GRANT STAY OF INJUNCTION—Three federal judges at Philadelphia, Pa., granted an indefinite stay of an injunction against the striking steelworkers. Left to right: Herbert F. Goodrich, John Biggs Jr., and William H. Hastie. (AP Wirephoto)

Legal Truce Endures In Strike Injunction

PITTSBURGH (AP) — Reports circulated in this steel capital today that negotiations might resume during the weekend to end the 101-day-old steel strike.

Neither the United Steelworkers nor the industry would comment on the reports.

The 171-member Wage Policy Committee of the USW assembled for a 2 p.m. EDT meeting with David J. McDonald, union president.

McDonald called the meeting to report on the union's fight against a government injunction in the steel strike.

Meantime, three federal judges in Philadelphia pondered the legality of the government's back-to-work injunction.

The legal truce, prompted by arguments Thursday on the injunction appeal, will extend into early next week.

The union contended the injunction, granted Wednesday by a U.S. District Court judge in Pittsburgh, is unconstitutional and asked that it be canceled. The chief argument: It would halt the strike for 80 days but wouldn't settle it.

The government, however, said Thursday the continuing long walkout endangered the health and safety of the nation, and that a Taft-Hartley injunction was necessary to prevent wrecking of America's economy.

The judges—Chief Judge John Biggs Jr., Herbert F. Goodrich and William Hastie—delayed enforcement of the injunction until they rule on its legality "early next week"—probably Monday or Tuesday.

But the court, mindful of the seriousness of the situation, directed that the union and steel industry "engage in free collective bargaining in good faith" and "make every effort to adjust and settle their differences."

Leaders of the giant Steelworkers Union promptly accepted the court mandate. They assembled the 171-member wage policy committee in Pittsburgh today to discuss the next step in the nationwide controversy that has closed 310 steel plants, 108 ore mines and 11 transport facilities in 32 states.

Union President David J. McDonald, who sat through Thursday's four-hour court session, said he would comply with the court order. So did spokesmen for management. But no new negotiating session has yet been arranged.

The Eisenhower administration had no immediate plans for new settlement attempts. A Department of Labor spokesman said "there's nothing we can do" until the circuit court rules.

The Federal Mediation and Conciliation Service said it will step in only if the injunction is upheld.

The strike's effects have been devastating. Losses in wages, business and taxes have rocketed past five billion dollars.

New Device May Win Smog Battle

LOS ANGELES (AP)—Air pollution experts say a device invented by a nuclear scientist may end this city's long battle with smog.

Smith Griswold, head of the Air Pollution Control District, told the board of supervisors Thursday that the device "is capable of rolling back smog to the pre-1940 level."

There wasn't any smog to mention in Los Angeles before 1940.

Supervisors immediately clamored for a state law requiring the invention—an afterburner exhaust manifold on all 1961 cars sold in California.

Griswold's experts say auto exhaust is the last unchecked source of smog-producing hydrocarbons in Los Angeles. Exhaust fumes are known to contribute to air pollution in other cities, too.

Griswold said the new device will cost no more than $125 and will be 80 to 90 per cent effective in halting a car's emissions of hydrocarbons.

Dr. Stuart Ridgeway of the Thompson Ramo-Woolridge Corp. invented it.

Other companies developed anti-smog mufflers which use catalysts—chemicals which burn the hydrocarbons out of the fumes as they pass through. Ridgeway's system builds up the heat to the point where the hydrocarbons — smog-producing elements in fuel—are consumed.

The Thompson Ramo-Woolridge Device is a manifold with an air pump—its only moving part—to blow oxygen onto the exhaust gases, like the blacksmith's bellows, to burn the gases at about 1,500 degrees.

"This device would replace the normal muffler," Dr. Ridgeway said. "It could also replace the heater as a source of car heat, if there was a need for it—say if there wasn't room for a heater under the hood."

The afterburner system has nothing to be replaced and completely eliminates carbon monoxide. The system, said Ridgeway, "probably draws less from the operating efficiency of your car than the windshield wipers."

He's now working on a version of the afterburner which would fit where the muffler goes on normal cars. Theoretically it could be placed on any car now on the road. Manufacturers would have to allow room in the engine compartment for the heavily insulated afterburner manifold.

Rehearing Denied In Dallas School Case

EASTLAND, Tex. (AP) — The Texas 11th Court of Civil Appeals overruled today a motion by the Dallas School District for a rehearing of its state court case to settle a conflict between federal and state integration laws.

Court officials said the Dallas District Court would probably appeal the Eastland court ruling to the Texas Supreme Court. The district court has 30 days in which to file the appeal.

Today's denial for rehearing came after the Dallas school system tried to get a declaratory judgment to determine if it should follow a federal court order to integrate its schools or a state law requiring segregation unless voters approve integration in its district.

'Operation Snake Slaughter' Enters Second Phase Today

By CHAN SCROGIN

"Operation Snake Slaughter" was scheduled to go into its second phase this afternoon when Snyder firemen, both paid and volunteer, and citizens from Snyder and Hermleigh converge at Hermleigh to rout into oblivion as many rattlesnakes as can driven from cover by fire, brush tramping and any other means that necessity and convenience provide.

