Board Discusses Hospital Condition

around Muleshoe

Pat Moore informed *The Journal* that Bailey County Memorial Park had been freshly cleaned and mowed for Memorial Day.

Flag services will be conducted at Bailey County Memorial Park at 9 a.m. Monday. Flags were placed on veterans' graves Saturday.

According to Ms. Moore, within 30-90 days, local people would have control of Bailey County Memorial Park, as a proposed sale price had been agreed on, and legal papers are being drawn up at this time.

Texas Farms And Ranches Produce Billions In Revenue

Early data from the 1987 Census of Agriculture show that Texas had 188,788 farms based on $1,000 or more in sales of agricultural products.

Of the total number of farms, 68,792 had annual product sales of $10,000 or more, said Spencer Tanksley, county agent with the Texas Agricultural Extension Service.

Census data also showed that land in farms in Texas totaled 130,502,792 acres. Eighty-five percent of this land was on farms with $10,000 or more in sales.

The 1987 census showed that Texas farmers and ranchers sold $10.54 billion in agricultural products and that farms with $10,000 or more in sales averaged $147,748 per farm.

Data also showed that $2.96 billion or 26 percent of total agricultural sales were for crops while $7.58 billion or 72 percent came from the sale of livestock and poultry and their products, Tanksley said.

Census information comes from all identified farm and ranch operations in the United States. The Census Bureau defines a farm as any place where $1,000 or more of agricultural products were produced and sold or normally would have been sold during the census year. Sampling is used to collect data for selected items and to account for nonresponding farm operations, added Tanksley.

Reports for individual counties may be obtained by writing the Information Office, Agriculture Division, Bureau of the Census, Washington, D. C. 20233, or by calling (301) 763-1113.

Printed reports also are available from the Superintendent of Documents, U. S. Government Printing Office, Washington, DC 20402. Data on computer tapes and diskettes are available from the Census Bureau at (301) 763-4100.

Littlefield Man Injured Saturday In City Rollover

Shortly after 6:30 a.m. Saturday, officers, an ambulance, and the Muleshoe Fire Department were summoned to a one-vehicle rollover near West Seventh Street on American Blvd.

A 25-year old man from Littlefield was cut from the vehicle and was taken to West Plains Medical Center for treatment of injuries received in the accident.

Officers at the scene said the man had hit a metal electrical pole at the corner of 8th and American, spun around, then the vehicle overturned and skidded down the highway on its top for nearly a block.

Local Student Has DECA Win At National Level

By Carol Lund
Distributive Education
Clubs of America

Muleshoe High School student, Lawana Carrol Copley, placed as a finalist and won $50 in the entrepreneurship event at the 43rd annual national career development conference of the Distributive Education Clubs of America, conducted recently in Orlando, Fla.

A national student vocational organization with 180,000 members, DECA provides competition focusing on the marketing and management skills students are taught in marketing education classes. All marketing students are eligible to join a local chapter of DECA.

Lawana Carrol Copley earned the right to compete at the national level by placing in the Texas state conference held earlier this spring. To participate in the entrepreneurship event, Lawana Carrol Copley was required to develop a comprehensive business plan for a business.

The National Federation of Independent Business, the nation's largest advocacy organization representing small and independent businesses, sponsored the event. NFIB is one of forty major U. S. business entities supporting DECA activities by serving on its national advisory board. These groups view DECA as an opportunity to work directly with the education community, expanding among today's youth the understanding and appreciation of the American free enterprise system.

SPS Offers Return For All Customers

Southwestern Public Service Company (SPS) filed Monday to distribute $13 million in credits to its Texas retail customers, primarily representing these customers' share of proceeds from SPS's sales of electricity to other utilities.

A residential customer who uses 1,000 kilowatt hours a month would receive a credit of $10.21.

These new credits are separate from and in addition to previously announced credits related to recent SPS rate reductions.

As a participant in an experimental market program, SPS has been able to sell electricity to western utilities as far away as California on a competitive basis, said Jerry Diller, SPS's group manager of rates and regulation. Under the program, 75 percent of the difference between the cost of production and the sales price is to go to customers in the SPS service area, Diller said.

"Previously, these sales required time-consuming approvals of individual transactions and a rigid price formula established by the Federal Energy Regulatory Commission," Diller said. "Under the experimental program, utilities are able to buy and sell electricity in what amounts to a daily auction."

The credit also represents proceeds from SPS sales to other utilities made in the traditional regulated manner.

SPS has been successful in the bulk-power market because it is a low-cost producer, Diller said.

"Demand has been high because several power plants in the western United States have been out of service for various reasons," Diller said. "Also, hydro-electric power from the Pacific Northwest was limited due to relatively dry conditions."

These circumstances will change, Diller said, so it is difficult to predict if SPS sales at past levels will continue.

SPS filed the requested credit with the Public Utility Commission of Texas (PUCT). If approved, the credit would be recognized in August electric bills.

"We also are requesting that the PUCT establish a procedure whereby we can pass on any future credits from such sales on a periodic basis as they accumulate," Diller said. "Under present PUCT procedures this is not possible."

The proceeds from these bulk-power sales to other utilities are treated as a fuel-cost credit. The $13 million credit requested by SPS includes approximately $2 million in traditional fuel savings resulting from lower costs for coal and natural gas. The credit also includes interest at 11.7 percent.

Hospital District Board Looking For Solutions

With all five members of the temporary board for the proposed Muleshoe Area Hospital District present; Jim Burgess, president of the current board for West Plains Medical Center; several hospital personnel; and other visitors; John Chisholm, administrator of the hospital and nursing home gave a beginning report on the financial and physical condition of the hospital Wednesday night.

"It's quite true," said Chisholm, that the hospital is deeply 'in the red' and is currently losing money, but the $27,000 lost in April of this year is considered 'normal' for all rural hospitals with a comparable size to the one in Muleshoe.

He reminded that currently, the Muleshoe Nursing Home is "carrying" the difference in money the hospital is not receiving at this time.

The hospital administrator reminded that a hospital is unlike most other businesses, in that most of their cash flow comes from insurance companies, who can delay for several months before paying claims.

"For instance," said the administrator, "some of the cash shown due the hospital is from insurance claims filed in November and December, 1988."

He said he is working diligently with his office attempting to speed up the time claims are mailed to insurance companies, and where a 'turnaround' time (the time the payment is received) has been as much as 40 days or more, they are working toward a 23-day turnaround.

Chisholm said that when he first came to Muleshoe, earlier this year, he found that West Plains Medical Center had just received a Blue Cross temporary number to receive claims.

Approximately three years ago, Blue Cross had 'shut off' West Plains and had refused to honor insurance claims from the hospital here.

For instance, Blue Cross requires pre-authorized charges to be approved before anyone can file a claim.

Chisholm said West Plains Medical Center expects to be approved for a permanent number with Blue Cross-Blue Shield when representatives will be in Muleshoe within the next two weeks to check claims, and check the hospital for a safe environment for their patients.

He also said the hospital is not getting CHAMPUS, which is the civilian insurance through the military, and cannot be approved for CHAMPUS until Medicare is approved here.

