Mobile Home Plant To Snyder

Ritz-Craft Coming Here

Ritz-Craft Southern, Inc., has selected Snyder as the site for a plant for the manufacture of mobile homes, it was announced this morning by officials of the company and the Scurry County Industrial Foundation.

The announcement climaxed negotiations that had extended over a period of some 2½ months and which at the outset had involved half a dozen potential locations in West Texas. Ultimately, the field was narrowed to Snyder and one other, and this morning Ritz-Craft officials notified the Scurry County Industrial Foundation that Snyder has been selected.

The firm will occupy facilities on a 20-acre tract on U. S. 84 in North Snyder, adjacent to the site of new buildings now being erected by the Texas Highway Department.

The plant here, which officials said would employ 100 to 150 persons, will construct large mobile homes for wholesale distribution.

The mobile home industry is one of the fastest growing in the country, and Ritz-Craft's new plant here will serve a vast territory. Officials of the company also indicated that a possibility of early expansion here exists.

Three Ritz-Craft Southern officers spent two days in Snyder some 10 days ago and remained over to attend the annual Chamber of Commerce banquet. At that time, the three Ritz-Craft Southern officers, Dick Rein, Mike Vanden Boosche and Paul John, conferred at length with the Scurry County Industrial Foundation Board of Directors, and specific proposals evolved from that session. While here, the Ritz-Craft Southern officers also looked over the proposed plant site and toured the city.

Actual work on the Ritz-Craft Southern plant here will begin soon, possibly within two weeks. The company advised this morning that plans for the buildings were ready.

The Ritz-Craft Southern negotiations proved to be the first to bear fruit among two or three prime industrial prospects with which the Scurry County Industrial Foundation and the Snyder Chamber of Commerce have been in close contact in the past few weeks. Negotiations with some other prospects will continue, foundation officials said this morning.

Foundation Has Other Irons In Fire

Already committed for a site and some attendant facilities in connection with a new mobile home plant announced today for Snyder, the Scurry County Industrial Foundation today made plans for a drive to obtain funds not only to fulfill current commitments but to make bids for more industry at once.

The foundation board this morning, upon receiving word from Ritz-Craft Southern that it would open a mobile home manufacturing plant here, named Bill Wilson to head a special committee to plan a drive to raise $100,000 for the foundation's work. Mickey Nunley, Chamber of Commerce manager and secretary to the Industrial Foundation Board, said two other prime industrial prospects are near negotiation stages.

The foundation has a long-established policy of furnishing sites for industrial concerns moving here and assisting with making such sites suitable for specific types of plants. More money will be needed by the foundation to make it possible for immediate negotiations with other prospects, foundation officials said. Wilson said an announcement on procedure for raising $100,000 for the foundation would be made within the next few days.

Medicare Report

WASHINGTON (AP) — Congress will face great pressure to turn medicare and medicaid into some form of national health insurance unless the rapid increase in medical costs is halted, a Senate staff report says.

In a report released Sunday after a year of work, the Finance Committee staff recommends establishing maximum fees for doctors under the two big government programs as one way of slowing health expenses.

"The charges for adequate nongovernment health insurance are rising to levels beyond the financial capacity of millions of hardworking Americans," the report said.

If these are not slowed, the staff said, "Congress may reasonably anticipate increased pressures upon it to extend the medicare and medicaid programs to encompass large segments of the population not now covered" . . . in other words, some kind of national health insurance.

The committee has not endorsed the report specifically. However, it was praised by Chairman Russell B. Long, D-La., and Sen. John J. Williams of Delaware, senior Republican member.

Both said they were confident at least some of the recommendations would be adopted by Congress this year.

The staff proposals included suggestions for reducing charges by physicians, hospitals and nursing homes, and for instituting far more effective controls by the Health, Education and Welfare Department.

The staff said medicare, which covers all persons over 65, now costs $8.3 billion a year. Medicaid, designed to aid those on welfare and other poor persons, costs $5.5 billion yearly.

Both exceed original estimates, the report said.

Many overpayments and other types of abuses on the part of doctors were found, the staff said.

It said maximum doctors' fees could be based on revenue obtainable from present monthly payments of $4 each by subscribers to medicare part B and by the government.

The Nixon administration has said these will be raised to $5.30 effective July 1.

The staff plan would keep the $4 rate and eliminate the $50 a year deductible which each subscriber must now pay.

The report skirts the touchy question of how many doctors might join such a plan. Now each physician can set his own fee but he is supposed to be reimbursed only on the basis of a reasonable charge.

The report charged insurance firms have not followed the intent of Congress that they pay doctors no more than they would pay for their own subscribers.

Today In History

By THE ASSOCIATED PRESS

Today is Monday, Feb. 9, the 40th day of 1970. There are 325 days left in the year.

Today's highlight in history:

On this date in 1718, French colonists arrived in Louisiana.

On this date:

In 1674, the Dutch surrendered New Netherlands to England.

In 1773, the ninth American president, William Henry Harrison, was born in Charles City County, Va.

In 1870, the U. S. Weather Bureau was established.

In 1942, the former French liner, "Normandie," burned and capsized at a New York pier as it was being outfitted as a World War II troop transport.

In 1943, the World War II battle for Guadalcanal ended in a U. S. victory.

In 1945, Soviet troops were besieging the outer fortresses of Berlin.

Ten years ago — Western officials were expressing concern over U. S. slowness in evolving a new disarmament plan to counter a Soviet proposal for total disarmament.

Five years ago — Some 1,000 students stormed the American Embassy in Moscow to protest U. S. bombing of North Vietnam.

One year ago — South Vietnamese marines turned up a huge cache of enemy arms, including rocket warheads, north of Saigon.

★ ★ ★

THE WEATHER

SNYDER TEMPERATURES: High reading Saturday, 67 degrees; low reading 39 degrees; reading at 7 a.m. Sunday, 46 degrees. High reading Sunday, 58 degrees; low reading, 33 degrees; reading at 7 a.m. today, 37 degrees.

Northwest Texas: Fair tonight and Tuesday. Low tonight 25 to 33. Warmer Tuesday, high 60 to 68.

Northeast Texas: Fair and cooler tonight, low 26 to 34. Fair and warmer Tuesday, high 60 to 68.

North Central Texas: Fair tonight and Tuesday. Low tonight 26 to 34. Warmer Tuesday, high 63 to 70.

Southwest Texas: Fair tonight and Tuesday. A little cooler tonight and warmer Tuesday. Low tonight 26 to 38. High Tuesday 65 to 75.

Southeast Texas: Clear to partly cloudy and cooler tonight with a light freeze in interior. Fair and a little warmer Tuesday. Low tonight 28 to 38. High Tuesday 62 to 70.

South Central Texas: Clear to partly cloudy and cooler tonight with a light freeze in north portions. Fair and warmer Tuesday. Low tonight 30 in north to 45 in south. High Tuesday 66 to 76.

West of the Pecos: Fair tonight and Tuesday with no important changes. Low tonight 20 to 35. High Tuesday 58 to 72.

Coast: North winds 8 to 18 knots this afternoon, decreasing tonight and becoming mostly northeast 5 to 15 knots Tuesday.

Louisiana: Fair and cool Tuesday. Rather cold tonight with light freeze or frost, low 26 to 32 in interior and 30 to 38 near coast. High Tuesday 52 to 60.

ROGERS ARRIVE IN RABAT — Secretary of State William P. Rogers, center, and his wife are greeted by Moroccan Foreign Minister Abdelhadi Boutaleb on arriving at Rabat airport Saturday night. This was Rogers' first stop on a ten-nation fact-finding tour of Africa. (AP Wirephoto via cable from Rabat)

Jesse James Subpoenaed

SAN ANTONIO (AP) — State Treasurer Jesse James said today he has been subpoenaed to testify before the federal grand jury here in a probe of alleged irregularities involving a political race in North Texas.

James said in Austin he had "just received" the subpoena today and that he was ordered to appear before the grand jury at 1 p.m. Tuesday.

At least two Memphis, Tex., men, one a republican candidate for the legislature in District 80, also have been subpoenaed to testify here Tuesday.

U.S. Atty. Seagal Wheatley declined to say what the investigations involves, except to say that it concerns "alleged irregularities" by a third person in connection with political candidates' efforts to file for state office.

WITH SEC. ROGERS

Laraki Discusses Arms Shipments

By MICHAEL GOLDSMITH
Associated Press Writer

RABAT, Morocco (AP) — Prime Ahmed Laraki told Secretary of State William P. Rogers today the Moroccan government is deeply concerned over the prospect of further U.S. arms shipments to Israel.

American officials said Laraki raised the matter during a 50-minute meeting with Rogers, who is on the first leg of a 10-nation tour of Africa.

The officials said Laraki also warned against any attempt by the Big Four to impose a Middle East solution without taking account of the Arab population of Palestine.

In an earlier meeting with Foreign Minister Abdel Habid Boutaleb, both Rogers and Boutaleb expressed concern over the growing foreign — presumably Egyptian — infiltration into Libya, the officials said.

Rogers paid tribute to the moderating and stabilizing influence of Morocco and its pro-Western monarch, King Hassan II, in the Mediterranean area, Africa and the Arab world. The secretary of state delivered a leitter from President Nixon inviting King Hassan to visit the United States. No date was fixed, but the visit was tentatively set for July.

Rogers had a 15-minute private talk with the king prior to a luncheon hosted by Hassan in a downtown Rabat hotel.

Moroccan commitment to the Arab cause and U.S. support for Israel was considered the reason that the Moroccans gave the first American secretary of state to Africa something less than an an all-out welcome.

Rogers and his wife were treated to a colorful welcome Sunday in Fez, Morocco's ancient religious capital 120 miles north of Rabat. Escorted through the 1,000-year-old city by eight Moslem priests in flowing robes, the visitors walked for an hour around the cobbled streets.

Boutaleb met Rogers and his wife at the airport Saturday night but made no welcoming speech. A state banquet by the king was canceled, and instead Boutaleb gave a dinner for the visitors.

Pullout Prospects Checked

WASHINGTON (AP) — Secretary of Defense Melvin R. Laird and his top military officer left for Vietnam today to check the prospects for further American troop withdrawals.

Laird, taking off from Andrews Air Force Base in suburban Maryland, declined to say in advance whether the Nixon administration is ready to go beyond its latest announced 50,000 man pullout to be completed April 15.

The defense chief seemed to indicate, however, that the conditions may be right for additional cuts. He said the "Vietnamization" plan to turn over more combat responsibility to the South Vietnamese is "going forward at a very adequate pace."

It will be the defense chief's second visit to South Vietnam since becoming secretary of defense. Following Laird's first trip last March, President Nixon made a decision to order the first withdrawals from South Vietnam.

The troop ceiling has since been lowered from 549,500 to 434,000.

While noncommittal on most questions about the future of the war, Laird did use the occasion before a few reporters who saw him off at the airport to warn that the defense budget he recently submitted to Congress cannot stand cuts.

"This is a rock bottom, bare bones budget," Laird said.

The $71.8 billion spending proposal for the fiscal year beginning next July has already been budget which had been projected by the Johnson administration, Laird said.

Israeli, Egyptian Jets Trade Raids

By THE ASSOCIATED PRESS

Israeli and Egyptian jets traded strikes across the northern Suez Canal today as the little summit meeting of Israel's chief Arab foes drew to a close in Cairo.

Israeli planes made a 75-minute raid against Egyptian military targets in the northern sector of the canal, the military command announced in Tel Aviv, and all planes returned safely.

Egyptian military spokesmen in Cairo reported that Egyptian fighter-bombers attacked "enemy bunkers and an encampment in the Deversoir area, scoring direct hits." The planes hit a group of moving Israeli vehicles, the spokesmen said, and also attacked Israeli tanks on a main road in Sinai. All planes were reported to hve returned safely.

Israeli jets struck on two sides of Cairo Sunday during the second day of the Arab leaders' conference called by President Gamal Nasser. The Israelis claimed they shot down two Egyptian MIG21s, Egypt claimed one Israeli Phantom, and each denied the other's claim.

A Jordanian military spokesman said Jordanian and Israeli forces exchanged mortar and mchine-gun fire for 30 minutes and there were no Jordanian casualties. He said the Israelis fired first, and four Israeli casualties were seen being evacuated.

The Israeli news agency reported Israeli troops have blown up the homes of five suspected Arab saboteurs in the West Bank town of Jenin. The dispatch said the Arabs were jailed several months ago for suspected subversive activity.

An Arab was wounded today when a hand grenade thrown at an Israeli military vehicle in Gaza City missed its target and exploded in the street.

Pressure from Arab extremist groups was reported to have caused the resignation of the last of 12 East Jerusalem Arabs appointed to serve on municipal committees a week ago. Radio and television broadcasts from Amman also had called on the Arabs to resign.

