

City to Put Down Asphalt on Streets During Next Week

Surfacing of approximately 30 blocks of Wellington streets will be completed in two days next week, City Manager, Bura Handley said Tuesday, June 6. This will include all the streets where the city has its base material down.

Materials for the surfacing are arriving this week, and the exact dates of the work will depend on the arrival of the equipment to do the job. This is being done by Cooper and Woodruff, the firm that is putting down the surface on the Samnorwood farm-to-market road.

The Wellington streets will receive a triple treated coating, including a prime coat and a double course wearing surface.

"This is the best we know how to put down," Mr. Handley declared. It has one more coat than is generally used by the State Highway Department on surfacing its roads, he added.

The street surfacing program has been number one on the city's work schedule for the summer.

Base material was laid down and the street prepared in other ways last fall, and the streets were allowed to settle through the winter months before the topping was applied.

Mrs. O. E. Dodson For District Clerk

Mrs. O. E. Dodson of Wellington this week authorized The Leader to announce her candidacy for the office of District Clerk, subject to the action of the Democratic Primary. In announcing for the office, Mrs. Dodson said:

"In running for this public office I feel that I am fully qualified to perform its duties in an efficient and business like manner, and that is the basis of my candidacy.

"I have had three years college work and taught school 4 terms. One of these years I taught at Quail. I have lived here 23 years and had a number of years business experience, having engaged in the grocery and cafe business at Quail, and more recently in Wellington.

"I am the sole support of my family, as my husband had to leave business because of a heart ailment. But I am not running for office on your sympathy. I am running because I believe I can handle its duties.

"As I am employed from 6:00 a. m. to 3:00 p. m. each day, I may not be able to see all of you, and I take this means of soliciting your support and your vote. It will be sincerely appreciated."

Negro Confesses Forgery Charge

Howard Jackson, Negro, has confessed to forging his name to a government check made out to J. W. Mitchell, Sheriff Claude McKinney said. Jackson was taken to Amarillo by the sheriff Tuesday, June 6, and arraigned before the U. S. Commissioner. He is being held in the federal jail there.

Sheriff McKinney said that the check was for \$120, and that Jackson secured it by calling for Mitchell's mail at the local post office. The check was later cashed. Both men are students in the local Veterans Vocational School, and the check was Mitchell's monthly schooling allowance.

J. W. Holder in Judges Race

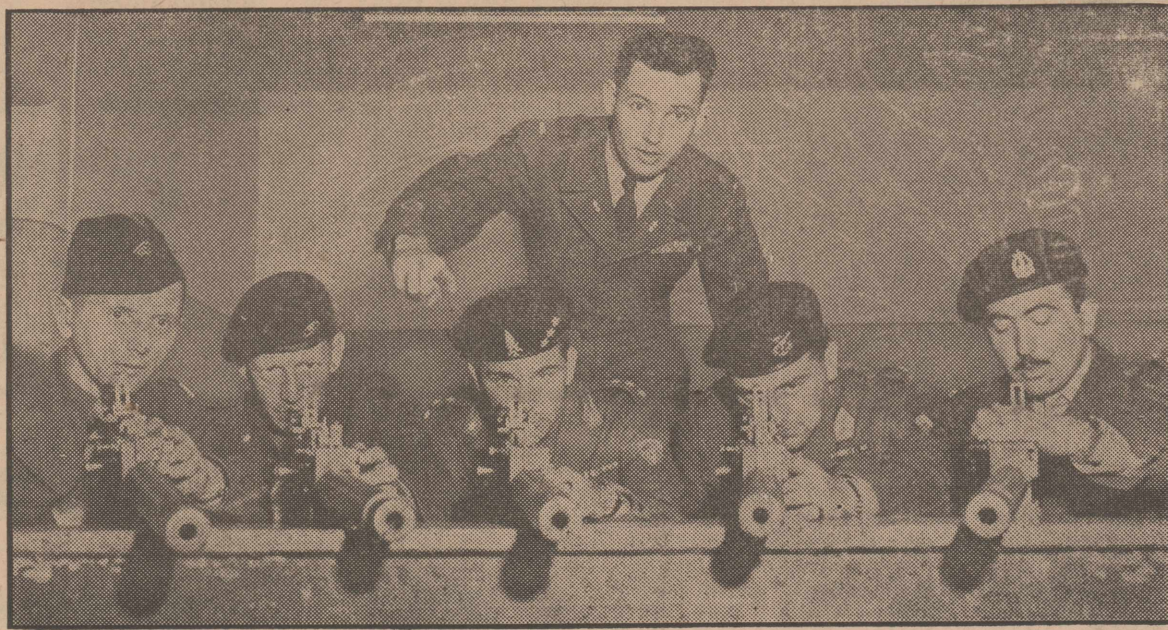

J. W. Holder this week announced his candidacy for the office of county judge and has issued the following statement:

To the Voters of Collingsworth County,

In making my announcement as a candidate for the office of County Judge, I wish to say that I have given long and careful consideration to the wishes of the many taxpayers of this County who have been urging me to make the race since the first of the year.

I wish to express my sincere appreciation to them for the confidence of trust that they place in me to serve in a high office. I fully realize the responsibilities of this office and shall at all times be submissive to the will of the people of this county, by work-

U. S. TEACHES ARMS "KNOW-HOW"

In addition to furnishing arms to Atlantic Pact nations under the Mutual Defense Assistance program, the United States is teaching these nations how to use the weapons they are receiving. More than 1600 officers and men from the military forces of Pact nations are receiving in-

struction in training periods lasting from one to 10 weeks. Above, U. S. Army Lt. Matthew Sivilar instructs on the use of the light machine gun at the Eschwege, Germany, training center. His pupils, left to right, represent France, Norway, Italy, Belgium and Greece.

To Promote of City As Trade Center

Wellington Merchants Introduce "Appreciation Day" Program

Wellington merchants this week announced "Appreciation Day," as a regular feature each Wednesday in the future. The first "Appreciation Day" will be held Wednesday, June 14, with the program at 3:30 p. m.

Forty-five merchants around the

Credit Services Made Available

Reorganize Local Retail Merchants Association

Re-organization of the Wellington Retail Merchants Association for the benefit of firms doing credit business is under way here under the direction of Olan Alexander, manager.

This re-organization came after a number of local merchants had expressed a need for the service, and at the request of the Wellington Chamber of Commerce. Approximately 70 per cent of the merchants doing credit business in the county are participating and others will be added later.

Briefly, the Wellington Retail Merchants Association will provide local merchants with information on the credit rating of individuals asking credit, Mr. Alexander said. The local organization is becoming affiliated with the Texas Retail Merchants Association and will use its facilities.

A separate office for the local association will be set up and an office secretary hired to take care of the work, under Mr. Alexander's direction.

It was Good for the Cotton Farmers

Rain Stops Harvest; High Tests Expected

Rain during the week end, totaling 1.05 inches, was just what the cotton farmers ordered, but it stopped wheat harvesting and not before the last of this week or the first of next will the grain be dry enough to cut, Wellington's dealers reported Wednesday. A few growers, however, were trying to cut the middle of the week, but most were having to take their wheat back home.

Results of the little that had been cut this week, however, was highly encouraging, and several farmers reported their yield was going to be far better than they thought when the combines pulled in.

Wheat testing 63 pounds sold on the local market for the first time in about four years. It was raised by Raymond Scott, who farms on the county line south of town, and was bought by Warrick Feed Store, Earl Keller reported.

There have been several loads brought in that tested 62. Bob Stephenson reported that he had not bought wheat this week due to the high moisture content. Of seven loads tested Tuesday and Wednesday, the lowest in moisture content was 17 and the highest 20.60. Anything above 15 per cent goes as sample grade, he pointed out. Mr. Stephenson expressed op-

timism over the season's yield. Jones Singley of Singley Brothers said his firm had bought no wheat this week, but he said that which was being brought into town was testing around 58, and by the time this had dried out, it would probably run 61 and 62. All dealers joined in urging county growers to let their wheat dry out a little more before they started cutting.

Merchants co-operating in the program are: Bratten Jewelry, Raburn Grocery, Wel-Tex Electric, Stevenson Implement Co., United Super Market, Cochran Drug, A&J Cleaners, Earl Tollett Grocery and Market, Nored Parts and Supply, The Toggery, H&H Furniture and Appliances, Lewis and James Grocery and Market, Sullivan Hardware & Furniture, Fred Thompson Appliance Co., Scott Truck and Tractor Co., Lindsey Jewelry, Castleberry Motor Co., The Fair Store, Jack Gibson Motor Co., White Auto Store, Modern Market, Otis' Grill, Plains Electric, Morton Motor Co., Wellington Motor and Tractor Co., Pease Hardware and Furniture, Huston Furniture, McMillin Lumber and Building Material, J. E. Warrick Co., Harrell's Ben Franklin Store, Tyler Electric, Ritz Theatre, Owens and Scott Grocery and Station, D&M Farm Machinery, City Grocery, Collingsworth Motor Co., Palace Drug Store, Higdon Auto Sales, The Fashion Shop and Parsons Drug Co.

Enlivened Dukes To Meet Memphis Sunday

By BOBBY McCUTCHEN
The much improved Dukes of Wellington will give the local fans a real treat here next week when they play two games at home and one trip south.

The Wellington club will play the Memphis team here Sunday, June 11, at 3:00 o'clock. This game should be a breath taking experience, just as the other Owl-Duke games have been.

Tuesday night the Dukes will travel to Paducah in another league game. The Paducah club is reported to be more powerful than before, so this will be a game to

determine which club has improved the most.

In the final contest of the week the Dukes will again be host, this time to the Childress team. Come on out Thursday night at 8:15 o'clock for an entertaining evening of baseball.

The fans of Wellington sure like the new players which the Dukes have secured. Third baseman, Owens, certainly handled himself well in the game last Sunday.

Jim Rinehart, the boy from Arkansas, who is a first class second baseman, is a danger-

Highway Group Approves 8th Street Widening, Topping

Approval of the resurfacing of Eighth Street that is part of Highway Loop 204 has been approved by the Texas Highway Department, D. C. Greer, State Highway county Engineer notified the city and county in a joint letter received late last week.

This approval is subject to certain improvements that must be made by the city.

The resurfacing will be done at a cost of approximately \$20,000 to the Highway Department. The street will be 54 feet wide, providing for three traffic lanes with parallel parking on both sides, City Manager Bura Handley said. The loop is approximately one-half mile in length along Eighth Street.

The provisions of the approval are that the "City of Wellington will provide all necessary right-of-way clear of obstructions and free of property damage and will provide for the immediate construction of continuous curb and gutter, utility adjustments, storm sewers, etc., all as may be necessary for a complete project with the exception of pavement widening, and will assume responsibility for the construction of driveways and sidewalks should they be deemed necessary now or in the future."

Cemetery Assn. Formed at Dodson

By Mrs. Z. McKinney
The Dodson Cemetery Association was re-organized Saturday, June 3, with J. C. Howell, Buster Fillpot and Floya Teutsch as board members.

Plans were made to buy two acres of additional land and to have the cemetery cleaned. Plans will also be worked out to hire a year-round caretaker.

We are asking everyone to co-operate with this board and help out, as this is a big thing, and one that everyone should take an interest in. See this new board and see how you can help out.

Two New Teachers Named for City

Election of two new members of the Wellington school faculty have been announced.

Bob Williams of Phillips, one of the Rockets formidable grid foes of a few years back, has been selected as line coach. He will assist in coaching basketball, baseball and track.

Stanley Brooks of Austin, a graduate of the University of Texas, has been elected to do testing and counseling in the entire school, and to teach eighth grade history. He received his degree on June 2.

Mr. Williams played for four years on the Phillips Blackhawks team as center, and continued in that position for four years on the Texas Tech Red Raiders.

He takes the place of Maxey McKnight, who was promoted to the position of head coach when Coach John Bray did not wish to be re-elected to the local faculty.

Will Match Games with Area Towns

New Baseball Team to Train Younger Players for Duke Participation

A second Wellington baseball team, one which will work hand in glove with the semi-pro Dukes of Wellington, and which in a year or so will be furnishing Duke players, has been organized under the direction of John Lee, director of Marian Airpark's summer program for the city.

Nine outstanding high school and college athletes have reported and received suits, and others will be out within a day or two, Lee said.

Tim Hatch and Ted O'Neil, Tech lettermen, will be on the diamond. Robert Fulton who played at TCU and Cameron College; Walter O'Neil of Cameron; Walter Johnson of John Tarleton will put their college experience to work. Up from Wellington high school's regional championship team of year before last are Bobby McCutchen, Newell Van Felt and Donald Joe Terry. W. P. Spillman, who came

Oil, Gas Leasing Still Brisk; Large Acreage Filed

Leasing of Collingsworth County land for oil and gas continued at a rapid pace, and during the last week, leases covering approximately 25,500 acres were put on record in the office of County Clerk J. M. Moore.

The largest lease acreage was recorded by Placid Oil Company of Shreveport, La., amounting to 11,500 acres, or nearly half the total. This company had earlier filed leases amounting to approximately 3,000, giving them a total of

around 14,500 acres in the county, in addition to any other that may not yet be recorded.

Leases covering approximately 4,800 were recorded by two Memphis men, E. N. Foxhall and Dr. O. R. Goodall, who are taking leases in the extreme southern part of the county, in block 14. This includes land in the Houselog and Rolla sections.

The leases recorded by Placid Oil Company are in the southwest part of the county, as well as in

the western part.

Mr. and Mrs. Earl Allen and Mr. and Mrs. Tom Wilson, owners of the Wilson Ranch, leased 5,128 acres of that ranch to W. O. Woodward, acting as a leasing trustee.

Several weeks ago, when the leasing activities broke into the open, leases around 10,000 acres were placed on record. These covered activity in three sections of the county, the northeast corner of the county, the extreme southwest corner, and a section in the central portion.

While no leases have been filed covering a new area of leasing development, reports continue that leasing has started in the northwest corner of the county, which in recent years has been more active in oil developments than have any of the other parts.

Recent leases recorded were: L. G. Yarbrough and wife to Placid Oil Company of Shreveport, La. — Section 22, block 19.

Stella Burger to E. R. Martin of Wichita County — Section 22, block 14.

Hubert A. Mauldin and wife to Placid Oil Company, Shreveport, La. — The Southeast one-fourth of section 90, block 14; less 4.8 acres; and 139.8 acres in the west half of Section 90, block 14.

Robert Lacy and wife to Placid Oil Company — 492 acres out of the north part of section 72, block 14.

M. C. Spencer and wife to Placid Oil Company — The South half of section 39, block 19.

E. T. Vaughan and wife to Placid Oil Company — Section 3, block 21; the south half of section 2, block 21; and the north 120 acres of the northwest one-fourth of section 99, block 19.

George L. Jones and wife; Harvey W. Jones and Howard Mason Jones, to the Placid Oil Company — the west half of section 81, block 19.

John W. Messer and wife to Placid Oil Company — the west half of survey 70, block 14.

Palo C. Cummings and wife to Placid Oil Company — Section 80, block 19; 191.9 acres in section 61, block 19; and the north half of section 61, block 19.

C. E. Pitts and wife to Placid Oil Company — the southwest one-fourth of section 41, block 19.

W. R. Pegram and wife to Placid Oil Company — 200 acres out of the southwest corner of Section 73, block 21; and the northwest one-fourth of section 58, block 21.

W. E. Harrison and wife of Paducah to Placid Oil Company — Section 17, block 21; Section 10, block 21; Section 16, block 21; the east half of section 37, block 21; and section 11, block 21.

P. E. Starr and wife to W. C. Starr — section 20, block 12.

P. E. Starr and wife to W. C. Starr — Section 19, block 12.

Mrs. Etta L. Jones of Memphis to J. M. Leonard — the southeast fourth of section 70, block 14; the south fourth of section 72, block 14; the north one-fourth of section 69, block 14; and the southwest fourth and the southeast fourth of section 69, block 14; and section 71, block 14. (1440 acres.)

O. B. Wilson and wife to E. N. Foxhall and Dr. O. R. Goodall of Memphis — 200 acres of land in section 388, block 14.

R. B. Young and wife and E. N. Foxhall and Dr. O. R. Goodall — the east half of the southwest fourth and the west half of the southeast fourth of section 42, block 14.

A. N. Wiseman and wife to E. N. Foxhall and Dr. O. R. Goodall — section 37, block 14.

J. C. Mannahan, P. A. Mannahan, Maggie Mannahan, Belle Mannahan, Susie Mannahan and Annie Mannahan and Nola Books to E. N. Foxhall and Dr. O. R. Goodall — 200 acres of land in section 388, block 14.

Surface Samnorwood FM Highway Next Week

The topping on FM road No. 1036 from highway 83 to Samnorwood will be started the first part of next week. It will have a single coating and is being done by Cooper and Woodruff. The road will be closed to traffic only at odd hours during the day and then short detours will be prepared, Clyde Drake, resident engineer for

the Texas Highway Dept., has announced.

The steel bridges, over Dozier and Sand Creeks, that slowed down the building of the highway because of lack of materials, have now been completed. The highway was allowed to settle during the winter months before putting the topping on it.

Oil Information at Public Disposal

JOHN HOLTON OIL INFORMATION CHAIRMAN FOR COUNTY IN 1950

John Holton has been named 1950 Chairman of the Oil Industry Information Committee for the Wellington area according to a recent announcement by Don Greve, OIIC Chairman for the Plains area and Assistant Sales Manager of The Shamrock Oil and Gas Corporation.

Mr. Holton is associated with the Continental Oil Company in Wellington. As OIIC Chairman in his community, he will assume the leadership in his area of informing his friends and neighbors about the Oil Industry and its importance to the community.

Although the OIIC program extends from coast-to-coast and reaches into every walk of life, it is primarily a local program. That is, it is made up of thousands of local committees, each of which is headed by a local representative of the Oil Industry. The purpose of the program is to tell the public about the economic and social significance of the American Oil Industry.

To map out plans for the coming year, community Chairmen for the Plains area held two meetings during the month of May. Community leaders from that part of the Plains area north of Tulsa, Texas, met May 12, in Amarillo. A similar meeting for the South Plains area was held May 16, at Lubbock.

Information which local oil men participating in the 1950 program will stress, will include facts about the importance of competition to the industry, the 1,200 useful products which oil research has developed, and the hundreds of millions of dollars spent on research every year to find still more ways to use oil. These local oil men will also provide citizens of their community with valuable information about progressive oil exploration

which has kept this nation's proved oil reserves higher than ever before despite record-breaking post-war consumption.

