Along The Waterfront

Mrs. Hazel Lydic, owner of Anchorage Motel, Fulton, reported that Fred Mann, Jr., and Edwin Gemblor of San Antonio Caught 222 trout and gafftop in three days of fishing.

H. T. Armstrong, of San Antonio, caught a 5½-pound flounder on a spoon last Saturday morning. The flounder was 23 inches long and 11 inches wide, he said. Armstrong was visiting his niece, Mrs. Charles T. Smith at 1117 (continued on page 8)

First Whooper Checks In For Winter Visit

A whooping crane was sighted last Friday at the Aransas National Wildlife refuge on the Texas coast, the first of the rare species seen this fall at the regular wintering grounds.

A Fish and Wildlife Service spokesman said the adult bird is believed to be the same one sighted Sept. 25 near Jet, Okla.

Refuge officials speculated that the bird is the loner that stayed at Aransas for three weeks last spring after the other 31 whoopers left for the north.

The whoopers winter at Aransas after a 2,000 mile flight from summer nesting grounds in Canada's Wood Buffalo National Park, on the border between Yukon and Alberta provinces.

The 32 wild whoopers that started north from Aransas last spring represented an increase of only 10 in the past 25 years in the known number of the species still living in the wild.

Traffic Accidents At Low Ebb This Month

Only one traffic accident has been reported for the City of Rockport this month. Robert Edward Mathisen, of Corpus Christi, was involved in a one car roll-over near Highway 35 and Ann Street. He apparently lost control of his car while coming from Aransas Pass and his car went off of the road and turned over on its top. Approximately \$1,000.00 damage was done to the car.

Mathisen was taken to a hospital in Corpus Christi with minor injuries. The Rockport Volunteer Fire Department stood by because of a leaking gasoline tank on the car. Chief of Police Bob Hewes investigated the accident and stated Mr. Mathisen was cited for unsafe speed.

BOAT FOR MEXICO'S PRESIDENT PASSES THROUGH HERE MONDAY

Mercer Childress and Austin Arla, brother of J. C. Arla, owner of the Anchor Motel, visited him Monday on their way to Vera Cruz, Mexico, to deliver a new luxury cruiser to the president of Mexico.

Childress is a representative of C. B. Delhomme, Houston boat dealer, who distributes Chris Craft boats and Evinrude motors. Besides the boat, they were taking two of the outboards to Mexico, where they will be used to power smaller fishing boats.

PRO-AM TO BE HELD AT SINTON

A men's Intercity Pro-am will be held at the Sinton Golf Course on Sunday, Oct. 25. Entries must be in by 12 noon. Tee off time is 1 p.m. The entry fee is \$5.00.

Selective drive. All golfers are invited to participate.

Regulations For Commercial Fisheries, Research, Development

Regulations covering the use of research and development funds under the Commercial Fisheries Research and Development Act of 1964 were announced today by the Department of the Interior. Secretary of the Interior Stewart L. Udall cited the Act as one of the most significant pieces of fisheries legislation since the Fish and Wildlife Act of 1956. The new legislation authorizes the Secretary to assist the States in carrying out projects in research and development of the commercial fisheries resources of the nation.

The Act, signed by President Johnson on May 20, authorizes appropriation of \$5,000,000 annually for five years. These funds would be apportioned to the States for commercial fisheries research and development projects on the basis of the value of the commercial fishing industry in each State. The States will be required to provide matching funds equal to at least 25 percent of the project costs.

The law also authorizes the appropriation of \$100,000 annually for use by the States in developing new commercial fisheries.

A third section of the Act authorizes the Secretary to assist States affected if he determines there is a commercial fisheries failure due to a resource disaster arising from natural or undetermined causes. This part of the legislation has been funded and the \$400,000 available is being used to alleviate the situation in the Great Lakes chub fishing following serious economic losses in 1963.

Regulations published in the Federal Register Saturday, Oct. 3, 1964 apply to sections 4 (a), 4 (b) and 4 (c) of the Act. Regulations covering section 4 (b) were first promulgated on Aug. 27, but were repeated in the Federal Register of Oct. 3 for the convenience of all concerned.

Rockport Defeated By Bishop

The Bishop Badgers racked up their third District 30AA victory there Friday night by defeating the Rockport (Aransas County) Jirats, 34-0, in a football game played before a large crowd.

Jim Brown paced the Badgers, scoring two touchdowns and passing to end Don Patrick for two others. Dwain Bull ran 22 yards for the fifth touchdown. The Pirates never penetrated in the game. The Bishop line showed a strong defense all evening.

The first Bishop score came in the second play of the second quarter when Brown ran 14 yards on a keeper play to end an 80-yard drive. Minutes later he hit Patrick in the end zone for a touchdown. Then Bull made his touchdown run, and Heley Winters ran over for two extra points.

At the half the score was 20-0. Bishop scored two other touchdowns in the third quarter. Brown passed 18 yards to Patrick for one and ran 20 yards for the other. In each instance kicks by Patrick counted for extra points.

Statistics showed Bishop with 11 first downs as compared to eight for Rockport. Bishop also had 186 yards running and 120 yards passing, while Rockport had 69 on the ground and 66 in the air.

Bishop attempted 12 passes and completed 5. Rockport completed 4 of 15. Bishop had three punts for a 24-yard average as compared to 9 for 23 by Rockport. Each team had five penalties for 65 yards.

RAY BOONE PROMOTED

Ray Boone has been promoted to shop maintenance man and mosquito control engineer by the Commissioners Court of Aransas County, at a yearly salary of \$5,000.

He will be subject to call 24 hours a day, and will be strictly on salary, with no overtime to be paid.

Oil and Gas Are Important In County Income

Oil and gas pour \$8,500,000 into the economy of Aransas County each year, according to the Texas Mid-Continent Oil and Gas Association.

Using just published Bureau of Mines figures as a base, the Association says that in 1962 Aransas County was producing more than 1,600,000 barrels of crude oil and 31,200,000 cubic feet of gas. The oil was valued at \$4,700,000; the gas at \$3,800,000.

Aransas County ranks 97th in Texas, comparing total values of oil and gas production.

"Demand for Texas crude picked up enough last year to give Texas an increase of 3% over 1962 on a statewide basis," according to President James L. Sevell, of the Association. This slightly improving trend, he said, seems to be holding up well this year, but it will be several months before it is known to what extent individual counties are benefitting.

It is estimated the royalty payments to Aransas County landowners creates about 1,000,000 of new wealth in the county every year. In addition, those who leased lands for exploration receive additional rental and bonus payments which there is no way to compute.

Oil and gas operators invested approximately \$2,800,000 in Aransas County last year, searching for new fields and developing production zones where oil or gas have been found. Twenty-six wells were drilled here in 1963, and of these, seven produced oil, nine were gas producers, and there were ten dry holes.

There were seven wildcats. About \$1,000,000 was lost on dry holes, the Association estimates, and approximately \$320,000 was spent on seismic exploration.

Petroleum payrolls contributed about \$1,700,000 to county economy last year, according to Texas Employment Commission records. These show about 260 people directly employed in the petroleum industry in the county.

The state draws \$486,000 a year in production taxes from operators and royalty owners, in addition to taxes paid local government and school taxing agencies. For example, 57.3% of the local taxes for Aransas County Independent School District comes from oil and gas operations.

And, among the county's industrial operations are two natural gasoline plants, operated to recover butane, propane, natural gasoline and other liquids from natural gas. These have a capacity of 88,000,000 cubic feet daily.

