Magic Transforms Chicken

You can transform this familiar
dish into sheer magic by simply
baking it with an unusual coating
like the one in this recipe.

Spicy Chip-Coated Chicken
1 1/2 c. potato chips crushed
1 tsp. salt
1/4 tsp. pepper
1/4 tsp. curry powder
2 lb. fryer (cut in pieces)
2 egg (beaten light)
1/4 c. milk
1-3 c. margarine
Dash of powdered ginger
Combine potato chips and sea-
sonings. Combine eggs and milk.

Dip chicken first in chip mixture,
then in egg and milk mixture, and
again in chip mixture, pressing
chicken in chips to be sure it is
completely coated. Melt margar-
ine in baking dish. Place chicken
pieces side by side in dish (do
not overlap or touch one another).
Have oven set at 325 degrees. Bake
chicken 45 minutes, or until tend-
er.

Girl Scout Council Set For Tuesday

Miss Fane Downs, District Ad-
viser for West Texas Girl Scout
Council, will be in Snyder on Tues-
day, October 28th, for the first train-
ing session for this District. Her
topic will be "Leadership of
Troops" and will give new lead-
ers, assistant leaders, and troop
committee members information
about the leader's job and also how
to plan and carry out the Girl
Scout program with the girls in
the troop.

The session begins at 9:30 a.m.
and is over at 3 p.m. A nursery
will be provided at the First Chris-
tian Church. Mothers are asked to
take a sack lunch for the children
and also themselves.

ANYTHING TO DECLARE?

Military Minds At Work; Economizers Best Beware

By JIM BECKER
WASHINGTON (AP) — Mythical conversation overheard while wandering through the Pentagon: General: The President says we've got to send 100 tough combat men to Viet Nam right away.
Colonel: Affirmative. I'll get in motion right away.
General: Not so fast. The secretary wants to know how much it will cost.
Colonel: Our computer is not operational, but throwing my hat figuratively, I'd say to get 100 men with combat capability into the proximity of opposing forces would cost about \$3 billion.
General: Three billion dollars? How do you figure that?
Colonel: That's jargon is OK for Senate hearings, but the only thing you said that I understood was \$3 billion.
Colonel: It's simple, sir. The 100 men will need supplies, food, doctors, dental work, snack bars and a headquarters unit. The French fried potatoes alone are a big item. Somebody has to keep the records. And somebody has to keep the records of the unit that keeps the records.
General: How many men will you need for those jobs?
Colonel: Let's see. Cooks, clerks, doctors, dentists, say about 500. With that many men in the area we'll have to set up a military mission. That means civilian secretaries, and lots of young officers to date the girls.

They get lonely out in a place like that. They'll need several hundred staff cars to drive them around. I'd better order a motor pool battalion right away. And I'll need about 200 PX clerks. We can't expect our people to live off the land.
General: No, of course not. But 200 PX clerks seems like a lot just to handle cigarettes, toilet paper, things like that.
Colonel: Oh, we'll have to lay in a big supply of groceries, meats, refrigerators, bubble gum, comic books, garden swings, lawn seed, baby food—
General: Baby food? I want 100 combat men. They'll be eating C rations. What's this about baby food?
Colonel: It's for the dependents. Our mission might be over there for years. We'll have to send the families of the headquarters men. I'll call the President Lines and order up four or five passenger ships.
General: Four or five ships?
Colonel: We'll need that many because of the rotation. We'll move the families in and out every six months. We've got to carry the furniture, and the school teachers and supplies.
General: We need schools, eh?
Colonel: I would say that four or five primary schools and a combination junior-senior high ought to handle it. We can build them out of the pre-fab material left over from the missing unit. We'll also need playground equip-

ment, basketballs, baseballs, tennis rackets and a few thousand sets of golf clubs. We can build a golf course if they don't have one there.
General: I suppose you want to build a new airfield?
Colonel: No need to have that item in our budget, sir. The Air Force always builds one. I suspect they will chip in a few wings so we can make daily flights to Hong Kong to buy suits and things. Or we could rent Pan American Airways for a few years, but that might cost a little more.
General: Economy is the key-note, colonel. Did you forget anything?
Colonel: Just that we should take a long lease on all the movie theaters in the area, plus a few thousand houses. Oh, and one big mansion.
General: I can understand the theaters and houses, but why the mansion?
Colonel: Well sir, with an installation of that size we will need a very high ranking man to command it, and he will need a big, fancy house. There would be another star in it for the man who takes over.
General: Ah, how many sand traps are you going to have on that golf course?

