## Sexual assault cases often unreported

There is an ugly truth in Colorado City, just like many other cities. You will not read much about in the newspaper or hear about it on the radio, but it happens just the same. This ugly truth is that there are a large number of sexual assaults happening around us on a regular basis and for the most part, they go unreported.

According to Investigator Kelsey Rivera, it happens very often and is rarely reported.

"The victims feel they are responsible in some way or that no one will believe them," Rivera said. "They need to know they are not alone."

In marriages, a common belief is that one party no longer has the same rights they had when they were single; it isn't rape if it is your wife. According to Rivera, that is just absurd.

"Your body is your temple," she said. "No one has the right to take that away from you."

Another area where the as-

saults happen frequently is the single dating scene, where young men and women, and even teenagers, are often the victim of assault.

"They get the feeling they cannot report the assault, because someone might say the way they were dressed meant they were 'asking for it,'" She said. Or they had been at a club, been drinking, now, they are finding ways to blame themselves for the assault, making it their own fault instead of that of the predator who attacked them."

So what does a victim do? Do they report it or simply hope it will go away?

"Yes, always report it," Rivera encouraged. "The victim needs to know they are not alone. There are many more victims out there no one knows about."

She suggested that if anyone believed they had been assaulted, they should do their best to not launder the clothes they were wearing. Also, a shower - no

matter how much the victim feels the need for it - should be avoided until after law enforcement has been notified.

"Call the station, ask for an officer to come to your home and be willing to go to the police station, along with the clothes you were wearing at the time of the assault."

Rivera said the victims would be put in contact with Victim Services, who can help them come to grips with what has happened and to place the blame where it belongs.

"Rape or sexual assault is not about a sexual urge," Rivera said. "It is about control, about dominance. This is how you start taking that control back. Victims need to know that they will be listened to, not dismissed."

A touch of prevention?

Unfortunately, there really is not a way to completely safeguard against these assaults. Not putting yourself in a bad situa-

HAILEY DUNN

## Dunn Birthday to be marked with balloons Saturday

Tuesday will be the 15<sup>th</sup> birthday of missing Colorado City teenager Hailey Dunn. Missing since December of 2010, Dunn's birthday will be marked with a prayer vigil and birthday balloon release on Saturday at her residence at 1804 Chestnut Street.

Stacey Campbell, with Hope for Hailey, said the organization has placed a new flyer on their website hopeforhailey.org.

"We want to keep her story out there," Campbell said. "We are still searching for Hailey and we still want her to come home."

The vigil is planned for 7-7:45 p.m. Hope for Hailey is also planning to have a candle available for the family to light on that evening. In addition, Kara Fuentes will be singing a special song for Hailey during the evening. The Coahoma youth's emotional song can be heard on Youtube.

Fuentes said she had to record the version "a million times" before she could get through it without crying.

Hope for Hailey personnel distributed the new flyers at HemisFair Park in San Antonio and the Texas Cowboy Reunion

and Rodeo Parade in Stamford this Fourth of July.

Campbell said she wanted people to remember Hailey Dunn was still missing and that was the organization's concern.

"It's not about the parents or the media," Campbell said. "It's about Hailey."

Investigator Kelsey Rivera of the Colorado City Police Department said the Dunn's birthday would be a somber day in Colorado City.

"My first thought is that I am grateful there is still so much community support," Rivera said. "I am still looking for answers also."

Rivera said her department, as well as many others, still get tips about Dunn's whereabouts and they must all be examined closely, no matter how improbable.

"Things happen every day," she said. "There are days when no tips come in, but even then, we are looking back at the case, talking with people."

Anyone with any information about the whereabouts of Hailey Dunn should contact the Colorado City Police Department at 728-5294.

## City to break ground for new water tower

A monumental occasion is set for August 23<sup>rd</sup> at 9 a.m. The City of Colorado City will break ground on installing a replacement water tower at the current water tower site.

According to a memo by Jacob & Martin Engineering, both of the city's elevated water storage tanks contain lead-based paint and the Texas Commission on Environmental Quality has notified the city to either re-paint or replace the two old tanks. With repainting the tower being an expensive but temporary fix, the city purchased a water tank to be installed in the same location as

the old towers.

The smaller of the two existing tanks, which holds 175,000 gallons, will be replaced with a new single pedestal 300,000 gallon elevated water storage tank. The new tank will be less costly to re-paint in the future due to having no legs and due to not having lead-based paint.

