Schreiner Park and owned by Mr. N. H. Skaggs, is a veritable flower and vegetable garden, made possible by the application of the science of irrigation.

Everything from cactus to onions, from elephant ears to rhubarb, from sweet pepper to pecan trees is grown on this little plot of ground. Cantaloupes, zinnias, pumpkins, corn, squash, tomatoes, spinach, beets, morning glories, watermelons, fruit trees, cabbage and carrots are some of the things grown there. And there were several others which the editor didn't know any name for. Yes, it's a garden worth seeing.

NO PARKING

Lovers of nature and beauty will have to view the scenery of Kimble County from other points of vantage than the bridges, according to Judge J. B. Randolph, County Judge.

Several signs bearing the inscription, "Don't Park on Bridge" will be put up on the principal bridges that span the running streams of this county. Especially will this order bear on the two steel structures across the North and South Llano Rivers, stated Judge Randolph.

This precautionary measure is being taken by the county in order to avoid wrecks which might occur because of automobiles parked on the bridges.

HIGHWAY DEPT. IS URGED TO FIX ROAD

A petition signed by practically every business man in Junction asking the State Highway Commission to continue work on the gap of road on the O. S. T. above Roosevelt which has been stopped because of a protest, has been sent to the Highway Commission, according to Mr. E. V. Stewart, secretary of the Kimble County Chamber of Commerce. The petition was mailed to the Hon. Coke R. Stevenson, who will present it to the Highway Commission.

An injunction was filed to make the road follow the river instead of going across the mountain as the highway engineers had planned. It is estimated that it would cost about \$150,000 more to make the road follow the river.

The petition was sent to the Highway Department in order to let that department know that the people of Kimble County were desirous of having this gap in the O. S. T. fixed. This gap is said to be the worst strip of road between San Antonio and El Paso. It is hoped that work will begin on this road as soon as possible.

DR. J. F. BURT GOES TO PECAN MEET

Dr. J. Fred Burt is attending a meeting of pecan growers in Tyler this week. He was in Brownwood attending a meeting last week. Dr. Burt is one of the largest pecan growers in Texas and takes a great interest in the development of the pecans.

Postmaster Earl Tracy and Justice Walter Buck returned this week from a vacation trip to Mexico. They tried out the fishing in our sister Republic but decided that we have as good as Kimble County.

TEERING CLUB RECORD IS BROKEN

The Lover's Leap Teering Club, a newly formed club, has seventeen members now according to Mr. J. R. O'Bryan, manager of the Junction Golf Club. This club boasts of the highest tee in the world, using the Lover's Leap as the tee. This tee overlooks the local course and the person driving a ball the farthest off this tee during the month of July will receive a prize awarded by the members of the club.

Mr. Howard (Pete) Blackburn now holds the record, having bettered the former record of Mr. Perry Deckert's by 14 inches.

The dues of the club is fifty cents and Mr. Guy Munn is treasurer of the new club.

COUNTY AGENT ASSURED FOR KIMBLE

Kimble County will have a county agent after August 1, according to Mr. E. V. Stewart, secretary of the Kimble County Chamber of Commerce. Mr. Homann has been appointed to that position. Through the cooperation of Kimble County and the Chamber of Commerce the services of this man have been secured.

Mr. Homann was chosen from about 200 men for this position. He has had two years of practical county agent's experience and comes here highly recommended. Mr. J. S. Farmer of Junction is acquainted with Mr. Homann and recommends him highly.

Mr. R. W. Persons, district agent of the Extension Department of A. & M. College was responsible for the selection. Mr. Homann has received his training in the A. & M. College of Texas.

There is a large field for a county agent in this county. With natural resources including fruit, agriculture, pecans, sheep, goats, cattle and cotton, there is a vast field in which the agent can aid the county. It is hoped that after Mr. Homann begins work here several clubs can be organized over the county which will promote the work Mr. Homann will supervise.

METHODIST RALLY

A combination meeting of the Men's Bible Class and church membership met and had a rally at the First Methodist Church Wednesday evening. The purpose of the meeting was to stir up enthusiasm concerning the proposed new building for the congregation.

Several good speeches were made. Refreshments were served at the conclusion of the meeting.

Building Tile Plant Makes 52,000th Tile

The concrete building tile plant owned and operated by Bissett & Baker has turned out the 52,000th tile since it was opened the first of May.

Six buildings have been completed or are nearing completion and three are under construction, in which these tiles have been used, or will be used.

Mr. Arthur Simon is contemplating building a residence in Junction, and Bissett & Baker will furnish the tiles for this structure.

Messrs. John M. Hankins, T. B. Phillips and Hez Denman, who were in Austin this week, visited the Fire Insurance Commission and found out that if the city purchased the fire fighting machinery which they are figuring on, including a pumper, that the insurance rate here will be materially reduced.

52 POUND CAT FISH CAUGHT IN LLANO

The Llano River around Junction is still a paradise for fishermen.

Last week Mr. George T. Wilson, a lawyer from Abilene, was fishing on the Jim Wright place about four miles below town, when he hooked a fifty-two pound yellow catfish and successfully landed it.

In order to have proof of his catch Mr. Wilson took the fish to Schreiner-Hodges Company and had him weighed there.

There are still some big ones here, but it takes luck and skill to get them. And some people insist that fishing is not an art.

B. O. NEWBY IS WINNER GOLF TOURNAMENT

In the final flights of the second golf tournament sponsored by the Junction Country Club, Mr. B. O. Newby won first place, making a score of 82 on the eighteen holes of play. He was awarded with a driver which was first prize.

Mr. G. E. Kindrick won second prize which was a dozen golf balls. His score for the eighteen holes was 87. Mr. Dave Turner won third prize and was given a putter. The fourth place went to Mr. Irvin Jarvis who was given a dozen golf balls. Runners up were Messrs. U. D. Kindrick, C. T. Orth, Clifford Hamer and the Rev. G. W. Crabb.

There was much interest shown in the tournament and some good exhibitions of golf were turned in.

FIRST BILL

Mr. W. L. Allen, who lives on the Rocksprings road a few miles below Junction, received the first new bill that went out of the cashier's window of the Junction State Bank.

The new bills were released Wednesday, and Mr. Allen happened to be the first in line.

This new currency is one-third the size of the old paper money and will prove easier to handle. The idea of changing the size of the money came from suggestions of American tourists who had been visiting in the Philippines and were accustomed to using the small currency in circulation there.

Dr. J. Holt Smith Buys New Equipment

Dr. J. Holt Smith, D. D. S., has installed new fixtures in his dental laboratory in his offices above the Junction State Bank.

More than one thousand dollars worth of equipment has been added to the office. A new unit has been installed which will operate with electricity, gas or compressed air. A cabinet has also been added to the equipment. Speaking of high-priced chairs, Dr. Smith has just installed a chair which cost nearly \$500. It should be a comfortable one.

All of the equipment is the most modern that money will buy. It won't be so hard to get up enough nerve to have that old tooth pulled now, that you can sit in a five hundred dollar chair and have a five hundred dollar unit used in the process.

YOUR BOUQUET

Your flower garden of unusual beauty and fragrance—the Court House lawn—is open to you to use. It has been made beautiful for your benefit. Any family, class or group of people in Kimble County are invited to have their picnics, parties or gatherings on the lawn among the flowers and monuments, stated County Judge J. B. Randolph.

