The SDN COLUMN

It wasn't long after Thursday's paper was delivered that the owner of a diploma from Dowell High School was identified.

The diploma was issued to Dorothy Elouise Edwards, but she is Mrs. D. C. Walker now, and they live in Abilene, having moved there from Snyder. The diploma was found by Jake Amato, the local Boy Scout Executive, at 1803 Thirty - ninth Street. Jake Amato's father, Salvatore Amato, lives there now, but the Walkers lived there while in Snyder.

Mrs. E. P. Rainwater, who lives next door, called and volunteered to mail the diploma to Mrs. Walker.

It was surprising how many people knew nothing about the Dowell School while inquiries were being made, and equally surprising how many readers of the newspaper did know about it. Pat Falls, assistant superintendent of Snyder Schools, recalled that Dowell used to send basketball teams to tournaments at Ira when Falls was the Ira Superintendent. However, he did not remember whether it was in Fisher or Jones County, although he was sure it was over there somewhere east of Rotan.

As it turns out, Dowell School was some five or six miles east of Rotan and it consolidated with Rotan Schools immediately after World War II. Mrs. Rainwater believes that the school closed in 1945, the year Mrs. Walker's diploma was issued. "She (Mrs. Walker) used to joke about having to tear the school house down to get her through high school," Mrs. Rainwater said.

Roy Carter called and advised that he lived near the Edwards family in Fisher County, and Wilson Brght knew quite a lot about the Dowell School. Mrs. Bright taught there during the war and was on the faculty until about a year before the school consolidated.

Bill Aaron also had enough information to get the diploma to its owner. He observed that he knew "nearly everybody in Fisher County and most of them are kin to me."

A note has just arrived from Chester Simons, former Snyder Police Chief, who now holds the same position at Coffeyville, Kan.

Simons advises that he is going to a new job on Feb. 15. On that date Simons will become assistant city manager at Muskogee, Okla., a city of some 42,000 people. Simons said he had finished a law course and had been awarded a degree in law.

"Send my paper to the city hall at Muskogee after Feb. 15. I enjoy keeping up on the news of friends there," Simons concluded.

IN BANQUET SPOTLIGHT — These two men were in the spotlight Friday night at the Chamber of Commerce banquet. Bentley Baize, left, 1967 Chamber President, was named the community's outstanding citizen of the year. James J. Rowley, right, Director of the U. S. Secret Service, was the banquet speaker.

BAIZE HONORED

Support Law Enforcement, Rowley Urges

Snyder residents Friday night heard a strong appeal for public support of law and order and saw several of their fellow citizens receive awards at the annual banquet of the Snyder Chamber of Commerce.

Actually stunned and protesting that he did not deserve it, Bently Baize, 1967 president of the Snyder Chamber of Commerce, was named Snyder's outstanding citizen of 1667.

Dave Harlin Jr., president of Snyder Jaycees, presented that organization's outstanding young farmer award for Scurry County to Don Jones of Fluvanna; Milam Fowler, chairman of the Upper Colorado Soil and Water Conservation District, presented the conservation award to Dewey Everett, and Baize presented a check for $100 to Ricky McCarty for producing the first 1967 bale of cotton in Scurry County. John Boren presented the award to Baize.

James J. Rowley Director of the U. S. Secret Service, guest speaker for the banquet, declared that public support and respect for law enforcement must be rebuilt to halt an upsurge in crime over the nation.

He warned that good law enforcement cannot be obtained "at bargain prices." Rowley said that statistics now show that an income of $9,000 per year is required for a family of four to maintain an average standard of living in the United States, ye the average salary of policemen is $5,300 per year.

Rowley said President Johnson had referred to local policemen as "front line soldiers in the war on crime." Moreover, for the first time in history, Rowley said, a national administration has pledged to check crime. Much groundwork has been laid through work of the Crime Commission. The Law Enforcement Assistance Act will help and the Safe Streets and Crime Control Act now pending in Congress would

FBI Holds Seven In Bombing Plot

SEATTLE, Wash. (AP) — The FBI has arrested seven men and accused them of plotting to blow up a police station and power plant and then rob four banks Friday while the police were diverted.

The FBI said some were members of the Minutemen, described by the federal agency as an anti-Communist organization. However, in Norborne, Mo., Robert DePugh, chief of the Minutemen, said only one name was familiar to him.

FBI agents arrested four of the men Friday in a car in a parking lot in Lake City, just north of Seattle. Three others were seized in another car in a parking lot in Bellevue.

Agents said floor plans of the banks, 40 gasoline containers rigged as firebombs, nine sticks of dynamite, blasting caps, a pipe bomb, a 32-caliber pistol and two 38-caliber pistols were found in the cars.

The FBI said the seven planned to rob three banks in Redmond a few miles south and east of Lake City and Bellevue, and another in Des Moines, just south of Seattle, after blowing up the police station in the Redmond City Hall and a power plant in Redmond.

Federal agents said the men were led by Duane Ivan Carlson, 35, of Seattle, described by the FBI as a fulltime Minutemen employe.

De Pugh said Carlson probably was a Minuteman at one time "although I do not have any records before me. I believe he was dropped about a year ago for nonpayment of dues. The other names are not familiar to me, and I don't know anything about them. Carlson was, I believe, state chairman for the Patriotic Party and helped arrange some meetings and lectures for me in Washington."

Besides Carlson, the others arrested were Joseph David Hourie, 20, of Seattle, an employe of a grocery chain; Ervin John White, 41, of Edmonds, a self-employed draftsman; Jerome Nicholas Henderson Sr., 57, of Bothell, a church sexton and part-time maintenance man; Kelly E. DeLano, 24, of Tacoma, a civilian driver at Ft Lewis, near Tacoma; Milton James Dix, 34, of Seattle, a longshoreman, and Jerome Nicholas Diemert, 43, of Arlington, an unemployed ship's oiler.

ASKS PUEBLO'S RETURN

LBJ Says Military Stands In Readiness

By JOHN M. HIGHTOWER
AP Special Correspondent

WASHINGTON (AP) — Official sources report President Johnson still seeks a diplomatic solution to the Korean crisis but that if the USS Pueblo and her crew aren't released by North Korea in a matter of days he will urgently consider proposals for further military action.

U.S. officials, in reporting this, pointed to the President's surprise broadcast to the nation Friday afternoon as providing evidence his diplomatic activities at the United Nations, Moscow and elsewhere are backed by the potential for military action if peaceful means fail.

"We have taken and are taking certain precautionary measures," Johnson said, "to make sure that our military forces are prepared for any contingency that might arise in the area.

"These actions do not involve a reduction in any way of our forces in Vietnam."

The President already has ordered the call-up of nearly 14,800 Air Force reserves.

At the Defense Department preparatory activity was under way in the National Guard Bureau and Reserve offices. Name lists and equipment inventories were being checked.

Some authorities speculated Johnson's next mobilization move could be to call up a National Guard division, but the President has not announced any decision.

Three Guard divisions have had stepped-up training in recent years and their equipment supply has been improved. These are the 28th Infantry in Pennsylvania, Maryland and Ohio; the 38th in Indiana, Illinois and Michigan; and the 47th in Minnesota, Oklahoma and Wisconsin.

At full strength, a division normally numbers about 14,000 men.

Johnson's brief television-radio address was among many developments related to the seizure of the U.S. intelligence ship and her crew of 81 sailors and two civilians:

—The United States told the U.N. Security Council it is essential to peace that steps be taken to assure the release of the ship and her crew. But the Soviet Union sided with North Korea and rejected the U.S. plea. The council was to resume debate today.

—The State Department said the Soviet government had rebuffed a second U.S. request for help in getting release of the ship and her crew. Ambassador Llewellyn Thompson conferred with Foreign Minister Andrei A. Gromyko in Moscow, his second meeting with a Soviet official since the seizure.

—Although apprehension was growing in Seoul, the South Korean capital, U.S. officers there apparently expected no mass land war. But all ground forces were on the alert along the 151-mile demilitarized zone separating North and South Korea.

—State Department officials gathered diplomatic representatives of the 16 countries which fought North Korea in the Korean War and briefed them on the crisis.

—The State Department said any move by North Korea to try the Pueblo crew would be considered "a deliberate aggravation of an already serious situation." A broadcast from Pyongyang, North Korea's capital, had called the crewmen "criminals" who must be dealt with by law."

Soviet Ship In Midst Of Task Force

WASHINGTON (AP) — A Soviet intelligence-gathering ship appeared in the midst of a U.S. naval task force standing off the coast of South Korea but no action is being taken because the ships are in international waters, defense officials report.

The trawler-like Soviet vessel was identified by Navy officials Friday as the Gidrolog, one of many such Soviet ships which operate around the globe, often close to U.S. naval forces and bases.

Like the American task force, the Gidrolog is in international waters, officials said.

The carrier Enterprise, the Truxtun, a nuclear-powered frigate, and four destroyers are standing by in the southern end of the Sea of Japan for possible use in the Pueblo crisis.

The crisis erupted when North Koreans seized the USS Pueblo, an American intelligence gathering ship, and her complement of 83. The United States maintains the Pueblo was in international waters when she was seized late Monday.

Defense officials in Washington said either the Soviet Union or the United States could seize 15 to 20 of each other's intelligence ships in a matter of hours if either side chose to take that step.

But they indicated a live-and-let-live policy has evolved on both sides about the activities of such vessels.

They said they were unable to guess why North Korea chose to pick up the Pueblo. And they stated that no policy change is expected regarding the practice of operating unescorted intelligence-gathering vessels in North Korean waters.

