SNYDER'S GOLDEN ANNIVERSARY YEAR

THE SNYDER DAILY NEWS

VOL. 8, NO. 167 | SNYDER, TEXAS, MONDAY, NOVEMBER 11, 1957 | EIGHT PAGES—PRICE 5c

JUPITER READIED FOR TEST—Army Ballistics missile agency technicians ready the three-stage Jupiter missile for the final test of a model re-entry nose cone developed by Army missile experts to overcome the air friction problem. The successful test was fired from Cape Canaveral, Fla., August 8 and the nose cone that was recovered displayed by President Eisenhower during his television address to the nation. (AP Wirephoto)

Hopes Flicker Out For 44 On Plane

HONOLULU (AP)—Hope of rescuing any of the 44 persons missing since Friday night on a vanished Pan American stratocruiser in the Pacific virtually flickered out today.

Three flares sighted last night were probably "shooting stars or from other search aircraft," a Coast Guard spokesman said. "They were flight flares and that's always kind of doubtful" as a distress signal.

Investigation of the flares continued after daybreak as part of a gigantic search operation covering 172,440 square miles of the ocean.

But no trace of the missing plane, "Romance of the Skies," had been found at daylight today, more than 2½ days after last word from the huge Flying Clipper.

Additional search aircraft flew out from Oahu Island at daylight to join the Pacific's greatest air-sea rescue mission. Planes, helicopters, submarines, the aircraft carrier Philippine Sea and a small fleet of Coast Guard vessels searched the ocean's swells for traces of the plane after a series of possible clues faded out.

The destroyer escort Epperson had been ordered to investigate the flares sighted last night.

Long-range radar-equipped Navy Constellations reported seeing two flares at different points—one 540 miles west of the plane's position when it radioed routinely Friday night before disappearing. The second was slightly west of the first.

An Air Force plane sighted a third flare some 340 miles west of the Pan American airliners' last reported position. It was described as white.

Surface craft criss-crossed the search area, now broken into two rectangular areas under the new pattern. One is 460 miles long and 115 miles wide and the other is 695 miles long and 172 miles wide.

Both straddle the path the lost plane was navigating.

Earlier, hope had flickered and faded with a report of the sighting of a yellow dye marker, "a flare and something red" at a spot 425 miles west of the airliner's last position.

Hours elapsed before two ships reported that nothing could be found at that spot. A Coast Guard spokesman said re-evaluation of the sighting—reported by a lone airman—indicated it could have been a school of whales instead of a marker, or possibly other fish.

Another hopeful report—that of an oil slick—was being thoroughly checked by surface craft.

The airliner—Romance of the Skies—carried 36 passengers and a crew of eight from San Francisco toward Honolulu. At 5:04 a.m. Friday it routinely radioed its position 1,028 miles east of Honolulu. The pilot was supposed to make another routine report at 6 p. m.

He didn't. The plane abruptly, and silently, disappeared.

That set off the biggest peacetime search in the Pacific. And it prompted speculation—but described as "pure speculation"—that something sudden and terrifying had happened. Pan American officials refused to speculate. They said emphatically that nobody knew or could guess what had happened to the four-engine, luxuriously equipped plane.

A Pan American spokesman spokesman said the search now included 25 aircraft, 3 submarines, 8 Coast Guard vessels and the carrier Philippine Sea with 13 Gruman radar-tracking planes and sub-hunting helicopters.

One search plane picked up distress signals early yesterday. They were too weak to fix a location from.

VERTICAL TAKE-OFF AIRLINER SHOWN—The Fairey Rotodyne, vertical take-off airliner, is shown during its first flight near Maidenhead, England. The 17-ton aircraft will carry 48 passengers or 4½ tons of freight up to 400 miles at a cruising speed of 185 miles per hour. It is equipped with two propeller-turbine engines driving forward facing propellers and a 90-foot diameter four-blade rotor mounted above the fuselage. Each rotor blade has a jet unit on its tip. (AP Wirephoto)

Typhoon Hits Luzon Today

MANILA (AP) — Typhoon Kit lashed populous Luzon Island today. Political observers saw it as a possible boost for President Carlos P. Garcia's already strong chances in tomorrow's presidential election.

The big storm, carrying winds of up to 120 miles an hour, was expected to cut completely across Luzon, north of Manila, through sections considered strong for major opposition candidates Jose Yulo of the Liberal party and Manuel P. Manahan of the Progressive party.

Since typhoons usually bring heavy wind and flood damage, it was considered likely many voters in the rural areas would not be able to reach the polls. Garcia's administration and his Nacionalista party's machine also are in a better position than others to provide transportation to the voting booths.

Garcia's office said there was a possibility the storm might ground his plane tomorrow, preventing him from return to his home island of Bohol to vote.

Clark Field, the U.S. air base, was in the path of the storm and transport planes were flown to Formosa and Okinawa. Jet fighters were lashed down or put into hangars.

Snyder Has First Snow Of Season

Wet weather returned to the Snyder area over the weekend, with drizzling rain and the season's first snow prevailing Sunday.

Large, fluffy snowflakes floated down in Snyder for a brief period Sunday afternoon, but the snow melted as soon as it hit the ground. Temperatures here Sunday were in the high 30s and low 40s most of the day.

The low mark of 37 degrees was recorded last night, while Sunday's high was 43 degrees.

The rain, which continued to fall while the snow flakes descended, amounted to .28 of an inch.

Rains had spread to wide sections of the state this morning, and all of Texas was cloudy. Heaviest rains this morning were reported in an area from Waco southward, while sprinkles and drizzles continued in North and West Texas.

The weather bureau said snow fell aloft in West Texas yesterday, but in most cases it turned into rain before touching the ground.

By The Associated Press

Rain fell early Monday at Waco, Austin, San Antonio, Junction and southward. Lubbock and Childress had drizzle and the Dallas-Fort Worth area recorded some sprinkles.

The temperature dropped to 35 degrees at Salt Flat Monday. Other readings ranged mostly in the 30s and 40s. Galveston had the overnight high of 50 degrees.

Up to 3 inches of rain was reported in some sections of South Texas Sunday. Ray Point, near Kenedy, had 3 inches.

The heaviest official 24 hour total early Monday was 1.64 inches at Brownsville. Most areas of the Rio Grande Valley have received more than an inch of precipitation in slow, soaking rains since which started Friday night.

Other rainfall totals included: Laredo 1.37, Junction 1.27, Beeville 1.18, Cotulla 1.10, Corpus Christi .90, Big Spring .56, Midland .43, Austin .38, San Antonio .33, Galveston .32, San Angelo .22, Houston .21, Abilene .17, Van Horn .09, Dallas, Fort Worth and Beaumont .01. A trace fell at Lufkin.

High temperatures Sunday ranged from 38 at Dalhart to 68 at Brownsville.

SPOT MUSE

FLU CASES are slacking off considerably, if attendance at the Snyder schools is any indication. This morning, there were 624 students absent from school.

THAT IS A LARGE number of absentees, but it is the smallest number in many days in the schools here and is less than half the 1,383 out last Thursday when schools here resumed classes after being closed three days.

BY SCHOOLS, today's count was 74 at the high school, 62 at the junior high, 91 at North Elementary, 92 at Central Elementary, 70 at Northeast Elementary, 123 at West Elementary, 67 at East Elementary, and 45 at the Lincoln School.

UNITED FUND campaign officials are trying to round up this year's drive and raise the $1,500 still needed to finish the budget goal of $38,934.

A BREAKFAST of division chairmen, who are to furnish 10 workers each and take them there, is set for 7 a.m. tomorrow at the Village Restaurant. The workers will take the envelopes not yet worked and complete them.

Five Injured In Rash Of Area Mishaps

Five persons were injured in five automobile accidents here yesterday.

Three of the accidents occurred inside the Snyder city limits.

T. L. Steele, police chief, said that Mrs. Guy Lloyd Sullivan, 203 Thirty-third Street, was injured in an accident about 10:50 o'clock yesterday morning at Twenty-seventh Street and Avenue C. Mrs. Sullivan was taken to Cogdell Memorial Hospital by Bell ambulance.

She was a passenger in a 1956 De Soto driven by her husband.

The Sullivan car was involved in a collision with a 1956 Ford driven by Iven Doyle Sapp, 21, of Port Arthur.

A. E. Dennis, 85, 1801½ Fifteenth Street, received a broken nose, when the 1955 Chevrolet he was driving struck a utility pole in the 2100 block of Avenue R about 7:55 o'clock yesterday morning. He was taken to Cogdell Memorial Hospital by Bell ambulance.

Two women, Mrs. Pearl Martin, 75, 1900 Avenue T, and Mrs. E. H. Craig, 38, 2704 Avenue O, were injured in a two car collision at Twenty-seventh Street and Avenue R, about 4:30 o'clock yesterday afternoon. Both were hospitalized at Battenfield-Jones Hospital-Clinic, where they were taken by Bolger ambulance.

Mrs. Craig was driver of a 1954 Mercury which was involved in collision with a 1953 Chevrolet driven by Raymond Martin, 53, 1900 Avenue T, son of Mrs. Pearl Martin.

Abel Barrientez, Jr., 18, Snyder, received a broken arm and lacerations on the knee, in a two-car collision which occurred about 5:30 p.m. yesterday on Eighth Street just east of the Snyder Cemetery, east of Snyder.

Barrintez was driver of a 1952 Ford sedan which went out of control and was struck in the side as it slid sideways by a 1953 Chevrolet driven by Jose Guadalupe Torres, 18, Snyder. Both cars were traveling in the same direction.

Jim Kinser, state highway patrolman, and Dan Callaway, sheriff's deputy, investigated the accident.

There was no injury in the fifth accident here yesterday.

It occurred just before midnight last night north of the Lloyd Mountain School on a farm-to-market road.

The 1957 Oldsmobile driven by Don Durell McDonald, 23, 2404 Twenty-eighth Street, overturned at a sharp corner in the road. With McDonald in the car was Sidney Wallace Johnson, 20. Sheriff Earl Abercrombie and Kinser investigated.

Shooting In West Berlin

BERLIN (AP)—West Berlin police reported that shooting broke out last night around an East German government office building in East Berlin.

West Berlin border guards counted 26 shots around midnight and two more an hour later.

East Berlin police reinforcements were rushed to the West Berlin sector border but were withdrawn 45 minutes after the last shots were fired.

West Berlin police said they had no information as to the reason for the shooting.

The West Berlin tabloid Nacht Depesche said reports were circulating in East Berlin that police opened fire when they discovered an attempt being made to remove files from an office.

Veterans Day Celebrated

Today is Veterans Day, and two local organizations are holding special events in connection with the observance of the special day.

The Veterans of Foreign Wars and American Legion were to conduct a special memorial services at the Veterans Memorial plot in the Snyder Cemetery today, and members were to visit all the cemeteries in the county to place small flags on graves of deceased veterans.

Beginning at 3 p.m. today, open house was to be held at the Veterans Clubhouse, with special entertainment and a barbecue dinner set for 6 p.m. A dance is scheduled there at 9 a.m.

Membership drives of the two veterans organizations are being climaxed with today's activities.

City, county, state, and federal offices here were closed today, as were both Snyder banks. This was not a holiday for business houses.