The flowers belong to you. Anyone may have a carload of the polychromatic blossoms if you will get a permit from Judge Randolph or the ground superintendent. The only request made of you is that you do not trample down the flowers and mar the beauty of the gardens of justice. Comfortable benches are scattered about the lawn, to insure comfort for the passerby who pauses for a rest.

LION'S CLUB MEETS FOR LUNCHEON

The Lion's Club met at the Baptist Church Wednesday noon for its regular weekly luncheon, and fifteen members and four visitors were present. Mr. Lanan Bissett had as his guest Mr. Jeff Coates of Menard. Mr. C. E. Coomes of Mason was a guest of Mr. Alton Childres; Mr. Clay Secrest was a guest of Mr. Alton Mason; and E. M. McLendon was a guest of Mr. M. Awbrey.

After lunch, Mr. Lanan Bissett, chairman, introduced Mr. Coates who made an address explaining the work of the Lion's Club in Menard. He spoke of the work which the organization is doing for the civic improvement of Menard.

Mr. Awbrey proposed the organization of a Jersey Cow Club, which would provide about fifty Jersey cows for distribution among willing young men in Kimble County who are interested in livestock.

Mr. Bissett proposed that a program committee be appointed to provide weekly programs for the luncheon hour.

Mr. J. M. Maddux suffered a stroke of paralysis this week and is in a serious condition. His friends hope that he will soon recover.

Mr. and Mrs. Otto Oxford and Eleanor and Jesse James Highsmith returned Tuesday from a visit to Wichita Falls.

BAND PRACTICE

The Kimble County Chamber of Commerce band will hold its regular rehearsal in the court house Friday evening at 8:30 o'clock, according to Mr. I. W. Myers, director.

The Chamber of Commerce has had more lights fixed in the practice room, and everyone will have plenty of light now. Every member is urged to be present and on time.

YARD CONTEST WILL CLOSE THIS WEEK

The committee of the Beautiful Yard Campaign which is being sponsored by the P. T. A., met last Saturday and appointed the judges who will make the decisions for the contest. The Chamber of Commerce and City Council are co-operating with the P. T. A. in this undertaking.

According to Mrs. Roy Blackburn, chairman of the committee, the members of the committee will select a list of the yards and grounds which are the most favorable contenders and this list will be given to the judges who will make inspections and award the prizes. The names of the judges will not be disclosed, it was stated by Mrs. Blackburn.

The interest in this campaign has not been intense, but some improvements have been made. Those desiring to win one of the prizes have a few days in which to put the finishing touches on their premises. The exact date when the judges will make the inspection will not be made known, and everyone should clean up their places as soon as possible.

The rules for the contest state that no yard will be considered unless the sidewalks are well kept. Rubbish and weeds should be removed from the premises. This contest has been conducted solely for the purpose of cleaning up the city and stimulating interest in civic matters. The prizes will be announced in the next issue of this paper, according to Mrs. Blackburn.

RANCHER EXHIBITS LIVESTOCK AT FAIR

Mr. N. H. Skaggs, local rancher, took some of his registered goats over to Brady July 3, 4 and 5, and placed them on display at the Brady Jubilee and Race Meet. His blooded stock have received much favorable comment recently. He had some of his goats on display during the Junction Jubilee.

Mr. Skaggs sold two of his goats while in Brady. The deal was private.

"KING OF KINGS"

The Texan Theater is bringing to Junction next Monday and Tuesday, July 15 and 16, the "King of Kings," one of the best pictures on the screen. The Texan is putting forth every effort to give the people of Kimble County the best pictures obtainable. Everyone should see this great picture.

WEST TEXAS C. OF C. DUES HAVE BEEN PAID

According to Mr. E. V. Stewart, secretary of the Kimble County Chamber of Commerce, the annual membership dues of Kimble County has been paid to the West Texas Chamber of Commerce. The amount paid was \$290.

Mr. Stewart is anxious to get more people interested in the work of the West Texas Chamber of Commerce and get them acquainted with the good which that organization is accomplishing.

OLE SWIMMING HOLE IS MADE INTO BATHING BEACH

The old swimmin' hole has changed. The old hole where the business men of today romped as kids of yesterday is now a bathing resort.

Times have changed it from swimming to bathing, and instead of crawling in and out over a slippery, muddy bank, a thirty foot beach pier equipped with diving boards, swings and slides has been provided for the bathers.

In process of the beautification and rectification of the old

swimming hole of the distant past, a dam has been built which backs up the pure, clear spring water, and has made the hole about eight feet deep. It wasn't necessary for man to dabble around trying to make a concrete bottom, because it's all natural rock bottom, which even eliminates the oozy mud.

And with all the changes in the old swimmin' hole, the name has been changed. It's called the Kimble Courts Bathing Beach now.

UNABLE TO WORK FOR 5 YEARS; FINDS SARGON

"Sargon did more for me than all other medicines I ever took."

"I was dreadfully run-down, and suffered from rheumatism continually. My joints were so stiff I could not raise my arms."

E. P. RUSSELL

I would be exhausted if I walked a city block. I had not been able to do a day's work in five years. My system was full of poisons and I suffered from constipation and bilious headaches. "I started taking Sargon and began improving at once and now my rheumatism is better than it has been in years. Sargon Soft Mass Pills overcame my constipation and the bilious headaches, and I feel wonderfully strengthened and helped in every way."

"I believe I will soon be able to go out and work with the best of them."

The above statement was made by E. P. Russell, 1318 Royal St., Dallas, Texas. Sargon may be obtained in Junction from J. A. Heyman.

PATIENTS IN THE STANDIFER HOSPITAL

Miss Marie Buster, tonsilectomy, Llano, Texas.
Miss Clarice Larrimore, tonsilectomy, Llano, Texas.
Bobbie Weldon, tonsilectomy, Junction.

Mrs. A. J. Herbst, tonsilectomy, Junction.

Daymond McDonald, tonsilectomy, Junction.

Ornell McDonald, tonsilectomy, Junction.

Mrs. A. Phelps, tonsilectomy, Junction.

Mr. Ray Pannell, tonsilectomy, Junction.

Mrs. P. W. Moore, surgical, Junction.

Mrs. J. L. Bruce, double tubenectomy, London.

Mrs. Joe Williams, automobile accident, Eldorado, Texas.

Mrs. Joe Gardner, obstetrical, Junction.

Mrs. R. C. Callen, broken elbow, Junction.

Mrs. Wilson Buster, frontal sinus operation, Junction.

Mr. Alfred Bannowsky, Herniotomy, Junction.

Miss Elizabeth Crofoot, operation for strobisms, Junction.

All patients are doing nicely.

People will pretend to grieve more than they really do, and that takes off from their true grief.—Swift.

JURY NAMES FOR AUGUST TERM COURT

The jury list for the District Court of Kimble County for the August term has been prepared and submitted for publication. The names of the Grand Jurors are:

J. C. Graham, S. P. Wood, J. A. Wallace, John B. Wilson, E. O. Dunbar, R. W. Fisher, R. M. Alexander, Will Allison, W. L. Amaon, K. G. Durst, L. R. Hodges, Guy Cummins, E. M. Burt, J. H. Northcutt, W. C. Jones and Sam H. Parker.

