Dedication Ceremonies Set For County Library

Honors Slated At Luncheon

By JAMES ANDERSON
Record News Editor

A large crowd of county residents, sprinkled with area and state dignitaries, is expected for dedication and open house ceremonies of the new Mitchell County Library.

The new $100,000 facility, located at 4th and Oak Streets, is the end result of years of planning and work by library, and county officials along with many interested organizations and individuals.

Dedication ceremonies begin at 2:30 p.m. on the lawn of the Mitchell County Courthouse with Lieutenant Governor Preston Smith as the featured speaker.

Construction of the modern library was financed jointly from county coffers and funds provided by the Library Services Act of the federal government on a 50-50 basis.

Approximately $17,000 of the county's ante for the project came from the contributions of clubs and individuals.

★ ★ ★

A 12:30 p.m. luncheon today in Civic House honors librarian Mrs. Boyd Dozier for her service to the local library and the County Library Board whose members will guide future activities of the Mitchell County Library.

Lt. Gov. Preston Smith will address the luncheon audience prior to the formal dedication of the new library.

★ ★ ★

Early Days

From a small beginning in the Mitchell County Courthouse, when the library had just over 200 books, the years of growth has added up to the present total of 18,000 volumes.

The library made another move into the now extinct Coleman School building in 1940 and in 1953 relocated into quarters in the Civic House. In mid-July the move from Civic House to the new building began by library officials.

Federated Women's Clubs in Colorado City were the prime supporters of the library from its beginning until August of 1965 when the county took over full responsibility.

These same clubs were among the top contributors of money to get the new project off the ground.

Modern Facilities

The new library will be a model of the utmost in modern and up-to-date facilities.

Included in the 7,000 square feet of floor space are sections designed for adult and children sections.

A large workroom and a spacious office for Mrs. Dozier give added convenience and room to the library.

The Hesperian Room, furnished by the Hesperian Club, will be used for meetings and for exhibiting art collections.

Complete audio-visual services including movie projectors, phonograph records and tape recordings will be available for use of library patrons.

The first such collection will be on exhibit beginning today. It will include selections from the Diamond M collection belonging to Snyder oilman C. T. McLaughlin.

Ribbon Cutters

Following the dedication address of Lt. Gov. Smith, ribbon cutting ceremonies will be conducted by Mrs. Dozier, County Judge Elmer Martin and Library Board prexy Mrs. George Witten.

Howard C. Allen, library architect, and representatives of Burk and Milliken, Construction Co., the building contractors, are expected for the ceremony, along with Kenneth Jackson, head of field services for the State Library Board.

State Representative Temple Dickson of Sweetwater will introduce Lt. Gov. Smith.

Pre-Meeting Session

LOOKING OVER the program prior to the start of the Lone Wolf Coop's annual membership meeting were Raymond Althof, director from Roscoe, Rev. Leon Hill, master of ceremonies, Coop manager James Hull, and Charles Griggs of the organization's Sweetwater law firm of Nunn, Griggs and Beall.

Billy Davis With Fleet Off Vietnam

Aviation Electronics Technician Second Class Billy W. Davis, USN, son of Mr. and Mrs. S. E. Davis of 2021 Locust St., Colorado City, is on station in the South China Sea aboard the U. S. Seventh Fleet attack aircraft carrier USS Constellation.

Operating off the shores of Vietnam, Constellation's aircraft daily strike selected military targets in support of U.S. and Vietnamese forces.

During the Constellation's first month in Vietnamese waters, her aircraft have downed a North Vietnamese "MIG-17" fighter, destroyed or damaged more than 600 structures, 47 bunkers, 32 railroad cars, 21 vehicles, five PT boats, and three missile sites.

In the first nine days off Vietnam, Constellation aircraft participated in raids on petroleum storage areas, went to the aid of U.S. destroyers in the Gulf of Tonkin, and sank or damaged 117 water vehicles.

Davis is a 1960 graduate of Colorado High School where he earned letters on CHS grid teams.

Top Post To Cawthron

Jimmy Cawthron, a former coaching staff member of Colorado High School, has been named head grid mentor for Fabens High School.

Cawthron left the local staff in 1964 to take an assistant's post in Fabens. He formerly coached at Clint.

A graduate of Colorado High, Cawthron was a member of the 1954 bi-district champion Wolves and was a star tackle for the high ranking squad.

He played his college football at Sul Ross and has been in the coaching field since his graduation from the Alpine school.

He is the son of County Commissioner Drue Cawthron.

BENSON COMMENTS

Cooperation Key To Area Growth

Colorado City's A. C. Benson was among more than 40 local Chamber of Commerce presidents in Abilene Thursday to discuss all phases of activities and projects affecting the progress of each community.

The all-day workshop and seminar was the 11th in a series of meetings sponsored by the West Texas Chamber of Commerce and designed to study local and area problems and potentials.

Benson reported on project activities of local chamber committees.

The president will give a full report on the Abilene session to the local board of directors who will in turn instruct their committees for future planning.

"The primary objective of all the Chambers of Commerce in West Texas is cooperation for an overall effort to develop the area potential," Benson said.

"As a result of this meeting, I believe the one important goal now for Colorado City and all other towns in West Texas is a change of idea that we are no longer independent, isolated communities. We need to consider our neighbors in the overall development of our growth potentiol. This can be accomplished through the corrdinated effort of the West Texas Chamber of Commerce," Benson added.

Moderator for the Abilene session was WTCC vice president R. W. Hardy.

WTCC President John Ben Shepperd of Odessa gave the opening address.

Benson also noted that a managers workshop is planned in the near future.

JOINT SPONSORSHIP

Mitchell County Farm Tour Set

A tour of Mitchell County farms topped off by a barbecue lunch has been scheduled for August 18 from 8 a.m. until noon.

There will be a choice of tours to take with virtually every section of the county being covered and discussed.

One tour goes south and east of Colorado City and includes Loraine while the other goes north and west of C-City taking in Westbrook.

County farmers are asked to invite businessmen, school or public officials and professional people to be their guest for the tour.

The barbecue luncheon following the tour's end will be served for $1.10 per plate.

"This promises to be one of the best tours ever held in Mitchell County and it is believed that all those attending will be benefitted greatly by the tour whether they are farmers, businessmen, public officials or professional people," a Chamber of Commerce statement said.

Sponsoring the event are the agriculture committee of the Chamber of Commerce, Farmer's Home Administration, Soil Conservation Service, Agricultural Extension Service and the Mitchell County Water Conservation District.

Hargrove Attends Firemen's School

L. T. Hargrove of Colorado City recently completed a course in the latest techniques and special programs in rural fire fighting.

Hargrove attended the Texas Firemen's Training School at Texas A&M University under sponsorship of the Mitchell County Farm Bureau and Texas FB Insurance Companies.

The local fireman was among 140 from 100 Texas counties participating in the school.

Fall Term Registration Set At CHS

Preparations for the fall school term gets underway Aug. 15 at Colorado High High School with seniors completing registration tasks.

On Aug. 16 the junior class will report while sophomores attend Aug. 17. Freshman class members are scheduled for Aug. 18.

Time for all registration work is 9-11 a.m. and 1-3 p.m. at Colorado High.

Wolf gridders get into action Monday, Aug. 15. All players are required to have a completed physical examination before this date.

Marching practice for members of the Wolf band also begins on Aug. 15 under direction of Dwight Tomb.

Faculty meetings are scheduled for Aug. 29-30 and the first day of classes is to be Wednesday, Aug. 31.

TO TRAIN STUDENTS

CHS VoAg Group In New Program

Colorado City Schools are one of 40 in the state taking part in a pioneer program giving vocational agriculture students on-the-job work experience in agriculture - related businesses.

CHS VA teacher Richard Lee is spearheading local work on the new program through prospective student participants and with the businessmen who provide the training stations.

Lee stressed that the strong efforts being made on behalf of the program were to provide sound training for the students. "This program is strictly for training and not a work program," Lee said. "The main idea is training and not to make money."

Process of interviewing possible employers and students is still underway by Lee who reports "good reception" from the businessmen talked with thus far.

Lee noted that the new program — Agriculture Cooperative Training — was in addition to the basic instruction in production agriculture.

"We are really concentrating on quality in this program — quality in the type of student and also on the training position selected," Lee said.

"I feel more optimistic then ever about the vocational agriculture program in Colorado High," the teacher added. He also noted the tremendous improvement on the VA program through construction of new facilities for shop and class activities.

Before a student is eligible to participate, he must be at least 16 years of age and be a junior or senior student in school. Parental consent is necessary.

The student, of course, continues his regular courses of academic training during the program.

In the line of advantages the program provides for the school, there is additional training provided without extensive outlay of equipment and materials and the school is kept more abreast of modern trends in agriculture and industry.

Training needs of community are filled without overloading in any one occupation.

The program provides a sound terminal course for students not desiring to continue their education beyond the high school level.

Students are afforded the opportunity to "try out" in a certain occupation and to learn an occupation while earning a high school diploma.

Through the added training received, a student has greater chance of full time employment and a chance to work on bonafide jobs under realistic conditions.

The two years in the program gives the student an opportunity to create a good working reputation.

Employers have the advantage of training an employee in their own plants and are provided with a better all-around worker than he could ordinarily afford to train himself.

Businessmen also have the chance to help with an educational enterprise of great benefit to the students, school and to his individual business and industry.

During July 25-29 Lee attended an in-service workshop for instruction in implementing the program into the Colorado High curriculum.

He said the program had strong endorsements from the farm implement and hardware dealers throughout Texas.

Texas Education Agency is administering the program over the state with 40 schools participating.

WED TO WILLIAM S. BRADLEY

Miss Beth Dunagin Is Bride In Home Rites

MRS. WILLIAM S. BRADLEY,
. . . formerly Beth Dunagin.

* * * * * *

Morning rites in the home of the bride's parents united Miss Bryan Elizabeth (Beth) Dunagin and William Sherman Bradley in marriage.

The ceremony was Saturday morning at 10 o'clock in the home of Mr. and Mrs. Bryan Dunagin, 821 Ash St., Merkel.

Parents of the bridegroom are Mr. and Mrs. J. D. Bradley, route 1, Merkel.

The Rev. C. G. Sewell, Baptist minister retired of Sweetwater, officiated for the couple's double ring vows. The improvised altar was banked with white roses, white chrysanthemums and greenery.

Wedding soloist, Mrs. Don Riney, sang as prenuptial music "Because" and "Wedding Prayer," accompanied by Mrs. Hebert J. Criswell, sister of the bride, of Plainview.

Escorted by her father, the bride wore a dress of white Irish linen designed on slender lines with a fitted midriff. Rounded neckline was embroidered in pearls. Her tiered elbow-length veil of bridal illusion was arranged from a white pillbox covered with seed pearls and topped with cabbage roses of illusion.

The bride's flowers were white roses.

Mrs. Don Whitaker of Allen, attended her sister as matron of honor. Her dress was of white pique designed in princess style with stand-up collar. Her headpiece was of white lace and she carried a nosegay of white roses.

Flower girl for the ceremony was Elizabeth Ann Criswell, niece and namesake of the bride.

Cano Bradley, Chicago, Illinois, brother of the groom attended him as best man.

* * *

Reception also was hosted by the bride's parents in the home. White net covered the bride's table which held arrangements in silver and crystal and the two-tiered wedding cake.

Assisting in the house were Mrs. Canon Bradley and Mrs. Buford Welch.

For travel to the state of Colorado, the bride chose a blue knit suit with black patent accessories.

The couple will live at 521 Park Lane, Richardson, where the groom is employed in the Production Research Laboratory.

Mrs. Bradley will teach fifth grade in Richardson schools. She taught fourth grade classes at Hutchinson School in Colorado City during the 1965-66 school terms.

The newlyweds are both graduates of Merkel High School and Hardin-Simmons University in Abilene.

