656-Foot Tidal Wave Sweeps War-Torn Isle

JAKARTA, Indonesia, Oct. 9. (AP)—Violent earthquakes and a gigantic tidal wave brought an appeal for outside assistance today from the island of Amboina, center of a rebellion of South Moluccans against the government of Indonesia.

Heavy casualties were feared here from the quakes and a tidal wave which a broadcast from the island said rose to 200 meters (656 feet). The island, 32 miles long and having an area of 386 square miles, is subject to frequent damage from quakes.

Advices from Poona, India, yesterday said seismographs there recorded an earthquake in that general area, with its epicenter near Timor, which is southwest of Amboina.

Damage was reported heaviest in the coastal districts of the island, home for some 240,000. The villages of Galala and Halong were believed to have been hard hit and suffering casualties.

Reports received in Jakarta today said an earthquake with its center near Timor has been registered on seismographs, and seismologists here said it was probably this quake which struck Amboina.

Amboina is the scene of fighting between Indonesian government troops and South Moluccans. A group of five South Moluccans, who claim to represent 10,000 Ambinese living in Java, urged the United Nations Commission on Indonesia today to seek an immediate cease fire in the battle zone.

PROTEST ACTION

The group also protested "armed action against our homeland which is based on the Indonesian Government's wishful thinking that the South Moluccan republic is not supported by the people."

New Pay In Kent County Is Indicated

Completion of a wildcat for a new pay discovery and extension to the East Polar Pennsylvanian field of Southwest Kent County has been reported.

The development is the Kewanee Oil Co. No. 2-D Wil Connell, located 660 feet from the north and west lines of section 3, block 4, H&GN survey. It is five-eighths of a mile northwest of the nearest completed well in the East Polar Pennsylvanian field.

This project completed for a calculated 24-hour potential of 980 barrels of 41.2 gravity pipeline oil and no water, flowing naturally through open two-inch tubing.

Gas-oil ratio was about 500-1. The production test was from 116 perforation in the five and one-half-inch casing at 7,191-7,211 feet.

The 24-hour potential was based on an actual flow of 163 barrels of oil in four hours and eight minutes.

The new well is now on regular production.

The pay from which Kewanee No. 2-D Wil Connell is producing is lower in the geological series than that which is making oil in the other producers in the East Polar Pennsylvanian field.

The initial producer in that area was finished from pay at 6,855-80 feet. No. 2-D Wil Connell showed some possibilities of production in that zone, but it was drilled on down to explore the lower horizon.

Finding flowing oil in the lower Strawn between 7,195-7,218 feet, the project was continued to a bottom of 7,443 feet in the Mississippian lime.

Top of the Mississippian is at 7,424 feet. Elevation is 2,221 feet.

There were no signs of petroleum in the section of the Mississippian which was penetrated.

Operator plugged back to 7,291 feet and cemented five and one-half-inch casing at 7,267 feet. The completion through perforation in the lower Strawn followed.

The pay section in other East Polar Pennsylvanian wells is called Canyon by some geologists, but is called just Pennsylvanian by other interested observers.

ROTAN FAILURE

Empire Drilling Co. has abandoned its No. 1 Maggie Bacot and others, wildcat three miles north of Rotan in Northwest Fisher County. Total depth is 6,654 feet.

It was located 660 feet from the north and east lines of section 190, block 2, H&TC survey.

IN REINECKE

George P. Lviermore, Inc., has spotted his No. 2 J. C. Shepherd in the Reinecke field of Southeast Borden County.

It is located 660 feet from the west and south lines of section 53, block 25, H&TC survey and 18 miles southeast of Gail.

Projected depth is 7,000 feet. Rotary tools will be moved in and drilling will begin immediately.

PECOS COUNTY

Standard Oil Co. of Texas has potentialed its No. 2 Iowa Realty Trust in the Pecos Valley-Ellenburger field in Northwest Pecos

(See NEW PAY IN Page 3)

Bulldozer Accident Buries Child

Efforts to revive James Abbott, left, 7, of Westbury, N. Y., failed after he and a companion, Raymond Monteforte, 6, were buried alive while playing in the path of a bulldozer. At right, Raymond is comforted by his mother after he was revived by a passerby who applied artificial respiration.

Fierce Battle Is Raging For Control of Wonsan

Substantial Wage Increases For Steel Workers Are Seen

(By The Associated Press)

PITTSBURGH, Oct. 9. (AP)—Preliminary negotiations opened today which the CIO United Steelworkers Union hopes will end in a "very healthy and substantial wage increase" or 1 million men now averaging $1.70 an hour.

Th negotiations are being held in several cities throughout the nation where the headquarters of various steel companies are located.

Topping the list of the big companies which have agreed to talk wages today well in advance of the Nov. 1 date called for in contracts are Republic Steel of Cleveland, the third largest producer, and Jones and Laughlin Steel Corp. of Pittsburgh which ranks fourth.

NO WORD

Big United States Steel Corp., the giant of them all, hasn't replied to Phillip Murray, president of both the CIO and the steelworkers, who asked that the talks begin today.

However; John A. Stephens, vice president in charge of industrial relations for the big firm, has only recently returned from a California trip. He is reported studying Murray's request and a source close to him said "big steel" probably will have a statement soon.

Bethlehem Steel Co. which rounds out the "big four" of the American steel industry sent a letter to Murray during the week end saying it is ready to begin wage talks.

LONG SESSIONS

There's no indication Murray will get what he wants just for the asking or that an agreement will be reached soon.

Under the contract, which Murray says will be respected, the union could not strike until Dec. 31 if it wasn't satisfied with what industry offers.

Few doubt that the powerful million member union will get a wage increase. The big question is "how much."

Communists Cut Off Water Supply of Big City in Indochina

HAIPHONG, Indochina, Oct. 9. (AP)—Communist-led Vietminh guerrillas have blasted the water supply of this city — Indochina's second largest port — cutting off 140,000 residents from a regular source of fresh water.

Repairing of 85 yards of demolished pipe in the mountain 20 miles north of here will take 10 to 12 days, municipal authorities estimated.

The demolitions, last Thursday night, were near Uong Bi, an area where guerrilla activity has increased recently, and where the Vietminh is reported to be getting aid from across the nearby Chinese border.

The French army started trucking water 15 miles into Haiphong for the city's hospitals and its own installations.

Weather Bureau Keeps Eye on Gulf Squalls

NEW ORLEANS, Oct. 9. (AP)—The New Orleans weather bureau is keeping a wary eye on a wave of squally weather extending 200 miles to the north and northwest of the Yucatan Peninsula.

The weather bureau said numerous reports were received from the area yesterday, but none indicated the squalls had any of the circulatory winds that mark the beginning of a hurricane.

However, a hurricane-hunter plane from Corpus Christi which flew into the storm yesterday, returned to the area early this morning and was expected to report soon.

Highest winds in the squall area were between 30 and 35 miles per hour, the bureau said.

Latest Casualty List Shows 128 As Killed

WASHINGTON, Oct. 9. (AP)—The Department of Defense identified 660 American casualties in a Korean war list (No. 119) released today.

The total included 128 killed or died of wounds, 469 wounded, 19 missing, four prisoners of war and 40 injured in war zone accidents.

British 'Free Dollar' Request Is Rejected by U. S. Treasury

WASHINGTON, Oct. 9. (AP)—The United States, turning down a British request for "free dollar" and to hasten her rearmament, is insisting that U. S. help for the present will be granted only to buy raw materials and equipment.

The British had requested they be allowed to use American dollars for whatever purpose they desired as long as their military production was increased according to the plan they have drafted.

GAITSKELL HERE

Rejection of the request was reported by informed officials as Hugh Gaitskell, British minister of economic affairs, arrived in this country for general financial talks with Secretary of the Treasury Snyder.

These officials said the State Department has informed the British government that American dollars will be allocated, for the time being, only for purchases of raw materials and equipment specifically needed to boost military output.

British officials said Gaitskell's arrival has no connection with the rearmament talks now going on. Gaitskell's trip is his first to the United States, they said, and his main purpose is to "get acquainted" with top-ranking American financial and economic leaders.

DENIES REPORTS

When he arrived in New York yesterday, Gaitskell denied reports that revaluation of the pound would come up for discussion. He told newsmen "there's no intention to revalue the pound."

British government spokesmen have denied any action to increase the value of the pound is contemplated. Britain devalued the pound from $4.03 to $2.30 on Sept. 18, 1949.

The British cabinet minister is reported ready to back up his government's request for $1,500,000,000 in "free aid" over the next three years.

Anti-Reds Are Nabbed Before Germans Vote

BERLIN, Oct. 9. (AP)—Communists police made sweeping arrests and raids in Germany's Soviet zone today to suppress counter propaganda against the East German Republic's first election next Sunday.

More than 40 suspected anti-Communists were arrested during the week end in Thuringia and other East German states, reliable sources reported.

Hundreds of pounds of leaflets, urging a boycott of the election, were seized in raids on private homes.