TOP YOUNG FARMER — Don Jones of Fluvanna, at microphone, was named Scurry County's Outstanding Young Farmer of 1967. The award from Snyder Jaycees was presented at the Chamber of Commerce banquet Friday night by Dave Harlin Jr., left, president of the local Jaycees.

US Joins Search For Israeli Sub

By HAL MCCLURE
Associated Press Writer

TEL AVIV (AP) — American, British and Greek ships and planes helped search today for an Israeli submarine with a crew of 69 which disappeared in a deep section of the Mediterranean Sea Thursday, an Israeli army spokesman said.

The spokesman said contact with the submarine Dakar was lost Thursday afternoon when it was 250 miles off the Israeli coast. There was no suggestion the submarine was lost to hostile action.

In the area of the search, south and southwest of Cyprus, the sea is more than one mile deep, the British Royal Air Force air-sea rescue coordination center on Cyprus said.

The Dakar—which means shark—was due to arrive in Israel Monday after being rebuilt at Portsmouth, England, last autumn. It was declared battle-ready in November after testing off the Scottish coast.

Because of the distance of the search area from Israel, the Israelis asked friendly nations to help.

The RAF said one British destroyer and one American destroyer set out early today, joined by nine planes—four Israeli, two British, two American and one Greek. It said more ships and aircraft were expected.

Low visibility and stormy seas hampered the search.

Israel lost the destroyer Elath to Soviet-made rockets fired from Egypt last Oct. 21, but that was within about 14 miles of the Egyptian coast. In retaliation for the attack, which killed 47 Israeli sailors, the Israelis destroyed an Egyptian oil refinery with artillery fire in the Suez Canal area.

The 285-foot, 1,280-ton Dakar is one of four submarines listed in Israel's navy, all British-built and dating from World War II. The Israelis bought it in 1964.

Before refitting, it was reported capable of a speed of 15 knots submerged and carried six torpedo tubes. Its armament after refitting has not been disclosed, but military experts in Tel Aviv believe the sub can match Egypt's Soviet-made vessels. Egypt has nine submarines, all Soviet-built.

Mrs. Giles Dies At 97

Mrs. Mary Ada Giles, 97, died at 7:55 a.m. Saturday in Cogdell Memorial Hospital. She had lived here at 2800 Avenue Q for the past year and a half.

Funeral service will be held at 10 a.m. Monday at the Bell-Seale Chapel. The Rev. L. B. Edwards of Westbrook will officiate. He will be assisted by Dr. A. B. Lightfoot. Burial will be in the Dreamland Cemetery at Turkey, under direction of Bell - Seale.

A native of Wills Point, Mrs. Giles was married in 1890 to W. H. Giles at Mangum, Okla. He preceded her in death in 1956.

Surviving are seven daughters, Mrs. Winnie Twilla of Snyder, Mrs. Willie Womack of Colorado City, Mrs. Lillie Griffis of Albuquerque, N. M., Mrs. Lula Edmondson of Portales, N. M., Mrs. Nora Groves of Nogales, Ariz., Mrs. Esther Maple of Dumas and Mrs. Beatrice Bilberry of Flomot; three sons, J. B. Giles of Quincy, Calif., Thomas Giles of Brownfield, Me., and George Giles of Clovis, N. M.; a sister, Mrs. Laura Guhl of Las Vegas, N. M., and 24 grandchildren.

IGNORE OWN CEASE-FIRE

Red Guns Shell Marine Base

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — North Vietnamese gunners opened up with fresh mortar barrages on the U.S. Marine combat base at Khe Sanh today and another 3,500 Army troops were flown to the northern front to back up the Leathernecks.

The new barrages came seven hours after the start of a self-declared Viet Cong cease-fire for the lunar new year.

Earlier, Communist troops attacked three allied installations, including a U.S. airfield and hospital, and ambushed a platoon of government combat police inside Saigon's city limits.

A brigade of troops from the U.S. 1st Air Cavalry Division was moved into the northernmost provinces of South Vietnam fronting the demilitarized zone, apparently as backup troops should they be needed anywhere along the line, including Khe Sanh.

It was the second air cavalry brigade to move to the northern front this week.

The Army now has about 10,000 men, including artillerymen, along the northern frontier. Marine forces also built up over the last few weeks, total about 40,000 troops. About 12,000 South Vietnamese soldiers are taking over defense of some outposts along the demilitarized zone to free more Marines for maneuver into any hot spots that develop.

The buildup is to counter an expected major North Vietnamese offensive, which U.S. commanders say may come just after the seven-day Communist cease fire period.

U.S. intelligence reports show 32,000 to 40,000 Communist troops massed in and around the DMZ, about half of them poised near Khe Sanh, which came under heavy attack last weekend. About 5,000 Marines hold Khe Sanh, which is 16 miles below the DMZ and seven miles east of the Laotian frontier.

With their large fleet of helicopters, the newly arrived U.S. air cavalrymen can move quickly to wherever an assault comes.

Old Fire Station Reduced To Ashes

GREENVILLE, Ohio (AP) — City officials no longer have to wonder what to do with their old two-story fire station. It burned down.

Firemen, located at their new station in the Municipal Building, had but to go across the street to fight the fire.

better prepare law enforcement agencies to do their jobs, he declared.

However, there is no substitute for public respect and cooperation, the Secret Service Chief emphasized. Peace officers only enforce laws that the people, through their representatives, have enacted, he reminded.

At the outset, Rowley reviewed briefly the history of the U. S. Secret Service, which he has headed since 1961. It was established in 1865, he said, to cope with a wave of counterfeiting. A third or more of the currency circulated during the Civil War was counterfeit, Rowley said. Although the Secret Service was pressed into espionage service during the Spanish American War and World War I, its mission has continued to be mostly detection and arrest of counterfeiters, and since 1910, protection of the President of the United States, his family, the vice president and his family. There are 604 agents in the service now, Rowley said.

One of the biggest counterfeiting cases came to a climax earlier this month in New York City when Secret Service agents confiscated over $4 million in counterfeit currency. The conclusion of this case was particularly gratifying, Rowley said, because none of the counterfeit money got "into the main stream of business."

Rowley was introduced by C. ". McLaughlin, Snyder rancher and oilman, who was instrumental in arranging for Rowley's appearance here.

Baize officially installed Henry F. Clark as 1968 President of the Snyder Chamber of Commerce. The 1967 President briefly recounted activities of the past year which led to a West Texas Chamber of Commerce "Operation Sparkle" award earlier this week.

Other new officers who will serve with Clark are John Thomas, first vice president; Shelby Coker, second vice president; and Charles Blakey, treasurer. Clark served in 1967 as first vice president, while other officers last year were Les Francis, second vice president, and George Patterson, treasurer.

New directors are Leon Autry, Coker, T. M. Deffebach, Larry Hall and John Reed. Holdover directors are Baize, Blakey, Sallie Blythe, Bill Dryden, Dave Harlin Jr., Harry Reed, Rex Robinson, Ernest Sears, Thomas and Bill Wilson. Retiring from the board are John Boren, Roy Burgess, Francis, Joe Sentell, Bill Seale, and Patterson. Clark's term also was up but he was re-elected.

Chamber Manager Gene Merrifield presented dinner music at the organ during the meal.

Bill J. Hood, Superintendent of Snyder Schools, was the program coordinator. Special entertainment, which drew enthusiastic applause, was presented by the Snyder High School Stage Band, under direction of Melvin Montgomery. Dr. John English, pastor of First Methodist Church, gave the invocation and the benediction.

Bill Seale was banquet chairman for the Chamber of Commerce, while Keith Pitner was in charge of arrangements and Ernest Sears was ticket sales chairman. Mrs. Glenn Barron was in charge of decorations.

Some 575 persons, including a number of out-of-town guests, attended the event in the Scurry County Coliseum.

Lubbock Man Jailed For Extortion

LUBBOCK (AP) — A dozen officers hidden close by were watching, Police Chief J.T. Alley said, as the president of a food store chain handed over $12,000 to a man quoted as threatening to kill one of his grandsons.

They jailed Lonnie Lee Mayhugh, 29, a grade school teacher, on a charge of extorting the money from Roy Furr Sr.

Alley said policemen were concealed at the spot in unmarked cars and work tents on telephone poles. He directed their moves from a helicopter.

Furr, about 70, is the wealthy head of Furr's, Inc., which operates a large chain of supermarkets in West Texas, Colorado and New Mexico. He also is chairman of the board of directors for Texas Technological College in Lubbock — a school where Mayhugh obtained a master's degree in 1966.

Alley said investigators had determined that Mayhugh, slender and good looking, was "in something of a financial bind."

The police chief related these details:

A caller demanded $12,000 in $100 bills from Furr by telephone Thursday morning, threatening the life of one of his four grandsons if it was not paid.

Furr asked time to obtain the money and the man telephoned again Friday morning. He instructed Furr to deliver the money at a point near a swimming pool in a city park on the southwest side of Lubbock.

At the park a man met Furr about 3:30 p.m. and the supermarket magnate handed him, one by one, 12 sacks containing $1,000 apiece.

Officers closed in and arrested the man as he started to walk away.

Mayhugh, held in lieu of $20,000 bond, is a father of two and taught fifth graders in a Lubbock school the past six years. He is a native of Kerrville. Before doing graduate study at Texas Tech he was graduated from Baylor University in 1962.

By ABIGAIL VAN BUREN

DEAR ABBY: I met this good looking girl who waits on tables in a place near where I work. She came on like a real sweet kid who worked hard for a living and wouldn't let any guy get next to her, which I liked.

Well, I took her home from work a couple of times, and all she'd give me was a good-night p[illegible] on the cheek at her door.

