

SNYDER... The Christmas Shopping City

Damp, Cold Spell Grips North, West Texas Areas

A damp cold spell gripped most of North and West Texas today, and forecasts indicated that it would continue through tonight.

Snyder was hit by the freezing belt this morning, with a low of 34 degrees. However, slightly colder temperatures are in prospect during the next 24 hours, according to the Weather Bureau.

Light drizzle here had produced an inch of moisture, while freezing drizzle and light snow peppered areas to the north and west.

Snow caused a paralyzing electrical blackout in El Paso Monday night.

At least two deaths were attributed to the storm.

The Weather Bureau predicted that from 2 to 4 inches of snow will accumulate in the west and north parts of the Panhandle and High Plains Tuesday night and Wednesday.

The agency also forecast snow, sleet and rain for the south and east portions of extreme Southwestern Texas—the area east of El Paso. Snow will be locally heavy in that area.

In the Big Bend area Tuesday, Norman Miller, district highway maintenance foreman, said some ice was forming on U.S. 90 and on bridges and hills on Texas 118 and U.S. 285. Snow started in early morning at Alpine but melted as it hit.

The snow in El Paso and West Texas was termed the "bit-terest in more than 30 years" although the depth was not great. The Weather Bureau reported freezing rain or drizzle Tuesday at Alpine, Lubbock and Amarillo Tuesday, with snow at El Paso and Dalhart.

Winds brisk over most of Texas, with light rain and drizzle at many points.

The cold front which brought the bad weather was 100 miles into the Gulf of Mexico by dawn.

Saxon Gets Appointment

WASHINGTON (AP) — President Kennedy named James J. Saxon of Wilmette, Ill., today to be controller of the currency.

Succeeding Ray M. Gidney who has been at odds with Atty. Gen. Robert F. Kennedy over bank mergers.

Kennedy gave Saxon a recess appointment. This means his name will have to be submitted to the Senate for confirmation in January.

Gidney has submitted his resignation to be effective Wednesday.

The Treasury explained that Saxon's name had been sent to the White House as a result of a clerical error; Gidney said at that time he had not resigned, but the report was that he agreed to quit effective Nov. 15.

WEATHER

SNYDER TEMPERATURES: High Monday, 45 degrees; low, 34 degrees; reading at 7 a.m. today, 35 degrees; precipitation, 0.00 inch.

but the ridge of cold air remained over the state.

Muleshoe on the edge of the

South Plains and near the New Mexico border measured 5 inches

of snow at one time during the

night. But by morning, the meas-

ure was down to an inch and

a half. Traffic was moving slowly.

Lowest reported overnight temperature was 26 degrees at Dalhart in the upper Panhandle.

An Amarillo commercial pilot, George Barnett, died in a plane crash near Canyon in an accident attributed to the storm.

At Houston, the body of Douglas Wayne Ford, 11, was found drowned when flood waters roared in White Oak Bayou. He tried to swim from a washboard, he was using as a raft while playing Monday in high water caused by a 6-inch rain in that area.

The big snowfall caused a major blackout in El Paso Monday night when it knocked electrical power out for several hours. Power flickered on and off several minutes before totally blacking out shortly after 8 p.m. It was restored after several hours.

El Paso radio and television stations, theaters, businesses, homes and other establishments were without power as the city came to a virtual standstill.

The El Paso police and fire departments ran their business on auxiliary power and as the hours wore on even that was not wholly effective.

Drizzle and fog was reported Tuesday along the Rio Grande Valley from Laredo to Brownsville and McAllen; in East Texas at Tyler, Lufkin and Texarkana; in West Texas at Wink and Midland and in South Texas at Corpus Christi.

Light drizzle or rain fell at Abilene, Dallas, Waco, College Station, Alice, Amarillo, Childress and Wichita Falls. The rest of the state was cloudy.

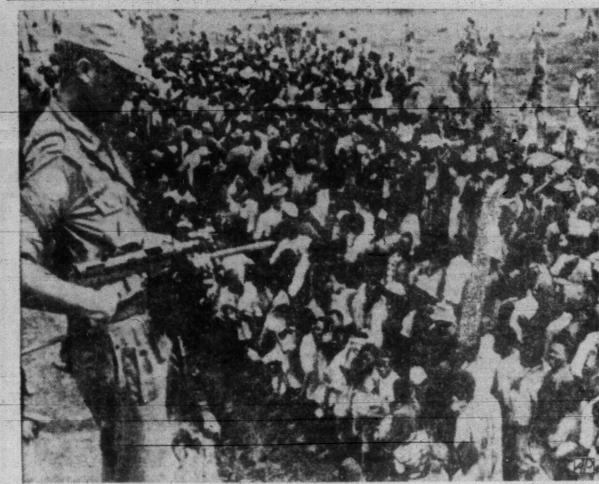

Temperatures, nowhere at really bitter levels, ranged from 30 at Amarillo and 34 at Dalhart and El Paso to 56 at Beaumont and 61 at Brownsville.

Winds that gusted up to 40 miles an hour Monday night continued early Tuesday in somewhat diminished force.

Traffic slowed in the snowbelts and streets in Muleshoe, near the Texas-New Mexico border about 70 miles northwest of Lubbock, were closed with 5 inches of snow. Friona measured 4 inches and Martin, in the same area reported 2 inches.

Highway Department crews worked through the night to keep roads open and post-icing signs where the roads were glazed. U.S. 62, east of El Paso, was reported hazardous late Monday night.

CONGO REFUGEES LINE UP FOR FOOD.—An armed Swedish United Nations soldier stands guard as Baluba refugees line up for food at UN administered refugee camp near Elisabethville, Katanga. Some 30,000 Balubas are living under squalid conditions at the camp. (AP Wirephoto via radio from London)

South Africa Beats Moves For Expulsion

By TOM HOGE

UNITED NATIONS, N.Y. (AP)—South Africa today had weathered twin moves to expel her from the United Nations and place her under a worldwide political-economic boycott. But her white supremacy policies were condemned by a resounding 72-2 vote.

The 108-nation special political committee voted 47-32 Monday for the demand by 30 Asian-African nations and Cuba to get the Security Council to consider ousting South Africa from the United Nations. The vote fell short of the two-thirds majority required for approval by the General Assembly.

The same fate befell the boycott call by the 31 sponsors. It was approved by the slim margin of 48-30.

The censure resolution by India and seven other nations denounced South Africa's apartheid policy of strict race segregation and asked member nations to take whatever action they deemed fit, individually or collectively. Only Portugal and South Africa voted against it, but they were 7 abstainers, including the United States, Britain and France.

The denunciation of apartheid was similar to a resolution approved by the assembly last year after a boycott proposal failed to get a two-thirds majority.

