

BRITAIN, U.S. DEFEY RUSSIAN REGULATIONS

Pampa News

VOL. 46, NO. 309 (8 Pages) PAMPA, TEXAS, FRIDAY, APRIL 2, 1948. Price 5c AP Leased Wire

Freight Moved in By Train, Plane

BERLIN—(AP)—The British moved a freight train into Berlin today with supplies for British occupation troops and the U. S. Army issued orders for the movement of a similar train here with American supplies.

The British announced their freight had reached Berlin without undue trouble from the Soviet inspection regulations, imposed yesterday.

The American order for the freight train was the first to be issued by Gen. Lucius D. Clay's command since the Soviets imposed the inspection regulations.

While the Russians announced that all incoming passenger trains and outgoing passenger and freight trains had to be inspected, their new regulations on incoming freight were vague.

The Russians partly rejected western protests today on the Soviet blockade of Berlin and hinted at possible new moves to push the Americans, British and French out of the city.

The western powers took to the air to beat the blockade. Flight after flight of U. S. Air Force planes carried food and passengers. At peak periods this morning they landed at Tempelhof Airport, the U. S. field in Berlin, at the rate of one a minute.

Col. Sergei Tulpanov, the Soviet military administration's information chief, asserted that "what we have decided on border and traffic controls will remain in force."

These controls, instituted early yesterday with less than 24 hours notice, claim for the Russians the right to inspect passengers and freight moving by rail and highway through the established corridors in the Soviet Zone to and from the city of Berlin.

Tulpanov made his statement, the first official Soviet response to the western protests, in a speech to the Communist-sponsored Socialist Unity Party at Halle. His speech was published prominently in all Russian-controlled newspapers.

The bitterness of Tulpanov's remarks against what he called the evil influences of "American and British plunderers and imperialists" was taken here as an indication the Russians may be planning even more forceful measures to get the westerners out.

Anti-Communist German political leaders in Berlin, who handed the Communists a beating in the city's only postwar election, urged the western allies not to leave the city.

The U. S. military governor, Gen. Lucius D. Clay, has cancelled all military train service to the sector rather than submit to Russian inspection. The American emergency air passenger service across the Soviet Zone to Berlin was based in Frankfurt, the headquarters of the U. S. Zone.

The first passenger plane flying the 20-mile air corridor, protected by international agreement, left Frankfurt with 21 passengers and reached Berlin after an uneventful 23-mile trip. More than 30 planes were to follow before the end of the day, some with passengers and some with supplies for the 8,575 Americans in Berlin.

Damage Suits in Ross Case Filed

SAN ANTONIO—(AP)—Damages totaling \$120,000 are sought in two suits filed here from Lloyd I. Ross, San Antonio surgeon under death sentence in the slaying of four members of the Wilford York family.

The suits were filed yesterday in 57th and 49th District Courts by Ann York, 33, another member of the York family.

Ann York was the sole survivor of an amoung slaying in which her father, brother, mother and grandmother were slain. She was wounded by rifle fire.

See DEWEY, Page 8

Eisenhower To Plead for Draft, UMT

WASHINGTON—(AP)—Gen. Dwight D. Eisenhower carries a new plea to Congress today for universal military training and revival of the draft.

The retired Army chief of staff was scheduled to testify at 1 p. m. (CST) before the Senate Armed Services Committee. That group hopes to wind up its hearings by tonight or tomorrow morning, at the latest, on America's military needs in the present state of world affairs.

The nation's two most powerful labor organizations—the AFL and CIO—turned thumbs down yesterday on UMT. Both took the stand that such a move would weaken rather than strengthen the country.

The CIO flatly opposed the draft also.

But President William Green, speaking of the AFL, said his unions favor a return to selective service under these conditions: (a) that it be adopted as a temporary measure and (b) that it exempt veterans, fathers, students, and workers in essential occupations.

Speaking for the CIO, Nathan Cowan said that organization does not oppose stronger armed forces. He added if there is "an extraordinary turn in international relations," the CIO will reconsider its stand.

"Some of the opposition to UMT and the draft," he said, "is based upon a desire to weaken the United States with respect to the USSR. As patriotic Americans, we condemn this purpose."

"Our opposition to UMT is based upon the belief that UMT under existing conditions is harmful in itself and will not achieve the goal expected of it."

Congress meanwhile awaited details of a new, \$3,000,000 national defense fund sketched in broad outline in a letter President Truman sent to House Speaker Martin yesterday.

The money would augment \$11,000,000,000 already asked by the President for military purposes.

TU Regents Meet Today

GALVESTON—(AP)—The University of Texas Board of Regents opens a two-day meeting here today.

Dudley K. Woodward, Jr., Dallas chairman of the board, yesterday in Houston accepted 22 acres of land for use by Texas in development of four projects at Houston's \$100,000,000 Texas Medical Center.

Woodward accepted the property from Dr. E. W. Bertner, president of the medical center. The land will be used for a 200-bed M. D. Anderson Hospital for cancer research and a new home for the university's School of Dentistry.

A school of public health and a preceptorial training center are projects proposed for the site.

A check for \$25,000 was also given Woodward by the American Cancer Society for support of the research program at the cancer hospital.

Marine Relates How Chinese Reds Fired on Five Americans

TSINGTAO, China—(AP)—Four U. S. Marines released by the Chinese Communists after three months captivity said today they were fired upon without warning by the Reds.