Reading Mail With Boyle

By HAL BOYLE
NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:
If you snore, it may be because you are too fat. Obesity is listed as a common cause of snoring, as are excessive smoking, enlarged tonsils and fatigue. Incidentally, one out of eight people snore habitually.
Double duty: Of the nation's 24 million feminine jobholders, 33 per cent are wives. Why do they work outside the home? Most do so not because they are interested in careers, but because the family needs the money.
Fruity geography: Did you know there's a Lemon Grove, Calif.; Orange, N.J.; Apple Creek, Ohio; Pear Ridge, Tex.; Peach, Ga.; Plumppoint, Md.; and Grapeview, Wash.?
Safety box score: Last year a record 49,800,000 Americans were incapacitated a day or more by accidents...a daily average of more than 135,000 injured.
Our quotable notables: "Drying a widow's tears is one of the most dangerous occupations known to man."—Dorothy Dix.
Odd legislation: An ordinance in a Midwest city once made it illegal for two people at a dinner table to use the same finger bowl.
Calling Copenhagen: In Denmark busy mothers can dial 0024, placed the receiver in their infant's cradle, and a hillyaby played by the phone company will put the child to sleep.
Progress: In 1937 only one out of seven cancer patients survived; today one out of three does. In 1937 admission to a mental hospital was considered almost tantamount to a death sentence; today two-thirds of the new patients are released in 12 months or less.
Household hint: If you're having former President Harry S. Truman to dinner, serve baked clams... he dotes on them.
The good old days: Remember when an allergy was merely an itch—and today all you did for it was scratch?
Family life: A study showed that 46 per cent of 150 murders in Denver were committed by a member of the victim's own family... Wives were most often the killers, and the time they picked most frequently was Saturday night.
It was Jimmy Durante who observed: "Keep your nose out of other people's business. If you follow this advice, you'll never have to alibi a black eye."

Stock Judges 'Up To Ears'

DALLAS (AP)—Judges were up to their ears in a busy whirl of picking livestock champions and winners in a wide variety of other competition today at the State Fair of Texas.
The big show drew 156,616 visitors Sunday, pushing the total for its first two days to 415,461.
Hicks and Pender of Bandera showed both the champion buck and doe in the Angora goat division of the Pan-American Livestock Exposition held at the fair.
Bill Barrett, 17, of Midland showed the champion ram and the reserve champion ewe of the junior delaine-merino sheep show.
Jack Klein, 14, of Sonora had the champion ewe and the reserve champion ram.
Janis Igo, 10, of Sterling City exhibited the champion junior rambovillet ram and Berry Jo Barrett, 16, of Sterling City the champion ewe.
A Rice victory against Baylor this fall would be their football series at 21 victories each. Two games were ties.

US Joins Arms Show

JAKARTA, Indonesia (AP)—Indonesia wound up a two-day celebration marking the 18th anniversary of its armed forces Sunday with a war exercise on the outskirts of Jakarta.
A half million persons, including President Sukarno, watched while thirty-three U.S. and Soviet-made planes, 20 tanks, 650 paratroopers and 1,000 infantry men took part in the exercise designed to show the armed forces' striking power.

Junior Editors Quiz on TELSTAR

QUESTION: How can Telstar send TV pictures to Europe?

ANSWER: Once, only ships, planes, the telephone and radio spanned the Atlantic—the distance was too great for television signals. But a new communications era opened when Bell Telephone Laboratories, assisted by the National Aeronautics and Space Administration, launched the tiny satellite Telstar into an orbit around the earth. Our picture shows briefly how Telstar operates.
Telstar receives and rebroadcasts electric signals by "microwave," which is of an extremely high wave length. The satellite measures only 34 inches across and weighs 170 pounds. Inside are 3,600 solar cells which turn sunlight into electric energy, giving the power needed to amplify the faint signals received and rebroadcast them to England or France. This signal fades as it heads for Europe, but when received it is amplified by the amazing new invention, the maser, so that it becomes strong enough to recreate the sounds and pictures originally sent from America.
Since Telstar moves around the earth, it can only broadcast messages from America at certain times. Other satellites are planned which will be used continually.

FOR YOU TO DO: See what you can find out about these new satellites developed since Telstar, "Relay," and "Syncom."
Go Ann Selinger of Wausau, Wis., wins today's grand prize of a 20-volume set of World Book Encyclopedia for this question. Mail yours on a postcard to Junior Editors in care of this newspaper, and you may win a set too.