The list of Petit Jurors is:

First Week
Alex Wahl, J. H. Hubbell, Hubert Simon, Henry Land, A. P. Royett, B. E. Hasse, Fred Whitewood, L. G. Miller, Joe Ramsey, Charles Bober, David Schmidt, Max Hahn, G. R. Rothmann, S. H. Stewart, E. R. Brown, E. J. Hendricks, C. R. Robertson, Allen Gibson, L. B. Kirkpatrick, R. L. Reuckles, Fred Franks, Ray Holland, R. C. Secrest, Alfred Ellebracht, C. T. Holekamp, C. M. Self, C. E. Reid, S. T. Guthrie, M. R. Watters, R. C. Bruce, Ross Goddall, Wm. Taylor, A. F. Winsell, J. T. Wooten, C. B. Harde-man, W. B. Buster, Luther McDonald, J. T. Cabler.

Second Week
F. Cummins, Terry Jetton, J. D. Cowsett, Estes Smith, Cloud Lawler, J. R. Smith, G. E. Kendrick, Hoy Smith, Fred Mudge, Dee Taylor, R. B. Furr, A. M. Welsh, V. L. Millsap, W. H. Simon, E. R. Borden, J. E. Soy, C. W. Atchison, Bod Ragsdale, Aubrey Hill, Wm. Fairchilds, C. E. Lambert, Jim Carpenter, Farmer, Cummins, J. S. St. Clair, M. B. Durst, Homer Livingston, Sam Honig, W. B. Dixon, W. E. Sorrels, F. S. Bissett, B. B. Ragland, G. H. House, Felix Kensing, Fred Whetstone, C. R. Schneider, Pierce Hoggett, Leslie Beasley, H. F. Grobe.

WILD TURKEY HEN ATTACKS WOMAN

If you don't believe a wild turkey hen has mother instinct and will not fight for her young, just ask Mrs. Sid Evans of Sonora to verify this fact.

Last week Mr. and Mrs. Evans were driving through one of their pastures in the eastern part of the county when they spied a wild turkey hen with a bunch of young turkeys. Mrs. Evans got out of the car and chased one of the little fowls until she caught it. The mother turkey, after hearing the cry of her offspring, immediately attempted to give fight. Mrs. Evans dropped the little turkey and hurriedly made her way to the car.—Devil's River News.

Trench Mouth Healed

Your friends dare not say so but your sore gums and foul breath don't make folks like you any better. Let's Pyorrhea Remedy heal your worst case if you so directed. It is not a mouth wash or paste, and it is sold on a money back guarantee.

AWBREY-BELL DRUG CO.

Vermont ranks forty-second in area of the States.

LOVE FORMALLY ENTERS RACE FOR GOVERNOR

Tom Love of Dallas formally announced as a candidate for Governor with this statement: "With malice toward none and charity for all I shall be a candidate for Governor as an anti-Tammany Democrat before the Democratic primaries next year. I have a message to carry to the people and I know of no other way to do it."

"During the last few months literally thousands of men and women in all sections of Texas have expressed their desire that I become a candidate and I feel that the time now has come when my friends and my enemies as well are entitled to know that I choose to run."

THE PENNY IS GOOD FOR SOMETHING

The penny is still an important buying factor in the average household, even though attention may have been distracted from it to the currency of larger denominations in recent years. It will still buy a box of matches, a cake of chewing gum, a stamp, and innumerable other articles of necessity.

One penny will also pay for a lot of work around the city or country home, as some recent statistics reveal.

A cent's worth of fuel for the individual electric plant, for instance, will generate 200 watts of electric energy. That amount of electricity will do the following tasks:

Pump 600 gallons of water on a 50 foot lift; light one 20 watt lamp for 10 hours or five such lamps for two hours; run a nine-inch electric fan for five hours; operate an electric washing machine for one hour; heat an electric iron for 33 minutes, or run an electric sewing machine for two hours.

In terms of such work as this, the penny still has its place in the family budget. Paper money will shrink in size next month when the U. S. Treasury issues new bills of smaller proportions, but the penny will still be with us unchanged in size or buying power.

Junction, year-round playground

Victim of Accident Leaves Hospital here

Mrs. Joe Williams, who has been in the Standifer Hospital for the past five weeks, suffering with a broken leg received in a car wreck near Junction was brought home last Friday morning. She had been suffering very much with the broken limb and at one time the doctors thought that it would have to be amputated but from special treatment at the hospital, the infection was removed and she is at present doing nicely. We are very glad to see her able to come home and wish for her a speedy recovery.—Eldorado Success.

ELBERTA PEACHES

My Elbertas are getting ripe. Come see me. I'll treat U right. Henry Eppler, 13-3c, Streeter, Texas.

Good—and How!

You can just bet our bakery goods taste great. They're made of pure ingredients, baked to a turn by people skilled in their art.

JUNCTION'S FUTURE

(By Edward's Platoon Correspondent)

A town's future, like a man's future, is an interesting subject for dreams. And all things worth while are the result of dreams born in somebody's mind or heart. All worth while young men dream of a competence. With some it is a net worth of five or ten or a hundred or mayhap five hundred thousand dollars, but not a single right thinking man plans to make a single thousand of it dishonestly. So with a town. The right kind of a town of five or ten or twenty thousand population is far better than the wrong kind of a town of twice the size.

Then, on what must Junction most depend to build for its future the most successful future possible? What do YOU say? Stop a minute! What do you get out of your thinking? A prominent man says "Hospitality." Hospitality is certainly necessary. I hate to see "Western Hospitality" disappear in West Texas. I hate to see one ranchman begrudge the small amount of damage a neighbor's herd or flock may do him in crossing his range. I have had opportunity to judge accurately how little the damage really is compared to what a man thinks it is. A man did not want to water my six hundred cattle. "They will empty my tank," he said. A rock tank it was, and I said, "Why, man, they won't use over a foot of it." "They will drink dry, but go ahead," and away the church he went. I watered them carefully; they drank out just four inches of water. A herd of cattle crossed me in the mud-ruined a string of grass, it seemed—but the hoof prints made holes to hold the water and grass grew green there longer than elsewhere. And the soil will profit for several seasons for that cultivation. God's universe is a perfectly balanced

one and a recompense is at hand for every seeming hardship.

A second man might say the thing most necessary for Junction is a population of ten thousand. It would be a sand pile. It would be a good answer if he would stipulate that all the ten thousand be good people, but if three thousand of them were allowed to be crooks and people with moral conceptions that were false and incapable of correct reconstruction, your town would be better off if you cut it to seven thousand and let the other three thousand undesirables leave. The best way is, of course, to build a correct atmosphere in Junction today and there you lack of already having the said three thousand, just won't come. A disease germ just will not crawl out in good honest sunshine.

A third man said, "A fair ground with a circular race track, polo and rodeo grounds, and adequate equipment for a livestock show each year, a Western Playground for Western Folks." Now isn't that a necessary item? But like all items of life, it will need close and constructive watching that no evil be installed with it nor be allowed to creep in afterwards. A blessing can often become a curse.

Hospitality you need but no quaffing of the congenial "cup when it sparketh itself aright." Ten thousand population is all right but not one single moral pervert.

A golf course is clean but golf players as well as others must needs remember the commandment "Remember the Sabbath day to keep it holy." A newspaper should carry no notices nor news items on any sports conducted on Sunday.