The smaller old tank will be removed by the tank contractor. The tank construction company is Caldwell Tanks from Georgia, and the project is expected to be completed by the end of February 2013.

## County pays city for sewer lines

In a 9 a.m. called meeting of the Mitchell County Commissioners Court Monday, the commissioners approved a revised invoice from the City of Colorado City for the sewer lines at the new law enforcement center. The previous invoice of \$150,000 included just under \$5,000 to be used as a contingency fund, taking it to the \$150,000 limit the county would be willing to pay.

In last week's court, the commissioners decided not to pay the invoice, until they could seek legal advice on the matter. Commissioner Billy Preston had voiced a concern about the extra money, as well as paying for the service before it was rendered.

Monday, Commissioner Preston renewed his concern about paying the bill before the service had been delivered, as the court agreed to pay the new invoice, in the amount of \$145,224.

"I am still not comfortable paying before we get the service," Preston said Monday.

Questions of legality were laid to rest, however as County Judge Ray Mayo told the court he had talked to the county's attorney in Austin and was told it was perfectly legal to pay the invoice in advance. But legality aside, the some members of the court still had concerns about the way things were going with the project.

"It may be a little late now," Commissioner Jeremy Strain said, "but is the city not required to keep up with its own infrastructure? I mean aren't they supposed to deliver service to your back door?"

The motion to pay the adjusted invoice was approved with a 4-1 margin, with Commissioner Preston representing the one negative vote.

The county also agreed to pay \$70,390,

representing an interest payment on the new jail.

In other business, the court agreed to pay the county's payroll in the amount of \$62,294.71.

In a public hearing to discuss the new proposed tax rate of .410407 for 2013, no one came before the court to offer either support or opposition, so the session was closed and the commissioners moved on to other business.

One piece of business the court discussed was the creation of an information and technology position. The court unanimously agreed to create the position and start accepting applications. The proposed salary for the position would be just over \$35,000 annually, with an additional \$1,800 travel expense and \$600 cell phone allowance added.

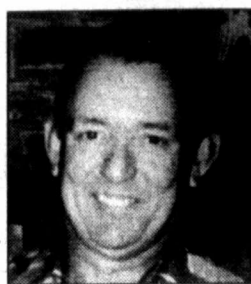

## OBITUARIES

### Robert Owen Geiger 1944-2012

Mr. Geiger was born September 2, 1944, in Colorado City to George William and Gladys Bell. He was preceded in death by his parents.

Survivors include his brother, Dale Geiger and wife, Leslie and a sister, Joyce Shoemaker, all of Colorado City, as well as numerous nieces, nephews and cousins.

### Jesse Limones 1953-2012

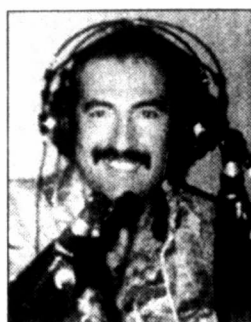

LORAIN — Mr. Jesse Limones, age 59, died Monday, August 20, 2012, in a Dallas hospital. A Mass of Christian Burial will be held at 2 p.m. Thursday, August 23, at St. Ann's Catholic Church with Father Michael Udegbuma officiating. Burial will follow in the Loraine Cemetery, under the care and direction of Kiker-Scall Funeral Home.

Jesse was born August 15, 1953, in Nueces County to Gregorio and Luz Rodriguez Limones and had lived in Mitchell County most of his life. He married Elena Lopez on July 12, 1987, in Loraine. He worked as a laborer in general contracting and was a member of St. Ann's Catholic Church.

He is survived by his wife, Elena Limones of Loraine; three sons, Jesse Limones Jr. and Fabian Limones, both of Sweetwater and Andy Limones of Loraine; a daughter, Raven Limones of Loraine; three brothers, Juan Limones of El Campo, Joe Limones of Sweetwater and Andy Limones of Pasadena; two sisters, Mary Ann Hernandez of Sweetwater and Salome Vargas of El Campo; and four grandchildren.

He was preceded in death by his parents; a brother, Greg Limones; and a sister, Manuela Torres.

A rosary was held at 7 p.m. on Wednesday, August 22 at the funeral home.

