

Lowe Takes Over Proposed Wildcat In Central Midland

Ralph Lowe of Midland has filed an application with the Railroad Commission of Texas requesting a permit to start operations at once on its No. 1 J. E. Hill, which is to be a 13,500-foot wildcat in Central Midland County, five miles southwest of the city of Midland.

The venture will be 660 feet from northwest and 1,980 feet from northeast lines of section 30, block 39, T&P survey, T-2-S. It is slated to explore the Ellenburger.

This prospector is on a lease which has been owned by Magnolia Petroleum Company. Magnolia filed an application with the commission several days ago for a permit to drill at this same site.

Near No. 2 Parks

However, after the application was filed and before Magnolia started operations on the wildcat a deal was made between that concern and Lowe for him to drill the well.

Exact details of the transaction have not been reported.

This exploration will be approximately five miles northeast of Magnolia No. 2 Parks, recently completed flowing discovery from the Ellenburger.

Union No. 1 Cotton Is Coring In Lime

Union Oil Company of California No. 1 Laura Cotton, new reef discovery in Central Terry County, is coring ahead in lime.

On a core from 10,002-033 feet, recovery was 31 feet of lime with no description reported.

This well previously had indicated for a new discovery when it flowed oil on two drillstem tests.

The No. 1 Cotton topped the paying lime zone at 9,902 feet and has proven pay down to 10,002 feet.

Location is 660 feet from east and 1,980 feet from north lines of section 91, block T, D&W survey. It is four miles southeast of Brownfield.

C-S Borden Prospect Gets New Operators

Castleman & O'Neill of Midland and Walter Duncan No. 1 L. D. Rogers, wildcat in Central-South Borden County, has been taken over by L. H. Armer and Marvin Leonard, both of Fort Worth, who will attempt to complete the venture as a pumper.

The No. 1 Rogers is bottomed at 8,025 feet, and has been waiting on orders for the past few days after encountering water at that depth.

Varying amounts of oil were recovered on the swab in a thin reef lime section topped at 7,947 feet.

Armer and Leonard will try to complete from this zone.

The No. 1 Rogers is four miles east of the Vealmoor-Canyon pool and in section 29, block 31, T-2-N, T&P survey.

Salt Creek Outpost Recovers O&G Mud

Spartan Drilling Company and others No. 1-116 Young, southwest outpost to the Salt Creek-Canyon field in West-Central Kent County, is drilling ahead after recovering 190 feet of oil and gas cut mud on a drillstem test of a Pennsylvanian lime.

The test was taken at 6,904-35 feet. Tool was open one and one-half hours. Operators then cored from 6,935-45 feet. Recovery was hard, dense, tight lime with no shows.

The No. 1-116 Young is one mile west of the nearest producer in the Salt Creek field, and in section 116, block G, W&NW survey.

SE Crosby Wildcat Gets Deep Water

Deep Rock Oil Corporation No. 1 Morgan Jones estate, Southeast Crosby County wildcat, 12 miles south of Crosbyton, is at a total depth of 8,761 feet in Ellenburger lime, and is circulating while waiting on orders.

After topping the Ellenburger at 8,730 feet, on an elevation of 2,723 feet, the prospector drilled to 8,761 feet and ran a drillstem test.

Recovery was reported by unofficial sources to have been 2,430 feet of salt water. No shows of oil or gas were reported.

Location is 467 feet from south and west lines of section 114, block 8, H&GN survey.

No shows of possible production have been reported from this wildcat in any of the upper horizons.

Irion Prospect DST's In Ellenburger Zone

Central-East Irion County's prospective discovery, Wilshire Oil Company and Balboa Oil Company No. 1-A Brooks, is bottomed at 7,246 feet, preparing to take a drillstem test.

The test will be over a cored section at 7,210-46 feet in Ellenburger dolomite. On an eight-foot core recovery from 7,236-46 feet, the dolomite showed slight oil stains and

Alies Beat Back Ko-Red Attacks

FBI Arrests Eighth Atom Spy Suspect

LAREDO, TEXAS —(P)—Morton Sobell, unshaven, stocky radar expert from New York City, was arrested Friday on charges of passing defense secrets to Russia.

The 33-year-old electrical engineer fled to Mexico last June when FBI agents began rounding up suspects in the alleged Klaus Fuchs-Harry Gold espionage ring. The FBI announced in Washington Friday that he had been deported from Mexico.

Apparently Sobell, unshaven and his hair awry, walked into the arms of FBI agents as he crossed the border into the United States here early Friday morning. He was wearing a dark green sports shirt and brown trousers.

FBI agents here surrounded the arrest with unusual secrecy. They refused to discuss just when Sobell was arrested, or where or when. Records of the Webb County jail show he was brought in at 3:45 a. m. Friday.

U. S. Commissioner Frank Y. Hill set bond at \$100,000 at a hearing here Friday. Sobell is charged formally with conspiracy to violate the 1946 Espionage Act. He made no plea at the hearing.

Sobell commented that he "had no rich uncle" to raise the bail. The engineer waived removal proceedings and indicated that he

Giles Claims States Better Qualified To Manage Tidelands

WASHINGTON —(P)—The Interior and Justice Departments gave their approval Friday to proposed legislation for temporary oil operations in lands beneath the marginal seas.

In reports to the Senate Interior Committee, the two departments objected, however, to amendments sponsored by a committee of offshore oil operators and designed to give more permanency to existing leases.

Secretary of Interior Chapman said continued production of oil and uninterrupted exploration work of utmost importance because of the international situation.

Both departments urged validation of existing state leases in Texas, Louisiana and California be limited to those in effect prior to June 23, 1947. On that date the Supreme Court ruled California did not own the submerged lands off the California coast.

The O'Mahoney bill under study by the committee would validate leases in effect on Dec. 21, 1948.

Cites States' Experience
Texas Land Commissioner Bascom Giles, California Attorney General Fred Howser, Louisiana Attorney General Bolivar Kemp and Walter Johnson, Washington representative of the National Association of Attorneys General, were among those still scheduled to be heard.

Giles agreed in a prepared statement with O'Mahoney that something should be done to quiet the present uncertainty which both say is retarding offshore oil operations, but disagreed on the federal government taking over interim control.

He pointed out that the states most affected—Texas, Louisiana and California—have had long experience in leasing lands for oil exploration and said they "are better qualified to continue to administer them than would be some federal agency which would have little knowledge" of problems involved.

All existing leases should be continued, he said, and future leases should be granted under existing state laws. He recommended that all revenues received under both existing and future leases be impounded pending permanent legislation by Congress.

Giles recommended that states retain the moneys already received from operations on the submerged lands.

Absentee Ballots Total 51 Friday

Absentee ballots cast for the second Democratic primary totaled 51 shortly before noon Friday with the deadline only four days away.

Balloting via the absentee route will close Tuesday, August 22.

County Clerk Lucille Johnson again appealed to voters who plan to vote absentee to get their ballots in early in order to avoid a last-minute rush.

Texas Crude Flow Set At Record High

AUSTIN —(P)—The largest Texas oil flow in history is authorized by the Railroad Commission for September.

The commission's proration order issued Thursday will permit an increase of 202,836 barrels daily over current allowable to boost total permissive production to a record-smashing 2,823,720 barrels daily.

The commission estimated eight per cent underproduction and new discovery wells would bring an actual crude oil flow of about 2,630,000 barrels a day next month. That would be about 100,000 barrels more than the previous all-time high set in December, 1948.

23 Producing Days

An estimated production of 305,644 barrels daily of natural gas, gasoline and distillate next month would boost the state's total flow of all petroleum liquids to 3,129,364 barrels a day, the commission said. That is about 150,000 barrels above the previous record.

The increase came by increasing the state generally from 21 producing days to 22 days and raising East Texas from 19 days to 21 days. The five reef lime fields of the Scurry County area also were returned to the same proration formula as the rest of the state. Last month they had been held back because of limited pipe line capacity. A new line was being completed in the area this month.

This record rate of production may possibly exceed pipe line capacity in West Texas and may have to run into storage, but an in-

Dr. George Morgan Dies In San Angelo

SAN ANGELO —(P)—Dr. George Dillon Morgan, 56, San Angelo oil operator and member of the State Board of Education, died of a heart ailment Friday at his home here.

Dr. Morgan had been suffering a heart ailment for three years, and had a slight attack Thursday night. Funeral services will be held here Saturday.

Dr. Morgan began his geological career for the Empire Gas and Fuel Company and did geology work in many areas of the United States, Mexico and Columbia.

He later served with the land and geological departments of the Dixie Oil Company, a Standard of Indiana subsidiary, in Texas, and advanced to the office of vice president. In 1919 he mapped for Empire what now is the Oklahoma City oil field.

Dr. Morgan moved here in 1930, resigning as vice president of Dixie, and organized the Cardinal Oil Company, with Claude E. Aikman and James V. Schilling. This firm developed production in Pecos, Upson and Howard Counties.

Dr. Morgan was chairman of the board of the Cooper Oil Company, with production of gas and oil in the Page field of Schleicher County.

Know You're Coming So Will Bake A Cake

McCAMEY—They know you're coming, so they are baking a cake. And what a cake!

J. W. Hayes, McCamey baker, and his helper, Doug Thomas, oil company employee, are building a 500-pound cake for the big Silver Anniversary Jubilee scheduled here Friday and Saturday.

The two say the huge mixing bowls would scare the daylight out of any housewife and she would be afraid to tackle the job. The baking project was started Wednesday. The two bakers are guarding the cake with true pride.

"MURRAY: MOSKOWITZ: MANGIOTTA"—One look at the intent faces of these G.I.'s listening to a mail call in South Korea and you'll know why word from home is so important to them. Fighting a vicious enemy in a strange land, thousands of miles from their homeland, their only connection with a peaceful way of life is the letters they receive.

Cool Front Trails Widespread Rains, Tornado At Kilgore

Turbulent weather conditions which produced a small tornado and widespread rains in upper Texas Thursday were centered in the south-central portion of the state Friday.

The twister tore a path a quarter of a mile wide through the north edge of Kilgore, causing one death and heavy property damage.

Chief of Police Otis Whittington said the storm blew over at least 12 oil derricks, and unroofed as many houses.

A cool front moving into the state from the north was responsible for Texas' misbehaving weather.

Friday, the front ran along a line from Wink eastward through Junction, San Antonio and Lufkin. The U. S. Weather Bureau forecast scattered thundershowers along the front and immediately south of it.

The Kilgore storm whipped in from the west during a severe rain storm about 2:30 p. m.

Whittington said Bruce Englewood, 19, was electrocuted when a power line fell on him as he left his house just after the tornado.

The police chief said most of the damaged oil wells belonged to independent operators. One derrick fell across a house, slicing off the rear section of the residence. He said no overall estimate of damage had been made.

"Gas was spewing from some of the wells but not enough to cause much danger of fire," Whittington said.

Rain reports Thursday included: Winters 1.50 inch, Abilene 1.12, Ballinger .50, Amarillo .20, Dallas .38, Big Spring .25, Presidio .12, Ozona .53, San Angelo .33, Wichita Falls .6, Midland .44, Mineral Wells .32, Marfa .54 and Texarkana .29.

For thousands of heat-suffering North Texans the cooler weather was a blessing. Temperatures dropped down into the fifties early Friday in parts of Texas—to 52 degrees at Guadalupe Pass, 56 at Amarillo and 59 at Salt Flat and Lubbock. At Marfa, the temperature never rose above 77 degrees Thursday, while Laredo and Cotulla recorded a high of 101.