CPL to Bury Neptune Harbor Power Lines

Something new for Rockport will be the expressed intent of Central Power and Light Company to bury the transmission lines to Neptune Harbor, new subdivision near Goose Island, in order to get rid of unsightly overhead wires.

The proposed distribution lines are to be installed in plastic conduits, the company told the Commissioners Court in asking permission for the installation. This was granted.

SOCIAL SECURITY REPRESENTATIVE TO VISIT ROCKPORT

A representative of the Social Security Administration will be at the courthouse in Rockport on Wednesday, Oct. 28, at 9 a.m.

You may obtain information about your rights and duties under the Social Security Act. Eligible persons can secure assistance in applying for old-age, survivors, or disability insurance payments from the representative at that time.

Inaugural Trip On Whooping Crane Is Well Attended

The inaugural trip of Sea Gun's big excursion boat "The Whooping Crane" to see the Aransas National Wildlife Refuge was well attended with some 175 people turning up Sunday afternoon.

The trip was across Aransas Bay to the Intracoastal Waterway, then up the Waterway past the Refuge to San Antonio Bay and return.

Those who made the trip included Bob Shields and Gordon Polzenloger, manager and assistant manager of the Refuge. Shields lectured briefly over the public address system on the Refuge and its purpose.

A lone whooping crane, first to arrive this winter after spending the summer in Canada, was seen by those on the cruise.

Since Sunday, two more adult whoopers and one youngster have arrived. With their arrival, the Fish and Wildlife Service observers were able to establish the fact that at least two were hatched during the summer nesting season in Canada.

Several weeks ago, an injured fledgling whooper was rescued by a Canadian helicopter and is reported recovering at one of the Service's research centers at Montevista, Colo.

Last spring 32 wild whoopers were counted at the Refuge a short time before the annual northward migration started. Eight more of the rare birds are now held in captivity at various zoos.

Commissioners Reject Health Unit, No Funds

The Aransas County Commissioners Court turned thumbs down on establishment of a County Health Unit, with a part-time doctor, sanitation and full-time nurse.

County Auditor James Millikin told the Commissioners that there were not sufficient funds available for the county to pay its pro rata share of salaries and other expenses.

Albert Knocke Killed Saturday

Albert Knocke, 62, of Rockport, was killed Saturday night, about 7 o'clock, in an auto-pedestrian accident about two miles north of Rockport's city limits, on Highway 35.

Investigating officers R. L. Brown and Donald Carr, of the Rockport office of the Department of Public Safety, said Knocke was hit, as he was walking across the highway, by a car driven by Lonnie Wright of Rockport. No charges were filed.

Knocke died about 12:05 Sunday in Memorial Medical Center at Corpus Christi.

The body was sent from the Cagle-Marshall Funeral Home in Aransas Pass to the Yorktown Funeral Home, and services were held there at 3 p.m. Monday.

Knocke is survived by four brothers, Rudolph, of Beeville; Willie, of Cuero; Herbert, of Rockport; and Edward of Schulenburg.

Junior Varsity Game Time 6:30 p.m.

The Junior Varsity will play the Tuloso - Midway Junior Varsity at 6:30 on Thursday evening of this week. The little Pirates will be seeking their third win of the season. They were defeated by the Bishop Junior Varsity last week 29-0. Come out and see these young Pirates play.

ROTARIANS HEAR HARRY CARTER

Harry Carter, Episcopal lay minister, spoke to Rockport Rotarians at their regular luncheon of his impressions of New York City. The program was sponsored by Dudley Bracht, Wallace R. Bean, Fort Smith, Ark., and Ernest Simmons, Lovington, N.M., were visitors.

School Board Given Figures On Enrollment

At the regular meeting of the Aransas County Independent School District trustees, resignation of one teacher was accepted, another was hired, the audit was accepted, and discussions were held on a number of other matters.

Mrs. Justine Schendel resigned, and Mrs. Tillie M. Frye was hired to replace her. Supt. J. D. Gray reported on school enrollment: "In February, 1962," he said, "as part of the information sought for the school's building program, a projection was made on enrollment to be expected at various schools throughout the district. This projection was based on a five-year period, 1956-61, and was intended to cover the enrollment from 1962-1968.

"The radar base has closed since the projection was made, making a slight difference in the figures, but in general they have agreed remarkably well with the projection. For instance, the projected enrollment at Rockport Elementary this year was set at 699; actually we have 680 at present, and we expect a peak of 696.

"At Fulton, projection figures called for 174; we have 145, and we expect 150 at the peak. In the junior high school, projection figures for (Continued on page 8)

Plans Laid By Campaign Committee

At a meeting of the Johnson-Humphrey campaign committee, composed of Harold Picton and Weldon Cabanis, co-chairmen for the men's portion, and Mrs. Harry McDow and Mrs. Robert Harrell, co-chairmen of the Women's Division, the upcoming election was discussed as was the cancellation of President Johnson's trip to Corpus Christi.

This led to cancellation of the bus trip scheduled for Sunday afternoon to attend the Democratic rally, but Picton said that much interest had been shown in the trip.

Picton said that anyone interested in the campaign effort and who wants to help should contact one of the above named people.

The committee, Picton said, had obtained the endorsement of every official or candidate for election within the county, for the Johnson-Humphrey ticket.

Picton said that anyone wanting to make donations to the campaign fund could do so through him.

Sportsmen's Dinner Is At Sea Gun Tonight

The Rockport Sportsmen's Conservation Association will host approximately 225 club members and guests at its annual seafood dinner, to be held at Sea Gun Sports Inn Restaurant, starting at 6:30 his evening.

The restaurant will only seat 225 and that's the maximum number of tickets to be sold, according to Ed Harper of Key Allegro. Last week at a meeting here, guests and members were fed in shifts, due to the large turnout for a meeting.

Dr. Clarence Cottam, of the Welder Wildlife Refuge, will be the guest speaker, and Jim Thomas, Lone Star Sportsman of TV fame will also be a guest.

Tickets are on sale at Mills Wharf Division of Sea Gun, Bill's Sporting Goods in Rockport, and at Wilson's in Fulton. Price is \$2.50 per head.

WESTINGHOUSE DEALERS HOLD MEETING HERE

Westinghouse Electric Appliance dealers from the San Antonio district are holding a meeting at Key Allegro Island Motel Friday, Saturday and Sunday of this week. Approximately 40 dealers and their wives will be here.

Square Dance Club Operates Filling Station for Funds

Members of the Paws and Taws Square Dance Club are operating Wagley's Texaco Filling Station as a cooperative venture to obtain funds for building their square dance pavilion, which will be constructed on the Fulton waterfront on land owned by Wagley.

There will be a gala opening next Saturday, with members of the club in attendance, and square dancing that night, according to Mrs. H. H. Dick, publicity chairman. Also free coffee made with Fulton water the lady said.

Mrs. Dick says the station is being operated largely with volunteer help, with all profits going to the Square Dance Association. Only one man, the day station, is paid. One of the female members of the club is in attendance all day as well, and at night the men of the club serve the pumps, wipe windshields, and so on.

The club has not asked for help building its pavilion, but is determined to erect the building and pay for it through the efforts of its members.

Book Drive Is Successful

The drive for books for Aransas County Public Library went off successfully Sunday, with several hundred hard-backed and about the same number of paper-backed books being brought in by various pickup crews.

These were taken to the Paint Box, where Mrs. Carroll Gann is sorting them into the various classifications. Once this sorting is completed they will be sorted again for duplicates, and those the library needs will be placed on the shelves.

