ELEVENTH YEAR, NO. 44 | 8 PAGES | LUBBOCK, TEXAS, FRIDAY, DECEMBER 30, 1932 | (AP) MEANS "ASSOCIATED PRESS"

Two Families Wiped Out As Soldier Runs Amuck

Compulsory Cotton Slash In 1933 Is Approved By Conference Of Governors

Federal Authorities Are Called On To Provide Loans

(By The Associated Press)

MEMPHIS, Tenn., Dec. 29. — A compulsory fifty per cent curtailment of next year's cotton crop was endorsed here tonight by the southwide conference of governors as a means of bolstering the price of the staple.

The proposal, which carried the approval of Governors Conner of Mississippi and Blackwood of South Carolina, as well as representatives of the governors of Texas, Tennessee, Louisiana, Alabama and Oklahoma, did not have unanimous agreement.

Reports Are Submitted

One minority report was submitted by Charles T. Coleman of Little Rock, representing Governor Harvey Parnell of Arkansas. Another minority report came from Tom Linder, representing Governor-Elect Talmadge of Georgia, a proponent of a cotton holiday for 1934.

The report adopted called upon federal authorities to provide loans to owners of occupied farms for the purpose of paying taxes for at least two years, and urged the granting of a two-year moratorium on farm mortgage foreclosures.

Farm Board Opposed

Not only was the report opposed by the official Arkansas delegation which sought an endorsement for the plan of Bob Snowden of Hughes, which embraced a demand for the abolition of the farm board

RUTH FAMILY KNITS—The Babe looks on in his New York City apartment as Mrs. Ruth and their daughter, Julia, right, both knit sweaters for the unemployed.

MOTHER IS DENIED

ALBANY, N. Y., Dec. 29 (AP) — Mrs. Mary Mooney, 84-year old mother of Tom Mooney, serving a life sentence in San Quentin prison, California, failed today to see President-Elect Franklin D. Roosevelt for the purpose of interceding for her son.

Itinerant Eye Doctors Make Escape; One May Be Wounded

LIVINGSTON, Tex., Dec. 29 (AP)—Two men said by officers to have been itinerant eye doctors escaped this afternoon after a shooting affray at a farm near here. One of them was believed wounded.

Sheriff D. Holliday said the two some time ago had represented to Mrs. J. T. Lowe, aged farm woman, they could restore her eyesight and had accepted from her two "deposits" totaling some $1,600. When they re-appeared at the farm home this afternoon Mrs. Lowe's son, Fred, sought to detain them until Holliday could arrive. The sheriff said one of them, however, fired at Fred and that the boy returned the fire and believed he had wounded one of them.

Two Are Dead Of Pneumonia

William Crawford Brewer And Mrs. R. E. Whisenant Die In Hospitals Here; Funeral Is Held Thursday

Influenza and pneumonia resulted in two deaths in hospitals here Thursday. William Crawford Brewer, two-year-old son of Mr. and Mrs. R. H. Brewer of Bovina, succumbed at 2:30 o'clock in the morning, and Mrs. R. E. Whisenant, 22, of Wolfforth, died in the afternoon.

Mr. Whisenant, also ill of pneumonia, was reported to be improved at West Texas hospital last night.

Funeral services for the Brewer child, grandchild of Mr. and Mrs. A. W. Brewer of Lubbock, were conducted at 3 o'clock yesterday afternoon at Dickens by the Rev. O. W. Carter, Asbury Methodist Episcopal church minister. Bynum - Stahler funeral home directed burial at Dickens. The child also is survived by one sister, Leta Laverne.

Mrs. Whisenant is survived by two children, Charles E. and Doris Lee, and her father, C. R. Stevens of Wolfforth. Funeral services will be conducted at 3 o'clock this afternoon at Wolfforth, Bynum-Stahler funeral home said.

Roosevelt Is Ready To Take Responsibility Of Authority

ALBANY, N. Y., Dec. 29 (AP) — President-Elect Roosevelt, it became known today, is ready to take the full responsibility for the proposed reorganization of the federal government as a means of effecting major economies.

Mr. Roosevelt believes the proposed reorganization will be an insurmountable task, it was learned, unless the authority and responsibility for the reorganization are centered in the chief executive.

Woman Dies Of Burns After Lantern Explosion In Home

BRECKENRIDGE, Dec. 29 (AP) — Mrs. Henrietta V. Sartain, 67, died today of burns suffered when a lantern she was carrying exploded at the home of a daughter, 16 miles from Breckenridge. Her screams attracted attention of E. W. Williams, her son-in-law, who tore flaming clothing from her body. He suffered severely-burned hands.

Texas Schools Are Facing Grave Crisis

Finances Are Low; Revenue Is Necessary

State Auditor Declares That System Is Running Low And Cut In Expenditures Might Be Made In Future

Apportionment Cut

Funds In Sight For 1934-35 Would Allow Apportionment Of $11.44; Homestead Tax Exemption Blamed

(By The Associated Press)

AUSTIN, Dec. 29.—A grave situation is faced by the state as the result of the financial condition of the available school fund, Moore Lynn, state auditor, said today in a report to Governor R. S. Sterling on the status of Texas' main educational fund.

Lynn's report showed that if the per capita apportionment of $17.50 was to be maintained during 1934 and 1935 and if claims for additional state aid amounting to $843,200 were to be paid, the additional revenue required would be in excess of $19,810,000. The per capita apportionment for the current year, however, has been reduced to $16.

Day Of Reckoning

"The situation must be faced squarely," Lynn stated. "Nothing is to be gained by further postponement of the day of reckoning. Additional tax funds must be obtained from some source or state expenditures for schools will have to be decreased far below the level of $17.50."

Based on estimates made by Lynn, the funds now in sight for 1934 and 1935 would allow the payment of a per capita apportionment of $11.44 each year, as compared with $16.21 paid, and to be paid, in the years 1930 to 1933, inclusive.

Lynn stated the total cost of education to the state and its political

French Government To Make Austria A $14,000,000 Loan

PARIS, Dec. 29 (AP)—The chamber of deputies, by a vote of 351 to 187, tonight authorized the government to participate in the projected reconstruction loan for Austria, which will mean an advance by France of approximately $14,000,000.

Former Premier Herriot, who was responsible for French policy on the Austrian loan question when he headed the government, vigorously defended it before the chamber.

One of the principal opponents of the action was Deputy Henry Haye, who said:

"Two weeks ago we refused to pay 500,000,000 francs to those to whom we owed something. Are we going to give 350,000,000 to those to whom we owe nothing?"

Father Weeps As Young Son Is Bound Over For Robbery

HOUSTON, Dec. 29 (AP) — While his aged father wept, Roy Zimmerman, 19, was bound over to the grand jury without bond this afternoon after an examining trial on three robbery charges.

Young Zimmerman was charged with the $920 robbery of the Kirby theatre, Monday night; the $66 personal loan bureau robbery December 22, and the $7.50 robbery of the Majestic theatre Dec. 19.

Officers finally led the father from the court room and escorted him home.

Man Confesses He Is Bandit Who Robbed New Mexico Bus

EL PASO, Dec. 29 (AP) — John Youschak, 29, Garfield, N. J., who was shot by Deputy Sheriff Bob Johnson, at Columbus, N. M., today when he is alleged to have resisted arrest, is reported by officers to have admitted he is the man they sought in connection with the holdup of a Golden Eagle bus near Deming Tuesday.

Although Youschak's condition is critical doctors believe he will recover.

Without A Hubby

HELEN KANE

NEW YORK, Dec. 29 (AP) — Helen Kane, boop-boop-a-doop singer, has obtained a final Mexican divorce decree from Joseph Kane, it became known here today.

Dry Forces Of Nation Are To Take Up Fight

Battle Cries For Mobilization Of Cohorts Sounded; Beer Bill Passed By House Said To Be "Quack Cure All"

(By The Associated Press)

ST. PETERSBURG, Fla., Dec. 29 Battle cries for the nation's dry forces to mobilize and resist efforts to "tamper" with the liquor laws were sounded today by the Anti-Saloon League of America.

O. G. Christgau, assistant general superintendent, announced leading prohibition advocates of the country will be called together here February 19 to 21, to lay plans for organized opposition to any attempt to repeal or modify the 18th amendment.

He came here from Washington to make preliminary arrangements for the conference which will be held jointly by the national and state leagues.

Just Begun To Fight

"We have just begun to fight, and we are taking the offensive for the first time in 15 years to give real battle to the wets," the dry leader said.

He called the beer bill passed by the house a "quack cure all."

"As a tax measure it would drop prosperity dollars in reaching for poverty nickels and dimes," he said "As an economic relief measure it would invite the wolf at the door into destitute homes to drink the baby's milk, steal the children's clothes and shoes and devour the last loaf of bread."

Bodies Of Last Seven Men In Doomed Mine Are Found

MOWEAQUA, Ill., Dec. 29 (AP) — Rescuers today came upon the last seven of 554 miners entrapped in the Moweaqua Coal company's mine Christmas eve.

The discovery ended the possibility that the men might have barricaded themselves safely in the far end of the north tunnel of the mine against the deadly gas which permeated the mine after an explosion.

All Hands Are Rescued From Aboard Tanker By Steamship

WILMINGTON, N. C., Dec. 29 (AP) The coast guard Modoc late today intercepted a wireless message reporting the rescue of all hands aboard the burning American tanker, Dorris Kellogg, by the steamship Delaware Sun.

The message, from an unidentified source, said the crew had taken to sea in three lifeboats before the Delaware Sun picked up its members.

Western Texas Gets In Fight Against Ports

More Than 100 Representatives Of Businesses And Chambers Of Commerce From 28 Towns Meet Here

Directors Chosen

Additional Port Development In Texas Is Discouraged In Resolutions; Protection Of Interior Is Sought

WEST TEXAS joined in the organization of the Interior Protective and Development association in a regional meeting here Thursday when more than 100 representatives of businesses and chambers of commerce from 28 towns throughout the area pledged themselves to the cause of the organization, that "of opposing the special port interests and safeguarding and developing the commercial life of the interior of Texas." Sessions were held in the Hilton hotel.

Thursday's meeting, third and final one to be held over Texas, completed temporary organization of a board of directors of 21 members of the association and paved the way for a meeting of the directorate in Dallas, January 5, to perfect permanent organization and elect officers.

Directors Are Chosen

Seven West Texans were named as directors of the body, fourteen other men having been selected at the two previous conferences held at Waco and Greenville. West Texas will be represented by: W. M. Massie, vice-president Fort Worth National bank, Fort Worth; C. M. Francis, cotton oil manager, Stamford; R. H. Nichols, publisher of Vernon Record, Vernon; Chas. Motz, insurance, Abilene; B. Reagan, president West Texas National bank, Big Spring; Geo. A. Simmons, manager Lubbock Cotton Oil Mill, Lubbock; and R. R. Witt, wholesale hardware, San Antonio.

The regional conference Thursday went on record favoring the discouragement of the development

See PORT FIGHT, Page 7

Senators Are To Help Tech

Geo. C. Purl Of Dallas, And Joe Moore Of Greenville, To Oppose Efficiency Reports To Change System

Texas Technological college can be assured of the support of at least two members of the Texas senate in opposition to any plan to abolish any of the institution's four units.

"You people in West Texas can rest assured that Texas Tech will get its just rights," Senator Geo. C. Purf of Dallas, declared in a brief talk before the regional conference of the Interior Protective and Development association at the Hilton Thursday afternoon.

Just Out Of Order

"Any efficiency expert who thinks he can make a report like that to abolish a school like Tech is just out of order," he continued. "Any movement on foot to hurt that school is certainly not justified. Now we may do all we can to economize and save the people's money but we're certainly not going to start plowing with dynamite.

"That doesn't mean, however, that we're going to let the teachers of these various schools write the appropriations bills. We are the ones who are responsible for that and we're going to try to be as economical and still treat everybody as fair as possible."

On Finance Committee

Senator Purl recalled that he had "the pleasure and honor of serving as deskmate in the house to one of the co-authors of a bill which was later consolidated with another

Students Are Carried To Death In Plunge Of Ship

Harvard Freshmen Are Victims As Craft Goes Into Tailspin Over Lynn Harbor

(By The Associated Press)

NAHANT, Mass., Dec. 29.—Edward Mallinckrodt, 3rd, son of a St. Louis chemical manufacturer and Donald McKay Frost, Jr., of Dover, and Boston, both Harvard freshmen, crashed to their deaths in an airplane into the waters of Lynn harbor late today. Their bodies were not immediately recovered.

The plane, piloted by Mallinckrodt, left the East Boston airport about a half hour before the crash on a pleasure cruise. Mallinckrodt had been flying about a month, airport attaches said.

The plane went into a tailspin about a half mile off Bass Rocks. It made six complete turns in the spin before striking the water.

Many residents of the north shore witnessed the crash, among them, Mrs. Stafford A. Short, of Winthrop Highlands, wife of a pilot at the East Boston airport. Several coast guard boats and a fleet of planes from the airport went to the scene and searched for the bodies without success.

Groaning Mountain Is Threat To Town And Residents Ready To Evacuate At First Rumble

Durango Citizens Are Alarmed As Phenomenon Grows To Be Dangerous; Tons Of Rock Tossed Down Slope

(By The Associated Press)

DURANGO, Colo., Dec. 29.—Carbon mountain shook and groaned and tossed more tons of rock down its scarred slopes today as Durango citizens gave serious thought to forecasts it might nudge its neighbor, Smelter mountain, over into the town.

Smelter mountain, which rises steeply from the edge of the city, is between Durango and Carbon mountain. Geologists said the fault causing the Carbon mountain slides extended into Smelter mountain and that the latter might become active at any time.

Many Theories Given

There were many theories as to the cause of the movement.

Prof. Claude E. Needham of the New Mexico school of mines, here to study the phenomenon, has inspected the mountain and, after considering all causes for similar actions, found none of them quite fit this case. Caving of underground caverns or mines, working of rock deposits on slippery foundations and many other theories have been examined and discarded.

Durango folk who have been quite pleased with the back door show of a full grown mountain doing a tumbling act, hurried out to take another look today when possibility of damage to the town was revealed.

Prospect Is Alarming

It generally was agreed the prospect of Carbon pushing Smelter over into the town was not nearly so entertaining as the phenomenon had been when it was three miles away. No action has been noted in Smelter mountain, but residents who live at the base of its towering cliffs were preparing to evacuate at the first rumble.

A heavy snow which fell on the torn and scarred face of the mountain today was hurled off in shower-

Winter Charts A Southern Course; Snow In New Mexico

DENVER, Dec. 29 (AP)—Charting a southern course, winter today had swept from South Dakota and the continental divide in Montana to the Rio Grande and the international boundary of Mexico.