## Annual health fair set Sept. 8th

By Amanda Rivera  
MCHD Community  
Relations Director

On Saturday, September 8th, from 7:00 a.m. to 11:00 a.m., the Mitchell County Hospital District will host its 2nd annual health fair. This event provides an opportunity for local health and wellness-related businesses to promote their products and services.

This popular event will have over 30 booths offering resi-

dents one-on-one information about their service, along with many new items to add to the event such as a bicycle rodeo for kids and information regarding breast exams and mammography. There will also be hospital-ity booths provided by City National Bank and First National Bank.

In addition, a variety of free health-related screenings and demonstrations for the public will be featured throughout

the event such as the flu clinic. Drawings for door prizes from various vendors will be held through the morning.

The MCHD lab department will offer free blood screenings for the basic metabolic panel, complete blood count and lipid panels. Residents who wish to have a free lab screening should not eat or drink after midnight but may take morning medicines with a small drink of water. Lab results will be mailed to individuals participating in the free

screening.

The Mitchell County Hospital District 2nd Annual "Fall Back into Health Fair" is free to the public and a great way to receive information, meet a new health specialist, take advantage of free screenings and to learn more about healthy living. The health fair will be held at the Mitchell County Hospital in the east and west towers.

For more information contact Amanda Rivera at (325) 728-3431 ext. 7602.

## State to be watching for DWIs through this Labor Day

During the Labor Day holiday period, alcohol-related crashes killed fewer people in Texas last year than in any year since 2003.

But, state officials don't want this lower number to put Texans at ease. Law enforcement will still work thousands of overtime hours this month to crack down on drinking and driving during the holiday. The Texas Department of Transportation's (TxDOT) "Drink. Drive. Go to Jail." campaign begins August 17 and runs through Labor Day.

Seven people died in alcohol-related crashes last year during the Labor Day holiday period in Texas. The fatality numbers for the previous seven Labor Day holiday periods were all in double digits. More alcohol-related crashes occur between 2 a.m. and 2:59 a.m. than in any other hour of the day, and more crashes

happen on Saturday than on any other day of the week. So, drivers are urged to realize that no one is immune to the effects of alcohol, and to always seek a sober ride home.

"Labor Day is the traditional end of summer celebration. In Texas, 34 percent of all alcohol-related fatal crashes happen during the summer," said Carol T. Rawson, TxDOT's Traffic Operations Division Director. "Three hundred sixty-six people died during the months of May through August last year in alcohol-related crashes. That's nothing to celebrate, and law enforcement will be out in force as part of the Drink. Drive. Go to Jail. stepped-up enforcement effort and public awareness campaign."

For the first time, TxDOT is asking people to pledge to choose a safe ride home by texting CHOOSE to 67664. Texans who make the pledge are entered to win a donated Honda Ruckus scooter and helmet.

Texas is part of the Labor Day nationwide impaired driving crackdown coordinated and funded by the National Highway Traffic Safety Administration.

## What is it?

Lee Young set the bar pretty high with his answer last week, but let's see if we can find someone who can answer even quicker this week. The above picture is of something very common, even in West Texas. Good luck and keep playing.

### THE WINNER!

— Lee Young correctly guessed what was in the picture from last week's *Record*. He not only identified it as asphalt repair work on a street, but he pointed out the window of the *Record* office and said, "That one right there." Well done, Lee.

## Front curb pickup set for remaining 2012 months

Free front curb pickup service will be provided by the city's Public Works Department on the first working day of the each month.

Items must be set out before 7:00 a.m. on the collection day as follows: September 4-7; October 1-5; November 1, 2 & 5, 6; and December 3-7.

Residents may place the following items on the curb for pickup:

- Furniture and bulky household items such as sinks, mattresses, hot water heaters, appliances, etc.
- Christmas trees
- Tree limbs must be cut into manageable sizes for two people to handle and no longer than 4'.
- Carpet must be cut in strips no more than 4', tightly rolled and tied.
- Construction material such as drywall and lumber less than 4' in length, but no more than approximately 50 pounds of material.

Materials must be placed on the front curb of the residence, before 7:00 a.m. of the first working day of the month. (Items will not be picked up unless seen from the street and placed no more than 5' from the edge of the street).

Residents are asked not to set out items for front curb pickup more than one week in advance of the first working day of the month.