RECORD PENALTY.—Jack A. Harris of Fresno, Calif., who paid government penalty of $965,595.84 for right to market cotton grown in excess of allotment, said he'll still make money on crop. Harris said he checked with Department of Agriculture and was told he could plant all he wanted as long as he paid excess penalities. He said: "I was trying to prove this country doesn't need a support program for cotton." (AP Wirephoto)

Chiang Sees Fleet Work

ABOARD CARRIER BON HOMME RICHARD (AP)—President Chiang Kai-shek watched 7th Fleet exercises today from this 43,000-ton U. S. carrier. His visit was planned as a demonstration of close continuing support of Nationalist China by the United States.

Chiang came aboard in a helicopter accompanied by Mme. Chiang and U. S. Ambassador Karl L. Rankin, as the carrier cruised off the northwest tip of Formosa.

Chiang was greeted by Vice Adm. Wallace M. Beakley, commander of the 7th Fleet. Also aboard ship were Vice President Chen Cheng, Defense Minister Yu Ta-wei and the entire Nationalist high command headed by Gen. Wang Shu-ming, chief of the Nationalist general staff.

Taking part in the exercise with this carrier were her sister ship Kearsarge; the cruisers Rochester and Los Angeles; two divisions of destroyers, and a submarine.

Damaged Causeway Reopened Today

AUSTIN (AP) — The State Highway Department said today maintenance crews, battling high tides, rains and wind, managed to reopen the Galveston causeway at 7 a.m. today.

The causeway had been closed when it was damaged by a tug Saturday afternoon. The causeway is now closed only to overweight loads.

Business Better

MEXICO CITY (AP) — National Railways says it had carried 25 million passengers during the first nine months of 1957—the same total as for all of the previous year.

Medical Meet Opens

MIAMI BEACH (AP)—More than 5,000 physicians, medical students, nurses and technicians today opened the Southern Medical Assn.'s annual meeting. They came from 17 Southern states, the District of Columbia, Cuba, and Canal Zone and Puerto Rico for the four-day convention.

ADA Figures Under Study

AUSTIN (AP)—The State Education Board today asked a committee to study what can be done for schools whose average daily attendance and future state aid is threatened by flu absences.

The board said it would name a committee to report back at the next meeting.

P. E. Hutchinson, director of the Texas Education Agency's finance division, said he was certain a formula could be worked out whereby no school would lose funds as long as the required 175 days of instruction are fulfilled.

The final decision is up to the board.

In other action, the board awarded textbook bids and considered various school district's applications for bonds.

WEATHER

SNYDER TEMPERATURES: High Sunday, 43 degrees; low, 37 degrees; reading at 7:30 a.m. today, 38 degrees; precipitation, .28.

North Central, South Central and East Texas: Cloudy with occasional rain Monday and Tuesday. No important temperature changes.

West Texas: Mostly cloudy through Tuesday, occasional rain Monday and Tuesday and mainly Pecos Valley eastward Monday. No important temperature changes.

College Bill Vote Due In House Today

AUSTIN (Spl.) — The House of Representatives was expected to vote sometime today on the special junior college bill of Rep. Robert R. Patterson of Snyder.

It was somewhat of a surprise that the bill was getting into the voting of the special session of the Legislature, but Gov. Price Daniel during the weekend opened the session up to local bills.

Patterson's bill was submitted by the governor Friday afternoon, and it was brought out of the House committee Saturday. The bill went through the House committee on a local uncontested basis.

After consideration by the House possibly today, the bill was expected to go to the Senate either this afternoon or tomorrow.

The Patterson bill, basically, provides that the State Department of Education be authorized to waive the requirement of 5,000 scholastics in a county of less than $100 million.

Under the present law, for a junior college district to be formed and the way be cleared for state aid, there must be at least 5,000 scholastics in the county, based on the last previous school year's enrollment.

If the present law were followed here, there could be no election for creation of a junior college district in the county until next year, using this school year's enrollment figures.

If the Patterson bill passes and is made into law, the election could be held this school year, with the permission of the Sate Department of Education. If the state department were to give its approval, the election for creation of the district and for election of trustees of the district could be held at the same time.

There has been considerable work here toward possible establishment of a junior college district in Scurry County for a number of months, but work was hindred by the 5,000 scholastics requirement.

There is here a special Citizens Committee for a Junior College headed by Wayne Boren, which includes members from a wide cross-section of the county. That committee has made extensive studies in relation to possibilities of a junior college here.

More Rains In Forecast

DALLAS (AP)—The Weather Bureau issued today this 5-day outlook for Nov. 11-16:

East and Central Texas: Temperatures near or slightly below normal. Normal minimum 41-49 except 49-55 near coast and extreme South Texas. Normal maximum 63-77. Brief warming trend preceding cooler Wednesday or Thursday. Precipitation moderate to heavy in rain and scattered showers ending about Thursday.

West Texas: Temperatures slightly below normal. Normal minimum 28-38 Panhandle and South Plains and 38-52 elsewhere. Precipitation moderate in occasional rain and scattered showers first part of the week and again about Saturday.

Increase In Crude Flow Is Predicted

AUSTIN (AP) — The Bureau of Mines forecast today for Texas crude in December is 2,860,000 barrels daily.

This is an increase of 80,000 barrels over the November forecast of 2,780,000 barrels a day.

Turkish Troop Shifts Put Syrian Army Units On Alert

DAMASCUS, Syria (AP)—All Syrian army units in the north were ordered on the alert today in a show of alarm at what an army spokesman called unusually large Turkish troop movements along the border.

Foreign Ministry sources said the Cabinet held a two-hour meeting about midnight to consider "the motives of the sudden Turkish activities."

The army spokesman said "large-scale, night-long, unusual and unprecedented military movements" of Turkish units took place, and as a result all necessary precautions were being taken by Syria.

Foreign Ministry sources reported about 300 Turkish vehicles, including tanks, began moving last night when Turkish villages and border outposts along the border were suddenly blacked out. These sources said the movements were noted at four points in the general area of Bab al Hawa, northwest of Aleppo.

This show of alarm about the northern frontier, where Syria and the Soviet Union have been charging Turkey with making provocative gestures, coincided with a huge demonstration here against King Hussein of Jordan.

About 10,000 demonstrators, mostly Palestinian Arab students, paraded in the streets shouting "Down with King Hussein" and crying that he was seeking to negotiate with Israel at the expense of Palestinian Arab refugees.

At a rally of Palestinians before the demonstration, a resolution was passed calling on other Arab countries to stand firmly against "attempts of jordan's rulers to liquidate the Palestine cause."

One of the speakers at the rally was Akram Hourani, leader of the leftist Arab Resurrection party (Baath) and president of Parliament.

"Any Arab hand extended to conclude peace with Israel shall be amputated," he declared.

Despite the unusual excitement, the demonstrators dispersed without any violence being reported.

Water Planning Bill Moves Quickly To Joint Committee

AUSTIN (AP)—The Senate today quickly shunted the water planning bill passed Friday in the House to conference committee for adjustment of differences between varying versions.

The action meant some delay in final approval of this key point in Gov. Price Daniel's program for the special session. No effort was made to bring the House-passed bill to an immediate direct vote.

Sen. George Parkhouse of Dallas moved that the Senate not concur on the water bill, and to ask the House for appointment of a conference committee.

Speaker Waggoner Carr meanwhile named Reps. Richard C. Slack of Pecos, Max Smith of San Marcos, R. L. Strickland of San Antonio, J. C. Zbranek of Daisetta and Wesley Roberts of Lamesa as House members of a conference committee on the lobby bill.

Senate conferees on the lobby bill named by Lt. Gov. Ben Ramsey were: Sens. Crawford Martin of Hillsboro, Grady Hazlewood of Amarillo, Culp Krueger of El Campo, Ottis Lock of Lufkin, Floyd Bradshaw of Weatherford.

After half an hour of argument the House approved, 79-19, a resolution asking that the State Board of Control not do business with any firm importing foreign oil products. It must be approved by the Senate. A total of 28 representatives voted present with many of them announcing they held oil interests which prevented them from making an unbiased decision.

Rep. John Lee of Kermit, one of the resolution's authors, said about five big oil corporations would be affected. He named them as Gulf, Texas, Magnolia, Humble and Phillips.

"I believe if we get tough we can get something done about this oil importing business," Lee said. Rep. Obie Bristow, who said he would vote present, claimed that oil imports were causing Texas to lose needed state taxes every day.

New Attacks Launched On King Hussein

CAIRO, Egypt (AP)—Cairo newspapers boomed out new attacks today against young King Hussein and his Jordan regime, charging he was making undercover deals with Israel, and predicting the people would trample traitors and oppressors underfoot.

In Damascus, the Syrian capital, about 10,000 Palestinian refugees paraded through the streets shouting "Down with King Hussein!" Echoing the strong Egyptian propaganda campaign, the demonstrators denounced alleged negotiations by Jordan to "conclude peace with Israel and liquidate the Palestine cause."

The demonstrators chanted "Our lands are not for sale for dollars," and "No pacts, no imperialism."

Syrian authorities threw a heavy guard around the Jordan legation in Damascus.

King Hussein struck back at the Egyptian propaganda attacks over the weekend. He said yesterday Egyptian leaders had "sold themselves to communism, and exploit Arab nationalism to divert Egyptian public opinion away from the deteriorating situation at home."

In a broadcast Saturday he said his people resented "lies fabricated recently by the hired trumpets of propaganda in Egypt against Jordan with the intention of stirring mutiny."

Half or more of Jordan's population is composed of Palestine Arabs, people easily stirred by any hint that their claim to their old homes in Israel might be sacrificed in a peace settlement.

The Egyptian and Syrian press and radio have assailed Hussein intermittently since he ousted a pro-Egyptian and leftist government in a major crisis last spring.

The papers renewed the campaign last week, printing various stories about alleged negotiations between Jordan and Israel, and darkly hinting Hussein would suffer the same fate as his grandfather — assassination.

Some stories said the talks were in direct contacts between Jordan and Israeli officials. Others said U. S. Secretary of Agriculture Ezra Benson, who visited Hussein recently, took a hand in the talks.

Cairo's newspaper Al Ahram said today it was "inevitable that there should be a second round in Jordan — between the people and their executioners."

The newspaper Al Shaab said it was Hussein who "made it possible for imperialism to interfere in Arab affairs."

Another paper, Al Gumhuria, said Hussein alone as "responsible for the tragic fate in store for him."

In his reply to the attacks, Hussein has said it was painful to him to have to have Jordan defend herself against "malicious lies."

STUDENTS of the Industrial Cooperative Training program in Snyder High School work here compiling student directories, which will go on sale at the school and in the business district here tomorrow. Left to right are Royce Clanton, an auto partsmen in the ICT program; J. C. Jackson, ICT coordinator; Nell Crawford, nurse aide; Bobby Staton, carpenter; and Donna Neal, optician.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

ADMISSIONS — Mrs. Robert Kay, Gen. Del.; Mrs. Tommy Arnold, Route 2, Box 211; James F. Bass, Box 1372; Carmen Ann Keller, 208 Thirty-sixth Place; Kenneth Keller, 208 Thirty-sixth Place; Freida Melton, 2303 Twenty seventh Street; Mrs. J. A. Dove, Ira; Patsy Green, 1500 Twenty-seventh Street; Max Dove, Ira; Linda Jiminez, Fluvanna; Mrs. Jesse Grizzle, Box 130, Ira; W. E. Foree, Route 1, June Anderson, Ira; Mrs. Clifford Burton, Box 1699 Route 3; Larry Mays, Box 104, Ira; Mrs. Clifford Burton Box 1699, Mrs. Carl Martin, 1900 Avenue T; Mrs. E. H. Craig, 2704 Avenue O.

