

World Trade Upheaval May Affect Millions

By GEOFFREY GOULD WASHINGTON (AP) — Like a football game without a scorecard, the current welter of news about foreign trade, tariffs and the European Common Market can be a little confusing.

Great upheavals are taking place in world trade, and new forces are changing the map. They may affect millions of Americans, from the cotton farmer in southwest Arkansas to the man who puts spokes in the wheels in New England bicycle factory.

The major factor that is changing old patterns of trade in the free world is the European Economic Community, or Common Market. Here is an attempt to provide a scorecard on the Common Market, with basic answers to basic questions.

Q. What is the Common Market? A. It is an agreement between six European nations—France, West Germany, Italy, the Netherlands, Belgium and Luxembourg—to lower tariff barriers between each other over a period of years to the vanishing point. At the same time they are setting up a common external tariff to deal with the rest of the world as a unit.

Q. How did the Common Market start? A. After World War II, when European nations were getting back on their feet, it was soon realized that even the largest of them, France and West Germany, were too small to achieve the full industrial development possible under modern technology.

Q. How is it doing? A. It is doing rather well. The six nations are ahead of schedule in lowering their internal tariffs, and business is booming under the stimulus. So much so that Great Britain, which stood aloof from the Treaty of Rome, now wants in even though it would disrupt the British Commonwealth and cause other changes in the British way of life.

chief drummer, say we must be able to offer the Common Market reduced United States tariffs in return. This, in simplified terms, is what the big, bloody fight shaping the next year is about. Protectionist, or high tariff sentiment is strongly represented in Congress. Almost every congressman or senator has plans in his district that might be hurt by freer entry of foreign goods.

Q. What about the rest of the world, like Latin America or Japan? A. This question is of vital concern to U.S. policy makers. They don't want anybody frozen out of the good things in life. They have enunciated the principle that whatever agreements the United States makes with the Common Market must be available on the same terms to anyone else.

Q. Aren't we making a deal with the Common Market right now? A. Yes, negotiations have been going on at Geneva and at Brussels. Reportedly the deal involves cutting the Common Market external tariff 20 per cent on practically all goods, with the United States cutting duties on automobiles and some other goods in return under the residence's present limited power to lower U.S. tariffs. But there is a roadblock.

S. What is the roadblock? A. Agricultural products. America sells a third of its agricultural exports to Europe, and it wants to be sure that this trade is not harmed. The Common Market countries also are having problems in agricultural trade among themselves. In essence, this is because much of their farm production is produced in ancient practices on small, unmechanized farm units. Lowering all internal barriers may sweep away this old way of life and cause painful readjustments.

Q. If we can already deal with the Common Market under the present law, why does the President need new tariff-cutting powers? A. The administration experts say that when this deal is concluded, virtually all of the present tariff reduction powers will be used up, and besides the law expires in June. They contend the President needs new and broader powers, with fewer loopholes and restrictions, to act the United States into the new sweep of world trade that is developing.

Q. Who started all this anyway? A. A French statesman named Jean Monnet is considered the father of the Common Market. His crusading led first to the establishment in 1952 of the European Coal and Steel Community, still a going concern. A third supranational agreement among these six nations is Euratom, to control joint development of peaceful atomic power. Some disciples of Monnet believe that some day all this will lead to a United States of Europe, with a common government. But this is a long way off.

British Armada Hastens To Duty In Kuwait Area

Fresh Surge Of Icy Air Hits Midwest

By The Associated Press A fresh surge of icy air spread across snow-covered regions in the northern Midwest today and freezing weather hit areas in northern Florida for the third straight morning.

Temperatures moderated in southern Florida after two days of unseasonable cold with the mercury dropping to below freezing south of Miami Tuesday. It was 50 in Miami early today compared to Tuesday's low of 42, a record for the date, and 65 in Key West.

In Tallahassee, the state capital, it was below freezing, 31 degrees, but warmer than Tuesday morning's chilly 20 degrees, the official low in the state. Temperatures were in the 30s in much of northern Florida but forecasters predicted readings would range from 65 to 70 today, with 70 to 75 in southern sections.

The cold weather in Florida caused some damage to unprotected young citrus fruit and to vegetables in the north central part of the state.

The frigid air in the northern Midwest, fanned by strong northwesterly winds, extended from the extreme northern Plains to western Lake Superior. It headed east and southward into other parts of the Midwest, the lower Ohio Valley and upper Great Lakes region. It was -9 in International Falls, Minn., and -6 in Minneapolis with sub-zero readings in the Dakotas.

Readings were in the teens from the Rockies and other sections of the northern Plains into the western upper Great Lakes region. It also was cold in sections of the east, with temperatures in the 20s in the northern Atlantic Coast states.

Light snow fell in the middle Mississippi Valley, south of the upper Great Lakes region, the western Plains and parts of the northern Rockies.

Iraqi Threat Is Feared

By ARTHUR GAUSION LONDON (AP)—British officials today disclosed an armada is hurrying toward the Persian Gulf oil sheikhdom of Kuwait to meet a suspected Iraqi military threat.

The admiralty said that at least six warships, led by the 27,000-ton aircraft carrier Contar, have sailed from the East African base of Mombasa for an unannounced destination.

Other officials reported that the ships—which include two frigates, a tank landing ship and two big fleet auxiliaries—are heading for the Kuwait area.

They added several other precautionary British fleet moves are under way but are secret.

Over the Christmas weekend, intelligence and diplomatic reports from the region indicated to the British government that Iraq Premier Abdel Karim Kasim has been making troops, possibly as the prelude to an invasion to achieve the annexation of Kuwait he threatened last summer.

The Defense Ministry announced Tuesday that 200 troops, most of them transport aircraft crewmen, had been put on the alert, and troops were reported standing by to be flown from Nairobi, Kenya, if needed.

Britain forestalled an Iraqi invasion last July by landing troops in Kuwait at the request of Sheik Abdullah as-Salim as-Sabah after Kasim renewed his country's claim to the little neighboring territory.

Britain is bound by treaty to protect the sheikhdom on the northern end of the Persian Gulf. Kuwait was a British protectorate until last June. British forces withdrew from Kuwait in September after Arab League countries, despite Iraq's objections, sent 2,000 troops to Kuwait to protect it.

The British announcement asserted that "during the past 24 hours our forecast that the Christmas period might be used to increase tension has been partially confirmed as far as the Middle East is concerned."

"Although operations are not thought to be imminent, certain small-scale precautionary measures have again had to be taken," Foreign Minister Hashem Jawad of Iraq declared in a statement broadcast by Baghdad radio Tuesday that Iraq considers the establishment of diplomatic relations with Kuwait by countries which have representatives in Baghdad an "unfriendly act designed to deny Iraq's rights and harm its vital interests."

Kuwait protested to the Arab League last week that Iraq had seized 19 of its ships off the Arab port of Basra. It also claimed that Kasim's regime had frozen all Kuwaiti deposits in Iraqi banks.

Abdullah as-Salim as-Sabah after Kasim renewed his country's claim to the little neighboring territory.

Meeting Of Princes Fizzles Within Hour

By RENE-GEORGES INAKAKI VIENTIANE, Laos (AP)—The heralded three-princes' meeting apparently collapsed today in less than an hour.

After months of maneuvering by Laotian politicians and pressure by foreign diplomats, neutralist Prince Souvanna Phouma and his pro-Communist half-brother Souphanouvong arrived for talks with pro-Western Premier Boum Oum on formation of a coalition government.

Boum Oum neither met them at the airport nor went to the appointed meeting place. Growing impatient, the two visiting princes finally paid a courtesy call on Prince Boum Oum at his residence. The meeting lasted less than an hour.

Boum Oum told newsmen that as far as he was concerned there was no further need of a princely meeting.

The two princes came to see me and we talked; there you had your princely meeting," he said.

The outcome astounded and depressed diplomats in this little kingdom, who had watched the weeks of haggling over trivial arrangements for the meeting. So their hopes never had been high. Some had agreed it would take a miracle for an agreement to be reached.

Souvanna Phouma, whom the three politicians princes agreed will head the new government, spoke briefly at the airport in a conciliatory tone.

Prince Souphanouvong, his half brother, denounced "American warmongers" and Boum Oum's pro-Western royal government.

Mrs. Pickering Enters Week's Top Ad Rime

Mrs. John W. Pickering is the winner of last week's Snyder Daily News Ad Rime contest.

For her winning entry Mrs. Pickering will receive the week's prize of \$10.

Her Ad Rime follows: Shop with this directory To launch your trips on the right trajectory.

Another Ad Rime contest begins today, and the rules, and clues may be found on Page 8 of this issue of The Snyder Daily News.

U.A.R. joining Egypt and Syria in March 1958. Syria broke out of the U.A.R. last September but Nasser's government retained the name that symbolized a "United Arab Republic."

The statement announcing the break with Yemen said the two governments had nothing in common to make the federation between them an effective political instrument able to participate justly in strengthening the Arab struggle.

It was Souvanna Phouma's first visit to Vientiane since Dec. 9, 1960, when his government abandoned the capital to the advancing forces of Gen. Phoumi Nosavan, now the deputy premier in Boum Oum's government. Souphanouvong and his top lieutenants escaped from a Vientiane prison in the spring of 1960.

Coalition can only be formed if each party brings to the meeting good faith and good will," Souvanna Phouma said at the airport.

The people of Vientiane lined the streets and silently watched the two princes drive to the two heavily guarded villas where they are quartered alongside the U.S. Embassy.

The three princes agreed in early October that Souvanna Phouma would head a 15-man coalition government including eight neutralists, eight from Boum Oum's conservative faction and four from the pro-Communist Pathet Lao. Their next task is to agree on which faction will get which posts, particularly the Defense Ministry which controls the army and the Interior Ministry which controls the police.

From 1952-55 Dobrynin was first counselor at the Soviet Embassy in Washington. From 1957-59 he was a deputy secretary-general at the United Nations in New York.

Chicago (AP)—The nation's daily deaths during the 1961-62 holiday season totaled 324, the highest toll for a three-day Christmas period since 1955.

The Associated Press survey also showed 83 deaths in first, and 36 in second, days of the National Safety Council, which had requested 300 traffic fatalities said its count showed 228 killed. The traffic toll in last year's Christmas holiday period was 424, the lowest in 20 years for a three-day observance.

Soviets Ask Approval Of New Envoy

WASHINGTON (AP)—The Soviet government has asked Washington's agreement to accept Anatoly F. Dobrynin as its ambassador to this country, diplomatic informants said today.

In accordance with international protocol, such appointments are kept secret until the receiving country approves.

Since foreign ambassadors are accredited to the President, the final word has to come from the White House. It will be transmitted to Moscow through the State Department. Informants sources said this may happen shortly, perhaps before the end of the year.

Dobrynin will succeed Mikhail A. Menchikov, who has represented his country in Washington since February 1958. Four years in a foreign post are regarded as normal for Soviet diplomats.

While Menchikov has been mainly interested in trade, the new envoy is known to be more active in international politics. He is now head of the American affairs division of the Soviet Foreign Office.

From 1952-55 Dobrynin was first counselor at the Soviet Embassy in Washington. From 1957-59 he was a deputy secretary-general at the United Nations in New York.

Belgium Resumes Diplomatic Relations With Congo Today

LEOPOLDVILLE, the Congo (AP)—Belgium resumed diplomatic relations with the Congo today, strengthening Premier Cyrille Adoula's hand in dealing with Katanga's secession.

Restoration of relations was announced as Parliament awaited the arrival of Katanga members to take their seats as Belgium's Premier Patrice Lumumba was angered because Belgium tried to protect its citizens and property with troops during the riots after independence.

Belgian interests also supported Tshombe in his defiance of the central government. Belgium's investment is heavy in the copper, uranium and other mineral riches of Katanga.

Gradually, the Belgian government and commercial interests in Brussels have swung around to favor Congo unity under a central government in Leopoldville, much to Tshombe's consternation.

vided in the constitution Belgium drafted for its colony, but the chips that ensued after independence was granted in 1960 kept the constitution from being ratified by Parliament.

The pact, signed by Adoula and Tshombe at the U.N. base of Kinshasa recognized the central government's control over Katanga, but the Katanga leader never has dropped his objections to a strong central regime.

The Katanga Cabinet held it was not competent to ratify the Katanga agreement and passed it to the provincial assembly, a move which Adoula said "imposed" the last effort to resolve the Katanga crisis by peaceful means.

In Paris, Evarest Kimba, Katanga's minister, declared Tshombe had signed the Katanga declaration. He said the Katanga Parliament would meet Jan. 3 to act on the declaration and the counter proposal. Mr. Tshombe made it to Mr. Adoula.

The 15-member Katanga parliamentary delegation, to be flown from the Katanga capital of Elisabethville in a U.N. plane, is expected to propose changes in the constitution to give provinces greater freedom from Leopoldville's control.

Cold Wave Covers State

Temperatures dropped below freezing in the Panhandle and sections of the South Plains and North Texas Wednesday in the wake of a new northern cold front that edged into the northern tier of the state from the upper Gulf Coast to the Rio Grande Valley.

Early morning temperatures ranged from 23 degrees at Lubbock to 44 at Brownsville. Skies were cloudy in North and Texas. The Panhandle and a section of the Texas coast featured a light rain shower and Alibi had fog.

Forecasters called for clear to partly cloudy skies and colder temperatures Friday. A blizzard with some white southern than

W. E. Willett Dies Tuesday

Funeral services are pending at Bell Funeral Home for Waylon Eugene Willett, 49, of 1600 Avenue G.

Mr. Willett died Tuesday at 7 p.m. at Coghill Hospital. He was born Feb. 29, 1912, in Cooper County, Tex.

Survivors include his wife, Mrs. Lola Fanny Willett of the home, and a son, Bobby Gene Willett, also of Snyder.