TAKE PLANT

The big government printing plant at Leipzig was reported occupied by police detachments to forestall information leaking out on the format of next Sunday's ballot.

In Berlin, Communist railway police invaded allied sector stations in patrols, ranging up to 15 riflemen in strength, to try to stamp out the western Germans' "rocket war" launched last week from cross-town trains by a young German resistance group.

West Berlin police disarmed the patrols and sent them back across the Soviet sector border. No violence was reported.

The small rockets—loaded with anti-Red leaflets—were fired last Friday at a half dozen Soviet sector stations by disgruntled teenagers, formerly enrolled in Communist youth groups.

UNANIMOUS

The Soviet zone press and radio hammered on the theme that East Germans must vote unanimously Sunday for the "peace and unity of Germany"—and the present Communist regime.

Only a single list of "national front" candidates—70 per cent Communists—will be offered.

Unmarked ballots are to be counted as "yes." East Germans who go into booths to mark "no" are to be entered on a black list by Communist election officials.

Orders Taken Now For Oil Edition Sunday

Have you reserved copies of the Snyder Daily News first Oil Edition, to be distributed next Sunday, Oct. 15? Copies will be mailed any place in the United States. It is a paper you will be proud to send to your friends and relatives. Twenty-five cents covers the price of the paper, wrapping, and mailing. Due to an increasing shortage of newsprint, only a limited number can be printed.

Acheson Says Public Life Is 'Rough School'

NEW YORK, Oct. 9. (AP) — War is not inevitable, and no American should say it is, Secretary of State Dean Acheson declared last night.

"If we keep always before us that our purpose in building military power is to enable us to settle our differences by peaceful means, then we shall avoid the terrible error of talking and acting as though the end of our effort is war," he said.

Acheson spoke at Freedom House, where he received the organization award as "a valiant and constructive voice, leading the democratic nations against tyranny."

HITS CRITICS

In accepting the award, Acheson made an indirect reference to the many critics who have attacked his—and the State Department's—policies:

"Public life in America is a rough school. It is no place for any one who is thin-skinned, or who can work only in an atmosphere of approbation.

"Indeed, such is our public life that abuse is not hard to bear, but understanding and support is something of an unnerving experience."

On his main theme, Acheson said a basis for compromise with the Communist leaders is now lacking, but that the Soviets may modify their "determination to achieve world dominion" if they learn the West is strong and durable.

GREAT PERIL

He said the democracies are now going through a period of great peril, but that the alternative to rearmament would not be merely greater danger, but "certain disaster."

He also said that to win against totalitarianism by peaceful means, democracy must be translated "into loaves of bread as well as the bill of rights."

The award itself was presented by Warren Austin, chief American delegate to the United Nations.

Korean War In Brief

(By The Associated Press)

BATTLEFRONTS: U. S. troops roll ahead north of 38th Parallel after MacArthur's "last time" ultimatum to Reds.

South Koreans drive to within a mile of Wonsan, stop in face of heavy Red artillery opposition before key city commanding westward route to Communist capital.

Allied planes rake Red lines with heavy fire. B-29s hit Communist communications.

Oil Deal for County Tract Is Rejected By Commissioners Court

The commissioners court this morning declined to accept an offer by independent oil operators, W. Dale Martin and Clyde Cantrell, allowing the county one-sixteenth royalty from a proposed well to be drilled adjacent to county property near the Country Club.

The proposal was to drill the well at an angle from a drillsite on the Haynes farm, west and adjacent to the county's tract of land, which measures 100 feet in width and parallels the Lubbock highway for approximately 2,370 feet, allowing the Haynes farm one-eighth royalty and the county one-sixteenth.

No drillsites can be established on the country's property, which, according to law, can be used for road right-of-way purposes. The proposed well, however, would be drilled at an angle from the Haynes farm to tap the county tract below.

No action was taken by the court concerning the proposal, but each of the commissioners stated informally that he would not consent to the proposal allowing the county only one-sixteenth royalty.

Predicts 2,500 Deaths

HOUSTON, Oct. 9. (AP) — Homer Garrison, Jr., director of the Texas Department of Public Safety, figures 2,500 people will die in automobile accidents in Texas this year.

Smallest Cotton Crop Since 1946, Half Last Year's Total

WASHINGTON, Oct. 9. (AP) — A Texas cotton crop only half as large as last year's and the smallest since 1946 was forecast by the U. S. Agriculture Department today.

The forecast was the same as the last monthly forecast, made Sept. 1—2,775,000 bales. Most cotton already has been picked in South and Central Texas.

FOLLOWS PATTERN

The short crop in Texas followed the national pattern. Production for the United States was estimated at 9,869,000 bales, a decline of 13,000 from the previous forecast. This is far short of the 12,000,000-bale government goal.

Bad weather, federal acreage controls and insects were blamed for the short crop in Texas.

The national production also is short of the 1939-48 average of 11,599,000 bales.

SHORT OF AVERAGE

Because of the small size of the crop, Secretary of Agriculture Brannan has suspended acreage and marketing quotas for the 1951 crop and called for a production of at least 16 million bales.

The department estimated the acre yield this year at 257 pounds compared with 284 last year and a 10-year average of 261.3.

The condition of the crop as of Oct. 1 was reported at 64 per cent of normal compared with 74 per cent a year ago and 72 per cent for the 10-year Oct. 1 average.

Machinists' Union Is Expected to Return To Labor Federation

CHICAGO, Oct. 9. (AP) — Return of the big International Assn. of Machinists union to the American Federation of Labor is expected to move a step closer today.

Alfred J. Hayes, union president, said in Poughkeensie, N. Y., Saturday that the IAM's executive council will recommend re-affiliation today. Some 600 of the IAM's local leaders met here to take the action.

The 600,000-member union pulled out of the AFL in 1945. The IAM and the United Mine Workers are two of the biggest independent unions in the nation.

Texas Farmers Get Top Price

AUSTIN, Oct. 9. (AP) — Mid-September prices received by Texas farmers for all agricultural commodities were the highest of record, the United States Department of Agriculture reported today.

The price index was at 344 per cent of the 1910-14 base, an 18-point increase over mid-August, USDA said. It represented a 6 per cent August-to-September rise.

Contributing most of the advance were the sharp increases in prices of cotton, cottonseed, wool and most meat animals. Seasonal advances in poultry and dairy products also accounted for a part of the advance.

Cotton's 2.5 per cent advance brought the average price to 39.5 cents a pound, 10.9 cents above September a year ago and the highest average on record. Cottonseed at $85 a ton was $10 above the previous month and double the September 1949 average.

Prices on all meat animals except hogs were also at all-time record highs. Beef cattle at $23.50 and calves at $27.50 were up 90 cents and 80 cents per hundred pounds respectively. Sheep averaged $13.40, up 40 cents for the month.

Lambs gained 50 cents to average $25 per hundredweight. Hogs averaged $22.20, unchanged from the past two months.

Churchill In Sweden

COPENHAGEN, Oct. 9. (AP)—Winston Churchill arrived here today for a three-day visit. He is to be appointed an honorary doctor at Copenhagen University and will be the guest of King Frederik and Queen Ingrid.

Administration Asks Law On Wire Tapping

WASHINGTON, Oct. 9. (AP)—The Department of Justice is sounding out Congress on a proposal to legalize tapping of telephone lines in federal crime detention.

The measure would create some loopholes in existing bans against U. S. court use of evidence obtained by wiretapping, now forbidden even in spy trials.

While existing law prohibits wiretapping, it provides punishment for the offense only if the wiretapper tells other persons what he has overheard.

FBI PLAN

Atty. Gen. McGrath has said the Federal Bureau of Investigation (FBI) engages in wiretapping in a "limited number" of cases and that it obtains his express approval in each individual case. Any information it picks up that way, of course, is only a basis for further detection work since it cannot be used as evidence.

The Justice Department proposals face a doubtful reception from a Senate subcommittee investigating wire tapping in Washington. Subcommittee staff members acknowledge the proposals have been handed to them informally by the department, but declines to discuss details.

PLENTY TESTIMONY

The subcommittee has taken volumes of testimony concerning police wiretapping in the capital. It includes statements that some of it was related to political intrigues in which even the telephone lines of U. S. senators were tapped.

The subcommittee is reported planning to write a bill of its own which might authorize police wiretapping in certain instances, but with far tighter restrictions on the practice than the Justice Department suggests.

3 or 4 Truman Pre-Election Talks Planned

WASHINGTON, Oct. 9. (AP)—Close associates disclosed today that President Truman is planning a major foreign policy speech in New York this month.

The speech, a non-political talk to the United Nations General Assembly, is one of possibly three or four talks Mr. Truman contemplates making before the congressional elections in November.

These sources, who cannot be quoted by name, said Mr. Truman has definitely abandoned any thought of an extensive "whistle-stop" political campaign. He had contemplated such a stumping tour before the Reds invaded South Korea and made inopportune a direct new appeal in behalf of the "fair deal."

