SCHOOL BOARD CUTS TAXES

Sets Record Budget, Reducing Tax Rate 5 Cents Per $100

The Aransas County Independent School Board set a record operating budget of $699,241 Tuesday night and then lowered the school tax rate five cents per $100 in assessed valuation. This drop, made possible by economies and good management this year, is for 1963-64 only, and may be changed again next year.

"However," said a school official, "good management and careful attention to expenditures has made it possible now, and so we're reducing the tax rate. It may be that we will have to raise it again. We hope not. We'd like to reduce it even more, if possible, but that's not possible at this time. It may never be, but we want the people in the district to know that we're doing our best to operate the district as economically as possible, and where possible will share any savings with them in some manner such as this."

The budget is based on an estimated assessed valuation of $27,138,915 less 6% deduction—3% allowed for early payments of taxes and 3% for delinquent taxes.

Most of the raise in expense comes from the necessity of employing eight more teachers this year as the school moves into its new classrooms at Rockport and Fulton, and its new junior high school, constructed across the street from the present senior high school.

Administrative expense for the coming year is up $3,110 from $45,984 to $49,094; expense for instruction advanced from $375,448 to $420,484; pupil transportation charges dropped $712, going down from $18,840 to $18,028.

Plant operation charges for the coming year went up also, from last year's $39,325 to a new high of $52,515, a gain of $13,190 also brought on by the school expansion. Plant maintenance figures for next year were set at $28,580 as against $24,880 for last year, a gain of $3,700 in this department. Employees retirement (OASI) will require $2,545, insurance charges for the year were set at $542, and fidelity bonds will require $669.

Food services for the 1963-64 school year were set at $20,559, or $4,557 more than last year; student body activities will be $9,447 this year, a drop of $107 from last year's figure of $9,554.

Capital outlay for the coming year dropped $6,422 from $15,200 to $8,778, while funds required for debt service also dropped slightly, from last year's $90,113 to $88,000.

In other business the Board accepted the resignation of two teachers, Miss Marie Vidaurri, who goes to Port Lavaca to teach a Spanish class there, and Tom R. Baxley, Latin and English teacher in high school. No replacements have yet been found for either of them, and Supt. J. D. Gray told the Board that it would probably be exceptionally difficult to find another Latin teacher at this late date. He was particularly concerned with this, because of those students in the senior class who had taken Latin I last year, and who needed another year of the language to qualify for entrance to college.

Gray told trustees that the summer driving campaign had been very successful. The program ran for eight weeks, he said and was almost self-supporting. Total expenditures, including gasoline, oil and instructors salary, were $850.27, while receipts from tuition were $750, leaving a deficit of only $100.27.

He also reported that the new 15 room addition at Rockport Elementary, the new junior high and the additional classrooms at Fulton Elementary were all ready for occupancy when school opens here Sept. 3, and that remodeling of the high school was progressing very rapidly and would also be finished in time.

Financially, he said, the building program was in good shape, with everything being held within the limits of the budget. "All that we planned is being done," he said, including sidewalks around the new junior high and the beefing up of the electrical system in the old building at Rockport.

"The gymnasium floor at the high school has also been repaired," Gray stated. "with the result that the floor's life has probably been extended for eight or ten years, and extensive rebuilding is not needed at this time."

The superintendent also reported that black topping of various areas around the new junior high school campus had been completed, and both he and the trustees were very complimentary of the commissioners' court for the aid various commissioners had given in donating time and machines for this. The school paid for the materials used, Gray, and the county commissioners donated the work.

Miss Iris Sorenson, school secretary, was requested to write a letter to the commissioners expressing the thanks of the school board for their help.

Commissioners Pass Time Warrant Order for Library

The Commissioners Court, at their regular meeting, cancelled an order of May 13th, authorizing the issuance of time warrants to build a new county library, and then issued another such order, this time for $48,000, for the same purpose.

Judge John D. Wendell said the action became necessary because hoped-for Federal funds were not available for the new building.

Plans and specifications for this are rapidly approaching the stage where bids can be requested upon construction of the library, Judge Wendell said.

He pointed out that the library which began three or four years ago with donations of books from local residents in the area, in a book drive sponsored by the Woman's Club, had grown from the original three or four thousand volumes to over 10,000.

"The use of the library by local children has been tremendous," Judge Wendell said, "and that alone would justify it. However, children are not the only ones that use it. Adult circulation is very high, and it is a distinct asset from the tourist standpoint. Cards are issued to anyone, either resident or non-resident, free of charge. All the library asks is that these books be used and returned.

"As a result," Judge Wendell continued, "our per capita circulation far exceeds that of most libraries in the area, and use of card holders is increasing all the time. This year for the first time the library has been able to keep upen five half days a week through the summer, and the response has been tremendous."

Judge Wendell complimented the Woman's Club for its original sponsorship of the library, and the library board that has handled the administrative work and the book buying within the past few years.

"I must express my sincere regret, however," he said, "upon the fact that the vice president of that Board has just offered her resignation because of the fact that she and her family will reside near Uvalde most of the time from now on.

