Appropriations To Sustain Government Face Solons

Second Special Called Session Begins Monday

Legislators Are Sharply Divided On Amount Necessary To Finance State For Next Biennium

State Senator from Lubbock Is Unanimously Named Pro Tem of Senate In 1st Session of Senate

(By Associated Press)
AUSTIN, June 3. (P)—The second called session of the 41st legislature convened today under proclamation of Governor Dan Moody with its principal business the enactment of appropriations to sustain the government during the biennium beginning September 1 and found itself sharply divided on the amount necessary to finance the state.

There exists a difference of \$11,603,613 between the senate and house in aggregate amounts proposed to be appropriated. The senate would appropriate \$57,711,013 and the house \$46,107,400.

There was no message from the Governor the proclamation calling the legislature today was read and committees from each house which went to the chief executive's office to notify him that the legislature was ready for business found him gone. He was in Georgetown, where he went to participate in ceremonies incident to induction of Dr. King Vivion to the presidency of Southwestern university.

Parrish Is President Pro Tem
Senator P. L. Parrish of Lubbock was elected president pro tem of the senate by unanimous vote, and little time was spent in formalities in either house.

A concurrent resolution proposing a joint session to honor Reg L. Robbins and Jim Kelly, pilots of the Fort Worth sustained flight engine.

Not To Abandon Warship Program

WASHINGTON, June 3. (P)—President Hoover has no intention of either modifying or abandoning the American cruiser building program as has been indicated by some of those who have sought to interpret his Memorial Day address and the subsequent statement on disarmament issued by Secretary Stimson.

Construction of the fifteen additional 10,000 ton fighting ships was made mandatory by Congress, at least until an agreement for reduction of sea power has been reached by the leading nations and ratified by the senate.

Such an agreement apparently is little nearer realization than it was before the adjournment of the Geneva preparatory disarmament conference and officials here hold that none was now could be contemplated for the near future.

King Vivion Formally Made President at Georgetown

GEORGETOWN, June 3. (P)—At ceremonies attended by state officials, students, ex-students and representatives of a number of universities and colleges, King Vivion today was formally made president of Southwestern University here.

The new president, who is 32 years old, is the eighth and youngest executive of the institution.

Hospital Razed By Early Fire

CHICAGO, June 3.—Fire broke out early today at the Chicago General Hospital at Diversity and Clark streets. Flames swept from the basement up through four floors used for patients, first reports said.

Reports to the Sheffield Avenue police station said that all patients were removed to safety.

A special alarm drew equipment from a wide area to the hospital, which formerly was known as the German-American Hospital. It was not known how many patients were there when fire broke out, but Sheffield police estimated the number as not more than 100.

Some patients were carried down ladders. Others were removed before the flames had spread.

The cause of the fire was not readily determined, but firemen believed it started in the hospital laundry.

Stanley Baldwin, Prime Minister, To Resign Today

Conservative Leader Bows To Will Of Nation Following Unfavorable Vote In Elections Thursday

(By Associated Press)
LONDON, June 3. (P)—Stanley Baldwin, prime minister of England since October, 1924, and conservative party leader, today bowed without delay to the will of the nation as expressed in the general elections Tuesday.

He will take the resignation of his government tomorrow to King George, on his sick bed at Windsor Castle.

Consults Cabinet.
After consultation with the members of his cabinet this afternoon, the premier solved the dilemma confronting the conservatives in Parliament by resigning power and leaving the way open for the second labor government in England's history.

There had been rumors that Mr. Baldwin would prefer to face parliament at the head of his cabinet June 25 and thereby force the liberals, who hold the balance of power with their 57 seats in the house, to choose between supporting a government headed by a conservative or a labor premier.

When Mr. Baldwin sees the King tomorrow, it is expected he will advise his majesty to summon Ramsay MacDonald, premier of the first labor government in 1924, to form a new ministry. With 287 seats out of 615 in the House of Commons, Mr. MacDonald commands the strongest single party in the house though he is 21 votes short of a majority.

Mr. MacDonald is fully ready to accept the task of governing and has ample material in his party to fill all the cabinet posts.

Eight Jurors Are Selected In Mrs. Stallworth Trial

70 Veniemen Examined In Triangle Murder Case In Amarillo; Jury Hoped To Be Completed Tuesday

(By Associated Press)
AMARILLO, June 3.—Eight jurors were in the box when court adjourned here today in the trial of Mrs. Levi P. Stallworth of this city, charged with having shot down and killed Mrs. Grace Morrison of Plainview here May 13.

Attorneys examined 70 veniemen to obtain the eight jurors, disqualifying most of the panel fixed upon.

Mrs. Stallworth when she surrendered to officers told them she shot the other woman because of attentions Mrs. Morrison was alleged to have accepted from Mr. Stallworth.

Mrs. J. M. Stallworth, mother-in-law of the defendant was indicted with Mrs. Stallworth, the state alleging that the elder Mrs. Stallworth was an accessory in that she held Mrs. Morrison while her daughter-in-law fired the fatal shots. Attorneys expected to complete the jury tomorrow and open testimony.

Business Closes United Between America, Russia

Most Forward Step In Two Years Taken When Soviet Contracts Signed With Twelve American Firms

Millions Involved

Nine-Year Ford Contract Calls for \$30,000,000 Worth of Cars, Parts; To Construct Factory

NEW YORK, June 3.—Regarded by Soviet authorities as the most forward step in two years toward closer relations between Russia and American business, Soviet contracts with more than twelve American firms have been signed. The details involving millions, were announced today.

Chief among them is a nine-year contract with the Ford motor company calling for the purchase of about \$30,000,000 worth of Ford cars and parts and the construction in the U. S. S. R. of an automobile factory to produce annually 100,000 Ford cars and trucks. The other contracts call for technical assistance, especially American engineering consultation on Soviet projects.

Contract Signed Friday
The Ford contract was signed last Friday at Dearborn, Mich. It provides for technical co-operation between the Ford company and the Soviet automobile trust for five years after the completion of the factory at Nizhni-Novgorod on the Volga river, which is expected to be put in operation within four years.

Pending completion of the plant the demand for automobiles will be supplied chiefly by imports, and more particularly through the purchase of about \$30,000,000 worth of the Ford product for the next four years.

Possesses 20,000 Cars
The Soviet union now possesses only 20,000 cars, although this year \$150,000,000 has been appropriated for road construction.

