Public Hearing Set For Relocation Of Highway 35

Hearing Expert Addresses Lions

L. W. Higdon, M.S., executive director and clinical audiologist of the Corpus Christi Hearing and Speech Center, described the functions of that agency in a talk before the Rockport Lions Club Feb. 3 at the Sandollar Colony Room.

The Hearing and Speech Center was begun in 1965 to provide diagnostic, habilitation and rehabilitation services to persons with speech and hearing handicaps.

"We were then and are now," Higdon said, "the only non-profit organization of this type in South Texas." The center is located in the South Texas Children's Medical Center, 3455 South Alameda, Corpus Christi.

"Through the generosity of civic and charitable groups and numerous individuals, we have been able to furnish our center with the newest and most sophisticated diagnostic and technical equipment available," Higdon explained.

"The center is now able to provide almost all of the diagnostic services available in similar centers in Houston, San Antonio and Dallas."

In connection with diagnostic services, Higdon said adults and children receive service for these problems:

- Articulation disorders.
- Cleft palate speech.
- Hearing disorders.
- Delayed speech development.
- Voice disorders.
- Aphasia and other language disorders.
- Stuttering.
- Post-laryngectomy speech.

Regarding therapy, he said a speech pathologist can assist in the improvement of speech skills and give special training in linguistic skills of perception and concept formation.

"Before permanent injury is done to a child, educationally, psychologically, socially and economically," Higdon said, "the aid of a speech therapist should be secured as early as the child is found to be retarded or irregular in his speech pattern development."

Higdon closed his talk by asking the question, "What kind of a sound do we make at our center?" He answered the question with the following statement:

"It's a happy, joyful sound. The sound of lives made meaningful. If you would like to have a part in this happy sound, there are a number of ways in which you may help. Even when parents are able to pay for their child's attendance at the center, the fee does not cover the basic cost of the training required. The equipment needed, and the intensive training, make the cost of educating the deaf child so much greater than for the child who hears. And some parents are not financially able to pay the tuition at all. Scholarships, memorials, bequests, gifts for specific items of equipment -- all of these help make it possible for us to offer our assistance to every child who needs it, regardless of ability to pay."

Man Injured In Car Crash

Chief of Police E. D. Taylor reported that Joseph Lawrence of Rockport was injured in a car crash Sunday at Market Street and Highway 35 and was taken to Lyman-Roberts Hospital in Aransas Pass.

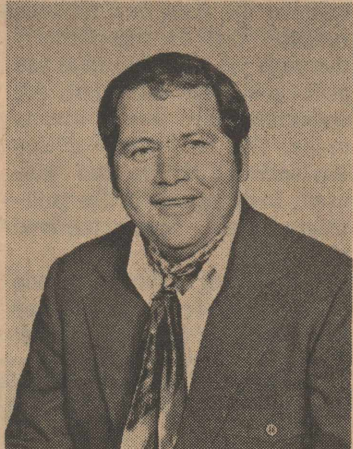

According to Taylor, Mrs. Dray Smith of Houston was the driver of the other car and she was charged with failure to yield the right-of-way.

Casterline Runs For County Commissioner

Mickey Casterline has filed as a candidate for Aransas County Commissioner to represent Precinct 1 and 1-A. Moving here at the age of five, Mickey has lived here since that time and for the past 10 years has been consigned for the Mobile Oil Corporation, operating a wholesale bulk plant.

He took over this agency at the age of 22, youngest man in Southwest District to assume this type of position.

He graduated from Aransas County High School where he was a three-year letterman in athletics, football and track and captain of the football team.

Following graduation from high school, he attended Texas Technological College at Lubbock where he studied architecture.

After his college education, Casterline became associated with the Texas Engineering Corporation, with home office in Dallas. His work included construction of gas pumping stations in the Corpus Christi area.

Later he accepted a position in sales work with the Mobile Oil Corporation and this led to his opening the wholesale bulk plant here.

Mickey is married and he and his wife, Meceal, have three children, Lisa Michelle, 11, Troy, 8, and Laura, 3. He is an active member of the Aransas County Riding Association.

"We have three horses," Mickey explains, "and my favorite recreation whenever I have any spare time is riding with our children."

Casterline is an active member of the First Baptist Church of Fulton and has been music director for many years.

He also is a member of the Rockport Art Association and in past years his paintings have brought him a number of ribbons in art shows.

Fishing Tourney Winners Named

Following are the winners of monthly prizes in the fishing tournament for winter visitors sponsored by the Chamber of Commerce:

Burt Bourne, Outing, Minn., staying at Harbor Light Cottages, won first prize in red-fish competition, catching an 11 1/2-pounder in Copano Bay. He entered it at Lee's Seafood weight station. Prizes were gift certificates from Wagley Lumber Company and Emma's Flower Shop.

G. W. Hagin, Cordell, Okla., won first prize in the trout division with a seven-pounder he caught in Aransas Bay off of Fulton Beach Road. He entered it at Wilson & Son weigh station. Hagin is staying at Trav'ler Inn. His prize was a gift certificate for a trip on the Whooping Crane motor vessel. The certificate was furnished by Clothing Care Center.

Bank Closed Feb. 21

First National Bank will be closed Monday, February 21 in observance of Washington's birthday.

Perch Club

Fred Worhan is the latest person to join the Perch Club. He fell overboard last Friday while working on his boat in the Turning Basin.

High School Gets High Rating

As previously reported, during the 1970-71 school term, the entire staff of the local school system conducted a self-evaluation study in preparation for an evaluation by a visiting committee of educators. A requirement for membership in the Southern Association is that visiting committee evaluations be made at intervals to determine the quality of education in member schools. The local schools chose this school year (Continued on Page Two)

Miss Rockport Pageant Feb. 24

Final plans have been formulated for the 1972 Miss Rockport Pageant presented by the Rockport-Fulton Tourist Association. This colorful affair will be staged at the High School Auditorium on Thursday Evening - February 24 beginning at eight p.m. according to officials.

More than twenty girls are entered to date and the entrants include: Jeri Smith, Paula McLain, Sharon Rayborn, Fufu Smith, Pamela Hill, Jean Williams and Lisa Gale Dick. Also taking part in the extravaganza will be Laurie Little, Debbie Brasher, Debbie Brown, Sherry Lynn Stephens, Alicia Spencer, Atoma Jane Bateman, Cathy Flores, Pamela Colley and Debbie Wells. Additional candidates are Lisa McDavid, Jeannie Kleypas, Joy Kathleen McLead, Caye Bailey, Francie Leith and Pamela Hutchins.

Other entrants and details will be announced next week. Joe Lister, President of the Rockport-Fulton Tourist Association said that one of the high lights of the program will be the appearance of more than twenty first graders including both boys and girls as a Little Miss and Little Mister will be named.

Pictured are Caye Bailey, daughter of Mr. and Mrs. Travis Bailey; Atoma Jane Bateman, daughter of Mr. and Mrs. W. L. Bateman and Joy McLead, daughter of Mr. and Mrs. Norman McLead.

JUNIOR HIGH DISTRICT CHAMPS

Both the 7th and 8th grades captured district championship last Thursday by defeating Mathis.

The 7th grade won 34 to 33 and the 8th grade won 31 to 18. The season record for the 7th grade was 10-2 while the 8th grade had an 11-3 record.

Team members for the 7th grade were Richard Ballou, Michael Garcia, Jimmy Aleman, Dennis Stephens, John Pina, Bill Barrow, Bobby Cloke, Nestor DeLeon, Reynaldo Guerrero, John Picton, Dick Oliver, Todd Caspary, Chris Oliver and Roger Ramirez.

Team members for the 8th grade were Cass Caspary, Bill Smith, Scott Gillis, Johnny Rios, Pat Schendel, Wayne Wendell, Casper Garcia, Jerry Hutson, Johnny Washburn, Jay Watkins, Lewis Wilcox, Edward Gonzales and Homer Saucedo.

Rockport Moves Closer to Title

Last week the Pirates of Rockport-Fulton demolished two district foes, Mathis and Calallen, to run their district mark to 8-0 with two games to go, and their season's record is 17 wins against 5 losses.

In both games the Pirate first team of Steve Mayes, Clay Gillis, Donnie Setterbo, John Vick and Mike McCaskey were pulled by Coach Bob Johnson to keep from running the score up. Against Mathis the first team was pulled with the score at 41-12 three minutes before the half. Against Calallen, it was a similar score when substitutions were made.

In the 81-61 victory over Mathis the Pirates were paced by double figure performances by all five starters--Setterbo had 19, Mayes 17, McCaskey had 15, Gillis had 14, and Vick added 10 points.

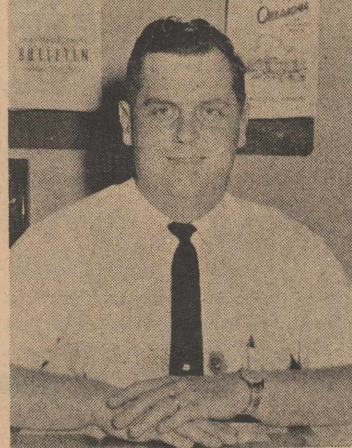

In the 76-57 win over the Wilcoats of Calallen the Pirates had Setterbo and McCaskey leading the way with 14 points, and Vick along with Brad Little totalling 10 points for the night.