* * *

A number of prenuptial parties feted the bride. Mrs. Cramer Reynolds was hostess in her home for a bridal gift tea. Mrs. W. T. Sadler was hostess for a kitchel shower. Luncheon at the Burro Room in Abilene was given by Mrs. Carroll Benson, Mrs. Dean Higgins and Mrs. Bill Scott.

Freeland Circle In Harrison Residence

C. C. "Mike" Burt
Oil and Gas Chairman

Burt Heads Oil Group

C. C. "Mike" Burt, chairman of the Chamber of Commerce oil and gas committee, boasts a long history in the petroleum industry.

Burt was formerly an independent oil producer himself as well as putting in 10 years on the payroll of Mobil Oil Company.

The Colorado High graduate has been associated with the local schools for the last few years and this fall will teach retired mathematics at his alma mater.

A graduate of Texas A&M with a degree in industrial education, he served as an armament officer in the U. S. Air Force during World War II and participated in the European Theater.

He is married to the former Erma Lou Mewell who is a second grade teacher at Primary School. Mr. and Mrs. Burt are the parents of a daughter, Jane Ann, who will be a third grade student this fall.

In addition to his teaching of industrial subjects, Burt is also active in woodworking and "do-it-yourself" projects in his home at 1515 Waco St.

Mr. and Mrs. Thomas Ronald Pritchett and children of Spokane, Wash. arrived here Tuesday for a visit with Mr. Pritchett's parents, Mr. and Mrs. J. T. Pritchett, 704 East 10th St., and other relatives.

The Pritchett children are Rhonda, Randy and Rebecca.

Mr. Pritchett, a 1942 graduate of Colorado High, is a research chemist for Kaiser Aluminum and Chemical Company.

Nick Farrar, who is getting around again after serious bout with heart ailment has lost none of his sense of humor.

He was visiting recently in Root Memorial Hospital with more recent heart patients. And on the door to Gus Chesney's room he tacked a sheet with these words — "All ex-heart patients sign up here for $10,000 loan."

Chesney, the busy City National Bank official who finds it a tough job taking it easy in the hospital, is raring to go home. He counts the days anxiously.

Raymond Fuller, the groceryman who is just as impatient with doctor's orders for his heart repair, figured it would be a good joke the other day to send word to Gus that he (Fuller) was getting to go home . . . days ahead of Chesney's schedule.

Dr. Kenneth Cowan, who is a pretty good prankster himself, posted a sign on Fuller's door — "Getting Fat with Fuller Foods" — while his patient was graduating from dabs of cooked fruit to nothing more than 800 calories daily.

EDUCATION WORKSHOP

Ag Teacher To State Program

Richard Lee, vocational agricultural teacher at Colorado High School, will participate in the statewide In-Service Education Workshop for ag teachers in Fort Worth, Tuesday through Friday.

He will leave Monday for the workshop which will draw approximately 1,200 vocational agriculture teachers from across Texas.

Opening session will be at 8:30 a.m. Tuesday in grand ballroom of Hotel Texas, headquarters for the event.

Conference workshops to be developed, according to Lee, include recent trends in swine production, beef production, developing and conducting agriculture mechanics programs, leadership and citizenship training through Texas Association of Future Farmers, study of proposed revised lesson plans for farm electrification, young farmer training, assistance for first and second year teachers in developing and conducting local programs in vocational agriculture.

Also on the workshop agenda will be the annual association awards breakfast during which teachers with 10, 15, 20, 25, 30 and 35-year tenures will be recognized with awards.

Additional awards will be presented for special achievement by honorary members in the vocational agriculture program, state legislators, district public relations chairmen, school administrators, members of press, radio and television.

Keynote speaker for the opening general session Tuesday will be R. L. Middleton, branch manager, Business Men's Assurance Company of America, Abilene, and well-known in Colorado City.

The meeting this week is an annual program for ag teachers to keep for training in new developments and trends in vocational agriculture education.

The program in Texas is under the direction of the Division of Vocational Agriculture, Texas Education Agency.

Paul Browns Visit Relatives in Area

Mr. and Mrs. Paul Brown and children — Tom, Paul and Mike — are visiting relatives in Loraine and the Colorado City area.

They have been house guests of Mrs. Brown's parents, Mr. and Mrs. O. B. Synder, of Loraine.

Mr. Brown was an employe of Radio station KVMC here from 1951 to 1953 and is now program manager for KATC TV in Lafayette, La.

Fresh arrived from Naples, Italy, via Pan American Airways is Mrs. Mario Cianciulli the former Martha Post.

She was met at Midland's airport last Sunday night by her mother, Mrs. Mary Post, the county treasurer.

Mrs. Cianciulli had hoped to make the trip home with her husband. A lawyer and an officer in Italy's Department of Interior, but the press of government assignments changed the plans into a solo visit.

Mr. Cianciulli had to rush back to business of the Interior Department — which has to do with government control and not natural resources as in the USA — after serving an interim as acting mayor of Procida, a city in the Province of Naples.

When she returns to Naples, Mrs. Cianciulli will be in her 10th year as a teacher in the U. S. Navy's school there.

HACKFELD GETS FREE TRIP

Clendennen Ends ROTC Training

Earnest Allen Clendennen, 1963 graduate of Colorado High and a senior at Hardin-Simmons University in Abilene, has completed Army Reserve Officer Training Corp summer camp at Fort Sill, Okla.

Clendennen, who is seeking a bachelor of science degree at Hardin-Simmons, will be commissioned a second lieutenant when graduated from college.

At Fort Sill he was among cadets receiving training in weapons firing, map reading, first aid, tactical command, chemical, biological and radiological warfare.

Clendennen, whose home is in Silver, has been active at HSU as platoon leader in 'A' Company and member of ROTC Officers' Club, member of Rangers (men's social club) Anderson Hall Dormitory Council and Texas Student Education Assiciation.

Among students at Sul Ross College, Alpine, for the second session of summer school are a trio of Colorado High graduates & Danna Hammans William Taylor and Sandy McSpadden.

Keith Hackfeld of Loraine was one of 31 Youth Business Opportunity program participants who were guests of the Dallas Branch, Massey-Ferguson Inc., recently in Houston.

Hackfeld has been serving as a farm equipment demonstrator at B. W. Tartt Implement Company in the program to better acquaint high school seniors with the farm industry.

Following their selection from groups of young men planning careers in farming or agriculturally-related business, Hackfeld and the other youths in the program were trained at the company's branch office. Upon returning to the sponsoring dealership in their home areas, the young men work — after school hours — with dealers demonstrations of farm equipment in the field.

To be eligible for the all-expense paid trip, each participant was required to conduct at least 10 demonstrations.

During the Houston visit, Hackfeld was guest at a banquet, toured San Jacinto battleground, NASA Aerospace installation and attended a Houston Astros baseball game in Astrodome.

BASEBALL SCHOLARSHIP

Ranger Coach Signs Currie

Larrie Currie, outstanding football and baseball athlete at Colorado High, has signed letters of intent to attend Ranger Junior College, Ranger, next fall.

He was one of four high school graduates announced this week as recipient of athletic scholarships at the college by Jack Allen, Ranger Junior baseball coach.

"All four are valuable additions to the 1967 RJC baseball team," said Coach Allen, "and I am real pleased to get these boys.

"I feel they will be assets to the ball club and to the school."

In the group with Currie were Leon Abbott of Fort Worth, Mack Galyean of Snyder and Joey Parten of Fort Worth.

Currie, an all-district performer on the Wolves' football team last fall, was right fielder for Colorado High regional championship baseball in 1965, the last season the Wolves included baseball in their sports program.

In that season he hit over .400 and connected for five home runs.

Abbott, a graduate of Fort Worth's Brewer High, was a left-handed outfielder who batted .292 during the 1966 season.

Parten, a teammate of Abbott's at Brewer High, was an All-District 5-AAA pitcher with 11 wins and 3 losses as a lefty his senior year.

Gaylean, an outfielder at Snyder High and All-District 3-AAA, hit .387 through 36 games during his high school career.

Traveling to Big Spring Wednesday on business were R. L. Hall, Billy Adams and Rayburn White.

Tim Hamilton Low Shooter In Tourney

Loraine's Tim Hamilton shot top rounds of 71 and 79 to capture honors in the 14 and under division of the Colorado City Country Club's Junior Golf Tourney and was low shooter among all entries.

C-City's Don Craig took top trophy in the 15-16 age group and hometowner Larry Bothwell carded off the top spot in the 17-18 year old bracket.

Jay Hendrixon and Stetson Cowan took runner-up honors in the oldest group of golfers.

In the 15-16 group Sweetwater's Pip Simmons and local linkster Jim Ty Maddox won second and third places.

Roy Rogers and Brad Henderson followed Hamilton's torrid pace in the 14 and under division.

Ray Preston of Loraine was tournament director for the 1966 event.

First Baptist Sets Supper Wednesday

Monthly supper meeting for members of First Baptist Church will be Wednesday at 6:30 p.m. in the church.

The meeting combines a covered dish supper with a conference concerning programs and aims of the church.

Backyard study course, planned for Aug. 21 and 24, and music ministry will be among major topics to be discussed in the conference period.

Decorations for the supper will be by the primary department.

Annual Bible conference for First Baptist Church is scheduled Tuesday from 9 a.m. until 2:45 p.m.

The Tuesday Bible conference has resulted in the rescheduling of the church's regular Junior Day program from Tuesday to Monday, beginning with Bible study at 9 a.m., followed by miniature golf in Snyder, lunch and choir rehearsal back at the church.

Senator Ratliff in Colorado Thursday

State Senator Ravid Ratliff of Stamford was in Colorado City Thursday for a brief visit.

The Senator expressed regrets that an earlier engagement would prevent him from attending the dedication program for new Mitchell County Library.

Extensive Damage In Auto Accident

A two-car smashup resulted in extensive damage to the vehicles involved at 21st and Colorado Streets.

Involved were autos driven by Frank James Moore, Box 553, and Lewis Allen Beasley, Box 686. Time of the accident was 7:58 a.m. Tuesday.

Peasley was injured also with a passenger in his car, Lisa Dale Beasley.

Funeral Held In Chapel

Last rites were held July 29 for Michael Ray Towery, 16, a former Colorado City resident.

Towery died as a result of accidental gunshot wounds July 27 in Coahoma.

Services were conducted at Kilgo and Son Chapel with burial in Colorado City Cemetery.

He was born here Oct. 24, 1949 and was to be a sophomore in Coahoma Schools this fall.

Survivors included his parents, Mr. and Mrs. C. E. Towery, of Coahoma; a brother, Eddie of the home; two sisters Lanell and Janie Towery; a half-brother, Larry Hayhurst, in the army at Fort Bliss; and his grandparents, Mr. and Mrs. Claude Towery of Colorado City.

Back To Maryland

Bobby Elsinger, who has been visiting in the home of Mrs. R. S. Brennand, left Thursday to return to his home in Potomac, Maryland.

Tour Winners Meet Officers

WASHINGTON YOUTH TOUR winners Linda Wiggins, second from left, and Dennis Grizzle, second from right, attended the Lone Wolf Coop session to narrate a film on their trip to the nation's capital. With the winners are Gwan Strange, left, secretary of the Coop, and Martin Murphy, president.

Meetings for 3 Methodist Church Units

Three major units of First Methodist Church have meetings scheduled this week.

Official board of the church will meet Tuesday at 7:30 p.m. in Fellowship Hall.

The following day, Wednesday, Woman's Society of Christian Service will combine a covered-dish luncheon and business meeting at 12:00 noon in Fellowship Hall.

All members of the WSCS are urged to attend, according to the announcement.

Opening the week's schedule Monday will be Wesleyan Service Guild with a meeting at 7:30 p.m. in Church Parlor.

Mrs. Mildred Morgan, Mrs. L. B. Elliott and Mrs. Harold E. Maniss will be program leaders. Hostesses will be Mrs. Albert Erwin and Mrs. C. A. Farmer.

The seminar was conducted in Hotel Adolphus for Deeya representatives.