According to Fire Chief Durward Porter, those who plan to participate will leave Snyder about 2:30 p.m. today. The area near the Hermleigh school is the focal point for operations. Numerous rattlers have been killed in the school's immediate vicinity. Some of the vipers have even been killed on residents' porches, so numerous are the reptiles.

First phase of the operation was conducted Thursday night when an estimated two dozen school officials, firemen, citizens of Snyder and Hermleigh, a county commissioner and a deputy sheriff assembled near the school and attempted to burn several near-by areas.

With the exception of the area south and southeast of the school, which burned well, the brush, grass and weeds were too damp and somewhat green to burn so rapidly as to be effective.

Chief Porter said this morning that arrangements have been made to use two "flame thrower" weed burners being supplied by Sunray Mid-continent Oil Co. for this afternoon's "raid."

One fire department truck and a jeep were used last night and probably will be in operation again today.

Last night's work had only minor results. One rattler was killed near the school and several others along a roadside.

It was believed today's daylight maneuver would prove to be more fruitful...or snakeful, if you wish.

Most of those snakes killed recently approximate the same length, two to three feet, with four to six rattles and a button.

Fear for the safety of students who walk through many of the weed-covered lots on their way to school, as well as for the safety of Hermleigh residents, triggered "Operation Snake Slaughter."

Living Costs Rise Again

WASHINGTON (AP) — Living costs, as measured by the government, climbed three tenths of one per cent last month to another record high.

The Bureau of Labor Statistics reported today that its index rose to 125.2 per cent of the 1947-49 average.

Every major item in the budget of the average city family went up except transportation.

The rising costs mean that almost 1¼ cents has been whittled from the buying power of the consumer's dollar in the last six months.

But Hershey S. Riley, price chief of the BLS, rejected a reporter's suggestion that "new creeping inflation" may have set in.

Much of the increase last month was normal for the season, Riley said.

As a result of the rise, about 1,236,000 workers whose pay checks are geared to fluctuations in the price index will receive pay increases of 1 to 3 cents hourly.

These include 850,000 railroad, pullman company and railway express employes whose pay is adjusted semi-annually for any rise in consumer prices.

These workers received no increase last March but now will get 3 cents more an hour.

Another 370,000 workers in the electrical equipment and aircraft industries will receive pay boosts averaging a cent an hour. The companies include General Electric and Sylvania in the electrical equipment field and Douglas, Northrop, McDonnell and Hayes among aircraft firms.

About 16,000 workers in various other industries will receive 2-cent hourly increases.

Looking ahead, it appears that foreseeable increases in automobile, gasoline, fuels and some other prices may offset an expected slight decline in food prices in the October index, which will be issued a month hence.

The cent-a-gallon increase in the federal gasoline tax which took effect Oct. 1 is enough in itself to add one-tenth of one per cent to the whole living cost index. Also car dealers will stop discounting prices as they receive the 1960 models.

In September, housing costs rose three-tenths of one per cent. Coal, gas and electricity rates advanced, but fuel oil declined slightly in apparent reflection of the generally mild weather.

Home furnishings went up four-tenths of one per cent chiefly because household textiles went back to regular prices after the August white sales.

Higher prices for bedroom suites and some other items were balanced off by lower washing machine and refrigerator prices. The latter appliances were reduced to clear stocks for new models.

Household operating costs also rose four-tenths of one per cent, and prices of home repair and maintenance advanced three-tenths of one per cent.

Rent, reading and recreation, and personal care all continue their long advance. Medical care jumped one-half of one per cent, reflecting higher hospitalization insurance rates in New York and Minneapolis.

At the same time that prices were rising, the spending power of the average factory worker regained about half the amount lost in August.

Spendable earnings—take-home pay after deduction of income and social security taxes — rose by about 45 cents to $80.21 a week for a worker with three dependents, and to $72.68 for a worker with no dependents.

In August spendable earnings dropped by 90 cents.

The BLS noted that the nearly 750,000 workers who are idle because of the steel strike in that industry and related industries was not counted in computing the average buying power of factory workers. Neither were approximately 200,000 in other industries.

Food prices went up three-tenths of one per cent in September with seasonal advances in eggs, dairy products and meats more than offsetting a smaller-than-seasonal decline in fresh fruits and vegetables.

The indications are that food prices have dipped somewhat in the current month, Riley said.

Clear Skies Cover Most Of State Today

By The Associated Press

Scattered fog and clouds covered parts of East and South Texas for the second straight day Friday. The rest of the state enjoyed a clear, mild autumn day.

Lufkin, Houston and College Station reported fog while Beaumont, Galveston and Corpus Christi noted partly cloudy skies at dawn.

There was little evidence of the passage through the state Thursday of a weak, dry norther which whipped down from the Panhandle toward the Gulf of Mexico.

Maximum temperatures varied from 70 at Lufkin to 92 at Presidio with most readings in the 80s.