Mrs. Wilson Gravely Ill

WASHINGTON (AP)—Mrs. Woodrow Wilson, gravely ill of a respiratory infection and complications, was holding her own this morning, her physicians reported.

The doctor reported Tuesday night that the 89-year-old widow of the former president, has been ill for three weeks. He said her condition grew worse several days ago but now is slightly improved.

Mrs. Wilson is at her Washington home where she and the president moved after he left the White House in 1921.

# New York Faces Strike Threats

NEW YORK (AP)—The possibility of a New Year's Eve strike hung heavy today over this transit-keyed metropolis' bus and subway lines. Also threatening a Jan. 1 walkout were 9,000 electricians.

With negotiations in their customary last week crisis stage, members of the Transport Workers Union were summoned to a strike meeting tonight.

Michael J. Quill, TWU international president, said employees of the Transit Authority and seven private bus lines would be asked to authorize a walkout if a contract dispute wasn't resolved.

Shorter work weeks are key issues in both strike threats. The transit union demands a four-day, 32-hour week. The electricians have asked a four-hour day instead of the present six-hour day.

# Two Injuries Are Reported In Mishaps

The Snyder Police Department investigated an accident this morning at 8:35 a.m. at the corner of Avenue I and Sixteenth Street.

A passenger in one of the cars, Lawrence Fagan, was taken to a local doctor's office by Bell Ambulance service for treatment of a shoulder injury. The car in which he was riding, a 1955 Buick, was driven by his mother, Mrs. Lawrence Barnes of Route 1.

The other vehicle involved was a 1961 Chevrolet driven by Kenneth Elvis Rinehart of Route 3. Both cars suffered heavy damage in the mishap.

Another motorist was treated for minor injuries suffered in an accident yesterday afternoon at 2:32 p.m. He was Robert Ray Barnum of Colorado City who was taken to Cogdell Hospital by Bolger Ambulance Service.

That accident occurred at the corner of Huffman Avenue and Avenue Q. Barnum apparently lost control of his 1961 Ford and struck two parked cars. One, a 1957 Ford belonging to Darrell E. Wood of Big Spring was considered a total loss. The other was a 1955 Chevrolet pickup owned by T. O. Rinehart.

Damage to the pickup was estimated at \$35, and to the Barnum Ford at \$350. The car came to rest against the front door of a house.

Both accidents were investigated by Snyder City Police.

# Snyder Is Featured In Article

The December issue of "Street Engineering" contains an article featuring Snyder. The article was written by Roy Dunlap, Snyder City Manager, and includes a full page of pictures of Snyder streets.

"Street Engineering" is a trade publication distributed nationally to those in the paving industry.

Several articles have been written by Dunlap in trade journals in recent months. They have appeared in the "Municipal South Magazine" and in the "Texas Contractor." One article in "Municipal South" dealt with municipal garbage service and another dealt with ambulance service. The "Texas Contractor" quoted remarks made by Dunlap at a Public Works Association Convention in one of its editorials.

According to Dunlap, the time and effort involved in writing the articles is worthwhile since each one gives publicity to the City of Snyder.

# Peron Introduces His Third Wife

MADRID, Spain (AP)—Juan D. Peron, the former dictator of Argentina, is introducing his secretary and hostess as "la Senora, my wife."

He declines to discuss their reported marriage. Mrs. Isabel Martinez de Peron—if that is her legal name—is an attractive Argentine woman in her mid-20s.

Friends of the couple today displayed New Year's cards which she signed as "Isabel M. de Peron."

One associate said, "We believe Gen. Peron and Isabel were married in Panama, shortly after they met there during the early days of his exile. But it is something we don't discuss with the general."

Peron is 66. His first wife died in 1938 and his second, Eva Peron in 1952.

A walkout of the International Brotherhood of Electrical Workers local would tie up work on millions of dollars worth of construction projects.

Quill and David L. Cole, chairman of the Transit Labor Board, were at odds on progress of the transit talks. Cole said bargainers were getting down to "brass tacks." Quill said the talks were "rapidly breaking down."

Quill served notice that if he had a new contract agreement only with the authority—and not with the private lines—by 12:01 a.m. next Monday, the union would strike against both groups.

The only negotiations presently underway are those between the union and the authority. The private lines, which extended their expiring contracts from Dec. 1 to Jan. 1 with a pledge of retroactivity, traditionally wait for the TWU talks to set the pattern.

Quill got a \$35-million package from the authority in a 1959 contract.

With the strike threat looming, Mayor Robert F. Wagner affirmed that the city is considering a plan to lease the Fifth Avenue Coach Lines and its subsidiary, Surface Transit Inc., and then hire the present management to operate the city's two biggest bus lines.

Talks in the threatened electricians strike were to resume today with both sides expressing little hope of early agreement.

The four employers' associations have flatly rejected the electricians' demand for a five-day, 20-hour work week.

The workers now have a five-day, 30-hour week, at the rate of \$4.40 an hour. They work a seventh hour each day at time-and-a-half rates.

# Local Firms Listed By Duncan Hines

Four Snyder establishments have received national recognition in the new 1962 editions of the Duncan Hines travel books, "Adventures in Good Eating" and "Lodging for a Night."

The Snyder firms are among the 9,300 eating and lodging places in North America. "Recommended by Duncan Hines."

Listed in "Adventures in Good Eating" is the Village Restaurant, while listed in "Lodging for a Night" are Beacon Motor Lodge, Canyon Courts Motel and the Travelodge Motel.

"This is our 27th year of continuous publication and service to the American traveling public," said Roy H. Park, editor-in-chief of the Duncan Hines Institute. "It is also our fifth year of continuing surveys—our public opinion audit of eating and lodging establishments."

"This year we received 60,000 nominations of more than 12,000 restaurants, hotels, motels and resorts from 11,000 people who have the means to eat and stay at the best places in North America."

These survey results plus comments from the traveling public and an actual inspection by a staff field representative, Park said, provide the guides for making the final selection of 3 out of 10 establishments in the hospitality industry listed in the Duncan Hines Travel books.

# BIRTHS

Mr. and Mrs. Larry Garcia, 1103 Twenty-second Street, are parents of a 7 lb. 11 oz. daughter born at 12:40 a.m. Dec. 26 at Snyder Hospital.

Peron is 66. His first wife died in 1938 and his second, Eva Peron in 1952.

John, the Baptist, said, "I am the voice of one crying in the wilderness, 'make straight the way of the Lord,' as the prophet Isaiah said."

John 1:23 (read verses 19-28)

Many of us have felt that we were a "voice crying in the wilderness." No one would listen to us, nor would they pay attention to what we said or did. But John, the prophet, caused quite a sensation in his day. He was a voice crying in the wilderness because he was sure enough in the wilderness area of Palestine, but also was a voice crying out a way of righteousness and repentance in a day when neither were considered important by the people.

It was his message that caused a stir among the common folk and high alike. When he spoke, his message compelled the Pharisees, Sadducees and their disciples; they would not have come to otherwise.

So it must be with a man who would be spoken for by God. Their message must be compelling, even though it may be told in the wilderness areas of the soul.

**Camera Angles**

By IRVING DESFOR  
AP Newfeatures

The start of a new year marks the beginning of new opportunities for making better pictures.

It is a time to correct bad habits and to acquire some good ones. For instance, one that has plagued me in the past is my ability to accumulate negatives, prints and slides . . . to attend to later.

This is the time to begin to keep abreast of current picture-taking efforts.

It is comparatively easy to sort, identify, date and file the good pictures as they are taken. It becomes progressively harder to do so when they are put aside because pictures taken previously should be attended to first.

Moral: Don't put off today what you won't do tomorrow.

We are going into a colorful year photographically with more automatic cameras due to take over the mechanical chores of operation. It is one in which we have even been promised a camera which is self-focusing—a feat not considered possible till now. Such a camera, called the 35mm Picture Time, has been announced for the summer of 1962. It will be made by Realist Inc. of Wisconsin.

Despite automation, the human element must still be considered. I'm reminded of the amateur photographer who was taking pictures of the moon.

He found a clearing with an unobstructed view of the heavens put his camera on a sturdy tripod and carefully focused on the silvery celestial globe.

When all preparations had been completed to his satisfaction, he put a bulb in his flash unit and took a flash picture!

Moral: Don't set your camera sights so high that you forget the photo facts of everyday shooting.

We might all look a bit more carefully into our own picture-taking habits to see if we, too, are

doing something as illogical as taking a flash picture of an object hundreds of thousands of miles away.

At any rate, if we just stopped to think about each step in our normal picture-taking routine, we might improve the final results. If we thought about just one item—for instance, backgrounds—and took steps to eliminate distracting elements and mergers with the principal subject matter, our pictures would be better.

If such resolutions are carried out, yours can be a snap-happy new year.

**A FEAST OF FRIENDS**  
By Rosser Evans

This novel is good, Evans writes with a graphic, flavorful style that suits his story and he puts a sharp sophisticated glitter upon the tale he has created.

The setting is New York of the 1930s and the central figure is a ruthless, money-mad young opportunist named Igor Conrad who makes a rocket-like rise in business by silencing the throats of everyone who opposes him.

There are five main characters who fall victims to Igor's mad compulsions, but in each case Igor's machinations finally serve to straighten out their own tangled lives.

The narrator is young Jack Hobbs, who befriended Igor a mid then came to fear him. From the crises that Igor creates, he manages to achieve maturity. The other characters are Jack's father a broker crushed by the financial debacle of 1929; Jack's mother, who had to take charge of the family fortunes; Jack's young love, Caroline, and her widowed mother, the rich and witty Sara. Igor managed to devour them all. But from the wreckage that he leaves, there is a promise of revenge.

Evans has created quite a monster, but it is a monster who is credible, one whose inevitable downfall makes him understandable.

Even the minor characters in this book have a part. The story has suspense and finesse and a skillful revelation of character.

Brushing clean hair with a dirty brush is like splattering mud on a white dress. So be sure to wash your brush at least as often as you shampoo. First remove all hair, then wash the brush through hot water to detergent suds until clean. Rinse with hot water—ending up with cold water to re-stiffen the bristles.

**Church Group Holds Social**

The Adult II Sunday School department of Green Hill Baptist Church held its Christmas party Friday night.

The program included games, singing of Christmas carols and was followed by a devotional "Unto Us Is Given."

Refreshments of pie and coffee were served to the following: Mr. and Mrs. A. E. Miller, Mr. and Mrs. N. A. Brown, Mr. and Mrs. J. B. Green, Mr. and Mrs. Virgil Mobley, Mr. and Mrs. James Jones, Karen and Klynn Rev. and Mrs. Allan Cartrite, Mr. and Mrs. Raymond Prather, Mr. and Mrs. Edna Shaver, Mr. and Mrs. Elmer Evans, Mr. and Mrs. Roy Pilgrim, Mrs. W. H. Hamilton, Mrs. M. J. Neighbors and Mrs. Daise Cannon.

MRS. J. FRED LAMMERT

**Mr. And Mrs. J. F. Lammert Visiting Relatives Here**

By KAYE POPE

Mr. and Mrs. J. Fred Lammert are visiting friends and relatives in Snyder, with it being the first time for Mrs. Lammert to be in the states. Mr. Lammert is the son of Mr. and Mrs. John Lammert of Snyder and left here in 1948.

His pretty little wife is very soft spoken and says she likes West Texas fine, the people here have been very friendly. One reason she has a soft spot in her heart for Snyder is that their first child, a daughter named Grace Lizette was born at Cogdell Hospital on Dec. 20.

Mrs. Lammert was born in Heideberg, Germany, but, was reared in and around Paris, France where she received her elementary education. She attended a secretarial college in South America for three years and one year at San Simon Medical School in Cochabamba, Bolivia, where she was named queen of the college. Having reigned as a queen five different times in Cochabamba in college, sports, social and civic affairs she has quite a wardrobe of royal attire. One robe she wore is a gorgeous royal blue velvet with elaborate white fur trim and gold chain rope.

Adding to all this activity she was an airline hostess for three years in Santiago, Chile. Jeanne, as she is called by her friends is the daughter of a retired mining engineer, which can account for some of her world traveling.

The couple are visiting now in the home of his brother, Mr. and Mrs. Blackie Lammert, 2207 Forty-fifth Street. They will leave for their new home, possibly in Marfa, Texas as soon as their little daughter is old enough to travel.

Mr. Lammert is with the Western Geophysical Company of America, and no matter where they may travel, Mrs. Lammert is certain to be of great help to her husband as she speaks six languages.

**Girls Home For The Holidays**

Students home from Stephens College, Columbia, Mo. for the holidays are Leatha Joane Brice, daughter of Mr. and Mrs. Richard L. Brice; Susan Cockrell, daughter of Mrs. Barbara Cockrell; and Lynda Mize, daughter of Mr. and Mrs. Roger B. Mize.

The girls will return to campus on January 4 to resume their studies.

**Frank Wilson's To Hold Open House**

Mr. and Mrs. Frank A. Wilson will observe their fortieth wedding anniversary Sunday, Dec. 31 with an open house at their home, 2609 Thirty-fifth Street.

They ask all their friends to join them on this day between the hours of 3 and 5 p.m. No gifts please.

**Keep The Punch Bowl Full During Holiday Season**

The holidays are the time to keep the punch bowl full, to revive the spirit of the English Yuletide when the flowing bowl was as much a symbol of the season as were the carol singers.

This is a time when friends drop in informally and the punch bowl reflects the hospitality of the house.

Unfortunately, rings left by glasses will leave a permanent impression on many surfacing materials. The way to avoid this is to place your punch bowl on a table covered with a stainproof material.

Having got your punch bowl area established, here's a family recipe for a punch that's easily made and will add to your holiday cheer:

**SUNSET PUNCH**

Two number 2 1/2 cans apricot halves  
One quart orange juice  
1 1/2 cups lemon juice  
1/2 cup lime juice  
1 cup powdered sugar  
Four quarts chilled sparkling water

Large block of ice  
Sieve apricots with juice; combine with other fruit juices and sugar. When serving add sparkling water, pour over ice. Makes 50 servings before adding ice.