A White House announcement on the New York speech — Oct. 24—will await a formal invitation from the United Nations. The occasion is the fifth anniversary of the date when the United Nations charter became effective.

Allied Victory Is Expected On Tuesday

No Indication Given Reds Will Heed The Latest Ultimatum

By RELMAN MORIN

(Associated Press Staff)

TOKYO, Oct. 9. (AP)—Red Koreans put up fiery resistance today against the deep penetration of South Korean forces fighting for the port of Wonsan and the first American troops to cross into Communist Korea north of Seoul.

On both widely separated thrusts by the allies, officers expected the local Red opposition to crumble quickly.

But the Reds gave no indication that they will heed a new "last time" surrender demand aired by Gen. MacArthur.

The South Koreans (Roks) may be preparing to turn at Wonsan from their 90-mile northward advance on the Sea of Japan coast and strike west across the waist of the peninsula for the Red capital, Pyongyang, 95 air miles ahead.

EQUAL DISTANCE

About equally distant from Yongyang, troopers and tanks of the U. S. First Cavalry division crossed Parrallel 38 in regimental strength on the road leading northwest out of Seoul, the Rok capital, with Pyongyang as the apparent goal.

The allied ground fighting forces thus are in position to race—or plod—95 miles on the westward track—85 on the northwest push. Such converging drives would aim to strangle the Red government of Kim Il Sung in its home base.

A fierce battle raged for the big industrial port of Wonsan.

AP Correspondent William Jorden, with the South Koreans, said they expected to crack into the city by Tuesday morning.

The heavy fighting at Wonsan and northwest of Seoul was the first major show of Red resistance since South Koreans crossed the border Oct. 1.

QUOTE PRISONER

AP Correspondent William J. Waugh, with U. S. First Cavalry forces who crossed Monday on their push northwest from Seoul and Kaesong, quoted a Red prisoner:

"The officers up there won't let them (the Reds) surrender or retreat. Troops who want to quit are shot."

Communist prisoners had foretold the battle for Wonsan. They said the Reds planned to make an all-out defense there.

Waugh said the First Cavalry foot troopers smacked into stiff Red resistance within 30 minutes after they had crossed 38.

The Reds held commanding positions in mountains on three sides of the Seoul-Pyongyang road. The cavalry troopers were forced to dig in under a hail of mortar, automatic weapons and small arms fire.

Lt. Col. William Walton, Newton, Kan., said the job of knocking out the Reds was doubly tough because they were using smokeless powder. "You can't spot them," he said.

U. S. Asks United Nations Be Strong Enough to Stop Wars

LAKE SUCCESS, Oct. 9. (AP)—The United States called on the United Nations Assembly today to make itself strong enough to stamp out little wars so they won't grow into big ones.

John Foster Dulles, ranking Republican member of the U. S. delegation, urged adoption of a seven nation program of peace aims first outlined by U. S. Secretary of State Dean Acheson.

QUICK SESSIONS

Forming the core of the program were proposals for quick emergency sessions of the assembly when the Security Council cannot act; peace patrols of observers to report to the assembly on acts of aggression, and member army units available for UN collective action.

Britain, France, Canada, the Philippines, Turkey and Uruguay joined the U. S. in sponsoring a "uniting for peace" resolution to carry out the program.

Dulles said the United States does not take the view that a general war is inevitable.

DANGEROUS

"But," Dulles added, "we do recognize that the prevalent fear is a corroding and dangerous force. Fear of war, if not allayed, creates the conditions that make war more likely.

"Nothing that we can do will make peace certain. But we can make less likely that there will be little wars and big wars. That is worth doing."

He pointed to the collective action of the UN in the Korean conflict as the pattern for action in the future.

The Weather

WEST TEXAS: Fair, and a little warmer this afternoon and tonight. Tuesday partly cloudy. Cooler in Panhandle in afternoon or at night.

EAST TEXAS: Fair this afternoon and tonight. A little warmer in northwest and west central portions tonight. Tuesday partly cloudy, warmer in east and south portions. Moderate northeast winds on the coast becoming easterly Tuesday.

Jewelry Shop

Shown here displaying Rogers and Community silver for Mrs. Hulon Stanfield, right, is Mrs. A. L. Floyd of Martin's Jewelry. Martin's also has a watch repair service, as well as costume jewelry and a wide selection of clocks and music boxes. — (Staff photograph).

Korean War Has Its Unknown Soldiers; Grave Check Made

By ELTON C. FAY
(Associated Press Staff)

WASHINGTON, Oct. 9. — The Korean war, like past wars, is creating its company of unknown soldier dead.

How many? That isn't estimated yet.

The Defense Department said today there are unidentified American war dead in Korea. But how many won't be known until American graves registration teams can thoroughly explore the area over which United States forces were pushed back by the Red army advance in the first two months of fighting.

CLEAR UP SOME

The work of these highly trained teams probably will help clear up at least some of the 2,801 cases reported as "missing in action" in the latest official casualty announcement.

Many of the missing may be alive, taken prisoners by the advancing Communists. But others may have been killed in the fighting. The registration teams will find them, probably identify most. But inevitably there will be some nameless ones.

Whatever the number of dead without names in the Korean war, it won't approach the total of World War II.

CLOSE CHECK

From the battlegrounds of Europe and the Pacific, the armed forces recovered the remains of 8,225 men who could not be identified at the time. But the painstaking investigation by the armed forces registration teams by last Aug. 31 had reduced the number to the 2,163 who are still carried on the records as unidentified.

These were among the total 286,574 American military dead in the war, the great majority of them never listed as missing or unidentified. Most of them were killed in action on the ground, in the air or at sea.

Some of them died in enemy prison camps and their bodies were recovered when advancing forces moved into former enemy areas or after the war had ended.

NOT ALL

But the 286,574 dead didn't account for all of World War II casualties.

The Defense Department estimates that somewhere — in the wreckage of sunken ships in the oceans, in thick jungle areas like that along the old "hump" air route from Burma, lost sight of in now-tilled farmlands of former battlefields—are 78,000 others.

The Korean casualty lists are swelling, not because of the victorious counteroffensive launched by UN troops three weeks ago but more from the fact that a backlog of names is just reaching the publication stage.

A list made public last night was the heaviest to date. It contained 1,211 names, of whom 255 were dead, 822 wounded, 73 missing in action.

An Associated Press tally of 20,359 Korean war casualties by states shows that Pennsylvania has had the greatest total number, 1,509. California was second with 1,444, Texas third with 1,273 and New York fourth with 1,249.

Interior of Hardware Store

Above is an interior view of Carter-Vicars Hardware. This busy store has been open for about five and a half months. George W. Carter and Norwood Vicars, owners, say they have found their home here in Snyder after looking for more than a year for a place to locate their business. — (J. Lawrence Devers photograph)

Many Gifts Available In Dress Shop

A gift shop in Snyder which specializes in quality items is the Justice Shop.

This shop, which has built a reputation of being a fashion leader in ladies' ready-to-wear, has in stock now a variety of gifts which are appropriate for any occasion.

For instance they have china made by Bavarian, Syracuse and Shelley. There are many crystal gifts made by Heisey.

Mrs. Myron Caraway, manager, says that they have silver dishes and compotes, as well as some in brass. They also have silver and wooden trays. The selection of Belgian glass at the shop is wide.

Hand painted vases and bowls are also featured there, Mrs. Caraway said.

In addition the Justice Shop carries the latest styles in women's clothing. The fall styles have arrived and they have many coats, suits and blouses.

There are also winter hand bags and hats.

Freezers And Appliances At Stephens Firm

Winter, thoughts of warm things, even thoughts of Christmas, are once again coming upon us. But George Stephens, owner of Stephens Hardware Co., says there is one cold thing we should not forget. That is deep freezers.

Stephens urges anyone who is even slightly interested in a freezer to give it deep thought, because there is a new 10 per cent federal tax being levied on them the first of next month.

His hardware store carries a full line of Coolerator freezers and refrigerators. If bought this month savings on some of the bigger freezers will run as high as $40 to $50.

The thought of Christmas is not a bad one either, Stephens says. His lay-away-plan will come in handy for anyone thinking of such gifts as mixers, toasters, or any kind of an electrical appliance.

He also has a lot of tricycles and wagons that can be bought on the lay-away-plan.

On thoughts of warm things he again has just what purchasers need. The store has just recevied a large shipment of gas heaters. Also there are some of the smaller type electric heaters in stock.

Carpenter tools, electric saws and drills are something he always has on hand.

With deer season coming up, Stephens suggests that prospective hunters look over his high-powered rifles. There are also sheepskin gun cases and such hunter's supplies as camp stoves and lanterns.

Stephens Hardware is an authorized dealer for Hoover vaccum cleaners.

Stephens give S&H green stamps.

Music Lovers Like Shooting Pistols, Too

NEW ORLEANS, Oct. 9. (AP) — Six jazz fans were wounded — none seriously — in a shooting melee at the Booker T. Washington High School last night.