DISMISSALS — Mrs. J. T. Trice Route 3, Hermleigh; Woodruff Powell, Box 691; Langston Powell, Box 691; Junior Martin Pena, Route 2, Box 162; Roy Staton, Route 2; C. C. Sellars, 2505 Twenty seventh Street; Barbara Chambers, Box 772; Bennie Ruth Caffey, 1105 Thirty-third Street; Mrs. Edward Blocker, 1601 Avenue Q; Dolores Blocker, 1601 Avenue Q; Donna Sellars, 3701 Sunset; J. E. Hall, Route 2, Hermleigh; Bill Aaron, Box 1562; Calvin Edwards, Box 153; D. H. Christian, Box 735; Bill Smedley, 109 Browning; Mrs. W. L. Moroney, 903 Twenty-fifth Street; Mrs. Vonnie Stallings, and baby, 1312 Seventeenth Street; Virginia Parrott; Route 3, Box 108; Fred Cotton, Route 2, Hermleigh; Mrs. Mable Eades, 2311 Twenty-eight Street; Rex Wilson, 1208 Twenty-first Street; Mrs. Nina Jones, 1211 Twentieth Street.

COGDELL MEMORIAL

ADMISSIONS — Frances Irene Jordan, 203 Thirty-fifth Street; Freddie Wayne Frazier, 1810 Avenue O; Kathy L. Crooks, Route 3; Gertruda Meara, Wichita Falls; William H. Meara, Wichita Falls; James A. Young, Box 71, Ira; Marjorie G. Line, 2609 Thirty seventh Street; Marilyn Newman, Route 4; Longview; A. R. Mayo, Clairemont Route; Mary Jane Kight, Box 1225; Joyce Marie Paic, 3012 Avenue X; Maria Vera, Gen. Del.; Catherine Allen, 2108 Forty-first Street; Marsha Kennedy, 109 Birch; Avanel Sunjenger, 1109 Twenty-sixth Street; Billie May Sullivan, 203 Thirty-third Street; Mary Ellen Brandon, 3301 Avenue K; James H. Watkins, 2802 Avenue T; Oliver I. McClinton, 2308 Twenty-seventh Street; Norma Dell Martin, 3702 Murial Drive.

DISMISSALS — Jesus Hinojos, Lake Thomas; Luisa Hinojos, Lake Thomas; Helen Villareal and baby Gen. Del.; Yvonne Davis, 2906 Thirty-fourth Street; Shirley Jones, Fluvanna; E. X. Minor, 2301 Avenue O; Dorothy Wilson, Snyder; Billie Grundy and baby, 2201 Avenue E; Guy Wilson, Trailertropia; Kathy Crooks, Route 3; Ella Sears 2210 Thirtieth Street; Rodney Hancock, Snyder.

TODAY'S MARKETS

FORT WORTH (AP)—Hogs 500; 25-50 lower; choice hogs 17.00-25; medium and good hogs 16.00-17.0; sows 16.25 down.

Cattle 2,600; calves 1,200; generally steady; good and choice steers and yearlings 22.50; good and choice slaughter calves 20.00-22.50; common and medium 14.00-19.0; good and choice stocker steer calves 20.00-24.50; heifer calves 21.50 14.00-19.00; good and choice stocker steer calves 20.00-24.50; heifer calves 21.50 down; good and choice stocker steer yearlings 18.00-21.50.

Sheep 1,500; fully steady to strong; good to choice slaughter lambs 21.00-22.00; medium to good feeder lambs 19.00-20.00; goats 6.00-8.00; slaughter ewes 9.00

STOCK AVERAGES

Compiled by The Associated Press

	Indust.	Rails	Utils.	60 Stks.
Prev. day	233.5	87.2	69.1	155.2
Week ago	234.2	87.7	68.8	155.5
Month ago	239.2	91.7	69.6	160.5
Year ago	260.9	133.2	72.2	179.8

NEW YORK (AP)—Noon cotton prices were 30 to 60 cents a bale higher than the previous close. December 35.41, March 35.75 and May 35.90.

CHICAGO (AP) — Butter prices unchanged; 93 score AA 58¾; 92 A 59; 90 B 58; 89 C 57; cars 90 B 58¾; 89 C 57¾.

Egg prices unchanged; 65 per cent or better A white 50; mixed 49; mediums 39½; standard 43.

NEW YORK (AP)—The stock market was irregular in slow Veterans Day trading early today.

Gains and losses of from fractions to around a point were scattered through the list.

The opening was fairly active and included an assortment of good-sized blocks including: Boeing, up ½ at 37 in 3,000 shares; General Motors, up ⅛ at 36⅝ on 4,000; and Douglas Aircraft up ¼ at 64¾ on 1,200.

List industries was up ⅛ at 9 on a big block of 137,600 shares, after opening on 2,400 shares at the same price.

Boeing improved its initial price, showing a gain of about a point and Douglas edged ahead fractionally but GM stayed about the same.

Youngstown Sheet and Chrysler also were ahead around a point. U.S. Steel and General Dynamics were up fractions. Du Pont clipped a point from an early gain of one-plus.

While Wall Street viewed the business situation as satisfactory, financial observers noted that the trend was downward. Today's news included word of a drop in the U.S. Treasury's short-term borrowing cost and a report that the national administration is seeking congressional approval for a temporary increase in the federal debt limit.

Small losses were shown by Goodyear, Goodrich, Allied Chemical, American Potash, Southern Railway, Baltimore & Ohio, Johns-Manville and U.S. Gypsum.

Phelps Dodge and Anaconda were up slightly while Westinghouse Electric rose around a point.

Frances E. Willard was not only an advocate of temperance, but in her spare time she conducted a campaign for relief of Armenians.

ICT Clubs To Sell School Directory

Members of the Industrial Cooperative Training program at Snyder High School tomorrow will begin distribution of student-faculty directories, published by the club annually.

The directories will sell for 50 cents per copy. In addition to their being sold in the schools, they will be sold in the business district by members of the ICT Club.

The directory includes the names, addresses, and telephone numbers of all high school students, all teachers and other personnel, and all the school administrative staff and school board.

The ICT group publishes the directory annually to raise a part of the funds used for an educational tour at the end of the school year. This school year's tour will tional tour at the end of the school be in the Fort Worth-Dallas area, where the group will visit Bell Aircraft, Ford Motor Co., Chance-Vaught Aircraft, Maxwell Field, Kraft Foods Co., and other industries closely related to the type work the students are doing.

There are 26 students in the ICT program, which is a part of the industrial education department of the high school. All divisions of the department are having special activities during this week, American Education Week.

The ICT program involves students taking regular academic subjects in school plus working at training stations on industrial-type businesses here.

The local CT group next March 8 will host a meeting of District 5 of ICT groups. Contests involving the type work the students do will be held, and all business houses where ICT students are now working will be asked to participate in providing places to hold contests in those fields during the meeting, according to J. C. Jackson, ICT coordinator.

The district reaches from Abilene to El Paso and from San Angelo to Snyder. First place winners in local contests will compete in similar contests at the state ICT meeting in Fort Worth April 18-19.

During this week, Jackson said, parents and others interested are being encouraged to visit the ICT room and other parts of the industrail education department. The ICT room is Room 104 of the high school building, and visitation there is encouraged from 8 a.m. to noon each day this week.

Also, Jackson invited those interested to make appointments with him to accompany him on his regular afternoon rounds to student training stations.

BIRTHS

Born during the weekend in Battenfield-Jones Hospital:

A nine-pound son to Mr. and Mrs. Clifford Burton, Box 1699, at 1:34 p.m. Sunday.

A son weighing seven pounds, 12 ounces, Friday to Mr. and and Mrs. Tommy Arnold, Route 2, Box 211.

Born in Cogdell Memorial Hospital:

A daughter weighing seven pounds, three ounces, to Mr. and Mrs. D. M. Paic, 3012 Avenue X, at 9:43 a.m. Sunday.

A son at 3:40 p.m. Friday to Mr. and Mrs. Fern Gene Jordan, 203 Thirty-fifth Street, weight eight pounds, one and one-half ounces.

A seven-pound, seven-ounce son at 3:58 a.m. today to Mr. and Mrs. Billy Newman, 2701 Avenue X.

A son weighing six pounds, 15 ounces at 12:04 p.m. Saturday to Mr. and Mrs. Clarence Kight, Box 1225.

A son to Mr. and Mrs. Bill Line, 2609 Thirty-seventh Street, at 1:10 p.m. Saturday, weight nine pounds eight and three-fourths ounces.

A seven-pound, 10-ounce son to Mr. and Mrs. Robert Allen, 2108 Forty-first Street, at 3:44 a.m. Sunday.

A six-pound, 12-ounce son at 9:43 a.m. Friday to Mr. and Mrs. Clifford Sherrod, 3701 Highland Drive.

Renews Campaign

LOS ANGELES (AP)—County Supervisor Kenneth Hahn says he is going to renew his campaign to get the Highway Department to install emergency telephones along freeways.

Dr. Blum To Head Program

Dr. John F. Blum, Snyder optometerist, has been appointed chairman for the professional division of the Texas Better Vision program for this area.

The appointment has been announced by Dr. Nelson Waldman, state chairman.

Blum's duties will include developing financial support for the College of Optometry at the University of Houston among optometrists of the Canyon Reef Society, which includes optometrists from Scurry, Nolan, and Mitchell Counties.

In the Canyon Reef area, Blum will be working with chairmen yet to be named for optometric recruiting and for the Foundation for Education for Education and Research in Vision. The foundation is non-profit, created to inform the public of the benefits of better vision programs and facilities and the enlist public support.

"The Better Vision program has been adopted to solve optometric problems in education, recruiting, research, and public education, in the schools, and elsewhere are being largely ignored. Through education and research, we hope to move toward their solution," Waldman said.

Red Bid Rejected

NEW YORK (AP)—The National Assn. for the Advancement of Colored People has turned down a top American Communist's bid for membership. Rejected was Benjamin Davis, a Negro and New York chairman of the Communist party. His $3.50 membership fee and a $50 gift have been returned.

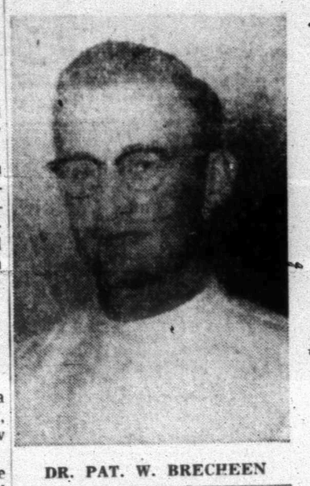

New Dentist Opens Office

Dr. Pat W. Brecheen, recent graduate of Baylor University College of Dentistry, has announced the opening of his office in Snyder for the practice of general dentistry.

The new office location is 4004 Big Spring Highway, next door south of Burgess Pharmacy.

Brecheen is originally from Hollis, Okla. and did his pre-dental work at Abilene Christian College before entering Baylor Dental College in Dallas in the fall of 1953. He was graduated from Baylor Dental College on May 27 of this year.

Dr. and Mrs. Brecheen reside at 206 Thirty-second Street in Snyder and are members of the Thirty-seventh Street Church of Christ.