Cpl. William L. Pollard of Fort Worth, Tex., said the fifth leatherneck in the Christmas duck hunting party fell mortally wounded in the first blast. He was PFC Charles J. Brayton, Jr., Governor's Island, N. Y.

Released at the coastal city of Haiyang north of here yesterday, the four Marines said in an interview they did not know the Chinese they saw Christmas Day were Communists.

"We thought they were nationalistic troops, so we waved our hats and hollered 'meikuo' (American Marines)," said Pollard.

"Then they opened fire point blank at us from about 200 yards."

Pollard said the Marines did not return the Communists' fire.

"When the Reds stopped firing, we stood up from behind the jeep where we had run for shelter," he went on. "I saw Brayton lying on his back. He was bleeding from a wound in his arm."

Pollard said the Communists refused to let the Marines administer first aid to Brayton.

Brig. Gen. G. C. Thomas, commanding fleet Marine forces in the Western Pacific, said Brayton's body would be returned to Marine headquarters here in a few days. He did not elaborate.

Pollard said the Communists were "poor shots—otherwise we all would have been killed."

After refusing to permit them to give first aid to the wounded Marine, Pollard said, the Reds made them put Brayton into the jeep.

"That was the last time we saw him alive," he added. "The only wound we saw on him was in his arm, but later one of the Communists told us he had two wounds

in his chest and that he died in the first aid station."

The other Marines, liberated after three months of negotiations between the Navy and the Communists, are PFC Carroll W. Dickerson, Olathe, Kans., Pvt. Robert Hart, Pittsburgh, Pa., and PFC Thomas Kapodistria, Buffalo, N. Y.

The Marines said they were guarded constantly, but not mistreated.

Pollard said they were questioned constantly by Communist officers about American military strength at Tsingtao. He added that the Reds tried to get them to say they were sent into Communist territory by high-ranking Marine officers to "create an incident."

The Chinese also tried to indoctrinate them to communism, Pollard added. He said they were given books printed in English and published in Moscow.

They were told that China's civil war was "America's fault and America encouraged and supported it," he related.

Dewey Drives for Wisconsin Support

MILWAUKEE—(AP)—Gov. Thomas E. Dewey staked his chances for Wisconsin presidential backing today on a program of blasting communism but keeping the peace.

As the turn of politics sent New Dealer Chester Bowles scurrying from President Truman's camp, the three-way bout for Wisconsin's 27 GOP nominating votes swayed an infighting stage before Tuesday's primary.

Dewey led off with a sharp flurry of punches at Mr. Truman's "wobbling" foreign policies.

The New York Governor aimed a right at Gen. Douglas MacArthur's "military genius" which Dewey said isn't enough to win the cold war with Moscow.

He let go a left hook at Harold E. Stassen's "inexperience" in dealing with communism.

Stassen countered with a round-house claim that he will get the support of 14 of Wisconsin's delegates.

He suggested MacArthur and Dewey backers might be ganging up on him. By inference he left them to divide the delegation minority.

MacArthur's counter-attack was handled by Rep. A. L. Miller (R-Neb.) and Phil LaFollette, former Wisconsin governor, running as a MacArthur delegate.

Faced with a highly doubtful outcome in the Wisconsin battle, Dewey pulled out the stops on communism before a capacity crowd of 1,500 in the Milwaukee theater last night.

His greatest response came when after indorsing universal military training and a selective draft, he told the crowd:

"I assert with all the force at my command that if we are strong enough your boys and my boys need not be sent into another war."

Both Dewey and Bowles criticized President Truman's use of military men in his administration.

Bowles is a leader in Americans for Democratic Action. His exit from the Truman camp was regarded as an indication this group may take a similar walk at the forthcoming meeting in Philadelphia.

See DEWEY, Page 8

Commission Sees Need of Underpass

The proposed underpass at the Hobart crossing of the Santa Fe tracks was recognized as a "real necessity" by the State Highway Commission when it met with a delegation of Pampa City commissioners, and county authorities yesterday in Austin.

The Pampa group returned this morning after showing evidence that an underpass was needed. Mayor C. A. Huff and County Judge W. Sherman White asked that the underpass be placed on the 1949 budget of the Highway Department, since funds are not available to start construction this year.

County authorities asked that the proposed paving of Highway 70, the road to Perryton, be placed on the budget at the same time as the underpass, and that the paving and construction begin on both projects at the same time. Traffic counts have been taken recently at the crossing showing an average of 5754 automobiles, 1300 trucks, and 42 trains cross the intersection in twenty-four hours.

Pictures were shown the commission, demonstrating the traffic jams that occur, and the delay such jams could cause to police and fire vehicles in an emergency.

In addition, a chart showed more than 35,000 in damage claims filed for the highway since 1936 as a result of accidents at that crossing, and three deaths and 19 injuries have occurred there.

School Board Elections Set For Saturday

Voters of Gray County tomorrow will voice their opinions on members of the various school boards for the coming year. Polls will open at 8 a. m. and close at 7 p. m.

Both city and rural school director posts are involved.

Here at Pampa, H. R. Thompson will be seeking to succeed himself as a member of the Board of Trustees of the Pampa Independent School District. He is the only candidate that has filed for the post.

According to state law, trustee elections for both common and independent school districts are held on the first Saturday in April.

There are five trustees on the board of the Pampa district, and they serve for three years. Two more are elected each year and one man the third year.

The board is composed of R. C. Wilson, president; Thompson, vice president, whose term expires; Herman Whitley, Doyle F. Osborne, and George W. Scott, secretary.