Workman's Comp claims were not being paid, because the formula had changed during the time the hospital was closed, and WPMC did not receive mailings about the changes. However, that has all been cleared up and Workman's Comp claims are now being paid.

Chisholm also said some of the past due accounts are beginning to be paid. Over $60,000 in accounts was turned over to the Muleshoe Retail Merchants Association for collection, he said. Others have gone to JP Court, and some people are going into the hospital offices, making arrangements to pay out their past due accounts.

Although WPMC was approved through May 31 for 23-hour observation in the Emergency Room by Medicare, Chisholm expects an extension on the

Nine Local Students Will Go To Europe

It's going to be an exciting time this summer for nine Muleshoe teenagers. The Muleshoe High School students who will be going to Europe June 13 will join Cuyahota Christian Academy in Ohio, Memorial Parkway Junior High School of Katy, TX and Richwood High School of Peoria, Ill. for the fifteen-day tour of six countries.

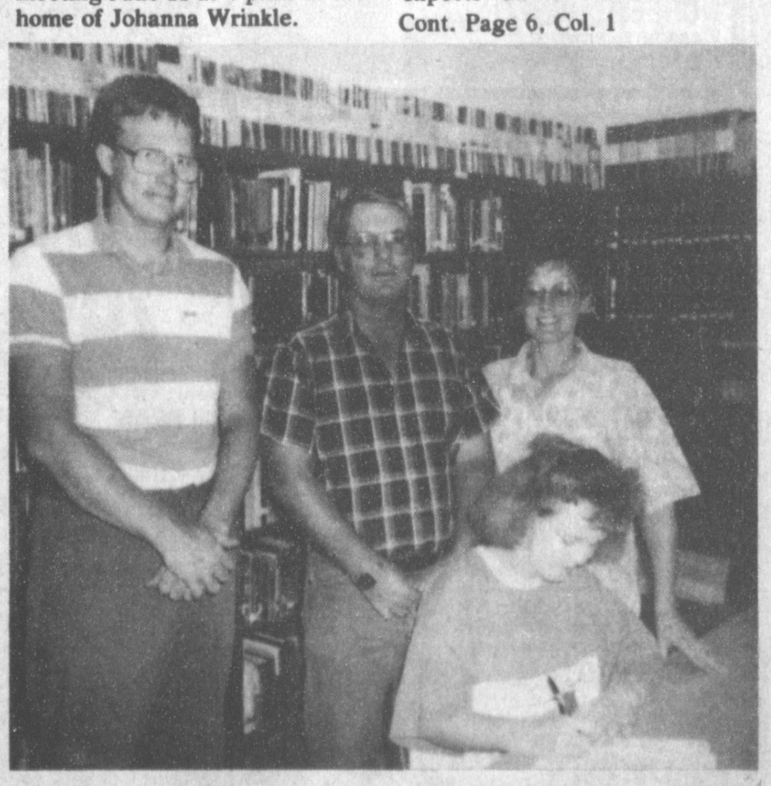

Sponsor Johanna Wrinkle, said the teenagers look with eager anticipation to the long-awaited trip. One of the travelers, Kelly Conklin, states that she is going to Europe because she is curious to see how others live and, especially, to have fun.

She is looking forward to seeing the Eiffel Tower, the Leaning Tower of Pisa, and the cathedrals.

Kelly states, "I am glad I am being given the opportunity to go on this trip. It will be very educational and fun."

Michelle Finney, another traveler, comments, "It will be a new experience to meet new people that have different cultures and to be in a new environment. It (the trip) will be remembered forever."

The group will have a final meeting June 11 at 4 p.m. in the **home of Johanna Wrinkle.**

MCGEHEE SIGNS NATIONAL LETTER OF INTENT--Amy McGehee, a senior at Lazbuddie High School signed a National Letter of Intent to play basketball for the Lady Indians at McMurry College in Abilene. Amy, a 5'7" point guard for the Ladyhorns, averaged 11 points, 4.4 steals, and 4.4 assists per game. The Ladyhorns finished the season at 15-13. Creative Living

by Sheryl Borden

Information on potato recipes for all kinds of food occasions and recipes for invigorating showers and baths will be the featured topics on *"Creative Living"* on Tuesday, May 30 at 12 noon and on Saturday, June 3 at 2 p.m. (All times are Mountain.)

Marie Rama, representing the Idaho Potato Commission in Boise, ID, will present some fun ways to entertain and surprise your guests. When time is a factor, smart cooks rely on the good flavor and convenience of a variety of processed potato products. Marie will demonstrate how to make use of potatoes in a variety of forms to prepare quick and wholesome meals.

The flashback segment will feature Catherine Kanner, representing Zest, from Santa Monica, CA. Catherine is probably the only writer in the world who can make one particular claim: she fills her readers with a strange urge to take a shower or bath! The book, entitled Book of the Bath, contains pages of recipes for invigorating showers and baths. Catherine has not only created these recipes, but has also illustrated her book.

On Tuesday, May 30 at 9:30 p.m., and repeated on Thursday, June 1 at 12 noon, *"Creative Living"* will present information on interesting and tasty products from Pepper Patch, texture of baby foods, and a demonstration on cake decorating.

Dot Smith, president and founder of Pepper Patch in Franklin, TN, will share some of her favorite recipes from the company. Pepper Patch is known for using only the best produce, the best grains and dairy products, and baked with homemade goodness.

Amy Riley, an associate with Gerber Products in Fremont, MI, will discuss the different textures of baby foods and explain why different products are introduced at different stages in a baby's development.

The flashback segment will feature Zella Junkin, Manager of Consumer Affairs with Wilton Enterprises. Cake decorating can be a pleasure and a challenge. Zella will demonstrate the basic techniques of cake decorating, which includes making stars, zigzags, writing and outlining. Zella lives in Woodridge, IL.

"Creative Living" is produced and hosted by Sheryl Borden. The show is carried on more than 100 PBS stations in the United States, Canada, Guam and Puerto Rico and is distributed by Pacific Mountain Network. Denver, CO. Viewers can request copies of printed materials offered on the show by calling on KENW-TV's toll-free telephone lines between 8 a.m. and 5 p.m. In New Mexico, the number is 1-800-432-2361, our-of-state: 1-800-545-2359 and Portales and Roosevelt County: 562-2112.

In Fashion

Brides continue to go traditional as they choose their wedding gowns. This spring's favorite is the sweetheart gown with fitted waist and full skirt.

Once the wedding theme is determined, the bridal gown becomes most important. Fabrics are a consideration for spring and summer weddings. Sheer fabrics of chiffon, georgette and organdies are among the choices for this season. Bridal satin will always remain traditional.

Lengths and necklines are varied and most brides choose their favorite design. Trains range from chapel to cathedral lengths depending on how formal the wedding is.

The older one grows, generally speaking, the more he appreciates order, manners, and friendships.

MISS SHERRI LYNN STOVALL

Bridal Shower Honors Miss Sherri Lynn Stovall

Miss Sherri Lynn Stovall, bride elect of James Todd Jones, was honored with a bridal shower Saturday, May 20 in the home of Charles and Sheila Moraw.