Other contracts included those with:
Hugh L. Cooper company, New York, consulting engineers on a \$100,000,000 hydro-electric power plant in the Ukraine described as the largest in the world.

Accept Bids Today On Airport Bonds
The Lubbock City Commission will receive bids this afternoon at 1:30 o'clock for the purchase of \$225,000 municipal bonds, aggregate of bonds voted for an airport, street improvement and sewer extensions.

Street improvement and sewer extension bonds were voted September 24, 1928, and \$75,000 worth of airport bonds were voted April 23, 1929.

As outlined in the notice of sale, the bonds are to mature serially over a period not to exceed 40 years. The bidders are requested to submit bids on bonds bearing interest at rate of 4 3/4 per cent per annum and separate bids on bonds bearing interest at rate of 5 per cent per annum, all interest to be payable semi-annually.

Advance indications point to attendance of more than a score of bidders at this afternoon's session. C. W. McCleary, city manager, announced late Monday.

WILL AID SCOUTS
George Eaton, of this city, deputy scout commissioner of the South Plains Area Council, will aid in conducting a court of honor for Boy Scouts in Brownfield Tuesday night.

Honeymoon Trail Of Colonel Lindbergh And The Missus Found In Private Yacht Monday

(By Associated Press)
NEW LONDON, Conn., June 3.—The honeymoon trail of Colonel Charles A. Lindbergh is a path across the waters of Long Island Sound.

This was revealed today when Louis Rounds, skipper of a motor boat that plies between New London and Block Island, told of helping the Flying Colonel dock a new motor yacht at Block Island to take on supplies Saturday.

Rounds' report led to discovery that Col. Lindbergh had bought a small yacht just a week before his secret marriage to Miss Anne Morrow.

When Lindbergh purchased his yacht, a 32-foot double cabin craft, designed for owner operation, he enjoined the builders to secrecy. They acknowledged today, however, that a recently built boat of the name *Mossie*, the name noticed by Rounds, had been sold, although they were not at liberty to tell to whom. From other sources it was learned that Lindbergh had not only bought the boat from the Elco Works in Bayonne, N. J., but that he had taken instruction in its operation from the company, for, despite his proficiency operating planes in the sky and automobiles on the ground, he was a novice as a yachtsman.

Bids On Proposed Federal Building Site Here Will Be Received Today

Filmland's Latest Newlyweds—Joan Crawford And Douglas Fairbanks, Jr.

NEW YORK, June 3.—Douglas Fairbanks Jr., screen star, and Lucille Pay Le Suer, known on the screen as Joan Crawford, were married today by the Rev. Edward F. Leonard at St. Malachy's Roman Catholic church.

The ceremony took place in the rectory of the church, which is known as the "Actor's Church," shortly after the couple obtained a marriage license at the City Hall, when Fairbanks said they would not be married until some time in the fall.

Father Congratulates
Beth Sully, mother of the bridegroom and first wife of Douglas Fairbanks, attended the ceremony, a telegram of congratulations was received from Mr. Fairbanks' father.

NEW YORK, June 3. (P)—Douglas Fairbanks Jr., 21-year-old screen star, today obtained a marriage license at the municipal building to marry Lucille Pay Le Suer, known on the stage as Joan Crawford. Fairbanks said they would not be married until some time in the fall.

The young actor said that he lived at the Hollywood Athletic club, Hollywood, Cal., and that he was the son of Douglas Fairbanks and Anna Beth Sully, who lives at 246 North Bristol street, Brentwood Park, Cal., was born in San Antonio, Texas, the daughter of Thomas and Anna Johnson Le Suer. She gave her age as 21 years.

Jury Completed In Goerner Case

Testimony Will Start Today In Trial of 58-Year-Old Farmer for Murder Of His Wife at Caldwell

(By Associated Press)
CALDWELL, June 3.—A jury to try Ed. Goerner, 58-year-old farmer on charges of murder in the slaying of his wife two years ago, was completed here late today and introduction of testimony will start tomorrow.

Attorney had great difficulty in obtaining a jury because of the fact that farmers in the vicinity wished to get in their fields and take advantage of the clear weather. Two of the jurors belong to the same family, A. B. Eberhardt and his son Henry, having qualified.

Will Ask Death
The death penalty will be asked, questions asked veniemen indicated.

Local Dairies In Clean Condition

H. E. Hargis, State Sanitary Engineer Finds Milk Consumption Here Higher Than Average City

Preliminary inspection indicates that Lubbock dairies are in creditably sanitary condition. H. E. Hargis, sanitary engineer of the state department of health, said Monday, following an investigation of facilities here.

"Lubbock citizenry should appreciate the cleanliness of the dairies supplying products for consumption in this city," he said. "Dairymen are improving their herds, building modern and sanitary barns, and there seems to be a universal effort to reach a high standard of sanitation."

Consumption Is High
"The consumption of milk per capita in Lubbock is far above an average city."

Muddled Situation Is Hoped To Be Clarified

Action toward clarifying the title on the designated federal building site, southeast portion of the Lubbock county courthouse square so that the title will be acceptable to the federal government, will be taken Tuesday from 10 a. m. till 4 p. m. when County Judge Robert H. Bean will receive bids on the property.

The Lubbock County Commissioners Court has appointed Judge Bean as special commissioner to receive the bids, but no definite action will be taken until the next meeting of the commissioners, June 14.

Signature Demanded
It is understood here that the federal government has refused to accept the property without a quit claim signature of F. E. Wheelock, who, with W. E. Rayner, deceased, deeded the courthouse square to the county when the county was formed. In the dedication deed was a clause to the effect that the property was to belong to the county for so long a time as it shall be used by the public for public property.

Following the commissioners' first action of voting the site as a donation to the government, advice from Washington brought the attorney general's decision that the property could not be accepted without a fee simple title.

To Clear Legal Title
In an attempt to clear up this legal tangle, a suit was filed in Ninety-Ninth district court several months ago. Mr. Wheelock was not made a party to the suit but Mrs. Rayner, widow of W. E. Rayner, was named in it. She signed a waiver to the property, and Judge Clark M. Mullican's decision was to the effect that the county had full and complete title in the property and could do with it as desired.

Statute provisions make it necessary, if the county wishes to dispose of its property, to advertise for bids, according to Judge Mullican. The commissioners court has the power to accept or reject any and all bids received, it was said.

