The SDN Column

If a law should be passed closing all churches in the United States, without notice in the press, radio or television, how long would it be before you learned about it?

The survey of Snyder churches being conducted during the month of March by the Snyder Ministerial Alliance suggests after tabulations for two Sundays that the role of churches is somewhat less than vital in the lives of many Snyder residents.

The first Sunday in the month accounted for a total of slightly less than 4,000 persons attending Sunday morning worship services in 24 Snyder churches. The figures for the second Sunday of the month showed slightly over 4,000 in 26 churches.

The figures could amount to no more than a third of the population. Yet, if word should be circulated that the right of public worship was in jeopardy, the protests undoubtedly would be almost unanimous. In fact, spokesmen for the Ministerial Alliance announced that they believed that a big majority of local citizens are affiliated with churches, but attendance and participation do not necessarily follow affiliation or membership.

This situation probably represents only one of many American paradoxes. The people have a lot of "rights" which they never, or seldom exercise. Rights, like machinery and old houses, deteriorate from lack of use.

Neighboring Big Spring crowned its No. 1 beauty of the year in a pageant March 9 and a former Snyder resident was the center of attraction. "Miss Big Spring of 1968" is Sharon Hicks, a sophomore at Howard County Junior College.

She is the daughter of Mr. and Mrs. Henry Hicks of Crane. The family lived in the El Paso area until moving to Crane last May 30.

As "Miss Big Spring," Sharon was awarded a $120 scholarship to the college of her choice, a $300 wardrobe, a watch and an expense-paid trip to the Miss Texas Pageant scheduled for July in Fort Worth. — WACIL McNAIR.

Today In History

By THE ASSOCIATED PRESS

Today is Sunday, St. Patrick Day, March 17, the 77th day of 1968. There are 289 days left in the year.

Today's highlight in history:

On this date in 1776, British troops evacuated Boston during the Revolutionary War.

On this date:

In 1836, the Republic of Texas adopted a constitution.

In 1861, King Victor Emmanuel I was proclaimed ruler of Italy.

In 1891, telephone communication was established between Paris and London.

In 1920, World War I Allied forces occupied Constantinople.

In 1941, the National Gallery of Art was opened in Washington.

Ten years ago — the U. S. Navy successfully launched the Vanguard I satellite into orbit around the earth.

Five years ago — A volcano on the Indonesian island of Bali began violent eruptions.

One year — President Lyndon B. Johnson shelved his proposal to merge the Labor and Commerce departments to create a new department of Economic Affairs.

BEGINS RUN FOR PRESIDENCY — Hoping to follow his slain brother's footsteps to the White House, Sen. Robert Kennedy announces for the presidency today.

CHARGES INTO PRESIDENTIAL RACE

Kennedy Makes It Official

WASHINGTON (AP) — Sen. Robert F. Kennedy charged into the contest today to wrest the Democratic presidential nomination from President Johnson, saying the country is on "a perilous course."

The New York senator's entry into the race at a crowded televised news conference pits him against a fellow Roman Catholic and Vietnam war critic, Sen. Eugene J. McCarthy of Minnesota.

Kennedy said his entry against Johnson, the man chosen by his assassinated brother was not in opposition to the individual but to his policies.

But he added the only way to change the "disasterous, divisive" policies of the Johnson administration is to oppose the man himself.

Kennedy said he will enter his name in the June 2 California primary, and also those in Oregon May 28 and Nebraska May 17 because the laws of those states require that his name go on the ballot.

He stated at the same time he intends to "both support and expand his (McCarthy's) valiant campaign." He called for the biggest possible majorities for McCarthy in primaries next month in Wisconsin, Pennsylvania and Massachusetts.

Kennedy said he made clear to McCarthy that "my candidacy would not be in opposition to his, but in harmony."

"My desire is not to divide the strength of those forces seeking a change, but to increase," the New Yorker senator said.

"Finally, my decision reflects no personal animosity or disrespect toward President Johnson. He served President Kennedy with the upmost loyalty and was extremely kind to me and members of my family in the difficult months which followed the events of November 1963."

Seated behind Kennedy at a large table were his wife Ethel and some of his 10 children. Although the children watched their father attentively, one twirled his arms through the air from time to time.

Mrs. Kennedy watched her husband closely as he answered reporters' questions.

The large room was jammed, when Kennedy came in, he was greeted by applause and at the end of his formal statement he again got an ovation.

Asked if he thought he could work toward his goals as Johnson's 1968 running mate, Kennedy said no, and that he doubted Johnson could work toward his goals with him on the ticket. This brought a round of laughter.

Kennedy said he avoided the New Hampshire primary because if he had won it or had done well, it would have been reported as a personal feud with Johnson.

He was asked if his entry into the race now would divide the Democratic party, assure Johnson's renomination and pave the way for election of a Republican President.

Kennedy replied he had given deep thought to this. But he said his objective is to broaden the opposition to present policies.

He said he has listened to the nation's young people "about the war they are sent to fight and the world they are about to inherit."

He said the course of the war in Vietnam risks a wider war.

"I cannot stand aside from the contest" that will decide the nation's future, he added.

"I run because I am convinced that this country is on a perilous course and because I have such strong feelings about what must be done that I am obliged to do all I can," Kennedy said.

"I do not lightly dismiss the dangers and difficulties of challenging an incumbent president," he added in his formal announcement before a national television audience from the old Senate Office Building Caucus Room.

"But these are not ordinary times and this is not an ordinary election," he said. "At stake is not simply the leadership of our party or even our country—it is our right to more leadership on this planet."

The New York senator said, "I have previously communicated this decision to President Johnson" and late last night his brother, Sen. Edward Kennedy, D-Mass., went to Wisconsin to "communicate my decision to Senator McCarthy."

Kennedy said he is running to "end the bloodshed" and to close the gaps in America between rich and poor, young and old" He said his aim was to make "America stand for hope."

He went on to say he is running "because it is now unmistakably clear" that what he called disastrous policies can be changed only by changing those who made them.

Gold-Crisis Confab Opens

By STERLING F. GREEN
Associated Press Writer

WASHINGTON (AP) — America's six allies in the London gold pool converged on Washington today for a two-day conference seeking to solve the gravest global money crisis in 40 years.

As the central bankers assembled, a congressional drive developed to force a greater fiscal austerity on this country—and thus to generate, it was hoped, greater confidence in the dollar.

The plan calls for not only the deflationary 10 per cent tax surcharge asked by President Johnson, but a multibillion-dollar slash in Johnson's fiscal 1969 spending budget—a cut imposed on him by act of Congress.

That congressional move reportedly had the approval of Rep. Wilbur D. Mills, D-Ark., the potent chairman of the House Ways and Means committee.

Mills has admitted nothing publicly but is known to have conferred at length with Chairman George H. Mahon, D-Tex., of the House Appropriations Committee. Maho favors the double-edged plan.

But it remained to be seen whether those moves, buttressing the secret seven-power talks in the mausoleum-like Federal Reserve Board building, would dissuade profit-hungry gold speculators from resuming next week their frantic assault on the dollar in the world's gold markets.

The crisis was generally regarded as the most severe since the stock market collapse of 1929.

Airtight security was assured for the weekend conference of the central bankers of the United States, Britain, Belgium, Germany, Italy, the Netherlands and Switzerland.

The session was to start at a 1 p.m. luncheon. The only communique, a board spokesman said, will be issued at the meeting's close sometime Sunday afternoon.

U.S. officials exuded calm confidence, meanwhile, that the nation's gold reserves will outlast the nerve and the resources of the gold hoarders who, for a frenzied fortnight, have been demanding gold for dollars—and hoping to enrich themselves by breaking down the dollar, keystone currency of the free world.

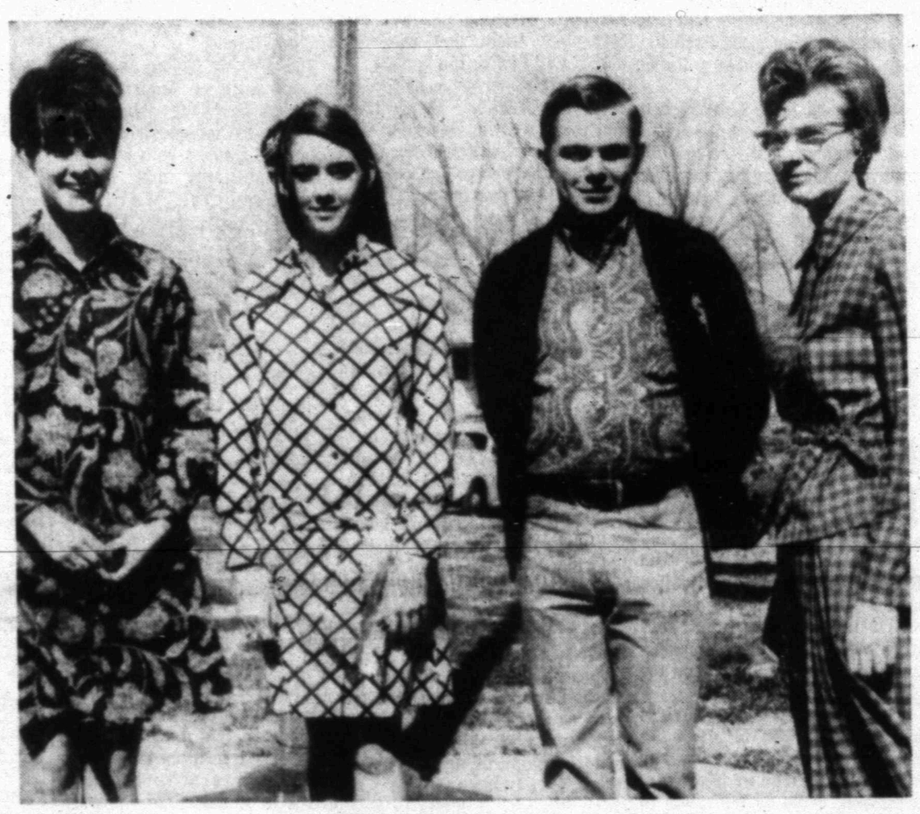

Breakthrough In 8-Month Copper Strike

WASHINGTON (AP) — Two of the four major U.S. copper producers hit by an eight-month strike reportedly have reached agreement with all but one of 26 striking unions—the first major breakthrough in a dispute which has idled 50,000 workers in 22 states.

The reported lone holdout, the AFL-CIO Steelworkers Union, planned a meeting today to discuss the tentative agreements which sources said were reached with Kennecott Copper Corp. and Phelps Dodge Corp. The Steelworkers Union has been chief spokesman for the 26 unions in the long dispute.

Reports of the breakthrough came Friday amid the continuing negotiations brought to Washington nearly two weeks ago by President Johnson, who said the strike was hurting the economy and the defense effort.

The status of negotiations with the other two major producers, American Smelting & Refining Co. and Anaconda Co., was not clear although progress was reported in talks with American Smelting & Refining.

NEW OFFICERS — The student council officers at Snyder High School for next year are, from left to right, Judy Bruyere, secretary; LaVerne Nix, vice president; Mike Levens president; and, Virginia Grove, sponsor. They were elected by the student body Thursday. Other candidates (not pictured) included Jerry January and Beth Vestal (for president), and Charles Amato (for vice president). Judy was unopposed for secretary.

'DIVISIVE AND DISRUPTIVE'

Connally Airs Dislike For RFK

BY THE ASSOCIATED PRESS

Gov. John Connally aired his personal and political dislike for Sen. Robert F. Kennedy Friday, telling a meeting that presidential campaign efforts by the New York Democrat will be "divisive and disruptive."

Added the governor..."but I think they will be in character."

Austin liberal Democrat Fagan Dickson—who is running his campaign on a slogan of "Bring Lyndon Home"—and the governor made slightly similar statements about Tuesday's New Hampshire primary for different reasons and from different viewpoints.

Connally said Sen. Eugene McCarthy's 42 per cent vote total New Hampshire primary is "a manifestation of the frustrations, uncertainties and doubts of the people rather than just a pro-McCarthy vote."

Dickson told supporters at his Austin headquarters that the primary vote showed "the frustration and indignation that is sweeping the country."

Dickson said the President's "hands are tied and he can no longer offer the type of leadership necessary to solve our problems. He inherited the problems and his advisers," Dickson said. "He and the country are in a trap."

Dickson is technically running against incumbent Democrat Rep. J. J. Pickle, though Pickle's name seldom comes up in his public utterances.

Connally spoke to the North and East Texas Press Association meeting in Waxahachie. He said he plans to head the Texas delegation to the Democratic national convention.

The gubernatorial campaign among the Democratic challengers hewed generally to more insular issues.

John Hill pledged he would provide "strong gubernatorial leadership" toward a statewide system of community health and retardation centers. Hill, former secretary of state, spoke in Austin.

Dolph Briscoe Jr., of Uvalde said in San Antonio he would support salary increases of up to $1,000 a year for Texas teachers. Addressing a regional meeting of the Texas State Teachers Association, Briscoe said a salary increase is needed to "keep experienced teachers in the profession and to attract capable, qualified young college graduates..."

Don Yarborough, Houston lawyer who is the only avowed liberal in the Democratic gubernatorial race, said at Conroe he would fight for lower automobile insurance rates if elected and said he would "insist that the State Insurance Board include the investment profits" made by insurance companies in figuring consumer rates.

26 Feared Lost In Spanish Rail Crash

SANTA MARIA DE LA ALAMEDA, Spain (AP) — A railroad repairs trolley car and a train clipping along at 55 miles an hour collided Friday, and at least 26 persons died and another 80 were injured in the crash and the fire that followed.

All four occupants of the trolley car were killed, as were the engineer of the four-coach train and 21 persons in the first two coaches.

UNITS PROVE EXISTENCE

Guardsmen Given Experience

Snyder and Sweetwater National Guarsmen were out Saturday and Sunday to prove that there is a unit in Sweetwater, and in the near future, prove there is one in Snyder.

Thirty - six dump trucks and drivers belonging to the 231st Engineering Company were hard at work Saturday to help Nolan County and to learn at the same time.

The city and county joined in a joint venture the last of December to widen a bridge in Sweetwater that leads to Nolan County Coliseum and Fairgrounds. And the guard will help by filling in dirt near the bridge and at the same time, fill a large area of Old City Lake to make additional parking space.

When the Guard unit was changed in the recent realignment of the Texas National Guard, Capt. Tom Ivisen, commander of the unit, and his Snyder Platoon Leader, 2nd Lt. Don Vineyard, had 36 dump trucks between the split platoons in Sweetwater and Snyder.

With that many trucks, Ivison decided there must be some way to put these trucks to work.

"When we were an artillery unit, few people realized that there was a unit here in Snyder. Sweetwater, also an artillery unit, was in the same shape," the former Snyder unit commander said.

"Now we can show the people that both of these cities have a Guard unit," he added.

The commander said he has offered the services of the trucks and drivers to both city and county governments in Noland and Scurry counties when his training schedule permits.

"When they have a large amount of material to move that can be delayed until our drill dates, we will be glad to assist.

"But, it will have to be for government work and cannot interfere with private enterprise in any way," he pointed out.