The duplicate volumes will then be given to some other library that needs them.

Delmar Hiller was chairman of the drive, and he was assisted by members of the Rotary Club, the three Lions clubs, and Troop 49, Boy Scouts of America.

Mrs. Gann said that approximately 300 juvenile and 780 adult hardback volumes were received, along with 800 paperbacks and about 500 magazines.

WARREN REPORT ON ASSASSINATION NOW AVAILABLE

The first printing by the U. S. Government Printing Office of the "Report on the Assassination of President Kennedy," popularly referred to as the Warren Report, has just been released and copies are now available from the Houston Field Office of the Department of Commerce, 5102 Rusk Ave., Houston, according to George L. Malherbe, director of the Houston Field Office. This is the report of the President's Commission on the assassination of President Kennedy. The Commission, after an exhaustive and intensive investigation, presents here its findings and conclusions concerning the assassination of the 35th President of the United States, John F. Kennedy.

The report is available in the blue cloth cover version at \$3.25, with Presidential Seal and Title stamped in gold; the blue paper bound version, with title printed, at \$2.50 per copy.

ROBERT ARLEY SHIVERS NOW IN PERU AS A MEMBER OF PEACE CORPS

Robert Arley Shivers, son of Sheriff Virginia Shivers, has reached Peru, where he will work for two years as a member of the Peace Corps, sharing the native's way of life and attempting to teach them something about modern living.

His address is El Cuerpo de Paz, Casilla 251, Chimbote, Peru.

Shivers has ambitions to become a member of the American diplomatic corps, and sought admission to the Peace Corps as good preliminary training.

Wildlife, County and School Officials Hold Meeting Here

Wildlife officials in charge of Region II headquarters at Albuquerque met with county and school officials here this week and told that only the most preliminary steps had been taken to acquire the lands which the Tatton Ranch is offering for sale to the Bureau of Sports Fisheries and Wildlife, and that there was no assurance that these would ever be added to the Aransas National Wildlife Refuge.

The conference came as the

result of protests entered by various county organizations against the reported acquisition of these lands by the Federal agency, taking out of circulation some 48% of the county's area, and removing some \$25,000 to \$30,000 a year from the county and school treasuries.

Bill Krummes, Chief, Division of Wildlife, Bureau of Sports Fisheries and Wildlife, Region II, at Albuquerque, was accompanied on his trip by Marcus Nelson, Regional Refuge Supervisor, Bob Shields, Aransas National Wildlife Refuge manager, and Shields' assistant, Gordon Polzenloger.

Krummes explained to the county and school officials that the Bureau of Wildlife and Fisheries had been approached by the Tattons approximately a year or so ago, with an offer to sell their Aransas County lands to the Federal agency, and that later one of the Bureau of Sports Fisheries and Wildlife people had taken a preliminary look at the property.

Next step, he said, would be appraisal of the land by government appraisers. The value would be based on a schedule set up by the Department of Agriculture for farm and ranch lands.

Krummes explained that a large percentage of the wildfowl using the Central flyway, west of the Mississippi, wintered in Texas, and that from the conservation standpoint it was desirable to obtain the Tatton land for an extension of the Refuge.

"However," he said, "the price they set on the land may be too high. We may not have the money. If the price they set is approved, however, and the Tattons are ready to sell for that price, the next step would be to go before the Migratory Bird Conservation Commission and ask for money accruing from duck stamp sales and National Park admissions to buy the land. At that time, any protests will be heard by that commission as well."

The present situation is, he said, "we have been offered the land, but we don't know whether we can agree with the Tattons on the price, and won't know until after the appraisal has been made and we make them an offer."

James H. Sorenson, Jr., executive vice president of the First National Bank, and president of the Aransas County Development Board, asked how the appraisal would be made, and Nelson explained that the appraisers would break the area down into classes, and then appraise the acreage in each class according to the agricultural value alone.

Dr. H. F. Elliot, president of the school board, and J. D. Gray, school superintendent, stated the case of the schools; Sorenson, Harold Picton, of the Aransas County Conservation and Reclamation District, and Miss Lola L. Bonner, president of the Rockport Chamber of Commerce, and Judge John D. Wendell reviewed the stand of the county and the various other agencies concerned with possible acquisition of the 32,500 acres the Tattons own in Aransas County.

In general, objections stem from the fact that, although there would be more money available from the Refuge than there has been in the past, the allocation is such that much of the money could not be spent legally. This would practically cut out the schools, navigation district, and the conservation district, all of which subsist, or hope to subsist on taxes.

Secondly, and even more important, is the fact that removal of the Tatton lands from the county tax rolls would impair the ability of local agencies to issue the bonds needed for orderly improvement of the area, and might possibly make it extremely difficult to meet the bonded obligations incurred before the hassle started.

Pirates Meet Tuloso-Midway Here Friday

The Fighting Pirates of Aransas County meet the Warriors of Tuloso-Midway in a District 30AA game. The Pirates will be seeking their second district win against two defeats and one tie. The Warriors will bring an experienced team into the game. They will definitely out weigh the small Pirate line. This game is a must win for the Warriors if they wish to stay in contention for the District title.

The starting line-up for the Pirates will be Stryker and Barkley at end, Henderson and Lewis at tackles, Sanchez and Ormand at guards, Picton at center, Picton at quarterback, Hill and Morrison at halfback and Garcia at fullback. Team captains for the week will be Gargia and Henderson. Game time is 7:30 with pre-game activities at 7:15.

Scout Fund Drive Will Start Oct 30

The annual fund drive for the Gulf Coast Council, Boy Scouts of America will start the last two days of October, according to Dr. H. F. Elliot, area campaign chairman. Fund solicitors for Rockport and Fulton will meet for a kick-off breakfast at Corky's Restaurant at 7 a.m. Friday, Oct. 30. Lamar workers will hold a kick-off breakfast at the Sea Gun Restaurant at 7:30 a.m. Saturday Oct. 31.

Edward Drummond, Pat Smith, and Joe Earl Hunt will serve as majors to direct the Rockport drive. J. D. Gray will direct the Fulton fund drive. Albert Wofford and D. H. Roberts will conduct the drive at Lamar. The Special Gifts Committee will consist of Charles LaBounty, Jack McDavid and Russell Tschner. Mr. LaBounty will also serve as chairman of the auditing committee. Letters to out-of-town contributors are being prepared by Mrs. L. E. Nelson.

Aransas County Scouting includes Cub Pack 49, Scout Troop 49, Scout Troop 280, and Explorer Post 49. These organizations are dedicated to a program that teaches character building, citizenship training, and physical development. There are over 14,000 registered boys in the 15 county area of the Gulf Coast Council.

ROWAN RECEIVES PERMANENT POSTAL APPOINTMENT HERE

President Johnson has confirmed the appointment of Maynard L. Rowan to the position of postmaster, with the appointment dating from Oct. 1.

Rowan has been acting postmaster here since the former postmaster, J. Reid Simmons, was promoted to the postal inspection service on April 5, 1963.

SENIOR CITIZENS CAN REGISTER AT TIME OF VOTE

According to law, in a county with a population as small as Aransas County, senior citizens, if exempt from paying poll tax may register at the time of voting. However, they must have lived in the county for six months or more to be eligible to vote here.

MYSTERY OF MISSING VEHICLES Baffles HIGHWAY DEPARTMENT

The "Mystery of the Missing
Vehicles" has been baffling
Texas Highway Department
and police officers for a long
time.