Todd Jones, Sherri Stovall; David and Nancy Stovall, parents of the bride elect; Theresa Jones, mother of the prospective groom; Ruby Everett, grandmother of the bride elect; Karen Stovall of Houston, sister of the bride elect; and Charles and Sheila Moraw, greeted the guests as they arrived between the hours of 2:30 and 3:30 p.m. Leigh and Leslie Moraw registered the guests.

Tahitian punch, pecan sandies and thumbprint cookies, assorted nuts and pink mints were served from crystal appointments by Laurey Grant and Meischelle Scoggin.

The serving table was covered with an ecru Belgian linen table cloth and accented with a silk floral arrangement in shades of pink and blue. The honoree's corsage consisted of pink carnations.

The hostesses gifts were a king size waterbed comforter in Southwest colors, and a set of Farberware cookware.

Hostesses for the occasion included: Elaine Burgess, Neva Calvert, Kathy Embry, Verna Ferris, Sharon Grant, Dean Gunstream, Sue Holt, Connie James, Ann Johnson, Melba King, Pat King, Kat Lepard, Frankie Lunsford, Sheila Moraw, Joyce Morrison, Della Puckett, Laura Seales, Lela Ann Smith, Pat Watson and Elinor Yerby.

Rebekah Lodge News

Nine members of the Muleshoe Rebekah Lodge No. 114 visited Friona Lodge Monday night, May 22 when Ruby Green, District Deputy president, made her District visit to District 5, to hold a district school of instruction. Nine members from Hereford, five members from Clovis Friendship Rebekah Lodge No. 21 were visitors and nine members from Friona Lodge were present.

Tuesday night the Muleshoe Rebekah Lodge met in regular session. Velma Howell pro team Noble Grand presided over the business meeting. Nominations was open and Linda Tosh was nominated for Noble Grand, Ina Wilemon and Velma Howell were nominated as vice grand. Nominations will be open again next Tuesday night.

Plans are being made for the presidents visit which will be Monday, June 12.

Fern Davis read "An Outsider View" of Rebekah's and Oddfellows.

Adele Tompkins led the candle light service and Louise Audrey light service and Louise Allen gave the closing prayer.

Audrey and Pat Langfitt served refreshments to 18 members.

In Fashion

For the past few summers sheer stockings in pale colors, white or gray, were popular, but this summer they may be passe.

Fashion predicts dark stockings, especially sheer black will dominate summer wear. Black is very good with the black and white spectator shoe.

ENGAGEMENT ANNOUNCED--**Tia Jojola and Clyde Conley wish** to announce their engagement and approaching marriage. Vows will be exchanged Saturday in Lotus Park in Sudan. The bride-elect is the daughter of Ron and Lois Swain of Broomfield, Colo. and Conley is the son of Gene and Judy Conley of Sudan. The couple plan to make their home in Spearman where Conley is employed with Service Drilling Co. and the bride-elect is employed at J.J.'s Restaurant.

Library News

by Anne Camp

CREATURE FEATURES is our name--*READING* is our *GAME!* This is the slogan for the 1989 Texas Summer Reading Club at the Muleshoe Area Public Library! Registration begins Thursday, June 1 at 10 a.m. and will continue throughout the program which will end with an awards day on July 12. This fun-filled reading club is for kids first thru fifth grades and is co-sponsored by the Friends of Muleshoe Area Public Library and the Texas State Library. It's purpose--to encourage non-readers to enjoy reading, reluctant readers by reading more, to read better, and hopefully it will help all who participate to become avid readers!

- Each child that reads 10 books will get a certificate from the Texas State Library, and will have a chance to "Go-For-It" (draw a ticket for a gift item to be redeemed at one of the sponsoring businesses.) Then the child may stop or continue to read and report books and receive other awards and prizes. At the end of the program the highest readers in each age group will receive "Creature-Features" T-shirts.

Every Wednesday from 2:30 to 3:30 p.m. movies and/or Videos will be shown and games and contests will be held in the library activity room.

A parent must come with small children, first thru third grade, to register so that the program can be explained to them, so that they can help their child to get the most out of the program. The parents interest and participation is very important for it's success. All children of the area are invited to join and participate along with their other summer activities.

Xi Omicron Xi Sorority Elects New Officers

New officers were installed at the May 2 meeting of Xi Omicron Xi, held in the home of Dawn Williams.

New officers elected were president, Dawn Williams; vice president, Susan Wedel; recording secretary, Jacque Boutell; corresponding secretary, Pat Young; treasurer, Ginger Caldwell; and City Council Representatives, Nancy Barrier and Barbara Mutschler.

The group enjoyed a variety of salads provided by the members attending. A chapter business meeting was held and plans were discussed for the end of year party to be held at the Civic Center. All three chapters participated.

'Let The Good Times Roll' Pioneer Celebration Theme

"Let The Good Times Roll" is the theme chosen for the annual Sudan Pioneer Independence Day Celebration scheduled for June 24 in the Sudan City Park. Tom Rigsby and Mike McDonald are serving as co-chairmen for the celebration.

Plans are underway for games and events for all age groups. Arts, crafts, quilts, needle work and antiques will be displayed in the Senior Citizens Building. The coin dig, turtle races and tractor pull are always a star attraction for the younger set. All types of games for the children will be available during the morning. The ever popular dunking booth will have a featured place in front of the City Hall.

The parade will be held during the afternoon, along with raffle drawings throughout the day for the gifts provided by Sudan merchants.

A barbecue, Jack and Jill volleyball tournament and street dance will round out the day's events.

It was reported that donations (money or time) would be appreciated. If you have not been contacted and would like to make a donation you are asked to drop a note to the Pioneer Independence Day Committee: P.O. Box 224, Sudan.

Jennyslippers Plan For Busy Summer

Muleshoe Jennyslippers had a lengthy agenda as they met at noon Tuesday. Sandi Robinson called the meeting together and Thursie Reid led the group in prayer. Minutes of the previous meeting were read by Nancy Kidd and Evelyn Peat gave the treasurer's report.

A report was given on the TV Auction scheduled at Portales in June. The Jennyslippers will be on the program on Thursday, June 15 answering the telephones.

The buss tour was also discussed. The tour buss will arrive in Muleshoe at 4:30 p.m. on Friday, June 15, and a number of activities are scheduled to welcome them to Muleshoe including an evening meal at the Old Depot, served by the Jennyslippers. The group voted to make welcoming badges for the tourist and also give each of them a ditty bag.

Thursie Reid, Ruby Green and Doris Wedel will be the judges of the Garden Spot of the Week for the next two weeks. If you know of a pretty garden spot, you are asked to call the Muleshoe Chamber of Commerce by 5 p.m. on Wednesday and make your nomination.

The Fourth of July parade was also discussed. The Jennyslippers will be in charge of the parade lineup only. Jennyslippers are asked to be at the Old City Park at 4 p.m. for the 5 p.m. parade. The Jennyslippers will also enter a float.

It was reported that the Jennyslippers gave Phil Gram a set of Mule Shoes, at the Air Port ribbon cutting, and he will challenge President Bush to a Mule shoe Pitching Game while he is at Gramm's place.

It was also reported that bids were taken from Ben Franklins and Perry's for the Easter Eggs for next years hunt with Ben Franklin's receiving the bid.