The unit does not have loaders and has to utilize this equipment from the government agency it is working with.

"This will be the best training we can provide our troops," Ivison said. "They can learn a little from films and lectures but not near as much as they will learn out here this weekend actually moving the material."

"We hope to have this type of work during most of our drills. By working in both counties, we hope to keep our men busy," Ivison said.

The unit drills one weekend a month, one month here and the following month in Sweetwater.

Budget-Trimming Talks Underway

By DOUGLAS B. CORNELL
Associated Press Writer

WASHINGTON (AP) — President Johnson told a blue ribbon gathering of American businessmen today that "we are going to win" the war in Vietnam, "hopefully at the negotiating table, but on the battlefield if we must."

Johnson also disclosed that talks are underway with Congressional leaders on cutting the budget—a move designed to break the legislative blockade against the administration's bill to apply a 10 per cent income surtax.

The chief executive spoke to corporation executives meeting under the wing of the National Alliance of Businessmen, which is working with the government to put 500,000 hard core unemployed into jobs by 1971.

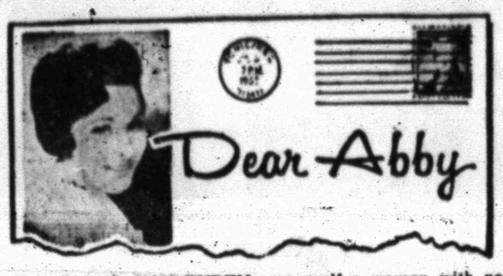

Johnson affirmed his intention to "give our fighting men in Vietnam the help and support they need." But from the way he spoke and the manner he used, it appeared evident that this does not involve a vast expansion of military manpower in Vietnam of the dimensions mentioned in various quarters lately.

Within the administration, those in the know look on troop increases ranging up to the 200,000 involved in current speculation as what they call "dove scare figures."

They view talk of a $15 to $20 billion incrdase in spending for the war in a similar light.

And or the tax bill front, there seemed to be no doubt that what is being lined up is a cut in appropriations and spending to match the size of the tax boost.

Whether Congress will buy it or not is open to a measure of question. But the administration now believes what might come out is a tax increase of $9 billion plus, and an accompanying slash of that amount in appropriations out of the budget Johnson submitted to Congress in January.

By ABIGAIL VAN BUREN

DEAR ABBY: My wife has always been the religious type but she's never stayed with one religion. We have been married for 16 years, and she's been just about everything you can name.

Now she's joined a new church on the edge of town. Some man picks her up at 6 o'clock Sunday morning and she doesn't get home until noon on Monday. I asked her what kind of church lasted all day and all night and she tells me they pray all day, then they go to the Deacon's house for "bodily nourishment" and special prayers.

After that they all go outside and commune with nature and meditate, and pray some more. Then they go somewhere - for "communion and berry juice" (they don't drink tea or coffee), then someone drives her home. I went along with this for four Sundays, but now she has started to go on THURSDAYS, too. What do you think?

SUSPICIOUS

DEAR SUSPICIOUS: You could easily solve the mystery by offering to go with her.

* * *

DEAR ABBY: You said in your column that engaged couples usually select the engagement ring TOGETHER. Well, I beg to differ with you. My husband and I have been married for 22 years, and HE selected my engagement ring himself.

I am of the opinion that if a young man doesn't know a young lady's likes and dislikes well enough to select a ring for her, he doesn't have any business marrying her.

An engagement ring is a gift, and it's none of the lady's business how much the man paid for it.

B.J.D.

DEAR B.J.D: Things have changed a lot in 22 years. If you ask a jeweler who sells engagement and wedding rings, I'll wager he will tell you that he sells more rings to couples than to men. And it wouldn't surprise me one bit to learn that many a woman will shop alone first, and later bring the man in — to buy.

DEAR ABBY: I have been keeping steady company with a goodlooking widow for a year now. She is 34 and has four kids. I am 39 and have never been married.

The problem is her kids. About an hour is all I can take, then the kids start getting on my nerves. I never met a woman I like as much as this one, Abby, but those kids are too much! We could send them to camp during the summer, but I don't think I could stand them the rest of the year. This woman says she loves me, and she's really too good to let go. So what should I do? She says she is not going to wait around much longer.

IN DOUBT

DEAR IN: You've got a package deal here. If you "can't stand" her kids, better find yourself a woman with no children, or grown children, or one who's "unbearable."

* * *

CONFIDENTIAL TO "DOESN'T: If you truly believe it is ED": If you truly believe it is no business of yours if your neighbor is brutally mistreated, and that there is nothing one can do about his government, then you had better teach your children to count in rubles.

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Lost Angeles, Cal., 90069 and enclose a stamped, self-addressed envelope.

Hate to write letters? Send $1 to Abby, Box 69700, Los Angeles, Cal., 90069, for Abby's booklet, "How to Write Letters for All Occasions."

El Paso Hearing Set

AUSTIN (AP) — The Legislative interim committee studying land use and other problems of the Texas environment will hold a public hearing in El Paso Friday on air and water pollution in that area.

Invitations have been sent to the mayor of El Paso, the county judge, Bureau of Reclamation International Boundary Commission, Weather Bureau, League of Women Voters, industry representatives and local officials involved in environmental health and water quality control.

Sen. Criss Cole of Houston is committee chairman.

The committee has held similar hearings in Austin and Arlington.

Collection Of Funds Studied

DALLAS, Tex. (AP) — The Federal Bureau of Investigation said Friday it is trying to find out if federal wire fraud laws were violated in the disappearance of $72,000 collected for the U.S. Olympic Committee.

The wire fraud law provides a five-year prison term as the penalty for anyone sending any interstate message by telephone, telegraph, radio or television to obtain money by false pretense or representation.

Postal Inspection Service employes are looking into the disappearance to ascertain if there was any infringement of mail fraud laws.

The Dallas County Grand Jury and the district attorney's office also are looking into the case.

The U.S. Olympics Committee is headquartered in New York.

State Traffic Deaths Down

AUSTIN (AP) — Traffic accidents killed 3,367 persons in Texas—the exact population of Dayton, Tex.—during 1967, the Department of Public Safety says.

The DPS closed its books March 15 on the 1967 traffic toll, with a 1.15 per cent decrease in the number of deaths, compared with the 3,406 all-time record of 1966.

Texas had a traffic death rate of 5.8 persons per each 100 million miles of travel, the DPS said, compared with 6.2 in 1966.

More than 885,268 traffic accidents occurred in Texas last year, costing an estimated $793 million in economic losses and injuring more than 205,000 persons.

Transplant Patient Returns Home

CAPE TOWN, South Africa (AP) — Philip Blaiberg, the only person to survive a heart transplant operation, strode confidently out of Groote Schuur Hospital and into the bright sunshine today.

"I am very well indeed," he told a waiting crowd of newsmen, nurses and onlookers. "I am delighted to be going home and home is the main thing in my thoughts. Thank you all very much for coming to welcome me."

One of the nurses who looked after the 58-year-old retired Cape Town dentist for 74 days asked him with a smile: "Can I kiss you?"

"Certainly," he replied.

With Blaiberg was Dr. Christiaan Barnard, who directed the delicate transplant surgery on Blaiberg Jan. 2 and on the world's first heart transplant patient, Louis Washkansky, who died 18 days after surgery.

Blaiberg shook hands with Barnard and said several times in a choked voice, "Thank you very much, thank you very much." Then Blaiberg and his wife, Eileen, stepped into a large black limousine for the drive home.

Shortly before his dismissal, Blaiberg received a thorough medical examination by the transplant team and was declared fit to leave the hospital.

Blaiberg's discharge had been expected earlier than this. Shortly after the operation, in fact, Barnard spoke in terms of three weeks before the stockily built, bald-headed man could go home.

The way is clear now for Barnard to perform his next heart transplant, which he has said would be soon, although he has no specific patient in mind yet.

Blaiberg's diseased and failing heart was replaced by the heart taken from the body of a mulatto, Clive Haupt, 24, who died of a brain hemorrhage.

The retired dentist made steady progress except for one period when his doctors discovered indications that his body was rejecting the new heart, and raised the dosage of drugs to counter this.

Blaiberg spent his entire hospital recuperation period in a sterilized suite.

Barnard had been anxious to get him out of the hospital as soon as possible because the doctor says the kind of germs found in hospitals are far more resistant to treatment than any which Blaiberg is likely to pick up outside.

Blaiberg will remain in semi-isolation at the apartment block where he lives in suburban Kenilworth for about a month while he readjusts to normal conditions.

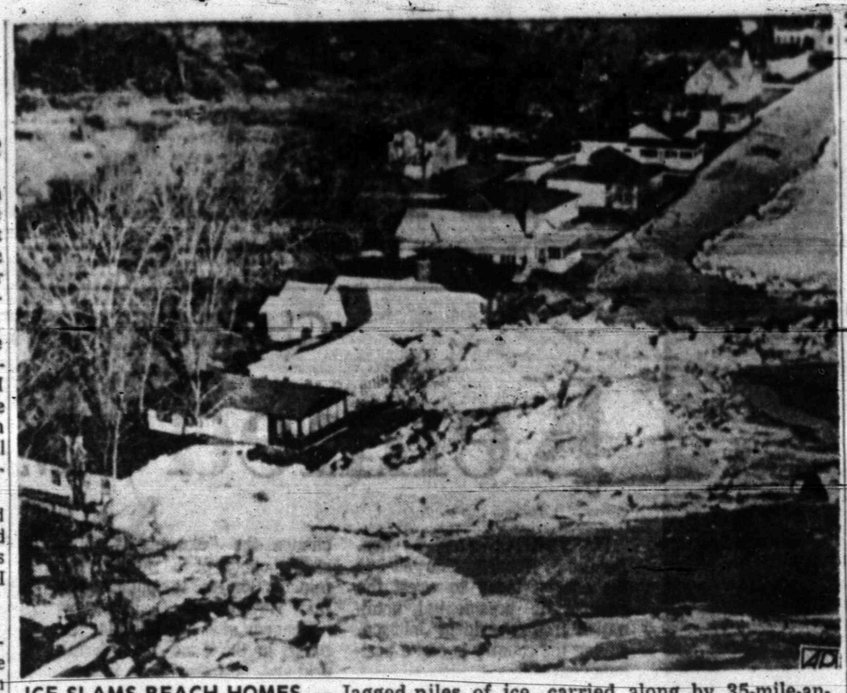

He will have to go to Groote Schuur three times a week for at least the next month for constant checks and further treatment.

Budapest Reports Murder, Suicide

BUDAPEST (AP)—A 45-year-old U.S. citizen Denes Kohegyi, visiting relatives in Budapest, shot and killed his wife after an argument Friday and then committed suicide, the Hungarian News agency MTI reported.

MTI said Koehegyi, a tailor from Buchanan, N.Y., was visiting relatives.

It said the shooting occurred at the home of his mother-in-law in Budapest.

ICE SLAMS BEACH HOMES — Jagged piles of ice, carried along by 35-mile-an-hour winds slam into beach homes at Bay City, Mich., and causing havoc to sea walls, boat hoists and other equipment. (AP Wirephoto)

Island Asks To Join UN

UNITED NATIONS, N.Y. (AP) — The Indian Ocean island of Mauritius, whose 800,000 population is divided into two hostile camps, has asked to become the 124th member of the United Nations.

The British Union Jack was hauled down on Mauritius last Tuesday and the island was pronounced independent. It is poor and fraught with strife between Moslems and Creoles (mulattoes). The Moslems wanted independence, the Creoles did not.

The application for U.N. membership, signed by Prime Minister Seewoosagur Ramgoolam, arrived in Secretary-General C Thant's mail on Thursday. The application is expected to be approved when the General Assembly resumes about April 24.

Fine Arts Meet Slated

AUSTIN (AP)—A junior college fine arts conference will be held March 22-23 at the University of Texas.

Discussion will focus on developing course in art, drama and music that may be freely transferred from a junior to a senior college without loss of credit to a student.

About 135 faculty members in the arts from Texas junior and senior colleges are expected.

Among those who will appear as panelists will be three fine arts deans, Warren Casey of Texas Woman's University at Denton, Frank Hughes of Texas Christian University at Fort Worth and Kermit Hunter of Southern Methodist University at Dallas.

Others who will lead discussions are Angus Springer of Georgetown, Southwestern University Speech and Drama Department chairman; Donald Morton of Stephenville, Tarleton State College Music and Art Department head, and Eugene Bonelli of Beaumont, Del Mar College assistant dean for fine arts.

Fire Extinguished

City Firemen extinguished a grass fire at Twenty - second Street and Avenue N at 9:10 a. m. Friday.

Klansman Convicted In Negro's Death

HATTIESBURG, Miss. (AP) — An all-white Mississippi jury convicted a Ku Klux Klansman Friday night of murdering Negro leader Vernon Dahmer, who died defending his family from raiding firebombers.

Cecil Victor Sessum, exalted cyclops of the White Knights of the KKK, was sentenced to life in prison after the jury returned the verdict.

"We definitely will appeal," said defense attorney Lawrence Arrington.

Six other white men await trial for murder and arson in the Jan. 10, 1966, death of the 58-year-old leader in the drive to get Negroes to register to vote. Five more are charged with arson, and 12 men, including seven under state indictment, are accused in federal court of conspiracy in Dahmer's death.

Eleven Perish In Ship Fire

by JOHN S. LANG
Associated Press Writer

POINTE A LA HACHE, La. (AP) — The cargo ship African Star was engulfed by flames that killed eleven crewmen and injured at least 22 others early today after a thunderous collision with two oil barges on the lower Mississippi River, the Coast Guard reported.

"We're going to need some help here with the bodies," a Coast Guard official radioed from the beached and burning ship. "There are quite a few of them." He gave the figure of dead as eleven.

An eyewitness said some of the 59 persons on board the ship leaped into the river as the blazing vessel ground ashore on the west bank. They made their way to the safety of the levee.

Flames shot up 100 feet as the burning barges drifted downstream. Blazing oil spread across the water.

Panel Reports On Drilling

AUSTIN (AP) — Texas' wildcat gas wells drilled this year hit the century mark during the past week, just two ahead of the 1967 pace, the Railroad Commission reported Saturday.

The commission said 13 wildcat gas wells were drilled in the past week, including seven in San Antonio's District No. 2. Three were drilled in the Corpus Christi district, two in Kilgore's District No. 5 and one in the Midland district.

Four wildcat oil wells were drilled in the past week, raising the yearly total to 52, compared to 46 a year ago. Two of the wildcat oil wells were in San Antonio's District No. 2 and two were in the Corpus Christi district.

The commission said 91 oil wells and 38 gas wells were completed during the past week, hiking the totals for the year, respectively, to 1,007 and 474, compared to 1,405 and 601 a year ago.

The commission said 84 wells were plugged during the week, including 39 dry holes.

St. Patrick's Day Gets Double Play

By RAY KOHN
Associated Press Writer

NEW YORK (AP)—St. Patrick's day, because of the calendar, is getting double exposure this year from Dublin to Disneyland with Saturday-Sunday doings making it twice as much fun to be Irish.