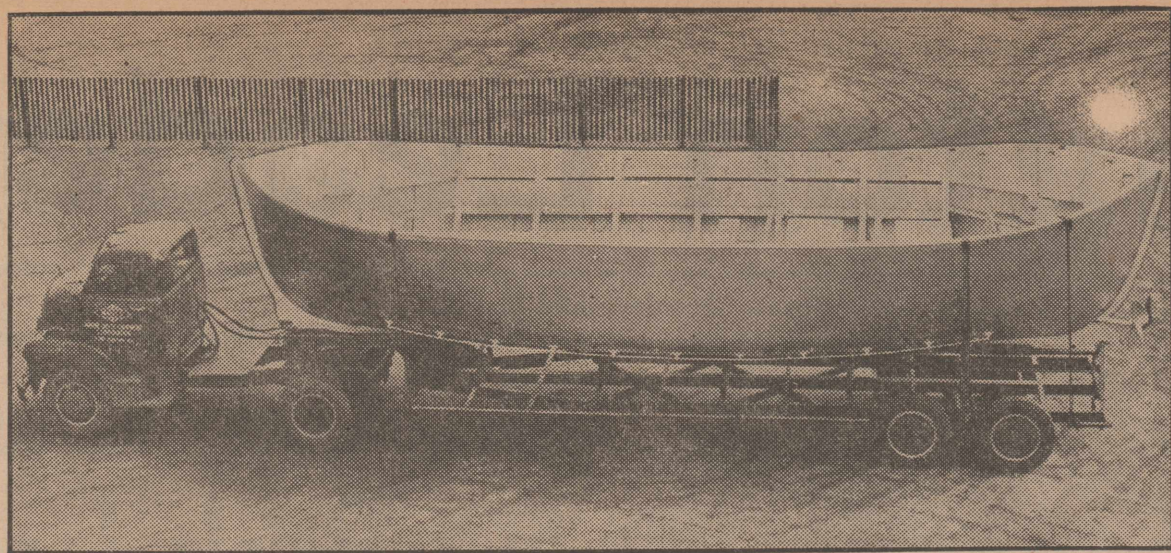

To aid the people of the Wellington community in learning about the industry which plays such a vital role in all of our lives, Mr. Holton will have a wealth of information at his disposal. This information includes printed literature which gives important facts about the activities of the Oil Industry in America. He also has available interesting material which can very easily be adapted to public service radio programs or to service and luncheon club programs.

Among the OIIC material which has been very popular with schools, clubs, and many other groups is a sound film, "The Last Ten Feet," which tells the story of Oil and the Oil Industry in an interesting manner. Mr. Holton will be very glad to secure this film for any organization in his community that would care to use it.

The work which Mr. Holton and other local OIIC Chairmen are doing in their respective communities represents an important contribution to the overall effort of the millions of men and women engaged in the production, processing and marketing of petroleum products to tell their neighbors about their industry.

Mrs. John Gant of Warrenton, Georgia, was here for the past few weeks visiting in the home of Mr. and Mrs. James Doneghy.

Jonanne Vaughan of Sherman is here visiting her grandparents, Mr. and Mrs. Chester Fires. Arriving Sunday to join her was her mother, Mrs. John Vaughan and son, Dick.

LIFEBOAT, "KING SIZE"

It took a powerful trailer truck to haul the ant, N. J., where it was built, to Quincy, ury liner S. S. Independence, as it neared in length with a beam of 12 feet, the life-manufacturers are supplying two others of gasoline engines.

world's largest lifeboat from Point Pleasant, Mass., for installation aboard the new luxury liner S. S. Independence, as it neared completion. Measuring more than 36 feet long, the lifeboat was designed to carry 150 persons. Its the same size, outfitted with radios and

Get Meat Animals To Market in Good Shape

COLLEGE STATION — Here is a job the producers, transporters and handlers of livestock can work on together. The solution to the problem can only come from a cooperative effort and could mean millions of dollars annually to the nation's livestock producers.

According to Roy W. Snyder, extension meat specialist of Texas A. & M. College, the 1949 annual report of the National Livestock Loss Prevention Board points out how expensive and wasteful improper handling and transportation of livestock can be. It would take a train nine miles long to haul all of the livestock that arrived dead at livestock markets in 1947. Then add to this the losses on crippled animals and from bruises and Snyder says the loss amounts to near \$25 million per year. The producer bears a major part of this loss.

Preparations for safe marketing must begin on the farm. Livestock should leave for market in a strong and healthy condition, thus balanced rations that contain plenty of the needed vitamins and minerals must be used.

Snyder says much of this waste can be prevented just by following

common sense practices in handling and marketing livestock. Here are a few practices that will pay big dividends, he says. Dehorn cattle when they are young. Keep fences and barns in good repair and remember the feed lot is no place for a junk pile. Producers should remember that it is a costly practice to feed grain heavily just prior to loading.

A properly sloped loading chute should always be used. Animals should not be crowded or rushed during the loading operations. Here's where patience and care really pays off, he says. Check the inside of the truck or rail car for protruding nails or bolts, broken boards or other objects that might cause bruises. Be sure the truck or rail car is bedded properly - bed with sand that is free from stones. In the summer time, the sand should be wet before hogs are loaded and stops should be made on the way to market to wet the bedding and drench the hogs if this is needed. Use a canvas slapper instead of a club, cane or pitchfork when handling stock.

Here are a few practices truckers or railroads should be interested in eliminating, says Snyder. Overcrowding probably causes more losses than any other single factor. Transportation equipment should be loaded only to the extent of its designed capacity. Partitions should always be used when mixed shipments are made. Bulls, stags, boars or cripples

should receive special attention - never leave them loose in a car or truck. The upper deck on trucks should be high enough to give

Fish and Game Have Place in Better Farm Life

The Chief Aquatic Biologist of the Game, Fish and Oyster Commission has observed that ranchers and farmers, in utilizing all possible resources to better living conditions, are finding wildlife an indispensable factor. To this end the trend is toward stocking ponds

plenty of clearance for the animals on the lower deck. Careless driving - too much speed on curves, sudden braking and fast driving - take a heavy toll of the livestock that goes to market via truck. An occasional inspection of the load while enroute, would save many an animal.

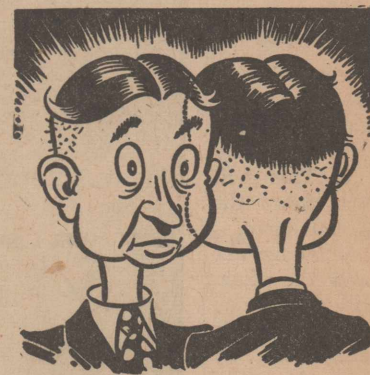

Producers should remember says Snyder that a dead animal has only a salvage value and bruises damage on the carcass are trimmed off and are largely wasted. Care in handling livestock will pay off at the market and it is one way that livestock producers can increase their profits.

and tanks with fish. Some farm ponds that are only an acre in size have produced three or four hundred pounds of fish annually.

Proper management and education have had an important part in this development. The popular opinion of laymen that the more fish planted in a lake, pond or tank meant more fish and better fishing has been discounted by the biologists. This has permitted distribution of fish fry over a greater area, with consequent benefit for all.

There is a definite limitation to the number of fish a certain area

can support. If the place is overstocked, and without the proper balance of species, the result is runt fish and disappointed anglers. Thus when land owners send in their applications, the Game Department judges by the description of the pond, tank or lake what kind and how many fish are needed. The landowner or tenant has a part in this planning, too. He has to describe the area and to be particularly accurate in stating whether his waters are being stocked the first time, or are being re-stocked.

Coming or Going?

It doesn't make any difference when you have the protection of the Personal Property Floater.

With this grand insurance policy, the property you leave at home, the belongings you take with you on trips . . . are covered against theft, loss, fire, explosion and just about every other hazard you can think of.

LILLIE

By MRS. G. D. THOMAS

Sunday School was well attended Sunday morning. Rev. Glen Roenfeldt filled his regular appointment Sunday morning and night.

Singing was enjoyed Sunday evening at Lillie.

Lillie community was blessed with good rains last week.

Mrs. Dean Statten of Carter, Oklahoma spent Sunday night in the Zook Thomas home.

Mrs. W. A. Hefner and Miss Joyce Hefner of Plainview visited in the G. D. Thomas home over the week end.

These visiting the William Blasengame home last Sunday were, Rev. and Mrs. Glen Roenfeldt, Mr. and Mrs. Frank Blasengame of Dodson, Mr. and Mrs. Charles Wilson of Canyon, Mr. and Mrs. Earnest Tate of Lutie, Mr. and Mrs. Bill Robertson, Miss Freddie Blasengame, and Mr. and Mrs. Blasengame from Wellington.

Mrs. S. E. Brown is visiting in the Clyde Brown home at Rolla this week.

Mrs. Woodroe Wilson is enrolling in Summer School at Canyon.

Miss Freddie Blasengame is home for the summer vacation from Wayland college.

Mr. and Mrs. Pearl Carson of Canyon visited in the Dave Thomas and Brook Allford home last week end.

Rev. and Mrs. Glen Roenfeldt spent Saturday night in the L. D. McMinn home.

Most of the farmer's cotton is up and looking pretty in Lillie community and the gardens are pretty since the rain last week.

Most everyone in the community attended the school exercises at Quail last week after school was out on Friday.

Mrs. W. A. Hefner and Mrs. G. D. Thomas visited Mrs. S. E. Brown Sunday morning. We are glad to report Mrs. Brown is still improving since her illness several days ago.

LUTIE

By MRS. JACK LOWRY

Since Thursday night, June 1, this community has received approximately three inches of moisture. Most of this has come by moderately light showers; to this we haven't had a hard rain. Some farmers report they will have to replant while others say the showers have helped to get a stand on their row crops.

Wheat is ripening and it is expected that harvest in this vicinity will begin within the next two weeks.

J. L. Alexander and Merle Whitfield left with their combine for wheat harvest this week. At this time they are near Electra. These men have followed the harvest to Kansas and the Dakotas for several years.

Mr. and Mrs. L. M. Marshall of Clarendon visited awhile Sunday with friends here. They were en route home after having visited in Wheeler with Mrs. Marshall's sister who is ill.

Mr. and Mrs. Ike Rogers and Mr. Floyd Thompson visited with Mrs. Floyd Thompson in Amarillo Sunday. Mrs. Thompson is under treatment in Amarillo and is not expected to return home until the latter part of June. Her condition is good.

Three of the teachers left this week for Canyon to go to summer school. They were: Mrs. Selba Rainey, Mrs. Raymond Brown, and Mrs. Charlie Hill.

Mr. and Mrs. Wesley Terry are the parents of a new 8 lb. baby boy.

Mr. and Mrs. Newt Price and Betty visited the latter part of the week in Childress with a daughter, Mr. and Mrs. Jim McKelvey.

Sondra Rainey of Hereford, daughter of Mr. and Mrs. Hollis Rainey, is spending the week with her aunt and uncle, Mr. and Mrs. Ruben Rountree, and other relatives.

CARD OF THANKS
We wish to express our deepest appreciation to our many friends for the consolation they have brought by words or acts at the death of our son and brother, R. V. Estes.

We are grateful for the food brought, for the flowers, and for the many other ways by which you sought to help us.

May God bless each of you.
Mrs. Edith Estes
Mr. and Mrs. Reuel Estes and family
Mr. and Mrs. Virgil Estes and family
Mr. and Mrs. J. E. Boverie

Dozier Cemetery Shows Many Improvements

By MRS. E. L. RANKIN
A large crowd gathered at the cemetery at Dozier Tuesday, May 30, with rakes, hoes and shovels to make war on the weeds. Everybody worked and lots of weeds were cut off of and near the graves.

Wood Coleman said he would use a mower to get the weeds and grass off the lots that have recently been secured joining the old cemetery. It is all enclosed in a new woven wire fence.

Early last spring a meeting was called at Dozier to devise plans to improve the cemetery. At that time an estimate of the money needed to buy material was made and a finance committee was named.

Personal donations were made and a pie supper netted a substantial amount.

Other committees were named and through a combined effort a great deal has been done to improve the appearance of the cemetery. Most or all of the labor was donated, including erecting the fence, and windmill, welding the pipe, installing the water system, and trucking.

SALT FORK

By MRS. R. H. ISBELL

We have had our share of rainy weather out here. We got one hard rain last Thursday night. Some estimated it at about three inches. Some are going to have to replant their cotton. C. S. Needham says his crop is all up and that the rains didn't damage it.

Sunday school was well attended Sunday. Mr. and Mrs. Dee Harris were our visitors. They spent the week end with their daughter and family, Mrs. J. W. Gollighugh.

Jimmy Cummings has been very sick the past week. The Salt Fork Sunday school class presented Jimmy a picture, The Guardian Angel, to help cheer him up. Jimmy is staying with his grandparents, Mr. and Mrs. J. P. Cummings.

Mr. and Mrs. G. C. Wright, Mrs. R. H. Isbell and George attended the graduation exercises at Quail last Friday morning. Their grandson and nephew, Charles Wright, was a member of the graduating class.

Mrs. Bill Clifton visited her parents, Mr. and Mrs. Wright, Sunday and attended Sunday school, also, the singing at Lillie. Mr. Clifton was combining wheat east of Vinson.

We had a very good singing Sunday despite the fact that there weren't many there. Several visitors from out of the community were present.

Effie Spear is spending this week with her aunt, Mrs. G. C. Isbell, in Wellington.

Mrs. R. H. Isbell and George visited Arletus Needham Friday afternoon. Arletus has been seriously hurt by a car backing on to him. His left leg is badly bruised. He was some better Friday.

Mr. and Mrs. Carl Bolton and son of Needles, California, are visiting her parents, Mr. and Mrs. C. S. Needham, here, also other relatives at Amarillo and Dumas. Mr. Bolton especially came here to see his mother Mrs. Sherd Bolton, who has been critically ill. She was some better when they got here.

Mr. and Mrs. Ray Maxwell and children visited Mrs. Edna Maxwell and Mr. and Mrs. C. A. Wright, and Edna Ellen, Sunday.

Mr. and Mrs. J. W. Gollighugh and family and Mr. and Mrs. Dee Harris were supper guests at the C. A. Wright home Saturday night.

C. A. Wright and J. W. Gollighugh helped Zook Thomas build a concrete top on his new cellar Friday afternoon. Charles Wright and Clyde Gollighugh visited John Alf while the men worked.

Raymond Morgan says the hard rain ruined 70 acres of cotton for him.

Mr. and Mrs. Walter Sweeden and family visited her parents, Mr. and Mrs. Ira Morrow, last Tuesday. They were moving to Beaver county. Mr. Sweeden is improving from his recent sick spell.

Charles and Edna Ellen Wright won free passes to the show last week on the new radio program from Wellington each day. They guessed the song titles last Wed.

There was water every where out here this Monday morning. We had really had a rain.

Elmer Harison of Plainview is back to see about getting his land planted here. He says its still dry at Plainview. He was the supper guest of the J. W. Gollighughs Sunday night.

The Maxwell family received a message from Lonnie Cook of Lufkin, Texas that Mrs. Cook is seriously ill. Mrs. Cook is the former Bessie Maxwell. Ray Maxwell and his mother, Mrs. Edna Maxwell are planning on leaving for Lufkin Monday afternoon. Mrs.

SWERINGEN

By MRS. CLYDE BROWN

The Busy Bee Club met Wednesday, and upholstered a living room suit. Those present were: Mrs. John Messer; Mrs. Frank Boyles; Mrs. Cliff Pitts; Mrs. L. G. Yarbrough; Mrs. Elvis Pitts and Janice; Mrs. Herman Yarbrough, Don Ann and Zee; Mrs. Hill Wells and Belinda Kay; and Miss Edna Messer.

Mr. and Mrs. George Creed visited Mr. and Mrs. J. L. Palmer in Shamrock Sunday.

Mr. and Mrs. George Creed spent Sunday with Mr. and Mrs. J. D. Farrar in Wellington.

Jimmie Shields left Monday for wheat harvest.

Mrs. H. R. Yarbrough and children are visiting this week with her parents, Mr. and Mrs. W. P. Garrett, of Amarillo.

Glenda Shields has returned from ACC to spend the summer with her parents, Mr. and Mrs. Benton Shields.

Mr. and Mrs. Harrison of Wellington visited Mr. and Mrs. Sam Brown Tuesday.

The Busy Bee Club met June 1, and quilted two quilts for Mrs. Elvis Pitts. Those present were: Mrs. Clyde Brown, Mrs. Cliff Pitts, Mrs. L. G. Yarbrough, Mrs. John Messer, Mrs. Hill Wells and Belinda Kay; Mrs. George Creed; Mrs. L. A. Davis; Mrs. Carl Stout; Mrs. Ed Favors and Barbara; Mrs. D. M. Jarrell, Mrs. Jet Roberts; Mrs. J. L. Sander; Mrs. E. Gleaton, Jimmie Louise and David; Janice Pitts, Tommie Nell Sander, Mrs. Walter Gentry and hostess, Mrs. Elvis Pitts.

Mr. and Mrs. Chitwood of Memphis visited Mr. and Mrs. Sam Brown Tuesday.

Miss Pauline Boyles of Amarillo is visiting her parents, Mr. and Mrs. Frank Boyles.

Richard Beal of Lillie visited Don Keith Wells Friday.

Mr. A. Adcock underwent surgery in the St. Joseph Hospital last week.

Work Cemetery At Plymouth Fri.

There will be a cemetery working at Plymouth Friday, June 9, O. B. Bradley, who is helping with the work, has announced.

All persons who have relatives buried at Plymouth are urged to come and help with the work, or if unable to attend, are asked to send a donation to Mr. Bradley, whose mailing address is Route 3, Shamrock.