Spaghetti al burro is wonderfully good and so simple. Just mix cooked thin spaghetti with plenty of butter until the butter melts and coats the pasta strands.

**Telephone service never stops improving**

These 6 communications improvements, now in effect in many communities, are some of the hundreds being made each day—to give you the best possible telephone service at the lowest possible cost.

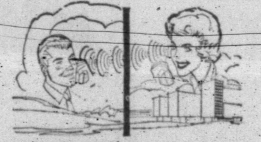

**Direct Distance Dialing** permits you to dial your own Long Distance calls as quickly and easily as you do local calls. This service improvement is spreading rapidly. By the end of the year, one fourth of our telephone customers will be able to use Long Distance this faster, easier way.

**Recorded Announcement** helps prevent lost calls. Should someone forget to hang up an extension or accidentally knock the receiver off the hook, a recording reminds you to hang up the receiver. This enables you to be reached once again by those trying to call you.

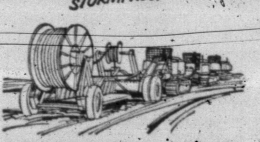

**Automatic Line Test** is made periodically on most telephone lines. This equipment tests your line and your telephone for electrical defects. If it locates trouble, information is recorded so that the trouble can be promptly fixed and disruption of service prevented.

**Electronic Voice Boosters** help your voice at a strong, clear conversational level, prevent fade-out caused by distance. Loss in transmission has been cut nearly in half in the last five years. Today, you hear better than ever.

**Pumping Air in Cables** helps keep your telephone trouble free. Air pressure in the cable holds out moisture, should a small leak occur. Reduced pressure as air escapes provides warning of leak so it can be repaired before it affects your service.

**Burying Telephone Cables** makes them weatherproof, gives you more trouble-free service. Today, 55 percent of telephone wire is underground, providing stormproofed express routes for your local and Long Distance calls.

## Larger Role Is Seen For Bagged Food

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—Food in the bag—whether to boil or to store in bulk in freezers—may play a bigger part in your life in the new year.

It will if today's plans of both the food packaging industry and the makers of polyethylene work out on schedule.

They are confident of expansion of the already fast growing boil-in-the-bag sales.

They also count on selling you on the idea of frozen vegetables in family-size proportions—but not in solid blocks—packaged in these filmy bags. This way food can be taken from the package to fit your individual need at the moment, with the remainder going back in the freezer.

Noting the rapidly increasing use of bags of prepared foods that can be heated in boiling water, the U.S. Industrial Chemicals Co. predicts this will help push total polyethylene sales in 1962 by 10 to 15 per cent.

The Modern Foods Council says 100 million boil-in-the-bag units were sold this year. There are some 100 food items so packaged by about 40 food processors. They predict, hopefully, that sales will reach 300 million units before 1965.

The Food and Drug Administration permits the use of polyethylene film under prescribed safety conditions—uses range from production of packaging materials and containers to equipment intended for use in processing, transporting or holding food.

Polyethylene makers and food processors say this ruling has opened the door now to many possible new uses.

Example: Coatings for milk cartons and bakery trays. Other developments reported include lining of containers to hold liquids, and formed containers with tear tabs.

Food and Drug Administration says it can offer price advantages for the polyethylene packs as against older forms of food containers.

This is seconded by the Flexible Packaging Division of Continental Can Co. which supplies polyethylene film.

Money spent in early research in the polyethylene packaging for food by Seaman Bros. has paid off well, its chairman, John B. Fowler Jr., says. A pioneer in the field was its Seabrook Farms division with a campaign to get housewives to buy boil-in-the-bag foods.

Birdseye and many other food packagers are marketing fruits and vegetables in the new packs. Their sales talk is that by preserving frozen foods in such bags and then popping them into boiling water, the housewife can enjoy or cook frozen raw foods and conserve the vitamin content of the food in the bag.

Fowler says the boil-in-the-bag principle makes possible packing special diets in hospital or home use and providing restaurants with ready entrees.

Food firms like Armour, General Foods and Seaman Bros. are working hard now to convince restaurant owners to join the parade in numbers and volume of usage.

The peanut is a native of tropical America and was cultivated by pre-Columbian Indians. Inca ground the rich, oily seeds into a form of butter.

Door-to-door selling annually accounts for \$2 1/2 billion in sales. (Copyright, 1961, by United Feature Syndicate, Inc.)

## People Of Today Much More Sophisticated Than Movies

By INEZ ROBB

A bunch of the boys, with me as an added starter, were shooting the breeze at Sardi's, the Malabar Saloon of Broadway, with the main theme of the breeze examining "Is Anything Sacred Any More?"

"Les Liaisons Dangereuses," for instance, opened on Broadway with only one movie critic really turning a hair. Other critics seemed to feel that this reworking of the scandalous 18th-century French bedroom farce was "dull," "history movie" or, before its opening, had been oversold as ripe and rancid.

"At the end," snifted one critic, "it takes a surprisingly moral turn for a French film, wreaking terrible retribution on all the errant philanderers, ranging among violent and disgraceful death, madness and horrible disfigurement."

"Are people shockproof today?" someone asked.

It takes a lot to shock people today because people are so much more sophisticated than movie pictures," said Mario de Vecchi, the Italian vice president of Astor Pictures International, which distributes so many foreign films in the United States.

"Pictures used to be more sophisticated than people. But it's the other way 'round today," he insisted. "At least people believe they're more sophisticated, which amounts to the same thing."

Someone else pointed out that 11 of 12 of Boccaccio's overripe tales are now being filmed in Europe, naturally for exportation to the U.S.A. And another of the boys mentioned that "Ecstasy," the film that rocked Hedy Lamarr to fame, and censor trouble a generation ago, is going to be

remade in Austria in 1962.

"Before long," I said, thinking of the most impossible, improbable and positively unlikely film in the world, "someone will make a movie of the life and times of the Marquis de Sade."

"You are psychotic!" declared de Vecchi, looking at me with real surprise. "That's the next film Roger Vadim plans to do."

"No, no, you're kidding," I said. "But I'm not," de Vecchi protested.

So the next film planned by Vadim, director of "Les Liaisons Dangereuses" and discoverer, husband and ex-husband of Brigitte Bardot, is to center around the unspeakable Marquis!

### Hunger March Group Grows

SALTILLO, Mexico (AP)—A "hunger march" launched Christmas night by 500 cactus growers reportedly has swelled to 7,000 marchers as it slowly advanced through the chill desert of Coahuila on its way to Mexico City.

The marchers are protesting low prices paid by a processing plant in Coahuila for the fiber from which a high-grade lubricating oil is produced for export. The government has an interest in the plant.

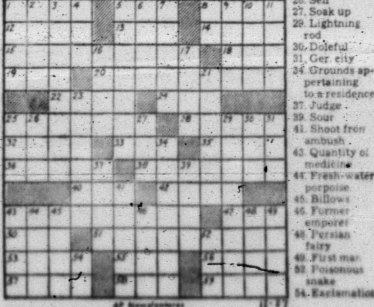

The marchers expect to have at least 60,000 men in the caravan when they reach Mexico City, about Jan. 10 after a 350-mile hike. They plan to ask President Adolfo Lopez Mateos to let them manage the plant so as to secure better prices for cactus.

## Snyder '5' In Lubbock For Caprock

Snyder's Tigers will have their hands more than full tonight at 8:30, when they take on co-favorite Lubbock Monterey in a first round cage clash of the third annual Caprock Holiday Basketball Tournament.

The battle is the Lubbock Coliseum, located on the Texas Tech campus.

In addition to those two teams, six others are scheduled to play for honors in the large school division, including defending champ and co-favorite Midland, Levelland, Tom S. Lubbock, Lamesa, Vernon, and Hereford.

Lamesa, the reigning District 3-3A title, already has notched a pair of tournament championships this season. They swept to victory in both the Lake View tournament at San Angelo and the Bel Air Invitational at El Paso, and rate as another seriously contending club in the Caprock Meet.

The Lamesans will carry a fine 11-1 record into the tournament, and will be hoping to enlarge on an eight-game winning streak.

Snyder is 6-6 for the year, the

team's most recent outing victory in a 61-52 revenge victory over Midland Lee.

Other large school (4A and 3A combined) first round action of today sees Midland and Levelland tangling at 5:30 p.m. and Tom S. and Lamesa taking on each other at 7 p.m. Vernon and Hereford complete the large school first round play tomorrow at 2:30 p.m.

A Tiger victory tonight would place them in the tourney semifinals of 2:30 p.m. Friday against the Midland-Levelland victor. A loss, on the other hand, would tend to put them in the consolation semifinals of 12 noon Saturday against the loser of the Midland-Levelland fray.

Vying for honors in the small school division (Classes AA and A) will be defending champ Dimmitt, Monterey B, Abernathy, McAdoo, Lockney, Tom S. B. Post and Denver City.

The Tigers were to have departed for Lubbock at 2:30 this afternoon, and will return here following the game.

### HART HITS FOR 24

## Tiger Juniormen Gain Cage Split

Roscoe's Plowboys — varsity variety — were plowed under by the Snyder Tiger B team here Tuesday, 42-34.

The victory upped the locals' record to 9-5 for the season.

Big John Boyd, post man for the

Bengals, copped scoring honors for the game with 12 points.

Diminutive Bobby Hart stole a large portion of the evening's glory, also, by popping the strings for 24 big points during the Tiger C team's 57-51 losing preliminary scrap against Roscoe B.

Snyder B next sees action January 2, when it entertains Stamford B in Tiger Gym.

## Have A Lot In Common

NEW ORLEANS (AP) — The football fortunes of Alabama and Arkansas were rather dismal in 1958 when both schools hired new coaches.

Paul (Bear) Bryant returned to Alabama — his alma mater — after becoming almost a legend as coach at Maryland, Kentucky, and then Texas A&M.

Alabama makes its third bowl appearance under Bryant in the 1962 Sugar Bowl at New Orleans. The Tide is a predominant favorite for its first post-season victory under the Bear, after one defeat and a tie.

Alabama's opponent will be Arkansas, whose youth is Frank Broyles is rapidly building a legend at Fayetteville.

In 1958, Broyles came to Arkansas after making his debut the previous year as head coach of Missouri.

Under Broyles, Arkansas has a 29-13 record. Three successive bowl appearances represent a new high at Arkansas.

Best finishing round during the 1961 PGA tour was turned in by Doug Sanders when he shot a 62 in the Phoenix Open.

## Rebs Given Slim Nod Over Steers

DALLAS, Tex. (AP) — Mississippi is favored to win the Cotton Bowl game next Monday because of a passing attack that ranked No. 2 in the nation.

Texas generally is conceded to be superior on the ground but while its touchdown output there was more than Mississippi's margin wasn't as wide as Mississippi's in the air.

The Rebels throw for 18 touchdowns, compared to 11 for Texas.

They also averaged 182.7 yards per game along the air lines, which is more than twice as much as Texas held its opponents to. The Texas defense yielded 83.9 yards per game, the chances of Texas as handling the Mississippi passing well enough to beat the Rebels?

Mississippi completed 54 per cent of its passes — 109 out of 202. Texas allowed its opposition in its 10 game schedule to complete only 42.7 per cent, 86 out of 201.

Texas gave up only five touchdowns through the air and only one of those was of any consequence. Texas ran up such big scores in most of its games that the opposition did its scoring on the reserves. When the top defensive men were in there the Longhorns threw up a virtual brick wall.

Texas Christian's Sonny Gibbs tossed a 50-yard scoring pass to Buddy Lies and that was the only touchdown through the air that hurt Texas — it handed the Longhorns their lone defeat of the season. Otherwise TCU didn't do much with its passing, having two throws intercepted.

Coach Darrell Royal of Texas said he was impressed with the speed of the Mississippi quarterbacks in throwing their passes — "they just come out of there and get rid of the ball in a hurry."

Which, however, is the kind of passing Texas was able to best defend against. While furnishing good coverage on passes, the Texas also managed to put tremendous pressure on the passers.

Best at snaring the foes' passes was Duke Carlisle, the only sophomore to make the No. 1 defensive unit. He grabbed off four passes.

The potential might be there for halting the Mississippi aerial whirlwind with the two teams with 9-1 records clash before 75,504 here New Year's Day.

## Prediction Falls Flat

MIAMI, Fla. (AP) — A "forty-to-nothing by halftime" prediction has given the underdog Colorado football team unexpected ammunition to use against Louisiana State.

Coch Paul Dietzel, who brought his fourth-ranked LSU Tigers to town Tuesday, winced at the psychological warfare weapon Colorado had used in preparations for Monday's Orange Bowl game.

A New Orleans newspaper was quoted here as saying "Louisiana State will not embarrass the Orange Bowl Committee by winning by more than 40 points." It continued by saying the early kickoff would permit television viewers (ABC-TV) to see LSU run up a 40-0 halftime count before they switched to other games.

Dietzel battled to maintain his poise and choke back the words on the "40-0 story."

"I don't think we have any advantages in the build-up to this game," he said later. Dietzel referred ungraciously to the fact LSU was favored. "Colorado has all the advantages going for it," he added.

## Buckies Get Top Billing

By WILL GRIMSLEY Associated Press Sports Writer

Unbeaten Ohio State was a unanimous choice today for the No. 1 position in the Associated Press major college basketball poll.

Winner of their first seven games by margins of from 13 to 43 points, the Buckeyes continued to dominate the voting among a special panel of sports writers and broadcasters. They received all the 42 ballots cast for first place.

Cincinnati, the national collegiate-NCAA champion, held on to second despite a 52-51 loss to Wichita, but the rest of the standings underwent considerable change.

Completing the top ten were: 3. Duquesne; 4. Southern California; 5. Kansas State; 6. Kentucky; 7. West Virginia; 8. Wichita; 9. Purdue; and 10. Duke.