Business Director Of MHS Called To Active Navy Duty

To leave Midland Sunday for active duty with the Navy is William D. Pitman, director of business for the Midland Independent School District for more than a year.

Pitman, a member of the active naval reserve, is to leave Midland by plane Sunday for San Francisco, where he is to report Monday.

He served in World War II as a naval Chief Petty Officer, and received his reserve commission last November.

First orders were received August 11, calling for a physical examination in Dallas August 12. Pitman passed the examination, and received 10 days to wind up his affairs.

Pitman is married and the father of a three-year-old son. His home, completed in June, is at 1805 North Main Street. He taught at North Texas State College in Denton for two years before coming to Midland in June 1949.

McCamey Jubilee To Open Friday

McCAMEY—This Permian Basin community will celebrate Friday and Saturday. It's the twenty-fifth anniversary of McCamey, the Silver Jubilee anniversary, no less.

A special guest for the two days will be George B. McCamey of Fort Worth, for whom the city was named.

Area sheriff's posses will vie in roping contests to open activities Friday afternoon. That night a bathing beauty revue is slated to select a "Miss McCamey."

A street dance also is booked Friday night.

The big parade is scheduled Saturday morning. It will be followed by a free barbecue and the cutting of a 500-pound birthday cake.

All West Texas is invited.

Bodies Of Atrocity Victims Recovered From Bloody Hill 303

U. S. FIRST CALVARY, KOREA —(P)—Bodies of 39 American soldiers victims of Red battlefield torture killings were recovered Friday from bloody Hill 303. Their hands and feet were bound with rope, wire and shoestrings.

Three American soldiers who survived the mass execution identified two Red Korean prisoners as having been among the group that bound and executed 32 American mortar men. They tentatively identified a third Red captive as having been in on the slaughter.

Army officials said the accused slayers would be tried as war criminals.

Seven tankmen and the 32 mortar men—39 in all—were executed by the Korean Reds on the hill before U. S. cavalrymen recaptured it.

Bodies of the seven tankmen were found on the road near their two wrecked machines.

"Their faces were blackened as if gasoline had been thrown on them and set afire," said Pfc. Robert S. Mauro of Revere, Mass., a stretcher jeep driver.

Government Orders Surplus Sale 'Freeze'

WASHINGTON —(P)—The government Friday ordered a "freeze" on the sale of its surplus property.

The reason: All property will be looked at again to see if it is needed for defense.

The freeze order covers war plants and supplies, equipment and material, civilian and military alike—regardless of previous authority for disposal.

Rain Showers Lower Temperatures Here

Spotty rain showers in Midland and vicinity Thursday brought on a break in temperatures Friday.

The City Barn reported 11 inch fell during the last 24 hours to boost the week's total to 44 inside the city.

The CAA office at Terminal gauged .74 inch Thursday, making the week's total there 1.04 inches.

★ LATE NEWS FLASHES ★

MIAMI —(AP)—The 7,247-ton steamship Russell R. Jones caught fire Friday while battling gale winds and tumbling seas from the hurricane skirting Florida.

WASHINGTON —(AP)—The Senate Public Works Committee—acting in accord with President Truman's request—Friday cut \$120,000,000 from a federal highway aid bill.

EL PASO —(AP)—Enrique Ricard, a Spanish refugee whom Mexican authorities said broadcast coded messages to Russia, was held in jail in Chihuahua City, Mexico, Friday following a raid on a hidden radio station.

WASHINGTON —(AP)—Senator Wiley (R-Wis) said Friday Senate crime investigators are going to look into reports of tie-ups between "national politicians"—including members of Congress—and gangsters.

WEATHER

Partly cloudy with scattered thundershowers Friday night and Saturday. Not much change in temperatures. Maximum temperature Thursday 90 degrees. Minimum Friday 63 degrees.

Yanks Score Advances In Two Sectors

TOKYO —(P)—Allied troops, tanks, artillery and air bombs turned two Red Korean thrusts—42,000 men—away from threatened Taegu City Friday.

South of Taegu a crack Red Korean division took what an American general called a "hell of a licking" at the hands of U. S. Marines and infantrymen.

The city itself was turned into a steel-rimmed fortress by an Allied evacuation order sending more than a half-million civilians trekking away as refugees.

The South Korean government also was sent away to establish its new refugee capital elsewhere.

The war-swollen populace was removed mainly so it would not get underfoot in military operations—and to reduce the possibility of uprisings by infiltrated Communists among the refugees.

A thrust by 30,000 North Koreans was stopped 12 miles north of Taegu by South Koreans.

Then American and South Korean troops lunged at the big Red

Water Rig Nitro Blast Kills One

L. S. Clifford, 49, of Odessa, an employee of the M. O. Davis Water Well Company of Odessa, was killed instantly early Friday when a charge of nitroglycerin exploded prematurely while he was lowering it into a water well five miles south of Warfield in Western Midland County.

Davis, standing near the well, was thrown to the ground by the blast but escaped injury.

Hubbard Funeral Home of Odessa, in charge of the body, said the accident occurred about 8:30 a. m. Clifford's body was blown to bits by the blast.

Funeral arrangements were incomplete at noon Friday.

Clifford is survived by the widow, a son and a daughter, all of Odessa.

Chance To Help Little Boy To Happy Birthday

Here's an opportunity for Midlanders and Terminal folks to help a little boy have a happy birthday. The little boy is Jerry Smith of Terminal, who will be eight years old Sunday. His home is Building T-183 there.

Jerry has had more than his share of hard luck. He has been confined to bed since May 1 with a kidney ailment.

Friends pointed out that Jerry's parents have been put under a heavy financial strain in their efforts to provide medical attention for their son. There was a costly operation and many weeks of hospitalization.

But they haven't complained. Nor has Jerry. For that reason and in the name of a good neighbor spirit, their friends urged outside assistance in helping the brave little boy have a happy birthday.

Midland individuals and organizations, please take notice.

U. S. Accepts Turks' Offer Of 4,500 Men

WASHINGTON —(P)—The United States Friday accepted Turkey's offer to send a combat force of 4,500 men to Korea.

The State Department in announcing the acceptance said the United States is "deeply gratified" at Turkey's offer.

The Turkish offer is the third to be accepted formally by the United States. Thailand's offer to send 4,000 officers and men was accepted earlier this week as was a Philippine offer to send a regimental combat team of about 5,000 men.

Korean War At A Glance

By The Associated Press
EASTERN FRONT: South Koreans capture Kyrie and Pohang, permitting U. S. planes once again to use important air strip.

NORTH CENTRAL FRONT: Allied planes, tanks and troops stall drive by 30,000 Reds on Taegu and then counter-attack, rolling up gains. Evacuation of Taegu, ordered to turn it into all-military base.

SOUTH CENTRAL FRONT: American Marines and doughboys give Red Fourth Division a "hell of a licking" in Changan-yong sector, 33 miles southwest of Taegu, taking back strategic high ground and chasing many Reds back across Nakdong River from their bridgehead.

SOUTHERN FRONT: Americans repulse enemy attack, take back lost ground in fierce, close-quarter battle west of Masan on extreme south of battlefield.

AIR WAR: U. S. and Australian planes give close and heavy support to ground troops, rip up enemy equipment. B-29's take off for new raids on enemy communications. U. S. cruiser ramms Tan-chon in far North Korea, hitting rail yards with heavy guns.

force Friday night with a blazing counter-attack.

At Changan-yong, where 12,000 North Koreans had bulged eastward on the Allied bank of the Nakdong River 23 miles southwest of Taegu, American Marines and doughboys whipped the Communists in a bitter battle. Many Reds retreated back across the river, abandoning their weapons in panic.

Maj. Gen. John H. Church, commanding the joint Marine-infantry attack at Changan-yong, was jubilant over what his troops had done to the Reds.

Two South Korean divisions stalled the 30,000 Communists north of mountain-walled Taegu Friday morning. One of them, the South Korean First Infantry, pounded on the Reds in a counter-attack immediately after the battle.

Continued On Page 12

'Jury Wheel' In Operation Here

Midland County's next jury will be chosen from a jury "wheel."

Following report of the census director, the county has been authorized to inaugurate a new system for choosing juries for county and district court sessions.

Previously the juries in this county were chosen by a jury commission, appointed by the judge. Under the new system, a revolving metal jury box, containing the names of all Midland County jury eligibles, will be used. The names will be drawn from the box in the presence of the sheriff, tax assessor-collector and district clerk and district judge, if the jury is for district court. If a jury is needed for county court, the names must be selected in the presence of the sheriff, tax assessor-collector, county clerk and county judge.

Under state law, cities with populations of 20,000 or more must select juries from the jury wheels. The Midland County jury wheel was made by an Odessa firm.

Mrs. Nettye C. Romer, district clerk, said the names of about 4,490 Midland County men already have been placed in the wheel.

Old Platter And Lanza Patter
Work Successful Record Ruse

By ERSKINE JOHNSON
NEA Staff Correspondent
HOLLYWOOD — Not in the script:

Dennis O'Keefe tells about the time his agent tried to sell him to a producer for a \$1 million production.

"Dennis is perfect for the role," said the agent. "He's never made a picture that's lost money. His last four are still mopping up."

The producer shrugged, sat back in his chair and said: "What's the trouble. His pictures make money. I'm not interested in little pictures that make money. I'd give the picture to Dennis O'Keefe in one minute if he had just appeared in one lousy prestige stinker."

A Record Try

MGM has writers working on a screen play based on the life of Mario Lanza.

One incident that Mario will disclose is the truth about how he got to Hollywood. It happened when Mario was stationed in Texas during the war. His throat was badly inflamed from dust when a USO troupe looking for GI talent came through.

Mario couldn't sing—but he had a Caruso record in his locker. He cut out some phony labels, pasted them over the Caruso tags and wrote on them that they were audition records made by Mario Lanza with the Boston Symphony orchestra.

Next day he played the records for Peter Lind Hayes—and was promptly assigned to the troupe, which wound up in Hollywood.

Lou Costello felt anything but funny at the London Palladium after reading this wire:

"Resent your use of my special brand of cigars in your act. Unless you desist at once I shall turn the matter over to Scotland Yard. (Signed) W. Churchill."

Lou was just on the verge of trying to contact Churchill with an apology when Bud Abbott confessed he had sent the wire.

Jerry Lewis blew a fuse on the "At War With the Army" set when

SOCIETY

Future
Bride
Honored

Cathryn Harrington, bride-elect of A. J. Lair, was honored at a crystal and pottery shower Thursday night in the home of Mrs. Newell Ellis, Jr. Mrs. Ellis and Myra Reynolds were hostesses.

The future bride was wearing an aqua dress and a pink corsage. Summer flowers centered the refreshment table and arrangements of them were used throughout the party rooms.

Sarah Johnson, Melba Knipping and Sylvia Cearley assisted the hostesses in serving.

Methodist Circle
Elects Officers

New officers have been named for the Morning Circle of the St. Mark's Methodist W.C.S. The group met Thursday morning in the home of Mrs. A. E. Patterson.

Mrs. John Young was named chairman; Mrs. Jim Wilson, co-chairman; Mrs. Patterson, secretary-reporter; and Mrs. W. C. Hamilton, Jr., treasurer.

Next meeting will be held at 9:15 a.m. Tuesday in the home of Mrs. W. M. Johnson, 205 West Nobles Street.

Other members attending were Mrs. Wayne Blankenship, Mrs. Brandon Rea and Mrs. Douglas Nix.

