Around The Area With Bob

As most of you are aware, MSI has negotiated the sale of The Reporter to Mr. Lon Williams, Publisher of a well-known and well-liked paper in the area, The Advance. MSI was very selective about selling the paper or hiring someone to run it. There were two primary considerations, first our area needed a good paper to provide the news and advertising. Mr. Williams is fully capable of turning out an outstanding paper for and about this area, based in this area and dedicated to support this area. Second was the growth of the area, a mission that MSI and SALI are dedicated to. We must start our area to growing, or it will die. To have this area disintegrate would be a catastrophe, particularly when it has so much to offer, friendly people, good businessmen, room for growth, power, water, schools, interstate highways and on and on. Mr. Williams has pledged his wholehearted support to assisting us in obtaining new business, new industry, new families...growth for the area. He can be very helpful to us in this aspect; he has the knowledge, the business connections and the personable drive to accomplish this goal. We, the members of MSI and SALI realize full well that one man alone can never accomplish the goals that have been set; therefore, we pledge our support to Lon Williams and The Reporter. We will continue to work hand in hand toward a common goal of making this a better place to live and raise our children. We ask you, the people of this area, the businesses, the clubs, the municipal governments to join with us in our efforts. Let's all get behind this young man and support him in every way. Let this occasion be one that we can all look back on and say, "Yes, I can remember well, it was 1 October 1971, when all the citizens of this area started getting together, and the area really began to improve and grow!"

"HORSE TALK"

The playday held in Strawn really got people talking about horses! We have had several new members join from Mingus and Santo, and some from Gordon that said they wanted to join with us. This is a real wholesome activity for the youth of our area - Not only the youth, adults can certainly enjoy the fun and games too, while we try to teach "horsemanship, sportsmanship and citizenship" to this fine group of youngsters. In the very near future, we are having a big western dance and another playday. We hope to have everyone out to the dance. It will be open to the public, admission \$2.00 per couple. The next playday will also probably be an open playday, with all other riding clubs invited to join the fun. There isn't any charge to come see one of these playdays. They are open to the public. I would like to remind everyone that October 8 is the last day for you to join at the low charter member rate of \$20.00 per family per year, after that, there will be an additional fee charged for all new members. Join now, save money and join us in all the fun and activity going on.

We have been invited to join in with the American Association of Sheriff's Poses and Riding Clubs. This is quite an honor for a new club and something we should give serious consideration to at our next business meeting October 7.

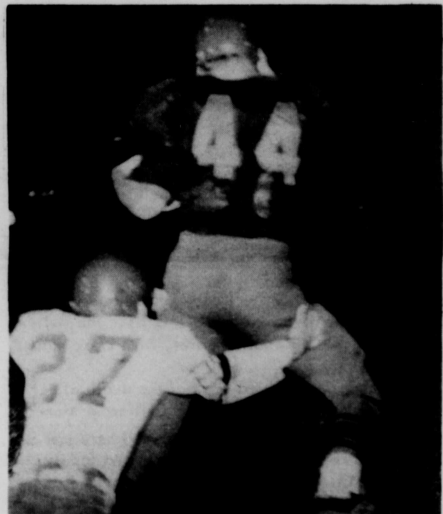

Now let's talk about your horse. This area is real bad for worms. Did you know that a horse with intestinal worms will lose weight and consume twice as much feed as a healthy horse? Well, it's true.

The Santo Wildcats made it 3 in a row last Thursday night, September 23, by beating the Venus Bulldogs 64-31 in a hard fought 6-man football game at Venus. The Bulldogs quickly proved that they were not going to be the pushover that there 0-2 record showed. 5'11", 150 pound Senior Carl Sims ran around, through, and over the Santo defense for 212

Strawn Greyhounds Outrun Raiders

The Strawn Greyhounds outran, out-played and out-scored the Leuders-Avoca Raiders in their Friday night six-man football tilt at Strawn by a score of 44-16.

Strawn put the first points on the board early in the 1st quarter with the PAT falling. The Raiders quickly rallied back with a quick touchdown pass and the PAT for a score standing of 8-6.

Early in the 2nd quarter the Raiders added another six points to the board bringing up a total score of 16-6. The Strawn fans were then set to wondering if the prediction that the Raiders would win the game by the score of 38-6 wouldn't come true.

Their fears were soon erased however, by a 70-yard kickoff return by fleet Greyhound Back Pee Wee Lynn. The PAT after failed and the score now totaled 16-12.

With some 6 minutes left in the half, Strawn's Roy Gomez intercepted a pass

and put the Greyhounds in good field position.

A 15-yard run by Billy Hinkson of Strawn upped the score to 18-16. Late in the 2nd quarter, Hickson lateraled to Gomez who ran for 23 yards and another Greyhound TD. The score at half-time was 24-16.