Everything is pointing toward a showdown with Woodsboro this Friday night at Pirate Gym. The Eagles have only one loss in district and that was to the Pirates. After Tuesday's game with George West, the battle with the Eagles will wrap up the district play for 1972.

Democratic Primary Draws Record Number of Candidates

Joe Earl Hunt Runs for Sheriff

Former Sheriff Joe Earl Hunt has decided to run for the position again and has filed as a candidate for sheriff of Aransas County, subject to the May 6 Democratic primary election. He filed his candidacy with Miss

Lola L. Bonner, chairman of the Aransas County Democratic Executive Committee.

Hunt, who is 36 years old, is a lifelong resident of Aransas County and graduated in 1953 from Aransas County High School.

In law enforcement work, Hunt has had seven years of experience including one year with the Rockport Police Department, also service as deputy and chief deputy sheriff under the late Arley Shivers, and also was elected sheriff of Aransas County and served from 1965 through 1968.

For more than 15 years, Hunt has been an active member of the Aransas County Emergency Corps and the Rockport Volunteer Fire Department.

B&PW Style Show Set for March 11

The Business and Professional Women's Club will hold its annual scholarship benefit style show and dinner Saturday, March 11 at 7 p.m. in the Colony Room at the Sandollar Motor Hotel.

Admission will be a \$5 donation and tickets may be purchased at Suttles Dress Shop or from any member of the B&PW Club.

The highlight of the evening will be a style show, with fashions to be presented by Suttles Dress Shop and The Sea Chest. The theme this year will be oriental.

Douglas W. Ratcliff, manager of the Sandollar, will serve an oriental dinner and provide the decorations and musical entertainment for the evening.

Miss Lola L. Bonner will be the style show commentator.

Buna Suttles and Marie Tong are co-chairmen of the event; Mary Lou Ashley, Gwynn Howland, Corrine Homburg and Pat Oliver, door prize committee; Thelma Sours, Kitty Theodore, Elsie Hawes, Peggy Bloomer, Corrine Crabb and Bernita Kinsey, publicity committee.

A scholarship is given each year by the B&PW to a deserving girl graduate from Rockport-Fulton High School. She must be in the upper half of her class and must apply for the scholarship with a written report. Copies of the application form may be obtained at Joel Mixon's office at the high school.

Students Enter Essay Contest

Four senior students of Rockport-Fulton High School are participating in the Conservation Awards Program Essay Contest sponsored by the Fort Worth Chamber of Commerce. The contest is locally under the direction of the San Patricio Soil District No. 324 which included San Patricio and part of Aransas County.

The essays entitled "Conservation-The Key to Survival" were submitted by the following students: Joe Brown, Kaye Lauer, Debbie Haggood, and Alfred Heinsohn.

Four File for City Aldermen

As of Tuesday, four men had filed at the City Hall as candidates for the city election to be held April 1.

They are Joe Lister and Marcelino Ramirez, candidates for alderman from Ward 1, and William C. McNickle and Murray McMillan, candidates for alderman from Ward 2. McMillan is the incumbent from Ward 2 whose term is expiring. Joe "Pepe" Zambrano, the incumbent alderman from Ward 1 whose term is expiring, has said he will seek re-election but as of Tuesday he had not filed.

There are still no candidates for mayor. Delmar R. Hiller, present mayor, has announced that he will not seek re-election.

Arrest Solves Check Forgeries

Chief of Police E. D. Taylor reports that the arrest of a woman from Alice, Texas has solved the forgery of hundreds of dollars worth of American Express checks here and in other South Texas cities.

Taylor said a woman named Nancy Rae is being held in jail at Sinton after bond was set at \$5,000 by Justice of Peace J. Paul Rogers.

The arrest followed an investigation by Texas Ranger Jim Peters of Corpus Christi and Chief Taylor. According to Taylor, forged checks were cashed here at H.E.B. Family Center, Roatan Drug Store and Trep's Food Store, also in Aransas Pass, Ingleside, Kingsville and Bishop.

Enco Marine Sold To University of Texas

Ed Harper of Harper Real Estate reports the sale of Enco Marina at Port Aransas, which was owned by Hugh Jackson, to the University of Texas for \$325,000.

The marina is being utilized by the university as a marine laboratory under the direction of Carl Oppenheimer. Harper states that the university plans to spend \$3 million for expansion of marine research facilities and activities.

Pirates Beat George West

The Rockport-Fulton Pirates played the patient game Tuesday to eventually subdue George West's slow down tactics and win by the score of 49-36. In the first period George West went into a full stall. Some quick moves by Donnie Setterbo and Mike McCaskey gave the Pirates the ball and an early 6-0 lead. The end of the first quarter had the Pirates leading 9-1, with George West taking only one shot at the basket.

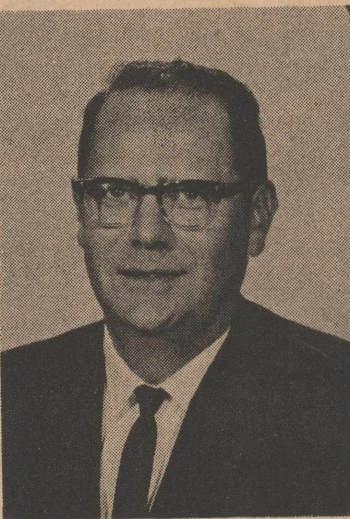

The Pirates continued to await opportunities given them by the Longhorns, and eventually jumped out to the margin by which they won.

John Vick was the leading Pirate scorer with 15 points, followed by big Steve Mayes and McCaskey with 12 points each. Mayes and Clay Gillis were the leading rebounders for the game.

This Friday night the young Pirate team will play their biggest game to date as they host the Woodsboro Eagles at Pirate Gym. Woodsboro soundly beat Ingleside Tuesday night to stay only one game behind the Pirates. The Pirates are 9-0 in district play and the Eagles are 8-1, with the only loss coming at the hands of the Pirates. Needless to say, the gym will be packed for the slate of three boys' games, with the tip-off at 8:00.

Dr. Elliot Files For County Commissioner

Dr. H. F. Elliot has filed as a candidate for Aransas County Commissioner from Precinct 1 in the May 6th Democratic Primary election. Dr. Elliot has been a resident of Aransas County for 23 years. He was born in Ames, Iowa, attended Iowa State University

and received his doctor's degree from College of Osteopathic Medicine and Surgery in Des Moines, Iowa.

Dr. Elliot has been active in many civic and political organizations. He has served as a member of the Board of Trustees of the Aransas County Independent School District since 1952 and has been President of the board since 1958. He has submitted his resignation to this board to be effective April 1 to conclude 20 years of service.

He served as Democratic Chairman, Precinct 1, from 1961 to 1965. He was a delegate to the Texas State Democratic Convention in 1968 and 1970.

Dr. Elliot served as Aransas County Health Officer from 1949 to 1955 and as Rockport City Health Officer from 1956 to the present time.

Dr. Elliot owned and administered a local hospital from 1957 to 1962. He then owned and administered a 32 bed nursing home until 1970. He is now a board member of the Aransas Hospital, Inc.

He is currently a Member of the Executive Committee of the Gulf Coast Council, Associate Advisor for Explorer Post 49, Advisor for the Copano Chapter of the Karankawa Lodge, Order of the Arrow.

His wife, Willie Mae, is presently the Democratic Chairman of Precinct 1, Aransas County. They have two children, 2nd Lt. Roger Dennis Elliot is serving in the Air Force at Selma, Alabama. Rose Ann Elliot, a 3rd year student at Trinity University, San Antonio, Texas, was a registered official guest at the 1968 National Democratic Convention in Chicago.

Car Turns Over Near City Hall

Police reported that Gayle Robbins, 19, lost control of his car Monday night while heading south on Broadway, slammed into the curb and his car turned over 1 1/2 times near the City Hall.

Alex Lopez, 17, a passenger in the car, suffered a broken rib in the accident and was taken to Lyman-Roberts Hospital in Aransas Pass.

Robbins was charged with failure to control his speed to avoid an accident.

With the passing of the Feb. 7 deadline for filing for the May 6 Democratic primary election, Miss Lola L. Bonner, chairman of the Aransas County Democratic Executive Committee, announced the names of a record number of candidates seeking Aransas County positions.

In the race for County Commissioner, Precinct 1, there are seven candidates for the job now held by W. B. Allen who is not running for re-election.

Those running are Raulie L. Irwin, Mickey Casterline, Dr. H. F. Elliot, Manuel Betancourt, Eric T. Eller, Milton (Cotton) Mundine and William Charles Gaskin.

In the contest for County Commissioner, Precinct 3, the candidates are Raymond Owens, the incumbent, and Robert M. Hill.

In the race for Sheriff there are three candidates: Robert Hewes, the incumbent; Joe Earl Hunt, a former sheriff; and Charles E. Cosby, a former deputy sheriff.

Running for County Attorney are the incumbent, Ellis L. Clark, and David McCarthy.

There are three candidates for Constable, Precinct 1: incumbent Dowell King, Kenneth McGary and Donald R. Beard.

In the contest for Constable, Precinct 2, there are two candidates: the Rev. Loyl Ray Towler and John H. Ray, Jr.

The following candidates are unopposed:

- John H. Flinn, District Attorney.

Highway 35— (Continued from Page One)

and Rockport and at the city halls in Gregory, Rockport and Aransas Pass.