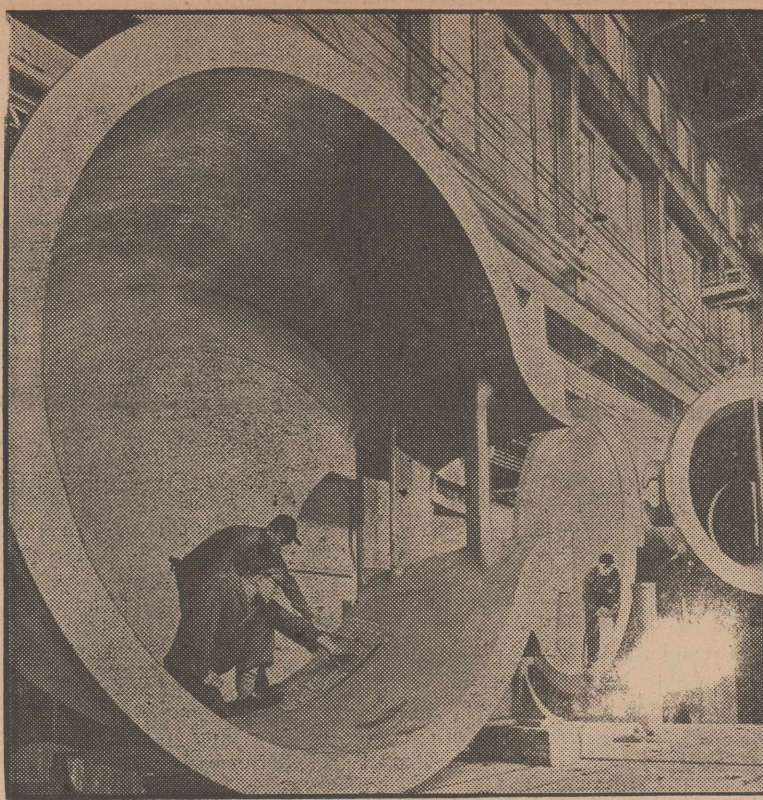

Plymouth Cemetery is one of the oldest in the county.

J. D. Boyles is a medical patient in St. Joseph's Hospital this week.

Mrs. F. H. Kesler underwent surgery in St. Joseph's Hospital this week.

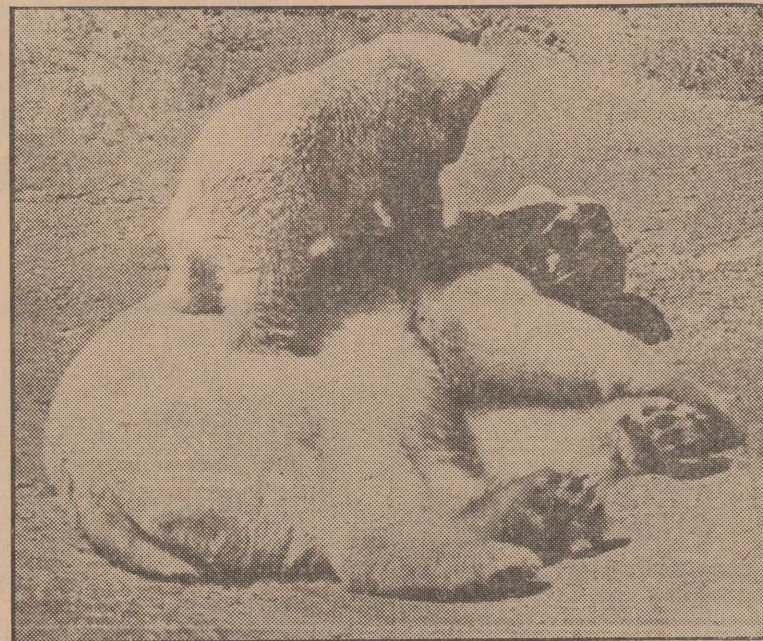

Maxwell will stay with her daughter for awhile. Ray will return at once if Mrs. Cook's condition isn't too serious.

A. E. Long has been moved to the circuit parsonage. He made a trip to Arkansas this week on business. Mrs. Long will return home with him. She was called away some time ago because of a sickness in her family. This coming Sunday will be his regular appointment at the Salt Fork church. Rev. Long comes to us from the Shamrock circuit. Every one is invited to come out Sunday and meet our new Pastor.

FOR HUNGRY HORSE POWER

These large spiral casing sections are part of one of the four 105,000-horsepower turbines being built for the Bureau of Reclamation's Hungry Horse Dam power plant at Hungry Horse, Mont. Each casing is so large that it is being manufactured in four sections. The four turbines will harness the waters of the South Fork of the Flathead River to produce much-needed hydroelectric power for the Pacific Northwest.

"GWAN BACK TO SLEEP!"

Just like any human youngster who's up and ready to play at the crack of dawn, Brumas, the London Zoo's polar bear cub, plagues his mother, Ivy, for an early morning tussle. Ivy, whose dream was interrupted in the middle of a fish dinner, is understandably reluctant.

DOZIER

The Bible School that was held at the Methodist Church last week closed Friday afternoon. The mothers served a picnic lunch. The school was conducted by Mmes. Brown, Throckmorton, Murry, Bell and Kincannon. About 55 children were enrolled in the various departments.

The new welding shop, just completed by Ross Taylor to take the place of the old one destroyed recently by a storm is a substantial looking structure and adds to the attractiveness of our little village.

The old storm-wrecked bari. of Mrs. Ella Phillips has been replaced by a new one with a coat of red paint.

Mr. and Mrs. Ed Brown, Miss June Wischkaemper, and Miss Ma-

rie Carraker are attending summer school at WTSC in Canyon.

Mr. and Mrs. Elbert Rankin and Miss Effie Rankin visited Mrs. Rankin's sister, Mrs. O. L. Tibbets and family, in McLean Sunday.

The rain last Friday night amounted to 1.2 inches here but not so much north while Norwood received about 2 inches. Light showers fell Sunday afternoon and evening.

Mr. and Mrs. Andrew Throckmorton and children of Amarillo were guests of his brother, James Throckmorton, and wife over the week end. The ladies are sisters and are both daughters of Mr. and Mrs. B. A. Neece whom they also visited.

A shower early this Monday morning gave us an additional 65/100 inch of moisture.

Jerman-Peters Vows Read

Announcement has been made of the marriage of Mrs. Earle Jerman, daughter of Mrs. Kittie Williams, and Gordon Peters, who were married in a single ring ceremony performed in the Church of Christ parsonage in Clovis, New Mexico, May 6, at 11:00 a.m. by Minister Loretz.

For her wedding, the bride wore a tan dress with beige accessories. Refreshments were served to Mmes. Billingsley, W. R. Breeding, Phil Bentley, Pat Bradley, D. A. Kincannon, Leroy Bell, Guss Gooch, and Misses Nora Pearl Honeycutt, Karon Breeding, Ellen Joy Bentley, and the hostess, Mrs. Laycock.

The next meeting will be in the home of Mrs. Wayne Laycock on June 14.

Mrs. Bearden Has Loco H. D. Club

The Loco Home Demonstration Club met Thursday, June 1, in the home of Mrs. C. B. Bearden.

Mrs. Raymond Scott and Mrs. Earl Alexander gave a demonstration on making whole wheat muffins.

Tuna fish sandwiches, mints, punch, and the muffins made by Mmes. Scott and Alexander were served to Mmes. W. D. Durfey, L. M. Bartlett, L. A. Sachse, W. M. Durfey, Silas Crawford, J. Woodard, C. B. Bearden, Raymond Scott and Earl Alexander.

Visitors were Mrs. Brewster, Georgia Ann Durfey, Mary Sue Crawford, and Betty Durfey.

The next meeting will be in the home of Mrs. L. A. Sachse.

Mrs. Sullivan Has W. S. C. S.

Mrs. Pink Sullivan and Mrs. Henry Sullivan were co-hostesses to the Women's Society of Christian Service of the Wellington Methodist Church Monday, June 5, in the home of Mrs. Pink Sullivan.

The program, "What Shall I Render," was given by Mrs. Lester Smith.

During the social hour tea and cookies were served to Mmes. R. F. Curry, Sam Gholson, E. F. Bartlett, L. L. Hill, James H. Pridy, Louis Berg, Lester Smith, Arrell Cummings, and two new members, Mrs. C. R. Neece and Mrs. J. T. Thomas and the hostesses, Mmes. Pink and Henry Sullivan.

H. D. Club Meets At Abra

The Abra Home Demonstration Club met Wednesday, May 24, in the home of Mrs. Joe Laycock.

The meeting was opened with a song and a prayer led by Mrs. D. A. Kincannon.

Mrs. Phil Bentley had charge of the business meeting, and after it was held, members worked on aluminum trays.

Refreshments were served to Mmes. Billingsley, W. R. Breeding, Phil Bentley, Pat Bradley, D. A. Kincannon, Leroy Bell, Guss Gooch, and Misses Nora Pearl Honeycutt, Karon Breeding, Ellen Joy Bentley, and the hostess, Mrs. Laycock.

The next meeting will be in the home of Mrs. Wayne Laycock on June 14.

Mrs. Bill Roberts Party Honoree

The room mothers of Mrs. Bill Roberts' first grade class in the Wellington elementary school honored Mrs. Roberts with a party held in the home of Mrs. F. L. Roberts Friday evening, May 12.

The rooms were decorated with roses, honeysuckle, and other spring flowers.

Refreshments of potato chip, sandwiches and cokes were served, and Mrs. Bill Roberts was presented with a lovely gift.

Attending were the room mothers, Mmes. Henard Gray, Steve Owens, Ernest Maxwell, Woodrow Ham, George Henry, Pauline Williams, Bill Roberts, the guest of honor, and the hostess, Mrs. Roberts.

Lingerie Shower For Bride-Elect

Mrs. I. D. Russell and Misses Sue Anderson and Barbara Wilkins were hostesses at a lingerie shower honoring Miss Lura Finley, bride-elect of Donald J. Briggs of Shamrock, Thursday evening, June 1, in the home of Mr. and Mrs. Frank Anderson.

Games of bridge and canasta were played by the guests, and Miss Finley was presented with many lovely gifts.

From a table covered with a white lace cloth and appointed in crystal, the guests were served refreshments of chilled cherries, toasted pound cake, and iced tea. The table was centered with a miniature bride and groom standing before a heart outlined in green

ribbon on white florist foam. Small birds of white florist foam with gold streamers and flowers completed the decorations.

Attending were Mrs. Gerald Squyres, Misses Linnie Lou Coleman, Mary Street, Helen Holder, Tommie Ann Campbell, and the hostesses, Mrs. Russell and Misses Anderson and Wilkins.

Tidelands Decision "Raw Deal" - Guill

The Fair Deal of President Truman's so-called Democratic Party can now be officially labeled the Raw Deal.

The decision of the Supreme Court has "legalized" the cold-blooded theft of an estimated one billion dollars by a vicious and totalitarian administration which falsely calls itself Democratic. This administration has now stooped so low as to pick the pockets of our Texas school children and to break the most solemn word of the United States Government.

This decision following the veto of the Kerr Bill is another step of the Truman administration against the State of Texas. As long as Texans continue to support in office their worst enemies, the Socialists who call themselves Democrats, they can expect to be stabbed in the back repeatedly as a reward for their misplaced loyalty.

Former Residents To Tokyo, Japan

Two former residents, Miss Florence Langford and her sister, Miss Helen Langford, will leave June 23 for Tokyo, Japan, where they will work as civilian employees of the U. S. Army under General McArthur.

They will leave from Seattle. At present they are visiting their parents, Mr. and Mrs. J. V. Langford, who now live at Phoenix, Arizona.

Miss Florence Langford has been away from here about five years, and has been employed by an oil company in Fort Worth.

Miss Helen Langford left here about a year ago to join her parents at Phoenix.

Myra Hays of Plainview and Merle Hays of Wichita Falls were in Wellington recently visiting in the home of Mrs. J. L. Hayes.

Mr. and Mrs. Jim Bibb and children, Miss Jackie Bibb and Carol Bibb of Whitesboro were week end guests of Mr. and Mrs. Alvis Derbyberry. The group was en route home from Plainview, where Miss Bibb has been attending Wayland College.

Mr. and Mrs. Millard Brown Sr. are visiting with members of Mrs. Brown's family at Pasadena. Mr. Brown is on vacation from his work as secretary of the County PMA.

Announcing CHANGE OF OWNERSHIP

I have bought the Blossom Shop and will move it to a new location on the highway when the building is completed about July 1.

Mrs. Johnson will continue to run the Blossom Shop in its present location until we move.

The Maxwell family received a message from Lonnie Cook of Lufkin, Texas that Mrs. Cook is seriously ill. Mrs. Cook is the former Bessie Maxwell. Ray Maxwell and his mother, Mrs. Edna Maxwell are planning on leaving for Lufkin Monday afternoon. Mrs.

9 Boys, 5 Girls Born Here During May

Fourteen births were recorded here during May in the office of G. H. Hite, Justice of the Peace. They are as follows:

Mr. and Mrs. Ed Drew Smith of Route 1, Wellington, are the parents of a son, James Phillip, born in St. Joseph's Hospital April 30, weighing 8 pounds and 3 ounces.

Michael Lynn Poteet, son of Mr. and Mrs. Walter Arnold Poteet of Wellington, was born April 5 in St. Joseph's Hospital, and weighed 8 pounds and 8 ounces.

A daughter, Janice Lynn Winegeart, was born to Mr. and Mrs. Mason David Winegeart of Wellington, in St. Joseph's Hospital May 8, and weighed 7 pounds and 10 1/2 ounces.

Mr. and Mrs. Joel Edgar Moore of Wellington are the parents of a son, Joel Standfield, born in St. Joseph's Hospital May 12, weighing 7 pounds and 2 ounces.

Larry Owen Thompson, son of Mr. and Mrs. Luther Owen Thompson of Samnorwood, was born in St. Joseph's Hospital May 14, and weighed 7 pounds and 3 1/2 ounces.

Mr. and Mrs. Chester Glenn Montgomery of Wellington are the parents of a son, Joe Wayne, born May 14 weighing 9 pounds and 4

ounces in St. Joseph's Hospital. Cheryl LaVonne Needham, daughter of Mr. and Mrs. Jackie Ray Needham of Wellington, was born in St. Joseph's Hospital May 15, weighing 6 pounds and 8 ounces.

Cary Don Neeley, born May 16 in St. Joseph's Hospital and weighing 10 pounds and 7 1/2 ounces, is the son of Mr. and Mrs. Lonnie N. Neeley of Route 5, Wellington.

Mr. and Mrs. Charlie James Somerville of Wellington are the parents of a son, William Victor, born May 17 in St. Joseph's Hospital, weighing 9 pounds and 2 ounces.

Daughter of Mr. and Mrs. Virrel Ples Robertson, Jr., of Wellington, Victoria Ann, was born in St. Joseph's Hospital May 18, and weighed 6 pounds and 7 1/4 ounces.

Mr. and Mrs. Eddie Burnise Jones of Wellington are the parents of a son, Jarold Ray, born in St. Joseph's Hospital May 19, weighing 5 pounds and 13 ounces.

Warren Wayne Parsons, son of Mr. and Mrs. Warren William Parsons of Wellington, was born in St. Joseph's Hospital May 22, and weighed 7 pounds and 2 1/4 ounces.

A daughter, Faith Elaine Chambliss, was born to Mr. and Mrs. Elmer J. Chambliss of Wellington May 28 in St. Joseph's Hospital and weighed 2 pounds and 1/2 ounces.

Mr. and Mrs. Ronald Evans Kersten of Wellington are the par-

STRANGE CARVING DISCOVERED

In the jungles of Southern Mexico lies a huge, 15-ton stone head, believed carved at the beginning of the Christian era by an ancient people. This reproduction, now on display at the American Museum of Natural History in New York, was made by Dr. Gordon F. Ekholm, right, after the mammoth carving was discovered by Dr. Matthew Stirling, left. The original stone measures nine feet high, six feet wide, and 20 feet in circumference.

ents of a daughter, Rhonda Joy, born in St. Joseph's Hospital May 30, weighing 4 pounds and 15 3/4 ounces.

Check Tractor's Cooling System

COLLEGE STATION — The busiest part of the year for the farm tractor has arrived and will continue for the next several months. The extremely hot summer days - just ahead - will bring delays and repair bills unless the tractor's cooling system is functioning properly, says W. L. Ulich, extension agricultural engineer of Texas A. & M. College.

Ulich says there are several things that will cause the tractor engine to overheat but he main one is overloading. Each particular type tractor is made to pull certain equipment and when larger and heavier equipment is used the tractor is overloaded. The only remedy is to use a larger tractor.

A second cause of overheating comes from using a fuel that is too low in anti-knock reading. The use of a better grade fuel will cor-

rect this difficulty. Badly worn or loose fan belts can cause overheating, he says and either a new belt or properly adjusting the belt will correct the situation.

A clogged water pump or a worn bearing in the pump can cause trouble especially if the pump is leaking. The pump should be checked and if it cannot be repaired, it should be replaced. He points out that the water pump should be serviced regularly with the proper grade of grease to prevent the worn bearings.

Faulty timing and improper carburetor adjustments will contribute to overheating and valve trouble. He recommends that you use your operator's manual when making adjustments to correct these troubles.

Clogged radiator fins will cause overheating. The accumulation of trash, dirt, weeds and the like will not permit sufficient air to pass through the grill and radiator to cool the water in the radiator. Keep the grill and radiator fins clear of all obstructions and if your tractor is equipped with radiator shutters be sure they are open and not clogged.

All hose connections should be checked and he points out that a hose may look all right on the outside but that it may be in bad shape on the inside and will keep the water from circulating as it should. In the sections of the state where hard water is used in the cooling system, lime deposits often form inside the block and in the head of the cooling chambers. Rain water or water that is free from minerals should be used in the cooling system for it will reduce these deposits.

He says it is a good idea to flush the cooling system once a year with lye flushing compound or with a solution of one pound of common washing soda to a gallon of water. The soda and water solution should remain in the radiator for two or three hours with the motor running. Then drain and flush the radiator with clean water before filling it.

Lubrication plays an important part in engine cooling, he says for the oil absorbs and dissipates a considerable amount of heat. That is the reason the correct weight of oil should be used. Don't forget to check the thermostat for it can cause overheating if it isn't working properly.

Ulich concludes with this word of caution. He says that hot water should not be poured into a cold engine nor cold water into a hot engine. The sudden contraction or expansion of the metal is apt to result in a cracked cylinder block or head. Proper care and maintenance of the farm tractor will enable you to get the most from your tractor during the busy months ahead.

Mr. and Mrs. Travis Readnour and family from Gage, Oklahoma, and Mrs. Minnie Readnour visited friends and relatives here recently.

Since 1830, the number of magazines and newspapers in the United States has increased almost 25 times, while the population has increased only six times.

Now see the style-star of an all-star line...the new Chevrolet
Bel Air

It's the only car of its kind in the entire low-price field!

Here is the most beautiful Chevrolet ever built—here is the magnificent new Chevrolet Bel Air! Here, for the first time in the low-price field, is a car that combines all the dash and jauntness of a convertible with the comfort and safety of an all-steel body by Fisher. The new Chevrolet Bel Air combines fresh breath-taking beauty of design with all the traditional Chevrolet advantages... makes it possible for you to

own the liveliest-looking, loveliest-looking car on the road!

