Big Narcotic Ring Smashed, Scores Held

NEW YORK (AP) — A giant international narcotics smuggling and distribution ring was reported smashed today with the opening in federal court of a sealed indictment naming 46 defendants and 16 coconspirators.

A roundup of scores of persons in the New York City area already had been reported.

Head of the gigantic operation was Harry Stromberg, 54, who was the ring's "over-all director" for more than 25 years, according to a government spokesman.

The dope syndicate imported heroin, cocaine and opium from France and other countries, and on at least one occasion it smuggled in about 50 pounds of pure heroin valued on the illicit market at $3,500,000, according to U. S. Atty. Paul W. Williams.

The indictment was returned Aug. 28, sealed and opened today in the chambers of U. S. Dist. Judge Edward Weinfeld.

The ring used many "underhanded" methods in its operations and an untold number of customs inspectors were "corrupted" by it, in agreeing to facilitate the smuggling of narcotics through New York, Williams declared.

Those inspectors have since been discharged, he added. They were not identified.

The huge ring diluted, distributed and sold the narcotics at fantastic prices, after the dope's arrival here, Williams said.

He added that the narcotics were distributed in New York, Washington, D. C., Illinois, Ohio, Michigan, Pennsylvania, California, Massachusetts and other places.

So far, nine of those indicted have been taken into custody, Williams said. Stromberg, the alleged kingpin, whose alias was given as Nig Rosen, has not yet been apprehended.

Williams said seven arrested in New York were Herman Samnick, Benjamin Danis, Tommy Akel, Anthony Mirra, Nicholas Lessa, Octavio Fuggetta and George Baker.

The attorney said Thomas Greenberg was arrested in Baltimore and Cornelius Parker in Washington, D. C.

Stromberg was said to be a native of Russia who came to this country in 1906.

SPOT MUSE

THE WEATHER can still be a factor in Scurry County's farm production this year, and just what type of weather would be best is a matter of specualtion. County Agent Oscar Fowler says a rain now would help some crops, but might damage others. Late feed and some cotton could use more moisture, he reasons, but rain now might cause some cotton to throw off fruit. It is unanimously agreed, however, that a late frost would benefit all cotton farmers.

BAYLOR UNIVERSITY is another of the colleges and universities, it is reported, which are considering placing a ceiling on the number of students they can handle. Such actions as these, which have come because of the increasing number of students going to college today, have been a part of what has stimulated recent moves toward establishing a junior college here. More students in the state attending junior colleges during their first two years of college would mean relief to the larger schools, all of which are becoming overcrowded.

THERE'LL BE TOMATOES on the dinner table at the Franklin Pruitt home here. They recently found a tomato plant which came up volunteer between the porch and the house. The plant was loaded with about 100 tomatoes.

SACROC Man Hurt In Accident Today

L. E. Newton, a chemical engineer for the SACROC unit here, was seriously injured late this morning in an oilfield accident.

Reports were that Newton was seriously but not critically injured. He suffered a broken jaw and other injuries. He was in surgery shortly after noon today at Cogdell Memorial Hospital, where he was taken by Bolger ambulance.

Newton was struck by a "bull plug" while working on the Collins lease near SACROC 2, unofficial reports indicated.

GOVERNOR ORDERS OUT TROOPS—Gov. Orval Faubus, in a televised speech ordered Arkansas National Guard units to maintain what he called "peace and order" at Central High School in Little Rock. His action delayed compliance with a federal court order directing the school to integrate. (AP Wirephoto)

Guard Holds Back Negroes

LITTLE ROCK, Ark. (AP)—National Guardsmen called out by Gov. Orval Faubus today forcibly prevented integration of Central High School and Faubus insisted at a news conference later that he is not defying a federal court order.

The soldiers turned back nine Negro students who tried to enroll at the 2,000-pupil all-white school.

The troops controlled a disorderly crowd which jeered the Negroes, who were led by a well-dressed unidentified white man.

Faubus maintained that his only purpose in calling out 250 white guardsmen Monday night was to "maintain peace and order."

Referring to a decision by Federal Judge Ronald Davies last night ordering the Little Rock school board to "proceed forthwith with integration" despite the presence of troops around the school, Faubus said today:

"The governor of the state is the preserver of peace, not a federal judge."

Asked why local and state police could not deal with violence, if it occurred, Faubus said, that "it is better to preserve peace than to quell disorders."

An aide said Faubus had received about 500 telegrams since his mobilization of troops. More than 98 per cent favored the move, the governor's aide said.

Faubus said at his news conference that Negroes were stopped this morning under his orders.

The off-again, on-again integration was an uncertain issue as classes began today.

The state branch of the National Assn. for the Advancement of Colored People, after learning that the school board had given the green light to Negro students again last night, announced some would try to enroll.

A crowd of some 300 whites milled about in front of the school shouting such phrases as "Nigger go back where you belong" but the whites made no attempt to harm the Negroes.

Maj. Gen. Sherman T. Clinger, Arkansas adjutant general, said the guardsmen, all whites, were acting on the governor's orders.

"Gov. Faubus has declared Central High off limits to Negroes," Clinger told newsmen.

An unaccompanied 15-year-old Negro girl made the first attempt to cross a line of about 200 soldiers standing shoulder to shoulder. As she repeatedly attempted to pass through the formation, an armed guardsman stepped forward and silently turned her back.

She was followed a few minutes later by a Negro boy, also 15, who walked up to the guardsmen but made no attempt to pass.

The Negroes were led by a well-dressed white man, who could not immediately be identified.

The crowd of whites, which doubled in size almost at the instant the Negro girl appeared, was noisy and abusive in its language compared to the quiet, orderly crowd of 500 which gathered in front of the high school yesterday.

Faubus has maintained that the National Guard was not called out Monday night to maintain segregation at the school but only to keep "peace and order."

However, the Little Rock School Board interpreted the move as a block to integration and temporarily called off its federal court-approved gradual desegregation plan which had been scheduled to become effective with school opening yesterday.

Last night, Federal Judge Ronald Davies for the second time since Friday directed the board to proceed with integration at Central High.