Philadelphia Plan May Be Extended

WASHINGTON (AP) — Secretary of Labor George P. Shultz served notice today that the Labor Department's controversial Philadelphia Plan would be extended to 19 more cities unless those cities come up with acceptable plans of their own.

The plan sets goals for the hiring of minority workers, primarily Negroes, on federal construction projects.

The Labor Department set no deadline but said it would allow what it called a reasonable amount of time.

The 19 cities: Atlanta, Boston, Buffalo, N.Y., Cincinnati, Denver, Detroit, Houston, Indianapolis, Kansas City, Los Angeles, Miami, Milwaukee, Newark, N.J., New Orleans, New York, Pittsburgh, San Francisco, Seattle and St. Louis.

However, the Office of Federal Contract Compliance said attention would be focused on what it called six "priority" cities. They are Boston, Detroit, Atlanta, Los Angeles, Seattle and Newark.

Under the Philadelphia Plan concept, contractors on federally funded construction projects of more than $500,000 must submit "affirmative action plans" setting specific goals and timetables for hiring minority group members in higher paying crafts.

The plan was first implemented in Philadelphia where it is now being challenged in the courts by a contractors group. Organized Labor opposes it, contending its goals are in reality hiring quotas which are banned by the 1964 Civil Rights Act.

"We have made it quite clear that in solving these problems of the cities we favor voluntary areawide agreements to the imposition of specific requirements by the government," Shultz said.

Document Reveals Executions

NEW YORK (AP) — A captured Communist document says local Red leaders executed entire families in the same province in which U.S. troops allegedly massacred civilians at My Lai, the New York Daily News said in its Monday editions.

The News said in a Saigon dispatch by correspondent Joseph Fried that the Communist command's secret directive ordered a halt to a reign of terror by the local leaders in Quang Ngai province because it was costing popular support.

The News quoted the document as saying the leaders had falsely accused some of their opponents of subversive activities. Then the hamlet unit secretly arrested and executed those people without trial or requesting authority from higher headquarters. The killing of 12-year-old children, their parents and relatives, occurred in some areas."

Readers answer 'perfect' wife

By Abigail Van Buren

(c) 1970 by Chicago Tribune-N.Y. News Synd., Inc.)

DEAR ABBY: I notice that you did not comment on that letter from "YOUNG at 37." You were smart.

She seemed so pleased with herself because she did all her own housework, cooking, laundry, raised four children and even laid tile and painted her house. I wonder when she found time to write that letter?

She bragged that after 20 years of marriage, she still weighed the same—102 pounds—and she stood 4 feet 11 inches. Then she had the gall to suggest that other women could be "slim," too—if they would get off their fat fannies.

Well, I have news for her. She is from 12 to 17 pounds OVERWEIGHT for her height. Maybe she should get a good look at herself in a rear view mirror.

Me? I am her age, also stand 4 feet 11 inches, and I weigh 85 pounds.

SIGN ME "PERFECT" IN SIOUX CITY

DEAR ABBY: This is for that cute little 102 pound, 37-year-old lady:

At 8 a. m. I have already fed a family of six. Three of my children are in school and my "baby" [age 4] is on the way back home with me because I have driven a 55 capacity bus 6½ miles and picked up the children for school.

When I get home I must take care of my home and meals and laundry because at 2:30 p. m. I am on my way back to school to take the children home.

I also sew, garden and even repair my upholstered furniture when necessary. I am president of the PTA for the second consecutive year. I also teach the primary class in my church school and take an active part in church activities.

Yes, you guessed it. My fanny is fat, but I don't get to sit on it much.

MILDRED LOCKHART, BIRMINGHAM, ALA.

DEAR ABBY: How come with all her talent, "YOUNG at 37" didn't enter the MRS. AMERICA contest?

I have been married for 28 years and have been on the heavy side all my life, and it is not from sitting on my fat fanny either. I have always done all my own cooking and baking, housework and floor scrubbing. I shampoo my rugs regularly, too. I just finished painting the interior of my house and put in carpet tiles in all the bedrooms and baths. I also made draperies for the house and slip covers for all the furniture, plus I have arthritis in my neck and spine.

When my husband comes home, he gets a hot full-course dinner with no waiting. I also have two friends who have no cars, and I take them grocery shopping once a week. I do lots more, but why brag?

HEAVY AND HAPPY IN CAMDEN, N. J.

DEAR ABBY: This is for "YOUNG at 37": My mother, age 64 is 4 feet 11 inches and she weighs 170 pounds. She does all her own work, picks apples with the experts, goes hunting with dad, helps haul wood, and she cans food enough in summer to see her own family and plenty of neighbors thru the winter. When sitting on her "fat fanny," she makes quilts and layettes for The Salvation Army. I believe "Young at 37" would have a hard time keeping up with my mother.

45 AND CARRYING MY OWN WEIGHT IN SALEM, ORE.

DEAR ABBY: Please tell that busy 37-year-old woman with the overactive thyroid that if she tries hard enough she may be able to overcome her compulsion to keep busy every second. I thank God for my 160 pounds and my even disposition which allows me to put quiet and peacefulness ahead of efficiency and orderliness. And my children are growing up in a home with a mother who has time to listen, and share, and to help others. That's what it's all about, Abby. Sign me . . . SERENE IN THE SOUTHWEST

DEAR ABBY: I just had my 21st birthday and I have 2 children ages 4 and 3. I've been married 5½ years. I would like for "YOUNG at 37" to know that I started out at 102 pounds just like she did, but now I weigh 150, and it's not because I sat around on my fat fanny. I worked every bit as hard as she did, and maybe harder, but let's not go into that. At 19 my hair started graying and at 20 I had developed a nice size ulcer from worrying about cobwebs I couldn't reach.

OLD AND VERY TIRED AT 21 IN ODESSA, TEX.

Students Prove You Can Fight City Hall

NEW YORK (AP) — Proving you can fight City Hall and sometimes win, some Hunter College students have brightened a subway station near their campus with paper sunflowers, murals, op art and balloons.

The project stemmed from a political science class assignment to give living proof or disproof to the statement, "You can't fight City Hall."

Transit Authority resistance to the decorations almost derailed the idea until Mayor John V. Lindsay intervened.

A sign lettered in crayon at the Lexington Avenue station says the decorations "are a valentine from Hunter students to N.Y. They prove (until vandalized) that a subway can be better looking."

Runaway Girl Released To Father

AUSTIN (AP) — A 14 year-old "runaway" girl from Mississippi who claims she is a common law wife has been released to the custody of her father, juvenile authorities said today.

A petition in juvenile court seeking to have the girl declared delinquent will be dropped, said Bill Anderson, chief juvenile probation officer.

Sandra Darna Sellers and Eugene Franklin Sellers, 18, a boy from nearby Manchaca, filed a "declaration of informal marriage" in the Travis County clerk's office Jan. 23, an action permitted under the new family code passed by the legislature last year.

Sandra's mother was reported en route to Texas to get the girl Friday, but apparently changed her mind.

The girl was released to Elco Walker of Johnson City, her natural father.

Commonlaw marriages between underage persons whose parents did not consent have been recognized in Texas for generations. The only thing added by the new law is the right to file a declaration, making it easier to prove marriage in disputes over wills and other matters.

Girls 14 to 18 and boys 16 to 19 may join in common law marriages without parental consent. Older persons need no consent and may join in common law marriages or get marriage licenses and go through civil or religious ceremonies. Underage persons cannot get marriage licenses.

Dallas Rites Today For Mother, Son

Funeral services were held at 11:30 a.m. today in Restland Memorial Chapel in Dallas for Mrs. Walter H. Ripple Jr. and her 11-month old son, both victims of a fire which destroyed their home early Friday in Plano.

The child, Mark Allen Ripple, died at the scene of the fire and Mrs. Ripple, the former Susan Free of Snyder, died Saturday afternoon in a hospital at Richardson.

Burial was to be in Restland Memorial Park in Dallas.

Mrs. Ripple is survived by her husband; her parents, Mr. and Mrs. E. W. Free of Snyder; and a brother, Stephen G. Free of Houston.

In addition to the father and maternal grandparents, the child is survived by paternal grandparents, Mr. and Mrs. W. H. Ripple Sr. of Martinsburg, West. Va., and two great-grandmothers, Mrs. Ada Allen and Mrs. Arthur Landis, both of Martinsburg, West. Va.

One Hurt In Mishap Here

Olie Martinez, 34, 208 Thirty-second Street, was taken to Cogdell Memorial Hospital by private vehicle after she was injured in a two-car mishap on Twenty-fifth Street at Avenue M at 3:17 p.m. Saturday. Her injuries were described as minor.

Investigating officers said she was a passenger in a 1967 Model Ford Stationwagon operated by Julia Villareal Sanchez, 1205 Twenty - ninth Street. It was involved in a collision with a 1959 Model Chevrolet driven by Steve Roger Daugherty, Box 265, Fluvanna. Damage to the station wagon was estimated at $425, and damage to the other vehicle was placed at $300.

City Police also investigated a two-vehicle mishap in the 2400 block of Avenue S at 9:30 a.m. Saturday.

Damage to the 1964 Model Ford pickup of Hallie Dale Hoyle, 208 Ash, was set at $20, and damage to the 1962 Model Dodge of Margaret Good Clark, Route 3, was set at $5.

Forensic Squad In Tie For Third

The SHS Forensic Squad tied for third place out of the 21 schools entered in the Fourteenth Annual Speech Tournament at Howard Payne College in Brownwood this weekend. First place went to Wichita Falls High School, second to Denton, and the Snyder Squad shared third place with Central High School of San Angelo. Other high ranking schools were Ross Sterling High of Houston and Nolan of Fort Worth.

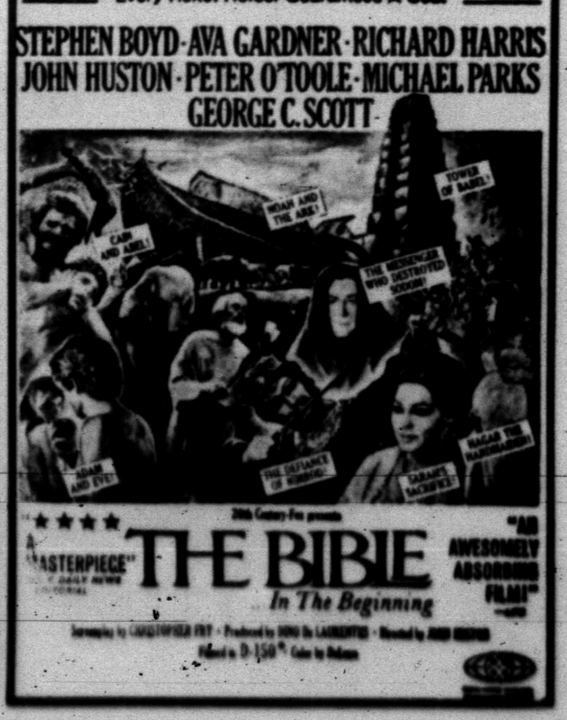
First place winners from Snyder were Jamie Boren in Poetry Interpretation and Barbara Carter in Informative Speaking.

Second Place winners included Joe Wilson in both Dramatic Interpretation and Prose Reading; Allana Patterson in Prose; Gary Terrell in Informative Speaking.

Pam Hartsfield won third in Poetry Reading and Mark Brock reached the finals in the tough competition before being eliminated in Prose Reading.

The Girls debate team of Barbara Carter and Kathie Martin went undefeated for five rounds before losing in the semi-finals to Wichita Falls. The boys debate team, Bob Jackson and David Cotton made it to quarterfinals with a 3 win - 2 loss record.

The next competition for the group will be in Midland at the Tall City Invitational Forensic Tournament Feb. 20 and 21.



Traffic Leader In Weekend Violence

By THE ASSOCIATED PRESS

Motor vehicle crashes and gunfire amid miscellaneous tragedy pushed the Texas violent death toll upward during the weekend.

The death toll climbed to 24 with 16 killed in traffic collisions and five dead in shooting incidents and one by drowning.

The Associated Press began the death tabulation at 6 p.m. Friday and continued it until midnight Sunday.

Virgil Whatrek, 24, a special sheriff's deputy at Karnes City, was killed Saturday night in a dance hall brawl.

The young deputy was shot three times when an 18-year-old youth grabbed another deputy's gun and turned it on the two officers. The second deputy, Suzano Garcia, 47, was in poor condition late Sunday in a San Antonio hospital.

Leticia Cabrera, 3, of Fort Worth was killed Saturday night when her father's car rolled into a guard rail near New Braunfels. The father and another passenger in the car were injured.

Williams Gates, 39, of Houston was killed Sunday when his truck left Interstate 30 near New Belview, hurtled through a fence, and struck a barn.

Five persons died late Saturday in a car-truck collision on U.S. 83 about 25 miles south of Zapata in south Texas.