While other persons may be in the races, the following names will be on the ballot seeking election to two posts in the Grandview election (District 17): John Baggegan, R. F. Fields, and J. R. Carney.

The name of H. H. Keahy will appear on all county ballots, seeking the office of county trustee-at-large.

These names will appear on ballots in other county districts: District 9, Back; W. H. Barnes (to elect one); District 16, Farrington; C. B. Bond and C. C. Stockstill (to elect one).

Two vacancies on the board are to be filled at McLean, and two names are on the ballot—Eric Cubine and C. J. Montgomery.

Four names will appear on the ballot at Lefors; two vacancies are to be filled. Those seeking the posts are Roy Jefferys, Arlie Carpenter, R. M. (Bill) Watson, and Henry Dunn.

Texas Demos Must Decide Revolt Stand

AUSTIN—(AP)—Texas Democrats must say how they stand on the Southern revolt issue before leaders take further active roles in the anti-federal civil rights fuss.

State Executive Committee Chairman Robert W. Calvert of Houston has declined an invitation to attend a meeting of Southern state chairmen in Atlanta April 12.

Gov. Beauford H. Jester will not attend but may send an observer, to other contemplated meetings of the revolt issue.

Both Jester and Calvert, who now hold the reins in the Texas revolt differences settled with the party.

"I don't think we have anything to gain to turn this party over to the radicals and walk out," Jester said yesterday.

When he signed the Southern Governor's resolution in Washington, he said he did so individually and with reservations. He noted that the party had not held its Spring convention, and he could not speak for it.

Jester said yesterday that Calvert had declined the invitation to attend the April 12 meeting because he felt he would not be in a position to speak for the Texas party prior to the May 25 convention.

Battle lines already are forming for a sharp division in that convention on the Truman-civil rights issues. The Truman group wants a delegation flatly instructed for his renunciation. The Jester group wants a delegation unit instructed, to leave it in what he believes to be a better trading position at the Philadelphia session.

Jester also wants the Texas delegation to go to the national convention with a minimum of resolutions, to leave the way clear for other on-the-spot action.

He insists he does not want to see the door closed on Truman. Jester has said several times he believes the President could gracefully withdraw his proposed federal civil rights program to achieve communitarian unity in the face of the international situation.

Man Is Held for Lubbock Officers

A man who gave his name as Alfred Bennett, of Lubbock, is being held in the City Jail for Lubbock County authorities, who have a warrant for his arrest.

The Lubbock warrant charges Cowdery, an ex-convict, with passing a check not covered by sufficient funds.

Cowdery was arrested here Wednesday night on intoxication charges. He pleaded guilty in Corporation Court yesterday and was fined \$10.

He was using the name of Alfred Bennett when he was arrested here, police said.

Business Building Will Be Erected by Thomas, Duncan

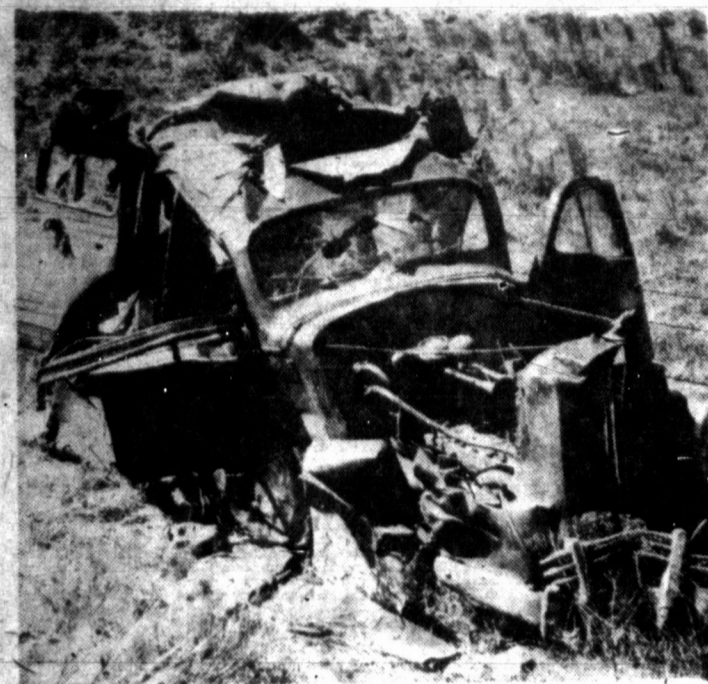

Another development noting the growth of Pampa came today with the announcement that plans are now being formulated for the erection of a 100-by-84 foot store building on the site just across from the Rose Motor Company on Kingsmill.

Ivy Duncan, local attorney and real estate owner, and Mrs. Ouida Thomas are constructing the building.

It will be known as the Thomas-Duncan Building.

The structure, of modernistic design, will be built to accommodate five business establishments of 20-foot frontage each. No contracts for occupancy have been let, it was stated.

The foundation will be laid for a two-story building, but only one story will be erected at this time, it was announced.

NOTHING MUCH WAS LEFT—of this 1937 Packard after it ran off Highway 70 six miles south of Pampa Saturday evening and injured seven persons. One passenger was uninjured; the other seven are reported well on the way to complete recovery.

Representatives Brush Aside Veto

WASHINGTON—(AP)—The House today passed the \$4,800,000,000 tax cut bill over President Truman's veto. The vote was 311 to 88. This was 45 more than the two-thirds needed to overturn a veto.