Good Time Charles Brown and his Smarties were playing "The Troubled Blues" when firing broke out between two unidentified men in the balcony.

Police Capt. Edward Sbisa said the pistol-packing music lovers started shooting from one end of the balcony to the other. Neither was injured and both fled in the confusion which found almost everyone scrambling for the exits.

Among the six slightly wounded was a woman on the main floor.

Sbisa said no one was apparently hurt in the mass evacuation of both Negro and white jazz fans that followed the shooting.

Police restored order in about 20 minutes, Sbisa reported, and the band played on.

Clothier Succumbs

DALLAS, Oct. 9. (AP) — John R. Cassidy, Sr., 60, who had operated clothing businesses in Waco, Paris, Fort Worth and Dallas, died yesterday.

U. N. Medical Group Innoculates 150,000 Citizens of Seoul

TOKYO, Oct. 9. (AP) — Workers Seoul's 150,000th citizen was innoculated today by the medical group attached to the vast United Nations relief project in devastated South Korea.

Headed by Brig. Gen. Rawlord Sams, the UN relief team includes medical corpsmen from Denmark, the United States, Britain, Peru, Canada and The Netherlands. They were recruited through the World Health Organization and the International Refugee Organization.

Believe Dynamite Blast Cause of Virginia Scare

LYNCHBURG, Va., Oct. 9 (AP) — State police believe a dynamite blast caused the violent explosion which threw Lynchburgers into a frenzy of activity for an hour or so Saturday night.

A large hole where dynamite apparently had been detonated was discovered yesterday by State Police Sgt. C. E. Rives atop Candler's Mountain, about five miles southeast of Lynchburg.

The size of the cavity and the number of uprooted, split and denuded trees in the area led Sgt. Rives to the belief that at least a case of dynamite had been set off.

Weather officials Saturday night had said the explosion could have been caused by a high-altitude thunderstorm. Rumbling noises and the shaking of many buildings in this area led many residents to telephone newspapers and police to seek the cause of the tremors.

It's Exciting Work

LONDON, Oct. 9. (AP) — Walter Albert Stevens is wondering whether he took the right job. One day he had to chase two men for several blocks after they refused to pay for their breakfast. The next day he was knocked out when a customer punched him in the stomach when refused a free cup of coffee.

Flagpole Sitter May Record His Philosophy

AKRON, O., Oct. 9. (AP) — Zan (Red) Norman, the new holder of the world's flag pole sitting record, today started looking around for a new job.

The automobile racer came off his pole at nearby Barberton Saturday after 122 days. That broke the record of 119 days set by T. J. Ward of Savannah, Ga.

"I feel rather weak and wobbly now and will wait until I have a physical checkup, before I return to racing," he said. He reported he has an offer to appear at a Columbus, O., night club and is thinking about writing a book called "Flagpole Philosophies."

San Marcos Man Heads Crippled Children Group

HOUSTON, Oct. 9. (AP) — Dr. J. J. Flowers of San Marcos is the new president of the Texas Society for Crippled Children, Inc.

The group ended its annual meeting yesterday with the election of officers.

New directors include Johnn W. Broome, Lubbock, Jack Roe, Kerrville, George Confield, Beaumont and J. T. Canales, Brownsville.

In the early days of experiments in television and long before radio, researchers talked about "seeing by telegraph."

New Pay In

(Continued from Page 1)

County, for 136.1 barrels of 41-gravity oil.

This was based on a 24-hour pumping test. Gas-oil ratio was 125-1. Total fluid recovered was cut with 23 per cent water.

Top of the pay is 8,063 feet and total depth is 8,200 feet. Seven-inch oil string is cemented at 8,200 feet. Perforations are at 8,148-60, 8,092-8,100 and 8,062-72 feet.

The pay section was treated with 10,000 gallons of acid.

It is located about eight miles south of Grandfalls and 2,007 feet from northeast and 1,980 feet from northwest lines of section 21, block 10, H&GN survey. The new well is an east offset to the Sinclaur Oil & Gas Co. No. 1 Iowa Realty Trust. location southeast extension and third producer from the Pecos Valley-Ellenburger field.

DEEPEN TO 7,000

Lion Oil Co. has filed application with the Railroad Commission of Texas for permit to deepen its No. 1 Waldrop, wildcat in Northeast-Central Coke County.

The application asks for permission to deepen the prospector from original contract depth of 6,000 feet to 7,000 feet.

No. 1 Waldrop was drilling at 6,215 feet in lime and shale. Location is 660 feet from south and east lines of section 369, block 1-A, H&TC survey and six miles northeast of Robert Lee and seven miles northwest of the Bronte field.

COMPLETION

Cumberland & Weiner et al No. 1-8 Fasken, three-quarters of a mile southeast of the discovery in the Germania-Spraberry field in Northeast Midland County, has been completed for a 24-hour flowing potential of 99.61 barrels of 35.7-gravity oil through a 6-16-inch choke.

Two per cent water was made on the potential test.

The No. 1-8 Fasken, second producer in the Germania-Spraberry field, topped the pay at 7,105 feet. Total depth is 7,460 feet. Flow came after open hole was shot with 876 quarts of nitro glycerine.

Gas-oil ratio on the potential test was 675-1. Tubing pressure was 55 pounds. A packer was set in the casing.

Location of the new well is at the center of the southwest quarter of the southwest quarter of section 8, block 36, T-2-S, T&P survey and 14 miles southeast of the City of Midland.

NO. 1 COWDEN

J. K. Dobbs of Memphis No. 1 E. F. Cowden, Central Ector County wildcat one and three-quarter miles southeast of the Donnelly multipay pool, had some interesting shows of oil and gas in the Grayburg.

Operator drillstem tested the Grayburg section at 3,900-4,220 feet. Gas came to the surface in 40 minutes, with no estimate of volume. Recovery was 900 feet of heavily oil and gas-cut mud and 150 feet of free oil.

Top of the Grayburg was picked at 3,900 feet. No official elevation has been reported.

This prospect is located 660 feet from north and 1,980 feet from west lines of section 6, block 43, T-2-S, T&P survey. It is slated to go to 6,500 feet to test the Clear Fork.

JAX COWDEN

Humble Oil & Refining Co. will begin drilling immediately on its No. 8-BB Jax M Cowden, outpost to production in the Cordona Lake-Devonian field of Central-South Crane County.

Rotary tools will be used to drill the project to 5,600 feet.

It is located 1,800 feet from east and 3,110 feet from south lines of tract 7, Juan Cordona survey. That makes it 17 miles southwest of Crane.

GAINES LOCATION

A 7,000-foot rotary tool test has been spotted in the northwest side of the East Hobbs field in Central-West Gaines County, as W. H. Black Drilling Co. No. 1-B E. E. Jones.

Location is 660 feet from south and west lines of north half of south half of section 5, block 10-A, psl survey and six miles east of Hobbs, N. M.

Operations are scheduled to begin in the near future.

PECOS LOCATION

Magnolia Petroleum Co. Staked its No. 2-B State-Vollmer five miles northeast of Imperial and in the Abell-Silurian-Montoya field of North Pecos County.

Rotary tools will be used to drill to 5,100 feet. Operations will begin soon.

Drillsite is 330 feet from south and 603 feet from west lines of lot 15, section 28, block 9, H&GN survey.

IN UPTON

Republic Natural Gas Co. has spotted a 13,300-foot rotary test in the Pegasus-Ellenburger field in Northwest Upton County.

It is No. 3 V. J. Powell and will be 660 feet from south and east lines of the northwest quarter of the southeast quarter of section 44, block 40, T-4-S, T&P survey.

The new exploration will be 1,320 feet east of the operator's No. 2 Powell which was recently completed for 587 barrels of oil per day.

TERRY OFFSET

Progress is being made below 9,940 feet at Anderson-Prichard Oil Corp. No. 2 Bevers, west offset to that concern's No. 1 Bevers, discovery in South Terry County of the Wellman Reef field.

The explorer is not in the reef pay yet.

The No. 2 Bevers is being drilled 666 feet from north and west lines of northeast quarter of section 39, block DD, John H. Gibson survey and 10 miles southwest of Brownfield.

The No. 1 Bevers was completed from a reef at 9,712-9,805 feet, through three sets of perforations.

IN BENEDUM

Top of the Silurian has been called at Blackwood and Nichols Co. No. 1 Humble-Barnett, north outpost to the Benedum field of Central-East Upton County.

The 11,600 foot prospector topped that formation at 11,230 feet, elevation 2,696 feet, and is now drilling below 11,270 feet in Silurian shale.

The No. 1 Humble-Barnett is running low to producers from the Fusselman of the Silurian. Pay from that formation is from 10,830 to 11,495 feet.

Location of the outpost is 660 feet from south and 1,980 feet from east lines of the south half of section 4, block Y, CCSD&RGNG survey.

MIDLAND COUNTY

Ted Weiner and associates have completed their No. 2-15 L. B. Floyd in the Tex-Harvey field of Central-East Midland County.