But come in and find out all about the Bel Air for yourself... its low-lined, youthful silhouette... its wide side windows unobstructed by any post... the exceptionally generous vision from its sweeping rear window... its sparkling color harmonies... the rich blendings of its luxuriously appointed interior.

Combination of Powerglide Automatic Transmission and 105-h.p. Engine optional at extra cost.

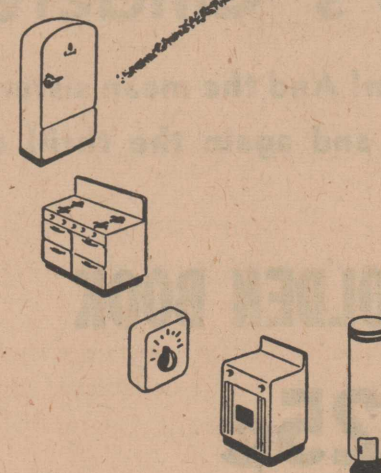

First...and...Finest...at Lowest Cost

Clark Chevrolet Company

"Silence is golden"

Can you keep a secret? A silent gas flame is the secret of modern gas refrigeration. You don't hear a sound or feel any vibration because there are no moving parts in the freezing system. The cost of operation... mere pennies! Your natural gas service is so versatile, so dependable, so economical, that it will fuel your range, water heater, refrigerator and clothes drier and heat your home—all for only a few cents a day!

Natural Gas Service Doesn't Just Happen

Thousands of man-hours and millions of dollars worth of equipment go into the search for gas fields, the drilling of wells, the production and processing of natural gas before it can be placed in pipe lines for movement to Gulf South homes and factories. Dependable natural gas service doesn't just happen!

UNITED GAS SERVING THE *Gulf South*

TWO SURE SIGNS OF OPEN WEATHER

Two 100 per cent guaranteed harbingers of summer are paint-up time a amusement parks and the increasing appearance of top-down Chevrolet convertibles. This im-

patient family group watches a painter put finishing touches on a dry-land boat ride while brother prepares to ward off attacks by Indians.

Even The Ducks Catch on Texas Is a Good Home

Austin, Even the ducks are catching on to desirability of making Texas their permanent home. At least, a few species are rearing their families here while the bulk of the wintering flocks continue the routine of flying northward in the spring to nest.

This extreme in utilizing Lone Star State hospitality was spotlighted the other day when an Austin resident called the game Department about an apparent new trend in the Frinendly City's attractiveness.

The Director of Wildlife Restoration said the principal beneficiary of the Capital City's famed lake-land area are coots or mud hens.

Flat Truck; Wayne Johnson, Route 6, Wellington, 3/4 ton Ford Pickup;

J. L. Hess, Wellington, Chevrolet 1/2 ton Pickup; Gen. Marlin, Wellington, 2 ton Ford Pickup; Billy Useton, Wellington, 1/2 ton Chevrolet Pickup; P. W. Phillips, Wellington, 3/4 ton Chevrolet Pickup;

N. W. Anglin, Wellington, Chevrolet Pickup; Eli Wolf Used Cars, Wellington, 1/2 ton Ford Pickup;

These black, clumsy waterfowl which fly like they might have to ditch any moment, particularly seem to like Lake Austin and the immediate Colorado River area.

For residents of the lake area and for persons visiting those regions by boats, here's the official description if and when a white beaked bird struggles off the water, seems to skip along on top and then plops itself down with an awkward splash: "Rather large, duck-like bird; toes furnished with membranous lobes; bill and frontal shield as ingallunules but dead white instead of highly colored. Dive quickly but rise from the water with difficulty; fly with feet trailing behind . . ."

The Director of Wildlife Restoration emphasized that rare cases have been noted wherein even ducks which usually nest as far north as the Yukon have been known to stay in Texas for the entire summer and hatch a brood of ducklings. A Game Department coastal crew reported last summer that a Blue Bill or Lesser-Scaup had nested on the Texas Coast and had hatched a good sized brood. Some Cises of Blue Wing Teal nesting in Texas also have been observed.

The Director of Wildlife Restoration said these rare instances probably involved stragglers or ducks that were crippled or sick when migration time came and then remained to mate and produce their

normal brood.

The fairly large representation of nesting ducks is found along the coastal prairies from Louisiana to Mexico. They include the mottled duck, a sub-specie of the mallard duck but smaller and the Wood Duck, which also resides in limited summertime numbers along the heavily wooded river bottoms, particularly in the Eastern half of the state. They nest in hollow trees and are keen for old woodpecker openings, sometimes 20 to 30 feet off the ground. This species has considerable company from the Tree Ducks. The black-bellied tree duck is usually found from Corpus Christi down into Mexico. And there is the Fulvous tree duck which ranges from Corpus into Louisiana and as far inland as Eagle Lake.

There seems little hope for the layman to observe these Texas visitors during the hot summer months immediately ahead, since the birds begin nesting before long and will do a rather thorough job of hiding from humans as well as from predators.

One way to save the effort of trying to find the ducks while they are secretly propagating would be to visit the San Antonio Zoo. A great variety of wild waterfowl, with a wing clipped to prevent escape, have been provided nesting grounds there.

Septic Tank Best Waste Disposal Unit for Farm

COLLEGE STATION — A septic tank and disposal field is usually recommended as the best waste disposal system for the farm home. The septic tank, says W. S. Allen, extension agricultural engineer-building of Texas A. & M. College, is not a mysterious object. It is merely a holding tank for the household wastes where decomposition disposes of these wastes quickly, easily and in a sanitary manner.

He says sanitation authorities agree that a septic tank should be made large enough to hold the maximum amount of sewage discharged into it in any given 24 hour period. The minimum sized tank should hold no less than 500 gallons. Tanks that are too small soon become overloaded with sludge and raw sewage and this will pass into the disposal field and clog up the system.

He says a grease trap is not considered for the ordinary household if the tank has a capacity of

500 gallons or more. The location of the tank, however, is of primary importance. It is cheaper, he says, to build the tank close to the source of the sewage because less water tight line will be needed. It is not, however, a good practice to locate a septic tank too close to a building for this makes cleaning difficult. All septic tanks will need cleaning during their life of usefulness so locate it where it can be reached easily for the cleaning job. The tank itself, he says, should never be a part of any foundation wall.

The disposal field should consist of two or more tile lines. If a single line is used, there is a greater chance that the field will become water logged thus causing trouble. He says unless you live in an area where the soil is very porous, it is advisable to provide a porous bed of gravel or crushed stone for the disposal field. Sewage, it should be remembered, is not necessarily rendered harmless in the disposal field; therefore, the field should be located a safe distance away from wells and water supply lines. He says the minimum distance should be 100 feet.

Allen says you can obtain plans for constructing the right kind of a septic tank and disposal field

from your local county health unit, the State Health Department or from your local county extension agent. He says they'll be happy to advise you on the amount of disposal tile needed for the soil type in your area and also on the construction of the system. He concludes with this word of advice, get a good plan and then follow it in constructing your septic tank and laying out your disposal field.

Real Estate Transfers

Recent real estate transfers as recorded in the County Clerk's office are as follows:

Ernest Jackson and wife, Lenore Jackson, to J. H. Wood — part of lots 4, 5, and 6, block 88.

A. V. Cocke and Lela Cocke, to Gerald Woodrow Ham — all of lots 21 and 22, block 30.

A. V. Cocke and wife, Lela Cocke, to Teddy Wayne Brock — all of lots 23 and 24, block 80.

William J. Smith and wife, Ru-

by A. Smith to H. P. Forbis — the South one-half of the Southeast one-fourth of section 78, block 14.

Mrs. S. B. Jackson has been called to the bedside of her father, Mr. J. H. Anderson, who is in the hospital at Spearman in a very serious condition.

FAMILY TREAT. They'll all have fun in this roomy 4-door Sedan with generous luggage space for trips. Shown here is the SPECIAL. Same body type available also in the SUPER series.

Look at the FUN you're missing!

SURE, we know—a car is a "necessity" these days. A modern family "couldn't get along without one." Or so you tell yourself.

Come, come, sir! We know, and so do you, the real reason you got the new-car fever—and the kind of car you are hankering for.

You want a car with some fun in it, don't you?

A car you'll get a big bang out of every time you see it parked in front of your house—every time you slip into its front seat—every sweet and easy mile you travel in it.

Well, come see what this beauty does for you.

How the doors swing open in warm welcome at a thumb touch on a button. How the broad seats invite you to take it easy. How the big straight-eight under the

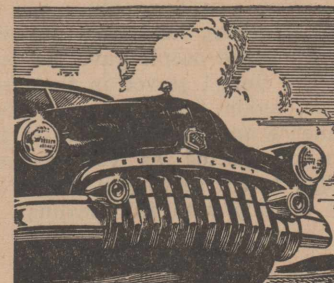

bonnet snaps into purring life at your toe-touch.

And then note—

How smoothly you slip away from the curb—especially when Dynaflow* is handling the power transmission.

How firm and steady the whole car feels. How it holds on curves, free of "heel-over" and sway. How each coil-sprung wheel quicksteps over bumps and rough spots that mean jounce and jiggle on most cars—how buoyantly road-free a Buick is.

*Dynaflow Drive is standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

FOUR-WAY FOREFRONT

This rugged front end (1) sets the style note, (2) saves on repair costs — vertical bars are individually replaceable, (3) avoids "locking horns," (4) makes parking and garaging easier.

Fun? You bet it's fun—too much fun to miss.

And there's no reason to miss it, really, for this strapping traveler is priced under many sixes. Starts at figures just an easy step above the so-called Lowest Price cars.

What's keeping you from trying one, when the nearest Buick dealer is ready to demonstrate without obligation any time you want to call on him.

Only Buick has Dynaflow—and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine in SUPER models.)
• **NEW-PATTERN STYLING**, with **MULTI-GUARD** forefront, taper-through fenders, "double bubble" taillights • **WIDE-ANGLE VISIBILITY**, close-up road view both forward and back • **TRAFFIC-HANDY SIZE**, less over-all length for easier parking and garaging, short turning radius • **EXTRA-WIDE SEATS** cradled between the axles • **SOFT BUICK RIDE**, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steady torque-tube • **WIDE ARRAY OF MODELS** with Body by Fisher.

Reserve Air Force Meeting Here Thursday, June 8

A meeting of Flight "A," 9826th Volunteer Air Reserve Training Squadron will be held at Marian Airpark Administration Building at 8:00 P.M. Thursday, June 8th.

The meeting is being called by Major William McClaskey, commanding officer of the Wellington Flight. He urges every eligible man in this area to attend and learn of the benefits the program has to offer.

All former service personnel are eligible to participate in this program, regardless of the branch of service they were formerly assigned to. Non-veterans are also eligible to apply for enlistment.

Participants in the training program are eligible for promotion and for retirement benefits. Former commissioned personnel must participate in a training program such as is offered here or their tenure of office will be terminated in 1951.

The program for this meeting consists of a talk by Chaplain Lester Hill on reserve work and how it will help you and your country.

Also on the program will be Major J. M. Moore who will report on his recent trip to Carswell Air Force Base at Fort Worth.

Lt. Col. C. R. McClintick, Squadron Commander, of Childress, will also be in attendance.

HOTEL CHAPEL

Tiny Meditation Chapel, tucked away on the third floor of midtown Manhattan's Biltmore Hotel, is believed to be the only such place of worship in a hotel. Established in 1924, the chapel was blessed for use by the Catholic, Protestant and Jewish faiths. Its doors are never closed. Although sometimes the scene of small weddings, the non-sectarian chapel is not used for regular services. No collections are taken and no records are kept in the unique place of worship.

ECA PAYS BOTH WAYS

These men, harvesting sugar cane in Humacao, Puerto Rico, symbolize a dual benefit in the Economic Cooperation Administration. The U. S. Department of Agriculture's purchase, on behalf of the ECA, of 220,000 tons of sugar to help feed Western Germany has given the island's economy a big boost. The American order provides an extra 28,000 working hours for the men and brings in another \$20,000,000 to be used in the Puerto Rican industrialization program.

Lillie Hole To Be Filled Up

Bulldozers this week will fill in the sink-hole which appeared in the county road just south of the Lillie Gin site recently.

At this time the hole has reached a diameter of around 50 feet, with cracks from the edges extending father into the fields of Zook Thomas and G. D. Thomas. The depth at the center is around eight feet. It is a perfect bowl shape, County Judge R. L. Templeton reported.

"It's going to take a lot of dirt to fill this hole up," he commented. Judge Templeton, who studied geology, expressed the belief that any hole or crevice that has caused the surface to give away lies deep in the ground, otherwise the side would have been sheer.

It is colder at the antarctic than at the arctic.

Icebergs are always formed of fresh water.

Deadline on New Wheat Allotments

Any farmer who is operating a farm on which wheat was not seeded in any of the years 1948, 1949, and 1950, but on which wheat will be seeded in 1951, must request in terms of a specific acreage, for an allotment to be established in 1951 and subsequent years.

An application for a 1951 "New Farm" wheat acreage allotment must be submitted to the County Committee on Form Grain 342-Wheat-(1951) by the owner or operator of such farm before June 26, 1950, the closing date that has been established by the State Committee.

Application blanks are available at the county PMA Office.

Aaron Burr challenged Alexander Hamilton to a duel because the latter said he had a "despicable" opinion of Burr.

Barbed wire was invented in Amarillo, Texas.

Mrs. T. B. Sledge Injured in Fall

Mrs. T. B. Sledge, 84-year-old long-time resident of the county, suffered a broken pelvic bone in a fall at her home Thursday, June 1.

The accident occurred when Mrs. Sledge, on her porch, stepped backward and lost her balance, which caused to fall, her granddaughter, Miss Tommie Ann Campbell, said.

Mrs. Sledge was reported as getting along as well as possible at this time.

Mrs. Sledge has three daughters living here: Mrs. S. K. Parsons, Mrs. N. R. Cocke and Mrs. Tom Campbell.

Organized Local - (Continued from Page One)

The Association will also provide a credit reference for those asking credit with out of town firms in their business dealings.

Mr. Alexander has been in charge of the Wellington Retail Merchants Association since 1942, but during the war years, and the years immediately following, there was less need for the service. In recent months, however, Collingsworth County merchants have felt a growing need for a renewal of its work.

Assembly of God Recalls Pastor

At the annual business meeting of the Assembly of God Tuesday night, June 6, the Rev. Austin Jolliff, pastor, was recalled by an overwhelming majority to serve the church for another year.

This was a meeting of the full membership of the church. Plans for financing the new church were discussed, and officers were elected. R. W. Mitchell was re-elected secretary-treasurer of the church, while D. M. McNeil and Lewis Tingle were re-elected deacons and Charles Sexton was elected a new deacon.

Approximately 175 attended the meeting.

Blocks of salt are the favorite from of currency among the Ber-tat tribe of western Asia, according to the Encyclopaedia Britannica.

The Treaty Oak in Austin, Tex., is the only tree represented in the Hall of Fame in Washington.

Broadcast Duke Memphis Game

The baseball game between the Dukes of Wellington and Memphis Sunday afternoon, June 11, will be broadcast by the "Voice of Wellington," over radio station KCTX, Childress, the Rev. Archie Gray, who is in charge of the local program, has announced.

The broadcast will begin at 3:00 p.m.

Plans are being made to broadcast all other Sunday afternoon home games, Rev. Gray said.

A person normally has twelve pairs of ribs.

Thirty-three years usually constitute a generation.

Massachusetts means "place of the great hills."

Jujitsu means literally "the gentle art."

Neeta Ball Club Preside

DENTON, — Miss N. Ball, daughter of Mr. Jack Ball of Wellington, elected to serve as president of the Panhandle Club next year at Texas State College for Women. Miss Ball has completed her sophomore year at TSCW where she is studying journalism.

It takes 10 inches of snow to equal an inch of rain.

SCOTT FARMALL TRACTORS INTERNATIONAL TRUCKS
TRUCK & TRACTOR CO.
Wellington, Texas

John Lowrie has a new set of Kelley-Springfield tractor tires on the Farmall M he bought from us early this week. High, thick cleats make these tires look just as good as they really are. Kelley-Springfield is an old name in tires, and nobody makes a better one. We can save you money on tractor tires.

Mrs. Sam Thompson and Mrs. Tom Birchfield each have a new 15 foot International Harvester home freezer. Of course, technically these freezers belong to Sam and Tom also, but probably about all they will do is live high out of them. These International Harvester freezers and refrigerators are the very highest quality, and modern in design and every other way. We even have a model or two which are "refrigerated to the floor" and with which we will furnish a pair of knee pads to the folks who buy this style, so they can get to the food stored in the bottom.

Disk hillers, or bar-ring-off disks, are the answer to a lot of cultivating problems. Once or more almost every year,

with each crop, there is a time when these are very helpful working in the furrow and putting the dirt where you want it. Naturally, we have plenty of these for sale or I wouldn't have said anything about them.

Several men have been in lately looking for tractor sprayers. We have the Comfort line, which runs \$149.50 complete except barrels, and has several features that put it up ahead of many more expensive rigs. Be prepared this year, so that if you need to spray, you can get right at it instead of wasting time hunting and rigging up a sprayer.

Already moving lots of cultivator sweeps, and still have some hot prices on sizes larger than 12-inch, and better-than-usual prices on ALL sizes. IHC sweeps, and Osmundson in stock.

Anything goes wrong with your Farmall tractor, bring it to us. We can give quick service because we keep enough mechanics at work to get it out with the least possible time loss for you. And you'll get better work done here.

Lura Finley and Donald Briggs Wed in Candlelight Service

Miss Lura Finley, daughter of Mr. and Mrs. J. G. Finley of Wellington, became the bride of Donald J. Briggs, son of Mr. and Mrs. D. L. Briggs of Shamrock, in a lovely semi-formal ceremony performed in the First Baptist Church of Wellington Sunday afternoon, June 4, at 5:30 o'clock. Rev. John L. King of Quanah, grandfather of the bride, officiated at the double ring ceremony.

Preceding the ceremony, Benny Karnes, organist, accompanied Miss Helen Holder as she sang "I Love You Truly" and "Indian Love Call." For the processional, Mr. Karnes played "Bridal Chorus," and for the recessional, "Wedding March," "Moonlight and Roses" was played softly during the ceremony.

For the recitation of their vows, the couple stood before an archway of yellow gladioli with a background of palms and ferns. Tall branched candelabra with white tapers completed the floral arrangement.

Miss Barbara Wilkins attended as maid of honor. She wore a dress of blue organdy fashioned with a low neck, fitted bodice, and full skirt of ballerina length. She carried a colonial bouquet of pink carnations, and wore a blue headband.