Dead are Camilo Martinez, 48, of Laredo; his wife, Delia Camacho Martinez, 33; their children, Areceli Camacho Martinez, 13; Arturo, 18, and Tomacita, 16.

Al J. Conway, 33, of Houston was killed in a one car accident on a Houston street Saturday night. Police said Conway lost control of his car on a rain-slick street and crashed into a telephone pole and overturned.

Mrs. Boobie Jean Minor, 17, was killed and her 22-year-old husband Zelta Minor was critically injured in a shooting incident outside a Houston tavern Friday night. Mrs. Minor died Saturday. Police were looking for a 27-year-old man for questioning.

Gilbert Berry, 56, of Beaumont, was fatally shot in the chest Saturday in a car on a highway between Port Arthur and Beaumont. Authorities said they arrested a woman.

Cornelius Young, 18, was killed Friday night when his small car overturned and crushed him. Jerry Hamrick, a passenger, was reported in fair condition at a hospital.

Mrs. Diane McDaniel Grimes, 22, was killed in a one car accident Friday night. Police said her car overturned on a curve in dense fog.

A headon collision on a Houston street Friday night killed Donald Lee Wright, 31, of Houston. Police said Freddy Warren Carley, 28, the driver of the other car, was seriously injured.

Charles McClain, 27, of Amarillo was killed early Sunday when his car struck a traffic standard in the Panhandle city. His companion, Mary Lou Walker, 36, died in an Amarillo hospital several hours after the accident.

Janet Lynn Haught, 3, daughter of Mr. and Mrs. Gary Don Haught of Amarillo was killed Sunday when she was struck by a car on Farm Road 1318, about a quarter mile west of Tulia.

Harley Heinemeyer, 55, of Cibolo was killed Sunday night when the car he was driving swerved off Farm 1103 east of Cibolo and struck a bridge abutment.

Two small sisters perished Sunday night when flames engulfed their Houston apartment. They were 11-month-old Genny Moreno and Sandy Moreno, 4, daughters of Mrs. Gloria Moreno.

Robert Matlock, 3, of Dallas drowned Sunday when he accidentally fell into an apartment swimming pool.

Martha Hinojos, 5, of Midland was killed by a pickup truck Saturday. The death was ruled accidental.

Bart Del Bosque, 16, of Odessa died Friday of injuries received in an Odessa accident which left three others in critical condition.

HOSPITAL NOTES

ADMISSIONS: Salvadora Silva, Rt. 3; Vera High, 3010 Ave. K; Annie Dale, Box 1245; Maxine Dacus, 3111 Ave. M; Cleo Chandler, Rt. 3; Dena Price, 1912 Ave. L; William Davidson, Rt. 3; Bobby Head, 3758 Avondale; Rita Melton, Rt. 1; Ervin Cross, Rt. 1, Plains; Windy Ingram, 2707 Ave. X; Ernest James, Star Rt., Ira; Joy Caddell, 2102 Forty-second; Lillian Lovell, Star Rt., Ira; Claiborn Waters, 3008 Ave. O; Carl Kellner, 3011 Ave. F; Grace Miller, 2901 Ave. Z; Juan Perez, Rt. 3.

DISMISSALS: Mrs. Robert Mengwasser and baby girl, Tony Degrate, Gracie Degrate, Wilbert Walker, Mary Wilson, James Cate, Sherry Williamson, Johnny Hardin, Anita Morris, Agnes Cheatum.

Sign Read Wrong

BERKELEY, Calif. (AP) — box on the left-hand side of The Daily Californian newspaper at the University of Berkeley campus read, in Chinese characters, "Happy New Year." One on the right read, "Long Live Chairman Mao!"

That wasn't what the one on the right was supposed to read, Editor Joe Pichirallo said Sunday. Students in the Asian Studies Department had been asked to provide Chinese characters reading "Year of the Dog," he said, and he learned about the subscription too late to change it.

Lathrop Testifies At Calley's Trial

By JIM BAKER
Associated Press Writer

FT. BENNING, Ga. (AP) — The chief legal officer for this infantry center testified today that information leading to murder charges against Lt. William L. Calley Jr. came from higher headquarters in Washington.

Col. Robert M. Lathrop told a pretrial hearing on defense motions that a sworn statement pertaining to the case was forwarded to him by the Army inspector general's office.

However, Lathrop said he never received any instructions in preparing charges against Calley.

Calley, 26, is charged with murdering 102 Vietnamese civilians at My Lai March 16, 1968.

Lathrop was called as a witness on a defense motion which alleges that command influence was brought to bear in the decision to try Calley on the charges.

Lathrop said he discussed the case with the Judge Advocate General's office in Washington and was told "do nothing until you hear from us." He added that he later was told the case was "all yours".

"I went to the office of the Judge Advocate General in Washington for assistance in drafting specifications, and those specifications were sent to the student brigade in the event they saw fit to press charges," Lathrop testified.

Calley was assigned to the student brigade at Ft. Benning at the time.

Lathrop said he received a telephone call from a Col. William Chilcoat of the Judge Advocate General's office and that Chilcoat said, "Do nothing until you hear from us." He said this was in late August or early September 1969.

"On the 4th of September, I received a call from Col. Chilcoat stating 'it's all yours'," Lathrop continued.

Lathrop said he passed that information on to Col. Lon C. Marlow, Calley's commanding officer at the time and now retired.

Calley was charged the day before his scheduled release from the Army Sept. 5, 1969.

Latimer contends the Army has no jurisdiction over the Miami, Fla. native because he is being held on active duty past his release date.

Plea Is Entered

Raymond Arredondo of Hobbs, N. M. pleaded guilty in county court this morning to a charge of driving while intoxicated. He was handed a $100 fine plus court costs and a 10 day jail term. He was apprehended Jan. 31 by Sheriff's Authorities.

Firemen Called

City Firemen answered a call to a grass fire at 2208 Avenue L at 1:10 p.m. Saturday.

CHICKEN VELVET — The patties are made with canned chicken spread and the sauce is brightened with mushrooms, peapods and water chestnuts.

Chicken Velvet From Chinese

By CECILY BROWNSTONE
Associated Press Food Editor

This Chinese dish, Chicken Velvet, uses ingredients available at local supermarkets. And it's suitable for serving at lunch or supper.

Make the whole menu Chinese-style. Start off with chicken broth and crisp crackers or wonton soup. For dessert you might offer pineapple slices and homemade or store-bought almond cookies.

CHICKEN VELVET

Seasoning Liquid, see recipe below
2 cans (each 4¾ ounces) chicken spread
1 teaspoon water
4 egg whites, from large eggs
½ cup salad (not olive) oil
1½ cups (about ⅝ pound) sliced fresh mushrooms
1 package (7 or 8 ounces) frozen peapods
1 can (5 ounces) water chestnuts, drained and sliced (⅔ cup)
Hot cooked rice

Prepare the Seasoning Liquid and set aside.

In a small mixing bowl mix together the chicken spread and water.

In a medium mixing bowl beat egg whites until they hold stiff straight peaks when beater is slowly withdrawn. Fold in the chicken mixture in several batches.

Meanwhile in a 10-inch skillet heat the oil. Drop half the chicken mixture, by heaping spoonfuls, into the oil to make four "patties." Fry, turning several times, until golden brown and set; keep warm. Fry remaining mixture the same way.

Pour off oil and return four tablespoons of it to skillet; heat. Add mushrooms and over moderate heat stir-fry for a minute. Add frozen peapods; increase heat until peapods are defrosted, then over moderate heat stir-fry for a few minutes.

Add the water chestnuts and the Seasoning Liquid. Stir constantly until sauce is clear and thickened.

To serve, pour the sauce over the patties. Or for patties that stay crisp on the outside, pass the sauce separately or spoon to one side of patties. Serve with rice.

Makes four servings—two patties per portion.

SEASONING LIQUID

2 tablespoons cornstarch
1 teaspoon sugar
1 can (13¾ ounces) chicken broth

Into a small mixing bowl or a one-pint measure turn the cornstarch and sugar. Gradually stir in the chicken broth, keeping smooth. Stir well just before using in Chicken Velvet recipe.

School Menu

TUESDAY

Hermleigh News

By CONNIE CULP

Hermleigh PTA will meet tonight at 6:30 p.m. in HHS auditorium. Guest speaker is Folke With, foreign exchange student from Norway.

The Jr. High ball game will follow at 7:30 p.m.

Wendell Hess of Bloomington, Ill., visited his grandmother, Nora Hess, Saturday.

Mr. and Mrs. Dick Withers visited her brother, H. S. Price, in Sweetwater, Sunday.

Mr. and Mrs. Walter Ammons and daughter Sheila of Abilene visited his mother, Allie Ammons, and sister, Mattie Mae, Sunday.

Mr. and Mrs. Bruce Withers of Odessa visited his grandparents, Mr. and Mrs. Dick Withers, recently.

Visiting with Connie Culp Sunday were her granddaughters, Kelly and Tanya Culp, and Mr. and Mrs. Danny Webb. They were enroute from San Diego, Calif., to Corpus Christi, where he will resume his Navy duties.

Myrtle Bowen spent the weekend visiting her sister, Pearl Hobson, in Denton. She also attended her niece's wedding while there.

Mr. and Mrs. Olan Culp Jr., Tanya and Kelly visited in the home of Mr. and Mrs. Bill Pylant of Snyder Saturday night.

Mrs. Effie Farmer visited Mr. and Mrs. Hugh Callan in Springtown over the weekend. Mrs. Callan is her niece. She also visited a sister.

LOSE
10 LBS. IN
10 DAYS ON
GRAPEFRUIT
DIET

HOLLYWOOD, CALF. (Special) — This is the revolutionary grapefruit diet that everyone is suddenly talking about. Literally thousands upon thousands of copies have been passed from hand to hand in factories, plants and offices throughout the U.S. and Canada.

Word of its success has spread like wildlife. Because this is the diet that really works. We have testimonials in our files reporting on the success of this diet. If you follow it exactly, you should lose 10 pounds in 10 days. There will be no weight loss in the first four days. But you will suddenly drop 5 pounds on the 5th day. Thereafter you will lose one pound a day until the 10th day. Then you will lose 1½ pounds every two days until you get down to your proper weight. Best of all there will be no hunger pangs. Now revised and enlarged, this new diet plan lets you stuff yourself with foods that were formerly "forbidden" such as big steaks trimmed with fat, roast or fried chicken, rich gravies, mayonnaise, lobster swimming in butter, bacon fats, sausages and scrambled eggs. You can eat until you are full until you cannot possibly eat any more. And still lose 10 pounds in the first ten days plus 1½ pounds every two days thereafter until your weight is down to normal. The secret behind this new "quick weight loss" diet is simple. Fat does not form fat. And the grapefruit juice in this new diet acts as a catalyst (the "trigger"), to start the fat burning process. You stuff yourself on the permitted food listed in the diet plan, and still lose unsightly fat and excess body fluids. When the fat and bloat are gone you will cease to lose weight and your weight will remain constant. A copy of this new and startingly successful diet plan can be obtained by sending $2 to GRAPEFRUIT DIET PUBLISHERS, 1213 Premier Way, Calgary 6, Alberta. Money-back guarantee. If after trying the diet plan you have not lost 7 pounds in the first seven days, and 1½ pounds every two days thereafter simply return the diet plan and your $2 will be refunded promptly and without argument. Tear out this message as a reminder. Decide now to regain the trim, attractive figure of your youth, while enjoying hearty breakfasts, lunches and dinners.

WOMEN's CALENDAR

MONDAY

Rebekah Lodge meets at IOOF Hall, 7:30 p.m.

Rainbow Girls stated meeting at Masonic Hall, 7:30 p.m.

TUESDAY

Atheneum Study Club meets at Martha Ann Woman's Club; Kathryn Duff, guest speaker; open to public; 4 p.m.

Ladies Golf Association meets at Country Club, 9:30 a.m.

Martha Ann Woman's Club ladies game day and duplicate bridge, 9:30 a.m.

Snyder Early Tops meets at Dan Gibson Building, 1 p.m.

Toperettes meet at Stanfield Elementary School Cafeteria, 7 p.m.

Parents Without Partners general meeting, Snyder Savings and Loan Community Room; 7:30 p.m.

THURSDAY

Twilight Garden Club meets at Martha Ann Woman's Club, Mrs. Lester Moore hostess; 7:30 p.m.

Snyder Palette Club meets at noon at Scurry County Boys Club; Lonnie Mason, guest artist.

FRIDAY

El Feliz Club meets at Steak House; Mrs. Lora Miller hostess; 2 p.m.

Friday duplicate Bridge at Country Club, 9:30 a.m., open.

SATURDAY

Vallentine Tea Recital, piano pupils of Lynn Bethel, at Martha Ann Woman's Club; 3:30 p.m.