T&P Announces New
Passenger Schedules

Changes in schedules of two of the Texas and Pacific Railway Company's four daily passenger trains have been announced by D. Davis, Midland T&P agent. The changes will become effective Monday.

Train No. 7, westbound, will leave Midland at 6:55 a.m. each day. This train now departs at 6:22 a.m.

Train No. 6, eastbound (formerly No. 8) will leave Midland at 11:10 p.m. instead of at 9:32 p.m. It will arrive in Fort Worth at 7:30 a.m. instead of 5:40 a.m. as now is the schedule.

Schedules for trains No. 1, which leaves Midland at 4:14 p.m., westbound, and No. 2, which leaves Midland at 8:43 a.m., eastbound, will not be changed.

Davis also announced the inauguration of a new through Pullman service from Fort Worth through Midland to Los Angeles. It will be operated over the westbound Eagle, No. 1, which leaves Midland at 4:14 p.m. daily.

Changes in the schedules follow changes made by the connecting Southern Pacific lines in El Paso, which will operate streamliners, Davis said.

Party Is
Given For
Bride-Elect

A buffet supper Thursday night complimented Betty Pickering, who will become Mrs. Royal W. King, II, August 26. Hostesses were Jo Winders, Mary Conley Jones and Joan Gamble. The party was held in their apartment.

An arrangement of greenery centered the dining table.

Guests were Betty Simpson, Betty Cook, Billie Walker, Eleanor Simpson and the honoree's sister, Mrs. D. D. VanPoyson of Galveston.

Nova Alice Rogers
Given 'Kid Party'

Honoring Nova Alice Rogers who soon will return to Pasadena College, Pasadena, Calif., Eula and Margaret Collins were hostesses to a "Kid Party" in the yard of their home Thursday night.

Balloons and lollypops were used in the decorations and the kid theme was carried out in the refreshments. Prizes for the best dressed "kid" were awarded to Mrs. Morris Matson and the Rev. F. W. Rogers.

Guests included the honoree, her parents, Mr. and Mrs. Rogers, Mrs. Al Barron, Mr. and Mrs. Jim Poter, Mr. and Mrs. Doyle DeArmond, Mr. and Mrs. Jack Leonard, Mr. and Mrs. Matson, Wayne Nelson, Mr. and Mrs. Jobe, Joan Crabtree, Melba Alexander, Barbara Smith, Geraldine O'Kelly, Dortha O'Kelly, Mr. and Mrs. Bob Brown, Donald Soule, Roy Don Mann, Mr. and Mrs. Walter Blocker and Mrs. DeArmond.

The nation's air defenses today are not satisfactory. The present radar stations comprising the warning net are composed of World War II equipment and are located on government sites—apparently places where the government has land on which to locate them, but not necessarily the most desirable locations.

Finest railroad station in Nevada is located in the deserted city of Rhyolite.

Lawsuit Challenges
Odessa Bond Ballot

ODESSA — A suit contesting the \$800,000 Odessa College bond election of July 29 is on file in 70th District Court here.

The bond issue was approved 367-342.

The petition filed Thursday by Tom W. Davis and G. C. Hardwick alleged persons were allowed to vote who had not paid their poll taxes, who were not property owners and who were not residents of the college district.

U. S. Radar System
Inadequate To Deal
With Aerial Attack

By ELTON C. FAY

WASHINGTON — An enemy probably could make an aerial Pearl Harbor strike at almost any place in the United States today and get some bombs down on the target.

It is not considered within the realm of possibility that the present sparsely spotted radar system—even though on a round-the-clock operating basis—would detect all approaching bombers or that existing fighter forces would destroy every one of them.

Competent military sources doubt if more than a quarter of an attacking bomber force coming in over the polar regions could be knocked down before it crossed the northern border of the United States.

They point out that in World War II, in areas where there was a high concentration of fighter defense and elaborate radar warning system, destruction of 10 per cent of an attacking force was considered excellent.

Most Effective Way

Air Force strategists hold the most effective way to halt air attacks on the U. S. mainland would be destruction of the bases from which the attacks are launched and of the industrial centers supporting the attacks. It is on this theory that the retaliatory strike by long range B-36's, B-29's and B-50's are planned.

Following this same reasoning, defense officials believe the bases for those planes, in the continental U. S. and Alaska, would be priority enemy targets, the spots for which sneak raiders would head first. Making the bases useless for launching retaliatory strikes would be of prime importance to the enemy. Any bombers he got past the radar warning system and fighter defenses could be expected to streak for air bases.

Industrial Areas Next

Next in importance probably would be the great industrial areas and the nerve center of government and military direction, Washington.

When asked about defenses against a surprise air attack, the Air Force's frank answer sums up to this:

The nation's air defenses today are not satisfactory. The present radar stations comprising the warning net are composed of World War II equipment and are located on government sites—apparently places where the government has land on which to locate them, but not necessarily the most desirable locations.

Finest railroad station in Nevada is located in the deserted city of Rhyolite.

Midland And Area
Students To Get
Sul Ross Degrees

ALPINE—Ellis Jean Connor and Mrs. Myrtle Whitmire Golladay, both of Midland, will have Bachelor of Sciences degrees conferred upon them by Dr. R. M. Hawkins, president, at the 30th commencement exercises of Sul Ross State College August 24.

Master's Degrees will be presented to 62 persons and 143 students will receive bachelor's degrees. It is the largest graduating class in Sul Ross history and it also has the largest number of students to receive master's degrees.

Bishop Clinton S. Quin of Houston, bishop of the Episcopal Diocese of Texas, will deliver the baccalaureate sermon August 20.

The following area students are candidates for degrees: Frank Ray Barton, Big Spring; Anita Miller Brookins, Odessa; Helen Elizabeth Hepper Corley, Odessa; Virgil Nolan Keyes, Crane; Edith C. Phillips, Fort Stockton; George Hall Rice, Texon; William V. Stephenson, Stanton; Dock Conal Stockton, Odessa; Helen Marr Watkins, Iraan; Caleb Marion Watson, Monahans; Leta Percy Blundell, Kermit; Alva Richard Callaway, Odessa; Frankie Dossett, Iraan; Sam A. Holmes, Rankin; Mrs. Mary Pattillo, Monahans.

Eugenie Rutledge, Pecos; Audrey Huron Self, Garden City; Jacob S. Davis, McCamey; Rex Hester, Kermit; Clayton A. Wagner, Kermit; Frederick Julian Elyson, Jr., Fort Stockton; Mrs. Agnes Anderson, Seminole; Bobbie Dwain Bell, Rankin; Tyrus A. Davis, McCamey; Mrs. Gladys E. Driskill, McCamey; Miller I. Ekas, Kermit; Jack Graves, Big Spring; Jacqueline Hayter, Fort Stockton; Mildred Bell Howard, Wink; Davis Monroe Martin, Pecos; Lenna Davis Shadix, Odessa; and Billie Wayne Tierce, McCamey.

VISIT IN MIDLAND

Mr. and Mrs. Robert Shuffler and sons, Bobby and Freddy, of Dallas, have been visiting her sister, Mrs. R. H. Frizzell, Jr., and family, and mother, Mrs. C. J. Watts. Mrs. Watts' son and Mrs. Shuffler's and Mrs. Frizzell's brother, Jim and his wife and son, Jimmy, also have been visiting here from their ranch home near Sheffield. The Shufflers' now are visiting the Jim Watts but will return to Midland after a few days.

CALIFORNIA VACATION

Mr. and Mrs. Butler Hurley left Friday on a vacation trip to California.

Mrs. Daniel Burford Purvis

Daniel Purvises To Live Here After Wedding Trip To Mexico

Mr. and Mrs. Daniel Burford Purvis will be at home in Midland when they return from a wedding trip to Mexico City. They were married Tuesday afternoon in Austin.

The bride, the former Elizabeth

Harwood Hoskins of Buda, is the daughter of Laurence Worth Hoskins of Gonzales. The bridegroom, a Midland oil operator, is the son of Mrs. Lucy B. Purvis of Austin and Walter M. Purvis of Little Rock, Ark.

Gregg House

The marriage was solemnized in Gregg House with the Rev. J. Joseph Harrie reading the single-ring ceremony.

Mrs. Helen Hoskins Rugeley of Austin was the bride's only attendant and wore a navy blue silk suit, white hat and orchid corsage. Marshall Purvis of Hot Springs, Ark., was best man.

The bride wore an oyster white silk suit with navy blue trimming. Her accessories were navy blue silk and her flower was an orchid.

Mrs. Purvis is a graduate of Harlingen High School and Parsons College in New York City. She was a nurses aide with the American Red Cross during three and one-half years of World War II.

Purvis attended New Mexico Military Institute in Roswell, N. M., Millard Preparatory School in Washington, D. C., Southern Methodist University in Dallas and was graduated from Cumberland University in Lebanon, Tenn.

He is a member of Kappa Alpha Fraternity, the American Bar Association and the American Petroleum Institute. He served four years as a captain in the United States Army Air Corps.

SOCIETY

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, AUG. 18, 1950-3

Dinner Will Honor Midkiff-Cole Party

Mrs. Ann Brinson and Mrs. Bates Witt will be hostesses to a rehearsal dinner for Loyce Midkiff and Gerald Cole, Jr., and their wedding party Friday night in the Ranch House.

Miss Midkiff and Cole will be married at 7 p.m. Saturday in the First Methodist Church. The Rev. Howard H. Hollowell, pastor, will officiate at the ceremony.

The table will be decorated in an Autumn theme as well as the bride-elect's chosen colors, blue and yellow.

The guest list includes Mr. and Mrs. Dick Midkiff, parents of the bride-elect; Mrs. Corinne Cole of Dallas, mother of the prospective bridegroom; Maydelle Midkiff, sister of the bride-elect and who will be her honor attendant; T. O. Midkiff, III, brother of the bride-to-be; Richard Midkiff; Barbara Lemley of Rocky Ford, Colo., who will be the bridesmaid; Mrs. T. O. Midkiff; Charlie Bird; Mr. and Mrs. Charles Reeder; DeWayne Davis of Tulsa; Mrs. Caroline Childers of Dallas, sister of the future bridegroom; Jack Hagar of Dallas, who will be an usher; Morgan Farnum of Beaumont, who will be the groomsmen; Mr. and Mrs. Hollowell and Bates Witt.

Lucky 13 Club Has Barbecue Picnic

The Lucky 13 Club met at the home of Mr. and Mrs. Jim Walker Thursday night for a barbecue picnic. Hostesses were Mrs. S. P. Hall and Mrs. O. H. Jones.

Those attending were Mr. and Mrs. J. C. Hudman, Mr. and Mrs. James Daugherty, Mr. and Mrs. Ellis Conner, Mr. and Mrs. Chester Sheppard, Mr. and Mrs. H. S. Collins, Mr. and Mrs. Jones, Mr. and Mrs. Hall, Mrs. Jack McClure and Mr. and Mrs. Houston Sikes of Odessa. This was the last of the club picnics and the regular meetings will begin in September.

Midlanders Attend Bloys Camp Meeting

A group of Midlanders are attending all or a part of the Bloys Camp Meeting near Alpine this week. The meeting began Tuesday and will continue through next Tuesday.

Those going for the whole week include Mrs. Marion Alles, Mrs. Ella Ragsdale, Nancy Webb, Mr. and Mrs. James Mims and Emma Sue Cowden.

Going for the weekend will be Elizabeth Ann Cowden, Nellie Peeler, Mrs. L. C. Stephenson, Rodney Stephenson and Donny Stephenson.