I asked her what she wanted for Christmas, and she gave me a list of clothes to buy and where to buy them. I went around and bought all the things she wanted, which set me back $300.

After I gave her these gifts, I asked her how about driving somewhere with me for the week-end. She said nothing doing — she wasn't that kind of a girl.

She already wore the clothes I gave her, so what do I do now? Three hundred bucks ain't hay.

CHUCK

DEAR CHUCK: Tough luck. If it were, you'd have enough to eat all winter.

* * *

DEAR ABBY: I am a young clergyman who is new in this community. Someone told me that about four or five years ago you had a very good answer in your column for a person who wrote in to complain because every time he turned around, the church was asking for money. He wanted to know what the church did with all their money. I would appreciate it if you could locate that item and print it again. Thank you kindly.

DES MOINES CLERGYMAN

DEAR CLERGYMAN: It was closer to EIGHT years ago, but I have located the letter, and here it is:

"DEAR ABBY: We are not overly religious people but we do like to go to church once in a while. I seems to me that every time we turn around in church we are getting hit for money. I thought religion was free. I realize that churches have to have some money but I think it is getting to be a racket. Just what do churches do with all their money?

CURIOUS

"DEAR CURIOUS: Even priests, ministers, and rabbis must eat. And since they work full time at their tasks, the churches must support them. Staff, professional choir members, and musicians must also be paid. Buildings must be maintained, heated, lighted, and beautified. (And, of course, first they must be built!) Custodial staff must eat and feed their families. Most churches engage in philantropic work (aid to needy, missions, and education); hence, they have their financial obligations. Even orchids, contrary to folklore, do not live on air. Churches can't live on air, either. Religion, like water, may be free, but when they pipe it to you, you've got to help pay for the piping. And the piper!"

* * *

DEAR ABBY: I would like your opinion of something new in our town. It's called the "COME AND GO SHOWER."

Here is how it works. The guests come, drop off their gifts, and then they go. They can't stay because so many people are invited there is no room for them to sit down anywhere. There is a punch bowl and cookies around and everyone helps themselves.

I don't see much fun in this kind of shower if you can't stay and watch the guest of honor unwrap her gifts. The last one I went to netted 103 gifts from neighbors, friends, and relatives. It lasted 10 hours, and people were coming and going with gifts all day long, I'm told. What is your opinion of showers like this?

"CAME AND WENT" IN HARRISBURG

DEAR CAME AND WENT: It's my opinion that anyone who would COME to a shower such as the one you describe, should GO and have her head examined. Showers are getting to be an out-and-out racket, but the "COME - AND - GO" shower beats them all.

AFS Student On Program

Gill Potgieter, foreign exchange student from South Africa, presented the program Thursday at the regular luncheon meeting of the Snyder Rotary Club.

Miss Potgieter showed pictures of her homeland and discussed it in comparison to this area of the United States. Royce Starnes projected the pictures for the presentation.

Other guests included Rick Hall, Johnny Patton, Cheryl Stevenson, Barbara Carter, the club sweetheart, and Dick Hilldish of Lubbock.

President John Thomas presided at the luncheon.

Snyder Firemen Answer Three Calls

City Firemen answered three calls Friday.

They put out a grass fire about 7 miles northwest of town at the Halliburton Co. tracks on the RS&P right-of-way. The call was received at 2:15 p.m.

At 6:50 p.m. they went to the James Rosser residence, 3606 Avenue U, where a trash can had caught fire.

A call at 8:40 pm. to the Howard Grocery in Ira turned out to be a false alarm.

Switzerland Landslides Kill Four

GENEVA (AP) — At least four persons were reported killed and ten others missing in avalanches thundering down the mountains of Switzerland Friday night and early today.

Dozens of slides, released by warm weather, rain and snow storms throughout central and eastern Switzerland, roared down the alpine slopes, cutting the main railway link from Switzerland to Italy, blocking local roads and railroads and isolating hamlets and villages.

At Davos in Grisons Province in the east a slide crashed down on a farm building on the outskirts, killing all three inhabitants. Another avalanche victim was reported from nearby Davos-Frauenkirch.

Dozens of avalanches buried or damaged buildings and blocked the road in the valley above Davos. Three persons were reported missing in the area.

Gunshot Wound Is Investigated Here

Sheriff's Authorities are investigating a case involving an unusual injury that may be a gunshot wound.

Marvin Allen, 40, was taken to Cogdell Memorial Hospital about 2:30 a.m. Saturday by private vehicle. He was released after receiving treatment for "a scratch on the back."

Officers were checking out a rumor that the man had been shot with a 22 calibe pistol, but had not confirmed the rumor by noon Saturday.

Thief Starts Off On The Wrong Foot

MINNEAPOLIS, Minn. (AP) — A thief started on the wrong foot when he broke into a car owned by Howard J. Enguist, a salesman from Oshkosh, Wis.

Police said the thief stole 100 women's boots, but they'll be of little use because they're salesman's samples—some for the right foot, some for the left, but no matched pairs.

"CHEAP DRUGS" COST MOST

Less effective medicines may cost less than the potent new ones prescribed by your Doctor . . . but you probably will need more of them to get well. New drugs usually do the job the first time, costing less in total. Bring your Doctor's prescription to us for precise compounding without delay. Uniformly fair prices.

Banquet Attracts Out-Of-Town Visitors To Snyder

GETTING ACQUAINTED — Meeting the guest speaker for the Chamber of Commerce banquet and his wife and presenting him to West Texas was the occasion for this gathering Friday at the Snyder Country Club. From left are Mrs. H. F. Clark, Mr. Clark, Mrs. C. T. McLaughlin, C. T. McLaughlin, James J. Rowley, Mrs. Rowley, and J. R. McLaughlin, brother of the Snyderite, of Beaver, Pa. Rowley, head of the U. S. Secret Service, was speaker for the banquet.

FROM ANOTHER SPARKLE CITY — Among those from Big Spring attending the banquet and a reception for Mr. and Mrs. Rowley, were from left, Mrs. Bob Casey, Col. Bob Casey, Mrs. R. W. Whipkey, Col. George Franks, Mrs. Franks, and R. W. Whipkey. Col. Franks is Base Commander at Webb AFB, and Col. Casey is Deputy Commander of Operations. Snyder and Big Spring both won "Sparkle" awards from the WTCC on Thursday.

SWEETWATER WAS WELL REPRESENTED at the Snyder Chamber of Commerce banquet Friday night. From left are Mr. and Mrs. Tom Locke, Mr. and Mrs. Leon Slaughter, Mr. and Mrs. Rigdon Edwards, Mrs. Bill Brown and Bill Brown. Locke is vice president, Slaughter is Manager and Edwards is president of the Sweetwater Chamber of Commerce, while Brown heads the Industrial Development Committee.

STATE SENATOR and Mrs. David Ratliff, center couple, were on hand for the Chamber of Commerce banquet. At left are Mr. and Mrs. J. F. West of Stamford, and at right are Mr. and Mrs. Bill Wilson of Snyder. Wilson heads the local Industrial Development Corp.

VISITORS FROM STAMFORD at the Chamber of Commerce banquet visited with Rep. and Mrs. Retial Rosson at the reception for Mr. and Mrs. James J. Rowley. From left are Mr. and Mrs. Roy Arledge, Mr. and Mrs. C. C. Westfall, Mrs. Rosson and Rep. Rosson.

SERVING LINE — The Scurry County Coliseum got its "shakedown" as a banquet facility Friday night when approximately 575 persons gathered for the annual Chamber of Commerce Banquet. This is the way the serving line looked as the crowd headed for the coliseum arena.

MRS. JOHN ALLEN ROSSON
(Craft Photo)

Ashley-Rosson Vows Are Pledged Here Jan. 20

Betse Idabeth Ashley, daughter of Mr. and Mrs. E. M. Ashley, Route 3, Snyder, became the bride of John Allen Rosson, son of Mr. and Mrs. W. H. Rosson of Colorado City, in double-ring rites Jan. 20 in the Bell-Seale Chapel.

Don Browning, minister of the East Side Church of Christ, officiated.

The bride was attired in an A-line formal gown of white linen with panel insets of Spanish lace extending to the hemline. The lace motif was repeated in a chapel train extending from the back yoke. A tiered veil of silk illusion fell from a lace appliqued circlet of linen. She carried a lace handkerchief belonging to her grandmother for something old, and a cameo ring belonging to her mother for something borrowed.

The bride carried feathered carnations and gardenias on a white satin Bible.

Judy Williamson of Snyder was maid of honor and Mrs. Bobby Howell of Big Spring was matron of honor. They wore pink crepe floor - length dresses.

Sherry and Lizette Howell of Big Spring, nieces of the bride, were flower girls. Other attendants of the bride were Donna Hubbard, cousin of the bride, Mrs. Frank Satterfield of Midland, Mrs. Fay Hubbard of Odessa and Mrs. Ernest Sorrells of Dunn.

Ricky Don Sorrells was ringbearer.

Robert Sterling was best man and other attendants of the bridegroom were Wade Ashley, brother of the bride, and Jimmy Ashley, cousin of the bride.

White tapers in branched brass candelabra entwined with greenery provided the altar decorations.

Mrs. Jack Patchell, organist, accompanied Carolyn Walton of Snyder, soloist in traditional wedding music.

A reception was held at the Dunn Community Center. The serving table was laid with a white satin floor length cloth, centered with pink and red handmade Spanish flowers. Donna Hubbard registered guests.

For the wedding trip the bride chose a brown double knit dress with white yoke, white velveteen hat and brown patent shoes.