Congress has appropriated \$335,000 for the purpose of building the postoffice and federal structure here.

4 Courts Under Way Here Monday

Case Against Oscar Korn, Slaton Motion Picture Operator, In Federal Court Holds Spotlight

Lubbock county courthouse became the center of federal and state tribunals as settings and trials of cases occupied the attention of four courts Monday.

In each of two cases, in which Gene Buck, president of the American Society of Composers, Authors and Publishers, charged Oscar Korn, a motion picture theater owner operating in West Texas, with infringement of copyrighted musical compositions without the written consent of the copyright owner, Judge James C. Wilson rendered judgment against Mr. Korn for \$250 and \$100 attorneys' fees, and court costs in federal court.

Jury Retired
The jury retired last night without having reached a verdict in the case of State of Texas versus E. L. Cresslin, charged with transportation of whiskey, which was tried yesterday afternoon in 99th district court before Judge Clark M. Mullican. Jess C. Levens and Owen McWhorter composed the defense counsel, while District Attorney Durwood Bradley represented the state.

Judge Robert H. Bean called the docket in county court yesterday morning and set cases for the week. No cases were tried in 72nd district court, but Judge Homer L. Pharr called the docket and set civil cases to be tried this week.

HOT CHECKS TOTAL 121

Local Man Is Sentenced To Jail Monday

Charged with giving a worthless check, A. T. Lacup was sentenced to 10 days in jail and assessed a fine of \$1 and costs here Monday.

A total of 121 worthless checks has been turned over to the county for prosecution of swindlers since January 1, said County Attorney Vaughn Wilson. "There are perhaps many such checks not reported to authorities."

"Be Snobbish" Prof. Advises

BOSTON, June 3. (P)—The necessity of snobbishness, a doctrine enunciated by Professor Robert Emmons Rogers of Massachusetts Institute of Technology in an address before the members of the graduating class, was under debate here today.

"Be a snob," Prof. Rogers told the seniors. "You will find it is just as easy to marry the boss daughter as the stenographer. Dress, speak and act like a gentleman, and you will be surprised at the murder you can get away with."

"Never buy a suit of clothes unless you get an extra pair of trousers. Keep one suit of clothes pressed every week. Never buy shoes unless you buy shoe trees for them. Keep them shined, shave yourself and never wear the same collar at night which you wear all day."

Final Decision On Farm Relief Seen This Week

Senate Will Be Asked By Administration Leaders To Take Action; Debentures Thought Doomed

(By Associated Press)
WASHINGTON, June 3. (P)—A final decision on farm relief legislation is expected to be asked of congress this week with the senate holding the power to say whether a bill will be sent to President Hoover promptly or whether the export debenture plan is to delay enactment.

Administration leaders confidently asserted today that the conference report on a farm measure, which promises to recommend the elimination of debentures, will be adopted by the senate. If these predictions were borne out, it was held, the President would be able to sign the farm bill within another ten days.

Committee to Finish
The farm relief conference committee, which has been attempting to compose a single farm bill from the two measures passed separately by the senate and house, expects to complete its work Wednesday or Thursday. Adoption of the committee's report will be asked promptly in the house and senate, and once approval is obtained the bill will be sent to the White House.

The house, under the parliamentary situation, must act first and approval of the conference report is looked for with little, if any, debate. This would place the final test with the senate, where administration leaders, now claim a majority in favor of a report recommending the elimination of debentures.

Six Months More Given To Sinclair

WASHINGTON, June 3. (P)—After completing his present ninety-day sentence in the district jail for contempt of the senate, Harry F. Sinclair must serve an additional six months on the charges growing out of the jury shadowing which caused the Fall-Sinclair conspiracy trial.

Of the others brought to trial in the same contempt of court case, whose appeals were covered in a decision rendered today by the supreme court, William J. Burns alone was exempted from serving the sentence imposed. The court ruled that the evidence failed to show the former head of the Burns Detective Agency was in any way responsible for the shadowing and set aside the 15-day jail term which had been imposed upon him.

PLAN SUMMER RECESS

Negotiations Started. As Program Determined

WASHINGTON, June 3. (P)—Negotiations for an all-summer recess were renewed today in the senate as its finance committee determined upon a program for revision of the house tariff bill requiring almost two months.

Administration leaders are still holding out for an agreement assuring a final vote on the tariff bill early in the fall before commencing the vacation until September. Democratic leaders are about ready to consent to that proposal but unanimous consent for it will be blocked by at least several of the republican independent group.

Two Assaultants Leave Victim On Railroad Tracks

G. S. Coleman, Former Barber Here, Has Slight Chance For Recovery Due To Numerous Injuries

Two Arrests Made

Brothers Face Charges Of Robbery and Assault with Intent to Murder; Held In Jail Without Bail

(Special To The Avalanche)
BIG SPRING, June 3.—George S. Coleman, 37, of Lubbock, is in a critical condition in this city after being attacked by two men and left to die on a railroad track, and charges of robbery with deadly weapon and assault with intent to murder have been filed against each of the men, who are being held in jail here without bail, pending further report as to condition of the victim.

Those arrested are J. J. Covington and S. J. Covington, brothers, who had been living in Coahoma, 12 miles east of here.

The wife and 8-year-old daughter of the injured man and a sister, Mrs. John Pugh, all of Lubbock, arrived here last night. Attendants at the hospital announce Coleman's condition as critical, although they maintain there is slight chance for recovery.

Coleman Tells Story
While in a semi-conscious condition at the hospital, Coleman told a newspaper reporter that he had met the Covington brothers in Coahoma Saturday night, when they told him they were broke, but were in possession of an automobile and would furnish transportation to any person who would buy gasoline and eat for them. "I wanted to go to Abilene," Coleman said, "and I had \$111 on my person. I agreed to their proposal, buying their meals in Coahoma Saturday night about 11 o'clock."

Many Enroll For Summer Sessions

Brightly clad collegians stepped behind the curtain Monday, following the close of the 1928-29 session at Texas Technological college, as the more conservative teachers and graduate students from widely separated cities of the Southwest registered for the summer session at the college.

Although figures were not available last night, heavy registrations, recorded in alphabetical order, throughout Monday predicted an enrollment which will probably exceed 1,000.

The registration will continue today, and class work will be started at 7 o'clock Wednesday morning.