Former Publisher J. L. Martin Dies

ABILENE (AP)—J. L. Martin, 85, publisher of 19 newspapers in Missouri and Texas before his retirement in 1946, died Friday night in a nursing home here.

He was the first president of West Texas Press Assn. and was active in the Texas and Northwest Texas Press Assns.

Funeral services are pending.

Martin, came to Texas in 1909 as publisher of an El Campo newspaper and later published papers in Crowell, Royse City, Snyder, Mexia, Lamesa, Knox City, Brady, Childress and McCamey.

HEADS POLICE AND FIRE DEPARTMENTS — Loree (Dolly) Mariwurm, a blue-eyed, 5-foot-10 blonde takes over as public service commissioner of Livonia, Mich., a Detroit suburb of 60,000 shortly. Mayor Wiliam W. Brashear picked her over 24 male candidates to boss the city's 47 policemen and 55 firemen. Mrs. Mariwurm, 43, is the mother of a 10-year-old son and represented the U. S. in the Women's World Olympics in 1934 as a member of the Oklahoma City Cardinals baseball team. Her husband, Henry, is an employe of Ford Motor Co. She is a native of Arkansas but was reared in Oklahoma. (AP Wirephoto)

Teamsters Union Agrees To Rules

WASHINGTON (AP)— After resisting for 14 months, the Teamsters Union has agreed to new rules designed to provide safeguards for democratic, honest elections in local unions.

The union capitulated to demands of court-appointed monitors at a hearing Thursday before U.S. Dist. Judge F Dickinson Letts.

The new rules will be in effect for elections in about 450 locals in November and December.

The monitors, who have watched over Teamsters affairs since January 1958, petitioned Judge Letts after failing to work out an agreement with the union.

One major change allows union members, whose dues are paid by checkoff, to run for local office. In the past, the union has taken the position that members whose dues were not paid one month in advance were ineligible to run. Because employers often do not forward checked off dues a month in advance, many candidates have been disqualified. The monitors contended [illegible] device to keep control of locals in the hands of incumbents.

The union also agreed to have an outside independent agency conduct elections in the next 12 locals to be removed from trusteeship. After that, the monitors said, they will consider the matter again to decide whether this procedure is required in other locals removed from trusteeship. About 50 locals currently are in trusteeship.

The new election rules are the monitors' first step toward putting into effect a model code for locals.

Italy Views Krush Plan With Favor

By MAX HARRELSON

UNITED NATIONS, N. Y. (AP)—Italy declared today that approval of Premier Nikita Khrushchev's total disarmament plan might be accomplished by a drastic revision of the U. N. charter, including elimination of the big-power veto.

Italian Delegate Egidio Ortona told General Assembly's 82-Nation Political Committee the charter was designed to operate in a world at least partially armed. He said there would be no way to cope with possible violations of disarmament treaties unless the charter is amended.

Ortona said the international atmosphere seemed to be favorable for a disarmament agreement. He urged that the Khrushchev plan, a British plan, and any others submitted to the U. N. be referred to the 10-nation committee which will begin talks in Geneva early next year. He said the Khrushchev plan is viewed with favor by the Italian government.

Italian sources explained that Italy would insist that any plan for partial disarmament in Europe must be part of a general disarmament plan and not one limited to parts of Europe.

Ortona called for technical studies on:

1. Continued change and evolution of means of aggression on a large and more predictable scale;
2. The pre-eminent value—for peace — acquired by security measures, and
3. The increasing difficulties of control tests, production, installations and nuclear stockpiles.

Two Escapees Are Nabbed

AMARILLO (AP)—Two armed men who crashed out of the Plainview, Tex., jail Wednesday were captured today near Amarillo.

Both Joe Owen Hughes, 24, and Jackie Deal Tarlton, 25, were considered dangerous.

They robbed a ranch family near Spearman Thursday and fled in their car.

Tarlton was captured about 5 miles north of Amarillo. The pair had abandoned their car and were on foot.

Cornered in a residence a short distance away, Hughes was captured after the house was surrounded by about 50 officers.

Moscow Calls For Early East-West Summit Talk

Support U.S., British Plan

By TOM OCHILTREE

LONDON (AP)—Moscow urged today that the East-West summit meeting be called quickly—the earlier the better.

A Soviet statement in effect lined up with the United States and Britain, which have been talking of a December meeting. Moscow did not mention French holdout for a spring session.

"The earlier a summit meeting is called the better it will be for the cause of peace," said a statement by Tass, the Soviet news agency, broadcast from Moscow. "The solution of urgent problems with a view to relaxing international tension can and must be achieved by the heads of government."

Moscow's broadcast came while the Big Three Western powers deliberated over a preliminary meeting, perhaps in Paris.

The Tass statement sought to clear up what it called conflicting reports in the foreign press about Soviet views on the date of summit talks.

Diplomatic informants in Bonn reported De Gaulle—in no rush to the summit—has invited President Eisenhower, Prime Minister Harold Macmillan and Chancellor Konrad Adenauer to the French capital.

The invitations apparently mentioned no specific date.

In Paris, a government spokesman said these reports seemed untrue—"They do not appear to conform to reality." But he conceded it is possible a Western summit meeting could be held in Paris before the end of the year.