Each year approximately
17,000 automobiles are stolen
in Texas. Most are recovered
eventually, but a relatively
large number — about nine
per cent — never are found.
They seem to vanish, like the
vapor trail of a high-flying
jet.

"We don't have even a
single clue," says R. W.
Townsend, Director of Motor
Vehicle Division, Texas High-
way Department.

Townsend is a member of
the Texas Police Association's
Major Crimes Committee.
The committee is holding
seminars around the state to
enlist the aid of small-town
officials in watching for these
and other stolen vehicles.

Police statistics show that
an automobile is involved in
over 90 per cent of major
crimes committed in Texas,
and it is through license plate
identification that many a car
has been traced and criminal
apprehended. Hence Town-
send's place on the committee.

None of the missing vehi-
cles—in toto or in recogniz-
able part—ever have turned
up in Texas or in any sur-
rounding states. It's as if they
never existed.

Usually, stolen vehicles
turn up somewhere. Mexico,
for instance. But our neigh-
bors South of the Border
haven't uncovered even one of
the missing cars.

Searching of junk yards has
proved fruitless, too.
The wrecking yards are
checked anyway by Depart-
ment personnel. It's just po-
licy. Current plates on wreck-
ed automobiles are picked up
by THD field men and de-
stroyed on the spot, says
Townsend, to prevent reuse
of stolen automobiles.

Until 1961, scrapped cars—
complete with plates and ne-
gotiable ownership papers—
could be purchased for \$50.
To prevent both plate and
papers from falling into the
hands of auto theft rings, the
Texas Legislature passed a
law in 1961 requiring each
salvage yard operator in Tex-
as to remove immediately the
current plates from any ve-
hicle purchased as salvage.
The plates and papers then
are kept under lock and key
until claimed by the High-
way Department.

"We pick up an average of
10,000 title and 3,000 current
license plates per month," re-
veals Townsend.

Meanwhile, officials of the
Texas Highway Department
and the police seek a clue to
the missing vehicles.

Rockport Elementary Library Is Growing

More books have been re-
ceived at Rockport Elementary
School Library in the last
two weeks. Students and in-
terested parents have been
most generous in donating
many good books for the
school. Many of these books
have been book series of chil-
dren's classics and reading
clubs.

The school would like to
thank the donors: Frances
Dietrich, Pirate's Promise;
Emily Green, Sky Pioneers;
the Pattillo children (Mark,
Marla, and Shelly) for Down
the River Road, On Cherry
Street, Anything Can Happen,
We are Neighbors, Round
About, Stop that Ball, You
Will Go to the Moon; Dewain
Eller, Ghost at Skeleton Rock,

Bobbsey Twins in the Country,
We Live and Grow, Enchant-
Stories, Bobbsey Twins at the
Seashore, Irish Red, Escape
from Warsaw, Huckleberry
Finn, Monsters of the Sea,
About Atoms; and Sandra
Simmons, who donated
Grimm's Fairy Tales, and
Open Windows.

Kenneth, Valerie, and Mel-
nee Harwick donated their
copies of Kidnapped, Around
the World in 80 Days, Penrod
and Sam, Rip Van Winkle,
Treasure Island, and Daniel
Boone, Wilderness Scout.
Gary and Renee Tuer, hav-
ing "graduated" to higher
education, gave a large number
of their children's classics:
Toby Tyler, Gulliver's Travels,
Swiss Family Robinson, Animal
Stories, Five Little Peppers,
King Arthur, Under the
Lilacs, Huckleberry Finn,
Black Arrow, Two Years Be-
fore the Mast, Rip Van Winkle,
Kidnapped, Robin Hood, Na-

HOTTE GRANDSON RECEIVES LETTER OF COMMENDATION

Bobby Price, son of Capt. and Mrs. Bobby J. Price, recently was commended by the commander of the 9th Combat Defense Squadron, at Mount Home, Idaho, where his father is stationed.

Bobby, the grandson of Mr. and Mrs. William Hottle of Rockport, drew the attention of Staff Sergeant Oscar H. Stewart at the base, and he in turn reported him to the base commander, Col. Charles A. Allard.

Colonel Allard, after hearing Sergeant Stewart's report, wrote Bobby the following self-explanatory letter:

"Dear Bobby: It is a great pleasure for me to forward to you the attached letter from one of our Air Policemen who serves this base. You have impressed Sergeant Stewart in your desire to pay respect to the American flag, as well as demonstrating your ability to assist in the flag ceremony. Your parents can be justly proud of you.

"In my job as base commander, I grace many and varied problems in carrying out my duties. It is a refreshing pleasure to receive such a letter as Sergeant Stewart has written about you. I am proud of you and your actions prove your parents are fine people who are a credit to the base and to the U. S. Air Force.

"Bobby, please accept my thanks and appreciation for helping to make a routine task more enjoyable to our air policemen."

Sergeant's letter, which the colonel enclosed, was addressed to the commander and said:

"As an Air Policeman on a military reservation, it is not too often I get to commend an individual. As you are well aware on most occasions the Air Police are called upon to enforce the base's rules and regulations.

"On most occasions when something is said about dependent children it is of a derogatory nature.

"Now it is with pleasure that I feel it my duty to inform that on Sept. 18, A/1c Rober Allor and myself reported to the flag pole to

LOCAL STUDENTS WILL ATTEND SCIENCE SYMPOSIUM

Forty-five students of the Aransas County High School have been selected to attend the Atomic Energy Symposium to be held at Del Mar College in Corpus Christi on Saturday, Oct. 24. The symposium is sponsored by Central Power and Light Company in co-operation with Del Mar College and the Texas Atomic Energy Research Foundation. More than 450 students from 28 high schools and colleges in this area are expected to attend.

The symposium is directed toward the more advanced science students and those who show above average aptitude and interest in science.

Students from Aransas County High School selected to attend are: Joe Cavitt, Shelley Roaten, Michael Lane, Dellon Beasley, Chris Sorenson, Gerald Van Etten, Jerry Hill, Judy Dyson, Monroe Menke, Frankie Casterline, Carolyn Taylor, Sue Harrell, Sara Eason, Pat Falk, Rudy Nava, John Cummings, David Waggoner, Charles Moses, Mickey Floyd, Dennis Elliot, Gary Stryker, Hugh Morrison, Jay Doegy;

Ray Ormand, Bill Dinger, Linda Eller, Chris Sorenson, Alfredo Garza, David Picton, Elizabeth Dasher, Church Wilson, Darrel Litche, Betty Bauer, Brian Barnard, Vickie White, Micky Gray, Michael Brooks, Donald Glass, Jim Dietrich, Walter Lassiter, Joe Lopez, Johnny Lindenmayer, Diane Shults, Gay Lee Mayfield, and Reginald Wendell.

The group will be sponsored by faculty members from the high school math and science departments and will include J. A. Whitfill, Ruth Hayden, E. G. Brooks, and G. C. Watkins.

If essential soil elements are lacking, plants won't thrive.

perform retreat duties. Upon arrival at the flagpole it was observed by myself that a group of children had stopped to render respect to the Colors. "At this time I asked one of the children if he would care to assist in folding the flag. Bobby Price, son of Capt. Bobby J. Price, 5th Bomb Squadron, stated that he was a Cub Scout and that he would be more than happy to assist us.

"To us as military men, Retreat seems very routine, but I am sure that young Bobby must have felt a deep sense of patriotism. It is this deep wave of patriotism that we as American servicemen must endeavor to instill in all with whom we come in contact. Bobby is a symbol of the youth of America.