Dodgers May Be Launching A New Dynasty In Majors

By JOE REICHLER
Associated Press Sports Writer
LOS ANGELES (AP)—The Los Angeles Dodgers' incredible four-game World Series sweep over the New York Yankees could be the start of a new dynasty and the end of an old one.

The world champion Dodgers, loaded with youth, speed, confidence, pep and pitching, could rule the National League for years to come.

The ability to draw upwards of two million annually in this ever-growing area and their spacious new stadium is bound to pour additional millions of dollars into an already bulging treasury and enable the front office to pay handsome bonuses to promising youngsters.

The humiliating four-game downfall not only is a loss to the Yankees' pride and prestige but is bound to encourage the rest of the American League clubs which have acted as puppeteers on Yankee strings for many, many years.

Sandy Koufax' brilliant pitching Sunday in the 2-1 Dodger haymaker proved again what Dodger pitching had shown during the entire series—that strong pitching can beat good hitting teams, even such power hitting teams like the Yankees.

The three Dodger starters—Johnny Podres, Don Drysdale and Koufax, with an assist from reliever Ron Perrano, stifled the Yankee sluggers with only 23 hits, an average of under six per game. Koufax, who started the sweep, with a 5-2 victory over Whitey Ford in the opener, permitted only six hits Sunday and lost his shutout when Mickey Mantle homered in the seventh.

The Yankees scored only four runs in four games. "The Dodgers' great pitching beat us, nothing else," said Yankee Manager Ralph Houk, who accepted the defeat, his first in 10 years with the Dodgers, said Los Angeles Manager Walter Alton, who also had led Dodger teams to world championships in 1955 and 1959.

"I've never seen such tremendous pitching all around in my 10 years with the Dodgers," said Los Angeles Manager Walter Alton, who also had led Dodger teams to world championships in 1955 and 1959.

"This was the most gratifying victory of all. We beat a great team, one which has been called by some the greatest Yankee team of them all."

The Dodgers didn't exactly knock down any fences. They amassed only 25 hits, two Sunday, but Alton said, "We got our hits when they counted the most. That's the way we've played all year."

Ford, who lost both the first and fourth games, pitched brilliantly Sunday. He permitted only two hits, both by Frank Howard, who broke a scoreless pitching duel with a 450-foot home run in the fifth inning.

The winning run was unearned. It came in the bottom of the seventh after the Yankees had reversed the score on Mantle's 15th series home run, which tied Babe Ruth's record for most homers in series play.

Jim Gilliam opened the Dodgers' seventh with a bounce to third. Clete Boyer made a leaping stop and good throw to first but Joe Pepitone let the ball go through him. By the time the first baseman had retrieved the bounding ball, Gilliam was on third, from where he scored on Willie Davis' sacrifice fly to Mantle in deep right center.

"I lost the ball in the sun and in the white shirt of the grandstands," Pepitone explained later.

"It hit my wrist, then my forearm, then my chest. All I could see was shirts."

Pep's misplay was the only Yankee error of the series.

Koufax, the series hero with two victories, fanned eight batters to boost his two-game total to 23, a record for a series of seven games or less. It was only the second time the Dodgers had beaten the Yankees in eight post-season classics. The only other win came in 1955 when the Dodgers were in Brooklyn.

FORMER DODGER STAR AT SERIES WORKOUT — Dolph Camilli, left, who played first base for the Dodgers in the 1941 World Series, talks with his son, Doug, center, a Dodger catcher, and Dodger coach Leo Durocher as the Los Angeles club worked out. Camilli led the 1941 Brooklyn team in home runs — 34 — and was named its most valuable player. Durocher was manager of the team at the time. (AP Wirephoto)

Texas, OU Clash Tops Card

By HAROLD V. RATLIFF
Associated Press Sports Writer
TEXAS MEETS OKLAHOMA at Dallas Saturday in the big game of the Southwest Conference football season.

Southwest Conference football, overshadowing a couple of highly important conference struggles. The game, one of the oldest rivalries in college football—the

contest is 57 years old, will be of high national importance since it matches No. 1 Oklahoma with No. 3 Texas.

Oklahoma undoubtedly would have been the favorite if all of Texas' athletes were sound. But Texas has lost its mighty punter, Ernie Koy. He was due to undergo surgery today for removal of the tip of his collarbone.

Arkansas, which got its conference championship ball rolling with an 18-3 victory over Texas Christian last week, journeys to Waco Saturday night to meet Baylor, one of its ever tough foes.