At President Eisenhower's vacation headquarters at Augusta, Ga., Press Secretary James C. Hagerty said regarding the reported De Gaulle invitation:

"I don't know anything about it."

Asked whether that meant Eisenhower had not received such an invitation, Hagerty said:

"All it means is that I have nothing on it — that the government of the United States has nothing."

Eisenhower has advocated a Western summit meeting as an essential prelude to any top level East-West conference.

De Gaulle's reported proposal to meet with his Allies appeared in line with his statement that the Western leaders should meet in "leisurely" fashion several times in order to work up a united policy for the fure East-West summit conference with Soviet Premier Nikita Khrushchev.

It seemed unlikely a Western summit meeting could be arranged in Paris before the latter part of November.

Adenauer is due to go to London for talks with Macmillan Nov. 17-19. Before then British Foreign Secretary Selwyn Lloyd is to go to Paris to confer with Maurice Couve de Murville, the French foreign minister.

And with Khrushchev reportedly due to visit Paris this autumn, the chances of an East-West summit conference this year now appeared most remote.

Man Dies In Home Blast

BEAUMONT (AP)—An explosion and fire ripped through the home of Mr. and Mrs. Herbert Frezzell three miles outside Beaumont early today, killing the man and injuring the woman.

Frezzell, 45, was burned beyond recognition. Mrs. Frazzell, 30, received first and second degree burns over a fourth of her body. Her condition was termed not critical.

Fire Capt. Billy Chandler said the explosion was believed to have started from bottled gas. When firemen reached the scene, the four-room frame house was already destroyed.

Castro Threatens Foes With Militia Of Cuban Peasants

By ROBERT BERRELLEZ

HAVANA (AP) — Fidel Castro announced early today that he will raise an armed militia of laborers and peasants if bombings by his opponents continue.

The black-bearded Prime Minister threatened his opposition with a militia in a five-hour television speech which included the strongest attack he has ever delivered against the United States.

He also called for a demonstration on Monday by a million citizens to protest aerial raids he charged were carried out by "counter - revolutionary planes based in the United States. Presumably Havana again will be thronged by peasants from the countryside, brought in to cheer the leader of the revolution that overthrew Fulgencio Batista.

Castro appeared in his favorite electronic forum after two mystery planes showered Havana on Wednesday with leaflets attacking his regime; anti-Castro gangs roared through the capital in cars throwing small bombs and grenades, and the revolutionary army's commander in Camaguey Province resigned along with 30 of his officers in protest against Communist influence in Castro's movement.

A few hours before the telecast, the Prime Minister's bodyguard seized a drunken, knife-carrying Cuban factory worker at a street-corner demonstration around Castro on the cry of a teen-ager that "that man has a knife! He is going to kill Fidel!"

Police hustled the man away from the angry mob for questioning on whether he was bent on assassination. Hours later police said the man, a 44-year-old upholsterer named Robert Salas Hernandez, would appear for a court examination today. No charges had been filed against him.

Authorities said Salas, when seized, said, "This is an injustice; I am a supporter of Fidel." Castro told the television audience he didn't think Salas planned to attack him.

Charging that the two mystery planes dropped bombs as well as leaflets, Castro raised a veiled threat against the future of the big U.S. naval and air base at Guantanamo, on the southeast coast of Cuba.

"The country was bombed in peacetime without being at war by planes based in the United States" he shouted. "What kind of reciprocity is it when, in return for our permitting them a base at Guantanam , we are bombed by counter-revolutionary planes based in the United States?

"What would happen if planes based in Canada bombed automobile plants or even Washington?"

Two Cubans were killed and 46 wounded in the attacks Wednesday. The Cuban air force said at the time that the intruding planes—which escaped — dropped no bombs, and witnesses suggested the casualties resulted from the automobile gangs or from soldiers firing wildly at the planes.

WEATHER

SNYDER TEMPERATURES: High Thursday, 90 degrees; low, 51 degrees; reading at 7:30 a.m. today, 55 degrees.

East and South Central Texas: Partly cloudy through Saturday. A little cooler Saturday.

North Central and West Texas: Clear to partly cloudy through Saturday. A little cooler Saturday and in most sections tonight.

West Gulf: Southerly winds 5 to 15 m.p.h. this afternoon and tonight shifting to northerly 15 to 25 m.p.h. extreme northwest late Saturday. Partly cloudy with a few showers.

Six Youths Appear In Theft Cases

Six teen-age youths—four of them juveniles—appeared before County Judge J. Ray Martin Wednesday afternoon in cases involving the thefts of a battery, tires and a car.

Carl Thompson Wells, 502 Twenty-eighth street, Snyder, entered a plea of guilty to a theft charge of stealing a tire from Buford Thompson. The charge was filed Oct. 16, county records showed today. Wells was meted a fine of $25 and costs of $23.50.

In a separate action, Earl Jimmy Gifford was fined the same amount and costs upon is plea of guilty of stealing a tire from the Bob Dupree Motor Co. Gifford resides at the DeLuxe Trailer Courts.