Newcomers to the standings were Wichita, which followed up its victory over Ohio State with a 90-48 rout of Santa Clara; Kentucky, 80-67 winner over Kansas State; and Duke, winner over West Virginia 69-65.

Ousted were Providence, which fell all the way from third place

to the also-ran category after dropping decisions at DePaul and Xavier of Ohio; ninth-place St. Bonaventure, beaten 74-57 by Duquesne, and Seattle and Washington State, which had been tied for tenth.

The poll included games through Monday but none of the post-Christmas tournament action.

The top ten, based on 10 for first place vote, 9 for second, etc., with first place votes in parentheses:

1. Ohio State (42) 430  
2. Cincinnati 317  
3. Duquesne 257  
4. Southern California 235  
5. Kansas State 197  
6. Kentucky 153  
7. West Virginia 120  
8. Wichita 96

9. Purdue 93  
10. Duke 90

Others receiving votes: Utah, Providence, Maryland, Santa Clara, Arizona State, Seattle, Mississippi State, DePaul, St. Bonaventure, New York U., Dayton, Maryland, Utah State, St. John's, Oregon State, Arkansas, Bradley, Villanova, Memphis State, Drake.

**Oilers Sign Trio**

HOUSTON (AP) — The Houston Oilers will have at least three of the stars from this year's American Football League championship team back next season.

John Breen, director of player personnel, said Tuesday Billy Cannon and Charlie Taylor have signed 1962 contracts. Quarterback George Blanda—a 12-year vet—signed earlier, he said.

## TOP TV TONIGHT

By BUD EVANS

9:00 CBS "Steel Hour" tells the story of a divorcee who, without the knowledge of her attorney, goes to see her former husband and devises a way to make him and his current wife miserable. Mona Freeman stars as the woman who attempts to disrupt a happy marriage because of her consuming greed. Lloyd Bochner and Barry Morse co-star in "The Bitter Sex."

**OTHER HIGHLIGHTS**

6:30 ABC "Steve Allen" stars in a bright amalgam of show business and academic life originating from the University of California at Los Angeles. Also starred will be the singing idols of the younger set, Connie Francis and Frankie Avalon. From Allen's group there will be Bill Dana and Les Brown and the Band of Renown.

6:30 NBC "Wagon Train" / A newly captured buffalo wins the affection of Charley Wooster and two prize cows. The cow refuses to sacrifice the animal to relieve a critical fresh meat shortage despite the pleas from the rest of the crew. Harry Von Zell plays the role of a farmer in the story, "Clyde."

7:30 CBS "Father Knows Best" / Bud decides to buy his mother an expensive bottle of perfume to show his appreciation for her kindness but finds himself in a financial predicament.

7:30 NBC "Joey Bishop" / barks a loud protest when a dog food company uses his likeness for a television cartoon character to help promote the sale of their products. Featured in the large cast are Joan Benny (Jack's daughter) and Morgan Jason (six-year-old son of James Mason).

7:30 CBS "Checkmate" / A wealthy heiress awakens in a hospital not knowing who she is, despite the statement of a man who claims she is his wife. She is so terrified of returning to her supposed home with him that her nurse asks Checkmate to help her. Laraine Day and Charles Cassidy co-star in "To the Best of My Recollection."

8:00 ABC "Hawaiian Eye" / Greg MacKenzie's apparently routine assignment to provide privacy for a teagard concert pianist soon becomes a matter of protecting the boy's life. David Macklin, K. T. Stevens and Jack Cassidy are featured in "Concert in Hawaii."

8:00 NBC "Perry Como" / spotlights a trio of guest stars—Caterina Valenti and her brother, Silvio Francosco, and dancer-choreographer Peter Gennaro.

8:30 CBS "Mrs. G. Goes to College" / Sarah has a private telephone installed in her room in hopes of enjoying a little privacy on her phone calls but soon everyone except Sarah is enjoying the use of the phone.

Mark W. Anderson, President

## THE TOP COWBOYS OF 1961

will compete in the National Finals Rodeo Dec. 27-31 at Dallas as due for the roughest riding in the sport of rodeo. Pictured is Harry Tompkins of Dublin, Texas, world championship cowboy of 1960 who again has qualified for rodeo's "world series" in Dallas.

## Poage Status Still Doubtful

AUSTIN (AP)—Ray Poage, the fullback who's trying to work himself back into shape, was the only question mark Wednesday as Texas drilled for its Cotton Bowl date with Mississippi.

Poage ran the full two hours with the team Tuesday but there still was some doubt that the hard runner who does such efficient blocking would be ready for the Cotton Bowl game next Monday.

Poage was injured in mid-season and played only briefly in the final game.

Texas resumed training Tuesday after the layoff for the Christmas holiday. Coach Darrell Royal said he was pleased with the effort being shown.

They also averaged 182.7 yards per game along the air lines, which is more than twice as much as Texas held its opponents to. The Texas defense yielded 83.9 yards per game, the chances of Texas as handling the Mississippi passing well enough to beat the Rebels?

Mississippi completed 54 per cent of its passes — 109 out of 202. Texas allowed its opposition in its 10 game schedule to complete only 42.7 per cent, 86 out of 201.

Texas gave up only five touchdowns through the air and only one of those was of any consequence. Texas ran up such big scores in most of its games that the opposition did its scoring on the reserves. When the top defensive men were in there the Longhorns threw up a virtual brick wall.

Texas Christian's Sonny Gibbs tossed a 50-yard scoring pass to Buddy Lies and that was the only touchdown through the air that hurt Texas — it handed the Longhorns their lone defeat of the season. Otherwise TCU didn't do much with its passing, having two throws intercepted.

Coach Darrell Royal of Texas said he was impressed with the speed of the Mississippi quarterbacks in throwing their passes — "they just come out of there and get rid of the ball in a hurry."

Which, however, is the kind of passing Texas was able to best defend against. While furnishing good coverage on passes, the Texas also managed to put tremendous pressure on the passers.

Best at snaring the foes' passes was Duke Carlisle, the only sophomore to make the No. 1 defensive unit. He grabbed off four passes.

The potential might be there for halting the Mississippi aerial whirlwind with the two teams with 9-1 records clash before 75,504 here New Year's Day.

Junior Editors Quiz on MINERALS

QUESTION: What is the hardest substance in the world?

ANSWER: Back in 1820 a man named F. Mohs wanted to find the hardest mineral on earth, and he used a very simple process. He rubbed one against another, and whichever was scratched he knew to be softer. Thus he was able to make a list of 10 minerals, or stones, from the softest to the hardest. Here it is: (1) talc, (2) gypsum, (3) calcite, (4) fluorite, (5) apatite, (6) orthoclase, (7) quartz, (8) topaz, (9) corundum, and (10) diamond. Of course this list doesn't include all the earth's minerals, but none was found that could scratch the diamond so it was considered the hardest substance. In later years, however, a substance known as tantalum has been found to rival the diamond in hardness, especially when combined with certain other substances. Tantalum is used to make instruments for doctors, among other things.

Though almost all the world's diamonds come from South Africa, some small ones have been found in your own state, California, and also in Georgia, North and South Carolina, Kentucky, Virginia, Tennessee, Wisconsin, Oregon and Indiana. Diamonds found in Illinois are said to be harder than any others. When they are found, most diamonds aren't brilliant at all. A diamond doesn't become the sparkling jewel you're familiar with until an expert cuts it into a many-sided shape. What does he use to cut it, since it's the hardest substance of all? Another diamond, of course.

FOR YOU TO DO: You also can make a collection of stones and classify them from the softest to the hardest. Rub one against the other, wipe away the dust, and see which stone is scratched.

(Gary Gardella of Santa Rosa, Calif., wins \$10 for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

New Diplomacy Is Centered At Top

By JAMES MARLOW Associated Press News Analyst WASHINGTON (AP) — It's gotten so that if an American president stayed home he'd look like a snob. In the past 11 months President Kennedy has received at least 30 visits from foreign heads of state and prime ministers, plus scores of ambassadors, and has made several foreign visits himself. His four most recent reasons for the back-and-forth business are: Truly fast travel, end of isolationism and new, close ties with other countries; abandonment of the idea that only a president's subordinates should dabble in diplomacy and Premier Khrushchev himself. It would have taken President

British Boom Continuing On Broadway

By WILLIAM GLOVER Associated Press Drama Critic NEW YORK (AP) — The British boom on Broadway continues in impressive fashion with "Ross." Dramatic lightning flashes in the production which opened Tuesday night at the O'Neill Theater. The display includes perceptive writing by Terence Rattigan, an erstwhile specialist at English comedy, and a performance of fascinating intricacy by John Mills, a London star in American debut. "Ross" takes rank alongside "A Man For All Seasons," "The Caretaker," "The Complaisant Lover" and "Write Me a Murder" as a top attraction dominated by transatlantic authorship or performance.

An enigmatic warrior of World War I, Lawrence of Arabia, is the compelling subject of the Rattigan-Mills collaboration. Seeking the causes behind and beneath the baffling mixture of arrogance, timidity and instability of the Lawrence personality, the drama uncovers a series of episodes during a hectic eight-year span. The title is the alias the soldier-scholar adopted when he sought postwar refuge as an air force recruit. Milk, a short, blond actor of infinite variety, imbues the role with quietly hypnotic intensity. As the Turkish field commander who forces his emotional destruction, Geoffrey Keen is notable. Other effective portrayals are given by Paul Sparer, a desert brigand; Anthony Nichols, a sardonic diplomat; and John Williams, as General Allenby. "Ross" bristles in every department with spellbinding appeal.

One Dead In Train Crash

PHILADELPHIA (AP) — One person was killed and at least 35 others injured Tuesday night when an elevated train rumbled a station platform. Four of the five cars were derailed, teetering against a thin iron railing 35 feet above a busy West Philadelphia intersection. Short circuits lit up the area with electrical flashes for 15 minutes following the accident at the Philadelphia Transportation Co.'s York and Dauphin Streets station. The dead man was identified as Earl Gibson, 45, Philadelphia. Witnesses said the train bounced crazily for more than 300 feet before coming to rest, tilted against the railing. Falling concrete broke several store windows. Police said there were about 100 passengers on the train, all of whom were trapped briefly until rescue workers could guide them to safety along the narrow catwalk. The injured were taken to nearby hospitals. None apparently were hurt seriously. A fire, touched off by sparks from the third rail, broke out in the third car. Firemen controlled it quickly. Auxiliary policeman John Somers, 26, one of the first rescuers on the scene, said there was some yelling-but little panic.

Beatnik Is Sentenced

LYNN, Mass. (AP) — The Nation's first anti-beatnik law was used to sentence a beatnik party though an early arrival had died of narcotics and was named up in a closet was sentenced to a year in jail Tuesday. The sentence was imposed in District Court on Rosalind Dunajski, 31, on a charge of possessing a hypodermic needle. Police, who broke in on Dunajski's noisy party Nov. 30, found 30 persons dancing in the dark when they opened the nailed-up door. They found the body of Richard Girard, 21, of Salem. They quoted Dunajski as saying Girard collapsed and died after both had taken a shot. He said he put the body in the closet and nailed the door. She said she had the key and had the door open.

Franco Goes Back To Work Today

MADRID, Spain (AP) — Generalissimo Francisco Franco went back to work today although associates said he still had some pain from the shooting injury to his left hand. Franco's left index finger, nearly badly torn Sunday when his shotgun exploded while he was shooting partridges. Franco's principal associates are a few thousand tons of salt and gun shells a year.

Cambodia Congress Goes Into Session

PHNOM PENH, Cambodia (AP) — Cambodia's chief of state, Prince Norodom Sihanouk, opened his nation's Congress Tuesday with a fiery speech denouncing "our Thai and South Vietnamese enemies." He called Communist China "the only effective support and real brother" Cambodia can count on. He said he was grateful to "a handful of American friends who dared to oppose a number of their influential compatriots who have sided with Thailand and South Viet Nam in those countries against Cambodia." Thailand and Cambodia severed diplomatic relations and closed their mutual border last month. Relations between Cambodia and South Viet Nam never have been friendly.

# Badman Of Oklahoma Badlands Dies

TARZANA, Calif. (AP)—Alfonso Jackson Al Jennings, train robber, ex-convict, lawyer, lecturer, evangelist, politician, movie celebrity and chicken rancher who had killed chickens, is dead at 98.

The self-styled bantam badman from the Oklahoma badlands died Tuesday with his boots off in his red-shaded white frame house.

His nephew, Tillman V. Eggleston, said Al had been dependent since the recent death of his wife Maude, 81, and "was suffering the illness of old age."

Despite Jennings' death, the controversy he created still lives. Was he really a desperado of the Jesse James or Dalton gang caliber? Or was tiny Al, only a lick and a spit over 5 feet tall, just a one-time loser, a luckless train robber, who cashed in on a legend he embroidered for naive movie folk in later years?

Al said he was once a horse thief and declared, "Some of the finest men I ever knew were horse thieves." He also claimed

he killed more men than he could count—all in self-defense.

But author Stuart Lake, Western scholar and biographer of Wyatt Earp, says with a bit of scorn: "There's no record of Al ever killing anyone."

Al said he was a feared outlaw and train robber in the 1890s, terrorizing a score of trains in Oklahoma, Texas, Arkansas and Kansas.

The record shows Jennings was convicted in 1895 for robbing a Rock Island train in Oklahoma, sentenced to life imprisonment, paroled after five years and pardoned in 1907 by President Theodore Roosevelt.

Lake says that one proven train robbery: "The gang netted only about three bucks apiece. A third leading money winner Doug Sanders recently set a Sun City, Ariz., course record with a 63 playing in a color TV-taped match with Canadian Stan Leonard. The latter shot 68.

posse found out they were holed up at a ranch house and came after 'em. Al was so scared he couldn't pull the trigger. They took 'em all away to prison, like taking candy from a baby."