To the star-spangled American boss

—And others who deserve it for doing a favor that you might not have thought about

NOW PAYING 4.15% WHEN HELD TO MATURITY

Hats off to the many presidents and managers of companies who helped build the Payroll Savings Plan into what it is today—one of the most popular and easy ways to save money.

These business leaders provided the facilities and manpower necessary to operate the Plan—plus their own enthusiastic endorsement. And never stopped to count hours or pennies.

Thanks to them, over 8 million Americans—their employees—are building security and helping their country through this automatic savings plan.

There are others who have helped other millions of Americans own a share of their country. Volunteers in every walk of life. Folks in radio and TV, movies and the theater. Newspaper and magazine and billboard folks. And Bond "salesmen" in thousands of banks and savings institutions.

Buy Bonds at your bank, or on the Payroll Savings Plan where you work, and you'll see what a good idea it is.

And the next time you see your boss (who helped make it so easy for you to save)—thank him.

He deserves it—from all 190 million of us

NOW—
Savings Bonds Pay 4.15%!

Interest on new E and H Bonds you purchase has been raised to 4.15% when held to maturity. E Bonds mature faster—now in just 7 years. Your old Bonds will earn more, too. Savings Bonds are better to buy, and hold, than ever.

Ruth Coffey's

(Editor's Note: It's a view from Spade Community this edition of the Record as Mrs. Harry Dockrey is guest columnist for vacationing Ruth Coffey. Mrs. Dockrey's tour at the typewriter is sandwiched between all the busy life required of her as housewife, mom to two boys, Baptist Sunday School teacher, secretary for Mitchell County Library Board, leader in 4-H Club work and Mitchell County Fair.)

By MRS. HARRY DOCKREY
Guest Columnist

HELLO FROM SPADE COMMUNITY, where some of the nicest people I know live.

Although our community is sparsely populated, what is lacking in number is made up for in friendliness. When Mrs. Coffee asked me to help out while she was on vacation, I said "Goodness, what could I write about?" She said just tell about the people I know and see each day.

This has been a good time for seeing people with all the activities of which we have been a part — Community Barbecue sponsored by the Spade Home Demonstration Club, Sunday School Class social, Lone Wolf Electric Cooperative annual meeting, Mitchell County 4-H Club Camp, and Library Luncheon and Formal Opening.

* * *

I LOVE THIS TIME of year in the country. We are usually "caught up" with the work on the farm, just waiting and hoping for a good rain, the canning and freezing of fresh fruit and vegetables done . . . and now extra time to socialize. At Spade we barbecue goats and invite our neighbors who bring in the potato salad, red beans, cakes, pies, and we have a grand time eating good food and playing forty-two. Some of those present were the Ross Hargroves, Robert Bolins, Bennie Blacks, Wright Hocks, Herman Salleys and Tom Moores — to name a few.

Mamie Hargrove was telling of her recent trip with husband Boss to a Co-op meeting in Dallas. She and some of the other ladies who accompanied their husbands, went shopping and saw the latest Liz Taylor and Richard Burton Movie. Everyone I know who has ever visited in the Hargrove home loves it. You have heard or read that a home should show the owners' personality, well here is one with all its vivid colors so tastefully and artistically done. It is just beautiful!

Robert and Eunice Bolin will soon be going to Longview to see their daughter, Jean; her husband, Don Peck, and children, Roy and Nancy. They have just moved into their new home a few miles out of Longview. They say you can take a girl out of the country, but sometimes not for long. Don works as an engineer for Eastman Chemical Company.

* * *

BENNIE AND JESSIE BLACK had as guests their daughter, June Ellis, and children. June is attending Hardin-Simmons University this summer and commuting from Spade daily. Their other daughter, Joyce Tucker, and children came in Sunday for a week's visit. She and her husband are both teachers and have recently moved from Eagle Pass to Shamrock in the Panhandle. Her husband was at University of Texas when the tragedy occurred this week and had just gone into a nearby cafe for lunch. Naturally, there were anxious moments at their house until they heard from him. He had trouble getting a long distance line, so they finally got a call through to him and learned of his safety.

The Herman Salleys were in attendance at the barbecue with their daughter, Linda. Linda lives in Snyder and is in charge of the welfare office there. The Salleys are planning a vacation to Arkansas later this summer. Their son J. E. is employed by the Parks Department of the City of Houston. J. E. is the one who formulated the plans for the park at Lake Colorado City. If you haven't taken advantage of this lake picnic site this summer, you are missing a lot of fun.

* * *

THE TOM MOORES are remodeling the Hood home and will have a modern all-electric residence when completed. Minnie Lee was saying that their daughter, Lee Ann will be home from summer school at Texas Tech in time to crown the County Farm Bureau Queen on the 19th of this month. Lee Ann is the present county queen for the Bureau.

After queen contest she will attend Baptist Student Union week at Glorietta and return to Tech for her sophomore year this fall.

Lynn Northcutt, 15-year old son of the J. C. Northcutts, spent last week with his brother, Terry, and wife, Carolyn, in Odessa. Terry was recently transferred by Plains Machinery Co. from Abilene to Odessa. The Northcutts have two married sons and both daughters-in-law are named Carolyn. Bet that makes for confusing moments in their household. Son Rex married Carolyn Smith of Buford community.

Wright Hock of Renderbrook Ranch has recovered from his recent illness. While in the hospital he had nothing against the service, just a little hard to get used to having breakfast as late as 8:00 a.m. Daughter Susan, radiant new bride of David Scott, had mixed emotions while father was in the hospital — whether to stay with parents or go back home with husband of two weeks. At David's insistance, she stayed with parents. She and David live on a ranch near Roby. Mrs. Hock said when they remodeled their living room the first of this year, little did they know they were preparing for a home wedding.

* * *

AS BOBBY LEMONS, County Agent, was helping himself to a second helping, I asked if he was glad his wife, Jan, had joined our club. He said he sure was if we would have barbecues like this real often. Jan is more interested in the one-act play we are preparing for the annual county-wide Home Demonstration Club picnic entertainment later this month. Jan Winn, wife of Francis Winn, will play the part of the irritant father in "Dad Please Diet."

The Nolan Fincher family, who lives on the Ellwood Ranch has just returned from Montana and a long visit with her relatives. They visited in Billing, Lewistown, Livingstown and Big Timber. Mary Ann said they enjoyed skiing and fishing at Daly Lake and Dead Man's Basin. On ther way home they stopped in Cheyenne, Wyoming for a rodeo, naturally!

Heard that Mr. Jim Light of the Renderbrook Ranch is in the hospital. Wright Hock said he didn't blame Mr. Light for going to the hospital now as they are adding a room on to their house. He said if he were Mrs. Light he would go, too. Everyone knows what is involved when you are "adding on" and having to live in the house at the same time.

ELEVEN O'CLOCK FRIDAY MORNING was departure time for 42 4-H Club members and nine adult leaders for their annual County encampment at Camp Butman south of Merkel. This year the adult leaders accompaning the group were Mr. and Mrs. Warren Anderson, Mrs. W. E. Harris, Mrs. W. W. Cooper, Mr. and Mrs. Bobby Lemons, Janice Miller and yours truly — the Harry Dockreys. We women especially like this as there is no cooking, dish washing, etc. — just swimming, games, resting, and visiting.

This year the itinerary called for lunch in the park at Sweetwater, followed by a skating party. Upon arrival at camp, the huge swimming pool was real enticing. Friday night there was a western party with refreshments. Vesper service was at 10:30 p.m. "Lights out" was to be at 11:00 o'clock. Who ever heard of teenage girls getting their hair fixed and ready for bed in 30 minutes. That would be impossible!

There is a bell on the grounds that some early-bird has to ring long before 7:30 breakfast call the following day. After breakfast there were many ballgames — volleyball and baseball. Swimming at 9:30 until 11:30. More ballgames and swimming after lunch and then 53 tired people packed for home with wonderful memories. Personally, I'm proud to be able to help with such a wonderful group of youngsters.

And extra proud of one 4-H'er in particular this week, Christy Stubblefield, for winning a first place at the District Dress Revue and the right to compete in the State Revue at State Fair of Texas this fall. Guess we'll have to let Payne Community take the credit for this pretty, talented young lady. She is the daughter of Mr. and Mrs. C. N. Stubblefield.

SPEAKING OF FAIRS, it is none too soon to start thinking about what you plan to enter in the Mitchell County Fair. Each year I hear people say belatedly that they wish they had entered somthing in the fair.

Since I help with the woman's division, I especially hope you women will get out your needle, paint brush or whatever it takes and make something pretty to enter in the fair. After all, the fair is just as good as WE THE PEOPLE of the county make it with interest shown before the judging starts.

* * *

HAVE YOU READ A GOOD BOOK LATELY? I am sure you will after today if you come to see the new library. We are real proud of it and know that you will be, too.

The book I read this week was "This Half of the Apple is Mine" by Joyce Kissock Lubold. It is subtitled "How to Be Happy Though Married." It is very light reading and just as cute as a bug. I found it in the "new book" section.

Everything is so easy to find in the new library. I hope to see the day when we will have a book-mobile to go to Loraine, Westbrook, Cuthbert, Spade and other communities.

See you at the Library opening.

CONVERSATION CORNER

Ruth Coffey's

THEY were "happy, happy, happy summer days . . ." the days of the summer vacation. Also the nights!

For one thing, it isn't every day you greet the sun as it yawns over the horizon . . . have breakfast in **Merkel**, lunch in Ft. Worth, then dinner that same evening in **Dallas.**

It isn't every week you loll around in the lap of luxury with a private patio, room service, and swimming pools not far from the door **at Six Flags Inn.**

And it isn't every week you take the grandson and granddaughter to visit Six Flags — though goodness knows you've been promising to for something like three summers.

* * *

TOOK the bright fifth avenue bus to and from the Inn of the Six Flags to the famous playground — the children and their mother, Doris Ann, riding on top and yours truly tucked safe inside.

Would you believe at least ten million other families got there first? **Well, would you believe just one million, maybe?**

Long lines, longer lines . . . longest lines at the sky hook and the log ride.

Would you believe there were cars from every state in this nation, plus cars from Mexico and the canal zone?

* * *

THE HUMAN race on holiday is a sight worth observing as you decline all coaxing to mount the sky hook with the rest. Slacks, shorts, sun glasses . . . babes in arms . . . several visitors in wheel chairs . . . and **funny hats on all the youngsters.**

Did ride the air lift (astrodome thing) over the tree tops. Truth is, the air lift and the little train save the feet, you'll find out very soon.

And the river boat was something. College kids working at Six Flags for the summer enchanted everybody with their perfection in "patter." All their costumes were eye-catchers. And there was standing room only at the evening musical show staged in the coliseum.

* * *

IF certain grandparents spent the heat of the day relaxing back at refrigerated quarters in the Inn, it wasn't because of lack of appreciation of the sights and sounds.

It was **"the humidity."** Evening hours proved far less crowded, more fun and fancier because of the night lights, anyhow.

After late breakfast, nearer noon than morning last day there, ran into **Mary Sue Hull, her husband James and their son Mike.** With them was a friend and her little girl. Small world, isn't it?

* * *

ENROUTE home, took a stroll through **Forest Park zoo in Ft. Worth** and came to two new conclusions. One — **face of a hippoppotamus is the saddest sight** on land or sea ...and two — **children love to ride anything that moves,** zigs, zags, soars or chugs.

What the average indulgent grandparent needs most is controlling stock in a carnival.

* * *

BACK HOME, and inevitably insolvent, found that the two guest columnists, **Addie Mahoney (Mrs. George) and Doris Dockrey (Mrs. Harry)** carried on for Conversation Corner with their bright, readable, and sparkling paragraphs and commentaries.

It just proves one of this colum's numerous theories. People who can do one thing well, can almost always do more than one thing — or any number of things well!