Coming Events

SATURDAY

The Rainbow Girls will meet at 3 p.m. in the Masonic Hall.

Children's Story Hours will be held at 10:30 a.m. in the Children's Room of the Midland County Library and in the library's Terminal and Dunbar branches.

Mrs. Hilton Shuff, Route 1, Box 42, Ville Platte, Louisiana, has a son, a daughter, a husband, a small garden and her housework to keep her busy from morning until night. She says she isn't a bit tired after such a day now that she is taking HADACOL to give her system those precious Vitamins B1, B2, Niacin, and Iron. Before taking HADACOL her system suffered a deficiency of these.

Here is Mrs. Shuff's statement: "I have been sick and weak for some time. When you are a housewife on the farm you have lots of work to do—not hard work but work that is tiring, specially when you are sick. At night I couldn't rest—and food, no matter what I ate, didn't agree with me. Then my sister told me about HADACOL—she said HADACOL would really make me feel better. I took her advice and began taking HADACOL. I felt better after the third bottle. So far I have taken 15 bottles of HADACOL. I eat anything I want to. I sleep well every night and my housework doesn't tire me at all. Anything I say about HADACOL would be an understatement. I think HADACOL is wonderful."

You, Too, Can Be Helped as have thousands of other fine folks if you, too, suffer a deficiency of Vitamins B1, B2, Niacin, and Iron, which HADACOL contains. HADACOL helps build up the hemoglobin content of your blood (when Iron is needed) to carry these precious Vitamins and Minerals to every organ, and every part of your body—to the heart, liver, kidneys and lungs, even to the eyes, hair and nails.

Give HADACOL a chance today. Refuse substitutes. Don't let anyone tell you something else is "just as good." Insist on the genuine HADACOL. No risk is involved... because HADACOL is sold only on a strict money-back guarantee. You'll feel great with the first few bottles you take or your money will be refunded. Trial size only \$1.25. Large Family or Hospital size, \$3.50.

McCamey's Silver Jubilee

Congratulations to the City of McCamey, which this weekend is celebrating its twenty-fifth anniversary by presenting a gala Silver Jubilee and Hobocome event to which all Permian Basin Empire residents are invited.

A varied program of entertainment, fun and fellowship has been arranged for the two-day celebration. The crowning of a "Miss Permian Basin" Saturday night will climax the area attraction. Old-timers and former residents also will be recognized and honored.

McCamey, one of West Texas' most progressive little cities and one which serves a wide oil, ranch and farm sector, has come a long way since its founding a quarter of a century ago, following the bringing in of the discovery well of the McCamey field by George B. McCamey.

The McCamey of 1925 was a typical oil boom town—rough, overcrowded and with few civic improvements or comforts.

But 1950 finds McCamey an orderly, attractive, prosperous and well-established city of paved streets, well-kept homes, fine business houses, public institutions, and all the improvements and facilities enjoyed by cities many times its size.

This transformation came as a result of work, planning and more work by business and civic leaders and others who were determined to make McCamey a permanent, more prosperous and better West Texas city. The McCamey of today reflects the success of that determined program.

It is fitting that McCamey should celebrate its Silver anniversary, and the McCamey Chamber of Commerce and other groups and individuals are to be commended upon the arranging and staging of the Jubilee and Homecoming.

Happy birthday, McCamey.

Think Again, Senator

Senator Taft says we should notify the Soviet Union that any aggression on her part means war with the United States.

At the same time he thinks we should not spend our resources in helping our friends in Western Europe to defend themselves.

The senator goes on to say that American air power, fortified with the atom bomb, ought to be our chief reliance in event the Russians do march.

We all know Western Europe can't arm itself, so this amounts to declaring we should allow European defenses to crumble to nothing while we confidently take upon our shoulders the burden of rescuing the whole free world—from American bases.

The American people no doubt would dearly love not to be involved beyond their shores; but most are sensible enough to know they can't escape being embroiled. If Taft comes up with any more pronouncements like this, he's liable to find them listed in tandem with "Cinderella" and similar childish fantasies.

The Jolly Game Of Smoking Out The Communists

DREW PEARSON ON THE WASHINGTON MERRY-GO-ROUND

(Copyright, 1950, By The Bell Syndicate, Inc.)
Jack Anderson and Fred Blumenthal say: Political pals help hoodlums defy authorities; Home-front profiteering includes surgical goods; Medical school deans fight A.M.A. lobby.

(Ed. Note—While Drew Pearson is on a brief vacation, his column will be written by members of his staff.)
WASHINGTON—The most glaring plea for food. Reason is that the State Department won't spare 60,000,000 bushels of surplus wheat to avert famine in India. . . . Senate crime probes are complaining that they get no cooperation from the FBI.

The monumental job of publishing the Nuremberg War Trial records will be completed by December. Tragic fact is the books won't be distributed in Germany, where they would do the most good. . . . Men who sell wire-tapping equipment estimate Washington has at least 12,000 electronic recorders capable of recording telephone conversations. Some firms give free wire-tapping lessons upon request. . . . President Truman has left his staff he will veto the Mundt-Nixon Bill, "if it costs me a million votes." Truman considers the controversial measure a dangerous road to civil liberties.

While Larry Norstad, the Air Force's No. 2 general, was visiting the Far East recently, he personally inspected the front lines in Korea to get the ground soldiers' view of Army-Air Force teamwork.

Doctor Shortage
The American Medical Association got a rough going-over when the deans of our top medical schools, headed by Dr. Joseph Hinsey of Cornell, met in Washington last week to do something about the critical doctor shortage.

They voted to write a strong letter to Stuart Symington, boss of the National Security Resources Board, urging passage of the Medical Education bill which the A.M.A. lobby has been knifing in Congress.

In the letter, the medical deans advised Symington that federal aid to medical schools was imperative to insure even the barest minimum of doctors for future civilian and military needs.

However, the stiffest wallop against A.M.A. was delivered by one of its own topiders, Dr. Herman Weiskotten, dean of the Syracuse University Medical School and chairman of the A.M.A.'s committee on medical education.

Weiskotten raised eyebrows at the secret meeting by admitting that he was "embarrassed" by A.M.A.'s attack on the medical aid measure, sponsored by Rep. Andrews Bismiller of Wisconsin.

"The American Medical Association has made a terrible mistake by opposing this important legislation," he said.

Note—Both President Truman and Defense Secretary Louis Johnson have urged enactment of the Bismiller bill as a wartime must. At a recent meeting with members of the House Interstate Commerce Committee, Truman termed the measure "the most vital health legislation before Congress."

Worried mothers can't stop their 17-year-old sons who have enlisted in the National Guard from being shipped to Korea. Though the regular Army, Navy and Air Force won't take 17-year-olds without parental permission, no waiver is needed for them to join the National Guard. . . . Missouri's elfish Senator Forrest Donnell has been beating the political drums about crime and corruption in Kansas City. Yet the Missouriian, while governor, granted a pardon to Charles Gargotta, the strong-arm racketeer who was murdered with political boss Charles Binaaggio. . . . Senator Lister Hill, Alabama Democrat, hasn't accepted a lecture fee since coming to the Senate, though some speakers' bureaus still advertise him. . . . Senate Majority Leader Scott Lucas and Minority Leader Ken Wherry are riding around in run-down limousines because their colleague, Senator Allen Ellender of Louisiana, is blocking the money to buy new ones. . . . So They Say

There are many anti-anti-Communists. . . . those who highly condemn and oppose the Communist movement, but have gone fishing. . . . when it is time to vote. —Sen. Karl Mundt (R-SD).

It seems obvious to me that the time has long overdue for the National Government to match the gravity of the time with equal gravity and vigor or attitude and action. —Thomas E. Dewey, governor of New York.

As with Commodore Perry, our friendly sponsorship of Japan's reconstruction and return to international life has been undertaken without a selfish motive. We shall only rest content to see Japan take her place in a world of freedom. —William J. Sebald, chief of General MacArthur's diplomatic section.

All development of Soviet aviation, all success in relations to the world's best machines are indissolubly connected with Stalin's name. The great leader raised and educated the remarkable pleiades of Soviet designers. —Lt. Gen. Vassili Stalin, son of Premier Joseph Stalin.

The power does not exist today which can break the Yugoslav peoples in their struggle for independence and friendship with other peoples. —Milovan Djilas, member of Yugoslav Communist Politburo.

T&P Grounds Get New 'Face-Lifting'

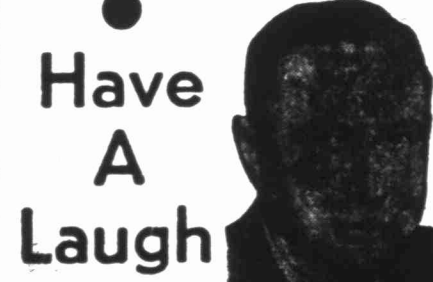

A beautification project, designed to make the new Texas and Pacific Railway station more attractive than ever, now is being conducted, according to D. Davis, station agent.

Parking space between the passenger station and the express office already has been paved, affording ample parking facilities for several automobiles. A landscaping project, including the planting of grass and flowers, also is in process of completion.

SERVE FOUR YEARS

CHICAGO—(AP)—Being governor now is a four year job in most states. New Jersey extended the tenure from three to four years in 1948. Connecticut will lengthen the lease on the office from two to four years next January. By that time, says the Council of State Governments, 28 states will have four-year governors. The others have two year terms.

Serious trouble may result if the starter button is touched when an automobile is in gear and moving.

Have A Laugh
By BOYCE HOUSE
Little Davey scowled when he was handed a quarter and instructed to place it in the collection plate at Sunday School. As each little fellow made his contribution, he gave a quotation from Scripture. "He who giveth to the poor lendeth to the Lord," said one. "The Lord loveth a cheerful giver," said the next. When it was Davey's turn, he quoted, "A fool and his money is soon parted."

JACOBY ON BRIDGE

By OSWALD JACOBY
Written for NEA Service
"That was a nicely played hand, partner," said Hard Luck Joe. "It's too bad we didn't bid game. Should I have bid three diamonds? I really don't think that I could have bid three no-trump."
"You've got too many words in that sentence," said South mournfully. "You just don't think—period. You still haven't thought of what you should have done."
While Joe is thinking that one over, let's see how the hand was played at two no-trump.
West opened the king of clubs, and South won with the ace. Declarer knocked out the ace of diamonds, and West, desperately in search of a suit, shifted to a heart.

	♠ 74		18
	♥ A 6		
	♦ Q J 9 6 2		
	♣ J 8 3 2		
♠ A 6 2			♠ 10 9 8 5
♦ Q 10 7			♥ 3
♥ A 5			♦ 9 8 5 4 2
♣ K Q 10			♠ 7 3
7 4			♣ 6
	</		

South won in his own hand and knocked out the ace of spades. West could take his queen of clubs for the third defensive trick, but declarer easily won 10 tricks.

Evidently South thought something had gone wrong with the bidding. Do you see what? Decide for yourself before you read on.

It was very foolish of Hard Luck Joe to bid two diamonds with the North hand. He should have doubled three clubs for penalties.

His partner had opened the bidding with one no-trump, thus showing almost half the high-card strength of the deck. North had about a trick and a half and could therefore tell that West must have the rest of the high cards and that the East hand must be a complete bust. Certainly the North-South hands contained far more high-card strength than the East-West hands.