Included in the list of registrations were many students who were here last summer. Dean James M. Gordon, in charge of arrangements for the summer session, said a larger number of graduate students were enrolled than ever before in the history of the school. Several made applications for master's degree work yesterday.

WASHINGTON, June 3. (P)—The question of allotting its seats among the states to correspond to the changes in population since the 1910 census stirred the house today as it took up the senate census and reapportionment bill.

11 o'clock and later bought gasoline for the trip east. After leaving the restaurant they drove three miles east and one mile south of Coahoma, stopping on a side road which led to the Chalk oil field. I was sitting in the front seat when one of the men struck me over the head.

Coleman's statement was corroborated in part by a statement signed before J. B. Lewis, county attorney of Callahan county, by J. J. Conington, following arrest of the couple.

Jaw Is Broken

With his jaw bone broken in two places, an injured left eye, teeth dislocated, and severe scalp wounds, Coleman staggered to the residence of Bernie Thompson, 150 yards from the Texas-Pacific railroad track, about 3:30 o'clock Sunday morning, after regaining consciousness. Deputy Sheriffs Andrew Merrick, D. D. Dunn and B. F. McKinney, all of Big Spring, answered the summons from Thompson. Deputy Merrick took Coleman to a Big Spring hospital, and the other deputies started east on the Bankhead highway in search for the two men described by the victim.

Caught At Sweetwater

At Sweetwater the officers were told that the man answering the description had passed through that city 40 minutes earlier. Sheriff Everett Hughes of Baird, was notified, and shortly afterwards the Callahan sheriff notified Big Spring officers that the two men had been arrested.

They were returned Sunday to Howard county. Efforts to recover Coleman's money have availed nothing.

Coleman, who had lived in Lubbock about nine years, prior to leaving here one month ago, was a barber here in the shop of C. B. Hardin, 1304 Avenue H.

average, I find. The average per capita in this city is 3 of a pint per capita, as compared with 5 of a pint per capita in the average city of Texas. Such figures clearly illustrate a confidence of consumers in sanitation of home dairy products.

There are over 1,000 dairy cows in and near Lubbock supplying approximately 2,000 gallons of milk for consumption in this city daily. The dairy interests of the city represent a revenue of about \$1,000,000 annually.

Mr. Hargis further commended the city of Lubbock in making plans for drainage and for additional well houses and extensions for the water department. As a whole, conditions here are satisfactory, he said.

Assisted by Doctors Y. J. Aiken and J. W. Rollo, both of this city, his inspection here is being made for the purpose of preparing dairies for the Federal inspection in July, when a rating of all cities operating under the standard milk ordinance will be made.

LUBBOCK WOMAN'S SUFFERING 9 YEARS NOW ENDED

Prominent Farmers Wife Had Tried Every Kind Of Treatment Could Hear Of But Got No Relief Until She Took Orgatone

"Orgatone has really worked wonders in my wife's case," said J. H. Capps, residing on rural route 2, Lubbock, Texas, while in Bowers Drug Store, a few days ago. Mr. Capps is one of the best farmers in this section of Texas.

"For almost nine years," continued Mr. Capps, "my wife suffered with indigestion and dyspepsia, and during the past four months especially after she had an attack of influenza she had been growing steadily weaker and was hardly able to get around at all. She had tried everything imaginable, with no results until I got Orgatone on the recommendation of a personal friend who had used it with good results. She had been suffering with very bad kidney trouble and pains from the small of her back and it was almost impossible for her to get a good night sleep, we tried doctors, but she continued to suffer. Her stomach would cramp and bloat something awful, after eating and she had severe headaches. Her nerves seem to give away and she had been unable to get sufficient rest and sleep.

But it is all different now, since she was induced to try Orgatone and, after taking three bottles, I can truthfully say she feels better in every way than she has in at least nine years. Her sleep is sound and restful and it is such a relief to be able to eat what she wants without suffering those terrible pains afterward. We feel very grateful and am only too glad to tell others about the medicine that has done so much for my wife.

Genuine Orgatone is not a so-called patent or secret remedy but a new scientific bile preparation and is sold in Lubbock exclusively by the Bowers Drug Store, under the personal direction of a special Orgatone representative. Out of town customers are being supplied by mail upon receipt of price \$1.50 for one bottle or \$6.25 for six bottles. Adv.

The defendant sat in court today near his brother, H. L. Goerner, Dallas county superintendent of schools, who is among the 76 witnesses summoned by the defense.

Goerner, a Bastrop county farmer, was indicted a few weeks after his wife was found shot to death at their home at Cottle town, near Bastrop, in April 1927. The discovery was made by a son returning from school late in the day. Goerner denied the charge, saying he was working in a corn field at the time of the shooting.

Borah's Bill Passes

While the conference committee was at work the senate today passed the bill of Senator Borah, Idaho, licensing commission merchants, dealers and brokers handling perishable products. There was no record vote.

The bill has been advocated for some years by Borah and is intended to prevent dumping of fruits and vegetables at the point where they are received without good cause. The house still must act.

WEEK-END JAGS COSTLY

Fines Here Total \$280.05 On Various Counts

Transgressors of the law paid \$280.05 as fines in the city and county courts in Lubbock Monday following week-end arrests.

A total of \$160 was collected in fines at the city corporation court on two charges for speeding four for disturbing the peace three for drunkenness and one for fighting. Justice of Peace G. R. Scott fined four vagrancy offenders, two fighters and one drunk the collections totaling \$120.05.

After a fine of \$100 had been assessed in County Judge Robert H. Bean's court, a Mexican, charged with carrying a gun, was returned to the county jail, when he was unable to pay the fine.

Repeal of the search and seizure act was among the 31 bills introduced in the senate. The house received 22 bills.

Senator W. A. Williamson, of San Antonio put in his bill appropriating \$1,000,000 and providing for a commission of three members to purchase land adjoining the Alamo in San Antonio. It was signed by every member of the senate.

Another bill provided another appropriation of \$310,000 for construction and equipment of an office building for use of the state highway department.

Senators Margie Neal of Carthage, Thomas B. Love of Dallas and Walter C. Woodward of Coleman signed bills proposing repeal of the search and seizure act.

YOUTH IS CHARGED

E. R. Patterson Held For Recent Robbery

Two charges of theft were filed Monday against E. R. Patterson, local youth who is being held in the Lubbock county jail on a charge of burglary, in connection with the entering of the building of the Davis Oldsmobile company, 1106 Main.