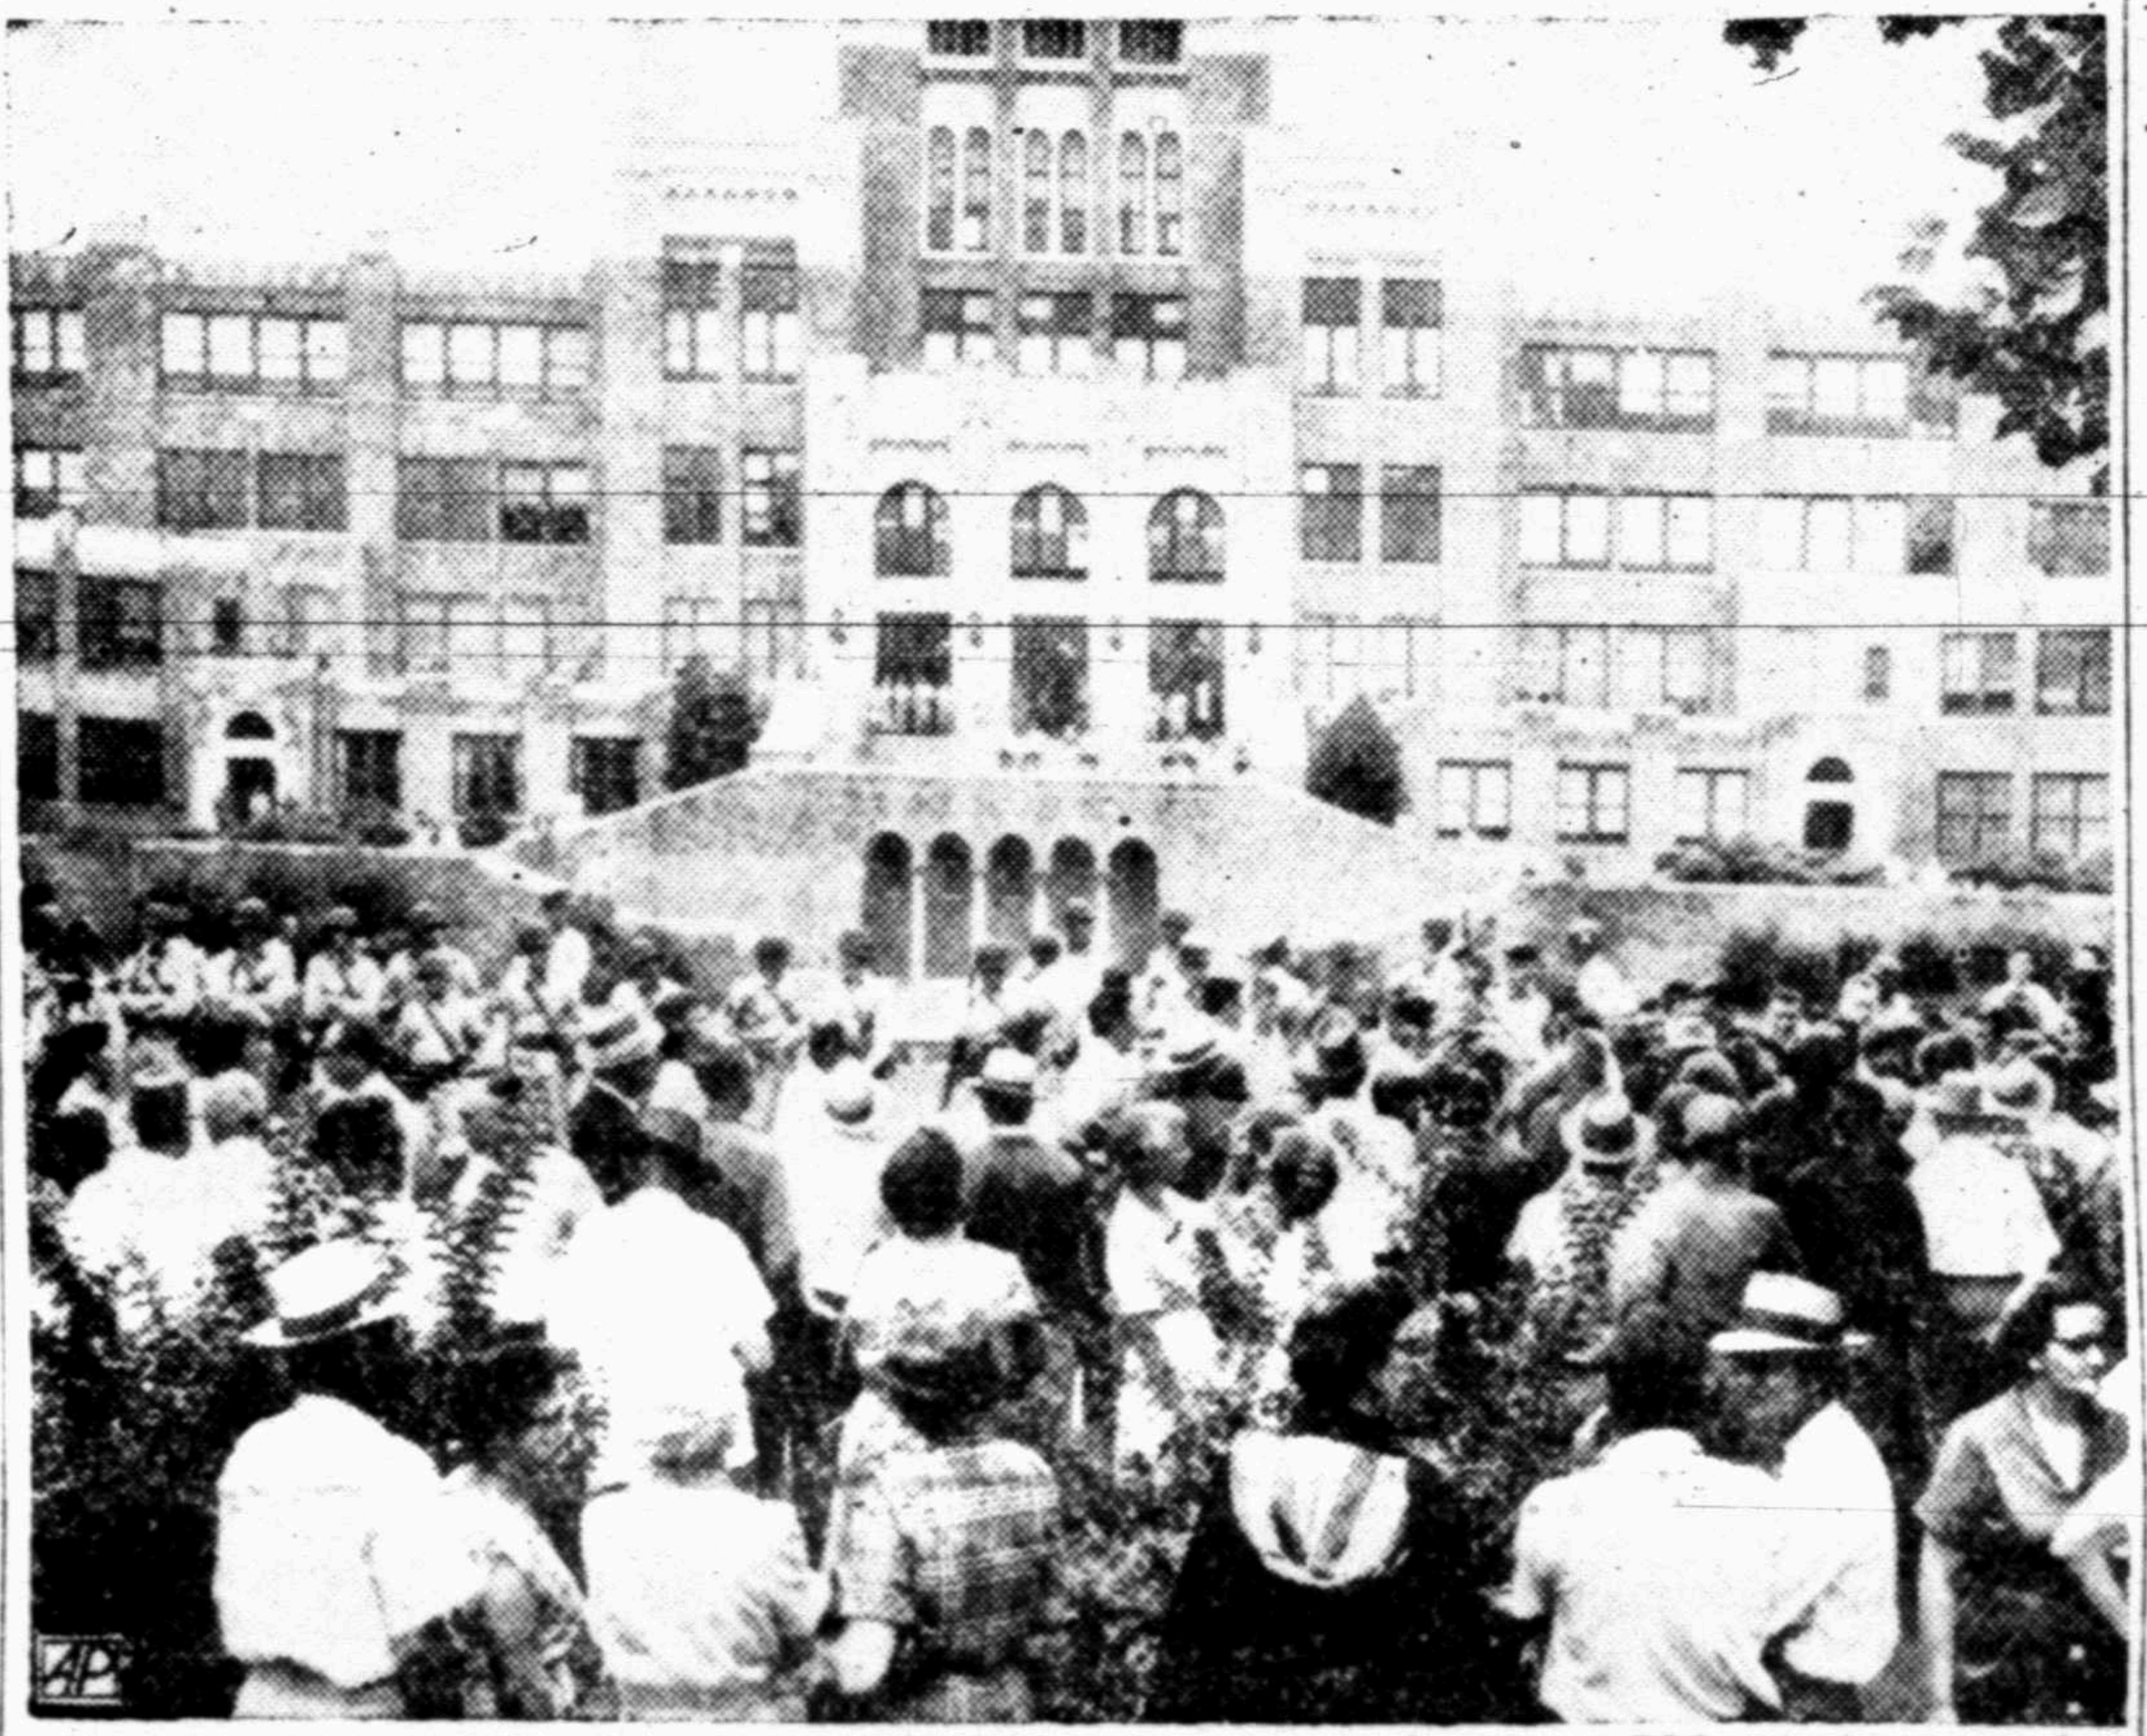
The Negro girl, who identified herself as Elizabeth Echford, was engulfed by whites as she attempted to pass through the guardsmen. They shouted "Nigger go back where you belong" and "Nigger go back to Africa." One muttered, "let her go, she's being paid for it."

There were no attempts to harm the Negro girl.

Moments later a Negro boy, who said he was Terrance Roberts, 15, walked up to the guardsmen and stood quietly, making no attempt to pass.

A white youth lunged at him and a guardsman reacted quickly. The soldier grabbed the white youth, searched him for weapons and thrust him back into the milling crowd.

Farther down the line, seven Negro students accompanied by a few Negro adults, asked a National Guard officer to allow them in the school. Passage was again denied.