DR. PAT. W. BRECHEEN

Sellers Rites Set Tuesday

Funeral services for Mrs. Cora Bell Sellers, 76, McAlister, Okla., will be held at 10 o'clock tomorrow morning in Sapulpa, Okla.

The funeral services will be held in Owens Chapel, with burial under direction of Bolger Funeral Home of Snyder, in the South Heights Cemetery of Sapulpa.

Mrs. Sellers is the mother of Mrs. Kenneth Knollenberg, 2305 Avenue M. She died Saturday night in a local hospital.

Survivors two daughters, Mrs. Knollenberg, and Mrs. H. L. Hardy, Jefferson, two sons, Frank Sellers of New Orleans, La., and Floyd Sellers of McAlister, Okla.; five sisters, Mrs. Sena Aston and Mrs. Sue Knudlick, Dallas; Mrs. Georgia Starks, Mrs. Jennie Morgan and Mrs. Mattie May Hooks, all of Cooper, eight grand children and two great-grandchildren.

WOMEN

Animals Grow King Size In Toyland

By DOROTHY ROE
Associated Press Women's Editor

TOYLAND IN THE AGE OF SPUTNIK is divided into two camps.

There are the toy mechanical marvels of the atomic era, geared to provide play-conditioning for future space pilots, and then there are old-fashioned cuddly toys designed to give fun and comfort to small fry facing the frightening vista of a world often confusing even to grown-ups.

More popular then ever before, for instance, are king-size stuffed animals of all species — the kind of toy meant to be cuddled and taken to bed by small boys and girls. There are dogs and cats, lions and tigers, elephants and kangaroos — practically all the members of the animal kingdom, done with cheerfully beguiling expressions in soft fake fur.

Popularity of Toyland's zoo parade isn't limited to the nursery set either, as girls of high school and college age throughout the country have become avid collectors of stuffed animals, using them to decorate their rooms and to substitute for pillows on their beds.

There are play versions of all the latest electronic marvels for the mechanically-minded youngster, and there also are all the old traditional favorites, such as ABC blocks, spinning tops, dolls and doll houses, push-and-pull toys and toy models of the complete range of housekeeping equipment, from vacuum cleaners to electric stoves.

There is strong emphasis on career toys among members of the Toy Guidance Council, an organization which specializes providing the right toy for the right age, play-testing new toys before they are put on the market.

In this category are toys designed to develop interest and skill in practically all adult trades and professions, from bridge-building to stenography. Building kits this year come in many varieties, from steel girders to plastic blocks and panels with which Junior can build a skyscraper.

There are guided missile and satellite toys, to keep pace with the space adventures of the International Geophysical Year, and there are many versions of national defense toys, many of which operate electronically.

There are home decorator kits for little girls, costume jewelry kits, carpentry tools and even do-it-yourself home repair kits.

For the future artists there are crayon, water color, finger painting and even oil painting sets.

There is every known kind of musical toy, from saxophone to harp, xylophone, to piano.

There are educational toys of all kinds, including one featuring six kits combining play activities with study training. Included are toys to develop manual dexterity, others to help Johnny with his numbers, others to teach children to tell time and so on.

Santa's toy pack hits the billion-dollar mark this year, and in it there should be a super-toy for every child.

Homemakers Find New Clock-Radios Useful Appliance

One of the most useful home appliances is the combination clock-radio.

Considered by many as somewhat of a novelty, such a radio can make the homemaker's day easier in dozens of ways.

For instance, clock-radios are equipped with an automatic alarm that turns on the radio, an appliance outlet with a timer, and a slumber switch that will turn off the radio at a pre-set time.

In the morning the clock-radio awakens a person to music and has hot coffee ready at the bedside. During the day it entertains the homemaker, automatically turning on favorite programs that otherwise would be missed. And at night it lulls a person to sleep with music, then turns itself off.

Beta Sigma Phi Holds Preferential Tea Sunday

Miss Margaret Miller was hostess Sunday afternoon to the Beta Sigma Phi Preferential Tea at the Martha Ann Woman's Club.

Mrs. Merrian Wise registered the guests. Miss Beth Wiman and Miss Vondel Sumruld entertained the group with several musical selections.

The table was set in silver and crystal with a lovely center-piece of a black and gold Beta Sigma Phi crest, made by Mrs. Lillian Jones, high school art teacher.

Mrs. Ruth Burchett and Mrs. Tommie Conner served the guests.

Corsages of yellow roses were presented to the following rushees: Mrs. Reta Traugott, Lillian Jones, Dell Felder, Lou Walker, Pat McDonald, Janette Payne, Dolores Smith and Glenda Pfluger.

Refreshments were served to the rushees, members of the Exemplar Chapter, and the members.

L. G. Richardson Speaker For AAUW Saturday

The American Association of University Women held a coffee and business meeting at 10 a.m. Saturday in the Martha Ann Woman's Club.

Mr. L. G. Richardson, head of the science department of the Snyder High School, was guest speaker. He was introduced by Mrs. Forrest Beavers, who was in charge of the program entitled "TV as a Tool in Education."

Mr. Richardson assisted by Ronald Miller brought the High School TV unit used for closed circuit TV to the clubhouse. It was interesting to note that the large TV set was constructed in part by Mr. Richardson, who is largely responsible for TV being used as a teaching device in the school.

Among other things he pointed out that through the use of TV, more thorough ideas are expressed, therefore more interest is created in all subjects. Charts were shown depicting some of the tools used in the classroom.

The group was also informed about wall television which has transistors in place of tubes. Transmitters are put in boxes no larger than jewelry boxes. These small TV units are used currently by the armed forces.

To date the new AAUW members are: Mrs. William K. Larsen, Mrs. Wendell Shiflett, Mrs. Allene Stovall, and Mrs. Harold Nolte, a transfer from Waco.

Refreshments were served by the hostess, Miss Zaida Brown to members and guests, Mrs. Gene Green, a prospective member and Mrs. L. G. Richardson, Mr. Richardson and Ronald Miller.

WOMEN'S CALENDAR

MONDAY

Snyder Palette Club meets with Mrs. Ralph Foster, 2111 Twenty-seventh Street.

Veterans Day celebration at the Clubhouse. Barbecue dinner starts at 5:30 p.m. with dance starting at 9 p.m.

It Pays To Start Your Christmas Planning Early

By DOROTHY V. WHIPPLE, M.D.

CHRISTMAS HAS A WAY of pouncing out of the fall. It always seems to come before you are ready. When you wake up to the fact that the big day is just around the corner there is a mad dash to get everything ready. Tempers are likely to snap during mad dashes.

This year get going early and make some leisurely preparations with the children. When you start early you'll have time to talk to the children about what Christmas means. It's a wonderful season and children need to be part of all of it — not just receivers of gifts.

About the first of December begin to plan your Christmas decorations. It is of course too early to set up a tree, but you could plan a creche or nativity scene. Talk about the Christmas story and let the children make animals and figures, trees and houses to represent the nativity. As you work up a little scene your children begin to feel the spirit of Him whose birthday we celebrate. Perhaps you want to buy a few figures, but don't buy too many. A home-made scene with figures moulded out of clay, with pine cones for trees, will mean more to the children. Your home-made Story of Christ will be worked over and played with for weeks before Christmas.

YULE DECORATIONS

Plan some other decorations for the house and put them up as the children work on them. Try to add a few new items everyday or so.

Make a big batch of Christmas cookies. Cut them in interesting shapes and decorate them with bright colored sugar. These can be stored until needed, and make wonderful gifts for visiting children during Christmas week, or even before. Perhaps some of the children would like to send a fancy decorated cooky as a Christmas card to a special friend.

CHRISTMAS CARDS

Christmas cards can be planned well before Christmas. As much as you can, interest the children in making their own cards. If you have kept those that were sent to you last year many of them will supply pictures which the children can cut out and paste on cards or colored paper.

When children buy their cards let them make their own selections deciding which card goes to which person. Let them sign their own names and stamp the envelopes.

Keep the children interested in doing things for Christmas, doing things for the family, for their friends and taking part in community plans. Their interest in others helps to keep down the pitch of excitement in what is being done for them and it also helps to give them a real feeling of love and concern for others. This, much more than receiving, is what we want our youngsters to feel about Christmas.

Ever flavor a raisin-rice pudding with grated lemon rind instead of vanilla?

Matching Trio!

343-N
TO CROCHET

The young lady will love this two-tone, matching trio—cap, mittens and ascot. It will keep her toasty warm on those cold days ahead. No. 343-N has crochet directions—sizes small, medium and large inclusive.

Send 25c in coins for this pattern to MARTHA MADISON, (care of this newspaper), Box 438, Midtown Station, New York 18, N. Y.

FOR GOOD EATING

APPLE CHEESE CAKE

1½ cups sifted enriched flour
2 teaspoons baking powder
¾ teaspoon salt
¼ cup shortening
½ cup sugar
1 egg
¾ cup milk
1 cup shredded sharp cheese
1 cup sliced apples (2 medium)
¼ cup brown sugar
½ teaspoon cinnamon
1 tablespoon melted butter or margarine

Sift together flour, baking powder and salt. Cream together shortening and sugar until light and fluffy. Add egg and beat well. Add dry ingredients alternately with milk, mixing well after each addition. Blend in cheese and pour into greased, lined 8-inch round pan. Arrange apple slices on top. Combine brown sugar, cinnamon and butter or margarine and sprinkle over top of apples. Bake in moderate oven (375 degrees F.) about 35 minutes.

Makes 1 coffee cake.

An Orange Coffee Ring sounds a tasteful wake-up note at breakfast. Serve it with crispy wheat flakes and milk, cranberry juice and hot cocoa or coffee:

ORANGE COFFEE RING

1½ cups sifted enriched flour
2 teaspoons baking powder
½ teaspoon salt
¼ cup shortening
¾ cup sugar
1 egg
¼ cup milk
¼ cup orange juice
Confectioners' sugar incing
Grated orange rind

Sift together flour, baking powder and salt. Cream together shortening and sugar until light and fluffy. Add egg and beat well. Stir in milk. Gradually add orange juice. Add flour mixture to creamed mixture, stirring only until blended. Pour into greased 9-inch ring mold and bake in moderately hot oven (400 degrees F.) about 25 minutes. Unmold and frost with confectioners' sugar icing and sprinkle with orange rind.

Science Shrinks Piles New Way Without Surgery

Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.

This substance is now available in *suppository or ointment form* under the name *Preparation H.®* At your druggist. Money back guarantee.

Junior Editors Quiz on WILLIAM TELL

QUESTION: Did William Tell really shoot the apple off his son's head?

• • •

ANSWER: The story is that William Tell was a Swiss peasant in 1307 when Switzerland was ruled by Austria. One day he walked into the village of Altdorf, where an Austrian bailiff named Gessler had set his cap on a tall pole and instructed the Swiss to bow to the cap.

Tell refused to humiliate himself that way. Gessler told him he would be executed, but that he could save himself by shooting an apple from the head of his young son with an arrow. Tell shot the apple from the boy's head, and was about to be freed when he confessed that he had a second arrow intended for Gessler if he had killed his son.

Gessler had Tell seized but he escaped and killed the bailiff. This story spread quickly through Switzerland and gave the Swiss people courage to revolt against the Austrian rulers.

Modern historians agree this is just a legend, but it has inspired generations of freedom loving people.

• • •

FOR YOU TO DO: Try shooting an arrow through an apple at a distance of 25 feet and see what a hard problem William Tell faced. (But never shoot an arrow at another person or at an apple on his head.)