When a player bids no-trump, moreover, he guarantees either three cards or a strong doubleton as a minimum in each suit. North therefore had reason to suppose that his own four clubs plus his partner's probable three clubs would give the North-South hands more clubs than the opponents. Since North could tell that his side had more high cards and more trumps than the opponents, it was clearly impossible for West to come close to making two clubs. Hence North should have doubled. West would have been very unhappy at a contract of two clubs doubled. He would surely lose two spades, three hearts, and a diamond, together with either two or three trump tricks. At the very least, he would be penalized 800 points. If he slipped, he would lose 1,100 points.

Either penalty would have been far better than the measly part-score contract that North and South actually reached. Even if North and South had managed to stagger into game, they still could not have made as many points as by doubling two clubs.

Sometimes a duck will live as long as 26 years, but the average is around 20 years.

WASHINGTON COLUMN

CIO-AFL Merger Still Is Long Way In The Future

By PETER EDSON
NEA Washington Correspondent
WASHINGTON—Widely heralded peace and unity talks between the American Federation of Labor and Congress of Industrial Organization have run into the usual delays. A second harmony meeting of the committee of ten—five leaders from each group—was scheduled for Chicago early in August. It has been postponed, indefinitely.

AFL's annual convention meets in Houston in mid-September. Everybody will be busy with electioneering in October. The CIO convention is scheduled for Chicago in mid-November. So don't look for too much to happen on labor unity before then.

The committee of ten is supposed to name a permanent chairman and secretary. A two-man sub-committee—CIO Vice President Allan S. Haywood and AFL Brotherhood of Boilermakers President Charles J. McGowan—is supposed to draw up an agenda for the peace talks. But so far there is nothing to report.

This is the sixth effort to heal the big labor split that began when the AFL expelled ten industrial unions in 1936. Earlier peace movements were proposed in 1937, 1939, 1941-43, 1947 and 1948. All failed.

This latest harmony movement began last April when CIO President Philip Murray wrote the heads of AFL Miners, Machinists' and Railroad Brotherhoods' organizations. He suggested creation of a joint labor committee for united political and legislative action.

This met with a warm reception. Out of it grew the first AFL-CIO peace talks, aimed at setting up practical machinery to handle jurisdictional and raiding disputes and special movements for organic unity. But big mountains of problems still face the ten peacemakers.

Major Problem
Who will head the greater, new, two-ringed and one-platform combined circus under a single tent? Will William Green and Philip Murray have to resign for some compromise ringmaster on whom both organizations can agree?

How would this new head man be selected? Would it be by popular vote of all the members of both organizations? Or would a little group of international presidents get together and choose one of their own number to be "it"?

What would the new organization be called? CAL—Congress of American Labor? Or AFL—American Federation of Industrial Organizations? Or something with a fresh slant picked out of a hat?

By far the knottiest problem that the merger negotiators face is the matter of jurisdictional disputes. They are bad enough between local unions within the two big organizations, though probably less troublesome now than in some years past.

But when the AFL-CIO merger is up for consideration, the natural conflict between the former's craft union organization and the latter's industrial union organization must be resolved. Up to now, AFL leaders have maintained the only way there could be any unity would be for the CIO horizontal unions to be absorbed by the old line vertical unions.

If this can be worked out some other way, the advantages of merger are real. One big union movement would be stronger and be able to throw more weight around. AFL claims over six million members. CIO—following the expulsion

of some of its left-wing internationalists—may have something over four million. The total is two-thirds of the organized labor movement and something over a fifth of all U. S. industrial workers.

Strengthen Labor Politically
One treasury would hold a bigger reserve on which to rely for major union battles. Organized labor is now big business. A Treasury report on 1946 income tax returns, shows total labor union receipts from dues and fees at \$477 million. Receipts from business enterprises run by unions yielded \$17,500,000 more.

A merger would cut down overhead. Both organizations now maintain headquarters buildings in Washington. They have two sets of offices in most of the state capitals and major industrial cities.

Both organizations now maintain educational departments, political action groups, publications and lobbies. They may all work towards the same end, but they duplicate each other's efforts.

What a really united labor movement would do to American politics and to collective bargaining techniques are subjects that can only be speculated on. A dis-united labor movement has given employers a theoretical bargaining advantage, at least.

There is no immediate prospect for a really strong American Labor Party, like Britain's Labour Party. But it could emerge in due time, through adversity.

Opposition to the Taft-Hartley Act probably has done much to bring labor unity as far along as it has progressed this year. A bad looking for union-endorsed candidates in the 1950 and 1952 elections would make the labor unity movement even stronger.

Questions and Answers

Q—In the firing of naval guns, what is the difference between a broadside and a salvo?

A—A broadside is a discharge from all the large guns of a ship that can point on one side. A salvo is a discharge from more than one gun, but not necessarily all of them.

Q—The filbert nut is the fruit of what tree?

A—The hazel tree.

Q—Are tickets for World Series games printed far in advance?

A—Yes. There is a league ruling that any team which is near to winning the league pennant and thus to competing in the World Series, must have tickets printed. Consequently every year some team has to discard tickets.

Q—How did the term C.O.D. originate?

A—The familiar initials C.O.D., meaning "collection delivery," originated in 1841 when a shipper asked the express company to collect payment for the goods from the consignee at the time of delivery.

she nodded without understanding. "Dad knew Lee. But—"

"But Lee Norton capitalized on that. Your father must have assumed that he was visiting you in your room. So Norton had an easy time of it. When your father's back was carelessly turned, Norton clubbed him down. Then he took the diamonds and left the same way he had come. Later he decided to play safe and plant the diamonds in my room. If they were found they would be evidence against me, not him."

Humbert eyed me steadily and shook his head.

"That's not good enough, Dorcas. Norton was out cold, and he's been that way ever since Heber, the bartender, took him to that room."

"No, Chief. You saw the empty bottle we found. Norton had a bottle on him, and the bottle was full. After he had planted the diamonds he drank the whisky. His slumber is sound enough, but I think it will be his undoing. I think we can trick him into talking when he wakes up."

BEGRUDGINGLY Humbert agreed. Pat went to her room, still avoiding my eyes and Teresa followed her. The rest of us went to Norton's room.

But just as we reached it three sharp reports, muffled but plainly audible, sounded somewhere on the same floor. I jerked loose and raced around the corner. I reached my room and flung open the door. It was empty. I disregarded the crowd that had followed me and opened the door to Pat's room.

Pat was not there. Teresa Jordan lay sprawled on the floor with an ugly bruise on her temple. As I entered she opened her eyes and moaned.

"Where's the Phajol girl?" Humbert asked.

Teresa stared wildly, then said: "She suddenly struck me—that's all I remember."

Dominico was almost in tears. "Try to remember, Teresa darling!"

Teresa's brow was furrowed. "I might have dreamed it—but I seem to remember Pat jumping out of the window!"

XI
NO. 22 turned out, as I expected, to be on the second floor, an inside room opening onto the same court as mine, but opposite it. The clerk went to the phone and summoned the hotel carpenter. Presently a young man arrived. He removed it easily with no other tool than a small screwdriver.

"The only discovery was an empty pint whisky bottle. "What are you driving at?" Humbert demanded. "Norton ain't going to like this when he comes around. You told Dominico you'd turn over the diamonds."

It didn't look as if Norton would come around naturally for hours, so I said, "All right, let's go to my room."

We all did. Pat Phajol had remained in the corridor with Teresa. She dropped her eyes as I emerged. As we rounded the corner, we encountered Gremcheck and Bryer.

I said: "You wanted to check Phajol's diamonds. Now's your chance. Come along."

Bryer and Gremcheck both looked me over with puzzlement; then they followed. I opened my door and said:

"Go to work. It's all yours, Chief. You'll find the diamonds somewhere in my room."

The two policemen went to the drawers, looked behind everything and even tore up the bed. They took the top off the reservoir in the bathroom; they did a pretty thorough job but still they found no diamonds.

I asked Foster: "As room clerk you ought to know something about this hotel. Where's a good hiding place for diamonds?"

The clerk reflected, then shrugged. "I don't know. Seems to me they've looked everywhere they could be hidden."

I nodded toward the medicine cabinet counter, sunk into the wall.

★ THE DOCTOR ANSWERS ★

Reason Unknown Why Vegetables, Fruits Should Cure Arthritis

By EDWIN P. JORDAN, M. D.
Written for NEA Service

Millions of people are troubled with sore bones, joints or muscles which they frequently think of as arthritis. All of today's questions come in that field:

Q—My son recently told me of a woman who has arthritis and rheumatism and was cured by a grape diet. Can this really happen?

A—There are any number of fruits and vegetables like lemons and grapes which some people claim will cure rheumatism and arthritis. I do not know of any scientific rea-

son why this should be true, and I strongly suspect that those who report that they have been helped by a grape diet or something like it would have gotten well anyway. If taking grapes makes them think that they feel better, why not? It probably won't do any harm.

Q—For several weeks I have been bothered with soreness under the knee which is painful when I go up and down stairs. I am 65 years old. What could this be?

A—There are several possibilities but the most likely is a condition

within the knee joint itself which frequently comes with advancing years. If this is true the knee will grate when it is moved and an X-ray will show some changes in the bony structure of the knee.

Q—Which one of the ductless glands is stimulated by anger and when stimulated is said to be of benefit in attacks of pain caused by arthritis?

A—This is the adrenal gland. The adrenal gland is a remarkable gland—actually there are two of them in the human body—which secretes several different kinds of hormones; one of them increases the blood pressure and is closely related with anger or alarm; another is the famous Compound E, or cortisone, which is now under such intensive study.

Q—My spine in the back of my neck has been aching for some time. Could this be arthritis of the spine?

A—It could be. It could also be something in the muscles of the neck. The only way to tell is to make a careful physical examination and take X-rays of the neck portion of the spine.

Q—What causes the knuckle joints to crackle? Is this a kind of arthritis?

A—This comes from ligaments slipping across the joint. Many people have this in the jaws, fingers, knees and perhaps some other joints. It has no bearing on arthritis.

Q—My fingers show an inclination to deformity which is probably due to arthritis and poor blood circulation. Can anything be done for this?

A—If poor circulation is at fault or partially so, there are several methods of stimulating the circulation. Perhaps these are best done by various measures of physical medicine, such as hot baths, paraffin baths, or similar methods. Your physician can doubtless recommend someone in that field who can start you off on treatments and probably give you directions for continuing them at home.

Q—I am 68 years old and a year ago fell down and broke a cartilage in my knee. Now the knee is getting stiff. Will it get all right of itself or would you advise surgery?

A—From the description, it seems doubtful that the knee will recover entirely of itself. The question of an operation certainly would come up but could be decided only after an X-ray and careful study of what had to be done and the risks which might be involved.

Q—Does rheumatism or arthritis often develop from shingles?

A—Not very often. There is grave doubt that there is any connection between any ordinary form of arthritis and shingles.

Socialism Scored In JayCee Address

"America started on the road to socialism when it passed the social security plan and it is getting closer to socialism every day with the present steps being taken by congress and the president," John C. Leslie declared in an address at a meeting of the Midland Junior Chamber of Commerce Friday noon at Hotel Scharbauer.

"This thing called socialism works like a cancer. It'll eat you up just like it has eaten up England and reduced that country to the state it is today," he declared.

The speaker, brought here by the Permian Basin Association of Life Underwriters, recently toured England for a study of socialism for his publication, The Insurance Record.

"England is madly dashing down the road of socialism under the Labor Government."

"We will be on that same road unless you do something to stop the socialistic moves of our present

congressmen," Leslie told the large group in attendance.

Social security started in a small way in England in 1911 to help the little man. It has grown now until the Labor Government spends one-seventh of the nation's annual income for the socialized program.