Candle lighters were Misses Sue

Anderson and Betty Finley, sister of the bride. Miss Anderson's dress was of powder blue organdy with printed white flowers, and Miss Finley's was of powder blue sheer. They wore corsages of pink stock.

The bride, who was given in marriage by her father, was attired in a dress of white embroidered organdy of ballerina length fashioned with low neckline and full skirt, and tied with a large sash with streamers. She also wore short white mitts and a fitted cape covered with white organdy flaps centered with gold from which fell her waist length veil of white net. She carried a large colonial bouquet of talisman roses.

Joel Sanders of Shamrock attended the groom as best man, and J. G. Finley, brother of the bride, and Bill Blake of Shamrock were ushers.

For her daughter's wedding, Mrs. Finley wore a dress of grey printed sheer with grey accessories. Her corsage was of white stock.

Mrs. Briggs, mother of the groom, wore a black crepe dress with black accessories. Her corsage was also of white stock.

Immediately following the ceremony, a reception was held in the Finley home.

The dining table, laid with a white lace cloth, was appointed in crystal and centered with white ta-

pers in twin candle holders. The base of the holders was covered in white ribbon.

The bride and groom cut the first slice of the three-tiered wedding cake which was topped with a miniature bride and groom, and Miss Betty Finley and Miss Cora Frances Briggs of Shamrock, sister of the groom, served the guests, while Mrs. John Souther of Dallas, sister of the bride, served the punch.

Mrs. Alton Wilkins presided at the guest register.

Mrs. Briggs was reared here and graduated from Wellington High School in 1947. Until the time of her marriage she was employed at the Jones-Watkins Clinic.

Mr. Briggs graduated from Shamrock High School, and has been attending West Texas State Teachers' College at Canyon for the past three years.

After the reception, the wedding party was entertained at Old Tascosa in the Herring Hotel in Amarillo with a party given by Mrs. Mae Fitch of Amarillo, aunt of the bride, and J. G. Finley.

The couple will make their home in Canyon where he will continue his studies.

Annola Springer of Dumas is here visiting her grandmother, Mrs. Fred Capps.

Miss Louise Alexander To Wed V. K. Orr Jr.

Mr. and Mrs. Earl G. Alexander of Wellington are announcing the engagement and approaching marriage of their daughter, Louise, to Mr. V. K. Orr, Jr. of Vinson, Oklahoma.

The formal wedding will be an event of Wednesday, June 21, and the service will be read at 5:00 o'clock p.m. in the home of Mr.

and Mrs. R. R. Crawley, who live near Wellington.

Attendants at the ceremony will be Miss Juanell Wolf, maid of honor; Betty Sue Smith, flower girl; I. D. Russell, best man; and Ken-ny Smith, ring bearer.

Both Miss Alexander and Mr. Orr are graduates of Wellington High School.

She is employed at the Mill Iron Ranch Office, and he is engaged in farming near Vinson, Oklahoma.

Watson-Bryant Vows in Hollis

In a single ring ceremony read in the home of Rev. Richard T. Hopper of the First Baptist church in Hollis, Okla., Miss Joyce Watson, daughter of Mr. and Mrs. Dale Watson of Wellington, became the bride of Mr. Raymond Bryant, son of Mr. and Mrs. Albert Bryant of Wellington Saturday, May 27, at 11:00 p.m.

For her wedding, the bride chose a street length dress of white lace with which she wore powder blue accessories.

Witnesses at the ceremony were Keith Cunningham and Jimmy Clubb of Wellington.

Mrs. Bryant is a graduate of Wellington High School, and Mr. Bryant graduated from Quail High School.

After a short wedding trip to Clarendon and Hedley, the couple returned to make their home in Wellington where Mr. Bryant is employed at the Brown and Poteet Service Station.

Miss Robertson Has Sorority

Beta Zeta Chapter of Epsilon Sigma Alpha met recently in the home of Miss Dorothy Robertson for a business meeting and election of officers.

Miss Barbara Wilkins was elected president, Miss Helen Jo Holder, vice-president; Miss Dora Elizabeth McClaskey, secretary; Mrs. Ernestine Brewer, treasurer; Miss Anna Lee Graham, educational director, and Miss Dorothy Robertson, reporter.

Refreshments were served to Misses Barbara Wilkins, Lura Finley, Helen Jo Holder, Dora E. McClaskey, Anna Lee Graham, Lucille Bennett, Rose Mary Strong, Mrs. Ernestine Brewer, and the hostess, Miss Robertson.

Mrs. Adrain Brown Honored Recently

Mrs. J. A. Poteet and Mrs. C. O. Wilkerson were hostess at a pink and blue shower honoring Mrs. Adrain Brown in the home of Mrs. Poteet Thursday, June 1.

After games were played, the gifts were presented to the honoree, and refreshments of cakes and cookies were served to the following: Mmes. S. E. Branch, Felix Hunt, S. J. Griggs, F. Branch, Lloyd Branch, Royce Campbell, Thomas Jesse, Rudolph Killough, Austin Jolliff, Frank Moore, Raymond Mitchell, Clifford Pitts, James Havron, and Buddy Poteet.

Those sending gifts were Mmes. Luther Edwards, Earl Bradshaw, T. McKinney, Marvin Sasser, Marvin Manuel, J. H. McDaniel, George Arthur, Artie Boykin, Lewis Tingle, and Jeff Rodgers of Wichita Falls.

Relatives who were here to attend the funeral service of Judge Holton included Tom Holton of Childress, Nat Holton of Kosse, Mrs. J. R. Jackson of Odessa and Raymond Jackson of Dallas.

Mr. and Mrs. R. F. Burt of Sugar City, Colorado, spent the week end visiting here with Mr. and Mrs. John Ford and Mrs. J. L. Burt. Other Sunday visitors were Mrs. Burt's son, Mr. and Mrs. J. L. Burt, Jr. of Amarillo, and her daughter, Mr. and Mrs. Roy Brinson and children of Amarillo.

Mr. and Mrs. Denzil Ingram and family of Wichita Falls were here this week end bisiting in the home of Mr. and Mrs. Grady Finley.

Society News

Bryant-Baird Vows Read June 5

In a simple afternoon service read in the parsonage of the First Baptist Church of Wellington, Miss Ruth Bryant, daughter of Mr. and Mrs. Albert Bryant, became the bride of Don Baird, son of Mrs. Lucille Baird, Monday, June 5, at 4:00 o'clock.

Rev. Howard Jones officiated at the single ring ceremony.

The bride's attendant was Mrs. Joyce Bryant, matron of honor, who wore a two-piece dress of brown and white with white accessories.

Best man was Raymond Bryant, brother of the bride.

The bride was attired in a tailored white suit with which she wore powder blue accessories.

Mrs. Albert Bryant, mother of the bride, and Mrs. Sam McGill and Sidney Coy attended the ceremony.

Mrs. Baird attended school in Quail and Wellington, and is now employed at Cochran's Drug.

Mr. Baird attended school in Wellington. He is now working in the harvest.

The couple will make their home in Wellington.

Mrs. Davis Has Quail W. S. C. S.

Mrs. Jack Davis was hostess to the Women's Society of Christian Service of Quail recently.

Mrs. Noah Cunningham, promotion secretary, directed the business meeting, and each officer gave an annual report of the achievements of the year.

Mrs. Frank Lindsey was elected to fill the office of Spiritual Life Secretary, as former secretary, Mrs. Ed Stokes, is moving to Lubbock.

Mrs. John Bishop, study leader, reviewed the last two chapters of the book, "Women in the Scriptures," and Miss Margaret McElreath led the group singing.

Refreshments were served to Mmes. John Bishop, A. W. Atkinson, Noah Cunningham, French Self, Frank Lindsey, Miss Margaret McElreath, and the hostess, Mrs. Davis.

Neeta Ball of T. S. C. W. at Denton is here visiting her parents, Mr. and Mrs. Jack Ball, and other relatives.

R. E. Farmer of Marella has been ill in the home of his daughter, Mrs. Jim Clauch, of Enochs. Mrs. Clauch reports, however, that he is some better.

Mrs. Jess Lawson and children of Dalhart spent last week visiting in the home of her parents, Mr. and Mrs. A. T. Smith.

Mr. and Mrs. Charles Hester, and son, Chucky, of Borger were here over the week end visiting his mother, Mrs. Vera Hester.

Harvest Time

Anybody want to pitch hay with June Allyson? The glamorous MGM film star has shed her fashionable costumes for the moment and donned a comfortable outfit of cotton denim pants and a checked shirt to help in the harvest.

After the reception, the couple

"Log" Rhythm

"Miss Palo Duro" — vivacious Harriet Carter, 18, of Amarillo, Texas, — conditions herself for "The Wheatheart of the Nation" beauty contest at Perryton, Texas. Miss Carter is pictured at Palo Duro Canyon State Park, the Panhandle's natural wonder, which she will represent.

Informal Ceremony Unites Jo Anna Thomas-N. Brown

In an informal evening ceremony of simplicity and beauty, performed in the home of her parents, Mr. and Mrs. H. F. Thomas of Wellington, Miss Jo Anna Thomas became the bride of Newman Brown, son of Mr. and Mrs. Millard P. Brown of Wellington, Saturday, June 3, at 8:00 o'clock. Rev. Howard Jones, pastor of the First Baptist Church of Wellington, officiated at the double ring ceremony.

For the recitation of their vows, the couple stood in a double doorway with large baskets of tamarack on either side. Arrangements of roses, larkspur, and sweet peas completed the decorations.

A recording of "Because" was played before the ceremony.

The bride was attired in a street length dress of rose crepe with which she wore navy blue accessories. She carried a white Bible topped with an orchid from which fell matching streamers.

Miss Antoinette Thomas attended her sister as maid of honor. She wore a dress of printed silk with beige background and beige accessories. She carried a colonial bouquet of pink carnations with white and rose streamers.

Millard Wade Brown, brother of the groom, was best man.

Mrs. Thomas, mother of the bride, wore a dress of navy blue sheer with navy accessories.

Mrs. Brown, mother of the groom, was attired in a crepe dress of navy blue with black accessories.

Immediately following the ceremony, a reception was held in the Thomas home.

The dining table was laid with a white cloth crocheted by the bride's grandmother, Mrs. J. V. Parrigin, and appointed in crystal. Pink and white carnations and pink and white tapers formed the centerpiece.

After the bride and groom had cut the first slice of the three-tiered wedding cake decorated with pink roses, Mrs. C. L. Blandford, cousin of the bride, served the guests, while Mrs. Millard Wade Brown, sister-in-law of the groom, served punch.

Miss Lydia Thomas, sister of the bride, presided at the guest register.

Mrs. Brown was reared near Wellington, and graduated from Wellington High School in 1948.

Mr. Brown also attended school here, and served in the Navy for two years.

After the reception, the couple

left for Amarillo where they will make their home. He is employed there in the checking department of the Fort Worth and Denver Railroad.

Attending the wedding and reception were Mr. and Mrs. Ray Clubb, Mr. and Mrs. Ralph Long and Benson, Mr. and Mrs. A. N. Wiseman, Mr. and Mrs. M. C. Pigg, Mrs. Eugene Martin and children, Mr. and Mrs. John Trew, Mr. and Mrs. Ed Harrison, Mr. and Mrs. Tom Berry, Mr. and Mrs. J. I. Thomas and J. W., Raymond McGill, Jerry Bollen,

Miss Bernice Havins and Miss Fern Smith of Childress, Mr. and Mrs. C. E. Willenborg of Fort Worth, Mr. and Mrs. Charles Taylor of Wheeler, Mrs. W. S. Newman of Vernon, George W. Wilkins, Jr., of Wichita Falls, Mrs. C. L. Blandford and children of Amarillo, Mr. and Mrs. M. P. Brown, parents of the groom, and Gene, and Mr. and Mrs. H. F. Thomas, parents of the bride, Lydia, Antoinette and Jasper Thomas, sisters and brother of the bride.

Book Club Meets With Mrs. Couch

The Wellington Book Club met in the home of Mrs. Orval Couch Monday evening, June 5, for a business and social meeting.

Hostesses for the occasion were Mmes. Couch, J. B. Castleberry, James Doneghy, Cliff Campbell, Chester Fires, and Miss Katherine Boverie.

Miss Boverie reviewed the book "Mingo Dabney" by James Street.

During the business session, the resignation of Mrs. G. L. Jones as a member was accepted. Her place will be taken by Mrs. E. F. Bartlett.

Present at the meeting were Mmes. J. W. Wells, Jones Singley, E. K. Jones, Fred LeDerer, E. N. Lewis, J. B. Stevenson, John Lee, Elizabeth Bradley of Fort Worth, a guest, Misses Bonnie Willis, Hattie-D. Wells, Inez Leach, and Caroline Couch, a guest, and the hostesses, Mmes. Couch, Castleberry, Doneghy, and Miss Boverie.

Mr. and Mrs. Will Davis of Canyon visited Sunday in the home of his sister, Mr. and Mrs. W. E. Leach.

Mr. and Mrs. Duard Scott and Don attended the auto races in Sayre, Oklahoma, Sunday.

Buy within your ability to pay — pay promptly — Keep your credit rating A-1

Wellington Retail Merchants Association

EDITORIAL COMMENT — THE WELLINGTON LEADER
Thursday, June 8, 1950

How Does Your Credit Stand?

Re-organization of Wellington's Retail Merchant's Association is under way at the suggestion of the Chamber of Commerce and to meet what has become a definite need of the county's merchants who do credit business.

The Association has operated here under the management of Olan Alexander since 1942. With him, it was work to be cared for only after the hours of his regular business, because of war conditions and the prosperity that followed, local merchants felt little need for its service.

With the leveling off, the picture is changing.

Now affiliated with the Retail Merchants Association of Texas, the Wellington organization proposed to do the following things:

1. Create better paying habits of many credit customers.

2. Give quick and accurate information to merchants on new credit customers.

3. Trace those who might leave town without paying their bills, without additional cost to the merchant.

4. To warn all local merchants as soon as a suspected forger hits town.

5. To give information on those whose credit habits may improve.

6. To provide a credit reference for local people who may need it in their business dealings out of town.

Local banks have long pointed out that a good credit standing is one of a man's most important business assets. With all business firms giving closer scrutiny to their accounts, and with some of them beginning to weed out poorer credit risks altogether, it is even more important for each individual look to his own standing.

Many credit customers whose accounts carry the notation, "Good pay, but slow," are simply careless. They are perfectly honest and would not for anything cheat their merchant out of a dollar. But they just don't get around to paying quite as quickly as they should. Others impair their credit rating when in temporary financial straits by not coming and having a frank talk

with their creditor and making some arrangement for taking care of the account at a later date.

There are others who, to get their credit rating on the proper footing are going to have to re-arrange their spending habits. That's where and when it hurts. But the man who doesn't pay his bills is hurting only his own credit and his own financial standing in his home community.

What to do This Summer

For those who are hunting recreation this summer, Wellington offers many activities, and has the potential of several more.

First that comes to mind, always, is Marian Airpark Pool, which still rates the best in the Panhandle. The airpark facilities also will provide for the air-minded here.

Ellison Park, conveniently located, provides a shady location for all those seeking a place for an outdoor meeting or picnic. The barbecue pits and tables make it attractive.

The city has earlier indicated its willingness to fix the tennis courts if there is sufficient interest, and several of those wishing a less strenuous game have wished for a return of the roquet courts. The city is quite a busy person just now, with a street building program, sanitation program, street marker program under way, in addition to its usual run of work, but it has already made certain improvements on the court, and will give further co-operation if the interest merits it.

This summer, also there will be the outdoor theatre, the VFW sponsored entertainments, plus others that will come up from time to time.

The Dukes of Wellington are getting an increasingly larger following, and they are playing better ball than in seasons past.

Come to think of it, there's lots of things to do in Wellington this summer. In fact, it's getting to be a matter of which of several things you decide to do.

OTHER EDITORS SAY:—

A Good Example

Asa Bowen, Dumas chief of police, working with the chamber of commerce has set up a "disaster unit" to meet local and regional emergencies which might well set an example for every city in the Plains region, or the whole United States, for that matter. The first step was to form an auxiliary police force of 50 men, with well-defined duties in case of an emergency. Among its members are safety directors and other key men from the gas-lines, refineries, and other industries in the Dumas area.

The several crews will be equipped with communications units allowing the separate groups to keep in touch with one another while fighting prairie fires, rescue work in explosions, tornadoes, or other disasters.

That other Plains communities clearly need to follow Dumas in setting up similar systems is apparent from a review of the region's disasters during the last year or so. The tornado in Amarillo, prairie fires in the northeast Panhandle, in Hartley County and near Amarillo, to name a few, the grain elevator explosion and tornado at Perryton—trouble is no respecter of locale, it can and does happen anywhere.

Such organizations would also form the nucleus of defense groups if war

ever comes to our homeland. With thorough training in bringing order out of chaos, the change-over to war time relief work would be a relatively simple such eventualities will save lives and matter. And preparing beforehand for property when disaster comes and eventually lead to greater efforts in prevention of avoidable catastrophe.

Amarillo Daily News.

The FBI office in Washington, cramped for space, is wondering what to do with the fingerprints of several thousand persons now dead. Just can't get the darned things off their hands.

Moscow, after a 99 per cent "pure" election, now charges that recent Communist voting in Yugoslavia was rigged. Just a case of the pot calling the kettle Red.

A Duluth, Minn., man was arrested for drunkenness after being found barking at a dog. Police got a whiff of his 90-proof "woof!"

The abbreviated "Bikini" bathing suit is a necessity in any beautiful woman's wardrobe, says its French designer. The barest necessity, we might add.

Ticklers

By George

"Personally, I don't care about money—it wuz always the landlord, the butcher and the grocer that wanted it!"

An Eruption Soon?

The Buck Creek Philosopher

Editor's note: The Buck Creek Philosopher on his Johnson grass farm on Buck Creek no doubt is misinterpreting another newspaper article, as the following letter will reveal.

Dear editor:

I was wonderin around out here the other afternoon debating whether to rest or to work, a thinkin man don't rush into nothin, whether it's workin or loafin, without thinkin about it and turnin it over in his mind and considerin all the angles and the consequences, I ain't never forgotten the time I got in a hurry and planted three-quarters of a acre more than my allotment called for one year and had to plow it up, that taught me a lesson, I get mad now just thinkin about the effort I wasted, as to say, I was out here debatn over whether to work and by the time I got my mind made up the afternoon was so far gone there wouldn't of been much point in startin a job then anyway and I got up from where I'd been thinkin since noon and picked up a newspaper which I'd been noticin for several days where it was caught in a bush and took it home and read it.