Baylor is the only conference team other than Texas to beat Arkansas in the past three years. Baylor dropped a 22-15 decision to Oregon State in an interconference clash last week and looked very dangerous on offense to Arkansas observers.

In the week's other conference test, Texas Tech and TCU will be trying to eliminate one another. Each has lost a conference game. Tech took a 49-7 lacing from Texas in its opener but beat Texas A&M 19-6 last week.

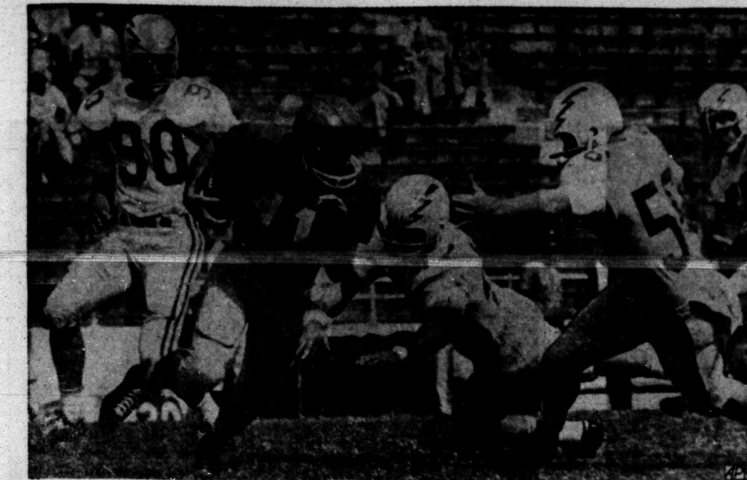

There are three interconference games on the schedule, including the Texas-Oklahoma battle in the series play.

Southern Methodist, enthusiastic over an unexpected 19-0 victory over Air Force Academy, takes on powerful Navy at Dallas Friday night. The Methodists won't be expected to win this one either. Unbeaten Navy walloped Michigan 26-13, and Michigan licked SMU 27-16.

Rice meets Stanford at Houston Saturday night. Rice downed Louisiana State but lost to Penn State 29-7 last week. Stanford beat San Jose State but took a 26-7 drubbing from Oregon and was nosed out 10-9 by UCLA last week.

Winless Texas A&M, which has scored only six points in three games, is host to the University of Houston, which also has lost three but scored a lot anyway.

WOMEN PAST 21 WITH BLADDER IRRITATION
After 21, women experience bladder irritation. This is due to the fact that the bladder is no longer as strong as it once was. It is now more susceptible to infection and irritation. This can lead to a variety of problems, including urinary tract infections and bladder pain. It is important for women to take steps to prevent these problems, such as drinking plenty of water and avoiding irritants like caffeine and alcohol.

AIR FORCE ATTACK—Southern Methodist University's Billy Cannon (41), swings around right end on a punt return and is surrounded by Air Force players John Puster (90), John Lorber (47), and Mike Galbreath (56), during first quarter of play at the Cotton Bowl in Dallas, Texas. (AP Wirephoto)

Palmer Still Hasn't Won Much But Money

By RALPH BERNSTEIN
Associated Press Sports Writer
PHILADELPHIA (AP)—Arnold Palmer says he has to play more often to shoot winning golf but the suspicion is growing among the touring pros that its green, not green, that brings out the best in the richest linkmen of all time.

Palmer, 33, won the richest PGA prize of them all Sunday, the \$25,000 first prize of the \$125,000 Whitemarsh Open golf tournament with a 72-hole total of 281.

The victory over the 6,807-yard Whitemarsh Valley Country Club made the Latrobe, Pa. golfer the holder of the three biggest tournament checks of 1963 — \$25,000 here, \$25,000 in the Thunderbird classic and \$22,000 in the Cleveland Open.

Since Palmer failed this year to win any of the major events, the PGA, U.S. Open, Masters or British Open, even he had to agree it has been a year when he was not winning much money. He commented, however, that people still recognized the stuff in Latrobe.

Palmer didn't win the Whitemarsh gold easily. He almost blew the big money. A birdie on the 71st hole braked what could have been the most expensive birdie in golf history. With the bird he survived by one stroke over Lionel Hebert, the veteran pro from Lafayette, La.

Hebert sat in the press tent after shooting a one under par 71 over the par 36-36-72 course. He sipped on a bottle of beer realizing that Palmer needed only a par on the 18th hole to clinch the victory.

Palmer scored a par four on the 420-yard 18th, canning a putt about a foot at the same moment as a radio broadcaster was screaming from a portable that the Dodgers had won the World Series.