• • •

(Douglas DeByle of Wausau, Wis., wins $10 for this question. If you have a good one, send a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper.) 11-11

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

PERHAPS MANY OF you viewed yesterday's pro game over TV during which one of the finest collegiate centers in history of Texas football, Bulldog Turner, was interviewed at halftime.

Turner got his grid start at Sweetwater High School but it was at Hardin-Simmons where he gained nation-wide fame. Turner was named on several All-American teams while at H-SU.

Bulldog later became even more a gridiron immortal when he played several seasons with the Chicago Bears, leading that team to three pro championships. Turner was an all-pro center five consecutive season.

Bulldog, who is now on the coaching staff of the Bears, was asked to comment on the game at the halfway mark, to which he replied:

"We'd be all right if it weren't for these Texas boys on the Packer team. Both Packer touchdowns have been made by Texans, Bill Howton (Rice) and Don McIlhenny (SMU)," Turner added.

Pro Loops Loaded With Texans

"I like to see these Texas boys do good," Turner went on, "since that is where I'm from, but I don't like to see 'em do good against us."

Turner added:

"You know, we couldn't have pro football without the Texas boys."

There's another verse to this too:

"Oklahoma University couldn't have football without Texas boys."

The Tigers have been spreading their talent all year long but in Friday's game at Lake View, the Bengals certainly must have set some sort of a record when the employed eight different passers in the game.

Five of the eight completed at least one pass. In addition, 11 Tiger backs got in on the ball carrying chores but this is only the second high in this respect as 12 different ones toted the mail against Dumas.

Tempe Cinches Tie For Title

By The Associated Press

Arizona State at Tempe cinched at least a tie for the Border Conference football championship last weekend.

The Sun Devils beat Texas Western, defending champion and preseason favorite, 43-7.

Arizona State has only one conference game remaining, Arizona.

In another conference game, Hardin-Simmons guard Joe Biggs blocked a punt for a touchdown and pounced on a fumble that led to another to pace the Cowboys to a 26-20 victory over Arizona.

West Texas punched over two touchdowns and gave up a safety all in the third quarter, to down Abilene Christian 12-2.

New Mexico A&M dropped its sixth game of the year, falling to McMurry 26-6.

Texas Western will try to get back in the victory column next week in a conference game against winless Arizona.

Arizona State hosts Montana State. Hardin-Simmons meets Texas Tech and New Mexico A&M plays Omaha.

Man o' War, who launched his famous 3-year-old racing season by winning the Preakness at Pimlico, had at least one offspring win a race each year from 1924 through 1953, a span of 30 years.

Chuck Zimmerman, Syracuse University quarterback, plays golf in the 70's.

HOW TOP TEN FARED

Here's how the Top Ten college football teams in The Associated Press nationwide poll fared Saturday:

1. **Texas A&M, defeated Southern Methodist, 19-6.**
2. **Oklahoma, defeated Missouri 39-14.**
3. **Auburn, defeated Mississippi State, 15-7.**
4. **Michigan State defeated Notre Dame 34-6.**
5. **Iowa, defeated Minnesota 44-20.**
6. **Ohio State, defeated Purdue 20-7.**
7. **Navy, tied Duke 6-6.**
8. **Army, defeated Utah 39-33.**
9. **Tennessee, defeated Georgia Tech 21-6.**
10. **North Carolina Stakte, lost to William & Mary 7-6.**

Texas Ags Loaded With 'Iron' Men

COLLEGE STATION, Tex. (AP)—Texas A&M, the nation's No. 1 team, sped through its eighth straight victory Saturday with 10 boys getting in 40 to 50 minutes apiece, as usual.

You have to be tough to wear the moleskins of Aggieland. Never more than 28 players get into a game and 13 of those do about 90 per cent of the playing.

This may be the thinnest squad, quantitatively speaking, to ever lead the nation.

"Are the boys tired and weary?" somebody asked Coach Paul (Bear) Bryant after the Aggies were "up" four weeks in a row for important Southwest Conference games.

"Tired?" snorted the coach. "They can't get tired with the little work we've been able to get in, in view of the bad weather, injuries and illness."

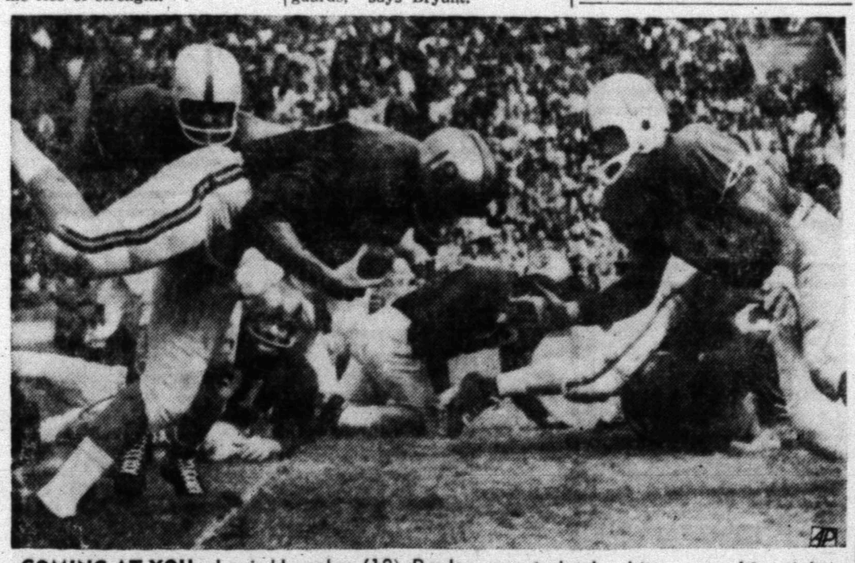

Bryant might have said something about how he works his substitutions like a game of chess, making them at the time when there can be no ill effects from the loss of strength.

He also might have mentioned that the Aggies are noted for strong finishes. They seem tougher at the finish than at the start.

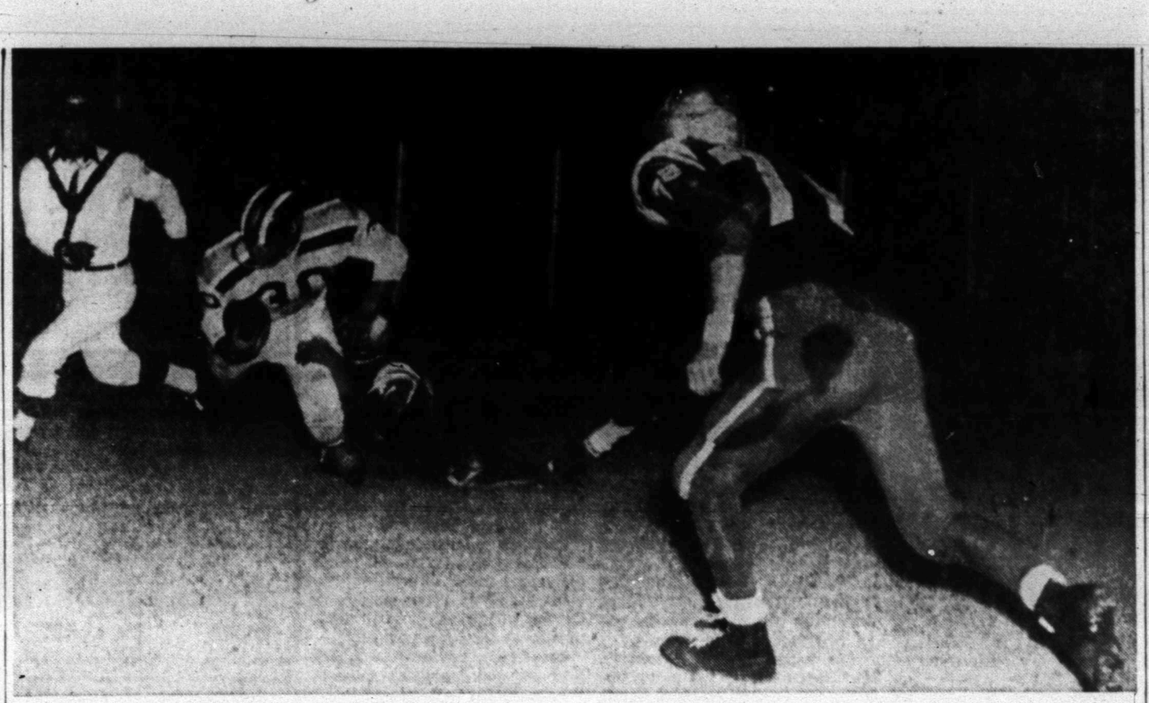

They're in mighty fine condition for boys who get to work so little. The fans call them "Bear-fearing players." They mean that the Aggies call on all their reserve strength when the going gets tough because they have pride—a pride that says they won't let down for their coach.

The 10 who usually play from 40 to 50 minutes each are ends Bobby Marks and John Tracey, tackles Charley Krueger and Ken Beck, center John Gilbert, guard Tommy Howard, quarterback Roddy Osborne, halfbacks John Crow and Loyd Taylor and fullback Dick Gay.

Only at guard are these numerous substitutions and it's because there are few experienced men at these posts. Eight boys have been used at the two positions. "We just have to sort of hide our guards," says Bryant.

COMING AT YOU—Louis Humphry (18), Baylor quarterback, hits over his right tackle and half tripped falls into the on rushing hands of H. G. Anderson (68) Texas left guard, in game played at Austin, as he picked up four yards. Garland Kennon (76), Texas right tackle comes in from the side to help put the stop on. Action is in second quarter of game. (AP Wirephoto)

MICKEY FINDS PAYDIRT—Mickey McGrew, 200-pound fullback, barrells over from seven yards out to climax a 61-yard Tiger touchdown drive in Friday's game at Lake View. McGrew faked a run up the middle and then circled end for the TD. The Chief hanging on to McGrew is unidentified. Tackle Burt Terrill, No. 78, of the Chiefs comes in on the play but too late. The score gave the Tigers a 20-0 lead the Bengals proceeded to a 40-0 victory. (Lee Watson photograph)

Tornadoes Lone Obstacle In Mustangs' 3-AAA Flag Drive

The Golden Tornadoes of Lamesa pose the only obstacle in the District 3-AAA championship drive of the Sweetwater Mustangs.

Sweetwater can do no worse than a tie for the title but she must defeat Lamesa Friday night to clinch a playoff spot. Lamesa is tied with Snyder and Colorado City for second place in the 3-AAA standings, each with 1-1 marks.

Lamesa, even if she should upset Sweetwater Friday, would have to get by Snyder the following Friday to gain a playoff berth. In other words, if Lamesa loses either to Sweetwater or Snyder, the 3-AAA playoff spot would go to Sweetwater.

Both Snyder and Colorado City could still tie Sweetwater for the district title but both lost to Sweetwater which would hand the playoff rights to the Mustangs.

The Lamesa-Sweetwater battle Friday will be played in Sweetwater. The game will wind up the regular season for the Mustangs who finish a week ahead of the other district teams.

In other district action this week the Tigers travel to Colorado City in a game that is due to determine second place in the final standings.

Lake View has an open date this week.

Sweetwater moved a step closer to the 3-AAA flag last Friday with a 34-7 victory over the Colorado City Wolves with fullback James Parker once again leading the Mustangs to victory. Parker ground out 179 yards on the ground against the Wolves to lead both teams in ball carrying.

