Large areas of Colo-

large area to the west and northwest of the Dairy Queen. Many other parts of town are included and landowners may check on a map at City Hall to deter-

Mitchell No. 1 to be produced

Most of the suspense is over for the Perry Mitchell family concerning their new oil well, but not all.

The decision has been made by oil company powers to bring in the wildcat well Mitchell No. One but some hitches have developed in setting up a pumpjack.

The crew had orders to cement the bottom of

the hole up to 7,400 feet, the level at which tests showed good quality oil in sufficient quantity to make a producing well.

Each time cement has been pumped in, it has been lost, due to what is believed to be a crack in the formation.

Latest report is that cement is setting up over a twelve-hour period after pumping in and the pumpjack will be installed soon.

The DB Drilling Company rig was moved to another location, a pad has been built and tank battery moved in. A Poole pulling unit rig is handling this phase of the operation.

Location of the new well is nine miles southeast of Colorado City on the Perry Mitchell farm, about a half-mile east of their house. It was spudded in October 14, drilled to 8,160 feet and then testing began Nov. 8. There are five or six oil companies involved, including International Oil & Gas, Amoco and Shell.

Nearest oil production is about eight miles southeast in the Dixon See OIL, Page 2

The Alliance encourages participants to come a little early and enjoy a time of fellowship.

What is child abuse/neglect?

In 1981, 110 Texas children died from child abuse and neglect, more than in any other state. In the same year, 53,473 abused or neglected children were identified by the Texas Department of Human Resources.

What is child abuse and neglect?

Child abuse has been defined by Texas law as "The non-accidental infliction or threat of physical injury or emotional or mental damage to a child by a person responsible for the child's health or welfare." Also included in this definition is the withholding of needed care.

Examples of child abuse are burns, fractures, bruises, welts, sprains, exploitation, confinement, poisoning, exposure, starvation, malnutrition, sexual abuse and withholding of needed medical attention, among others.

Neglect of a child means "Depriving a child of living conditions which provide the minimally needed physical and emotional requirements for life, growth and development by a person responsible for the child's welfare," such as inadequate food, housing and clothing, lack of needed medical attention, abandon-

ment, lack of supervision or guidance, unmet educational needs, etc.

Because of the large number of abused and neglected children and a shortage of staff, victims of abuse and neglect are divided into three categories: Priority I, Priority II and Priority III.

Priority One children are those who are in life-endangering situations, while Priority Two children are those in safety-endangering situations.

Priority Three children includes those "at risk of" abuse and neglect, truants, runaways, children in need of su-

pervision, unmarried school-age parents who are not also victims of abuse and neglect.

Action on a Priority I child requires absolute evidence, says Ann Gregory, director of the Mitchell County Day Care Center and committee member on the Texas Council of Child Welfare. "Like if a child is brought into the hospital with bruises and fractures," Mrs. Gregory explains. "Say a mother is living with a boyfriend who nearly killed one child and there's another child at home—that's a life-endangering situation wh-

ere you've got to get the child out. That is, if the mother doesn't take the child out."

A court order can be obtained immediately in this situation and the child removed from the home while an investigation is underway.

In Priority II cases, the child can be removed from the home before or after an investigation, depending on the severity of the situation.

Due to federal funding reduction, the approximately 3,200 Priority III children per month that are referred to the Texas Department of Human Resources cannot be served.

Ron Plentl, child welfare supervisor for a six county area, noted that neglect is usually more prevalent than abuse in rural areas like Mitchell County.

Mrs. Gregory theorizes, "I think it would be due to the lack of registered day care centers like ours. They leave them (the children) alone while they work. They don't have to worry about neighbors keeping as close an eye on them as they might. A lot of people won't turn families in for neglect."

However, as Plentl pointed out, the failing economy is causing that picture to change; as people struggle harder and harder to make ends meet, to maintain the status quo, the result-

Children benefit from fund-raiser

Bargains galore were to be had at the 4th annual Joint Venture for Crippled Children's Oil-field Equipment and Service Sale at the Abilene Civic Center December 1st.