According to Wells' written confession, the thefts occurred the same date and involved three other youths, each a juvenile. Wells and Gifford each is 17 years old.

One of the three juveniles, a 16-year-old boy, was put on probation last week in custody of his parents who were planning on moving from Snyder and asked that the case be given an early hearing.

Yesterday, the two other boys, 15 and 16, were given a hearing by Judge Martin presiding in a juvenile hearing which, by law, is a closed session.

One of the boys was remanded to the custody of his father, the other to the custody of an aunt and uncle.

All merchandise was recovered, Juvenile Officer B. F. Zimmerman said.

In another Thursday afternoon juvenile hearing, two 15-year-old youths were put in custody of their parents after admitting the theft of a car belonging to Malcolm Blanton.

The car was recovered this week at Houston. It had been taken by the pair the night of the Andrews-Snyder football game this fall.

One of the youths, arrested and held in Mobile, Ala., was released to his parents who returned him to Snyder for yesterday's hearing. He had, according to information received here by Snyder police, been taken into custody in connection with a robbery.

He reportedly told Mobile officers that the car had been left in Houston and that the second boy had stayed in Houston where he joined a magazine subscription crew.

Theft Reported To Police Today

Alberto Torrez, resident at the old Davis Hotel in the "Flats", reported to Snyder police about 3:55 this morning that one black coat, one Shick electric razor, 21 one-dollar bills, each with the numerals "21" in the serial number, and two decks of cards—one of which had been opened— were missing from his room.

Upon investigation near the scene, police spotted two men, one of whom successfully fled and the other captured and booked for alleged intoxication. None of the missing articles was found on him, according to the police report.

A witness told police two Latin-Americans were in Torrez' room about 2 a.m.

DARRELL TRAMEL
budget planning chairman

Green Hill To Increase Its Budget

Sunday marks the beginning of the Forward Program of Church Finance in the Green Hill Baptist Church. The program is an intensive four-week campaign to enlist the total membership in stewardship.

Last fiscal year the church received the largest amount in its history by raising the giving level from $15,000 to $25,000.

The budget planning committee is presenting another record goal, $29,500, to the church next Wednesday evening for consideration. Included in this year's budget are proposed amounts for air conditioning the educational building and for providing new pews for the auditorium.

The committee also is recommending that the church increase its gifts to the cooperative program by two per cent of the total budget. Total mission giving will be 12 per cent.

The church has elected the following to serve as chairmen for the Forward Program: Royce Burrows, general chairman; Darrell Tramel, budget planning; Ronald Neighbors, budget promotion; Ben Ordizzi, dinner reservation; Mrs. Duaine Davis, office help; Earl Boomer, tally chairman; Mrs. Charles Landon, loyalty dinner; Mrs. B. L. Smith, children's party; Mrs. Bill Bradford, assignment supper; Mrs. Ronald Neighbors, report snack; Mrs. G. L. Sehested, campaign secretary.

Stewardship testimonies will be given Sunday morning by Earl Davis and on Sunday evening by Jack Rister.

Next week, the church and Sunday School members will receive invitations to a loyalty dinner to be held Nov. 11 at the Central Elementary School. A telephone reservation committee will be trained next Thursday evening to follow-up the mailed invitations.

The Sunday School is seeking to reach an enrollment goal of 431 by "Victory Sunday," Nov. 22. The pastor, the Rev. Bill McCrary, will speak at both services Sunday. The choir, under direction of Royce Burrow, will bring special music.

The Training Union will have its monthly program and planning at 5:30 p.m. Sunday.

There are still more than 5,800 blacksmith shops in the United States.

Scouts Slate Camporee At Lake Thomas

A 12-hour Boy Scout Camporee officially will get underway Saturday morning at 9 a.m. at Camp Ed Murphy, located on the north shore of Lake J. B. Thomas.

Highlighting the camporee will be the Campfire ceremony, conducted by the Order of the Arrow, slated to begin at 7:30 p.m. The camporee will end after the campfire ritual is completed.

The events in the Boy Scout Camporee are for all members of the troop and will be run on the patrol basis. They will be judged by their patrol spirit, attitude, camping skills and manners. Awards will be given.

Each troop must be accompanied by an adult leader in order to participate in the camporee. Each group must provide all of its own contest, cooking equipment and food for two meals.

Contests will include: Fire by flint and steel; Knot relay; Blanket rolling; Chariot race; Scout law relay; Weight judging; First aid relay and Silent signals.

Although only Scout members may participate in the program, prospective Boy Scouts are invited to witness the day's and evening's activities.

Surgery Is Successful

SEATTLE, Wash. (AP) — An Everett, Wash., truckdriver, who had been given only months to live, was well on the way to recovery today after undergoing a rare open-heart operation here last month.

Dr. K. William Edmark, who performed the operation, said it was a recently developed technique involving the use of a heart-lung machine and a water-cooled heat exchanger.

The patients blood was passed through the exchanger via the heart - lung machine and was chilled to 80 degrees within 20 minutes. The patient lost consciousness at 83 degrees and his heart beat dropped from 100 to 40 a minute.