An unexpected snow storm hit the northern tier of Rocky Mountain territory yesterday and, while it cleared in this region today, snow was falling throughout New Mexico.

The snow brought a sharp drop in Colorado temperatures, but the low for the night in Denver was only eight degrees above zero.

Humble Offers To Buy Oil; Will Pay Prevailing Price

HOUSTON, Dec. 29 (AP) — The Humble Oil & Refining company late today announced an offer, effective immediately, to purchase 20 per cent of all crude oil stored with it in the East Texas field at the company's prevailing price of 75 cents per barrel. The offer, it was said by the company, affects in no way its standing policy of buying sixty per cent and storing forty per cent of the oil offered in the field, applying only to oil now stored with Humble.

ANNOUNCE APPOINTMENT

MEXICO CITY, Dec. 29 (AP)—The appointment of Dr. Jose Manuel Puig Casauranc, Mexican ambassador to Washington, to the post of minister of foreign relations was announced by the government tonight.

Tom And Jerry Seek Home With "Lot Of Love"

TWIN BOYS, born December 27, want homes where there is a "lot of love."

Both have blue eyes now, for "all babies are born with blue eyes" it was said. Their eyes, however, may be brown in a few months, if the boys resemble their 18-year-old unmarried mother.

Persons interested in adopting the youngsters have been asked to telephone 739.

Born the second day following Christmas, the boys temporarily have been named "Tom and Jerry because they are such a treat." One weighs four pounds, the other five.

The mother, who was in her last year in high school last spring, had been working here. Her mother is dead, and her father has moved from Lubbock.

Two Men Are Arresteed As Suspects In Bank Holdup

GRAIN VALLEY, Mo., Dec. 29 (AP) Two of three men who fled from a motor car when it was halted by state highway patrolmen here early tonight were arrested as suspects in the robbery of the bank of Lone Jack, Mo., of approximately $1,000 late today. Officers found the loot where it had been dropped in a corn field. The third man escaped.

Jimmy Young, 21, one of the two arrested, was shot in the foot before his capture. The other man gave his name as John Blankenburg. Officers said they learned from the two that their companion was Ivan Dean.

Army Captains And Wives Are Death Victims

Negro Private Shot To Death By Guard As He Fires Again At Third Man; Investigation To Be Conducted

Cause Is Unknown

Crazed Man Kills Victim At Gas Station And Takes Car To Drive To Homes Of Other Victims At Fort

(By The Associated Press)

FORT HUACHUCA, Ariz., Dec. 29. —A negro private ran amuck today with a pistol, slew two United States army captains and their wives and seriously wounded a lieutenant. The negro himself was shot to death by a guard as he was firing at Lieutenant Harvie R. Matthews.

Those killed were Captain and Mrs. Davis A. Palmer and Captain and Mrs. Joseph R. Wessley and the negro, identified only as Abernathy.

Reason Not Known

Army post officers said the reason for the shooting had not been determined.

Abernathy, they said, started his murderous rampage by shooting and instantly killing Captain Wessley at the army gasoline service station, where Abernathy was attendant.

The negro took the officer's automobile, drove to the captain's home and killed Mrs. Wessley. He then rode to the home of the Palmers and shot them.

Shot Dead By Guard

Coming outside, Abernathy wounded Lieutenant Matthews and then was shot dead himself by the military guard.

Col. R. S. Knox, commanding officer of the 25th infantry, to which the officers belonged, left Nogales by automobile tonight for Fort Huachuca to direct an investiga-

See CRAZED SOLDIER, Page 7

Fate Of Philippine Bill Is Uncertain; Up To President

WASHINGTON, Dec. 29 (AP)—By a lop-sided vote the house today passed the much-disputed issue of Philippine independence on to the White House, where an uncertain fate awaited it.

From members of President Hoover's party, the freedom measure—a conference agreement with the senate providing independence after a ten-year transitional period—received extensive support. In the final house decision only 16 stood in opposition, while 171 arose to back the bill.

SECOND UNIT OPEN

NEW YORK, Dec. 29 (AP) — The second amusement unit of Rockefeller center, the new Roxy motion picture theater, opened tonight to a capacity audience of 3,700, including a large number of celebrities.

Stamford Protests Formation Of Interior Protective Body

Chas. Coombes Says Plan Will Tend To Tear Down Security Of WTCC; Says Duplication Is Ill-Advised

(By The Associated Press)

STAMFORD, Dec. 29—Setting out that "the West, South and East Texas Chambers of Commerce are co-ordinated through the all-state council," and that "any duplication of interests and organization for the general welfare is ill-advised and tends to disruption," Chas. E. Coombes, president of the Stamford Chamber of Commerce and former president of the West Texas Chamber of Commerce, today wired Wilbur C. Hawk, WTCC president, and A. B. Davis, Lubbock secretary-host to the meeting of the Interior Protective and Development association, mildly protesting organization of the association.

"The purposes of the Interior Protective and Development association are vague and obscure," Coombes' message said. "If selfish, we are opposed to it. If legitimate, it is a duplication of the West Texas Chamber of Commerce and weakens our strength and security. If the movement is good, why not further it through our own organization?

"We therefore, protest against this organization and call upon our member towns to stand with us in fighting our battles for West Texas' interests within our own well-organized regional chamber of commerce without outside interference."

The Weather

WEST TEXAS: Slightly colder in south portion Friday; Saturday generally fair.

Behavior Patterns Of Mr. And Mrs. John J. Public Are Sampled To Determine If They're Happy Though Married

(By The Associated Press)

CINCINNATI, Dec. 29.—Sociologists were told today of efforts to measure whether Mr. and Mrs. John J. Public are happy though married.

Jessie Bernard, Washington, university, told the American Sociological society of a method she has evolved of "sampling" the complex behavior patterns which make up the attitude of man to wife, and wife to husband.

The result is a score, somewhere between nothing and 100. Her conclusion was that, unlike golf, shooting a score of 61 to 65 is skirting marital disaster.

She's tried it, she said, on 115 men and 137 women in St. Louis, Seattle and Los Angeles. Among her findings are:

That husbands are most satisfied when they are as old, or up to 10 years older, than their wives.

That wives like their husbands as old, or up to five years older than themselves.

That family income has nothing to do with marital happiness. Neither does education.

In another paper, Leonard S. Cottrell, of the University of Chicago, suggested the basis of happy marriage is laid in childhood. His idea is another demonstration of the old saw "the child is father to the man."

Younger Set Is Enjoying Post Holiday Affairs; Plan Watch Parties

The Woman's Angle

BY BLANCHE E. BEAN
Avalanche Woman's Editor

"IT WAS 27 below and people around there said winter hadn't started." This from Maurice Powell who is visiting his parents, Mr. and Mrs. W. B. Powell, and who works on a daily paper up in Iowa. Maurice is assistant advertising manager up there. "Means you get the big office instead of a little one," he explains.

• • •

Lois Love in from Sherman and borrowing a typewriter on which she thumps out a letter as though she had had a lot of experience. First time, probably, that machine has ever been written on except with the old hunt and peck system that employs only two fingers.

• • •

Kelton Clark, back from El Paso, where he has been working for several years, looking the same as usual. Everything is fine down at the El Paso Times, he reports.

• • •

Most local people who are in are wearing new leather jackets. Old Santa certainly must have had an over-supply of leather up around the north pole this year.

• • •

WASTED ENERGY

THIS anti-superstition society up at Chicago may be doing some good but, so it seems to me, they are going to cheat themselves out of a lot of fun. Why not a few superstitions? They's part of the fun in living and awfully good alibis when things go wrong.

• • •

Of course, life may go along like a song without the black cats crossing the road and without walking under ladders. It's likely to go along with these things, too, but what good is going to come of reminding people there's no harm?

• • •

It's just a case of another society spending a lot of time on something that is entirely unnecessary. The same amount of energy and trouble might be used in doing something worth while—since there is an urge to organize.

• • •

HOW TO TELL 'EM

"YOU CAN tell a show girl every time. If she makes any money at all she has a fur coat." This from Webb Hendrix, Hilton hotel maitre de hotel. And he should know.

• • •

COURSES IN LIVING

SOME of these days people are going to be taught to live and courses in marriage will be more common than those in Latin. How long it will take to institute the courses, I can't say, because it takes a long time to make a radical change.

• • •

At Butler University in Indiana a course in marriage is to be offered with the beginning of the new year. The purpose is to prepare people for matrimony and to solve family problems of the already wedded. The physical, psychological, economical, social and religious aspects of wedded life will come in for study.

• • •

Such a course is sensational now. A lot of people think it is just so much apple sauce. But others believe that the course is essential because it helps prepare people for the most important thing in life.

• • •

The dean of the college points to the Marion county divorce rate — the one in which the university is located — with 40.55 divorces for each 100 weddings in 1930 as compared with the 16.6 rate for the entire nation. That was a factor in instituting the course.

• • •

It would be foolhardy to say that this course in marriage is going to lower the divorce rate but it is something to hope that some good will come out of it. It is at least probable that people who look frankly at their marriage problems and make a sincere effort to solve them are destined to a happier wedded life.

• • •

One doesn't have to be married to know that many divorces grow out of the inability of a wife to live within her husband's income or that incompatability grows from a lot of little things that might be avoided. Education isn't going to do away with divorce or unhappiness but it should help.

• • •

The day is coming when boys and girls have courses that prepare them for marriage just as they study English, arithmetic, history or economics. People are realizing that it is more important to live than it is to be simply scholarly.

Dances Are To Be Given Here

Mrs. Roscoe Wilson Is To Be Hostess Honoring Visitor From El Paso; Party Given By Evelyn Stewart

With the end of the yuletide holidays at hand, members of the younger set are planning a number of events for the week-end. Watch parties and dances have been scheduled by the high school group. Several clubs affairs are to be given Saturday evening.

Miss Evelyn Stewart, 2310 Main street, entertained with a bridge party at her home Thursday afternoon. Miss Beatrice Seitz scored high in the games and lowscore went to Miss Jean Ware.

Other guests were Misses Marcella Marie Ware, Macon Skinner, Betty Jane Smith, Mary Katherine Rice, Addie Lee Terrell, Pauline Stafford, Postelle O'Neal, Wilma Jean Conrad, Mary Margaret Carter, Gertrude Graham and Mildred Hurn of Seagraves.

Dance Is Planned

Twenty couples are to be guests at a New Year's eve dance to be given by Mrs. Roscoe Wilson Saturday at her home, 2201 Broadway. This affair is to compliment Mrs. Wilson's niece, Miss Martha Dee Brownfield of El Paso, who is visiting here. Miss Brownfield is attending the University of New Mexico this year.

The Fellowship club is to attend an annual party at 7 o'clock this evening at the Hilton hotel.

Members of the High school Library club are to be served a buffet supper Saturday evening at 6 o'clock at the home of Dr. and Mrs. Allen T. Stewart. Sara Sue Stewart is to be hostess. Mrs. R. T. Groves, head librarian, is sponsor of the group.

The Lubbock Dancing club is to attend a dance on New Year's eve at the Hilton hotel.

Estelle McAlister Has Dinner Party

ABERNATHY, Dec. 29—(Special)—Miss Estelle McAlister, assisted by her aunt, Mrs. S. H. McAlister, entertained Tuesday evening with a bridge-dinner.

Miniature Christmas trees and holly were used in appointments. Mrs. C. H. Bucks won high score in the games. Guests were Messrs. and Mesdames E. B. Lindsey, F. Clausen, George Ragland, R. A. McAlister, Hugh Ragland, C. H. Bucks, O. O. Crow, Welcome Ragland, E. E. Crow and Leonard Harral.

Club Members Are To Give New Year's Party Saturday

Members of the Kayo Kids club are to attend a New Year's dance it was announced Thursday morning, following a meeting Wednesday. Those who attended were Misses Ima Maddox, Betty Van Zandt, Mabel Brown, Georgia and Agnes Selby and Mrs. Leonard Shell.

Miss Nannie Jo Haymes has returned from a visit to Abilene and other Texas cities.

Personals

J. L. Shoemaker, jr., vice-president of the First National bank at O'Donnell, was here yesterday.

C. H. Dean, Dimmitt, Castro county attorney, was a business visitor here yesterday.

T. A. Singer, telephone company owner at Dimmitt, came down yesterday to attend the Interior Protective association meeting.

Robert Kerley of Independence, Mo., is the guest of his brother, J. W. Kerley, 2417 Thirteenth street.

Mr. and Mrs. W. I. Sims and daughter, Pauline, of Norton, N. M., and Ed Sims of Dallas left for their homes Thursday after spending Christmas with parents of the Messrs. Sims, Mr. and Mrs. J. E. Sims, 1629 Fifteenth street. They visited also with their sister, Mrs. J. E. Garrison, and family and their brother, H. W. Sims, and family.

Miss Maxine Burrus has returned from a visit to Big Spring.

Miss Bella Ansley, Mrs. Ola Legg, Miss Maude Pinson and Eugene Legg, all of Plainview, attended the Lauder concert here Wednesday evening.

Miss Mary Ansley, who teaches in the Petersburg schools, is to spend the week-end with her parents, Mr. and Mrs. S. T. Ansley.

Presbyterian Intermediates Will Attend Party Saturday

Members of Mrs. R. C. Douglas' class will be hosts Saturday evening to others in the First Presbyterian Intermediate department with a New Year party from 7 until 9 a. m. in the church parlors.

Program Is Out For Scout Meet

Program for the annual South Plains Area council meeting here January 24 is announced in a bulletin mailed yesterday from the office of Scout Executive D. T. Jennings.

Judge Clark M. Mullican of 99th district court will preside, and the address will be delivered by President Bradford Knapp of Texas Technological college. Eagle badges will be awarded to qualifying scouts.

An attendance of 200 is anticipated. Towns in the area, excepting Lubbock, will engage in an attendance contest. Quotas assigned are: Amherst, 6; Brownfield, 11; Idalou, 3; Lamesa, 20; Levelland, 10; Littlefield, 19; Lorenzo, 4; Lubbock 120; Post, 10; Ralls, 8; Slaton, 23; Sudan, 6; and Tahoka 10.

The day's program will begin at 3:30 p. m. with a business meeting of the board, and group conferences will be started at 4:30 o'clock. Dinner will be served at 6 o'clock. Plates are 50 cents each.

Commissioners' Court Will Hold Last Meeting Today

Final meeting of the commissioner's court this year will begin at 9 o'clock this morning in the office of County Judge E. L. Pitts.