Hebert didn't exactly have to cry in that beer. He collected \$13,000 for his second-place 282. Old Sam Snead, who finished with a six under par 66, and Al Bald-

ing, Canadian PGA champion, tied for third at 283, each earning \$6,750.

Don January and Mason Rudolph were next with 284s and \$4,700 each, while U.S. Open

champion Julius Boros shared a three-way tie at 285 and \$3,400 apiece. PGA and Masters champion Jack Nicklaus wound up with a 289 and \$1,600, even with his final round 67.

Palmer's victory was the first of his career in a tournament with a prize of \$25,000 or more.

Snyder B Decisions Sweetwater

SWEETWATER — Snyder's B team scored its first touchdown and won its first game of the season here Saturday night, completely dominating play in taking a 20-0 decision from the Sweetwater B.

The Snyder team scored all of its points in the first half and used many substitutions during the last two quarters of play.

Sweetwater kicked off to open the game. Rodney Gray ran the kick out to the Snyder 40 yard line and the Snyder team launched a sustained drive. Gray carried over from inside the 5 yard line. A rushing try for the extra point failed.

Following the kickoff after the touchdown, Sweetwater was held for downs and on an attempted punt the snap from center sailed over the punter's head. Snyder got the ball on the 30 yard line and drove in for another score. The payoff came on an 8 yard pass from Richard Waters to Steve McMahon. Jackie Rice ran over for the extra point.

In the second quarter, another Snyder drive was climaxed when Waters ran the bootleg play over from 4 yards out. An attempted kick for the extra point failed. Sweetwater made only one penetration of the Snyder 20 yard line and got only 7 first downs during the game. Snyder made 14 first downs.

Standing out on defense for Snyder B were Roy and Ray Kizer, and Larry Jones. Coaches Bill Hartfield and Roy Carter said the entire line looked good on offense and that their backs ran better than ever before this season.

Georgia Tech, now 2-1, allowed a 21-yard field goal to be kicked in the first quarter against LSU with Pat Screen running from the seven for the score. Doug Moreau kicked the winning point. Billy Lathridge kicked field goals of 21 and 26 yards for the Engineers.

Alabama won its third in a row, beating Vanderbilt 21-6 at Nashville with Benny Nelson scoring on runs of 50 and 97 yards. Navy, also 3-0, got another inspired performance from Roger Staubach in a 26-13 triumph at Michigan. Staubach completed 14 of 16 passes for two touchdowns and 237 yards and scored another on a five-yard run.

Southern Cal, 2-1, had to rally in the first quarter against LSU, edge over Michigan State at Los Angeles; Pitt won its third straight from West Coast powers, clubbing California 35-15 at Pittsburgh and Perry Dunn threw two touchdown passes in Mississippi's 20-6 victory at Houston.

Duke's unbeaten Blue Devils scored their third straight, a 30-12 decision over Maryland in the national television game. In some of the other major games, unbeaten Ohio State won its second with a 21-0 romp over Indiana, preparing for an important Big Ten match with Illinois this week. Penn State made a bid for a national ranking by trouncing Rice 28-7 and Dartmouth's Ivy League champions stretched their winning streak to 13, longest in the nation for a major college team, with a 28-0 rout of Pennsylvania.

Wyoming has beaten Montana State University in football 11 straight times. That's all they have played.

Know The Tigers

Jimmy Wilson, a 156-pound senior in his second year on the Tiger varsity. He plays quarterback and has started most of the games this year. He is the leading passer on the team and had what was probably his best night against Kermit when he completed 19 of 17 for 129 yards and two touchdowns.

Jimmy is the president of the Future Teachers Club and is also a member of the Letterman Club. He plans on attending the University of Texas and major in Business Administration. He is the son of T. A. Wilson of Arush Road. The Wilsons moved here from Mer-

Know The B Team

Fred Wiman is a 15-year-old sophomore who is a quarterback for the Tiger B Team. Fred has been unable to play much of the year because of an injury. Fred is the son of J. A. Wiman of 2508 Twenty-seventh Street. The Wimans moved to Snyder from Fluvanna in 1953.

Fred, who weighs a mighty 121 pounds, is planning on attending college, but does not know where yet. He intends to study science and math. He is president of the sophomore class and is in the Spanish Club, Letterman Club, and is in the Student Council.