CROWD ASSEMBLES AT HIGH SCHOOL—A crowd of about 500 students and adults gather in front of Little Rock Central High School even though it had been announced there would be no integration. Arkansas National Guardsmen watched every entrance of the school. Defying a federal court order, Gov. Orval Fabus ordered National Guardsmen to the school to halt its integration.

STATE POUNDED

Rain Almost Skips Snyder

Showers which dotted many areas of West Texas virtually skipped Snyder yesterday.

Towering thunderheads produced only a brief drizzle, not enough to register on the official guage.

However, the sprinkle probably helped to bring some relief rom high temperatures. The mercury dipped to a low reading of 62 degrees last night, following a maximum reading of 100 degrees during the day. More warm weather was in prospect for the area today, however, and chances for rainfall around Snyder appeared slim.

By The Associated Press

More scattered thundershowers were in prospect Wednesday over all of Texas, but forecasts indicated they would be less severe than storms pounding some areas the day and night before.

A squall line which kicked off most of the brief storms moved out into the Gulf of Mexico after causing at least one death during a 3.33-inch downpour at Houston.

Lighter damage but no loss of life was reported as general rains drenched the San Angelo sector in West Texas, ranging up to 3.2 inches at Garden City and near Nolan south of Sweetwater.

Property loss was placed at $20,000 from winds reaching an estimated 75 m.p.h. at Eldorado, 45 miles south of San Angelo, in an hour-long storm Tuesday night. Communications were temporarily crippled and a vacant house was demolished. Eldorado recorded 2.7 inches of rain.

The wind felled a number of trees and damaged roofs in San Angelo, where rainfall varied from an official .50 inch to a reported 1.10 inches downtown. There also was light hail.

Two Local Girls Hurt In Accident

Two girls were struck by an automobile about 7 o'clock last night at Thirty-seventh Street and Avenue M, and one was hospitalized with injuries.

Most seriously injured was Yvone Sanders, 9, 3407 Avenue J.

The other pedestrian victim was Ester Lee Gift, 19, of hte same address.

Earl Abercrombie, sheriff, who investigated, said that the car involved was driven by R. B. Vanvier, 2100 Thirty-seventh Street.

Vandiver took the victims to Battenfield-Jones Hospital Clinic in his car.

The younger girl was hospitalized with bruises and is being checked for a possible internal injury, the attending physician said.

The older girl was checked and released from the hospital. She received a sprained ankle.

Abercrombie said the two girls and two other girls, Karen Sue Gilt and Diana Elsie Sanders, were all crossing Thirty-seventh Street en route to the park across the street when the accident happened. A car was crossing about the same time, and apparently the children were hidden from view of the driver by the crossing car.

AFTER FIGHT

'Crip' Is Back In Jail

Luther (Crip) Tucker, south Avenue M, gained permission to attend his mother's funeral yesterday but lost it when he got into a cutting scrape

Tucker, 45, has been in the county jail since March 1 serving out fines totaling $1,123.50 in bootlegging cases.

He learned yesterday by telegram that his mother died in Illinois. Several officials, after discussing the matter, decided Tucker should be released from the jail long enough to attend the funeral.

While awaiting the bus, however, Tucker was in the "flats" on south Avenue M and got into a fight with an old girlfriend and was stabbed twice, but he was not injured seriously. No charges were filed but Tucker was put back into jail after treatment.

Big Gains Made By Schools

The Snyder schools have picked up almost 150 students since yesterday in new registrations and were still gaining by noon today.

The high school recorded the biggest gain since yesterday. By noon today, the count was 850 students at the high school, compared to 780 by noon yesterday, an increase of 70.

North Elementary School also saw a big gain since yesterday. By this morning, there were 301 students at North, compared to 285 yesterday.

At West Elementary School, the largest elementary in the city, the count remained at 785, the same as yesterday but 35 over original estimates for that school.

Northeast Elementary School gained nine students since yesterday and now has 297 registered.

East Elementary picked up four more students for a total of 454.

At Central, there was a gain of 29 students, the biggest elementary school gain since yesterday. Now registered at Central is a total of 525 students.

The junior high school had a total of 736 students today, five more than yesterday.

In the elementary schools as a whole, there are now 2,362 students registered.

Registered in all the schools so far, with exception of Lincoln School, on which figures were not available today, are 3,748 students.

Wills Case Being Tried

Testimony got underway this morning in the district court case involving the estate of Mrs. Maude Donaldson, deceased.

The case involves four wills and a fifth party claiming that none of the four wills are valid.

Parties include Mr. and Mrs. John Hulls of Amarillo, represented by J. Ray Martin of Snyder; Billy Donaldson, represented by the Lubbock firm of Klett, Bean & Evans and Wayland Holt of Snyder; Claude Donaldson, represented by James Rosser of Snyder and Callaway Huffaker of Tahoka; and Phillip Fisher and Grady Moore, both of Snyder, and Mildred Alldredge of Lynn County, represented by Frank Sentell of Snyder and Truett Smith of Tahoka.

Judge Sterling Williams is presiding.

The jury, chosen late yesterday after lengthy questioning, is composed of T. R. DeShan, J. D. West, Jack Sparks, Fred Kiser, Everett Clarkson, Grady Erwin, Carl Voss, Jr., Sam Head, L. T. Allen, Olan Griffith, A. J. Jones, and Mrs. J. C. Massingill.

Buying Controls

WASHINGTON (AP)— Sen. O'Mahoney (D-Wyo) proposed today that installment buying controls be revived as an antidote to inflation.

President And Wife Start On Vacation

WASHINGTON (AP) — President and Mrs. Eisenhower, vacation-bound for Newport, R. I., took off today.

Accompanying them to the airport were three of their four grandchildren, David, Barbara Anne and Susan.

Eisenhower was togged out in brown, from hat to shoes, except for a white shirt. Mrs. Eisenhower, still looking a bit peaked after an operation and stay in the hospital, was wearing a white figured black suit with black and white accessories.

The flight, to Quonset Point Naval Air Station across Narragansett Bay from Newport, was expected to take about 90 minutes.

Merchants Committee To Meet Here Today

The merchants committee of the Chamber of Commerce was to meet at 2:30 p.m. today.

The committee, headed by Gene Thompson, was to discuss plans for a special mid-month sales promotion day.

Bombs May Set Off Earthquake

By ALTON L. BLAKESLEE
AP Science Reporter

TORONTO (AP) — Atom bombs will someday be exploded underground to make earthquakes, an Australian scientist predicts.

It will be done just for science and peaceful knowledge, he said. Shock waves from the bombs can help solve mysteries of what the insides of the earth are like from its thin upper crust down toward its metallic heart.

The prediction comes from Prof. K. E. Bullen, seismologist of the University of Sydney. He says earthquake specialists two years ago asked Washington, Moscow and London for up to four A-bombs for just such use.

Bullen, addressing the International Union of Geodesy and Geophysics, wouldn't disclose the replies. But he said such planned explosions must come sooner or later to advance scientific knowledge.

Some A-bomb and H-bomb tests have incidentally given scientists new insights into the earth's interior makeup, he reported.

Bullen said shock waves from British bomb tests in Australia last year had supplied indirect evidence that the inner core is solid metal. The same waves indicated a thickness of 20 miles for the upper layer of the earth in Australia.

From shock waves recorded from Nevada bomb tests in 1951, Prof. Beno Gutenberg of the California Institute of Technology figured the outer layer of the earth in that area was 20 to 25 miles thick.

WEATHER

SNYDER TEMPERATURES: High Tuesday, 100 degrees; low, 62 degrees; reading at 7:30 a.m. today, 75 degrees.

East and South Central Texas—Partly cloudy through Thursday with widely scattered thundershowers. Not much change in temperatures.

North Central Texas — Partly cloudy through Thursday with a few isolated thundershowers. Not much change in temperatures.

West Texas—Clear to partly cloudy through Thursday with a few isolated thundershowers, mainly Pecos Valley eastward. Not much change in temperatures.

POSTAL RECEIPTS HIGH

Postal receipts in Snyder for the eight months so far of 1957 are still leading those of last year or any previous year and still appear heading for a new record.

By the end of August, receipts so far this year total $80,439.43, or almost $500 ahead of those for the same period last year, which was a record year.

Last year's receipts for the same period totaled $79,985.03, while they were $76,358.92 for that period in 1955 and $73,955.62 in 1954.

August receipts totaled $9,132.12, according to Dawson Moreland, postmaster. That is not a record for the month, but it is near the record of $9,260.07 set last August and highest for that month for any year except 1956.

Tickets Sold For Banquet

Businessmen in Snyder are being contacted by the Chamber of Commerce today in connection with ticket sales for the annual businessman-teacher banquet, which will be held next Monday night.

The tickets are $2, and businessmen are purchasing their own tickets and those for teachers. Persons who wish to reserve tickets have been asked to call the chamber office between now and Monday.

Speaker for the banquet will be Clayton Rand, newspaperman of Gulfport, Miss.

Wayland Holt, district attorney, will be master of ceremonies. Invocation will be by the Rev. R. Charles Spivey, pastor of the First Presbyterian Church, while Dr. Wilton Jones, chamber president, will present the welcome to the teachers. Entertainment will be furnished by Bob Clinton, school choral music director. Dr. Cecil Yarbrough, superintendent of schools, will introduce the speaker.