The last few summers have brought guest colums from **Joe Earnest, Nadine (Mrs. Gerald) Gordon, George Womack and Mary Anne Kelley McCloud (Mrs. Austin.)**

Without exception the guest spots have been a treat — and a "switch" for you and me, it not for them!

* * *

HEAR TELL that the Lees, Rodney and Sara and their children Rebecca and Ralph Norman, have been visiting their parents Mrs. J. D. Norman and Mr. and Mrs. J. Ralph Lee. They live in Waco where Rod is an attorney.

Monday, they left for a short vacation in **Cloudcroft, N.M.** where the pine trees are high and the mountains even higher.

Irene Norman and her friend Alma Sawyer of Irving were also here and will stop by again after a visit in El Paso. Both girls teach in Irving schools.

* * *

SEEN LATELYS were Cleo Smith, pretty wife of First Baptist pastor M. A. Smith, Jr. . . . Guy and Ellon Burson ... David Harder, son of Jackie and J. L. Harder of Waco St. . . . **Carl Guelker,** son of the J. H. Guelkers of East 12th.

Eleanor Wheeler (nee Thomas) was in town for a while last weekend. She's a former C-Citian who lives in Midland.

Here, too, for a recent vacation stay at the Ewald-McClellan cottage at Lake Colorado City were other former C-Citians **John and Frances Elaine (Price) Prude and daughter Judy of Lubbock, plus Loyce Price Ewald and her husband Arnold of San Angelo.** They were joined, of course, by **Kack Price and her husband Fred McClellan and Mrs. R. P. Price,** mother of the family.

Inez Hock had as houseguests **Mr. and Mrs. Roy Lee Hock of McCamey** whose son **Charles Hock of Houston** met them here for the weekend.

* * *

HAVE learned, at one time or another, a few little things just through trial and error.

One thing the years have failed to teach, though, is how to be two places at once!

So? So two VFP (Very Favorite People) arrived here while I was away vacationing around. The two, known since they were lads, are **Major C. A. Wilkins, Jr.,** star soloist in M.C.K. (Mrs. Coffey's Kindergarten) just back from duty as a jet pilot in Viet Nam . . . and Thomas Ronald Pritchett of, Spokane, Washington.

With C. A. visiting his mother **Lucille (Mrs. Oren B.) Trilock Sr. are his wife Marian and children** [illegible] **and Walter** who have been living in San Antonio. The major has been reassigned to Hawaii!

Pritchett's wife **Mary and children Rhonda, Randy and Rebecca** are here, too. They're guests of his parents **Omera and Tom Pritchett.**

* * *

OFF-THE CUFF: Gwen Graves Brown and her daughter Lee Ann are vacationing at Green Oaks, Ft. Worth, and Six Flags.

Randie Davis, son of Ann Randie Davis and grandson of Bill and Josie Randle celebrated his seventh birthday with a swim party, Saturday.

Aria Jo Payne arrived back in the States Sunday night after her summer studies and tours in Hawaii and the university there. She was scheduled to arrive home Tuesday night after having to take a bus rather than a plane. She's daughter of **Addie V. and Jimmie Payne,** Walnut St.

Saw a long familiar face, now seldom seen, in the Baker coffee shop. 'Twas **Lowell K. Schmidt,** a former neighbor, who lives now in Cyril, Oklahoma.

* * *

VACATION and education both end in "ation." But that's where the similarity sometimes ends.

Did have the fun of meeting a magazine new to me. It's **Realities,** a beautiful **French** publication.

Meeting a new magazine is something of an adventure. This one is slick, chic, sophisticated and full of glossy printed articles and reviews of books by French authors.

The writing (New York edition) is in English. Which is just as well for most of us who studied French in college back in the dark ages. And the art is beautiful. Pictures of fine horses. **Les chevreaux!**

Mais oui.

Ninety Candles on Her Birthday Cake

This family group helped their mother, Mrs. J. B. Hartsfield, to observe her 90th birthday here Wednesday, August 3, in the home of her daughter Mrs. Ira L. Hardin and Mr. Hardin. Seated, left to right are Mrs. D. E. Light, Mrs. Hartsfield, Mrs. J. J. Light. Standing are Mrs. Hardin, Joe Hartsfield, and Mrs. W. E. Harris. The five are daughters and son of the honor guest.

FAMILY PARTY

Mrs. Hartsfield Marks 90th Birthday August 3

Mrs. J. B. (Edna) Hartsfield was honored Wednesday, August 3, with a party marking her 90th birthday.

Hostess for the celebration was her daughter Mrs. Ira L. Hardin, 244 West 5th St. Guests were daughters and and the son who live in Mitchell County along with a number of her grandchildren and great-grandchildren.

Mrs. Hartsfield, born in Gonzales County, has lived in Colorado City since 1907. She is the mother of four sons, four daughters, grandmother of 28 grandchildren and great-grandmother to 68, a total of 104 descendants.

Birthday cake decorated with 90 candles and ice cream were served at the refreshment hour.

The Hartsfield son, Joe Hartsfield of Seven Wells community, and four daughters, Mrs. Hardin, Mrs. J. J. Light of Spade, Mrs. D. E. Light of route 3, and Mrs. W. E. Harris of Seven Wells were present.

Three sons live in other states and were not present at the family party. They are Absher Hartsfield of Valley Home, California, Hugo Hartsfield of Farmington, New Mexico, and Lucius Hartsfield of Williams, Oregon.

Delegates From C-City At Gathering

Delegates from Colorado City Congregation of Jehovah's Witnesses were among the thousands who overflowed Market Hall in Dallas for the climax of the five-day convention hailed as the largest gathering ever held in Dallas.

Grant Suiter, Secretary-Treasurer of the Watchtower Bible Society and principal speaker of the convention, climaxed the assembly with the public talk, "What Has God's Kingdom Been Doing Since 1914?"

Each assembly day was highlighted by Bible discussions and of particular interest were the dramatizations of Bible characters. Modern-day parallels of events experienced by these Bible personalities were acted out to serve as guidelines in applying scriptural principles in daily life.

Friday morning saw 580 new ministers of Jehovah's Witnesses ordained at the baptismal service.

"Meetings at the local Kingdom Hall will be resumed at the regularly scheduled times this week. Part of the meeting time will be used to review highlights of the convention program," A. L. Wristen, presiding minister here, said.

Roy D. Mize Headed For Viet Nam

CHINA GROVE — A 2/C Roy D. Mize, formerly stationed at George Air Force Base in California, recently underwent special training in South Carolina and expects to leave Friday for duty in Viet Nam.

Tommy Mize, his brother, is now stationed at San Diego, California, for basic training with the United States Marine Corps as a recent enlistee.

SCHOOL DAYS

Seems like just yesterday that our school kids were getting out for a summer full of fun.

Now there's talk and activity about getting back to the classroom again in just a few days.

The building program, which is just about finished up, at local campuses is a step in the right direction for upgrading our local schools.

The new facilities will give new opportunities for learning by the students and for teaching by the instructors.

The bond program which made it all possible is turning out to be a wise decision on the part of local citizens who lended it support.

Henry Bilberry,

GM Chevrolet Division

Are there really any sound reasons for buying a Chevrolet in August?

During August, it's as easy to own a Bel Air 4-Door Sedan as getting in the car.

Wait till you see how sporty you look sitting in your Impala Super Sport.

In a word: Six

1. Have you ever known the instant delight of selecting a new Impala Super Sport in the color you want, slipping into its Strato-bucket seats, and driving it home from the showroom the same day? Now's your chance. Your Chevrolet dealer has a big choice of models on hand with small August price tags.

2. More than likely, your present car will never be worth as much in trade as it is right now. Money—another good reason to buy a Chevrolet this month.

3. Read those articles about when to buy a new car and they'll tell you that August is one of the best months. And your Chevrolet dealer is ready to show you why . . . with buys that are better than ever.

4. If you think winter's tough on an old car, believe us, so is summer. There's added strain on the engine because of vacation driving. Greater tire wear. The cooling system has to work extra hard. A new Chevrolet can save you a lot of trouble.

5. You do a lot of driving for pleasure so why not ride on Chevrolet's Full Coil suspension. Let your feet feel that deep-twist Chevrolet carpeting. August is to enjoy.

6. Make your summer driving safer driving by taking advantage of the eight standard safety features built into every new Chevrolet. If your present car doesn't have seat belts, back-up lights, outside rearview mirror, padded instrument panel, look into a new Chevrolet.

Mrs. Brown's Grandson Dies on Hike

Mrs. John Brown and her brother, Corley Bozeman, were in Clarendon Sunday for the funeral of Mrs. Brown's grandson, Tommie Carl Save Jr., 14.

The youth, son of Mr. and Mrs. T. C. Save of Clarendon, died July 28 at Philmont Scout Ranch and Explorer Base, Cimarron, N. M.

Death was caused by acute respiratory failure, according to the Scout ranch physician.

He was with a group on the second day of a five day expedition from Bonil Base Camp to Pueblano — a five mile hike in northern part of the ranch — when he became ill in late afternoon.

Doctors were on the hike and gave oxygen resuscitation and heart massage, but could not save the boy's life.

The boy's father is scoutmaster of his son's troop and manager of Clarendon Chamber of Commerce.

Young Save was an honor student in Clarendon Junior High, member of his football team and a Colt League baseball player. In scouting he had achieved the God and Country Award.

Survivors include his parents; a sister, Terry Kathleen; a brother, Timmie John, all of Clarendon; grandparents, Mr. and Mrs. Carl J. Save of Clarendon; and Mrs. Brown of Colorado City; an aunt, Mrs. Glenn R. (Bob) Robinson, formerly of Colorado City and now living in Big Spring.

Mr. and Mrs. Sydney W. Williams, Cynthia and David, spent last weekend visiting friends and relatives in Odessa.

Winsome Class Has Party Eve

Annual family party for members of the Winsome Class and their families, Calvary Baptist Church, was an evening affair, Thursday night in Ruddick Park.

Hostesses for the party were Mrs. Kenneth Wilson, Mrs. O'Neal Bloom and Mrs. Jerry Kraatz.

Devotional by Mrs. Edward Roach was followed with group singing and games. A watermelon feast climaxed the evening.

Present were Mr. and Mrs. Wayne Claxton and Chuck, Mr. and Mrs. D. R. Harris and family, Mr. and Mrs. Charles Ritchey and Greg, Mr. and Mrs. Bloom and family, Mr. and Mrs. Kraatz and family, Mrs. Sue McKinney and Chris, the Rev. Don Laing, Mrs. Laing and family.

Birthday Party Fetes Mrs. Williams

CHNIA GROVE — Birthday party honoring Mrs. Sydney W. Williams was given Friday evening the N. F. Hall home at China Grove.

Birthday cake and ice cream were served to Mr. and Mrs. Williams, Mrs. Hollis Mize, Jr., and daughter Naomi, Wetonia Hall of Snyder, and Cynthia and David Williams of Ft. Worth.

Proposed **CONSTITUTIONAL AMENDMENT**

NUMBER SEVEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

HOUSE JOINT RESOLUTION NO. 13 proposing an Amendment to Sections 2 and 4 of Article VI of the Constitution of the State of Texas so as to repeal the provision making payment of the poll tax a requirement for voting and so as to authorize the Legislature to provide for the registration of all voters.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 2 of Article VI of the Constitution of the State of Texas be amended, effective February 1, 1968, by deleting the following language:

"and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before offering to vote at any election in this State and hold a receipt showing that said poll tax was paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt, he or she, as the case may be, shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. Such affidavit shall be made in writing and left with the judge of the election. The husband may pay the poll tax of his wife and receive the receipt therefor. In like manner, the wife may pay the poll tax of her husband and receive the receipt therefor."

and by substituting therefor the following language:

"provided, however, that before offering to vote at an election a voter shall have registered annually, but such requirement for registration shall not be considered a qualification of an elector within the meaning of the term 'qualified elector' as used in any other Article of this Constitution in respect to any matter except qualification and eligibility to vote at an election. Any legislation enacted in anticipation of the adoption of this Amendment shall not be invalid because of its anticipatory nature. The Legislature may authorize absentee voting. And this provision of the Constitution shall be self-enacting without the necessity of further legislation. Any member of the Armed Forces of the United States or component branches thereof; or in the military service of the United States, may vote only in the county in which he or she resided at the time of entering such service so long as he or she is a member of the Armed Forces."