WEST LOOKS EAST—Chief Spotted Back (Walter Hamilton) of the Omaha tribe, whose ancestors roamed the open ranges of America, stands at the Red-built wall dividing Berlin. In the right background are Communist tank obstacles and East Berlin houses.

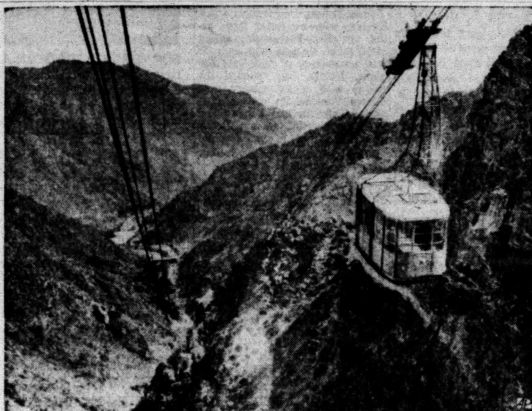

MALE TOUCH—The new style look in London features man-tailored poplin shirts for women wear. The dark blouses at left and right come with detachable collars.

RANGE CO-EXISTENCE—A golden mantled squirrel chomps away on a nut as it rides around on the neck of a fawn. This peaceful scene was pictured at the Percy Pangborn ranch above Lake Wenatchee in the foothills of Washington State's Cascade Mountains.

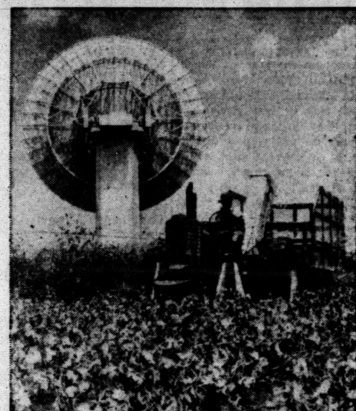

SPIKED WORK—Guenther Uecker paints his handiwork in Frankfurt. The artist hopes to initiate an avant garde trend by adding nails to ordinary pieces of furniture.

BIG LIFT STARTS—An 80-passenger cable car, part of an aerial tramway, makes first public trip from the California desert near Palm Springs to the 8,000-foot level of nearby Mt. San Jacinto. The Mojave Desert and Palm Springs are in the top background.

ENVOY—Gen. Herbert B. Powell, 60, is the new United States ambassador to New Zealand. Powell, who succeeds Anthony B. Akers, retired from the army after 43 years of service.

SCENE CHANGE—A space communications antenna, indicative of the changing economy, forms backdrop for a cotton stripper harvesting the crop near Dallas, Texas.

DISK NOTE—An antique phonograph formed of dahlias was one of the features of annual floral parade in Landau, West Germany. Float publicized Berlin music fair.

AIRY WRINKLE—"Telstar" is the name given to these hair curlers by a Paris stylist. They're supposed to cut time used to set hair and make the waves last longer.

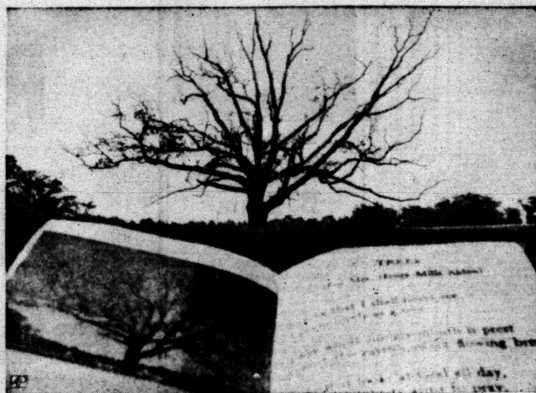

CAPITAL CREATIONS—The severe lines of a new viaduct and the rising Malaysia parliament building in Kuala Lumpur are a match in modernity. The structure is expected to be completed in time for the first session of the new federation in October.

LOSER'S VIEW—Thom, who also runs on a muddy track, usually look like jockey Karl Korte. Following a race at Atlantic City he and the also rans were ready for the cleaners.

DATE SEARCH—Pop singer Frankie Laine and his wife, both ardent coin collectors, hunt for U.S. silver dollar rarities between his performances in Las Vegas, Nev.

INSPIRATION SITE—The majestic oak tree which legend says inspired Joyce Kilmer to write his oft-quoted 12-line poem "Trees" is pictured prior to its removal from New Brunswick, N.J. Two years of treatment failed to keep the 68-foot high tree alive.

STARS ON THE SET—Sophia Loren and Marcello Mastroianni, two of Italy's top screen stars, are caught in closeup while filming "Yesterday, Today, Tomorrow" in Naples.