Fort Worth Cafe Owner Is Killed

FORT WORTH (AP)—Grand jurors apparently will have to decide whether Mrs. Maxine Beech, 32, must stand trial for the killing of her husband, Andrew Beech, 50, cafe owner here.

She was being questioned by the district attorney's staff today.

Beech was shot to death in the couple's home early last night. Mrs. Beech admitted firing the single pistol slug that hit her husband beneath the heart. She said her husband had beaten her virtually every day of their 7-year marriage.

Soviets Say Arms Plans Unacceptable

LONDON (AP)—Russia made it plain again at the U. N. disarmament conference today that the West's package plan for ending the world arms race is unacceptable.

The Soviet delegate, Valerian Zorin, accused the Western powers of obstructing agreement on his proposal for an immediate end to test-firing of atomic and hydrogen weapons.

In a statement to the five-power subcommittee of the U. S. Disarmament Commission, Zorin said he had already quite clearly expressed the attitude of his government on the main terms of the West's wide-ranging package plan for a limited first-stage disarmament treaty.

AFTER THREE YEARS

Girl Is Reunited With Mother

HOUSTON (AP)—Linda McCarty, 7, walked into her grandfather's grocery in Conroe—and into the arms of the mother she has not seen for three years.

"It's my mamma!" exclaimed Linda, who ran to Mrs. Nellie McCarty, who disappeared three years ago.

[illegible] the tearful, joyous reunion, Linda leaned back and smiled. "Mamma, you're the prettiest mother in the world," she cried. Mrs. McCarty hugged her daughter.

Three years ago, the young mother, newly divorced, left the Houston home where she was living with a sister, and vanished. She left Linda and two smaller children, Larry and Judy, behind.

She tried to explain her action. "I was ill, and emotionally upset," she said. "I had no place to take my children, and no adequate way to provide for them.

"I thought it would be better if I just disappeared. I knew they would be cared for by their father's people."

They were. Linda went to live with her grandparents, Mr. and Mrs. L. C. McCarty Sr., in Conroe. Larry and Judy went to live with an aunt in Bay City.

Mrs. McCarty took another job, but continued to live in Houston. Her former husband married again and now lives in Corpus Christi.

Linda could not forget her mother. Last week, she wrote to the Houston Chronicle, asking a reporter to "please find my mother and tell her to come and see me."

The Chronicle did just that. Mrs. McCarty saw a story in Sunday's edition.

"I glanced at the paper, then I looked again and cried," she said. "My children have never left my mind. I don't know why I left them, but I never will again."

She left for Bay City today to see her other children, taking happy Linda with her. Before she left, Linda phoned the Chronicle.

"This is Linda," she said. "Thank you for finding my mother."

Chamber Board Will Meet Tomorrow Night

The board of directors of the Chamber of Commerce is to hold its monthly meeting at 7 p.m. tomorrow at the Village Restaurant.

The board, headed by Dr. Wilton Jones, president, will hear monthly committee reports.

SHERMAN (AP) — Lt. William Simpson, 23, of Dyersburg, Tenn., was killed last night when his F86D interceptor plane crashed just north of Perrin Air Force Base. He was on a radar training flight.

Judge Postpones Trial For Cage

DALLAS (AP)—Judge Frank Wilson postponed the embezzlement trial of promoter BenJack Cage today so Cage can prepare a defense and appear before Dallas and Austin probers.

Cage, former head of the collapsed ICT Insurance Co., has been indicted on charges of embezzling $600,000 from companies he managed.

His attorney, M. R. Irion, told Wilson that Cage would need at least a month to prepare a defense. Irion said documents bearing on the case are widely scattered.

He also said that appearances before several investigating bodies will slow down defense preparation.

Cage appeared briefly in court, smiling and waving to acquaintances.

Wilson did not name a specific date for the trial.

Cage was to return to the Dallas County grand jury hearing room this afternoon. He testified four hours yesterday.

Also wanting to talk officially with Cage are the Postal Department, the Securities and Exchange Commission, and the liquidator for ICT Insurance Co.

OIL ROUNDUP

Broden Venture Shows On Test

Tidewater Oil Co. No. 1-B Clayton and Johnson, Borden County project two miles east of the Jo-Mill Spraberry pool, was testing through perforations at 8,212-22 feet. During a 24-hour pumping test it had yielded three barrels of oil, plus 90 per cent water. The well is located in section 9, block 32, T1N, T&P survey.

GARZA COUNTY

Humble No. 2 J. B. Slaughter Estate produced 158 barrels of oil, plus 38 per cent water, during a 96-hour test through perforations at 8,770-801 feet in the Mississippian. The location is in section 4, block 30, [illegible] TW&GN survey.

KENT COUNTY

W. M. and A. P. Fuller No. 1-7 Percy Jones pumped 75 barrels of oil, plus 50 per cent water from the Strawn lime at 6,799-814 feet. The recovery came during a 44-hour pumping test, and testing continued. The well is located in section 82, block G, W&NW survey.

FISHER COUNTY

Skelly Oil Co. No. 4 Pike Hall has been completed in the Eskota Noodle Creek Field. It was reentered after having been plugged at 4,833 feet in 1950. It produced a daily potential of 41.21 barrels of 39 gravity oil and 91 per cent water, pumping through perforations at 2,604-608 feet. The location is in the G. W. Peck Survey No. 284.

AT OPTIMIST LUNCHEON

Grid Prospects Outlined Here

"We should be better offensively but weaker defensively than last year," Tiger coach John Conlay told the Snyder Optimist Club in yesterday's weekly luncheon at the Trinity Methodist Church.

Conley and his two assistants, line coach Hal Battle and Backfield coach Horrace Bostick, addressed the Optimists in regard to the 1957 Tiger prospects.

Bostick gave a complete rundown of the backfield candidates and reported that the Tigers are deeper in backs this year than they've been in several years.

"Most of our backs are of equal ability and we probably won't know who will be in the starting lineup until the first game (with Borger Sept. 13) arrives," Bostick told the Optimists.

Battle said the Tigers will have more weight in the line this season than the Tigers have had in several years but that they will be much "slower" than last year's team.

"We have several boys who can hit hard if they get to the ball carrier," Battle said.

Battle pointed out that tackle Bill Phillips is the only returning regular in the Tiger ranks.

Conley, in summing up the prospects, said the Tigers may not get off to a very good start because of inexperience but then added that his charges will give a good account of themselves, especially after the second or third game.

"We don't know how these boys up from the B teams will react before large crowds," Conley said. "The B games usually attract only a handful of fans but the varsity games average around 5,000 per game and this is quite a jump for the boys to make," Conley continued.

"I hesitate to compare this year's team with last but I do believe we'll be better offensively this season and weaker on defense," the Tiger head coach concluded.

Bond Being Made On Felony Charge

A. Miller of Snyder and San Antonio was in the process of making bond late this morning on a charge of felony swindle by worthless check.

His bond is $1,000. Miller was indicted by grand jury in July.

He was returned here during the weekend by Sheriff Earl Abercrombie after being arrested in San Antonio on the Scurry warrant.

Ira Youth Enlists For Three Years

Vernon Lindsey, 17, of Ira, yesterday enlisted in the Regular Army for a period of three years.

Lindsey was to leave here today for Fort Carson, Colo., where he will take basic Army training. His enlistment was for direct assignment to the Military Police Corps.

Sfc. James Boone, head of the area recruiting office here, said Lindsey will go to Camp Gordon, Ga., after his basic training and will take MP training.

Lindsey is the first Army enlistee here for September. During August the Snyder area Army recruiting office had 19 enlistees, 10 of them from Scurry County, four from Mitchell, two from Nolan, and the rest from out of the area.

It is believed that 19 is a record number of enlistees for one month during peacetime in this recruiting area.

Lindsey is the son of Mr. and Mrs. Ralph Lindsey of Ira. He attended Ira High School and last year was manager of the football team there.

WOMEN

DATE DATA

By BEVERLY BRANDOW

By BEVERLY BRANDOW

Dear Miss Brandow:

I have been going steady for nine months until three weeks ago. I still have my ex-steady's ring and his picture is on my dressing-table. What should I do with them? Should I phone him? He is going with another girl now. Should I date, too?

Cynthia

You could hold his ring until he asks for it, but the nice thing to do would be to put it in a box and mail it to him. You needn't write a word.

As for the picture, that's your private property and you are not required to return it.

By all means get into the dating swim again. The sooner the better.

Dear Miss Brandow:

I am very much in love with a girl I have dated five months. We see each other almost every night and go to church together on Sunday. We get along wonderfully. I have gone with a lot of girls but I've never liked one even half as much as I like this one. I know I could not love a girl more.

We say we are going to get married in about four years or so. I am fifteen and she is fourteen. Am I too young to be thinking about getting married?

Bill

No, you're not too young to be thinking about marriage, but you are to young to be planning it in the near future.

If you love this girl as much as you say, quit going steady with her. A strange request? Not really. The more you see her and the more you want her, the greater your temptation to defy convention and break the moral bonds of society. You are seeing her entirely too much.

At this rate, you might suddenly to tempted to elope. What a sad situation it is when boys and girls who are not ready or capalbe of adult marriage, rush headlong into it, only to be supported by their parents.

Marriage is an adult relationship that should be entered only if you are capable of earning a living for yourself, a wife and a possible child and if she is capable of running a household fairly well. Education is a vital ingredient in a successful marriage today, for without it what sort of job can you hold and what hope advancement have you?