Although St. Patrick's Day is not until Sunday, millions of Irish-Americans — together with Irish admirer — started their merrymaking Saturday.

New York's weatherman promised sunny skies for wearers of the green as they march up Fifth Avenue more than 100,000 strong accompanied by 140 marching bands and skirling bagpipes.

Church dignitaries, including Archbishop-designate Terence J. Cooke, whose parents emigrated from County Galway, will view the colorful procession from the steps of St. Patrick's Cathedral.

In Baltimore, they're holding their big parade on the calendar day, Sunday, with the Ancient Order of Hibernians ready to step off in the afternoon with more than 50 bagpipe bands and other units.

At Columbus, Ohio, the annual big parade also takes place Sunday, including a good part of the city's fire department in the line of march.

In Boston, thousands of marchers, including city and state officials, and brass bands, military units will parade Sunday in South Boston, historically an Irish settlement.

In Chicago, the Civic Center Plaza fountain already is squirting green water, and Mayor Richard J. Daley is the proud recipient of 20 green bagels.

The Jersey City, N.J., parade Sunday will feature the lord mayor of New Ross, Ireland, Andrew Minihan.

Shamrock, Tex., always goes all-out on this day, celebrating today as the population of 3,500 swells to some 35,000 persons for the festitivies.

In Ireland, the big weekend starts on Sunday, with everybody taking Monday off.

Big parades and heavy sports schedules get the lion's share of attention, with a goodly attendance expected at the Irish Republic's more than 11,700 pubs.

California turns to the wearin'o' the green on Sunday, with the Irish flag flying over Los Angeles' City Hall and Mickey O'Mouse leading a parade of clog dancers, leprechauns and others at Disneyland.

One suburban Los Angeles resident, Clyde Rainwatch, said he'll dye his white dog Casey emerald green in honor of the occasion.

Castro Bars US Packages

HAVANA (AP) — Prime Minister Fidel Castro affirmed Friday night that Cuba is barring all parcel post from the United States.

Packages from the United States and some other countries have been kept from entering Cuba since a U.S. mail sack exploded in a government postal station here last January, injuring five Cubans.

Castro blamed the explosion for making the ban necessary. He said, however, the ban would affect only packages originating from the United States. Those coming from Mexico and other countries would be admitted, he said.

The Cuban leader also announced the government plans to abolish its lottery, which is believed to earn the government about $350,000 a week.

It appeared to be a move to eliminate a custom inherited from the pre-Castro area.

Snyderite Is Pledge Of McMurry Club

ABILENE — Teddy Brown of Snyder is a spring pledge of Alpha Sigma Chi social club at McMurry College.

The son of Mr. and Mrs. Ralph Brown, he is a freshman student at the Abilene college. To pledge, a student must have a grade point average of 2.00 or better for the fall semester.

MARRIAGE ANNOUNCED — Mr. and Mrs. Kenneth E. Davis, 2800 Denison, announce the marriage of their duaghter, Donna, to Mr. David Holt, son of Mr. and Mrs. Dan Holt, 2708 Twenty-eighth Street. The couple exchanged double ring vows in the chapel of the First Methodist Church in Fort Worth Friday evening at 7 o'clock. Given in marriage by her father, the bride wore a pale sea foam costume with matching hat. She carried a Mother of Pearl Bible with a nosegay of gardenias. The Bible was a gift from her grandmother, Mrs. Dewey Odom, who bought the Bible while on a trip to Jerusalem. A dinner party was held at Cross Keys following the ceremony. The bride is a freshman at TCU and a member of Kappa Kappa Gamma Sorority. The groom is a sophomore at TCU and plays football. They will continue their studies at TCU. (Photo by Craft Studio)

MRS. EDDIE JOE STRAYHORN

Miss Reichert, Mr. Strayhorn Wed In San Angelo Rites

Miss Clara Barbara Reichert became the bride of Mr. Eddie Joe Strayhorn in services held in the home of the bride's parents, Mr. and Mrs. Jack Arthur Reichert, 1213 Paseo de Vaca, San Angelo, on Saturday, March 16, at 11:30 a.m. Rev. Harold G. Odum, minister of First Presbyterian Church, San Angelo officiated.

Mrs. Waunita Strayhorn and Mr. J. P. Strayhorn, both of Snyder, are parents of the groom.

Mr. John McMillan served as organist and Miss Sandra King of Houston was soloist.

Given in marriage by her father, the bride wore a fluid skimmer of French silk organza sprinkled with snow beads and crystal embroidery. From a mandarin collar the gown featured a satin insert, accented with guipere edging and beading, directly down the front to a deeper hemline and banding the three - quarter length sleeves. A Dior bow was worn in her hair. She carried a white Bible topped by white - roses, daisies and butterfly orchids.

Miss Heidi Reichert of San Angelo attended her sister. Mr. Robert Evans of Tuscon, Arizona was best man. G. Douglas Reichert, brother of the bride was candlelighter.

A reception was held in the home following the ceremony.

Mrs. Wuanita Strayhorn hosted the rehearsal dinner at San Angelo Country Club.

The couple left immediately after the reception for a wedding trip at Acapulco, Mexico.

The houseparty included Miss Carolee Snodgrass, Miss June Hall, and Mrs. C. Russell Hughes of San Angelo, Miss Pat Freitas of Dallas, and Mrs. W. H. Brauns of Mertzon.

The bride is a graduate of Saint Mary's Hall, San Antonio, and attended the University of Arkansas. The groom is a graduate of Pyote High School and graduated from Texas University.

Vanita Bunt, M. Magnon Are Married In Fort Worth

Miss Vanita Bunt, daughter of Mr. and Mrs. L. J. Bunt of Coleman, and Morris Magnon, son of Mr. and Mrs. Wilfred Magnon of Crowley, Louisiana, were married in Fort Worth at 8 p.m. Saturday, February 24.

Rev. Kenneth George officiated for the double ring ceremony in Seminary South Assembly of God, which was decorated with candles and greenery. Mrs. Kenneth George was organist and Vicki Magnon, niece of the groom, was soloist. She sang "More" and "Each For The Other."

The bride, given in marriage by her father, wore a gown of white satin with lace ruffles, a headpiece of white flowers, and an elbow-length veil of tulle. Her jewelry was a white gold brooch.

Maid of honor was Miss Susie Bunt, sister of the bride, bridesmaid was Diane Southerland of Brownwood, and bridesmatron was Mrs. Jimmy Lawrence of San Angelo. Each wore a dress of crystal blue peau de soie and matching headpiece, and carried a gold bouquet.

Best man was Gail Morton of Ft. Worth and groomsmen were Jim Harris and Ron Griffin, both of Ft. Worth. The groomsmen also lighted candles and seated guests.

At the reception in the church fellowship hall the serving table was covered with net over white satin and accented with corner bouquets of blue flowers. The centerpiece was blue, appointments were crystal, and napkins were white and gold. The cake had two tiers with bride and groom figurines on top.

In the houseparty were Sandy Coffey of Austin, Mary Ann Beaty of Arlington, Mrs. Virginia Barker of Venus, Charlotte Smith, Patsy Magnon, and Mrs. Frances Magnon, all of Ft. Worth.

For her wedding trip the bride chose a green suit, white corsage, and black accessories.

The new Mr. and Mrs. Magnon are now at home in Ft. Worth where he is employed in the United States post office. Mrs. Magnon, graduate of Coleman High School, is attending University of Texas at Arlington. Mr. Magnon, graduate of Crowley High Schoo! in Louisiana, attended SAGC at Waxahachie and served a tour of duty in the U. S. Navy.

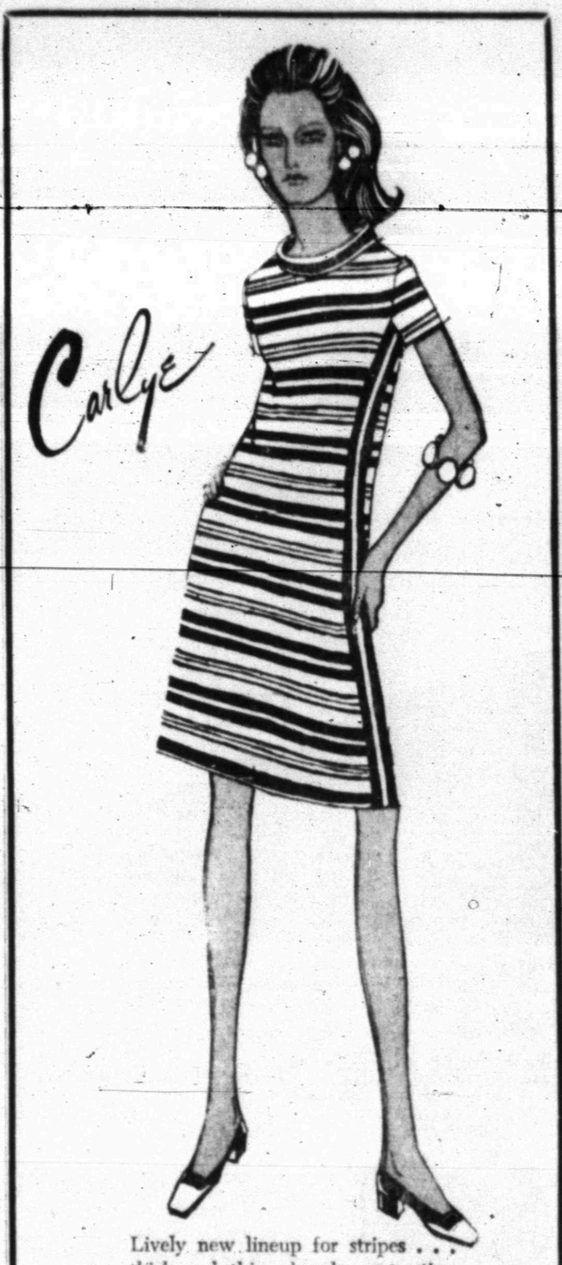

Among those attending the wedding were Mr. and Mrs. Joe Bunt and Susie of Coleman, Mr. and Mrs. Jimmy Lawrence and Bill of San Angelo, Mr. B. W. Dunnam of Snyder, and Mr. Ronnie Barker and children of Venus.

Mini-Knits

HOUSTON, Tex. (AP) — Mrs. R.K. Hogg has found a use for all the bits of string that people save. She knits doll dresses, making all sorts of garments from miniskirted suits to dainty formals.

The tiny knitting needles she uses are another of Mrs. Hogg's inventions. She straightens out paper clips, files the end to a fine point and makes a head of a tiny roll of adhesive tape. She makes up her own patterns and finds it takes about two weeks of spare minutes to complete a doll dress.

For stuffed tomatoes, cut each tomato into sixths from the top to the bottom — without actually cutting through the bottom. The tomato will have a star shape and will hold a salad filling. For the filling you might like to use chicken, turkey, tuna or salmon along with celery and mayonnaise. Serve the stuffed tomatoes on salad greens.

Lively new lineup for stripes . . . thick and thin, sharply contrasting . . . vertical played against horizontal to define the sleek shape of Carlye's two-toned Dacron® Knit dress.

ENGAGEMENT ANNOUNCED — Mr. and Mrs. Don L. Sealy, 2701 Thirty-eighth Street, announce the engagement of their daughter, Phyllis Gwen, to Charles Ronald Detrich, son of Mrs. Chris Detrich, 3766 Sunset, Snyder, and Mr. C. A. Detrich of Huntsville, Arkansas. The couple will exchange marriage vows June 8th, at 8 p.m. in the First Baptist Church. The betrothed couple are juniors at North Texas State University in Denton. (Photo by Craft Studio).

WEDDING PLANS — Mr. and Mrs. Lesley Shelburne, 202 Thirty-second Street, announce the engagement of their daughter, Anne, to Mr. Andrew W. Russell, son of Mr. and Mrs. Don L. Russell, 10235 Pinecrest, Dallas. The bride-elect is a graduate of Snyder High School and a student at West Texas State University, Canyon. The prospective groom is a graduate of Edinburg High School, Edinburg, and also a student at WTSU. The wedding date has been set for June 2 in the First Baptist Church of Snyder.

JUNE WEDDING PLANS — Mr. and Mrs. Charlie S. Wilson, Sr. of Houston, announce the engagement of their daughter, Fariss, to Mr. J. Mike Murphy of Wharton, son of Mr. and Mrs. S. R. Murphy of Midland, formerly of Snyder. The couple will exchange vows on June 8 at 10 a.m. in St. George's Episcopal Church of Houston. The bride is attending Stephen F. Austin State College, Nacogdoches and will graduate in May with a B.S. degree in biology. The groom attended Snyder schools, graduated form Stephen F. Austin in 1967 with a B.S. degree in agriculture. He is employed by USDA-Soil Conservation Service, Wharton, Tex.

All Girl Scout troops in Snyder Neighborhood will present a Song Festival on Friday evening, April 5th, in the High School Auditorium. Chairman for this event is Mrs. Edwin Neves.

* * *

Girl Scouts were well represented in area churches last Sunday, both in troops and individually.

* * *

Junior Troop 327 (Mrs. Franklin Pruitt and Mrs. Wesley Graves) met Tuesday, March 5. The troop had a special program planned entirely by the sixth grade patrol. Invited as guests were girls from Junior Troop 168 and their leader, Mrs. Bill Campbell.

The patrol gave the flag ceremony and sang songs. Then they had a skit called "Share a Little Tea with Goldie." Michele Graves played "Goldie." Deborah Pruitt told about the Girl Scout pin and Ginger Burk told about the World Association pin. Homemade refreshments were served by the patrol and a game was played. For the closing ceremony all the girls stood in a circle, crossed hands, and sang "Girl Scouts Together."

Members of the sixth grade (Scout's Affair) patrol are: Suzanne Peek, patrol leader; Ginger Bush, assistant patrol leader; and Deborah Pruitt, Lynn Leavell, Lane Dickerson, Paula Parks, and Michele Graves.

* * *

Members of Senior Troop 325 have been working as Program Aides on Art programs for Brownie troops.

On March 4th, Dee Ann Book, Gayle Beckham, Paula Redwine, and Patty Smyth helped Brownie Troop 72 (Mrs. A. A. Lopour and Mrs. W. F. Allmand) make collages.

On March 5th Nancy Line, Sheri McGlaun, and Dee Ann Book helped Brownie Troop 248 (Mrs. Edwin Neves and Mrs. G. J. Nunley Jr.) witn some very original papier mache creations.

On March 6th Gayle Beckham, Nancy Line, and Paula Redwine worked with Troop 238 (Mrs. Bill Meyers and Mrs. Kenneth Smith) on collages. Gayle meets with this troop every week as Program Aide.

* * *

Dana Thompson, from Senior Troop 325, gave a talk on Girl Scouting to the Kiwanis Club Wednesday at their noon meeting at the Steak House.

She told something of the background of Scouting, its objectives, and the ways Girl Scouts can help their community. Mrs. Franklin Pruitt, Neighborhood Chairman, was also a guest at this meeting.

* * *

Junior Troop 85 (Mrs. Geo. Stewart and Mrs. Joe Solari).

On March 7th we sang a few songs while refreshments were being served. Tiger Patrol had the opening.