Al also said he met writer O. Henry in a federal penitentiary and that he, Al, was the inspiration for many of the author's tales.

Nonsense, says Lake. When the Western scholars presented facts to refute Jennings' claim, "each time the old man would just sputter and walk away," said Lake.

Al Jennings was born in Tazewell County, Va., and left home at 11 because his father killed his pet squirrel. "I could always kill a man without batting an eye but I couldn't stand to see an animal harmed," Al once said.

He was admitted to the bar in Comanche county, Kan., in 1884, moved to El Reno, Okla., and was elected county attorney in 1892. He said he turned outlaw when his brother was killed in a gunfight and a jury freed the slayers. Jennings' claimed he

14 in a shooting contest at Dodge City, Mo., that he knew the Dalton boys, Bat Masterson, Doc Holliday, Wyatt Earp, as well as humorist Will Rogers.

Al also said he met writer O. Henry in a federal penitentiary and that he, Al, was the inspiration for many of the author's tales.

Nonsense, says Lake. When the Western scholars presented facts to refute Jennings' claim, "each time the old man would just sputter and walk away," said Lake.

Al Jennings was born in Tazewell County, Va., and left home at 11 because his father killed his pet squirrel. "I could always kill a man without batting an eye but I couldn't stand to see an animal harmed," Al once said.

He was admitted to the bar in Comanche county, Kan., in 1884, moved to El Reno, Okla., and was elected county attorney in 1892. He said he turned outlaw when his brother was killed in a gunfight and a jury freed the slayers. Jennings' claimed he

killed the murderers in a gunfight and became a wanted man.

After imprisonment and release, he became a lecturer, then an evangelist and ran for governor of Oklahoma in 1914. Al contended: "I would have made it but I was counted out. At 11:30 o'clock election night, I was 38,000 votes ahead. By midnight, I was 35,000 behind. Politics is not a lot crooked than train robbing."

Jennings came to California in 1915—and ultimately became an advisor to movie-makers on Western folklore.

## Shelters For Newlyweds Are Proposed

DENVER, Colo. (AP)—Anthropologist Margaret Mead urges bomb proof shelters for the world's newlyweds—to assure continuance of the human race in the event of nuclear war.

Dr. Mead, of the American Museum of Natural History, offered the suggestion in a talk to the 128th meeting of the American Association for the Advancement of Science Tuesday.

"Let the United States propose," she suggested, "that the United Nations be asked to debate the feasibility of an internationally financed shelter system in which a cross-section of the most productive and highly motivated members of every country on every continent could be saved."

"Let us propose a program in which each country is assisted to build a blast-proof shelter sufficient to accommodate all of the people married in that country during a two week period and

that) during the first six months after marriage (they) spend two weeks in the shelter."

"Addressing a special symposium on 'Problems of Survival,' Dr. Mead said such a shelter system for newlyweds would enable the survival of a group that would be the most highly motivated to try to continue their lives together and to reproduce themselves."

"They would be," she said "the stuff of which young immigrants are made, and they would indeed be immigrating—if there were to be an all-out nuclear war—into a world that no man has ever known."

Seymour Melman, an associate professor of industrial and management engineering at Columbia University, told the symposium: "In-so-far as American industry operates by means of a finely integrated division of labor, the fire effect alone of a modest-sized nuclear attack would render this society no longer viable as a significant production center of the world."

He said that if the 65 major industrial centers of that country were each hit by .20-megaton

bombs, the immediate effect from "fire storms" would be to reduce the United States to a third-rate industrial nation.

## Cab Drivers May Strike

HOUSTON (AP)—Union cab drivers in Houston plan a strike vote for Saturday because a new city ordinance requires them to wear uniform caps.

The executive board of the International Teamsters Union, Local 349, voted Tuesday to call a special meeting to let the cab drivers decide the issue.

Larry Beard, business agent for the local, said he will recommend the drivers go on strike Jan. 1 unless some changes are made in the ordinance the city council passed last week.

The ordinance provides a 3-day suspension for a driver who doesn't wear a cap. The suspension is for five days for the second offense and the driver's city permit is revoked for the third offense.

## Signal Brings Rapid Response

NEW YORK (AP)—Costar Robert Morse got a signal Tuesday night in the final act of "How to Succeed in Business Without Really Trying," and his colleagues say they never saw him wrap up a show so quickly.

The signal told Morse that he had become a father. He got the details later: a 9-pound, 8-ounce girl named Andrea born in Le Roy Hospital.

Morse, 30, and the former Carol D'Andrea were married in April. She appeared as a dancer in the Broadway and film versions of "West Side Story."

## Weather Records Set In Jacksonville

JACKSONVILLE, Fla. (AP)—Seven temperature records have been set in Jacksonville this month.

The first one was a 25-degree chiller—the coldest Dec. 26 on record. The previous low of 30 was set in 1906.

# WRITE AD-RHIMES

Think up a line to rhyme with

### HOW TO WIN AD-RHIME PRIZES

The arrow points to the "Geldeline"

AD-RHIME lines must be in and rhyme with the "Geldeline". Your entry MUST carry the "Hidden Rhyme". Find it among the ad-rhime words to each ad and send it to the left.

You don't have to buy anything to win prizes, but MUST find and write the "Hidden Rhyme". Preference is given to AD-RHIME lines that tie in well and BOOST LOCAL TRADE. Get the ad—the two lines are a "Rhyme". One which can't win is:

Shopping there will help you but you must write original ones. Good luck—and keep trying.

# New York Faces Strike Threats

NEW YORK (AP)—The possibility of a New Year's Eve strike hung heavy today over this transit-keyed metropolis' bus and subway lines. Also threatening a Jan. 1 walkout were 9,000 electricians.

With negotiations in their customary last-week crisis stage, members of the Transport Workers Union were summoned to a strike meeting tonight.

Michael J. Quill, TWU international president, said employees of the Transit Authority and seven private bus lines would be asked to authorize a walkout if a contract dispute wasn't resolved.

Shorter work weeks are key issues in both strike threats. The transit union demands a four-day, 32-hour week. The electricians have asked a four-hour day instead of the present six-hour day.

# Two Injuries Are Reported In Mishaps

The Snyder Police Department investigated an accident this morning at 8:35 a.m. at the corner of Avenue 1 and Sixteenth Street.

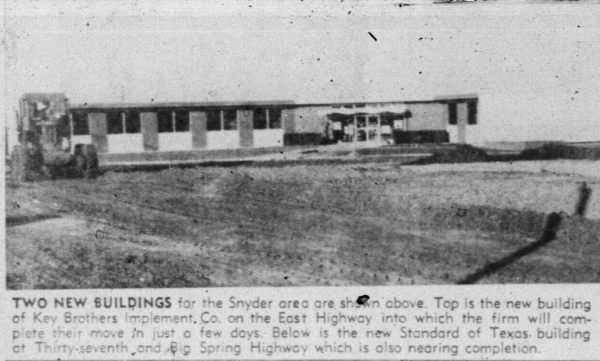

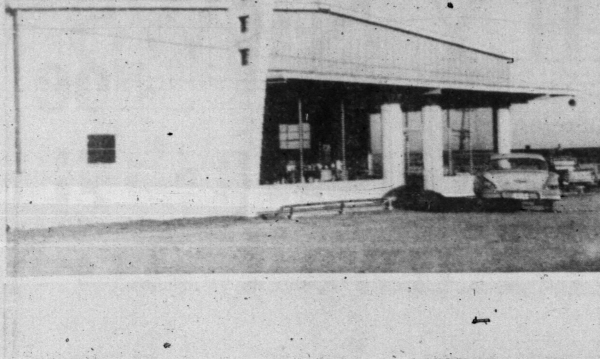

A passenger in one of the cars, Lawrence Fagan, was taken to a local doctor's office by Bell Ambulance service for treatment of a shoulder injury. The car in which he was riding, a 1955 Buick, was driven by his mother, Mrs. Lawrence Barnes of Route 1.

The other vehicle involved was a 1961 Chevrolet driven by Kenneth Elvis Rinehart of Route 3. Both cars suffered heavy damage in the mishap.

Another motorist was treated for minor injuries suffered in an accident yesterday afternoon at 2:52 p.m. He was Robert Ray Barnum of Colorado City who was taken to Cogdell Hospital by Bolger Ambulance Service.

That accident occurred at the corner of Huffman Avenue and Avenue Q. Barnum apparently lost control of his 1961 Ford and struck two parked cars. One, a 1957 Ford belonging to Darrell E. Wood of Big Spring was considered a total loss. The other was a 1955 Chevrolet pickup owned by T. O. Rinehart, 2406 Twenty-fourth Street, estimated at \$35, and to the Barnum Ford at \$350. The car came to rest against the front door of a house.

Both accidents were investigated by Snyder City Police.

TWO NEW BUILDINGS for the Snyder area are shown above. Top is the new building of Key Brothers... Below is the new Standard of Texas building at Thirty-seventh and Big Spring Highway which is also nearing completion.

# Savings And Loan Firms Are Faced With A New Problem

By ROBERT E. FORD

Permission granted banks recently to increase the interest they pay on savings accounts has resulted in wide variations among savings and loan associations in Texas.

A spot check of several cities showed Wednesday that some savings and loan companies and associations are boosting their interest rates to compete with banks for savings money.

Others are holding the line at the 4 per cent generally paid.

Some savings and loan executives have not yet made a decision.

The Federal Reserve Board recently gave permission for banks

to increase the interest they pay on time savings to 4 per cent. A great many, but not all, have increased their rates to this amount.

At Freeport, the Brazosport Savings and Loan Association announced it will begin paying 4 1/2 per cent, an increase of 1/2 per cent and the highest in the area's history.

A week earlier, officials of all four banks in the Freeport vicinity announced they would raise rates to 4 per cent. At the nearby county seat town, the Angleton Savings Association increased rates to 4 1/2 per cent almost immediately.

The situation contrasts with that in San Antonio, where savings and loan firms have not announced any rate boost.

The same is true in Dallas, where most banks have increased the percentage they will pay on savings.

Stene S and L executives in Dallas who would not be quoted by name said they feel a responsibility to persons paying on mortgages obtained from the loan associations as well as to persons who save money with them. They said they want to hold mortgage costs down.

Amarillo reported a somewhat different situation. Banks there are not increasing their interest rates and neither are loan companies.

Savings and loan firms in Wichita Falls are split. Two have indicated they will increase their interest payments above the current 4 per cent, a third has not given any indication and a fourth does not plan to increase rates.

J. K. Estes of the North Texas Federal Savings and Loan Association at Wichita Falls said, "We would not... want to see savings rates go proportionately too high for this would place an undue penalty on the borrower receiving bank or savings and loan association financing."

Austin loan firm officials are holding to the present 4 per cent. Some said they will watch for changes in accounts between now and June and then decide on possible changes.

"It is not going to be as bad as some think," said an Austin savings firm executive. He predicted rising interest rates will "boomerang back on them."

Another Austin executive said that if San Antonio goes to 4 1/2 per cent it would make an entirely different situation. Another S and L officer said if his company raised savings rates it would have to raise rates to borrowers.

Most Houston savings and loan associations are boosting their rates to 4 1/2 per cent.

A spokesman for firms in the Rio Grande Valley said nothing has been decided about a change in interest rates yet. He said he expects a valley-wide meeting of savings company officials to be held to make a decision.

# Non-Whites Migrating From South

WASHINGTON (AP)—Nearly 1.5 million Negroes left the South for other parts of the country during the 1950s, the Census Bureau said today.

The bureau said the net migration of non-whites from the South, amounting to 1,487,000, was a record for any decade and compared with 1,245,000 during the 1940s.

Most of the non-white who left the South moved to the North. The total was about 1.1 million. The number moving to the West was 332,000.

More non-whites left Mississippi than any other state. The states with the largest out-migration of non-whites were Mississippi 323,150,000, Louisiana 82,000, Virginia 79,000, Tennessee 57,000, Hawaii 52,000, West Virginia 40,000, Texas 27,000, Oklahoma 26,000 and Kentucky 15,000.

The states recording the largest in-migration of non-whites was California with 304,000. Other states with heavy in-migrations included New York 287,000, Illinois 189,000, Ohio 129,000, Michigan 127,000, New Jersey 112,000, Florida 71,000, Pennsylvania 71,000, District of Columbia 54,000, Indiana 45,000, Connecticut 39,000, Maryland 36,000, Wisconsin 29,000, Missouri 28,000, Massachusetts 25,000, Washington 18,000 and Colorado 15,000.

# Union Asks New Trial

FORGER (AP)—Local 351 and the International Union of Operating Engineers both filed motions for a new trial Tuesday in the \$1,186,568 judgment handed down recently in 64th District Court at Stinnett.

The two unions now will have 30 days to amend their separate motions before Judge Max Boyer gets a hearing on the motions.

If the motions are overruled, the two unions can then appeal to the Court of Civil Appeals in Amarillo, Tex.

The amended motions will contain the ground which will become the "assignment of error" for appeal.

The formal ruling in the case was handed down Dec. 15 after a jury verdict on July 15. It took almost two months for the 1951 decision.

The President has a duty scheduled for the day, including more work on the government budget and the State of the Union message and an examination of his back.

# HOSPITAL NOTES

COGDELL HOSPITAL

ADMISSIONS: James Johnson, Box 1584, Vicky Orr, Killdeer, Tex., John Rader, Chester, Ill., Myrtle Banks, Dallas, Phillip Wells, 2406 Twenty-fourth Street, Rose Herring, 3107 Forty-first Street, Clifford Isbell, Route 3, William Hamlin, 2395 Avenue W, Lucille Kiker, 3709 Noble Drive, Nina Jones, 1211 Twentieth Street, Hazel Jones, 601 Twenty-ninth Street, William Hartsfield, 128 Twentieth Street, Charles Lee, Route 3, Dollie Brice 2712 Avenue U, Rosa McDonald, Fluvanna; William Drope, Hermleigh; David Casey, Route 1, James Sullenger, 303 Thirty-sixth Street, Joyce Rowlin, 1609 Twenty-seventh Street, Joan Rowlin, 1900 Twenty-seventh Street, Gerald Rowlin, 1900 Twenty-seventh Street.