Don't tempt fate. Keep dating her, but not so often. Date others, too. You have too much education ahead of you to begin going steady now.

Sorority Holds Meeting Tuesday

The local chapter of Beta Sigma Phi met Tuesday night in the home of Mrs. Betty Justice, 401 Thirty-fourth Street.

Eight members and one transfer member, Mrs. Alma Ator, were present for the business meeting.

The fall rush program and meeting dates were discussed. The chapter will meet on the first and third Tuesday nights of each month at 8 o'clock in the homes of members until further notice.

Programs were assigned to the members present.

Punch and cake were served to the group. The next meeting will be in the home of Mrs. Tommie Connor, 300 Thirty-sixth Place.

Plaids Are Prominent In Youthful Fashions

Plaids of all sizes, colors and descriptions are prominent in the fall lineup of youthful fashions. Some are horse-blanket plaids in bold colors, some are small and muted. They are seen in skirts, coats, suits, dresses, shorts and slacks, with many new variations added to the classic and always popular tartans.

The next meeting of the chapter will be a rush party on Sept. 17, with Mrs. Jean Everett as hostess.

Rep. Edith Green Serves Second Term

By JANE EADS

WASHINGTON — Rep. Edith Green (D-Ore), serving her second term in Congress, says women candidates for public office ask no quarter and expect none.

"If anything, their constituents treat women a little rougher than they do the men," the able lawmaker and former teacher explains. "All we do is carefully scrutinized, but our technique for getting things done is no different from a man's. There's no difference in the framework of reference through which we look at our legislative job."

Mrs. Green is the wife of Arthur N. Green, a retired Portland business man. The mother of two sons and a recent grandmother, she was a teacher in the Salem elementary and junior high schools for 14 years. She first became actively interested in politics during the seven years she served as state legislative chairman of the Oregon Congress of Parents and Teachers and as public relations director for the Oregon Education Assn.

In 1952 she was persuaded to run for secretary of state. She was defeated, though she carried her own district, largely the city of Portland. She had better luck in 1954 when she ran for Congress. Her husband helped with the campaign.

"A woman couldn't be in politics without the cooperation and support of her husband and family," she says. Mrs. Green hasn't had much time for homemaking or hobbies during the past 10 years. The family eats most meals out. She's "on the Hill" from 8 or 9 a.m. until 11 p.m. some nights, six days a week. On Sundays she brings her dictaphone machine home to catch up on correspondence. She's also much in demand for speeches in various parts of the country.

"This summer has been especially busy, but I've managed to get in three games of tennis with my husband and son," she said. "I won a letter in tennis at college and occupied first spot on the Salem tennis team."

A marinade for seafood, meat or vegetables is usually made of vinegar (or lemon juice) and salad oil.

P-TA COUNCIL TO MEET THURSDAY

An important meeting of the City Parent-Teachers Association Council will be held Thursday afternoon.

The meeting is set for 1:30 p.m. in the school administration building. All City P-TA Council officers and committee chairmen are being urged to attend.

Two Honored Here At Birthday Dinner

Mrs. Franklin Pruitt and grandfather, B. O. McDow, both of Snyder, were honored with a birthday dinner here Sunday at the home of Mr. and Mrs. Earl McDow.

The two were born 50 years apart.

Out of town guests were Mr. and Mrs. J. H. Trussell and Tommy, Hale Center, and Ray Pruitt, Fort Worth. Afternoon callers were Mrs. Pauline Scribner and Kathy, Mrs. Jeff DeShazo, both of Snyder, and Mrs. Bea Forkner, Odessa.

Hermleigh P-TA Meets

HERMLEIGH — The Hermleigh Parent-Teacher Association held its first session of the 1957-58 school year Monday night in the high school auditorium.

Mrs. R. C. Young, president, headed the meeting, which was opened with a prayer by O. B. Paty, superintendent of schools.

Mrs. Frank Nachlinger, secretary, read minutes of the last meeting, held in May. A treasury report was given by Mrs. O. C. Darden.

Four songs were sung by Viola Roemisch, Patsy Whytt, and Twila Jackson.

Refreshments were served in the school cafeteria.

WHAT'S GOING ON

RAY PRUITT, Fort Forth, visited during the weekend with his brother FRANKLIN PRUITT, and his family at 1109 Twenty-first Street.

MR. AND MRS. R. C. RAINWATER and family, 201 Twenty-fourth Street, entertained guests from Long Island, N. Y., and Albany and Fort Worth, Tex., over the weekend.

* * *

MR. AND MRS. H. A. RANDELL, 203 Twenty-fourth Street, returned Tuesday after three weeks vacation visiting her daughter and son-in-law, LEON COOMBS, in Farmington, N. M., and on a fishing trip in Colorado.

Kenny Riley Is Honored At Party

CANYON — Kenny Riley was honored on his sixth birthday Thursday afternoon with a party given by his mother, Mrs. Margaret Riley, in Towle Memorial Park in Snyder.

Favors were miniature animals and suckers. The birthday cake was topped with a miniature circus.

Cake and ice cream were served to the honor guest, Michael Kerley, Don, Janet Ann, and Skeet Kimbrell; Dean and Kay Boatman, and Norma Clayton.

Mothers helping Mrs. Riley were Mrs. Bruce Kerley and Mrs. Bill Labenske.

Cook pitted dates in orange juice until they are soft and the orange juice is absorbed. Use as a filling for a white cake; cover with chocolate frosting.

If you put medium-sized sweet potatoes into a hot oven, they'll bake in about half an hour.

Grandmother Now Has 133 Grandchildren

CORNWALL, Ont. (AP)—Newly-born Nicole Constantineau is the 124th grandchild for Mrs. Alsime Bazinet. She has nine great-grandchildren.

At 62 years of age Mrs. Bazinet has seen 16 of her 17 children — one died — married and raising families. She says she knows the names of all her descendants, but sometimes forgets their ages. Baby Nicole for instance, is one of 16 children in the family of Mr. and Mrs. Ernest Constantineau here.

Mrs. Bazinet has lived in Cornwall since the death of her husband 10 years ago caused her to give up a farm. She's always ready to help her family in the cases of new arrivals or sickness.

"I help them when I can," she says, "but I never give advice. They must make their own lives."

She cannot understand present-day families of only one or two children.

"A big family is a good thing," she says. "When the baby comes, the bread will come."

The largest family gathering in recent years brought 70 grandchildren together, but Mrs. Bazinet doubts whether the entire family could meet at the same time without hiring a hall.

Add Blueberries

Add a cup of blueberries to a package of lemon chiffon pie filling; mix; garnish with sweetened whipped cream and more berries.

For a party: Pack ice cream into a fancy mold and put in your freezer. Unmold it just as you would a gelatin dessert — by dipping quickly in hot water and then turning out.

WOMEN'S CALENDAR

THURSDAY

Gamma Upsilon Chapter of the E. S. A. will meet Thursday in the home of Mrs. C. U. McDaniel, Jr., 2107 Forty-second Street, at 7:30 p.m.

St. Elizabeth's Altar Society meets at the church, 8 p.m.

Knits Come In Many Popular Variations

Knits are popular for fall in all variations — wool, cotton or silk, in one and two-piece dresses, coats and sweaters. College girls love them, being especially fond of the new cotton knits which are so easy to launder, don't sag and keep their shape after washing.

Mozzarella cheese is now available in many grocery markets. Try this Italian way with it; rub a slice of crusty bread with a clove of garlic; add a slice of Mozzarella and an anchovy fillet and broil until the cheese melts.

Midland Man Lost 25 Pounds With Barcentrate

Dutch Snead, 1102 W. Kentucky, Midland, Texas, wrote us as follows:

"I am happy to endorse Barcentrate. I lost 25 pounds on three bottles. I am now taking it for a tonic, more than as a reducing aid. Usually when I have tried a reducing aid, I have always been tired and run down, but not with Barcentrate. It decreases my appetite, instead of increasing it."

Get Bercentrate from any Texas druggist. If the very first bottle doesn't show you the way to take off ugly fat, quickly, easily and without starvation diet, return the empty bottle for your money back.

THOMPSON CLEANERS
No. 1—1003 24th St. No. 2—1405 Ave. S

People who can easily pay any price say:

"Pay more...what for? Ford's the buy!"

Why? Because this 1957 Ford gives you the advanced features, the solid ride, the effortless handling that you once expected to find *only* in expensive cars. And when it comes to looks, where in all the world can you find fresher styling than in the sculptured-in-steel lines of this new Ford?

Ford's superiority is evident in many places. In the vital rear axle, the pinion gear that turns the rear wheels is *straddle-mounted* . . . supported *between* two anti-friction bearings instead of being "overhung" from a single bearing. This makes operation quieter, smoother and longer-lasting. It's a feature that Ford shares with only one other car maker—Rolls Royce.

Or consider Ford's famous V-8 engine. No other manufacturer in the industry today electronically balances *every* V-8 engine, while operating under its *own* power, the way that Ford does. This means you get a smoother-running engine—the finest V-8 in Ford's 25 years of V-8 leadership.

These are only a few of the important hidden values that are yours in the new kind of Ford. But they indicate why so *many* people who can pay almost any price for a car—people who have driven expensive cars for years—are buying Ford today. Action Test this great performing car at your Ford Dealer's just once and you too, will ask, "Pay more . . . what for?"