By slowing the heart beat and lowering the body temperature the amount of blood needed for transfusions was reduced to half and shock to the patient was lessened.

The heart was laid open and its beating stopped as the heart-lung machine took over. Surgeons corrected a constructed aortic valve —a defect known medically as aortic stenosis.

Dr. Edmark said the patient, Vernon Bertilson, 42, will probably be able to return to work soon.

Convenience Too Much For Gunman

LOS ANGELES (AP) — Convenience Inc., a check-cashing concern, proved too difficult for a gunman Thursday.

"This is a holdup," he announced.

Cashier Elsie Cornish punched an alarm.

He fled without a cent.

H-SU Exes Meet Here

A group of area ex-students of Hardin-Simmons University heard a first-hand report on current activities at the school and made plans to organize an alumni and ex-students club to meet annually during a meeting Thursday night at the Village Restaurant.

The Rev. Byron Bryant, director of public relations at H-SU, made a detailed report on a building program now underway on the campus to provide a new chapel-auditorium and a new student center. Other buildings, including dormitories and classroom buildings are in the planning stage, Rev. Bryant said.

Truett Latimer, director of alumni affairs, presided at the meeting. Special entertainment featured a girls trio from H-SU and Rex Wilson, pianist. Wilson, a sophomore student in the H-SU School of Music, is a former athlete at Lakeview High School in San Angelo.

Latimer showed a series of color slides of campus scenes, and a miniature model of campus was set up for display during the session.

No Trades Reported In Cotton Futures

NEW YORK (AP)—For the second time in history—and in six months—there were no trades in futures at the opening of the Cotton Exchange today.

Bid prices were slightly under the previous close. The first sale was made in the nearby December contract at 32.30 cents a pound, about 15 minutes after the 10:30 a.m. opening.

Veteran dealers said that when the same delay occurred during the summer it was the first time in history.

Traders attributed the lack of trading to federal buying and selling programs.

U. N. Marks Anniversary On Saturday

The United Nations celebrates its 14th birthday Saturday, and Mayor Harold Bennett has issued a proclamation calling for observance of the day here.

In issuing the proclamation, Bennett called attention to the objectives of the U. N. and the circumstances leading up to its formation.

The proclamation:

"On Oct. 24, 1945, the United Nations came into being as delegates from nations around the world met to seek methods of insuring peace following a costly war. Since that date, the United Nations has functioned in many fields, concerning itself with various problems confronting all nations, attempting to keep conflicts at the council table rather than on the battle field, offering underprivileged nations a voice and a hope for a better world, and keeping all nations informed of events affecting themselves and their fellow man.

"The United Nations was organized on American soil and its permanent seat of operation remains in our country. Therefore, it is fitting that 'United Nations Day' be observed in American communities and I hereby proclaim Saturday, Oct. 24, United Nations Day in Snyder."

Harold Bennett,
Mayor

School Cafeteria Reported Entered

T. D. Wiman, principal of Snyder Senior High School, reported to police this morning the school cafeteria had been entered sometime between closing Thursday and opening Friday morning.

Nothing apparently was missing but the walk-in box had also been entered, he said, by removing a tap from the box's handle.

This is the second time in two weeks entry has been discovered and it was believed those responsible may have an unauthorized key in possession.

About 18 per cent of the world's chrome ore output comes from Turkey.

The channel of the Hudson River extends out to sea about 120 miles beyond New York Harbor.

THE ONE LOW-PRICE WAGON THAT'S ALWAYS BEEN FIRST WITH NEW IDEAS CAN NOW GIVE YOU A SOLIDER AND QUIETER RIDE THAN ANY WAGON COULD POSSIBLY GIVE YOU BEFORE. BECAUSE NO WAGON EVER HAD A DURA-QUIET UNIBODY BEFORE.

The Solid Plymouth wagons for 1960 are built a new way by Chrysler engineers. Body and undersills are joined in one enormously strong steel unit, locked by over 5900 precise welds. Plymouth's nine new suburban models are tighter, quieter, smoother than ever. They're roomier, too.

It took ten solid years of development to create this new kind of wagon . . . and after two minutes behind the wheel, we're pretty sure you'll say it's worth it.

Unibody construction is *made* for wagons. Doors, windows and tailgate fit better and stay tight. You save on maintenance because welded construction stands up better, with no conventional body bolts and nuts to work loose. Comfort of ride and ease of handling are noticeably improved in the Solid '60 Plymouth wagons.

See this big, beautiful wagon—and we think you're going to want it.

Built a new solid way to give you solid satisfaction.

OUR VIEW

Racket Stirs Indignation

THE CORPUS CHRISTI CALLER

Revulsion against obscenity and pornography aimed at teenage boys and girls is rapidly amassing support for drastic action to suppress what has come to be recognized as a leading social evil. Typical is a meeting of a new organization—Citizens for Decent Literature—to be held October 23-24 in Cleveland. The chairman of the steering committee, Dr. Bernard E. Donovan, assistant superintendent of New York City schools, reports that awareness of the menace of smut is spreading to community after community.