The State's Relocation Assistance Program, the benefits and services for displacees and information concerning the relocation assistance office will be discussed at the public hearing. Tentative schedules for right-of-way acquisition and construction also will be discussed. All interested persons

are invited to attend the public hearing.

The Texas Highway Department has made a study for the improvement of SH 35 from Gregory to Copano Bay Causeway because of the increase of traffic in this resort area which is rapidly being developed, residentially and commercially, and because this section of roadway is a high accident rate highway. The present 1970 traffic on existing SH 35 is approximately 5,100 vehicles per day and the anticipated 1994 traffic will be 14,000 vehicles per day. The existing facility has had a high accident rate over the last five years and travel time is exceedingly slow on the existing route. For the safety and convenience of the traveling public, improvement of the existing route of SH 35 is necessary.

The route improvement study begins East of Gregory on SH 35, 3/4 mile South of the intersection of SH 35 and SH 361, at the end of a previously proposed freeway from Portland and Gregory, and ends at the South end of the new Copano Bay Causeway, which was completed in 1966, approximately 3 miles

Northeast of Fulton.

Three routes were studied, designated Routes A, B & C which are shown on the Route Study Map. The location of the Routes A, B & C were determined by the use of aerial photographs and preliminary schematics were drawn thereon. Efforts were made to displace as few families as possible, to miss all public parks, to miss all churches, to miss all live oil wells, to miss the large ponds in the area and to utilize as much of the existing right of way and roadways as economically feasible while trying to arrive at a fast, safe, efficient and economical route.

All three routes considered are in the same location for the first 6 3/4 miles from Gregory to 3 miles West of Aransas Pass and for the last 3 miles Northeast of Fulton to the Copano Bay Causeway. The routes are parallel and adjacent to the existing location of SH 35 in these two areas.

The proposed route of SH 35 from 3 miles West of Aransas Pass to Northeast of Fulton is proposed to bypass the cities of Aransas Pass, Rockport and Fulton on new location. Three route locations, designated Routes A, B and C, were studied and Route A is recommended. It was not economically feasible to acquire additional right of way through the developed residential and commercial areas on the present location of SH 35, due to the excessive cost of additional right of way required to build a satisfactory facility as many

houses and businesses would be displaced. It is anticipated, by projected traffic counts, that approximately one-half of the traffic will be routed around the cities on the proposed route, thus relieving traffic congestion on the present facility. Existing SH 35 will remain and be designated a Business Route, providing access to the cities of Aransas Pass, Rockport and Fulton.

The proposed ultimate facility will consist of the first 3/4 mile from the beginning point to be constructed as a freeway to complete the freeway facility from Portland through Gregory. The remainder of the proposed route improvement will be 4 lane divided highway to the Copano Bay Causeway with grade separations at the major intersections. Acquisition of additional right of way for future expansion to freeway standards is proposed through the outlying areas of Rockport and Fulton where residential development is anticipated. Construction of the ultimate facility proposed will probably be by states, based on the availability of funds.

The proposed improvement of SH 35 is in agreement with the Texas Coastal Bend Regional and Planning Commission's Report on Transportation dated March, 1968. Also,

the recommended Route A is in agreement with the Comprehensive Plan of Rockport, Texas dated April, 1969.

Social, Economic and Environmental effects considered in SH 35 improvement:

1. Fast, Safe and Efficient Transportation
2. National Defense
3. Economic Activity
4. Employment
5. Recreation and Parks
6. Fire Protection
7. Aesthetics
8. Public Utilities
9. Public Health and Safety
10. Residential and Neighborhood Character and Location
11. Religious Institutions and Practices
12. Conduct and Financing of Government.
13. Conservation
14. Natural and Historic Landmarks
15. Noise, Air, and Water Pollution
16. Property Values
17. Multiple Use of Space
18. Replacement Housing
19. Education
20. Displacement of Families and Businesses.
21. Engineering, Right of Way and Construction Costs of the Project and Related Facilities
22. Maintenance and Operating Costs of the Project and Related Facilities.
23. Operating and Use of Existing Highway Facilities and Other Transportation Facilities During Construction and After Completion.
24. Airway-Highway Clearance.

RECOMMENDATIONS

Route A is recommended as the most favorable location for the following reasons:

1. This route is located in closer proximity to the cities of Aransas Pass and Rockport which allows for favorable access from the highway to the cities and from the cities to the highway for both the traveling public and the local citizens.
2. This route is the most favorable to the economy of the area because of its proximity to the cities.
3. This route has a favorable high elevation and located through the middle of "Live Oak Peninsula".
4. This route provides an evacuation route for this lowlying coastal area during flooding conditions and for other emergencies.
5. This route is estimated to be the most economical to construct.
6. This route is estimated to be the most economical to maintain.

The existing route of State Highway 35 through the cities of Aransas Pass, Rockport and Fulton will be designated as a Business Route after completion of the proposed new route.

High School—

(Continued from Page 1)

for a visitation. A team of educators visited the local school system during the first three days of the week beginning January 31. More information will be made available as committee reports are completed but the following is a letter report on Southern Association membership:

Mr. Gordon Nix, Chairman
District Committee
Southern Association of
Colleges and Schools
Harlingen Independent School District
Harlingen, Texas
Dear Mr. Nix:

This is to certify to you that today a visiting committee of twenty-six professional teachers, administrators, and educators completed its evaluation of the schools of the Aransas County Independent School District. The evaluators were dedicated to their assignments and did their jobs well. The evaluation began on Monday, January 31, 1972, and the work was culminated on Wednesday, February 2, 1972.

When the packets were distributed the first day, all soon realized that an exceptionally thorough job of preparation had been made for this visit. All materials were ready and in order. The 1970 edition of The Evaluative Criteria had been used. Instructions in the pamphlets had been followed closely.

The visiting committee made sure that every local teacher was visited, every pamphlet

appraised and checked, and a written report made to the faculty. Fine work space was available and all went smoothly.

This visitation and evaluation was system wide. Necessary adaptations were made to cover the elementary schools. Visiting personnel tried to write a coordinated report for the system. It is hoped that the report, though necessarily brief because of the short three day visit, will be helpful in improving, where possible, this school system.

Since, however, only the senior high school is a member of the Southern Association, specific action was taken and reported concerning that school. In an executive session of the visiting committee, a motion was made, seconded, and passed unanimously that the High School of the Aransas County Independent School District is operating a very fine school, meeting the standards of the association, and is certainly worthy of membership in the Southern Association of Colleges and Schools.

The committee believes further that the students, faculty, administration, school board, and citizens should be congratulated on a splendid job well done.

Respectfully submitted,
Pat H. Norwood, Coordinator
Visiting Committee

Beauty Pageant Chatter

By Carl Duckworth

Any red-blooded male citizen who has 20/20 vision must have noticed; Rockport and Fulton is loaded with a number of cute ---no, that's not the right word; beautiful girls. A Beauty Pageant, you say? You bet.

Maybe, just maybe, one of our local girls can go all the way up to the Miss America Contest. It could happen. It may happen.

Seems to me, when I was going to school the girls weren't as shapely as our girls today. . . . Somehow, the depression wasn't the best time for raising beauties. Most of them had that lean and hungry look. The ones who didn't looked odd. Either they didn't have all the necessary curves, or perhaps we didn't know a curve when we saw one.

The Rockport-Fulton Tourist Association is sponsoring the Beauty Pageant February 24th. We don't know if it will bring in tourists; but we do know that it will bring us all together, under one roof, to see some of our beauties at the same time.

Although the Pageant will be judged by out-of-town guests, in my daily travels, I girl-watch. (a most pleasant past-time). On occasion, it's necessary to guess, if that was a boy or girl you just saw. A number of our young people dress alike. Boys and girls. It's confusing. I like to be able to tell, right off. Guess that must be old fashioned; but at my age, you don't want to even waste a second look.

Long hair is the "in thing" these days. Just as it was in George Washington's day. There's no way you could call old George cute. There must have been a shortage of barbers in those days. No electric clippers, either. Just dull scissors and dull razors. The barbers that were around in those days, must have had halitosis from not eating properly. Dull scissors and halitosis could be why old George let his tresses grow. He could have been trying to hide a malformed ear---or a weak neck.

Personally, I like long hair. On the girls. Be sure to watch for the advance sale of tickets. We look for "standing Room only" at the High School Auditorium on the 24th. . . See you there.

United Fund Nearing Goal

Collections in the United Fund Campaign reached \$12,040.15 this week, nearing the goal of \$13,200. Leaders of the drive urge all persons who have not given, to make their contributions now so that the campaign can be closed out to aid the work of a dozen worthwhile agencies.

There are male and female trees. A few species have separate sexes because their male and female flowers grow on separate trees. Some examples are ash, holly, date palm and ginkgo.

PROMOTIONS ANNOUNCED

The promotions of two Sand-dollar Resort Motel Spa employees was announced this week by Douglas W. Ratcliff, executive director.

Mrs. Ratcliff, who has been the general office and motel manager, has been promoted to administrative assistant in directing the expanded health spa and general facilities of the 20-acre complex on Highway 35 north of Rockport.

Named to succeed Mrs. Ratcliff was Miss Catherine Carlock, as general office and motel manager.

Referral House Sales Show Strength To Close 1971

Sales of real estate through Inter-City Relocation Service in November and December, 1971, continued to show the strong growth evident throughout the year, members attending Inter-City's regional meeting in Houston learned this week.