This time the committee tacked on three amendments which, since they did not get two-thirds majorities, probably will not clear the assembly. The Western powers had announced they would abstain in the vote on the resolution if the amendments were approved.

One, by Ethiopia, asked the Security Council to consider what steps should be taken against South Africa. Another, by the Soviet Union, calls for an embargo on arms to South Africa, and a Pakistani amendment calls for an oil embargo.

The vote came after three weeks of stormy debate during which South African Foreign Minister Eric Louw contended that expulsion of his country would be "the beginning of the end" of the United Nations.

The United States and Britain voted against both the boycott and expulsion resolutions. U.S. delegate Francis P. Plimpton said the United States strongly opposes South Africa's policies but could not support such drastic measures. He added, however, the United States sympathizes with those who want penalties imposed because of South Africa's long defiance of U.N. appeals to change its race laws.

The Security Council debate on the Congo was in suspension today. The council will meet again Wednesday afternoon.

East Berlin Area Is De-Stalinized

By GENE KRAMER

BERLIN (AP)—Communist East Germany staged a bit of de-Stalinization during the night, renaming East Berlin's showplace boulevard and removing its statue of Stalin and countless other memorials to the late Soviet dictator.

The morning only workmen and debris remained as bulldozers cleared the square where East Berlin's bronze Stalin statue had stood since, shortly after World War II.

Stalinale, the broad, three-mile avenue that is East Berlin's main street, had fresh name signs—Karl Marx Allee—for half its length and Frankfurter Allee for the rest. Frankfurter Allee was the street's name before the Russians occupied East Berlin.

Stalinstadt, a major East German iron and steel town on the Oder River, was renamed Eisenbuettenstadt, or iron foundry town, according to a small front-page announcement in Neues Deutschland, organ of the East German Communist party.

The important Josef W. Stalin plant in Berlin-Treptow was renamed "Electrical Apparatus Works Berlin-Treptow."

The dictator's name-changing was the first concrete sign of de-Stalinization in East Germany since condemnations of the dictator were made public from the Soviet Communist party congress last month and his body was removed from Lenin's tomb in Moscow's Red Square.

East Germany's regime is dominated by Communists of the Stalinist variety, led by Chief of State Walter Ulbricht. But Neues Deutschland on Sunday, in an article denouncing Stalin, asserted at great length that Ulbricht had never developed a personality cult or committed other Stalinist crimes.

Third Draft Call For Doctors Set

WASHINGTON (AP)—The Defense Department issued a call today for drafting 345 more doctors.

All the new group will be assigned to the Army.

This is the third such call by the Defense Department this year and brings to 1,025 the total number of doctors summoned to military duty in 1961.

This call is a special one necessary to support the military buildup," the Pentagon said.

The Defense Department said it is using Selective Service calls "to reinforce military physician strength in preference to the recall of large numbers of reserve medical corps officers at the present time."

Disaster Training Class To Hold First Session Tonight

The first class in disaster training for selected personnel will be conducted this evening by Clark Titus, Civil Defense Adult Education Consultant. The program is sponsored by the Texas Education Agency and is designed to qualify local citizens as instructors in civil defense training.

Titus was to have met with the entire faculty of the Snyder Public Schools at 3:30 this afternoon but at a late hour this morning it was doubtful that he could make that meeting due to car trouble. Roy Dunlap, local civil defense director, stood ready to fill in if needed.

Purpose of the general faculty meeting was to acquaint the teachers with basic knowledge so that in the event of a natural disaster or nuclear attack they would have a general idea of the procedures to be taken.

Eighteen faculty members of Snyder Schools and surrounding schools will be attending tonight's instruction along with key persons from such other agencies as law enforcement, fire, and the hospital. People chosen to be instructors were selected on the basis of experience in teaching adults, ex-

perience in civil defense, military experience, the ability to use various teaching techniques, and a background in science.

In December those trained in this week's classes will start free courses for interested citizens. These twelve-hour courses will cover more than preparedness for atomic attack, included will be planning for any disaster. Survival procedures and equipment needed will be covered in the course. The main purpose of the program according to the Texas Education Agency is to enlighten the general public in disaster planning.

Tito Says Pressure At Critical Time Gas Increase Called Vital

BEGRAD, Yugoslavia (AP)—President Tito Monday said certain circles of capitalists and other reactionary people in America are urging U.S. military and other aid to Yugoslavia to be cut off during hard times for the Communist nation.

"Economic pressure is exercised on us at the time when our country is so badly hit by drought and when we are in a pretty delicate situation," Tito asserted in a speech before a mass meeting at Skopje.

The State Department confirmed last month that the United States has shelved at least temporary support of Yugoslavia request to buy 500,000 tons of surplus American wheat.

Officials indicated the decision reflected President Kennedy's disapproval because of pro-Soviet positions taken by Yugoslavia at the Belgrade conference of non-aligned nations last September.

A request by Yugoslavia that the wheat decision be reconsidered coincided with the disclosure of the controversial sale of surplus U.S. Sabre jet planes to the Tito government.

CHICAGO (AP)—An oil executive said today a sharp increase in the world price of natural gas is mandatory.

Ira H. Cram, New York City, said federal price controls have curbed incentive to develop new supplies for a product for which demand is skyrocketing. He said federal controls have kept well-head prices below competitive levels.

The vice president of Continental Oil Co. said he sees no hope for congressional approval of remedial legislation in the near future.

He said there is indication the current average wellhead price of 14 cents per 1,000 cubic feet will have to rise to 20 cents by 1963 and to 27 cents by 1970.

In a speech prepared for delivery before the statistical section of the American Petroleum Institute's 41st meeting, Cram acknowledged many variables make such increases subject to argument.

"However, under any reasonable assessment of the future," he said, "I have been unable to juggle the variables without concluding a substantial increase in the average wellhead price is mandatory."

Cram said a worldwide surplus of oil probably will keep the price of domestic crude oil at the current average of \$2.85 a barrel through 1970. He said this means natural gas will have to provide a greater percentage of total wellhead revenue than in the past.

L. T. Potter, president of the Lone Star Gas Co., Dallas, said he believes the final solution to the regulation of field prices will involve some form of area pricing as now being developed by the Federal Power Commission.

Potter was chairman of an industry-wide task force which is engaged in drafting remedial legislation in the area of regulation of the oil and gas industry.

The annual gross national product of the United States would increase from \$500 billion in 1961 to \$780 billion by 1970 if the goal is reached.

The gross national product is a measure of a country's output of goods and services.

A top-ranking diplomat said adoption of the U.S. proposal, plus what he called necessary changes in domestic economic policies—would show that Western nations recognize their economy must grow if it is to survive.