In the other district game, the Tigers breezed to a 40-0 victory over the Lake View Chiefs with six Tigers getting in on the scoring act.

Following is the District 3-AAA calendar:

DISTRICT 3-AAA STANDINGS
(Full Season)

TEAM	W	L	T	PCT.	PTS.	OPP.
Sweetwater	6	1	1	.812	201	123
SNYDER	6	2	0	.750	193	89
Colorado City	6	2	0	.750	86	66
Lamesa	4	3	0	.571	86	68
Lake View	0	9	0	.000	60	242

(Conference)

TEAM	W	L	T	PCT.	PTS.	OPP.
Sweetwater	3	0	0	1.000	89	34
SNYDER	1	1	0	.500	47	21
Colorado City	1	1	0	.500	20	34
Lamesa	1	1	0	.500	19	20
Lake View	0	3	0	.000	27	93

Last week's results:
SNYDER 56, Lake View 0.
Sweetwater 34, Colorado City 7.
Lamesa (open date).
This week's schedule:
SNYDER at Colorado City.
Lamesa at Sweetwater.
Lake View (open).

Lamesa Nips Tiger B, 13-7

Lamesa came from behind to down the Tiger B team, 13-7, in a game played Saturday night in Lamesa.

After a scoreless first half, Snyder B broke the scoring ice in the third quarter when J. D. Gray scored on a one-yard "dive tackle" play to climax a sustained drive.

The drive covered 65 yards following the second half kickoff but Snyder had to gain 95 yards to reach paydirt since two 15-yard penalties were inflicted against hem during the drive.

Dale Cates passed to Barry Walker for the extra point to give Snyder B a 7-0 lead.

Lamesa returned the ensuing kickoff back to the Tiger B 20 and proceeded to score and tie the game up at 7-7.

Shortly before the third period ended Lamesa again scored to break the tie and the Lamesans held on to the finish.

Snyder B coach Jim Stehley praised the defensive work of end Stanley Woolever and linebackers James Fitzgerald and Lynn Atkinson and Fitzgerald on offense.

The Tiger B teamers meet Big Spring B here Saturday night in their last scheduled game. A make-up game with Colorado City B may be played next week.

49ERS LOSE

Browns Rolling With O'Connell

By MIKE RATHET
The Associated Press

Otto Graham? Who he?

The Cleveland Browns, who bristled with an aura of invincibility while Uncle Otto was lofting TD passes, were supposed to turn into the National Football League's patsies when he made his second "retirement" permanent at the close of the 1955 season.

But Coach Paul Brown went the prognasticators one better and installed the veteran George Ratterman at the helm. He filled in ably until a knee injury signaled an end to his career.

A dejected Brown put out a call for available talent and Tommy O'Connell, former Illinois great, answered it.

It's been O'Connell in the quarterback slot since late 1956 and he's beginning to make them forget the fabulous Graham.

O'Connell tossed two touchdown passes yesterday as the Browns maintained their hold on the Eastern Division lead with a 24-0 victory over Pittsburgh's Steelers.

This, coupled with San Francisco's 37-24 loss to the Los Angeles Rams left the Browns with the best mark in the league, 6-1.

Despite their loss, the 49ers continued to pace the Western Conference with a 5-2 record, one hop ahead of Baltimore and Detroit at 4-3.

The Colts remained in contention with a 21-17 victory over Washington and the Lions dropped Philadelphia 27-16. In the East Giants (5-2) stayed right behind the Browns by defeating Chicago's Cardinals, 27-14.

In the other game on the full program, Chicago's Bears beat Green Bay, 21-14.

Lou Groza opened the Cleveland scoring with a 34-yard field goal, his eighth this season. Then O'Connell took over. He completed 7 of 11 passes for 156 yards and touchdowns to Ray Renfro and Preston Carpenter.

Ten-year veteran Bobby Layne, his injured ribs strapped with tape, came off the bench to win it for the Lions. He threw three scoring passes, kicked two field goals and added a trio of conversions. The Eagles were leading 3-0 when Layne pulled himself together. At one point in the second quarter, Layne completed six in a row, every other one a TD.

Rice Next Stop For Surging Ags

By HAROLD V. RATLIFF
Associated Press Sports Editor

Texas A&M collides with Rice at Houston Saturday in a game that can end the Southwest Conference football race or throw it into confusion.

The odds say it'll all be over when the smoke has cleared and A&M will be headed for the Cotton Bowl as conference champions the second year in a row.

Rice indicated last week, however, there could be some anxious moments for Aggie backers. The Owls whipped Arkansas 13-7 and showed a tough defense the first time this season.

The Aggies stayed undefeated and untied through eight games Saturday when they beat off SMU 19-6.

Should Rice upset the nation's No. 1 team three outfits would be pitched back into the battle for first place if Texas managed to beat TCU and four if SMU flayed Arkansas.

Texas will be meeting TCU at Austin while SMU hosts Arkansas in the Cotton Bowl.

Arkansas is out of the race and so is Baylor. The latter didn't help its cause Saturday when it fought Texas to a 7-7 tie since it already had been eliminated. But it was a blow to Texas, which fell a game and a half away from front-runner Texas A&M.

Baylor hasn't a worry in the world this week. The Golden Bears rest.

BRENHAM, SAN BENITO

2 Triple A Teams Gain Playoffs

By The Associated Press

Six district champions have been determined, another will be decided and 10 more are likely to reach a decision this week in the upper divisions of Texas schoolboy football.

That would leave 15 on the line in the final week of the campaign.

El Paso Austin, Dallas Highland Park, Texarkana and Galena Park will be in the state playoffs regardless of what else happens in Class AAAA.

Brenham and San Benito have reached the playoffs in AAA.

Abilene's Eagles extended their record winning streak to 45 straight last week. They whipped Odessa 19-0 and virtually clinched the District 2 championship. The defending state titlists can win a place in the playoffs by defeating Midland Friday.

Amarillo, Corpus Christi Ray, Dallas Crozier and Austin are other undefeated, untied teams in the class.

Nederland lashed Port Neches 40-14 last week to become the outstanding favorite for the AAA title. It can take its district crown Friday night if it wins over Vidor, which appears to be a foregone conclusion.

The fall of Port Neches left only one undefeated, untied team in Class AAA—Nederland.

Teams that can win their district championships this week are:

AAAA—Abilene by beating Midland, Bellaire by beating Houston San Jacinto, Orange by downing Beaumont South Park, Austin by defeating Austin Travis, and Alice by beating Laredo.

AAA—Sweetwater by beating Lamesa, Breckenridge by beating Weatherford, Garland by downing Fort Worth Brewer, Nederland by beating Vidor, and Cuero by beating Kingsville. Killeen and La-Vega clash for the District 9 title.

This week's schedule by districts with all games Friday and conference unless indicated (nc): Class AAAA

1. Ysleta at El Paso High Thursday. El Paso Bowie vs. El Paso Jefferson.
2. San Angelo at Big Spring, Midland at Abilene.
3. Amarillo at Borger, Plainview at Lubbock Monterey, Pampa at Lubbock Saturday.
4. Fort Worth: Carter vs. North Side Thursday, Poly vs. Paschal Friday, Arlington vs. Tech Saturday.
5. Dallas: Wilson vs. Samuel Thursday, Hillcrest vs. Jefferson.
6. Dallas: Crozier vs. Sunset, Adamson vs. South Oak Cliff Saturday.
7. Denton at Sherman, Denison at Grand Prairie, Arlington at Wichita Falls.
8. Texarkana at Marshall, Tyler at Longview.
9. Houston: Milby vs. Jeff Davis Thursday, Sam Houston vs. Reagan.
10. Houston: Bellaire vs. San Jacinto.
11. Port Arthur at Galveston, Orange at Beaumont South Park.
12. Baytown at Pasadena, Galena Park at Spring Branch, Freeport at Texas City.
13. Waco at Austin McCallum Thursday, Austin vs. Austin Travis.
14. Corpus Christi Ray vs. Corpus Carroll, Edinburg at Brownsville, McAllen at Harlingen.
15. San Antonio Jefferson vs. Tech (NC) Thursday, Harlandale vs. Alamo Heights, Victoria at San Antonio Brackenridge.
16. Laredo at Alice, San Antonio Lanier vs. Burbank Saturday.

Class AAA

1. Hereford at Levelland, Littlefield at Dumas.
2. Andrews at Brownfield, Odessa Ector at Kermit, Pecos at Monahans.
3. Lamesa at Sweetwater, Snyder at Colorado City.
4. Graham at Mineral Wells, Brownwood at Vernon, Breckenridge at Weatherford.
5. Garland at Fort Worth Brewer, Carrollton at Birdville, Diamond Hill at Handley.
6. Gainesville at Greenville, Paris at Sulphur Springs, McKinney at Mt. Pleasant.
7. Carthage at Nacogdoches, Center at Kilgore, Henderson at Jacksonville.
8. Cleburne at Waxahachie, Athens at Palestine, Corsicana at Ennis.
9. Cameron at Waco U, Killeen at La-Vega.
10. Brenham at Aldine, Bryan at Huntsville, Smiley at Conroe.
11. Port Neches at Beaumont French, Vidor at Nederland, Cleveland at Silsbee.
12. LaMarque at Alvin, Lamar Consolidated at Bay City, El Campo at Yoakum.
13. Kerrville at San Antonio North East, San Antonio Edison at New Braunfels, San Marcos at Seguin.
14. South San Antonio vs. San Antonio Edgewood, Del Rio at Eagle Pass.
15. Kingsville at Cuero, Robstown at Port Lavaca, Beeville at Aransas Pass.
16. Pharr at Mission, Weslaco at San Benito.