In the second half, Bill Lowhorn of Strawn caught a pass and carried it down to the 2-yard line. Then following a 15-yard penalty, Gomez on a razzle-dazzle play, ran for some 17 yards and another Strawn score. Score at that point -- 30-16.

Later in the game, Pee Wee Lynn ran 9 yards for another touchdown and the PAT added up to 38-16.

Late in the 4th quarter, Wesley Whitley scored on a 71-yard romp which was set up by a key block from Strawn's Pee Wee Lynn. Final score of the game was 44-16.

The Greyhounds are now 3-1 for the season.

What can be better than fresh-roasted peanuts, unless it is more of the same. Here in an area where they are found in abundance, let's see what we can do with them in the kitchen.

But before we do, let's take a look at the nutritional value. Several weeks ago, protein was discussed in this column and the vital role it plays in keeping us healthy. The peanut is high in protein, and the peanut butter sandwich, mainstay of the peewee set, is actually good for them nutritionally. So feed it to them without a guilty conscience.

There are many ways you can use peanuts. A few are listed below, or use your imagination. All of these suggestions call for roasted peanuts.

1. Add finely chopped nuts to regular meatball recipe.
2. Keep a jar (tightly covered) of chopped peanuts in the refrigerator to use as a dessert topping.
3. Add to fruit salad recipes.
4. Can be added to chicken recipes that are baked or cooked in a fruit sauce.
5. Most oriental main dishes call for peanuts. Add them to your variations of oriental dishes.
6. Mix $1\frac{1}{2}$ cup salted peanuts with 1 stiffly beaten egg white, $\frac{1}{2}$ cup sugar and 1 teaspoon cinnamon. Coat peanuts well and bake in 250° oven (stir every 20 minutes) for good spiced peanuts.

Being a yankee transplant, I am not familiar with raw peanuts and how to properly roast them for eating. I would welcome information from any of you on this or any other serving suggestions you might have.

The following recipe is excellent as a teacher gift at Christmas, given in a pretty dish or covered and decorated coffee can. I suggest you practice a few times on your family first. And don't be discouraged if your first try is not completely successful. Practice makes perfect on this recipe. There are a few do's and don'ts. Don't make peanut brittle on a damp or rainy day, or you will have sticky results! Do make it on a cool day, and have the sheet you pour it on chilled if possible. Do use only raw peanuts. Do work quickly after adding soda to syrup.

PEANUT BRITTLE

- 1 cup sugar
- $\frac{1}{2}$ cup white corn syrup
- $1\frac{1}{2}$ teaspoon soda (rounded)
- dash salt
- $\frac{1}{4}$ cup water
- 1 cup raw peanuts
- 2 tablespoons butter

Cook water, sugar, salt and syrup together until it spins long threads. Add peanuts, stir frequently until it is almost amber colored. Add soda that has been mixed with butter. Do not beat but lift and fold quickly and pour into cold buttered pan.

ALTAR SOCIETY
OFFICERS

The ladies of St. John's
parish met Sept. 8 in the
parish house

society officers for the
coming year. The newly
elected officers are:

President - Juanita Bordig-
non, Vice-President - Ste-
va Riebe, Secretary/Trea-

suror - Rita Pontremole,
Food Committee - Dolly
Kostiha and Janie Lemley.

Our meetings are sche-
duled for the second Wed-
nesday of each month in the
parish house at 7:30 p.m.

The first quarterly meeting
of the Southwest Deanery
Council of the National
Council of Catholic Women
will be held in Memorial
Hall, 108 N.W. 4th Ave.
Mineral Wells, Texas on
Sunday Oct. 10 at 3:00
p.m. There will be a 50¢
registration fee. All as-
sociation members are in-
vited.

These meetings will create
an inner concentration for
us on our existing parish,
diocesan and national
Church structures.

Transportation can be pro-
vided for those who wish to
attend.

Remember, our next Altar
society meeting will be
held Oct. 13 at 7:30 p.m.
in the parish house.

By the way, St. John's
parish "Good neighbor" jar
is in circulation. In fact,
there are two. This gesture
is sponsored by the Altar
society. Please be kind and
generous to these jars.
Thank you.

Do the best you can and
thanks again.

Give winter the
cold shoulder
with flameless
electric

heating..it's
comfortable, conven-
ient, clean.

Plan ahead for
cold days and nights by installing electric heating in your
home. You'll enjoy the gentle uniform warmth and the
quiet, convenient, automatic operation, no matter what
the weather is like outside. You may choose a central sys-
tem for home-wide even warmth, or individual floor, wall,
or ceiling units for room-by-room temperature control.
Electric heating is as clean as electric light and the
units are compact, cost less to install, economical to
operate. Call our office soon for more information on
modern flameless electric home heating.