The quantity of pick up material collected from one residence is limited to a reasonable amount. That equates to a pile no more than 10' L X 5' W X 4'

H or about the size of a pickup bed.

City crews will not pick up items too heavy for 2 people to safely handle, or items not properly prepared for collection.

Items that can be recycled should be disposed of properly and not left on the curb for pickup. Colorado City has a number of ways to recycle.

KCCCB recycling center accepts type II plastic, cardboard, paper, glass and common yard waste such as leaves and grass clippings. PJ's wrecker service accepts most major appliances and used car batteries for recycling, any scrap metal, or junk vehicles. Common yard waste is also accepted at the City of Colorado City compost/mulch facility in Ruddick Park or the City Landfill.

Household trash, or small, loose items, should not be mixed with curb side pickup items. Regular household waste should still be bagged and placed in dumpsters. Loose bits and pieces will not be picked up.

Items should be placed out on the curb in an orderly way and according to the set rules and regulations. This will help the process run smoothly and ensure that the items are picked up saving individuals the time and effort it would take to haul it away themselves.

**Items that will NOT be picked up:**

- Regular household waste should be disposed of in the dumpsters as usual. There will be a sanitation truck parked behind City Hall for additional disposal needs.

Leaves can be taken to the KCCCB compost pile at the recycling center, City compost pile at Ruddick Park or taken to the landfill.

- Tires
- Batteries (PJ's Wrecker Service accepts used automobile batteries)
- Pressurized tanks
- Auto parts
- Liquids, oil or paint
- Refrigerant items such as refrigerators not drained and A/C Units (PJ's Wrecker Service accepts most major appliances)

For any questions about the Front Curb Pickup Program please call City Hall at: (325)728-5331 ext. 2 or log on to: [www.coloradocitytxas.org](http://www.coloradocitytxas.org).

## Senior dance slated

Do you like to scoot a l.o.o? What about dance a jig? Those who do are going to be in for a treat as a group of senior citizens has worked together to host another senior citizen dance.

The dance will be held Thursday, August 23rd from 7 p.m. to 10 p.m. at the Civic Center. Cost

is \$5 per person, and everyone is asked to bring snacks to share.

Dusty Creek Band will provide the music. For more information about the band, check out their website, [www.dustycreek.net](http://www.dustycreek.net).

Everyone is welcome to attend and have a good time.

## Farmers encouraged to act quickly on NAP

Mitchell County USDA Farm Service Agency (FSA) Executive Director Keith Hiser, urges producers who want to purchase coverage on fall seeded small grain grazing crops through the Noninsurable Crop Disaster Assistance Program (NAP) to do so before the sales closing date of September 1, 2012.

NAP provides financial assistance to producers of noninsurable crops when low yields, loss of inventory or prevented planting occur due to normal disasters.

"Purchasing a crop insurance policy is an easy way for producers to practice risk management," said Hiser. "This year alone has proved that natural disasters can directly affect the profitability and recovery of agricultural operations," he said.

The following crops have a NAP application closing date of Sept. 1, 2012: All Small Grains including wheat, oats, barley, rye and Triticale for grazing and hay forage.

In order to meet eligibility re-

quirements for NAP, crops must be noninsurable, commercially-produced agricultural commodity crops for which the catastrophic risk protection level of crop insurance is not available. If the Risk Management Agency (RMA) offers coverage for a crop in the county, then NAP coverage is not available for that crop.

In the event of a natural disaster, NAP covers the amount of loss greater than 50 percent of the expected production based on the approved yield and reported acreage.

Eligible producers can apply for coverage using form CCC-471, Application for Coverage. Producers must file the application and service fee by the Sept. 1st deadline. The service fee is the lesser of \$250 per crop or \$750 per producer per administrative county, not to exceed a total of \$1,875 for a producer with farming interests in multiple counties.

For more information on sales closing dates and NAP, contact the Mitchell County FSA office at 325-728-2651.

### CHS offers reminders for the first day of class

Mr. Dalton West, Colorado High School Principal, would like to remind all high school students that the first school bell on Monday, August 27th will ring at 7:55 a.m. Students will need to report to their advisory class as soon as they pick up their updated schedule. The names of their advisors and room assignments will be posted in the office area.

Parents, please remind your students about haircuts and appropriate clothing for school. "Let's all please get off on a positive beginning of school," Mr. West said. Those students not in compliance will be subject to assignment to the OSS room until compliance with the school policies is made.