Number of units sold through Inter-City's referral program increased by 41.77 per cent, compared with the same 1970 months. Mrs. Ana Wishert reported upon returning from the meeting.

Dollar value of these sales was up by 48.5 per cent, reflecting an increase in the average price of each house sold. During Inter-City's 1971 fiscal year, ending last October 31, average sale price was \$36,957. Average sale closed in November and December was for \$37,440.

Inter-City is the nation's leading not-for-profit real estate referral service, with more than 500 members cover-

ing key residential markets in more than 5,000 cities in this country and overseas.

Under its program, families on the move who list former residences for sale with members are advised of Inter-City's no-cost, no-obligation referral plan.

Those interested are put in immediate contact with members at destination. The latter supply detailed information about destination communities and begin to select houses according to movers' needs.

"In this way," said Mrs. Wishert, "many days or even weeks of time are saved for home-seekers, in contrast with their arriving 'cold' in a strange city to begin house-hunting from scratch."

A feature of the regional meeting was discussion of improved techniques of serving corporate transferees and other

people moving from one city to another.

Included was a new Inter-City equity purchase program, offered by members in conjunction with POTERE, Inc., a New Jersey company that buys homes of transferred employees. Under this program, persons moving from or to areas served by Inter-City members will be offered cash for their former homes, based on independent appraisals of value, less the normal costs of trading.

"By accepting such offers, families can move to new communities, secure in the knowledge that they will have funds when they need them to close purchases of new homes," Mrs. Wishert pointed out.

IRS is planning to help us taxpayers in figuring out our tax returns. So we'll cooperate. While they're doing that we'll try to figure out how to pay.

Church of Christ

QUESTION: Are we to associate the miraculous healings that took place in the time of the Apostles, with the claimed "faith healers" of today?

ANSWER: You have in a sense answered your own question when you said, "claimed healings". Churches of Christ have placed in several banks throughout this country thousand dollar notes payable to any "faith healer" who can prove the so-called healing by the testimony of three reputable Physicians. No one has claimed the money.

The supernatural miracle of healing in the first century was of a different order, and for a different purpose than the supposed healings of today. The so-called "divine healing" and "faith healer", whether through a misunderstanding of the Scriptures, or a total disregard, have one of three things in common: religious delusion, a passion for notoriety, or of love for money.

Whether it is a so-called "Miracle Bath" in Vienna, the promised "divine readings and physical healings" by a Madam Cazenite, it is all the same. At times there is the attempt to dignify the cantations of these "witch doctors" by one who has assumed the title of Reverend. Certainly through the avenue of prayer, the child of God may make his requests known as to the needs of the body.

The lamentable thing about placing one's trust in these "Gantrys", is that some have put off medical treatment from a bonafide Physician till the physical malady becomes chronic, and in some cases delays proper treatment till it is too late. I have officiated at the graveside service of many who refused medical treatment, imagining themselves healed by a so-called "faith healer". There is one divine healer, even the Christ. There are no "inspired men" or "faith healers" today. . . .

May I study the Scriptures with you?

Fishing News

Harbor Lodge reports the following: Guests Clyde and Pete Rogers caught about 75 very nice trout. The Rogers' are from Campo, Colorado.

Mr. England, owner of the Mars Courts, and Roy Hunsford, from Newbury, N. D., caught an uncounted number of nice trout.

Joe Lister and Jack Cowan, fishing from Cowan's boat, caught some very nice trout in the Harbor Oaks channels. Largest weighing 5 1/2 pounds. The next day, Jack Cowan was seen with an unusually large stringer of trout out near City 'By The Sea.

Jim Duval from Aransas Pass caught 15 beautiful trout. The largest was 8 1/2 lbs. He fished at City By The Sea.

Ed Harper caught some beautiful reds and trout from City By The Sea on two occasions last week.

Surf Motel reported guests Mr. and Mrs. James Evans and Mr. and Mrs. Pfaff from Chetek, Wisconsin have daily caught excellent trout, flounder, and redfish. The reds were in the 3 to 5 pound sizes.

Fred Klein at Rattlesnake Fishing Camp reports the following: Mr. Brenizer of Iowa, caught 7 trout 4 to 6 1/2 lbs. One red weighted 10 1/2 lbs. Tom Moore, 16 nice trout and reds. J. A. Wyatt and Ross Marshall of Rockport caught trout weighing up to 9 lbs. Also two beautiful flounder. Another day J. A. Wyatt caught 18 trout and reds. One trout 8 1/2 lbs., six trout over 6 lbs. Another one 9 lbs.

Jack Lutenbacher of Refugio caught 11 nice trout and reds. 1 trout 5 lbs. Reds to 6 1/2 lbs. Jimmy Rassa and family from San Antonio caught 200 reds, trout, and drum. Jake Simms and Buford Clear of Oklahoma caught 20 trout each, up to 6 lbs.

Charlie Ross of Oklahoma caught a lot of trout and reds... Billy Dunlop of Rockport caught a lot of nice trout.

Please call in your reports to 729-6012... We'll write 'em up and get it in this column... For every fish that is reported, there's probably 100 more that no one knows about... (except the lucky fisherman.)

Some of the finest catches are made in adverse weather. If the recent light cold fronts have bothered you, forget the weather---and go fishing.

River of No Return

Idaho's Salmon River is called the "River of No Return." It flows through one of the longest canyons in the world. It is difficult for boats to travel on the Salmon with the current and they cannot travel at all against the current.

Lamar Firemen's Auxiliary Meets

The Lamar Volunteer Firemen's Auxiliary held their monthly meeting February 7 at the Fire House.

The project for February is to buy a new 30 cup coffee maker for the Fire Department.

Plans for the "covered dish" social in March were discussed. The date will be March 7 at 6 p.m.

Mary Clark and Jennie Heldenfels were appointed the entertainment committee.

The following members were present: Odessa Brown, Mary Clark, Jewel Gruson, Jennie Heldenfels, Pat Heldenfels, Lillian Koch, Betty Latham and Elizabeth McKinsey.

The meeting adjourned with refreshments being served by the hostesses Elizabeth McKinsey and Betty Latham.

Dessert Bridge At Racquet Club

Mrs. Blanch Harris, Mrs. J. D. Houston, Mrs. J. H. Mills, Mrs. W. E. Blackshare and Mrs. Chester Johnson were hostesses for a dessert bridge at the Rockport Racquet & Yacht Club last Tuesday.

The valentine theme was carried out in the motif. A box of candy was at each table for table prizes. There were nine tables of bridge.

Mrs. Eva Lutz won high score, Mrs. Ellen Davison second high, Mrs. Virginia Dickey, Corpus Christi, third high, Mrs. Lols Stouinger fourth high, and Mrs. Nell Brant won the special prize. Mrs. Zoe Heath held the lucky tally prize.

Punch and coffee were served during the afternoon.

Fulton Lions News

The Fulton Lions Club has renovated their clubhouse, having paneled the walls and placed vinyl flooring. The appearance of the building is far removed from the time when it was the Fulton school house in early 1900, being one of the oldest buildings in the community.

The club at a meeting Feb. 7 presented a plaque to Lion Matt W. Scott, the plaque inscribed:

"Presented to Matt Scott, a charter member of Fulton Lions Club in appreciation of 23 years of Lionism."

Open House At Presbyterian Church

The congregation of the First Presbyterian Church invites the whole community to an Open House on Sunday, February 13 from 3 to 5 p.m.

The officers of the church will be ready to greet the visitors and to escort them on a tour of the building.

Questions concerning doctrine and/or worship symbols will be welcome.

This Open House is one of a series sponsored by the Aransas County Ministers Association.

What We Need

"What the country needs most is for everyone to pick up their shovel and start producing an honest day's work. Just maybe, the protestors who are feeding on past generations and the rest of us, may take the hint. A good soaking sweat will make them realize there is a joy in a day's accomplishments without being critical of the other fellow." -- Upsala, Minn., News-Tribune.

Rush, Retzliff Exchange Vows

Miss Patsy Ann Rush and Ronald J. Retzliff were married December 18 in the First Baptist Church of Rockport. The Rev. Charles Fike officiated at the double ring ceremony. The bride is the daughter of Mr. and Mrs. Melvin H. Rush and the groom is the son of Mr. and Mrs. Hugo H. Retzliff, Campbellton, Texas. Traditional and modern wedding music was played by Mrs. Norman McLead. Vows were repeated before an altar decked with potted plants of pink poinsettias on each side of the altar and an arrangement of pink and lavender flowers and greenery.

Given in marriage by her father, the bride wore a white satin dress with a fitted bodice and long sleeves of lace. Rows of lace trimmed the full skirt and attached chapel train. Her veil of illusion was held by a cluster of white satin roses, beaded with seed pearls. She carried a cascade bouquet of white carnations accented and centered with pink rosebuds and pink and white ribbon streamers.

Miss Linda Kay Rush was maid of honor and bridesmaids were Miss Linda Retzliff, Corpus Christi and Miss Dee Ann King. Rhonda Gay Walleck was flower girl. The attendants wore long gowns of floral printed chiffon in shades of pink and lavender. The gowns were fashioned with an empire bodice, long sleeves and sashes of deep rose velvet. They wore garden hats of pink horse hair trimmed with a band and streamers of deep rose velvet. They carried a single stem carnation tied with lavender streamers. The flower girl wore an identical dress with a hair ribbon matching the dress sash. She carried a white basket of pink rose petals.