Accounts will be approved. The session today was postponed from last Monday because of the holiday. The old and new courts will meet next Monday when bonds of incoming county and precinct officers will be approved.

Judge Pitts and C. A. Burrus, commissioner of precinct 1, are hold-overs. W. P. Florence of Slaton will succeed J. T. Pinkston of Slaton in No. 2, T. L. Holt will succeed W. L. Brashear of No. 3, and B. O. McWhorter will replace L. C. Denton in No. 4.

Penguins, the curious sea-birds, are exceptionally heavy eaters. An eighteen-inch specimen can tuck away five full-sized herrings at one sitting.

Visits Ending For Folk Here

Many Who Have Been On Trips Are Coming Back; Several People Were In Lubbock To Attend Concert

With the end of Christmas week, many people who have been visiting are returning to their homes. Some are stopping here for short visits with relatives after having visited elsewhere during Christmas. Students are slowly returning to be here for the winter sessions at the public schools and at Texas Tech college.

Mr. and Mrs. Riley F. Huie, 2434 Twentieth street, who have returned from a visit in Anson with relatives, have as their guests Mr. Huie's sister, Mrs. E. E. Lawson, and Mr. Lawson of Fort Worth and Hal Rucker of Abilene.

Misses Kate Dean and Sarah Louise Cook, who have been spending Christmas with their parents in Strawn, are to return after the holidays to re-enter school. They are nieces of Mrs. H. H. Hunter, 1703 Thirteenth street.

Misses Marian James, who teaches in Sour Lake, and Virginia James, who teaches at Valley View, are visiting their parents, Dr. and Mrs. C. N. James, 805 Avenue R.

Miss Mary Louise Thomas, 2411 Seventh street, is visiting in Fort Worth with her aunt during the holidays.

Mr. and Mrs. M. O. Turner, 2011 Twenty-Third street, are spending the week in Sweetwater. Miss Rose Marie Turner and Joe Turner are visiting in Electra for the holidays.

Mr. and Mrs. Gordon M. Flenniken and Mrs. T. D. Morrel have returned from Stamford where they visited. Mrs. Flenniken played the wedding march for her cousin, Miss Morgie Grimes, and for Hubert Bell, who were married in Stamford on Christmas night.

Birthday Party Given

Wednesday, Mr. and Mrs. Flenniken entertained with a birthday dinner for their son, Gordon, having as his guests Parnell Parks, Douglas Wilson, Oran Wilson and W. E. Flenniken. The Flennikens reside at 1608 Avenue N.

Mr. and Mrs. Pat Burns and son of Littlefield are guests of Mr. and Mrs. R. C. Hopping and family, 2429 Nineteenth street.

Mr. and Mrs. Cliff Ransdall of Breckenridge and Miss Billie White of Hermleigh were dinner guests Wednesday evening of Mr. and Mrs. J. P. Edgar, 2305 Ninth street.

Mrs. J. E. Cagle is spending this week with her daughter, Mrs. A. W. Brown, in Big Spring.

Miss Greta Grace Stone is spending the holidays with Miss Tommie Ruth Dulin at Wilson. Miss Stone is a student at Tech. Miss Dulin, who attended the college last summer, is returning with the opening of the winter term.

Berry Walker, who has been visiting relatives in Fort Worth, stopped here Wednesday for a visit in the home of his brother, R. Wade Walker. He is enroute back to his ranch in New Mexico.

Mr. and Mrs. R. N. McClain, who were married last week, were expected to return to Lubbock Thursday. Mrs. McClain is the former Miss Helen Womack.

Mr. and Mrs. Herbert Burton Fay of Santa Fe, N. M., have returned to their home after visiting Mrs. Fay's mother, Mrs. G. C. Harris, on Texas Avenue. Mrs. Fay is the former Mrs. Gertrude Harris Cook and is a Tech graduate.

Visits In Breckenridge

Mrs. L. W. Squyres, who has been visiting her sisters in Breckenridge, and Mr. and Mrs. O. A. Terry and son, who have been visiting in Fort Worth, returned to their homes here Wednesday.

Frank Womack has returned to Quanah and Jack Womack has returned to Post after visiting their parents, Mr. and Mrs. J. F. Womack.

Edgar T. Neal has returned from a trip to Vernon and Chillicothe.

Miss Leona Slaughter of Sudan has returned to re-enter Texas Technological college.

Miss Ann Bickley of Merkel is visiting in the home of her brother, Dr. C. A. Bickley.

Mr. and Mrs. W. A. Stahl and family have returned from Pampa where they spent Christmas with Mr. and Mrs. L. O. Johnson.

Mrs. Viola Long and Mrs. B. Sherrod have as their guest their sister, Mrs. W. Clay Reeves, of Hollywood, Calif.

Mr. and Mrs. Meade F. Griffin of Plainview, attended the Sir Harry Lauder performance at the high school auditorium.

Mr. and Mrs. H. S. Hilburn, of Plainview, were here Wednesday night for the Sir Harry Lauder performance.

D. F. Eaton, former county farm agent, who has been visiting his family here for the Christmas holidays, is leaving Sunday for Albany where he is now located.

NEWS BRIEFS

H. W. Stanton of the Standard Milling company yesterday received a message from Bogota, Texas that his sister, Mrs. Kate Shelby, had taken a turn for the worse and was not expected to last through the night. Mr. Stanton only recently returned from a week's visit with her. He left yesterday afternoon for Bogota.

Dimmitt is using R. F. C. funds to pay for labor on three blocks of paving on the main street, Charles Dean, county attorney of Castro county, said here yesterday. Property owners along the street are paying for the caliche and cement. The city secured a R. F. C. loan.

A shipment of approximately 1,500 head of cattle from the W. R. Hearst ranch at Bandera, State of Chihuahua, Mexico, is expected to arrive in Lubbock Saturday, according to reports to the division freight office of the Santa Fe. The train will be sent to Brownfield.

Three thousand head of sheep that W. G. Murray has had on wheat pasture on the W. F. McLaughlin farm south of Ralls, are to be brought in here Saturday for finishing at the H. W. Stanton pens north of town. The sheep will be on feed from 90 to 120 days.

Two men, one a negro, were convicted of drunkenness by corporation court juries Thursday afternoon. Alexander Calloway, the negro, was fined $20, and Albert Harding was fined $10. Both pleaded not guilty.

Waterspouts have been seen at sea more than a mile high.

Glass Smashed In Plant Here

Police Make No Arrests Here After Bricks Are Thrown In Tailor Shop; Reward Of $100 Being Offered

Police last night had made no arrests in connection with the throwing of two bricks through a front plate glass window in Bray Tailoring shop No. 1 at 2436 Nineteenth street late Wednesday night.

Damage to the window and to an adding machine inside the plant totaled between $50 and $75, Mr. Bray estimated.

Posting of a $100 reward was announced "for information leading to the arrest and conviction of the person or persons who threw brickbats through Bray's Tailoring front plate-glass window, or . . . for any person or persons being caught in the act and convicted of doing damage or robbing Bray's Tailoring."

Police said a brick struck an adding machine on a desk in the shop, knocking it off, and breaking it. A young man who sleeps in the shop was at a theater and did not discover the broken window until he returned, police reported. Mr. Bray said a guard was on duty. Although the person or persons smashing the window fled quickly, it was not determined whether the bricks were hurled from an automobile, Mr. Bray said.

Pastor To Speak Before Students

"Lifted Youth Meeting the Need of our Denomination" will be discussed this morning at First Baptist church by Robert Fling, president of the Baptist Student unions of Texas, as the second day program of a B. S. U. New Year's retreat is begun.

The Rev. R. C. Campbell, the pastor, will be the principal speaker this afternoon, discussing "Love Active in Prayer," and tonight Mr. Fling will speak on "Love Active in Soul Winning." The final program will be a fireside hour in the Campbell home tonight.

About 50 young persons attended the meeting last night, hearing Prof. C. O. Huber of West Texas State Teachers college speaking on "Lifted Youth Enlisting." Mr. and Mrs. Huber sang a duet. In the afternoon, Mr. Fling told of "Lifted Youth Preparing to Enlist," and there was a round-table discussion on "Enlistment." Jess McIlhaney conducted the devotional last night.

An attendance of about 60 students is anticipated for today. Homes of church members are being opened to visiting students. Texas Technological college, Baylor university, Wayland Baptist college, Southwestern Baptist Theological seminary, and West Texas State Teachers college are to be represented.

Juanita Pool, a senior, of Lubbock, is president of the B. S. U. on the Matador campus.

Mr. Fling will remain here through Sunday night, when he will have charge of a student night program at the First Baptist church.

Grid Rules Committee Not Expected To Make Changes

Coaches Favor Okeson As Man To Take Chair

Langford Satisfied With Being Secretary And Proposed That Okeson Be Named; New Coach Jobs Discussed

By ALAN GOULD
Associated Press Sports Editor

NEW YORK, Dec. 29. — Through a haze of tobacco smoke, football talk dominated the winter convention of college athletic leaders today as efforts to fill at least three important coaching positions mingled with speculation as to whether Walter R. Okeson or William S. Langford, both easterners, would succeed the late Edward K. Hall as chairman of the National Football Rules committee.

Tentative agreement was understood to have been reached at an executive session tonight to name Okeson as chairman and continue Langford as secretary under mutually satisfactory arrangement.

Voice Some Disagreement

Delegates to the National Collegiate A. A. convention from the west and south, as well as the east, were united in favoring the choice of these two men for the executive positions on the rules committee but there had been some disagreement on which to elevate to the championship.

Langford, who was closely associated with E. K. Hall for years in the business of football rules-making, told friends today he had no desire to assume the chairmanship, preferred to see Okeson given this position and would continue, if desired, as secretary, so long as his health and business permitted.

May Prefer Okeson

Apparently the majority of college leaders were in agreement that the functioning of the rules committee would be less disturbed by selection of Okeson as chairman, with Langford retained as secretary. Okeson is an officer of Lehigh university and at present commissioner of the Eastern Intercollegiate association.

As a result of Hall's death, as well as developments of the 1932 season, the annual report of the football rules committee, to be made tomorrow, by Langford, is not expected to launch into any discussion of possible changes in 1933 or make any recommendations. A majority of the committee is understood to be agreed the radical changes made a year ago have proved satisfactory and should be retained.

The four year terms of two members, H. J. Stegeman of the University of Georgia and Amos Alonzo Stagg of Chicago, have expired, but both are expected to be re-elected as their district representatives on the football committee.

Due to the present districted geographical set-up of the National Collegiate A. A., limiting membership of the football body to give immediate representation to the new Southern conference lineup, consisting of the colleges in the Carolinas, Virginia and Maryland. Stegeman or his successor will continue to represent the entire south.

Three Other Vacancies

Meanwhile, although many may have been called for consultation, none has yet been chosen to fill gaps in the coaching ranks at Chicago, Fordham and Holy Cross.

"There are at least six or eight men under consideration for the position formerly held by Mr. Stagg," said Thomas Nelson Metcalf, new athletic director at the midway. "No choice has been made and none will be made for some time. I have talked with several men here but I am not at liberty even to mention their names."

Jimmy Phelan of Washington, former Notre Dame quarterback, has been mentioned in connection with all three of the jobs under chief discussion. Jimmy Crowley of Michigan state, one of the "four horsemen," also has been prominently mentioned as a possible successor to Major Frank Cavanaugh at Fordham, but he has given no indication he wants to leave his present post.

Biff Likes L. S. U.

Captain Lawrence M. (Biff) Jones, Louisiana state's head coach and former West Point mentor, was brought into the Fordham discussion today, when it developed the genial Army officer had been approached by Jack Coffey, Fordham's graduate manager. Capt. Jones, however, promptly told Coffey he was not a candidate and intended to return to L. S. U., where he has just successfully completed the first year of an anticipated four-year term of military as well as athletic duty.

Holy Cross, where Capt. J. J. McEwan was ousted as football coach late in the season as a result of internal differences, was not conspicuous in the lobbying, but William (Lone Star) Dietz, coach of the Haskell Indians and a disciple of the Warner system, was mentioned in connection with this job.

The Sports HORN

By BILL PARKER
Associated Press Sports Writer.

ACCEPTING REDUCTIONS

Bill White of Houston writes that the retrenchment program felt everywhere in the baseball world has come down to a cold, and bitter cold at that, 40-per cent salary reduction for players of the Houston Texas League Buffaloes.

President Fred Ankenman, in announcing the average pay cut at that figure, said he had mailed out contracts and expected no great difficulty in getting them signed.

The veteran Hal Funk, catcher, was first on the dotted line and took the salary slash without a murmur, Ankenman said.

"I don't expect more than ordinary delay in getting these things signed up," Ankenman added. "I believe Funk's fine attitude reflects the frame of mind of most players. They realize that baseball is their game and during hard times they will have to string along on a reduced salary."

Ankenman Takes Cut

Ankenman himself has accepted a heavy cut from the chain store St. Louis Cardinal organization which controls the Houston franchise.

The Buffaloes, meanwhile, in signing new material, have been applying the axe to the present roster. Unconditional releases have been mailed to Elmer Yoter, third baseman, and "Punk" Baker, utility infielder.

FOR LOVE OF GAME

Manager Happ Morse of the Dallas Steers certainly hopes that the love of the game will draw Big Zeke Bonura, first baseman, back to the Steers. Bonura, with George Murray, pitcher, was alleged to be the highest salaried player on the Dallas team last season. Zeke is going to believe there is a mistake in the figures when he gets his 1933 contract with its substantial reduction. And that is what Morse fears. When Zeke is made to realize that he must sign at such a cut, he may quit the game. He happens to be one minor league player who doesn't have to play for a living. The Bonura family at New Orleans is one of the richest. Members of the family operate ships for the importation of various fruits.

HAPP AND ZIGGY

Happ Morse and Ziggy Sears, veteran Texas League umpire, have stolen the officiating show in the Southwest conference basketball race. Morse has been assigned fifteen conference games, and Sears twenty. Perhaps it is not generally known, but Sears is recovering from a minor operation. When he showed up at the recent Southwest conference meeting, Morse met him and during the handshake said:

"Understand you've had an operation. Hope your eye-sight will be better on balls and strikes next season."

Lubbock Defeats Spade In Tourney

SHALLOWATER, Dec. 29—(Special)—Lubbock High school Westerners defeated the Spade cagers 50 to 5 in the Shallowater tournament tonight.

The Lubbock quintet will meet the winner of the Anton-Meadow game at 1 o'clock this afternoon.

Ropesville beat Goodley 78 to 10. Sixteen teams are in the tournament. Wilkinson, with 18 points, was high scorer for the Westerners in the game with Spade.