Meeting was opened with treasurer's report by Jeanan York. The troop voted to visit Colonial Hill Baptist Church on Girl Scout Sunday, March 10th. All the girls were reminded to be in proper uniform and sit with other Girl Scouts if they went to their own church.

We planned a "fun time" for Friday afternoon from 1:30 to 5. Dianna Solari taught us an Indian song for her Indian Lore badge. The fourth graders presented charades for their Trefoil badge, showing what you can do to help others.

Mrs. Solari led a discussion on customs of different religious faiths that effect holidays, food, and activities.

Meeting was closed with a flag ceremony.

Friday we spent the afternoon making paper flowers. Each patrol was responsible for a game. We learned an Indian game to apply on the Indian Lore badge. Everyone practiced the flag ceremony. The weather cleared a little so after cleanup we went for a walk over the hill by the Scout Hut.

On March 14th Tigers had opening ceremony.

The girls voted to ask their mothers to the next meeting. Mrs. Amato plans to instruct the girls in skin care and make-up for young teens.

The rest of the meeting was spent in making paper flowers centerpieces for Big Spring State Hospital.

Bluebonnets had the closing ceremony.

* * *

Many thanks to Stinson Drug and Bud's Office Supply for lending their windows for Girl Scout Week displays.

And many thanks, also, to Snyder Daily News and Mrs. Pope, for all the extra Girl Scout Week publicity.

Breads — dinner rolls—sweet rolls and coffee cakes may be frozen satisfactorily up to 3 months. Glazes, icings or frostings with confectioners' sugar do not freeze well. Put these toppings on after you thaw breads.

A baby kangaroo is called a Joey, and a baby turkey is called a Poult.

Fire Aux. To Sponsor Contest

The Ladies Fireman's Auxiliary of the Snyder Fire Department is sponsoring a Fire Prevention Poster contest which will be open to all students in the Snyder area from the first grade through the twelfth grade.

Rules for the Poster contest are as follows:

1. Posters must be original, and may be on any phase of fire prevention of general interest.

2. Posters must be the work of individual pupils, not room or class projects.

3. Posters must be drawn, painted, or mounted on cardboard.

4. The size of the poster must be 14 inches by 22 inches and limited to not more than ½ inch in thickness at any place in the poster.

5. It must be drawn, painted, cut-out, pen and ink work, or made from pictures cut out of magazines.

6. Each poster must have attached to the back, a sealed envelope, on outside bearing the classification of the poster and containing the following information on the inside.

(1) Name of student, (2) Address of student, (3) Name of school, (4) Grade in which the student is enrolled. (5) Name and address of the teacher of the student entering the poster. (6) Name and address of the School Superintendent.

Three cash prizes will be given in each age group. First prize - $7.50; Second prize - $5.00 and Third prize - $2.50.

Posters will be picked up at the individual schools on March 29, by a member of the Auxiliary.

Not Just Clowning

ST. LOUIS, Mo. (AP) — The mothers, wives and career women who make up the St. Louis Ladies Clown Club take their clowning seriously, entertaining in hospitals and homes, marching in parades and appearing at picnics and other gatherings.

Each clown, ranging from grandmothers to newlyweds, makes her own costume. The group also makes clown dolls which they sell to finance their charitable projects. "There's a lot of satisfaction in making people laugh," says one member. "There isn't anyone who doesn't smile when he sees a clown."

Sorority To Give Awards

The Iota Psi Chapter of Epsion Sigma Alpha met Tuesday night, at the Steakhouse for its regular business meeting.

President, Betty Hunter introduced the idea of sponsoring an "Outstanding Youth Award" to our local junior high schools. This award is to be bestowed upon two students, one from Travis and one from Lamar, who exemplify the "juvenile decency" as opposed to "juvenile delinquency."

The object of this award is to institute a program to recognize outstanding youth in the community in grades seven, eight and nine. Students will be judged according to their leadership, citizenship, service, general appearance, personality, manners and accomplishments, both academic and extracurricular activities.

This award was launched by the international women's service organization this year to focus public recognition on the community service and outstanding citizenship exemplified by most of the nation's young people.

It was agreed to sponsor this award and plans were made to award this honor on a student from each junior high at an assembly program in May.

Wrap yeast breads in foil before storing in a well ventilated bread box.

When you bake bread remember yeast is a living plant. Too much heat can kill its action; not enough heat can slow down its action. For best results, dissolve the yeast packet from hot roll mix in warm (not hot) water. To test the temperature of the water, drop a little water on the inside of your wrist. Warm — not hot — water feels comfortably warm.

Consumption of titanium metal in the United States in 1967 was about 25,000 tons, with about 80 per cent going into various aerospace applications.

OOOOH, THAT SMARTS — Brief moment of pain registers on face of Benny Ekwall, 11, as he received his immunization shot for red measles at Washington high school in Cedar Rapids, Ia. Benny was one of more than 5,000 children receiving shots in an "end measles" drive. (AP Wirephoto)

Acreage Up For Four Crops

WASHINGTON (AP)—Agriculture Department surveys indicate Friday that Texas farmers will increase their plantings of four major crops—rice, oats, peanuts and sugar beets—this year while cutting down acreage in corn and grain sorghums.

Nationally, the USDA said, farmers will plant 250,000,000 acres of land this year, compared with 257,000,000 last year.

Texas prospective acreage, followed by the percentage such acreage represents of last year's plantings:

Corn—560,000 acres, 93 per cent.

Rice—607,000 and 119.

Oats—1,425,000 and 105.

Sorghums—6,994,000 and 90.

Peanuts—304,000 and 101.

Sugar Beets—40,000 and 123.

The survey indicated that farmers plan to cut back total crop acreages this year closely in line with government recommendations. Smaller crops are sought to help bolster weak financial returns.

The survey of farmers' planting intentions as of March 1 indicated acreage reductions of about 8 per cent each for corn and wheat, 15.6 per cent for all sorghums, 5.2 per cent for potatoes, 7.6 per cent for tobacco, and 2.6 per cent for hay.

The department said the prospective planting for 17 major crops totals 251 million acres, 2 per cent less than last year.

Increased planting was indicated for several crops, including 2.2 per cent for durum wheat, 2.9 per cent for oats, 2.6 for barley, 9.4 for flaxseed, 16.9 for cotton, rice 19.7, dry beans 11.9, dried peas, 4.4, soybeans 2.7, sugar beets 18, and peanuts, less than one per cent.

The report forecasts this year's acreage of corn and sorghums at 81.9 million acres, down about 8.2 million acres from last year. Such a reduction is about what the department has been counting on under a feed grain program offering growers payments for idling more feed grain land this year than last year because of current large supplies and relatively low prices.

The prospective cotton acreage of 11,108,000 acres represents an increase, which is being sought by the government under a cotton payment program. But it is a little short of the government's goal of at least 12 million acres.

Officials figured that a farm signup for the 1968 feed grain, cotton and wheat programs — which ended Friday—may show somewhat different planting figures than those projected in the new report.

The department said the indicated corn acreage could be expected to produce a crop of about 4.4 billion bushels compared with last year's record 4.7 billion bushels of acre yields tnis year equal the average.

A record soybean crop of about 1,040 million bushels, compared with 973 million last year, could be produced on the prospective larger soybean acreage.

FISHING HOLES — Many of the farm and ranch ponds in the Upper Colorado SWCD that were constructed for livestock water could make excellent fishing holes if properly stocked and managed. Fish for these ponds can be ordered from the Texas Game and Fish Commission or from the Bureau of Sport Fisheries and Wildlife.

Wildlife Week Observed By Conservation District

The Upper Colorado Soil and Water Conservation District is joining with the National Wildlife Federation and other conservations groups in sponsoring Wildlife Week 1968, March 17-23. The theme, "Learn to Live with Nature," stresses the need for conservation education.

"People are sold on the idea of enjoying nature, but we must also sell them on the idea of learning to appreciate and care for all our natural resources," according to M. C. Fowler, Chairman of the Board of Supervisors of the local conservation district. "Conservation education," he said, "is an important part of any school program. It can also be a community project. People young and old should learn that they can help solve conservation problems such as erosion, water and air pollution, litter, endangered wildlife, and waste."

Television and motion picture star Dick Van Dyke is national honorary chairman for Wildlife Week. In announcing the observance, Van Dyke said that the amount of resources we have is limited, and every day more demands are placed upon them — that is why we must learn to live with nature—not in spite of it.

"One of the most important Wildlife Week themes we've ever had is this one of conservation education," Van Dyke said, "Everyone should learn to care for our natural resources. If we do not appreciate the value of clean water, fresh air, and a beautiful countryside, these things may disappear."

Rail-Labor Settlement

ST. LOUIS (AP) — The Missour Pacific announced Friday it had reached agreement with the Brotherhood of Railroad Trainmen on an issue which led to a strike early last month.

Trainmen struck the Missouri Pacific and its subsidiary, the Texas & Pacific, Feb. 5 over the issue of reduced crew size. The men returned to their jobs following a temporary settlement reached Feb. 9.

The railroads agreed to return 50 per cent of their crews, consisting of one conductor and two brakemen or one foreman and two switchmen, but retained the right to negotiate the size of the remaining crews.

Terms of the settlement reached Friday were not disclosed.

Eight Texans On Latest Casualty List

WASHINGTON (AP)—Eighty-two servicemen killed in action in the Vietnam war were identified Friday in a casualty list issued by the Defense Department.

They included eight Texans:

Army—Platoon Sgt. Homer H. Lee, husband of Mrs. Fleda P. Lee, 5914 Ellison St., Fort Wort S.Sgt. Carlos V. Trevino, son of Mr. and Mrs. Alberto D. Trevino, 2205 Jackson Ave., McAllen; Sgt. William A. Jones, husband of Mrs. Jessie D. Jones, care of John Jarrard, 104 Stewart St., Stinnett; Cpl. James W. Wood, husband of Mrs. Dianna L. Wood general delivery, Adkins; Spec. 4 Raymond G. Rocha, son of Mr. and Mrs. Heliberto H. Rocha, 7111 Abilene St., Houston.

Marines—Lance Cpl. Ramiro Cardenas, son of Mr. Ruben Cardenas, 404 S. 15th St., McAllen; Pfc. Thomas W. Ferguson, son of Mr. and Mrs. Joe W. Ferguson, Route 4, Wills Point; Pfc. Miles W. Kimling, son of Mrs. Lyndall E. Kimling, 1922½ St., Galveston.

Changed from missing to dead —hostile:

Army—Pfc. Michael R. Rivers husband of Mrs. Alicia A. Rivers, P.O. Box 362, Kennedale.

HOSPITAL NOTES

Chaplain: Rev. Allen Forbis

ADMISSIONS: Timothy Alsup, Ira; Tommy Johnston, 3749 Dalton, Thomas Logan, 505 Fifteenth.

DISMISSALS: Tracy Darwin, Vencent Moreno, Mary Jo Lewis, Jay Mayo, Odelia Casaz, Lori Ann Johnson, Mrs. Kenneth Ziesmer and baby boy, Joe Burns, Myrtle Greene, Arizona Leach, Dorothy May Rogers, Ora Brandon, Henry Thompson, Hetra Gardenhire.

CAREER CORNER

By F. J. LAIN

Computer Programer Has Excitement of Pioneering

Q — "I'm thinking about becoming a computer programer, but I don't know enough about it. I'm told I have a logical mind, and I'm good at chess. Would this help?" — M. F., Boston, Mass.

A — Yes. A computer programer must have a high degree of reasoning ability, and the patience for an exacting kind of analysis. A rational way of thinking is more important than mathematics in business programing, but mathematical skill is a must in scientific and engineering programing. Imagination and resourcefulness are also vital in this new data processing field to pioneer ways of solving problems.

THE JOB: Computers are fantastic but they are only as good as the program — the step-by-step instructions that tell them exactly what to do. The programer first thinks through the logical progression for the computer to follow, then expresses the proper sequence of logic to the machine by a set of coded instructions which are stored in the computer's "memory."

ADVANCEMENT: Increased salary, or programers who like the analytical aspects of the job may want to acquire the additional training to become a systems analyst. Some supervise the entire data systems operation, or are promoted to management positions. Other have started their own service center business.

EARNINGS: The great majority earn between $6,000 and $12,000 a year. Top jobs range up to $15,000 or more a year.

OUTLOOK: Very good for women as well as men. Technical innovations — such as "automatic programing" — will eliminate much routine program work, but the demand is still expected to increase. Job duties will likely change as computers become even more sophisticated.

EDUCATION: Most programers now doing scientific or engineering work are college graduates with degrees in engineering, physical sciences or mathematics. Graduate degrees may be required for some positions. Although in business applications programers may have come up the ranks, an applicant who has no college training is at a disadvantage.

NEW TREND: In the future, as changes occur from innovations mentioned above, and when the analysis part of the job is done by administrators, production control and other subject matter experts, there is some evidence that two years of intensive training during or after high school may be enough for beginners.

HEADSTART: Visit data processing center and see machines in action, confer with programers. Talk with sales representatives from large manufacturers of data processing equipment and request available literature.

Hungary Seeks Own Brand Of Communism

BUDAPEST (AP) — A leading Hungarian Communist indicated today that this country will seek its own brand of communism.

Rezsoe Nyers, secretary of the Central Committee of the party wrote in the newspaper Magyar Nemzet: "We must strengthen national unity, and we must also decide what kind of socialism we are going to build."

"We ourselves must seek the best solution for this," Nyers said.

"If we in Hungary can make socialism strong and lasting, as well as attractive, we will support in this way the international working class," he said.

Impala Sport Coupe (foreground), 4-Door Sedan, Station Wagon

Announcing the beginning of the end of a great sale.

March 31st is the last day of your Chevrolet dealer's Impala V8 Sale. So hurry.

With the sale about to end and spring about to begin, there could hardly be a better time to buy a new car.

Today through the 31st you can still buy a new Chevrolet Impala V8 Sport Coupe, 4-Door Sedan, or an Impala Wagon—specially equipped with popular equipment—at sale savings.

What's more, three additional popular packages of equipment are also available at sale savings. The more you add, the more you save.

AT SALE SAVINGS EVERY SALE CAR HAS: Whitewall tires, front fender lights, appearance guard group. Last item includes door-edge guards, color-keyed floor mats front and rear, bumper guards front and rear on coupes and sedans, front bumper guards on station wagons.

PACKAGE NUMBER 1 HAS: The big Chevrolet 327-cubic-inch 275-horsepower V8 engine plus Powerglide Automatic Transmission.

PACKAGE NUMBER 2 HAS: Power steering and power brakes.

PACKAGE NUMBER 3 HAS: Power steering, power disc brakes, and the Comfortilt steering wheel which adjusts to individual driver preferences.

It could be a great summer.

Extra Savings on Chevy Job Tamer Trucks
GOLDEN ANNIVERSARY TRUCK SALE
Celebrating fifty years of truck building progress with special savings on half-ton pickups and vans.

FLEETSIDE PICKUPS with 8-ft. box, Six or V8, custom comfort and appearance equipment, chrome hub caps and front bumper. Also available at special savings: power steering and power brakes; 292 Six engine, 327 4-barrel V8 engine, 396 V8 engine and automatic 3-speed transmission; Soft-Ray glass, air conditioning and radio.