The additional counts charge young Patterson with theft of a ring which was in the office of the automobile company, and with stealing a bracelet from a purse which was in an automobile stored in the building.

Texas Floods Are Heading South

HOUSTON, June 3. (P)—While residents in the lower reaches of the Brazos awaited their turn to feel the fury of the flood which has gripped Texas for the past week, relief and rehabilitation work went forward tonight farther up the river and on the other streams.

The crest of the Brazos was approaching Rosenberg and it was not expected to reach Freeport, at the mouth, until Wednesday or Thursday. A second rise was reported on the Trinity but it was not expected to cause any additional damage. All of the other major streams either were receding or the crests were within a few miles of the Gulf.

Cars Needed To Greet Sooners

The Lubbock Chamber of Commerce has issued a call for 15 or 20 cars to go to Florida next Monday to meet the Oklahoma City good will train and bring the Oklahomans to this city.

Automobile transportation from Florida to this city has been made necessary due to inability of the train to make connections with the Denver.

More than 100 men will be on the train.

The trip is being made as a return courtesy for the recent South Plains excursion to the city and also to cement closer relations between Lubbock and Oklahoma City, in the interest of the Frisco expansion and the development of the Carlsbad Cavern Highway.

Ed Overhauser, president of the Oklahoma City Chamber of Commerce, who has visited here several times, will be in charge of the trip.

EMPLOY STUDENTS

Textile Grads Given Jobs By Rubber Companies

Three graduates of the textile department have been employed by the Goodyear and Goodrich rubber companies. It was announced today. Julie Love, Marshall and Ray Thomas, Texarkana, will be employed by the Goodyear Tire and Rubber company at Akron, Ohio, and Jack Maddox of Junction, will be with the Goodrich company at Akron. All three students will be in the testing laboratories of the companies.

MILLER EMPLOYED

M. O. Miller who was advertising manager of the Panhandle-South Plains Fair last year, has again been employed to conduct advertising work of the exposition, according to an announcement Monday from the Fair Association. He has already started work on sale of space for the catalogue and exhibit building.

JOHN DUPRE RETURNS

University Student To Do Intern Work Here

John Dupre, son of Mr. M. M. Dupre, of Lubbock, returned Sunday from Galveston, where he received his M. D. degree from the University of Texas medical school. He will join the staff of the Lubbock Sanitarium, doing interne work for the next year.

Three other local boys, Ewell Hunt, Clarice Phillips and Henry Benson have also returned from taking work in the school. They are to complete their work there next year.

WARN TRUCK DRIVERS

John Kellar Will Watch Truck Weights

J. C. Kellar, division state highway license inspector, issued warning Monday to farmers and truck drivers to watch truck weights, in view of the approaching harvest season.

"Should trucks be registered underweight, additional tonnage permits must be secured by applying at the office of the county tax collector," said Mr. Kellar.

BANKS CLOSE

Jefferson Davis Day Observed Here Monday

Lubbock banks closed Monday in observance of the birthday of Jefferson Davis, American statesman, born June 3, 1808, who was chosen president of the Southern Confederacy following secession of the Southern States from the Union.

He died December 6, 1889. The local postoffice was open, due to the fact that the holiday is confined to the Southland only.

Mr. and Mrs. Roy M. Wood were shoppers in this city Monday from Carlsbad.

Miss Jaunita Pentecost of Winters is visiting relatives in Lubbock.

Nora French has returned to the home of her parents Mr. and Mrs. C. H. French of Roseville, following her dismissal Monday from a hospital in this city.

Exchange Makes 3045 Inspections

The Lubbock grain exchange closed its books for the year on May 31, with a record of 3,045 inspections during 11 months, and plans are now being made for the busy season in June. R. R. Stuard, inspector, announced Monday.

A total of 2,510 receipts and 535 shipments have been recorded.

Thus far in 1929, the inspections have been going good. Mr. Stuard said, and with the wheat harvest only two or three weeks away, the exchange is getting ready for another big season of business. A total of 1,664 cars have been inspected since January 1, and of that number 1,322 were receipts and 342 shipments.

BAND TO PLAY

High School Musicians To Give Sunday Concerts

Offering entertainment for the day of rest, the Lubbock High School band, under the direction of J. W. Crowley, will render a concert each Sunday afternoon from 3:30 till 4:30 o'clock during the month of June. It was announced Monday. The concerts will be held in front of the city hall.

All musicians of the city especially former members of the high school band, are being invited by Mr. Crowley to join in the concerts.

Mr. and Mrs. O. H. Cline and daughter, Miss Esther Cline, have gone to Denton to attend the graduating exercises of their daughter and sister, Miss Hazel Cline.

BUCKLER APPOINTED

Former Tech Student Will Attend West Point

Jack Buckler, Waco, freshman student in Texas Technological college during the past year, has received an appointment to the United States Military academy at West Point, according to word received at the college Monday. Young Buckler was a member of the freshman football team and gave promise of being a varsity player during the coming season.

HOUSE PLANS

Here's Small Spanish Home For Town Or Country

BY CORA W. WILSON

NEA Service Writer

House must be liveable ahead of all else. And it is "liveability" that gives a house of the Spanish type pictured here its great appeal to home lovers.

This house will "fit in" in city, town and country. Generally in new world interpretations of Spanish homes one finds a complication of steps and a balcony in the rear of the living room. But this home was planned to save steps and money.

The four convenient sized rooms

are on a level. There are a dining room, many closets, a modern bath and a garage.