Mocha Cream Pie

½ cup plus 1-3 cup sugar
¼ cup cornstarch
¼ teaspoon salt
2 tablespoons instant powdered coffee
2 cups milk
2 squares (2 ounces) unsweetened chocolate
3 eggs, separated
1 teaspoon vanilla
Baked 9-inch graham cracker pie shell
Sweetened whipped cream

In a medium saucepan thoroughly stir together the ½ cup sugar, cornstarch, salt and coffee. Gradually stir in milk, keeping smooth. Add chocolate. Over medium heat, stirring constantly, cook until chocolate is melted and mixture is thick and blended; continue cooking 5 minutes, stirring often. Vigorously stir a small amount of mixture onto the slightly beaten eggs yolks; return to chocolate mixture and cook, stirring constantly, for a few minutes longer. Remove from heat and stir in vanilla. Beat egg whites until foamy; beat in the 1-3 cup sugar, a few tablespoons at a time; continue beating until meringue. Remove from heat and stir in small amount of hot chocolate mixture; fold in remaining chocolate mixture until just blended. Pour into pie shell. Chill until firm. Garnish with whipped cream.

Girl Scouts Set For Cookie Sale

Girl Scouts will begin knocking on doors at 4 p.m. Feb. 20.

They will be asking for a helping hand, not a handout for their organization, when they sell cookies Feb. 20 through Feb. 28 to friends and neighbors.

This is each girl's service project for her fellow Scouts, and it is a money-earning project.

The 50 cents you pay for a box of cookies goes a long way toward improving Girl Scouting for your girl or your neighbor's girl.

Twenty-two cents from each box's sale goes into the West Texas Girl Scout Council property fund which supports summer camp at Camp Booth Oaks in Sweetwater, year - round troop camping, the new G.S. service center in Abilene, and other local properties. Five cents a box goes into each troop's treasury, one cent assists girls and adults who attend national and international events, and the remaining 22 cents goes back to the cookie company. Councils do not get cookies for free!

Money from United Fund Drives and Girl Scout Fund Drives only goes into operating budgets for the Council. Thus, the cookie sale is the only source of income for camp and general properties.

Special awards will be given this year, for the first time, to above average Girl Scout sellers. Girls who sell at least 42 boxes of cookies will earn a green patch with a gold G.S. emblem and the words, "42 Club, 1970 Cookie Sale" lettered in gold. These patches may be worn on patch jackets or jeans.

Partial camperships will be given to girls who sell 100 or more boxes.

One-half of their camp fee for the session of their choice will be paid. This should help out any girl who wants to go to camp.

The same four brands of cookies will be sold, as last year: assorted sandwich, chocolate mint, butter shorties and peanut butter.

Girl Scout Cookies will be sold only during the week of Feb. 20 through Feb. 28. If you are not contacted by a Girl Scout and would like to buy cookies, contact your local service unit cookie chairman.

Representing Snyder is Mrs. G. J. Nunley, Jr. 2350 Sunset.

Knapp News

By SANDY MURRY

Mr. and Mrs. A. J. Ray and Mary returned recently from Fort Worth where they have been attending the livestock show.

Mr. and Mrs. A. V. Black stopped over at their cabin Thursday night at Lake J. B. Thomas. They were on their way to Fort Worth to visit their son and family, Mr. and Mrs. Willis Black.

Mrs. O. L. Boyd, Gaylon, and Twila made a business trip to Lubbock last Saturday.

Knapp Home Demonstration Club met in the home of Mrs. J. E. Sorrells for their regular meeting, with 9 members present and 3 visitors attending. Mrs. A. L. Dunn and Mrs. J. E. Sorrells prepared casserole and served it with salad, fresh baked bead and dessert and drinks for lunch.

Those attending were Mmes. Ollen Horn, Jack Drake, Wayne Crow, Ed Franklin, George Murry, Mickey Sterling, Del Murry, Udal White, Jeff Germany, A. H. Kruse. Hostess for the next meeting will be Mrs. George Murry in March.

Visitors in the George Murry home Friday were Mr. and Mrs. Smith Murry and Mrs. Lottie Smith of Brownfield.

Weekend Buffet

By CECILY BROWNSTONE
AP Food Editor

WEEKEND BUFFET

A filled and frosted large sponge cake serves a crowd.

Stuffed Cabbage Rolls — Rice
Snap Beans — Crusty Rolls
Salad Bowl
CHOCOLATE CREAM CAKE
Beverage

Sponge cake baked in 10-inch angel-food pan
3 containers (each 8 ounces) heavy cream
2 large eggs
3 tablespoons confectioners' sugar
¼ cup instant chocolate beverage mix
¼ cup canned chocolate syrup

Cut cake in three horizontal layers. In a large bowl, beat cream until it holds soft peaks. In a small bowl, without washing beater, beat eggs enough to combine yolks and whites. Add sugar, chocolate mix and chocolate syrup and beat vigorously to blend; add a large spoonful of the whipped cream and beat to blend. Add chocolate mixture to whipped cream and beat gently —just enough to blend and stiffen. Use chocolate cream filling to fill and frost cake.

When baking potatoes, put each potato in one of the holes in a muffin tin. They're easier to remove and the tin prevents the potatoes from rolling around or dropping through the cracks in the oven.

THIS SPRING MYSTERY COIFFURE combines smooth waves and delicate tendrils for added contrast interest. It is one of the new Question Mark hair fashions designed for the season by the Official Hair Fashion Committee of the National Hairdressers and Cosmetologists Association. The back of the head in a side view has the outline of a question mark, traced from top of the crown down the back of the head to the tendrils at the nape. It is being presented throughout the country during National Beauty Salon Week.

The Weeders Guide

By EARL ARONSON
AP Newsfeatures

BOUND FOR ROOTS

A new model root feeder facilitates getting plant food to roots of trees and shrubs. The maker describes it as including the most radical change since its inception 24 years ago.

Most important improvement is the ability to refill the chamber with plant food or systemic insecticide without disassembling the tool. The cartridge chamber is larger, too, holding four pellets rather than one or two. This means you can feed more heavily when desirable and faster any time.

Other new features are a double hand grip for easier insertion into the soil; a hand knob for control of water flow, and faster solution of cartridges. A built-in, anti-siphon check valve prevents backup of solution into the water supply system.

Time-wasting disassembly of the feeder unit to replace the food cartridge has been eliminated.

There are special cartridges for regular plant diet, for evergreens, for roses, shrubs and hedges, for iron deficiency and for trees.

SOMETHING NEW

The new Red Glow Marigold has been awarded the All-Britain Silver Medal, described as the highest award ever given in these international trials.

Red Glow is a dwarf triploid hybrid with double flowers 2-to-2½-inches across. It is red on gold, turning nearly all red in cool weather. The neat, compact plants are just under a foot tall and literally covered with blooms. The general purpose plant is fine for beds, borders and edgings.

Red Glow is a cross between a big American marigold and a little French variety. As with the mule, it is sterile and cannot reproduce itself.

Blooms may be expected five to six weeks from seed planting time.

Explanation: Because the little French marigolds have twice as many chromosomes as the Americans, the resulting triploids have their chromosomes out of balance. This makes them mules (cross between mare and jackass). The flower head cannot go to seed and it stays fresh longer on the plant and as a cut flower. None of the plant energy is lost in seed-making.

A little salt sprinkled in a frying pan will keep fat or hard grease from spattering.

FTC Proposes Gas Octane Ratings Be Put On Pumps

By G. DAVID WALLACE
Associated Press Writer

WASHINGTON (AP) — The machine-gun clattering and popping of an automobile engine during heavy acceleration is more than a nuisance. It's likely to be expensive.

The noises, called "knock" or "ping," mean the car is burning the wrong gasoline. The result can be a battered piston. Signs that a car owner has been using the wrong gasoline can void his warranty.

Even if the engine noises don't tip off a driver, he can still be using the wrong gasoline. There'll be no damage to the engine, but he'd be spending more money on gasoline than necessary.

The key to a happy marriage of engine and fuel is octane rating—the ability of a gasoline to resist knocking.

How easily a driver can find out the octane rating of a specific gasoline is a point of contention.

Oil companies say the information is furnished to all their dealers. The Federal Trade Commission has a bundle of complaints from drivers who say getting the information from a service station operator is next to impossible.

As a result the commission has proposed—in the face of industry opposition—that a gasoline's octane rating be clearly displayed on filling station pumps.

When a gasoline's octane is too low, the fuel in the combustion chamber explodes prematurely, catching the piston in mid-stroke and sending a severe jolt into the car's power system.

When the octane is too high, there is no damage, but a driver can be wasting from $30 to $50 in a year of normal driving.

Gasolines bear a vast array of octane-related labels like "regular," "standard," "super," "premium," "hi-test" or simply brand names with no generic designation.

Besides being imprecise, says the FTC, the labels cause confusion for another reason. "In certain instances gasolines are being marketed by the descriptive grade name of "regular" which are in fact of a lower octane rating than the average acceptable range of 'regular' brands normally marketed, with resulting damage to the engines," the commission says.

Car manufacturers consider octane rating important enough to specify in owners' manuals the octane to be used in the engine.

Generally, regular gasolines have an octane rating of 94 or 95. Premium gasolines, which cost about 5 cents more a gallon, are rated at 99. Laminated around the two major classifications are sub-regular gasolines with a 91 octane rating, middle-octane gasolines rate at 97 and super octanes rated at 100.

The oil industry has complained octane measurement is an inexact technique and drivers would only be confused by a posting of the ratings. Furthermore, the posting would be expensive to initiate and enforce, the industry has complained.

The proposal has the support of consumer groups; Sen. William Proxmire, D-Wis.; Reps. John D. Dingell, D-Mich., and Joshua Eilberg, D-Pa., and a major manufacturer of outboard motors.

Auto makers haven't taken a stand on the FTC proposal.

Commission staffers are drafting a recommendation for the full commission. A final ruling isn't expected before May.

TERRORIST BOMBING — U.S. soldiers try to contain fires spreading in the offices of South Vietnam's government national press center in downtown Saigon Sunday afternoon. The offices were wrecked by an explosion caused by a plastic charge apparently placed by a terrorist. No casualties were reported. (AP Wirephoto via radio from Saigon)

Mardi Gras Is Tuesday

NEW ORLEANS (AP) — Mardi Gras is Tuesday and though it signifies the coming of Lent it also marks the end of a Carnival season of glittering parades and balls.

Actor Raymond Burr, reigned as King of Bacchus Sunday night in a spectacular display of 20 floats with sight and sound animation.

Burr, wearing a costume that bore a resemblance to Santa Claus, sat so high atop the float his crown almost touched the cables of the St. Charles Avenue street car.

Bacchus was one of six Sunday parades. There is one more Monday. And Tuesday caps the month-long Carnival season with the parades and coronation balls of Comus and Rex.

More than half a million people are expected along the heart of the parade route — Canal Street and the French Quarter.

Many will wear costumes and masks for the public revelry and promenading; some natives spend thousands of dollars to have professional designers prepare sparkling sequin outfits.

There may be a surplus of gorillas. Rodney Fertel, an unsuccessful mayor candiate who ran a platform of "Get A Gorilla for the Zoo", is sponsoring a contest with prizes for the best ape costume.

Police have had their hands full with trouble in the streets since a series of stabbings occurred during and after Carnival parades last week. Weapons by the dozen have been taken from people who face a Mardi Gras in jail for carrying concealed weapons.

Canadians To Stage Floating Blockade

VICTORIA, B.C. (AP) — A Canadian conservationist group says it will stage a floating "Blockade" of future underground nuclear tests in Alaska's Aleutian Chain in an effort to "stop the Americans from their ecological vandalism."

James Bohlen, education officer of the Sierra Club of British Columbia, said his group would charter an ocean-going vessel and send it to the immediate vicinity of the next blast on Amchitka Island.

Snyderite Second In Met Contest

SAN ANTONIO (AP) — First place in the Metropolitan Opera National Council's regional contest has been awarded to Carol Mayo, a mezzo-soprano student at North Texas State University.

Miss Mayo, 24, daughter of Mr. and Mrs. Warren Mayo of Pampa, Tex., will compete in the national finals in New York later this year.

She also won a scholarship from the American Institute for Musical Studies for advanced study in Germany.

Placing second in Saturday night's competition over six other finalists was Kathleen Mott of Snyder, a University of Texas student.

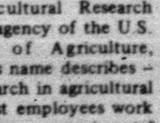
Kathleen Scott of El Paso was third and David Carter of Odessa, also a North Texas State student, fourth.

Miss Mott, a graduate of Snyder High School and of Baylor University, is the daughter of the Rev. and Mrs. R. Virgil Mott of Snyder. Her father is pastor of Bethel Baptist Church here, and her mother is a music teacher.