The couple will live in San Angelo, where Mr. Rosson is a sophomore student at Angelo State College.

Out-of-town guests at the wedding were from Alpine, Midland, Odessa, Abilene, Colorado City, Muleshoe and Friona.

Knapp News

By MRS. VERNON TODD

Mrs. Ben Weathers visited Tuesday at Cuthbert with Mrs Sam Armstrong.

Weekend visitors of the Vernon Todds were Mr. and Mrs. Lloyd Ramsey and sons of Lubbock and Mr. and Mrs. Donnie Dove, Teressa and Keith of Midland.

Mr. and Mrs. Jim Sorrells and Mrs. Frieda Murphy were Big Spring visitors Wednesday.

Mrs. Ben Weathers and Mrs. Vernon Todd were business visitors at Big Spring Wednesday. They also visited Mr. and Mrs. Howard Shore at the Bennett House; and in the Miles Galaway home near Coahoma.

Rev. and Mrs. Saunders of Abilene visited at Knapp Sunday. He preached both morning and evening services at Knapp Baptist Church. They were dinner guest of Mrs. Ben Weathers and all three attended the singing at Union in the afternoon.

Mrs. Bill Dunlap and Mrs. Nova James of Snyder visited Tuesday in the Vernon Todd home.

Mrs. Frieda Murphy attended business in Gail Tuesday. She also visited with Mrs. Harris.

Mr. and Mrs. Edwin Davis and children of Adrian spent the week end with Mr. and Mrs. Melton Davis, and family. While here they helped Bubba celebrate his 3rd birthday.

Mr. and Mrs. Melton Davis visited Wednesday in Snyder with Mrs. Davis' parents, Mr. and Mrs. W. R. Horton.

For a quick relish, chop cooked beets (home-cooked or canned) and mix with chopped sweet onion, sugar and vinegar to taste. If there's bottled horseradish in the refrigerator, it will make a fine addition to the salt and pepper seasonings for the relish.

Showers Honor Bride

The former Betse Idabeth Ashley was honored with showers prior to her wedding on Jan. 20 to John Allen Rosson.

Hostesses for a miscellaneous shower at the Dunn Community Center were Mrs. Clyde Bowlin, Mrs. Grady White, Mrs. Jack Byrd, Mrs. Arlie Taylor, Mrs. Marcus Johnson, Mrs. Don Vineyard, Mrs. C. D. Gray Jr., Mrs. Graham Smith, Mrs. Mark Holmes, Mrs. Earnest Sorrells, Mrs. Martin Murphy and Mrs. Bill Hairston, all of Dunn; Mrs. Gus Sterling, Mrs. W. R. Sterling Jr., Mrs. Floyd House, Mrs. Robert Erwin, Mrs. Linden Solomon and Mrs. Mack Kruse, all of Ira.

A kitchen shower was given in the home of Sue Ellen Line in Snyder on the bride's birthday. Hostesses were Barbara Aycock, Judy Williamson, Sue Ellen Line, Sharon Kelley, Cheryl Arnold, Vickie Mize and Cheryl Rutledge.

Herring Salad

1 jar (7-½ ounces) marinated herring fillets
2 cups diced cooked potatoes
2 cups diced apple
1 cup diced pickled beets
3 tablespoons salad oil
1 tablespoon wine vinegar
Salt and pepper to taste
Salad Greens
2 hard - cooked eggs, sliced

Drain herring; dice, removing any bones. Toss the herring with the remaining ingredients except the salad greens and eggs. Add more oil and vinegar if needed. Serve on salad greens; garnish with egg. Makes 6 servings.

Junior Troop 85 (Mrs. Geo. Stewart and Mrs. Joe Solari) met Jan. 11 at the Scout House. The troop worked on its Health Aid badge. Senior Scouts Paula Redwine and Patty Smyth gave the troop some instructions on First Aid and taught them several uses of the triangular bandage. The girls practiced bandaging on each other.

Several girls in this troop are working on the Collectors badge. Sherry Williamson brought her doll collection and Annie Amato displayed her troll collection. These girls gave a short talk about their collections.

On Jan. 12, ten girls from Troop 85 made a field trip to Snyder National Bank to deposit troop funds.

The girls enjoyed a tour through the bank. Many thanks to Snyder National Bank for making this possible.

At the Jan. 18 meeting the Health Aid badge requirements were continued. Patty Wolff displayed her doll collection and Jeanann York brought her doll and stuffed animal collection.

Jan. 25 Patrols met and planned pantomimes for Health Aid and girls who had missed recent meetings worked on their requirements.

The girls were instructed to pick up cookies from Mrs. Chas. Amato, Troop Cookie Chairman.

New patrol leaders were elected and patrols chosen.

Meeting was closed with the song "Where'er You Make A Promise."

Senior Troop 325 (Mrs. H. P. Redwine) met Wednesday evening, Jan. 24, at the Reneau residence.

After a delicious informal dinner, Mrs. Franklin Pruitt, Neighborhood Chairman for Snyder, presented Mrs. Harold Lacik with a Certificate of Appreciation from the West Texas Girl Scout Council and Snyder Neighborhood. This certificate was given in recognition of the time Mrs. Lacik has served on the Board of the Council as Snyder's representative. We appreciate very much the many hours you have spent and the many miles you have driven, Irene — as well as the fine way you have represented Snyder on the Executive Board!

Many thanks also to Mr. and Mrs. Reneau for their hospitality.

Junior Troop 327 met Tuesday, Jan. 23. Mrs. Billy E. Roach, the Troop Cookie Chairman, explained to the girls about the Cookie Sale. Three girls presented a skit on the proper way to approach people and sell cookies to them. The girls in the skit were Cecile Pruitt, Kathy Williams, and Susan Neves.

A second skit was presented by the sixth grade patrol (Scout's Affair). The title of this skit was "Babes in Toyland." The characters were: Head Toymaker, Ginger Burk; Grumio, Lane Dickerson, Barnabas, Paula Parks. The toys were: Doll, Lynn Leavell; Tiger, Michele Graves; Teddybear, Deborah Pruitt. The narrator was Suzanne Peek.

Refreshments were served by Carla Hicks.

The leaders of the troop are Mrs. Franklin Pruitt and Mrs. Wesley Graves.

By Deborah Pruitt.

GAYLE BECKHAM AND MARSHA McGLAUN

Two Snyder Girl Scouts Going To National Events

Four Senior Scouts have been selected to represent the West Texas Girl Scout Council for three national events. The Scouts are Gayle Beckham of Snyder, Cheryl Crawford of Abilene, Mary Ann Lipscombe of Big Spring and Marsha McGlaun of Snyder.

Miss Beckham and Miss Crawford will represent the council at the National Intercultural Conference, which will be held on the campus of Trinity University in conjunction with Hemisfair, during the month of July. The experience will give the girls the opportunity to delve into the culture of the Americas by using the cultural exchange opportunities made available by Hemisfair.

Miss Lipscombe will represent Region IX at the Senior Roundup, which will be held at Camp Hilaka, West Richfield, Ohio, this August. She will study the role of women in their world of tomorrow while living in a camp setting that emphasizes patrol camping.

Miss McGlaun will represent the Region at the National World of Arts event to be held at Edith Macy Training Center, Pleasantville, New York. She will participate in the Dramatic Arts program and will learn to appreciate the past and present in drama and learn to stimulate interests in the arts in troops and camps at home.

An attractive way to garnish stuffed eggs: criss-cross a flat anchovy (cut in half) over the deviled yolk mixture after it has been stuffed back into the whites.

Many torte recipes call for grated nuts. To prepare the nuts, use a small rotary hand-operated nut grater.

Rural Areas Get Water Systems

The benefits of modern water service has been brought to more than 121 families, business concerns and institutions in Scurry County the past two years through the Ira Water Supply Corporation financed by the U. S. Farmers Home Administration, FHA Acting County Supervisor Donnie R. McCool has advised.

Loans and grants totaling $409,000.00 were made to a new water supply system, the U and F Water Supply Corportion in the Union and Fluvanna communities on Jan. 19. This new corporation will serve 136 families, business concerns and institutions.

A constant, clean supply of water at the turn of a tap has been and - or will be achieved for 223 family homes and 34 businesses and institutions served by the water lines of the two corporations McCool reported.

The water projects received $401,130.00 in loans and $187,000.00 in grants from FHA since June of 1965, for a $588,130.00 loan - and - grant total toward Scurry County water projects in the past two and one half years.

Four communities in Scurry County benefit from these two water supply corporations, the communities of Ira, Dunn, Union and Fluvanna.

"A typical effect should be seen in a reasonable length of time. New homes should be built and improvement on existing homes made and more business, industrial and institutional customers added since modern water service has come to the four communities. It is estimated that about 5 to 6 new homes have been built in Ira since a water supply system has been added to that community."

Texas U Students On Probation

By PAUL RECER

SAN ANTONIO (AP) — Disciplinary probation for six students who staged an unauthorized rally on the Austin campus of the University of Texas was approved Friday by the University of Texas Board of Regents.

The board voted to approve the punishment which earlier had been recommended by the faculty committee on discipline.

The students—John Lefeber, Alice Embree, David Mahler, Gary Thiher—were charged with violating orders by the chancellor not to hold a rally just before the last April visit to the campus of Vice President Hubert Humphrey.

The rally was sponsored by the Students for a Democratic Society.

The disciplinary probation of the students is to last until June.

The regents also cleared the way for return to the University Student Union in Austin of military recruiters. The recruiters had been barred by a committee which, in effect, gained control of the Union policies through the Student Union board of directors.