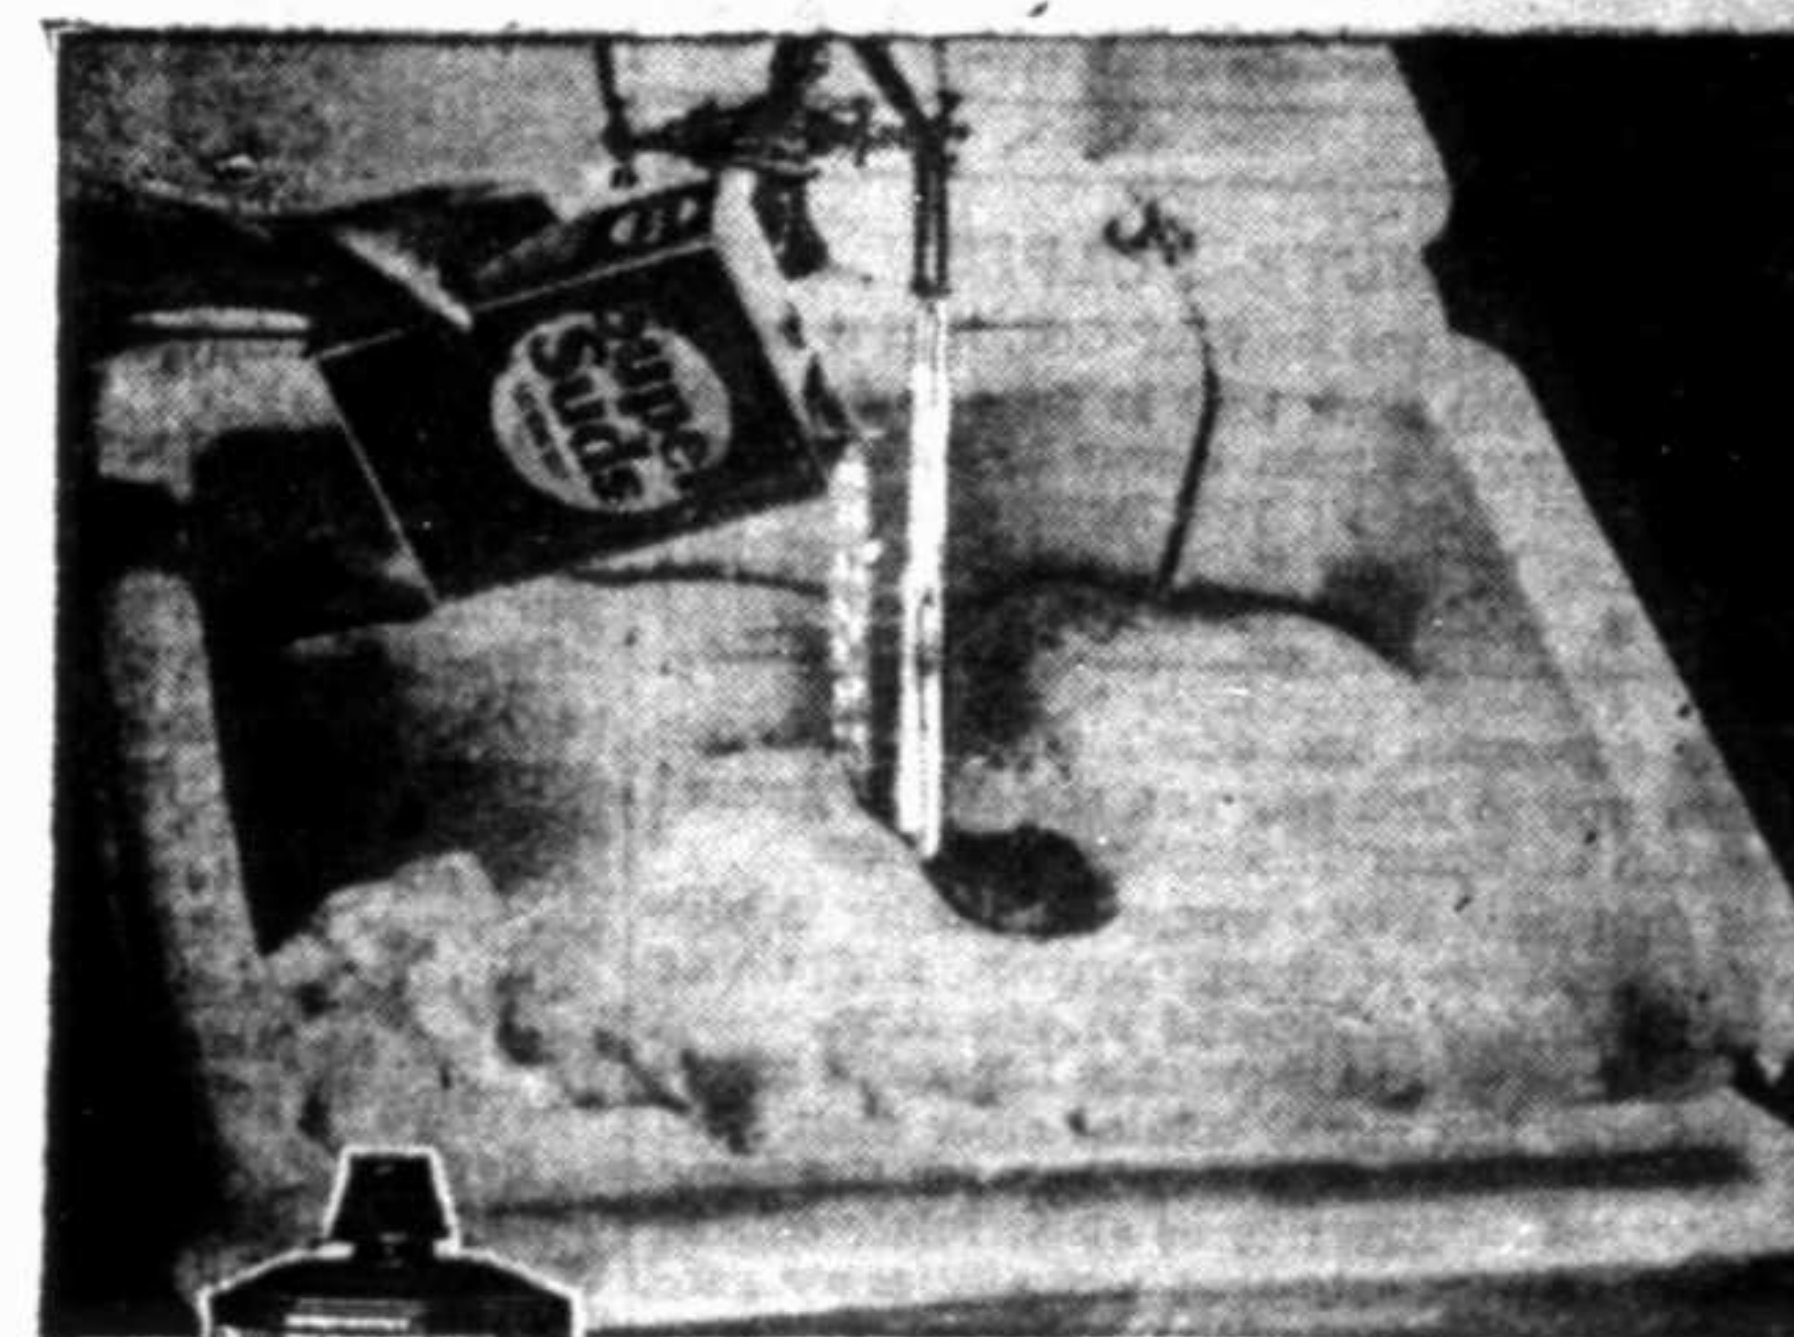

The house is of wood construction. Stucco is applied to metal lath. The roof is Spanish tile. The front door and the garage doors are constructed of heavy oak battens, adding much to the design of the house.