Career Corner

by Joyce Lain

what job would you like to see explored in this column?



AGRICULTURAL RESEARCH

The Agricultural Research Service is an agency of the U.S. Department of Agriculture, which – as its name describes – conducts research in agricultural products. Most employees work at field stations, experimental farms and laboratories throughout the U.S., although a few are employed overseas. Many types of jobs and scientific disciplines exist within the agency.

WHERE TO WRITE. A new 36-page booklet, "Scientific Careers in the Agricultural Research Service, No. 798" is available for 55 cents from the Superintendent of Documents, Washington, D.C. 20402.

AT CHAMPIONS' BANQUET

Connie Alexander To Handle Mike

Connie Alexander the "voice of the southwest," will be the master of ceremonies for the Banquet of Champions to be held in conjunction with the Weekend of Champions activities here this weekend.

The banquet begins at 6 p.m. Saturday in the Scurry County Coliseum although most of the athletes and other famous personalities who will be here will arrive Friday. Appearances at local and area schools are slated Friday with activities at Lamar Junior High School Saturday prior to the banquet. The activities conclude Sunday with appearances at local churches.

The banquet and other activities are sponsored by the Fellowship of Christian Athletes and 17 churches of the area.

Alexander is the Southwest's most widely-known football and basketball radio and television announcer. He replaced the late Kern Tipps as the Humble Company's "official" broadcaster of Southwest Conference football games.

Ladies from the participating churches will serve at the banquet, so there should be no delay in going through the food lines.

"Several outstanding college and professional athletes will appear on the program at the banquet," said spokesmen of the FCA, "including Ray Hilldebrand and Bunny Martin who are well known by the youth of Snyder for their ability to provide an enjoyable time for all age groups."

Persons planning to attend the banquet were encouraged to make their reservations as soon as possible by contacting Les Francis Chevrolet Co. or Bullard's Ahtletic Center or any of the 17 participating churches. The deadline for purchasing tickets is Thursday, Feb. 12.

CHAMPIONSHIP FORM — Bruce Devlin slams a drive off the sixth tee at Eldorado Country Club during the third round of the Bob Hope Desert Golf Classic Saturday. He parred the hole and went on to shoot a 4-under-par 68. Then Sunday, he shot a hot 6-under-par 66 for a 339 total to win the championship by four strokes over his nearest competitor. Devlin's previous rounds were 67 and 68. (AP Wirephoto)

HERE, TOMORROW

Tigers Can Clinch Cage Playoff Spot

Snyder's Tigers are in a position they've been working for all year. They can sack up a District 3-AAA South Zone basketball playoff spot with a victory over Collorado City's Wolves tomorrow night. Tipoff is on tap for 8 p.m. in the Scurry County Coliseum following the B team clash between both schools at 6:15 p.m.

Coach Ned Underwood's Bengals have a 15-9 record for the campaign and are 4-2 in South Zone play with only the Colorado City clash tomorrow and the Lake View tussle here Friday remaining on the regular slate. The top two teams in each zone will meet in a district tournament Feb. 20 - 21 with the site yet to be determined.

Coach Caddo Matthews' Wolves are 12-11 for the season and 3-4 in zone play. Lake View also is 3-4 in zone action. Thus the Bengals can clinch a playoff spot with a victory either tomorrow or Friday. Naturally, Coach Underwood prefers a win against the Wolves to take the pressure off that last game, Lamesa, unbeaten in south zone tilts, already has clinched a playoff spot.

The Tigers have their work cut out for them. The Wolves are a traditional rival and have been known to get high for Snyder in the past. They probably won't soon forget the 77 - 52 thrasing the Bengals inflicted on them in their first zone meeting at Colorado City.

Potentially, the Wolves are on a par with Snyder. They can just about match the Tigers in speed, height and experience and may actually have more accurate outside shooters. More skill at execution and more aggressive defense were big factors in the Bengal victory in the first meeting.

Probable starters for Snyder tomorrow are seniors Ronald Ward (6-1½) and Jim Patrick (6-2½) at double post with seniors Lee McNair (6-0) and Wesley Bishop (6-1½) and junior Bruce Almond (6-2) on the outside. Snyder will be without the services of Glen Rambin, 6-0, junior guard, who sustained a knee injury at Sweetwater. He will be out for the remainder of the season. David Thompson, a 6-0 sophomore, has been moved up to the varsity to replace Rambin. Lee McNair was weakened by the flu last week but should be ready Tuesday.

The Wolves probably will counter with seniors Robert Bender (5-11), Willie Hopkins (6-0), and Ricky Sorenson (6-0), junior Stanley Bracy (5-10) and sophomore Jerome Hopkins (6-2).

The Tigers could be a little rusty. They had an open date last Friday. Of course, Underwood and Coach Jerry McLeod have been giving the boys plenty of practice, but that's not the same thing as playing for the marbles.

Coach Bill Bundy's Kittens will be seeking their 19th victory in their 22nd contest. Probable starters include juniors Ronnie Morse (6-0), and Sam Baker (6-0), and sophomores Jackie Murray (5-11), Dubby Preston (6-3) and Kent Horsley (6-6).

Laver Bests Roche For Net Crown

By RALPH BERNSTEIN
Associated Press Sports Writer

PHILADELPHIA (AP)—How long can Rod Laver keep playing the best tennis in the world?

"You'll have to ask my legs," said the soft spoken Australian after winning the $60,000 International Tennis Players Association tournament at the Spectrum Sunday.

Laver experienced a minimum of trouble in disposing of fellow Australian Tony Roche in straight sets, 6-3, 7-6, 6-2. He earned the $10,000 first prize as he sailed through Roche for the second straight year in the final here. Roche, the No. 2 ranking player, collected $4,200 for second.

On the subject of how long he felt he could continue to play the tennis that has earned him the ranking of No. 1 in the world, Laver said he feels stronger now than he's ever been. "This is the time when a tennis player reaches his peak," said the 31-year-old Laver.

Laver said he hoped to play on the professional tennis tour at least another two years before tapering off to spot appearances.

Laver doesn't play like a guy who needs an easy chair and slippers just yet. Some of the shots he made Sunday had Roche staring in disbelief. The only problem he had came in the second set, when Roche held service to carry him to 6-6.

Leahy Named To Famed Hall

CHICAGO (AP —"Happy," is what Frank Leahy said about being named to the National Football Foundation and Hall of Fame.

"I suppose I could tell you in one word, 'happy'", he said from his bed in Chicago's Passavant Memorial Hospital where he is undergoing blood transfusions for a form or lleukemia.

He will be formally inducted in the Hall at the foundation's 13th annual awards dinner at the Waldorf-Astoria Hotel in New York Dec. 8.

Chester J. Laroche, the foundation's president, announced the selection.

During his coaching career, Leahy led Boston College and Notre Dame to a total of 107 victories, 13 losses and nine ties. Only Knute Rockne compiled a higher won-lost percentage among college football coaches in the game's history.

Awesome Aussie Gets Top $25,000 Prize

By BOB MYERS
Associated Press Sports Writer

PALM SPRINGS, Calif. (AP) — Australian Bruce Devlin tucked away a fat $25,000 today and the 11th annual $125,000 Bob Hope Desert Golf Classic goes into the books as the Agnew Year.

The 32-year-old Devlin closed the 90-hole, five-day marathon as hot as the 85 degree weather, shooting a six-under par 66 to better previous rounds of 67-68-68-70, all for a total of 339.

It was 21 strokes under par for the distance and eclipsed Larry Ziegler, who led or shared the lead from the outset, as the blond belter from Terre Du Lac, Mo., finished with a 72 for a 343.

Vice President Spiro T. Agnew presented the winner's check to Devlin and in good humor took a gentle ribbing about the "hit" of the tournament—the ball he shanked that hit the most unlikely target around, Doug Sanders, the vice president's own playing professional, Saturday.

The shot cut into Sanders' scalp but he continued the round of 18 holes with Agnew, Bob Hope and U.S. Senator George Murphy, R-Calif.

"With all that crowd I thought someone might get hit, but not me," Sanders said laughing. "I thought I was safe in the fairway but I got caught in the cross-fire."

Sanders emphasized it had been a pleasure and an honor to play with Agnew and complimented him for his composure under adverse circumstances and lack of time to play regularly.

Back to golf. Ziegler began the round two strokes in front of Devlin, three over young Larr Hinson, with Lee Trevino, Arnold Palmer, defending champion Billy Casper and U.S. Open champion Orville Moody further back.

The struggle quickly became a two-man issue. Hinson had a 73 for 347, Palmer 70 for 348, and Casper 70 for 351. And Moody 72 for 355.

Ziegler opened with a 15-foot putt for a birdie three on the first hole to lead by three. But Devlin, whose last tournament triumph was in the Byron Nelson Classic last year, birdied the third and fourth greens to narrow the gap.

The two made the turn through the 81st hole all even as Ziegler three-putted for a bogey. Devlin went ahead when Larry hit over the green on the 84th and took a bogey four. Two more Devlin birdies and a Ziegler bogey clinched the matter.

Ziegler, with previous rounds of 67-65-68-71, collected $14,300.

Devlin returns to his home in Coral Gables, Fla., and will play next in the Doral Open. Ziegler and touring pros play this week in the Tucson Open.

PALM SPRINGS, Calif. (AP) — Final scores and money winnings Sunday in the $125,000 Bob Hope Desert Classic Golf Tournament on the 6,904 yard, par 72 La Quinta Country Club course:

Bruce Devlin, $25,000	67-68-68-70—339
Larry Ziegler, $14,300	67-65-68-71—343
Larry Hinson, $8,850	69-72-66-67—347
Arnold Palmer, $5,850	68-71-70-68—347
Bob Murphy, $4,813	68-70-69-71—348
Gene Littler, $4,813	72-69-72-70—349
Don Bies, $3,843	69-70-72-69—350
Tommy Aaron, $3,843	76-69-69-69—350
Billy Casper, $3,125	71-69-67-74—351
Terry Wilcox, $3,125	70-71-72-70—351
G. Dickerson, 3,125	72-69-69-70—351
Rick Rhoads, $2,275	74-68-70-69—352
Lee Trevino, $2,275	70-67-69-71—352
Miller Barber, $2,275	70-70-70-71—352
Dave Hill, $2,275	73-73-70-68—352
Bobby Nichols, $2,275	71-71-70-69—352
C. Courtney, $1,750	71-72-73-69—355
Chi Chi Rodriguez, $1,750	69-70-72-70—353
Bob Lunn, $1,750	71-74-70-67—353
Paulli Harney, $1,240	69-72-75-71—354

Gay Brewer, $1,240	72-68-74-70—354
Al Balding, $1,240	74-68-70-69—354
Dale Douglass, $1,240	70-72-69-70—354
Jerry Abbott, $1,240	74-67-71-71—354

BENGAL TENNIS TEAM WINS BOYS DIVISION

Snyder's Tigers won the boys division of the 4-Way tennis meet here Saturday, but El Paso Irvin won the overall title with a total of 32 points. San Angelo was runnerup with 23 points. Lubbock Coronado scored 19, and Snyder tallied 18.

In the boys division, Snyder compiled the most points — 18, compared with 16 for Irving. San Angelo scored 8 and Coronado 6. Irvin won the girls division with 16 points to San Angelo's 15, Coronado's 13, and Snyder's 0.

Snyder had two individual winners. John Phillips won the championship in No. 1 boys singles and Terry Book and Bebo Boren won the No. 2 boys doubles.

Max Falls and Ronnie Maddux got second in boys doubles when they lost to Dan Courson and Gary Hunter of Irvin in the finals, 6-3, 1-6, 6-4. Spectators said it was the most exciting match of the day. Courson is a member of last year's AAAA state championship doubles team.

Jana Hooten of San Angelo won the No. 1 girls singles and Amy Mendozo and Sandy Marshall of Irvin won the No. 1 girls doubles.

Winner of No. 2 boys singles was Dennis Herschfield of San Angelo while Cecilia Hufstedler of Coronado was winner of No.2 girls singles. Marilyn Martin and Paz Gonzalez of Irvin won the No. 2 girls doubles.

The meet was praised by all the other coaches as being unique in its quality, according to Tiger Coach Ken McAllister, who said he felt the meet was highly successfull and the matches as exciting as promised.

The Tiger coach said the Snyder girls played well but were outclassed.

"We are an above average AAA girls team," he said, "but cannot compete on the AAAA level."

John Phillips in singles and Terry Book and Bebo Boren in doubles play are still undefeated for the season with perfect 3-0 records. The duo of Max Falls and Ronnie Maddux has lost only one of three matches this year.

Representing Snyder in girls play Saturday were Joan Brazel and Becky Sims in singles and Linda Miller and Deanna Boles and Linda Thompson and Vonee Reneau in doubles.