A fair ground we should have by all means, and I shall say, even a circular race track, if man sized, iron bound, steel ribbed Christian safeguards be written indelibly into charter, land deeds, subscription lists and every document used in initial and subsequent development of the project.

We are about to get to the writer's conviction of what is the most necessary thing for

Junction's most successful future. Is it a man-sized ambition to hope to make and to be anxious to work to make, your county, the county in which your children are to grow up, the cleanest, whitest county and at the same time the most interesting county in the wide state of Texas? Is that a man-sized ambition? It will be no easy job, but who wants an easy job?

Then here it is. Junction needs most a certain number of men and women, and Junction has them, to resolve that while they are working in the Chamber of Commerce and in other bodies or business, they will build Junction just so big as she can be built subject to the rules laid down by the lowly Nazarene. To be specific—gentilities are always too safe and soothing to be constructive to be done that will harm a child morally, and to encourage everything that will enable them to grow to a safe, clean maturity. What are some of these things in plain English? Can you stand the answers and not flinch? No gambling, no whiskey, no promiscuous unchaperoned automobile driving at night, no dancing—mothers and fathers always remembering that there is a fire far worse than the kind kindled with matches. No mixed bathing—at any age. The last three might go under one head, "No broken fences."

Do you remember the verse in the Bible that Hoover kissed when inaugurated into the presidency? This is it: "Where there is no vision the people perish." You men in Junction, you fighters, you Christian women, will you stand by your guns and fight? We are watching you.

LONDON LOCALS

A considerable number of our people went to Brady the Fourth, but the postmaster and a few other were left at home to enjoy the great national holiday.

James Butter brought to town one of the largest rattlesnakes ever saw. He carried 17 rattles and looked as though at least one-third of his rattles were gone. Well, it was a monster snake and we are glad the other fellow had the privilege of capturing such a pet, but nothing of the kind for the writer.

J. R. Smith and family spent two days last week at Abilene enjoying the celebration there. Ralph says he sure did enjoy the auto races. He says Abilene is a nice western city and is destined to much further

development.

Well, Abilene is an educational center and that will naturally develop a town. The educational advantages of any town or city is a true index to its citizenship. We stand or fall in the eyes of strangers according to our interest in school matters. This is one reason we keep hammering for London school to be advanced to an affiliated high school, but my main reason is because we owe it to the London boys and girls.

Miss Lola V. Cummins has returned home from Fort Worth where she has been several months.

Mr. S. A. Brewer of Breckenridge, son of Mr. and Mrs. E. W. Brewer of this place, is visiting his father and mother and other relatives in this country. Sam brought his family and also a camping outfit. Says he is going to see the folks eat peaches, camp on the Llano river, catch fish and have a general good time. Fine, everybody knows "Chuggin'" and is glad to have him with us.

We are glad to note the Adams building is now nearing completion, and when completed will be a dandy.

Also is gives us pleasure to state that the crops in this London country are simply fine. Corn, as a rule, is good—at least an average crop. Feed crops, such as cane, maize, Sudan and other feed crops, are just fine. Cotton is good. Can't tell much about cotton yet, but the prospect is good. Irregular stand prevails on many farms, but we believe the growth will fairly make up for the bad stand. Fruit, as usual, is fine, and melons—they are simply smilin' on the vine. The poor fellow that has not visited London country when she has on her garment of green and laden with her fruits and vegetables—her harvest of farm products, has simply missed something in his life that no other place can supply. I feel for such people as the stranger felt for the writer when he asked me if I had ever been to Denver, Colorado. I informed him I had not, and he sympathetically declared, "You have never been anywhere, have you?"

Mrs. Mary E. Bell brought to the home of the writer a few of as fine peaches as I ever saw grow in this State or in California. Don't forget it—this is a fruit country, equal to any if you will only care for your trees properly.

You talk of developing wealth here, and we are hoping to develop great wealth by the bringing in of oil wells, but

after the oil interest has passed, however, it may be a success or a failure. There remains in this surface soil an untold amount of wealth which will not require a gamble to gain. Just honest effort will develop it. It will not bring an undesirable boom population to this section, but will bring a happy, prosperous, contented citizenship, the kind that build the Edens of this day.

Come to London and see for yourself and let it be said of you that you have actually been somewhere.

BUILDING MATERIAL

When in need of any kind of building material, such as lumber, cement, lime, tile, etc., call or see Dan St. Clair. 48fc

CITATION UPON APPLICATION FOR PROBATE OF WILL AND LETTERS TESTAMENTARY

THE STATE OF TEXAS: To the Sheriff or any Constable of Kimble County: Greetings:

You are hereby commanded to cite all persons interested in the estate of John C. Kountz, deceased, to appear at the next regular term of the County Court of Kimble County, to be held at the court house thereof, in the town of Junction, on the first Monday in August, A. D. 1929, the same being the 5th day of August, to do so, the application of Laura I. Kountz, filed in said Court, on the 6th day of July, A. D. 1929, which will then and there by such Court, be acted on for the probate of the last will and testament of said John C. Kountz, deceased, filed with said application, and for Letters Testamentary.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same. Given under my hand and the seal of said Court, at office in the town of Junction, this 6th day of July, A. D. 1929.

(Seal) U. D. KINDRICK, Clerk of the County Court, Kimble County, Texas.

All cards of thanks, resolutions of respect, obituary or club notices, where there is a money consideration, will be run only as paid matter at regular rates.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon calling the attention of the management to the article in question.

Junction had a quiet Fourth, which is in keeping with the saneness of mind of the people who live here. The super-sport-fishing provided entertainment for many.

Rear Admiral Edward Walter Eberle, 65, U. S. N., retired, one of the outstanding figures in the development of the present-day Navy, died recently at the Washington Naval Hospital after a long illness.

It has been stated that while the population of Texas increases, the number of head of meat animals decreases, which will lead to a situation where meat will have to be shipped into Texas. More than likely, before this kind of situation arises, the Hill Country will be in a position to supply the demand.

THE USEFUL HOBO

In the minds of most persons, the terms hobo, tramp and bum have practically the same meaning. But this idea is wrong, according to M. Leinen, agent for a large New York employment company, who declares that he has hired as many as 133,000 Bowerly hoboes for railroad work in a single year, and says they were "a fine bunch of men."

Mr. Leinen describes the difference between the three classes mentioned somewhat as follows: A hobo is a traveling worker; a tramp is a traveling non-worker; a bum is a stationary non-worker. While the three intermingle in the large cities during the winter, and the classes are strictly defined, when the opportunity comes the hobo is willing to work, while the others are not.

Hoboes travel from place to place seeking seasonable enjoyment, such as harvesting, railroad and other construction work, as common laborers, so they fill a real place in the country's economic system. While they are not always exemplary in morals and conduct, they are honest and industrious, as a rule.

And they have a sense of pride as well. The hobo wants to be known as a hobo, and he is insulted to be called a tramp or bum.

WHAT RESULT?