Local Baseball Fans Meet Tonight

Formation Of New League To Be Discussed

Lubbock's Response To Plan For Making This City Home Of League Team To Be Given At Lubbock Hotel Meet

An indication of Lubbock's attitude toward organized baseball here should be given tonight at 8 o'clock when fans, business men and baseball enthusiasts gather at the Hotel Lubbock for an exchange of ideas.

Marty Fiedler, owner-manager of the Albuquerque club and sent here by the Pacific Coast league to study the prospects for organization, will discuss the proposed league in detail and will be ready to answer all questions in regard to establishing a club here.

Big Crowd Wanted

A large number of prominent business men and sportsmen have been asked to attend the meeting. It is hoped that a large crowd will turn out and express an opinion one way or the other regarding the advisability of trying to make baseball go here.

Fiedler has been in Amarillo this week in answer to a request that that city be given consideration if and when the proposed Texas-New Mexico league is organized. It is believed that Amarillo, Pampa or Borger, Albuquerque, El Paso and San Angelo are about ready to step into the league, and Lubbock is being sought as a connection.

Mr. Fiedler, who was here Monday in conference with a few local fans and business men, said that every town in the new league would have the support of the Pacific Coast and probably the Texas and American leagues if they so desired. The bigger leagues are seeking to establish farm connections in this territory, and officials have encouraged the formation of a league. J. Alvin Gardner, president of the Texas League, has telegraphed Fiedler messages of encouragement and has said he would attend a general meeting here or elsewhere if such a meeting would be called. Officials of the New York Yankees and Detroit Tigers have communicated with Fiedler.

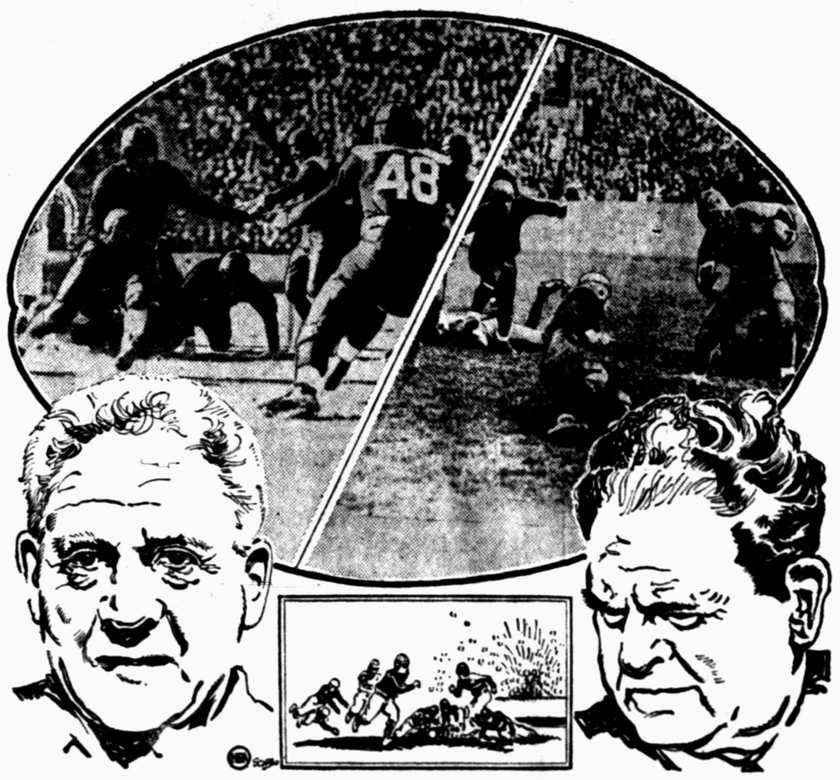

The meeting tonight, although a "feeler," is important in that a show of enthusiasm for a team here will go a long ways in establishing connections with big teams in big leagues.

Mustangs Leave Tomorrow For El Paso And New Year's Tilt

DALLAS, Dec. 29 (AP)—Rain failed today to dampen the spirits of Southern Methodist university football players, who went through a limbering-up session under the direction of Head Coach Ray Morrison in preparation for a New Year's post-season contest next Monday at El Paso with the Texas School of Mines eleven.

The Mustangs will leave here at noon Saturday for El Paso, the squad to include 21 players and four coaches.

Two Games, Two Coaches Feature 1932 Grid Card

Two games that had a distinct bearing on the 1932 national football standing are shown in the excellent action pictures above. At left is Homer Griffith, Southern California quarterback, getting away for a nice gain in the 13-0 defeat of Notre Dame. At right Mike Sebastian, Pitt halfback, is off on his touchdown jaunt against the Irish that started Pitt's 12-0 victory. Lower left is Amos Alonzo Stagg, who was let out at Chicago after 41 years of service. Lower right is Pop Warner, who left Stanford to take up coaching duties at Temple.

East And West Squads Drill Hard As Time Nears For San Francisco Clash

SAN FRANCISCO, Dec. 29. (AP)—Scrimmage for the Eastern forces and a long drill on pass defense for the Western stars were the highlights of the practice programs today in the East-West preparations for the annual charity football game here Jan. 2.

The eastern representatives charged against an opposing squad composed mainly of former Stanford players.

Crowley In Action

Coaches Andy Kerr and Dick Hanley welcomed the return to action of Joe Crowley, Yale halfback who has nursed a wrenched knee since arrival at the Stanford training camp. Crowley teamed up at right halfback in one of the backfield units that also included Bart Viviano, Cornell, at quarterback; Joe Zapustas, Fordham, at left half, and Bob Rowe, Colgate, fullback.

The other combination saw Jack Manders, Minnesota, at quarter; Gil Berry, Illinois, left half; Pug Rentner, Northwestern, right half and Roy Horstmann, Purdue, fullback.

At their University of California practice field, the Western gridders went through dummy scrimmage both on offense and defense and an intensive drill against aerial attack.

Bible Named Lineup

Coaches Orin Hollingbery and Dana Bible tentatively have decided upon a starting line as follows: end—Steve Hokuff, Nebraska; Ralph Stone, Olympic club; tackles—Bill Morgan, Oregon and Jack Johnston, Utah; guards—Clem Senn, Washington State and Charles Molinari, Santa Clara; center, Lawrence Ely, Nebraska.

Coach Hollingbery said no effort would be made to select a starting backfield for a few days. From the East's camp, Coach Kerr said starting lineups of his squad probably would not be announced until the day before the game.

Reports Of An Outbreak In Attica Prison Unconfirmed

ATTICA, N. Y., Dec. 29. (AP)—Warden William Hunt of Attica prison today refused to confirm reports of a Christmas day outbreak among the convicts while they were in the dining room.

This village had reports that tear gas was used to quiet a considerable group of prisoners who interrupted the Christmas dinner by shouting and stamping and then wrenched stools from the floor and hurled them at guards.

Dr. Walter N. Thayer, state commissioner of correction, said at Albany that there was no trouble at Attica prison Monday to warrant the term "riot" or "outbreak."

"It was a matter such as occurs in some of the prisons almost every day."

Trojans And Panthers Start "Tapering Off" Process With Big Battle Three Days Away

Jones Sends Trojans Through Short Workout And Panthers Practice Is Limited; U.S.C. Mentor Changes Plans

LOS ANGELES, Dec. 29 (AP) — Coach Howard Jones of Southern California lightened the practice burden today of the unbeaten Trojans.

He sent the squad through a shortened workout with very little dummy scrimmage included in the preparatory exercises, which were open to newspapermen.

The semi-secret drill was a direct departure from other years when the gates of Bovard Field were closed to all comers before important games such as the impending contest with Pittsburgh at Pasadena January 2.

When questioned about possibility of information getting out which might tip off some of the new formations to the opposition Coach Jones enjoyed a good laugh.

Can't Tell Difference

"I've changed things around a little," he admitted, "but I'll bet none of you fellows can tell me what the difference is and I didn't hold back anything, either."

There was no one willing to deny the statement. After a moment's hesitation he added, with a broad grin:

"Don't let that bother you. Some of my assistants who have been out there all the time haven't figured out several of the changes either."

PANTHERS DRILL LIGHTLY

TUCSON, Ariz., Dec. 29 (AP)—The Pittsburgh Panthers launched the final phase of their training for the Southern California game at Pasadena Jan. 2, with a short light workout in their desert rendezvous near here today.

The drill inaugurated what Coach Jock Sutherland termed the "tapering off process." It will be continued Friday and Saturday.

Warren Heller and Mike Sebastian, backfield stars, were reported in fine shape after minor injuries in scrimmages, and Paul Cuba, big tackle, carried from the field recently, was much improved. He will play against the Trojans.

Jim Bausch, Olympic decathlon champion, also shines when it comes to amateur piano-pounding and singing.

Crisler Stresses Proper Training Of Grid Players

NEW YORK, Dec. 29 (AP)—Evidence that proper training and close attention to physical condition can do much to decrease football injuries was presented to a discussion group of the National Collegiate Athletic association today by Herbert O. (Fritz) Crisler, head coach of football at Princeton.

Crisler said a series of knee exercises worked out by himself and Dr. Joseph E. Raycroft, of the Princeton medical faculty, and used by candidates for the football team in conditioning preparations, was so effective there had been no injury to that fragile joint during the 1932 campaign.

Crisler said injuries in football could be grouped into four categories, physical condition, equipment, proper teaching and just plain accidents for which no precautionary provision could be made.

At Princeton Crisler said he carefully scanned the weight charts of the players and when he found a boy failing to put back on the following day weight he had lost the day before he knew the boy was becoming fatigued and twice as susceptible to injury. Crisler also evolved a series of exercises for use by the candidates in the late summer before they came to school. The precautions taken kept injuries to a few last year and only two which could be called serious, Crisler said.

Leroy Prentiss, athletic director of the Lawrenceville, N. J., school, also told of methods he used there to prevent injuries. He recommended the ankles of all youngsters be taped before they are allowed to compete. He followed that practice, he said, and had not one ankle sprain among 350 youngsters last year.

The two addresses created almost a sensation among the assembled coaches and athletic directors and brought a demand for more detailed explanations and charts of the knee exercises Crisler had evolved.

Kress Building Is Almost Complete; Painting Remains

Except for some painting, the new S. H. Kress building in the 1100-block of Broadway is complete, a representative of C. S. Lambie & Co. said Thursday.

The building probably will be turned over to the owners this week. A representative of the company will arrive soon to superintend installation of equipment and the stock. Date of the opening has not been announced.

Distrusting The Experts

FAR have the American people strayed from the old innocent conception of a democracy, in which one man's opinion is as good as another's. Certainly in high matters of state we do not so implicity trust as we used to do the judgment of the "plain people".

The intense specialization of modern times, the spread of scientific idea, the extension of research, the need of conducting the public business on the basis of ascertained facts, all have made the expert in government service a far more familiar figure than he once was. He is more and more called into the counsels of prime ministers and presidents.

Experts have become of immense importance in every field. They are in demand in all professions and callings. Yet they have their limitations. With their great merits they have certain defects.

It is easy for experts to become too narrow, too intolerant, too arrogant. In their mastery of a single province they are tempted to believe that they should be of equal authority in all others.

Government by experts is likely to become a government for the expert. The specialist too often forgets that he is there to serve the public, and acts on the mistaken assumption that everything should serve the ends of his exalted purpose. His is the fault of institutionalism, where the institution established to cure some evil becomes devoted to its own perpetuation and loses sight of its original purpose.

HOMELESS WANDERERS

From the great cities come distressing tales of homeless men. Crowds of these pathetic folks creep in at night to public shelters, like wild animals crawling into their holes. Next day they will continue their aimless wanderings, they know not where.

The family that sits down tonight at its quiet firesides here in Lubbock warmed and fed, should give a thought to these homeless folks. Where do they come from? How became they homeless? Are they to blame? Is society at fault?

Probably the majority of them got into this condition as a result of a natural roving habit. Such ones were too indolent, too lacking in concentration, to settle down in some job. No employer wants such ones.

Yet many of them started a wandering career as a result of a real hope to find work. The elusive will-o-the-wisp of jobs lured them on from town to town. When they got to a place, there was always someone ahead of them.

These people must belong somewhere. Perhaps many of them come from broken homes, many have no ties of any kind. Some have tramped so long that all memory of them has disappeared. But some of them, particularly the younger fellows of whom so many are wandering, came away recently enough so they could claim help in the old home town. They should swallow their pride down hard, quit roving and go home.

Humane sentiment says that even the most confirmed vagrant must be warmed and fed, even though his bed be only in a police station. But the plight of these miserable folks should be a warning. Young men who contemplate wandering about the country should reflect that that path leads straight to Homelesstown. If one once gets there, he will probably never return. Stick at home, boys, where you belong, and if you are willing to work, you will get either employment or help.

A DAKOTA INNOVATION

The people of South Dakota are not selling their state short although in a financial way its plight is worse than that of the other more or less bankrupt states. At home the state's credit is still good.

South Dakota has a larger per capita net bonded indebtedness than any other state. The national average is $16.36, compared with South Dakota's $67.48. And to make matters worse nearly a fifth of its land is up for sale for non-payment of taxes.

In need of $500,000 in cash the state government issued "baby bonds" bearing 5 per cent interest. State officials tested the market by offering $150,000 of the issue over the counter and saw it quickly oversubscribed. Last March the state had to pay bankers 6 1-2 per cent interest to obtain funds.

Buying their state's bonds at a lower interest rate than that demanded by the bankers is good business for the taxpayers, who must pay the interest. On this small loan they will save themselves $11,150 in five years.

But they did even more than that when they oversubscribed that loan. They proved their faith in South Dakota's present and future. Such confidence and courage [illegible] out of a tight [illegible] of that old pioneering [illegible] famous.

[illegible] the flappers who [illegible] sore or no. [illegible]

Nye Has Strategic Place

By CHARLES P. STEWART
Central Press Staff Writer

WASHINGTON, Dec. 29.—Senator Gerald P. Nye is in a position to speak with a deal of authority among progressive Republicans.

President Hoover, seeking re-election as a Republican, lost North Dakota, along with various other states, by a 106,470 margin. Senator Nye, seeking re-election as a Republican, carried it by a 107,350 margin.

Senator Gerald P. Nye

G. O. P. progressives contend that their kind of Republicanism is the original, real thing. They say the so-called stand-patters are an interloping element, which wrested party control from the early Lincolnians and have been utilizing it to the advantage of private interests ever since.