"What is being fought in the present move is not such controversial material as a "Lady Chatterley's Lover" but outright commercial pornography. The National Congress of Parents and Teachers on September 25 announced that it would ask its 11½ million members to start a campaign to aid the U. S. Post Office Department in preventing circulation of indecent writings. Protestant, Jewish, and Roman Catholic spokesmen advocated tougher and antipornography laws at recent hearings of Sen. Estes Kefauver's Subcommittee on Juvenile Delinquency. In Indiana Gov. Harold W. Handley and the Governor's Youth Council are asking volunteer teams to check newsstands for trashy literature.

And a House Post Office and Civil Service subcommittee on October 10 issued a report asking for "organized crusades" in communities against what was described as "the billion-dollar business in obscene and pornographic material." Also recommended were tougher state laws—along the New York pattern—state literature commissions, and tightened local ordinances.

Kennan Is Weary Of His Brainchild

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — George F. Kennan would be just another ex-diplomat, lost in reverie, except that more than anyone he symbolizes in an ironic and dramatic way the American dilemma in dealing with the Soviet Union.

Twelve years ago he fathered an idea which has been American policy ever since: Prevent Soviet expansion by ringing her with military bases and alliances. This was the so-called containment policy.

It was followed rigidly by both the Truman and Eisenhower administrations, without basic change. And now this rigidity irks Kennan who seems to be shying away from his brainchild and is calling for fresh thinking.

Where once Kennan was for stiff-arming the Soviets absolutely, now he is for making concessions to them in order to get concessions. The American dilemma simply comes down to this: Is this the time for a change?

The world was different when Kennan had his idea in 1947, or, rather, the relative positions of the United States and the Soviet Union were different.

Then the United States had a monopoly on the atom bomb and was soon to have the hydrogen bomb. The Soviet Union had neither. The Soviets then were even considered backward. Kennan even said at the time that the Soviet Union, in relation to the West, was weak.

The story is far different now. The Soviets have both the atomic and hydrogen bombs. It may be ahead of this country in missiles to deliver them. It is definitely years ahead of the United States in space development.

It has made astonishing progress in science, education, industry. It can no longer be considered weak. What did Kennan hope to accomplish with his plan?

By holding the Soviets tight, he thought, weaknesses might show up internally or changes for the better might occur. In one sense, changes for the better have occurred.

Stalin died within those 12 years. His successor, Premier Nikita Khrushchev, has relaxed controls a bit in the Soviet Union, has called for peaceful coexistence, but at the same time made it plain the Soviet Union is conscious of its power.

So—while the United States 12 years ago was able to put pressure on the Soviet Union with impunity and without fear of disaster, this is no longer true. Moscow now has the power to apply pressure and make the Allies back up, as it showed by deliberately creating the Berlin crisis.

As he watched the changes occur, Kennan began to talk in a new way: of making a deal with the Kremlin so both sides could pull back their troops in Europe; of neutralizing Germany; of abolishing all nuclear weapons.

In short, he says, we are no longer strong enough to get our way without compromising with the Soviet Union.

He accuses the Eisenhower administration, which has acted as stiffly toward the Soviets as the Truman administration, of being "stilted, cramped, and inflexible" in its thinking.

He was a prophet once. Is he still one? To follow his thinking now would require changes in American policy as profound as those set in motion to carry out his containment idea.

For example: Putting the containment policy into operation—the military bases and alliances—meant this country broke with its past, ended its isolation, and got up to its neck in the affairs of the rest of the world.

The country as a whole is forever uneasy about relations with the Soviets, wants some solutions, but is wary and hesitant about change.

Just because it is, the Soviets under Khrushchev have been able to take the initiative not only in dealing with the United States but in Communist relations with the rest of the world.

Most Firms Have Modest Increase

AP Business News Analyst

NEW YORK (AP)—The summer and early fall have been good to five out of six companies. Early returns show their net profits after taxes running a fifth higher than in the third quarter of 1958.

But the gain looks small if stacked up against the April-June quarter when corporate profits were topping 1958's second quarter by 75 per cent.

And the outlook for the final months is clouded by the delayed effects of the steel strike. Fear that the strike might be resumed early in 1960 makes the first part of next year uncertain.

In the third quarter ending Sept. 30 the steel strike's effects were felt only slightly by most companies. Steel companies were running in the red and so were some of their supplying railroads. But it was only this month that the pinch was on for most metal users —and next month that they'll really be squeezed.

The first 215 companies to report on third-quarter earnings—64 of them with fiscal years ending before the calendar year — show all but 39 with earnings increased over 1958. A sizable group reports record third-quarter earnings. Even more report records for the first nine months.

The momentum of a record first half of the year seems sure to let most U. S. corporations show a profit gain for the entire year, even if the fourth quarter falters.

Combined the 215 report net income of $1,041,899,660, compared with $864,393,192 in the third quarter of 1958 for the same companies. The year-to-year gain is 20.5 per cent.

On the losing side are 10 who operated in a loss in the third quarter this year, compared with 18 last year.