That put it up to the Senate whether taxpayers are to get the cut in spite of Mr. Truman's objection that it would "undermine the soundness of our government finances at a time when world peace depends upon the strength of the United States."

WASHINGTON—(AP)—President Truman today vetoed the \$4,800,000,000 tax reduction bill.

In a message to Congress he said it would "undermine the soundness of our government finances at a time when world peace depends upon the strength of the United States."

The President also said the Republican-sponsored measure "is inadequate as well as untimely."

Congress sent the bill to Mr. Truman last Wednesday. It cuts taxes on 1948 income for all the 52,000,000 income tax payers and frees 7,400,000 those with smaller incomes from any income taxes at all.

The cut ranges from 12 1/2 percent in the lowest bracket to five percent in top brackets.

Mr. Truman sent the legislators a 2,000-word veto message. "It is a bad policy," he said, "to reduce taxes in a manner which would encourage inflation and bring greater hardship, not relief, to our people."

"It is a bad policy to endanger the soundness of our national finances at a time when our responsibilities are great in an unsettled world."

The President said, too, that he is confident the men and women of this country "prefer the maintenance of our national strength to a reduction in taxes under the present circumstances."

"I consider it my clear duty, therefore, to return H. R. 4790 (the tax bill) without my approval."

While \$4,800,000,000 is the figure Congress members have used as an estimate of the tax cut the bill would make, Mr. Truman said it would be \$5,000,000,000.

This was the third tax-cutting measure the President has vetoed in a year. Last year he returned two such measures to Congress without his signature and Congress sustained him both times.

At the outset in today's message the President said:

"My fundamental objection to the bill is that it would not strengthen, but instead would weaken the United States."

He gave two reasons. He said it would reduce government revenues to such an extent as to provide for:

(A) \$5,300,000,000 for the first 12 months of a 4 1/2 year European Recovery Program in which 16 Western European nations will take part on self-help basis.

(B) \$463,000,000 in assistance to China. Of that amount \$338,000,000 is to be used for economic purposes. The remaining \$125,000,000 is set aside for use in any way the Nationalist government of Generalissimo Chiang Kai-shek sees fit—undoubtedly for military supplies to carry on the civil war against the Chinese Communists.

(C) \$275,000,000 in military aid for Greece and Turkey. This is to extend a program begun last year.

See FOREIGN AID, Page 8

Memorial Rites For War Dead Held

NEW YORK—(AP)—Memorial services were scheduled today at the Brooklyn Army Base for 2,805 American war dead returned from three cemeteries in Europe.

The remains arrived late yesterday on the U. S. Army Transport Robert F. Burns, which sailed from Antwerp. The dead came from cemeteries at Epinal and Vaires, France, and Henri-Cnapelle, Belgium.

Arrival of the Burns brought to 14,970 the total of war dead returned to the port of New York.

The transport John L. McCarty left next week with 2,671 war dead from four French cemeteries—Bloisville, Draguignan, La Canbe and Saint-Laurent-Sur-Mer.

Paper Rate Boosted By News-Tribune

WACO—(AP)—A 15 cents per month price increase in the subscription rate of the Waco News-Tribune was announced Tuesday. The new rate will be \$1.40 daily and Sunday and \$1 daily only.

The paper said unusually heavy increases in operating expenses brought the increase.

We Heard...

R. E. Anderson, city secretary, and Police Chief Louis L. Allen arguing about which one could drive a golf ball the farthest. One of them claimed he once drove a ball some 400 yards on the flat prairie. That sounds to us like another of the Tall Tales of Texas.

If it's in the hardware and equipment line see Lewis Hardware—adv.

Minnesota, Texas Expected To Be Big Guns of Relays

Bums' Mound Staff Is Yet Uncertain

VERO BEACH, Fla. — The Brooklyn Dodgers aren't worried about starting pitchers. It's the finishing pitchers who are the problem, and it's a natural worry considering that no chucker went more than five innings in any of the seven games of the 1947 World Series.

Manager Leo Durocher doesn't seem to think the pitching out look is too bad, although he's hard to pin down on the question of his top choices.

"I don't think anyone can guess what our pitching staff will be," he says in that forceful way that makes every statement a challenge.

Not being any one in particular, we can make our guess, which is that the starting pitchers will be Ralph Branca, Preacher Roe, Joe Hatten, Rex Barney and Harry Taylor. The finishing pitcher, of course, will be Hugh Casey.

All of these chuckers except Roe, obtained from Pittsburgh, are familiar to Brooklyn fans, so unless one or two lads from Montreal come up to make the grade, the mound staff will be practically a ditto mark under the 1947 lineup.

Two familiar figures are missing — Vic Lombardi and Hal Gregg — and Branch Rickey was sorry to see them leave. He wanted Bill Cox from Pittsburgh, however, for third base.

The very fact he was willing to let Lombardi and Gregg go, however, indicates he is satisfied with the current prospects.

AUSTIN — (AP) — The Texas relays open today with host University of Texas and a small but brilliant squad from Minnesota expected to do both the major winning and record-breaking.

Texas, which usually is the heaviest point-maker, appears likely to place first in five and possibly six events, with Minnesota, spearheaded by huge Fortune Gordien, shot put and discus star, due to get three and possibly four top trophies.

Part of the 1,068-man field will go through preliminaries this afternoon and tomorrow morning to whittle down for finals in the 29 events in five divisions tomorrow afternoon starting at 1:30 o'clock (CST).

There are divisions for the universities, colleges, combined college-university, junior college-college freshmen and high school.