ADMISSIONS: Lupa Garcia, 1103 Twenty-second Street, Mrs. S. S. Bearden, 808 East Tenth Street.

DISMISSALS: Nellie Aiant and William Austin.

# Local Firms Listed By Duncan Hines

Four Snyder establishments have received national recognition in the new 1952 editions of the Duncan Hines travel books, "Adventures in Good Eating" and "Lodging for a Night."

The Snyder firms are among the 9,300 eating and lodging places in North America "Recommended by Duncan Hines."

Listed in "Adventures in Good Eating" is the Village Restaurant, while listed in "Lodging for a Night" are Beacon Motor Lodge, Canyon Courts Motel and the Travelodge Motel.

"This is our 27th year of continuous publication and service to the American traveling public," said Roy H. Park, editor-in-chief of the Duncan Hines Institute. "It is also our fifth year of continuing surveys — our public opinion audit of eating and lodging establishments."

"This year we received 60,000 nominations of more than 12,000 restaurants, hotels, motels and resorts from 11,000 people who have the means to eat and stay at the best places in North America."

These survey results plus comments from the traveling public and an actual inspection by a staff field representative, Park said, provide the guides for making the final selection of 3 out of 100 establishments in the hospitality industry listed in the Duncan Hines Travel books.

# Snyder Is Featured In Article

The December issue of "Street Engineering" contains an article featuring Snyder. The article was written by Roy Dunlap, Snyder City Manager, and includes a full page of pictures of Snyder streets.

"Street Engineering" is a trade publication distributed nationally to those in the paving industry.

Several articles have been written by Dunlap in trade journals in recent months. They have appeared in the "Municipal South Magazine" and in the "Texas Capital South" dealt with municipal garbage service and another deal with ambulance service. The "Texas Contractor" quoted remarks made by Dunlap at a Public Works Association Convention in one of its editorials.

"According to Dunlap, the time and effort involved in writing the articles is worthwhile since each one gives publicity to the City of Snyder."

# Peron Introduces His Third Wife

MADRID, Spain (AP)—Juan D. Peron, the former dictator of Argentina, is introducing his secretary and hostess as "la Senora" (my wife).

He declines to discuss their reported marriage. Mrs. Isabel Martinez de Peron—if that is her legal name—is an attractive Argentine woman in her mid-20s.

Friends of the couple today displayed New Year's cards which she signed as "Isabel M. de Peron."

One associate said: "We believe Gen. Peron and Isabel were married in Panama shortly after they met there during the early days of his exile. But it is something we don't discuss with the general."

Peron is the first wife died in 1938 and his second, Eva Peron in 1952.

NOT ARMORED AGAINST CHRISTMAS SPIRIT—These American soldiers keep the Christmas spirit alive in spite of the cold and snow as they man a decorated armored car at Checkpoint Charlie at the Friedrichstrasse crossing between East and West Berlin. X-mas is traced in the snow on front of the car and on top of a machine gun is a miniature Christmas tree lighted by a candle. The photo was made by natural light after midnight. (AP Wirephoto via radio from Berlin)

# Kennedy Has Busy Slate

PALM BEACH, Fla. (AP)—President Kennedy drove a cream-colored convertible to St. Mary's Hospital in West Palm Beach today for morning visit with his ailing father, Mrs. Kennedy accompanied him.

They left 25 minutes later, this time taking a back seat in the car, with a Secret Service agent doing the driving.

The President's three sisters, Mrs. Sargent Shriver, Mrs. Peter Lawford and Mrs. Stephen Smith also visited the elder Kennedy this morning.

MRS. J. FRÉD LAMMERT

### Mr. and Mrs. J. F. Lammert Visiting Relatives Here

By KAYE POPE  
Mr. and Mrs. J. Fred Lammert are visiting friends and relatives in Snyder, with it being their first time for Mrs. Lammert to be in the states. Mr. Lammert is the son of Mr. and Mrs. John Lammert of Snyder and left here in 1948.

His pretty little wife is very soft spoken and says she likes West Texas fine, the people here have been very friendly. One reason she has a soft spot in her heart for Snyder is that their first child, a daughter named Grace Lizette was born at Cogdell Hospital on Dec. 20.

Mrs. Lammert was born in Heidelberg, Germany, but was reared in and around Paris, France where she received her elementary education. She attended a secretarial college in South America for three years and one year at San Siryn Medical School in Cochabamba, Bolivia, where she was named queen of the college. Having reigned as a queen five different times in Cochabamba in college, sports, social and civic affairs she has quite a wardrobe of royal attire. One robe she wore is a gorgeous royal blue velvet with elaborate white fur trim and gold chain rope.

Adding to all this activity she

### Frank Wilson's To Hold Open House

Mr. and Mrs. Frank A. Wilson will observe their fortieth wedding anniversary Sunday, Dec. 31 with an open house at their home, 2609 Thirty-fifth Street.

They ask all their friends to join them on this day between the hours of 3 and 5 p.m. No gifts please.

### Keep The Punch Bowl Full During Holiday Season

The holidays are the time to keep the punch bowl full, to revive the spirit of the English Yuletide when the flowing bowl was as much a symbol of the season as were the carol singers.

This is a time when friends drop in informally and the punch bowl reflects the hospitality of the house.

Unfortunately, rings left by glasses will leave a permanent impression on many surfacing materials. The way to avoid this is to place your punch bowl on a table covered with a stainproof material.

Having got your punch bowl area established, here's a family recipe for a punch that's easily made and will add to your holiday cheer:

### SUNSET PUNCH

- Two number 2 1/2 cans apricot halves
  - One quart orange juice
  - 1 1/2 cups lemon juice
  - 1 cup lime juice
  - 1 cup powdered sugar
  - Four quarts chilled sparkling water
- Large block of ice.
- Sieve apricots with juice; combine with other fruit juices and sugar. When serving add sparkling water, pour over ice. Makes 30 servings before adding ice.
- Spaghetti al burro is wonderfully good and so simple. Just mix cooked thin spaghetti with plenty of butter until the butter melts and coats the pasta strands.

Starts Thursday Morning

### Camera Angles

By IRVING DESFOR  
AP Newsfeatures  
The start of a new year marks the beginning of new opportunities for making better pictures.

It is a time to correct bad habits and to acquire some good ones. For instance, one that has plagued me in the past is my ability to accumulate negatives, prints and slides . . . to attend to later.

This is the time to begin to keep abreast of current picture-taking efforts.

It is comparatively easy to sort, identify, date and file the good pictures as they are taken. It becomes progressively harder to do so when they are put aside because pictures taken previously should be attended to first.

Moral: Don't put off today what you won't do tomorrow.

We are going into a colorful year photographically with more automatic cameras due to take over the mechanical chores of operation. It is one in which we have even been focusing a camera which is self - focused — a feat not considered possible till now. Such a camera, called the 35mm Picture Time, has been announced for the summer of 1962. It will be made by Realist Inc. of Wisconsin.

Despite automation, the human element must still be considered. The reminder of the amateur photographer who was taking pictures of the moon.

He found a clearing with an unobstructed view of the heavens, put his camera on a sturdy tripod and carefully focused on the silver celestial globe.

When all preparations had been completed to his satisfaction, he put a bulb in his flash unit and took a flash picture!

Moral: Don't set your camera sights so high that you forget the photo facts of everyday shooting. We might all look a bit more carefully into our own picture-taking habits to see if we, too, are

doing something as illogical as taking a flash picture of an object hundreds of thousands of miles away.

At any rate, if we just stopped to think about each step in our normal picture-taking routine, we might improve the final results. If we thought about just one item — for instance, backgrounds — and took steps to eliminate distracting elements and mergers with the principal subject matter, our pictures would be better.

If such resolutions are carried out, yours can be a snap - happy new year.

### Skillful Style, Story

A FEAST OF FRIENDS  
By Rosser Evans  
This novel is good. Evans writes with a graphic, flavorful style that suits his story and he puts a sharp sophisticated glitter upon the tale he has created.

The setting is New York of the 1930s and the central figure is a ruthless; money-mad young opportunist named Igor Conrad who makes a rocket-like rise in business by slitting the throats of everyone who opposes him.

There are five main characters who fall victims to Igor's mad compulsions, but in each case Igor's machinations finally serve to straighten out their own tangled lives.

The narrator is young Jack Hobbs, who befriended Igor and then came to fear him. From the crises that Igor creates, he manages to achieve maturity. The other characters are Jack's father a broker crushed by the financial debacle of 1929; Jack's mother, who had to take charge of the family fortunes; Jack's Young Love, Caroline, and her widowed mother, the rich and wily Sara. Igor managed to devour them all. But from the wreckage that he leaves, there is a promise of renewal.

Even the minor characters in this book have a flair. The story has suspense and finesse and a skillful revelation of character.

Brushing clean hair with a dirty brush is like spattering mud on a white dress. So be sure to wash your brush at least as often as you shampoo. First remove a 11 hair, then wash the brush through hot soap of detergent suds until clean. Rinse with hot water—ending up with cold water to re-stiffen the bristles.

### Church Group Holds Social

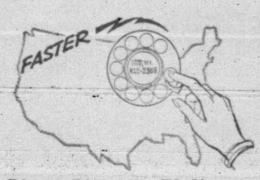

The Adult II Sunday School department of the First Baptist Church held a Christmas party Friday night.

The program included games, singing of Christmas carols and was followed by a devotional "Unto Us Is Given".

Refreshments of pie and coffee were served in the following: Mr. and Mrs. A. E. Miller, Mr. and Mrs. N. A. Brown, Mr. and Mrs. J. B. Green, Mr. and Mrs. Virgil Mobley, Mr. and Mrs. James Jones, Karen and Kyle, Rev. and Mrs. Allan Carvite, Mr. and Mrs. Raymond Peather, Mr. and Mrs. Edith Shuler, Mr. and Mrs. Elmer Evans, Mr. and Mrs. Roy Pilgrim, Mrs. W. H. Hamilton, Mrs. M. J. Neighbors and Mrs. Daisy Cannon.

# Telephone service never stops improving

These 6 communications improvements, now in effect in many communities, are some of the hundreds being made each day — to give you the best possible telephone service at the lowest possible cost.

**Direct Distance Dialing** permits you to dial your own Long Distance calls as quickly and easily as you do local calls. This service improvement is spreading rapidly. By the end of the year, one fourth of our telephone customers will be able to call Long Distance this faster, easier way.

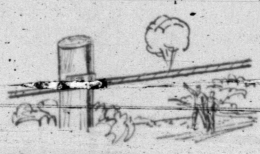

**Recorded Announcement** helps prevent lost calls. Should someone forget to hang up an extension or accidentally knock the receiver off the hook, a recording reminds you to hang up the receiver. This enables you to be reached once again by those trying to call you.

**Automatic Line Test** is made periodically on most telephone lines. This equipment tests your line and your telephone for electrical defects. If it locates trouble, information is recorded so that the trouble can be promptly fixed and disruption of service prevented.

**Electronic Voice Boosters** keep your voice at a strong, clear conversational level, prevent fading caused by distance. Less transmission loss means you hear better than ever.

**Pumping Air in Cables** helps keep your telephone trouble free. Air pressure in the cable holds out moisture — should a small leak occur. Reduced pressure as air escapes provides warning of leak so it can be repaired before it affects your service.

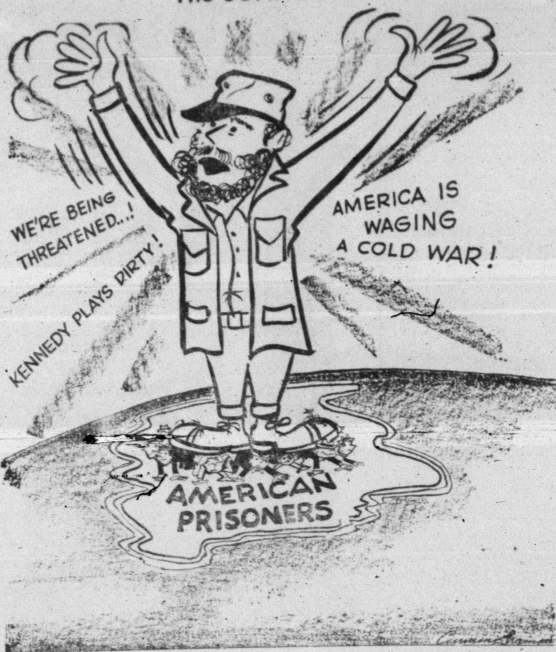

**Burying Telephone Cables** makes them weatherproof, gives you more trouble-free service. Today, 55 percent of telephone wire is underground, providing stormproof express routes for your local and Long Distance calls.

**SOUTHWESTERN BELL TELEPHONE COMPANY**

AMERICA IS WAGING A COLD WAR!

## People Of Today Much More Sophisticated Than Movies

BY INEZ ROBB

A bunch of the boys, with me as an added starter, were shooting the breeze at Sardi's, the Malabar Saloon of Broadway, with the main theme of the kreeze examining "Is Anything Sacred Any More?"

"Les Liaisons Dangereuses," for instance, opened on Broadway with only one movie critic really turning a hair. Other critics seem to feel that this reworking of the scandalous 18th-century French "bedroom farce" was "dull," "bitterly moral" or, before its opening, had been overdone as ripe and rancid.

"At the end," sniffed one critic, "it takes a surprisingly moral turn for a French film, weakens the terrible philanderers, ranging among violent and disgraceful death, madness and horrible disfigurement."

"Are people shockproof today?" someone asked.

"It takes a lot to shock people today because people are so much more sophisticated than movie pictures," said Mario de Vecchi, the Italian vice president of Astor Pictures International, which distributes so many foreign films in the United States.