The regents permitted the committee to continue in existence, but claimed the right to give final approval on any move it made.

In other action, the regents:

—Approved a program which will allow students to take some courses outside their speciality on a "pass or fail" grading system which will not affect their cholastic standing. The concept is aimed at broadening the scope of the student's education.

—Changed the grade point system from a 3.0 system to a 4.0 system.

Murder Trial To Begin

GEORGETOWN, Tex. (AP)—A slender, long-haired teenager goes on trial Monday in the slaying of his college professor father, his mother and his pretty, dark-haired sister.

James Walcott, 16, will be tried in Dist. Judge Kirby Vance's court specifically on only one of the three murder charges filed against him—that he shot Dr. Gordon Wolcott to death early in the morning of Aug. 5.

Selection of the jury from a panel of 100 prospective jurors is expected to take up the first two days of the trial, which probably will last about a week, according to informed sources.

The death penalty is not being sought because Wolcott was under 17, the age at which a youth automatically is tried as an adult. The county judge, who doubles as juvenile judge, waived jurisdiction and bound Wolcott over to the district court for trial as an adult.

Wolcott pleaded not guilty by reason of insanity.

The slain father, 56, was a Southwestern University biology professor. His son was nine days short of his 16th birthday when police arrested him just hours after the triple slaying.

State Lawmen To Use 'Big Stick'

AUSTIN (AP) — The Texas Public Safety Commission has launched what Department of Public Safety director Homer Garrison Jr. cal's a "big stick" approach in a crackdown on on crime at all levels.

Garrison said the new line was the "most revolutionary approach adopted by any Public Safety Commission in my time." He joined the Highway Patrol in 1930 and became director of the DPS in 1938.

The announcement was made Friday after a conference of all DPS regional commanders, Texas Ranger captains and agents-in-charge of the intelligence and narcotics sections.

All were instructed to return to their posts and to begin an immediate coordination of operations with other law enforcement officials.

"Through this action we are serving notice on the criminal element that we mean business and will do a thorough job of detection and apprehension," the commission said. "We will not be concerned if we have difficulty with convictions. If we have to return a man to the bar of justice 15 times we will do so, because that is our job."

Garrison labeled the statement "a major policy decision."

Garrison said the crackdown includes a new willingness by the DPS to move in where local authorities fail to deal with violations of the law.

"We have given a lot of warning in the past to local law enforcement people but now if that doesn't work we'll take it over ourselves," he said.

He called the new policy a "big stick approach" and said it is "revolutionary" in the sense that the DPS has passed information to local authorities about law violations but has not moved in if local police, sheriffs and district attorneys failed to act on the DPS leads.

The crackdown has nothing to do with recent allegations of misconduct by Liquor Control Board employes or with Republican assertions that the Cosa Nostra crime syndicate is operating in Texas, Garrison said.

Model Cities Officials Meet

AUSTIN, Tex. (AP) — Officials from four Texas cities chosen for the federal "model cities program" will meet here Monday at Gov. John Connally's request.

San Antonio, Waco, Eagle Pass and Texarkana have been designated for the program. Connally said Laredo officials also were asked to the meeting because that city may be involved in a similar program with Nuevo Laredo, Mexico.

Arkansas and Texarkana, Ark., officials were invited because the two Texarkanas work closely in community programs and both sides of the border city were selected for model city aid.

About 150 persons are expected at the conference, including representatives of 12 state and 5 federal agencies.

Aggies Charged With Stealing Cattle

COLLEGE STATION, Tex. (AP) — Cattle theft charges have been filed against two Texas A&M University sophomore students in Fort Bend and Brazos counties.

Robert Craig Chambers of Houston and Ralph Stephen Prior of Rosharon are accused of stealing a cow last Dec. 18 in Brazos County and nine head of cattle Jan. 12 in Fort Bend County.

Justice of the Peace Jess McGee set bond of $5,000 each Friday in the Brazos County case. Officers said the youths already were free under $1,000 bonds on the Fort Bend County charges.

Officers said the youths also were charged in Brazos County with unlawful use of a trailer.

Water Quality Board Gets Study Grant

AUSTIN (AP) — A $50,000 federal grant for a one-year study of Galveston Bay, with emphasis on pollution, has been awarded to the Texas Water Quality Board.

State Sen. Criss Cole of Houston, chairman of an iterim legislative committee studying land use and environmental control, announced receipt of the grant Friday.

The Texas board must report by Jan. 1, 1969, on results of the study. The report will be part of a larger Galveston Bay study being undertaken simultaneously by the state.

Freddie Brant Is Indicted

KAUFMAN, Tex. (AP) — County grand jurors indicted Freddie Brant, who formerly worked at the Terrell State Hospital, on a charge of practicing medicine without a license Friday.

Other counts in the indictment accused him of perjury and forgery.

Brant, 43, had been using the name of a physician who formerly employed him as a laboratory technician until his true identity came to light last month. He acknowledged that he never attended medical school.

He had left the Terrell hospital and was operating a clinic at Groveton, providing the only medical attention available in that Trinity County town. The grand jury meeting there has indicted him also on charges of practicing without a license and forgery.

Project Discussed At Jaycee Session

A report on plans for the state Outstanding Young Farmer award banquet highlighted the program for Friday's meeting of the Jaycees at the Steak House.

Max von Roeder, chairman, gave the report on the banquet plans. President Dave Harlin Jr. presided at the meeting. Ken Aldridge gave the invocation, Gary Stevens led the pledge to the flag and John Jarrell the Jaycee Creed.

Former Pickle Aide Criminal Prosecutor

DALLAS (AP) — Merrill Lee Hartman, 28, former congressional aide to Rep. J.J. Pickle, D-Tex., will be sworn in Monday as a new criminal prosecutor in the U.S. attorney's office here.

In announcing this Friday, a Federal Court spokesman said Hartman has been assigned to the criminal tax division of the Justice Department in Washington.

LBJ's Investment Curbs Give Eurodollars Shakes

By LAWRENCE MALKIN
Associated Press Writer

LONDON (AP) — An international dollar market possibly started by the Russians holds one key to the success or failure of President Johnson's effort to halt the U.S. dollar drain.

The crucial market deals in "Eurodollars," which don't even exist in cash greenbacks. They are bank deposits and bonds in dollars which are deposited and circulated only outside the United States. Largely outside the direct control of U.S. monetary authorities, Eurodollars have played a major role in expanding international trade and finance during the past decade.

The President's curbs on U.S. investment overseas are giving the Eurodollar market the shivers. Bankers are not sure what will happen when this major source of domestic dollars to feed the foreign Eurodollar market is shut off. But first indications are that the Europeans themselves are trying to control the market on an international scale, one aim of the President's program. If the market gets out of control, runaway interest rates could threaten all of Western Europe's currencies, and the American dollar itself.

Some authorities say the Eurodollar market began because the Russians held some dollar credits in the mid-1950s and feared they would be confiscated if cashed in the United States. About 15 years ago, when there was a world dollar shortage, the Russians began lending their dollars to banks in Europe at high interest. It was good business.

American investment, military spending, foreign aid and tourism began pouring dollars into the market. Scores of U.S. banks opened branches in London to profit from the Eurodollar pool. It now totals about $15 billion to $16 billion.

The system has advantages and disadvantages for the United States and foreign countries.

Because the Eurodollars are acceptable almost anywhere in the capitalist world, bankers say, they demonstrate confidence in the dollar. If the Eurodollar holders lost confidence they could cash in the money for gold and clean out Fort Knox. The fact that they have not done so has helped maintain the U.S. gold stock, now $12 billion. But the threat is always there.

For foreigners, Eurodollars provide the nearest thing the world has to an international currency. The money moves across frontiers within minutes via interbank cables. It speeds international trade and is not subject to various and conflicting national controls. About five billion Eurodollars are believed invested in long-term bonds to finance foreign private, and even government, industry.

Democrats Bidding For Farm Votes

By OVID A. MARTIN

WASHINGTON (AP) — Democrats will bid for farm votes next November with a five-point program featuring a strong federal role in agriculture.

This program has been outlined by Secretary of Agriculture Orville Freeman with White House backing.

While the secretary has declined to speculate on the contents of the farm plank Democrats will write, there is little doubt about the basic outline of the party's platform promises to farmers.

Freeman asserts that the program will stand up strongly in competition with Republican campaign promises. He says most farmers, although many are angry now because of low farm prices and incomes, will vote for Democrats for President and Congress.

The administration farm program has these major features:

—Extension by Congress next year of production—and price—stabilization measures embodied in the 1965 farm act for cotton, wheat, feed grains and other products.

—A security reserve under which the government would buy and store grains and soybeans in periods when supplies are large and farm prices are low, such as is the case now, held by the government for resale when supplies are right and prices are high.

—Extension of the Food for Peace program under which more than $1.5 billion worth of farm products are supplied underdeveloped countries to help them feed their own people until their own agricultures become more productive.

—Extension of programs needy families in this country and the school-lunch program. The key program here is the food-stamp plan under which the government gives stamps to the poor for purchase of food at regular grocery stores. At present, only 60 to 65 per cent of the needy are benefitting from the stamp program.

—Legislation to give farmers greater power to bargain with processors and other buyers of their products for improved prices and other marketing conditions.

Freeman has been putting great stress on the bargaining possibilities for bettering farm conditions. So have a number of other farm leaders. But the administration has not yet spelled out the mechanics under which it would set up such bargaining.

There is considerable opposition among some farm groups and some Republicans to much of this over-all farm program.

The American Farm Bureau Federation, long an opponent of government farm controls, will work against extension of the and price-control legislation and its proposal for a security reserve.