TOP TV TONIGHT

By BUD EVANS

8:30 CBS "Andy Griffith." Opie and one of his young friends accidentally send a baseball through the window of an old house, long deserted and thought to be haunted. After being called on for help, Andy suspects there may be a connection between the "ghost" and a bootlegger whose illegal still is yet to be discovered.

OTHER HIGHLIGHTS

8:30 NBC "Monday Night Movie." Tells the story of the freighter, Mary Deere, set afire and abandoned by his crew. When the operator of a salvage boat boards the deserted vessel, he finds a crew member deliberately intent on wrecking the ship. Gary Cooper and Charlton Heston star and Michael Redgrave, Evelyn Williams, Cecil Parker, Alexander Knox and Virginia McKenna are co-stars in "The Wreck of the Mary Deere," Color.

7:30 CBS "Lucy." Literally finds herself up in the air with a fist-

ful of runaway balloons when she and Viv decide to go into the business of giving parties for pay for children. Lyle Talbot is featured.

8:00 CBS "Danny Thomas." Kathy has been putting aside some of her household money to buy Danny a set of golf clubs but Danny finds the money and takes it, setting the stage for a call to the police.

8:30 NBC "Hollywood and the Stars." presents part one of a two-part documentary covering the movie vamps, flappers and glamour queens of the past five decades, as they reflect the public's changing taste in female screen stars. Joseph Cotton narrates.

9:00 CBS "East Side - West Side." tells the story of a veteran of World War II and the Korean conflict, who returns to New York feeling frustrated with life and angry with society who takes a furnished room and becomes a hermit for four years. Joseph Turner and Janet Margolin co-star. This show was originally scheduled for last week.

9:00 NBC "Mitch Miller" and his Gang recall the days when their high school year books predicted various careers for them, suggested that teenaged romances might last a lifetime and forecast fame and fortune. Hilde Hindele and Stan Carlson are added to the solo lineup. COLOR.

Looking Back

10 Years Ago
From The Snyder Daily News Oct. 7, 1953

One city health measure ordinance, which regulates the manner in which garbage and trash is to be disposed of, was passed unanimously by the city council last night.

Second reading of a companion health ordinance (which would regulate the number and manner of keeping livestock and fowl inside the city limits) was delayed after a delegation of citizens headed by Garland Armstrong, attorney for the group, protested passage of the ordinance.

Honored guests here last night for the dedication of the new \$1,500,000 high school building of the C. R. Anthony, president of the C. R. Anthony Co., Raymond Feinberg and Fred Buford, both of Buford & Feinberg, architects of the building, and Dr. W. H. Alexander, pastor of the First Christian Church of Oklahoma City and a principal speaker at the event.

Wintertime Garments Need Odorless Sanitone Service

One nice thing about the fall season of the year is that it warns us that winter is coming. Smart people take that warning. They have anti-freeze put in their cars. They have their furnaces and heaters made ready for cold weather. And something else that smart people do is get out their winter clothing and get it ready for cold weather too.

A call to Zenith Cleaners is the quickest and easiest way to get those winter clothes in shape. And speaking of winter clothes, those folks who don't like to wear clothes that "smell like a gasoline pump" really appreciate the odorless Sanitone Service offered at Zenith Cleaners. Winter clothes are heavier than summer clothes, and if the cleaning fluid has an odor, the heavier fabrics of winter clothes will hold that odor.

That's just one of the reasons that so many people prefer Sanitone Service — it's completely odorless. Another reason is that the odorless Sanitone cleaning fluid cleans at much lower temperatures, avoiding possible damage to clothing which might come from high temperature cleaning. Miracle fabrics, while fine in many ways, should not be subjected to high cleaning temperatures.

Zenith Cleaners, as an authorized Sanitone cleaner, has the exclusive right in Snyder to use the Sanitone products and processes in their cleaning.

The nationally advertised Sanitone Service is the result of many years of experimentation in the Sanitone laboratories. The results of this constant progress in the field of dry cleaning are passed along to the authorized Sanitone cleaners.

New Act For Circus Not In Castro's Plans

NEW YORK (AP) — An aerial act of the Moscow Circus gained an unscheduled performer Sunday night—an anti-Castro Cuban girl who climbed to a 25-foot-high platform and unfurled a banner.