"Pictures used to be more sophisticated than people. But it's the other way round today," he insisted. "At least people believe they're more sophisticated, which amounts to the same thing."

Someone else pointed out that three of Boccaccio's overripe tales are now being filmed in Europe, naturally for exportation to the U.S. And another of the boys mentioned that "Ecstasy," the film that rocketed Hedy Lamarr to fame and censor trouble a generation ago, is going to be

remade in Austria in 1962.

"Before long," I said, thinking of the most impossible, improbable and positively unlikely film in the world, "someone will make a movie of the life and times of the Marquis de Sade."

"You are psychotic!" declared de Vecchi, looking at me with real surprise. "That's the next film Roger Vadim plans to do."

"No, no, you're kidding," I said.

"But I'm not," de Vecchi protested.

So the next film planned by Vadim, director of "Les Liaisons Dangereuses" and discoverer, husband and ex-husband of Brigitte Bardot, is to center around the un-speakable Marquis!

### Hunger March Group Grows

SALTILLO, Mexico (AP) — A "hunger march" launched Christmas night by 300 costumed grocers has swelled to 7,000 marchers as it slowly advanced through the chill desert of Coahuila on its way to Mexico City.

The marchers are protesting low prices paid by a processing plant in Coahuila for fiber from which a high-grade lubricating oil is produced for export. The government has an interest in the plant.

The marchers expect to have at least 30,000 men in the caravan when they reach Mexico City, reports the Associated Press. They plan to ask President Adolfo Lopez Mateos to let them manage the plant so as to secure better prices for caikin.

"I don't see how he if anyone else can get away with it," I insisted. "Is nothing sacred?"

"It depends on the country," de Vecchi promptly replied. "You Americans filmed 'From Here to Eternity' but a picture on that subject couldn't have been made in France because it reflects on the Army. And even today the Army is sacred in France."

"You can make a picture about a conscientious objector in this country, but you can't in Italy. Or in France, either," de Vecchi continued. "There's a new picture, a French-Italian joint production called 'Thou Shall Not Kill' about a conscientious objector. So far, it hasn't been granted a license in either Italy or France."

"And, furthermore, although the filming of that picture was started in Italy, the government made so many difficulties for the company that it was finally finished in a place in Yugoslavia. What's sacred depends upon where you are."

"Did you know that the day Vadim was to leave New York after the opening of 'Les Liaisons' he mislaid his passport?" asked another guest. "He missed the first plane. And then a maid at the hotel thought she'd found the passport, but it turned out to be his divorce decree from Bardot."

"Why does he carry that around?" asked another guest.

"Why doesn't he have it tattooed on his chest?" growled another. And by the time we got back to the topic "Is Anything Sacred?" we had all come to the conclusion that one man's sacred cow is another man's Bull Durham.

## Larger Role Is Seen For Bagged Food

By SAM DAWSON

NEW YORK (AP)—Food in the bag—whether to boil or to store in bulk in freezers—may play a bigger part in your life in the new year.

It will fit today's plans of both the food packaging industry and the makers of polyethylene work on schedule.

They are confident of expansion of the already fast growing boil-in-the-bag sales.

They also count on selling you on the idea of frozen vegetables in family-size portions—packed in solid blocks—packaged in these filmy bags. This way food can be taken from the package to fit your individual need at the moment, with the remainder going back in the freezer.

Noting the rapidly increasing use of bags of prepared foods that can be heated in boiling water, the U.S. Industrial Chemicals Co. predicts that total polyethylene sales in 1962 by 10 to 15 per cent.

The Modern Foods Council says 100 million boil-in-the-bag units were sold this year. There are some 100 food items so packaged by about 40 food processors. They predict hopefully that sales will reach 300 million units before 1965.

The Food and Drug Administration permits the use of polyethylene film under prescribed conditions. Used range from production of packaging materials and containers to equipment intended for use in producing, processing, transporting or holding food.

Polyethylene makers and food processors say this ruling has opened the door now to many possible new uses.

Example: Coatings for milk cartons and bakery trays. Other developments reported include lining for cartons to hold liquids, and formed containers with tear tapes. It can offer price advantages for the polyethylene packs as against older forms of food containers.

This is seconded by the Flexible Packaging Division of Continental Can Co. which supplies polyethylene film.

Money spent in early research in the polyethylene packaging for food by Seaman Bros. has paid off well, its chairman, John B. Fowler Jr., says. A pioneer in the field was its Seabrook Farms division with a campaign to get housewives to buy boil-in-the-bag foods.

Birdseye and many other food packagers are marketing fruits and vegetables in the new packs.

Their sales talk is that by preserving frozen foods in such bags and then popping them into boiling water, the housewife can either thaw and warm prepared food or cook frozen raw foods and conserve the vitamin content of the food in the bag.

Fowler says the boil-in-the-bag principle makes possible packing special diets for hospital or home use and providing restaurants with ready entrees.

Food firms like Armour, General Foods and Seaman Bros. are working hard now to convince restaurant owners to join the parade in numbers and volume of usage.

The peanut is a native of tropical America and was cultivated by pre-Columbian Indians. Inca ground the rich, oily seeds into a form of butter.

Door-to-door selling annually accounts for \$2 1/2 billion in sales.

## Snyder '5' In Lubbock For Caprock

Snyder's Tigers will have their hands more than full tonight at 8:30, when they take on co-favorite Lubbock Monarchs in a first round cage clash of the third annual Caprock Holiday Basketball Tournament.

Site of the battle is the Lubbock Tech campus.

In addition to those two teams, six others quintets will be striving for honors in the large school division, including defending champ and co-favorite Midland, Levelland, Tom S. Lubbock, Lamesa, Vernon, and Hereford.

Lamesa, the reigning District 3-A titlist, already has notched a pair of tournament championships this season. They swept to victory in both the Lake View tourney at San Angelo and the Bel Air Invitational at El Paso, and rate as another seriously contending club in the Caprock Meet.

The Lamesans will carry a fine 11-1 record into the tournament, and will be hoping to enlarge on an eight-game winning streak.

Snyder is 6-6 for the year, the

team's most recent victory resulting in a 61-52 revenge victory over Midland Lee.

Other large school (4A and 3A combined) first round action today sees Midland and Levelland tangling at 5:30 p.m. and Tom S. and Lamesa taking on each other at 7 p.m. Vernon and Hereford complete the large school first round play tomorrow at 2:30 p.m.

A Tiger victory tonight would place them in the tourney semifinals at 2:30 p.m. Friday against the Midland-Levelland victor. A loss, on the other hand, would tend to put them in the consolation semifinals of 12 noon Saturday against the loser of the Midland-Levelland fray.

Vying for honors in the small school division (Classes AA and A) will be defending champ Dimmitt, Monterey B, Abernathy, McAdoo, Lockney, Tom S. B. Post and Denver City.

The Tigers were to have departed for Lubbock at 2:30 this afternoon, and will return here following the game.

## Have A Lot In Common

NEW ORLEANS (AP) — The football fortunes of Alabama and Arkansas were rather dismal in 1958 when both schools hired new coaches.

Paul (Bear) Bryant returned to Alabama—his alma mater—after becoming almost a legend as coach at Maryland, Kentucky, and then Texas A&M.

Alabama makes its third bowl appearance under Bryant in the 1962 Sugar Bowl at New Orleans. The Tide is a predominant favorite for its first post-season victory under the Bear, after one defeat and a tie.

Alabama's opponent will be Arkansas, whose young Frank Broyles is rapidly building a legend at Fayetteville.

In 1958, Broyles came to Arkansas after making his debut the previous year as head coach of Missouri.

Under Broyles, Arkansas has a 29-13 record. Three successive bowl appearances represent a new high at Arkansas.

Best finishing round during the 1961 PGA tour was turned in by Doug Sanders when he shot a 62 in the Phoenix Open.

## Prediction Falls Flat

MIAMI, Fla. (AP) — A "forty-to-nothing by halftime" prediction has given the underdog Colorado football team unexpected ammunition to use against Louisiana State.

Coach Paul Dietzel, who brought his fourth-ranked LSU Tigers to town Tuesday, winced at the psychological warfare weapon Colorado has found in preparations for Monday's Orange Bowl game.

A New Orleans newspaper was quoted here as saying "Louisiana State will not embarrass the Orange Bowl Committee by winning by more than 40 points." It continued by saying the early kickoff would permit television viewers (ABC-TV) to see LSU run up a 40-0 halftime count before they switched to other games.

Dietzel battled to maintain his poise and choke back the words on the "40-0 story."

"I don't think we have any advantages in the build-up to this game," he said later. Dietzel referred unapologetically to the fact LSU was favored. "Colorado has all the advantages going for it," he added.

South Carolina has eight lettermen back for the 1961-62 basketball season.

## CINCY SECOND IN AP POLL

Associated Press Sports Writer Unbeaten Ohio State was a unanimous choice today for the No. 1 position in the Associated Press major-college basketball poll.

Winner of their first seven games by margins of from 13 to 43 points, the Buckeyes continued to dominate the voting among a special panel of sports writers and broadcasters. They received all the 22 ballots cast for first place.

Cincinnati, the national collegiate-NCAA champion, held on to second despite a 32-51 loss to Wichita, but the rest of the standings underwent considerable change.

Completing the top ten were: 3. Duquesne; 4. Southern California; 5. Kansas State; 6. Kentucky; 7. West Virginia; 8. Wichita; 9. Purdue; and 10. Duke.

Newcomers to the standings were Wichita, which followed up its victory over Cincinnati with a 69-49 rout of Santa Clara; Kentucky, 80-67 winner over Kansas State; and Duke, winner over West Virginia 69-65.

Ousted were Providence, which fell all the way from third place

## Buckies Get Top Billing

The poll included games through Monday but none of the post-Christmas tournament action.

The top ten, based on 10 for first place vote, 9 for second, etc., with first place votes in parentheses:

- Ohio State (42)
- Cincinnati (31)
- Duquesne (27)
- Southern California (23)
- Kansas State (18)
- Kentucky (15)
- West Virginia (12)
- Wichita (9)
- Purdue (8)
- Duke (6)

## Oilers Sign Trio

HOUSTON (AP) — The Houston Oilers will have at least three of the stars from this year's American Football League championship team back next season.

John Green, director of player personnel, said Tuesday Billy Brown and Charlie Tolar have signed 1962 contracts; Quarterback George Blanda—a 12-year vet—signed earlier, he said.

## TOP TV TONIGHT

By BUD EVANS

9:00 CBS "Steel Hour" tells the story of a divorcee who, without the knowledge of her attorney, goes to see her former husband and devises a way to make him and his current wife miserable. Mona Freeman stars as the woman who attempts to disrupt a happy marriage because of her consuming greed. Lloyd Bochner and Barry Morse co-star in "The Bitter Teak."

OTHER HIGHLIGHTS

8:30 ABC "Steve Allen" stars in a bright amalgam of show business and academic life originating from the University of California at Los Angeles. Also starred will be the singing idols of the younger set, Connie Francis and Frankie Avalon. From Allen's group there will be Bill Dana and Les Brown and the Band of Renown.

8:30 NBC "Wagon Train" — A newly captured buffalo will be the attraction of Charley Weaver and two prize cows. The cook refuses to sacrifice the animal to relieve a critical fresh meat shortage despite the pleas from the rest of the crew. Harry Von Zell plays the role of a farmer in the story, "Cyde."

7:30 CBS "Father Knows Best" — Bud decides to buy his mother an expensive bottle of perfume to show his appreciation for her kindness but finds himself in a financial predicament.

7:30 NBC "Joy Bishop" — a dog food company uses his likeness for a television cartoon character to help promote the sale of their products. Featured in the large cast are Joan Benney (Jack's daughter) and Morgan Mason (six-year-old son of James Mason).

8:00 CBS "Checkmate" — A wealthy heiress awakens in a hospital not knowing who she is, despite the statements of a man who claims she is his wife. She is so terrified of returning to her supposed home with him that her nurse asks Checkmate to help her. Laraine Day and Charles Drake co-star in "To the Best of My Recollection."

8:00 ABC "Hawaiian Eye" — Greg Mackenzie's apparently routine assignment to provide privacy for a teenaged concert pianist soon becomes a matter of protecting the pianist's life. David Macklin, K. T. Stevens and Jack Cassidy are featured in "Concert in Hawaii!"

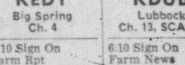

8:00 NBC "Perry Como" — spotlights a trio of guest stars—Caterina Valenti and her brother, Silvio Francisco, and dancer-choreographer Peter Gennaro.

8:30 CBS "Mrs. G. Goes to College" — Sarah has a private telephone installed in her room in hopes of enjoying a little privacy on her phone calls but soon everyone except Sarah is enjoying the use of the phone.

## Rebs Given Slim Nod Over Steers

DALLAS, Tex. (AP)—Mississippi is favored to win the Cotton Bowl game next Monday because of a passing attack that ranked No. 2 in the nation.

Texas generally is conceded to be superior on the ground but while its touchdown output there was more than Mississippi's margin wasn't as wide as Mississippi's in the air.

The Rebels threw for 19 touchdowns compared to 11 for Texas.

They also averaged 182.7 yards per game along the air lines, which is more than twice as much as Texas held its opponents to. The Texas defense yielded 85.9.

So what are the chances of Texas as handling the Mississippi passing well enough to beat the Rebels?

Mississippi completed 54 per cent of its passes—109 out of 202. Texas showed its opposition in its 10-game schedule to complete only 42.7 per cent, 88 out of 201.

Texas gave up only five touchdowns through the air and only one of those was of any consequence. Texas ran up such high scores in most of its games that the opposition did its scoring on the reserves. When the top defensive men were in there the Longhorns threw up a virtual brick wall.