Nye points out that this view was beautifully demonstrated in North Dakota last November. That is, the state's list of Republican candidates was progressive, from himself on down, and they won, to the last nominee. President Hoover and Vice President Curtis, however, do not classify progressively and the North Dakota voters rejected them.

* * *

THERE WERE other normally or frequently Republican commonwealths which gave anti-Hoover majorities, but none was quite so specific about it.

For example, Nebraska, which is oftener Republican than Democratic, voted for Governor Roosevelt, but it also re-elected a Democratic governor of its own and chose a full Democratic congressional delegation.

Iowa, traditionally a Republican stronghold, likewise went Democratic presidentially, but voted in a Democratic governor, too, and a Democratic senator and several Democratic representatives—plainly signifying that it has largely changed sides, at least temporarily.

"But it is hard to draw the conclusion," says Senator Nye, "that North Dakota had any intention of abandoning the old standard, by which I mean the standard of Lincolnian Republicanism. Clearly its vote was a re-affirmation of truly Republican principles, plus a repudiation of the leadership which it considers has betrayed him."

* * *

STRATEGICALLY speaking, Nye is likely to profit by having managed to keep within the G.O.P. organization throughout the campaign.

He said nothing in President Hoover's favor. In effect, he assumed the attitude of disapproving the Republican presidential nomination, but of not caring to advocate a Democrat's election, either.

In a way, it was astute politics on the part of the North Dakotan. The Republican bolters, who supported Governor Roosevelt, will have something to answer for if they do not like his administration. Nye, should he feel the urge to indulge in adverse criticism, will have nothing to apologize for.

Moreover, with no White House commitments of any sort, the North Dakota solon is admirably situated to move immediately in the direction of an alignment of the radical forces in the senate for united action in the face of the new party balance which the next session of congress will witness, due to the terrific turnover at the November election.

* * *

TO AN EXTENT the Republican progressives will be weakened. With a clear majority of 22, the Democrats will not need them and they will be of no particular use to conservative Republicanism.

Still, there is the future to be thought of.

Nye already has it in mind and suggests the desirability of a resolute progressive attempt to gain control of the G.O.P.'s senate organization, which is not the same thing as gaining control of the party organization, but is a decided step toward it.

Candidly, it looks like a near impossibility.

Nevertheless, the Republican's senatorial Old Guard is almost completely wiped out. Of first class fighters hardly any will remain after March 4, except the progressives. It may be that the dispirited survivors of crippled conservatism will be driven to rally around them from sheer lack of a standard bearer of their own—or go over to conservative Democracy for a refuge.

RESOLUTIONS FOR THE PEDESTRIAN

While this is a good season for the motorist to determnie that he will drive more carefully during 1933, it is also a proper time for the pedestrian to resolve that he will avoid those errors which in 1931 killed 14,500 walkers and injured nearly 300,000.

Maxwell Halsey, traffic engineer of the National Bureau of Casualty and Surety Underwriters, has drawn up a set of resolutions for the man-a-foot. They are:

CITY—I will not cross a street when traffic lights are against me, nor will I cross diagonally or between intersections.

I will not cross at intersections where there are no signals without looking to traffic.

I will not come from behind parked cars without observing what is before me.

I will not get on or off a street car without satisfying myself that my way is clear and I will not take it for granted that all motorists always obey all rules.

I will not take a chance any place against a dangerous driver.

COUNTRY—I will not forget to walk on left side of road so that I can face on-coming cars.

I will not cross at a sharp curveor just at the brow of a steep hill where I cannot see what is coming.

I will not forget to allow for a swerve of a car on rough roads, giving all vehicles plenty of room.

I will not forget when I drive how I feel when I am walking.

Follow these instructions and be a "safe walker."

What Other People Think

Pain is the impetus of most of our progress. It refines our senses. It challenges our mind. It helps us to discover beauty.—Dean Van Clute, New York writer, an invalid for 18 years.

* * *

It isn't necessary for people to follow each other like sheep in social events.—Mrs. John Nance Garner, wife of the vice president-elect.

* * *

Old maids, or, what is more modernly appropriate, bachelor girls, in the business and professional world earn more money than do married women or divorcees.—Helen Mathewson Laughlin, dean of women, University of California.

Today's One-Minute Sermon

Every man is brutish in his knowledge: every founder is confounded by the graven image: for his molten image is falsehood, and there is no breath in them.—Jeremiah 10:14.

Believe It Or Not

(Title Fully Protected) By Ripley

On request, sent with stamped, self-addressed envelope, Ripley will send proof and details of anything BY RIPLEY depicted by him.

EXPLANATION OF YESTERDAY'S CARTOON

THE NORTHERNMOST TREE:

Though Hammerfest, Norway, the most northerly town in Europe, is situated 300 miles north of the Arctic Circle and its inhabitants never see the sun from November 18th to January 23rd each year, the vegetation found there is truly remarkable. But the locality doesn't have the frigid climate that we ordinarily concede it to have.

The northermost tree, a small birch growing on the outskirts of the city, can retain its title until another is planted directly north of it, because nowhere else on the globe will a tree grow at 71 degrees north latitude.

A BUTTONLESS SECT:

The Amish are a branch of the Mennonites and have been socalled after their Bishop, Jacob Amon of Switzerland, who separated from his brethren in 1692 and founded a new sect. The Amish are forbidden to wear buttons of any kind, neither may they shave their beards. In the days of Bishop Amon, buttons were made of animal bones exclusively, which conflicted with the sect's determined stand against animal slaughter. The Amish, who emigrated to America in the 18th century, were "conscientious objectors" during the War, and their aversion to buttons were known as "Hook and Eye Mennonites".

TOMORROW: "NEW YORK'S ODDEST GOVERNOR."

Legislation To Validate Titles To West Texas Land Will Be Sought By Pecos Man In Legislature Of Texas

PECOS, Dec. 29 (AP)—Legislation to validate title to approximately 8,000,000 acres of mineral classified lands in West Texas will be the primary goal of Senator-Elect Ken Regan of Pecos when he goes to the legislature in January.

Mr. Regan, who won his first state race over a field of four opponents in the first primary, outlined his views on certain matters that will come before the legislature, in an address before the Pecos Chamber of Commerce, of which he was twice the presiding officer.

"I believe that clarification of the land title dispute is of absolute primary importance to my district" he said. "For the reason that many thousands of West Texas citizens are facing financial ruin unless a constitutional validating act is passed immediatelly.

"Thousands of these people, who face state-instituted law suits amounting to bankruptcy are even now ignorant of their plight. Supreme court rulings which voided the Small land bill of the 42nd legislature have left them without a valid title to minerals on lands they have owned for as much as 20 or 30 years; have stopped oil development is a large part of my district; and have threatened every property owner in the counties where such lands are located with a financial crisis.

"My first task, therefore, will be to exert every bit of my ability in an effort to clear this great obstacle."

Mr. Regan declared that next in line was the matter of working out some equitable and fair basis of compensation for Texas sheriffs.

"Because of abuse the entire fee system is facing discard," he said. "If such action should be taken sheriffs in many of our large West Texas counties would be unable to carry the expense of their office from the meager salaries now paid, much less receive just compensation for their services."

In regard to the general proposition of a sales tax for balancing the state budget, he said that he believed the idea of a sales tax right in principle.

Touching upon a change in the dry laws he said, "it appears to me that the recent election indicated definitely that our people are in a mood for a change—in other words that there is a 'wet' sentiment in the state."

Senator-Elect Regan represents the state's largest district. It includes 27 counties, extends for 600 miles in one direction, and represented the state's vast cattle, mineral, agricultural and industrial resources.

Former Officers Named In Suits

FORT WORTH, Dec. 29. (AP) — Three suits were filed today in district court and one in county court against former Tarrant county office holders, seeking recovery of $12,315.41 said by the outside auditors to be due the county. Four other suits were to be filed later.

The district court suits based on the audit report for 1928 were against Carl Smith, former sheriff, and his bondsmen, the National Surety company, asking $6,221.14; Constable L. C. Mann and the Union Indemnity company, asking $1,211.11; R. E. Neely, former district clerk, and the American Surety company, asking $4,426.50.

The suit in county court was against Chester Hollis, former county clerk, and the American Surety company and asked for $454.66.

The other suits are to be filed against Justice of the Peace J. H. Faulkner, Tax Assessor J. Lester Wright, the estate of the late H. B. Balch, justice of the peace in 1928, and the late John Pengilly, tax assessor in 1928.

Texas Tech Student Hurt While Hunting On Saturday

C. B. Tipps, Mineral Wells, student at Texas Tech, who was home on his vacation, was injured in a hunting accident near Perrin, Saturday, according to word received here.

Tipps, according to reports, was hunting with a party of friends. He was dragging his gun behind him when the .22 calibre rifle was discharged, the bullet entering the left hip, ranging upward to lodge in the shoulder.

Physicians at the Nazareth hospital, Mineral Wells, dressed the wound Saturday afternoon and Tipps left Sunday afternoon for his home. The bullet was not removed.

Escaped Prisoner Captured; Faces Charges Of Burglary

GREENVILLE, Dec. 29. (AP) — Sam Polk, chief of police, today captured a man who escaped from the city jail where he had been held on charges of burglary in Fannin county and charges of forgery in Grayson county. He escaped last week by sawing bars.

A woman and man were placed in jail in connection with Polk's escape.

Are You A Well-Informed Person?

Every day this newspaper is filled with news. And our experience is that the news which interests you most is the news which affects you most. When one of your friends has participated in a minor accident, you are more interested in that than in a major accident in another city.

Advertising, too, is news of the first importance. It affects you. It is intimate, local news addressed to you. It deals with your comforts, your pleasure and your business. It saves you time by telling you where the merchandise is. It saves you money by announcing fair prices. It is the guide to efficient spending. When you fail to read the advertisements you do not keep up with news that is most important to you. You miss many opportunities.

The best-informed people are those who read the advertisements regularly. In fact, in this modern age, when each day brings forth new things which directly affect you, you cannot ignore the advertisements in your daily newspaper and still be well-informed!

39.—Legal Notices

NOTICE OF BANKRUPT'S PETITION FOR DISCHARGE
In the District Court of the United States For the Northern District of Texas In The Matter of Elfonso Haynes Hendricks, Bankrupt. No. 127 in Bankruptcy.
OFFICE OF REFEREE
Lubbock, Texas, December 28, 1932.

Notice is hereby given that Elfonso Haynes Hendricks of the County of Crosby, and district aforesaid, did, on the 31st day of August, 1932, file in the Clerk's office of said Court, at Lubbock, a petition setting up that he has been heretofore duly adjudged a bankrupt under the Act of Congress approved July 1, 1898; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy, and praying for a full discharge from all debts provable against his estate in bankruptcy, save such debts as are excepted by law from such discharge.

On considering the above mentioned petition, it is ordered that any creditor who has proved his claim, and other parties in interest, if they desire to oppose the discharge prayed for in said petition, shall, on or before the 30th day of January, 1933, file with the Referee for the Lubbock Division of said district, a notice in writing of their opposition to a discharge in the above entitled cause.

W. D. GIRAND,
Referee in Bankruptcy.

ORDINANCE NO. 502

Be It Ordained By The City of Lubbock:

An ordinance granting a franchise and certain privileges to John W. Moore Construction Company, with his principal office in the City of Lubbock, Lubbock County, Texas, and establishing rules and regulations for the use of natural gas for light, heat and power, and establishing a maximum limit for price to be charged for such gas.

Whereas, John W. Moore Construction Company has applied to the Mayor and City Commission of the City of Lubbock, Texas, to grant said Company the right to lay and maintain and operate a gas plant for the distribution of natural gas for light, heat and power within the City of Lubbock, Texas, upon the following terms and conditions, and reservations, such rights and franchises to be as follows, to-wit:

SECTION 1.

That the right to furnish, distribute and sell natural gas for light, heat and power, for all such other purposes for which gas may be used within the City of Lubbock, Texas, for a period of Twenty (20) years from the date of the passage and approval of this ordinance is hereby granted to John W. Moore Construction Company, hereinafter called the grantee, subject, however, to the provisions hereinafter incorporated in this ordinance and for such additional period or extensions of time as may at the expiration of the said term of years, and upon conditions then found to be satisfactory to the officials of the City of Lubbock, and to this grantee, and provided that this ordinance and franchise is to be in effect and run from and after the date and day of its passage and approval. This franchise is granted subject to charter and Ordinances of City of Lubbock.

SECTION 2

That the said grantee is to have the right to lay mains, pipes and equipment, and to construct such buildings and install such machinery or equipment, and to sell or lease such equipment to the citizens of Lubbock, Texas, as may be necessary or advisable in their judgment for the proper performance of the service to be rendered to the City of Lubbock, and to its citizens and inhabitants to the best interest of the gas consumers and to have, at all times, access to the streets and alleys of said City for the purpose of laying such mains, pipes and equipment as may be needed from time to time during the term of this franchise, or any extensions thereof, provided, that at no time shall the grantee obstruct such streets or alleys so as to interfere with the public use thereof for a period longer than twenty-four hours, and that immediately such mains, pipes or equipment is laid and tested same shall be covered and such streets or alleys shall be replaced in the same or as good condition as before such work was done.

All excavations to be properly guarded by barriers by day and by red lights at night, and the said grantee shall hold the said City of Lubbock harmless from any and all damages to persons or property resulting from their negligence in the manner of constructing such distributing plant or system and guarding the same while under construction, by a good and sufficient bond executed by the grantee and some reputable surety company permitted to do business in the State of Texas, in the penal sum of Twenty-five Thousand Dollars ($25,000.00).

The work done in connection with the construction, maintenance and operation of said plant and transmission, transportation and distributing system, and the location of regulating stations, vent pipes therefor, gate valves, gauges, stock boxes, manholes, low, intermediate and high pressure mains, pipes, feeders, service pipes and conduits, and service pipe extensions and all appurtenances in the streets, highways, alleys and other public places in the City shall be subject to and governed by the regulations, rules and ordinances now in force or that may be thereafter lawfully adopted.

SECTION 3

That all mains shall be laid at least two (2) feet below the surface of the ground, and so laid as not to interfere in any manner with water mains or pipes or sewer lines of said City, or pipes or conduits of other utilities already installed; and that the connections with the gas mains and pipes shall be placed and laid to the property line of the consumer at the expense of the grantee. That the grantee shall not be required to extend main lines more than one hundred and fifty (150) feet to any one consumer.

SECTION 4

That said grantee shall at all times after said gas distribution system has been established and placed in operation, be prepared to furnish said City and its inhabitants with a good quality of gas for light, heat and power, and other purposes, and said grantee shall furnish such gas for all purposes for which same may be used in sufficient quantities to supply the needs of the said City and its citizens.