Sec. 2. That Section 4 of Article VI of the Constitution of the State of Texas be amended by changing the word "may" to "shall" in the last clause thereof and by deleting the words "in all cities containing a population of ten thousand inhabitants or more."

The text of this Section, as so amended, is shown below, with the deleted language marked through by a broken line and with the new language underscored:

"Section 4. In all elections by the people, the vote shall be by ballot, and the Legislature shall provide for the numbering of tickets and make such other regulations as may be necessary to detect and punish fraud and preserve the purity of the ballot box; and the Legislature may shall provide by law for the registration of all voters in all cities containing a population of ten thousand inhabitants or more."

Sec. 3. If any other Amendment to Sections 2 or 4 of Article VI of the Constitution of the State of Texas, being for a different purpose, is adopted at an earlier election or at the same election, the adoption of this Amendment shall not be construed as nullifying any change made by such other Amendment.

Sec. 4. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR repealing the poll tax as a requirement for voting.

"AGAINST repealing the poll tax as a requirement for voting."

Sec. 5. If the foregoing Amendment is adopted, the proclamation of the Governor declaring the adoption of the Amendment shall set forth the full text of the amended Sections, as amended herein and as amended by any other proposed Amendment which is submitted by the 59th Legislature and which has been duly adopted prior to such proclamation.

Sec. 6. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

SENATE JOINT RESOLUTION NO. 1 proposing an Amendment to Article IX of the Constitution of Texas by adding thereto a new Section to be known as Section 12; authorizing the Legislature to provide by law for the creation, establishment, maintenance and operation of Airport Authorities composed of one or more counties; authorizing the creation of a board of directors by appointment or election; providing that the membership of the board shall be based upon the proportionate part of the population of each county, with no county having less than one member; providing for the necessary election; authorizing the levy of an annual tax not to exceed Seventy-Five Cents (75c) per One Hundred Dollars ($100) valuation; provided, however, that the property of state regulated common carriers required by law to pay a tax upon intangible assets shall not be subject to taxation by the Authority; authorizing the Authority to employ or appoint an assessor and collector of taxes whose duty it shall be to assess and collect the taxes on the tax rolls approved by the Board of Directors of said Authority, said taxes to be assessed equally and uniformly throughout the county or counties, comprising the Authority, as required by the Constitution; granting to such Authority the power to acquire by purchase, or through eminent domain proceedings existing publicly financed airport properties or other sites necessary to have and to improve the same, power to issue and sell general obligation bonds and revenue bonds, or either of them; authorizing the assumption of outstanding indebtedness secured by general obligation bonds and assuming the obligations of the city or cities under ordinances and bond indentures under which revenue bonds have been issued and sold; to enact zoning regulations and other measures to protect the airport facilities from hazards and obstructions; providing for the adding of an additional county or counties to the Authority.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as Section 12, reading as follows:

"Section 12. The Legislature may by law provide for the creation, establishment, maintenance and operation of Airport Authorities composed of one or more counties, with power to issue general obligation bonds, revenue bonds, either or both of them, for the purchase, acquisition by the exercise of the power of eminent domain or otherwise, construction, reconstruction, repair or renovation of any airport or airports, landing fields and runways, airport buildings, hangars, facilities, equipment, fixtures, and any and all property, real or personal, necessary to operate, equip and maintain an airport; shall provide for the option by the governing body of the city or cities whose airport facilities are served by certificated airlines and whose facility or some interest therein, is proposed to be or has been acquired by the Authority, to either appoint or elect a Board of Directors of said Authority; if the Directors are appointed such appointment shall be made by the County Commissioners Court after consultation with and consent of the governing body or bodies of such city or cities, and if the Board of Directors is elected they shall be elected by the qualified taxpaying voters of the county which chooses to elect the Directors to represent that county, such Directors shall serve without compensation for a term fixed by the Legislature not to exceed six (6) years, and shall be selected on the basis of the proportionate population of each county based upon the last preceding Federal Census, and shall be a resident or residents of such county; provide that no county shall have less than one (1) member on the Board of Directors; provide for the holding of an election in each county proposing the creation of an Authority to be called by the Commissioners Court or Commissioners Courts, as the case may be, upon petition of five per cent (5%) of the qualified taxpaying voters within the county or counties, said elections to be held on the same day if more than one county is included, provided that no more than one (1) such election may be called in a county until after the expiration of one (1) year; in the event such an election has failed, and thereafter only upon a petition of ten per cent (10%) of the qualified taxpaying voters being presented to the Commissioners Court or Commissioners Courts of the county or counties in which such an election has failed, and in the event that two or more counties vote on the proposition of the creation of an Authority therein, the proposition shall not be deemed to carry, unless the majority of the qualified taxpaying voters in each county voting thereon vote in favor thereof; provided, however, that an Airport Authority may be created and be composed of the county or counties that vote in favor of its creation if separate propositions are submitted to the voters of each county so that they may vote for a two or more county Authority or a single county Authority; provide for the appointment by the Board of Directors of an Assessor and Collector of Taxes in the Authority, whether constituted of one or more counties, whose duty it shall be to assess all taxable property, both real and personal, and collect the taxes thereon, based upon the tax rolls approved by the Board of Directors, the tax to be levied not to exceed Seventy-Five Cents (75c) per One Hundred Dollars ($100) assessed valuation of the property, provided, however, that the property of state regulated common carriers required by law to pay a tax upon intangible assets shall not be subject to taxation by the Authority, said taxable property shall be assessed on a valuation not to exceed the market value and shall be equal and uniform throughout the Authority as is otherwise provided by the Constitution; the Legislature shall authorize the purchase or acquisition by the Authority of any existing airport facility publicly owned and financed and served by certificated airlines, in fee or of any interest therein, or to enter into any lease agreement therefor, upon such terms and conditions as may be mutually agreeable to the Authority and the owner of such facilities, or authorize the acquisition of same through the exercise of the power of eminent domain, and in the event of such acquisition, if there are any general obligation bonds that the owner of the publicly owned airport facility has outstanding, the same shall be fully assumed by the Authority and sufficient taxes levied by the Authority to discharge said outstanding indebtedness; and likewise any city or owner that has outstanding revenue bonds where the revenues of the airport have been pledged or said bonds constitute a lien against the airport facilities, the Authority shall assume and discharge all the obligations of the city under the ordinances and bond indentures under which said revenue bonds have been issued and sold. Any city which owns airport facilities not serving certificated airlines which are not purchased or acquired or taken over as herein provided by such Authority, shall have the power to operate the same under the existing laws or as the same may hereafter be amended. Any such Authority when created may be granted the power and authority to promulgate, adopt and enforce appropriate zoning regulations to protect the airport from hazards and obstructions which would interfere with the use of the airport and its facilities for landing and take-off; an additional county or counties may be added to an existing Authority if a petition of five per cent (5%) of the qualified taxpaying voters is filed with and an election is called by the Commissioners Court of the county or counties seeking admission to an Authority and the vote is favorable, then admission may be granted to such county or counties by the Board of Directors of the then existing Authority upon such terms and conditions as they may agree upon and evidenced by a resolution approved by two-thirds (2/3rds) of the then existing Board of Directors, provided, however, the county or counties that may be so added to the then existing Authority shall be given representation on the Board of Directors by adding additional directors in proportion to their population according to the last preceding Federal Census."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the addition of Section 12 of Article IX of the Constitution, authorizing the Legislature to provide by law for the creation, establishment, maintenance and operation of Airport Authorities composed of one or more counties, and authorizing the levy of a tax not to exceed Seventy-Five Cents (75c) on the One Hundred Dollars ($100) valuation of all taxable property within such Airport Authority except the property of state regulated common carriers required by law to pay a tax upon intangible assets, after approval of its voters."

"AGAINST the addition of Section 12 of Article IX of the Constitution, authorizing the Legislature to provide by law for the creation, establishment, maintenance and operation of Airport Authorities composed of one or more counties, and authorizing the levy of a tax not to exceed Seventy-Five Cents (75c) on the One Hundred Dollars ($100) valuation of all taxable property within such Airport Authority except the property of state regulated common carriers required by law to pay a tax upon intangible assets, after approval of its voters."

Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election, and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

HOUSE JOINT RESOLUTION NO. 79 proposing an amendment to Article VIII, Constitution of the State of Texas, by adding Section 1-d to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VIII, Constitution of the State of Texas, be amended by adding Section 1-d to read as follows:

"Section 1-d. (a) All land owned by natural persons which is designated for agricultural use in accordance with the provisions of this Section shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use. 'Agricultural use' means the raising of livestock or growing of crops, fruit, flowers, and other products of the soil under natural conditions as a business venture for profit, which business is the primary occupation and source of income of the owner.

"(b) For each assessment year the owner wishes to qualify his land under provisions of this Section as designated for agricultural use he shall file with the local tax assessor a sworn statement in writing describing the use to which the land is devoted.

"(c) Upon receipt of the sworn statement in writing the local tax assessor shall determine whether or not such land qualifies for the designation as to agricultural use as defined herein and in the event it so qualifies he shall designate such land as being for agricultural use and assess the land accordingly.

"(d) Such local tax assessor may inspect the land and require such evidence of use and source of income as may be necessary or useful in determining whether or not the agricultural use provision of this article applies.

"(e) No land may qualify for the designation provided for in this Act unless for at least three (3) successive years immediately preceding the assessment date the land has been devoted exclusively for agricultural use, or unless the land has been continuously developed for agriculture during such time.

"(f) Each year during which the land is designated for agricultural use, the local tax assessor shall note on his records the valuation which would have been made had the land not qualified for such designation under this Section. If designated land is subsequently diverted to a purpose other than that of agricultural use, or is sold, the land shall be subject to an additional tax. The additional tax shall equal the difference between taxes paid or payable, hereunder, and the amount of tax payable for the preceding three years had the land been otherwise assessed. Until paid, there shall be a lien for additional taxes and interest on land assessed under the provisions of this Section.

"(g) The valuation and assessment of any minerals or subsurface rights to minerals shall not come within the provisions of this Section."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed on them the following:

NUMBER EIGHT ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

HOUSE JOINT RESOLUTION NO. 24 proposing an amendment to Article VI of the Constitution of the State of Texas by adding a new Section thereto, Section 2a, to provide for voting on electors for President and Vice President, and on all state-wide offices, questions or propositions by persons qualified to vote in this State except for meeting county or district residence requirements, and to provide for voting on electors for President and Vice President by otherwise qualified United States citizens who have moved into or out of the State preceding a presidential election.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Article VI of the Constitution of the State of Texas is amended by adding a new Section thereto, Section 2a, to read:

"Section 2a. (a) Notwithstanding any other provision of this Constitution, the Legislature may enact laws and provide a method of registration, including the time of such registration, permitting any person who is qualified to vote in this State except for the residence requirements within a county or district, as set forth in Section 2 of this Article, to vote for (1) electors for President and Vice President of the United States and (2) all offices, questions or propositions to be voted on by all electors throughout this State.

"(b) Notwithstanding any other provision of this Constitution, the Legislature may enact laws and provide for a method of registration, including the time for such registration, permitting any person (1) who is qualified to vote in this State except for the residence requirements of Section 2 of this Article, and (2) who shall have resided anywhere within this State at least thirty (30) days next preceding a General Election in a presidential election year, and (3) who shall have been a qualified elector in another state immediately prior to his removal to this State or would have been eligible to vote in such other state had he remained there until such election, to vote for electors for President and Vice President of the United States in that election.