But he denied that the proposal

Say Tshombe At Execution Of Lumumba

UNITED NATIONS, N.Y. (AP)—A U.N. investigating commission expressed belief today that Patrice Lumumba, former Congo premier, was executed last January in the presence of high Katanga officials, including Premier Moise Tshombe.

The commission described as "staged" the account by Katanga officials that Lumumba and two other associates were killed by tribesmen Feb. 12.

On the contrary, the commission said, it accepts as "substantially true evidence" indicating Lumumba and his associates were killed Jan. 17 after their arrival in a villa not far from Elisabethville, the Katanga capital.

It was reported Feb. 13 that the Katanga radio first announced death of the Congo Communist leader.

Considerable doubt was voiced at the time over the veracity of the announcement and the commission's findings substantiated claims that Lumumba had been put to death long before his death was announced.

The U.N. General Assembly established the commission last April upon recommendation by the Security Council. Its members were Justice August Khudde of Burma, Ato Tashoma Hailu of Ethiopia, Dr. Sylvain Martin of Algeria, and Maurice A. D. Almeida of Portugal.

MRS. HOWARD RAYMOND WEAVER

Houston Wedding Vows Unite Weaver And Terry

Miss Suzana Terry and Howard Raymond Weaver were united in marriage in a doubling ceremony Oct. 28 in the Bethany Christian Church in Houston.

The bride is the daughter of Mr. and Mrs. Howard L. Terry of Houston and the groom the son of Mrs. H. S. Weaver of Colorado City and the late H. S. Weaver.

W. J. Strickland Honored On 80th Birthday

FLUVANNA (Sp.)—Mr. W. J. Strickland was honored on his 80th birthday Sunday, Nov. 8 with a dinner and family gathering at the community center by his children.

Others included his wife, his sister, Mrs. Ella Smith of Abilene, a brother, Mr. and Mrs. Mark Strickland of Rosas; Mrs. John Taggart and Mr. and Mrs. Simon Best; Mrs. Josephine Waller and Anita Lady of Colorado City; Mrs. Dewey Farley and Darrin and Mrs. James Hines of Odessa; Mr. and Mrs. Earnest Smith, Mr. and Mrs. Dick Edwards, Jerry Dean and Stanley, Mr. and Mrs. Trust Strickland and Larry, all of Rosas.

Ira, County Line H-D Clubs Have Joint Meeting

The Ira and County Line Home Demonstration Clubs met jointly at the community center on Nov. 10.

Those present from Ira were: Mrs. Billy Calley, Mrs. Weldon Wiggins, Mrs. Floyd House, Mrs. Pete Sterling, Mrs. J. D. Hooker, Mrs. Mack Kruse. Those from County Line were: Mrs. R. K. Taylor, Mrs. W. W. Hester and Mrs. Lewis Dunn.

Dr. W. N. Jones Speaker For Central P.E.A.

The Central Parent-Teacher Association held its regular monthly meeting at 3:45 p.m. Tuesday evening at the community center.

Dunn Has Crowd At Homecoming

Approximately 300 persons attended the Dunn Homecoming Supper Saturday night, Nov. 11 at Dunn Community Center.

Master of ceremonies, Othal Ellis, gave special recognition to the following: Mr. R. D. Sherrod 84, of Snyder, the oldest; 7 month Jimmy Byars, son of Mr. and Mrs. J. L. Byars of Ira the youngest; Mrs. Joe E. Lewis of Duran, Okla. traveled the farthest to attend the homecoming; Mrs. Alice Murphy, Wilson of Austin the oldest former teacher, having began teaching in Dunn in 1890; Leonard Allen of Dunn was the oldest graduate of Dunn High School having graduated in 1916; and W. J. Fuller of Dunn was the youngest graduate of Dunn High School in 1948, the year the last graduation was held.

Beside Mrs. Wilson, other former teachers present were W. C. Hooks of Colorado City; Merle Williams of Snyder; Mrs. M. H. Hanson and Mrs. Nat Billingsley of Dunn.

Interesting excerpts taken from 1922, 27, 30, and 33 edition of the "Owl's Nest" school paper published monthly by Dunn students, was read by Dan Cotton of Snyder, Marie Huddleston of Sweetwater, Phoebe Lewis of Graham, Ather Ellis of Colorado City, and Julia Fox of Dunn.

Graham Smith gave recognition to the officers of the Dunn Community Club, to those responsible for the homecoming, and to the county officials present. He then introduced the speaker Mr. W. C. Hooks, who gave an interesting talk, his experiences while superintendent in the school system at Dunn.

After invocation by L. C. Jones, a wonderful supper was enjoyed by all.

Lambda Kappa Honors New Members Sunday

Fall rush season for the Lambda Kappa chapter of Beta Sigma Phi was climaxed with a "Preferential Tea" Sunday from 2 to 4 p.m. at the home of Mrs. Jurden Brunken, 311 Thirty-sixth Place.

Entertainment was furnished by Melinda Mearse, a second grade student, who sang "The Lolly Pop Tree" and "On the Good Ship Lolly Pop." Mrs. Troy Scott accompanied on the piano.

SUNDAY
Luncheon at Martha Ann Woman's Club for members and their guests. Reservations by 8 p.m. Saturday.

Rannefeld Sisters Hostesses To 4-H Club Meeting

The Byron-Lorraine 4-H Club held their monthly meeting recently in the home of Peggy and Nelda Rannefeld.

Peggy Rannefeld, Kathryn Helm and Barbara Freitag gave a demonstration on making fruit salad.

Miss Helm opened the meeting and led the club motto, pledge and prayer. Peggy Rannefeld read the minutes and called the roll.

The Christmas party was discussed and will be held at the home of Kathryn Helm on Dec. 11. Each girl is to bring a gift costing between 50 and 75 cents. Numbers will be drawn.

It was announced that the meetings for the next three months will be held on the second Monday of each month due to basketball games.

Mrs. Rannefeld served refreshments of punch and sandwiches to the above mentioned girls and Margie Soules, Charlot and Gloria Ince, Sherry Adams, Carolyn Collier, Marie Davis, Shirley Strick and Mary Hudgins.

WHAT'S GOING ON

Mr. and Mrs. G. X. Minor, 1812 Avenue T, and Mrs. Geneva Thompson, Hermleigh, and Mrs. C. E. Walker, 1002 Twenty-eighth Street, visited Mr. and Mrs. H. R. Minor in Tahoka, and Mr. and Mrs. J. W. Henderson in Lubbock Sunday.

Blind Date Leads Lucy To Altar

NEW YORK (AP)—Conchette Lucille Ball has revealed what many of her friends have suspected for some time—that she'll wed comic Gary Morton, a man she met on a blind date.

The bouxy actress, whose 20-year marriage to Desi Arnaz ended in divorce in May 1960, said Monday night that a quiet ceremony will be held here Sunday with the Rev. Norman Vincent Pease officiating.