The depression hit England and then the war. Coupled with the socialistic policies of the government, the country now is in a state of frustration and plight, Leslie said.

The Labor Government is out to break the rich people of England through taxation, he continued.

But when there are no more rich and you have nothing but the poor left, who is going to pay the way, he asked.

Leslie urged the backing of private enterprise here and strengthening of the profit system.

He scored heavily the social security bill now in Congress, declaring it is "a swindle and a fraud." He placed it as another big step toward socialism.

Socialized medicine also was given a harsh blow by the speaker. He pointed out the many disadvantages it has brought to England and the poor people there.

"The attention the patients get under the socialized medicine practice in England reminds me of a herd of sheep being run through for dipping," he said.

In closing, Leslie urged the persons present to "tell Congress to stop this march toward socialism in America."

The speaker was introduced by Joe Davis, president of the Permian Basin Association of Life Underwriters.

The meeting was attended by more than a hundred, including doctors, members of the insurance group from here and many other cities and members of other civic clubs and professions.

President Art Joseph presided.

ARMY, NAVY CHIEFTAINS SLATE VISIT TO TOKYO

WASHINGTON —(P)— Gen. J. Lawton Collins and Adm. Forrest P. Sherman, the top Army and Navy leaders, will leave by air Saturday for Tokyo.

An Army spokesman said the trip will be made to "determine needs and see what's going on."

More Texas War Casualties Named

WASHINGTON —(P)— Defense Department casualty lists Nos. 87 and 88, released Friday, included the names of three Texans killed in action, eight wounded, two injured and four missing. All except one were army personnel.

Killed: Navy Hospital Corpsman 3c John N. Marquez, Jr., San Antonio; Pfc. Harry F. Wheeler, Glade-water; Sgt. Willie E. Lee, Waco.

Wounded: Cpl. Clifton Burnside, Princeton; Cpl. James E. Taylor, Whitehouse; Cpl. John H. Boone, Navasota; Pvt. Domingo T. Granado, San Antonio; Pvt. Joe E. Hernandez, San Antonio; Sgt. Paul A. Huskey, Bowie; Pvt. Roy L. James, Dallas; Sgt. William L. Knox, San Benito.

Injured: Pfc. Samuel Fonville, Call; Pfc. Felipe Pacheco, Laredo. Missing: Pfc. James D. Brumley, Brownwood; Pfc. Joe Kelley, San Antonio; Pvt. Charles Cleveland Highsmith, Jr., Brownsville; Pvt. Herschel M. Riggs, Rio Grande City.

DADDY RINGTAIL

By WESLEY DAVIS

Daddy Ringtail And Cackle Like A Hen

The night had come to Old MacDonald's farm, and there Old MacDonald was hiding out in the barn. He was all ready to play a trick on his chickens.

"Quiet, Daddy Ringtail," whispered Old MacDonald. And then he crowed with a crowing noise like a rooster crowing when morning has come. He turned on the light

to look like morning. He waited. Heckety Peckety opened one of her eyes. Why, the light looked like morning. She opened her other eye. The light looked even more like morning. Again she heard a noise of the kind that a rooster crows when morning has come.

Heckety Peckety hopped down from the rafter of the barn where she had slept. Away she walked to the nest where she laid an egg each morning. She was still for a min-

ute, and then she cackled like a hen who has just got through with the laying of a very fine egg in a nest.

Old MacDonald turned off the light to look like night again, and Heckety Peckety went back to bed and to sleep again.

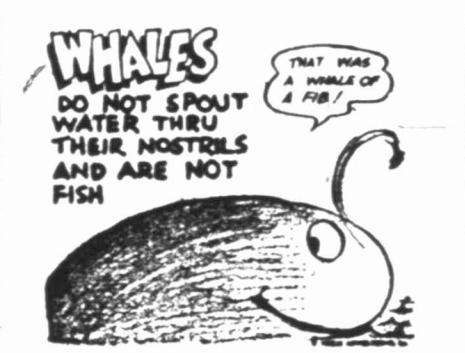

"See there! See there!" whispered Old MacDonald. "Daddy Ringtail, did you see there?"

Daddy Ringtail said he saw, although he still was thinking that Old MacDonald was making a great mistake.

"Oh, no I'm not!" said Old MacDonald. "Why, a chicken thinks that one egg is a day's work, but I'm going to keep on crowing like a rooster—I'm going to keep on

Cities Act To Keep Smoke Out Of Skies

CHICAGO — (AP)— Scores of cities are taking steps to sweep excess smoke out of their skies.

"More than 200 municipalities in the U. S. have adopted smoke control ordinances," reports the American Municipal Association. "In general, these ordinances prohibit emission of dense smoke of more than a few minutes duration."

There was no salary attached to the office of British Prime Minister until 1837, and the holder usually combined with it some other appointment, which carried a salary.

Pecos Distributors Slash Milk Prices

PECOS—A third major milk distributor in the Pecos area has announced a price cut of two cents per quart of milk. Cecil Trigg, Banner Dairies distributor, recently followed the lead of the Borden Company and Price Dairy retailers with the two-cent slash.

C. A. Sturges of the Tennessee Dairies is the only leading Pecos distributor still retaining the old price.

WHO STARTED THE KOREAN WAR?

My 'anything-for-a-vote' opponent seeks to create the impression that I am to blame for the Korean war. The reason is obvious. For him to have suggested that the Communists are to blame would have offended his 'left-wing' supporters. And every 'left-winger' in the district is against me. They know where I stand on their issues. It is also well known that I have voted for and supported every measure for the armed defense of our country since my election.

KEN REGAN

Who So Violently Opposes My Re-Election?

A man also is known by his enemies. I'm proud of some of the enemies I have in this campaign.

The radical labor leaders who get their orders from outside this district are against me. They know I do not favor repeal of the Taft-Hartley law and the labor big-wigs in the East have given the command—'Beat Ken Regan.'

The 'Uncle Joe' admirers are violently against me. I like it that way. I'm strong against them.

I believe in looking an issue in the eye. I certainly haven't been infallible in all my votes in Congress—but I haven't been afraid to stand up to be counted.

My opponent with his 'anything-for-a-vote' campaign has unhesitatingly come out in favor of lower freight rates. But he won't tell you how he stands on Taft-Hartley and other issues which involve arming our soldiers for war.

A New Low For West Texas Politics

The Congressional race in this district has reached an all-time low. The 'anything-for-a-vote' candidate has ducked and dodged every basic issue in the campaign and contented himself with money expenditures in an effort to buy a seat in Congress.

His workers have broken up political meetings. They have campaigned to arouse racial prejudices. Now the 'money-does-it' candidate has added spilled American blood to enrich his political advertising. I have returned to West Texas from Washington and am ready to fight this campaign on whatever level is forced upon me.

WHAT ABOUT PRIVATE LIVES?

My private life has long been open to inspection. The 'money-does-it' hired boys have peeped through keyholes. But they did not see anything they could use against me. So they directed their propaganda in other directions.

They did find that the Regan family had been ready for military service. It was my privilege to serve in this country's armed forces in two World Wars. I am qualified, fit and able to serve again either in the military service or as your representative in Washington during these critical times. Having been a soldier, I know the needs of a soldier.

WHY RE-ELECT KEN REGAN?

I think I have done a good job as your representative. I have voted the way I believe the majority of folks in this district would have me vote.

I voted against additional economic aid to Korea because I could not believe further funds should be given them for delivery to the Communists.

At least the guns being used against our soldiers were not bought with dollars from America.

I have been on the job and if you should honor me by returning me to Congress, I'll continue on the job.

I am not committed to any group that will embarrass my vote on issues involving Americanism or the freedom and individual rights of the people of West Texas.

Neither am I committed to where my vote would be denied to any measure preventing stoppage in the manufacture of war equipment.

RE-ELECT KEN REGAN

YOUR CONGRESSMAN

(Paid Political Advertising by Ken Regan in his own behalf)

Saturday
9:30 a.m.: Sunday School.
11:30 a.m.: Radio program over KCRS.
Sunday
11:00 a.m.: "Mind" will be the topic of the lesson-sermon for the Church service.
The Golden Text is: "Blessed be the name of God for ever and ever: for wisdom and might are his. . . he giveth wisdom until the wise, and knowledge to them that know understanding" (Daniel 2:20, 21).
Among the citations which comprise the lesson-sermon is the following from the Bible: "Let this mind be in you, which was also in Christ Jesus" (Philippians 2:5).
The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When we fully understand our relation to the Divine, we can have no other Mind but His—no other love, wisdom, or Truth, no other sense of Life, and no consciousness of the existence of matter or error" (page 205).
Wednesday
8:00 p.m.: Service in the church.
Thursday
2:00 to 5:00 p.m.: Reading room is open.

WESTSIDE BAPTIST CHURCH
Rev. Alton Towery, Pastor

7:30 p.m.: Evening service. Mr. McMichael will speak on "Rest For Your Soul."

Al Hazan, Arab astronomer of a thousand years ago, is credited with being the first to suggest the use of spectacles for correction of failing eyesight.

Egypt Allocates Money For Hotels

CAIRO —(AP)— Egypt is following France's lead and subsidizing her hotel industry. The government has allocated \$2,152,000 to finance renewal and modernization of hotels. Financing will be in the form of loans to hotel owners up to 50 per cent of the cost of repairs. Egypt draws much foreign currency from tourists.

PERFECTED PROJECTILE
At first, shrapnel was shot enclosed in a wooden case or a canvas sack, but French munitions makers perfected the time-fused scrap-iron-filled projectile that would burst over the enemy lines.

LARGE CRAB
Found in Alaskan waters, the giant king crab weighs up to 16 pounds and has a span of from 50 to 54 inches. Meat of this crustacean resembles lobster.

The Atlantic cable for message transmission has been in use since 1866 when the first one was laid by Cyrus Field.

The Future of a Duckling

How carefully Nature prepares her little ones for life!
Three little ducklings; all three have webbed feet that will propel them through the water, fuzzy down that will turn into the best water-proofing Nature can fashion, strong flat bills that will snap food from the water quicker than you can say "Donald Duck."

Nature prepares her little ones for life—except in the case of man.

Consider that youngster who is fascinated by the ducklings. MAYBE he'll gain a clear understanding of right and wrong. MAYBE he'll find courage to meet life's many discouragements. MAYBE he'll discover the Faith that enables a man to build spiritual values into his life.

Those things a child needs most, Nature does not provide. Parents must provide them—by giving him the advantage of thorough religious training in the Church.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Tribe-Roswell Try Again Friday; Cats Here Next

The Midland Indians and the Roswell Rockets had to give up after three innings of play Thursday night at Roswell when high winds whipped things up too badly.

Leroy Jarl was on the mound for the Indians and was doing well.

The Tribe had given him a 1-0 lead in the first frame on singles by Mike Bellone and Lou Dawson and an infield out.

The two teams are slated to wind up their series Friday night. Lefty Iglesias is the probable hurler for the Indians.

The Tribe returns home Saturday night to open a two-game series with the Ballinger Cats.

Midland Swimmers Place At Houston

HOUSTON—Three members of the Midland JayCee Swimming Team copped places in the Southern U. S. Junior Olympics here Wednesday night and several others made good showings up to the finals.

Bill Mims, a sturdy lad who has been one of the mainstays of the team this year, took second in the 50-meter backstroke for boys' 14 years of age and under.

Joan Monroe, another ace of the Midland team, copped fourth in the 50-meter backstroke for girls of the same age group, 14 and under.