The house is 52 feet wide and has a depth of 31 feet—requiring, of course, only a moderate sized lot.

For additional information and cost estimate write to Mrs. Cora W. Wilson, 420 Madison Avenue, New York City, and be sure to enclose the clipping from this newspaper.

Soak Your Clothes in Super-Suds and Gas-heated Water

GIVE your laundry a good soak—that's the modern prescription for ending wash day before ten o'clock. Suds are instant with Super-Suds and Gas-heated Water; clothes actually soak themselves clean.

SALE NOW

Keeping house need not be hard work. Cleanliness does not have to be associated with backaches, straining muscles and tired feet. RUUD-AUTO-HOT will do the hard work by supplying instant hot water that will make every cleaning operation from two to twenty times easier and faster.

New models at the Cleanliness Store. Come and turn the faucet; let us tell you about this most extraordinary sale.

Building Active
Around Levelland

LEVELLAND, June 3.—Building continues unabated, the majority of new structures being residences. A \$50,000 bond election has been called for Saturday, June 15. The money will be used in the erection of a new school. Levelland has two commodious schools, but its scholars are growing so rapidly a third has been found necessary. A two-story brick veneer apartment house is being erected at a cost of \$12,500. The Methodists are building a parsonage that will cost \$4,000. Brick buildings representing expenditures of over \$15,000 are going up on the square. Judge Barnhart recently bought the lot next to his hotel and will erect in the near future a three-story fireproof hotel. The residence section is growing rapidly.

There are at present five houses under construction and many planned for immediate erection. Buford Baggett will build on East Austin street when the plans are finished. C. Day is planning a new home in the Morningside Addition. J. D. White of the Wallace Theater will build his new home this week.

Building permits have passed the \$100,000 mark. It is hoped they will reach \$250,000 by fall.

Monday's Market
Marked by Grain
Price Advances

PORT COVERINGS IN FARM
Implement, Mail Order
Issues Cause Advances
Throughout List

By CLAUDE A. JACGER
Associated Press Financial Writer

NEW YORK, June 3. (AP)—A
recovery of the grain mar-
ket for short covering in the
market and mail order is-
sues stimulated a brisk re-
sponse of operations for the
week throughout the list.

Call Money Tightens
Tightening of call money was
evident in the return of the
10 day payment checks to the
collection and it was feared that
it may make for further strain-
ing during the next few days.

The New York stock exchange
advanced after the close that total
volume was 1,350,000 shares, a
decrease of 109,000 from
470,000 from April 30.

Credit Less Stringent
Although the recent improvement
in money rates has been in-
terpreted as indicating rather less
stringent credit conditions in June
in the forecast before the stock
market decline, the New York
Federal Reserve bank indicated
disappointment over the stock
market, stating that the recent ease
in money appears to be the re-
sult of a flow of funds to this
country from other federal reserve
districts, causing an increase in mem-
ber bank borrowings in those dis-
tricts. "It does not reflect any gen-
eral easing of the situation," the
bank declares.

Reports Are Satisfactory
Contributory factor in influenc-
ing the market was another asser-
tion of satisfactory earnings and
dividend sales reports. Montgomery
and Sears-Roebuck reported
sales about 25 and 30 per cent
respectively above May, 1928.

Grain Values Are
Sent Skyward In
Monday's Market

CHICAGO, June 3. (AP)—Reports
that \$100,000,000 Federal Govern-
ment money is about to be directed
immediately toward the purchase
of surplus wheat sent grain values
flying skyward today. Amid tumul-
tuous bidding, wheat gained nearly
9c a bushel and although subse-
quently fluctuating held about two
thirds of the advance. Rye, corn and
oats scored extreme jumps varying
from 3 1/2 to 6c a bushel.

Wheat closed at 5 3/8 to 6 1/8c up.
Corn closed 3 7/8 to 4 3/8c up, oats
1 3/8 to 1 3/4c advanced, and pro-
cessors unchanged to a rise of 1/2c.

Run-A-Way In Progress
At the opening of business it be-
came apparent that a run-a-way
market was in progress. Excited
traders were frantically trying to
get quick ownership at as much as
5c above the price obtainable only
a few feet away if the confusion
prevailing would have permitted.

Estimates Cause Advance
Unofficial monthly crop estimates
issued today contained various fea-
tures which ordinarily would tend
to bring about lower prices. But so
far as they reflected policy they
were constructed as helpful to an
advance. The principal stimulating
feature was that the average of the
estimates, although pointing to a
likelihood of 33,000,000 bushel larger
domestic winter wheat crop than
a year ago, was more than counter-
balanced by a prospect of 72,000,000
bushel decrease in United States
spring wheat yield. Further un-
settling was caused by the un-
settling of the harvest region
southwest caused also on the side
of higher prices.

PORT WORTH LIVESTOCK
PORT WORTH, June 3. (AP)—All
classes of cattle sold to a fairly ac-
tive demand with values in line with
last week's close. The supply was
very light.

Hogs sold mostly ten cents higher
with slaughter steep steady.
About 13 loads of slaughter steers
ranged from fair grade steers at
2.75 to two year old fed steers at
14.00. The bulk of sales were from
10.00 to 10.75 with some warmed up
cattle at 11.25; weighty bulls at 8.75
and common light bulls from 6.50 to
7.00. Cows up to 9.50 and individ-
uals at 10.25 with other cows from
8.75 to 9.50. Most canners and cul-
ters cleared from 5.00 to 6.25.

Such stocker cattle as offered sold
fully steady with some stocker heif-
ers calves at 11.25 and some stocker
yearling steers at 12.25.

Hogs mostly ten cents higher with
the best rail butchers at 10.75 and
the truck top at 10.50.