At times in reading the names of groups who receive their diplomas of naturalization one wonders if the often referred to "Melting Pot of America" is not called upon to perform impossible tasks in the making of American citizens from so many various races and nationalities. For instance, a few of the group of 182 recently given their diplomas of citizenship were:

Isadore Gantz, Francisco Citrano, Jeremiah Sheehan, Enrico Giannada, Isaac Avayou, Mimetry Tuncel, Jacob Goldenzweig, Giovanni Piagno, Casimiro Raci, Mrs. Louise Karoline Wehner, Jose Rocha, Mrs. Agnes Herzog Shioutakon, Cesare Peluzzo, Pietro Chaldaferrri, Demetri Farserotu, Miss Maria Waksundaska, Aristides Amanatides, Frank Di Lalla, Domenico Malatesta, Salvatore Bottini, Pasquale Di Genaro, Anthony Filippelli, Louis Rabinovitch, Rudolf Nummermacher, Balgo Di Carlanantonio, and Giuseppe Ar-

Bid farewell to the comforting "gold back"; take a last look upon the solemn features of Messrs. Hendricks, Manning, Everett, Hillgass, Benton, McCulloch, Sherman and of Lewis and Clark, for the new currency which Uncle Sam will begin to release for circulation next Wednesday is not only smaller in size than the present bills, but reduces the variety of designs substantially.

SWIMMING TIME

A columnist for the Brady Standard says: "The ripple and splash of water has an irresistible appeal—especially now that the sun shines bright and the days grow hot. If you doubt this statement take a trip to Kerrville or Junction and note the remarkable preparations made everywhere along the banks of the river for entertainment and comfort. Well-equipped camps and tourist parks line the river front; always within sight and easy reach of the water and the swimming holes."

AMERICA'S NEIGHBORS

While French newspapers were hurling sarcasm at America, and heaping invectives on things American, Brazil was paying a high tribute to America. The Brazilian Press generally favorably commented on America, stating that it was the greatest democracy of the hour.

The French Press made thrust after thrust at the American nation and people.

This international friendship is a fickle thing, and international mindedness is just in its infancy, and is too capricious to put any faith in. The great sisterhood of nations was properly classified when the word sisterhood was used to designate the combined units. Draw your own conclusions.

GO FISHIN'

This is the season of the year when followers of Izaak Walton long to put aside their regular routine of daily grind and hie away to streams, there to match their skill against the wile of finny tribe members.

There's something magical in feeling the tug of a line with a beautiful specimen at the other end. And there's even something fascinating in sitting on the bank of a stream waiting patiently for some fresh fish to bite, for why do so many do it?

Just to go "out fishin'." Just to get closer to God's own handiwork; to breathe the pure breath of Nature; to forget the hurley-burley of routine life—everyone should go fishing—sometimes. It's a time when one can take stock of his own thoughts; a time of reflection.

Veteran fishermen of line and pole know the real fascination of fishing just as well as the ones who fish with rod and reel. Sometimes the fish are not biting; sometimes the most enticing bait fails to lure them. And right there we are reminded of a little bit of poetry:

"Oh, it's lively when they're biting
And they're hungry and they're fine
And they strike and keep on striking
At your hook or at your line.

But the chap that's worth the praising
One who's kept the record right
Is the chap who keeps on fishing
When the fish don't bite.

And even in life this is true. When everything goes along smoothly and there's not a trouble cloud in the sky; when everything is rosy and happiness is on every hand—it's truly a "grand and glorious feeling," but when trouble stalks our footpath and dark clouds of worry confront us—it's the chap who smiles in spite of trouble; who looks continuously for a brighter sky and keeps on plugging away—that's the one who's worth the praising.—Cobb County Times.

MISS INEZ WRIGHT DIES

Mr. J. L. Wright received a message this week from Lordsburg, New Mexico, stating that his sister, Miss Inez Wright, died Monday, July 8, two weeks after she had undergone an operation. Miss Wright formerly lived here, but moved to New Mexico twenty-seven years ago.

The Wright family has many friends in Kimble County who will regret to learn of the untimely death of Miss Wright.

Little Gems

The worst sorrows in life are not in its losses and misfortunes, but its fears.—Benson.

Every man is a volume if you know how to read him.—Channing.

Patience is bitter but its fruits sweet.—Rousseau.

When the state is most corrupt, then laws are most multiplied.—Tacitus.

I don't think much of a man who is not wiser today than he was yesterday.—Lincoln.

I owe all my success in life to having been always a quarter of an hour ahead of time.—Nelson.

Equality causes no war.—Solon.

Don't part with your illusions. When they are gone you may still exist, but you have ceased to live.—Mark Twain.

To believe with certainty, we must begin by doubting.—Stanislaus.

Whatever strengthens and purifies the affections, enlarges the imagination, and adds spirit to sense, is useful.

Elder J. S. Newman united in marriage at his residence at noon on July eighth Mrs. Maggy Jennings and Mr. G. W. Hammond.

Mrs. W. S. Crabb and son of Sinton are here visiting the Rev. G. W. Crabb and family.

AMONG OUR SUBSCRIBERS

The Eagle appreciates the new subscribers that are being added to the subscription list each week, and then there are renewals almost daily. The subscribers say that they think the Junction Eagle one of the best county papers they ever read. All our subscribers are asked to look at the label on their paper or the wrapper in which it is enclosed. If the date is 7-29 or any previous time your subscription has expired. Please watch the label and renew when the time has expired.

The following have paid their subscription during the past few days:

Henry Land, Yates; Mrs. Richard Toler, Kerrville; Mrs. Bill Wall, Uvalde; Buster Jarvis, Junction; A. W. Collins, Junction; Asa Murr, Junction; Mrs. Adam Murr, Junction; Coma L. Murr, Junction; E. H. Harrison, Roosevelt Route; J. H. Walton, London; I. O. Weldon, Segovia; J. T. Crumbley, Junction.

Mr. and Mrs. Will Andrews of Abilene, cousins of John S. Munn, returned to Abilene today after a week's vacation in Junction.

Mr. C. W. McCarroll has been quite ill this week. Rev. G. W. Crabb accompanied him to San Angelo Wednesday night where he plans to enter a hospital.

Mrs. Chas. St. Clair and Mrs. Louis Cross were caught in a loud burst while visiting near Del Rio a few days ago and had a close call. They had to abandon their car with the children and came near being swept away.

WE THANK YOU

Having sold our interest in the McDonald Chevrolet Company, we desire to thank the people of Junction and Kimble County for their patronage while we were in business. Our business relations have been pleasant and we shall always have a kindly feeling for the people of this section.

The Modern Mother Says:

The New All-White Electric Range . . \$132.50

"the new Hotpoint Electric Range saves me hundreds of kitchen hours!"

COOKING three meals a day used to keep me tied close to the kitchen . . . now I have a new all-white Hotpoint Electric Range, the automatic kind, and I am free from the kitchen to do what I wish hour after hour; this I couldn't do when there was an old-fashioned range in my kitchen.

—We want every Mother to have this great convenience . . . we want them to see this new low-priced Hotpoint Electric Range . . . but, most of all, we want them to enjoy the free-from-the-kitchen-hours made possible by the new all-white Hotpoint Automatic Electric Range.

—A wonderful Steam Pressure Cooker is included with each Hotpoint priced from \$132.50 up. Convenient terms if desired.

LOEFFLER MOTOR COMPANY

CECIL B. DEMILLE'S KING of KINGS July 15 and 16

Sixteen stars of first brilliance in the cast, five thousand characters, backgrounds of majestic beauty and pageantry and the most soul-stirring story of all time. In sheer drama and pictorial magnificence, "The King of Kings" will hold you spellbound.