Hospital Condition

Cont. from Page 1

Medicare payments. He said Medicaid had called during the week to check on the Medicare number and Kay Swint, Director of Nurses, had received a letter from Medicare asking for the nurse staffing pattern for specified periods. "I am proud to report," he said, "that we can meet the staffing patterns, so there's a good chance we can continue the 23-hour Medicare observation period."

Also, since Dr. Mark McClanahan has moved to offices in the hospital, more funds are coming in as he is utilizing the hospital lab and x-ray.

West Plains Medical Center and the Muleshoe Nursing Home staff is currently above 90 persons, with some of these being part-time workers. However, the hospital administrator reminded that the hospital still needs a full time pharmacist and a full time physical therapist.

Maintenance costs are up some, and showed $7,176 for April. Much of that expense was in connection in trying to put the air conditioners into working condition, and re-conditioning the cooling towers on the hospital, added the administrator.

James Pollock, maintenance supervisor, said he is working on the thermostats inside the hospital at this time. "The air conditioning is working, but is still on a temporary basis," said Pollock. "We're unsure just how long the cooling towers will last. The controls are wearing out and they are malfunctioning. Right now, we're just trying to make them last through the summer."

Chisholm said they are working on a budget at this time that is 85-90 percent ready and will be presenting it to the temporary board within the next week or two.

Currently, the vendor balance at the hospital is $104,000.

He said the hospital and nursing home divide the utilities, which average per month, $4,000-SPS; $2,500-Energas; the City of Muleshoe-$400; phone-$850 and communication system-$450.

Figures released by Chisholm showed that in 1985, 368 patient days had been spent in WPMC; this was shown to be 102 through March, 1988 and 105 through March, 1989. This averages out to 3.4 patient days each day in WPMC.

There's 50,000 square feet of building to be maintained, said the hospital administrator. This includes 24,500 in the hospital, 15,500 in the nursing home; 8,000 in the clinic and 2,000 in dietary.

Chisholm was asked by board member, Bob Finney, "Out of the current cash flow, you have not paid any outside, on-top liabilities such as FmHA, back taxes, back bills, interest, etc."

Chisholm said *no back bills* have been paid from current cash flows.

Two large hospitals who have Outreach Programs, have agreed to meet with board members. Representatives from Methodist Hospital at Lubbock will meet with members of the Muleshoe Area Hospital District board at 8 p.m. on June 14. St. Mary of the Plains Hospital, also of Lubbock, will be having two meetings with the temporary board. One will be at 11 a.m. on May 31 and the second at 8 p.m. on June 7.

Temporary Board President Buck Campbell said, "It is a concern of the board for funds for day-to-day operations of the hospital. That's our first concern, to try to find out what has to be done just to keep the hospital operating on a daily basis.

"We want to run the hospital district (if approved) as well as we possibly can, with as little tax as we have to charge, to operate as efficiently as possible."

Chisholm added, "I was a traditional hospital administrator at one time. This hospital is certainly operating in a non-traditional basis."

After thoroughly discussing the need for Medicare certification, yet realizing the need for operating funds just to keep the doors of the hospital open, the hospital administrator said, "I would like to stress over and over again -- we do not see a date at this time for a formal Medicare audit."

During the next two meetings of the temporary board, John Chisholm will be presenting additional information on the physical and financial condition of West Plains Medical Center.

He also plans to include basic rates being charged by hospitals of similar size throughout this area for comparison purposes.

To conclude the meeting, Harvey Bass from the Muleshoe Chamber of Commerce and Agriculture Hospital District Election steering committee, gave a report on a meeting of that committee, which was held in an adjoining room at the city hall at the same time.

Bass reported that three Lazbuddie men visited the steering committee and asked questions about the Hospital District.

Two town hall meetings will be held prior to the election -- on June 13 and June 15. They will be to inform the people of both the communities about the proposed hospital district.

Bass explained some of the ideas being explored by the steering committee to help with the election.

He said posters are being placed in store windows throughout the area, and brochures will be distributed, saying that both major grocers in Muleshoe will be placing the brochures in customer sacks.

Although it is not known at this time how much the tax would be for the hospital district, various figures are being worked out, and will be released well before the June 20 election. The maximum tax that can be charged is 25 cents for every $100 valuation, but no one on the temporary board believes the tax will have to be that much.

Examples will be given for various taxes and various pieces of land or homes, so people can have an idea, and compute the amount their tax would be.

The Muleshoe Area Hospital District Board meets each Wednesday at 8 p.m. in the council chambers at the Muleshoe City Hall. Visitors are welcome, and their questions are welcome. The meeting is totally open to the public at all times.

Cont. from Page 1

At presstime, the extent of injuries to the accident victim were unknown, but he was not believed to be seriously injured.

Officers said he had his seat belt buckled, and that fact alone probably saved his life.

Notice To Taxpayers

Taxpayers in the Bailey County Appraisal District have an opportunity to protest values proposed for their property for local taxes. The property owner *must file* a written "notice of protest" with the Appraisal Review Board (ARB) *before June 23, 1989.* The district's Appraisal Review Board hearing will be on July 10, 1989 at 104 E. Ave. C.

Official forms for a notice of protest are available at the Bailey County Appraisal District office, 104 E. Ave. C., Muleshoe. A letter from the taxpayer is also acceptable as long as it identifies the property owner, the property which is the subject of protest, and indicates dissatisfaction with some decision or action of the appraisal office.

Each protesting taxpayer may offer evidence or argument either in person or by filing an affidavit with the ARB. Taxpayers should be aware that the ARB has no authority over tax rates or taxing units or taxing unit spending and will not hear protests of those matters.

The ARB will schedule hearings as property owners file protests and will inform them of the time, date, and place of their individual hearings.

The State Property Tax Board has issued a pamphlet called "Taxpayer's Rights, Remedies, Responsibilities" available at the Bailey County Appraisal District office, 104 E. Avenue C, Muleshoe, which explains how to prepare and present an appeal to the ARB.

Two New Bills For Retired Teachers Pass

Two far-reaching retirement bills affecting every current and retired school employee in Texas have been passed by the Texas Legislature and sent to Gov. Bill Clements for his signature.

The Texas State Teachers Association praised the Legislature for passing both House Bill 85, sponsored by Rep. Jim Rudd of Brownfield, and Senate Bill 490 by Sen. John Montford of Lubbock.

Among the major provisions in the bills are options for early retirement for current school employees, improved provisions for beneficiaries and a raise for currently retired employees.

TSTA President Charles Beard said the retirement legislation was top priority legislation for his 95,000 member association, along with an improvement in the state's basic salary schedule.

"This bill will go a long way in attracting new teachers to choose teaching as a career," Beard said. "It adds an important benefit for all other school employees, including the educational support personnel."

House Bill 85 provides full retirement benefits to any 55-year-old school employee who has 30 years of service in the profession. It also would reduce the early retirement penalties for others. For example, an employee at age 55 years with 20 years of service could retire with only a 10 percent reduction in benefits, as opposed to the current penalty of 30 percent.