The well flowed 24 hours through an 8-16th-inch choke and made 170.72 barrels of oil. Gas-oil ratio was 630-1. Three per cent of the total fluid recovered was water. Gravity of the petroleum is 36.5 degrees.

Top of the pay is at 7,050 feet and total depth is 7,300 feet. Completion is from open hole. Exact seat of casing was not reported.

The pay section was shot with 629 quarts of nitro glycerin.

Location is 666 feet from south and 1,973 feet from west lines of northwest quarter of section 15, block 37, T-3-S, T&P survey and 15 miles southeast of Midland.

FROM SAN ANDRES

The Texas Co. No. 1 Southland Royalty Co., Southwest Gaines County exploration, one-quarter of a mile southeast of the Jenkins-Devonian field, has found oil in the San Andres lime of the Permian in the section at 4,553-4,824 feet.

None of the other wells which have been drilled in that area have found any appreciable shows in the San Andres.

Texaco No. 1 Southland Royalty Co. treated the 4,553-4,824 foot horizon with 2,000 gallons of acid. After swabbing out 35 barrels of basic sediment and mud, flowing the injection, the project swabbed seven hours and recovered 44 barrels of new oil, with no water, and with a good show of gas.

The development than swabbed 17 barrels of oil in five hours. Gravity of the petroleum was 32.2 degrees. There still was no water.

Operator is now preparing to drill deeper. The project is contracted to 9,400 feet to explore the Devonian. It is 675 feet from southwest and 656.7 feet from southeast lines of section 7, block A-25, psl survey.

That makes it 16 miles southwest of Seminole.

NEAR SEMINOLE

A new producer has been reported Central-South Gaines County. It is Shell Oil Co. No. 1 T. O. Stark seven miles southwest of Seminole and 1,980 feet from west and 660 feet from south lines of section 12, block A-24, psl survey.

The well flowed 24 hours through a one-half inch choke to make an initial production of 143.47 barrels of 46.2-gravity oil. No water was present. Gas-oil ratio was 271:1.

Operator topped the pay at 8,988 feet and plugged back depth is 9,031 feet. A string of five and one-half inch casing was cemented at 9,101 feeet. Production was through perforations at 8,980-9,030 ed in the Robertson-Canyon field of feet which had been acidized with 1,000 gallons.

TO 5,600 FEET

Gulf Oil Corp. is scheduled to deepen No. 1 J. E. Parker, a San Andres producer above 4,300 feet in the Harper field of South-Central Ector County, to 5,600 feet for a test of the section which is productive in the Lawson-Simpson and Goldsmith-5,600-foot pools to the north.

No. 1 Parker is located in the northwest corner of the east half of section 21, block 44, T-2-S, T&P survey. It is one mile south of the W. J. Weater No. 1 Parker, recent failure to 6,400 feet. It is also three-quarters of a mile northeast of Cities Service Oil Co., et al No. 1 Parker, at 12,529-foot Ellenburger failure.

Rotan Man Dies Here After Fall From Truck

George W. Loving, 41, of Rotan died about noon yesterday in the Snyder Hospital from a cerebral hemorrhage suffered after he reported to work for the Bob Montgomery Construction Co. here.

Falling by the side of his pickup after he had gone to work at about 7:30, he was found lying on the ground a few minutes after. Suffering bruises on his head and the left side of his body, Loving died without regaining consciousness.

Born and reared on his father's ranch near Rotan, Loving had lived there most of his life. He was taken to the McCombs Funeral Home there for funeral arrangements.

Loving leaves his wife, Mrs. Nell Loving; a young son, Jimmy Don Loving; his mother, Mrs. D. J. Loving of Rotan; three brothers, Oliver Loving and Lewis Loving of Rotan and Ted Loving, who is in the Army stationed in Michigan; and four sisters, Mrs. Jim Rushing and Mrs. Frank Cauble, both of Roby; Mrs. Jack Bruce of Rotan, and Mrs. J. N. Flint of Sweetwater.

TALK OF THE TOWN

By FRANCES BIOW

DALLAS, Oct. 9.—Friday Night I rushed to board the 7:35 flight that drops you down at Dallas airport in less than two hours.

Across the aisle a lady from Midland was pinning up her hair. Time magazine completely engrossed the business man from Abilene. Everybody as usual sophisticated nonchalant, something impossible for me to pull off.

No matter how often I fly, as the big motors warm up and I feel the brief struggle with gravity, I want to yell "Let me but of here." Now as everytime the trip was smoothe and comfortable and the landing safe. My ears only popped through two sticks of gum and I had my land legs back by the time we got down town.

Saturday morning — Dallas air is fresh-washed and sparkling, today, as the throngs push into the state fair grounds. Everybody looked a little jostled after the parade downtown. The crowd was as big and unmanageable as any ever turning our for a publisher Broadway parade.

We got a cab driver with an honest to goodness Brooklyn accent. He marvelled "I never saw so many country boys in my life — 90,000 of them future farmers."

By the time we progressed 30 feet along the fair pavilion, we had been offered free orange juice, rat killer, bromo seltzer, a dill pickle, a plastic tooth pick and wheatie sample. One could spend a day on the grounds neither hungry, thirsty, nor lonesome and at no outlay of money if he so desire.

The best "free" seems to be the telephone exhibit. One no-charge long distance call anywhere and that recording machine you speak into and back bounds your own voice. Fun to watch the amazed expression of folk hearing themselves for the first time.

The polio exhibit is an achievement. A physical therapist applies the Sister Kenny treatment to a dummy at one, two, four and five. One complaint the hay fever booth (they thought of everything) in seven foot high letters advertises the present ragweed pollen count. Its 700 today. A sufferer has but to look at the figure and he sneezes enthusiastically all morning.

The Brahma steers, sheep razor back hogs, antelope, prairie dogs, white collies, goats — is all there in the pleasant pungent smelling farm booths. Canned beets and hot house orchids, fried chicken and outsize squash. Blue ribbons and cherry pies. Ponied into downtown theatre to catch the Fuller Brush Girl premier because our feet gave out.

Then with the long string of cars bumper to bumper out again for "South Pacific" a bubbling musical, gloriously carefree, as good as ever. We've always thought the best way to wind up a day at the fair was on the ferris wheel at midnight. We did. Had occasion to meet Frank Lloyd Wright, downtown to dedicate another building. The old master of architecture has thrown up buildings in his lifetime like a housewife putting together strawberry short cakes. He makes an impressive figure yet with a mind as sharp as steel, ideas tumbling out.

Sunday — We caught a Stan Kenton show. He is the musician's musician. Managed to meet him. "Snyder," he says thoughtfully. "O yes, that's where they have gas."

Courtroom Balcony Is Converted to Offices

The completion of two offices and a waiting room for use by the county attorney's office will give the district courtroom a new look soon and provide for utilizing approximately 1,250 square feet of floor space which has seldom been used in the courthouse.

The rooms, which have been under construction since Tuesday morning, will replace the entire balcony of the district courtroom.

Three steel sash windows overlooking the courtroom have been installed in the partition which separates the offices from the courtroom and extends the full length of the balcony.

Old timers say they recall few times when the balcony was needed.

The rooms are being built by O. A. McAlister, owner of the McAlister Transfer & Storage.

Plane Crash Is Fatal

DALLAS, Oct. 9. (AP) — Lingering guests at a fliers' dinner watched yesterday as a stunting light plane smashed into the ground, killing its pilot and fatally injuring another.

Killed instantly was L. H. Decker, 43. Tom R. Sloan, 22, died later in a hospital.

Decker and Sloan had attended with other pilots a dinner given by M. D. Reeves, part owner of the White Rock Airport, at his farm home near here.

Farm Bureau Broadcast Set Tomorrow Morning

The Texas Farm Bureau Federation will present its state-wide radio broadcast from 6:30 until 7:00 tomorrow morning with Governor Allan Shivers opening the program with a talk to all farmers and ranchers of Texas, according to Ross Williams, president of Scurry County Farm Bureau.

Governor Shivers will open the fourth annual Farm Bureau broadcast over the facilities of the Lone Star Network. Layne Beaty, farm editor of radio station WBAP, Fort Worth will be the Master of Ceremonies and interview F. F. Hornback, President of the Wise County Farm Bureau; Mrs. George Clark Treasurer of the McLennan County Farm Bureau; and J.Walter Hammond, President of the Texas Farm Bureau Federation.

Stations carrying the broadcast are KTSA; San Antonio; KGNC.

Houston Woman Is New President of B.&P.W.

GALVESTON, Oct. 9. (AP) — Mrs. Bess W. Scott of Houston was named director of District Three, Business & Professional Women's Clubs, at the closing session of the annual meeting.

Named yesterday to the state nominating committee was Mrs. Fayn L. Jones of Port Arthur.

The 1951 district convention was set for Houston.

Rainy Weather Today Over Third of Nation

CHICAGO, Oct. 9. (AP) — Rain pelted Indiana, Ohio and parts of east today following a wet week end over a big section of the country.