Her mother and two children and a dozen or so friends will attend, she said.

Miss Ball, who admitted she was depressed after her divorce from her longtime co-star of "I Love Lucy" on television met Morton last summer while she starred in the Broadway musical, "Hallelu!"

A friendship blossomed, then romance. It wasn't long before she was declaring, "I've got myself a great guy."

But when asked just four months ago, whether she was thinking of marriage, she re-

LU LUCILLE BALL, ... leads 'great guy'

plied: "No—I have no plans to get married."

Then, reflectively, she added: "I'm afraid of marriage."

The tall, broad-shouldered Mor-

ton was born in New York City, the son of a truck driver. He attended Manhattan public schools, and got the show business bug while in Army Special Services at Fort Riley, Kan.

After the war, he played clubs and theaters, first as an impressionist and later as a satirical comedian. He appeared in "Mr. Wonderful" on Broadway, and in top night clubs about the country, including the Copacabana in New York where he was working when he met Miss Ball.

Like his bride-to-be, he has had one divorce.

Despite their marital split, Miss Ball, 32, and Arnaz still maintain close business ties. Both are millionaires several times over.

Immediately after the marriage Sunday, Miss Ball said, Morton will head for a two-week engagement in Palm Springs, Calif. She will go to Los Angeles.

An Acapulco honeymoon is planned for January, she said, after which they will live in Beverly Hills and Palm Springs.

Another Bare Spot Shown In Fashions

By SUE REILLY
BEVERLY HILLS, Calif. (AP)—The American woman is going bare in yet another spot.

Styles shown at the 11th annual press week of California fashion designers left little doubt about that Monday.

Most of the tight-fitting, bulge-revealing Capri pants now known as St. Troz pants, stretch pants, hip skimmers, jodhpurs and Southwesterns are about an inch below the navel and three inches above arrest level.

Teen-age boys get sent home from school for wearing levis that way.

These low flying creations are being shown with everything from sweatshirts to midriff briefs.

The sweatshirts aren't even on speaking terms with the old-fashioned baggy type with the name of alma mater across the front. These come in ladylike Jersey, cotton and miracle fabrics. Pink carnations and blue roses dance fancifully around the figure, helping to take attention away from the abbreviated pants.

The only relation the new-style shirts have to the old is their shape. Even that has been altered to a more ladylike silhouette with a few strategic tucks and pleats. Midriff briefs are two pieces of cloth and a few buttons. The effect of the abbreviated pants and the more than abbreviated briefs is devastating.

One at-home jump suit—called the kitchen mechanic—is so low on top and tight all over that a fashion editor commented: "If every gal wore that in the kitchen there'd be very little cooking done. We could lick the over-weight problem."

49th Praised By General

FT. POLK, La. (AP)—The Texas National Guard's 49th Armored Division has received plaudits from the commanding general of the Continental Army Command.

Gen. Herbert B. Powell said that based on what he had seen and from reports he had received, the 49th had lived up to its reputation as an outstanding division.

The 49th Armored is the largest unit now training at Ft. Polk. Powell said the spirit and determination of the men recently called to active duty was "the most patriotic demonstration I've ever seen."

He made the statements Monday at a press conference following his inspection of the facility and troops at this recently reactivated military post.

President Kennedy Forces Himself To Take A Breather

By WIDNEY SHOEMAKER
AP Staff Writer

The President of the United States alighted from his jet at Otis Air Force Base in Massachusetts and stepped quickly into a waiting helicopter for the 10-minute hop to Hyannis Port.

It was a typical Friday afternoon last summer. And it exemplified what Hyannis Port means for

NIC Divided On Support

DALLAS (AP)—Executive committee members of the National Indignation Committee (NIC) have agreed on whether their group would back Gen. Edwin Walker as a presidential candidate.

Their comment Monday followed a report from San Diego, Calif., that Maj. H. G. Knickerbocker of the U.S. Air Force Reserve had been asked by NIC leaders "to persuade Gen. Walker to run for president" in 1964.

Douglas Defferard, a Dallas member of the committee, said: "I would like to say without qualification that there has absolutely never been any discussion along political lines. Dallas headquarters knows absolutely nothing about any request for Gen. Walker to run for anything."

The Dallas News said it was reported in California that Knickerbocker had been asked to approach Walker on the presidential candidacy.

Daily Crude Flow Rises

TULSA (AP)—Texas led an almost general increase in oil production as U.S. output rose by 30,210 barrels per day last week, the Oil and Gas Journal said today.

Texas production rose 14,300 barrels a day to 2,523,800.

Nationwide, the Journal reported average daily production of crude oil and lease condensate last week was 7,171,310 per day, compared with 7,141,100 daily the previous week.

Louisiana production rose 6,700 barrels daily to 1,210,750. Oklahoma gained 5,560 barrels to 496,000 daily. New Mexico was up 1,150 to 319,000 and Arkansas rose 950 barrels to 73,125 a day.

Princess In Tokyo

TOKYO (AP)—Princess Alexandra of Kent arrived in Tokyo today for an eight-day official visit. It is the first visit to Japan by a member of the British royal family since the visit of the Duke of Gloucester in 1926.

Fickle Winds In Fire Area

LOS ANGELES (AP)—Smoke hung heavy over Los Angeles again today while fickle winds alternately worked for and against an army of fire fighters striving to control a searing brush fire.

The erratic blaze destroyed 10 homes in Kagel Canyon, according to the U.S. Forest Service, and forced evacuation of over 300 residents from Kagel and Little Tujunga canyons 20 miles north of here.

Officials said 2,300 acres had been burned off and the fire was still out of control.

It was the second destructive blaze in a week. The first one destroyed 465 homes and denuded 14,000 acres.

23 Persons Injured In Bus Accident

PLATTSBURGH, N.Y. (AP)—A Greyhound bus veered from a rain-slick highway three miles north of here today and smashed into a tree. Twenty-three persons were injured, one seriously.

The bus driver said he had been blinded by the lights of an oncoming automobile that did not stop.

The bus was en route from New York City to Montreal. Most of the passengers were Canadians.

The driver, George W. Gamm, 54, of Brooklyn, suffered an arm injury.

PONTIAC'S TEMPEST

BITING TRACTION!

The new Tempest claws up hills. Perfect balance gives it biting traction. Puts equal weight on all four wheels. The gas saving, 4-cylinder engine turns out 110, 115, 120 or 140 horsepower. Extra cost: a 166 h.p., 4-barrel carburetor "four" and 190 h.p. V-8. Climb a hill in America's only front engine/rear transmission car—it's balanced like none of the others.