Rockets Gain On Indiana

By THE ASSOCIATED PRESS

Spencer Haywood simply was doing this thing, then he got too technical.

The Denver rookie scored 38 points and grabbed 21 rebounds Sunday but he wasn't around at the end of the Rockets' 115-103 victory over Miami—being ejected on his second technical foul for arguing with officials with less than two minutes left.

The victory moved the second-place Rockets to within one game of idle Indiana in the American Basketball Association's Western Division. Simmie Hill led Miami with 28 points.

In other ABA action Sunday, Indiana edged Kentucky 109-107 in overtime, Washington outlasted Pittsburgh 132-124 and New York downed Carolina 95-88.

Saturday, Indiana took Miami 122-115 and Washington nipped Carolina 118-117.

Sunday in the National Basketball Association, Baltimore bombed Milwaukee 120-106, Boston drubbed Cincinnati 130-117, Atlanta took Chicago 142-137 in overtime in the completion of an earlier game, Chicago topped Atlanta 117-107, Los Angeles defeated San Diego 125-113 and Seattle beat Philadelphia 118-117.

Sports Teams Vie Today

Several Snyder sports teams were slated to see action today.

Travis 8th and 9th grade basketball teams were to end their season at Stamford with the 8th grade tilt set for 5:30 p.m., followed by the clash between the older boys at 7 p.m. Lamar also ends its slate today with Colorado City providing the opposition. The times will be the same, but the Texans will be the home team.

The Tiger girls volleyball team will be at Midland High today, then visit Abilene Cooper Tuesday. Both programs begin at 6:30 p.m. with junior varsity clashes.

Froggies Flail Aggies, 84-72

By THE ASSOCIATED PRESS

One way or another, Texas Christian basketball coach Johnny Swaim has been trying to explain his surprising Horned Frogs all season long.

The Frogs got off to a miserable start. They were 2-9 at one point and Swaim was at a loss to explain why.

Saturday night the Frogs boxed defending Southwest Conference champion Texas A&M 84-72 in College Station to take sole possession of the SWC lead with a 6-1 record to remain atop the crest of a fantastic surge, and Swaim still can't figure it out.

"It's still hard to believe," Swaim said after Saturday's victory over the Aggies.

The victory gave TCU sole possession of the SWC lead. Improving Rice and slumping Baylor are tied for second at 5-2.

TCU takes on another up-and-comer Tuesday night to head a full card when the Frogs travel to Texas Tech, which is 4-3 in SWC games but has the second best overall standing in the league at 10-7.

In other games Tuesday, Baylor tries to get back on the winning track against Arkansas. Southern Methodist is at Rice, and Texas is at Texas A&M.

The rejuvenated Rice Owls contributed to TCU's taking over sole possession of the lead by defeating Baylor 72-71 Saturday before a standing room only crowd in Houston.

In other games Saturday, SMU nicked Arkansas 76-75 on a last second shot by Gene Phillips and Texas Tech pelted preseason SWC favorite Texas, 81-69.

Norm Wintermeyer came off the bench to lead a blistering second half surge by TCU and ended up with 21 points. The Frogs trailed by one point at intermission.

Phillips' long set shot with one second left gave him 32 points in SMU's victory over Arkansas. Phillips now has 1,002 career points, becoming the ninth player in SMU history to do so.

Gene Knolle scored 20 points and grabbed 18 rebounds to pace Texas Tech to its second SWC victory over the week. Wayne Doyal and Lynn Howden led Texas with 19 points each.

Rice's Steve Wendel came off the bench to cool off Baylor's high scoring junior college transfer. William Chatmon. Wendel blocked shots scored eight points, and pulled down 13 rebounds. He was carried off the court by the Rice student body after the game.

Campus Recruiting Expected To Be Vigorous This Spring

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — Despite the apparent value gap between college students and business, early reports indicate that campus recruiting this spring is expected to be vigorous, and starting salaries may rise a bit.

While not ignoring the widely publicized disaffection of some students, corporate recruiters seemingly are working on the theory that business careers continue to be first or second choice of most male students.

A study reported by the National Industrial Conference Board suggests that while some slowdown in demand for bachelor level graduates might develop, there appears to be a quickening of demand at the master level.

The biggest increase in demand for master's degree candidates, according to the study, may be in technical, engineering and accounting fields, with liberal arts graduates far down the list.

Greatest demand among all master's candidates, according to the study made by the Northwestern University placement department, may be for accountants, reflecting the increasing complexity and demands of that occupation.

Accounting methods have come under considerable professional scrutiny in recent years, primarily because of the changing nature of corporate structures and the demands by stockholders and regulators for disclosure of more information.

In addition, computer technology has permitted business to change many of their record keeping functions, provided they can obtain properly trained professional workers, such as accountants.

The Northwestern study also indicates that while most companies expressed a general feeling of restrained confidence in the future, 30 per cent of 206 companies studied indicated they were cutting back on campus visits.

Among the reasons listed for doing so, the most common were: decline in profits, unfavorable economic conditions, reduced government contracts, need to cut costs, and a need for more experienced personnel.

Those who said they would be seeking more college graduates listed as their reasons: company growth, upgrading of management potential, backlog of demand from 1969, company reorganization, growing number of retirements.

Some companies indicated that the return to civilian life of Vietnam veterans would affect opportunities for this year's college crop. Some companies, in fact, said veterans are preferred because of their maturity and the likelihood that they may have more clearly defined career goals.

One of the frustrations for corporations in recent years has been the high turnover of college recruits in which they have a large financial investment.

Impatient to prove their worth, some recruits jump from one job to another. Some corporations have found their recruits with the mistaken notion that they are being groomed to take over the company in a matter of a few years.

While salaries will continue to grow, according to the study, some of the increases over a year ago will hardly match rises in the cost of living. There is the likelihood also that run of the mill graduates will not command salaries as large as those offered to recruits.

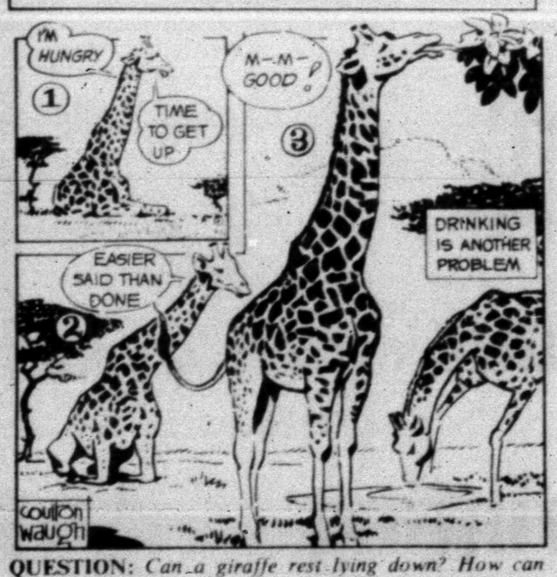
"As usual," said the NICB in reporting the study, "the liberal arts graduate is the low dollar man in average starting salary." His $699 monthly pay at the bachelor degree level compares with a high of $872 for engineers.

Other average starting salaries for recruits, as indicated by the study, are: accounting $832, physics $816, chemistry $806, mathematics-statistics $773, production management $758, sales-marketing $711, business administration $708.

Increases over 1969 starting salaries range from $23 for liberal arts grads to $49 for accountants.

As usual, the highest beginning salary for master's candidates is expected to go to those with a bachelor of science degree and a master's in business administration. They should command $1,063, or $62 more than a year ago.

Junior Editors Quiz on GIRAFFES



QUESTION: *Can a giraffe rest lying down? How can giraffes drink?*

* * *

ANSWER: The wonderful giraffe, tallest of animals — it may reach 18 feet 7 inches high — is an extreme example of how animals can become adapted to certain conditions. Giraffes live in dry plains in Africa. The foods they like are the juicy leaves found on certain trees. Since the lower leaves are soon eaten off by other animals, the extremely long legs and neck of the giraffe give them quite an advantage in reaching the higher ones. The bold checkerboard pattern of their coats looks like the flicker of sunlight on vegetation, so a giraffe standing among trees can hardly be seen by predators which seek it for food. Giraffes can run rapidly and fight fiercely with their sharp forefeet and by swinging their heads like clubs. But they can't go into action quickly unless they are standing. Giraffes occasionally lie down, but, as our picture shows, it is difficult for them to get back on their feet. Drinking is also a problem, for they must straddle those long spidery front legs wide apart in order to do so. Fortunately for the giraffe, most of his water needs are provided by his diet.

Columnist Opens Mail And Learns

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail.

Enjoying your job may help you add years to your life. A study of men 60 and over found that the degree of satisfaction they found in their work was the best single predictor of greater longevity.

We certainly do eat high on the hog. If the world's entire food output was distributed at the American dietary level, it would feed only one third of the people on earth.

If you don't get at least two or three valentines, you're not getting your share of the half billion that will be sent this month. Back in 1667, the noted English diarist, Samuel Pepys, wrote testily that he had paid five pounds for a valentine to his wife, but added: "I am glad of it, for it is fit the wretch should have something to content herself with."

The Irish firmly believe that St. Patrick drove snakes from the Emerald Isle in the fifth century, but alas for legend. Scientists have no evidence that snakes ever existed on Ireland, notes the National Geographic Society.

Tip to parents: Having trouble losing your kids in crowded shopping areas? One safeguard is to write down the names and addresses of your little squirmers, put them in envelopes, and pin them to their backs.

Quotable notables: "A kiss is a lovely trick designed by nature to stop speech when words become superfluous."—Ingrid Bergman.

In ferment: Africa has had more revolutionary unheavals in recent decades than any other continent. Half a century ago it had only three free nations—Liberia, Egypt and Ethiopia. Now Africa has 43 of the globe's 142 sovereign nations.

Ever wonder exactly why the camel can go so long without food and water. The hump which builds up on its back when the living is easy is made up largely of fat. In times of shortage, the camel's efficient metabolism breaks down the fat into both nutrients and fluids. Water is produced by the union of the oxygen it breathes with hydrogen atoms in its body fat.

Women have more acute hearing than men, science has found, and are particularly better able to hear high notes. As many a henpecked husband has found out for himself, women are better able to produce high notes, too.

Know your language. Are you supercilious? Freely translated from the Latin, it means "lifted eyelid." When you raise your eyebrows, you are supercilious—a picture of haughty disdain.

Worth remembering: "Even if you're on the right track you'll get run over if you just sit there."

Do you have white specks in your fingernails? Sometimes called "good luck spots," they represent the imperfect fossilization of living cells into nonliving keratin, or nail substance. They are sometimes caused by improper manicuring or the habit of biting your nails.

It was Mark Twain who observed, "Love seems the swiftest, but it is the slowest of all growths. No man or woman really knows what perfect love is until they have been married a quarter of a century."

Pollution Becomes Burning Issue

CLEVELAND, Ohio (AP) — Water pollution became a burning issue in suburban Euclid over the weekend as fires fueled by oil on the surface of Lake Erie sent flames shooting into the air two nights in a row.

Firemen said the oil apparently flowed into the lake via a storm sewer and was set afire be teen-agers.

West Texans Unite To Lure 'Trouble' Companies

EDITOR'S NOTE: Industrial firms throughout the country are being blamed for pollution and other problems, and a group of West Texans thinks it has the solution: Bring 'em to the wide open spaces of the Texas Plains where they won't bother anyone.

By MIKE COCHRAN
Associated Press Writer

CHILDRESS, Tex. (AP) — Enterprising West Texans are trying to get some industrial black sheep-those with bad breath for example—to come to live on the plains.

"The concept," said a leader of the group, "is based on the idea that one of the things we've got to sell out here is wide open spaces."

With this in mind, business and civic leaders from four countries joined hands in an effort to lure companies inclined to pollute the air or water.

Or perhaps those who are trapped in an urban squeeze, distressed by labor problems, beset by high taxes or employing a work force disgruntled with big city life.

Should their product be a little smelly, that's okay. Except for a sensitive groundhog or jackrabbit, resistance would be nominal at worst.

"We'll take an industry even if it doesn't smell or pollute," laughed Ross Smith, president of the multi-county group known as the Four Winds Industrial Foundation.

But he figures an operation with such pollution problems would find the vast, sparsely populated area appealing, free from expansion restrictions and irate neighbors.

"We think our location would lend itself to solving pollution problems in a legal manner," said Smith, a car dealer, a Texas A&M graduate and a lifelong resident of Childress.

Agreeing the idea was sound, interested parties from Childress, Hardeman, Foard and Cottle counties formed the Four Winds Foundation.

The largest towns within the four counties are Childress, Quanah, Crowell and Paducah. Childress, with a little more than 6,000 residents, is the largest.

As envisioned, the industrial site would be designed for easy access to the four towns, as equidistant as possible and far enough away to preclude any complaints about odor unpleasantness.