The money raised from the event benefits the West Texas Rehabilitation Center and their three campuses in Abilene, San Angelo and Snyder. Over 10,000 handicapped patients will be treated in 1982 at no charge.

A total of \$205,444 was bid during the auction on the 107 items. The most spirited action during the sale came when Bud Arnot of Breckenridge and J. M. Tate of Abilene got into a bidding battle for a mint-condition, 1922

Ford Model T pickup truck donated by Sam Reeves of The Reeves Company of Sweetwater, Texas. When the bidding was over, Arnot won with a donation of \$10,200.

Referring to last year's premium auction item, a Rolls-Royce automobile, Auctioneer Danny Burns of Burns & Hutson of Sweetwater said, "That's the way it's been in the oil patch this year—from riches to rags. Next year, we'll have two Rolls-Royces to auction off."

The hottest items auctioned during the sale were three one-sixteenth working interests on two leases to be drilled starting next week in Jones County by Chalmers Operating Co. and

Smalley Drilling Co., both of Abilene. The interest brought \$6,000 each for a total of \$16,000. John Chalmers and Smalley Drilling then put up from the

floor a one-eighth interest that sold for an additional \$15,000, making the total donation to the Rehab Center worth \$33,000, the highest auction item.

The Joint Venture for

Crippled Children is composed of men and women from the area's oil and gas industry who have joined together to help the WTRC offset its \$4 million annual budget.

Area students included in National Dean's List

Four students from the Mitchell County area have been included in the fifth annual edition of The National Dean's List, the largest

recognition publication honoring college students, published by Educational Communications, Inc., Lake Forest, Illinois.

Students are selected for recognition by their deans or on their school's Dean's List. The 77,000 students included in the current edition are from 2,000 colleges and universities nationwide and represent one half of one percent of the more than 8,000,000 college students in the country.

Colorado City students include Alicia Henderson, University of Texas of the Permian Basin, Timothy W. Lelak, Howard College at Big Spring and Barbara D. Westbrook, Texas Tech University. Charles D. Kasinger of Lorraine, Texas Tech University, is also on the National Dean's List.

Westbrook cagers compete in tournament

The Westbrook boys and girls teams traveled to Garden City to participate in the Garden City Tournament last weekend, and both teams lost out in their bids for the consolation trophy.

In the boys first game of the tournament, they fell behind early to Garden City. Westbrook trailed 27-11 at the half. In the second half, Coach Jerry Tucker said his troops played much better. "We played aggressive and took the ball to the basket," commented Tucker. The 'Cats played Garden City on even terms in the second half, but lost the contest 55-39.

Sophomore Donald Burnett led the Wildcats charge with 13 points and nine rebounds. Roger Cantu had eight points and eight rebounds, while Billy Sweek added six points.

In the next game against Stanton, J.V. Westbrook fell behind early 10-8, but behind the scoring and rebounding of Cantu surged to a 24-18 halftime lead. The 6-0 postman took matters into his own hands as he finished the night with 27 points and 18 rebounds. Cantu sunk 9 of 11 shots from the field and 9 of 13 from the charity line. Burnett followed his fellow postman with 14 points and 11 rebounds, as Westbrook won going away 50-41.

In the consolation game, the Wildcats faced a tough Forsan squad and played well for the first 10 minutes of the game. Westbrook held a 12-8 lead after the first quarter. But the Forsan press took its toll in the second quarter as they outscored the 'Cats 22-2.

From there they cruised to a 59-21 victory. Cantu and Burnett had 13 and six points respectively. The Westbrook girls lost their opening game 40-28 to Garden City. Coach Keith Bundas said his girls played well in the first quarter, but their performance fell off from there. Christi Vanderpool led the scoring with nine points. Gracie Fuentes added seven points.

In the second contest against Grady, the 'Cats trailed 15-14 at the half. The second quarter was a bad one as the Wildcats only scored two points. The third quarter was the same old story for Westbrook as they scored three points. But in the final quarter the 'Cats rallied for 13 points to take a close 30-27 win. Vanderpool led the Wildcats scoring with 15 points.

Wolves take second in Lakeview tourney

The Colorado City varsity boys basketball team participated in the San Angelo Lake View Tournament last weekend and came within six points of taking the first place trophy.