CLIMBING FAST AT \$2214⁰³

Manufacturer's Suggested Retail Price for this Tempest Coupe (including whitewall tires, road tires, front Federal Excise Tax and suggested dealer delivery and handling charge). Dealer standard. Other accessories and optional equipment, transportation charges, state and local taxes extra.

FOUR LETTERMEN RETURNING TO FOLD

Tigers Beginning Work For 1961 Cage Opener

The conversion from football to basketball is presently taking place on the Snyder High campus and Tiger cage instructor J. P. Ward is blessed with additional time to prepare his charges due to the school's open football date falling on the end of the season—working them out daily at Tiger Gym.

The Tigers' basketball date, Saturday, is still some two weeks distant. In addition to the district slate of games—double round-robin affair—Ward has his proteges lined up for a total of eight non-district classes and three tournaments. Snyder's annual Canyon Reef "sawney" suspended last year will resume this season and will be held December 15-16.

Ward is working with a total of 10 players as of this date with four of the group being varsity lettermen. Steve Free and Poosh Hunter have both earned two and six letters, while Freddy Miller and Eddie Why have one to their credit.

The remainder of the squad is composed of "B" team graduates and includes Larry McNair, Tim Marcum, Carl Bailey, Johnny Mitchell, Stuart Long, and William Robinson.

The complete schedule of Tiger games follows below:

Nov. 25—At Hamlin
Dec. 1—At Robert E. Lee (Midland)
Dec. 2—Hamlin at Snyder
Dec. 7—Andrews Inv. Tournament
Dec. 12—At Stamford
Dec. 15—At Canyon Reef Tournament (Snyder)
Dec. 21—Graham at Snyder
Dec. 22—Lee (Midland) at Snyder
Dec. 27-30—Caprock Tournament (Lubbock)
Jan. 2—Stamford at Snyder
Jan. 6—At Graham
Jan. 9—Open
Jan. 12—At Lamesa
Jan. 16—At Lake View
Jan. 19—Colorado City at Snyder
Jan. 23—Sweetwater at Snyder
Jan. 26—Open
Jan. 30—Lamesa at Snyder
Feb. 2—Lake View at Snyder
Feb. 6—At Colorado City
Feb. 9—At Sweetwater
Feb. 12—Open

SPORTS

The Snyder (Texas) Daily News, Tues., Nov. 14, 1961

ALL-STAR AGGREGATE—The Boys' Club Pee Wee Red Indians fought a valiant battle here Saturday night before being nosed-out by the Green Hornets, 12-6. Making up the Indian outfit are, front row from left, David Smith, Jodi Williamson, David Coy, Jacky Weaver, Doyle Gillman, Larry Lofton, Macky Fraley and Roy Nokes. Second row: Alton Patterson, Barry Burch, James Merritt, Dennis Harman, Ricky Corbell, Craig Alexander, Benny Garrett, Jerry Rains, and Ben Gafford. Third row: Coach Gerald Pullig, Thomas Cain, Wayne Anderson, Billy Brooks, O. L. Cooper, Jerry Smedley, Bill Greif, Coach Bill Ellis, and manager Rusty Pitts. (Photo by Jackson)

Thinkers Like Albany And Jacksboro

DALLAS (AP) — If the Dallas News poll of the schoolboy football is borne out Jacksboro and Albany will win the Class AA and Class A championships.

The final poll today ranked those schools as No. 1 in the divisions with defending champion Denver City rated No. 2 in Class AA and with undefeated, untied Wink next to Albany in Class A.

Final polls in Classes AAAA and AAA will not come until next week. Wichita Falls tops the AAAA poll and Dumas AAA at this time.

The top 10 by classes:

Class AAAA: Wichita Falls, San Angelo, Corpus Christi-Ray, San Antonio, Jefferson, Fort Worth Paschal, Galena Park, Odessa Permian, Houston, Milby, Ysleta, Spring Branch.

Class AAA: Dumas, San Benito, Gainesville, Breckenridge, Cleburne, Brownwood, Carthage, Bay City, Corsicana, Belton.

Class AA: Jacksboro, Denver City, Sweeny, Quanah, Brady, Hillsboro, Terrell, Plano, Floydada, Hearne.

Class A: Albany, Wink, Mull-Daisetta, Forney, Crowell, Rio Hondo, New London, Gruver, Kress, Seagraves.

ON THE LOOSE—Tommy Bullard (21) of the Pee Wee All-Star Green Hornets, who scored both of his team's touchdowns in paving the way to a 12-6 win over the Red Indians here Saturday, wheels around end for a gain during second half play in the contest. In hot pursuit are Indians Ricky Corbell (20) and James Merritt (71). Hornet Randy Barnett (61) is also visible in the background. (Photo by Jackson)

QB Club To Meet Tonight

Snyder's Quarterback Club will meet on schedule tonight in the high school cafeteria at 7:30 o'clock.

Several items of closing business will be discussed, and a good turnout of members is urged by president Joe Williamson.

The Snyder-Lamesa game film will be shown and Tiger basketball coach J. P. Ward is expected to present the organization a rundown on his prospects for the upcoming cage season.

Commie Physicists Holding Conference

VIENNA, Austria (AP)—Atomic physicists and other experts from Communist-ruled European countries are participating in a conference in Bucharest, the Romanian radio reported Monday.

A spokesman of the International Atomic Energy Agency in Vienna said the Eastern group started discussions a year ago in a manner similar to those of Western regional organizations for peaceful atomic cooperation.

"We wrote the Eastern group some time ago asking for their plans and purposes," he said. "We never received any reply."

Steers Retain Lofty Perch

By ED CORRIGAN
Associated Press Sports Writer

Texas remained the No. 1 college football team in the country today in the weekly Associated Press football poll and in the process won over another half-dozen panellists.

Last week the Longhorns, now

Oiler Yells 'Dirty Pool'

CHICAGO (AP) — The newest controversy between the rival professional football leagues centers around and Mike Ditka of the Chicago Bears who is heading for rookie honors in the National Football League.

John Breen, vice president of the Houston Oilers of the American Football League, charged Monday that Notre Dame Coach Joe Kuharich kept Ditka from talking contract with the Oilers and maneuvered him to the Bears.

"Absolutely ridiculous," said Kuharich when reached in South Bend, Ind.

"I have no knowledge of any college coach contacting Ditka on our behalf," said Bear owner-coach George Halas. "No part of Breen's story is consistent with the facts. One of the reasons we drafted Ditka was because he had told Art Rooney (owner of the Pittsburgh Steelers) that he wanted to play in the National Football League."

Ditka, an All-America at Pitt, is one of the National League's top pass receivers, having snared nine touchdown passes.

ARMY SCOUT SAYS 'YES'

Could Sooners Be On The Way Back?

By JACK CLARY
Associated Press Sports Writer

Has Oklahoma turned the corner from failure to success as the 1961 college football season nears its close?