Mr. West also said, "Mommies, don't let your children come to school with hats on. They will not be allowed to be worn in the building and will be taken up and not returned."

With these things in mind, Mr. West would like to wish all CHS students the best and is looking forward to another great school year.

### Hardegree named 4-H Livestock Ambassador for upcoming year

Kalynn Hardegree, of the Mitchell County 4-H, officially became a Texas 4-H Livestock Ambassador and will represent the Texas AgriLife Extension Service, Texas Tech and Texas

The students were also educated as how to research and present effective agricultural presentations. Other requirements for the program were to write an essay about someone who has impact-

Serving as a 4-H Livestock Ambassador is one of the highest honors that can be received as a 4-H member. The mission of the program is to equip youth with the knowledge and skills to become ambassadors for Texas AgriLife Extension Service, the Texas 4-H program and animal science as it relates to livestock projects. Additionally, the program offers the opportunity to develop and practice advanced leadership skills in relation to mentoring other youth and to become advocates for animal agriculture.

Kalynn completed the 4-H Livestock Ambassador Short Course, at Texas Tech in July. The course included education in the areas of livestock production and reproductive physiology, feed processing and preservation, meat science, endocrinology and neuroscience, animal business, pre-vet, food science and product merchandizing and marketing.

## Football games for this weekend

Can't wait until opening day? Need to see some football action soon? All three area teams will be playing this weekend in scrimmage games.

The Wolves will be in Kermit on Thursday to take on the Yellowjackets. That game starts at 6 p.m. as they prepare for their season opener in Breckenridge Aug. 31 (7:30 p.m.).

The Westbrook Wildcats will play hosts to Sands on Friday. The final tune up game for the 'Cats will start

at 6 p.m. before they hit the road for the season opener, Aug. 31 in Blackwell.

And the Loraine Bulldogs will also play hosts this weekend, as they battle Water Valley Thursday night in Loraine. That game has a 5:30 p.m. start time. The Bulldogs will play their season opener Sept. 1 against Midland Trinity at Grande Communications Stadium. That game will start at 8 p.m.

### Lady Bulldogs coming together Still working on their imperfections

The Lady Bulldogs of Loraine fell in three games against Post Monday night by scores of 19-25, 14-25 and 12-25, but Head Coach Bianca Vasquez said the team is making great progress and she saw more than the scores may have indicated.

"Although the score doesn't show it, the girls played extremely well. They played defense, ran some offense, and we only missed 2 serves in the entire match," Coach Vasquez said. "I really believe the girls are coming together. I saw a sense of team unity and trust for each other. I can only see us getting better from this point, if the girls continue to work hard and learn from their mistakes. Volleyball is a game of mistakes and the team with the least mistakes will end up victorious."