Charles Meeks of Karnes City served the groom as best man and groomsmen were Donald Retzliff, Corpus Christi and Steve Shults, Karnes City. Us-

hers were Light Stephenson III, Kingsville and George Walleck, Karnes City. Ring bearer was Randall Hardin.

The bride's mother wore a dress of pale pink with long full sleeves. The neckline and cuffs of the sleeves were accented with beaded trim. Her corsage was a white orchid. The groom's mother wore a dress of blue and white with a round-neckline and short sleeves. Her corsage was a white orchid.

Following the ceremony a reception was held at the VFW Hall. The bride's table was laid in white with a white net flounce, trimmed with pink and lavender ribbon swags and streamers. The four-tiered wedding cake was iced in white with accents of pink roses and wedding bells topped with a bride and groom. The punch bowl was at the other side of the table. Crystal candleholders held long white candles flanking the centerpiece of pink, lavender and white flowers in a crystal bowl.

The groom's table was covered in white with a net flounce and was centered with a single purple candle in a crystal and silver epergne. Grapes in shades of purple surrounded the candle and cascaded over the rim of the epergne. The silver coffee service and the groom's cake were at the sides of the table.

Miss Mellinee Landrum registered the guests. Others in the house party were Mrs. A. D. King, Mrs. Jimmie Anders, Mrs. Jimmie Morgan, Mrs. Bobby Landrum, Mrs. Norman McLead and Mrs. Howard Gilliam. There were approximately 150 guests who attended.

For the bride's going-away dress she chose a white dress with long sleeves. The dress was belted at the empire waist line, buckled in the back with beaded gold and silver trim at the neck and sleeve cuffs. Her corsage was of pink roses.

The couple went to Mexico on their honeymoon. They are making their home at Alice, Texas, where Ronald is employed by CPL.

Household Workers Earn Social Security Protection

There are more than 1 1/2 million workers in America. Some of them may be missing out on the social security protection which they earn, according to H. M. Cleveland, social security district manager in Corpus Christi.

Household employers are required to send in a quarterly wage report and social security taxes for the domestic workers whom they employ. Part time workers are included. A failure to report can deprive workers and their families of disability, survivors, and retirement, and Medicare protection under social security.

A household worker's wages count for social security if they amount to \$50 or more from one employer in a three-month calendar quarter, Cleveland explained. The worker and the employer each pay social security taxes of 5.2 percent of the worker's wages. Some homemakers deduct the employee's contribution as authorized, while others simply pay the total amount. The wage report forms are available from the Internal Revenue Service.

In order to get the proper social security credit each worker should be sure to show her social security card to the employer. A free leaflet, "Social Security and Your Employee," can be obtained from the social security office, 1802 South Staples Street in Corpus Christi.

Missionaries To Speak Here

The First Baptist Church of Rockport invites everyone in the community to hear the Reverend and Mrs. Dwight N. Dudley, missionaries to Japan. They will be with the church the next two weekends with special visual and musical programs. Their presentations will be part of a Revival Crusade February 13-20, with services daily at 10:00 a.m. and 7:30 p.m. Music director for the crusade will be Ken Arthur, Youth Director at Forest Park Baptist Church of Corpus Christi.

The Reverend Charles Fake, pastor of the church, said, "We feel that there is something in this series of meetings to appeal to everyone. The young people will enjoy the youthful enthusiasm of the singer, and we all will deeply appreciate the Dudleys."

Dudley was first appointed missionary to Japan in 1960, and after language school in Tokyo, did work in the great city of Nagoya until he was appointed pastor of the Central Baptist Church of Naha, Okinawa, where he led in the establishment of an "island ministry" to the people of the Ryukus, a chain of islands embracing a population of a quarter of a million. His most recent post of service has been with the Kanto Plains Baptist Church near Tokyo, and he had led this English-speaking congregation to do mission work among the "mountain people" of Japan.

Rockport-Fulton Tourist Assn. News

February 7th, game night was held at the Paws and Taws Building. Visitors were given tickets for the prizes that were drawn later in the evening. Prize winners were as follows: Paul Kautz from Arlington, Texas.

Adrian Daalen and wife Nell, both won prizes. They returned one of the prizes to give to someone else.

T. E. Grimm from Garrison, Iowa.

John Temby from Wisconsin. Leona Mease from Van Horn, Iowa.

Grand Prize winner was Mrs. Lillian Garbe from Hayward, Wis. She won a gift certificate that can be used at any Merchant who belongs to the Tourist Association.

February 14th, Pot Luck Supper will be held at the Paws and Taws Building. This is a favorite with our tourists.

After the Pot Luck Supper, it's Amateur Night. If you play a musical instrument or have a talent you would share with the group—or know someone who does, bring them. The more the merrier.

Date: Monday, Feb. 17th and Time: 6:30 to 9 p.m.

Bring a dish you like, and be prepared to eat, and get acquainted.

P.T.L. Plans Art Program

The Rockport Elementary School P. T. L. is going to sponsor an art program for the school this spring. The program will be a series of several lessons dealing with the basic elements of artistic expression. The lessons will be presented to classes at the school by local artists who have volunteered to do the job.

The volunteer art instructors are going to be holding a training workshop at 36, Flamingo, Friday, Feb. 11, at 1:00 p.m. Anyone interested in helping with this program is welcome to come to this workshop.

Volunteer instructors would need to have available at least one hour per week on a regular basis to participate in the program. The lessons will run for at least eight weeks.

Interested persons are asked to call 729-5006 for more details about the workshop or the art lessons.

Drive on Stray Dogs Launched

The city has started a four-week drive to pick up stray dogs that do not have license tags.

All dogs picked up will be taken to the pound and it will cost the owner of a dog a minimum of \$2 to reclaim his dog.

City officials urge all owners of dogs to be sure that their pets have license tags which can be purchased at the City Hall for \$1.50. To get a license tag, it is necessary to produce proof that the dog has been vaccinated recently.

The distance of Mars from the earth varies from 35 million to 235 million miles.

Animals, Birds At Wright Ranch

Mrs. C. F. Johnson submits the following report on exotic animals and birds which can be seen at Wright Ranch near Lake Corpus Christi:

For the winter or permanent residents of this vicinity, an outing to Lake Corpus Christi should include a drive by the Wright Ranch on Farm Road 666 for the delightful surprise of observing in quantity an exotic gooselike specie of duck named the Black-Bellied Tree Duck and several varieties of Exotic Animals. These Ducks and Animals may be watched from parking spaces along 666.

The Black-Bellied Tree Duck looks like something out of a Walt Disney Fantasy. In appearance it is half goose and half duck, and its size is between the two. When flying the underneath is mostly black, and the top side of the wings are mostly white, and the body rust. The bill is bright coral-pink (or hot-pink, if you please) and the legs are also pink which at first sight seems unbelievable. These tropical ducks make a squealing whistling sound. There are peacocks roaming the shores of the pond with the ducks. The exotic Animals are in the field where the road to old Fort Lipantitan dead-ends into 666 at the Wright Ranch. This field and pond adjoin each other on 666.

The shortest route to the Wright Ranch from Rockport is 881 to 37 and on into Mathis, then take 666 south to the Wright Ranch on the east side of the road. When you finish observing the Exotic Animals you can look for the sign to Fort Lipantitan. This road dead-ends into 666 at the Wright Ranch and after passing the turn-off to Fort Lipantitan (which is only a small park with picnic tables) it meets 70. Turn right at this intersection on 70 into Sandia through the lovely Knolls Farms area. At Sandia take 359 toward Mathis and you will go by Lake Corpus Christi Dam and lower entrance.

If you take the road from 666 to 70 which goes by Fort Lipantitan, please note the big water tank at the turn-off to the fort site. This is a ground tank with water flowing into it from a pipe. Here, you will probably see on a dead branch over the water what appears at first to be a Cardinal. But take a second look. It is vermilion in color and is called the Vermilion Flycatcher, a very brilliant color is also out of this world. It has black wings and will fly from its perch to snare a bug and then return to the same branch. Along this drive from 666 to 70 you should see several large dark hawks with maroon shoulders and white feathers on legs and tailband. These are Harris Hawks and most spectacular. You may even see one at the roadside eating a snake as we did in January. The Golden-Fronted Woodpeckers nest here, and there are hundreds of Mourning Doves at a ranch on this road.

It is an enjoyable short trip through some interesting and some beautiful country.

CAUSEWAY TO BE BUILT IN 1963

Chamber of Commerce directors have been informed that the State Highway Department intends to build a new causeway across Copano Bay on Highway 35 north of Rockport by the end of 1963.

Seth H. Steele, retiring president of the Chamber of Commerce said he talked to Highway Department officials in Corpus Christi who said they had received authorization for expenditure of funds for preparation of detailed plans for the project.

SCOTCH FOURSOME DRAWS 56

Fifty-six players competed in the Scotch foursome golf tournament at Live Oak Country Club.

The winning team, scoring 14 under par, consisted of Mullet Gregory, J. M. Attaway, Gene Webster, Rene Summerlin and Mary Jo Spears.

Two teams tied for second at 13 under par. On one team were J. T. Stellman, C. Reid, Floyd Spears, Bob Sterns and Mary Fortner. On the other team were Dick Reynolds, Harry Baughnigh, Terry Moore, George Bartlett, Bea Reynolds and Mable Spears.

The next team at 12 under was comprised of Hayden Elsbey, Bill Dahman, A. Wrinkle, Elgie Wingfield and Caroline FitzSimmon.