CHEVY-VANS with 90" or 108" wheelbase, 230 Six, chrome hub caps and bumpers, custom equipment, front stabilizer bar, Jr. West Coast mirrors.

Be smart. Be sure. Buy now at your Chevrolet dealer's. CHEVROLET

PROOF HARD TO FIND

Did A Texan Fly First?

By ROBERT HEARD
Associated Press Writer

Did a German schoolteacher in Texas fly the first airplane in 1865—or 38 years before the Wright brothers?

A lot of people say he did. But finding authentic records seems impossible.

The Institute of Texan Cultures at San Antonio's HemisFair '68 plans to tell his story. A book about him, written by a teacher at San Antonio's Our Lady of the Lake College, is to be published the day the fair opens, April 6.

His name was Jacob Brodbeck and he went to Fredericksburg the year after the first German immigrants settled that Hill Country town.

Brodbeck was born in Germany Oct. 13, 1821, taught six years, and tried to invent a clock that would run without winding. His parents considered going with him to America but were put off by reports of savage Indians. Brodbeck reached Fredericksburg in March, 1847.

After farming briefly, he became the second teacher at the old Vereinskirche, an eight-sided building used as both church and school.

He also taught at smaller schools around Fredericksburg, including South Grape Creek, where he and one of his former pupils, Christine Sophie Behrens, were married in 1858. They had 12 children.

In 1863, Brodbeck built a model airplane that flew, powered by clock springs. That same year, he moved to San Antonio.

On Aug. 7, 1865, the Galveston Tri Weekly News reprinted an article from a San Antonio newspaper. It was an appeal by Brodbeck for money to help him build a flying machine that could carry a man.

"For more than 20 years I have labored to construct a machine which should enable man to use, like a bird, the atmospheric region as the medium of his travels," he wrote.

The model he built in 1863 "imitates the flight of birds" in that it could move against the wind as well as with it. But it did not look like a bird, "being constructed like a ship, which has caused me to call it 'AIRSHIP,'" he said.

"The blockade, and the state of the country during the (Civil) War, prevented me from progressing in my invention and from opening a new era in intercommunication by a larger ship, arranged for practical purposes, but now I hold it to be my duty, after those impediments do no longer exist, to follow without hesitation the path shown me by Providence and the spirit of progress," he wrote.

The craft, would be "shut all around to prevent the rapid motion from affecting the breathing of the man within," he said.

"The portion producing the forward motion consists either of two screws, which can be revolved with equal or unequal motion so as to serve the purpose of lateral steering, or of wings of a peculiar construction. The preference to be given to one or the other depends on the nature of the motive power." He calculatd his air-ship would fly 30 to 100 miles an hour.

Records on Brodbeck's "ship" after this are blank—until 1924, when the son of Dr. Ferdinand P. Herff of San Antonio found some old certificates of quarter shares in Brodbeck's invention. The quarter shares cost $1.25 each and were "payable six months after sale of a U.S. patent right for an air-ship invented by me."

The Feb. 14, 1924, San Antonio Express article on the finding of the certificates said "Brodbeck did not achieve what he sought."

The first published account of Brodbeck's "flight" apparently is in "German Pioneers in Texas—A Brief History of Their Achievements," compiled by Don H. Biggers in 1925.

The article on "F. Brodbeck" said Brodbeck thought he solved the power problem by allowing the pilot to keep "the springs wound up."

"The day for the great trial test arrived and the ship sailed away . . . then the inventor discovered that a spring will not wind up and run down at the same time. He was several feet higher than a tall tree when he made this discovery. The inventor survived the crash, but the machine didn't."

Articles in various newspapers on the flight appeared in 1928, 1937, 1948 and 1961, and several since then. Slowly the story grows, without attribution, each account pirating earlier ones.

One date given for the flight is Sept. 20, 1865. Another says it was in 1868. Another says he took the air-ship to Washington, D.C., assembled in on the top of a three-story building and crashed when he tried to fly it off the building. This account blames the "iron wings."

The flight reportedly took place north of San Antonio. And it was said to have taken place at Luckenbach, the community near Fredericksburg where Brodbeck bought a farm in 1870. It took place nobody knows where, if it did.

In a San Antonio version, his backers witnessed the flight and refused to put up any more money after he crashed. Why no one in that crowd recorded in a letter or diary an account of a man flying in 1865 is never satisfactorily explained.

An embellished rendition of this version has Adm. Nimitz' father lecturing on the military significance of what the crowd was about to see.

Eyewitness accounts reportedly were mailed to historian J. Frank Dobie in 1937. But no one knows what happened to these accounts. The reported witnesses have died.

Brodbeck's papers were stolen in Michigan when he toured the north seeking money, according to some reports.

He made one last futile appeal for money in 1893, when he was 72 years old. He died at Luckenbach on Jan. 8, 1910. He was 88, reportedly bitter to the end about the fame of the Wright brothers.

His widow, by one account, also was bitter—about the wasted time, effort and money. She threw some of his papers into the creek in front of their home.

But one of Brodbeck's granddaughters says the only tale about this she heard in the family was that Brodbeck's model was thrown into the creek.

An indication of the margin that separated Brodbeck and his dream can be found in his essay on aerodynamics. He wrestled with the problem that the 19th Century could not solve: How to get sufficient power aboard that was not too heavy to lift.

Brodbeck said mechanics assured him they could build an 80-horsepower steam engine within the limits dictated by his calculations—one that weighed only 40,000 pounds.

AF Learns How To Burn

COLORADO SPRINGS, Colo. (AP) —The Air Force has learned how to burn its classified documents without polluting the air—much to the satisfaction of the El Paso County Health Department.

There were complaints the Air Force was violating an antiair pollution ordinance when it burned secret files and other documents at the Aerospace Defense Command headquarters here.

A health officer said his investigation showed a gas furnace was being overloaded with classified material. "Now that the personnel know how to use the equipment, we aren't getting any complaints," he said.

Junior Editors Quiz on FRUITS

QUESTION: *Are fruits named after colors, or colors after fruits?*

* * * *

ANSWER: The traditional colors, such as red, blue, etc. (exceptions are orange and violet) are not connected with the colors of fruits and flowers. If you just tell your friend, "Jane has a new green dress," she won't get much of a mental picture. But if you say, "Jane's dress is lime green," the picture is more plain. The color of a lime — a little greener than lemon — is quite definite. Special colors, including lime and grape, are definitely named after fruits. Orange is a regular color name and yet was undoubtedly connected with the fruit. Both names come from an old French word, auranja, which originated from aur or gold. So orange also came from the color of gold. Get some water colors or crayons and color the dresses in our picture orange, grape and lime as if you were a fashion artist (grape is a deep bluish purple.)

3-16

(Cindy Bieker of Earling, Iowa, wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed to Junior Editors, in care of this newspaper, is selected for a prize.)

R. C. EARLOUGHER

Distinguished Lecturer To Address AIME Here

R. C. Earlougher, president of Earlougher Engineering, Inc., located in Tulsa, Okla. will be the guest speaker during the Monday, March 18, dinner meeting of the Snyder Section of the Society of Petroleum Engineers of AIME to be held at the Snyder Country Club at 7:30 p.m.

The dinner will be preceded by a social hour beginning at 6:30 p.m. Serving the Society for nine months as a Distinguished Lecturer, Earlougher will speak on "The Modus Operandi Between the Practical and Research in Petroleum Engineering."

Earlougher's lecture will illustrate the inter-relationship and interdependence of so - called practical engineering and research in the development and operation of petroleum reservoirs with special emphasis on secondary recovery and water injection - pressure maintenance. He believes that an open and an inquisitive mind is a necessity in the practical application of petroleum engineering as well as in research, and that one must continue to observe, analyze, and seek the solution to cause and effect in each of these areas of interest.

One of seven Distinguished Lecturers for the 1967-68 season, which begins in September and concludes in May, Earlougher will speak on this topic before SPE local sections throughout the United States. The Distinguished Lecture Program was begun in 1960 so that Society members in all locales could have an opportuniey to meet personally with petroleum industry leaders.

A 1936 graduate of the Colorado School of Mines, Earlougher holds a degree of Petroleum Engineer and is a recipient of the Distinguished Achievement Award from that school.

Since 1938 he has resided in Tulsa, Okla., as an independent consultant and owner and operator of a production laboratory specializing in core analyses with emphasis on oil recovery by water injection. For the last 15 years he has been principal consultant to the City of Long Beach in the initiation and continued operation of water injection in the Tidelands portion of the Wilmington 1 ield for which the City is trustee.

Serving in many capacities in professional and industry groups he is a member of AIME, API, and Independent Petroleum Association, OSPE, NSPE and is a registered engineer in Oklahoma, Kansas, Texas, and California.

The Society of Petroleum Engineers of AIME is the international technical and professional organization for engineers and scientists engaged in drilling production operations for oil and gas.

Oilmen To Review Supply, Demand

By MAX B. SKELTON
AP OIL WRITER

HOUSTON (AP) — Representatives of major oil companies submit their annual state-of-the-industry reports Tuesday to the Texas oil and gas regulatory commission.

Major purchasers of Texas crude oil will testify at a monthly statewide proration hearing that departs from a routine format once a year for a top level review of supply and demand trends.

The after effects of the Israeli-Arab war will figure at least indirectly in much of the testimony as the Texas Railroad Commission meets in Houston to determine the state's crude production allowable for April.

Lagging imports and an abnormally high winter demand for petroleum products prompted Texas and Louisiana officials to heed pleas by crude producers and boost February and March allowables on an emergency basis. The actions caused domestic crude output to climb to a record level.

Warnings of possible danger ahead already have been sounded.

The Oil & Gas Journal has predicted the crude supply situation will change drastically the next two months. The weekly publication also warned that crude inventories will reach a perilous level unless Texas and Louisiana regulators order quick and deep cutbacks in allowables.

Louisiana already has ordered an April cutback of about 40,000 barrels a day. The action was taken after purchasers told the state's regulatory commission April-June refinery runs are expected to be well below the record January-March level. The purchasers also said imports are expected to increase sharply.

The Texas commission is expected to hear similar testimony Tuesday.

Domestic crude porduction increased from 8,548,000 to 9,434,310 barrels a day during last summer's Middle East emergency. Texas output jumped from 2,979,000 to 3,401,000. Louisiana increased its flow from 1,980,000 to 2,401,000 barrels a day.

The resumption of Middle East production caused domestic output to be cut to 8,789,000 barrels a day by mid-October. Texas output dropped to 3,076,000, 2,121,000.

The downward trend had been expected to continue some while but was terminated when an unprecedented demand for winter heating oils forced refinery operations to a record level. Disruption of tanker schedules and routes also held crude imports well below their pre-emergency level.

Production moved to a new record of 9,561,000 barrels a day the week ending Feb. 26. There has been minor decline since then, but March output still is above the peak Middle East emergency level.

Refinery runs have remained near the all-time high of 10,474,000 barrels a day set the week ending Feb. 16. Domestic refiners were processing only 10,035,000 barrels of crude a day at the outbreak of the Israeli-Arab war.

Domestic crude oil inventories totaled 282 million barrels when the fighting began but dropped to 245 million by the end of 1967. The current total of 243 million is 17 million barrels below the year earlier level.

Crude inventories totaled 261 million barrels at the time of the Texas commission's 1967 state - of - the - industry hearing. Most executives thought the inventories were excessive but not unmanageable.

A top policy committee of the 4,500 - member Texas Independent Producers & Royalty Owners Association will study the current situation at a preliminary meeting Monday afternoon.

Oil Average Up

AUSTIN (AP) — The Texas Railroad Commission reported Friday that the average calendar day oil allowable as of March 15 was 3,752,024 barrels, an increase of 68 from March 1.

Elementary Pupils On TV Program

Twelve countries will be represented with songs and dances presented by first graders from the six elementary schools on the Know Your Schools, closed - circuit TV program, Monday at 7 p.m.

Wearing costumes from their respective countries, the students will present "All God's Children" by Geneviev Arnold. Each elementary gorup learned the songs and dances in its music class. The program was first presented at the TSTA District IV elementary teachers' luncheon on March 7.

Accompanying the group will be Mrs. Bob O'Day from East Elementary, and Margaret Pilcher from North Elementary will direct the program.

Study Requirements For Scholarships

DALLAS (AP) — Faculty representatives of the Southwest Conference meet in Dallas today and Sunday to review the National Collegiate Athletic Association's 1.6 grade point regulation that determines eligibility for athletic scholarships.

The representatives also will take a look at a new conference baseball regulation concerning one-game series canceled by inclement weather.

The Babylonians divided the week into seven days because they could see seven planets in the heavens and thought seven was a lucky number.

Princess And Husband Join Festivities

By LOUISE COOK
Associated Press Writer

NEW YORK (AP) -- Princess Margaret and her husband, Lord Snowdon, dined, danced and made merry Friay night along with some 400 New York socialites and theatrical personalities who gathered to honor the royal couple and raise some money for charity.

The men almost outshined the women in the fashion department among the guests who danced to the music of Peter Duchin's orchestra, supped on salmon and steak and were entertained by a group of performers including Jack Cassidy and Shirley Jones, Dionne Warwick, Lisa Kirk and Tony Randall.

Actor Richard Harris, one of those performing, was in a red velvet jacket. Several men replaced dress shirts and black bow ties with turtlenecks and necklaces adorned with jeweled medallions. And actor George Grizzard stepped out on the dance floor in a blue uniform with red epaulettes which even he was hard put to describe.

"I guess you could say it's a uniform," he said. "Doug Fairbanks was staring at it. I think he thought he wore it in 'gunga din'."

Socialite Susan Stein, Grizzard's date, matched her escort's fine feathers by sporting a red, white and blue striped silk crepe formal and huge red, white and blue earrings by jewelry designer Kenneth Lane. "They're kind of like the shields of the African Masai warriors," said Miss Stein of the earrings.

Most of the women wore floor-length gowns. Only one miniskirt was spotted — the white organdy froth of pop art collector Ethel Skull.

Princess Margaret, in a long, white lace gown with jeweled collar, and Snowdon, in a midnight blue tuexdo and white turtleneck, arrived shortly after 9 p.m., posed briefly for photographers, then went in to greet the other guests and enjoy themselves until the wee hours of the morning.

The party, billed as "A Gala Evening of Musical Theater," was held in the Rainbow Room, atop the RCA Building overlooking midtown Manhattan. The proceeds of the $125-per-person soiree went to the New York Association for Brain Injured Children.

Non-Farm Job Openings Gain

"Non - farm job openings received by Texas Employment Commission in February were slightly higher than for February 1967 but placements made remained about the same," R. L. Coffman, TEC administrator said in reviewing the Commission's placement activities for February 1968.

Farm placements showed a sharp decline from 13,997 in February 1967 to 8,922 this year. More than 7,000 farm openings were lost in the Rio Grande Valley due to the aftermath of Hurricane Beulah, but gains in other sections of the state reduced the deficit to a net loss of 5,000 for the month.