YOU CAN SPEND HUNDREDS MORE . . . BUT YOU CAN'T BUY BETTER THAN THE NEW KIND OF **FORD**

Negro Girl Tied To Bed

NACOGDOCHES (AP)—A Negro girl, 7, faced amputation of her hands today as a result of an infection blamed on having been tied between two beds.

A physician said both hands probably would have to be removed.

Officer Charles Coleman quoted the child's mother, 39, as saying the girl developed a rash and blisters on her hands after she was tied by her wrists and feet between two beds four weeks ago.

The officer said the mother accused her husband of tying the girl up. He said the stepfather told him the mother lashed the girl between the beds.

Coleman said the flesh on the child's fingers had been eaten away by the infection. No charges were filed.

Man Spends 2 Days In Elevator Shaft

FORT WORTH, Tex. (AP)—Richard Chambers was in serious condition today after being found at the bottom of an elevator shaft where he had lain two days crying for help.

Chambers, 32, told police he fell into the shaft while seeking a place to sleep. The building was being torn down.

An unidentified woman stopped two policemen yesterday and said she thought she heard a baby's cry coming from the building. Police investigated and found Chambers.

Hospital attendants said he suffered a broken leg and severe cuts.

CITY RECEIVES CITATION—A plaque honoring Snyder's traffic safety record for 1956 was presented at noon yesterday to Snyder Mayor Harold Bennett, left above, by Ross Kemp, district safety director of the Texas Highway Patrol. The plaque was presented because Snyder had no traffic deaths during 1956, and for Snyder's achievements in traffic accident reduction. (Lee Watson photographs)

SCHOOL PLAQUE PRESENTED—Ross Kemp, safety director for this district of the Texas Highway Patrol, is shown above presenting to Dr. C. L. Yarbrough, superintendent of Snyder schools, a plaque for the school's traffic safety education program during 1956. The plaques to the city and school were awards of the National Safety Council, made on the basis of an analysis of traffic safety measures taken here during the past calendar year.

Forming Of Traffic Group Urged

A strong recommendation that a Citizens Traffic Commission be organized here acompanied the presentation yesterday of achievement awards in safety for 1956 to the City of Snyder and the Snyder School System.

The awards were presented by the National Safety Council, with Ross Kemp, safety director of this district of the Texas Highway Patrol, making the actual presentations to Harold Bennett, mayor, and Dr. C. L. Yarbrough, superintendent of schools.

Snyder was one of the seven cities in this district to receive such a plaque, and was the only city in the seven in the district to receive two plaques.

An inventory of Snyder's traffic safety measures and statistics was used by the National Safety Council in determining presentation of the awards.

In one category, Snyder made a score of 100 points of a possible 100 points in the national Safety program. That was in deaths in traffic in the city. During 1956 there were no deaths. Previously there had been no deaths in Snyder during 1953, six in 1954, and one in 1955.

In the overall reported preformance of Snyder a gain of from 54.3 percent of the possible 100 points during 1955 to 61 percent in 1956 was made. T. L. Steele, police chief, is the inventory representative for Snyder.

"Public safety organization is the department in which Snyder is weakest," Kemp said.

Snyder has no public safety organization outside of the officials charged with traffic patrolling, Kemp said.

He recommended that a safety organization of citizens be formed here, and that a public safety education program be carried out.

In the analysis, the National Safety Council recommends that Snyder adopt the following nine measures to improve traffic safety here.

1. That [illegible] miles of paved streets be marked with center lines, and that crosswalks at 96 intersections be indicated.

2. That studies might be undertaken to justify the expansion of the through (arterial) street system.

3. That 20 miles of paved streets have modern type lighting in order to meet the evaluation measure.

4. That the miles of streets with restricted parking be increased.

5. That a study be made to determine the feasibility of using vehicle actuated type traffic signals at isolated intersections.

6. That the city consider installation of pedestrian signals at signalized intersections because of their educational value and the fact that they hold [illegible] the capacity of an intersection.

7. That the municipality's parking meter revenues be used exclusively for off-street parking development and other traffic improvements.

8. Leading cities in this group reported 150 off-street parking spaces per 1,000 vehicles. This indicates that Snyder needed at least 64 more spaces per 1,000 vehicles to equal performance of leading cities.

9. That the city government or parking authority have the right to condemn property for the development of off-street parking facilities.

Recommendation that a stronger safety program be used in the schools, with emphasis on safety patrols, student driver education to all eligible students, and a wider use of student accident data be made available for study.

Tough Fight On Bus Lands Six In Jail

NEW YORK (AP)—A bat-swinging, rock-throwing brawl on a Manhattan bus landed two women and four men in police cells today on a variety of charges.

When the fight was over, a baseball bat, a rawhide leather mallet, a rubber hose filled with sand and taped at both ends, a knife and 10 large rocks were found in and around the battered bus. The bus windows were shattered by a rock barrage.

Two men were taken to a hospital—one of them a peacemaker who is in critical condition with a skull injury.

Nine frightened passengers scurried for safety through a rear window of the bus as the battle raged last night.

The melee started as an argument between two women on a street late yesterday, led to a fist fight between the husbands of the two women and eventually developed into a full-scale brawl on the bus, police said.

The victim critically injured was Gene Lowe, 24, who has been going to school to improve his eligibility rating for appointment to the police force.

Former Snyder Man In Fair Condition After Auto Accident

A. N. Wood of Odessa, formerly of Snyder, was reported in fair condition in Medical Center at Odessa after having suffered injuries in an automobile acident last week.

Wood, 47, suffered a broken shoulder blade, punctured lung, kidney injury, and all ribs on one side broken in the acident, which ocurred last Tuesday near Notrees.

The collision occurred when Wood was alone in the car he was driving and collided with a pickup which ws pulling a truck and turning around on the highway.

Wood is the father of Mrs. A. G. Howell, Lamesa highway. He was a resident of Snyder about three years and only recently moved to Odessa.

MORE PEOPLE DRIVE CHEVROLETS THAN ANY OTHER CAR

New Chevrolet Bel Air Sport Coupe with spunk to spare!

Great to have—and only Chevy's got 'em!

Chevrolet's the only leading low-priced car with *any* of these fine advances—and the only car at any price with *all* of them!

BODY BY FISHER. You get more to be proud of in Chevrolet. No other low-priced car is quite so beautifully or substantially built, down to the last detail.

SHORTEST STROKE V8. This helps explain Chevrolet's smooth and lively V8 ways. Short-stroke design also means less piston travel, longer engine life. Here's super-efficient power with plenty of vim and vigor!

STANDARD BALL-RACE STEERING. Chevy's Ball-Race steering gear mechanism is virtually friction-free! That means easier parking, surer control, more relaxed driving.

POSITRACTION REAR AXLE*. When one rear wheel slips in mud, snow or ice, the wheel with the traction *grips*, and you keep on going. More peace of mind for you in America's surest footed car!

TRIPLE-TURBINE TURBOGLIDE*. The silkiest automatic drive anywhere! You move from standstill to top cruising speed in one gentle stream of motion. Special "Grade Retarder" position saves braking on hills.

MORE BESIDES! Chevy's the only low-priced car, too, with important details like crank-operated vent windows, hydraulic valve lifters and *lacquer* finish. See all the exclusives, big and little, at your Chevrolet dealer's!

SPECIAL TRAIN TICKETS ON SALE

Special Train tickets to Borger are now on sale at two places, at the Chamber of Commerce office and in the assistant principal's office at the high school, F. G. Hoefer, president of the Quarterback Club, announced today.

The Quarterback Club is sponsoring the special to the Tigers' season opener at Borger.

Adult tickets for the special are $7.25 while children prices are $3.65.

Children tickets are for ages 5 through 11. All children under five may ride the special free.

Hoefer pointed out that the dividing line between the children and adult tickets was set by Santa Fe Railway and not the Quarterback Club.

Ira Opens Season At Jayton Friday

IRA, Sept. 4 — The Ira Bulldogs, runnerups to Hobbs for the District 16-B title last season, will open their 1957 football season Friday night at Jayton.

Coach R. C. Taylor is moulding his '57 machine around eight returning lettermen. About 18-20 boys are bidding for a spot on the Ira starting lineup.

The Bulldogs won eight and lost only one last year. The lone loss was to Hobbs that handed the district title to the Panthers.

Ira will open its home schedule Sept. 13 against the Gail Coyotes.

The first district game for the Bulldogs will be Oct. 11 against McCaulley at McCaulley. Other district games to be played by the Bulldogs are Hobbs, Blackwell and Divide.

The Bulldogs will play a 10-game schedule this season, five at home and five away.

Following is the Ira schedule:

Sept. 6 — Jayton, there.
Sept. 13 — Gail, here.
Sept. 20 — Knott, there.
Sept. 27 — Klondike, there.
Oct. 3 — St. Josephs, Abilene, here.
Oct. 11 — McCaulley, there.
Oct. 18 — Ackerly, here.
Oct. 25 — Hobbs, here.
Nov. 1 — Blackwell, there.
Nov. 8 — Divide, here.

Braves Roll On: Spahn Wins 18th

By ED WILKS
The Associated Press

Wonderful Warren Spahn, now the National League's all-time shutout king, has the edge for the Pitcher of the Year award today while right-hander Jack Sanford, Philadelphia's latecomer, likely will have to be satisfied with the league's rookie citation.