Highway Travel Map Improved

Austin - Gleaming new stretches of Interstate highways, more miles of four-lane divided facilities, several new lakes and a new National park make this year's 1972 Official Highway Travel Map better than ever.

The free map, published by the Texas Highway Department, is a perennial favorite with Texas motorists. Projections for 1972 call for distribution as high as 1.4 million.

This year's map includes the addition of Lake Fairfield in Freestone County and Decker Lake in Travis County. Lake Palestine, located in Henderson, Smith, Cherokee and Anderson Counties, has been on the map for several years. This year, however, the water impoundment has been enlarged considerably.

The new map reflects construction, realignment and improvement of many types of highway facilities in the State-maintained system.

The publication shows that about 130 miles of Interstate highways have been added to the State's highway network. Texas now has 2,922 miles of Interstate highways open to traffic. When the national Interstate system is complete, Texas will have 3,176 miles of I H routes.

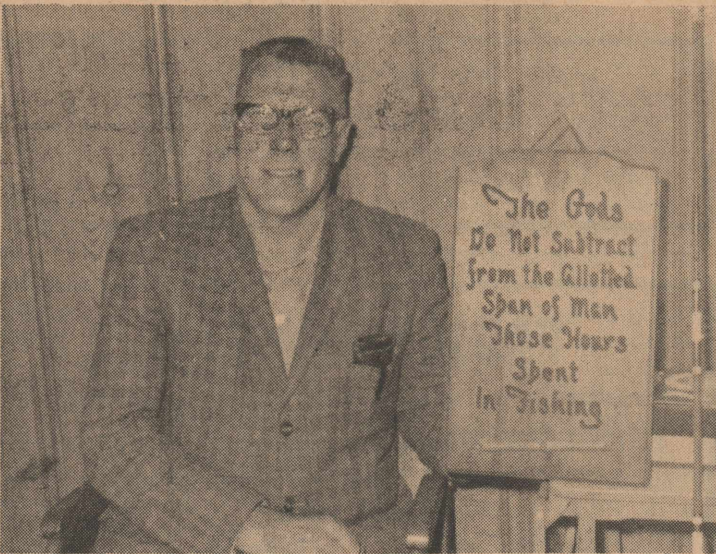

The map shows that several important gaps in the State's Interstate system have been closed. These include:

A 40-mile segment of IH 30 between Mount Pleasant and New Boston, completing IH 30 between Dallas and Texarkana.

A 32-mile segment of IH 45 between Streetman and Buffalo, completing IH 45 between Dallas and Galveston.

Ten-mile and 31-mile segments of IH 20 between Abilene and Fort Worth.

The '72 map shows that some 265 miles of divided highways have been added to the State system. This gives Texas 5,695 miles of four-lane divided facilities. Four-lane divided highways are an important safety measure in an effort to cut down on head-on accidents. The new map will reflect a

FISH TOURNEY WINNER — William Bates, retired fire chief from Rhinelander, Wis., recently won a weekly prize in the fishing tournament for winter visitors sponsored by the Chamber of Commerce.

He is holding a plaque which states, "The Gods do not subtract from the allotted span of man those hours spent in fishing."

Bates' prize winning fish was a six-pound trout he caught in Cove Harbor and entered at Wilson & Son weigh station. His prize was a gift certificate from Roatan Drug Store.

Bates and his wife are staying at Trailer Inn by the Bay. Every Saturday night Bates, who plays the guitar, and his wife Marge, who plays the mandolin, lead group singing for guests at the trailer park.

new U. S. Highway 380 designation from Greenville in Hunt County, westward to near Old Glory in Stonewall County. In addition, the map will show the new boundaries of the Guadalupe Mountain National Park located in Hudspeth and Culberson Counties.

Visitors will find expert assistance in planning travels in Texas at 11 tourist information bureaus operated by the Highway Department, including the Roy Bean Visitor Center and Cactus Garden at Langtry and in the Capitol in Austin.

The other tourist information bureaus are located at key highway gateways at Anthony, Laredo, Orange, Waskom, Texarkana, Denison, Gainesville, Wichita Falls and Amarillo.

Each bureau and information center is operated by trained travel counselors who assist more than one million visitors annually.

Other features of the '72 map include listings of Highway Department district offices, Department of Public Safety Offices and State Parks. A handy

conversion table turns kilometers to miles and liters to gallons.

Safety rest areas are designated on the map with a small blue dot, comfort stations with the familiar blue square.

The Texas Highway Department provides approximately 1,100 safety rest areas, roadside parks and scenic turnouts for the safety and convenience of highway users in Texas.

Copies of the 1972 Official Highway Travel Map are available at Highway Department Tourist Bureaus and at Department district offices. The map is one of the most popular

of the more than 7.3 million pieces of travel-oriented literature distributed each year by the Texas Highway Department.

The map may also be ordered directly by sending name, address and ZIP code to Texas Highway Department, Travel and Information Division, P. O. Box 5064, Austin, Texas 78763.

38th Anniversary

Mr. and Mrs. Fred Christilles celebrated their 38th wedding anniversary Sunday with a dinner at Key Allegro. Twenty-five of their children, grandchildren and great-grandchildren were present to make it a very happy occasion. They came from San Antonio, Houston and Helotes.

Here's the Answer

Tax Tables Include Sales Tax Deductions

The amount taxpayers can deduct for sales tax on Federal tax returns appears in tables printed in the 1040 tax instructions.

George Zerda, administrative officer of Internal Revenue for Corpus Christi, Texas, said the tables show the sales tax deduction by family size and income.

The table is based on consumer spending patterns and shows the average sales tax paid by Texas residents, he said.

The sales tax on automobiles, boats, trailers, and airplanes is not included in the table. Taxpayers who bought these items in 1971 may add deductible sales taxes paid on them to the amount shown in the table.

The table is furnished as a guide for the convenience of taxpayers who do not keep detailed records of payments. Taxpayers who prefer to deduct the actual amount of state sales taxes paid during the year should have records as proof of payment.

Common law marriages are recognized by law in only 14 states.

The Chill Factor

If you have ever wondered why it feels so cold when the wind blows, remember, "it's not how low the thermometer, it's how high the wind."

Wind chill is an expression of the rate of cooling which will take place if you have exposed skin or if your flesh is not adequately protected from the bite of the wind. This windchill can result in certain annoying, though temporary, cold injuries as well as "chilblain" pain and stiffness of joint and muscles. Another chill factor is the lowering of resistance caused by exhaustion due to exposure. Trench foot or immersion foot are also cold injuries without actual freezing of tissues.

Protective clothing, periodic warming up, physical activity, staying in sunlight are obvious ways to prevent chill injuries. However obvious this may be, most of us still underdress for cold weather.

Peanut consumption has increased.

Doins' at The Dunes

By Viola Reynolds

What games do you enjoy playing? There's dominoes, eighty-eight, pitch, cribbage, bridge and many others to test your skill. One hand around, then a snack supper, and more games, and in this atmosphere of fun and friendliness many residents at the Dunes enjoy each Friday evening.

The Harold Scotts arrived back from a two-week vacation in the Valley just as Dunes news was rushed to the printer last week. They report enjoying a number of short sightseeing trips to county and state parks and historical sites.

Mr. and Mrs. E. J. Berg-holt, who resided at the Dunes in their travel trailer for some time, are reported to have purchased a mobile home and plan to become permanent residents in the Rockport area.

Mr. and Mrs. Frank Huber of Louisburg, Kansas, on a fishing trip to Falcon Lake near Zapata, were guests Wednesday and Thursday of Mr. and Mrs. Robert Reynolds.

Mr. and Mrs. E. W. Dickey,

residents of the court the past two weeks, left Saturday morning for Harlingen to meet friends and extend their winter vacation.

John Smith, Joe Toman and Joe Noelsch are among fishermen who have made very large catches this past week. Mr. and Mrs. Ernest Strange are back with the Dunes court family after spending some time at their home in Waco.

Mr. and Mrs. John Beverly left last week for Bryan, Texas to visit relatives.

Mrs. Joe David, sister-in-law of Mrs. Joe Toman, remains in a critical condition at Memorial Hospital in Corpus Christi.

Mr. and Mrs. Frank Kerran of Oklahoma City, now residents at Surfside, were Saturday guests of Mr. and Mrs. Charles Harter.

Gardening is a favorite pastime of several of the residents, and from the apron-pocket size plots this is perhaps called intensified gardening.

Visitors in the Howard Hagel home last week included Mr. and Mrs. Lloyd George of Tulsa, Oklahoma.

Word comes from Mr. and

Mrs. Don Vandell vacationing at Guadalajara, Mexico, that they are enjoying the abundance of fresh fruit and vegetables and the wonderful scenery in that area.

Among residents who enjoyed the chili supper for the benefit of the Lamar Fire Department at the Sea Gun January 31 were Mr. and Mrs. Charles Harter, Mr. and Mrs. John Smith, Mr. and Mrs. Harold Scott, Mr. and Mrs. Harold Sorenson and Mr. and Mrs. Howard Nagel, and their guests, Mr. and Mrs. Max Nickels of Spearfish, S. D.

Mr. and Mrs. Edgar Schasteen of Mound City, Kansas, and Mr. and Mrs. L. J. Oliver of Corpus Christi were Sunday guests of Mr. and Mrs. John Reese and enjoyed dinner at the Sea Gun Restaurant.