The said gas shall be furnished to said City and its inhabitants for domestic use at a net price not to exceed Forty (40c) Cents per thousand cubic feet for all gas used; provided, however, that gas used for heating public buildings, churches, hotels and apartments shall be sold at the following rates:

Class 1—Gas Used for Domestic Use:

First 50,000 cu. ft., per month	40c per M cu. ft.
All over 50,000 cu. ft., per month	35c per M cu. ft.

MINIMUM BILL—$1.25 PER MONTH

Class 2—Gas used under boilers for Commercial purposes. Gas used under boilers in central steam heating plants. Gas used for heating offices, office buildings, apartment buildings, factories, stores, churches, hospitals, schools, colleges, theatres, hotels, auditoriums and municipal buildings. Gas used in bakeries, restaurants, newspaper plants, grain elevators and rooming houses.

First 50,000 cu. ft., per month	40c per M cu. ft.
Next 50,000 cu. ft., per month	20c per M cu. ft.
Next 400,000 cu. ft., per month	17c per M cu. ft.
Next 500,000 cu. ft., per month	15c per M cu. ft.
Next 2,000,000 cu. ft., per month	14c per M cu. ft.
Next 3,000,000 cu. ft., per month	12c per M cu. ft.
Next 4,000,000 cu. ft., per month	11c per M cu. ft.
All over 10,000,000 cu. ft., per month	10c per M cu. ft.

MINIMUM BILL—$1.25 PER MONTH

Class 3—Gas used in Gas Engines and under boilers for power purposes in manufacturing and industrial plants. Gas used for brick kilns, pottery kilns, cement kilns, glass plants, refinery stills, iron foundaries, steel plants, cotton oil mills, cotton gins, railroad shops, laundries, cleaning establishments and flour mills

First 50,000 cu. ft., per month	30c per M cu. ft.
Next 50,000 cu. ft., per month	20c per M cu. ft.
Next 100,000 cu. ft., per month	15c per M cu. ft.
Next 300,000 cu. ft., per month	14c per M cu. ft.
Next 500,000 cu. ft., per month	13c per M cu. ft.
Next 1,000,000 cu. ft., per month	12c per M cu. ft.
Next 1,000,000 cu. ft., per month	11c per M cu. ft.
Next 3,000,000 cu. ft., per month	08c per M cu. ft.
Next 4,000,000 cu. ft., per month	07c per M cu. ft.
Next 20,000,000 cu. ft., per month	06c per M cu. ft.
All over 30,000,000 cu. ft., per month	05c per M cu. ft.

MINIMUM BILL—$15.00 PER MONTH

That all above rates are to be charged for gas used through one meter only

That all bills shall be due and payable monthly, and within ten days from date rendered, and in case of default or non-payment within said time, the grantee shall have the right to discontinue service to said consumer, and to make an additional charge for the gas used for any purpose equal to one-ninth (1-9) of the bill rendered. And in case said consumer shall make application to have services re-established and gas re-connected with his premises, he shall be required to pay all delinquent bills, together with the penalty thereto, and to pay a cut on charges not to exceed $1.50 for domestic use and heating purposes, and $2.50 for industrial use. It is further provided that the grantee shall be allowed to make a minimum charge of $1.50 per month for gas for domestic and heating service and $25.00 per month for industrial gas service.

All gas furnished or supplied by grantee shall be metered, and for this purpose the grantee shall, at his own cost and expense, provide and install for each consumer a good and accurate meter of standard make, to be approved by the City Commission, and when grantee reads his meters to determine the amount of gas furnished each month, a copy of such reading shall be left with or at the residence or place of business of the consumer. Grantee shall also provide and maintain at his proper cost and expense facilities for testing gas meters, to be to the satisfaction of and approved by the City Commission; and said grantee shall also provide and maintain, at his proper cost and expense a standard meter prover of not less than five cubic feet capacity, to be selected by the City Commission, equipped with suitable thermometers and other necessary accessories which shall be maintained to the accepted standard of accuracy, all to be to the satisfaction and approved by the City Commission.

Such meters shall be and remain the property of the said grantee, and the grantee shall have the right to require the customer or consumer to deposit with it a sum equal to the maximum monthly bill of the consumer, provided, however, that no deposit shall be in a less sum than $10.00 for domestic meter, and $15.00 for industrial meter.

SECTION 5

The Natural gas to be furnished hereunder shall be at all times kept to a standard of eight hundred British thermal heat units or higher per cubic foot at the point of consumption, at a temperature of thirty-two degrees Fahrenheit, or zero Centigrade; and to determine whether the gas supplied is of the heating value above specified the City of Lubbock may have tests made by a competent analyst under recognized and scientific processes, according to the approved method of making such tests, and said tests shall be from samples of gas collected from the grantee's mains at any point or points within the City. If the result of such tests show that during a month the daily average of the gas supplied was below eight hundred British thermal heat units, then there shall be deducted from the customer's bills for gas during such month proportionate amount, based upon the deficiency below said eight hundred British thermal heat units. In any month when such tests are being made, the City shall advise the grantee of the result of each test within a reasonable time after it is made, and the official report of such analyst, of which said grantee is so advised, shall be taken and accepted as the agreed prima facie correct test of the heating value of the gas furnished during such month and thereafter until a different result is determined or ascertained in a similar manner; said grantee shall furnish gas to consumers at a pressure of not less than four ounces, nor greater than eight ounces, measured at the consumer's meters outlet.

Said grantee shall supply and install not less than four, and as many as may be needed approved self-registering pressure and gas gauges capable of recording the pressure of the gas, in the mains at points in the City designated by the City Commission, and said self-registering pressure gauges shall be placed at stations which, in the opinion of the City Commission, fairly represent the pressure on adjacent territory; and such station shall be securely enclosed under locks, and duplicate keys to said stations shall be retained by the City Manager, or some officer authorized by the City Commission; and such self-registering pressure gas gauges shall be equipped with removable recording dials to record the pressure, and the said City Manager, or some representative authorized by the City Commission, shall cause to be removed or remove from said pressure gauges the pressure records of the preceding period, and provide the gauges with recording blanks for the next period during which such record is desired by the City; and each record taken from such pressure gauges shall be filed in the office of the City Secretary of the City of Lubbock, and a record thereafter be entered upon the books of the City by the said City Secretary; and the said City Manager, or some representative authorized by said City Commission, shall keep self-recording dials in said pressure gauges continuously for a month, or as often as is required by the City Commission; and the said gauge record and the said book record shall each be competent and prima facie proof of the pressure at the point at which such record was made at the time as shown by said gauge record.

Each consumer of gas shall install and maintain suitable piping within his property lines and suitable appliances and fixtures, except meters, subject to the approval of the City Commission, or such supervisor, inspector or other representative as may be authorized by said City Commission to pass upon the same.

SECTION 6

The City reserves the right to lay and permit to be laid electric conduits, water and other pipe lines or cables, and to do and permit to be done any underground work that may be deemed necessary or proper by the City Commission, in, across, along or under any street, alley, highway, or other public place occupied by the grantee; and, whenever, by reason of changes in the grade of any streets, or in the location or manner of constructing any water pipes, electric conduits, sewers or other underground structure, it shall be deemed necessary by the City Commission to alter, change, adopt or conform gas mains and service pipes of grantee, such alterations or changes shall be made by the grantee when ordered in writing by the City Commission or any supervisor or other representative of the City Commission so authorized to act, without any claim for reimbursement for damages against the City; said grantee shall indemnify and save harmless the City of Lubbock from any and all claims for injury or damages to persons or property occasioned by or arising out of the construction, maintenance, operating or repair of said grantee's transmission, transportation and distributing system, and by the conduct of the business in the City.

SECTION 7

The right to use the streets, alleys, highways or other public ways or places of the City of Lubbock by the grantee, as provided in Section 2 above, shall be and is subject to the following restrictions, limitations and conditions, viz: that in building additional mains or lines of pipe, said grantee shall build and construct the same along and under the alleyways where alleys exist, rather than along and under streets, and shall only use the streets for same insofar as may be necessary in connecting from one alley to another; and said mains and pipe line shall be so laid that the top of said main, or pipe line shall be placed below the surface of the street or alley and so as to protect all paving, wire cables, water pipes, underground wires or sewer laterals, and shall be so constructed and located with reference to water lines and sewer mains as not to interfere therewith, and under the direction and to the satisfaction of the City Commission or the City Engineer.

SECTION 8

That the City Commission hereby reserves the right to install at the point where said grantee receives his gas for distribution in the city a meter through which all gas distributed to the City and its inhabitants shall be passed, an adequate self-registering pressure gauge adequate to record the amount of gas distributed to the City and its inhabitants and the pressure at which the same was received by the grantee.

Said grantee shall also supply and install one distant pressure gauge under the direction of the City Commission and at the place designated by the City Commission, which will indicate the pressure at such designated point, said gauge to be placed in the City Hall in the office of the City Engineer.

SECTION 9

That said grantee shall make, not oftener than each six months, reports to the City Secretary of the City of Lubbock, under oath of the President, Treasurer or Superintendent of such company, showing the gross amount received from the business done within the city in payment of charges of gas for the six months next preceding

SECTION 10

That after the said gas distribution system shall have been fully constructed, equipped and in operation as herein provided in the City of Lubbock, if the said grantee shall then fail to substantially comply with the conditions of the franchise, the City of Lubbock shall have the right by ordinance duly passed therefor to forfeit all the right and franchise herein granted to the said grantee, provided that the City of Lubbock shall give the said grantee, sixty (60) days' notice in writing, specifying the conditions claimed to have been violated, and giving full and fair opportunity to be heard thereon before declaring such forfeiture, which notice shall fairly and fully set out all of the conditions claimed and complained of and shall be given by the said City and shall be signed by the City Secretary under the seal of said City, after having been properly authorized by the Mayor and City Commission of the said City; provided, however, that the said grantee shall have sixty (60) days after receiving such notice in which to rectify and correct such violations and to substantially comply with the terms and conditions of the ordinance; should the violations of this ordinance so complained of not have been rectified and corrected and the terms and conditions of this ordinance fully complied with at the end of said sixty (60) days, then, and in that event the City shall have the power to forfeit this franchise on account of the violations specified in said notice. That in case of forfeiture as herein provided, the City of Lubbock, reserves the right to purchase the distributing plant of the grantee at its fair appraised value or to allow the grantee to remove same within one year from the date of such forfeiture, provided, that before any of said property may be removed, the grantee shall be required to give to the city a good and sufficient bond that the streets and alleys will be placed and left in as good condition as found.

For each and every breach or violation of any of the provisions of this ordinance by the grantee, it shall be liable to a penalty of Twenty-five Dollars to be recovered in any court of competent jurisdiction by suit, of any person, firm or corporation injured or damaged by such breach or violation; and if the breach or violation shall be a continuous one, each day during which such breach or violation continues shall be deemed a separate breach or violation and a separate ground of recovery against the grantee.

SECTION 11

That in further consideration of the privileges and franchise granted to John W. Moore Construction Company, he shall adopt and use any and all reasonable safeguards to provide for the protection of persons or property against injury or damage growing out of the use of gas and that they shall construct and maintain in good order all mains, pipes and equipment used in said City for the distributing of gas, and shall always be prepared to furnish said City and its inhabitants a sufficient quantity of gas for all purposes: provided, however, that in case of explosion or accidents of any character or nature, beyond the control of grantee, to the main lines or to the distributing system provided herein, or shortage of gas supply in the fields from which the grantee secures the gas and the grantee is not able on account of such unavoidable conditions to furnish gas for all purposes, that preference shall be given domestic consumers, schools and hospitals in the use of gas until such time as the supply may prove adequate for all purposes. Provided further that grantee shall not be liable for any damage resulting from such accidents either to the lines of the grantee or to the lines on property of consumers.

SECTION 12

The grantee shall in good faith begin the construction of its main lines and distributing systems by May 15, 1933, and diligently pursue such construction in good faith and shall complete such main line by November 1st, 1933, and shall be prepared to serve gas to consumers on or before November 1st, 1933, provided, however, that grantee shall not be liable for time consumed out of such period by strikes, acts of providence, acts of constituted legal authorities, or acts beyond the control of grantee. If grantee fails or refuses to begin, prosecute, complete, or operate said lines or system within time stated this franchise shall expire and forfeit.

SECTION 13

That the Grantee herein shall not have the right or privilege thereunder of assigning this Franchise or any rights or privileges without the consent and approval of the City Commission of the City of Lubbock, Texas.

SECTION 14

This ordinance shall take effect and be in force from and after its passage and approval and publication as provided by law.

Passed and approved this the 9th day of Dec., A. D. '

Passed and approved this the 12th day of Dec., A. D. 1932.

Cotton — Cotton Values Firm Thursday | Livestock — Stock Receipts Are On Increase | Grain — Wheat Prices Start Upward

Cotton

NEW ORLEANS COTTON

NEW ORLEANS, Dec. 29. (AP)—Cotton turned firmer with stocks today and although trading was rather quiet for most of the session the trend was upward and the close, at the day's best levels, was very steady, showing net gains of 8 to 11 points.

The market opened barely steady although Liverpool came in better than due and sterling was slightly lower. Private cables said the market was quiet with end of month trade calling and holiday feeling. Manchester cabled the tone there was quiet, but feeling generally cheerful. March opened only 1 point up but later months showed gains of 5 points in sympathy with a firmer opening in New York cotton. After the general market showed gains of 5 to 6 points, prices eased off on hedge selling, May dropping to 6.11 and July to 6.23, down 3 points from the highs.

The market rallied 5 to 6 points later in the morning in sympathy with firmer stocks and on some trade buying and covering by shorts and in the afternoon active months made new highs for the day at 6.05 for March, 6.19 for May and 6.31 for July or 8 to 9 points up from the lows of the morning. The close was at the top with March 9 points net up for the day, May 10 and July 11 up.

Liverpool is due on New Orleans tomorrow 3 to 4 penny points up.

Port receipts 17,830, for week 148,192, for season 5,711,930, last season 6,302,172. Exports 57,103, for week 138,446, for season 4,027,183, last season 3,866,656. Port stock 4,791,321, last year 4,701,905. Combined shipboard stock at New Orleans, Galveston and Houston 185,830, last year 114,298. Spot sales at southern markets 17,561, last year 36,603.

NEW YORK COTTON

NEW YORK, Dec. 29. (AP)—After holding within narrow limits during most of the day, cotton advanced rather sharply in the late trading on covering influenced by a closing rally in stocks. Early advances on relatively firm cables and absence of southern selling pressure was well sustained through the greater part of the session on domestic and foreign trade buying. March contracts sold up from 6.00@6.11 and closed at 6.10 with the general market closing at net gains of 14 to 17 points.