"Mrs. Julia West has been one of the moving forces behind the library," Judge Wendell said, "and has done much of the drudgery connected with obtaining books books and placing them on the shelves. She helped collect books, she catalogued them, and with the help of the other ladies on the Board and in the Board Auxiliary has done the physical work of pasting pockets, making cards, and even sorting and handling the books preparatory to placing them on the shelves.

"Citizens of Aransas County," Judge Wendell said, "owe a very great debt of gratitude to Mrs. West and to the devoted ladies who have helped her, and given so much of their time to the work."

Mrs. West, in leaving the Board, expressed her regret on the move, but said that she and her husband and boys intended to live on their ranch at Uvalde much of the year, and that, of necessity, her presence in Rockport would be limited to occasional trips trips to their to occasional trips to their home here during the summer vacations.

The the new library, Judge Wendell said, will be built on the corner of the courthouse square not now occupied by other buildings. It will be of masonry to conform to the architecture of the courthouse and jail.

Highway Association Members Entertained Here By C of C Coffee

Two bus loads of delegates to the Louisiana-Texas Hug-the-Coast Highway Convention in Corpus Christi were entertained here Monday afternoon with a coffee to which members of the commissioners court and other dignitaries were invited by the sponsoring organization, the Chamber of Commerce.

Monday night a number of the directors and their wives, along with Mrs. Mary Juergens, Chamber manager, attended the banquet and heard Raymond W. Burgess, director of the Louisiana Department of Highways, as he said that millions of Americans are looking for leisurely, scenic routes in preference to rapid superhighways for their travel.

He told members of the Louisiana-Texas Hug the Coast Highway Association that for that reason having U.S. Highway 11 designated from Canada to Mexico would channel numerous tourists to the two states.

"Electricity helps keep our house running smoothly because it saves time in so many ways"

..... says the Henry Hauschild family of Victoria

"When I think of the many electric appliances that work for us, I really appreciate the big value we get from our electric service," Mrs. Hauschild says. In counting up their appliances, the Hauschilds were surprised that they use electricity 39 different ways in their all-electric home.

"The dishwasher is our favorite appliance," she says. "It's a big timesaver because it helps me get the kitchen cleared in a hurry."

Mr. Hauschild is pleased with the economical operation of their Gold Medallion home, which includes central electric heating and summer air conditioning. "Over the last year, our monthly electric bill averaged $26.68 a month — and that includes an electric well pump we use for pumping water."

"Considering the many uses we make of electricity, our bill is certainly reasonable," he says.

Like thousands of other CPL customers, the Hauschilds live better because they make generous and effective use of modern electric service — today's biggest value.

SENATE JOINT RESOLUTION NO. 16 proposing an amendment to Section 49-b, Article III of the Constitution of Texas so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Three Hundred Fifty Million Dollars ($350,000,000.00); providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advise and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Three Hundred Fifty Million Dollars ($350,000,000.00) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars ($200,000,000.00) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half percent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale price therefor, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder for the purchase of any such bonds to comply with his bid and accept and pay for such bonds or for the failure of any bidder for the purchase of any lands comprising a part of said Fund to comply with his bid and accept and pay for any such lands; and interest received from investments of any such moneys. The principal and interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; but the moneys of said Fund which are not immediately committed to the payment of principal and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of paying the principal and the interest thereon, together with the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the Texas Prison System or any other governmental agency of the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation, to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to Texas veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1940, and March 31, 1955, and who upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces above-named and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds hereafter issued and sold by said Board may be used by said Board, as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All moneys attributable to the bonds issued and sold pursuant to the Constitutional Amendment adopted on November 6, 1956, shall be credited to said Veterans' Land Fund and may be used for the purpose of purchasing additional lands, to be sold as provided herein, until December 1, 1965; provided, however, that so much of such moneys as may be necessary to pay interest on such bonds shall be set aside for that purpose. After December 1, 1965, all moneys attributable to such bonds shall be set aside for the retirement of such bonds and to pay interest thereon; and when there are sufficient moneys to retire all of such bonds, all of such moneys then remaining or thereafter becoming a part of said Veterans' Land Fund shall be governed as elsewhere provided herein.

"All of the moneys attributable to any series of bonds hereafter issued and sold by said Board (a 'series of bonds' being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds hereafter issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the retirement of any bonds hereafter issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds hereafter issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Saturday after the first Monday in November, 1963, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by $150,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law"; and

"AGAINST the Amendment to Section 49-b of Article III of the Constitution of Texas to increase the Veterans' Land Fund by $150,000,000.00; said Fund to be used for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1940, and March 31, 1955; such funds to be expended in accordance with instructions and requirements that may be provided by law."

If it appears from the returns of said election that a majority of the votes cast were in favor of same Amendment, the same shall become a part of the State Constitution and be effective from the date set forth in said Amendment, and the Governor shall issue a proclamation in keeping therewith.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this state.