It will fight also any effort in the farm-bargaining field that places such bargaining under government control or supervision.

Jim Collins Announces Candidacy

DALLAS, Tex. (AP) — Jim Collins, Dallas businessman, announced his candidacy Saturday for the Republican nomination for the 3rd Congressional District, composed of the western half of Dallas County.

At a luncheon sponsored by 200 supporters, Collins said, "We're all concerned about the war in Vietnam and hopeful that an honorable solution can be reached soon. I think domestic issues will dominate the campaign."

He said that crime and inflation were also major problems.

Collins is seeking election in the district where Democrat Joe Pool is the incumbent.

Campaign Manager George Haag said that Pool beat Collins in the last congressional election by 4,000 votes. The district has since been changed and two precincts in the Highland Park and University Park area were added. These precincts are predominantly Republican, he said.

Collins, a graduate of Southern Methodist University and Harvard Business School, is president of Fidelity Union Life Insurance Company.

Indians speak more than 800 languages and dialects, the National Geographic says. These range from the Hindi of millions to Assamese tongues used by as few as half a dozen people.

Junior Editor's Quiz on NIGHT ANIMALS

QUESTION: *Can night animals see color?*

* * * * *

ANSWER: Some animals, such as the birds, which are active during the day, see almost as much color as we do. However, about two-thirds of the animals sleep during the day and move around at night, when they are less likely to be seen. There is little color visible at night. That is why so many animals are more or less color blind. It is more important for them to see shapes in light and dark than in color. Many animals in zoos sleep during the day and so are not very interesting to look at. Certain zoological gardens have recently created new exhibits to show what night animals look like when moving around. The color red does not register to a night animal's eyes. Imagine the scene in our picture with no outside light and all the lamps red instead of white. The animals in the cages, because of the red light, can't see the people looking at them. They think it is night and move actively around. After 10 p.m., bright lights are turned on. The animals then think it is daytime; they curl up and go to sleep.

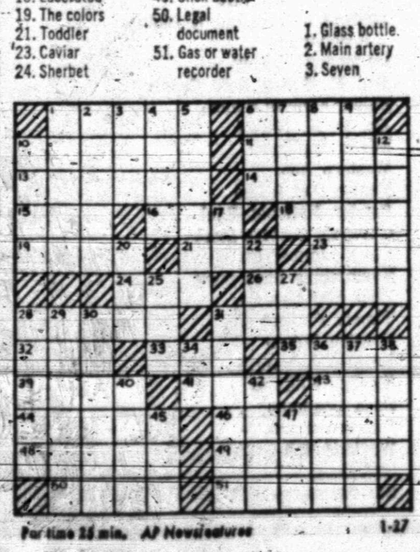
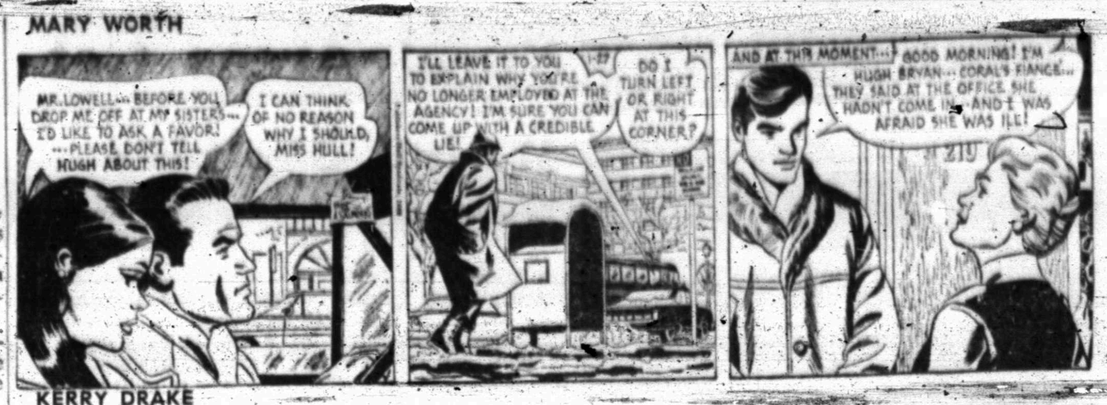
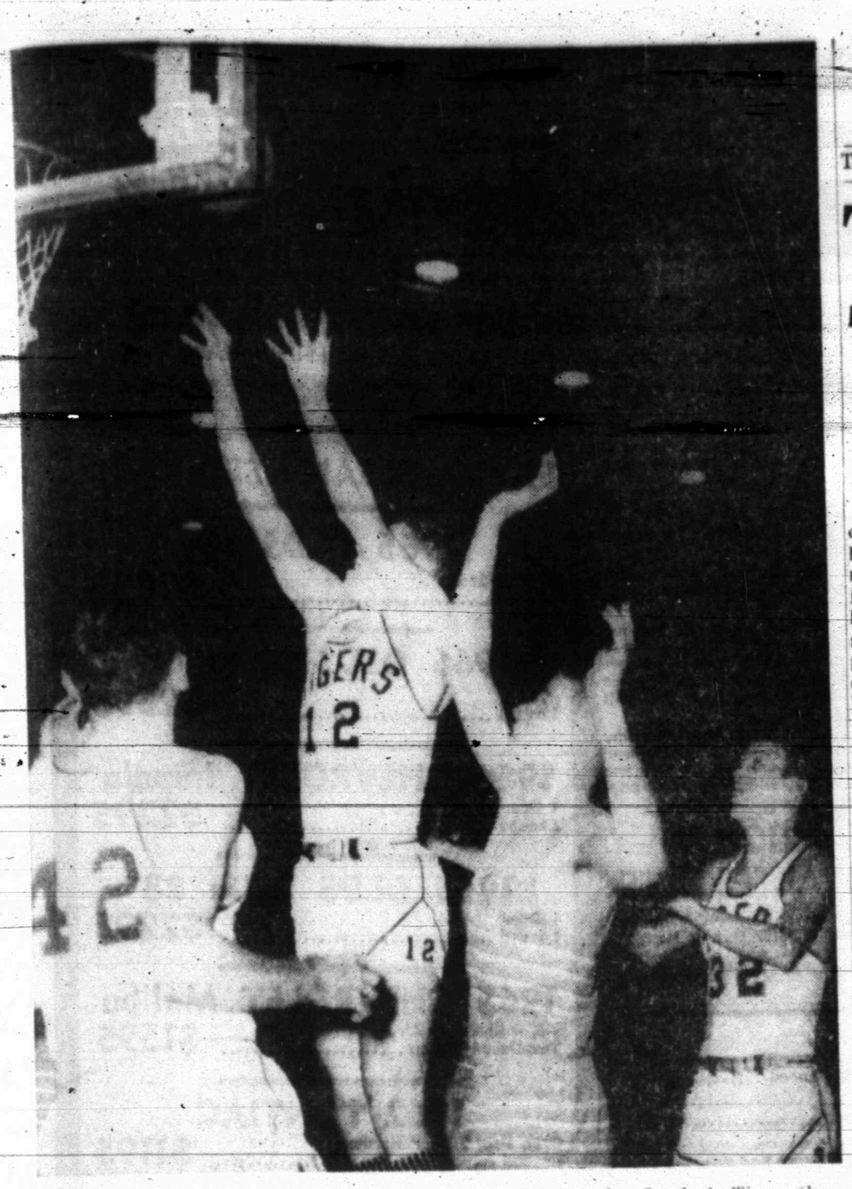
SOLUTION OF YESTERDAY'S PUZZLE



For time 25 min. AP Newsfeatures 1-27





PUTS IT IN — Tommy Bullard (12) scores from in close for Snyder's Tigers during their 104-61 romp over Lake View's Chiefs here Friday night. Others identifiabe are Mitch Rambin (42), Joe Keel of Lake View (43) and Jerry January (32). Bullard pumped in 24 points in this tilt which opened the second half round of District 3-AAA.

Tigers Scalp Tribe 104-61, Lamesa Loses

Snyder's fighting Tigers got off to a good start in the second half of the 3-AAA basketball race here Friday night with an impressive 104-61 verdict over hapless Lake View. It was the second 100 plus performance against the Chiefs and the fourth of the season for Coach Ned Underwood's crew.

The victory sets the stage for a showdown battle at Levelland next Tuesday. The winner will have a good chance to take or tie for the second half crown since Lamesa, victor in the first half, was beaten 69-78 at Dunbar Friday night.

Sparked by Bob Bruce, the Chiefs remained in contention for one period, trailing by only 14-20. At one point in the first stanza the visitors actually led by about six points. Then, the hard press began to get to them as the Bengals made frequent steals and drove in for quick layups.

Mickey Almond, who played a consistently good game, both offensively and defensively, led Bengal scorers with 26 points, and his production was well spread throughout the four frames. A free throw and a floor shot by Mickey put Snyder ahead for good.

Tommy Bullard, who was runnerup for the Tigers with 24 points, notched 10 of his 24-point total in the first stanza.

The roof began to fall in on the Chiefs in the second quarter. They simply couldn't penetrate Snyder's pressing defense, although they tried gamely to stay in the game. The man-to-man tactics of the hosts must have seemed more like 2 on 1 to the hapless Chiefs.

Coach Underwood began to substitute liberally in the first half, and everyone on the Tiger squad got into the game. Several different combinations were used, and all seemed to click smoothly.

Jim Patrick, who also finished in double figures with 13 points, looked good on inside shots while Mitch Rambin contributed 10. Bruce was high point man for the Chiefs, and Joe Keel, who looked especially sharp in the last quarter, found the range for 19.