The week end rains extended from the upper Mississippi Valley south into Arkansas and eastward through the Ohio Valley into the Middle Atlantic states.

Skies were mostly clear over the central and western portions of the country. Temperatures rose in the Northern Plains, but dropped in the Pacific northwest and Lower Mississippi Valley.

There was some moderation in the Rockies where chilly weather had prevailed for several days. Big Piney, Wyo., had a low of 16 degrees Sunday.

Mason City, Ia., had an early morning reading of 33 today, and Grantsburg, Wis., 32.

Fort Worth's Dander Up By Story in News

FORT WORTH, Oct. 9. (AP) — Tarrant County Grand Jury Foreman Walter H. Strong said today he wanted to confer with other grand jurors concerning a story in the Dallas News Sunday about gambling in Fort Worth and Tarrant County.

Ten days ago the Star-Telegram reported that a Dallas reporter visited gambling places here.

Dist. Atty. Hellman said today that Tarrant County has been singularly blessed" by being free of violence that has marked gambling activity in Dallas.

Hellman said Dallas was the city that spawned Bennie Binion, Dallas and Las Vegas, Nev., gambler, and Lois Green, underworld kingpin shot to death there several months ago in an unsolved ambush slaying, and Herbert Noble, target of numerous assassination attempts one of which claimed his wife's life.

Hellman said that the Dallas News reporter may be summoned before the Tarrant County grand jury.

Sheriff Sully Montgomery and Asst. Police Chief R. R. Howerton stated that they arrested gamblers as they found them.

Police Chief George Hawkins, before he left recently for a police chiefs' convention in Colorado Springs, Colo., termed the report of open gambling here as "hunk." Hawkins admitted some gamblin' existed inside city limits "and probably always will."

Recipes

GUESTS FOR LUNCHEON
Chilled Tomato Soup
Creamed Chicken and Peas on Toast
Green Salad
Blueberry Torte* Beverage
(Recipe for Starred Dish Follows)

BLUEBERRY TORTE

Ingredients: ¾ cup all-purpose flour (stir to aerate before measuring), ¾ teaspoon double-acting baking powder, ½ teaspoon cinnamon, ¼ cup butter, ½ cup sugar, 1 egg, 1¼ cups large firm cultivated blueberries (picked over, washed and drained well).

Method: Put flour, baking powder, and cinnamon into sifter. Cream butter; add sugar and cream thoroughly. If electric mixer is used beat in egg until mixture becomes very fluffy and pale-colored; if not, beat egg with rotary beater until thick and pale and then mix well with butter and sugar. Sift in flour mixture all at once; beat or stir in slowly until well blended. Stir in blueberries lightly. Turn into lightly buttered 7-inch square pan (about 1½ inches deep); bake in slow (325F.) oven 45 minutes or until done. Cool slightly, then cut in squares, lift each square carefully from pan with wide spatula, and serve warm with whiped cream. Makes 6 servings.

Tells How Companion Died

Patrick J. Carey, 20, seated, is interviewed by Los Angeles police after his companion, James W. Henry, 18, was killed by Reserve Police Officer James E. Christman, standing. Carey said he and Henry were returning home from a football game when they joined police chasing another car. The police ordered them to the curb and Henry was shot, Carey said, as the two youths attempted to comply with an order to get out of the car with their hands raised. Christman said his gun "might have gone off accidentally."

Deranged Man Shot By Dallas Deputy In Wild Hospital Scene

DALLAS, Oct. 9. (AP) — A former San Diego, Calif., union official was shot to death by a deputy sheriff after he tried to wreck a transcontinental bus and ran amok in a hospital.

Sheriff Bill Decker identified the man as John A. Brooks, 36, former business representative of the Waiters & Bartenders Union in San Diego. Decker said the San Diego sheriff told him the union had discharged Brooks because he was erratic and believed both labor bosses and Communists were after him.

Decker said Brooks was shot early yesterday after a fight with Deputy Sheriff Olin Hughes.

He said Brooks tried to run a bus in which he was a passenger into a ditch, jumped out of the vehicle, then later sought aid for a shoulder he said was injured.

Hughes and Deputy A. D. Hamilton took him to Parkland, city county hospital, where X-rays showed he was not injured.

Brooks suddenly shoved aside a nurse and doctor, knocked down a man he met in a hallway and fled the building, Hughes in pursuit.

Hughes said Brooks picked up a club in a vacant lot, knocked him down, and starting throwing rocks at him as he tried to get up. The deputy fired one shot from his pistol. The bullet hit Brooks in the throat and he died in a few moments.

Wife of Naval Reserve Man Leaps With Child

SALEM, Mass., Oct. 9. (AP) — The young wife of a naval reservist recalled to active duty leaped from a third-story window yesterday, carrying her infant daughter to its death, after she first had tossed out her older child.

Dead is four-month-old Lorraina, daughter of Mr. and Mrs. Henri Pelletier. Her sister, Linda, 3, is in fair condition at Salem hospital.

Their mother, Theresa, 27, was taken to the same hospital in "very poor" condition suffering head and possible internal injuries.

Police said all three hurtled 35 feet from the kitchen window of the Pelleteir apartment, landing on a gravel driveway.

The 26-year-old father, who was attending church, had only shortly before received orders to report for active duty with the Navy Oct. 13.

Four Children Die In Vermont Home Blaze

ST. ALBANS, Vt., Oct. 9. (AP) — Four children suffocated in their beds and their baby-sitting uncle was burned in a rescue attempt yesterday when a small fire broke out on the first floor of a two-story house.

The children's parents, Mr. and Mrs. Olson Bluto, were away.

The victims were Keith, 10; Judith Ann, eight; Donna Lee, six, and Darrell James, one.

Their uncle, Olman Bluto, about 30, suffered serious body burns in a futile attempt to rescue the children.

Pictures Taken For '51 Annual

Students of Snyder High School formed a long line this week to begin their poses for class pictures for publication in their yearbook The Tiger's Lair.

Still undecided on a theme for the annual, ten staffers wasted no time in preparing to meet engravers' deadlines for this year's publication.

Working under contract with the staff, Tom G. Carney of Art Studio is almost finished with class pictures and will devote time to organization and activity shots.

Several of the students went to San Angelo last week to study yearbook work at the Newsfoto Publishing Co. annual clinic.

Looking at the 140 pages in the Lair of last year, Miss Katherine Northcutt, high school teacher and sponsor of the annual, said the high school enrollment increase to over 600 students would probably give the Lair 200 pages this time.

Working with Miss Northcutt are Jo Ann Gee, editor; Ed Frank Bayouth, business manager; Kaye Weber, advertising manager; Barbara Lewis, assistant business manager; James Franklin, photographer; Ann Richardson, class editor; Ramona Harless, feature editor; Billy McCormick, club editor; David Harlin and Manuel Hedges, athletic editors.

Vargas Still Leading In Brazilian Election

RIO DE JANEIRO, Brazil, Oct. 9. (AP) — Former Dictator Getulio Vargas still led by more than half a million votes in Brazil's presidential election, but Lt. Gen. Eduardo Gomes had sliced Vargas' margins by more than 100,000.

Latest unofficial returns gave Vargas 1,263,872; Gomes 739,856 and the government-backed candidate, Christiano Machado, 406,554.

Observers expressed belief that Vargas who ruled Brazil from 1930 to 1945 and was the party candidate of the Brazilian Labor (PTB), is sure to win.

An estimated 7,700,000 votes were

Conservation Head Says Farmers Must Retain Their Control

PHILADELPHIA, Oct. 9. (AP) — President of the National Assn. of Soil Conservation Districts, Waters Davis, League City, Tex., said yesterday conservation control must remain in the hands of farmers.

Davis is here to attend a 12-state soil conservation meeting.

Dog Reunited With 7 Shared Famine, Cold

REYKJAVIK, Iceland, Oct. 9. (AP) —Carlo—sole survivor of 18 sled dogs aboard a Skymaster which crashed atop a 6,000-foot glacier—was reunited yesterday with six men and a girl who shared a week of cold and famine with him.

The plane crashed on Sept. 14 on Vatnakoell Glacier while en route from Luxembourg to Reykjavik. When rescuers prepared to bring the six crewmen and stewardess down the slope, Carlo got scared and ran off.

A few days ago a new party of mountaineers reached the plane. They found Carlo inside, cold and hungry.

Osteopaths Meet

AMARILLO, Oct. 9. (AP) — The mid-year convention of the Texas Association of Osteopathic Physicians and Surgeons opened here yesterday.

Nearly 175,000 Visit State Fair Sunday

DALLAS, Oct. 9. (AP) — The State Fair of Texas had 173,500 persons come out to see the sights yesterday and it was one of the biggest second day crowds in the exposition's history.

Today has been set aside as Negro festival day.

The ball squirted from the fingers of Jim Campbell (38), Pittsburgh back, as he started a run in the first period of game with Ohio State in Columbus, O. But, he recovered as O. S. U. tacklers Jerry Manz (62) guard, and Bob Heid, (54), center, closed in. No. 64 is Rudy Andabaker, Pitt guard.