The bill also increases monthly benefits for currently retired employees, ranging from four percent to 16 percent depending upon the year of retirement, up to $100 per month. The raises will be distributed in four groups: those retiring before September, 1975 will get 16 percent; those retiring between Sept., 1975 and Aug., 1980 will receive 12 percent; those retiring between Sept., 1980 and Aug., 1983 will get eight percent; and those retiring between Sept., 1983 and Aug., 1986 will receive four percent.

The state's contribution to the Teacher Retirement System will be increased from the current 7.2 percent to 7.65 percent for four years, after which it will automatically increase to eight percent, the original amount of the state's contribution before reductions were made several sessions ago.

Senate Bill 490 also adds key benefits in that it reduces the current vesting period from ten years to only five years. It also provides options for beneficiary payments in that it will allow a retiree to elect to receive smaller monthly reitrement payments in order to guarantee a lifetime annuity for the designated beneficiary. Should the beneficiary die first, however, the retireee will now be able to evert back to full benefits.

It also provides the beneficiary the option of receiving a $10,000 lump sum or a monthly allotment.

Unless You're Careful

"Define the difference between 'results' and 'consequences.' " read a question in a school examination paper.

The best answer came from a bright youngster, who wrote: "Results are what you expect, consequences are what you get."

Huge Mail Pile-Up Slows Down Response

Astronomical amounts of mail flowing into Congressional offices has caused incoming mail to be delayed by seven days or more, according to U. S. Representative Larry Combest (R-Texas). Combest says he believes the postal slowdown may be partially attributed to the massive numbers of senior citizens writing Congress in opposition to the Medicare Catastrophic Coverage Act of 1988.

"Our office has been flooded with hundreds of letters seeking repeal or reform of the catastrophic health act," Combest said. "I know several of my colleagues are experiencing the same groundswell of opposition, and as a result of this and other hot issues, the Postmaster for the House of Representatives has written a letter informing us that mail is delayed by at least a week."

Passage of the catastrophic health act has resulted in an outcry from older Americans, who face a surtax increase of up to $800 per person to fund the new law. Combest has called the increased Medicare fees an "additional income tax imposed on senior citizens" and is cosponsoring legislation to repeal and reform the law.

"I received a number of letters yesterday from residents of the 19th District which were dated April 19. These letters are oftentimes more than two weeks late before I ever see them," Combest said. He added that House Postmaster Robert Rota has informed him that at the current rate, the House will receive a record 390 million pieces of mail this year alone.

"I am glad to see the residents of the District take the time to write to me," Combest said. "I read the mail received in our office, and I will continue to answer our mail just as soon s it is recceived."

Combest says outgoing mail is not affected by the logjam in the House postal facility. He has been assured by the postmster that every effort is being made to speed delivery of mail to Congressional offices.

DPS Cautions Driving Public About Holiday

Major V.J. Cawthon, Regional Commander of the Texas Department of Public Safety, reminds us that Memorial Day is the start of the summertime vacation travel.

Major Cawthon urges all drivers to exercise caution during the upcoming holiday weekend, because traffic will be on the increase with school being out. He also encourages all motorist to use extra caution in and around recreational areas. If you will be traveling this Memorial holiday, remember the largest cause of traffic deaths is a result of speeding and drinking and driving.

Major Cawthon said, "If all drivers obey all traffic laws this could be a Memorial Day that we could remember for years to come." He also stated, "The Department of Public Safety will be using all available troopers in an effort to reduce traffic accidents and assist motorists in order to make this a safe and enjoyable holiday."

Letter To The Editor

5-24-89

Dear Editor,

There is so much misunderstanding about the hospital district issue and the tax increase it will incur, that I feel compelled to relate some personal information.

During the time West Plains Hospital was closed, we had two emergency situations in our family that required a Flight for Life transfer to Lubbock, and a transfer by the local EMS, also to Lubbock.

This week I inquired at the local tax appraisal office to find out how much my taxes would increase if the hospital district should be approved and if the maximum tax increase should become effective on my home, tax appraised $57,000.00 for 1989.

I learned that I could pay that increase for ten years for about the same amount of money those two emergency trips cost. I am not complaining about that cost. I am just thankful there were doctors and emergency personnel to order and perform those services.

Most people will spend more money for Cokes and coffee in one year than their tax increase will be. Those who use tobacco products will spend more, and not once complain of the constantly rising tax on that.

I urge everyone to consider the costs of long distance telephone calls to out of town doctors, meals, travel expenses, motel accommodations, lost time and general inconvenience that will occur if West Plains Hospital is forced to close -- *if* economics is the only facet of this issue they have been considering.

Surely most folks realize that if we use facilities in some other locale, we will eventually pay for them on their tax base, which incidentally, is probably already higher than Bailey County, since we are on the lowest rate of any of the affected areas.

There are no free rides.

As for indigent care: the county of residence of all indigent patients is already being billed for their care given in other counties. Talk to your county commissioner about this.

Yours truly,
Betty Burelsmith

POWER

These naked steel poles with their whining copper wires are a symbol of tingling surging power; power which can lighten work and light cities, run a factory or illuminate a book. Power carried by these wires transforms a nation and makes possible ways of life that could not happen without it.

The Bible repeatedly speaks of the power of God released in human life making it new and vibrant. We all want the power of new life, but how do we get it? Well, to get power from the electric wires it is necessary to be attached to them, literally to become a part of them and share their pulsating singing life. It is like that with God, too. To have life from Him one must trust Him enough to become attached to Him, dependent upon Him, obedient to Him, sharing His way of life in love, and sharing the community of love which is His Church.

MISD Chooses Jim Stewart Athletic Director; Head Coach

Thursday morning, in a called press conference in the school administration office on West Avenue G, Dr. Lawrence Ward, superintendent, introduced the new athletic director and head football coach for Muleshoe.

Jim Stewart, who came to Muleshoe in 1986 as assistant to Athletic Director and Head Football Coach Dale Keeling was named to the new position. Coach Keeling resigned from his position and left Muleshoe the last week of March.

Dr. Ward explained that 45-50 inquiries were received for the position, and 30 completed their application and did all that was required to meet the qualifications for the position.

Although Coach Stewart received a large number of recommendations, Dr. Ward said they decided they needed to search for a coach with football experience. "We let it be known that we wanted to find the best coach," he said.

A committee of Dr. Ward, Tom Jinks and Wayland Ethridge checked out all the applicants and finally narrowed it down to seven. They started checking references and came to three applicants to be interviewed.

Dr. Ward said Coach Stewart was checked out the same as all the others, and each was asked the same questions, to insure fairness. "When we scored Jim, we tried to be very objective," he added. "The bottom line is, no one could beat Jim Stewart. He earned the right to be given the position. We are very proud and more and more impressed with him. At this time, we are very content, very happy with our choice -- he's earned it -- he's got it."

In a question and answer session, Coach Stewart said he wants to treat the youngsters in the athletic program right - he wants to be fair - and will talk with them.

"I'm going to give 100 percent, and I expect 100 percent from my athletes."

He said he is already contacting coaches and has coaches coming in for interviews. "I want the best coaches I can find," he added. "I'm looking for the best personnel we can hire."

Coach Stewart stressed that he is looking for mature coaches who know how to work -- who are willing to work 18-20 hours a day if necessary -- and who knows how to treat young people.