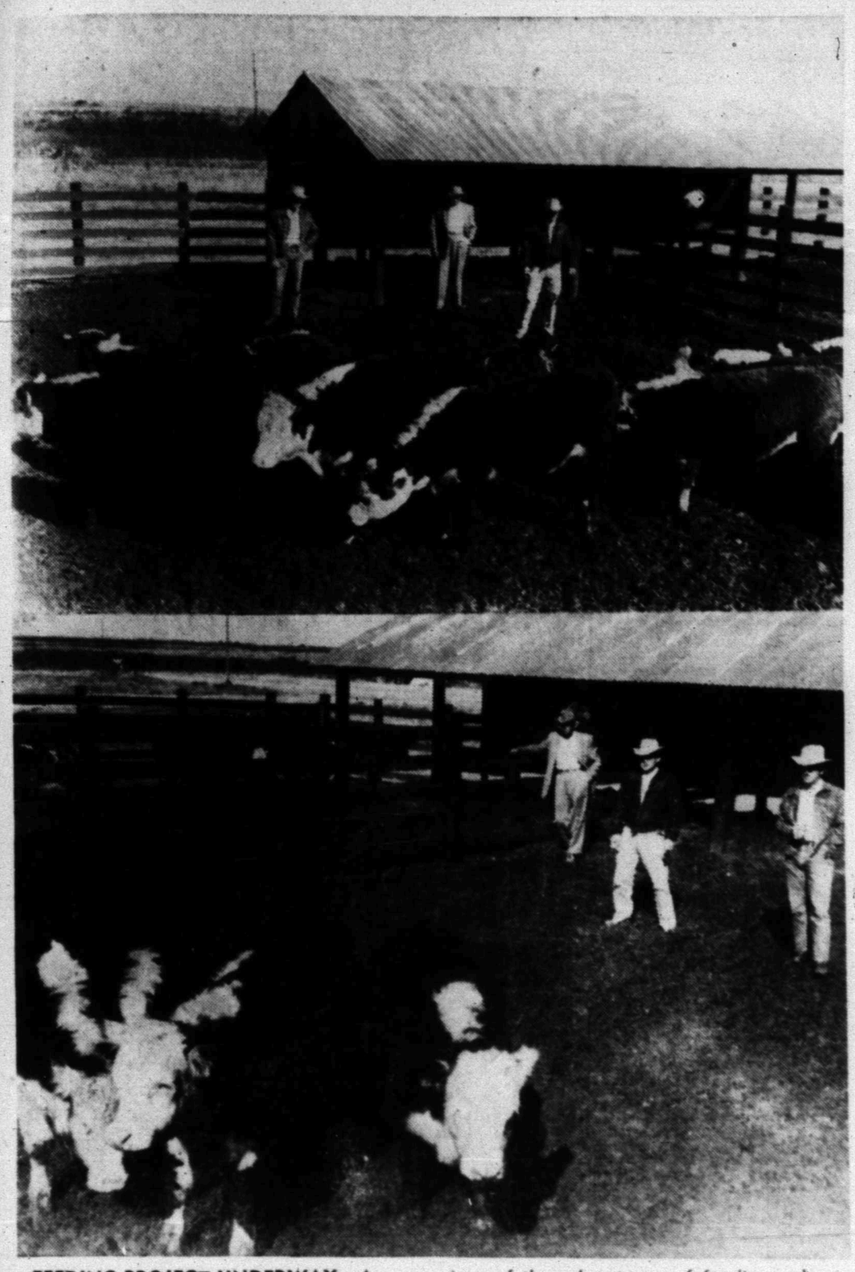

Maj Frank E. Meritt, assistant director of athletics at the Air Force Academy in Denver, played tackle for the Army team in 1943.

FEEDING PROJECT UNDERWAY—A comparison of the advantages of feeding calves on a Purina balanced ration program, and of ordinary feeding without supplements is being made by Ezell-Key Feed & Seed Co., and Ezell-Key Grain Co. In the top picture from left Jack Meholin, district representative of the Purina Co., J. C. Ezell, and Jim Kelley, members of Ezell-Key, look over one group of the calves. That group is being fed by the ordinary feeding methods, and in the lower picture they look over a group which is receiving special feed. (Lee Watson photograph)

Balanced Rations Increase Growth

The advantages of balanced rations in feed-lot feeding of cattle and comparative costs of growing each pound of meat under the balanced feeding and ordinary feeding methods is being proven here in a feeding demonstration.

Ezell-Key Feed & Seed Co., and Ezell-Key Grain Co. is making the experiment here.

Twenty head of Hereford calves were started on the feeding program about three months ago, and already differences in their growth and development are clearly visible to experienced cattlemen.

Jim Kelley, manager of the feed store, said that the group of calves which is being fed on the Purina plan which uses special feed additives to enduce growth is already showing up as a better lot of calves than the other group.

At the beginning of the experiment the 20 head of calves were equally divided by three experienced cattlemen of this area, and each pen of 10 calves have been kept separated since then with one group being fed the Purina plan and the other group being fed by ordinary feed-lot methods. Automatic feeders are used so that any calf in either group can eat all the feed it wants at any time, and a common water tank makes water available to both feed lots equally.

Daily records on the amount of feed consumed by each lot of calves have been kept, and the cost of feeding each group is being carefully computed.

Seizure Of Boy Probed

PONTOTOC, Miss. (AP)—A quiet but intense investigation was underway today into reports that a 16-year-old Negro boy was seized by white men Oct. 31 and is still missing.

There were few details as to when and where the seizure occurred—none at all as to why. State and county officers and FBI agents shrugged off all queries.

The boy was officially reported missing Nov. 4. D. B. Crockett of the highway patrol's identification bureau identified him as Jesse Harvey Bradford of Pontotoc.

Officers would not confirm or deny a report that three white men had been picked up for questioning and taken to Jackson, the state capital, for lie detector tests.

Sooners Open 'Pride Week'

OKLAHOMA CITY (AP)—Oklahomans could pop their vest buttons with official sanction today, the first day of "Pride in Oklahoma Week."

Proclaiming—more than usual—the virtues of the Sooner State will be the order of the day through Saturday, the official end of Oklahoma's 50th birthday celebration.

It was on Nov. 16, 1907 they signed the proclamation making Oklahoma the 46th state.

Highlights of the week include President Eisenhower's brief visit here Wednesday night for a nationally telecast and broadcast speech.

Sputnik's Speed Out-Duels Gravity

By ALTON L. BLAKESLEE

NEW YORK (AP)—Sputniks merrily circle the earth. But a U.S. rocket soaring 4,000 miles high falls back to earth. How come?

Why didn't the American rocket stay up when it went that high? What keeps Sputniks up? The questions still puzzle many people.

Gravity and speed are the main answers.

Gravity usually means that what goes up must come down.

But there's a way of getting around it, through speed. This is what Sputniks do. They travel fast enough so their speed counterbalances the pull of the earth's gravity. So they keep swinging around somewhat like a ball on the end of a string.

For a Sputnik near the earth, this speed has to be about five miles per second, or 18,000 m.p.h.

Our regular moon stays up for the same reason. It travels only about 2,300 m.p.h. But that's just right for a heavy moon 240,000 miles away from the earth. The earth's gravity keeps it on the invisible "string."

To hang a Sputnik in space, you need something more than just speed. You need very good timing and aiming.

If a rocket just goes straight up, it falls down again. The earth's gravity keeps slowing it down, like a brake on an auto. Finally it stops, and falls. Or it makes a long curving flight and falls.

This is what happened to U.S. rockets that went higher than any Sputnik. President Eisenhower said three of them reached heights of 2,000 to 4,000 miles. Where they fell to earth, or the sea, was not said, may not be known.

They weren't aimed to stay up.

To get a Sputnik up, you make the rocket curve so that the last-stage rocket is flying parellel to the earth. It's going about 10,000 m.p.h., at least 200 miles high.

Then the third rocket engine fires off, and boosts the speed to nearly 18,000 m.p.h.

The rocket with its Sputnik tries to go straight, but gravity hauls on it and makes it curve. It circles the earth, with very little air friction to alter its speed.

The angle at which you fire the last rocket determines the orbit—how close or far away from earth it swings.

Many People Are 'Dental Cripples'

By FRANK CAREY
AP Science Reporter

CLEVELAND (AP)—A large proportion of the nation's people are "dental cripples" despite enormous expenditures for dental care, a New York state dental official said today.

"This is the extent of the dental caries (decay) problem," Dr. David B. Ast, director of the Bureau of Dental Health, New York, State Department of Health, told the opening session of the American Public Health Assn.'s 85th annual meeting.

He said the American public spent $1,600,000,000 in 1955 for dental care.

Tooth decay, he said, "affects practically the entire population, starting early in life, and the annual increments of defects occur at a faster rate than the corrections which can be made by dentists."

He said tooth decay could be reduced materially by cutting down on sweets and by brushing the teeth immediately after eating or drinking any food at any time, but he declared both those procedures are impractical.

"Regular and periodic care by the family dentist will not necessarily prevent the incidence of dental caries," he said, "but it could very well prevent the gross destruction of tooth structure and loss of teeth with their concomitant dental problems.

"However, with size of the problem as it exists today, the limited number of dentists available and the high rate of incremental defects, only a small portion of the problem is being met by corrective service."

Advocating fluroidation of public drinking water supplies, he said studies of this technique in the United States and Canada have demonstrated its capabilities of reducing tooth decay by 60 per cent.

Two Men Missing On Small Boat

GALVESTON (AP) — The Coast Guard said last night two Houston men were missing while on their way from Orange to Seabrook in a 16-foot outboard boat by way of the intracoastal canal.

The men were identified as E. B. Collins, 52, and a Doctor Davis.

NEW DELIVERY TRUCK—Zenith Cleaners is always striving to keep right up-to-date in giving the best service possible to its customers. In line with that, the firm has just purchased a new delivery truck for its speedy delivery service. Top attraction at Zenith is a cleaning process which leaves no odor in clothing. (Lee Watson photograph)

Deodorized Dry Cleaning Is A Specialty Of Zenith Firm

The days are past for airing out clothing when they return from the cleaners, at least for customers of Zenith Cleaners, 603 East Highway.

The popularity during the past months of Zenith among Snyder residents who want the latest in cleaning service has been partly due to Zenith's use of Deodorized Apco 125, the most expensive petroleum dry cleaning solvent produced for the cleaning industry.

Through use of the special solvent, exclusive at Zenith, clothing come out odorless after going through the cleaning process. This is especially important with wool and other heavier materials used in much winter clothing. The heavier materials have always held odors which came from cleaning solvents longer then the light clothes.

But the deodorized part is not the only good thing about the special solvent. It cleans at much lower temperatures, which means there is little danger of damage occurred in cleaning processes which involve higher temperatures.

The best advantage, of course, is in Zenith's offering it as a part of regular services. There is no extra charge to the customer for use of Deodorized Apco 125, even though it costs Zenith more, according to Shelby Coker, Manger.

In addition to using that special solvent, Zenith is widely known as a Sanitone cleaner. The firm uses the nationally-advertised Sanitone soap, seen in all the leading magazines, and only one cleaner in each city can use Sanitone.

Also adding to Zenith's popularity, including cleaning and refinishing leather jackets, making them look like new.

Rapid service on both cleaning and delivery are advantages of use of Zenith for cleaning service.

Zenith cleans and blocks hats, giving them new linings and factory-type blocking.

Coker invited residents who have not known the advantages in the deodorized solvent and other specialties at Zenith to give them a try.

Ingrid Won't Talk About Separation

LONDON (AP) — Ingrid Bergman arrived in London last night to work on a new film and refused to discuss her break with her husband, Roberto Rossellini.

Her eyes filling with tears at a question about her legal separation last week from the Italian director, the actress said:

"There has been too much reaction to our decision."

The reaction, she added, was "not much more considerate than it had been before," apparently a reference to the publicity which accompanied her affair with Rossellini nearly eight years ago while she was still married to Dr. Peter Lindstrom.

Miss Bergman said her three children by Rossellini would remain in Rome until she finds an apartment in London. She said she expected to remain in the British capital at least six months but "I'll go back to Italy now and then . . . on and off." She added she has no plans to go to Hollywood. Miss Bergman also denied a Stockholm report that she plans to marry Lars Schmidt, a wealthy Swedish impresario. The actress was met at the airport by Cary Grant, her costar in the coming film comedy "Kind Sir."

Recruited Entrant Takes First Prize

SAN FRANCISCO (AP)—The first "Pauline Bunyan Log Cutting Contest" started shakily when it was found there were more prizes than contestants. The sponsors recruited petite Mrs. Jean Davis of Arrostook County, Maine, from the crowd to compete. When the sawdust settled, Mrs. Davis had won first prize.

Valley Citrus Crop Is Up 50 Per Cent

MCALLEN (AP)—A 50 per cent increase was predicted for Lower Rio Grande Valley citrus this year and the Texas fruit should become a factor on U.S. markets for the first time since the 1951 freeze.

A freeze struck the valley in January, 1951, and stopped the fruit business. Department of Agriculture surveys showed all but about 3,675,000 of the 13,000,000 fruit trees were killed.