Clashes of Undefeated Teams Highlight Schoolboy Football

(By The Associated Press)

Six of the state s unbeaten teams clash this week in the features of Class AA schoolboy football.

There are 17 left, four of them unbeaten but tied.

Pampa, Big Spring, Lamesa, Breckenridge, Texarkana, Palestine, Cleburne, Port Arthur, Freeport, Glena Park, Corsicana, McAllen and Midland have unblemished records.

Longview, Lubbock, Sweetwater and Pasadena have ties against them.

Friday night Pampa plays Lubbock, Texarkana meets Longview and Midland chashes with Sweetwater.

The Texarkana-Longview battle is the big one because it is a conference struggle in District 9 and the winner will be the top favorite for the championship.

Pasadena runs into trouble. It has Conroe, the giant-killer. Conroe last week ushered Texas City out of the unbeaten, untied ranks with a 15-7 victory.

There are 40 games on this week's schedule.

Favorites are strongly defined in each of the 16 districts as the campaign whirls toward the half-way mark.

Pampa gets the nod in District 1, Wichita Falls in District 2 despite three beatings from outside foes, Lubbock in District 3, Ysleta in District 4, Sweetwater in District 5, Breckenridge in District 6, Sherman in District 7, Highland Park (Dallas) in District 8, Texarkana in District 9, Conroe in District 10, Port Arthur in District 11, Baytown in District 12, Corsicana in District 13, Keerville in District 14, Laredo looks as good as any in weak District 15 and McAllen gets the tag in District 16.

Three teams fell from the unbeaten, untied ranks last week. Amarillo crushed Sherman 34-7 in a startling reversal of form, Donna took out San Benito 20-7 and Conroe felled Texas City.

Corsicana rolled on without having a point scored against it, blasting Greenville 60-0. Breckenridge also has given up no points. The Bucks trimmed Abilene 13-0 last week.

Toughest Week Is Ahead In Southwest

By WILBUR MARTIN

(By The Associated Press)

The Southwest Conference tears into its toughest week of play bidding for greater national prestige.

For Southern Methodist, Rice and the University of Texas it means undefeated, untied records are on the line as they try for more acclaim.

Last week set the stage. Three victories and one defeat brought the circuit's intersectional record to nine wins and four losses. That lone licking was Texas A&M's last-second loss to Oklahoma.

Texas Christian opened conference action with a 13-6 victory over Arkansas.

Four unbeaten teams tangle in a football doubleheader at Dallas and here's where Southern Methodist and Texas risk national rankings and perfect records.

Mighty Southern Methodist, the No. 3 team in the country last week, takes on unbeaten but tied Oklahoma A&M.

The University of Texas, rated better than Southern Methodist in pre-season picks but seventh in the last Associated Press national poll, runs into fifth-rated Oklahoma.

Texas was idle last week, but Southern Methodist tuned for its tilt with a bruising 21-0 victory over Missouri.

SMU lost Quarterback H. N. Russell, Jr., and Back Henry Stollenwerck for the Cowpoke game because of injuries. Stollenwerck may be out a month.

Rice, one of two surprise clubs this year, easily walloped Louisiana State University, 35-20.

Texas A&M, the real eye opener, scared Oklahoma silly before bowing in the final minute, 34-28.

Baylor for the second straight week used the deadly passing of Larry Isbell to win, and its 14-7 victory last week over Mississippi State was a decided upset.

Giants Only Undefeated In Pro Circuit

NEW YORK, Oct. 9. (AP) — The New York Giants, because they feature defense, are making pro football's two attacking mights—the Cleveland Browns and Philadelphia Eagles—sit up and take notice.

The New Yorkers have won three straight victories and are the only team in the 13-team circuit without a setback.

The victims yesterday were Washington's Redskins, 21-17.

The Browns, who whipped Pittsburgh, 30-17, on Saturday, are No. 2 in the American Conference with a 3-1 record. Then comes Philadelphia, 56 to 20 victory over the Los Angeles Rams, in third place with 2-1.

Three teams—the Chicago Bears, Detroit Lions and New York Yanks—are tie for the National Conference lead. All, sporting 3-1 records, won yesterday.

The Bears trimmed the Chicago Cardinals, 27-6; Detroit handed San Francisco its fourth straight loss, 24-7, and the Yanks outscored Green Bay, 44-31.

In Lions-Frisco game, Bobby Layne of the winners shone brightly. The driving downpour did not seem to bother the blonde bomber from Texas, who completed 15 of 32 passes for 205 yards and a pair of touchdowns.

Longhorns Go To Class C

ABILENE, Oct. 9. (AP) — The Longhorn Baseball League will open its 1951 season April 19 as a Class C circuit.

Directors of the Class D league yesterday voted to up the classification and set a 140-game schedule ending on Sept. 5.

Hal Sayles, managing editor of the Abilene Reporter-News, was re-elected to his third term as president by acclamation. Bill Guinn of San Angelo was unanimously re-elected vice president.

The league also voted to challenge the Class C West Texas-New Mexico League in a post-season series next year.

Directors approved the purchase of the Ballinger club by Dr. Marshall Dykes from the Runnels County Baseball Association and the purchase of the Sweetwater club by a group of local business men from Cy Fausett of Albuquerque.

Former owners of the Ballinger club retained an option to re-purchase the club in order to keep baseball there before Dr. Dykes could, if he so willed, make a geographical move.

The league plans to have a club player limit of 16 next season, including a playing manager. It will have a limit of three class men, seven limited service players and minimum of six rookies.

Roswell, N. M., was awarded the 1951 all-star game.

18 Undefeated Teams Left In Class A Race

(By The Associated Press)

Mt. Pleasant and Mt. Vernon tangle this week in one of the outstanding games of a 102 game schedule in the vast Class A schoolboy grid race.

Win, lose or draw these two teams still have double tough Sulphur Springs to reckon with in the District 15 chase.

All three are undefeated and untied. They share the distinction with 18 other teams. Ten fell from this class last week.

Three-fourths of the week's schedule will count in district standings. One feature that won't is Brady's tilt with Uvalde.

The only two teams that hadn't been scored upon had this record blasted last week. Haskell just did nose out Stamford, 20-19, and Crowell was tied by Electra, 13-13.

Littlefield, defending state champion, breezed past Brownfield, 53-13, and New Braunfels, still figured the class of the southern bracket, walloped Yoakum, 79-0.

Monahans knocked off undefeated, untied Wink, 39-7, in District Five.

Memphis, Giddings, Vidor, West Columbia, Floresville and Robstown were other undefeated, untied teams knocked spinning.

Phillips, Mesquite, Hooks, Linden, Lampasas and Seguin were unbeaten but tied clubs defeated.

Undefeated and untied clubs now include Littlefield, Monahans, Kermit, Dublin, Haskell, Olney, Newcastle, Arlington, Mt. Pleasant, Mt. Vernon, Sulphur Springs, Hearne, Lavega, Georgetown, Brenham, Gonzales, Lamarque, Sinton, Mercedes, Pearsall and Uvalde.

Unbeaten but tied are Shamrock, Abernathy, Henrietta, Diamond Hill, Crowell, Pleasant Grove, Terrell, Elgin, New Braunfels, French (Beaumont), Donna and Alvin.

Some of the top games this week include:

Abernathy-Crosbyton; Muleshoe-Littlefield; Denver City-Monahans; Cisco-Coleman; Ranger - Dublin; Seymour - Crowell; Newcastle-Henrietta; Hearne-Groesbeck; Bellville-Brenham; Gonzales-El Campo; Aldine-Lamarque; Wharton - Lamar (Rosenburg); Sinton - Freer, and Pearsall-Del Rio.

Barkley Says South Is Back in Democrat Fold

SHREVEPORT, La., Oct. 9. (AP)—Vice-President Alben Barkley says the southern break with the Democratic Party "is all in the past."

"The Democratic Party feels close to the South," Barkley told newsmen yesterday. "It has always been that way because the South's economy has always fared better with the party. Any recent friction is regrettable and is all in the past."

Four southern states, including Louisiana, were carried by the States Rights Democrats in the 1948 election.

Barkley interrupted an 18-state speaking tour for the Democratic Party to fly here to address a private dinner of the Shreveport Jewish Federation in memory of the late Sidney Herold of Shreveport, a Zionist leader.

Barkley's chartered plane was due in San Diego, Calif., today.

Three From Snyder Enroll At H.-S. U.

Three students from Snyder are among the 1,650 students who are enrolled this fall at Hardin-Simmons University. They are David Gonzales, Miss Lynn L. Logan and Miss Charlene Goodall.

Gonzales, son of Mr. and Mrs. E. P. Gonzales, is a sophomore. He is a member of Los Rancheros.

Miss Logan, daughter of Mr. and Mrs. Archie Logan, is a sophomore. She is a member of the Cowgirl Band.