After defeating Water Valley 67-28 in the opening round, Coach Mike Hart's troops pulled off the upset of the tournament when they knocked off Ft. Stockton 48-42.

It wasn't easy for the Wolves as they trailed 24-15 at the half. "We played terrible in the first half, I think we thought we were still playing Water Valley. But the kids just flipped the switch at halftime and just got after it," explained Hart.

The Wolves jumped into their man-man full-court press and took the victory. Tim Beights led the scoring with 11 points. He was followed by Tracy Tarter with eight points. Dennis Rivera added six points.

In the championship game against the Brownwood Lions and their 6-4, 225 pound postman Mike Davis, who was averaging 26 points a game, the Pack came out on the short end 72-68.

C-City trailed 28-27 at the half, and the Lions continued to stretch their lead in the third and fourth quarters. Until

midway through the final stanza the Lion lead had ballooned to 21 points. That's when the ever effective Wolf press went to work. The Wolves scratched and clawed their way back into the contest, and with time running out cut the lead to four. The Pack had a chance to get closer but missed a couple of shots and the game was over.

Tom Rees led the Pack in scoring with 13 points. He was followed by sophomore Don Randle with nine points. Dennis Rivera and Doug Chitsey added eight points each. Davis was held to nine points.

Hart was pleased with the effort. "The kids did a good job of not giving up after we got into the press. Our conditioning is paying off, we seem to get stronger in the fourth quarter. This team is further along than last year. We are getting more done on the floor than any other team I have had. We need to keep our intensity level."

Making the All-Tournament for the Pack were Stacey Tarter and Tom Rees.

The girls varsity ran into hard times at the tournament. After falling to Monahans in the opening round 62-39, the Pack faced the Sweetwater Mustangs for their next encounter.

Sweetwater jumped on the Pack early in the first quarter and led 19-6. From there, C-City could never get started, as Sweetwater won going away 64-40. Della

Lynn Dawson led the scoring with eight points. The Wildcats will be without the services of point guard Fuentes who will be lost for at least a couple of weeks with a sprained ankle in which she suffered in the contest.

'Dogs capture Hawley tournament

The way coach Ronald James and the Lorraine Bulldogs boys varsity basketball team has started off, James might receive his share of votes for Coach of the Year.

You see, last year the lowly Bulldogs won a total of four games, this year under the direction of James the 'Dogs have won five straight, including three games at the Hawley Tournament to capture the first place trophy last weekend.

James, in his first year at Lorraine has turned a group of players who had very little experience into contenders with their running and pressing type of game. "We live and die by the press, we try to cause turnovers, 10 second violations, or whatever we can get out of it," said James. And in the Hawley Tournament, the Bulldogs did just that to capture the title.

Lorraine ran into some good luck in the opening

C-City

Continued From Page 5

Martin was pleased with his team's hustle and determination. "This was a very good tournament. All of the girls got valuable playing experience against some of the toughest opponents we will face all year," commented Martin. The Wolf mentor says he's not that worried about the scores because he is still looking for some starters for district play. "Tomika Randle and Laura Baum seem to have the starting positions right now. The other three are wide open," explained Martin.

The girls will be in action Thursday at noon when they play Olney in the first round of the Catclaw Invitational Tournament in Wylie.

round as their scheduled opponents, the Brownwood junior varsity did not show up, so the Bulldogs collected an automatic bye. They played a make-shift Hawley J.V. team and won handily 44-30.

Junior post James Griffin led the way as he gunned in 20 points and pulled down 17 rebounds. Jerry Darnell added 10 points and five rebounds, and Tony Morris scored six points.

In the second round the Bulldogs played the original Hawley J.V. team and won 49-40. James said his troops did not shoot as well as they could, because they missed a lot of easy baskets off of their press.

But the Bulldog press was up to its usual form as Griffin, Darnell and

Bulldogs

victorious

The Lorraine Junior High boys kept their record clean as they downed Highland 53-16 in basketball action Monday night in Highland.

The Bulldogs zoomed out to a 30-8 halftime lead, and after that coach Ronald James emptied his bench as everyone got to play.