The USDA estimated the Valley would produce four million boxes of grapefruit and 2.2 million boxes of oranges this season. The estimate represents only about a third of the Valley's output in the late 1940's but shows gains.

Until two years ago shipments of Texas fruit were limited to a small area with Florida taking over practically the entire field.

For four years after the big freeze the only markets receiving valley citrus in quantities were Texas, Oklahoma, Kansas, Nebraska and Iowa. Orders were being shipped this year to 16 states west of the Mississippi.

The quality of this year's fruit also has improved.

Burgess Cook and Dallas Ingle, in charge of the citrus maturity inspection program for the Department of Agriculture, said practically all oranges and about 85 per cent of the grapefruit inspected were passing the maturity requirements. A ratio of nine parts sugar to one part citric acid is required to pass the test.

Early oranges this year were showing as much as 16 parts of sugar to one part of citric acid compared with a top ratio of 11 or 12 to one last year.

The larger size and extra sweetness was expected to qualify more of this year's fruit for the more profitable fresh fruit market.

Family Reunited After 11 Years

CHICAGO (AP)—A reunited family today marked the end to 11 years of separation, 11 years spent by the American father in seeking to free his Lithuanian wife and two children from a Communist labor camp in Siberia.

William Gavcus, 47, a naturalized American, greeted his happy family at Midway Airport yesterday.

Seeing them for the first time in more than a decade, he was speechless with emotion.

"Everything dimmed — I was in tears," he told newsmen.

"I'm just beginning to come to. I am the happiest man in this whole, wide world. I do not have the words to express myself."

Monika, his 44-year-old wife, took it calmly. So did their daughter Ruthia, 16, and son Romualda, 13. Neither Mrs. Gavcus nor the children speak English but they chatted happily in Russian and Lithuanian.

Gavcus married Monika in 1939 on a trip to his native country. He had to leave his family behind when he returned to the United States in 1946, he said. He began then to plead with officialdom to bring the family together on American soil.

Three years after they separated, the wife and children were sent to a collective farm in Siberia. Gavcus intensified his appeals. He asked an attorney from New York, Marshall MacDuffie, to help.

MacDuffie, a former United Nations official, took the appeal personally to Soviet party Boss Nikita Khrushchev, but he met with little success.

Eventually MacDuffie asked Mrs. Franklin D. Roosevelt to intercede. She too spoke directly to Khrushchev.

This year the family was released. Gavcus, who operates a liquor store in suburban Oak Park said he financed most of the Siberia-to-Chicago trip himself.

The wife of the Lithuanian consul, Mrs. Petras Dauzvardis, said this was the first time the Soviets have released anyone from Siberia to settle in the United States.

Young Demos End Session

RENO, Nev. (AP)—The nation's Young Democrats ended their convention early yesterday with the election of Nelson Lancione of Columbus, Ohio, as the new president.

One of several resolutions adopted called for "vigorous enforcement" of laws governing civil rights, saying that racial discrimination is "a disgrace" whether in Little Rock, Ark., or Levittown, Pa.

Chiengcan Richard Crawford, first Negro ever to hold office in the organization, was elected vice president.

Rejected was a resolution calling for the recognition of Red China.

Others adopted called for: Endorsement of statehood for Hawaii and Alaska; opposition to "right-to-work" legislation; reinstatement of GI bill educational provisions; opposition to any income tax cut at the expense of "necessary national defense; a 100 per cent parity of income for farmers.

Ice Cream Yield Hiked

WASHINGTON (AP)—The Agriculture Department said today the increase in production of ice cream last year exceeded that of mellorine, a major dessert competitor.

Ice cream production increased 2 per cent while that of mellorine increased only one per cent. Mellorine is made with fats and oils other than milkfat, principally vegetable oils.

Some elements of the dairy industry have been fighting expansion in the production of mellorine products. Some states bar their manufacture and sale. Production last year was confined to Alabama, Arkansas, California, Illinois, Missouri, Nevada, South Carolina, Montana, Oklahoma, Oregon and Texas. Texas is far out in front as the production leader.

Chinese Girl Is Starting A New Life

BOSTON (AP)—A new life in a new freedom-loving country began today for a 9-year-old Chinese girl who was smuggled out of Red China to be reunited with her parents here after a separation of 8½ years.

Aurora Way flew in yesterday and was smothered in the arms of her mother Mrs. John Way.

The tot's beaming father presented his daughter with a toy poodle and a stack of comic books.

Aurora was left with her grandmother in Shanghai in 1949 because she was too ill at the time to accompany her parents when they came to Boston for a visit.

Shortly after the Ways departed, the city was captured by the Communists. They declined to allow the child to join her parents.

Last winter Aura was smuggled out of the country in the hold of a Chinese Junk. She was taken to Hong Kong, where immigration laws barred entrance to this country.

Later Sen. Leverett Saltonstall (R-Mass) was able to persuade authorities to allow her to come to America.

Yesterday she flew from San Francisco to Boston's Logan International Airport for the reunion.

Way To Close 'Gaps' Talked

SAN FRANCISCO (AP)—The gaps between Asia and America remain wide, but America's largest conference on Asia detailed ways to close them.

The sixth National Conference for UNESCO ended Saturday with a warning by India's First Lady, Mme. Vijaya Lakshmi Pandit, that "half the world cannot move around in oxcars while the other half rides in Cadillacs."

Closing the oxcart-Cadillac gap was only one small phase of the conference, where 1,500 Americans attacked the problem: "Asia and the United States—What the American citizens can do to promote mutual understanding and cooperation."

Greetings from President Eisenhower, Japanese Prime Minister Nobusuke Kishi, Philippines President Carlos Garcia and other chiefs of state underlined the urgency of the conference.

Mme. Pandit, India's high commissioner to the United Kingdom, cited these reasons for lack of Asian-American understanding:

1. American ignorance of Asia. Asians also don't know what America is all about, she said.
2. Racial prejudice in the United States, which she conceded hits Asians with "disproportionate impact."
3. Resentment of Asian national experiments in socialism. "We in Asia . . . must develop our democracies according to our own conditioning and our own needs."
4. The oxcart-Cadilliac gap, which she called "an inbalance (of) . . . far greater danger to the world than the deadliest weapons of destruction."

One panel group suggested doubling U. S. aid to the United Nations Educational, Scientific and Cultural Organization every two years for a decade.

Delegates agreed economic aid must continue and be expanded but with more attention to Asia's real needs than to what Americans think Asia needs.

Also that more and better news, both ways, is needed; so are more movies, books, art forms and personal contacts, they said.

Runaway Barge Smashes Trestle

OGDEN, Utah (AP)—A runaway steel barge, loaded with tons of rock, rammed a 60-foot hole through the historic Lucin Cutoff breaking loose from its tug.

A cattle train headed west out of Ogden was halted before it reached the break, 30 miles west of here.

The cutoff, a 12-mile wooden Southern Pacific tracks across the Great Salt Lake.

Train crews hoped to have the cutoff back in service by tomorrow. Trains were being detoured around the lake in the meantime.

Queen Victoria gave birth to nine children.

'Vagabond' Thinks Ballads To Endure

DALLAS (AP)—Ballads will always be popular despite trends such as rock 'n roll, says oldtime country music singer Herald Goodman, a member of the "Original Vagabond Trio" of radio fame in the 1930s.

As evidence, Goodman points to a planned revival of the song that made his group famous—"When It's Lamp Lighting Time in the Valley." The death of guitarist-singer Curt Poulton, a member of the trio and co-author of their theme song, brings back memories of the vocal group who were among the first country singers to climb to stardom. Poulton died Saturday in St. Louis.

"There never has been an age in the history of popular music that hasn't had the ballad, even with all the trends," Goodman says.

He classifies as examples the songs made famous by the Vagabonds on the "Grand Ole' Opry" and other radio network shows.

"We're still getting royalties off 'Lamp Lighting Time' from all the English-speaking countries in the world," said Goodman, 57, who operates a drive-in theater here.

He said more than a million copies of the song were sold in sheet music form and it is now being arranged for a revival by a leading male singer.

Other songs written and introduced by the trio include "Little Mother of the Hills," and "99 Years is Almost for Life." Although such songs would be classified as "hillbilly" music today, Goodman said they were known as country ballads in the '30s.

"We were restricted from using the word hillbilly then because it offended people of the Old South."

The trio broke up after nine years on radio in 1939. The third member, Dean Upshur, now operates a radio station in Bessemer, Ala.

Goodman says rock 'n roll derives from country music and some of its leading exponents will probably last even though he thinks the trend itself will die.

Of Mr. Rock 'n Roll himself, Elvis Presley, Goodman says: "The boy has talent. There's no doubt about that. And I think if Elvis and his management are as smart as they seem to be, he will settle down and sing ballads and other general type songs."

Five gallons of gasoline in Canada, imperial measure, equal six gallons in the United States.

Graham Preparing For Frisco Crusade

SAN FRANCISCO (AP) — Evangelist Billy Graham will begin today preparing California for his San Francisco crusade scheduled for next April.

Graham, who arrived yesterday, will meet today with 1,000 northern California ministers. Wednesday he will go to Hollywood for a meeting with some 600 stars and producers.

The six-week crusade will be held in San Francisco's Cow Palace.

Esdaile, Wis., lies at the foot of an' "S" shaped valley and is in a river dale. That is how the town got its name.

Krushchev's Spot Likely Precarious

LONDON (AP)—George F. Kennan says Nikita Khrushchev has "achieved the pinnacle of power he wanted" but his position is very precarious.

Citing the demotion of Marshal Georgi Zhukov, Kennan declared in a radio address: "Khrushchev has now offended and estranged from the central political process, one by one, the intelligentsia, the industrial managers and a portion of the officers' corps of the armed services.

"Plainly this is not a stable situation. I cannot believe that it will be of long duration."

Kennan, former U. S. ambassador to Moscow and one of the leading American authorities on Soviet affairs, was giving the first of a series of lectures on "Russia, the Atom and the World" for the British Broadcasting Corp.

The former diplomat is a staff member at the Institute for Advanced Study at Princeton, N. J., and this year is a visiting professor at Oxford University.

"The pattern which we are obliged to discern on the Russian internal scene is a mixed one," he said. "Economic progress — yes, but against a background of deepening crisis on the political front, crisis in the relationship of the senior figures to each other, crisis in their relationship to the people over whom they rule. . . ."

Kennan said the political crisis was "not likely to come to a head tomorrow" but that it was "not readily to be resolved by anything short of complete cultural and political freedom."

Cornerstone Too Large

LONG BEACH, Calif. (AP) — Bricklayers' faces were as red as the brick in their new union hall.

Members of Local 13 of the Bricklayers, Masons and Plasterers International Union gathered yesterday to lay the cornerstone and dedicate the building.

Secretary John J. Murphy of Washington, D.C., laid the mortar in the hole prepared to receive the granite stone.

Brother bricklayers hoisted up the stone. It was too big for the hole.

So they carted it back to the old union hall and rescheduled the ceremonies for Nov. 20, by which time the hole will be enlarged.

Woman Shot While Attending Church

LOS ANGELES (AP)—A woman sitting in church was accidentally shot in the head last night.

Police said Mrs. Lula Glenn, 50, was wounded critically when Tommy Tophia, 36, discharged a pistol during an argument across the street from the church.

The bullet passed through the church's open door. Tophia was booked on suspicision of attempted murder.