NO MORE SQUEAKERS

Stanky Will Start Best Hitters, Hurler

By JACK HAND
Associated Press Sports Writer

SARASOTA, Fla. (AP) — If Eddie Stanky's plans work out, they won't be calling his Chicago White Sox the hitless wonders this season.

"I'm going to play my best eight hitters, regardless of defense," said Stanky. "I'm tired of all those squeakers. I'm for bats."

Stanky's party platform may be tough to carry out. The White Sox have added the .300-plus bat of Tommy Davis and hope to get extra mileage out of veterans like Ken Boyer and Rocky Colavito. But the big plus still is the pitching staff.

Eddie expects improvement on last season's .225 team batting average, ninth in the league. Chicago was first in pitching, second in double plays but ninth in home runs with only 89.

If the Sox are to win the pennant it will be up to the formidable pitching of Gary Peters, Joe Horlen and Tommy John, plus a magnificant bullpen.

Horlen is coming off a 19-7 year, and a 2.06 earned run average that led the league. Peters was 16-11 but John slipped to 10-13. Jack Fisher, a veteran with a 9-18 record with the New York Mets, figures to be the fourth starter, taking over the spot vacated when Bruce Howard was traded to Baltimore.

In addition to scheduling nine regular season games in Milwaukee for this summer, the White Sox front office was busy swapping players during the off season.

Don Buford, Roger Nelson and Howard went to Baltimore, Tommie Agee, J.C. Martin and Al Weis to the Mets and Ron Hansen, Dennis Higgins and Steve Jones to Washington.

Luis Aparaicio is back for another turn at Comiskey Park after five years in Baltimore and he brings with him Russ Snyder. Tommy Davis and a couple of kids, catcher Dick Booer and pitcher Billy Wynne are the new arrivals from the Mets. Second baseman Tim Cullen and pitchers Buster Narum and Bob Priddy have moved over from Washington.

Stanky's pitching staff also has Fred Klages (6-9 at Indianapolis) or Cisco Carlos (11-8 at Indianapolis), both of whom were impressive in trials at Chicago.

Hoyt Wilhelm still is the master of the bullpen at 44 and is coming off his best year, 8-3 with a 1.31 earned run average. Bob Locker, 7-5, Don McMahon, 6-2 with Boston and Chicago and Wilbur Wood, 4-2, a left-handed knuckler to go with Wilhelm's right-handed dipsy doodles, form the best relief corps in the league. Priddy, 3-7 at Washington, might crack the list.

Outside of Aparicio at shortstop, Stanky's infield is unsettled.

"We have Tommy McCraw at first base," said Stanky. "But I'm also working Boyer, Pete Ward and Davis there. I know Cullen can play second but I am looking at a kid, Dick Littleton (.262 at Evansville). At third we have Boyer and Ward. We also will see Ward in the outfield.

Davis undoubtedly will hold down one regular outfield job and Ken Berry and Rnss Snyder will fight it out for center. In additon to Colayito, Stanky will try Ward in the outfield and Charley Bradford who hit .271 at Indianapolis.

Duane Josephson, handicapped by injuries during a .238 rookie season, probably will wind up as No. 1 catcher.

Stanky is going for the man but he knows he will sink or swim with his pitching. It is good enough to make the White Sox a strong pennant factor in a well-balanced league.

SPORTS

Ryun, Beamon Set Track Records

By JERRY LISKA
Associated Press Sports Writer

DETROIT (AP) — The indoor track season ends Saturday—too soon for Bob Beamon, world's best long jumper on the boards, and not soon enough for Jim Ryun, the best miler and half-miler on any kind of track.

"Just 11 more laps today and this indoor season ends for me, and I can't wait until it's over," said a slightly lame Ryun, Kansas' super runner who defends his mile title today in the closing session of the NCAA indoor meet at Cobo Arena.

Friday night, Ryun uncorked a typical explosive finish in his best two-mile ever to dethrone two-time champion Gerry Lindgren. But Beamon, the Texas-El Paso sophomore, did even better with a sensational 27-2¾ long jump and became the first double winner in NCAA indoor history by adding the triple jump title.

Beamon, whose double came on a tiring back-to-back effort, and Villanova's quarter-miler Larry James, also a sophomore, accounted for two all-time best indoor performances in the seven-event program.

James, whizzing to a victory in the 440 in 47 seconds, and Dave Patrick, retaining his 880 crown, paced Villanova's bid to dethrone Southern California as team champion.

Villanova carried a 16-point total into today's closing 10-event program, closely followed by Texas El-Paso with 15.

Washington State was third with 10 and talent-loaded Southern California lagged fourth with 7.

USC sends defending champions Earl McCullouch and Bob Seagren after the 60-yard high hurdles and pole vault titles, backed by another 17-foot vaulter in Paul Wilson and famed footballer O.J. Simpson in the 60-yard dash.

Beamon, who broke his own indoor long jump mark of 27-1, was surprised by his stunning 27-2¾ leap, which was followed by an electrifying 27-7¼ jump on which he barely fouled on the takeoff board.

Ryun talked like a mighty tired young man after running Lindgren and Australia's Kerry Pearce into the boards with a modest 8:38.9 clocking.

"I'm having trouble with bad tendons and arches, which hurt my feet, and I took a cortisone shot in my left ankle two weeks ago," said Ryun.

Frogs Now Face Big E

By JIM VAN VALKENBURG
Associated Press Sports Writer

WICHITA, Kan. (AP) — Unbeaten Houston and remarkable Elvin Hayes are just one game from a likely rematch with UCLA after humiliating Louisville 91-75, but first they must beat surprising Texas Christian tonight in a second straight all-Texas final of the NCAA Midwest regional.

TCU's Southwest Conference champs, without a starter over 6-6 used a full-court press to knock off tall Kansas State 77-72 Friday night.

Houston, the nation's No. 1 basketball team, should have little trouble making it 32 in a row, 31 this year, against TCU, 15-10.

Louisville, 20-7, and Kansas State, 19-8, the Missouri Valley and Big Eight champions, are in the embarrassing position of playing for third place for the second straight year.

The 6-foot-9 Hayes outscored Westley Unseld 35-23 and outrebounded him 24-22 in the heralded duel of All-Americans, but it wasn't that close. Houston's long-armed Don Chaney stole the ball several times and did a great job defensively.

Johnny Swaim, TCU's rookie coach, was happy after his battling Horned Frogs wiped out a 13-point K-State lead and forced 18 turnovers.

"The best thing about this team is that they're so tough—they've never given up all year," Swaim said. "To beat Houston we'll need five Lew Alcindors. Seriously, we must handle their 1-3-1 zone and no one has done that all year. Chaney psychs you outside and there's always Hayes inside."

Houston Coach Guy Lewis said his club played as well defensively as it did in edging UCLA 71-69 on Jan. 20.

Louisville jumped ahead 12-8, then amazingly was outscored 25-3 in a span of nine minutes as Houston applied the defensive pressure. At halftime Hayes had outscored Unself 20-7.

"Hayes is surperb and Chaney tore us apart," said John Dromo, the Louisville coach. "They just wear you down. We tried five defenses."

Klondike, Honey Bees In Finals

AUSTIN (AP) — West Orange and Stephenville, making their first appearances in the girls state high school basketball tournament, will meet for the Class AAA championship tonight.

West Orange's advance to the finals was a surprise as it upset tournament veteran Raymondville 38-34 in an overtime period Friday night. Stephenville defeated Carthage 38-29 in the ot semifinal game.

West Orange only broke even in 32 games going into the championship playoffs. Raymondville had won 30 of 34 games.

Key Hicks' two free throws for West Orange with 45 seconds to play tied the score at 34-34. She and Carolyn Simms accounted for the only baskets in the extra period.

Stephenville, now 23-8, was barely in front 26-25 after three periods and then outscored Carthage 12-4 in the fourth quarter.

Springlake-Earth in Class A and High Island in Class B continued successful defenses of their titles Friday.

Earth, northwest of Lubbock, took a 31-2 record against George West, a stingy defensive team from South Texas which has lost only once this season, into the championship game at 3:50 p.m.

High Island, 34-2 and with a 14-game winning streak, faced Lamesa Klondike, with a similar won-lost record, at 2:30 p.m. It was Klondike's initial tournament appearance.

In the Class AA finals at 7:30 p.m., the tournament's only unbeaten team, Bogota Rivercrest, will meet Gregory-Portland, 33-5.

Rivercrest won its 34th game with a 31-28 victory over Spearman Friday while Gregory-Portland, behind Mina Adkins' 27 points, walloped Hamshire Fannett 65-29.

Two all-tournament players from a year ago faced each other when George West and Earth played. One of them, Mary Rosebrock, a 5-foot-11 senior scored 43 points in George West's 55-43 beating of Glen Rose. The other, Susan Britton, got 28 points as Earth beat Grapeland 65-53 in Friday's other Class A seminfinal game.

In the Class B semidinals, High Island ended Round Top-Carmine's 16-game winning string 45-41 and Klondike, from south of Lubbock, hit 58 per cent of its shot in whipping Weatherford Brock 73-36.

Round Top-Carmine took the third place game Friday night from Weatherford 39-37 as Marie Wolle sank two free throws with five seconds to play.

Mustangs Corral Swimming Honors

FAYETTEVILLE, Ark. (AP) — Dana Curtis, Texas junior, was all that prevented Southern Methodist from making a sweep of first places going into today's last seven events of the Southwest Conference swimming and diving championships.

The Mustangs virtually had their 12th consecutive team title clinched with 449 points after 11 of 18 events. Texas was second with 246 points.

Curtis has been the only swimmer to take a first place away from SMU. He won the 200-yard freestyle Friday after setting a record in winning the 500-yard freestyle Thursday. He is the defending champion in today's 1,650-yard freestyle, a race he has swum in under 17 minutes.

Only two records were broken Friday, both by Southern Methodist.

Charles Minder clipped nearly three seconds off the 200-yard butterfly record as SMU took the first four places and the sixth spot.

Minder's time of 1:53.9 surpassed the 1:56.3 by teammate Vernon Slovin in 1966. Slovin, who won the event the last two years, was second Friday.

Karl McCrary of Southern Methodist accounted for another record and also became a double winner. After capturing the 200-yard individual medley opening day, he came back with a record 4:22 in the 400 IM, a time that was 1.8 seconds under the 1966 mark of SMU's Howard Moore.

Other SMU firsts Friday were by Lynn Klotz, 100-yard breaststroke; Charles Neumann and Richard Marshall, tie in the 100 backstroke; and the 400-yard freestyle relay.

Texas Tech has 166 team points, followed by Arkansas 41 and Texas Christian 18.

UPSTARTS SHINE

Frogs Upend State, Broncos Kick Lobos

By TED MEIER
Associated Press Sports Writer

A couple of upstarts, Texas Christian and Santa Clara, startled college basketball circles Friday night.

The Horned Frogs of TCU upset Kansas State 77-72 and the Broncos bowled over the New Mexico Lobos, 86-73 in second-round play in the NCAA tournament.

Their surprising triumphs overshadowed Houston's 91-75 rout of Louisville, UCLA's 58-49 conquest of New Mexico State and North Carolina's 91-72 defeat of previously unbeaten St. Bonaventure.

Davidson edged Columbia 61-59 in overtime, Ohio State beat East Tennessee 79-72 and Kentucky routed Marquette 107-89 as the NCAA field was cut to eight survivors.

The results set up these pairings for tonight's quarter-finals at four regional sites:

At Raleigh, N.C.—Davidson, 24-4, vs. North Carolina, 26-3.

At Lexington, Ky.—Ohio State, 19-7, vs. Kentucky, 22-4.

At Wichita, Kan.—Houston, 30-0, vs. Texas Christian, 15-10.

At Albuquerque, N.M.—UCLA, 26-1, vs. Santa Clara, 22-3.

In other tourney play Friday, Kansas downed Temple 82-76 and Villanova whacked Wyoming 77-66 in first-round games of the National Invitation Tournament in New York.

Kentucky Wesleyan defeated Indiana State 63-52 in the championship final of the NCAA College Division tourney at Evansville, Ind. Central State of Ohio whipped Westminster, Pa. 72-51 and Fairmont, W. Va., edged Oshkosh, Wis. State 76-74 in the semifinals of the NAIA at Kansas City.

"We'll need five Lew Alcindors to beat Houston," said Johnny Swaim, Texas Christian coach, after TCU's upset over Kansas State. The Horned Frogs wiped out a 13-point deficit and went ahead for good on Mickey McCarty's layup with 90 seconds left.

Swaim referred to UCLA's towering 7-foot-1 Alcindor who paced the Bruins over New Mexico State with 28 points. He obviously was thinking of a way to stop Elvin Hayes, the Big E of Houston's unbeaten and top-ranked Cougars.

The 6-9 Hayes, voted Player of The Year in The Associated Press poll, turned in one of his greatest games as the Cougars thumped Louisville for their 31st in a row, 30-0 this season.

Hayes pumped in 35 points and had the better of his duel with fellow All-American Westley Unseld of Louisville. The Big E got his points on 16 field goals and three fouls. Unseld finished with 23 points. Hayes grabbed 24 rebounds to Unseld's 22.

A fantastic 25-3 spurt in the first half that turned a 12-8 deficit into a 33-15 Houston advantage put an end to Louisville's 12-game winning streak. Don Chaney's many steals "tore us apart," as Louisville coach John Dromo put it.

Santa Clara, with a more respectable record than TCU but unranked nationally like the Horned Frogs, opened a 20-point lead over New Mexico. The Lobos, though playing on their home court, never caught up. Bud Ogden, with 22 points, led Santa Clara, which hit on 11 of its first 14 shots.

Larry Miller's 27 points paced North Carolina over St. Bonaventure. The Bonnies had won 25 in a row, 23 this season. Davidson beat Columbia on Wayne Huckel's two foul shots that put the Wildcats ahead for good with two minutes left in overtime.

Columbia had a chance to win in the last two seconds of regulation time with the score tied 55-55, but Bruce Metz missed a free throw.

Dan Issel's 36 points sparked Kentucky over Marquette. Steve Howell got 22 and led Ohio State over East Tennessee.

In 1896 Stanford played two scoreless ties in football. Both were against the Olympic Club.

"YOUR HOMETOWN NEWSPAPER"

76ers Rip Baltimore

By KEN RAPPOPORT

PHILADELPHIA (AP) — Earl the Pearl was dull, but the Philadelphia 76ers' flamboyant backcourt ace, played it close to the vest with sensational Baltimore rookie Earl Monroe and blunted his scoring threat as Philadelphia defeated the Bullets 122-115 in a National Basketball Association game Saturday night.

"Jones was terrific," 76er Coach Alex Hannum said. 'He was obviously responsible for Monroe's subpar game."

Monroe, No. 3 scorer in the NBA and a prime candidate for rookie of the year honors, hit on only three shots from the field, scoring seven points.

The victory continued the 76ers' mastery over Baltimore. It was Philadelphia's seventh straight win over the Bullets and virtually crushed their hopes of making the playoffs.

Hal Greer poured in 29 points to spearhead the Philadelphia offense.

In other NBA action, Los Angeles whipped New York 123-112, Detroit nipped San Francisco 122-118 and Seattle trounced Chicago 113-101.