Eddie Benitez paced the winners with 16 points, Terry Rose followed with 14, Freddie Benitez added 11 and Tracy Rose scored seven points.

The Lorraine Junior High girls captured an easy victory over Highland 27-13.

Beverly Griffin paced the scoring with 16 points, Michelle Williams added six and Christi McNary scored five points. The win ups the Bulldogs record to 2-1.

Ruben Garcia combined for 15 steals. Griffin again had a banner night as he scored 18 points and collected 15 rebounds. Aundra Rose had 11, and Darnell and Adam Merket scored six points each. Merket also hauled down nine rebounds.

That set the stage for the championship game versus the Clyde J.V. The game was nip and tuck all the way with the Bulldogs jumping out to a 12-8 first quarter lead,

and stretching it to 27-19 at the half.

Clyde put on a spurt in the third period that left them trailing by one, 41-40 going into the final quarter. That's when playmaker Rose caught fire, the 5-10 sophomore fired in 10 final period points to help the 'Dogs take the contest 61-58, and the championship.

Rose was the scoring leader with 16. He was followed by the ever present Griffin with 14 points and 15 rebounds.

Darnell added 12 points and eight rebounds and Garcia added 12 points and six rebounds.

"The guys played above my expectation, they were mentally ready and they went out and did a good job. At times we gave them easy baskets off of our press, and we need to box out better on the boards and get some of the other guys to score, but I was pleased with their performance," commented James.

Who's Who, published by Educational Communications, Inc., Lake Forest, Illinois, is the largest high school recognition publication in the country. Students are selected by high school principals and guidance counselors, national youth groups, churches or by the publishing company based upon students' performance in scholarship award contests or extra-

curricular activities.

Final selection is determined on the basis of criteria which include high achievement in academics and leadership in school activities, athletics or community service. Traditionally, 99 percent of Who's Who students have a grade point average of "B" or better and 97 percent are college bound.

The 16th edition of Who's Who, published in nine regional volumes,

features 363,000 students, or five percent of the nation's 6,500,000 high school juniors and seniors. They represent 20,000 of the 22,000 public, private and parochial high schools in the country.

Who's Who students also compete for over \$50,000 in scholarship awards and participate in the publication's annual opinion poll of teen attitudes. The book is distributed on a com-

plementary basis to over 15,000 high school, colleges, universities, and public libraries throughout the country.

Car fire

A car was reported on fire to the Colorado City Fire Department at 11:30 a.m. Tuesday on Walnut Street in front of the Occasion Gift Shop.

The vehicle, a '75 Pinto belonging to Mrs. M. K. Moelling caught on fire when the gasoline hose on the carburetor came loose, and the gas ran on the hot motor.

Luckily, Frank Conard of Donut Alley saw the fire, grabbed his fire extinguisher and put the fire out before firemen arrived.

Mrs. Moelling said that she had stopped at the insurance office, and was coming around the block to the feed store when her car stopped and she saw smoke coming from the hood. "I got out of the car, lifted up the hood and saw the fire," said Mrs. Moelling.

CXS marketing company explained

For your shopping convenience we will be open from 8:30 a.m. to 8:00 p.m. Monday thru Saturday Nov. 29 until Christmas.

PERRYS

192 E. 2nd

Several questions have been raised about a new marketing company and procedures offered to cotton farmers in selling this year's crop or putting it in the government loan.

The company is Commodity Exchange Services Company (CXS) of Lubbock.

Dan Davis, a company executive, said that the business has been in operation since 1974 but this year's central office procedure has been authorized under Agriculture Stabilization and Conservation Service regulations.

Several cotton producers in the Lorraine area used the company last year and some Westbrook area producers are using the service this year.

Davis explained company procedure this way: under the old system a producer would send documents which include warehouse receipts, class cards and power of attorney to CXS in Lubbock and then the money would be disbursed through the Mitchell County ASCS office in about 10 days when receipts were returned here.

"Now, the gin acts for the producer, fills out a worksheet and sends it to the county ASCS office and it's sent to Lubbock. We go ahead and disburse our own money in 24 hours and then we're reimbursed by the ASCS and Commodity Credit Corporation and the receipts stay in Lubbock at the Lubbock ASCS office," Davis said.