Spahn, the 36-year-old master of Milwaukee's first-place Braves, moved ahead of Sanford and left-hander Billy Pierce of the Chicago White Sox and gained his 41st career shutout yesterday in an 8-0 victory over the Chicago Cubs.

It was Spahn's 18th victory, matching Pierce for the major league lead, and kept the easy-running Braves 8½ games ahead of the second-place St. Louis Cardinals, who clobbered Cincinnati 14-4.

Sanford, a 28-year-old rookie, missed a big bid to keep pace in victories when he was lifted for an eighth-inning pinchhitter as the Phils took a 12-inning, 3-2 victory over Brooklyn.

In the American League, New York's "struggling" Yankees regained a 5½-game lead with a 2-0 victory at Baltimore while Detroit chilled the second-place White Sox 3-2 in 12 innings. Those were the only AL games scheduled.

The New York Giants defeated Pittsburgh 6-5 in 12 in the other NL game.

Spahn got past the pesty seventh-place Cubs with a six-hitter, striking out five and walking only one. Southpaw Dick Littlefield matched Spahn's whitewash job for six frames, then dropped his third in a five-run seventh with three of the scores unearned. Hank Aaron then made it a romp with his 39th homer, good for three runs in the eighth.

The NL record for career shutouts was set at 90 by Grover Grover Cleveland Alexander.

Sanford was tagged for both Brooklyn runs and the three meager hits the Dodgers managed, two by Gil Hodges. Dick Farrell and Bob Miller, who pitched the 12th, no-hit the brooks over the last five with Farrell winning his seventh.

The Phils had only three hits for eight, but Harry Anderson then junked Don Drysdale's bid for a second consecutive shutout with a two-run, two-out homer in the ninth that tied it. Ex-Dodger Chico Fernandez tripled and Willie Jones, batting for Farrell, hit a long fly for the clincher.

It was a base-running boner that saved it for the Phils as Charlie Neal missed third and was tagged out after apparently scoring on his RBI double in the seventh that made it 2-0.

The Cardinals rapped loser Joe Nuxhall and five relievers for 16 hits. They scored eight, two on Del Ennis' 18th homer, in the first two frames. Wilmer Mizell, who doubled home three runs, was tagged for solo home runs by Pete Whisenant and Smoky Burgess, but hung on with a 10-hitter.

Bill Skowron's bat won for the Yankees. He had two of their three hits, one his 17th home run, over the first seven against loser Billy O'Dell, then added an RBI single in the ninth off Billy Loes. Tom Sturdivant won his 13th, but needed ninth-inning relief from Sal Maglie, who retired the side in his Yankee debut.

Mickey Mantle was 0-for-4, losing three points for a .370 average in his bat race with Ted Williams. The Boston thumper, hitting .376, will miss the two-game series opener at Yankee Stadium tonight because of a virus infection.

Al Kaline thumped the White Sox, swatting his 21st home run to lead off the 11th. He also singled home a run in the first off Bob (No-Hit) Keegan. Gerry Staley lost in relief for a 5-1 record. Billy Hoeft won his seventh with an eight-hitter, giving up homers to Larry Doby and Walt Dropo.

Home runs by Willie Mays, Danny O'Connell and Valmy Thomas brought the Giants a 5-all tie, then Ray Jablonski lofted a sacrifice fly after two walks and an error had loaded the bases.

Lopez Still Sees Chance

DETROIT (AP) — Al Lopez, who should be accustomed by now to finishing second to the New York Yankees, stubbornly maintains that his Chicago White Sox still can catch the league leaders — with a little luck.

Lopez finished second to the Yankees five times in his six years as manager of the Cleveland Indians, and barring a miracle of sorts, he will do it again in his first year at the White Sox helm.

"We're not dead yet," he said yesterday after his club lost another game to the Detroit Tigers. "We're only five games behind in the loss column and we have 22 games to play. So we're still in there."

The White Sox dropped two out of three to the Tigers and remained 5½ games behind the Yankees. The Sox carried a 2-1 lead into the bottom of the ninth inning yesterday before pinch hitter Ray Boone batted in the tying run with a single. Al Kaline homered to win it in the 11th, 3-2.

"We had a nine-game winning streak going once, you know," Lopez reminded. "All we need right now is another streak — and some help from those clubs who are going to be playing the Yankees. I still think we could do it, and the players haven't quit hustling — not for one minute."

Ted Ill: To Miss Series With Yanks

BOSTON (AP)—Ted Williams was in bed with a respiratory infection at home today as the Red Sox flew to New York for a two-game series with the Yankees.

Dr. Ralph McCarthy, Red Sox physician, said last night Williams still was running a slight temperature and "I'm not going to allow him to go to New York."

Dove Hunter Badly Burned In Accident

DALLAS (AP)—Paul Pritchett, 24, was badly burned yesterday near Winnsboro. He told hospital attendants here he shot a dove and the bird fell on utility wires. He said he received a severe shock when he tried to dislodge the dove with a stick.

ACHING SHINS SLOW MICKEY

Casey Worrying Over Injuries

BALTIMORE (AP) — Manager Casey Stengel's biggest worry about whether the New York Yankees can hold their 5½-game lead in the American League seems to be injuries to his team.

"If that fella is all right, well—, if he isn't we're in a bad plight."

The "fella" he pointed to in the batting practice cage was Mickey Mantle.

Mantle isn't "all right" and it's showing in the Yankee performance. The [illegible] hitting outfielder has been suffering with aching shins since a series in Kansas City Aug. 20-22. The Yankees have lost seven of their last 13 games although giving no ground to the Chicago White Sox.

Stengel has no fear of the Sox head to head. Even with Mantle ailing, the Yanks beat them three straight games about a week ago.

"They beat me one series by pitty-patting the ball around the infield," he said. "They have nothing much except speed. It seems every time you look up they have a man going from first to third. They beat us one game this season by just hitting the ball in front of the plate."

Stengel figures he has some speed too. "If I can play Tony Kubek in left, Mantle in center and Hank Bauer in right, we're pretty fast too, aren't we?"

Bauer is another of the injured Yankee players who has Stengel frowning. He has a fractured thumb and may be out for another week.

But the big worry is Mantle. The switch-hitting ace still is hobbling like an old man with arthritis.

His batting average dropped seven points, from .377 to .370, in the three game series with the Baltimore Orioles ending yesterday. He got one hit in 15 times at bat.

Equally important to the Yankee scheme is Mantle's inability to show any speed covering the outfield. Fly balls which he normally would catch with ease are dropping in for hits simply because he can't reach them. One such went for a double over his head against the Orioles.

Playing 'em One At A Time--Haney

By JOE REICHLER

NEW YORK (AP)—The Milwaukee Braves are in. They're not going to flub it again.

Red faced Fred Haney, the manager, turns pale at the mere mention of pennant. He knocks on wood, tugs at the top of each ear, spits over his left shoulder and mutters half angrily:

"I don't know anything about any pennant. The only thing I'm saying now is we're playing them one game at a time and we'll see what happens. This is the funniest league I've ever seen. One day St. Louis is in first place. Two week later, they're 8½ behind after losing 12 of 13. Who knows? The same thing can happen to us. I keep cautioning my players against over-confidence. To hell with the standings. I tell them just to go out and play today's game."

Despite Haney's conservative talk, the pennant fever in Milwaukee is at an all time high. Skeptical at first, even after the Braves finally wrested the lead from the Cardinals early in August, the good burghers of Wisconsin are convinced their heroes are as good as in the World Series.

The players themselves act like a team with the pennant in their teeth. The veterans, like Warren Spahn and Lew Burdette, have the air of conquerors who know they can't be stopped. It is this air of confidence, more so than the victories themselves, that is causing many Milwaukeeans to consider the pennant race all over but the celebrating. Never before have the loyal fans detected such an atmosphere of command, such a measure of consistency, such grim determination as this fifth Milwaukee edition of the Braves has shown this season.

It's still possible for the Braves to lose. But it's highly unlikely they will and haney knows it.

"This is not 1956," he declared. "Essentially it is the same club that lost to Brooklyn last year but in many ways it is a far different club. For one thing, the attitude is different. The team is more determined, more polished, more mature and it has worked much harder. Losing last year taught them a great deal. A team can't go through what those fellows went through last year without learning.

"Last year there wasn't a more disgusted group of players than the ones who flew back to Milwaukee after we blew the pennant in St. Louis. No one dreamed that there would be any people meeting us at the airport. Not only were there 20,000 at the airport but instead of booing us for losing, they put their arms around us and hugged us. 'Never mind, fellows,' many of them said, 'we'll get 'em next year.' You just can't imagine what an effect this had on the players. You just can't experience something like that and not be moved. That demonstration undoubtedly made the team more determined this year."

War Hero Finally Recognized

By THOMAS P WHITNEY
AP Foreign News Analyst

It took more than a dozen years for a Soviet war hero, Lt. Mikhail Devyatyev, to get recognition from the ungrateful Soviet government for his bravery.

Finally, he has been decorated with the Order of Lenin. His pictures have been published in the papers. The brand of cowardice Joseph Stalin used for all Soviet soldiers who fell prisoner of the Germans has at last been removed from him.