"And so I will close this letter with hopes that a report of his nature reaches you and as myself you feel that although we do have children that make mistakes, surely we also have children like Bobby of whom we can be most proud!"

These Birds Never Let the Fans Down

The bird watcher's world series is about to open its annual stand on the Aransas National Wildlife Refuge diamond near Rockport.

It's the annual southward migration of the rare whooping cranes to their ancestral wintering ground on Blackjack Peninsula.

And the signals are flashing back and forth between refuge headquarters and key stations along the north-south flyway, stretching more than 2,000 miles to Woods Buffalo National Park in the Great Slave Lake area of far northern Canada.

The giant white birds are meticulously checked along the route although their migration habits are so mysterious that their actual routing has never been definitely charted.

The main whooper movement into Aransas Refuge begins the second week in October. The majestic white cranes bearing black wing tips and a bare red crown and flying with neck and legs straight out, continue to arrive on into late November.

Between then and departing time in April, the whoopers comprise one of the greatest drawing cards on the Gulf Coast. Naturalists come from all over North America, and from even more distant places, to view them from the high tower overlooking the bay marshes.

Upwards of 25,000 persons annually visit the refuge which also houses massive flocks of waterfowl and song birds as well as hundreds of deer, wild turkey and javelina. Whoopers are definitely conspicuous because they are over four feet tall and have a seven foot wing spread.

Many visitors bring their own equipment, but a 30-power spotting scopes are available free for those who register at refuge headquarters. An all-weather shell road connects with the refuge from Highway 35 and from nearby Austwell.

One whooper not making the trip this year is recuperating at the Monte Vista National Wildlife Refuge in Colorado after being rescued by helicopter from the summer nesting Sass River area and flown out by jet power.

Whoopers are handled with all the extraordinary care given ornithological royalty since they now number slightly more than 30, plus six in captivity.

Outwitting Deer

Deer are plenty sharp. When they once realize you are on their trail they start circling so as to come up behind you. If you find a deer is pulling this circle trick, wait until you come upon the spot where your tracks first met his, then cut straight across the circle (but don't cross his tracks. Hide and wait for deer to appear. This works nearly every time—if you keep yourself hidden.

What's Going On At Live Oak Country Club

The men's inter-city program was played at Live Oak Golf Country Club Friday with 33 entries. A nine under par took top honors and a six under par captured second place.

First place team was composed of Speck Howerly, Dr. Rittiman, Bob Enderbrock and Bill Barr. Second place team was made of Carl Lundquist, C. E. Garrett, Lubin Harris and Jim Ramon.

The next inter-city program will be played Oct. 25 in Sinton.

An 11 under par took first place honors in a foursome played with 29 entries. Two teams tied for second place with 10 under par. A playoff was determined in the first hole.

First team was composed of Speck Howerly, A. N. Garrett, Doris Garrett and Mildred Miller. Homer Warren, Mary Fortner, Gene Everett and Grace Kieberger made up the second place team.

The greens are under repair for overseeding of winter grass seed. No foursome will be played until a later date.

NOVEMBER DRAFT CALLS FOR 307 TEXANS

Austin.—The state draft quota for November calls for 307 men, compared to 236 for October, Col. Morris S. Schwartz, state Selective Service director, said Wednesday.

The state quota of 307 for November is the Texas share of national call for 8,600 men, all for the Army.

The state Selective Service director also announced that state draft boards will forward around 2,900 males for Army mental-physical examinations in November, all of whom will be 18-years-old.

These tests for 18-year-olds are the result of President Johnson's action early this year which ordered the Director of Selective Service and the Secretary of Defense to examine all newly-registered men who are out of school and available for service. Males married at age 18 and those known to be in school at that age will not be examined.

Colonel Schwartz stressed that these youths will not be considered for armed forces service at this time. Normally draft for service is about age 22.

The 18-year-olds who fail the Army's mental examination will be referred by draft board letters to local offices of the Texas Employment Commission.

Youths who get the letters are under no compulsion to visit the TEC offices, but may go if they feel the government can benefit them.

The November quotas already have been figured and sent to the state's 137 local boards.

FULTON PTA MEETS

The Fulton PTA met Wednesday afternoon, Oct. 14 at the school. An executive board meeting preceded the regular meeting. The hostess for the social was Mrs. Charles Brislin.

The meeting was called to order by the president, Mrs. Philip Baldwin. The meditation was given by Mrs. Chester Barre. The room count was won by the fourth grade.

Carl Snyder, principal of the school, reported on the eye and ear tests conducted by the PTA. There were 144 pupils tested and nine pupils from each test referred.

A Foodless Food Sale will be the money making project for the year. It will be conducted the first week in November to be finished Nov. 11.

Mrs. Jerre Ledbetter was in charge of the program and introduced J. D. Gray, supt. of Aransas County public schools and Shelley Roaten, school trustee as speakers for the program. Mr. Gray presented the amendment to be voted on in November election concerning the permanent school fund.

Mr. Roaten gave a report on the "Functions of the School Board."

Squirrels With a 30-30

When hunting squirrels in crowded country you will find "barking" them a great test of skill—and a lot of fun, too.

This hunting method was used often before the advent of small bore rifles. To "bark" use a large bore rifle, 30-30, 30-40, 32, or any other powerful rifle. Don't shoot at your squirrel's body — unless you want it fricasseed. Instead, aim just under the squirrel, low enough to kick off a hunk of bark. Bark will knock the bushy-tail unconscious, often killing it by concussion.

Bandaging Dog's Feet

Dogs often cut their feet on stones, wire, and other objects. Or they may wear the pads raw from hard hunting. Doctor the paws immediately, bandage them, then tape a wool sock over the bandage to prevent dog from tearing bandage off.

PRESBYTERIANS ENJOY FAMILY NIGHT SUPPER

A Family Night Supper was enjoyed at the First Presbyterian Church last Sunday evening, Oct. 18, in observance of a special Church Extension season. Present were approximately 85 members and visitors.

Arrangements for the supper were in charge of Mrs. L. W. Hight, chairman of Church Extension work, and her committee. The Rev. Cecil H. Lang, Jr., local minister, introduced the speaker, W. H. Moore of Aransas Pass, who was accompanied by Mrs. Moore. Mr. Moore, who is on the Church Extension Committee for the South Texas Presbytery, gave a very interesting and informative talk concerning the work being done in this area. He stated that there are 21 aid receiving churches in the Presbytery, 14 Latin-American and seven Anglo-American.

One of the most successful of the newly organized churches is Jackson Woods in Corpus Christi, of which the Rev. Arnott H. Ward is minister. Mr. Ward is well known in Rockport, having served as pastor of the local Presbyterian church several years ago.

Raymond Owens, Jr., a student at A&I spent the weekend with his parents, Mr. and Mrs. Raymond Owens.

Mr. and Mrs. W. H. Hogue sold their home in Rockport and have moved to New Braunfels.

HEMINGWAY'S LIFE SKETCHED IN NEW BOOK IN LIBRARY

Ernest Hemingway left the world a generous legacy in a series of sketches of life in Paris immediately after World War I and recently published in a book titled "A Movable Feast."

In answer to a number of requests, a copy has been obtained for the local library.

So complete is the spell of his art that the 40 years between what was done and felt then, and what was remembered and written later seem barely to have intervened.

The reader walks with the young writer watching the fishermen along the Seine of dropping by at Sylvia Beach's to borrow a book; returns with him, sometimes having skipped a meal because he didn't have the money, to the Hemingway's small apartment on the Rue Notre-Dame-des-Champs with the sawmill in its court-yard below, sits by him on a cafe, while paragraph after paragraph he constructs one of the stories that created a new voice for the literature of our time.