Those who've seen the Sooners win their last two games, after losing the first five, think so—particularly after a crisp 7-0 victory last Saturday over heavily favored Missouri.

"You can definitely say that Oklahoma is on the way back," Army scout Bill Rowe said today. "He has seen the Sooners play four times—two was and two lost in preparation for Army's game at New York's Yankee Stadium against the Sooners this Saturday."

Rowe went on: "It is typical of Oklahoma—before we lose a game they go right out there and win one of the best in the country."

"So far, there's nothing wrong with the Sooners—they just had an off-year and had to meet some tough competition but they're on the way back."

Those close to the Oklahoma Sooners feel that the NCAA probation imposed in 1960 hurt the recruiting program.

"But Wilkinson has done the

best coaching job of his life this year because he's had to."

Of point guard Harold Keith told the New York Football Writers Monday: "He's been forced to use kids who last year couldn't make the traveling squad, or just were not good enough to win a letter. And he's had to use them against opposition as fine as we've ever had in the Big Eight Conference."

Wilkinson has also been plagued by injury problems, and when these diminished, along with the emergence of Bob Page as a take-charge quarterback, his fortunes began to turn for the best.

Against Army this week, he is expected to have fullback Tom O'Connor in the lineup.

In the do-it-yourself category, Keith said after his team lost two in a row to 24-4 record: "If we lose a couple more games I'll go flying in and try and beat the students to it."

With his tailback Dave Hopmann, the nation's total offense leader, hampered with a sprained ankle, Stapleton blanched at the thought. But Hopmann figures to be ready for this week's game against Tulsa.

Six of 11 Yankees who saw pitch-ers still with the New Yorkers.

INSURE WHAT YOU HAVE

Six-Club Loop Eyed

MEXICO CITY (AP)—The Mexican League probably will continue as a six-club circuit.

Tampico and Puerto Mexico had been expected to join the Class AA league but the latter ran into financial trouble.

Bobby Avila, who was forming the Puerto Mexico club, said his financial backers had pulled out.

Tampico is ready to go but league President Eduardo Orvananos said unless another city is found soon Tampico would have to wait another year and the league will play with the following six clubs this year: Puebla, Veracruz, Monterrey, Pasa Roca and the Mexico City Reds and Tigers.

Psychological War Rages Between Martin And Royal

By The Associated Press
 What is an upset in football? Coach Abe Martin of Texas Christian says it couldn't be an upset when a good football team beats another good football team. He disclaimed credit for upsetting Texas in 1959 and 1959 because he says he had good football players and he couldn't figure those were upsets.

But, adds the headman of the Horned Frogs, it'll be an upset Saturday if his team beats Texas, the nation's No. 1 outfit.

He wasn't predicting an upset but Coach Darrell Royal of Texas was thinking more about it.

Royal commented on how much the pressure builds up when a team keeps winning. And he pointed out that Texas had won eight in 1959 when it was whipped by Texas Christian.

And he drew the parallel—Texas this year has won eight straight is No. 1 in the nation. And it's playing Texas Christian at Austin Saturday.

The psychological sparring took the emphasis off training throughout the league but the conference teams were hard at work Monday getting ready for the big games of the weekend—all except Texas Tech.

Coach J. T. King of Texas Tech rewarded his players with the day off because they beat Boston College 14-6 last week. Tech doesn't play this week, anyway.

Texas and Texas Christian generally were in good condition for their engagement although Texas had David Russell and Johnny Gering with back injuries. Both will probably be ready to play by Saturday.

There were contrasting reports from the camps of the Rice Owls and the Texas Aggies, who meet Saturday at Houston. Coach Jess Neely of Rice was cheered because his fullback, Roland Jackson, appeared to be recovered sufficiently from a hip bruise received in the Arkansas game, to play against Texas A&M at Houston Saturday. Neely expressed regrets, however, over the fact that halfback Lonnie Caddell would miss the game because of a broken nose.

Coach Jim Myers of Texas A&M had four players, two of them starting halfbacks, on the injury

Stat Leaders In Conference Retain Leads

DALLAS (AP)—Eight of the nine leaders in Southwest Conference football statistics held their places last week but the other—Lance Alworth of Arkansas—finally was disclosed as top man in punt returns.

Bill Worley of Texas Tech took over as he upped his average to 18 yards per runback compared to Alworth's 12. Worley, however, has made only seven returns compared to 23 for Alworth, who gobbled up 275 yards.

Tim Saxton of Texas and Jerry Rhome of Southern Methodist pulled well in front of their challengers in ball-carrying and passing respectively.

Saxton ran for 171 yards against Baylor—and increased his lead over teammate Jerry Cook to 227 yards. Saxton has amassed 796 yards and averaged 9.1 yards per carry.

Rhome threw 26 passes and connected on 17 for 141 yards and two touchdowns against Texas A&M, so he leads the league with 56 completions in 101 for 451 yards. Sonny Gibbs of Texas Christian is second, 10 completions behind. He has tried 87 passes.

ENGINEER OF NUMBER ONE—Darrell Royal, head coach of the University of Texas football team, No. 1 in the nation, is shown at Austin as his Longhorns defeated Baylor University, 33-7. Left, Royal looks across the field before sending Jerry Cook, (38) left halfback, into action. Center, over the shoulder of one of his players Royal looks at the clock to see remaining playing time. (AP Wirephoto)

list from the Southern Methodist game. He wasn't sure the two, Jim Linnstaedter and Travis Reagan, would be available for the Rice game.

Arkansas plays Southern Methodist at Dallas but the Razorbacks couldn't get in a workout Monday because of rain. Coach Frank Broyles had them practice indoors and the reserve team ran some SMU plays.

Southern Methodist had three regulars out of action, and none of them may be ready to play Saturday. They were halfback Jimmy Reeves, tackle Jim Crowe and center Joe Miller. Assistant coach Ralph Hawkins gave the Mustangs a scouting report on Arkansas.

Baylor, which plays Air Force Academy at Waco, gave most attention to offense. Coach John Bridgers had been displeased with the execution. Baylor had three regulars out of action and question marks for Saturday. They were quarterback Bobby Piv, halfback Ronnie Goodwin and defensive back Buddy White.

Conclusion Demolishes New Play

By WILLIAM GLOVER
Associated Press Drama Critic
NEW YORK (AP)—In a moment of reckless honesty, the play demolishes itself.
"Man! What a drag!" the main character sighs.
Unfortunately, the slang bit occurs near the end of "The Automobile Graveyard," which was topped upon an unsuspecting audience Monday night at the 41st Street Theater.
A beatnik version of the passion of Christ, it is the first American staging of a work by Fernando Arrabal, 29, a Spanish-Moroccan avant-garde author who resides in Paris.
Perhaps a different mood and effect is achieved in the original French. Arrabal regards the world as a place of squalor in which good and bad are both meaningless, and the human condition is utter absurdity.
As translated by Richard Howard and directed by Herbert Marshall, the concept comes out as a retelling of the passion against a Mother Goose background.
Rebellion against theatrical convention and ordinary existence is artistically valid. But mistakes can happen. This production is one, dimly.