The combined population of the area is 22,000, "which gives us a little better labor base than if each little town worked separately," Smith pointed out.

Last month, members and directors of the Four Winds Foundation completed a four-part industrial team training course aimed at "teaching us how to converse and negotiate with an industry."

Smith added, "We've gone through the phase of slapping ourselves on the back; now we've got our nose to the grindstone."

MISS CHINATOWN U.S.A. — Marion Kam Yim Lee, 20, of Honolulu, Hawaii was chosen Miss Chinatown U.S.A. at a Pageant here early Sunday. The Oriental Miss is 5 feet 4 inches, weighs 109 lbs. Her vital statistics are 34-23-35. (AP Wirephoto)

Deputy Killed In Brawl

KARNES CITY, Tex. (AP) — A dance hall brawl left a special deputy sheriff dead of gunshot wounds Saturday night, another in poor condition from gunfire and a third man suffering from stab wounds.

Killed was special deputy Virgil Wiatrek, 24, of Karnes City, who was working the dance with another special deputy from here, Suzano Garcia, 47, officers said.

Witnesses said that when the two officers tried to break up the brawl in which the man was stabbed, a teen-age youth grabbed Garcia's sidearm.

As the two officers tried to retrieve the weapon, witnesses said, the youth shot both men three times, killing Wiatrek and sending Garcia to Bexar County Hospital in San Antonio with three slugs in the abdomen.

Police jailed a youth, 18. An examining trail was set here for Monday.

Also taken to the San Antonio hospital was Abelardo Galvan, 31, of San Antonio, suffering from stab wounds. Hospital attendants said he refused medical treatment and left against medical advice.

Economists Make Farm Predictions

By DON KENDALL
AP Farm Writer

WASHINGTON (AP) — Agriculture Department economists now predict farm net income this year may be about the same as the $16 billion estimated for 1969, the third best year on record.

Last November, the department said rapidly rising production costs were expected to cut into net income more deeply during the first half of 1970.

In a report on the demand and price situation, officials said continued strong demand for livestock during the next few months "will likely hold farm product prices above a year earlier well into 1970."

Costs will continue to rise, the report said, but gross income is expected to keep pace at least for the earlier half.

"However supplies may become more plentiful during the summer and fall," the economists said, "and if inflation eases some as expected, prices late this year may average close to year-earlier levels."

Th farm economists also predicted retail food prices would continue rising but at a slower rate. They said that for the year prices may average 3.5 to 4 per cent more than in 1969.

This was a considerably more conservative prediction than the department offered a year ago when ecsnomists estimated retail food would rise 2 to 2.5 per cent during 1969.

Last year's food prices charged consumers actually wound up more than 5 per cent higher than in 1968.

Farm marketing receipts this year are expected to gain, but only at about half the $3 billion increase in 1969, the department said. Livestock marketings may run 3 to 5 per cent ahead of the $28.5 billion gross last year.

Deaf Man Asks Aid For Others

By DAVE STEINBERG
Associated Press Writer

NEW ORLEANS (AP) — "A deaf person must speak loud if he wants to be listened to," said Albert Berke, dreamer, adventurer and guidance counselor.

Berke should know. He is deaf. He lives in a silent world of lip-reading and "speaking" with his fingers and hands. His own voice is audible and sometimes his garbled tone comes through in distinguishable words and phrases.

Berke, a handsome, bespectacled man of 40, has struggled to overcome handicaps. At the age of 2, he was stricken with polio and learned to walk without crutches. He had earned a bachelor's degree and is working on a master's.

Now Berke has a dream of far wider scope.

"I, as an American, am fortunate that my country has the level of education to offer deaf persons the opportunity to use their skills . . . I would like the United States, through the Peace Corps, to give similar opportunities to deaf persons in other countries," Berke wrote in a letter to Robert Nelson, deputy director of the Peace Corps.

Berke told Nelson he wanted to see experienced persons act as teachers, counselors and advisers to the deaf in other countries. He asked Nelson to consider him as a prospective "salesman" for the program.

Born deaf to deaf parents in Brooklyn, N.Y., Berke said he spent most of his childhood in a hospital—having operations to straighten his polio-crippled legs. He learned to walk with braces, then without them.

While a student at Gallaudet College, in Washington, D.C., Berke had two burning desires that strike many college students—to travel and to learn about others less fortunate, particularly the deaf.

In 1954 he drove to Alaska with two other deaf students. During the following summer he took a steamer to Europe and hitchhiked alone. "I wanted to see more of life and see what deaf people were doing," he said.

After graduation, Berke married a deaf woman and adopted her two deaf children. They now have two children of their own, both of whom have normal hearing.

"I also have a dream for deaf children—that summer camps can be established for them and that international exchange programs with deaf foreign students can be set up. Deaf students should live with hearing children to learn what the 'outside world' is like, to think for themselves and determine what they want out of life," he said.

To try to implement these ideas, Berke has helped found the Louisiana Foundation for the Deaf, which he would like to see become a national organization.

Berke, called an eternal optimist by one neighbor, never gives up on himself or others. As he put it in the letter to the Peace Corps: "I am always looking ahead to a life that will be better and more challenging."

Circus Special Heads Nielsen TV Ratings

NEW YORK (AP) — The Ringling Brothers Circus special was the favorite program in the Nielsen television ratings for Jan. 26—Feb. 1.

The NBC show received a rating of 31.1. The No. 2 show was another special, starring Danny Thomas, on CBS.

In the over-all national ratings, NBC again finished in first place with a rating of 20.3. CBS was second with 20.1 and ABC 17.8.

Here are the top 10:

1. Ringling Circus, NBC. 2. Danny Thomas special CBS. 3. Red Skelton, CBS. 4. Walt Disney. Part I of "Smoke," NBC. 5. "Laugh-In," NBC. 6. "Family Affair," CBS. 7. "Marcus Welby, M.D.," ABC. 8. "World of Beaver" special. NBC. 9. "Hawaii 5-0," CBS. 10. "Bonanza."

In the 70-cities report, representing all major metropolitan areas, ABC narrowly edged out CBS for second place. NBC was first with 20.4, ABC had 19.5 and CBS 19.4.

Aerospace Medicine Lectures Begin

SAN ANTONIO (AP) — Lectures by experts in aerospace medicine get underway today at the Air Force School of Aerospace Medicine.

Dr. Charles A. Berry of the National Aeronautics and Space Administration, medical officer for the nation's space program, delivers the keynote address.

Nearly 500 military and civilian personnel in the field of aerospace medicine, including representatives of at least 15 foreign nations, are expected to attend the four-day lecture program.

A total of 25 papers will be presented on topics ranging from visual performance in aerospace operations to motion sickness, and human performance in spacesuits.

The program is the seventh in a series of lectures on aerospace medicine, held by the school, located at Brooks Air Force Base.

New Yorkers Need To Shorten Calls

NEW YORK (AP) —If New Yorkers want better telephone service they will have to stop talking so much, the new chairman of the state's Public Service Commission says.

Joseph C. Swidler said Sunday the PSC had found that calls were averaging 20 per cent longer this year than last. "There's just so much capacity in cables, wires and switchboards," he said. "If that capacity is exceeded the system breaks down."

Beatle To Send Bill To Nixon

LONDON (AP) — Beatle John Lennon says he doesn't know how much money his peace campaign is costing but it doesn't matter because "we're going to send all the bills on to President Nixon for payment anyway."

The pop singer and pacifist says that when it comes to make ends meet, "I trust in God to look after that—and in our ability to go on earning money."

The 29-year-old composer, whose music is taken seriously by classical critics but whose peace campaigns are often derided, made his latest antiwar appeal in a question-and-answer session with The Sun, a London newspaper.

"When we say "war is over if you want it", said Lennon, quoting the slogan on the posters he has plastered on walls around the world, "we mean that if everyone demanded peace instead of another TV set, we'd have peace."

Festivities Usher In Chinese New Year

SAN FRANCISCO (AP) — Cymbal bangers and street dancers roam daily this week through crowds turning out to view the spectacles of the Chinese New Year festivities.

The celebrations will climax Saturday in a three-hour parade featuring a glittering 60-foot-long golden dragon.

Marion Kam Kim Lee, 21, of Honolulu, was named Miss Chinatown USA Saturday night and will reign over the final events ushering in the Year of the Dog, No. 4668 on the Chinese lunar calendar.

Water Will Soon Be Running Uphill

BAKERSFIELD, Calif. (AP) — Water will soon be running uphill here—in fact, 1,926 feet straight up.

It's part of the $2.8 billion California water project which will ship water 450 miles from the Sacramento-San Joaquin river delta to parched Southern California areas beginning in 1971.

When completed this year, the Edmonston pumping plant will pump 31,000 gallons of water per second 1,926 feet from the floor of the San Joaquin Valley over the Tehachapi Mountains.

It will be the highest pump lift in the world.

Services Set For Tent Performer

WICHITA FALLS, Tex. (AP) —Funeral services were scheduled here today for Harvey Claude Haverstock, 83, an old-time tent show performer for many years.

Haverstock died Saturday in a nursing home at nearby Iowa Park.

He began his career with a part in "Ten Nights In a Barroom" in 1903 when a performer suddenly became ill. Haverstock previously had been a slide trombone player with the tent show.

Dimes Spill On Turnpike

AUBURN, Mass. (AP) — The rear door of an armored truck swung open on the Massachusetts Turnpike early today, spilling $40,000 in dimes onto the highway.

State police said the truck, headed for Boston, contained 40 money bags, each holding $1,000 in dimes.

"Each of the bags broke open," said police, spilling dimes over one eighth of a mile section of the road.

The money was being carried by a rental truck, leased to Armored Motor Rental Transport Co. It was headed to Brink's Inc. in Boston from New Jersey, police said.

A truck following the armored vehicle was disabled when it ran into the flying dimes, police said, and had to be towed away.

The road could not be closed after the incident, police said, and men worked with vacuum cleaners and machines known as "mud suckers" to recover the dimes as cars continued running over the loot.

The accident happened at 6:55 a.m., and by late morning, the road was still covered with dimes, police said.

Sons To Continue Fight

ELLSWORTH, Pa. (AP) — The elder son of slain United Mine Workers insurgent Joseph A. Yablonski says he and his brother will carry on their father's fight for union reform.

"My father was an official of the United Mine Workers union, not a stooge," Kenneth Yablonski told about 500 coal miners here Sunday. "He saw the need for reform. Now he's dead. We must not give up his fight."

The elder Yablonski was found shot to death along with his wife and daughter in the family home at nearby Clarksville on Jan. 5. He lost the Dec. 9 election for UMW president to incumbent W. A. "Tony" Boyle.

Three Ohio men face murder charges but Pennsylvania authorities are waiting the outcome of a federal grand jury investigation in Cleveland before seeking extradition.

The grand jury, which indicted Paul Gilly, 36, Claude Vealey, 26, Aubran Martin, 21, and Gilly's wife Annette, 29, on charges of conspiring to kill Yablonski, has recessed for a week.