There are many vivid portraits from memory—Gertrude Stein, Ezra Pound, Ford Madox Ford, and a number of others. One is of F. Scott Fitzgerald, amusingly truthful, softened by affection for Fitzgerald and respect for his genius. The motor trip the pair made from Lyons to Paris will surely take its place as one of the great comic journeys of literature.

WHAT OTHERS THINK OF ARANSAS COUNTY

According to surveys, polls, forecasters, crystal ball gazers and other methods of looking into the future, certain areas of Aransas County are going to grow far beyond normal growth within the next five (5) years. Such predictions are so consistent that anyone in Aransas County that is not buying up all of the real estate that they can buy is being foolish. Our anticipated growth is causing more and more business establishments to try to get in on the ground floor. An application for a second bank has been made. It has been announced that a new title company is to be established here. A new doctor is to join one of the established doctors here. An air conditioning manufacturer has opened offices downtown. It has become routine business for the Commissioners Court to approve subdivision plats.

SECURITY, Incorporated REAL ESTATE is in the business of buying and selling real estate, and not holding it. If your beliefs are in accord with the above, we suggest that you make some investments in real estate. At this time we have several package deals which in our opinion are good investments. By package deals we mean property in several areas in Aransas County. Usually this property was formerly one ownership. If you are interested, if you will come by our offices, we shall be glad to go into the matter with you. At this time our staff consists of Mrs. Jack Suttles, Receptionist, Mrs. Betty Sellars, Salesman and Mrs. Sandra Spencer Petrilli, Salesman. Two additional persons are in training to become salesmen.

LIBRARY CLUB HOST TO GREGORY-PORTLAND

At four o'clock on Oct. 19, the Aransas County High Library Club was host to several members of the Gregory-Portland Library Club and librarian sponsor. Guests were: Donna Blevins, president; Johnetta Brock, vice president; and Roy Tough. Miss Martha Duiz is their sponsor.

This workshop had a purpose of showing them some of the functions of the club. Sarah Eason illustrated to them the work schedules of each member; and T. W. Armstrong told them about the library bulletin boards which he designed and constructs.

Mellie Flores reported on the project underway for students to vote Nov. 3 for their favorite book. Karen Kleypas demonstrated how to mend a book. Pat Falk explained plans for a club scrapbook and, plans for attending the Teen-age Library Association District meeting in November. They also talked about improving the services contributed to schools by the members of the Library Club.

A highlight of this meeting was the discussion of voting for favorite books on election day. Mellie Flores showed the ballots, which will be passed out through the English class.

Following the discussion, refreshments were served by Bobby Taylor, Pam Novosad, and Betty Bauer.

Other members present were: Linda Eller, Margaret Jackson, and Sylvia Sanchez.

ALTAR SOCIETY HOLDS MEETING

The Sacred Altar Society met Tuesday night at the home of Mrs. Travis Johnson with 17 members present.

A short business meeting was held.

Each member brought a small gift which was auctioned off to the highest bidder.

Refreshments of angel food cake, snacks, coffee and hot chocolate was served.

SIXTY-FIVE ATTEND DEFOREST REUNION

The covered dish dinner and family reunion held by the DeForest family Oct. 11 at Goose Island, was well attended.

There were over 65 who registered, coming from San Antonio, Houston, Seadrift, Port Lavaca, Port Aransas, Victoria, Aransas Pass, including local members of the family.

EPISCOPAL WOMEN HOLD REGULAR MONTHLY MEETING

The Episcopal Churchwomen held their regular monthly meeting Oct. 8, with 15 members attending.

The guest speaker Mrs. Rodman P. Kypke from the Church of the Good Shepherd in Corpus Christi spoke on Woman's Role in the Church and showed a film of The Good Samaritan Center in San Antonio.

Doughnuts and coffee were served by the hostesses, Mrs. Charles Ankele and Mrs. John Beasley.

LOCAL TSTA UNIT ENJOY FISH FRY

The local TSTA unit, which is the Aransas County Faculty and administration, met at the Fulton Lion's Club pit, Oct. 20, for a fish fry. The Fulton Lions Club members prepared and served the fish, while the faculty provided their side dishes and dessert. Approximately 200 attended this dinner meeting, which included family and guests.

A short business meeting was held after the dinner, and was followed by faculty relays, won by the Rockport Elementary team and the administrative team. Pat Smith directed the activities.

The local Texas Teacher's Association unit is headed this year by Philip Baldwin. Other members of the executive board are Mrs. Knapp, Mrs. Jane Eller, Mrs. Lucille Schultz, and Marvin Rice. Carl Snyder, principal of the Geo. W. Fulton Elementary School, made the arrangements with the Fulton Lions for the dinner.

Miss Janice Garrett and Miss Niki Dick, students at Southwest Texas State College, spent the weekend with their parents and attended the Johnson-Highfill wedding.

Hurricane winds of 132 miles per hour has been recorded in Miami, Fla.

TO EACH AND EVERY CITIZEN OF ARANSAS COUNTY

(Public and Private Property Must Be Protected from Vandals)

Hinton says, we all know Law Enforcement is an expensive business, so when elected he will try and give the Tax Payers their money's worth. There will be no job given to anyone strictly because they need the job. My deputies will have to be qualified and of good character and be efficient in the capacity of which they would serve. At the Tax Payers expense, too many times jobs have been given to people through friendship that were not Qualified for the job. I will not do this. Neither will I employ a STATE Highway Patrolman as a deputy. I do not think they have been trained to enforce the laws and keep the peace on LOCAL LEVEL, and further, I do not believe that I will need State officers to help me execute the duties of the Sheriff's office. Effort will be made to employ citizens already living in this County. My deputies must be mature and qualified to council the many family troubles that the Sheriff's office is confronted with, as well as the handling of our young people with discretion. Processing of all civil matters and papers will have special attention.

The Sheriff's Office is the only race on the County level in which you have a choice to vote on. Since no one is seeking RE-ELECTION you will have the privilege of electing a NEW SHERIFF. I especially urge the sound support of our Elder Citizens and also ask Democrats, Republicans and Independents alike to go to the polls Nov. 3rd, and . . .

Editorial

No football game that has to be won by unfair tactics is worth the time and trouble. The boy that does that does these things, or the coach that lets them happen among the players for which he is responsible, is a sportsman of the poorest kind who, because of this attitude, does his own character and reputation irreparable damage.

In the past, we have been very fortunate in the schools which we have played, inasmuch as most of them believed that poor sportsmanship is a thing to be deplored, rather than encouraged. It is true that we have had a few "win at any cost" people among faculty and alumni of the local high school, but with the passage of the years, these have become fewer and fewer, and we hope it will continue to be that way.

Unfortunately, some people and players assume a press agent attitude towards high school football. Dr. Rhea H. Williams, state director of athletics for the University Interscholastic League, has summed up a number of the ills to which high school football can fall heir. In the October, 1964, issue of the "Interscholastic Leaguer", he says, in part:

"Such practices as recruiting, pressure to pass athletes in school work, hiring and dismissing of coaches, winning at all costs, and divided allegiance of the coaching staff between school authorities and key men in groups of football fans meeting regularly as Quarterback Clubs, Booster Clubs, Athletic Clubs or under similar names, are the result of such a policy. . . ."

After discussing proselyting, recruiting, expensive gifts to coaches after a successful season, and so on, Williams continues:

"Actual experience has shown that the same group which gives the coaches such gifts is the first to insist they be dismissed if they do not produce constant winners."