In the American Basketball Association, New Orleans beat Houston 108-99, Minnesota defeated Denver 106-95, Kentucky tripped Indiana 108-96 and Anaheim edged Oakland 116-113.

Elgin Baylor scored 37 points and grabbed 13 rebounds to lead the Los Angeles Lakers past New York. Baylor, who stands a mere 6foot-5, needs seven more rebounds to become the sixth player in NBA history to reach the 10,000 mark.

Jimmy Walker's jump shot in the final half-minute choked off a San Francisco rally and insured Detroit's triumph, keeping the Pistons in fourth place in the Eastern Division. It was Detroit's seventh straight win, equaling the club record.

George Wilson came off the bench to score 11 points in the fourth period, giving Seattle its victory over Chicago.

Vince Lombardi, coach of the championship Green Bay Packers of the National Football League, weighed only 185 pounds when he played guard for Fordham Universtiy.

AT INVITATIONAL TOURNEY

Tiger Net Stars Build Early Lead

Snyder's tennis team was leading in the running for the team trophy Saturday morning as finals in all events of the annual Tournament here approached.

The Bengals had compiled six points, compared with five for Sweetwater, their nearest competitor. Brownfield and Seminole still were in the running with three points apiece.

John Phillips of the Snyder team had already qualified for the finals in the boys singles in Division A. He bested Stan Hemline of Denver City 6-0, 6-1 in his opening match, then beat Frank Melton of Dunbar, 6-2, 6-2.

John was to meet Delbert Dowdy of Sweetwater in the finals. Dowdy was a 4-6, 6-1, 6-3 winner over Snyder's Tommy Faver.

Faver surprised many observers by eliminating Nick Puga of Seminole 6-2, 6-3 in his first match and beating Bob Teel of Crane 8-6, 6-3 in his second one.

The doubles team of Ronnie Maddux and Terry Book defeated Pugh and Levens of Sweetwater 6-2, 7-5, then bested Toone and Lewis of Pecos 6-1, 6-2 to qualify for the semifinals. They were to meet Kirk and Bailiff of Seminole in the next round.

Deanna Boles of Snyder defeated Sweetwater's Linda Kinsey 6-3, 6-2 in her first match, then was to meet the No. 1 seed in the A division, girls singles—Kippy Payne of Post in the semifinals.

Tom Boren already had reached the finals of the B division, boys singles, by Saturday morning and was conceded a good chance to win it.

Max Falls and Bruce Almond also made it to the finals in the B division, boys doubles.

In other A division matches, Linda Miller and Patsy Miller lost their girls doubles match to Brotherton and Bradley of Lockney 6-4, 7-9 and 9-7.

Cheryl Stevenson and D'Anna Alexander reached the semifinals in the girls doubles of the B Division, but Jo Ann Brazier lost her first round singles match in the B Division.

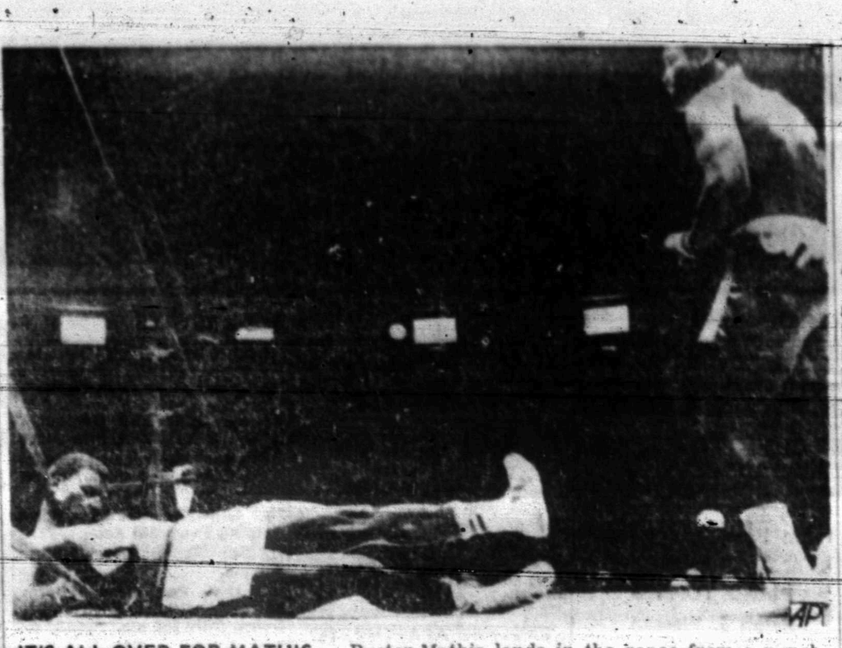

Caryolyn Tyree dropped her first match in girls singles in the A Division.

The tournament was to conclude Saturday afternoon.

Coach of the Tigers is Ken McAllister.

GOOD START — John Phillips (kneeling) and Ronnie Maddux (standing, left) and Terry Book were off to a good start at the annual Snyder Invitational Tennis Tournament, which was to conclude in Towle Park Saturday. John already had reached the finals in boys singles of the A Division by Saturday morning and Ronnie and Terry had qualified for the semifinals in doubles of the A Division.

IT'S ALL OVER FOR MATHIS — Buster Mathis lands in the ropes from a punch by Joe Frazier of Phfladelphia, right, in 11th round of their heavyweight bout in New York City. Referee stopped the bout at this point and awarded victory to make him recognized champion in four states. It was his 20th win without loss. (AP Wirephoto)

Bengals Erupt For 14 Runs At Lubbock

LUBBOCK — Snyder's fighting Tigers erupted for 14 runs to blank Estacado here in a one-sided baseball match Friday afternoon. It was the Bengals' third victory against five losses.

Estacado never was in the game as big Jim Patrick, Tiger sophomore, twirled four - hit ball and aided his own cause with three hits, including a triple in the fifth.

Snyder smashed two Estacado hurlers — Cowart and Utley — for 11 hits. David McGinnis, who went two - for - two clouted a home run and a double. Richie Thompson and Ronnie Lewis also collected two hits — Richie in five trips, and Ronnie in three. One of Thompson's safeties was a double which opened the ball game.

The Tigers scored two runs in the 1st, one in the 3rd, one in the 4th, five in the 5th, and five in the 7th. Four of the runs were unearned, but Patrick batted in five including three with his triple in the fifth.

McGinnis' circuit clout in the seventh brought in two runs, and his double in the fifth accounted for another one. Randy Levens also singled in a run in the fifth. Steve Moffett also hit a single.

Cowart was charged with the loss, and nine of the runs and eight of the hits were his responsibility.

Wallace, Estacado's second baseman, collected two of the hosts' four hits, including a triple in the fourth. Utley and centerfielder Knapp each were credited with singles.

Utley made it to third after his hit in the second frame, but Max Moreland threw him out when he attempted to steal third. After Wallace's three - bagger in the fourth, Patrick caused Stevenson to ground out to first. And in the 7th, a strike out and an infield out got Patrick out of a jam after Wallace singled to left and stole second.

Patrick fanned seven men. His pitching prowess and the Tiger's offensive outburst provided the difference in the contest. Snyder played faultless ball afield, and Estacado committed only two errors.

Tiger Girls In Semifinals At Big Spring

BIG SPRING — Snyder High School's girls volleyball team reached the semifinals of the Caprock Tournament here with two victories Friday in Howard County Junior College gym.

The Tiger girls bested host Big Spring 15-9 and 15-1 in the opening round as Helen Rios put over 12 points. They tripped Midland High School Friday night, 15-5 and 15-7, with Vera Newsome and Beverly Neeper leading the way. They tallied 10 and 9 points respectively.

Coach Kay Echols' Snyder girls were to tangle with Phillips at 4 p.m. Saturday in the semifinals. A victory would have put them in the finals tilt at 8:30 p.m. Saturday. A loss would put them in the battle for third place at 7:30 p.m.

Texas Relays Draw Stars

AUSTIN (AP) — Two of America's greatest track stars—miler Jim Ryun and shot-putter Randy Matson—will compete in the 41st Texas Relays April 5-6, relays director Jack Patterson announced Saturday.

Matson, who holds the world shot put record at 71 feet 5½ inches, had an impressive "double" at the relays last year. He put the shot 68 feet 8 inches and threw the discus 201 feet 1 inch, both relay records.

Matson has completed his eligibility at Texas A&M and will compete unattached. He is shooting for a gold medal at the Olympics in Mexico City this summer.

Ryun, who holds the world mile record at 3 minutes 51.1 seconds, will compete with his Kansas university team. It has not been learned which events Ryun will run at the relays this year, Patterson said.

Ryun ran in the Kerry Thompson open mile two years ago. Last year he passed up the mile to concentrate on baton work with his teammates, running anchor on the four-mile team the day after helping Kansas post the new sprint medley record of 3:15.2.

Scott, BoSox Smash Houston Astros 3-1

By HAL BOCK
Associated Press Sports Writer

You'd think pitchers would let a man George Scott's size have his way. But they keep challenging the big guy and so he keeps hitting baseballs out of sight.

Scott, Boston's huge first baseman, hammered his third home run of the spring Friday, lifting the Red Sox to a 3-1 exhibition victory over the Houston Astros.

It was Scott's ninth hit in 17 at bats and it traveled pretty far for a man who has dedicated himself to stroking the ball up the middle.

In other action Friday, Oakland whacked Washington 8-4, Detroit shaded Philadelphia 2-1, Pittsburgh tagged the New York Mets 8-1, and Cincinnati topped Atlanta 7-5.

Also, St. Louis nipped Minnesota 5-4, California defeated San Francisco 3-1, Cleveland dropped the Chicago Cubs 4-3, the New York Yankees beat the Chicago White Sox 4-2 and Baltimore topped Los Angeles 4-2.

"All I want to do is hit the ball through the middle," said Scott, "especially with two strikes on me."

So naturally, when Houston's Pat House put Scott in a two-strike hole with two men on in the ninth inning, the rookie pitcher grooved one.

"I still haven't changed my mind," Scott said. "This was an exception. He came in with a juicy fastball, and it was in on me."

Soon it was out of the park and a 1-0 Houston edge became a 3-1 Boston victory. The homer was Scott's sixth extra base hit and gave him nine runs batted in in six spring games.

Tenth-inning home runs by Jim Pagliaroni and Sal Bando helped Oakland overcome Washington. Reggie Jackson and Dick Green also homered for the Athletics.

Bill Freehan's fourth-inning homer snapped a scoreless streak of 30 2-3 innings pieced together by Philadelphia's pitching staff, and the Tigers went on to beat the Phillies when Dick McAuliffe scored all the way from first base on Lennie Green's two-out seventh-inning single.

Willie Stargell and Bob Robertson snapped spring slumps with home runs as the Pirates ran over the Mets. Stargell was 0-for-12 before connecting in the sixth inning and Robertson was hitless in five swings before homering in the ninth. Both shots came with one man on base.

Under the new punting rule the interior linemen — tackles, guards and center — cannot go downfield until the ball is kicked.

Two errors by Felix Millan and another by Bob Tillman helped Cincinnati to four runs in the third inning as the Reds rolled over Atlanta. Tommy Helms and Fred Whitfield drove in two runs apiece for the Reds.

Three straight two-out singles in the eighth inning by Curt Flood, Bobby Tolan and Ed Spiezio snapped a 4-4 tie and gave St. Louis its victory over Minnesota. Flood also cracked a two-run homer.

Juan Marichal worked five innings and was tagged for two runs and the loss as California defeated San Francisco. Don Mincher drove in one run and scored another for the Angels.

Vic Davalillo doubled, moved to third on a sacrifice and scored on an infield bouncer as Cleveland pushed across a 10th-inning run to beat the Cubs.

Boog Powell drove in a pair of runs with two doubles and Dave Johnson knocked in two with a pair of singles as Baltimore beat Los Angeles. Curt Blefary also had two hits for the Orioles.

The New York Yankees stole five bases—three of them by Horace Clarke—overcoming 12 Chicago hits and five errors to beat the White Sox.

MEDITERRANEAN PLAYGROUND

Seashore Boom Spreading

By GERALD MILLER
Associated Press Writer

ROME (AP) — It has always been popular, of course. The Phoenicians were the first to yacht there. Ancient Athenians loved to stroll its shores. Cretans constructed resort palaces near the water.

The chariot set of old Rome — Caligula, Nero, Tiberius and others in the fast old Roman crowd—fancied nothing better than summering at seaside villas.

The Romans adored the Mediterranean and fondly called it "Mare Nostrum"—our sea.

Today's prosperity and the jet plane have the then Mediterranean "Mare Cretacea"—everybody's sea, producing a spectacular international real estate boom that is fast changing the old look of the Mediterranean's islands and shores almost beyond recognitin.

From Major off Spain to Mykonos in Greece, from Italy's Elba to Tunisia's Djerba, the Mediterranean has become a swinging playground and money-making venture.

Throughout the area the new affluence brought by the boom is working vast sociological changes. Sardinian shepherds who were on the edge of starvation of a few years ago have become wealthy, Spanish fishermen and Turkish peasants have become prosperous landlords or hotelkeepers.

Americans, English, Germans, Scandinavians and Frenchmen are rushing to get in on what looks like a sure proposition.

Not everybody is happy about the new look. Every year the coasts and islands are becoming more crowded. It is nearly impossible to walk through the streets of Capri during the summer because of the mass of people.

At Positano, Italy, a simple fishing village 10 years ago, the lovely little beaches are hidden from sight in the summertime by a blanket of sunbathing bodies. The locals don't fish anymore. They are too busy making money.

Spain today glistens with affluence. Much of it began right at the Mediterranean shore.

From the Spanish border all the way down to Gibraltar the coastline has become a belt of wealth. The early comers who bought and built villas 10 years ago could do it for as little as a thousand dollars. The same would cost $20,000 now — if the land could be found.

It is much the same along the French and Italian Rivieras. Fifteen years ago the Cote D'Azure was still relatively uncrowded. The Italian coast, from Ventimiglia down to Amalfi, was largely innocent of modern development.

Today the demand for land for private homes and for resorts is so great that the French government is undertaking a huge program to make the windy mosquito - infested literal west of the Rhone River amenable to vacationers.

Tourist development has pushed down toward the toe of the Italian boot into traditionally poor Calabria. Businessmen looking ahead, have snapped up even remoter stretches of coastline around the southern coast, already driving prices past the reach of the average buyer.

The range in prices for pieces of coastline or island varies enormously. A square meter of land in an untouched section of Sardinia went for one and a half U.S. cents in 1958. It is .80 now.

A good piece of land near the shoreline in Yugoslavia could be had 10 years ago for 12 U.S. cents a square meter. Current price: $20.

Much of the Mediterranean real estate boom is generated by small buyers who want nothing more than a permanent pied-a-terre they can relax as they like in the simple privacy of their own sun-washed hideaway.

Much is the result of energetic search by high-powered people wanting elegant but uncrowded retreats to escape the classic Mediterranean resorts that have become noisy and overcrowded.

These new resorts were developed by leaders in the world's jet set. In just a few years they have caught the imagination of the swinging rich, bringing in the beautiful people as guests and a fortune for the founders.