Recess Is Welcomed

CHICAGO (AP)—Two lawyers stopped abruptly while arguing a civil suit Monday and received permission to attend to more urgent business.
The episode began when David Chaimowitz, 46, told the judge after a hurried telephone conversation with his wife, "She's having a baby, your honor. And she says I'd better get her to a hospital in a hurry."
The judge turned to Seymour Goldstein, 37, for his reaction. Goldstein said he didn't mind postponing the argument because his wife already was in a hospital.
"I'm going to be a father for the fourth time," he said, "and I'd like to be there."

Biddle Rites Set Thursday

WASHINGTON (AP)—Ambassador Anthony J. Drexel Biddle Jr. will be buried Thursday with military honors in Arlington National Cemetery.
Biddle, 64, U.S. envoy to Spain, died Monday in Walter Reed Army Hospital of a heart attack. He had been under treatment for lung cancer since his return from Madrid a month ago.
A member of a noted Philadelphia family, Biddle had held many diplomatic positions and served as an Army officer in both world wars.
Secretary of State Dean Rusk will head the State Department delegation attending the funeral at 3 p.m. Thursday in the chapel at Ft. Myers across the Potomac River from the capital.

Delay In Closing VA Offices Asked

AUSTIN (AP)—A delay in closing 10 Veterans Administration offices in Texas has been asked by Sen. Ralph Yarborough.
Yarborough, chairman of the veterans affairs subcommittee of the Labor and Public Welfare Committee, asked the delay until he "can further investigate the necessity."
The VA offices to close in Texas are at Beaumont, Corsicana, Galveston, Wichita Falls, Corpus Christi, Brownsville, Laredo, Odessa, Abilene and San Angelo.
The 16 are part of 161 the VA said it will close over the nation in December. Regional offices at Houston, Waco, Dallas, San Antonio and Lubbock would handle veteran affairs.

Lauemans Charged In Blue Law Counts

JAMES (AP)—County Atty. Vernon Adeock charged managers of two stores Monday with violation of the new state blue law.
He accused Eddie Hassen of Martin's Department Store and N. Kaval of the Fair Store with selling shirts and underwear in violation of the law.
Adeock said the store managers kept sales slips for customers to keep and starting the sales were made to fill emergency needs, as required by the new law, but charges were filed in instances where the slips bore no signatures.

Blast Hits Plant

TURIN, Italy (AP)—A series of explosions ripped through a Montecatini chemical factory Monday night. One worker was killed, and 10 were injured. A spokesman for Montecatini, Italy's major chemical firm, said the factory was heavily damaged.

Red Trawlers A Challenge

By RED K. HOFFMAN
WASHINGTON (AP)—The Soviet Union's growing and increasing fishing fleet poses an ever-increasing challenge to our defenses, says a non-official publication on naval affairs.

Sister Of Victim Gets Many Gifts

Edna's fourth birthday party and ran out to play in the street.

The driver of a passing automobile swerved but hit the child and killed him. The driver carried the boy into the house and collapsed.

A doctor treated Edna's parents and the mother, too, when she then the driver left. He didn't tell the Wilsons his name. They knew only that he lived in England, in the city of Sunderland.

On her sixth birthday, Edna got a child's bicycle. Again it came from Sunderland.

Each year since Edna has received an expensive birthday present from Sunderland. As she grew older the gifts became more sophisticated—a beauty set, French perfume, cosmetics.

When she became old enough to drive, money arrived to pay for driving lessons.

A beautiful evening gown was her 12th birthday gift.

A few weeks ago Edna married and went to live in an Edinburgh suburb. The family has no idea how the man in Sunderland found out, but he sent a wedding present.

The Wilson family still doesn't know who he is.

Market Proposed

KARACHI, Pakistan (AP)—Ali Asghar Hameed, governor of the State Central Bank of Iran, suggested Monday the formation of a common market among some Middle East and Far East countries along the lines of the European Common Market.

Tower Says Nation's Fate Up To GOP

DALLAS (AP)—Sen. John Tower, R-Tex., said Monday night the future of Western civilization depends on their party.

He spoke at a GOP fund-raising rally also addressed by Jack Cox, who seeks the Republican nomination for governor next year, and Rep. Bruce Alger, Dallas Republican.

Officials said more than 1,500 paid \$5 each to attend.

Tower urged the audience to think of more immediate terms, "1962."

"Speaking of this year, he said, 'We can win a majority of the seats in the House and enhance our position in the Senate. If we do it, and only then, we can elect a good sound Republican president in 1964—and perhaps save Western civilization.'

Speaking of "the liberal establishment" in Washington, Tower said:

"For the most part it is a collection of egotists... who see themselves as a new elite bent on subjecting the people to total independence on state government."

Cox, a Brockmeagle business man ran for the Democratic nomination for governor two years ago.

"Plans are being made in Washington to destroy the personality of Cox said. 'They are welcome to try. All I have is my family, my home and small business, in a tough field.'

Alger told the crowd the GOP is "the only home against the menace of communism and liberalism."

"I'm a Republican because I'm a conservative," Alger said. "The Democratic party is so married to the liberal business and other liberals it can no longer be conservative."

Kassel suggests these fishing craft are capable of mining strategic waters. He quotes an unidentified Danish official as voicing concern that the Russians could land a sizable force from such craft.

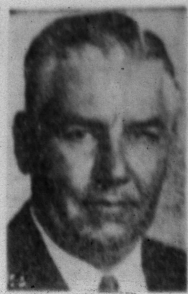

The article indicates a worry about "passive countermeasures." Kassel suggests the Soviet fishing craft are engaged in off U.S. coasts. Passive countermeasures is a technical term for listening in on American military radio communication.

Kassel recalls that a Soviet trawler, the Vega, was photographed by U.S. Navy patrol craft south of Long Island on April 26, 1960. He told a reporter that a study of the pictures showed the Vega mounted 11 radio antennas.

Kassel also refers to an incident a year ago when a Soviet trawler was chased away after it tried to pick up test missiles fired by the Polaris submarine George Washington, off New London, Conn.

However, Kassel says it should be stressed that "the overwhelming majority of fishing vessels in the Soviet fleet are, today, engaged in the occupation for which they were built."

Yogi Berra holds the record for World Series participation, having played in 11, one more than Babe Ruth and Joe DiMaggio.