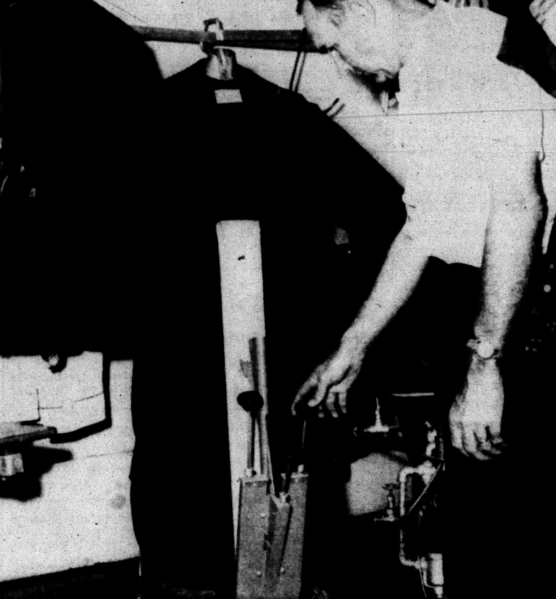

"Russians get out of Cuba," it said. Three other girls ran to the center of the ring before the 9,000 spectators at Madison Square Garden and shouted for Soviet soldiers to leave Cuba. Other demonstrators tossed letters from the balcony. Special police escorted the six demonstrators from the building.

The chess collection of the Metropolitan Museum of Art in New York City contains a set commemorating the Revolutionary War Battle of Saratoga in 1777. The equivalents of the kings and queens are George Washington and Liberty opposing George III and Britannia.

New materials and fabrics, and the proper methods by cleaning them, each of these is checked and double-checked by the Sanitone specialists, and their findings made available to their Sanitone cleaners.

The result is, that when garments or other fabrics are brought to Zenith Cleaners, not only are the skill and experience of the staff there used in the cleaning process, but they are backed up by the skill and experience of the Sanitone researchers as well.

Zenith Cleaners invite comparison of their Sanitone Service with any other. Free pick-up and delivery service is obtained by calling HI 3-3321. The plant is located at 603 East Highway.

MORE THAN CLEANING is done when garments are brought to Zenith Cleaner's modern plant. Here Carl Force, owner of the firm makes adjustments on the Adjusta-Form machine which will make the winter coat, shown on the machine, regain its original shape. Three separate adjustments of the steam pressure inside the garment guarantee that the original shape can be duplicated exactly. Much winter clothing is being prepared for cold weather now at Zenith Cleaners.

Just A Family Affair

ORANGE, Va. (AP) — Lowell Dodson of Orange County was driving home from work last week when his car and another automobile collided. The driver of the second car was Dodson's brother, Gus.

The accident happened in front of a home owned by Earl Dodson. He's a brother of Lowell and Gus.

Tests Indicate No-Roach Fine

A leading consumers research group has tested numerous cockroach killers. They have concluded "to brush is better than to spray" because you can brush just where you want.

There is no need to move food and dishes, or to breathe harmful sprays when you brush Johnston's No-Roach where you have seen cockroaches. Further, No-Roach contains no DDT or chlor-dane, which are no longer effective against most German cockroaches — the small ones that are so hard to kill.

The coating left by No-Roach remains effective for months, and kills the little roaches just hatching from the eggs. Most women say, "I don't know whether No-Roach is any good or not, but I don't see any more cockroaches or ants."

We, the makers of No-Roach, say, Better buy No-Roach, the better buy. That is, if you want no roaches, get No-Roach. Confused? Don't be... just go to your favorite store manager, and say, "Sir, I want no roaches... please give me No-Roach". The 8 oz. pint comes with a free plastic squirt bottle.

No-Roach is available at: Furr's, Sunbeam, Piggy Wiggly, B&B, Safeway, Rainbow & all leading grocery stores.

Nation's Skies Mostly Fair

CHICAGO (AP) — Unseasonably mild weather prevailed across much of the nation's mid-section today and warmer air headed into the Northeast.

Generally pleasant weather was reported in the major part of the country. Clouds covered areas along the northern tier of states and in the immediate Gulf coastal regions. Only wet spots were in the mountain areas in the West and over extreme southeastern Florida, with light showers reported.

Temperatures hit record high marks for Oct. 6 or for the month of October in 10 Midwest states Sunday. The mercury climbed to the mid-90s and upper 80s in Illinois, Michigan, Wisconsin, Iowa, Kansas, Nebraska, Minnesota, Missouri, Indiana and Ohio. Hot spots included Kansas City, 93; Chicago, Des Moines and Concordia, Kan., 94, and Omaha and La Crosse, Wis., 93.