The market opened 5 to 11 points higher in sympathy with firmness at Liverpool and an accumulation of trade buying orders both for foreign and home account. There was no increase in the limited offerings from the south and as a result local selling pressure was again checked. Foreign buying was reported in the more distant positions but otherwise there was no fresh development and volume was limited until the closing rally. A little commission house selling around mid-afternoon caused partial reactions of about 3 to 5 points from the earlier highs but even at these low levels for the day, the market was still about 5 to 8 points net higher. The late rally carried prices up about 9 to 11 points from the lows.

The New York cotton exchange service reported that inquiries indicated distribution of approximately 500,000 bales of cotton by the Red Cross had resulted in a possible increase of consumption of not more than 50,000 bales, partly because a large portion of the goods received by the Red Cross came out of stocks and partly because the larger part of the value in goods received by the Red Cross represented labor and other manufacturing costs.

Local spot houses reported slightly better inquiry from southern mill centers. Liverpool cables said the market there was higher on en-month trade calling while Manchester was quiet but cheerful.

Exports today 58,903 making 4,089,860 so far this season. Port receipts 17,252. U. S. port stocks 4,844,545.

and the repeal of the federal marketing act, and by the Georgia cotton holiday enthusiasts, but there was a dissenting voice in Governor Blackwood's own delegation.

Endorsing the Arkansas minority report, State Senator Carroll Nance of South Carolina jumped to his feet to say, "I'm dumb if I believe that report (majority) is going to get us anywhere."

"You can record my vote against the whole business," Nance continued. "I want to know what's accomplished. What we ought to do is memorialize congress not to lend us any more money for seed to grow stuff we can't sell."

ARTIFICIAL FOGS

German farmers are trying to stave off frosts with artificial fogs. They are using barrels of unslaked lime into which drips dissolved sulphur trioxide. The reaction produces a protecting cloud of vapor.

Markets At A Glance

NEW YORK, Dec. 29. (AP)—
STOCKS firm; rails lead rally.
BONDS irregular; German issues strong.
CURB firm; list improves slightly.
FOREIGN exchanges easy; sterling heavy.
COTTON higher; trade buying; higher cables.
SUGAR quiet; steady spot market.
COFFEE higher; trade buying.

Stocks Meet Better Success During Thursday Rally; Market Is Higher

BY JOHN L. COOLEY
Associated Press Financial Writer

NEW YORK, Dec. 29. (AP) — Stocks rallied with better success today, thereby celebrating the conclusion of all but last minute tax sales for the year.

Unlike yesterday's session which saw a late relapse, this market was higher all day and closed at its best prices in the largest turn-over since Nov. 11. Rail stocks ran along in the vanguard, but other groups did equally well, especially during the uplift that characterized final dealings. Strength of German bonds and easiness of U. S. governments stood out in the investment market.

Although technical considerations appeared to provide most of the lifting power for stocks, Washington news was of a character to command attention. Notable in this budget was word that the Democrats proposed to give the new president broad powers to reorganize the government on behalf of economy. Plans for fiscal legislation designed to rectify the discrepancy between treasury income and outlay appeared to be awaiting next week's Roosevelt-Garner conference.

Since this was the last day for sales in the "regular way" — tomorrow's and Saturday's must be for cash—transactions in both stocks and bonds witnessed a fairly large volume of such transfers, especially through the earlier trading. But shares withstood much better than on Wednesday whatever pressure came from this source. General Motors charted a more even course, closing fractionally higher; it was reported that a large block of this stock had been liquidated. American Telephone and U. S. Steel came forward prominently toward the close, the former gaining 2 points, the latter 1 5-8 net.

American Can, Allied Chemical and American Tobacco, New York Central, Santa Fe, Consolidated Gas of New York, Woolworth, Standard Oil of New Jersey, Corn Products and Public Service of New Jersey were among the leaders up 1 to about 2 points, while Socony Vacuum, Du Pont, Texas Corp., Union Carbide and North American gained major fractions. Union Pacific gained 3. Volume aggregated 1,606,439 shares.

Local Markets

These prices are furnished by the following Lubbock firms: Poultry—Lubbock Poultry and Egg company, delivered Lubbock; Grain—S. E. Cone Grain and Seed company, following prices being bid by Lubbock grain dealers. Cotton: Stocker Cotton company. All prices subject to change during day.

Texas Schools

(Continued from Page One)

subdivisions in 1931 was in excess of $33,280,000, of which more than $73,960,000 was spent for the public free schools. One-third of the cost of the public schools was derived from the per capita apportionment out of the available school fund.

Maintenance of the per capita apportionment at $16.21 would require more than $14,930,000 in additional funds for the two year period, Lynn estimated. A reduction of one dollar in the per capita apportionment reduced the amount of taxes required by $3,130,000.

Income Is Reduced

The plight of the school fund was attributed by Lynn to adoption of the constitutional amendment exempting homesteads to the value of $3,000 from state taxation and to a deficit inherited in 1933 from 1932. which probably will be passed through 1934 and 1935. The homestead exemption amendment was expected to reduce the income of the available school fund by $6,000,000 for the two years.

The deficit in the available school fund originated in 1931 when the state was able to pay only $16 of its per capita apportionment of $17.50. The $1.50 remaining from 1931 was paid in 1932 and only $14 of the apportionment for that year was paid, leaving a balance of $3.50 per student to be paid out of 1933 funds. If this is paid, the prospects are that an apportionment of $12.33 will be the limit that can be paid in 1933.

Action Criticized

Action of the state board of education in fixing the apportionment for 1933 at $16 was criticized by Lynn. Its attempt to protect the schools from a bad situation in 1933, by postponing the liquidation of its $4,800,000 deficit, has had the effect of bringing the school system to a point where it faces an even worse situation for 1934 and 1935, Lynn stated.

Lynn said the board's power to apportion funds not reasonably anticipated had been questioned and the attorney general had been asked for an opinion.

Recommendation was made by Lynn that a careful search be made for every practical means of effecting economies without injury to the schools, and that new sources of taxation be tapped only in an extremity.

Next Time John Smells Smoke He'll Take A Look At Pants

BUCYRUS, O., Dec. 29 (AP)—The next time John Banks smells smoke he'll inspect his trousers before he looks anywhere else for the fire.

Banks, custodian of the city hall, backed up to the stove when he arrived at work somewhat chilled after a brisk walk.

A moment later, he smelled smoke. He hustled into the mayor's office, then into police headquarters, finally into the court room, looking for the fire. "Hey!" shouted Officer James Ghist, "your pants are on fire."

Livestock

MIDWESTERN LIVESTOCK

KANSAS CITY, Dec. 29. (AP) — Fed steers and yearlings cleared at mostly steady levels with best 1100 lb. yearlings in Chicago up to 7.30, while at other points desirable grade kinds brought 6.00@6.50. The general bulk of offerings were eligible to sell with a spread of 3.75@5.25. A few loads and odd lots of fed heifers and mixed yearlings cleared at 4.00@5.00 with a few up to 6.25. Stockers and feeders were little changed under limited supplies, most replacement steers selling at 3.25@5.00. Receipts for the day at eleven markets totaled 19,700 as compared with 16,126 last Thursday and 14,835 the same day a year ago.

Hogs were generally steady to ten higher with St. Louis listing a top of 3.30 on light weight butchers.

Lambs sold unevenly 15 to 25. Lower as compared with yesterday's trade, desirable fat kinds selling chiefly at 5.25@5.75 and a few up to 6.00. A few feeding lambs turned at 4.75@5.00.

FORT WORTH LIVESTOCK

FORT WORTH, Dec. 29. (AP)—Hogs 700, including 269 directs and 109 through; truck hogs mostly steady, some sales around ten lower; no rail hogs offered; top 3.20 paid by packers and small killers; bulk better grades 185-270 lb. truck hogs 3.15@3.20; few good truck hogs down to 3.05; packing sows 2.00@2.25 or steady.

Cattle, 1,200; calves 400; market very quiet demand for most classes slaughter cattle; slaughter yearlings and fed steers tending weak to lower, plainer grades slaughter steers and butcher classes about steady; mostly a run of steers. Two loads good Oklahoma fed steers due to sell around 4.25; other slaughter steers 3.75 down; few good fed yearlings around 4.00; one load butcher cows 3.00; good fat cows practically lacking; low cutter sorts 75c@1.25 some stock steer yearlings 3.75@4.00, about steady; slaughter calves unchanged; few good heavies 3.50@4.00; cull sorts 1.25@2.00.

Sheep, 1,300, market uneven; fat lambs steady to 25 lower, fat yearlings strong to higher; few good fat lambs 4.25; medium grade fat lambs 4.00 and less; fat yearlings up to 3.75.

Littlefield Boys Get Advancements

LITTLEFIELD, Dec. 29—(Special)—Two dozen Littlefield Boy Scouts, members of troops 25 and 26, are receiving rank advancement and merit badge awards at this month's honor court.

Rank advancements are: Tenderfoot, T. A. Henson of No. 25; second class, Aubrey Faucet, Buford Eagan, Hall Rowe, Robert Eugene Willis, Lowell Wallace, Delbert Falls, and Straus Atkinson, all of No. 25; and Charlie James, Elmer McKnight, Ansel Wharton, Sanders Lee Mills, C. W. Coley, Gerald Lokey, all of No. 26; first class, Eugene Latimer, scoutmaster, Lee Beckner, and Jack Garlington, all of No. 25; Russell Cook, and Lenton Smith, life scouts; George Glenn, Gilmer Eagan, James Faust, star scouts.

Receiving merit badge awards were: Marshall Burleson, Straus Atkinson, Gilmer Eagan, George Glenn, A. B. Taylor, jr., Lenton Smith, and Eugene Latimer, all of No. 25; and James Faust of No. 26.

Help Tech

(Continued from Page One)

creating this West Texas institution. "And for ten years," he continued, "I also had the pleasure and honor of sitting on the finance committee and giving the school all the funds possible for its wonderful growth."

Senator Joe Moore of Greenville made a similiar expression regarding his support of Tech but prefaced his remarks with "not for publication, please."

The solons made visits to the college Thursday and conferred with W. T. Gaston, business manager, long-time friend of both.

Town Threatened

(Continued from Page One)

ing cascades when the north and south fault became active.

The main east and west action, which runs from the floor of the Animas valley to the top of the mountain, had subsided today but had not ceased. The north and south action, however, increased greatly and new crevices appeared, several of them scarring the solid mesa verde sandstone formations which crops out near the top.

The action began almost two weeks ago.

Countess Who Married An American Seeking Divorce

BRIDGEPORT, Conn., Dec. 29. (AP) A countess who met and married an American aviator in Germany after the World war while he was serving with the army of occupation filed suit for divorce today in superior court.

The former countess now Sari De Marathy Hagen of Stamford, charged her husband Paul J. Hagen, with intolerable cruelty. She seeks alimony and permission to change her name.

Hagen, formerly in the banking business in New York, is secretary of the Roger Smith corporation of Stamford.

About 80 per cent of the silver produced in the United States is a by-product of copper, zinc and lead ores.

Grain

FORT WORTH GRAIN

FORT WORTH, Dec. 29. (AP) — Good demand for wheat but poor for other grains was reported on the Fort Worth cash grain market.

Quotations ranged as follows, basis car loads on track at Fort Worth, freight paid, delivered Texas Gulf ports, export rate, or Texas common points: Wheat, No. 1 hard according to protein and billing 49 1-2@50 1-2. Barley, No. 2 nominally 31@32; No. 3 nominally 30@31. Sorghums, No. 2 milo per 100 lbs. according to color 62@65; No. 2 kaffir 54@56.

Delivered Texas common points or group three: Corn, No. 2 mixed 38 1-2@39 1-2; No. 2 white or yellow 39 1-2@40 1-2.

Delivered Texas common points: Oats No. 2 red 34 1-2@35; No. 3 red 33 1-2@34.

CHICAGO GRAIN

CHICAGO, Dec. 29. (AP) — Stimulated by official reports of precarious prospects for winter crops in a large section both of Kansas and Nebraska, wheat prices turned upward late today.

Gains in wheat values here were in the face of the fact that the Liverpool market had virtually failed to reflect yesterday's price upturns on this side of the Atlantic, and that British exchange rates had fallen. Helping to strengthen wheat in Chicago were New York stock market rallies and a better export demand for wheat from Canada.

Chicago wheat prices closed firm, 1-4 to 3-8 up compared with yesterday's finish, corn at 1-8 to 1-3 advance, oats unchanged to 1-8 higher, and provisions unchanged to a setback of 2 cents.

Port Fight

(Continued from Page One)

of additional ports and waterways and the appropriaton of or the lending of funds by either state or federal governments for the purpose of developing any new ports or creating any new inland waterways for purposes of commercial navigation, "it being our belief that the development of additional ports and waterways will serve only to complicate the present transportation situation, that such development will benefit the interests only of those communities which happen to be located on or very near such ports and waterways." Resolutions also deplored "the fact that our national government is spending large sums of public money on surveys and investigations looking to possible development of additional navigation facilities."

Boswell Leads Fight

These two provisions of the resolutions were adopted after considerable discussion. John Boswell, manager of the Wichita Falls Chamber of Commerce, led the fight to keep this sentiment in the report and after a vote, they were kept intact.

A platform of the association adopted in previous meeting called for "opposition to any agency or system that tends to unfairly take from the interior communities the natural advantages they have and thereby concentrate at ports, industry and resources which the interior communities are rightfully entitled to retain; opposition to any agency or scheme which will unfairly destroy marketing, purchasing, concentrating and distributing facilities in the interior, when the retention of these facilities is economically sound and of importance to the communities they serve; opposition to artificial interference, such as preferential of unequitable transportation rate, when same disturb the natural equilibrium of business; and the taking of affirmative measures, educational and economic, to protect and build up the industries and resources of the interior."

Favors Stabilization

The platform also favored "the stabilization of transportation agencies, not only for their own good, but also in order to remove their disturbing influence on all business" and "the earliest possible adoption of a coordinated plan for the recognized transportation agencies, namely: railroads, motor vehicles, air lines and waterways, to eliminate unfair competition and to treat them as economic parts of the whole transportation system."

"Government subsidies at the taxpayers' expense which result in artificial and unfair competition with private business" was also opposed and the platform further read, "We advocate returning the government to the field of government, eliminating it from the field of private business activities and reducing its cost.