Larry Friday, competing in the division for 15 and 16-year-old boys, finished fifth in the three-meter diving.

Other Midland Entries

Qualifying for the finals in various events but failing to place were Roy Kimsey, Carolyn Curd, and a relay team composed of Mims, Paxton Howard and Preston Bridges-water.

Mrs. Don Sivalis and Bud Aldridge accompanied the team to the Houston meet. Other Midland swimmers competing were Mary Herridon, Pat Curran, Betty Sivalis, Bill Erskine, Tim Cornwall and Glenn Pine.

Stanley M. Erskine, also of Midland, attended the meet.

WT-NM League—

New Lamesa Hurler In Iron-Man Stunt

By The Associated Press

Roy Parker of Pampa won his twenty-third game of the West Texas-New Mexico League season Thursday night when he beat Lubbock 5-2 on a six-hit performance.

And little Vince Speranza pitched Lamesa to a double victory over Abilene 12-0, 4-1.

In the only other game played, Jerry Folkman stole home in the ninth inning to give Albuquerque a 9-8 decision over Clovis.

Amarillo and Borger were rained out.

Jumbo Haefner Is Leading Eastern

BALTIMORE (AP)—The other 124 golfers in the \$16,500 Eastern Open Tournament Friday scrambled madly after ponderous Clayton Haefner of Charlotte, N. C., 225 pounds of slow-motion pro.

Haefner whizzed out in front in Thursday's opening round with a phenomenal 65.

He also:

1. Broke the course record set in 1938 by Cliff Spencer of Elizabeth City, N. C., by two strokes; and
2. Put his considerable bulk in the lead by four strokes over his nearest foe, Fred Haas, Jr., of Claremont, Calif., Earl Stewart, Jr., of Dallas, Texas, Buck White of Ormond Beach, Fla., John Palmer of Badin, N. C., and Walter Romans of Baltimore.

Henry Ransom of St. Andrew, Ill., the Tam O'Shanter winner at Chicago last week, carded 73 to place well below the leaders of the 18-hole opening round.

Charles Draws Role Of Underdog As Bout With Louis Settled

NEW YORK (AP)—Ezzard Charles, the NBA-recognized heavyweight king, will be the underdog September 27 when he meets Joe Louis at Yankee Stadium.

First odds offered were 3 to 1 that the Brown Bomber would recapture the title he surrendered 18 months ago. Perhaps they'll shorten before fight time, but Louis, as always, will be favored.

Charles, 29, never has made a smashing hit with the public. He was too cautious the night he beat Jersey Joe Walcott to win recognition. He was dull and unimpressive Tuesday night at Buffalo when he stopped Freddie Beshore of Harrisburg, Pa., in the fourteenth.

Nobody knows if Louis still can fight. Walcott almost whipped him in their first meeting. Many still think Jersey Joe won. But the Bomber knocked him out the second time around. He hasn't had a real fight since that second Walcott bout June 25, 1948.

In line with their drawing power, Louis will get 35 per cent and Charles 20 per cent. Their managers agreed to that Thursday in phone conversations with International Boxing Club officials.

Nationally known and advertised specialty product with expanding market. This is a semi-professional field and we will give preference to man with direct selling experience. Interview to be arranged in near future. Give complete information in letter addressed to Box 1078, care Reporter-Telegram, Midland, Texas.

Sports

Rotary, T&P Win In JayCee Tourney

THE ROTARY ENGINEERS whipped Big Spring's Round Top Drive-In 6-2 and the T&P Railroaders of Big Spring beat Shell of Midland 5-2 Thursday night to advance to the semifinals of the first annual Midland Junior Chamber of Commerce Softball Tournament.

With Andy Daylong substituting for his brother, John (Hawkshaw) Daylong, on the mound, Roundtop was no match for the aggressive Midland entry.

Big Spring's B. B. Lees singled off winning pitcher Barney Hightower to open the top of the second inning and then scored from second on a infield error.

Rotary took over the lead with three runs on two hits, two walks and an error in the bottom of the first.

Western Plastic of Midland will meet the Pryor VFW at 7:30 p.m. Friday and Midland's Rotary Engineers take on the T&P Railroaders of Big Spring at 9 a.m. in the semifinal round of the \$175 Midland Junior Chamber of Commerce Softball Tournament. Friday night winners play for \$100 in prize money and the championship trophy in the last game Saturday. Semifinals losers play for the consolation title at 7:30 p.m. Saturday on the Wadley Park diamond.

Texas League—

Tulsa Raps 'Necks As Cats Win

By The Associated Press

Tulsa took some of the drama out of the Texas pennant race Thursday night.

The Oilers exploded for four runs in the ninth inning and blasted what hope Beaumont had of overtaking Fort Worth for the time being. The 5-3 licking dropped the Roughnecks a game and a half behind the Cats, 5-2 winner over San Antonio.

Big Wayne McLeland notched his nineteenth victory as Dallas beat Houston 3-1 while Oklahoma City beat Shreveport 5-4 on Buck Frierison's third-inning home run.

Russ Burns' home run sparked the big outburst by Tulsa in the ninth. Pitcher Jim Acera singled home two runs.

Fort Worth had a 2-1 lead by the third inning and stretched it the rest of the way.

McLeland set Houston down with four hits. Two home runs by Grant Dunlap helped him win.

Polly Riley Meets Kirk In Semi-Finals

CHICAGO (AP)—A couple of lasses who were unsuccessful finalists the last two years clashed in one semi-final and two surprising dark horses meet in the other Friday in the fifth Women's Western Amateur Golf Tourney.

Peggy Kirk, Findlay, Ohio, 1949 runner-up, collided with the current medalist, Polly Riley of Fort Worth, Texas, who was the 1948 runner-up.

The other semi-final play at Exmoor Country Club matched Mae Murray of Rutland, Vt., and Mrs. Maurice Glick of Baltimore, Md.

Mrs. Lyle Bowman, Portland, was liquidated by Miss Riley, 2 and 1, in the storm-soaked quarterfinals.

Miss Murray Thursday eliminated Betty Mac Kinnon of Mt. Pleasant, Texas, 2 and 1, in the best bout of the quarter-final round.

Shorthorn League Playoff Reslated

A scheduled playoff game in the Shorthorn League was postponed for the second day in a row Thursday due to rain. It will be played at 5:15 p.m. Friday at Borden Field.

The playoffs will continue next week with the top four teams battling for the pennant.

Graham Mackey Cops Junior Meet

Graham Mackey, the hottest young golfer in West Texas, proved his ability with the clubs again Thursday as he fired rounds of 73 and 74 in the finals of the Midland Country Club Junior Golf Tournament to defend successfully the title he won last year.

Mackey finished the 72-hole medal play tourney with a total of 289, one over par for the course.

Young Mackey adds the junior title to the men's club title which he won earlier in the year with some top-notch shooting.

Boone Puett, another noted junior linksman here, finished five strokes back of Mackey with a 294.

Teddy Kerr, with 320, and Bill Franklin, 322, were third and fourth in the championship flight.

Doyle Patton, Jr., kept up the pace he set early in the tourney for the first flight and copped the crown with a 329. He was pushed in the finals by Ray Leggett, Jr., who finished with a 331.

Buzzy Bray came in with a 351 and Mike Patton faded to a 363.

The second flight bunting went to Tommy Miller who staged a drive to edge out John McGuigan by one stroke. Miller fired a 421 and McGuigan a 422.

Billy Miller finished with a 429 and Orman Hubbard with a 434.

Waldo Leggett copped the third flight with a 421, finishing far ahead of his nearest competitor, Fisher Adams. Adams scored a 439.

Carroll Thomas carded a 495 for the 72 holes and Dickie McHargue and John Sauer trailed with higher scores.

Major Leagues—

Bums Move Up With Twin Win

By The Associated Press

Brooklyn bounced back into second place in the National League Thursday on a double victory over the New York Giants 8-0, 5-1.

Philadelphia, six and one-half games in front, didn't play.

In the only other game, Cincinnati shaded Chicago 2-1. St. Louis and Pittsburgh were rained out and Boston was not scheduled.

Detroit clung to its three-game American League lead by downing Chicago 8-3.

Cleveland went 12 innings to beat St. Louis 5-4 while New York lost to Washington 2-1 and Boston beat Philadelphia for the fifth straight time 10-6.

Longhorn League—

San Angelo Knocks Off Odessa 2 To 1 In 13-Inning Till

By The Associated Press

Ken Kowalik's triple in the thirteenth inning broke up a dilly of a Longhorn League baseball game Thursday night. It enabled San Angelo to edge pace-setting Odessa 2-1.

Derwood Cox and Ray Knoblauch each pitched four-hit ball, with two Odessa errors hurting Knoblauch's effort.

San Angelo tied the score in the ninth on a hit by Bill Hovetter.

Al Monchak's home run accounted for Odessa's only run, in the seventh inning.

Two runs in the seventh inning—one off Danny Concepcion's triple—enabled Big Spring to edge Vernon 6-4 in the only other game played.

Midland and Roswell's tilt was halted because of high winds in the third. Sweetwater at Ballinger was postponed because of rain.

It was announced in Big Spring that the Bronco's third baseman, Carlos (Potato) Pascual was being called up Friday by Washington of the American League.

Friday's Standings

Longhorn League

Odessa	W	L	Pct.
Roswell	72	47	.606
Vernon	71	54	.568
Big Spring	69	57	.548
San Angelo	62	63	.496
Midland	57	70	.449
Sweetwater	55	71	.437
Ballinger	35	88	.285

West Texas-New Mexico League

Pampa	W	L	Pct.
Lamesa	70	49	.588
Lubbock	67	51	.568
Albuquerque	66	53	.558

West Texas Oil And Gas Log—

(Continued From Page One)
porosity, with oil and gas fluorescence in the fractures.

Reported High

The No. 1-A Brooks is reportedly 100 feet high on top of the Ellenburger to the nearest wells, approximately 13 miles to the south. It topped the Ellenburger at 7,210 feet, on an elevation of 2,315 feet.

This venture has shown possibilities of production in a lower Permian and lower Strawn zones. Possibly, if the Ellenburger fails to yield oil, these upper zones will be retested.

The No. 1-A Brooks is 660 feet from north and west lines of section 21, block 3, H&TCo survey.

Deep Wildcat Due In Central Kent

Gulf Oil Corporation has staked an Ellenburger wildcat in Central Kent County, two and one-half miles southwest of the two-well Claiborne - Pennsylvanian pool.

The proposed venture is the No. 1 A. C. Cairns, located in the center of the southwest quarter of the northwest quarter of section 50, block G, W&NW survey.

Projected depth is 7,800 feet. Drilling is on a block of four sections Gulf has in that area.

Operations To Begin On NE Terry Tester

Champion Refining Company has filed an application with the Railroad Commission of Texas for permission to drill its No. 1 Lindsey in Northeast Terry County, one and one-half miles southeast of the Mound Lake Pennsylvanian pool.

The venture — previously reported in the planning stage — will be 660 feet from south and west lines of section 45, block E, EL&RR survey, and 12 miles northeast of Brownfield.

Projected depth, to test into the Pennsylvanian is 10,000 feet.

Auld Makes Deal

This wildcat is the culmination of a deal worked up by Dan Auld of Kerrville, who turned the spread of acreage to Champion to drill the test.

The No. 1 Lindsey was previously reported as being the No. 1 B. F. Hegler and others and as located in section 48, instead of 45.

Operations are to begin by August 20.