The Interscholastic League places complete responsibility on the administrative head of the school system for proper conduct of the sports program, and enforcement of eligibility rules and the management and control of athletics. Fortunately, we have men of high caliber on the administrative and coaching staffs at the local schools who believe that the main purpose of a school is to educate first, and play football second. Let us hope that we continue in that manner.

We have never had a protest lodged against the manner in which our athletic program has been carried on from members of the Texas Education Association or the Interscholastic League. This has not been true of some other schools in 30AAA. It has been their loss. The superintendents of such schools, who fail to take action against a coach who consistently instills his boys with the "win at any cost" spirit is working a hardship on those boys, because they are not being taught that sportsmanship is the foundation for the character building about which they proudly boast when talking of football.

Let us hope that the coaching and administrative staff at ACHS continue to teach that sportsmanship is the mark of a gentleman, and, that it pays in the long run. Let us also hope that they continue to put education ahead of football. We realize that this may not be a popular approach to the problem, but the education will continue to pay off long after the transient fame of football has faded. We can't all be Johnny Unitas, but we can all be gentlemen, or ladies, and one of the best ways to start is by being a good sport.

WATERFRONT—

(Continued from Page 1)

Ruby Street.

Trout and red fish has been good during the past week in the Aransas, Copano and San Antonio Bays. Harry Mills, of Sea Gun Sports Inn, reports that the Marvin Tyler party from Altair, landed 294 trout in four hours.

Other catches during the week included the M. A. Wallace party from Houston, 271 trout; Henry Bonner party from Dallas, 254 trout; Fort Worth Community Service party, 96 trout and reds; the Johnny Elder party from San Antonio, landed 209 trout.

With the current cold front,

migratory waterfowl are arriving in large numbers in the Aransas and San Antonio bays area. According to Harry Mills, the prospects for limit goose and duck bags are excellent during the coming season.

Watch those county lines. Generally speaking, the "general" hunting seasons in Texas have gone the way of most other customs and traditions.

Right now 149 of the 254 Texas counties fall under regulatory authority of the Texas Parks and Wildlife Department. That is, the Parks and Wildlife people are free to manage game and fish in these counties; the legislature does it in all the others.

Thus, the present-day hunter must pay close attention to where he hunts and when. Season dates can vary from one county to the next.

The following regulations, however, give an idea of when and where the game can be hunted:

Morning Doves

South Zone — Sept. 26 through Nov. 24 except in those counties that had a whitewing season where the season will end four days earlier. Daily bag limit is 12 and possession limit is 24. Shooting hours are from noon until sunset and only shotguns, no larger than 10 gauge, may be used. One wing must be left unpicked for identification. Duval County is closed.

North Zone — Closes Oct. 30.

Geese

Oct. 31 through Jan. 13

Daily and possession limit is five. That limit may include no more than one Ross' goose, no more than two Canada geese or its subspecies, or one Canada and one speckled-belly. Shooting hours are from sunrise to sunset. Guns must be plugged to three-shell capacity.

Ducks

Nov. 25 through Jan. 3. Bag limit if four a day, of which not more than two may be wood ducks, two mallards, two canvasbacks or one redhead and one canvasback. Possession limit is eight, with not more than two wood ducks, four mallards, two canvasbacks or two redheads. Shotguns only, plugged to three-shell capacity.

Deer

Regulatory authority counties — Nov. 14 through Dec. 31 with few exceptions. General law counties — Nov. 16 through Dec. 31. In McMullen and LaSalle Counties, Nov. 1 through Dec. 15. Duval County is closed. Bag limit is two bucks in general law counties. The limit is three in most regulatory authority counties. The third, or bonus deer must be taken by permit, available from landowners. Rifles and shotguns are legal. Shooting hours are from one-half hour before sunrise to one-half hour after sunset.

Turkey

Regulatory authority counties — Nov. 14 through Dec. 31, with very few exceptions. General law counties — Nov. 16 through Dec. 31. McMullen and LaSalle Counties — Nov. 1 through Dec. 15. Bag limit under general law is three gobblers. Under regulatory authority the bag limits vary and bearded hens are legal in many areas. Shotguns or rifles may be used. Shooting hours are the same as for deer.

Quail

General law counties — Dec. 1 through Jan. 16. Bag limit is 12 a day. Possession limit is 36 and not more than 36 in one week. Shooting hours are the same as for deer and rifles and shotguns may be used. Shotguns must be plugged to three-shell capacity. In Victoria, Refugio, San Patricio, Kleberg, Jim Hogg, Brooks and Kennedy Counties the season is Dec. 1 through Jan. 31. Bag limits are 12 and 36. McMullen and LaSalle Counties — Nov. 1 through Dec. 15, same regulations otherwise. Duval County is closed. Regulatory authority counties — Nov. 14 through

Jan. 31 with same bag limits, generally, but there are many variations.

Licenses

Required of every Texas citizen 17 years of age and under 65 who hunts outside his home county. An exempt license is required of these 16 and under and 65 or older who hunt deer and turkey. Deer tags must show the date and place of kill.

SCHOOL BOARD—

(Continued from Page 1)

this year were set at 286; we have 242 now, and expect a peak of 250. In the senior high school, the figures were 280 projected, 327 now, and 330 expected. Projected requirement totals were 1439, present total is 1394, and we expect a peak of 1426 a little later this year.

"Loss of the radar base affected Fulton and junior high school the most."

The peak enrollment a year ago, Gray said, was 1347, and the estimated peak enrollment for this year is 1426. All rooms in the various schools are being used at present, the superintendent said, but by rescheduling there are three at Rockport, one at Fulton, three at the junior high school, and four at the senior high school that are still available to take care of increased enrollment for the next two or three years.

Gray told the Board that Mrs. James Cruser, in charge of the school cafeteria, had prepared a report, discussing the student reaction to menus.

Mrs. Cruser said a record number of lunches (1046) were served on Tuesday, Sept. 29, when the menu was planned around hamburgers. Hot dogs and barbecue on buns are also popular, the dietitian said.

Running close behind these mainstays, Mrs. Cruser said, are fried fish and chicken. Meat loaf and Mexican foods are also very well accepted, and they like roast turkey, roast beef and baked ham.

When a meal is planned around a less-popular meat, she said, interest is added to the meal with a popular dessert. The most liked are chocolate cake, apple crisp and ice cream.

"Students are not very receptive to vegetables and salads," she said, "but these must be included to provide the complete nutrition the student needs, and as required of all schools participating, as we are, in the National School Lunch Program."

JUNIOR HIGH HONOR ROLL

Sixty-six names of students in the Aransas County Junior High School were placed on the honor roll for the first six-week period. There were 29 eighth graders and 37 seventh graders who received this honor.

To be eligible for the honor roll, a student must have an 85 average or above in all subjects and no failing grades in any subject.

Eighth grade honor roll: Katherine Allgood, Pamela Ballard, Katherine Bauer, Susan Clark, Susan Craig, Kathryn Davenport, Duke Eaton, Rose Ann Elliot, Joe Evans, Paula Hesseltine, Frederick Jackson, John Jackson, Ruth James, Kenneth Jurgens, Valerie Kline, Mark Lang, Vera Ledbetter, Edward Lee;

CASPARY AND WENDELL TO BE RETURNED TO SPOHN HOSPITAL SAT.