Demand Promotes
Higher Price In
New York Cotton

NEW YORK, June 3. (AP)—Cotton
was higher today on buying by
western and Wall Street interests,
together with some trade and com-
mission house demand promoted by
the firmer ruling of grains and
stocks and some nervousness over
the weather. After selling up to
18.52, October reacted to 18.40 but
later advanced to 18.58 and closed
at 18.55. The close was steady at net
advances of 31 to 38 points. The
opening saw a decline of 1 point on
July, but generally 3 to 8 points
higher in response to relatively firm
Liverpool cables.

The continued firmness of grain
and the better ruling of the stock
market seemed to bring in some
fresh buying during the afternoon
and the highest prices of the day
were reached. July sold up to 18.43
and December to 18.74.

The close was a point or two off
from the best for some months.
Spot sales reported in Liverpool
amounted to 15,000 bales including
12,000 American. Exports today 10-
158, bales making 7,696,357 so far
this season.

Poultry Interest
On Increase Says
Hatcheryman Here

The interest in the poultry indus-
try on the South Plains is contin-
ually increasing, according to R. E.
Swain, who maintains a feed and
hatchery at 810 Main Street.

Proof of this is evidenced in the
fact that Mr. Swain has already
shipped more than ten thousand
baby chicks to farmers and poultry
fanciers over the section since the
first of the year. Not only have
the chicks gone to farmers of this
section but to other sections also.

Two giant incubators having a
total capacity of 142,000 eggs are be-
ing operated by Mr. Swain to sup-
ply the demands.

GRAIN BOOKS
CLOSED HERE

LOCAL EXCHANGE HAS
GOOD RECORD FOR
PAST YEAR

With a record of 3,045 inspections
during eleven months, the Lubbock
grain exchange closed out its books
for the year on May 31, in order
to be ready for the busy season in
June. R. R. Stuard, inspector, an-
nounced today that the total shows 2-
510 receipts and 335 shipments.

Thus far in 1929, the inspections
have been going good. Mr. Stuard
said, and with the wheat harvest
only two or three weeks away, the
exchange is getting ready for an-
other busy season of business. A to-
tal of 1,600 cars have been trans-
acted since January 1, 1929, being re-
ceipts and 342 shipments.

Remarkable, Says Stuard
"Such a large number of inspec-
tions for the first year and a short
year at that, is indeed remarkable,"
Mr. Stuard said. "When I came out
here, I thought that if we got 2,400
inspections for the first year that
would be extra good."

A protein testing laboratory, a
branch of the Texas Testing Labo-
ratory of Dallas is being installed
adjacent to the grain inspection ex-
change and not only grain dealers,
elevators, but farmers and anyone
who has grain that they want test-
ed may get official tests on the
grade and protein quality.

Sam H. Weaver is president of
the exchange. W. H. Wright is vice
president and E. E. Cone secretary-
treasurer. Directors include H. W.
Stanton, J. D. Quick, Claude Tatum
and Kenneth Kimbro.

TAHOKA GIRL GRADUATES AT
TECH WITH HONORS
Miss Floyd Anglin of Tahoka re-
ceived her B. S. degree at the Texas
Technological college Monday when
eighty other graduates received
their diplomas.

It was announced that Miss Floyd
had made the highest average in
the Home Economics department for
the four years she has been in the
institution. She has been an assist-
ant in this department during the
past two years. She expects to teach
next year.

Mr. and Mrs. W. S. Anglin and
daughter, Miss Hazel and Miss Rose
Mary Nelms attended the com-
mencement exercises Sunday and
Monday.

THREE LOCAL GIRLS TO GRAD-
UATE FROM CANYON
Three members of the graduating
class of the West Texas State Teachers'
College are Tahoka daughters.
They are Misses Montie Draper,
Marile Lowe and Lois Goodrich.

These young women had been
very active in campus activities.
Miss Lowe has served this year as
student assistant in the geography
department by which she has made
her own expenses. Miss Goodrich
has also made her expenses, and has
found time to take an active part in
the Seaside Society, the Debate
Club, and the Dramatic Club. Miss
Draper has been prominent in the
activities of the public speaking de-
partment, taking part in many plays
both as director and actor. She
has also been a member of the
Elphinstone Literary Society, the Fe-
deration Council, of which she has
been secretary, the Y. W. C. A.,
Dramatic Club and Type-High.

ANOTHER BUILDING TO GO UP

Hall Robinson is preparing to
construct another brick building on
the west side of the square, filling
the gap between the variety store
and Strick's barber shop. It is to
be 25 by 75 feet, with a beautiful
face brick front.

The contract for the building has
not yet been let but will be let very
soon as Mr. Robinson is under con-
tract to have the building completed
and ready for occupancy within sixty
days.

It will be occupied by the "S-System,
which is preparing to establish a

Bank Department
Of Savings Shows
Steady Increase

The savings department at the
first National bank, established for
those who wish to earn on accum-
ulations, is showing a steady growth
according to officials. The depart-
ment offers four per cent on sav-
ings.

Deposits at the bank are greater
now than at almost any similar
period in the bank's history, an ex-
cellent criterion of the prosperity
of Lubbock and the South Plains.
Officials are looking forward to
the greatest crop season in the sec-
tion's history, thereby making bank
deposits greater.

Curb Service Is
Feature of Trow

Summer months demand curb
service on soft drinks and the Trow
Drug company, 1605 1-2 Broadway,
specializes on this courtesy feature
to their customers. Sunday, the
store was a mecca of thirsty mot-
orists who took advantage of this
ready service.

Sandwiches and summer drinks
are now being offered as special-
ties by the store.

Seat Covers Time
Is Now Under Way

Now that summer is on and the
call of the open road echoes from
almost every point, it is time to buy
those seat covers for your automo-
bile, according to the Lubbock
Body and Fender works, 1009 Ave.
H, who are making this service a
specialty during the next few weeks.

Complete cover sets for any size
make and model automobile can be
made by the company. Prices are
nominal.

MANY CARS REGISTERED
Evidence that Lubbock county is
enjoying its greatest prosperity is
given in the automobile records in
the office of County Tax Collector
A. J. Clark, a fair criterion of sta-
tus of business.

During the month of May, a total
of 191 new automobiles were regis-
tered in the county. Up until 10
o'clock this morning, three new cars
had been registered today.