If the boom gets to be too much there is still lots of untouched land on the African coasts. The Tunisian island of Djerba, famous for its good skindiving, already has caught on.

The boom has started spreading from Djerba to other coastal areas, particularly around Gabes, Hammamet, Sousse and Monastir. The price of land in those parts is still rarely above a dollar per square meter. Coastal areas in Algeria and Morocco are practically empty.

Tangier, at the entrance to the Mediterranean opposite Gibraltar, is enjoying a comeback after the sudden decline that occurred when the government ended the city's favored financial status. The villas have recently started to acquire a certain snob value among the jet set, possibly because compared to the rest of the Mediterranean area Tangier is out enough to be in again.

Barbara Hutton owns an ancient Arab palace in the heart of Tangier's native quarter. City authorities regard her presence warmly.

Their reason is plain. If Hutton comes can the boom be far behind?

State To Ask For More Taxes

WAXAHACHIE (AP) — Gov. John Connally says an increase in taxes will be among the items laid before legislators when he calls them into special session this year.

"We will need $125 million to $135 million in new taxes," he told the North and East Texas Press Association at its convention here Friday.

About 100 publishers heard Rep. Olin Teague, D-Tex., discuss the space program in another address.

The annual meeting will end today with election of officers a an awards dinner.

Connally called industry "the life blood of the state," and said "we have not dispersed industry in this state as much as I would like."

He noted tourism as a rising source of revenue.

Connally tol dthe newspaper men, "These are tough times. You have influence. You can create an atmosphere of tolerance and understanding of many of the problems we face in the state and at the national level.

"People respond to your leadership, and the press needs to keep things in prospective.

In a question and answer period, the governor predicted Sen. Robert F. Kennedy would oppose President Johnson for the Democratic nomination.

Connally said the New Hampshire primary indicates that 1968 will be a difficult year for the Democratic Party.

He said Sen. Eugene McCarthy's 42 per cent vote total against President Johnson is "a manifestation of the frustrations, uncertainties and doubts of the people rather than just a pro-McCarthy vote."

The decline of the bald eagle in this country is attributed by the Audubon Society to a loss of nesting territory, disturbance during nesting, sterility resulting from toxic pesticides in the birds' food and to shooting by hunters.

"THE BALLAD OF JOSIE" — Doris Day essays her first western role since 1953 when she appeared in "Calamity Jane," in Universal's comedy photographed in Technicolor, "The Ballad of Josie," coming to the Ritz Theatre Sunday, March 24.

A SCENE from "Bonnie & Clyde" Warner Bros. Seven Arts production which is starting a return engagement at the Tiger Drive In Theatre here, Sunday, March 24th.

TOP SCORE — Police Patrolman Kirt Reed (left) receives congratulations and a certificate of completion from Chief of Police Stephen Clark after the officer scored 94 on a test in criminal law. The test concluded a school for area officers conducted by Clark.

Advice Is Given On Weed Control

In a meeting Thursday in Snyder, Dr. Robert Metzer gave an excellent discussion on the use of chemicals in weed control to a group of interested producers. "Chemicals have a place in todays farming operation, and our job is to fit this practice in as another economical farm management practice," stated Metzer.

Herbicides for cotton are grouped into three categories according to use. These are pre-plant, pre-emerge, and post-emerge.

For pre-plant herbicides Dacthal, Treflan, and Planavin are recommended. Rates of each should be varied according to the texture of soil. Lower rates are recommended on sands and sandy loams than on the heavier fine textured soil. Incorporation is very important if desireable results are obtained.

Pre - emerge herbicides are Caparol 80W, Cotoran, Dacthal, Herban, Karmex DL and Karmex Diuron, Treflan and Planavin. These herbicides are applied just prior to planting. Several of these should not be used on sandy soil. Caparol 80W and Cotoran definitely should not be used on sand and sandy loam, and care should be exercised in applying any herbicides. The label should be followed closely if there is any doubt.

Post - emerge herbicides should be a directed spray at the weeds and the lower 2" of the cotton plant. Capraol 80W, DSMA and MSMA, Herbicidal oil, and Karmex DL and Karmex Diuron are used as post - emerge herbicides. The amount of success in the use of herbicides depend on timing. Weeds are more easily controlled when they are small.

Dr. Metzer told the group to also take a look at changes in planting equipment that has been developed in recent years. Top-of-bed planting has given several advantages. Some of these are (1) faster emergence of seedling, (2) higher fruiting, (3) warmer soil temperature, (4) less problems with chemical weed control chemicals.

Producers who were unable to attend this meeting can get much of this information at the local County Agricultural Agent's Office.

COMPLETES TRAINING — Airmar Billie L. Smith, daughter of Mrs. Velma M. Smith of 2313 Forty-first Street, has completed basic training at Lackland AFB. She has been assigned to the Air Force Technical Training Center at Sheppard AFB for specialized schooling as a medical service specialist. Airman Smith is a 1967 graduate of Hamlin High School.

Theft Is Reported

Thieves stole a red lawn mower and a tan hedger from the garage behind the house at 3106 Avenue B, according to City Police, who said the theft was reported to them at 4:05 p. m. Friday.

Owner of the property is Hubert Gregory, 3104 Avenue B.

Jaycees In Busy Session Here Friday

Snyder Jaycees were hosts to several guests of note, made some awards and heard reports on activities at their luncheon meeting Friday at The Steak House.

Truett Bryan and Mike Erwin of South Africa attended the luncheon as guests of John Jarrell. Erwin is in this country studying feed lot operations.

Bill Mac Hyde of Abilene, Area II vice president, introduced Ken Foreman, also of Abilene who asked support of the local club in his race for International Vice President.

Jaycee Keith Spradlin, an employe of Union Oil Co., presented the program speaking on mineral depletion allowances.

Scott Six reported that 931 X-rays were made by the West Texas Tuberculosis Association's mobile unit, which worked here Wednesday and Thursday under Jaycee sponsorship. Jim McFarland received the Spoke award and Richard Stoker the Sparkplug award. Max von Roeder was named Jaycee of the month for February.

Herbert Reed announced the Area II convention set for March 29-30-31 at Fort Stockton and urged local Jaycees to attend. President Dave Harlin, who presided, reminded of the local Jaycee election set for April 12 and announced that active campaigns would begin April 5.

Les Frances gave the invocation. Bob Clifton led the pledge to the flag and Thomas Boyd led the Jaycee creed.

DETROIT IN ARMS RACE

Cavanagh Appeal For Sanity

By JAMES R. NORMAN and LARRY J. PALADINO
Associated Press Writers

DEROIT (AP) — Mayor Jerome P. Cavanagh says whites and Negroes in Detroit and its suburbs are in an arms race that must be stopped. He pleads for a "return to sanity."

What does the arms race involve?

—A 46 per cent increase in the rate of pistol registrations in the city since last July's riot..

—Booming sales of shotguns and rifles, which are exempt from gun registration laws.

—Stepped up gunrunning to Detroit from Toledo, Ohio, where pistols can be bought without registration.

—Clinics teaching hundreds of citizens how to load, aim and fire handguns.

—Unsigned posters, publicly displayed, which say: "Warning Black Power, this area protected by white citizens militia."

Individual citizens have been flocking to gun stores.

Norman Weast, owner of Neumann's Gun Shop, says: "We're getting business from people who want to protect their families and their homes. I'd say sales are up about 30 per cent over last February."

The shop is located just south of what was the main area of trouble in last July's violence. Weast said many of his customers had their property—clothing, television sets and so on—stolen during the riot.

Some gun buyers desiring training in the use of their new weapons found their way to gun clinics, two of which were in operation before the riot.

One was in Detroit, conducted for grocers, many of whom had been hit frequently by holdup men as crime mounted in the city. In the three months after the gun clinic started, grocery store holdups dropped sharply. Some still occurred, and grocers fought back. Six gunmen and one grocer were slain in half a dozen shoot-outs following the clinic.

Detroit police earlier had criticized the gun clinic, warning that "rule by gun" could not be allowed in Detroit and an armed citizenry could pose a danger to itself.

But police in Highland Park, a city of 39,000 persons surrounded by Detroit, started a gun clinic for Highland Park citizens. Highland Park Police Chief William E. Stephens backed the idea.

"A person who has a driver's license should first know how to drive," said Stephens. "A person who gets a gun permit should first know how to use a gun."

Another gun clinic was formed in Dearborn, which juts into Detroit's southwest side, following the Detroit riot.

The clinic has trained 280 persons so far—all of them white women—and has a waiting list of some 350 more. The trainees "definitely have a fear that a riot might come to their door," says Lisa Rozer, the president of the Dearborn Pistol Club. She helps the city's recreation department train the women.

Dearborn's trainees are all white. Stephens says about one-third of the trainees in Highland Park are Negroes, the rest white. The Detroit clinic aimed at grocers drew some whites, some Negroes.

In some homes in suburbs ringing Detroit, basement rifle ranges have been built for target practice. Some homes have stocked extra food in the event trouble isolates them for long.

The "Black Power warnings" have appeared in suburbs to the northeast of Detroit. Police say they don't know who is posting them. Officers rip down the signs wherever they find them.

In the wealthy Grosse Pointe section, 199 men and one woman recently volunteered for duty as auxiliary policemen in case trouble erupts.

The Rev. Albert Cleage, a militant black nationalist, through the city's major Negro weekly, the Michigan Chronicle, has urged Negroes to store one month's food against the possibility of trouble.

He says he is pessimistic about the coming summer. He says his main fear is that "hysterical whites will provoke some kind of violence."

The Inner City Voice, a militant Negro periodical which claims a circulation of 15,000 in Detroit and bills itslef as the "Voice of the Revolution," tells its readers that revolutionaries must be willing to die, if necessary, for their cause. The paper prints a recipe for a Molotov cocktail.

"What we have is a public hysteria," declares Capt. Raymond McConnel, the top detective in the Michigan State Police. "A lot of people are going out and buying guns and that's the worst thing they could do," he says.

"Mildly irresponsible rumors" are what Mayor Cavanagh blames for the public's preoccupation with guns.

These "groundless" reports have flourished in part, he says, because Detroit's two daily newspapers, the morning Free Press and the afternoon News, have not published in four months because of a Teamsters Union strike. The mayor gave a 15-minute talk on radio and television March 7 in an effort to calm citizens fears.

Capt. Glenn Dafoe of the Michigan State Police says there were 9,988 pistols registered in michigan in 1967, compared with the 1966 total of 6,029.

Dafoe estimates 1 million pistols are registered in Michigan —one for every nine persons. And he predicts th e196 8registrations will be even higher than he 1967 total.

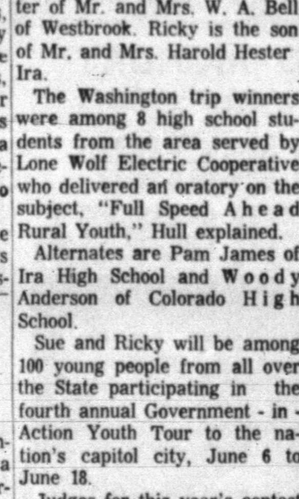

Man Found Not Guilty

A 26-year-old man from Umbarger was found innocent by a City Court jury Friday afternoon after it heard a trial on a charge of drunkenness. Five men and one woman were on the jury.

The accused earlier had pleaded guilty in City Court to a charge of drinking after hours, and he paid a $25 fine. Another charge, of using abusive language, still is pending.

The suspect also pleaded guilty earlier in County Court to two charges of aggravated assault on a police officer and to one charge of carrying a prohibited weapon.

However, attorneys for the man asked that a hearing be granted on a request for a stay of sentence. Judgment had been entered, but the sentence was not made final. The date for the hearing had not been set by Friday afternoon.

HESTER AND BELL

Winners In Contest Are Announced

Names of winners of an oratorical contest sponsored by Lone Wolf Electric Cooperative were announced by James Hull, manager of the cooperative.

Winners whose oratory qualified them for all expense paid trips to Washington, D. C., are Sue Bell of Westbrook High School and Ricky Hester of Ira High School. Sue is the daughter of Mr. and Mrs. W. A. Bell of Westbrook. Ricky is the son of Mr. and Mrs. Harold Hester Ira.

The Washington trip winners were among 8 high school students from the area served by Lone Wolf Electric Cooperative who delivered an oratory on the subject, "Full Speed Ahead Rural Youth," Hull explained.

Alternates are Pam James of Ira High School and Woody Anderson of Colorado High School.

Sue and Ricky will be among 100 young people from all over the State participating in the fourth annual Government - in - Action Youth Tour to the nation's capitol city, June 6 to June 18.

Judges for this year's contest were Jim Eiland and Chuck Elmore of Stanton and J. C. Galbreath of San Angelo.

Ornamental Plants Aided By Fertilizer

Ornamental plants will be more resistant to disease and make faster recovery from insect attacks when they are properly fertilized, advises County Agent Billy Roach.

For the beginning gardener, a standard mixture such as 5-10-5 or 5-10-10 is suggested. More complicated mixtures can be used after experience has been gained, says the county agent. He adds that it may be easier to measure rather than weigh fertilizer. A pint of 5-10-5 is equal to about one pound, but other fertilizers may differ from this measure.

Method of application may depend on the type of plant material to be fertilized. Broadcasting by hand is the easiest method and with experience, an even distribution can be obtained. Take care, advises the agent, not to get the fertilizer on the foliage of evergreen plants. Watering in is a good idea to prevent burning the foliage, he says.

The most laborious but possibly the best — method for fertilizing trees and deep-rooted shrubs is by means of holes punched or bored in the soil. Using a crowbar is not easy work, but adequate soil moisture now will make the job easier. A soil auger or soil probe can be used if available.

The amount of fertilizer needed varies considerably, depending on the age and size of the tree. A safe method is to use 2 to 4 pounds of 8-8-8 for each inch of tree trunk diameter at breast height. Also, use half this dosage if 10-10-10 or 16-20-0 grade of fertilizer is used.

For shrubs, the amount to use also depends on size. For small evergreens, 2 to 4 pounds of 5-10-5 per 100 square feet is suggested.

For larger shrubs, the application may range from 2 to 15 pounds per shrub, the larger amount being for a shrub 12 to 15 feet in height and equally as wide. Local nurserymen or the local county agent can supply additional information on fertilizing ornamentals.

Sealy Rest Guard
Any other time you'd expect to pay $10-$30 more for a Sealy mattress with these costly quality features! But now you pay a lot less for this comfort combination—because Sealy's once-a-year Anniversary Sale is on! Here's the look of luxury, the firm feel of famous Sealy inner construction . . . at a price that says your money *does* buy more in our sleep shop! Come in and try it.
FOR EVEN MORE LUXURY TRY THE NEW SEALY HEALTH GUARD

Sale-priced at only $59.95 each piece full or twin
Features Sealy's finest cushioned deep quilting plus an elegant cameo-satin flocked cover. A great luxury buy at this sale price. Try it today!
Sealy Posturepedic®
Never sale-priced, always your best value!

$89.95 each piece full or twin
Designed in cooperation with orthopedic surgeons for firm support. No morning backache from sleeping on a too-soft mattress. Choice of comfort.