North Texas State appears potentially the heaviest winner in the college class, the Rice Freshmen look strongest in the junior college-freshman division and Austin is the standout of the high school class which has attracted more than 500 Texas contestants.

Texas is expected to walk off with the 440-yard, 880-yard, distance medley and possibly the two-mile relay titles, with sprinter Charley Parker favored in the 100-yard dash and broad jumper John Robertson expected to fight it out with Loyd Lamolis of Minnesota.

Texas, with the same team that tied the 440-yard relay record at 1:14 last year and with a combination capable of cracking the 880-yard mark of 1:25 1/2 along with the team that set a new standard of 10:11.9 in the distance medley, may lead the way in the record-smashing.

Minnesota, however, could come up with three records on Gordien's

shot and discus throws and the pole vaulting of Harry Cooper. Gordien has beaten the weight records often, and Cooper has come close in the pole vault in which the mark is 14 feet 3-8 inch. Gordien hurls the discus close to 180 feet and the shot 54 feet.

Texas A&M might lower its own mile relay mark of 3:17.8, set last year, because it has the same team back.

Drake is returning to defend its four-mile relay title but has none of its last year's team back. Drake and Texas A&M top a weak entry field in this event.

The sprint medley race—an event run only at the special relays—is also wide open.

In the high school division, the Austin Maroons are rated high in all three relay events.

Austin's 440-yard relay team has won all of its races this year and turned in a 43.4 in the preliminaries of the border olympics. Good baton passes could put the Maroons under the relays record of 43.2 seconds, set by Thomas Jefferson of San Antonio in 1945.

The Maroons also have several veterans back from the mile relay team that pushed Corpus Christi to a new record in the state meet last year and have one of the top 880 men in the state, David Cortez, to anchor its sprint medley relay team.

East Texas State and Loyola of Chicago are the top threats to upset North Texas State in the mile relay. However, the North Texasans are favored to win the 880-yard and sprint medley relays in the college division.

The Rice Freshmen might set a new mark in the mile relay of the junior college-college freshman class.

Old Soldiers Never Die

Johnny Wrostek, right, outfielder acquired from the Phillies, chats with new teammates, pitcher Ewell Blackwell, left, and infielder Ben Zientara at Cincinnati Reds' training camp in Tampa, Fla. The trio served with the Third Army in World War II.

Good Future Seen in Phillies' Pitcher; Giants' Buddy Kerr Back in Lineup

By the Associated Press
CLEARWATER, Fla. — Manager Ben Chapman of the Philadelphia Phillies is predicting a bright future for Rookie Pitcher Robin Roberts.

"With even one year in Triple A, that kid will be a winner," Chapman declared.

Roberts, fresh off the Michigan State campus, is attracting considerable attention.

PHOENIX, Ariz. — Buddy Kerr, slowly recovering from a sore arm, is due back in the lineup for the New York Giants today when they meet the Pittsburgh Pirates. The Giants have won five of seven games with the Pirates so far this spring, most of them on home runs. A four-master by Bobby Thompson in the ninth gave them a victory yesterday.

ST. PETERSBURG, Fla. — Charlie Keller, the biggest "if" in the spring plans of the New York Yankees, will start his second game of the year today against the Boston Braves.

Sports Round-Up

By HUGH FULLERTON, JR.
NEW YORK — (AP) — It was about this stage of spring training that the fabulous fictional Busher penciled on a postcard: "Dear Mom: I'll be home soon. They're starting to curve 'em now." Countless youngsters are writing the 1948 version of the same thing, and among them are a few older men who probably hesitate to write at all. These are the fellow whose arms, creaking legs and aching muscles aren't responding to training as they should. They may come around in time, but if they don't it means the end of a career and the beginning of a search for a new way to earn a living.

CLINICAL REPORT

To pick a few examples, the Yankees' Bill Bevens, who came within inches of pitching the first World Series, pitched last fall, came up the other day with a sore arm so painful he insisted he was "through." And ancient Bucky Walters keeps punishing himself by throwing with a wing that jumps like a toothache every time he cuts loose. And in the Boston Red Sox camp there are three pitchers who must be listed as "doubtful"—and with them the club's pennant chances. Boo Ferris hasn't regained his control and winning form of 1946 and they say he still is "aiming" his pitches. Mickey Harris, who had arm trouble last fall, hasn't yet succeeded in reducing his weight and Tex Hughson's form is doubtful. Then there's Charley Keller, striving to regain the power he had before his back was injured. Ray Sanders, trying to break into the Dodgers' infield under the handicap of a bad arm, John Grodzicki, battling to overcome a war injury. Terry Moore, whose shaky knees apparently aren't getting better; and others too numerous to mention. You wonder what these guys think and say when, with the training season almost over, they sit down to write the folks at home.

THE LEASE SAID THE BETTER

Bill Manley, Jr., son of the International League secretary, is about to be married to Eileen Patricia Sargent, step-daughter of Bill Skiff, the Newark manager. And, like most young folks, they've been having a heck of a time trying to find a place to live. Finally they came up with an apartment that seemed perfect—right size and location and not too much rent. He was just about to grab it when the prospective landlord remarked: "There's one thing I forgot to mention. If you take the apartment, you have to take my mother-in-law as a boarder, too."

First coal mined in the U. S. by a white man was near the James River in Virginia, in 1748.

Conference Starts Full Swing Today

By the Associated Press
Baylor, a jump ahead of other teams, tries for its second win over Rice today as the rest of the Southwest Conference opens baseball action.