"(c) Notwithstanding any other provision of this Constitution, the Legislature may enact laws and provide for a method of registration, including the time for such registration, permitting absentee voting for electors for President and Vice President of the United States in this State by former residents of this State (1) who have removed to another state, and (2) who meet all qualifications, except residence requirements, for voting for electors for President and Vice President in this State at the time of the election, but the privileges of suffrage so granted shall be only for such period of time as would permit a former resident of this State to meet the residence requirements for voting in his new state of residence, and in no case for more than twenty-four (24) months."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment permitting persons qualified to vote in this State except for the residence requirements in a county or district to vote for Presidental and Vice Presidential Electors and for all state-wide offices, questions or propositions, and permitting citizens of the United States recently arrived or departed from the State to vote for Presidential and Vice Presidential Electors."

"AGAINST the Constitutional Amendment permitting persons qualified to vote in this State except for the residence requirements in a county or district to vote for Presidential and Vice Presidential Electors and for all state-wide offices, questions or propositions, and permitting citizens of the United States recently arrived or departed from the State to vote for Presidential and Vice Presidential Electors."

Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

NUMBER TEN ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

HOUSE JOINT RESOLUTION NO. 65 proposing an Amendment to Section 3-b of Article VII of the Constitution of Texas providing that school taxes theretofore voted in any independent school district or in any junior college district shall not be abrogated, cancelled or invalidated by a change in boundaries nor shall bonds voted, but unissued, at the time of such change, be invalidated by such change; authorizing the levy of taxes after such change without further election in the district as changed; providing an exception in the case of the annexation or consolidation of whole districts; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 3-b of Article VII of the Constitution of Texas be amended to be and read as follows:

"Section 3-b. No tax for the maintenance of public free schools voted in any independent school district and no tax for the maintenance of a junior college voted by a junior college district, nor any bonds voted in any such district, but unissued, shall be abrogated, cancelled or invalidated by change of any kind in the boundaries thereof. After any change in boundaries, the governing body of any such district, without the necessity of an additional election, shall have the power to assess, levy and collect ad valorem taxes on all taxable property within the boundaries of the district as changed, for the purposes of the maintenance of public free schools or the maintenance of a junior college, as the case may be, and the payment of principal of and interest on all bonded indebtedness outstanding against, or attributable, adjusted or allocated to, such district or any territory therein, in the amount, at the rate, or not to exceed the rate, and in the manner authorized in the district prior to the change in its boundaries, and further in accordance with the laws under which all such bonds, respectively, were voted; and such governing body also shall have the power, without the necessity of an additional election, to sell and deliver any unissued bonds voted in the district prior to any such change in boundaries, and to assess, levy and collect ad valorem taxes on all taxable property in the district as changed, for the payment of principal of and interest on such bonds in the manner permitted by the laws under which such bonds were voted. In those instances where the boundaries of any such independent school district are changed by the annexation of, or consolidation with, one or more whole school districts, the taxes to be levied for the purposes hereinabove authorized may be in the amount or at not to exceed the rate theretofore voted in the district having at the time of such change the greatest scholastic population according to the latest scholastic census and only the unissued bonds of such district voted prior to such change, may be subsequently sold and delivered and any voted, but unissued, bonds of other school districts involved in such annexation or consolidation shall not thereafter be issued."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 3-b of Article VII of the Constitution of Texas providing that taxes or bonds previously voted in any independent school district or in any junior college district shall not be abrogated, cancelled or invalidated by any change in boundaries and authorizing the continuance of the levy of taxes after such change without further election.

"AGAINST the amendment to Section 3-b of Article VII of the Constitution of Texas providing that taxes or bonds previously voted in any independent school district or in any junior college district shall not be abrogated, cancelled or invalidated by any change in boundaries and authorizing the continuance of the levy of taxes after such change without further election."

If it appears from the returns of said election that a majority of the votes cast were in favor of said Amendment, the same shall become a part of the State Constitution and be effective on and after the date of its adoption.

Sec. 3. The Governor shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and Laws of this State.

Tips Include Guide To Picking Melons

Ninth issue of the bulletin "Homemaking Tips for Business Women," prepared by Mitchell County Home Demonstration Agent Miss Janice Miller, features a guide for selecting melons.

"When choosing watermelons," the phamphlet advises, "look for deep solid green to gray color with yellowish color on the underside. Melons that are greenish or white on the underside are usually immature."

Good melons are symmetrical with a dull, velvety appearance, the guide says, adding "Slick, shiny surfaced melons are a risk because they are usually overripe."

Cantaloupes should be chosen for their light green with gray or yellowish cast with coarse, dry, well-defined netting over the surface, the guide points out. Meat of a good cantaloupe has a deep orange color with fine-grained texture and a sweet, pungent flavor.

[illegible] second feature at the current issue of "Tips."

Your Old Shoe Tell Volumes About You," suggests the study of your old shoes, as guide to buying new pairs. The way the old shoes look may show what your mistakes were, it advises.

Signs of wear mostly in front indicate a shoe too short. Upper portion of shoe bulging over the shoe line mean a shoe was too narrow for you. When "pockets" for the toes wear inside the sole, the shoe is too tight, the article states.

Miss Miller also mentions new patches that need no sewing or ironing for jeans.

Enclosed with "Tips" bulletin was a small phamphlet titled "Food for Fitness," a daily food guide by the U. S. Department of Agriculture.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

HOUSE JOINT RESOLUTION NO. 48 proposing an Amendment to Article IX of the Constitution of the State of Texas, providing the method and manner for dissolution of hospital districts created under Article IX of the Constitution.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9, Article IX of the Constitution of the State of Texas be amended to read as follows:

"Section 9. The Legislature may by law provide for the creation, establishment, maintenance and operation of hospital districts composed of one or more counties or all or any part of one or more counties with power to issue bonds for the purchase, construction, acquisition, repair or renovation of buildings and improvements and equipping same, for hospital purposes; providing for the transfer to the hospital district of the title to any land, buildings, improvements and equipment located wholly within the district which may be jointly or separately owned by any city, town or county, providing that any district so created shall assume full responsibility for providing medical and hospital care for its needy inhabitants and assume the outstanding indebtedness incurred by cities, towns and counties for hospital purposes prior to the creation of the district, if same are located wholly within its boundaries, and a pro rata portion of such indebtedness based upon the then last approved tax assessment rolls of the included cities, towns and counties if less than all the territory thereof is included within the district boundaries; providing that after its creation no other municipality or political subdivision shall have the power to levy taxes or issue bonds or other obligations for hospital purposes or for providing medical care within the boundaries of the district; providing for the levy of annual taxes at a rate not to exceed seventy-five cents (75c) on the One Hundred Dollar valuation of all taxable property within such district for the purpose of meeting the requirements of the district's bonds, the indebtedness assumed by it and its maintenance and operating expenses, providing that such district shall not be created or such tax authorized unless approved by a majority of the qualified property taxpaying electors thereof voting at an election called for the purpose; and providing further that the support and maintenance of the district's hospital system shall never become a charge against or obligation of the State of Texas nor shall any direct appropriation be made by the Legislature for the construction, maintenance or improvement of any of the facilities of such district.

Provided, however, that no district shall be created except by act of the Legislature and then only after thirty (30) days' public notice to the district affected, and in no event may the Legislature provide for a district to be created without the affirmative vote of a majority of the taxpaying voters in the district concerned.

The Legislature may also provide for the dissolution of hospital districts provided that a process is afforded by statute for:

(1) determining the desire of a majority of the qualified voters within the district to dissolve it;

(2) disposing of or transferring the assets, if any, of the district; and

(3) satisfying the debts and bond obligations, if any, of the district, in such manner as to protect the interest of the citizens within the district, including their collective property rights in the assets and property of the district, provided, however, that any grant from federal funds, however dispensed, shall be considered an obligation to be repaid in satisfaction and provided that no election to dissolve shall be held more often than once each year. In such connection, the statute shall provide against disposal or transfer of the assets of the district except for due compensation unless such assets are transferred to another governmental agency, such as a county, embracing such district and using such transferred assets in such a way as to benefit citizens formerly within the district.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment providing the method and manner for dissolution of hospital districts.

"AGAINST the constitutional amendment providing the method and manner for dissolution of hospital districts."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

SENATE JOINT RESOLUTION NO. 39 proposing an amendment to Section 18, Article VII, Constitution of the State of Texas, to withdraw Arlington State College from participation in the Permanent University Fund.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 18, Article VII, Constitution of the State of Texas, be amended to read as follows:

"Section 18. For the purpose of constructing, equipping, or acquiring buildings or other permanent improvements for the Texas A & M University System, including Texas A & M University, Prairie View Agricultural and Mechanical College of Texas at Prairie View, Tarleton State College at Stephenville, Texas Agricultural Experiment Stations, Texas Agricultural Extension Service, Texas Engineering Experiment Station at College Station, Texas Engineering Extension Service at College Station, and the Texas Forest Service, the Board of Directors is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of one-third (1/3) of twenty per cent (20%) of the value of the Permanent University Fund exclusive of real estate at the time of any issuance thereof; provided, however, no building or other permanent improvement shall be acquired or constructed hereunder for use by any part of the Texas A & M University System, except at and for the use of the general academic institutions of said System, namely, Texas A & M University, Tarleton State College, and Prairie View A & M College, without the prior approval of the Legislature or of such agency as may be authorized by the Legislature to grant such approval; and for the purpose of constructing, equipping, or acquiring buildings or other permanent improvements for The University of Texas System, including The University of Texas Austin campus, the University of Texas Medical School at Galveston, the University of Texas Dental Branch at Houston, Texas Western College of The University of Texas at El Paso, The University of Texas M. D. Anderson Hospital and Tumor Institute at Houston, The University of Texas Postgraduate School of Medicine, The University of Texas School of Public Health, McDonald Observatory at Mount Locke, and the Marine Science Institute at Port Aransas, the Board of Regents of The University of Texas is hereby authorized to issue negotiable bonds and notes not to exceed a total amount of two-thirds (2/3) of twenty per cent (20%) of the value of the Permanent University Fund exclusive of real estate at the time of any issuance thereof; provided, however, no building or other permanent improvement shall be acquired or constructed hereunder for use by any institution of The University of Texas System, except at and for the use of the general academic institutions of said System, namely, The Main University and Texas Western College, without the prior approval of the Legislature or of such agency as may be authorized by the Legislature to grant such approval. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than thirty (30) years from their respective dates.

"The Texas A & M University System and all of the institutions constituting such System as hereinabove enumerated, and The University of Texas System, and all of the institutions constituting such System as hereinabove enumerated, shall not receive any General Revenue funds for the acquiring or constructing of buildings or other permanent improvements, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the uninsured loss so incurred may be made by the Legislature out of General Revenue funds.

"Said Boards [illegible] authorized to [illegible] respective systems [illegible] University of Texas [illegible] come from the [illegible] University Fund, [illegible] interests are [illegible] by Chapter 42 [illegible] the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes.

"All bonds or notes issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable. This Amendment shall be self-enacting provided, however, that nothing herein shall be construed as impairing any obligation heretofore created by the issuance of any outstanding notes or bonds under this Section by the respective Boards prior to the adoption of this Amendment but any such outstanding notes or bonds shall be paid in full, both principal and interest, in accordance with the terms of such contracts."

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

SENATE JOINT RESOLUTION NO. 33 proposing an Amendment to Section 6, Article XVI, Constitution of the State of Texas, to authorize state participation in programs financed with funds from private or federal sources and conducted by local level or other private, nonsectarian associations, groups, and nonprofit organizations for establishing and equipping facilities for assisting the blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, for their rehabilitation or restoration, or for providing other services essential for the better care and treatment of the handicapped.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 6, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 6. (a) No appropriation for private or individual purposes shall be made, unless authorized by this Constitution. A regular statement, under oath, and an account of the receipts and expenditures of all public money shall be published annually, in such manner as shall be prescribed by law.