CXS makes money by acting as agent for the producer and is paid a commission by the buyer when the cotton sells. No loan service fee is charged. But CCC charges are still paid by the producer.

Davis said, "Computer terminals provide an equity screen showing the cost of redemption, break even price and how the current market price relates to the value of a producer's crop, permitting him to offer his cotton at the best price."

"Then as soon as the cotton sells, we can get it out of the loan in four days instead of ten, a saving in interest and storage costs," Davis added.

CXS is connected to the ASCS office in Lubbock by a new regulation in effect this year which permits them to make application through CCC as an authorized agent of the Commodity Credit Corporation.

An unanswered question is who has control of the cotton, the producer or CXS? Davis said the producer retains the right to sell his cotton, deciding for himself when he wants to offer equities for sale, but a power of attorney has to be signed before CXS begins to act as the farmer's agent.

A producer might also want to know what happens if he doesn't sell any cotton, will he still have to pay for services? Also, if the cotton stays in the loan and isn't sold, how can CXS make any money? How will this affect the producer?

Mitchell County producers, farmers and landowners alike, should thoroughly investigate these new procedures before making a decision. The Mitchell County ASCS office phone number is 728-2651. Phone number of CXS is 806-747-6888 or 1-800-692-4459.

Week of Prayer observed

Women of the First Baptist Church in Loraine met in the fellowship hall at 9 a.m. Thursday, Dec. 2 to observe the annual Week of Prayer for Foreign Missions.

The group had planned to present the program in one day, rather than meet for a short period of time each day.

Mrs. T. L. Holman, president, welcomed those present and Mrs. Roy Baird, mission study chairman, led in presenting the program.

As each speaker closed her talk, she read Matt. 9:36-38 and gave a prayer for missionaries and their work in that particular country.

Those presenting the day's program were Mmes. Frances Porter, Holman, Charlie Harris, Pauline Smiley and Lynne Compton.

In the short business session a goal of \$2,000 was set for the local church. The goal for Southern Baptist is \$58,000,000.

For the covered dish luncheon served at noon, Rev. David McNary gave the invocation.

by group singing "Joy to the World," led by Mrs. Frank Crownover. Mrs. Ruth Blair gave the opening prayer and brought the devotional using as her theme, "What Makes the Difference," reading Psalms 33. Thoughts expressed in her talk were: Don't need to go to church: One night I had a dream—two sets of footprints in the sand and Who makes the difference? She closed her talk with a poem "Our Town," written by Mrs.

J. M. Bruce, a former member of the church here, now deceased.

Mrs. Raymond Wheeler also added to the devotional by reading from The Texas Reporter, quoting "Are old people taking the church from the young?" She also discussed the joy of giving.

Nursing Home. A get well card was signed for Harold Martin and a thank you letter was read from McUrdu School of Missions for a donation sent to them. Minutes were read and treasurer's report given and the group discussed the menu they will serve at the Lions Christmas supper.

The nominating committee reported re-electing the same officers who served this year to serve another year.

Ruth Blair led the closing prayer.

What does a clean filter have to do with saving money?

There are lots of ways to save money. One is to check the filter in your heating and cooling unit once a month.

The filter is there to collect dust and lint. But when it's dirty, your unit has to work longer and harder to heat and cool your home. And that leads to

higher electric bills.

If your filter is permanent, clean it; if it's disposable, replace it. A clean filter can help you save money all year long.

And those other ways to save? You'll find them in "The Unhandy Person's Guide" from Texas Electric. If you need one, call us — or ask for one on the comments portion of your bill.

Historical Buildings

Storm caused front of the Methodist Church to be rebuilt

The First United Methodist Church was built at the corner of Fourth and Chestnut Streets in 1884, but before the building could be completed a storm caused such extensive damage that the pillars or flying buttresses had to be placed on the outside of the building just as they are seen today.

It is interesting to note that the second pastor sent here, Brother Bascom J. H. Thomas, arrived on a cold night and, not knowing where to go, followed a light which turned out to be from a saloon. The saloon keeper offered the preacher blankets and shelter for the night and later donated toward the new church building

and the preacher's salary.