Students Should Contact Social Security

Students between ages 18 and 22 who collect social security are reminded to report changes in school enrollment, attendance or marital status to their social security office. This reminder comes from H. M. Cleveland, Manager of the social security district office in Corpus Christi, Texas.

A student social security beneficiary who had earnings of more than \$1680 in 1971 should report this to the social security office before April 15, 1972, Cleveland added. Otherwise, he might receive payments that would have to be paid back later.

More than 500,000 students between ages 18 and 22 receive social security benefits because a parent qualifies for disability or retirement benefits or has died. These student benefits paid by social security exceed the total combined scholarships of all U. S. colleges and universities.

Marriage Licenses

The following marriage licenses were issued by the county clerk's office in January:

Juan Valdez and Oralia Sanchez.

Richard Vaughn and Cheryl Hagy.

Robert Paget and Sheryl Cordell.

Leonard Harris and Cathy Deason.

Arthur Edison and Herminia Padron.

Timothy Rice and Linda Anderson.

Robert Carle and Debra Lybarger.

William R. Manning, Jr., and Johnnie Jean Davidson.

ENGAGED — Mrs. Elaine Smith announces the engagement of her daughter, Miss Olivia Anne, to Mark K. Johnson, son of Mr. and Mrs. T. J. Johnson. They plan to be married May 26 at the Sacred Heart Catholic Church in Rockport. Miss Smith will graduate from Texas A&I in May and Mark will graduate from the University of Texas in December.

Rebekah Lodge News

Gladys Mullan, Past Noble Grand presided at the Rockport Rebekah Lodge Thursday night, February 3rd.

Georgia Haynes and Stan Heath were both reported ill. The lodge has some brochures to give anyone interested in the Order.

The rummage sale was very successful and the lodge has received much more nice rummage since the sale opened (Friday morning) so the Rebekahs will have a rummage sale on Fridays and Saturdays for a few weeks more.

C of C Happenings

Refreshments for the Chamber of Commerce hospitality program for winter visitors—coffee, fruit juice and cookies for everyone who enters the C of C office—were supplied last week by Callico Electric, Plumbing & Air Conditioning and this week by Las Brisas Motel.

Charles Kleypas Is Honored

College Station—Charles C. Kleypas of Rockport has earned "Distinguished Student" ranking at Texas A&M University, announced registrar Robert A. Lacey.

The undergraduate honor is awarded students who have excelled academically. Recipients must earn at least a 3.25 grade point ratio (out of a possible 4.0) during the grade period.

In addition to a 3.25 or higher GPR, a student qualifying for "Distinguished Student" honors must have been enrolled in a minimum of 15 hours and have no grade lower than a "C".

"Distinguished Student" ranking is limited to 10 percent of Texas A&M's undergraduate enrollment.

Kleypas, freshman building construction major, is the son of Mr. and Mrs. Vernon J. Kleypas, 2002 Glass Ave.

ALONG THE WATERFRONT

By Carl Duckworth

One of our guests caught an eight pound sheepshead. While we all were looking at it, I idly wondered who had named this fish—and why they were called sheepsheads. Without attracting attention, I looked at the fish from every angle. Maybe with a wool wig, and a loose imagination, it could look like a sheep. The fellow that named this fish must have been an itinerant sheepherder, with only a few words in his vocabulary. The main word "sheep" and numerous other words that sounded similar. . . The teeth this fish has are the nearest thing to a sheep. With those ivorys, he can munch crabs, barnacles, hermit crabs, oysters, and chomp a hook neatly in two. In fact, ole "four-finger Luke" can tell you about how he lost one finger.

After thinking about the sheepshead for a while, I got to thinking about other names we have for fish. There's really some "lu-lu" names?

The CROAKERS. There are four members in this family, and all fighters. I'll bet a couple of pioneers were fishing one day and one landed a fish.

"What'd you catch, Al?" "I don't know; but it sounds like a frog."

"You're putting me on." "No, it's croaking. . . What would you call a fish that croakes?"

"I don't know. . . Let's wait until it dies, and we can call it the croaked croaker."

The SEA CATFISH. Other names, sea cat, hardhead, and a universal name we can't print. He has been cussed, kicked,

eaten, and feared by one and all. His dorsal and pectoral fins are sharp bones with miniature hooks on the trailing edge. Behind each little barb, there is a small sack of toxic poison —almost guaranteed to send you to the doctor. This fish is misnamed. He should have been called the Doctorfish. We never heard of anyone dying from hardhead fins; but they'll make you so sore, you'll wish you were somewhere else. Tetanus shots are usually given and the patient advised, "You will be sore for a few days."

We once had a guest that caught so many one night, she stomped the last one. She may catch others; but she won't stomp one. The dorsal fin went through her sneaker, foot, and out the other side. . . It was from that lady that I learned several new cuss words I'd never heard before.

Just remember when you catch one, handle with care. Make sure he isn't left where someone could step on him.

The SPOTTED WEAKFISH. Other names are Speckled Trout, Spotted Sea Trout, yellow mouth Trout, and Salt Water Trout.

The first guy that caught one of these probably happened to catch a sick one. The same day he must have tied into a lively redfish. Later, comparing the two, he thought, "Hum m m, this fish with the funny looking spots was sure a weak one. Hence; the name Spotted Weakfish. (Healthy Speckled trout have been trying to live down

Wednesday Bridge

Mrs. Arthur Curry entertained the Wednesday Bridge Club at her home last week.

Those playing were Mrs. Fred Bracht, Miss Mabel Bracht, Miss Genevieve Bracht, Mrs. Fred Christilles, Mrs. Charles Cleveland, Mrs. J. V. Ferguson, Mrs. Travis Johnson, Mrs. J. H. Mills, Mrs. Lois Rozzell, Mrs. Joe Slocum, and two guests, Mrs. Gladys Gibson and Mrs. Chester Johnson.

Mrs. Gibson was high scorer and Mrs. Ferguson second high. Mrs. Rozzell was awarded the bingo prize.

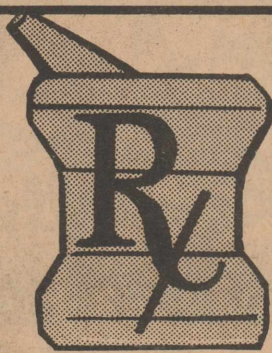

Miss Genevieve Bracht was unanimously elected president of the Club.

Congratulations

the Spotted Weakfish name ever since.)

This could go on and on. Someday, I'll try to enlarge on this subject. Meanwhile, the next time you catch a fish (and can identify him), look him squarely in the eye (either one —it doesn't matter), and see if you can tell why he is named what he is.

A Conservative Bank

First National is what is called a "conservative" bank. It believes in and practices sound banking principles, including an uncompromising devotion to the interests of its depositors and the protection of the money they have left in the care of the bank.

In recent years there have been too many examples of banks losing sight of these principles in favor of selfish special interests, such as those of the bank's officers and other officials.

As a result, there have been a number of bank failures in Texas resulting from what amounts to gambling with money entrusted to them by depositors.

First National officers hold the so-called "conservative" view that safeguarding the money of depositors is a sacred trust, one that must never be compromised.

In passing it should be pointed out that at First National "conservative" does not mean "old-fashioned". The most modern operating methods and the newest in computerized equipment are used to insure speed, accuracy and safety in handling depositors' accounts.

NOTICE OF PUBLIC HEARING CORRIDOR ROUTE

The Texas Highway Department will conduct a route public hearing on Tuesday, March 14, 1972 at 10:00 a.m. in the VFW Hall, 401 East Market Street, Rockport, Texas for the purpose of discussing the improvement of State Highway 35 from Gregory to Copano Bay Causeway. The proposed corridor route will bypass the cities of Aransas Pass, Rockport and the town of Fulton.

The first 3/4 mile of the improvement which begins between SH 361 and US 181 will be constructed as a freeway, which will complete the proposed freeway facility from Portland through Gregory. The remainder of the proposed route improvement will be a 4 lane divided highway to the Copano Bay Causeway with grade separations at the major intersections. The width of additional right of way required for construction varies from 80 feet, where the proposed improvement parallels existing SH 35, to a maximum of 400 feet where the route is on a new location. A few relocations of residences and businesses will be necessary.

Environmental studies will be discussed and maps showing the proposed corridor route and other information will be displayed at the public hearing. This information will be available for copying and public inspection and is also now available at the Resident Engineer's office at Padre Island and Greenwood Drive, Corpus Christi, Texas. It is also available for inspection and copying at the office of the County Judge in Sinton and Rockport and at the City Hall in Gregory, Rockport and Aransas Pass.

The State's Relocation Assistance Program, the benefits and services for displacees and information concerning the relocation assistance office will be discussed.

Tentative schedules for right of way acquisition and construction will be discussed.

All interested citizens are invited to attend this public hearing. Written statements and other exhibits may be submitted to the Resident or District Engineer's Office, but must be received not later than 10 days after the public hearing. c47 & 51

An old story from "Aesop's Fables" tells about the lion that hunted with the fox and wolf and then claimed two-thirds of the game. From this comes the expression, "the lion's share."

Peninsula Oaks Garden Club Meets

The Peninsula Oaks Garden Club met in the Peninsula Office on January 27. In the absence of the president, Mrs. Thelma Sours, who had the flu, Mrs. Alice Morrison, vice president, led the meeting.