Miss Goodall, daughter of Mr. and Mrs. Charles W. Goodall, is a freshman.

3 Mustangs On Sidelines

DALLAS, Oct. 9. (AP) — H. N. (Rusty) Russell, who has fashioned a newer and bigger aerial circus at Southern Methodist, professed to be deep down in the dumps today.

Injuries had struck his undefeated, untied Mustangs and done virtually irreparable damage, he said.

Three of his brightest boys of the gridiron—Rusty Russell, Jr., the quarterback; Johnny Champion, pass-catching, end-sweeping halfback, and Henry Stollenwerck, who did some tall running against Missouri Saturday—are on the sidelines. Stollenwerck is out for a month to six weeks with a broken bone just above the ankle. Russell may not play for two weeks because of torn rib cartilage, and Champion has a bad charley horse. The latter may not miss this week's game with Oklahoma A&M "but you just don't know about a charley horse," said Russell.

The Methodist head coach, who claims he is irritated no end when they start putting his team up around the top of the rankings, says the loss of these boys hurts deeply because "we were just getting into the groove; our team was just starting to click all-around. Now this stalls us."

The Methodists beat Missouri 21-0.

S.M.U., A.&M. Leaders In Passes, Gains

DALLAS, Oct. 9. (AP) — Southern Methodist controls the air and Texas A&M the ground in Southwest Conference football.

The mighty Methodists have lashed the ozone for 837 yards in three games to top the loop with Fred Benners the conference individual leader in yards gained and Rusty Russell, Jr., compiling the best average.

And the three leading pass-receivers are Russell, Bennie White and Johnny Champion of Southern Methodist.

Texas A&M has romped to 866 yards rushing and furnished three of the top four ball-carriers.

Rambling Robert Smith, the Aggie fullback, has carried 63 times for 332 yards and is far in front ofS the field. Hem adel11ag ainst of the field. He made 111 against Oklahoma last week. Second is Bill Tidwell of A&M with 262 yards on 28 runs and third is Kyle Rote of Southern Methodist with 256, while Glenn Lippman of the Aggies is fourth with 214.

Rote is the total offense leader with 496 yards, having rolled up 240 passing. Second is Gil Bartosh, Texas Christian quarterback, with 442.

Benners, in pacing the league in passing has completed 34 of 59 for 433 yards. Vernon Glass of Rice is second with 17 of 30 for 306 and Ben Tompkins of Texas is third with 14 of 25 for 248. Russell has the amazing passing average of .750 with 12 completions in 16 throws.

Larry Isbell, Baylor quarterback, leads in punting with an average of 41.1 on 17 boots.

Lippman has the top average in punt returns with five for 106 yards —21.1 per run.

In pass-receiving Russell has caught 10 for 281 yards, White 12 for 170 and Champion eight for 167.

Southern Methodist leads in team total offense with 1,296 yards with A&M second with 1,050.

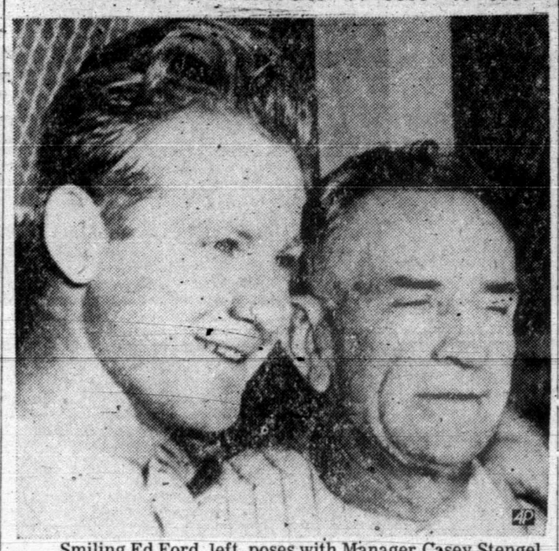

The defensive leader is Baylor, which has given up 191 yards per game.

New Type Respirator For Polio Treatment

HOUSTON, Oct. 9. (AP) — Two Harvard University faculty members this week will exhibit a new type respirator for treatment of bulbar polio victims.

The two, Brig. Gen. James S. Simmons and Dr. Stanley J. Sarnoff, are to appear before the third annual Gulf Coast regional conference on industrial health which opens Thursday.

Rookie Credited With Win

Smiling Ed Ford, left, poses with Manager Casey Stengel in the dressing room after the Yanks won the fourth straight game from the Philadelphia Phillies in New York to take the 1950 World Series. The score was 5-2. The rookie pitcher got credit for the win but needed assistance from Allie Reynolds in the ninth inning.

Army's and Oklahoma's Long Records May Go Like Irishs'

By WILL GRIMSLEY

(Associated Press Staff)

NEW YORK, Oct. 9. — Modern football's longest unbeaten skein lay in shambles today and possible disaster loomed immediately ahead for the two records that come closest to matching it.

Shattered at 39 games was Notre Dame's four-year uninterrupted sweep — cracked by a Purdue team that fashioned a shocking 28-14 upset Saturday at South Bend.

That left Army and Oklahoma to carry on success streaks already past the 20 mark, but both of them face a possible scissoring job next Saturday.

West Point, unlicked in 22 games, will oppose formidable Michigan in New York's Yankee Stadium in the game of the day.

Oklahoma's Sooners will risk their 23 consecutive victories against powerful, unbeaten Texas at Dallas' Cotton Bowl.

This game is the first half of a Dallas' celebrated double-header. The night game will feature undefeated Southern Methodist against once-tied Oklahoma A&M.

Texas, idle last week, holds a 34-26 victory over the Purdue team that rocked Notre Dame's fighting Irish. Oklahoma, on the other hand, barely escaped with a 34-28 triumph over Texas A&M, achieved in the fading minutes.

Conquests for both Michigan and Texas would not create too great a surprise. They could do it.

The Wolverines from Ann Arbor, co-champions of the Big Ten, fell before Michigan State in the opening game but bounded back last Saturday to whip Dartmouth, 27-7.

Army, meanwhile, set down Penn State emphatically on Bob Blaik's passing, 41-7.

The young season already has produced a brash disregard for the college sport's hierarchy.

The two top-ranking teams were given a rude bumping last week and while two other powers barely escaped with skin intact.

Michigan State, given No. 2 rating behind Notre Dame after its manhandling of Michigan, fell before Maryland 34-7. Washington, No. 10, barely nosed out UCLA, 21-20.

Michigan State's opponent Saturday is William and Mary, another week end upset victim. The Indians were walloped, 47-0, by Wake Forest in Dixie's major surprise.

The other "top ten" teams came through without hardship. Southern Methodist, No. 3 just above Army and Oklahoma, turned Kyle Rote loose on Missouri to win, 21-0. Kentucky, No. 6, racked up its fourth straight shutout over harmless Dayton, 40-0.

Stanford, No. 8, crushed Oregon State, 21-0, while California turned back Penn, 14-7.

8 Conference Games Set For City Schools

(By The Associated Press)

Three of the four districts in City Conference schoolboy football shove into the thick of the championship fight this week.

Of 15 games, eight are conference struggles.

Lamar of Houston, the only undefeated, untied team, plays San Jacinto in the top game of the Houston district.

District 2 (Fort Worth) opens its conference race with Arlington Heights meeting Amon Carter-Riverside and Poly clashing with North Side.

District 4 where Thomas Jefferson, defending state champion, looks like the kingpin, has three conference tilts. Jefferson plays weak Lanier. Last week Jefferson blasted Edison 59-6.

The City Conference, for the first time, boasted a margin over its little brother, Class AA, in interconference play last week, winning nine games while losing five. Paschal's 26-6 decision over Odessa and Lamar's 40-0 blasting of Miller (Corpus Christi) were the biggest blows.

Kerrville, which has been a pain in the neck to the City Conference biggies thus far, continued its raids with a 33-0 whipping of San Antonio Tech. Kerrville is the only team boasting a victory over Thomas Jefferson.

Houston Oil Man Named President of Sterling

HOUSTON, Oct. 9. (AP) — R. G. Rice, vice president of the Tennessee Gas Transmission Co., has been named president of the Sterling Oil and Gas Co.

The company's board of directors also voted W. D. Walser, Tennessee gas secretary, secretary of the company and elevated Walter G. Sterling from the presidency to chairman of the board.

Life Prison Term For 14-Year-Old Begins

SALEM, Ore., Oct. 9. (AP) — An Oregon penitentiary cell door clanked shut on 14-year-old Harvey F. O'Day yesterday as the boy began life imprisonment for slaying a state policeman.

Deputy Warden Eugene Halley said "it is tough to handle a boy of O'Day's age in an institution not equipped for adequate segregation" from adult convicts.

O'Day was sentenced Saturday in the Washington County circuit court at Hillsboro. He pleaded guilty to a charge of second degree murder in the shotgun killing of Officer Dale Courtney Oct. 1. The officer had seized John Wilson, 15, and then tried to arrest O'Day in an abandoned farmhouse.