Devyatyev commanded a trio of fighter planes. He was sent on a mission over the German lines. In an effort to save the life of his squadron commander, under heavy attack, Devyatyev was wounded and shot down. He landed safely—but semiconscious. The next day he awoke in a German war prisoner camp.

He and other prisoners hatched an escape plot. After careful preparation over a long period, nine Russians succeeding in stealing a German bomber and flew home.

Devyatyev and his fellow escapees expected a hero's welcome. Instead they received disgrace and degradation.

The Soviet government under Stalin expected that every Russian should kill himself before permitting himself to be captured.

Soviet war prisoners liberated from the Germans were generally put in concentration camps by the Soviet government. In exceptional cases, like that of Devyatyev and his fellows, they were permitted to remain at liberty but various onerous restrictions were put on them and even on members of their immediate families.

Last year it was decided to remove the limitations from these men and return them their rights. The Soviet press occasionally reports a hero's decoration being given to one of them. But the accounts say nothing of the mental anguish these men must have endured.

Firm Joins Association

Fred and Robert Littlefield, owners of Deluxe Cleaners here, have become members of the National Institute of Drycleaning, Silver Springs, Md.

The institute is a trade association representing more than 8,500 drycleaning plants throughout the United States and in 42 foreign countries. Its educational and research facilities are at its $2-million headquarters in Silver Spring, a suburb of Washington, D.C.

As a member of the organization, the local plant will be kept abreast of latest advances in the drycleaning industry and latest information on new fabrics, including fabric care. The member will be eligible to receive unbiased research tests—to measure the quality of its cleaning, the effectiveness of its water repellency treatments, mothproofing procedures, etc.

Men Exchange Shots With Cop Last Night

ORANGE (AP)— Officers combed an East Texas area south of Bridge City today for two men who exchanged gunshots with a cop last night.

Deputy Constable J. W. Hamilton of Bridge City said he spotted a car containing two men last night. He identified them as Charles Dowden, 21, and Billy Dowden, 20, brothers who fled the district courtroom here Friday while awaiting a hearing on charges of robbery with firearms.

The deputy radioed other area officers and gave chase. An exchange of fire resulted.

State Negro To Be Executed Septe 14

HUNTSVILLE (AP)—John Wright, 35, a Bell County Negro convicted of raping a pregnant white woman, is to be executed Sept. 14.

A 10-day stay of execution was granted last night, 12 hours before he was to go to the chair.

Wright was convicted of rape near Temple Aug. 10, 1956. The victim pointed Wright out at his Belton trial as the Negro who entered her home and assaulted her.

Family Escapes When Plane Crashes Into Their House

ST. LOUIS (AP)—Almost any other Tuesday at 5 p.m., the Charles Schneiders and Raymond Meyers would have been at home.

Yesterday a Navy jet fighter smashed into their homes at that hour in suburban Berkeley, leaving them in charred ruins.

The pilot, Lt. John R. Renshaw, Centerville, Md., appeared to be shooting for an open space a block west of the Meyer home.

Instead his burning plane hit what may have been the only two unoccupied homes in the area. Renshaw was killed.

Schneider, operator of a home improvement firm, said his wife Ruth would be busy getting supper almost any other Tuesday. Their children, Linda, 8, Charles, 5, and Richard, 3½ months, would be at home.

But it was the first day of school and his wife had picked out the children's best clothes. She told her husband at his office: "I think when the kids come home, they'll be all dressed up so I think we'll go over to mother's. You can pick us up there."

They were at the home of Mrs. Schneider's mother, Mrs. Lorena Stevens, in suburban Jennings when the plane ripped through the Meyer home and into their six-room frame house, leaving only a few upright timbers and four drawers of untouched clothing in a scorched dresser. Schneider was still at his office.

Almost any other Tuesday, Raymond Meyer would be in the shower bathing after a day on a construction job.

But yesterday he was kept 10 minutes overtime. He made up a few minutes en route to pick up his wife at work. He made up a few more minutes on the home stretch.

They were just two blocks away when the plane hit.

Harry Fields, a neighbor, said the Meyers' house "just disappeared."

"By the time I could get to the door, which was four or five seconds, the second house was in flames," he said.

The plane apparently developed trouble immediately after takeoff from Lambert-St. Louis Airport a mile from Berkeley, and was on fire before the crash.

Lt. Renshaw, stationed at the Naval Air Test Center at Patuxent River, Md., had made the trip here to pick up some test equipment.

Texans Liked By Moroccan Ruler

RABAT, Morocco (AP)—A Texas tornado is sending gusts of goodwill in all directions through Morocco.

King Mohammed V was the first to benefit with the gift yesterday of a $100 white cowboy hat presented on behalf of Gov. Price Daniel and the people of Texas.

Next came children at an orphanage, who received cowboy boots and blue jeans.

The gifts began to flow with the arrival of more than 70 officers and men of the VR72 Air Reserve Squadron of Dallas for a two-week training mission at Port Lyautey Naval Air Station north of here.

The King promised the Texans he would wear the 10-gallon headgear, inscribed in gold lettering, when he goes riding. He often does in the forests around Rabat.

"We are familiar with the great size and great and general generosity of Texas and Texans," he said.

Capt. William Richards, commander of the Dallas Naval Air Station, and Cmdr. Burt Mans, also of Dallas, presented the cowboy hat. They also gave the King a cowgirl doll for his youngest daughter, Lallam, 3.

In a letter to the monarch, Daniel told him that Texans hold Moroccans in high esteem. He promised a fitting welcome if the King would visit Texas during his U.S. tour late this year.

Children at a Rabat orphanage were given almost 300 pairs of blue jeans and 40 pairs of high-heeled cowboy boots. They were presented by Lt. Cmdr. Earl Dinsmore, representing the Dallas Junior Chamber of Commerce, which donated funds for the project.

The Texas reservists had a barbecue last night in a clubhouse at Port Lyautey. Cavendish Cannon, U.S. ambassador to Morocco, received a white cowboy hat. He and six members of the embassy staff were made "naturalized citizens of the State of Texas."

5 Garages Are Pushed Into Ravine

MEDIA, Pa. (AP) — Five garages are missing in nearby Concordville today and state police blame it on an indignant interior decorator, a happy-go-lucky bulldozer driver and a few beers.

The garages used to be behind the home of Donald Baeshore, 46, the decorator. He thought they were an eyesore.

State Police Pvt. Earl Glasser said Baeshore was talking about them over some beers in a bar two weeks ago with a bulldozer operator, Charles Bennett.

Glasser said Bennett offered to get rid of them.

The garages were pushed into a nearby ravine and all but buried beneath five tons of dirt. The biggest clue to their disappearance, Glasser said, was the bulldozer tracks.

The tracks led to Bennett, he said, and Bennett led to Baeshore. Glasser led both men to Justice of the Peace A. Randall Mathues, who held them in $1,000 bail each for a further hearing on malicious mischief charges.

The garages were owned by Concord Foods, Inc., which took a dim view of the whole thing.

Bomber Crashes Into Oil Tank Last Night

DANBURY, Tex. (AP)—A B66 jet bomber from Hurlburt Field in Florida crashed into an oil tank near Danbury last night, setting off a fire visible for miles.

The three crewmen parachuted before the crash. All three were injured, one critically, when they ejected themselves after the plane developed engine trouble.

Officials at Ellington Air Force Base at nearby Houston identified the crewmen as Capt. Arthur J. Manzo, 30; 1st Lt. David E. Moore, 25; and Sgt. Albert I. Newland, 26.

Manzo was reported in critical condition with a skull fracture. Moore had a broken ankle and Newland a fractured arm.

Plane Is Looted

MANILA (AP) — The Philippine constabulary today said three Filipino men will be charged with looting the wreckage of the plane in which President Ramon Magsaysay crashed to his death on Cebu Island March 17.

Monkey Is Taking Over

DALLAS (AP)—The Lindsay G. Joliff family puzzled today about a monkey which has taken over their garage.

The animal appeared yesterday, swinging through the magnolia trees in the neighborhood. Children pursued it and the monkey finally holed up in the Joliff's garage.

Its sex and species haven't been determined.

It likes the garage and swings along the rafters, straddles a gas meter and turns flips on an unused clothesline.

Carolina Joliff, 19, has been feeding it bananas and unsalted peanuts.

Police have been unable to locate an owner.

Miss America Contest

*"The Edsel is the country's most remarkable car—
I'm happy to announce my appointment to sell it."*
FORD CAPERTON

You are invited to
see and drive
the EDSEL
on Wednesday, Sept. 4, at
Caperton Motor Sales
1927-26th St.

There never has been a car like the Edsel.

Behind it lie all of the resources of Ford Motor Company, all of the experience, all of the engineering skill.

Behind the Edsel, too, is the finest group of dealers any new car has ever had.

Their facilities are as new in concept as the Edsel itself. One example: service departments built around a completely new idea in car care—Edsel Green Light Service.

In getting ready to serve you, Edsel Dealers have matched the quarter-billion-dollar investment of the Ford Motor Company in the Edsel.

Why have these men invested so much in a car you haven't seen? The answer is this: they have seen it, they have driven it. They know that you will find many things that make the Edsel different from any car you have ever driven. More exciting, more sure, more safe.

Driving a car that is truly original—not a copy of any existing car, not a compromise—is an experience you will never forget. Plan now to accept your Edsel Dealer's invitation to see and drive the Edsel.