Accordin to an article in it an expert, television is gonna revolutionize farm life, is gonna make better farmers out of all of us. "The farmer with a television set is gonna be a better farmer than he was before," the expert predicted.

Ain't that sort of exaggeratin the power of television? Personally, while I don't want to be arguin with an expert, it will take more than television to make a better farmer out of me and several others I ain't namin.

While I would like mighty well to have a television set and aim to get one as soon as the government increases its payments or the stores relax their credit standards, I wish to go on record right now as sayin I don't intend to farm no better, even if I had a set in every room.

Television improvin my farmin is about like woman suffrage improvin the politicians. It's good to

talk about but it don't ever produce no angible results.

And while I ain't sayin positively, I got an idea there will be a good many editors and bankers and teachers and groymen that television ain't gonna affect no more than it does me.

All these new gadgets ain't what they're cracked up to be. I've had a radio now for twenty years and if I've got one blade less Johnson grass than I had when I started I can't tell it.

Yours faithfully,
J. A.

BIBLE COMMENT FOR JUNE 11

Miracles Proved Christ's Great Power to Help

The outstanding power possessed by Jesus was the power to help. And He was continually using it. Some He helped by His teaching, bringing them the truth that they needed. Some He helped by His counsel and criticism.

The help that Jesus gave, in many cases, was mostly physical, but with spiritual results.

One incident demonstrated the Master's life-giving power. A ruler of the synagogue, Jairus by name, came to Jesus in great concern for his daughter, who was at the point of death. His profound faith in Jesus was manifest in his plea that if Jesus would but come and put His hands upon her, she would be healed. As they went to the home a great multitude followed. But before they arrived, messengers came announcing that the daughter had already died.

The story of Jesus' bringing her to life has some strange aspects. Jesus allowed only Peter, James and John, the three who later were also to share the experiences of the Transfiguration, to accompany him into the house. He sent out of the house the many who were making a tumult of weeping and mourning.

When He said that the child was

Thirty Years Ago
1920

The moon was in a total eclipse Sunday, May 2, and many thought the world was coming to an end because the moon looked as if it had turned into blood. They were relieved when the shadow began to pass away.

As the end of the school season approached, seventeen students prepared to graduate from Wellington High School. Among the graduates were Effie Lee Richards and Reda Clay.

During a heavy rain, lightning set fire to two bales of cotton on the cotton yard east of the Leader office.

not dead, but sleeping, they all laughed at Him in scorn. Whether Jesus meant that literally or not, we do not know; death, in view of the life-giving power of Christ, is often referred to as sleep.

After ages of investigation, and startling discovery in other fields, we still know little concerning the mysteries of life.

But the one thing that is certain is the life-giving power of Christ. We cannot understand the mystery of the miracles of ancient time. But this striking thing is true of the New Testament miracles—they all typify the higher power of the Master to help.

Miss Patricia Sullivan returned to Denton to resume her studies at T. S. C. W. after visiting in the home of her parents, Mr. and Mrs. Pink Sullivan.

Looking Ahead With George S. Benson

THE APPEAL TO IGNORANCE

An Arkansas newspaper has just published the fact that a card-carrying Communist student has been at work among the student body of the University of Arkansas, that he established a small following or "cell" of under-graduates on the campus. The news story said the organizer had left the school to work with a small Communist group elsewhere in the state. The announcement, confirmed by an authoritative source, raises again the question that has perplexed a great many people:

What causes young Americans to be beguiled by Communism? The basic answer to the question is: Ignorance. Ignorance of the facts about Communism and the facts about Capitalism (American style) provides a fertile ground for the half-truths and bewitching fallacies with which the Communist and Socialist crusaders make their converts. A youth who is ignorant of American history has no background of understanding against which to view the phony doctrines.

Ignorance, says Bentley When Elizabeth Bentley, the recanted Communist, began working with Government agencies to thwart the Communies' underground conspiracy, she answered the question (why she became a Communist) thus: "I didn't learn enough about America when I was in school," she said, "I didn't get American history." She also said she wasn't taught the true facts about Communism. She attended a well-known women's college and

one of the greatest American universities. She became a Communist, she said, while attending the university. She later was a Communist spy courier.

Had Elizabeth Bentley learned in high school and college the true facts of American history, it is unlikely that she would have been vulnerable to the carnal attacks on American capitalism which are the stock-in-trade of the Communists and Socialists. The same probably would hold true for Judith Coplon and for the other thousands of young college and university students who have been lured into the Communist conspiracy or the equally fatal bog of Socialism.

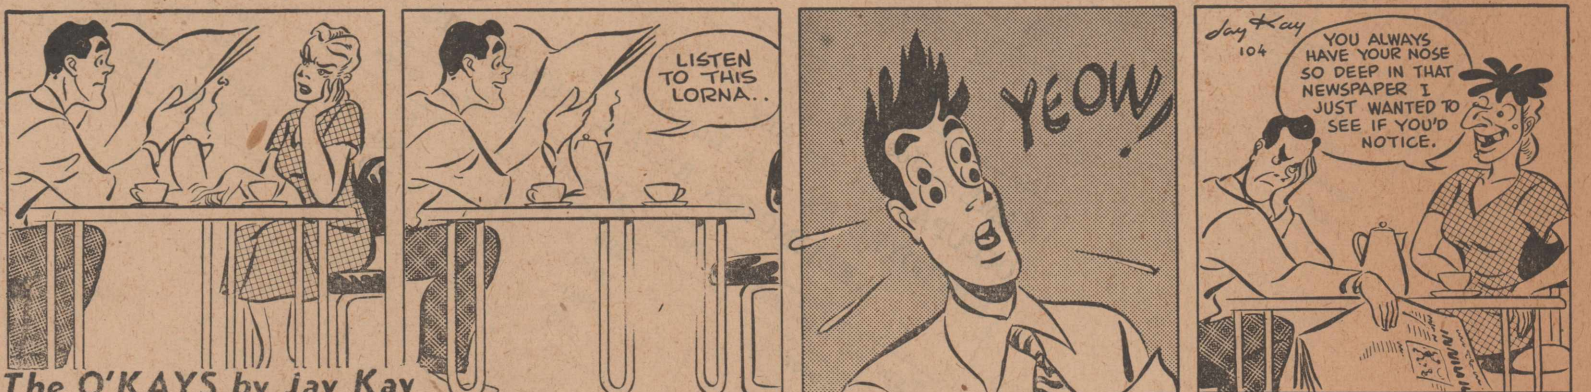

TOO FEW TEACH IT Benjamin Fine, education editor of the New York Times, has sent me results of a survey he conducted on the attitude of college and universities on the question of American history for students. The encouraging fact revealed is that twice as many colleges and universities today require students to study American history as did in 1942. Yet the number today is a mere 34 per cent. The schools replying to the Times questionnaire have an undergraduate enrollment of 1,526,571. Only 12 per cent of these students were enrolled in American history courses.

At Harding we require every freshman student to study American history. In this way we are certain that every boy and girl gets the subject whether they stay in school the four years or not. In the Times survey, 62 per cent

of the educators questioned favored making American history a required study for all undergraduates. But 66 per cent of all institutions of higher learning in the nation do not make it compulsory and about 73 per cent do not require high school graduates entering college to have had the subject.

OUR VULNERABLE SPOT Though a comfortable majority of educators replying to the Times placed a high importance on adequate knowledge of American history, there are disturbing facts revealed by the survey. It is disturbing to be reminded by the Times that tens of thousands of American youths who graduate from college each June have no real understanding of their great American heritage. They do not know how it came to them and feel no obligation, as free citizens should, to help pass it on. Such students are perfect prey for the Socialists and Communists.

Replying to "with an adequate knowledge of American history, would students be less likely to turn to other ideologies?" officials of 69 important American colleges said "No." Editor Fine soundly concluded: "Though considerable progress has been made, much remains to be done before our colleges and universities give the 2,500,000 men and women in the liberal colleges, professional schools, junior and teachers colleges an adequate grounding in American history." This situation is a challenge to citizens who want to do something for their country.

Welcome to Wellington

For a Methodist preacher and his family making a move at the end of the conference year, the Rev. and Mrs. H. E. Long and their children hold almost a record for short distance. They come here from Shamrock, where he was pastor of the Methodist Circuit, and he will now serve as Wellington circuit pastor.

Rev. and Mrs. Long have two children, Leonard Ray, age six, and Jane Elizabeth, five.

They were at the Shamrock appointment two years, and Rev. Long has been a Methodist minister for the last 12 years. Before then, he was a member of the Fire Department at Wichita, Kansas for 10 years.

Rev. Long received his bachelor of arts degree from Hendrix College, Conway, Ark., and attended the Kansas City Bible Institute, a non-denominational seminary, in Kansas City, Mo. He served in the southwest Missouri North Arkansas conferences before transferring to West Texas for his health. He was pastor of the Community Church at Skellytown before going to Shamrock and while there built one of the finest rural churches in the Panhandle.

Active in the work of the Masonic Lodge, Rev. Long has completed the York Rite work plus the Shrine work.

Mrs. Long who is Cherokee Indian, was reared at Gravette, on the Arkansas-Oklahoma line.

She is a member of the Eastern Star and has held various offices in the lodge, the last being the place of Ruth.

Rev. Long will leave June 13 for six weeks at Southern Methodist University to attend a Rural Pastors course. He was one of two pastors in the district chosen to attend.

Rev. and Mrs. Long succeed Rev. and Mrs. W. F. Richardson, who were transferred to the South Plains near Lubbock.

PMA Workers to Hear Atomic Talk

Representatives of the Wellington PMA office will go to Childress Monday and Tuesday, June 12 and 13, to hear Dr. Montgomery, professor of economics at the University of Texas, and a member of the Atomic Energy Commission.

This is a district PMA meeting, and representatives will attend from Hardeman, Foard, Knox, Haskell, Jones, Stonewall, King, Cottle, Collingsworth, Wheeler, Donley, Hall, Dickens, Motley, Kent and Childress Counties.

Dr. Montgomery will discuss economics and atomic energy in relation to agriculture.

TOURIST ATTRACTION

Thousands annually visit shrines to General Sam Houston on the campus of Sam Houston State Teachers College in Huntsville, the home and burial place of Texas' first president. The Houston home, top, in its original location, is furnished throughout, many pieces the personal possessions of the

family. The Memorial museum contains relics of Texas history from the early beginning to the present. Among them is Santa Anna's bronze-trimmed saddle being examined by Dr. J. L. Clark, head of the college's history department and the curator of the museum.

The world's largest vegetable farm is near Edinburg, Texas.

Texas' Capital has been moved 13 times.

Texas ranks third in the U. S. in the number of its junior colleges.

Father of Mrs. Jackson Dies

Final tribute was paid John Henry Anderson, retired farmer and rancher, in the Church of Christ at Perryton Sunday, June 4, at 3:30 p.m. Officiating were Ministers Doyle Banta and T. R. Atkinson. Burial was in the Ochiltree cemetery. Mr. Anderson was the father of Mrs. S. B. Jackson.

He died Saturday, June 3, at 11:50 a.m. in the Spearman hospital.

Mr. Anderson was born at Grapevine November 13, 1868. At the time of his death he was 81 years, six months and 18 days of age. He married Miss Lucy Irene Price September 18, 1891, and last year they observed their 59th wedding anniversary. They moved to Perryton in 1920, where they were active in affairs of the community. He was an enthusiastic sportsman, having hunted and fished throughout the southwest.

When his health prevented him from carrying on his activities, they moved to Spearman to be near their daughter, Mrs. A. L. Jackson.

He became a member of the Church of Christ when a young man. He was one of its best loved members and did much to aid those less fortunate than he. He contributed generously to the church and orphanages, as well as to individuals.

He is survived by his widow, Mrs. Lucy Irene Anderson; two sons and two daughters: W. L. Anderson and R. Y. Anderson of Perryton; Mrs. S. B. Jackson of Wellington and Mrs. A. L. Jackson. Also surviving are 20 grandchildren; 17 great grandchildren; two sisters, Mrs. F. M. Brumley of Phoenix, Arizona, Mrs. Minnie Young, Wichita Falls; and three brothers, T. J. Anderson, Las Cruces, N. M., F. A. Anderson, Bakersville, Calif.; and C. F. Anderson of Hobbs, N. M.

Underground in Texas are more than half the known U. S. oil reserves.

If opened to capacity, Texas oil wells would produce more oil in a day than the U. S. could use in a month.

College Students Coming Home

By JENNIE SCOTT
Dozens of college girls and boys from colleges all over the southwest are home for the summer on a visit. Some of these will be working and others are attending summer school.

Among those from Tech are: Keith McMillin; Buddy Stevenson, who is going to work for his dad this summer; Tim Hatch; Tommy Ann Campbell; and Ansel McDowell, who is attending summer school at Tech.

The girls from TSCW are Virginia White; Joyce Hightower; Mary Alice Kutch; Joyce Wood; and Neeta Ball. Neeta is attend-

ing summer school there.

Others who are home are: Peggy Yarbrough and Gene Moore, who is a ministerial student, from Bethany College, Bethany, Okla.; Sue Anderson, from Dallas; Earl Wayne Nipper and Lonnie Hollingsworth, who are both on harvest now, from Midwestern U., in Wichita Falls; Diane Wells from Stevens College, Columbia, Mo.; Walter Johnson from John Tarleton, Stephenville; Benny Karnes from NTSC, Denton; Linnie Lou Coleman from ACC; Helen Caldwell from Stephen F. Austin in Nacogdoches; V. C. Saied, who is from State University in Austin and who may attend second six weeks summer school there; Louie Beam from Hardin Simmons, Abilene; and Charles and Peggy Wal-

ker from WTSC, Canyon; Charles is working in Shamrock this summer.

Men's Bible Class Breakfast June 11

The Men's Bible Class of the First Christian Church will hold its monthly breakfast Sunday morning, June 11, at 8:30 a.m., the Rev. Archie Gray, pastor, has announced.

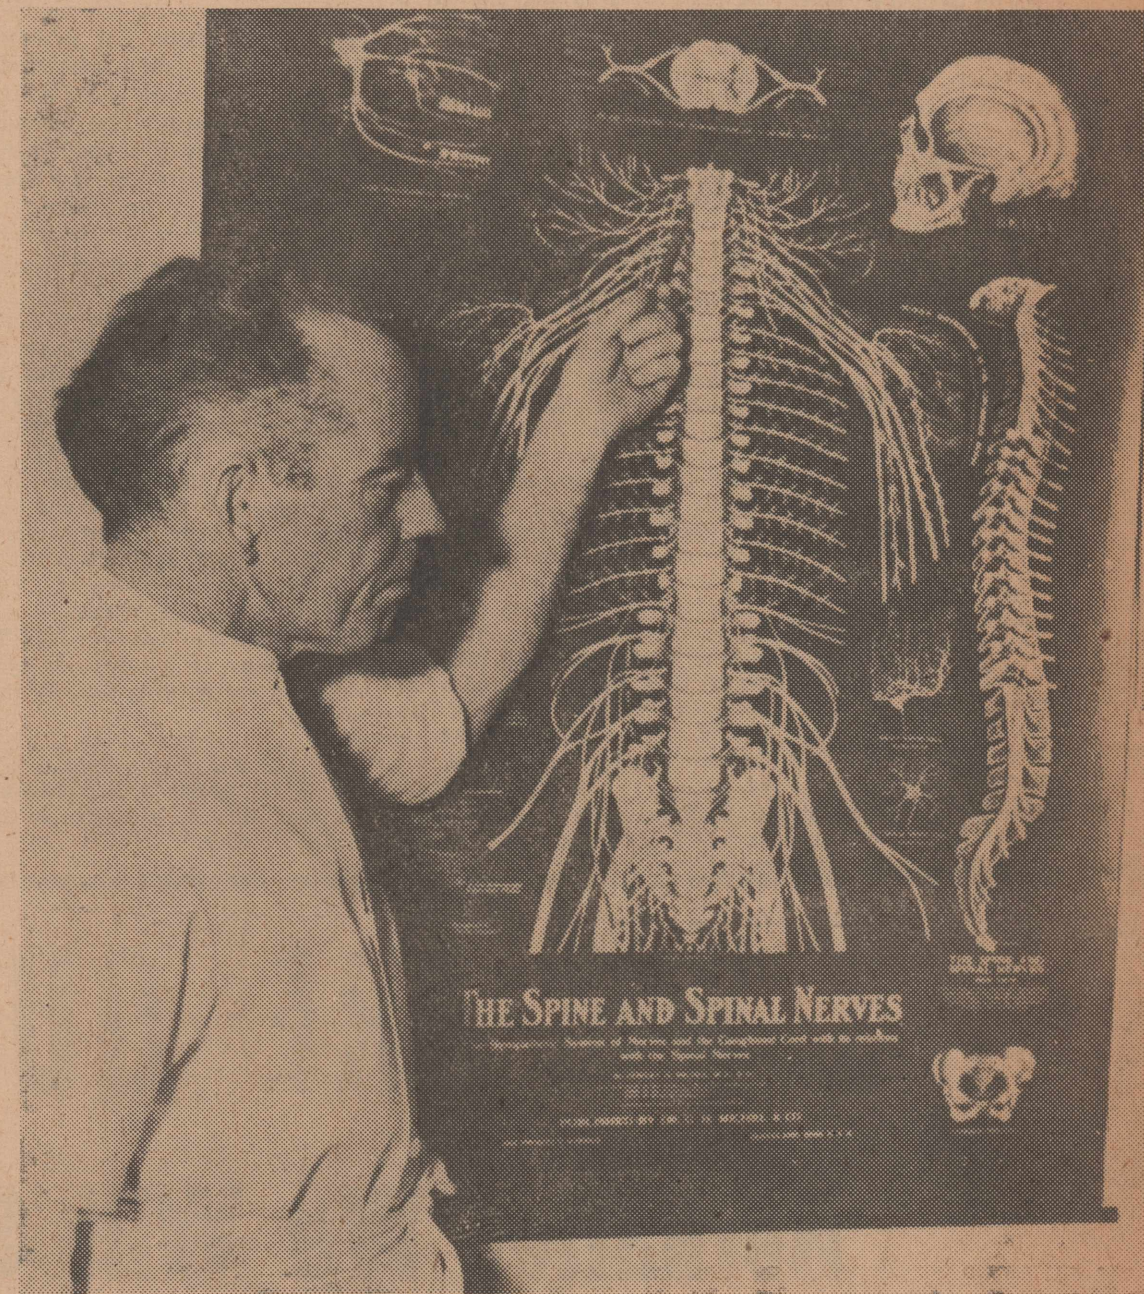

The class is aiming at an attendance of 40 men this month.