Pledged To Economy

"We believe that the mounting cost of government has produced a condition approaching the confiscation of business through taxation, and we pledge our support and assistance to the regional chambers of commerce and other agencies in constructive programs of wise economies for governmental units designed to produce taxation reduction," the platform concluded.

As in the other conferences of the association, C. P. Nevill, president of the Greenville Chamber of Commerce which is sponsoring the association, presided. Nevill is serving as temporary chairman. Scott Hardy, secretary of the Greenville C. of C., served as secretary. These two men are the leaders in the association work thus far.

Actions Are Spared

Two speakers in the morning session, H. R. Gilliland, insurance man of Quanah, and Al Reed, traffic expert of Dallas, scored action of port interests taken against the interior and declared "the present transportation situation was an economic crime."

Reed said, "This organization ought to be organized so that the communities of the state will have a voice with those in authority and be able to tell them that they want to conserve in the interior the industries which build for its welfare."

Reed declared the Panhandle and Plains territory should be more interested in the problem than any other section, because, "there is a condition which is striking at the very heart of the thing that built Lubbock and the Llano Estacado and this section should be more concerned with protection and conservation of its railroad transportation than any other because if this economic competition of the motor trucks with the railroads is allowed to exist, you will be the one who will have to bear the burden of the rates."

Houstonian Idea Rapped

Gilliland attacked "the Houstonian idea" which he said [illegible]

"construction of cotton compresses in the interior as an economic mistake" and declared he hoped the Interior Protective and Development association would go on record as one of the major factors in the development and safeguarding of the economic life of the interior of Texas."

Opening the afternoon session which followed a luncheon given by the Lubbock Chamber of Commerce, Hardy explained the objectives of the association, declaring that the body "does not represent a new idea, there has always been that inevitable economic conflict of fundamental interests of the interior points with industries and interests of port points."

Reports Are Read

Hardy said the transportation upset had had a "resultant effect on all lines of business."

Following his talk, the report of the nominating and resolutions committees were read and an open forum discussion on the association's problems was held.

Twenty-eight towns represented in the session were: Dallas, Greenville, Ballinger, Waco, Abilene, Ralls, Plainview, Hamlin, Terrell, Vernon, Slaton, Colorado, Quanah, Houston, Munday, Lamesa, Littlefield, Levelland, Brady, Amarillo, Brownwood, Wichita Falls, Sweetwater, Abernathy, Brownfield and Lubbock.

Committees acting in the conference were: Platform — Dan Royall, Plainview; R. B. Davy, Munday; A. L. Reed, Dallas; M. A. McLaughlin, Ralls and A. B. Davis, Lubbock. Nominating—R. R. Gilliland, Quanah; Arch Underwood, Lubbock; J. T. Allen, Lamesa, W. P. Allen, Terrell, and H. W. Rucker, Abilene. Resolutions—L. A. Wilson, Vernon; Marc Antony, Dallas; H. B. Allen, Sweetwater; and [illegible] Lampe of Amarillo.

The conference committee report was given this [illegible] composed of the following: [illegible] Boswell, Wichita Falls; [illegible]son, [illegible]; John [illegible]; C. T. Watson, Plain[illegible] and Grady Shipp, Plain[illegible]

Insurance Is Being Probed

Slain Bandmaster Leaves His Wife $38,000 In Policies; Discrepancies Are Noted In Woman's Testimony

CHICAGO, Dec. 29. (AP) — The fact that Chicago's slain bandmaster Edwin O. Schildhauer, left insurance policies amounting to $38,000 to his pretty widow has entered the investigation into his death.

The policies were revealed at the inquest when Mrs. Schildhauer testified she was unaware as to the amount of her husband's insurance. The policies were found in the safety deposit box of her mother, Mrs. Louis Birkinshaw, after the widow testified they were kept there.

Schildhauer was killed the night of Dec. 10 and his body found in Cicero shortly after he had left his home to fill an engagement. The widow told police she had seen two men force him into an automobile in front of the house.

Deputy Coroner J. A. Schewel said there had been discrepancies in the testimony of the widow as to the purported kidnaping and the story told by the mother as related to her by her daughter.

Crazed Soldier

(Continued from Page One)

tion. The colonel was informed of the tragedy by army radio.

His regiment has been concentrated here because of plans of the war department to abandon Camp Stephen D. Little here and Camp Harry Jones at Douglas, Ariz.

Major In World War

Home addresses of the victims could not be ascertained immediately.

Captain Palmer, a 42-year-old native of Massachusetts, became a major during the World war as an emergency officer, reverting to the grade of captain in 1920. He was a graduate of three service schools—command and staff, infantry and signal corps.

A native of Texas, Captain Wessley, 56, also was a World war emergency officer, likewise having served as a major. He joined the army in 1908, advancing from the private ranks. He was a graduate of the motor transport school of the quartermaster service.

Texas Aggie Graduate

Also a native Texan, Lieutenant Matthews, 33, was graduated with honors from the Texas Agricultural and Mechanical college at College Station, Texas.

Attending the officers' training school during the war, he received his first regular commission in 1921 and became a first lieutenant in 1926.

This army post has been noted for years as a Mexican border cavalry garrison. Only recently has infantry been located here.

Killings Unprecedented

For many years the 10th United States cavalry (negro) was garrisoned here, and several of its companies were moved to guard encampments along the Arizona-Mexico border during the Mexican revolution of 1929.

Killings like those of today are not recalled in modern annals of the garrison, officers said.

Lillian Gish Is Upheld By Two Courts; Breaks Contract

SAN FRANCISCO, Dec. 29. (AP)—Lillian Gish, actress, has double court approval of the breaking of her motion picture contract with Charles H. Duell, Inc., of Inspiration pictures.

The district court of appeals here, to which Duell carried the case, agreed with the Los Angeles superior court in ruling for Miss Gish.

Duell asserted the breach in December, 1924, was brought about through influence of Metro-Goldwyn-Mayer corporation and Loews, Inc., with whom he had arranged for distribution of films.

A Sale of Damaged Hose Half Price

Inventory has revealed an accumulation of hose in all grades and colors which have been slightly damaged in handling.

While many of these hose show only the slightest imperfections, still they are hose that we would not offer as perfect goods at regular price.

For Saturday we offer you choice of some hundred pair in regular values from 69c to $2.45 for just

Brain Removal Is Experiment

Large Parts Of Human Brain Can Be Removed Without A Serious Handicap, Declare College Officials

NEW HAVEN, Conn., Dec. 29. (AP) Results of a study showing that large parts of the human brain can be removed without seriously handicapping the normal pursuits of an individual, were announced today at Yale.

Several members of the staff at the Yale school of medicine participated in the study which included the testing of speech mechanisms, ability to perform acts of skill, eye movements and intelligence of persons who had undergone such operations.

The results of the study were included in a paper to be presented today before the association for research in nervous and mental disease in New York by Dr. William German, assistant professor of surgery, and Dr. James C. Fox, associate clinical professor of neurology.

Operations performed in New Haven for the removal of brain tumors in four patients served as the basis for the study of the effect of resection of cerebral lobes. In two cases the right frontal lobe controlling the action of the left hand was removed almost entirely. In a third case the occipital lobe (posterior) was partly removed and in the fourth case the temporal lobe below the occipital lobe was partly taken out.

The university reported that while these operations were not unusual, they were among the first which were followed by detailed scientific analyses of the after effects.

Some of the conclusions arrived from the study were:

Removal of the larger portion of the right frontal non-dominant lobe did not materially affect the movements or the intelligence of the individual.

Removal of the dominant lobe, however affected the ability of the patient to form words, but did not affect the comprehension of the meaning of words.

The temporal lobe is concerned with more complicated functions and its removal interferes with interpretation of words and with mental associations.

Removal of the occipital lobe interferes especially with functions such as reading and writing which depend on the more involved visual stimuli. The individual recognizes objects but cannot readily call them by name.

The study confirmed current scientific belief that intelligence is not located in any one part of the brain. The observations, the university reported, also indicated the functions of the frontal dominant lobe can be shifted through proper training to the non-dominant lobe.

The four patients operated on recovered and were able to continue their daily activities to a considerable extent.

The study, it is thought, may prove significant in developing methods of diagnosing and locating brain lesions.

Off For London Debut

From Last Hope Hollow, Ky., to the famous Albert Hall in London is a long cry, but that doesn't daunt 74-year-old Jilson Setters, called the last of the fiddlers of old American folk tunes. Setters is shown in New York, enroute to the English capital, where he is to play in the celebrated auditorium in a national musical festival. The tunes he plays have never been written but are handed down from generation to generation by ear.

Russian Housewives Under 56 Are To Be Deprived Of All Bread And Sugar

MOSCOW, Dec. 29 (AP)—On the eve of the end of the five year plan Russian housewives under 56 learned today that beginning with the first of the year they will be deprived of bread and sugar, of which they now receive small rations.

This action, reflecting the food shortage in Russia, is an extension of the government's "no work-no food" policy and apparently is designed to inject more women into industrial occupations with the view to ultimate abolition of the home as the unit of family life.

At the height of the campaign which has been waged for several years to draw more women into industry a census of Moscow showed that there were approximately 100,000 housewives in the city at the end of 1931. At that time it was estimated that the number would be reduced by half at the end of this year. Eighteen per cent of the 100,000 were over 60.

Now they are entitled to 400 grams of bread a day and 800 grams of sugar a month from the government's regular supply stores, but after Jan. 1 they must go into factories to earn their bread and sugar, or pay the exorbitant prices at the private market where bread now costs $3.50 for 400 grams as compared with about 10 cents or less at the government bakery.

All healthy women not engaged in "socially useful" work come under the category of housewives. The wives of a number of high government officials are included in that category.

Alleged Counterfeiter Now In Hands Of Federal Men

SHREVEPORT, La., Dec. 29. (AP) L. G. Boggs, 36, arrested by Sheriff W. C. Renau at Sulphur Springs, Tex., last week, with W. P. Deckert, alleged bank robber, has been turned over to federal officials at Dallas, Sheriff Renau said this morning. Boggs is charged with passing counterfeit money.

Deckert was returned to jail here and held for Webster Parish authorities on charges of robbing the Springhill bank last June 21.

Sheriff Renau said that when Deckert and Boggs were arrested about $420 in counterfeit $10 bills was found in their car. Boggs, the sheriff said, passed one of the counterfeit bills at a drug store in Cumby, Texas. The spurious bill led to his arrest.

EXCITING GAME

Workers in the nitrate fields of Chile play an exciting game. They gamble who can hold a lighted stick of dynamite the longest. The loser sometimes collects.

Band Of Scientists Embarks On Visit And Exploration Of Galapagos Isles

LOS ANGELES, Dec. 29 (AP)—Just 100 years after Charles Darwin revealed the little string of volcanic Galapagos isles on the equator to be a paradise for naturalists, a little band of scientists embarks today on a survey expected to result in these now scientifically famous islands being made a sanctuary for the strange forms of animal life existing there.

The expedition is the third and roundup investigation headed and financed by Captain George Allan Hancock, Los Angeles banker and oil operator by vocation and explorer by avocation. The Smithsonian institution of Washington, the San Diego Zoological society and the University of Southern California are represented.

Captain Hancock explained one of the objects of completing the survey is to provide a report for the government of Ecuador, which owns them, with recommendations they be set aside as a permanent sanctuary of scientific research.

Buccaneers and whalers based in these islands, 730 miles off the coast of Ecuador in the Pacific, long before Darwin visited them on the Beagle 100 years ago. A few years before the Darwin visit, Charles Island, one of the 10 larger ones of the Galapagos, was made a convict settlement to which political exiles were sent.

Darwin found that most organic productions there were aboriginal creations found nowhere else. Geologically recent in its rise from the Pacific, he reported, this group both in time and space brought the researcher somewhat nearer to that mystery of mysteries, the first appearance of new beings on earth.

Many expeditions since Darwin have studied the rare specimens—tortoises, marine and land iguanas, blue and red footed boobys, anglefish, frigate birds, red lizards, and a multitude of reptiles, insect, bird, fish and microscopic organisms.

At the old convict isle of Charles, the party will visit Dr. Charles Ritter, self-exiled Berlin raw food theorist, who fled from his wife and Berlin social circles in 1929, taking with him Frau Koervin, Berlin socialite, for a back-to-nature life on the equatorial island.

The party aboard the Valero 3rd., which Captain Hancock had built for the expedition, will include Dr. Henry Wegeforth, president of the San Diego Zoological society; Cyrus Perkins, San Diego herpetologist; Fred Garth, ornithologist; Fred Ziesenhenne, entomologist of the University of Southern California; Dr. Charles Swett, photographer; George Hubh Banning, author.

At the canal zone the party will be joined by Dr. Waldo L. Schmitt, professor of invertebrate marine life of the Smithsonian institution.

Bandits Stage Daylight Raid

Three Men Enter Building And Take From $1,000 To $7,000 In Loot; Cashier Taken On Short Ride

MONROE, La., Dec. 29 (AP)—Three men at 12:15 p. m., today held up and robbed the bank of Winnfield, kidnaped J. A. Nugent, cashier, and escaped with cash estimated at from $1,000 to $7,000.

Pursued by a posse, the robbers headed west on the Pershing highway. They took Nugent with them for several hundred yards and then allowed him to jump from the car. Nugent joined the posse.

Four persons were in the bank at the time. They were Nugent, B. W. Bailey, president, Judge Wiley Jones of Colfax, a customer, and a negro named Eugene Garrett. All were forced to lie on the floor and Bailey later was locked in the vault.

One of the robbers entered the vault, but reports were he did not stay long enough to take much money from this place. All of the money on the counters and in the cages was scooped up.

One of the bandits remained at the car while the others went inside. As soon as the two inside came out with Nugent they sped toward the west. Some distance out of town this road branches, one road going toward Dodson and Ruston and the other goes toward Natchitoches. It was not known which of these roads the robbers took.

Employes of the bank stated that one of the men who went inside appeared to be about 35 years old, five feet 11 inches tall and a brunette. The other was said to be about five feet seven inches tall and about 30 years old. They were driving a small black sedan bearing a Texas license.

AVERAGE FLYING CADET

WASHINGTON. — From figures taken by the Medical Division, office of the Chief of the Air Corps, the average flying cadet graduated from the Advanced Flying School, Kelly Field, Tex., is 24 years old, 5 feet 9 and a quarter inches tall, weighs 155 pounds, has a pulse of 71, a blood pressure of 116, and a depth perceptive of 12. These figures cover statistics over a period of four or five years.

How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nauseless calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish,—no danger.

Calotabs are sold in 10c and 35c packages at drug stores.—Adv.