This mighty De Mille epic was one year in the making. It required the services of a veritable army of writers, technicians and craftsmen. No production has ever been made that compares with it.

The entire family should see "The King of Kings." It provides gripping entertainment for all ages, all creeds, all classes. The experience of seeing this immortal, emotional drama will leave a cherished memory.

TEXAN THEATRE July 15 and 16

With Junction's Churches

GIRLS' MISSIONARY SOCIETY HAS MEETING

Early Tuesday morning a group of girls met at the Methodist Church and drove out to Price's Camp. Here a fine breakfast was served, after which all went swimming.

This was the first social meeting of the recently organized Young People's Missionary Society of the Methodist Church. A fine program of social and missionary activities is being planned under the leadership of Mrs. B. B. Ragland and Mrs. M. F. Hill.

ANNUAL ASSEMBLY OF EPWORTH LEAGUE

From July 17th to the 24th at Kerrville, Texas, will be held the regular meeting of the Epworth League Assembly of the West Texas Conference. This is one of the more worthy young people's meetings of the entire south.

A splendid program has been prepared, promising athletics, social life, study courses, musical events, stunts and, last but not least, addresses of the highest interest and inspiration.

It is hoped that many Junction young people will avail themselves of the splendid opportunity for this, the finest vacation Texas can offer you. See Brother Hill for further details.

THE METHODIST CHURCH

"Look for the woman!" will be the subject Sunday night. A special invitation to the ladies. (Note: Don't forget to bring the men with you).

Sunday School meets at 10 a. m. There is a place for all, young and old, in the school. Come!

Morning service, 11 o'clock. The pastor will preach. Epworth League, 7:15 p. m. A special interesting program for the young people.

Prayer service, Wednesday night, 8:15.

BAPTIST CHURCH

Sunday School will begin at 10 o'clock promptly. The morning preaching service will commence at 11 o'clock. Evening services will begin at 8:15 p. m. Prayer meeting Wednesday evening at 8:15. Everyone is invited to attend these services. Tourists are especially invited to attend the Sunday School classes and the preaching services, both morning and night.

LEAGUE PROGRAM

"Where does Christ come in, in planning one reading?" Leader: Mary Hubert. Hymn. Prayer.

Special music. Scripture: 119 Psalm.

Leader's introduction. Talk—The place of Scriptures in the literature of the world—Berford Vest.

Talk—Type of literature to be found in the Bible—Ramsey Randolph.

Talk—What did Jesus read?—Raymond Schneider.

Talk—The place Christ had in literature since His day—James Hodges.

Talk—What is worthwhile for me to read?—Nevada Blackburn. League Benediction.

BOYS' CLASS MEETS

On Monday night a very interesting meeting was held by the Intermediate Boys' Class of the Methodist Church. Several games were played after which refreshments, ice cream and cake, were served.

The class is under the leadership of Mr. Wilson Buster and is making a splendid record for attendance and interest.

PRESBYTERIAN CHURCH

(G. W. CROFOOT, Minister)

OUR INVITATION—To you who would worship God, our Father; to you who would serve mankind, our brothers; to you who yearn for greater strength; to you who seek a broader vision; to you who desire forgiveness from sin, comfort in sorrow, victory over failure, and joy in living, in the name of Jesus Christ our Saviour and Friend, we extend our cordial INVITATION.

There will be morning worship in the Texan Theater next Sunday at eleven o'clock. Rev. L. E. Selfridge, D. D., of San Antonio, Superintendent of Home Missions in Western Texas Presbytery, will preach. Immediately after the eleven o'clock preaching hour, a Congregational Meeting will be held for the purpose of electing, ordaining and installing elders and deacons, and of considering other matters pertaining to the Church.

Sunday night, Rev. Crofoot will preach at the Ivy schoolhouse. Worship will begin at fifteen minutes after eight o'clock.

EPISCOPAL SERVICES

There will be morning service of Holy Communion and sermon-address at the Trinity Episcopal Church next Sunday morning, July 14 at 11 o'clock, according to the Rev. Frederic M. Brasier, Rector.

The general public is invited to this service. All those who are members in good standing from other churches are invited as guests to the Lord's table.

Rev. Brasier stated that he hoped that sometime in the future when the Parish and Missionary boundaries are rearranged, the Junction Episcopalians may have services every Sunday.

Oh, Boy! When you don't like dust, look this one over—"75" Coupe, just like new, at a big saving.

Wahl Bros. & Schraub, Chrysler Dealer.

Insects are raised in incubators at the FLY-TOX factory. When they are fully grown and especially strong and lively they are turned loose in a test cabinet. "The Fly-Tox Chamber of Death." Less than a teaspoonful of FLY-TOX is sprayed inside. Within five minutes all are dead. But, the test isn't finished yet. The dead insects are carefully taken from the "Chamber of Death" and put gently into incubators. They remain there 24 hours in an effort to revive them. If even a winged fly, the FLY-TOX tested does not come up to the high standard of quality, and never leaves the factory. This is the quick acting insect spray you want. It is FLY-TOX. Accept no substitutes. There is nothing just as good. There is only one FLY-TOX. Developed at Mellon Institute of Industrial Research by Rex Research Fellowship. Every bottle guaranteed—Adv.

OLD SPANISH TRAIL SIGNS ON DISPLAY

The color sheet for the historical signing designs of the Old Spanish Trail have been received by the Eagle and the Chamber of Commerce and put on display that our men and women may see the striking beauty of these signing plans. They are used for signing river names and historic or scenic places, county, city and town names, and any other desiring signing.

Since the Old Spanish Trail women's department was organized in 1923 those women have been striving for a design flexible enough for all purposes and historical in type. Numerous architects and artists have been consulted. Numerous designs were abandoned after being submitted to OST people for criticism. The women are interested in giving life to the old history and in promoting interest in the scenic beauties along this noted highway. They want to make it a highway that will be talked about and loved all over the United States.

Finally international artists produced a membership plaque in ancient Spanish art design. From that the shield in simple form was taken for the road signing designs. In another form the designs will be used for an Old Spanish Trail flag for decorative use in this country.

The national women leaders are anxious to see this signing installed before the Old Spanish Trail motorcade from Florida to California passes next October. Local people will find the designs and instructions easily understood. The Old Spanish Trail name and history are alluring to travelers and this signing will give them more to enjoy and talk about and will help our own locality to show pride in the great travelway.

YOUR HEALTH

No more emaciation; my friends think it wonderful. Young's stomach powder has removed my pimples, had breath, eased acid, teeth and sensitive nose. Druggists return money if it fails.

YOUNG FRIEND MAKE THIS SALARY YOURS

Here are facts that will encourage you: Our written employment records of the Dallas office, showing the student's name and firm placed with, show they have averaged placing two students for every school day this far this year. Our records also show that a number of calls were received for our graduates and we had no graduates to send out. Our Houston and San Antonio schools show far more calls for our graduates than they could supply!

In order that we may meet the demands for Byrne trained graduates in these three great cities, we must do our utmost to secure the enrollment of more boys and girls than we are now enrolling. We urge you to enter school right away; we know we will need you to send out on calls that we will be receiving in the near future. Make this salary yours.