"It's wonderful the way those men can eat bacon and eggs and wheatcakes, and we cordially invite all those interested to attend," Rev. Gray said.

GREEN CHIROPRACTIC OFFICE

HEALTH IS ALL

With health, everything is a source of pleasure. Without it, nothing else, no matter what it may be, is enjoyable. Even the other personal blessings—a great mind, a happy temperament—are degraded and dwarfed for want of it. It follows, from all this, that the greatest of all follies is to sacrifice health for any other kind of happiness, whether it be for gain, achievement, learning or fame. Everything should be made secondary to health.—Schopenhauer.

FEMALE TROUBLE

CASE NO. 1216: A lady, 39, complained of irregular periods, right side pains, bad cramps for several days each month, severe headaches before and after periods, dizzy spells, low back pains, bladder pains, neuritis in shoulder and sinus inflammation. She went to a Chiropractor for headaches because a friend had recommended Chiropractic for that condition. Spinal analysis and X-rays indicated defective energization of the Pelvic area and a subluxated (misaligned) vertebra in the neck, causing spinal cord interference. After a few months she was amazed to discover her female trouble and other symptoms had vanished with her headaches. An opera-

tion had been recommended. It is not necessary now for she feels fine, thanks to Chiropractic.

KIDNEY TROUBLE

CASE NO. 1269: A man, age 32, had been getting treatments for kidney trouble for some time but noticed he was getting no better and nervousness was increasing; was constipated; caught colds easily and just felt low generally when he came to the Chiropractic Clinic for examination and spinal analysis. The cause was found to be nerve interference causing defective energizations of kidneys and digestive tract. Corrective adjustments restored alignment of subluxated spinal bones which removed nerve interference and permitted normal energization. Patient discharged, feeling full of pep and without complaints, in a few months.

SCIATIC RHEUMATISM

CASE NO. 2392: A man age 55, came to the clinic complaining of a pain in left leg, gas in stomach, drowsy, dizzy-headed feeling, dull headaches, backache, nervous shaking in left side and low blood pressure. A spinal analysis and X-rays re-

vealed a nerve interference. Adjustments were begun and in time he reported all symptoms gone and that he was feeling fine.

HIGH BLOOD PRESSURE

CASE NO. 1894: A grandmother, age 63, although under the constant care of her doctor for eighteen months, was gradually growing worse. She had high blood pressure, heart attacks, dizziness, nervous indigestion, gas and bloating which caused heart distress and pains, gall bladder trouble and pain, swollen ankles and hands, and for each of these conditions she has been taking something different, but gradually becoming to try the Chiropractic Clinic. Spinal analysis and X-rays located the causative subluxation in the spine. Adjustments corrected the misaligned vertebrae, removed the interference to innervation of the vital organs. Upon discharge this lady reported that she was free of any symptoms of illness of any kind and was doing all her house work. Her own words were "I feel as though I had never been sick. I feel just grand, thanks to Chiropractic!"

WELLINGTON, TEXAS

Four Home Runs Each, But the Dukes Won

Dukes Blast Mangum in Best Game of Three Years

By BOBBY McCUTCHEN
The Wellington Dukes pounded two pitchers for 18 hits here Sunday afternoon while blasting the Mangum nine 14-7.

Despite the rain, this contest was said to have been the best game played at Wellington in three years.

A total of eight home runs were smashed in the tilt — four by each club. First baseman Bus Dorman clouted two over the right field wall, catcher Lewis Morris and left fielder, Billy Dennis, each sent one over the ads in left field.

First baseman Plue, of Mangum, hammered a pair over the left and left center field, while pitchers Halk and Knight each collected a homer.

Bus Dorman, playing manager of the Dukes, had a perfect day at the plate, by collecting three singles and a pair of homers for five trips to the plate. Rinehart, Dukes' new second baseman, also had a good day at the plate, by collecting 4-5.

Billy Dennis, the Dukes' lead off man, started the Dukes rolling in the first when he banged a homer then followed by shortstop, Virgil Francis, who was thrown out at first by the pitcher.

Rinehart hit a sharp single to left, then Bus Dorman blasted a hard single to right, sending Rinehart around to third. Bob McAllister, center fielder, flew out to center and Rinehart came home, Lewis Morris singled, then the new third baseman, Owens, received a free trip to first, Thompson, right fielder, struck out for the final out.

Robinson, who pitched a very fine game, struck out eight men, walked four, and gave up 11 hits. In the second, Plue hit Robinson's sweeping outside curve which was sent over the left center wall. Catcher Wheeler walked, Hayes flew to pitcher, who threw to first and would have been a double play, but Bus dropped it. Worthier flew out then Knight hit into a double play, from Owens to Francis to Dorman.

In the fifth Knight, the pitcher, for the Mangum team, hit a homer with the bases empty.

In the sixth, which was the big inning, for the Dukes collected

seven runs, Owens walked and slid into second and was called out, then Thompson flew out to center, Robinson singled, Dennis singled, Francis walked, loading the bases, Rinehart singled, bringing in Robinson, Dorman blasted a three run homer, following that McAllister walked and Lewis banged a two run homer, Owens struck out for the final out.

Halk, Mangum pitcher, took over for Knight in the sixth, he also came across with a homer in the seventh.

The seventh was another big inning for the Wellington nine. Thompson singled to left, Robinson got to first on an error on shortstop Worthier. Thompson advanced to second, Dennis hit a line drive out to left field for the first out. Thompson tagged up and came home, Francis followed by another out, then Rinehart hit a hard single to left to bring in Robinson. Old reliable Bus Dorman came up with another homer with one on.

In the eighth the Mangum team collected two more runs when Nipp singled and Plue stepped up to the plate to send the pill out of the park for his second homer.

The Mangum bunch made one other run in the ninth but was halted by snappy fielding of the Duke infield.

Walter Rogers In Panhandle

PAMPA — Walter Rogers spoke at Panhandle, Texas, on Saturday, June 3, 1950, to a group of approximately 300, gathered at the opening of the V. F. W. Hall, James McCassin Post. The beautiful structure was erected by the members of the organization. Mr. Rogers praised these members in the erection of the building by their own hands, and referred to it as a monument to those who had failed to return and to the freedoms for which they died. The opening of the new hall was celebrated by a pie auction and a barbecue, in which the citizens of Panhandle, Carson County and the surrounding territory, participated.

Mr. Rogers, the principal speaker, will be remembered as the can-

Wellington Water Facilities Expand During Year

Wellington's city water facilities have been expanded considerably since the first of the year, Bura Handley, city manager, reported Tuesday, June 6.

Mr. Handley said that one major extension was made in the colored section of Wellington, where a six-inch main was laid, and an additional fire hydrant was set up in the central part of the area. With two other hydrants, this part of town will now have adequate fire protection, he pointed out.

Another major extension was to the Wellington cemetery west of Wellington.

The third major extension was made in the west part of the Coker Addition, where a new home building area was opened up.

In addition to these, there have been numerous short extensions laid over town, principally where new homes are going up, Mr. Handley said.

SAMNORWOOD

By MRS. C. W. FRITTS

A good rain fell here Thursday, 2 1/2 inches, fell on Plymouth Flat, it will bring up cotton and feed planted. Some farmers have a good stand of cotton up.

Mr. and Mrs. Charlie Austin of Denton visited the past week with Mrs. Austin's sister and husband, Mr. and Mrs. S. J. Carrell. Mr. Austin was here on business, to have the house torn down and rebuilt on the farm of Miss Luella Austin, south of Norwood. The house was damaged several weeks ago, by the storm that hit this area.

Mrs. Clarence Morrow of Lutie and Mr. and Mrs. Eugene Morrow of Wellington left Saturday for Sherman to visit Mrs. Morrow's father, J. H. Linsey, whose condition is worse.

H. C. Morrow and Walter Fritts were business visitors in Memphis Friday.

"DIAMOND QUEEN"

Broadway musical comedy star Carol Channing was crowned "Diamond Queen" in New York by the Diamond Council of America. Here, the sparkling Miss Channing illustrates what she means when she sings in her show about diamonds being a girl's best friend.

LOCO

By BETHINE ADKINS

Heavy rains fell here this week, halting all farm operations. R. H. Lacy lost some newly cut alfalfa.

Our community was saddened by the tragic death of Pvt. R. V. Estes of Chautauk Field, Illinois. Attending the funeral Sunday afternoon were: Mr. and Mrs. G. W. Adkins and Bethine; Mr. and Mrs. J. C. Davenport; Mr. and Mrs. W. R. Crawley; Mr. and Mrs. L. M. Bartlett; Mr. and Mrs. R. H. Lacy and Virginia; and Mrs. Herman Belew, L. J. King and daughters.

Gene, Cloy, Bill and Henry Thomas of Dallas were here this week end to help their parents, Mr. and Mrs. J. R. Thomas, and Neil move. They are moving to

Sulphur Springs, Texas. Good luck to them in their new home.

Miss Sue Adkins is spending this week in Canyon.

Mr. and Mrs. Sam Crow and daughter of Hollis, Mr. and Mrs. C. B. Carter and children of Westview, and Bob Copeland of Canyon, visited in the E. S. Copeland home this week end.

Miss Katy Adkins spent the week with Miss LaVerne Ware at Buck Creek.

The heavy rains have halted the combines and all the men are home for a few days.

Mrs. Ora Calcote returned to her home at Texola Wednesday after spending four days with the G. W. Adkins family.

Visitors from several towns were at the Arlie cemetery Memorial Day. More work was done to the yard. Flags were placed at the veteran's graves, and many flowers showed the loving memory of the living for the deceased.

Visiting in the M. L. Adkins home Monday were Mr. and Mrs. Carl Harris, Jessie and Katie Boggs, all of Dodson, and Mr. and Mrs. Emmett Ware of Buck Creek.

Mr. and Mrs. W. F. Harbin were called to Loop Thursday to attend the funeral services of her uncle, Mr. Frank King.

Mr. and Mrs. W. M. Duffey and family and Mr. and Mrs. G. W. Adkins and Bethine attended church services at Fresno Sunday night.

Kenny McClendon of Wellington is spending a week with his grandparents. Mr. and Mrs. E. V. McClendon.

Miss Dorothy Harbin, daughter of Mr. and Mrs. W. F. Harbin, enrolled Tuesday in Hardin-Simmons at Abilene, to do some graduate work. Miss Harbin taught at Quanah this past semester.

Personal

Mrs. Hezze Jones and Mr. and Mrs. Potty Sisk were in Mangum, Okla., Saturday visiting in the home of Mr. and Mrs. Allen McCliravy.

Mr. and Mrs. Leon McClendon and daughter and Mr. and Mrs. Garland Bledsoe are in Livingston visiting Mrs. Bledsoe's sister, Mr. and Mrs. Gerald Hardy.

Mr. and Mrs. John Mauldin and children of Alice are here visiting his mother, Mrs. Mary Mauldin, and other relatives.

Mr. and Mrs. Morris Reed and Mrs. Jack Hurst and daughter were in Quanah Sunday visiting relatives of the Reed family and Mrs. Hurst's mother, Mrs. R. C. Ritchey.

Mrs. Eva Wright has been in Fort Worth for the past week visiting her son, Mr. and Mrs. Gene Wright and children, and her daughter, Mr. and Mrs. Lee Wisdom.

Mr. and Mrs. S. A. O'Rear of Rising Star, formerly of Wellington, have announced the birth of a daughter, Linda Gay, born May 26.

Jack and Jill Riddle of Ontario, California, are here to spend the summer months with their grandmother, Mrs. J. S. Aaron, and other relatives. Their mother will be remembered as Juliette Aaron, who formerly taught school here.

Mr. and Mrs. Bill McCarver and children were in Kirkland during the Memorial Day holiday visiting his uncle and aunt, Mr. and Mrs. S. A. Myers.

Arthur Dakil was in Oklahoma

City this week to attend the graduation of his cousin, Sam Dakil, who has been attending medical school in that city.

Four communities in Texas are named Concord.

You Could Buy Another Automobile

Lord Jim Says - -

By Bill Hughes

"Maestro, I got the point about chasing rabbits, but being a dog, I must tell you that my instincts for chasing rabbits remain strong—er than reason. Don't be discouraged! For surely men and mankind are smarter than we dogs?"

Well, Lord Jim, it is okay about the rabbits, because you have never claimed to be a "shaggy dog." As for men being smarter than dogs, that remains to be seen; but I will gladly crawl out on the limb of argument that places the individual in a position of basic importance to mankind and places individuals as being more important than states, economic theories, political systems, social structures or religious institutions.

Of states, theories, systems, structures, and institutions, only the geographical terrain of the state existed prior to man's appearance on earth. The rest came after man got here. They are inventions of man's brain. They are tools. They are means to an end. Not all or any one of them is an end in itself.

The why of life, the reason and purpose behind birth, change, and death is a part of man's need for spiritual growth just as freedom from injustice is part of man's need of moral development and as freedom from want is part of man's need for material success. These three lines of progress and development are made possible to man only because he possesses a brain able to reason.

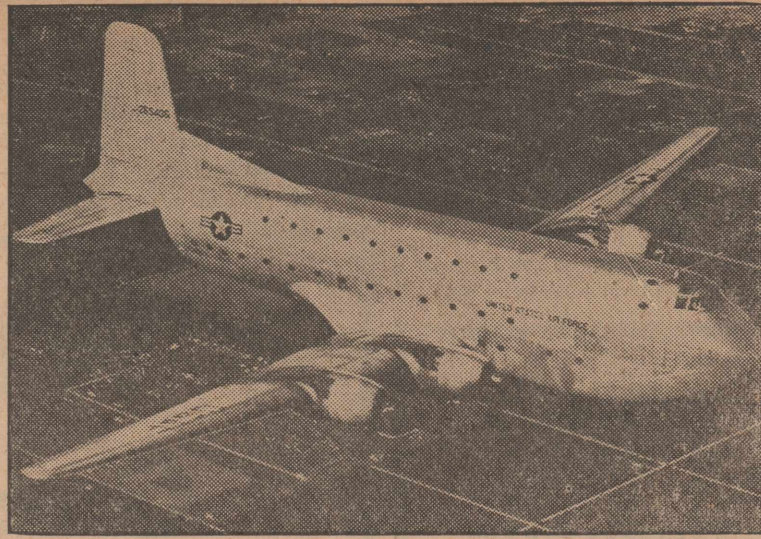

It is the development of this brain that is all important, a balanced equal development of the moral, spiritual, and material. It can only be done by mental exercise by using it constantly, by extending it to the point of fatigue. Only the individual has power to do this.

Since not just a certain few only have brains, but all people have brains, and since the potential effective brain power of one man alone is limited to effectiveness of all people's brains combined, the increased brain power of the least individual is very important to the combined average of all. The whole of mankind shall never be better off nor wiser than the average of all its individuals.

Life has been developing on earth nearly two billion years. Man put in his appearance a scant 25,000 years ago. As a nation of Americans we have been in the family of man a mere 174 years. Indeed, we have under the stimulus of freedom and democracy made remarkable material strides, but if we are not to lose it because of trying to push our material progress at the expense of our moral fiber and spiritual strength, we had better review those moral and spiritual factors upon which were founded the freedom and democracy that has made possible our material progress.

It has been the refusal by you majority of individual Americans to permit any minority group to do your thinking for you or to saddle any dictatorial or arbitrary power on you for any extended length of time or to ask of anybody on earth for aims that has made America.

Yet now we see dictatorial powers extended by a minority group of "fair dealers" who accuse all opposition to their will as obstructionists and who are trying to bribe and lull away from you individuals your will to think for yourself by telling you that they know what is best for you, that they are thinking for you and against the dirty scoundrels of big business and Republicanism who starved you in bygone years, and

AIR GIANT DELIVERED

Accelerated service testing of the mammoth Douglas C-124A "Globemaster II" transport plane, above, began at Dayton, O., following delivery of the first production model to the USAF Air Materiel Command. Largest production transport to enter military service, the giant craft is designed to carry up to 50,000 pounds of payload, including troops, general cargo and mechanized equipment.

worst of all by promising securities that in their gigantic and brilliant glitter hide the destruction of the very things by which America rose and you are free — hard work, thrift, independent thinking, paying as you go, living within your means, and begging of nobody including particularly the Federal Government.

At no time has a nation needed more clear thinking, more courage and fortitude, more faith in self on the part of its every individual citizen to face the truth of reality and to shift the emphasis of their efforts to balance their material achievement with moral courage and spiritual power, than America does right now.

Only if every individual insists upon doing his own thinking can there be a majority of thinking individuals. Only a majority of thinking individuals can check the irresponsible, immoral, and irrelevant leadership of our present demagogic "fair dealers" who are

bent on staying in power at our expense.

Twenty-five thousand years of human existence is eighty thousandths of one per cent of the total span of life on earth. By comparison, human life has scarce had time to draw its first squawking breath after birth from the womb of the Universe. It is a long road to manhood and to the wisdom which we must have to achieve peace on earth.

It cannot be achieved by materialism alone. We are not through shedding blood, sweat, and tears. Understanding, humility and fortitude are still of immense value to the individual whose greatest obligation is to improve his individual brain power by which he contributes to the progress of mankind and to his own well being.

Brain power is the individual's source of power. The brain of man, not the tools, is fundamentally important because it is the total brain power and the balance of

Lowry Tau Kappa Tau President

PORTALES — Cannon Newbill, Portales, recently turned the gavel of Tau Kappa Tau social fraternity on the Eastern New Mexico University to Royce "Boss" Lowry, Shamrock, Texas, the president for 1950-51.

To serve as officers of the fraternity with Lowry will be Bob Kerby, Sundown, Texas, vice-president; Euvon Thomas, Clovis, secretary; Marcus Parker, House, treasurer.

Bob Miller, Clovis, sergeant-at-arms; Morris Wilson, Sundown, Texas, parliamentarian; Curtis Miller, Forrest, athletic director; Keith Creamer, Dora, inter-fraternity council representative; and Dick Holesapple, Roswell, reporter. G. Walter Scott, director of public relations at the University, was chosen faculty adviser to succeed Joe I. Myers.

A. Y. Bell to NFLA District Meeting

A. Y. Bell, secretary of the Wellington National Farm Loan Association, was in Amarillo Wednesday, June 7, to attend a meeting of NFLA secretaries of the Panhandle district.