The Chiefs looked competent on occasion, but there was nothing consistent about their performance. Both teams made too many mistakes. The Tigers lost the ball 23 times on turnovers while Lake View gave up possession needlessly 37 times.

Snyder held an edge in rebounds 50 to 30 — and Drake Snyder pulled down eight for the lion's share.

Underwood said he was pleased with the hustle displayed by the Tigers, but pointed out it will take a superior performance as well as hustle to beat the tough Lobos at Levelland next Tuesday.

The "B" team bombed Lake View 28-5 in the third quarter to break open a fairly close battle and coast in with a 79-52 decision.

Bill Hood, who registered an all-around top performance, led local scorers with 22 points. Lee McNair pitched in 16, and Randy Rushing put in 11 as three of the Kittens finished in double figures.

Rushing also was outstanding on the boards, taking down 14. He and McNair did a good job of ball-hawking in the third quarter. That third quarter press was just too much for the visitors to handle. Snyder "B" now is 14-7 for the season.

CORNER SHOT — Randy Rushing sank this jump shot from the corner for the Snyder Kittens during the second quarter of their tilt with Lake View in the high school gym Friday night. The tall forward collected a total of 11 points, and he led rebounders with 14. Teammate Wesley Bishop (22) is in the background while an unidentified Chief awaits vainly for rebound. Snyder won 79-52.

Travis Wins, Lamar Loses In 1st Round

SWEETWATER — Travis 8th grade won and Lamar 8th grade lost in opening rounds of the Sweetwater Tournament which got underway here Friday.

Travis turned back Stamford 60-29. The young Blue Devils breezed to the decision with ease after taking a 35-6 margin into the dressing room at intermission.

Gary Durst led Travis scorers with 14 points, and Butch Buchanan put in 10 points. For Stamford, Young was high pointer with only 9.

Lamar was beaten by about six points in a close tilt with the hosts.

Second round action began Saturday with Travis scheduled to test Goliad of Big Spring at noon. A victory would have put them in the finals at 7:30 p.m. Lamar collided with Runnels of Big Spring Saturday morning in a Consolation tilt.

Hermleigh Boys Beat Westbrook

WESTBROOK — Hermleigh's Cardinals nipped Westbrook 45-41 here Friday night in a close 70-B basketball contest, but the hosts girls put down the Cards 61-28.

Hermleigh trailed the first three quarters, then put on a furious rally in the last stanza, outscoring Westbrook 17-8 to turn defeat into victory. The Cardinals were behind 7-10 after one quarter, 16-23 at halftime, and 28-33 going into the final stanza.

The visitors began cutting into the Westbrook lead in the third quarter and made modest progress, but the issue wasn't decided until the late outburst.

Ted Winter meshed 18 points to pace the Cardinals, and Danny Peterson contributed 12 points to the cause. High point man for Westbrook was Robert Contreras. He also put in 12.

The Redbirds hit only 5 of 18 at the free throw line and had an embarrassing night on floor shots, sinking only 20 of 80 for 25 per cent from the field. On the other hand, they played almost faultless ball control, giving up only six turnovers while dominating the boards.

Westbrook's girls never were in trouble as they whipped their foes with ease. Christine Read registered an outstanding individual performance, sinking 37 points. Sue Bell posted 14. For Hermleigh, Jane Wall found the range for 15.

Hermleigh will be at Ira Tuesday, then return to the Scurry County Coliseum Thursday to tangle with Fluvanna.

Chesty In Limelight

AMARILLO, Tex. (AP) — Football Coach Chesty Walker, golf professional George Aulbach and the late Gene Howe, hunting-fishing authority, will be installed in the Panhandle Sports Hall of Fame at 2 p.m. Sunday.

Walker's Phillips High School teams won 172, lost 23 and tied 8 from 1939 through 1956. He is now a personnel scout for the New Orleans Saints of the National Football League.

Aulbach, executive secretary of the Texas PGA with headquarters in San Antonio, was a major factor in developing golf while pro at the Amarillo Country Club from 1941 through 1953.

Howe was a member of the Texas Game and Fish Commission for more than 10 years. He was chairman of the board of The Amarillo News-Globe Publishing Co. at the time of his death in 1952.

Randy Matson of Pampa and Texas A&M will receive the News-Globe Athlete of the Decade Award. The world champion shot putter just won the Sullivan Award.

Coaches and athletes of 1967 also will be honored.

Coaches: Football — Joe Kerbel, West Texas State; basketball — Gary Lawley, Amarillo High; track — Frontz Myatt, Amarillo Palo Duro High.

Ira Cops Two From Fluvanna

IRA — The tenacious Bulldogs chewed visiting Fluvanna's Buffaloes twice here Friday night in District 70-B basketball matches. Ira won the boys game 53-32 and took the girls tussle by a 57-40 count.

Ira trailed 9-11 after one quarter of the boys contest, then rallied to take a 24-23 lead at halftime. They erupted for 14 points in the third quarter while holding the Buffs to only 3 points. A similar one-sided performance in the last quarter removed all doubt about the final outcome.

Doug White tallied 16 points, and two other Bulldogs were in twin figures with Hester putting in 14 and Holladay 13. For Fluvanna, Victor Contreras was high point man with 14 points.

Ira's girls outscored Fluvanna in every period with Debbie James copping scoring honors. She sunk 20 while Carolyn Rogers was credited with 16 and Connie Sterling put in 14. Sandra Stansel meshed 20 for Fluvanna, and Nanette Bruner pitched in 12.

FLUVANNA GIRLS (40) — Stansell 4-12-20; Bruner 4-4-12; Toombs 3-2-8; totals 11 18-40.

Coach Is Dead

JEANNETTE, Pa. (AP) — E. Albert Deluca, director of education at St. Vincent College and former football coach, died Friday of an apparent heart attack.

Deluca, 56, collapsed at home and was dead on arrival at a hospital.

He coached at St. Vincent from 1948 to 1962 when the school dropped its football program. A former Duquesne University football star, he coached St. Vincent to its only undefeated season in 1949 when the team played in the Tangerine Bowl.

Tiger Athletes Hear Matson

Track Coach Bill Hartsfield took a group of boys to a "field clinic" in Andrews Saturday morning. Randy Matson, holder of the world record in the shot put, was the main speaker.

Accompanying the Tiger coach on the trip were Ray Ellis, Bobby Clayton, Dwaine Boydstun, Larry Lofton and Johnny Quiros.

Hot Lakers Beat Boston

BY THE ASSOCIATED PRESS

The Los Angeles Lakers are on the move, but it's going to be a long trip.

Led by a hot second half from Elgin Baylor, the Lakers won their sixth straight National Basketball Association game Wednesday night, downing the Boston Celtics 118-112 in Boston.

Trouble is, the St. Louis Hawks, leaders of the Western Division, also won Friday, beating New York 103-94 in St. Louis and stayed 10 full games ahead of the Lakers, in third place.

In other NBA action, Philadelphia topped visiting Cincinnati 123-113 and Baltimore overcame San Francisco 125-110.

In the American Basketball Association, Pittsburgh beat Minnesota 115-107, Denver took New Orleans 104-94, Dallas downed Houston 122-96 and Kentucky nudged Anaheim 96-93.

Baylor scored 24 of his 35 points in the final half as the Lakers broke a 76-76 tie in the third period, outscoring the Celtics 9-2. Sam Jones led Boston with 27 points.

Cazzie Russell, for whom the hot hand is becoming a habit, scored 21 points in the final period and 31 in the last half — but it was not enough to beat the Hawks. Zelmo Beaty led St. Louis with 25 points.

Panthers Split With Loraine

HOBBS — The host Panthers split two important 70-B basketball matches with Loraine Friday night with the girls winning 63-34 and the boys losing 71-53.

Three of the offensive girls rang the hoops for Hobbs, led by Tacki Martinez with 26 points. Brenda Hull posted 21, and Doris Medrano pitched in 16. For Loraine Munoz and Oliver were high with 13 and 12 points respectively. The Panther girls outscored Loraine in every period except the third one.

Loraine dominated the boys game, outscoring Hobbs in every quarter except the final one. Leading the attack was Louis Rose with 24 points. Jim Hamilton contributed 20, and Don Walker meshed 19.

Next Tuesday, Hobbs hosts Westbrook.

LORAINE GIRLS (34) — Munoz 2-9-13; Oliver 4-4-12; Green 4-0-8; totals 10-13-34.

YOUR BEST CURB AGAINST INFLATION IS

A HOME OF YOUR OWN!

IT'S A PROVEN FACT — Real Estate prices have kept pace with inflation. A home is a good buy today. It will be higher tomorrow. Why wait for real estate prices to get higher and higher? If you are now renting your home... chances are you can actually buy and own your own home for less money.

SELECT A BEAUTIFUL BANNER HOME

FHA TODAY!!!

CONSIDER THE FOLLOWING CAREFULLY:

- All FHA owned properties are totally reconditioned and are ready for immediate occupancy.
- There are lovely FHA homes available in all sections of Snyder. All homes are convenient to the best schools — churches — parks — and shopping centers.
- Terms of up to 30 years are available to all purchasers.

NOW IS THE TIME TO INVEST IN YOUR OWN FUTURE!

SUMMER JOBS

Q — "I've been reading your column on jobs and I would like to know how to find a decent summer job. Something other than mowing lawns. I'm 16 years old."

—G. B., Fort Worth, Tex.

A — First, let me say that space limitations prohibit my listing addresses for the resources and publications I'm going to mention. However, I'll be glad to send that information free to readers who write to me in care of this newspaper and enclose a large stamped, self-addressed envelope.