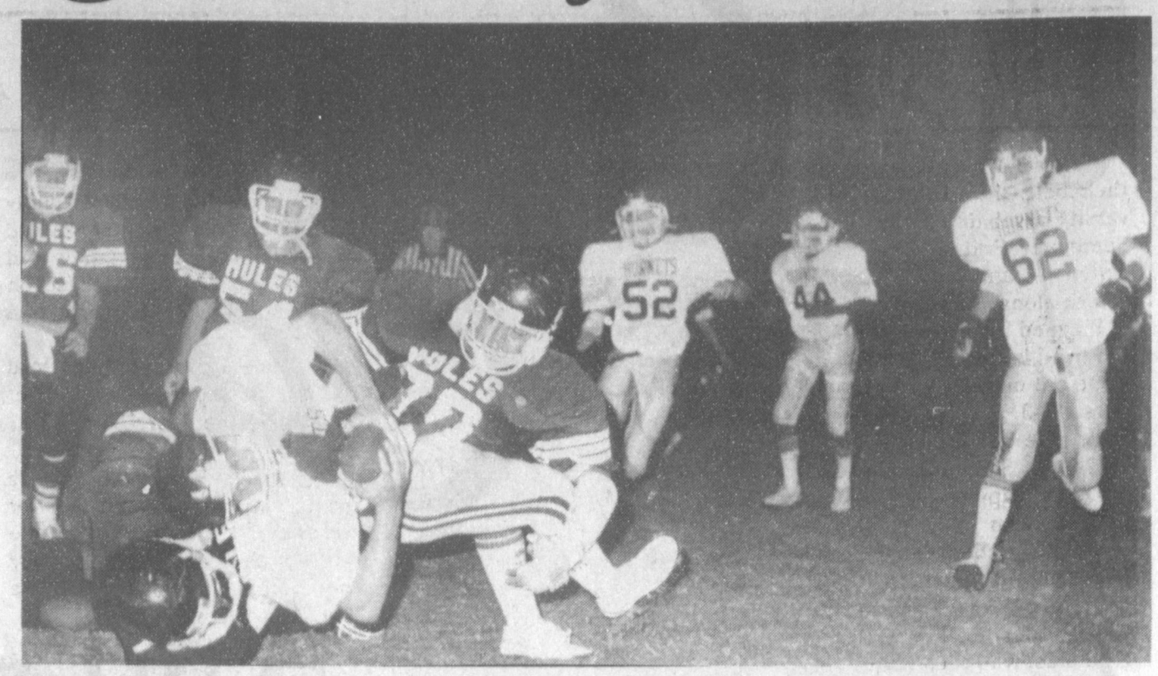

"We want to return to pride, determination, desire and attitude," he said.

With a two year contract, Coach Stewart officially begins his new duties tomorrow, April 3.

A native of McKinney, Coach Stewart coached in Dickinson before coming to Muleshoe.

Each summer for about nine years, he spent his summer months working with handicapped youngsters at the Lions Club Crippled Children's Camp at Kerrville. He has always said he has benefitted more than the youngsters have from his work there.

He will not be at the Lions Club Camp this year, although he keeps in touch frequently. He will be teaching Driver's Ed this summer in Muleshoe.

Congratulations Class of 1989

High School Baseball Underway ;Team3-2

With a 3-1 season record under their belt, the Muleshoe Mules' varsity baseball team travelled to Seminole Friday for baseball action -- and stumbled somewhere along the way.

Plagued by errors, with five in the third inning alone, the Mules came out on the short end of the stick, 13-3.

Despite being at bat 20 times to 24 for Seminole, the Mules failed to capitalize on the sure pitching arm of Larry Gonzales and fell victim to their own mistakes in the game.

Scoring were Michael Hardwick, Abel Leal and Rodney Reynolds, who each scored singly in the game.

Michael Hardwick, Salvador Olivarez and Danny Pollard each had one hit and Abel Leal had one base on balls.

Strike-outs were posted by Danny Rodriguez and Abel Leal, each with two; and one each for Ricky Flores, Michael Hardwick, Salvador Olivarez, Lonnie Wilhite and Danny Pollard.

After four games, the Muleshoe Mules varsity baseball team hitting stands at .406. At least one player, Michael Hardwick has an average of .700 and not far behind is Danny Pollard at .600.

In the .500 range are Danny Rodriguez, .500; Ricky Flores, .538 with Abel Leal close behind at .470.

The Mules were at bat 118 times in the first four games, and had 49 runs, along with 48 hits and 25 strike-outs.

They showed 41 runs batted in, 36 single base hits; seven double base hits and two home runs, one a grand slam.

Five pitchers, Joe Orozco, had 14 base on balls and 10 strike-outs in two games; Benny Parker 10 base on balls and one strike-out in two games; Abel Leal, 16 base on balls and two strike-outs in two games; Danny Rodriguez, five base on balls and six strike-outs in two games and Michael Hardwick, two base on balls and one strike-out in one game.

In action against the Hereford JV last Saturday in Muleshoe, the Mules captured a 12-11 victory over the Hereford team.

The Mules were at bat 37-36 times, and had 12 hits to 11 for Hereford. It was seven strike outs for the Mules and five for the Hereford Whitefaces. The teams each had 10 base on balls and each team had 11 runs batted in.

Pitching for Muleshoe were Abel Leal, Michael Hardwick and Danny Rodriguez.

On March 7, the Muleshoe Mules took on Denver City, and came home with a 13-8 victory.

The Mules took to the batting box 35 times, to 33 for Denver City and had 13 hits, holding Denver City to 10 hits.