You will not only find your stay in our college pleasant but you will get the thrill of your life when you graduate and are sent out on a good position. In other words, you have nothing to lose and all to gain by making your arrangements to enter school now. Anyone can put off until tomorrow; but the ones who are successful are the ones who find a way to do today the things they ought to do. They remove, by effort and determination, the stumbling block from their pathway to success.

Fill out this coupon and mail today for beautiful, free catalogue. You will find it interesting and instructive.

Marquette

\$965 TO \$1035

All prices f.o.b. Buick Factory, Flint, Michigan. Consider the delivery price as well as the list price when comparing automobiles.

No other car in the world in the moderate-price class can match such thrilling performance—10 to 60 miles per hour in 31 seconds, in high.

Buick alone could achieve such qualities of speed, power and stamina in a car so moderate in cost.

In every phase of performance, Marquette is entirely unmatched in its field. A marvelous flow of power sends you flying up the steepest grades in high gear. You can ride at 60 or 70 with a wonderful feeling of pleasure

and security. And a host of other features wins your admiration.

Fisher bodies expressing the best modern taste. An exclusive non-glare windshield. Exclusive new upholstery, proof against water, dust and wear. Four Lovejoy hydraulic shock absorbers—and big Duo-Servo enclosed brakes.

Marquette is complete with all the fine car characteristics. Yet the liberal G. M. A. C. terms make owning a Marquette very convenient and economical. See it. Drive it today.

18 Years Ago

Born to Mr. and Mrs. J. L. Cotter Monday, May 1, 1911, a ten-pound boy.

Mrs. Andrew Sullivan is here from St. Louis for an outing in Kimble Climes and a guest of her brother, R. T. Chase.

S. F. Bennett was here from Copperas Saturday.

Mr. J. B. Reese and family of Brownwood, are visiting with their daughter, Mrs. Alfred Fritz, at London.

J. T. Hull of the Keystone Ranch was among those who attended the prohibition rally Sunday night.

Miss Ella Bruce of Gentry is visiting in Junction this week.

H. E. Wilson and A. O. Lawler were among those who attended the Prohibition convention at Waco last week.

Miss Lillian Wilson and Mr. Robert Hensley were married Friday.

The Mother's club was organized in Junction last week. The attendance was not what it should have been. This should receive the attention and interest of every true mother.

For five weeks past Kimble County has been receiving rains regularly each Saturday. Last Saturday nearly three inches of rain fell in Junction and much more in other parts of the county. The South Llano had a rise of about twenty-three feet. A portion of the big dam of the L. I. & M. Co. was washed away. This represents a loss of about \$7,000. Many fences were washed away by the rise and some stock killed. The long chilling rain caused the loss of many goats and sheep. The mail and all traffic was badly delayed.

Rev. M. J. Allen, one of Junction's old time preachers, and everybody's friend, has just closed a meeting at the Methodist Church at Junction. There were thirty-two conversions and twenty-five additions to the Methodist Church.

Simon Frazier has gone to the Andrew Paterson Ranch where he will be employed for some time.

The first official world's championship baseball game was played in 1884.

RANCHER OF BANDERA HAS REAL BATTLE

A roadhouse fight in which a tall, raw-boned sheep raiser from Bandera, Texas, is said by officers to have whipped three inmates of the place single-handed at 6 a. m. Thursday, resulting in the firing of seven men on charges of disturbing the peace and the filing of two complaints for carrying deadly weapons.

W. M. Wallace, a sheep and goat herder of Bandera, and director of the First National bank of Bandera, modestly admitted to deputy sheriffs that he had to "fight with all the old country boys there is in me" to whip three alleged gamblers who attacked him at the White Lantern Inn. 10 miles west of El Paso at the intersection of the main highway and the Mesa road.

So thorough was the thrashing which Wallace administered the roadhouse gang that a riot call was sent in to the sheriff's office, resulting in the report that two men had been killed. Officers were dispatched to guard every road leading to and from El Paso in an effort to apprehend the "killers."

Ben Berry, alleged operator of the roadhouse, was fined \$1 and costs, or \$14, on his plea of guilty to disturbing the peace when he was arraigned before Justice of the Peace A. J. Wilson Thursday.

Others who pleaded guilty to similar charges and were fined \$1 and costs, were Robert Ashforth, Jack Cage, P. Bridge, Andrew Barnett, Guy Moore and Mickey Dineen.

Two women, who gave their names as Alta Gunn and Margie Cage, arrested when deputy sheriffs raided the roadhouse, were released.

Cage and Berry were also charged with carrying deadly weapons when officers took pistols from the two men.

"I was on my way to California for a vacation and stopped over in El Paso to see the sights," Wallace, who was in custody several hours as a witness said.

"My car broke down near the White Lantern Inn, and I went in. Pretty soon a black-jack game started and they got me to join in. Then when they couldn't win my money, they changed to a dice game."

"I still was lucky enough to stay even with the board. They got mad when I became suspicious and wanted to quit, and they started a fight."

"Well, I'm a country boy, but I've been out of the country a few times. I fought, and I came dern near getting licked when all of 'em piled on me."

"I kicked one of 'em in the head, and put him to sleep. You'll find him out there now."

SPEED LIMIT OF STATE IS SET AT 45 MILES

Austin.—A lawful speed limit on State highways outside city limits was set at forty-five miles an hour Monday when the House and Senate adopted a committee report on the Senate motor regulation bill.

Busses may travel at a maximum of forty miles. The speed limits in city limits for all vehicles is set at twenty miles.

Aside from the speed regulation, sizes and loads for vehicles were set in the bill.

One provision makes it unlawful to park in lanes of travel on State highways after dark and at all times proper lights are demanded both front and rear.

Both houses adopted a conference report on a Senate bill allowing heavy articles to be transported over the highway with permits from the Highway Department.

To achieve what the world calls success a man must attend strictly to business and keep a little in advance of the times. —Harriman.

still out," Wallace told officers.

Capt. Allen Falby, of the state highway police, and several men, went out to the place and found Dineen "out." He revived when he was taken to jail.

No charges were filed against Wallace.—El Paso Herald.

Junction Trade Notes

Most of the Kimble County ranchmen who radiate in and out of Junction report physical conditions of the industry as splendid. The price of cattle is maintained at a high level, although the wool market holds out some curiosities. It is pointed out by the U. S. Dept. of Commerce that the world supply of wool is lower, but prices do not reflect it. In many sections of Texas last spring calves have been sold for fall delivery at \$45 to \$50, which forecasts there will be no cheap stockers on the market this season.

A survey by G. A. Duerler Mfg. Co. of the pecan industry of Texas, Oklahoma and Louisiana, which States produce about 95% of native pecans grown in the U. S., forecasts unfavorable production this year, due to extensive rains and ravages of the case bearer. The report concludes as follows: "The visible supply of pecans today is relatively smaller than last year at this time and as it is a foregone conclusion the 1929 crop will be short, it follows that much higher prices will ultimately prevail."

Reese's home-grown "Stone Mountain" melons are on sale at Gann Grocery Company this week and are attracting favorable attention for their fresh luscious quality. The same may be said for R. M. Alexander's home-grown cabbage, which weigh up to 7 lbs. per head and are extra choice.

Wright's City Bakery is making a hit with pecan pies, 120 being sold last Saturday. An individual pecan pie sells for 10c and is worth the money. Gann Grocery Company.