Your timing is perfect. Now is the time to look for summer jobs — not next June when all the best jobs are filled.

A good place for you — and all students — to start is with your school guidance counselor or college placement director. And, try reading the classified ads in newspapers; think about placing an ad yourself. When I was a student, I ran an ad and received 23 replies.

Other good bets are: Check with your Chamber of Commerce to find businesses in your area that employ summer workers; go in person to your state employment service (there are no fees); place your application with local employment agencies if you are willing to pay a fee — ask your school guidance counselor to recommend reliable agencies; apply at the stores and businesses in your neighborhood.

Other efforts that can pay off in good summer jobs are: let your friends and relatives know you're looking. Investigate government and private agencies that specifically deal in employment services; there are youth opportunity centers in many large cities.

Still another resource for finding jobs is a unique non-profit organization called Youthpower, which is staffed by young volunteers, and expects to operate in about 35 cities this summer. Youthpower will offer a free Summer Jobs Tips booklet available in March. Or, you can investigate the thousands of possibilities described in The Summer Employment Directory of the U.S.A. — Summer Jobs for '68 . . . or the federal jobs available which are listed in Summer Jobs in Federal Agencies, Pamphlet 68.

Several other suggestions: postal assistant — you must be 18 . . . camp counselor — call your local Girl Scout or Boy Scout Council or private camps. Or, if you're willing to work in another part of the country, there's even a Directory of Accredited Camps available in March to help you find the right spot.

How about being a park concession worker? This is a non-government job in national parks such as guide, cook, waitress or nurse. Consider department store clerk, gift wrapper, cashier — the only way to find out is to apply at the stores.

Other sources of summer jobs are hotels, restaurants, summer theaters, ranches, amusement parks, pools and beaches, offices, swimming pools, clubs and golf courses. A fabulous twist to baby-sitting is to land a job through friends or a travel agency, as a traveling sitter for a family vacationing in the U.S. or abroad. A 15-year-old girl I know spent last summer at Cape Cod baby-sitting for a family and had a marvelous summer. This year the same family will take her to Europe.

These ideas should give you a running start for a summer of adventure and a good learning experience. The main thing is to do something constructive with your free time. From about the age of 15 on, you can't afford to play away your summers. The world is changing too fast and you need every edge you can get to have a successful career.

Every summer job can pay off, even if it doesn't pay money. There are some wonderful non-paying summer opportunities available and I'll tell you about them in a later column.

NEXT: Rehabilitation Counselors

For addresses where you may write for more information on above occupation, send a stamped, self-addressed envelope marked SUMMER JOBS, as well as 10 cents for handling to F. J. Lain, Career Corner, in care of this newspaper. Which career interests you? Send suggestions to F. J. Lain, Career Corner, in care of this newspaper.

Medical Insurance Enrollment Now

(EDITOR'S NOTE: This is the seventh in a series of articles by Erven Fisher, Manager of the Big Spring District Social Security Office, concerning the new Social Security laws.)

• • •

By ERVEN FISHER
District Manager

About 1.4 million people over 65 who missed out on signing up for the supplementary medical insurance under medicare — which helps pay doctors' bills and other medical bills not covered under hospital insurance — will also miss out on some new benefits unless they take advantage of the period now open to enroll, provided by recent legislation.

These people will be receiving an application blank in the mail soon which will give them through April 1 to indicate whether or not they want the supplementary coverage. If they sign up by April 1, their coverage will begin July 1, 1968. The premium paid by the person who enrolls on time will be $4 a month, matched dollar for dollar by the Government — so the insurance is worth twice the amount of the premiums people pay for it.

Those who miss out on this second chance to take the supplementary protection will have to wait another year, and pay a premium that is 10 per cent higher for each full year they could have had the medical insurance, but were not enrolled. Those now enrolling, who for a year or longer had been eligible but had not signed up, will pay an additional premium of 40 cents a month above the $4.

A person who is not enrolled for medical insurance may henceforth enroll during the first 3 months of any year, provided this period begins with 3 years after he had his first opportunity to enroll. People already 65 or older, who do not have medical insurance may enroll through April 1, 1968; if they do not enroll by that date, they will have to wait until 1969 for another opportunity to do so. If you are the son or daughter or guardian of an elderly parent who is a bit absent-minded or has senile tendencies and you are not sure whether he or she is signed up for medical insurance, we suggest you check to see whether that elderly person gets the letter in January offring this opportunity to enroll. You may want to advise him, or help him be sure the application for this important protection is mailed back. Remember, more than 9 out of 10 people over 65 already have it!

Bell Plans $210 Million Construction

DALLAS, Tex. (AP) — Southwestern Bell Telephone Company announced Saturday it will spend $210 million in Texas during 1968, for its largest construction program in history.

Louis C. Bailey, Southwestern Bell vice president of Texas operations, said the record expenditure in Texas represents almost half of the $425.8 million which the telephone company will spend in its five-state territory.

The economic impact of Southwestern Bell's construction program, Bailey said, will be felt in nearly every community served by the company, and by hundreds of Texas firms which sell supplies, services and materials to the company.

"The greater part of this money," he said, "will be spent extending and improving telephone service to keep up with growth."

In Texas, Southwestern Bell plans to build 11 new telephone buildings and make additions to 35 others.

One of the biggest service improvements is scheduled for late April in Dallas, and early June in Fort Worth, when Southwestern Bell introduces an extended area calling system, known as "MetroPlan," for these two growing metropolitan areas.

During 1967, Bailey said, Southwestern Bell added 262,540 telephones in Texas, a record. At year's end, the company had 4,117,391 telephones in service — a total surpassed by only seven countries throughout the world.

Bailey noted that Southwestern Bell is one of the largest sing's employers in the state, with 28,000 employees and a payroll of $185 million in 1967.

Four-Car Pileup Kills Four People

BENBROOK, Tex. (AP) — Four cars piled up just south of the Fort Worth suburb of Benbrook on Texas 377 Friday evening, killing four persons.

The dead were Ralph M. Guiles, 48, of Weatherford and Mrs. Karen L. Forde, 26, of Cresson and her two sons, Jerry, 9, and Robert, 6.

Benbrook Police Chief John E. Prince theorized the Guiles and Forde automobiles collided head-on. Two other vehicles, a car and a pickup truck, then smashed into the wreckage.

Prince said there were no eyewitnesses to the fatal accident. There were no serious injuries in the subsequent smashup.

Voter Sign-ups End Wednesday

Texas citizens who fail to apply for a voter registration certificate by Wednesday, Jan. 31, will not be eligible to vote in elections held between March 1, 1968, and Feb. 29, 1969. This warning has been issued by Texas Secretary of State John L. Hill, who as the state's chief election officer has been sponsoring a registration drive during the past month in cooperation with newspapers throughout the state.

The only exceptions to the Jan. 31 deadline are for persons who move into Texas after Oct. 1, 1967, or who become 21 years old or are naturalized after Jan. 31.

An application form printed above may be used to apply for a registration certificate by mail. The law provides that applications by mail must bear a postmark not later than Jan. 31. An application which is mailed too late to be postmarked on that date does not comply with the law, even though it is deposited in a letter box or a post office drop box before the deadline. This reminder is especially important for patrons of small post offices, some of which close as early as 5 o'clock in the afternoon.

Voters may also register in person at the tax assessor - collector's office in the courthouse.

Graham To Speak

SPRING SEMESTER, 1968

TECHNICAL-VOCATIONAL DIVISION

FULL TWO YEAR PROGRAMS LEADING TO THE ASSOCIATE IN APPLIED ARTS DEGREE:

Electronic Data Processing Technology

The Electronic Data Processing curriculum is designed as a two year program to equip the student for employment as a computer programmer in business. Experiences on electronic data processing equipment will be suppemented with technical information and study designed to give the student an understanding of his civil responsibilities and the occupation skill necessary for today's society.

Drafting and Design Technology

The Drafting and Design curriculum is a two year program that will develop the necessary knowledge and skills for the student who plans to enter the construction or manufacturing industries. Drafting skills will be taught in the program in order to equip the student to become employable as a technician in design or as a draftsman in industry.

Electrical Technology

The Electrical Technology program provides the student with a background in applied physics, technical mathematics, principles of technical writing, and broad economic concepts. The course places special emphasis upon specific training in the electric theory, circuitry, power and distribution, measuring instruments, and test equipment.

Machine Tools Technology

The Machine Tools Technology curriculum is a two year program designed to develop knowledge and skills that the student will need to enter the construction, manufacturing, or design industry. After having completed the program, the student will be equipped to work as a machinist, or in a related technical field.

Vocational Office Occupations

Vocational Office Occupations is a one or two year curriculum designed to prepare young men and women with knowledge, skills, and attitudes necessary to obtain employment in office occupations; and to progress, through normal promotional procedures, in that employment.

ONE YEAR NON-DEGREE PROGRAMS

Vocational Nursing

The Vocational Nursing Program, in cooperation with the Texas Education Agency, offers a twelve month course of preparatory instruction in related subjects for a total of 540 clock hours and of clinical training in co-ordination with affiliating hospitals for a total of 1400 clock hours.

The Howard County Junior College School of Vocational Nursing is accredited by the Texas State Board of Vocational Nurse Examiners. Upon completion of the twelve months course, a student is eligible to take the State Board examination in order to qualify as a Licensed Vocational Nurse.

Welding Technology

The Welding curriculum is a one year program to develop knowledge and skills that the student will need to enter the construction or manufacturing industry. Areas of study will include basic mathematics, theory or welding, metallurgy, drafting and layout, and fabrication of metals.