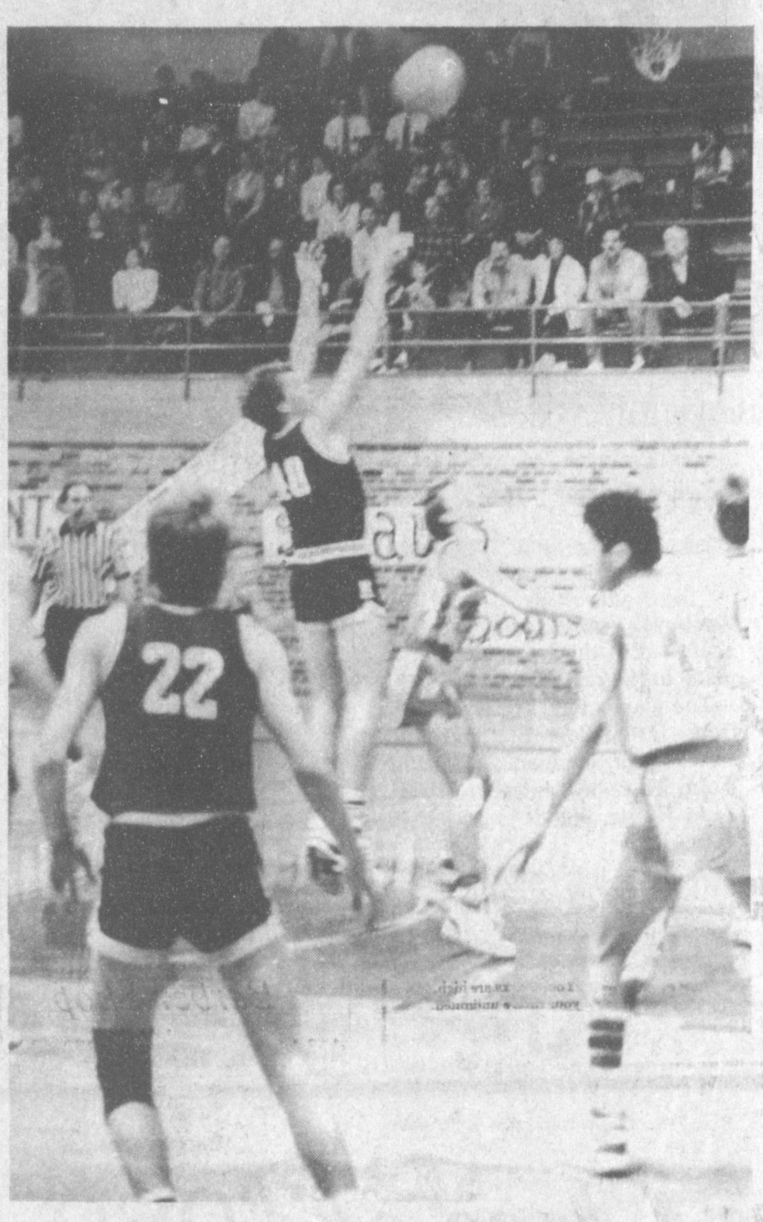

Each team struck out 11 times, and the Mules had 10 base on balls, while Denver City had eight.

With more than a single hit were the following Mules with two base hits: Ricky Flores, Abel Leal, Rocky Flores and Michael Hardwick.

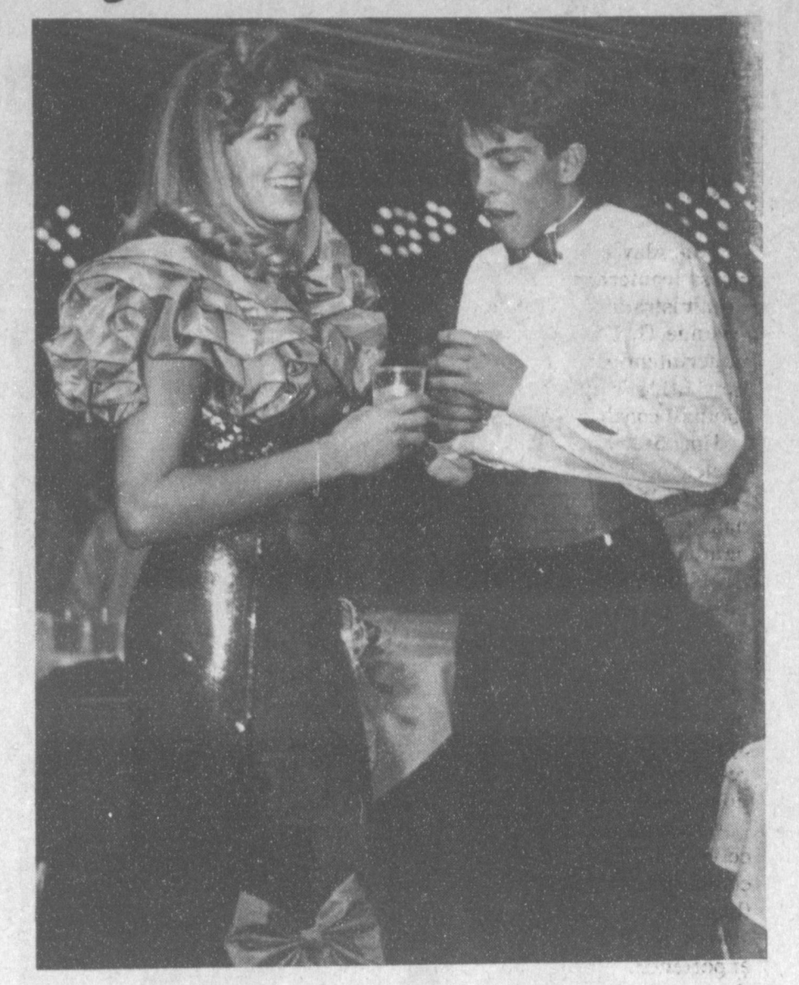

The Mules made only one error in the game, and Denver City was credited with two errors.

Pitching for Muleshoe were Joe Orozco, who pitched for six innings, giving up eight runs, on five hits, and had nine strike outs and seven base on balls.

Winding up the game was Danny Rodriguez who pitched two strike outs and gave up one base on balls.

1989 All-Region Band Members

Mighty 'M' Band Wins Fifth Consecutive Sweepstakes

"I am very, very proud of our band students who represented the Muleshoe community and the Muleshoe School District with pride, at UIL and at the Tech Festival last Saturday," said Mark Heidel, director.

His comments were made Thursday morning after the Mighty 'M' Band won it's fifth consecutive 'Sweepstakes' during competition at Sudan Wednesday afternoon. The only other 3A band to win a sweepstakes was Lubbock Cooper, said the band director.

In 2A competition, Hale Center won a sweepstakes.

Heidel continued, "The students have worked very hard and have put a lot of effort into the contest. They have reaped the rewards of their efforts.

"The music this year especially challenged the band, and they met that challenge head-on.

He also said, "I am very proud of all 64 band students and proud to be associated with the band and Muleshoe."

Each and every judge during the contest awarded the Mighty 'M' Band a 'I' said the band director.

According to some of their comments written on the judging sheets:

"It was some very musical thinking and playing.

"This is a really fine band. I really enjoyed it. Superb playing."

"What a pretty job today!!"

"This is more a compliment sheet than a comment sheet."

"I was really impressed."

Band director Heidel is justifiably proud of the job being done by his band.

Although the band currently has 64 members, Heidel said he expected the band to increase significantly next year, and he is looking forward with planning new music, and working with the band.

Last Saturday, the Mighty 'M' Jazz Band performed at Texas Tech and was named the "Out-

Award Winning One Act Play

Brandon Wilson First In State In Two Events

Friday and Saturday turned out to be 'very productive' for Muleshoe High School senior Brandon Wilson.

After spending four years in the Speech and Drama department at MHS, Wilson went into Persuasive Speaking and Extemporaneous Speaking as a junior.

Starting out this fall, more than 600 students in Texas were potential state finalists in the two events. The final 12 students went to Austin last weekend for the state contest.

Brandon got by the preliminaries on Friday and went into semi-finals on Saturday.

When he was named to the finals on Saturday, and went on to capture a first place in Lincoln-Douglas Debate and first place in the state in Persuasive Speaking.

He did not learn until the awards ceremonies at 4 p.m. on Saturday afternoon that he was the state winner in both events.

His winning subject in Lincoln-Douglas Debate was "Americans Have Over Emphasized Convenience at the Expense of the Natural Environment."

He won first place in Persuasive Speaking with "Has Exxon Acted Responsibly in Their Efforts to Clean Up Spilled Oil In Prince William Sound?" Brandon's answer was *"No."*

The son of Barry and Sondra Wilson. Brandon plans to attend Texas Tech University in the fall and major in Business Economics. Then, he plans to go on to law school and become a corporate attorney.