The Treasury Dept. has issued and is now circulating nearly four million dollars of the new small-sized currency. Junction State Bank received its quota Wednesday.

Geo. G. Murray and children of San Antonio spent a week-end vacation on the Llano. Mr. and Mrs. Joe Neff of Ballinger were week-end vacationists on the attractive Llano. E. G. Hamilton and family of San Antonio are summering at beautiful Kimble Courts near Junction.

Mrs. Herbert Gough and daughters, Misses Eldon Clare and Dorothy, of Waco, are guests for the summer of Mr. and Mrs. Guy Wynne at the comfortable Wynne ranch on South Llano.

Mrs. Dee Gibbs, Mrs. Leonard Gibbs and Baby Gibbs were in from the ranch Tuesday buying, among other things, fruit jars for canning. With an abundant fruit crop, nearly everybody is canning something.

In stock: Fruit jars, sealing wax. Certo, everything needed for canning. Gann Grocery Company

Congratulations are due the Junction State Bank and Junction Cattle Loan Company on the splendid showing of the two institutions in their statements at close of business June 29.

The statements show the surplus of each institution to be equal to its capital stock, which automatically places them on the honor roll of State banking institutions.

Gann Grocery Company
"Everybody's Store"

FORD CONVENTION

Every Lizzie is to have her day. Therefore, July 21 will be a great day at Galveston Beach. The Galveston Beach Association has planned to pay signal honor to the great Ford family and accordingly, a general invitation has been extended to every Ford owner in the southwest to load up the family and make the pilgrimage to the seashore where an elaborate program of entertainment and many valuable prizes await them.

E. A. Loeffler, local Ford dealer, has received full information on the big event and is passing it along to all Ford owners in this locality. Judging by the interest being shown, Junction will be represented at the Ford family reunion.

Society

KOOCK-FARMER

A. W. Koock and Miss Alma Farmer were quietly married in Austin, Saturday evening at 8:00 o'clock, at the First Southern Presbyterian Church, by the Rev. W. R. Minter. Miss Farmer is the daughter of Mrs. G. W. Farmer.

The wedding was very quiet, with just the immediate members of both families present. The church was beautifully decorated with ferns and flowers. The bride looked lovely in a dress of orchid chiffon with hat and shoes in soft shades of tan. She carried a bouquet of sweet peas and pink rose buds.

After the ceremony the bridal party assembled in the Stephen F. Austin Hotel for the wedding supper, and when this was over the newly-weds started on a brief honeymoon trip. As they left they were showered with great quantities of rice.

They will be at home on their return to Austin at the home of the bridegroom at 1025 West 30th street.

TURNER-BAUGH

Miss Ida Baugh and Mr. Truman Turner were united in marriage at the home of the bride's parents, Mr. and Mrs. W. L. Baugh, last Wednesday. The Rev. G. W. Crabb, pastor of the First Baptist Church, officiated.

Miss Baugh has lived in this county for eighteen years, and was a student in Schreiner High School.

Mr. Turner came to Junction from Oklahoma. He is connected with the Highway Department.

The happy couple will make their home in Junction. They have many friends in this county who wish them happiness and success.

STEWART-SMITH

Miss Ora Smith and Mr. Miles Stewart were united in marriage at sunrise, Thursday, July 11, by Elder J. S. Newman at his residence.

The bride is the daughter of Mr. and Mrs. Mansell Smith and has been living in Junction several years. The groom is a Kimble County boy and both of them have many friends who congratulate them on this happy event of their lives. They left immediately after the ceremony on a trip to Llano and other points in that section.

Mr. Ott Patillo spent a part of last week in San Antonio seeing the Alamo City.

Dr. J. D. Sandifer, president of Simmons University, spoke at the Junction Baptist Church at the 11 o'clock hour last Sunday.

Mrs. J. M. Livingston and son, Warren, are visiting in San Antonio this week.

Dr. and Mrs. E. F. Gough of Waxahachie were week-end guests of Mr. and Mrs. Guy E. Wynne.

Mr. and Mrs. W. T. Padgett and daughter of Ballinger are vacationing in Junction and Kimble County this week.

For a tire guarantee that counts, go to the Powell Motor Company and buy a Brunswick. No better tire made for the money and a guarantee that counts.

The New Ford

Total six month output for the first six months, from Jan. 1, 1929, to July 1, 1929, amounted to 1,065,630 cars and trucks. Average number of cars built per day according to latest report is 7500.

The gasoline gauge on the new Ford is on the instrument panel. There is no need to get out and go around to the back to check up on gasoline when you drive the new Ford. The simple, reliable gasoline gauge is right on the instrument panel in plain sight, day or night.

Registrations for May from 30 States show Ford 66,421 and the next nearest 41,199. Ford leads all others in every State.

In comparing cars, consider the FIRST cost. Then consider the COST of running expense. The new Ford will do what any other car will do. It will go over roads and through water where many other cars will not go regardless of price and for all round service the new Ford is distinctly in a class by itself. First low cost, then low upkeep afterwards are things to consider before you buy. If you don't, you may regret it afterwards.

Learn what this car will do by driving it yourself. Compare it with other cars for flexibility in traffic, for SMOOTHNESS, for speed on the open road, for COMFORT, for SAFETY, for power on the hills. Then you will know, from your own experience, that the new Ford is an UNUSUAL value at a low price.

Think it over. Buy a Ford and SAVE THE DIFFERENCE.

Loeffler Motor Co.
Phone 105

WORLD'S LONGEST BRIDGE

The longest bridge in the world spans San Francisco Bay from San Mateo to Hayward and is over seven miles in length. It cost \$37,500,000 and was opened for traffic—it accommodates three lanes comfortably—earlier this year. The bridge and the several miles of concrete highway at each end have been lighted with incandescent street lighting units.

I THANK YOU

This is to thank the good people of Kimble County for the business given me while in Junction. I cherish the friendships formed while here and shall always remember kindly those who patronized the company while I was connected with it.

I am moving from Junction but am not losing interest in the fine people of Kimble County. I shall visit Junction from time to time closing up my business here and shall be glad to meet my friends whenever I am in the city. When any of you pass through Boerne, where I am now located, stop and chat with me. I shall always be glad to see you.

Sincerely yours,
C. G. McDonald.

A written guarantee given on each Brunswick tire sold by the Powell Motor Co. No chance for the purchaser to lose. Ask about the Brunswick guarantee.

Around 120 pecan pies were sold last Saturday by the City Bakery, owned by Mr. Odie Wright. This is just another way of utilizing the natural resources of this county. The pecan is one of the largest crops in Kimble County, and this is one good way of marketing the crop.

Most men want knowledge, not for itself, but for the superiority which knowledge confers.—Smith.

Mr. Edgar Furr of London has accepted a position as salesman with the Farmer Furniture Company. He is a most excellent young man and Junction welcomed him as a citizen.

Anyone who hopes to achieve success, even the average, must know more, or at least as much, about some one thing as any other one, and not only know, but know how to do—and how to utilize his experience and benefit of others.—Vail.

Mr. and Mrs. Alton Miller returned Wednesday from a trip up in New Mexico. While in Carlsbad they visited the Carlsbad Cavern and were carried away with the beauty of the huge subterranean formation.

Life would be a perpetual flea hunt if a man were obliged to run down all the innuendoes, invarities, insinuations and misrepresentations which are uttered against them.—Beecher.