The Bears yesterday handed Rice a humiliating, 24-5, licking, Texas, defending champion, faced Texas A&M at College Station today and Texas Christian is host to Southern Methodist University at Fort Worth.

Baylor batters tagged John Plumbley and Elton Tomlinson for 22 hits. Right blows were good for extra bases, including two home runs. Jack Redding and Hal Harris collected four hits each.

Rice had one big inning, the fifth. The Owls pushed across four runs this frame. Fred Copeland held them in check the rest of the game.

Largest recorded meteor crashed to earth in February, 1930, near Paragould, Ark. It split into small pieces, one of which weighed 820 pounds.

GOLF WRITERS NAME 'ALL-AMERICA' TEAM

'Rowdy' and Marvel Defeat Mat Opponents

NORFOLK, Va. — (AP) — An "All-America" golf team, the first of its type, was named today by the Golf Writers Association of America.

More than 70 members of the association picked these golfers as the best performers at five particular shots:

Sammy Sneed, driver.
Byron Nelson, long iron.
Jimmy Demaret, short iron.
Gene Sarazen, trouble shooter.
Bobby Locke, putter.

The poll was conducted to name participants in the first annual \$10,000 Cavalier Specialists Golf Tournament. The unique event is scheduled for April 18-19 at the Cavalier Yacht and Country Club. Sneed was a near-unanimous choice of the scribes, but Chick Harbert, winner of the Charlotte, N. C., open; Jimmy Thomson, former Virginia open crown holder; and Lawson Little, former national amateur titlist, received some support and finished in that order.

The choice between Nelson and Ben Hogan, bantam beller from Texas, in the long iron selection was close with Nelson getting the majority.

Demaret, last year's leading money winner, was pushed for the short iron nomination by Lloyd Mangrum, 1946 national open winner and leading money winner of this year.

First agricultural experiment station in the U. S. was organized in connection with Wesleyan university, located at Middleboro, Conn., in 1875.

Walter Stratton, of Youngstown, Ohio, making his first appearance in Pampa, defeated Pat O'Dowdy, of Big Spring, in 35 minutes; and the Masked Marvel won over Dr. Gil Knutson in 22 minutes in last night's wrestling matches at the Sportatorium.

Stratton, who holds several world and American weight lifting records, is reputed one of the strongest men in wrestling.

In his match with "Rowdy," who is no stranger to local fans, Stratton had used against him the rough tactics that gave "Rowdy" his nickname. O'Dowdy won the first fall in 20 minutes with an arm scissors and an arm stomp.

Stratton came back to take the second fall in 15 minutes with a thunderbolt and a shoulder pin that had O'Dowdy groggy.

The second, and main event, was the third fall of a two out of three fall match. Stratton gave O'Dowdy no chance to get rough. He took the third fall in exactly one minute with a full nelson.

The second, and main event, matched Dr. Gil Knutson, Davenport, Iowa, who also made his first appearance last night in the local ring, against the Masked Marvel.

Knutson took the first fall in six minutes with a series of flying leaps off the ropes called a Sonnenberg, and a body pin.

The Mask used tactics fully as rough as O'Dowdy's. With his face fully covered by his white mask, and by constantly chattering in his opponent's ear, he made a terrifying spectacle.

Knutson took both the second and third falls with body smotherers that gave Knutson no opportunity to use the special holds he has devised from his training as chiropractor. The time for the second and third falls was 10 and six minutes; the whole match was over in 22 minutes.

Intercollegiate Conference Proposed

AUSTIN — (AP) — Ten colleges are expected here today to discuss further the creation of a pioneer intercollegiate conference. Athletics, speech, journalism and fine arts competition is proposed.

Interested in the formation of the new conference are Sul Ross, Southwest Texas State, Texas A. & I., St. Edward's, Southwestern, Daniel Baker, East Texas Baptist, University of Corpus Christi, Texas Lutheran and St. Mary's.

Light of the sun reaches the earth in 498.7 seconds.

THURSDAY
 9:30 Yucca Chapter of National Delphin Society.
 2:00 Worthwhile Home Demonstration Club with Mrs. J. T. Rogers.
 7:30 Rebekah Lodge in IOOF Hall.

The menace of a third world war rolls toward us with every act of Russian imperialist aggression and Communist violence and intrigue.
 —Winston Churchill.

No one following the Communist Party line could favor anyone's support.
 —Mrs. Eleanor Roosevelt

First labor organization was formed in England about 1760.

DOW Class Has New Officers

The D. O. W. Class of the Central Baptist Church met recently in the home of Mrs. Helen McClelland for election of officers. Mrs. Bobbie Silcott led the devotional and Mrs. McClelland led in prayer. Mrs. Naomi Hennig conducted the business. Officers were elected as follows: Mrs. McClelland, president; Mrs. Frances Lamb, vice president; Mrs. Jean Butler, secretary; Mrs. Jean Warren, assistant secretary; Mrs. Bobbie Silcott, social chairman; Mrs. Hennig, ministry; Mrs. Jennie Vee Butler, assistant ministry. Refreshments were served to those named and Mrs. Lou Ella Culpepper, Miss Fariene Lankford and Mrs. Frank Silcott and children.