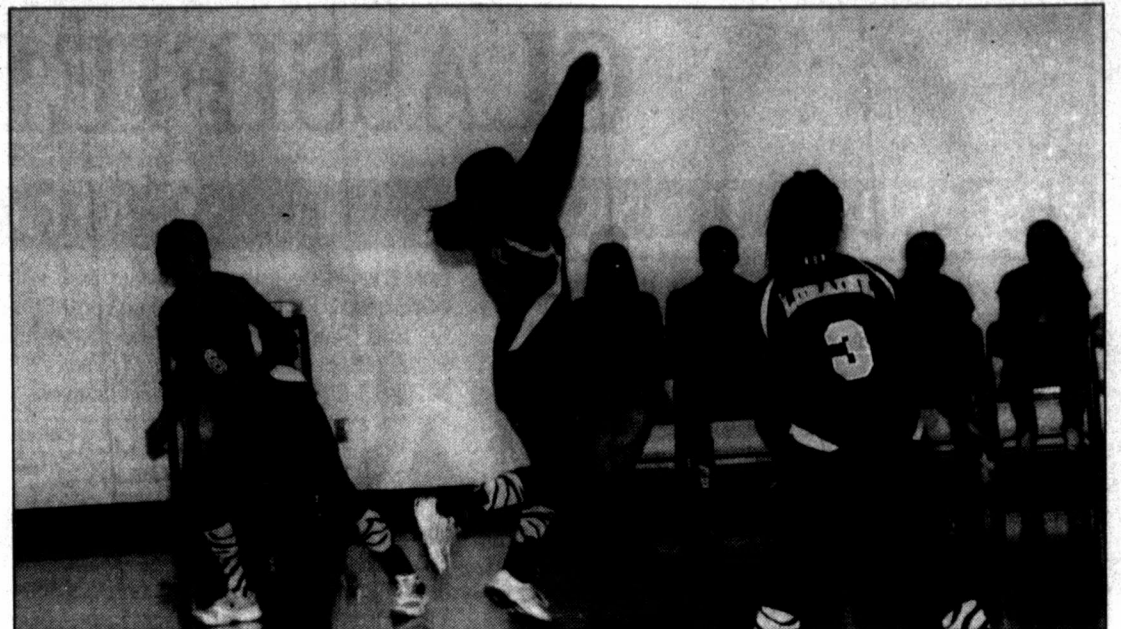

The girls put up some good individual numbers

on their way to the team unity Coach Vasquez talked about. In the three games, Katie Barrera accumulated one service point, 13 digs and three kills, while Brooke Womack added six service points, seven kills, a block, two digs and an ace to the stat sheet.

Alyssa Williams was good for three service points and eight kills, while Bailee Young was piling on two service points, an ace, three kills, four digs and a block.

Madeline Gibson added three kills, 12 digs and a block to the roster and Kelly Salazar was good for five kills, four digs, an ace and two service points.

Rounding out the roster was Kristen Harris, with her five digs and two kills.

**SERVE IT UP** — Lady Bulldog Alyssa Williams (center) sets up a teammate in recent Loraine volleyball action. Kristen Harris (6) and Katie Barrera (3) prepare for the ball as it leaves the wrists of Williams.

Greetings! Casting all your care upon Him; for He careth for you. 1 Peter 5:7

Joan Long went to Snyder Saturday, August 11<sup>th</sup> to watch grandchildren, Kasey Merket of Midland and Payton Merket of Borden County, show their steers at the prospect show. "Boy was it hot," Joan said.

This was a trial show, first time for the steers to travel to a different area, and good practice for the showman.

These are children of Adam and Quentin Merket.

Carl and I traveled to Garland last Friday to attend the Rankin Brothers concert. Mark and Matt Rankin are the sons of LHS alumni Larry and Sherry (Graham) Rankin. They are in their sixth year in Branson and have been selected Branson Entertainers of the Year for three straight years.

You would have thought homecoming came a month early with the number of alumni in attendance at the Rankin Brothers concert. Besides Larry and Sherry, those from the class of 1965 present were: Gerald (Rookie) Owens and wife Shelia (Oliver) Owens, Ronnie and Debbie

(Oliver) Blair, Pat and Becky Hudgins, Annette (Browning) Cooper, Della (Browning) Vickers, Janie Lee, and Carl's sister, Jean Graham.

What a super concert before a sold-out crowd! They performed in Sherman on Saturday night at a 1400-seat capacity theater.

Speaking of homecoming, LHS will be celebrating theirs on Friday, September 14<sup>th</sup>. Their homecoming football contest will be against Roscoe Highland. Homecoming activities will conclude on Saturday, September 15<sup>th</sup>, with recognition of the 50<sup>th</sup> anniversary of the class of 1962.

Word is there will be a huge turnout from this class, with a possible appearance from former member, arena football hall of famer Tim Marcum, who graduated from Snyder.

Members of the 1962 class included: Jackie Boss, Annette

## NOTICE OF TAX REVENUE INCREASE

The City of Loraine conducted public hearings on August 9, 2012 and August 14, 2012 on a proposal to increase the total tax revenues of the City of Loraine from properties on the tax roll in the preceding year by 4.67 percent.

The total tax revenue proposed to be raised last year at last year's tax rate of \$1.222926 for each \$100 of taxable value was \$94,958.

The total tax revenue proposed to be raised this year at the proposed tax rate of \$1.222926 for each \$100 of taxable value, excluding tax revenue to be raised from new property added to the tax roll this year, is \$98,901.

The total tax revenue proposed to be raised this year at the proposed tax rate of \$1.222926 for each \$100 of taxable value, including tax revenue to be raised from new property added to the tax roll this year, is \$100,300.

The City of Loraine is scheduled to vote on the tax rate that will result in that tax increase at a public meeting to be held on **August 30, 2012** at 111 South Main, Loraine, Texas 79532 at 6:00 P.M.