Texas Christian's Sonny Gibbs scored 27-yard scoring pass to Buddy Iles and that was the only touchdown through the air that hurt Texas—it handed the Longhorns their lone defeat of the season. Otherwise TCU didn't do much with its passing, having two chunks intercepted.

Coch Danney Royal of Texas said he was impressed with the speed of the Mississippi quarterbacks in throwing their passes—"they just come out of there and get rid of the ball in a hurry."

Which, however, is the kind of passing Texas was able to best defend against. While furnishing good coverage on pass defense, Texas also managed to put tremendous pressure on the passers.

Best at subbing the four passes was Duke Carlisle, the only sophomore to make the No. 1 defensive unit. He grabbed off four.

The potential might be there for halting the Mississippi aerial attack with 34 records clash before 75,501 here New Year's Day.

Junior Editors Quiz on MINERALS

QUESTION: What is the hardest substance in the world?

ANSWER: Back in 1520 a man named F. Mohs wanted to find the hardest mineral on earth, and he used a simple process. He rubbed one against another, and whichever was scratched he knew to be the softer. Thus he was able to make a list of 10 minerals, or stones, from the softest to the hardest. Here it is: (1) talc, (2) gypsum, (3) calcite, (4) fluorite, (5) apatite, (6) orthoclase, (7) quartz, (8) topaz, (9) corundum, and (10) diamond. Of course this list doesn't include all the earth's minerals, but none was found that could scratch the diamond so it was considered the hardest substance. In later years, however, a substance known as tantalum has been found to rival the diamond in hardness, especially when combined with certain other substances. Tantalum is used to make instruments for doctors, among other things.

FOR YOU TO DO: You also can make a collection of stones and classify them from the softest to the hardest. Rub one against the other, wipe away the dust, and see which stone is scratched.

(Gary Gardella of Santa Rosa, Calif., wins \$10 for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

New Diplomacy Is Centered At Top

By JAMES MARLOW Associated Press News Analyst WASHINGTON (AP) — It's gotten so that if an American president stayed home he'd look like a snob. In the past 11 months President Kennedy has received at least 20 visits from foreign heads of state and prime ministers, plus scores of ambassadors and has made several foreign visits himself. There are four good reasons for this back-and-forth business: Truly fast travel; end of isolationism and new, close ties with other countries; abandonment of the idea that only a president's subordinates should dabble in diplomacy and Premier Khrushchev himself. It would have taken President

British Boom Continuing On Broadway

By WILLIAM GLOVER Associated Press Drama Critic NEW YORK (AP) — The British boom on Broadway continues in impressive fashion with "Ross." Dramatic lightning flashes in the production which opened Tuesday night at the O'Neill Theater. The display includes perceptive writing by Terence Rattigan, an erstwhile specialist at English comedy, and a performance of fascinating intricacy by John Mills, a London star in American debut. "Ross" takes rank alongside "A Man For All Seasons," "The Caretaker," and "Write Me a Murder" as a top attraction dominated by transcultural authorship or performance. An enigmatic warrior of World War I, Lawrence of Arabia, is the compelling subject of the Rattigan-Mills collaboration. Seeking the causes behind and beneath the baffling mixture of arrogance, timidity and instability of the Lawrence personality, the drama uncovers a series of episodes during a hectic eight-year span. The title is the alias the soldier-scholar adopted when he sought postwar refuge as an air force recruit. Mills, a short, blond actor of infinite variety, infuses the role with quietly hypnotic intensity. As the Turkish field commander who forces his emotional destruction, Geoffrey Keen is notable. Other effective portrayals are given by Paul Sparer, a desert brigand; Anthony Nicholls, a sardonic diplomat; and John Williams, as General Allenby, the race himself. "Ross" bristles in every department with spellbinding appeal.

One Dead In Train Crash

PHILADELPHIA (AP) — One person was killed and at least 35 others injured Tuesday night when an elevated train rumbled a station platform. Four of the five cars were derailed, teetering against a thin iron railing 35 feet above a busy West Philadelphia intersection. Shot circuits lit up the area with electrical flashes for 15 minutes following the accident at the Philadelphia Transportation Co.'s York and Dauphin Streets station. The dead man was identified as Carl Gibson, 45, Philadelphia. Witnesses said the train bounced crazily for more than 200 feet before coming to rest, tilted against the railing. Falling concrete broke several store windows. Police said there were about 150 passengers on the train, all of whom were trapped briefly until rescue workers could guide them to safety along the narrow catwalk. The injured were taken to nearby hospitals. None apparently were hurt seriously. A fire truck rushed off by sparks from the third rail, broke out in the third car. Firemen controlled it quickly. Auxiliary policeman John Somers, 35, one of the first rescuers on the scene, said there was some yelling but little panic.

Beatnik Is Sentenced

LYNN, Mass. (AP) — The Na-hant man who went ahead with a beatnik party—though an early victim of the party—was sentenced to a year in jail Tuesday. The sentence was imposed in District Court on Ronald Dunajski, 21, of a charge of possessing a hypodermic needle. Police, who broke in on Dunajski's party Nov. 2, found 30 persons dancing in the dark. When they opened the nailed-up closet, they found the body of Richard Girard, 21, of Salem. They quoted Dunajski as saying Girard collapsed and died after both had taken a shot. He said he put the body in the closet and nailed the door so other guests would not find out what had happened.

Franco Goes Back To Work Today

MADRID, Spain (AP) — Generalissimo Francisco Franco went back to work today although associates said he still had some pain from the shooting injury to his left hand. Franco's left index finger was badly hurt Sunday when his shotgun exploded while he was shooting partridges. Mauritania's principal exports are a few hundred tons of gum arabic and a few hundred tons of

James Madison about 2 1/2 months—allowing two weeks for a look-around—if he had wanted to visit the 1815 Congress of Vienna in those days of sail and coach. That would be too long for any president to be away. But Kennedy could get to Vienna now in less than 11 hours by jet. Once this country moved out of its historic isolation—with World War II—it began moving in the exact opposite direction. Now it is led to nations around the world by military alliances and foreign aid. This has created a community interest which this country never shared in before and makes it natural for all the big wigs to visit one another and talk shop. In the long history of American isolationism it was routine for American presidents—with the brief exception of Wilson and until Franklin D. Roosevelt—to stay home and let their secretaries of state and ambassadors do the direct dealing with other governments. There was no reason why the United States' policy was to be aloof. The war ended that. The British and Russian foreign secretaries were no longer in the wake of Prime Minister Winston Churchill and Joseph Stalin. Time was short, events momentous. So Roosevelt dealt with them in person. He made some memorable trips abroad to do so. President Harry S. Truman began the foundation of military alliances and foreign aid which President Dwight D. Eisenhower inherited. This led in time to exchange of visits, but for one particular reason above all. Premier Khrushchev made personal diplomacy a way of life for a head of government. He said the foreign ministers were messenger boys, who could handle the grimy details after the top men made agreements. But, he said, only the top men could get things done. Eisenhower would have looked negative or self-conscious if he had refused to meet the Russian. The fact that his summit meeting with Khrushchev produced no successes has been pointed to by those who want a return to the stodgy diplomacy of the past as a reason why presidents should stay home. But that summit meeting can't be called a failure. It would have been amazing if, in a brief meeting of the world's ill-will could have been healed. So far Kennedy, who met Khrushchev in Vienna last June, has not had to go into lengthy negotiations on any of his foreign trips. No doubt he will find that he will continue to make visits abroad—given new time and new problems—seems inevitable. Dean Rusk in 1960, which was before he became Kennedy's secretary of state, he will find that he will continue to make visits abroad—given new time and new problems—seems inevitable. Kennedy, who dominates both Russian and American foreign policy, seems to think differently. He doesn't act like a man who wants someone else to do his talking for him. And, since his visitors would still continue to pour on him, he'd have to return some of them with trips abroad, even if he didn't negotiate at all.

CLASSIFIED ADVERTISING RATES & SCHEDULE

# Badman Of Oklahoma Badlands Dies

TARZANA, Calif. (AP)—Alfonso Jackson Al Jennings, train robber, ex-convict, lawyer, lecturer, evangelist, politician, movie celebrity and chicken rancher who had killed chickens, is dead at 98. The self-styled hantam badman from the Oklahoma badlands died Tuesday with his boots off in his tree-shaded white frame house. His nephew, Tillman V. Eggleston, said Al had been dependent since the recent death of his wife Maude, 81, and "was suffering the illness of old age."

"Despite Jennings' death, the controversy he created still lives. Was he really a desperado of the Jesse James or Dalton gang caliber? Or was tiny Al, only a lick and a spit over 5 feet tall, just a one-time loser, a luckless train robber, who cashed in on a legend he embroidered for naive movie folks in later years?"

Al said he was once a horse thief and declared, "Some of the finest men I ever knew were horse thieves." He also claimed

he killed more men than he could count—all in self-defense.

But author Stuart Lake, Western scholar and biographer of Wyatt Earp, says with a bit of scorn: "There's no record of Al ever killing anyone."

Al said he was a feared outlaw and train robber in the 1890s, terrorizing a score of trains in Oklahoma, Texas, Arkansas and Kansas.

The record shows Jennings was convicted in 1895 for robbing a Rock Island train in Oklahoma, sentenced to life imprisonment, paroled after five years and pardoned in 1907 by President Theodore Roosevelt.

Lake says that of one proven train robbery: "The gang netted only about three bucks apiece."

Third leading money winner Doug Sanders recently set a Sun City, Ariz., course record with a 63 playing in a color TV-taped match with Canadian Stan Leonard. The latter shot 68.

posse found out they were holed up at a ranch house and came after 'em. Al was so scared he couldn't pull the trigger. They took 'em all away to prison, like taking candy from a baby."

Al claimed he outshot Jesse and Frank James at the age of 14 in a shooting contest at Dodge City, Mo., that he knew the Dalton boys, Bat Masterson, Doc Holliday, Wyatt Earp, as well as humorist Will Rogers.

Al also said he met writer O. Henry in a federal penitentiary and that he, Al, was the inspiration for many of the author's tales.

Nonsense, says Lake. When the Western scholars presented facts to refute Jennings' claim, "each time the old man would just sputter and walk away," said Lake. Al Jennings was born in Tazewell County, Va., and left home at 11 because his father killed his pet squirrel. "I could always kill a man without hitting an eye but I couldn't stand to see an animal harmed," Al once said.

He was admitted to the bar in Comanche County, Kan., in 1884, moved to El Reno, Okla., and was elected county attorney in 1892. He said he turned outlaw when his brother was killed in a gunfight and a jury freed the slayers. Jennings claimed he

killed the murderers in a gunfight and became a wanted man.

After imprisonment and release, he became a lecturer, then an evangelist and ran for governor of Oklahoma in 1914. Al contended: "I would have made it but I was counted out. At 11:30 o'clock election night, I was 38,000 votes ahead. By midnight, I was 35,000 behind. Politics is not a lot crook-er than train robbing."

Jennings came to California in 1915—and ultimately became an advisor to movie-makers on Western folklore.

"Let the United States propose," she suggested, "that the United Nations be asked to debate the feasibility of an internationally financed shelter system in which a cross-section of the most productive and highly motivated members of every country on every continent could be saved."

"Let us propose a program in which each country is assisted to build a blast-proof shelter sufficient to accommodate all of the people married in that country during a two week period (and

## Shelters For Newlyweds Are Proposed

DENVER, Colo. (AP)—Anthropologist Margaret Mead urges bomb proof shelters for the world's newlyweds—to assure continuance of the human race in the event of nuclear war.

Dr. Mead, of the American Museum of Natural History, offered the suggestion in a talk to the 128th meeting of the American Association for the Advancement of Science Tuesday.

"Let the United States propose," she suggested, "that the United Nations be asked to debate the feasibility of an internationally financed shelter system in which a cross-section of the most productive and highly motivated members of every country on every continent could be saved."

"Let us propose a program in which each country is assisted to build a blast-proof shelter sufficient to accommodate all of the people married in that country during a two week period (and

that) during the first six months after marriage (they) spend two weeks in the shelter."

Addressing a special symposium on "Problems of Survival," Dr. Mead said such a shelter system for newlyweds would enable the survival of a group that "would be the most highly motivated to try to continue their lives together and to reproduce themselves."

"They would be," she said, "the stuff of which young immigrants are made, and they would indeed be immigrating—if there were to be an atomic nuclear war—into a world that no man has ever known."

Seymour Melman, an associate professor of industrial and management engineering at Columbia University, told the symposium: "In so far as American industry operates by means of a finely integrated division of labor, the fire effect alone of a modest-sized nuclear attack would render this society no longer viable as a significant production center of the world."

He said that if the major industrial centers of that country were each hit by 20-megaton

bombs, the immediate effect from "fire storms" would be to reduce the United States to a third-rate industrial nation.

## Cab Drivers May Strike

HOUSTON (AP)—Union cab drivers in Houston plan a strike vote for Saturday because a new city ordinance requires them to wear uniform caps.

The executive board of the International Teamsters Union, Local 349, voted Tuesday to call a special meeting to let the cab drivers decide the issue.

Larry Beard, business agent for the local, said he will recommend the drivers go on strike Jan. 1 unless some changes are made in the ordinance the city council passed last week.

The ordinance provides a 3-day suspension for a driver who doesn't wear a cap. The suspension is for five days for the second offense and the driver's city permit is revoked for the third offense.

# WRITE AD-RIMES

Think up a line to rhyme with

**HOW TO WIN AD-RIME PRIZES**  
The arrow points to the "Guideline"

AD-RIME lines must be in ad rhyme with the Guideline. Your entry MUST carry the "Hidden Rhyme." Find it among the ad-one word in each ad, some starting at the left.

You don't have to buy anything to win prizes but MUST find and write the Hidden Rhyme. Preference is given to AD-RIME lines that are in well known LOCAL TRADE. Get the ad—one word in each ad—the two lines are a "Jingle." One which can't win but will help you see but you must write original ones. Good luck—and keep trying.