Piano Recital

Mrs. Lily Hartsfield will present a class of 24 music pupils in recital at the First Baptist Church this evening at 7:30. Appearing on the program will be beginners, grade school, junior high school and high school pupils. Numbers presented will feature ensembles, duos and duets. The public is invited. Piano pupils being presented are: Ann Perkins, Wilma Prewitt, Jo Ann Cox, Ouida June Williams, Monta Sue Williams, Jo Ann Pitman, Jan Carol Jackson, Janet Weathered, Clo Ann Johnson, Katherine Williams, Claudette Matheny, Adney Pursley, Mary Pursley, Kay Stewart, Geraldine Perkins, Bonnie Glaxner, Harriet Dean, Treva Dean, Charlotte Young, Rebecca Shelly, LaRue Pate, Betty Sue Pate, Sheila Lemmona, Vivien Brake, Byron Ross Byars, and Dolores Hart.

The Woman's Page

Pampa News, Friday, April 2, 1948

PAGE 5

Few Finishing Touches and Pampa's Club Women Will Be Ready for Guests

On next Monday morning women from all parts of District 7 of the Texas Federation of Women's Clubs will begin to pour into the city for three days of intensive work and social affairs. Monday is the day for the Executive Board to take care of official business which does not need the discussion of all member delegates. Then there will be the board dinner in the City Club Rooms, a formal affair which will permit personal contacts and relaxation.

Tuesday two sessions of program and business will be followed with a lovely tea in the City Club Rooms and the program of the Fine Arts Evening in the High School.

A special feature of the convention will be the early morning session, "The Presidents' Parley." Mrs. D. L. C. Kinard, district president, urges all club presidents, all program chairmen and all delegates to attend this session. Ample opportunity will be given for the asking of questions.

Questionnaires have been sent out from the divisional chairmen of the Education Department. During the convention the results of the information given on these questionnaires will be reported, discussed and evaluated.

Several awards including some cash money prizes will be given for outstanding work in various lines of club work.

An art exhibit will be on display in the First Methodist Church during the three days of the convention. Mrs. Fred Thompson is chairman of the exhibit.

Considerable attention will be given to health problems with particular emphasis on cancer recognition, care, and control. Dr. James P. Cornette, executive vice president of West Texas State College, will be a featured speaker.

Mrs. Robert Sanford, chairman of Housing and Reservation Committee, reported to The News Thursday afternoon that from advance reservations which have been pouring in, the attendance will be good. And it is likely that many who have not indicated their intention are likely to come at the last minute. She would therefore appreciate it if anyone who has not already offered the use of a guest room but who can possibly entertain one or more persons would call her at 993-W.

Mrs. Huelyn Laycock, chairman of the Courtesy and Transportation Committee, and her assistants are planning for the use of enough cars to take care of all transportation needs during the convention.

Mrs. J. W. Garman, Jr., is local chairman of the Fine Arts Committee which has been working with Mrs. Glenn Truax, district fine arts chairman, in planning the program for Tuesday evening.

Mrs. Ed Weiss, Jr., and her committee will be in charge of pages.

Mrs. Robert Curry will head the committee on decorations.

Mrs. Gene Fathere and her committee members will register the board members, delegates and guests.

Mrs. W. R. Ewing is chairman of the Information Committee.

Mrs. J. W. Garman, Jr., is chairman of the program committee.

Mrs. Knox Kinard is chairman of the Board Dinner Committee and Mrs. Arthur Teed is chairman of the Tea Committee.

And back of all these chairmen and their committees are Mrs. Raymond Harrah, general chairman of the convention, and Mrs. H. H. Hahn who is in charge of publicity.

The convention will close with the noon luncheon on Wednesday.

INDUSTRY — Application is the price to be paid for mental acquisition. To have the harvest we must sow the seed. — Gamaliel Bailey

Expenditures for golf in the United States were about two-thirds as large in 1941 as in 1929, largely because it cost less to play golf.

SUNDAY SCHOOL LESSON

A PROPHET AMONG THE EXILES
 (Scripture: Ezekiel 1:1-3; 3:11, 17-21; 4:1-3)
 By WILLIAM E. GILROY, D. D.

A brief look into events in the history of Israel seems necessary to get the setting for this lesson and several that are to follow. When King Solomon "in all his glory" died, the glory became quickly tarnished when it became evident how much of it had been built upon oppressive exactions from the people. The oppressed subjects appealed to Rehoboam, Solomon's son, to make their burdens lighter.

Spurning the counsel of men old in wisdom and experience, Rehoboam listened to young hothouse who urged him to show the people who was master. "My father," he said, "chastised you with whips; I'll chastise you with scorpions."

The result was that Rehoboam, a former leader of discontent, who had fled Egypt, returned, led a successful rebellion, and established with 10 revolting tribes the Northern Kingdom, or Kingdom of Israel. Two tribes remained loyal to Rehoboam in the Southern Kingdom, or Kingdom of Judah.

The kingdom that was strengthened and consolidated under David and Solomon did not long survive this strife and division. In 722 B. C. the hosts of Assyria destroyed the Northern Kingdom, and 136 years later the Babylonians conquered the Southern Kingdom and carried off its leaders and most of the people into exile.

A vivid portrayal of the exile is presented in the 137th Psalm. But the suffering and bitterness there expressed apparently became considerably modified as the exiles were established in a colony and became so prosperous that many of them refused to return to Palestine when the opportunity came.

It is a tragedy of human life that the things of most worth are often not properly valued until they are lost. Prior to the exile there had been a moral and religious letdown in Israel.

But now, in a strange land, the things they had lost become vital. "How shall we sing the Lord's song in a strange land?"