"(b) State agencies charged with the responsibility of providing services to those who are blind, crippled, or otherwise physically or mentally handicapped may accept money from private or federal sources, designated by the private or federal source as money to be used in and establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care and treatment of the handicapped. Money accepted under this subsection is state money. State agencies may spend money accepted under this subsection, and no other money, for specific programs and projects to be conducted by local level or other private, nonsectarian associations, groups, and nonprofit organizations, in establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitating and restoring the handicapped, and in providing other services determined by the state agency to be essential for the better care or treatment of the handicapped.

"The state agencies may deposit money accepted under this subsection either in the state treasury or in other secure depositories. The money may not be expended for any purpose other than the purpose for which it was given. Notwithstanding any other provision of this Constitution, the state agencies may expend money accepted under this subsection without the necessity of an appropriation, unless the Legislature, by law, requires that the money be expended only on appropriation. The Legislature may prohibit state agencies from accepting money under this subsection or may regulate the amount of money accepted, the way the acceptance and expenditure of the money is administered, and the purposes for which the state agencies may expend the money. Money accepted under this subsection for a purpose prohibited by the Legislature shall be returned to the entity that gave the money.

"This subsection does not prohibit state agencies authorized, to render services to the handicapped from contracting with privately-owned or local facilities for necessary and essential services, subject to such conditions, standards, and procedures as may be prescribed by law."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment authorizing assistance to the blind, crippled, or otherwise physically or mentally handicapped, in the form of grants of public funds obtained from private or federal sources only, to local level or other private, nonsectarian associations, groups, and nonprofit organizations for establishing and equipping facilities to assist the handicapped in becoming gainfully employed, for their rehabilitation or restoration, or for providing other services essential for the better care and treatment of the handicapped."

"AGAINST the Constitutional Amendment authorizing assistance to the blind, crippled, of otherwise physically or mentally handicapped, in the form of grants of public funds, obtained from private or federal sources only, to local level or other private, nonsectarian associations, groups, and nonprofit organizations for establishing and equipping facilities to assist the handicapped in becoming gainfully employed, for their rehabilitation or restoration, or for providing other services essential for the better care and treatment of the handicapped."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

NUMBER FIVE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

SENATE JOINT RESOLUTION NO. 4 proposing an Amendment to the Constitution of Texas by adding to Section 62 of Article XVI a new subsection to be denominated subsection (c), of said Section 62; authorizing the Legislature to enact laws establishing, subject to the limitations stated, a State-wide System of Retirement, Disability and Death Compensation benefits for the officers and employees of the counties and other political subdivisions of the state, and of the political subdivisions of any county.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 62 of Article XVI of the Constitution of the State of Texas be amended by adding thereto a subsection (c) which shall read as follows:

"(c) The Texas Legislature is authorized to enact appropriate laws to provide for a System of Retirement, Disability and Death Benefits for all the officers and employees of a county or other political subdivision of the state, or a political subdivision of a county; providing that when the Texas Legislature has passed the necessary enabling legislation pursuant to the Constitutional authorization, then the governing body of the county, or other political subdivision of the state, or political subdivision of the county shall make the determination as to whether a particular county or other political subdivision of the state, or subdivision of the county participates in this System; providing further that such System shall be operated at the expense of the county or other political subdivision of the state or political subdivision of the county electing to participate therein and the officers and employees covered by the System; and providing that the Legislature of the State of Texas shall never make an appropriation to pay the costs of this Retirement, Disability and Death Compensation System.

"The Legislature may provide for a voluntary merger into the System herein authorized by this Constitutional Amendment of any System of Retirement, Disability and Death Compensation Benefits which may now exist or that may hereafter be established under subsection (b) of Section 62 of Article XVI of the Texas Constitution; providing further that the Texas Legislature in the enabling statute will make the determination as to the amount of money that will be contributed by the county or other political subdivision of the state or political subdivision of the county to the State-wide System of Retirement, Disability and Death Benefits, and the Legislature shall further provide that the amount of money contributed by the county or other political subdivision of the state or subdivision of the county shall equal the amount paid for the same purpose from the income of each officer and employee covered by this State-wide System.

"It is the further intention of the Legislature, in submitting this Constitutional Amendment, that the officers and employees of the county or other political subdivision of the state or political subdivision of a county may be included in those systems regardless of whether the county or other political subdivision of the state or political subdivision of the county participates in the Retirement, Disability and Death Benefit System authorized by this Constitutional Amendment, or whether they participate in a System under the provisions of subsection (b) of Section 62 of Article XVI of the Texas Constitution as the same is herein amended."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election in November, 1966, at which all ballots shall have printed thereon:

"FOR the Constitutional Amendment authorizing the Texas Legislature to establish a State-wide Cooperative System of Retirement, Disability and Death Benefits for the officials and employees of the various counties or other political subdivisions of the state, or political subdivisions of a county; authorizing the Legislature to provide for a voluntary merger into the system authorized by this Amendment by those officers and employees covered by the provisions of subsection (b) of Section 62 of Article XVI of the Texas Constitution as now existing or may hereafter be established; providing that costs of this System shall be borne by the counties and other political subdivisions of the state and political subdivisions of the county electing to participate therein and the officers and employees covered by the System; and forbidding the Legislature from making any appropriations for the operation of this System."

"AGAINST the Constitutional Amendment authorizing the Texas Legislature to establish a State-wide Cooperative System of Retirement, Disability and Death Benefits for the officials and employees of the various counties or other political subdivisions of a county; authorizing the Legislature to provide for a voluntary merger into the system authorized by this Amendment by those officers and employees covered by the provisions of subsection (b) of Section 62 of Article XVI of the Texas Constitution as now existing or may hereafter be established; providing that costs of this System shall be borne by the counties and other political subdivisions of the state and political subdivisions of the county electing to participate therein and the officers and employees covered by the System; and forbidding the Legislature from making any appropriations for the operation of this System."

If it appears from the returns of said election that a majority of the votes have been cast in favor of such amendment, the same shall become a part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have notice of said proposed Amendment and of said election published as required by the Constitution of Texas, and laws of this state.

The Insurance Plan

Regardless of the merits or demerits of the plan approved by the State Board of Insurance for penalizing bad drivers by requiring them to pay higher rates for automobile insurance, and regardless of what one may think of the plan, each Texas driver began compiling an official driving record last Monday that may affect the cost of his insurance in the future.

The Texas Legislature still must approve the penalty plan, but it will be months before it convenes and even longer before there is likely to be any legislative action.

Meanwhile, if the threat of penalties causes any drivers to drive more carefully, some good will have been accomplished.

A person develops habits in driving as in everything else that he does, and once a habit pattern has been established, some conscious effort is required to change it.

MOST OF THOSE who deserve to be classified as good drivers on the basis of their official records very probably have some habits which are conducive to accidents, even if those habits have not caused an accident involving the particular driver in the past. Even good drivers can be more careful and more on guard against lapses in alertness while driving.

There is reason for considerble skepticism about the effectiveness of higher insurance rates in reducing the traffic tool of deaths, injuries and property destruction, in the absence of compulsory insurance for everyone who drives, and there are many other things that need to be done as part of an effort to reduce accidents to a minimum.

Not the least of these is greatly stepped-up law enforcement efforts.

Experience during the next year may not be a full or fair test of the effectiveness of the penalty plan in promoting traffic safety, but the theory back of the plan, that the possibility of higher insurance costs will cause more people to drive carefully, at least will be put to a limited test.

It goes without saying that everyone concerned with the traffic safety problem, and that should include everyone, would like nothing better than to see the plan work

IN ANY EVENT, everyone who drives now has a greater dollars-and-cent incentive for driving carefully. There is a least a possibility that, if they do not, their pocketbooks will be hit even harder in the future than in 1966-67 or in the past.

For purposes of the State Insurance Board plan or any modified version of it that may finally be placed into effect, every driver started with a clean record on Aug. 1, and each has the same opportunity to prove that he is a good or bad driver by the record that he compiles in the months ahead.

Driving mistakes during the next 12 months can cost a driver up to 90 per cent of the base rate to be set next year for all drivers. But they can cost him even more, perhaps his life.

The Rate Bird Is Watching

Size Of A Man

The size of a man is often indicated by the size of the issues which dominate his thinking and his conversation. If he ordinarily is interested in big and important issues chances are he is a big man. But if his mind dwells on petty and unimportant things, he probably isn't a big man.

To illustrate, the mediocre to ordinary voter will make a much greater effort to vote for his county commissioner than for his United States Congressman. His world is small, his horizons limited. To him, how his road is maintained is far more important than the cold war. The presence of trees and bird manure on the courthouse square is much more important than balancing the federal budget.

If he bothers to vote for governor or President, he bases his decision on minor, unimportant qualifications. Perhaps he likes one candidate's smile or dislikes another's denominational affiliation.

The big man is more interested in principles and guiding philosophies than he is in personality traits and secondary issues. He likes or dislikes a candidate not because of personality but because of principle.

He, like Mary Stewart, prays that he may "be large in thought, in words, in deed" and he would shun pettiness and " the little things that create differences."

All of us need broader horizons. We need to measure issues objectively and concentrate our attention on real problems, both local and national.

Locally we should be concerned with such problems as delinquency, industrial development, real needs of our town and county. Men should be elected to office because of their ability to cope with these issues and problems. Our problems are much too complex, our time much too important to spend it brooding over courthouse trees, imagined affronts, and wounded pride.

He who lives continually on such a level is not unlike those who measure their pastor by his ability to mix, his loyalty to his denomination, his soothing voice, his knowledge of which members to court.

Yarborough Favors Increased Payments

By RALPH YARBOROUGH
United States Senator

This week I want to tell you about the need to increase our Social Security payments for older persons and to find a new source of money to pay for this juster program.

In Texas and the Nation, today, many of our older people on Social Security must struggle to live upon the meager benefits they receive. This particularly is true of widows, who are not covered completely under the present law.

Because of this, and the many changes in our national economy — with the declining purchasing power of the dollar and the low monthly payments to Social Security retirees, particularly the widows — new directions are needed both for the payment benefits and for the financing of Social Security.

For this reason, I have co-authored a bill (with Senator Robert Kennedy of New York) to provide a new source of money for Social Security and to increase the benefits — particularly the payments to the widows.

This new Social Security bill would tap the general tax money as a new source for financing. It would raise and make fairer and more livable the Social Security payments available to many millions of retired Americans — retired on previous low wages and hurt by low purchasing power of the inflated dollar.

This bill would mean almost a 50 per cent increase in retirement payments. Pay to widows would be raised by almost 20 per cent.

Any rise in the cost of living — as measured by the Consumer Price Index — will be met by a like increase in payments. Every time there is a 3 per cent boost in living costs, ther would be a 3 per cent rise in the living cost payments.

Widows of the Nation and Texas receive special attention in this bill because of the present low payments to widows. But instead of waiting until age 60 to get the lowered benefits, a widow who has never worked outside the home should receive benefits at age 45 or 50.

Not only should we consider raising the benefits to the widow from 82½ per cent of a husband's Social Security nest egg to 100 per cent as in this bill for his widow, but we should lower the age. This would ease the financial burden a widow of 45 or 50 might have to bear.

There's unfortunate women are in much the same bind, after all, as the older widows. These women have never been employed outside the home because they were rearing a family of children in the home. Now the work available to them at age 50 is difficult and often impossible to obtain.

Under this new bill, minimum monthly benefits for many will be drastically increased. Instead of the $44 a month now paid, there would be a rate of $90 a month, effective January 1, 1967. It would take that to hold body and soul together to get the groceries, the medicine, and the clothes needed for a person of that age. Ninety dollars a month is a modest payment.

Other benefits for retired people unable to work would be raised correspondingly. For example, a man who earned $200 a month during his working life now receives

Texas Legislature Faces Problem Filled Session

By VERN SANFORD
Texas Press Association

Austin, Tex. — Never has the Texas Legislature had money problems like those it will face in 1967.