Bold Education Plan Urged

By G. K. HODENFIELD
KANSAS CITY, Mo. (AP)—The United States was urged today to inaugurate "bold, imaginative, massive and costly" programs of international education, conceived along a broad front and involving tens of thousands of persons.

Five university officials said such programs on behalf of foreign students and foreign universities "will most probably bring greater results per dollar of expenditure than some of our direct aid programs."

A study group headed by Dr. Harry R. Wadiman, vice president of the University of California, outlined its conclusions in a report to the annual meeting of the American Association of Land

Grant Colleges and State Universities.

"The need is urgent," the report said. "To understand more about the emerging nations, not as potential allies or enemies in some war that should not happen, but as potential markets, as sources of raw materials and above all, as groups of human individuals who have interest and challenge in their own right."

The report noted that "the leaders of the smaller and poorer emerging nations will for some time be educated abroad. It is important that as many as possible be educated in the United States."

The group also warned: "We will be grievously if we condescend to our foreign educational activity in terms of transplanting American political ideology."

The report protested the difference between what the federal government pays for the education of foreign students it sponsors and what the students cost the public universities they attend.

It estimated this difference at between \$1,000 and \$1,500 a year and declared: "This should not be called upon to subsidize the federal government the education of federally sponsored foreign students."

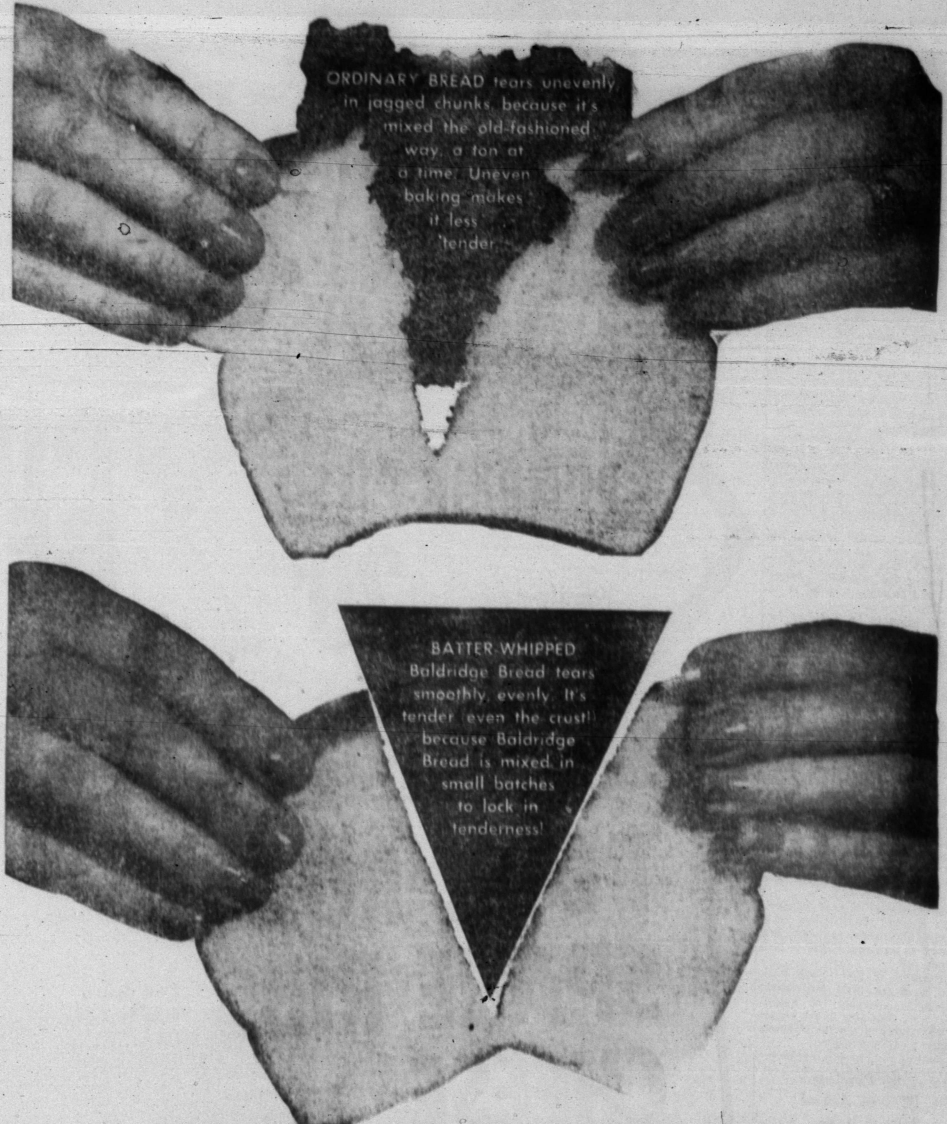

The study group noted that only 5.316 of the 53,107 foreign students in this country last year were wholly or partially sponsored by federal agencies. The

educators said this number should be raised to 15,000 to 20,000 students, at an average cost of \$5,000 per student, paid in full by the federal government.

Wyoming's tennis team has taken the last two Mynia Easters Division crowns.

New Many Wear FALSE TEETH With More Comfort

FASTEN, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To get just such in quantity, just sprinkle a little FASTEN on your plates. No gummy, floppy, heavy backs or feeling. Check plates only (denture teeth), fast FASTEN at any drug counter.

ORDINARY BREAD tears unevenly in jagged chunks because it's mixed the old-fashioned way, a ton at a time. Uneven baking makes it less tender.

BATTER WHIPPED Baldridge Bread tears smoothly, evenly. It's tender even the crust! because Baldridge Bread is mixed in small batches to lock in tenderness!

....tenderness test proves batter-whipped Baldridge's is truly soft - truly tender!

COMPARE! Satisfy yourself with this proof of the tenderness of batter-whipped Baldridge Bread - with no holes, no waste it is the fresher, more flavorful bread for you and your family!

NEWEST ENTRY IN THE LOW PRICE FIELD THE NEW LEAN BREED OF DODGE

You're looking at a full-size '62 Dodge that will out-scat, out-save just about anything running on gasoline. And it's priced down the line with Ford and Chevrolet.

proved. You go 32,000 miles between grease jobs. Why not come in and drive the new lean breed of Dodge?

HERE'S HOW DODGE PRICES STACK UP AGAINST THE LOWEST PRICE MODELS OF OTHER FULL-SIZE CARS

DODGE DART	\$2315 ⁰⁰
CHEVY BUCARDE	\$2324 ⁰⁰
FORD GALAXIE	\$2453 ⁰⁰

Comparison based on manufacturer's suggested retail price of lowest priced full size model including heater, defroster, tire valve caps and other accessories. Equipment, state and local taxes and dealer charges are extra.