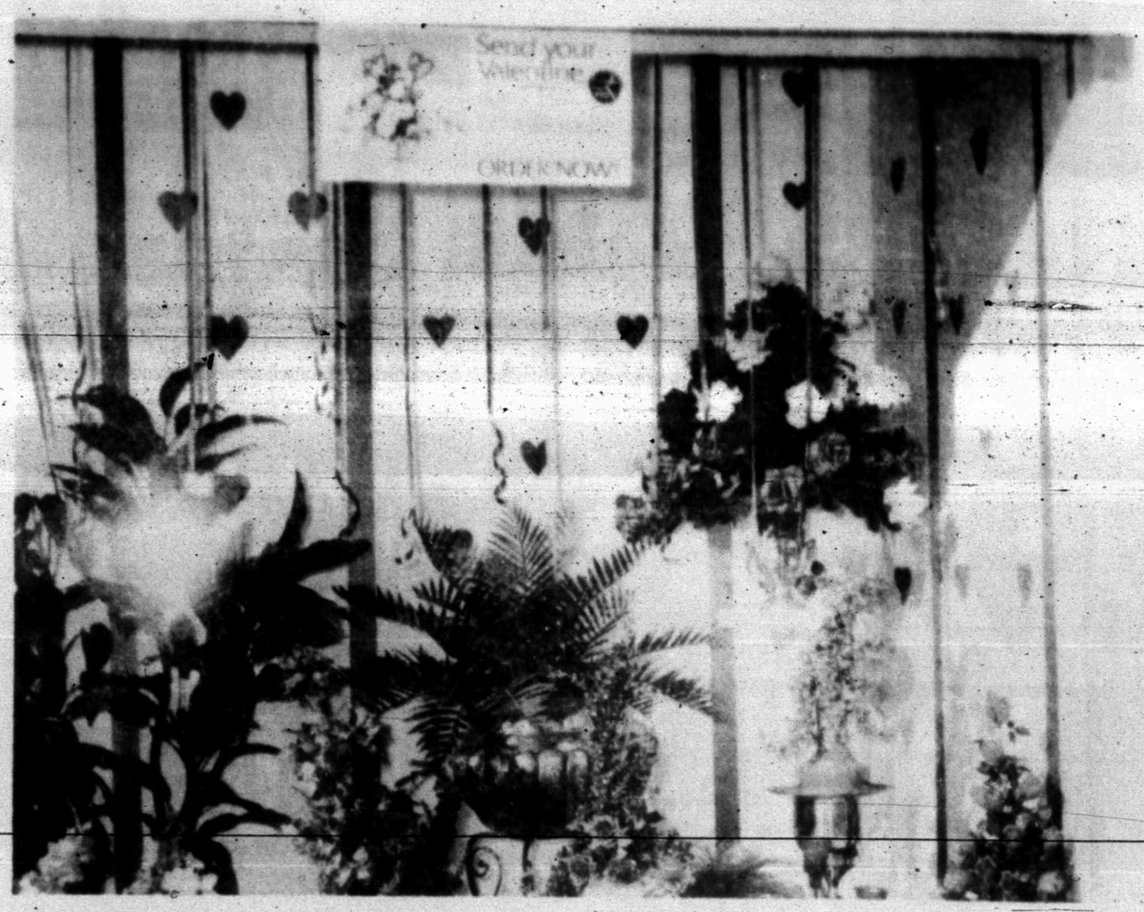
BUSINESS and INDUSTRIAL NEWS



IDEAL GIFTS — You can surely warm the heart of your sweetheart with a gift of flowers on Valentine's Day. Flowers always make ideal gifts, especially at this time of year, and Hinshaw's House of Flowers is an ideal place to obtain them. They are kept fresh for all occasions. Floral designs, such as the one pictured here, are a specialty of the House of Flowers. And there always is a rush for cut flowers, particularly red roses and carnations, just before Valentine's Day. Dial 573-9600 to place your order now or visit the House of Flowers at 2804 Avenue S.

Hinshaw's Flowers Still Best Bet For Valentine

Say it with flowers.

That old saying is particularly meaningful at this time of year when loved ones are beginning to think about sending Valentines to the object of their affections.

Words often fail us, but flowers can put across the message of love so clearly that the recipient has no doubt of the emotion the sender wishes to convey. Flowers are particularly appropriate at this time of year.

One of the best places to obtain flowers — here or anywhere — is Hinshaw's House of Flowers just south of Deep Creek on the east side of Avenue S. Owned and operated by Pat and Hershel Hinshaw, the House of Flowers always has fresh flowers for every occasion.

Whatever the occasion —Valentine's, birthdays, weddings, funerals or anniversaries — Hinshaw's has fresh flowers of many types and shades of color to suit every taste and pocketbook.

The floral shop has cut flowers, pot plants and artificial arrangements with a wide selection of ivy planters and large planter tubs. Hinshaw's also has a variety of ceramics and brass containers and that would make ideal gifts.

Roses, of course, are especially popular at this time of year, and Hinshaw's has them in good supply as well as variety. Another popular gift item for Valentine's is quality candy. Hinshaw's also can help in this respect with its World-famous Flora-Mir chocolates.

There is always a rush for cut plants, such as red roses and carnations, at this time of year. Hinshaw's probably has enough on hand to supply all of its customers, but it may be a good idea to shop early and not take a chance.

Of course, other popular varieties also are available, including azaleas, tulips, hyacinths and mums. The professional staff at the House of Flowers will be glad to assist you in your choice of floral arrangements.

Refrigeration is maintained in both the floral shop and in the delivery trucks so that customers can receive fresh flowers for all occasions.

Larger Supply Of Soybean Meal Seen

WASHINGTON (AP) — The Agriculture Department expects larger supplies of soybean meal soon will ease prices charged farmers for high-protein livestock feed.

More feeding has put heavy pressure on processed feed this winter, officials said. Soybean meal prices in December and January averaged $15 to $20 a ton more than a year earlier.

But soybean supplies "are more than ample" for 1969-70 requirements, the department said, and crushers are expected to continue operating at near full capacity.

"This should bring supplies into better balance with needs and bring market prices downward from present high levels within the next few months," officials said in a report.

Trans-Canada Highway Closed

VANCOUVER, B.C. (AP) — Police closed the Trans-Canada highway east of here for 1½ hours Sunday after a series of at least 100 minor collisions, involving 50 to 75 vehicles, in fog on the Port Mann Bridge.

SHS Grad Has Role In Tech Drama

LUBBOCK — Dianne Lewallen of Snyder has been selected to play the role of a member of the chorus in Texas Tech's production of the classic Greek drama, "The Bacchae," by Euripedes.

Performances in Tech's University Theater are slated to begin at 8:15 p.m. each night, Feb. 27 through March 2, with an additional matinee at 3 p.m. Sunday, March 1.

The plot, as timely today as when it was written, revolves around the emotions of revenge and mob psychology. Using an original approach, the Tech version will feature electronic music based on ancient Greek instruments and sounds, semi-modern costumes and a stylized setting reminiscent of the age of gods and goddesses.

Miss Lewallen, a sophomore majoring in secondary education, is the daughter of Mrs. W. P. Lewallen, 316 Twenty-ninth Street. She has performed in productions of "The Crucible," "Years Ago," "Auntie Mame," "South Pacific" and was the assistant director of "Diary of Anne Frank" at Snyder High School.

FOR BETTERMENT OF COUNTRY

Citizen Volunteers Donating Much Time And Talent

By FRANK MURRAY
Associated Press Writer

Wayne Freberg spent Saturday, paint brush in hand, coping with the urban crisis.

The 45-year-old co-owner of a La Mirada, Calif., foundry joined 10 other volunteers in sprucing up the home of an elderly couple who had taken in six children from a broken home.

For 35 of the past 40 weekends, Freberg has brought his energies to the Watts section of Los Angeles, giving up his usual golf game to join a group known as the Revitalization Corps.

"I got fed up with intellectual discussions with my neighbors on race relations," he said. "The fires were getting hotter and talking wasn't doing any good."

Freberg is among tens of millions of citizen volunteers who donate a treasure of time and talent to work — unpaid and unheralded — for the betterment of their country and community.

Evidence of this volunteer spirit can be found in all corners of the nation from white volunteers cleaning trash-strewn Harlem streets to black volunteers shoveling mud from flooded homes in Los Angeles suburgs.

An estimated 57 million Americans volunteered to work for nonprofit agencies in 1968, the American Association of Fund Raising Counsel said. This was 20 million more than a dozen years before.

The major national health agencies alone count more than 30 million volunteer workers. These range from $100,000-a-year business executives who lend their organizational skills to national campaigns, to busy housewives who knock on their neighbors' doors soliciting dimes and dollars for medical research.

The volunteer efforts often work hand-in-hand with organized charities.

An estimated $703 million was given in 1968 to United Fund and Community Chest drives across the country, while more than $300 million was given to 35 health charities. The nation's over-all total giving was $15.8 billion to organized charities.

The donations of money, however, only blend with the volunteer efforts of individuals and groups across the country, efforts such as:

—Janet Cole, one of 10,000 student volunteers at Michigan State University, a home economics major who became so involved in running a cooperative grocery in a poor area that she switched courses to major in social work—a change that set her a year behind in school.

—One thousand employes of the U.S. National Bank in Portland, Ore., who donated 147,400 hours in one year of volunteer work.

—The Over-60 Employment Service in Montgomery County, Md., which found jobs for 721 elderly applicants in 1967-68, fully 70 per cent of all who sought work.

Still other statistics show the scope of the volunteer spirit: There are 600,000 active members of 24,000 volunteer fire departments, upon whom 47 per cent of the nation's population depend to protect their home. There are 550,000 volunteers working in 2,728 hospitals.

The federal government now is moving to tap this treasure of donated time and talent by enlisting citizens in, as President Nixon put it, "those small, splended efforts that make headlines in the neighborhood newspaper instead of the national journal."

In April, Nixon formed an office of voluntary action under George Romney, secretary of Housing and Urban Development. It includes a clearing house where groups can get suggestions on how to organize successful volunteer projects.

Nixon also appointed Max M. Fisher, a Detroit, industrialist and leader of several philanthropies in Michigan, as his special consultant on voluntary action.

Fisher's men now are assembling the private National Center for Voluntary Action. Aiding the effort are six corporations, including Fisher's Marathon Oil Co., and organizations such as the Urban Coalition and the U.S. Chamber of Commerce.

In an interview, Fisher said that not all meaningful volunteer efforts are selfless: "For many, volunteering fills some void in their life, such as widows or women whose children are grown. We think of it as enlightened self-interest."

As Nixon phrased it when he named Fisher: "It is a remarkable and little-appreciated fact that for practically every one of the great social ills that plagues us, solutions have been found somewhere — by citizen volunteers, who have devised programs that actually work in their own community."

James R. Tanck, 25, now on the White House staff as director of the national student volunteer program, estimated that 250,000 of the nation's seven million college students work as volunteers in activities other than traditional tutoring.

"A lot of college students feel uptight about what's going on off-campus while they're on campus getting a rather sterile education," he said. "They're not interested in doing the puffy things like collecting money for the United Fund. They want to get their hands dirty doing something instead of throwing $10 into the coffer."

Many executives and the companies they head have found it good business to give more than money to charity.

Strike Is Averted

WASHINGTON (AP) — A strike by 74 AFL-CIO headquarters staff employes was averted, at least temporarily, today.

The professional employes—newsmen, sociologists, economists and lobbyists members of the Washington-Baltimore Newspaper Guild—had voted Sunday to strike the parent labor federation at 8 a.m. EST today.

But an impasse over the naming of an arbitrator appeared to have been broken by a management suggestion about 4 a.m., according to a guild spokesman, and the strike was postponed until the membership could vote on the arbitration nominee later today.

The employes have been working without a new contract since Jan. 1 in a dispute over wages.

The union has been insisting on a union arbitrator, while the guild insisted on an arbitrator from outside the federation.

The AFL-CIO reportedly has offered a 7 per cent wage increase on a one-year contract. The guild reportedly is seeking a 27 per cent wage hike over two years.

The present general wage scale for professional employes with full experience is $295 weekly.

Municipal Workers Back On Job

CINCINNATI, Ohio (AP) — The city's 1,500 municipal employes were back on the job today after a 34-day walkout over a new contract.

A settlement was reached Thursday, but the workers decided not to return until today, when their new contract went into effect.

Lone Star Logs Record Revenues

DALLAS — Lone Star Gas Co. earnings increased in 1969 to $1.59 per share, and a record consolidated operating revenue was also achieved, Louis G. James, president said today.

Consolidated net income for Lone Star and its wholly owned subsidiaries totaled a record $23,311,000, and $2,230,000 increase over 1968. Per share earnings of $1.59 were up 15 cents. Record consolidated operating revenues of $236,557,000 were up $13,516,000, or 6 per cent.

James also announced that on Jan. 30 Lone Star Producing Co. entered into a contract with Glover Hefner Kennedy Oil Co. under which it will acquire for $7 million half of GHK's interest in approximately 70,000 oil and gas leasehold acres covering multi-pay prospects in the Anadarko Basin of Oklahoma. This capital outlay is in addition to budgeted 1970 capital expenditures of $40.9 million announced earlier. Another $2.2 million will be invested to increase the size and capacity of a previously announced Granger, Texas to Waco, Texas pipeline from 24" to 30" scheduled for construction in 1970.

James said that a program begun late in 1969 to increase rates for gas sold to residential and commercial customers in Texas is over 90 per cent complete. Although the rate program had only a minor effect on 1969 earnings, an additional $11 million in residential and commercial gross revenue is expected for 1970. Rate schedules applicable to industrial customers are also being increased.

First major impact of the new rates is anticipated in the first quarter of 1970. Record January gas deliveries of 52.6 billion cubic feet were recorded, including a new 24-hour sendout record of 2.242 billion cubic feet established Jan. 7.

Despite high demands for gas in 1969, Lone Star improved its gas reserves position during the year. Year-end gas reserves rose to a record of about 7 trillion cubic feet.

Under the agreement with Glover Hefner Kennedy Oil Co., Lone Star Producing Co. will be the operator in drilling deep exploratory Hunton lime tests in Beckham and Washita Counties, Okla. In addition, the Producing Co. acquired an interest in GHK's No. 1 Green Well, a gas well presently completed in the Springer formation at a depth of 22,300 feet, and will participate in development of the Springer formation. This development is expected to begin early in the second quarter.

Nipak, Inc., diversified in 1969 into the manufacture of polyethylene pipe and molded fittings for gas distribution. Construction of a plant at Corsicana, Texas is nearing completion and production is scheduled to begin in March of 1970.