Although the fact has been little publicized, state agencies are requesting an unprecedented $1,200,000,000 in appropriations from the general revenue fund during the next biennium. This figure does not include activities financed by extensive special fund revenues and federal aid. Neither does it allow for the $120,000,000 pay raise sought by school teachers.

By way of comparison, present general revenue appropriations add up to $623,900,000, so the agencies are seeking almost twice as much as they now are getting from tax sources controlled by the Legislature.

Sharp pruning is inevitable before official budget proposals are submitted to lawmakers by Gov. John Connally and the Legislative Budget Board. Making the task more difficult is the fact that the bulk of requested increases would go to such worthy purposes as:

Improved education, new community action programs for mental health and mental retardation, tuberculosis control. Medicare implementation, park improvements a $50,000,000 mental hospital and special school building program, water facilities and pollution control, new prison buildings and a pay raise for state employees.

Financial authorities estimate state taxes would have to be raised $400,000,000 to meet the new spending demands.

Most of the demands, of course, will not be met. But high ranking officials, including House Speaker Ben Barnes, see a tax bill in the magnitude of $200,000,000 shaping.

Although most forecasters are predicting that a sales tax hike of one per cent is inevitable, look for a "surprise" revenue bill with top-level backing.

CONNALLY BACKS SENTENCE — Governor Conally, returning to this capital city while it still was numbed with shock and grief over the senseless sniper slaying of 13 at The University of Texas, suggested a new state law ordering mandatory life prison sentences for insane killers.

Connally said he is considering a recommendation for a non-parolable life sentence because too many criminals escape extended punishment on pleas of insanity.

The governor, who cut short a South American tour after the August 1 UT tower murders, also directed the State Department of Public Safety to gather all facts on sniper Charles J. Whitman, an ex-Marine and honor student. He further directed a study of Whitman's brain by a conference of medical experts at M. D. Anderson Hospital and Tumor Institute at Houston.

Connally said he does not believe the August 1 tragedies, which "could have occurred in any city of the world," will reflect on Texas or Austin.

Lt. Gov. Preston Smith promptly directed the Texas Legislative Council to study the feasibility of enacting mandatory life imprisonment provisions for accused killers pleading insanity.

LAWMAKERS DECLINE NOMINATIONS — Congressman Walter Rogers of Pampa and State Rep. Bill Satterwhite of Ennis served official notice they are declining Democratic nominations for re-election.

GAL 2 HIGHLIGHTS — Rogers' completely unexpected decision to return to private law practice leaves the job of naming his successor to Democratic county chairmen in the Panhandle counties he long represented. Satterwhite accepted a job with Lone Star Gas Company in Dallas.

Republicans say the bow-out of Rogers will improve chances of their congressional nominee, Bob Price, of Pampa, who ran strong in 1964.

HISTORIC SUIT ENDS — Prompt appeal of final judgement in the 11-year-long lawsuit over Rio Grande Valley water rights is expected to be filed soon.

District Judge J. H. Starley of Pecos entered the judgement, ending the trial of controversy last week at Edinburg.

A 100-page decree covers U.S. share of water at Falcon Dam and the Rio Grande flow below the reservoir. Case will have far-reaching effect on land values and water use in Hidalgo, Cameron, Willacy and Starr counties.

Judgement proposes division of water among irrigation districts and independent pumpers on a priority system in five categories. It doubles amount of water previously allowed cities in preliminary judgement but retains acreage basis of figuring allotment.

MILLIONS FROM LEASE SALE — State permanent school fund received more than $5,600,000 from oil and gas lease sale on 101,236 acres.

Total of 143 tracts were leased for average of $55.35 an acre. Fifty-two tracts in the Gulf of Mexico leased for $3,800,000.

SHORT SNORTS — State Board of Education can contract with Department of Corrections for production of Braille textbooks for blind, atty. Gen. Waggoner Carr held in official opinion.

Texas will need to spend $500,000,000 a year in new highway construction by 1985 to keep up with growth, predicts a State Highway Department Study. This is $152,000,00 more than in 1965.

NO WAR DECLARATION

Vietnam Conflict "Unique Status"

By OMAR BURLESON
U. S. Congressman
17th District

The inquiry is often made as to why the United States does not formally declare a state of war in Viet Nam.

There are valid considerations which weigh against a declaration of war. Such a declaration would validate and authorize a broad expanse of Presidential war powers which have been set up on a stand-by basis. This would include a much tighter control over the economic life of our nation and one must admit it is already considerable without this added authority.

The present conflict in Viet Nam occupies an agonizingly unique status. There is nothing in our history comparable to it. Although our military forces have been locked in combat, no state of war has been declared to exist by the Congress. Therefore, the President, as Commander in Chief of our Armed Services, has had and will continue to have in the foreseeable future the responsibility of direction.

Even the events in Korea do not serve as any precedent for the current situation. In that instance, the United States, acting under the consent and direction of the United Nations Security Council, declared the Communist invasion of South Korea a "threat to the peace" and officially authorized intervention by military forces of member nations. This action served as a substitute under International Law for official declaration of war by participating nations.

The United States takes the position that the present conflict is Viet Nam's war for independence and we are assisting them by their request. It is significant that the United States has repeatedly announced that it has no intention or purpose to undermine or overthrow the existing Communist Government of North Viet Nam. A declaration of war by the United States against North Viet Nam, according to all historical precedents, would conflict with this announced of non-intervention with the political control by the Hanoi Government.

There exists, however, the possibility that new problems brought to the surface may require a reconsideration of whether the Congress should formally declare war to exist. Should such be the case, it would probably be defined as having started at the time the North Vietnamese forces attacked our ships in the Gulf of Tonkin.

Within recent weeks the communist government of North Viet Nam has publicly threatened to conduct trials of captured American airmen. Communist propaganda from Communist Viet Nam, Red China and other Communist nations has dwelled on "war crimes" trials, rather than to treat the captured as prisioners of war. They contend that under International Law they are entitled to mete out such treatment in the absence of a formal declaration of war.

Obviously these threats on American prisoners by Hanoi are used as a psychological weapon in an attempt to inhibit United States' bombing of targets in North Viet Nam. There is a very real possibility that the Communists may go through with the conduct of "trials" of Americans whom they hold prisoner, but more recent indications are that it is not an immediate prospect.

The fact remains however, that captured Americans, and particularly our airmen, are used for political implications. Their lives and welfare must be the first concern. The treatment of captured Americans in accord with International Law requirements must be assured by our Government, at whatever cost.

It could well be that if the Red Vietnamese murder American prisoners under treatment as "war criminals" a declaration of war would be necessary. In such an event, it would be necessary to actually wage war to the extent of destruction of the Communist Government in North Viet Nam.

"THE ASSURANCE OF SALVATION"

By L. B. EDWARDS
Pastor
Westbrook Baptist Church

In the beginning of this discussion may I point you to two background scriptures The first is Deut. 33:27, "The eternal God is thy refuge, and underneath are the everlasting arms; and He shall thrust out the enemy from before thee; and shall say destroy them." Then John 3: 16, "For God so loved the world, that He gave His only begotten son, that who soever believeth in Him should not perish, but have everlasting life." Isn't it evident from these scriptures that the basis of our salvation, and therefore our assurance, is through the power and love of God?

Let us notice first the power of God to undergird and sustain the born again believer. In 1st. Peter, chapter one, verses three through six, the inspired apostle is praising God because he is made to realize that all believers are begotten to a living assurance through the resurrection of Jesus. He informs us that the ultimate of this assurance is coming into the heavenly inheritance which is incorruptable, undefiled, and unfading. The inspired writer points out that this is all reserved for us in heaven through the abundant mercy of God. Peter goes on to exclaim: "Wherein we greatly rejoice." Who can fail to recognize we are on shouting ground here, because the heavenly inheritance is kept for the believer and the saint is kept for this inheritance.

Jesus has power to keep His saints because He claims all power in heaven and upon earth in Matt. 28:18 .The devil has power, but Jesus has all power, and has promised to be with His disciples and the church all the way to the end.

"Secondly, let us note the Christian assurance is based on the love of God. The substance of John 3:16 is the manifestation of the magnitude of God's love which keeps a sinner from perishing when He believes on the death of Christ. Paul indicates in Romans 8:32 that God delivered up His son to die for us, and will in Him and for Him freely provide all things. He states in verses 35-39 that nothing can separate us from the love of Christ He lists all opposition that satan might align against us and gloriously concludes that we are more than conquerors through the love of God which is through Christ Jesus our Lord.

My dear professed believer, are you rooted and grounded in the love of Christ? Does Christ dwell in your heart by faith? Or are you just a member of some church? A mere church member is like a cut flower which isn't rooted in, and therefore will eventually wither and die. But if you know the love of God in Christ, you are able to understand that the fulness of God's love and power is in Christ, and that He is able to keep that which you have committed unto Him. Therefore, you too may "Greatly Rejoice" in the power and love of God which bring complete assurance of your eternal salvation, Amen.

THE FAMILY LAWYER

CARELESS CLOTHES

What to wear? Choosing your costume for a particular occasion is not just a matter of law. Should you be injured, careless clothing may jeopardize your right to collect damages by pinning a "negligent" label upon you.

Consider this case:

A young woman, going for a walk on a wintry night, knew that the sidewalks were slick with ice. Yet she chose to wear very high heels. Sure enough, she skidded, fell, and suffered assorted injuries.

But when she sued the city for damages, the jury decided she herself was guilty of negligence in her choice of footware.

On the other hand, a woman who stumbled on a hotel stairway was held not negligent. The heels she was wearing were only moderately high — and the process of walking down stens did not demand any special precautions.

Even choosing an unwise color, if not negligence all by itself, may at least tip the scales in that direction.

Was a hunter accidentally shot by a companion? It may count against the victim, legally, that he was wearing a grey hat exactly the color of a grey squirrel.

Was a motorist, changing a flat tire on a dark highway, struck by a passing car? It may be held against him that he was wearing a hard-to-see black jacket instead of an easy-to-see white shirt.

In addition to choosing your clothing with care, you are expected also to wear it with care. For example:

A woman passenger, emerging from a friend's car,

A WORLD IN TROUBLE

What has happened to this marvelous world of ours in this twentieth century of God's grace? Mankind seems to be passing through a sea of troubles which has no counterpart in human history.

There are wars and rumors of wars among the nations, and many of the nations themselves are split into warring factions, each faction striving for supremacy, and each intolerant of the views, hopes, and rights of others.

The great trouble with the world is that men have forgotten God. They no longer seek spiritual guidance, but follow the vain ways of the modern world. We have become a cynical, materialistic generation.

If this drift toward world tragedy and chaos is ever stopped, the churches of the world must do it. The world's hope—our hope—is in God and His Church. He alone can save mankind from a sorrowful fate.

The Church seeks to turn the hearts of men from the ways of war and fear and hate to the ways of peace and love.

THE CHURCH FOR ALL ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

shut the door on her own sleeve. Unaware of her predicament, the driver started forward, hurling the woman to the pavement. But a court later found no fault with the driver. The woman herself was negligent, said the court, for letting her sleeve get caught.

In another case, a man with foot troubles sued a shoe dealer for selling him shoes that were too tight. But the court turned thumbs down on his claim. The judge commented:

"He is the best judge of whether the shoes fitted or pinched. If the customer persists in wearing the shoes and allowing the pinching, he has himself to blame and none other."

only $90 in Social Security benefits. Under the new bill he would receive $135 in benefits, or about 2/3 of his average wage instead of the present less than 50 per cent.

Those with higher earning would have an increase slightly less in the percentage than this. But millions of Social Security benefits would be higher — because a man's ten highest consecutive years of earnings could be used as an alternate way of figuring the payments due.

One way of paying for these increases is through partial use of general tax money. This is a new method.

But this new scaled promises by 1969 to put the Social Security program on an even balance for the entire period. The bill is, therefore, financially sound.

This is a big step forward for the Social Security program. It will bring it nearer the need it is intended to fulfill.