Was He Out?

Mule Kicker Relays Here This Weekend

More than 30 teams will be in Muleshoe Saturday to participate in the Mule Kicker Relays at the track around Benny Douglass Stadium.

Coach Tom Duncan said field events will get underway at 9 a.m., and running preliminaries will be held at 9:45 a.m.

Final runs will start at 2:15 p.m., beginning with the 3,200 meter, according to the coach.

He, along with several other interested coaches and persons, have been busy lining up volunteers to help with the track meet, which will be the largest ever held in Muleshoe.

Members of the Muleshoe Rotary Club are lining up to help with the track meet, and a meal will be served coaches and workers at noon.

Also, the Fine Arts Booster Club will be operating a concession stand, and will be selling char-broiled hamburgers, hot dogs, nachos, soft drinks and other snacks.

Coach Duncan said he and the other coaches are very excited about the meet, and it will be the last time for many Muleshoe area residents to see eight or nine seniors in action in Muleshoe, including Daniel Olivas, who was a district winner last year; Richard Ring and Michael Dunham.

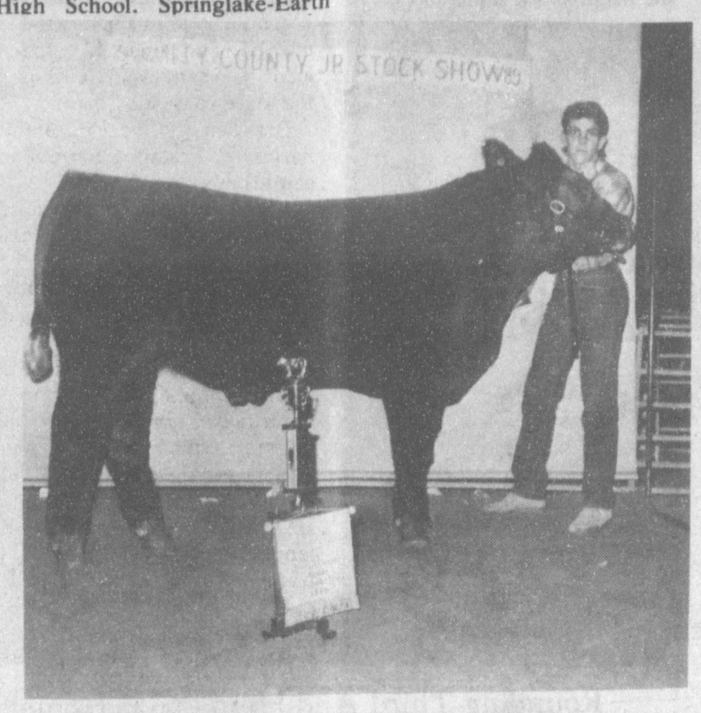

Other than Muleshoe, teams will be here from Canyon High School, River Road High School, Tulia High School, Dimmitt High School and Friona High School.

Also varsity boys will be represented from Hart High School, Olton High School, Kress High School, Springlake-Earth High School, Sudan High School, Sundown High School, Denver City High School and Lubbock Cooper High School.

Varsity girls will be represented by teams from Muleshoe, Canyon High School, Amarillo River Road High School, Tulia High School, Friona High School, Hart High School, Kress High School, Olton High School, Springlake-Earth High School and Sundown High School.

Other than Muleshoe JV, other JV teams will be here from High School, Tulia High School, Friona High School, Hart High School, Springlake-Earth High School, Sudan High School and Lubbock Cooper High School.

Coach Duncan and his thin clads from Muleshoe High School invite you to spend the day with them Saturday and watch all the track action in Muleshoe.

76 MHS Seniors Will Receive Diploma

Tuesday, May 30, is a very big 'milestone' for 76 Muleshoe High School seniors -- who will walk across the stage in the Muleshoe High School auditorium to receive their diploma in commencement exercises.

All the pomp and ceremony will be evident, and will be in a setting of silver and royal purple, the seniors' chosen colors. Their class flower is the Purple Orchid.

Ushering the several hundred persons who will be attending the graduation ceremonies, will be Stephanie Cox, Abel Leal, Brenna Matthews and Adelaido Godinez.

Providing the processional, recessional and special music will be the Muleshoe Mighty 'M' Band, under direction of Mark Heidel.

Debbie Brown will give the invocation and Johnny Horn, president of the senior class will lead the Pledge to the Flag. The audience will be invited to join the Mighty 'M' Band with the National Anthem.

Wayland Ethridge, principal at Muleshoe High School will provide the welcome and Dr. Lawrence Ward, MISD superintendent, will introduce the graduation speaker, John Gulley, MHS Foreign Language teacher.

The annual salutatory address will be given by Andrew Espinoza, followed by Lisa Noble with the valedictory address.

After Principal Ethridge officially presents the Class of 1989, diplomas will be awarded by School Board members Sam Harlin and Curtis Shelburne, and former school board member, R. D. Angeley.

"Winners Take All" the Senior Class song will be presented by the graduating seniors followed by benediction by Cary Jay Rhodes. The School song will be by the Class of '89 and the audience, with music by the Mighty 'M' Band.

Escorting the seniors will be Amber Green and Andrew Langfitt.

Graduating seniors include Esther Acosta, Norma Araceli Agundis, Gerald Ambriz, Krystal Angeley, Mary Lou Bastardo, Vanda Michelle Berry, Becky Suzanne Black, Jason Brazeal, Deborah Chrystene Brown, Floyd Shane Burris, Jeremy Clay Carpenter, Toby Gene Carpenter, John Chamberlin and Jimmy Paul Cisneros.

Espinoza Given Scholarship For Hispanics

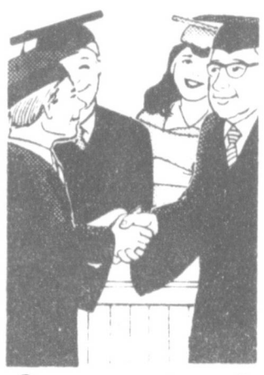

Andrew Espinoza, member of the senior class at Muleshoe High School, has been named recipient of a $1,500 scholarship from the National Hispanic Scholar Awards Program, it was announced by Principal Wayland Ethridge.

The MHS student is among 500 Hispanic students from throughout the United States who are receiving scholarships for one year's study at the college of their choice. An additional 500 students will receive Honorable Mention Awards.

The National Hispanic Scholar Awards Program, sponsored by the College Board and funded by the Andrew W. Mellon foundation, has distributed a total of 5,200 scholarships and awards since its inception in 1984.

Students enter competition for the Hispanic awards by taking the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test as high school juniors, and by identifying themselves as Hispanic. From this pool, winners are chosen on the basis of their overall academic achievements, including their grade point average, high school records, test scores, and other criteria such as personal qualities and community involvement.

This year's winners were selected from among 3,200 semifinalists. The names of all semifinalists are listed on a roster of outstanding Hispanic students, which has been released to colleges and universities to encourage them to seek out these talented Hispanic students as potential candidates for admission.