N-C Schleicher To Get Deep Wildcat

Operations are to begin by September 1 on an Ellenburger wildcat in North-Central Schleicher County.

The proposed venture is Argo Oil Corporation No. 1 T. C. Meador, tentatively located in the center of the southwest quarter of the southeast quarter of section 16, block LL, TC-RR survey.

Drill site is six miles north and slightly west of Eldorado and approximately four miles northeast of the Eldorado-Canyon pool.

Argo has under lease approximately 4,500 acres immediately surrounding the drill site. Sections included in the spread are: 12, 13, 14, 15, 16 and 28, the east half of section 11, the northeast quarter of section 25, and the southwest quarter of section 26, all in block LL, Texas Central Railway Company survey.

Conoco Slates Second Wildcat In NE King

Continental Oil Company has staked another wildcat location in

Southwest Kent County, 13 miles southwest of Guthrie.

The proposed site is the No. 2 Mary Martin, located 1,980 feet from south and 660 feet from west lines of section 173, block F, H&TCo survey. It is approximately one and one-half miles northwest of the same operator's No. 1 Mary Martin, abandoned this week at 7,228 feet in granite. It had logged no shows of production in any section drilled.

Abandonment Slated For Nolan Wildcat

C. L. Norworthy, Jr., No. 1 Brooks, Central Nolan County wildcat, four and one-half miles northeast of Maryneal, and 660 feet from north and west lines of section 73, block X, T&P survey, is to be plugged and abandoned on a total depth of 7,182 feet in Ellenburger lime.

This prospect had some slight shows of oil in the Pennsylvanian and also in the Ellenburger. However, neither horizon logged sufficient indications to make an oil well.

Offset In E-C Coke Plugged, Abandoned

Union Oil Company No. 2 McCutchen, west offset to the same operator's recently completed Cisco discovery in East-Central Coke County, has been plugged and abandoned at a total depth of 4,181 feet in sand and shale.

Salt water was developed in the pay of the discovery well. The Cisco was topped at 4,033 feet, on a minus datum of 2,055 feet. It bottomed at 4,181 feet.

The No. 2 McCutchen was 1,980 feet from north and 330 feet from east lines of section 44, block 1-A, H&TCo survey.

Spy Suspect—

(Continued From Page One)
wished to be returned to New York quickly.

Sobell indicated he believed his wife was in Laredo and said he desired to see her.

The former Navy civilian employee was brought into the jail here by four FBI agents. They were John Lewis and Rex Schroeder, both of New York City, L. C. Taylor of Laredo and Jack Peden of San Antonio.

He refused to talk to reporters.

Sobell was the eighth person arrested in a roundup of Americans accused of passing atom bomb and other secrets to a Soviet spy ring. Sobell was employed on restricted work for the U. S. Navy at the General Electric Plant at Schenectady, N. Y., from 1942 to 1947.

Possible Death Penalty

He is accused of having collaborated with the other Americans previously arrested in obtaining defense secrets during that period.

Since he is charged with espionage conspiracy in wartime, Sobell—like the others similarly accused—faces a possible death penalty.

The FBI said Sobell fled the United States by plane and went to Mexico City a few days after the arrest of David Greenglass of New York on June 16.

Greenglass, a former Army man, was charged with getting A-bomb secrets for the Russians while stationed at the Los Alamos, N. M., atomic project.

Hoover said Sobell, recently employed at the Reeves Instrument Company, New York City, failed to show up for work after Greenglass was picked up.

The FBI found out he left New York City by plane on June 22 and traced him to Mexico City. The announcement noted that Julius Rosenberg, another alleged member of the spy ring, who was arrested in July, allegedly had attempted to persuade Greenglass to flee to Mexico.

Seen Of Russian Parents
The entire group is charged with working with Harry Gold, Philadelphia chemist, who is alleged to have been a chief American contact for Dr. Klaus Fuchs, the British atomic scientist now serving 14 years in prison for atomic spying.

Sobell is a native of New York City, the son of Russian parents who now are naturalized U. S. citizens. He was graduated from City College of New York in 1938 and received a master's degree in electrical engineering from the University of Michigan in 1942. His work for the Navy during the last war was in General Electric's radar section, which was conducting highly secret research in this field.

Sobell once lived in Washington and in 1945 was married to Helen Levitov Gurewitz in Arlington, Va. She and their two children live in Flushing, N. Y., the FBI said.

Allies Beat—

(Continued From Page One)
diately. Friday afternoon and the U. S. 27th Regiment piled into the battle.

The other South Korean division on the same front lost contact with the Reds after helping to stop them. Allied headquarters said the Red force may have turned back north to escape through steep hills under fire.

Lost Ground Regained

General MacArthur's Tokyo headquarters, in its first early-morning summary in four days, said the South Korean First Division had regained half to all the ground it lost north of Taegu Thursday. (This would be one and one-half to three miles.)

The summary said the enemy in the Changnyong bridgehead southwest of Taegu was being pushed back steadily by both the First Marine Brigade and the U. S. 24th Infantry Division.

It explained the Marines, overcoming extremely stubborn resistance, turned the enemy's southern flank into the path of the 24th Division.

The 24th in turn now was heavily engaged with these Reds.

General Church said the Marine-infantry attackers in his sector may have ended the North Korean Fourth Division's fighting days. "I think everything has gone very well," said the general.

"He (the enemy) certainly has taken a hell of a licking. That's certain. I don't think that (Red Fourth) division will do much fighting for a while."

Heiter, Skelter Retreat
"What I would like to do is destroy that division entirely."

The flight of the escaping North Koreans was reported by Sgt. Benjamin Schofield of Des Moines. He watched their flight from a high ridge overlooking the river. Schofield said:

"There were hundreds of cooks running helter skelter in retreat. They're trying to get across the river anyway they can."

"They aren't carrying weapons. They left them behind."

Marine Corsairs strafed and bombed the Reds as they tried to escape to the west bank of the river. Earlier in the day the Marine pilots had reported attacking Reds in about battalion strength trying to cross.

Advancing Marines flushed many North Koreans from hiding places in the gullies and paddy fields.

A spokesman for the U. S. 24th Division said the Americans had moved up three miles in 36 hours of fighting and now command all the strategic ground in the Nakdong bend six miles below Changnyong.

Sharpest Allied Victory

Marines on the southern crest and doughboys on the northern crest now occupy both ends of a sausage-shaped hill commanding the river-crossing bridgehead set up 13 days ago by 12,000 Reds.

The victory southwest of Taegu was the sharpest in a day of winning for Allied forces all along the line.

In a counter-attack led by tanks, American and South Korean troops lashed out at three Red divisions that were stopped on their move toward Taegu from the north.

The emergency South Korean capital itself was being emptied of civilians by hundreds of thousands in a mass evacuation ordered to clear the city for use solely as a military fortress base.

The South Korean government went on to a new unspecified refugee capital.

Gains On All Fronts
The most threatening Red approach was in steep hills a dozen miles north of Taegu.

Forty-five-ton Pershing tanks were used in the counter-attack spear-headed by the U. S. 27th Regiment and the South Korean First Division.

The South Korean Sixth Division had lost contact Friday night with Reds. It had held before Taegu.

Allied troops tasted triumph on all other fronts Friday.

Pohang and Kigye on the Korean east coast were recaptured by South Koreans.

In the deep south, at the other end of the line, the U. S. 25th Infantry Division turned back a dawn attack by the North Korean Sixth Division driving eastward from rubbered Chinnju.

AP Correspondent Hal Boyle reported from Taegu that scores of thousands of Taegu residents, fearful of the Reds after six artillery shells from five miles away had killed four persons, streamed out of the city excitedly. An earlier mid-day panic had subsided.

The masses of refugees who had poured into Taegu ahead of the Reds from the North presented a grave problem for overworked police.

There was a threat of an infiltrated Communist outbreak inside the city among the refugees.

Taegu itself was home to some Reds and suspect elements.

This was the biggest day's winnings for United Nations troops.

The capture of Pohang, port on the Sea of Japan coast by the South Koreans permitted U. S. planes to resume using the airstrip six miles southeast of Pohang.

crease in storage is considered desirable if no serious local problems develop, a commission statement said.

West Texas Up 90.857

The next statewide prorotation hearing was set for September 19 in Austin.

September allowances, by districts, compared with August 12:

1. Southwest Texas, 33,150, up 934.
2. Southwest Texas, 159,984, up 11,132.
3. Gulf Coast, 484,092, up 26,157.
4. Southwest Texas, 246,792, up 14,260.
5. East Central Texas, 46,186, up 3,144.
6. East Texas (outside), 110,264, up 6,877.
7. East Texas Field, 308,793, up 771.
- 7-B. West Central Texas, 93,474, up 3,207.
- 7-C. West Central Texas, 67,819, up 3,395.
8. West Texas, 956,536, up 90,857.
9. North Texas, 202,439, up 6,285.
10. Panhandle, 114,183, up 17.

Livestock

PORT WORTH — (AP) — Cattle 300; calves 336; steady; beef cows 19.00-21.00; canners and cutters 12.00-19.00; sausage bulls 18.00-23.00; good and choice slaughter calves 26.00-28.00; common to medium calves 19.00-25.50; stocker cows 19.00-22.00.

Hogs 200; active; butchers mostly 50c higher; sows steady to 50c higher; feeder pigs scarce; good and choice 19.00-25 lb. butchers 24.00-25.00, latter high as any sales here since November, 1948; good and choice 150-180 lb. hogs 22.50-24.00; sows 18.00-21.00; feeder pigs 20.00.

Sheep 10; nominally steady; no down sales.

Cotton

NEW YORK — (AP) — Friday noon cotton prices were 50 cents to \$1.10 a bale higher than the previous close: October 37.99, December 38.09 and March 38.23.

LICENSES ISSUED

Marriage licenses have been issued by the county clerk to Morris Littleton Speir and Bessie Mae McCluney, Arthur Carl Carlson and Ermal Lucile James and Billy M. Ramey and Lula Stewart.

GRASS FIRE EXTINGUISHED

Midland firemen Thursday extinguished a grass fire in a pasture about four miles southwest of the city. No damage was reported from the blaze. It covered only about an acre, firemen said.

UNDERGOES SURGERY

Daryl Selby, 413 East Cottonwood Street, was admitted Thursday to Western Clinic-Hospital for major surgery.

UNDERGOES SURGERY

W. E. Whitson, 1405 South Colorado Street, was admitted Thursday to Western Clinic-Hospital, where he underwent major surgery.

UNDERGOES MINOR SURGERY

Sharon Mills, two-year-old daughter of Mrs. Jetta Mills, 1105 South Loraine Street, was admitted Friday to Western Clinic-Hospital for minor surgery.

CUT WHILE PLAYING

Donald Ray Presley, seven-year-old son of Mr. and Mrs. E. B. Early, 503 West Florida Street, was given emergency treatment for a cut on his leg Thursday at Western Clinic-Hospital. The accident occurred as the child was playing.

UNDERGOES TREATMENT

Wayne Campbell, 201 Circle Drive, an employee of the Midland Post Office, was admitted Friday to Midland Memorial Hospital for medical treatment.

IS MEDICAL PATIENT

Charles W. Kerr, 610 North Big Spring Street, was admitted Friday to Midland Memorial Hospital for medical treatment.

DRAWS \$5 FINE

Justice of the Peace Joseph A. Seymour Friday fined a truck driver \$5 and costs on charges of carrying an over-length load on his vehicle.

Camels once roamed the U. S. and some survived in Nevada until fairly recent times, according to the Encyclopedia Britannica.