It was under these circumstances that a great prophet, Ezekiel, arose in exile to revive all the glory of the Jewish religious tradition. Boldly and bravely he re-counted the course of betrayal and idolatry in which they had repudiated God's call and leadership. He called the people to repentance and faith that led to a glorious restoration.

Weight of the earth has been computed as 6 sextillion, 592 quintillion tons, not including the atmosphere.

Look Your Nicest

Agriculture engages 45,712 people in Iceland, with about 65,000 acres under cultivation.

CHRISTIAN SCIENCE
 "Unreality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 4.
 The Golden Text is: "Let not him that is deceived trust in vanity: for vanity shall be his recompense." (Job 15:31).
 Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Hath a nation changed their Gods which are yet no gods? but my people have changed their glory for that which doth not profit" (Jeremiah 2:19).
 The Olympic games of 1928 were held in Amsterdam.

WINDOW LIGHTS are STOP LIGHTS

More merchants, large and small are finding every day that window lights can be stop lights... arresting the flow of pedestrian traffic past their doors.

That's why more and more merchants are having Planned Lighting installed—lighting planned to make customers out of people passing their stores. The cost of planned lighting need not be large for no matter how much lighting is used... planning it will add to sales.

Progressive merchants are calling on Southwestern Public Service lighting specialists now to assist them in having Planned Lighting.

TRUMAN (Continued from Page 9) make likely a deficit at a time when "responsible conduct of the financial affairs of this nation requires a substantial surplus in order to reduce our large public debt and to be responsibly prepared against contingencies."

Secondly, he said the bill would greatly increase the danger of further inflation "by adding billions of dollars of purchasing power at a time when demand already exceeds supply."

When government expenditures are necessarily rising," the President estimated in his January message expenditures for the fiscal year 1949 of \$39,700,000,000, leaving a surplus of \$4,800,000,000 for debt retirement and contingencies.

"It has since become apparent," he said today, "that despite the most stringent efforts toward economy, there will be several important increases in expenditures above the January estimates."

Only yesterday, he advised Congress in a letter to Speaker Martin (R-Mass) that \$3,000,000,000 additional to earlier budget estimates will be asked for national defense. He also said other additional

COMMISSION

(Continued from page 1) heavy truck traffic, and switch engines cross the site many times a day. Much of the Santa Fe switching is done in yards west of the crossing. Therefore, in order to get trains to certain parts of the Cabot, Shell, or Humble plants, trains must re-cross Hobart to switch off south. State Highway Engineer D. C. Greer said the proposed underpass would cost somewhere near \$300,000, but that closer figures could not be given until the Highway Commissioners give their decision on the project.

DEWEY (Continued from Page 1) phia. Through all this, Mr. Truman cruised down the Potomac to pick up an honorary degree from Williams and Mary College at Williamsburg, Va.

There Gov. William Tuck of Virginia, civil rights rebel, will sit on the same platform. The odds were long no political subjects would be discussed.

In Maine, Stassen, Dewey and Senator Robert A. Taft of Ohio battled for that state's 13 delegates at a GOP convention.

FREIGHT (Continued from page 1) British and Russian troops faced off for 12 hours yesterday and last night across a roadblock the Russians had set up in the British sector of Berlin. The small Soviet detachment finally abandoned the barrier early today. The British sent their men in after lodging a vain protest.

Tulpano's declaration was the first public utterance by a high Russian official in reply to protests by the western allies that the Russian traffic restrictions violated agreements.

Western authorities here are convinced the restrictions are a Russian maneuver to pressure them out of joint occupation of Berlin, in effect since the war. They refused to permit the inspections demanded by the Russians.

Americans, civilian and military, in the city number 8,575. Americans, British and French total about 25,000.

The Americans planned to bring in probably upward of 30 plane shipments of freight and passenger from Frankfurt today, against two planes which hauled in 15,000 pounds of food yesterday.

The British also put on extra plane flights. They scheduled supplemental bus service on the international highway to their western zone, which remained open.

Train service for the allies was stopped yesterday when they refused to submit to Russian demands that all passengers and freight be subjected to rigid Soviet inspection.

Even the air corridor to the west, while not subject to Soviet regulations, was not entirely free. Pilots at the American Tempelhof Airport here said there had been repeated buzzing of their planes by Russian fighter craft within the last few weeks.

They emphasized this was "not dangerous—mostly apparently curious passes." They said also the Russians had done a certain amount of buzzing ever since the air corridor came into existence.

Tempelhof officials and officers denied there was any such buzzing yesterday. The first plane in from Frankfurt today also reported an uneventful trip. Henry Burroughs, an Associated Press photographer aboard said the plane was not buzzed.

A pit by a gas heater was given as the probable cause of the fire. The Fire Department put out the blaze with little difficulty.

NO DAMAGE FROM Grease Pit Fire A fire in the grease pit at Jack Vaughn's Service Station, 501 S. Cuyler, yesterday afternoon did practically no damage, except blacken the walls a little. The igniting of fumes from the Stonehenge is a group of ruins of the ancient Druids in England.

Walter A. Ashley Dies at Shawnee

Funeral services will be held Monday in Shawnee, Okla., for Walter Albert Ashley, 52, former Pampa, who died there last night. Mr. Ashley had been a Pampa resident for several years before moving to Shawnee about a year ago. He was the father of Mrs. Joe Hodge, 501 E. Foster.

The location and boundaries of the District of Columbia were proclaimed by President George Washington on March 26, 1791.

IS EPILEPSY INHERITED? WHAT CAUSES IT?