The minutes were read and approved. The treasurer also had the flu so secretary collected the dues.

Mrs. Alice Morrison gave some tips on "Pruning" from some garden books she found in the library. Others present added from books they had on hand on cutting back flowers, planting, etc. Meceal Casterline gave the Garden Report from the Corpus Christi Garden Club book and told what is needed to do now in this area. Thelma Sours had sent a copy of the book she had obtained from Jerry Baker and a very interesting discussion was held on this.

Mrs. Morrison reminded the group that Bernita Kinsey would give a program next month on Wild Flowers. In March the group should bring something they have made from pressed flowers. In April the members will again tour the Eckman gardens.

Delicious chocolate cake sent by Thelma Sours, also peanuts and coffee were served by Bernita Kinsey. Margaret Paradee agreed to serve refreshments next month.

Present were Alice Morrison, Meceal Casterline, Bernita Kinsey, Mildred Bolls, Beaulah Dedmon, Margaret Paradee, Dorothy Morrison and a new member, Joyce Wheelless. Mrs. Mary Hearne also visited.

Draft News

A total of 73 18-year-olds registered with the Sinton Draft Board during the month of January. Five registrants were from Rockport and are as follows: Michael D. Richard, John F. Ratliff, Thomas C. Thornton, Thomas L. McNutt, Jr., and William D. Ogle.

Get Fancy, Use A Cooking Board

Austin--If you're one of those folks who think that the only way to cook fish is in a cast iron skillet with a side order of hush puppies, don't read any further.

But if you've discovered what a versatile food fish can be, you might be interested in hearing about the cooking board.

A cooking board is an item which can be bought at many gourmet stores. It can be used to cook fish or meat in the oven and also doubles as a serving platter.

Best of all, the board imparts a slightly smokey flavor to the food cooked on it.

The following recipe can be cooked in a bake-and-serve platter, but a cooking board will improve things tastewise and will be more aesthetically pleasing.

After the fish is cooked, arrange the rest of your menu on the plank for a colorful and nutritious meal.

PLANKED FILLETS OR STEAKS

2 lbs. fresh fish fillets or steaks, e. g. red snapper
2 tablespoons cooking oil
2 tablespoons lemon juice
1 teaspoon salt
1/2 teaspoon paprika
Dash pepper
Seasoned hot mashed potatoes
Seasoned hot cooked vegetables, e. g. asparagus, peas, broccoli, carrots

Cut fish into six portions. Place fish in a single layer, skin side down, on a preheated, oiled plank or a well-greased bake-and-serve platter, 18x13 inches. Combine remaining ingredients, except vegetables, and mix well. Pour sauce over fish. Bake in a moderate oven, 350 deg. F., for 20-25 minutes, or until fish flakes easily when tested with a fork. Remove from oven and arrange the hot mashed potatoes and one or two other vegetables around the fish. If desired, drizzle melted butter over potatoes and return to oven briefly until brown. Serves six.

First Grade Has Bird Study

Rockport being a haven for birds in the winter, the first grade class of Mrs. Pat Harper has just completed a unit study of birds. Each day for a month, the class talked about a different bird and then colored a picture and wrote a story about the bird.

As a climax for the unit, two high school students from the industrial arts department, Gary Thompson and Mike Rich, came to Rockport Elementary and constructed a bird house while being observed by the class. The bird house will now be erected on school property in hopes a family of birds will move in.

Special thanks to Philip Baldwin and his students for helping to make this study an even greater learning experience.

Members of Mrs. Harper's class are Tony Bryan, Raymond Castro, Chis Clifton, Dominic Dominguez, Roy Guerrero, Gerardo Medina, Pat Nava, Louis Prophet, Martin Rodriguez, John Sanchez, Charles Solis, Steve Theodore, Alberto Valdez, Jane Booth, Pam Busby, Pam Hare, Gloria Lara, Loretta Lewis, Linda Simmons, Tracy Sorenson, Ronnie Woodruff, Anna Zambrano and Kendall Cothran.

Cochrans Observe 50th Anniversary

Mr. and Mrs. M. W. Cochran returned this week from a fiftieth anniversary "wedding journey" which had been arranged by their children. The trip began with a drive to San Antonio on Sunday 23 January, the anniversary of their marriage in Corpus Christi in the year 1922.

A nuptial Eucharist was celebrated by the Reverend Paul Coleman Cochran, Mr. and Mrs. Cochran's youngest son, at the Church of the Holy Cross in San Antonio.

Following the service a reception was held at the vicarage, where the couple were happily surprised to greet many relatives and old friends from San Antonio, Houston, Corpus Christi, Eagle Pass, Atlee Ranch, Galveston and California. The Reverend Paul Cole and Mrs. Cochran were hosts, with their young daughters, Anastasia and Elizabeth.

On the following morning Mr. and Mrs. M. W. Cochran began a trip to California, for the most part by plane. They visited their son and daughter-in-law, Mr. and Mrs. M. W. Cochran, Jr., near Sacramento; their son, Edward Born Cochran in San Francisco; their daughter-in-law, Mrs. Emilie Giffels Cochran and their grandchildren, Kathy, Christopher, Joanna and Amy Cochran at Huntington Beach.

At every point in their journey Mr. and Mrs. Cochran thoroughly enjoyed walking on the "red carpet" and felt deep gratitude to family and friends, both far and near, for their expressions of loyalty and good wishes.

Mirando City 50 Years Old

Former residents of Mirando City, Texas, who now live in the Rockport area will be interested in knowing that the 50th anniversary celebration at Mirando City will be held May 27. A program of fun and entertainment is being planned and many dignitaries will attend.

Noted Artist To Conduct Workshop At Helga's

Bud Biggs is a native Dallasite and received his education at Southern Methodist University and the St. Louis School of Fine Arts. He has also studied watercolor with the foremost watercolor teachers in the

United States and in Europe. He has his own studio in suburban Dallas where he holds regularly scheduled classes and also conducts workshops over the Southwest. He is a dedicated teacher and artist, teaching in a realistic style.

Biggs, by trade, is an advertising artist, managing and maintaining his own commercial studio in Dallas. His love of watercolors is revealed in his annual reports, booklets and brochures. His commissions in both commercial and fine art have taken him over much of the United States, Panama, Yucatan Peninsula, Mexico, Baja, California and Canada.

For a number of years, he had led his students over exciting parts of the world each summer, painting on location as they travel. The places he has been, the people he has met and shared a sincere appreciation of art, mean the most to Bud.

He is a past president of the Southwestern Watercolor Society, and active in all aspects of watercolor art.

Biggs will be conducting a workshop at Helga's in Rockport from February 14 through February 18. He will precede this workshop with a lecture demonstration in Corpus Christi at Turner Studio on Houston St., at 7 p.m. on Sunday evening, February 13.

4-H Girls Win Honors

The 22nd Annual San Patricio County Agricultural and Home-makers Show was held in Sinton January 27, 28, 29 and 30th. Three girls from the Aransas County 4-H Club won top honors in the livestock show. Star de Noche, a registered quarter horse owned and shown by Debbie Boudoin was named the Grand Champion Performance Horse of the show. To win this honor, Debbie and Star placed first in western pleasure and second in reining. Neva Bledsoe exhibited the grand champion pen of laying hens. The reserve champion mixed breed buck in the rabbit division was shown by Susan Pitts. Susan also showed the second place mixed breed doe.

Other winners in the A & H Show from Aransas County were:

Clothing division (tailored class): Diana Moore.

2nd County poultry division (broilers): Maria Pattillo, 8th place; Andre Ankele, 10th place.

Poultry division (laying hens): Vince Bledsoe, 3rd place.

Cattle division (Charlois cross market steers): Debbie Boudoin, 3rd place.

Cattle division (Angus breeding bulls): Debbie Boudoin, 3rd place.

Cattle division (Angus breeding heifers): Debbie Boudoin, 4th place; Missy Boudoin, 2nd place.

Horse division (halter classes): Lori Peer, 1st place, 1971 colts; Missy Boudoin, 1st place, 1970 fillies; Devora McNabb, 1st place, 2 and 3 year geldings; Debbie Boudoin, 4th place, 4 and 5 year mares; Shelly Pattillo, 4th place, 6 years and older mares; Lisa Peer, 5th place, 6 years and older mares.

Horse division (Performance classes): Andre Ankele, 2nd place, western pleasure; Missy Boudoin, 5th place, reining; Andre Ankele, 3rd place, pole bending.

Oboe Recital At Del Mar

Robert (Bobby) Harrist, sophomore oboe student at Del Mar College, presented a recital Feb. 7 in Wolfe Recital Hall on the Del Mar Campus. Accompanied on the piano by Miss Angela Aureli, his program included Sonata in G minor by Handel; "Sonata for Oboe and Piano" by Poulenc; and twelve variations on a theme of Schubert by Sinigaglia. Harrist is the son of Mr. and Mrs. Earnest Harrist of Rockport and is the student of Miss Evelyn McCarty in the Del Mar music department.

Are Prescription Medications Too Expensive?

--Many of the drugs available today are life saving or life maintaining and enable us to live longer, healthier and happier lives.

--That expensive antibiotic prescription (average \$5) often prevents an infection from getting so serious so as to require hospitalization, thus saving the patient hundreds of dollars.

--The national average cost of a single prescription is approximately \$3.50. This cost has remained very stable while other consumer goods have skyrocketed.