Early members of the church (circa 1900) included W. L. Doss, Bert Wulfjen, Florence Wulfjen, Ina Wulfjen, John Johnson, Ina Wulfjen, Wallace, Ola Wulfjen, Donah Craddock Wulfjen, Mrs. L. A. Costin, Dera Wulfjen, Winn and Veazey. Other members were of the Arnett, Merritt and Crockett families.

The building has been added to several times: the parsonage was en-

larged between 1889 and 1899; the church was remodeled in 1914; in 1916, the basement, a balcony on the east end of the sanctuary, stained glass windows and an extension on the south side of the sanctuary

were added; original Educational Building was constructed in 1930 and 1931 and a new one built in 1949; the roof was repaired in 1932; the windows of the church were repaired in 1949 and 1957.

Mr. & Mrs. J. V. Glover
Reception to be held for Glover anniversary

Mr. and Mrs. J. V. Glover of Bryan, Texas will be honored on their 50th wedding anniversary, Sunday, December 19, with an open house in the home of their daughter, Mrs. Fowler Moore, at 509 North Avenue, Bryan, Texas. Friends are invited to call between 3 and 5 p.m.

Hostesses for the occasion will be their grand daughters, Eliza-

beth Moen, Sharon Steel and Carolyn Steel.

J. V. Glover and the former Lila McCurry were married in Colorado City on December 25, 1932. Mr. Glover taught school in Colorado City for several years and retired from Shell Pipe Line in McCamey in 1968. They are members of First United Methodist Church in Bryan.

Hunting licenses can be replaced

A number of sportsmen have contacted the Texas Parks and Wildlife Department asking how to replace a lost hunting or fishing license.

Officials said duplicate licenses can be obtained if certain procedures are followed.

If you lose a license, it is preferable to contact the license deputy where the license was purchased to obtain the number and date of issuance. If someone else purchased a license at the same time, it often is helpful to use their license number as a guide in locating the lost number, officials said.

After obtaining the number, go to one of the department's 30 field offices or to a county clerk's office which sells hunting and fishing licenses (about half of them provide this service) and purchase a duplicate license for 50 cents. If this is not convenient, you may contact the department's Austin headquarters, 4200 Smith School Road, Austin, Texas 78744, (512) 479-4818 for a duplicate license application.

Officials remind sportsmen that it is illegal to purchase more than one hunting license or combination hunting-fishing license. Resident hunting and fishing licenses, as well as the combination licenses, are valid from Sept. 1 until Aug. 31 each year.

Juvenile crime studied

In an effort to address the increased involvement of youth in serious crimes, Senator Ray Farabee (D-Wichita Falls) prefilled a juvenile offender package proposing a new sentencing alternative for youth over 15 years of age who have committed a violent felony. The package also includes a bill setting up a central fingerprint and identification file for juvenile offenders.

"There are presently no adequate sentencing choices in Texas for children 15 and over who commit violent felony offenses such as murder or rape. We need to address the seriousness of these criminal activities, even though the acts are committed by young persons. While I do not advocate sending these young people away for life sentences, I do feel they should receive sentences more in keeping with the crimes committed," Farabee stated.

Under present law if a youth of 15 or over commits any felony offense, the court may commit him to the Texas Youth Council (TYC) or, after

a hearing, waive its jurisdiction and allow him to be prosecuted as an adult. Sentencing in an adult court is often lighter for youths than adults, and youths committed to the TYC can only be kept there until they are 18 years old.

The Farabee juvenile offender package proposes that youths sent to TYC for violent felonies be kept there for a five-year period or until they are 21 years old, whichever condition is met first. Strict requirements are placed on where and how long the youths should be committed. The fingerprint and information files would be open to law enforcement officials statewide, but could be deleted when the youth reaches age 24, if he/she had not committed a crime since age 21.

"We have a threefold purpose in this package—keeping dangerous

criminals away from the public, no matter how old they are; allowing the Texas Youth Council a chance to help these kids get their lives back on an honest path;

and ensuring that children best dealt with in juvenile courts stay there. This legislation balances all those needs," Farabee concluded.