One purpose of the meeting was to give these local officers instruction in various phases of the work, and to discuss any problems coming up in the local associations.

Guest speakers were to be three officers of the Federal Land Bank at Houston, Hal Weatherford, R. N. Johnson and Swan Payne.

its development which determine the form, substance, endurance, and effectiveness of these tools, and it is the brain that affects cooperative effort and constructive organization of these tools. Mankind's brain power is made up of the total of every individual's contributed share. The individual is fundamental. He is basically important.

When a man surrenders his brain to any person, place or thing short of God, that man has enslaved himself; when man surrenders control of to be controlled by his own achievements and inventions, progress is halted until he can free himself.

Nations and governments are nothing but manmade tools. When nations contrary to the hopes, prayers, and wishes of the masses who people them are set one against another by bloated and false thinking of a few whom the masses have permitted to do their thinking for them, it should be doubly clear how utterly important the individual thinking is to mass thinking which selects in turn the individuals whose thinking shall govern them.

It takes brains to pick brains. It takes good thinking to recognize the wisest thinkers. It takes wisdom to make good government. It takes the best moral and spiritual integrity to use the powers of government economically, justly and wisely.

It is the individual, his brain power through its thinking, through its moral understanding and will, through its spiritual growth that shall determine whether we shall be forced to return torn and mutilated to heaven seeking forgiveness of our Father, or whether heaven shall come in glory to earth in recognition of man, the son.

Miss Priscilla Chase, English and journalism teacher in Wellington high school, left last week to visit her parents, Mr. and Mrs. Hollis Chase, of Royalston, Mass. She will remain there during the first part of the summer, returning to Austin to attend the last term of summer school at the University of Texas.

Mr. and Mrs. Jack Gibson and Billy Jack were in Fort Worth this week end on business.

Miss Virginia Evans spent the week end visiting in the home of her sister, Mrs. James Madison of Childress.

J. A. Gordon Has Arm Injury

J. A. Gordon is recovering from an injured left arm which he received recently when he fell in

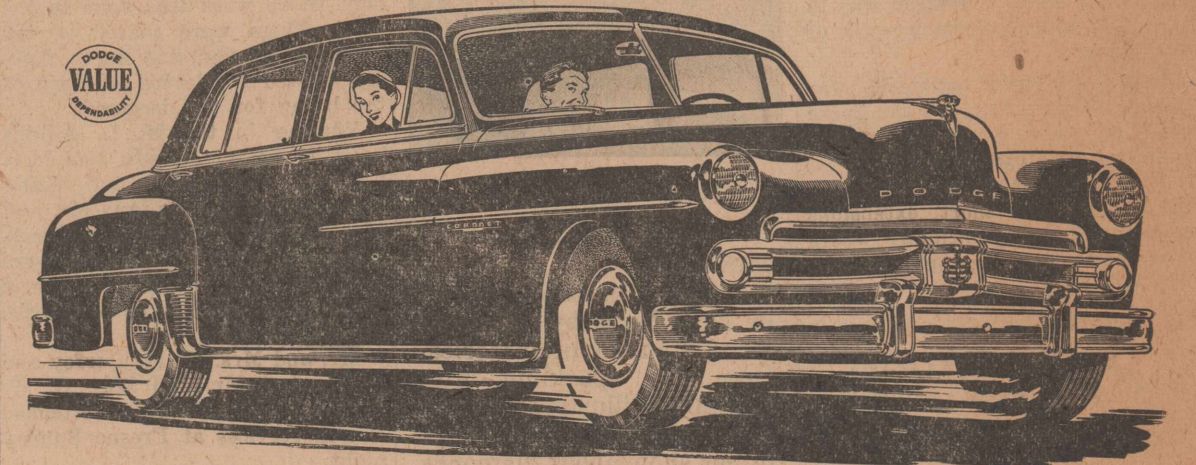

front of the United Super Market. Mr. Gordon said that he fell as he stepped up on the curb by the store.

His hand and arm were badly cut, bruised and mashed by the fall.

Mrs. Ernest Elliott of Plainview was a guest during the week end of her mother, Mrs. J. A. Dukeminier, and other relatives.

Mrs. M. M. Ritchie of Burleson was here recently visiting her son, Monroe Ritchie.

BE MILES AND MONEY AHEAD... TRADE FOR A DODGE TODAY!

Now...make your new car dollar worth more

HERE'S the BIGGER DOLLAR VALUE you've been looking for! Longer, wider, higher on the inside, today's big Dodge gives you head room, leg room and shoulder room that even more expensive cars can't match.

Dodge seats are "knee-level" so you sit naturally—ride relaxed. A big Landscape wind-

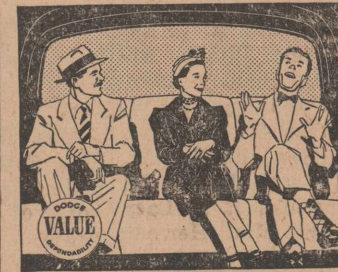

shield and huge rear "picture window" give full visibility for safer driving.

The big, high-compression "Get-Away" engine gives you flashing performance with gyrol Fluid Drive to smooth out every mile you drive. Let your Dodge dealer show you how Dodge VALUE will put you miles and money ahead.

GYRO-MATIC

FARM AND RANCH CHATTER

WITH LAYNE BEATY WBAP
6:30 AM Week Days - 10:15 AM Sundays

Saint Patrick gets popular credit for running the snakes out of Ireland, and perhaps we can assume he had something to do with the green isle's lack of mad dogs.

Anyway, none of the British Isles has rabies and that's more than we can say for Texas.

Neither does New England, here in the United States, nor the Rock Mountain area have rabies.

But Texas is having a lot of losses from rabies in skunks, dogs, wolves and foxes now which take a heavy toll of livestock and send many people to clinics for the rabies treatment.

Dr. Kenneth Young of the State Health Department, warned stockmen of Denton county that they may expect an outbreak of fox rabies in about six months, so to get ready for it. The epidemic has been working west and north after entering Texas from Louisiana last year.

The thing to do, he says, is to vaccinate your dogs. When a strange animal puts in an appearance around the place, usually it's the dog that makes first contact with it. Humans get rabies from dogs.

The only way you get rabies is to get the germ under the skin, as by biting, or into the eye, or in an open wound. It's a nerve disease, climbing to the brain then down to the salivary glands.

The treatment which humans must take after exposure is not fool proof. Better vaccinate the dogs, and kill the foxes and wolves. Make the barn skunk proof.

People will do more to protect valuable livestock than to protect themselves and their families from disease.

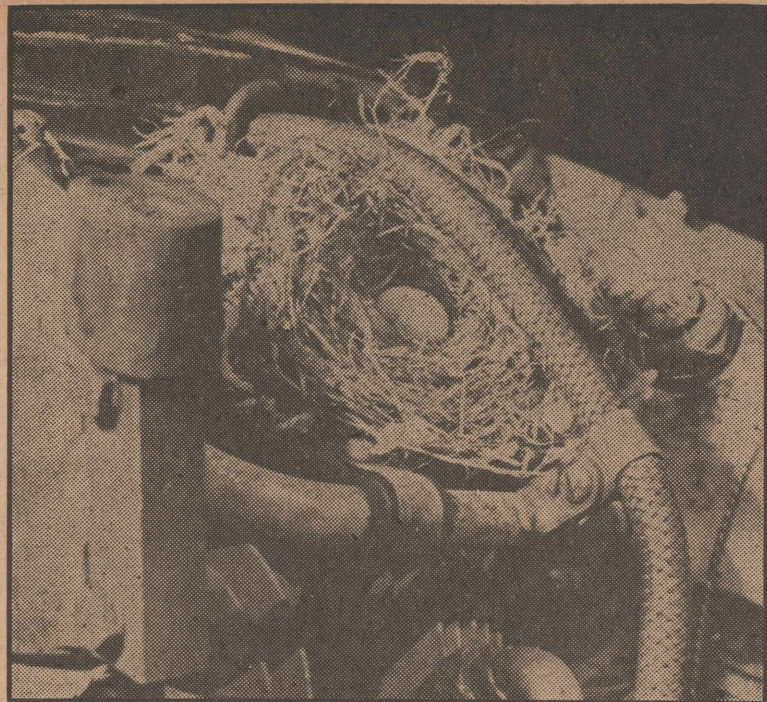

We note with considerable relief that a college professor in Washington has, after years of study, concluded that people are smarter than monkeys.

Also, we hear that "drive-in" churches are gaining in popularity. Looks like the steering wheel would get in the way at kneeling time. Parking meters could be used for collection plates.

One of the reasons the federal milk marketing controls may have tough sledding in a vote by dairy producers in some parts of Texas is that certain milk handlers have come out for it, too.

Some of them favor the federal control of milk marketing, though, because they prefer it to dealing with dairy co-operatives.

New varieties of wheat, oats, grasses, grain sorghums, hybrid corn, tomatoes, watermelons and many other crops are being developed right along. You miss getting a lot of good information first

ALMOST A FRIED EGG

While mechanics repaired one engine of an R4D (DC-3) transport plane at the Marine Corps Air Station in Santa Ana, Calif., two sparrows worked on the other with this astonishing result—a nest and a single blue egg atop No. 14 cylinder. The nest was discovered when Marines investigated the frantic activity of the parent birds around the plane. High engine temperatures would have burned the nest to a crisp, so Marines moved it to an eave of a nearby hangar.

hand when you miss the field days at the various Texas Agricultural Experiment Stations around the state.

The first bale of cotton attracts a lot of attention and brings a premium price, but we doubt that its average quality would measure up with the mid-season bale.

Mrs. James Moroney, whose husband is a high Dallas Morning News official, is a real farmer. Country life was entirely new to her four years ago when they acquired a place near Euless, but she forsakes city social life for her hogs, sheep, turkeys and beef cows now.

Home Canning Season Here

COLLEGE STATION — It's that time of the year. The season when many homemakers will be using the pressure cooker and the water bath canner to preserve the fine fruits and vegetables that have produced in the home orchard and garden. Before the canning equipment is put to use, Louise Mason, extension foods and nutrition specialist of Texas A. & M. College, says it should all be cleaned and checked to make sure everything is working properly.

The pressure cooker should be washed in hot soapy water and then rinsed well. She says the lid of the cooker should not be immersed in water because the water will likely ruin the face of the pressure gauge. Check the pressure gauge for accuracy with a master gauge tester. Using an inaccurate gauge will mean either over or under processed products, she adds.

Water or food should never be left in the cooker. Aluminum is

a porous metal and absorbs flavors and odors. She points out that a pressure cooker should never be used until the safety valve has been checked and cleaned. Serious accidents can result from stuck safety valves. All parts of the valve should be kept shining and clean. If the spring on the safety valve is weak, replace it with a new spring. They are inexpensive.

The products to be canned should be fresh and of good quality. The finished product will be no better than what you started with, she says. The products should be canned as soon as they are gathered for delays reduce food values. She recommends the pack raw and steam method of pre-heating, says the method is described in detail in C-223, Can Vegetables in a Pressure Canner; this bulletin can be obtained from your local county home demonstration agent. Remember all non-acid vegetables should be processed in a pressure canner.

She says it is best to can about what the family will consume be-

tween the growing seasons. This will vary with families and individuals but here is a suggestion; 22 quarts of green and yellow vegetables along with the same number of quarts of other vegetables plus an additional five quarts of pickles and relishes for each member of the family.

The canned products should be stored in a clean, cool, dark and dry place. She points out here that the food value of canned products tend to decline in storage and this is particularly true when the storage conditions are not good. She says small quantities of vegetables may be canned in a pressure sauce pan and that you can get information on how to do this from your local county home demonstration agent as well as any other information that you might need on home canning.

Mrs. H. F. Leach and Mrs. Elizabeth Bradley of Fort Worth are here visiting Mr. and Mrs. J. A. Leach and Inez and Mr. and Mrs. W. E. Leach.

Dollar for Dollar— you can't beat a PONTIAC

A Wonderful Performer
—at a Wonderful Price!

Almost everybody has a good word for the immensely popular Pontiac. The most enthusiastic spokesmen are those who own this great car. The facts behind this admiration of Pontiac are very simple—

Pontiac is America's lowest-priced Straight Eight. Pontiac is the lowest-priced car with GM Hydra-Matic Drive. Pontiac is the

most beautiful thing on wheels. And Pontiac is famed everywhere for its dependability and economy.

Those are the facts, and they are impressive. But they are a lot more impressive to the person behind the wheel of a Pontiac. He knows for sure that dollar for dollar, you can't beat a Pontiac!

They Visit Pikes Peak and the Royal Gorge

SAMNORWOOD SENIORS RETURN FROM CLASS TRIP TO COLORADO

By MRS. JACK LOWRY

The Seniors of Samnorwood have returned from their senior trip to Colorado.

They chartered a bus and left Thursday night, just after graduation exercises. They spent four days on the trip and the bus was driven by Herman Doshier.

They went to Colorado Springs and stayed in the Belview Lodges. While there they visited the Cave of the Winds, went up Pikes Peak by cog; visited Mount Manitou and the Zoo. They went ice skating and swimming at the Broadmoor Hotel, and roller skating in Manitou Springs.

On their return trip they came by Canon City to see the Royal Gorge and walked across the highest bridge and rode the steepest railway.

Making the trip were Betty Fain, Bettye Price, Anna Lou Young, Eugene Young, Eugene Terry, Fayrene Pennington, C. H. Clark, Ray Benton, Benny Benton, John Fitzgerald, Oreta Graves, Wanda Morgan, Dorothy Scott,

Wayne Whitson, Billy Mayo, Bob Ray, Hubert Peeples, Patty Leake, Marie Grogan, Charles Holt, Douglas and Dudley Coleman, Daphene Terry, Mrs. E. Holt, sponsor; Mr. and Mrs. Everett Fain, Mr. and Mrs. Newt Price, Mr. and Mrs. Willard Ethridge and Mrs. Wood Coleman, class parents.

Miss Horsley Receives Degree

Miss Loeva Frances Horsley, granddaughter of Mrs. H. L. Pierce and niece of Miss Loeva Pierce, was among the 500 students receiving degrees at the recent commencement of North Texas State College, Denton.

She was one of 29 from the entire group graduating with high honors.

Miss Horsley is the daughter of Mr. and Mrs. Tip Horsley of Arlington. She visits her grandmother and aunt here each summer.

Father of Mrs. Caldwell Dies

Funeral services were held Friday, June 2, at the Church of Christ at Hollis for Robert Young Darnell, 79, prominent Harmon County farmer, who died in a Hollis hospital Thursday.

Mr. Darnell was the father of Mrs. Charles Caldwell Jr. of Wellington.

B. R. Tittle, minister of the church, conducted the services, and burial was in Fairmont cemetery at Hollis.

Mr. Darnell was born at Sairborne, Ga., November 6, 1870. He lived in Texas for a time before moving to the Hollis area in 1908.

He is survived by his wife; daughter, Mrs. Caldwell, and a son, Young Darnell of California; two sisters, Mrs. Pollie Pate of Dallas and Mrs. Lou Harris of Fort Worth; four brothers, Horace Darnell of Wichita Falls; Jim Darnell, Victory, Okla.; and Jake Darnell and Varney Darnell of Hollis; a step-son, LeRoy Bridge of Hollis; a step-daughter, Miss Muriel Bridge of Oklahoma City; and two grandchildren.

Read the Want Ads.

Two More Theft Charges Filed

Two more charges of cow theft have been filed against John Emory, who was returned here from near San Antonio last week on a similar charge, Sheriff Claude McKinney said.

Emory is charged with stealing a calf near Lefors and selling it to Joe West of Wellington, and stealing a cow at Shamrock and selling her in Borger.

He admitted both thefts, the sheriff said. He was originally charged with the theft of a cow from Sam Turner.

DODSON

Well, those good rains are here and very much appreciated. We hope they continue.

H. F. Perkins and family left for Weatherford last week, where Mr. Perkins will attend summer school.

The juniors and seniors returned last Tuesday from a trip through Mexico. Making the trip with them were Mr. and Mrs. Howard Hunt, Mr. and Mrs. Harold Darby, Oris West, Mr. and Mrs. Jesse Roberson and T. E. Lennon. They report a very nice trip.

Zenith Swift visited last week in Wellington.

Several of our citizens have gone with their combines to help harvest the wheat crop.

The alfalfa hay crop is being harvested and seems to be fine.

Mr. and Mrs. H. B. Taylor of Ron were visiting here Tuesday.

Mrs. T. E. Lennon and children were in Weatherford Monday.

Mr. and Mrs. Earle Reynolds were in Dallas to market last week end, returning Wednesday.

Mrs. Irma Bonneau and Miss Elsie Jameson were guests of Mrs. W. C. Roberson last Saturday.

Mr. and Mrs. Z. O. McKinney, Mrs. M. A. Branum, Mrs. Lena Miller, Mrs. Clyde Alexander and Mrs. Ellis Earle were in Amarillo Tuesday, to attend the funeral of Mrs. John W. Branum, Jr., who was killed in a car accident.

Mr. and Mrs. James Farris and children, and Mrs. Julian Farris and daughter, Judy, were visitors here last week.

Mrs. G. E. Hunt, Virginia Cain and Billie Dale Hunt were in Lubbock Thursday.

Mrs. Jack Stewart was a Childress visitor Friday.

Word was received here last Monday of the death of Mrs. Gene Dawson of Los Angeles, California. Mrs. Dawson lived in and near Dodson for a number of years, moving to California some ten years ago. Mr. and Mrs. Bill Patterson flew to California for the funeral. Mrs. Patterson is a sister of Mrs. Dawson.

Mr. and Mrs. Wayne Darnell and children were guests last week end of Mr. and Mrs. M. R. Wynn.

Rev. J. M. Morrison, pastor of the Methodist church here, moved last week to Spur, Texas. Rev. John Lee Woods has moved here to take his place.

Mr. and Mrs. Z. O. McKinney and Mrs. Ross Swift were called to Childress Wednesday by the illness of Freddie MacDurnire. We are glad to report him better.

The Junior Civic Club met with Mrs. Oris West last Thursday night.

Mrs. Mattie Jameson spent last week with her sister, Mrs. Cordie Spurlin at Vinson, Oklahoma.

Mr. and Mrs. Horace Weaver and Wanell of Lefors, were Dodson visitors last week end.

Mr. and Mrs. Pat Patterson and Ruby Theatus of Hollis were in Dodson Sunday.

Mr. and Mrs. Sam Davis and Mrs. M. P. Scott of Hollis were in Dodson Saturday.

Duward Scott of Wellington was a Dodson visitor Saturday.