Delo Caspary and Jerry Wendell, seriously injured in a helicopter crash at Sebastopol, Calif., two weeks ago, will be moved from the hospital there to Spohn Hospital in Corpus Christi Saturday morning, according to Harold Picton, Mrs. Caspary's brother.

The two men, partners of the deep sea oil well servicing firm of Caspary and Wendell, were injured when a new helicopter belonging to the Shell Oil Company crashed with the partners, a Shell Oil Company man, and the pilot, just after the takeoff on a trip to an offshore rig which was being serviced by one of the firm's boats.

Wendell had broken ribs, a broken heel, and crushed discs in the lower portion of his spine; Caspary's back was fractured, and this condition was aggravated by an old back injury.

Both men are doing as well as can be expected, and will be moved by a chartered plane sent from San Antonio to pick them up and return them to Corpus Christi.

Mrs. Caspary and Mrs. Wendell were with their husbands on the California trip, but were not present at the time of the crash. Since then they have been staying in the town of Santa Rosa, to be near their husbands in Sebastopol. They will return at the same time.

Mrs. Abner West and son Troy, of Prement, spent the weekend with her grandfather Frank Casterline, and other relatives.

JOHNSON-HIGHFILL WEDDING VOWS TAKEN SATURDAY NIGHT

The First Methodist Church was the setting Saturday night, Oct. 17, for the wedding of Miss Cynthia Kay Highfill and Rodney Carleton Johnson.

Mr. and Mrs. Hugh Highfill, of 131 South Water Street, are the bride's parents, and Mrs. and Mrs. William Johnson, of 708 N. Wood Street, are the parents of the groom.

Rev. Ben Bohmfalk, pastor, officiated, at the double-ring ceremony, before an altar decorated with a basket arrangement of white chrysanthemums and green gold lemon leaf, flanked by candelabra.

The bride, who was given in marriage by her father, chose a formal-length wedding gown of white brocade, with set-in slender sleeves and an A-line skirt. Her train was secured by self flat bows at the center back waist line, and her veil of tulle fell from a white satin bow. She carried a bouquet of white carnations centered with a white orchid.

Mrs. Ronnee Schultz was organist; Mrs. W. J. Sprigg sang "Whither Thou Goest" and "Because."

Miss Charlotte M. Curry of Corpus Christi was maid of honor, and Miss Susan Frazer of Corpus Christi was bridesmaid. They wore long velvet sheaths of emerald green, with cummerbunds of satin. These had bows at the back with satin panels to the hemline. They carried colonial bouquets made with feathered champagne carnations.

Best man was Charles Cosby, of Rockport; ushers were Brittain Dick and Eddie Ratliff.

The mother of the bride wore a short mauve rose crepe dress, with a fitted bodice of lace, with tiny, set-in sleeves, highlighted with sequins. The slim skirt had a full-gathered back panel. Her pink hat was highlighted with tiny sequins to match her dress. Her corsage was of white carnations.

The groom's mother was dressed in beige lace over brown, and wore a small brown pillbox hat of velvet and satin. Her corsage was of pink Picardy carnations.

Immediately following the ceremony, a reception was held in the Methodist annex.

The bride is a graduate of Aransas County High School and has been attending Del Mar College; the groom graduated from Allen Military Academy at Bryan, Texas.

When the young couple left for a short wedding trip, the bride wore a going-away costume consisting of a three-piece suit of green Avalon silk and rayon; a hat of white satin trimmed with white mink; and matching white gloves. Her shoes and bag were of light gold suede.

Out-of-town guests included Mrs. E. J. Frazer, Sr., San Antonio; Pfc. and Mrs. Edward Johnson, from DeRidder, La.; Mrs. Lady Jo Beal, Texarkana; Mrs. E. G. Frazer, Susan and Joe; Mr. and Mrs. L. M. Curry, Charlotte Curry, Jimmy McClellan, Mrs. John Ratliff and Sherri, all of Corpus Christi;

Miss Mary Turnus and Ben Pratt, Sinton; Mr. and Mrs. C. B. Lee and Bobby Ann, of Cotulla; Mr. and Mrs. James Lumley and Cheryl, of Ingleside; Mr. and Mrs. B. E. Reed, Alvin; and Miss Gladys Oltjendiers, Floresville.

CHURCH OF CHRIST HAS MANY VISITORS

The local Church of Christ had many visitors this past week, according to Pastor N. E. Hicks. Among them were Mr. and Mrs. Richard Horne and Ricky, of Junction; Mr. and Mrs. H. E. Blessing, Independence, Mo.; Mr. and Mrs. H. E. Haigood, Silver, Texas;

Mr. and Mrs. B. F. Carr, Wichita Falls; Mr. and Mrs. Bramlette Johnson, Mr. and Mrs. C. V. Gray, Minnie Tra-week, Mr. and Mrs. C. J. Fowlkes, Mr. and Mrs. J. M. Stewart and Mrs. Gilbert Hill, all of Rockport;

Mrs. Elizabeth Nesbitt and son Cody, Niceville, Fla.; J. F. Linda and Barbara Stone-street, all of San Antonio; John Belt, Lockney; Ellen O. Wood, Appleton, Wis.; Mr. and Mrs. Marvin Bernsen, Rosebud.

Chester Johnson attended the District 26 VFW meeting at Falfurrias Saturday and Sunday.

BENNIE J. WARD WINS GAS DRYER

A new use for one of the Aransas Natural Gas Company's dryers was found recently, when stubs from the tickets for a door prize at the company's open house were dumped into the drum and thoroughly mixed by its rotation.

Sheriff Virginia Shivers drew the winning ticket, which belonged to Bennie J. Ward, Box 602, Rockport. Ward won a Norge 14 automatic dryer.

TO THE CITIZENS OF ARANSAS COUNTY

As the Democratic Nominee for the office of Sheriff of Aransas County, I would like to take this opportunity to present my qualifications for public review.

I am a lifelong resident and property owner in Aransas County and also a 1953 graduate of the local high school. I am a member of the First Methodist Church of Rockport, The Rockport Lions Club and the Chamber of Commerce. I am an eight year member of the Aransas County Emergency Corp. and my law enforcement experience includes 10 months on the Rockport Police Department and 25 months on the Aransas County Sheriff's Department, having served both for the late Sheriff Arley C. Shivers and for his successor, Sheriff Virginia Shivers.

At present I am serving as Chief Deputy Sheriff under Mrs. Shivers and on June 6, 1964, I was elected Democratic Nominee to the office for which I am a candidate, an honor for which I am deeply grateful.

As Sheriff of Aransas County, I pledge to you that I will do everything in my power, with all assets available, to make Aransas County a better place in which to live.

On November 3, 1964, Elect the Democratic Nominee . . .

Now hit the comfort trail...

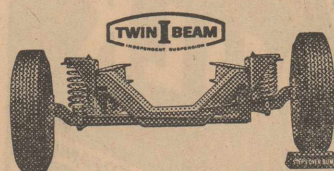

in a '65 Ford Pickup!

...with 2 front axles that can give you riding comfort the whole family will enjoy!

You have to try this one to believe how it rides. Ford's completely new front suspension gives you the smoothest ride ever in any pickup. Here's why: each wheel works independently on its own axle—a forged I-beam axle like the big trucks use! Forged radius rods lock in wheel alignment! Two axles share the load, and

because each axle works independently a bump at one wheel won't move the other. Add heavy-duty, low-friction coil springs and you've got it . . . the smoothest riding, most durable front end in any pickup. Come on in and see it for yourself. Take a comfort-test in a new Twin-I-Beam pickup at your Ford Dealer's today!