Among those reporting red ink accounting are four steel companies, two railroads, two that depend heavily on steel in their work, one airline and one aircraft company.

Actress, Director Plan For Wedding

HOLLYWOOD (AP) — Actress Vanessa Brown and director Mark Sandrich Jr. announced Thursday they plan to marry the first week of December.

Each is 31. It will be Sandrich's first marriage. Miss Brown formerly was wed to Dr. Robert A. Franklyn, a Hollywood plastic Surgeon.

Crash Delays Deportation

SAN FRANCISCO (AP) — A Filipino ex-seaman, due to be deported with his family today, instead was recuperating from auto crash injuries.

Felix Montalban, 36, who served on U.S. Army transports in World War II and also as a guerrilla in his native Philippines crashed his auto into a bridge ramp Thursday. He told officers he had blacked out.

Hospital authorities said Montalban had no broken bones, but many bruises and lacerations.

His father, Ereneo, a Stockton cannery worker, and uncle, Guellermo, 57, who were with him, suffered lacerations.

The accident suspended plans to deport Montalban and his wife, Remedios, 30.

Herbert Nice, San Francisco District director of immigration, said Montalban and his wife are in this country illegally and had ignored deportation orders.

Their three children, Vivian, 6, Susan Anne, 3, and Deborah Lee, 10 months, have U.S. citizenship by birth but were to have gone with their parents.

Millionaire Says Anyone Can Do It

By HAL BOYLE

NEW YORK (AP) — "If I succeeded, anyone can succeed," said J. J. Freke - Hayes, whom courage made a millionaire.

"I don't understand healthy people who don't make the grade. You can do whatever you decide to — if you put your mind to it."

The life of Freke - Hayes, founder father of the nation's telephone answering industry, bears vivid testimony to the truth of his creed.

Jay, now 59, is a man who simply doesn't know how to quit.

Thirty-nine years ago, as a young clerk in Akron, Ohio, Jay was paralyzed after injury in a dive into shallow water.

First the doctors said he would die, then they told him he would never walk again.

"I didn't believe it," he recalled. "I don't know whether it was faith or ignorance. But I knew I was going to walk."

Jay worked at his reluctant muscles until he could move haltingly about.

In 1921 he conceived the idea of a direct telephone answering service for doctors.

"For a year I ran it myself, sleeping at night by the switchboard," he said. "Then I hired a girl to run the service during the day, and I set out to get new business."

Paralysis lingered in his left foot and made every step perilous. Fifteen to 20 times a day Jay would fall to the ground, pick himself up and move on to his next call.

By 1953 Freke - Hayes had 30 telephone answering exchanges, 7,000 subscribers and 500 employes. He sold out and moved to Babson Park, Fla., intending to retire and take life easy.

But he simply couldn't quit. He now has 10 more telephone answering exchanges, and is ready to launch out in a new field — organic farming.

But the mere act of walking remains a problem to him. He still falls down about 10 times a week.

"It keeps me physically exhausted all the time," he admitted, smiling ruefully. "I get so tired I can trip over a matchstick. I have big bumps on my knees from falling on them so many times through the years."

His wealth enables Jay to indulge in many acts of quiet philanthropy, and his own long suffering has given him a deep feeling of kinship with all who know trouble.

SNYDER AREA CHURCH NOTES

Local Student In Seminary To Preach At Church Sunday

Northside Baptist Church will have a guest speaker for both services Sunday.

Eldon Fowler, third year student at the Missionary Baptist Seminary in Little Rock, Ark., will fill the pulpit. Rev. Fowler is a former member of the Northside Baptist Church and is the son of Mr. and Mrs. H. E. Fowler, 1509 Avenue T.

Those unable to attend the services may hear Rev. Fowler's Sunday evening message by listening to KSNY from 7:30 p.m. to 8:30 p.m.

The Rev. Jack Dean, pastor of the Northside Baptist Church is attending the National Sunday School Conference in Atlanta, Ga. He will be preaching Sunday in Charleston, S. C.

REV. ELDON W. FOWLER

• • •

25th Street C-C

"Authority to Build" will be the topic of Glen Pace, minister at the Twenty-fifth Street Church of Christ for the 8:45 a.m. and 10:55 a. m. services Sunday.

At 7 p.m. Mr. Pace will have as his topic; "A Picture of Corruption."

• • •

Trinity Methodist

The Rev. Elton Wyatt, pastor, will be in the pulpit for both services at the Trinity Methodist Church on Sunday. For the morning service, his topic will be "While He Is Near," and for the evening worship Rev. Wyatt will preach on "The Hour Has Come."

Intermediate and senior MYF groups will meet at 5:30 p.m. Sunday, while the vesper choir will be at 6:30 p.m. and Bible study is set for 6:30 p.m.

On Wednesday the church will observe the World Day of Prayer from 9:30 a.m. to 11:30 a.m. Choir practice is set for 7:30 p. m. Wednesday.

• • •

First Presbyterian

The Rev. Charles Spivey, pastor, will have as his sermon subject, "A Question of Ownership" at Sunday morning services of the First Presbyterian Church.

For the evening service at 6:30 o'clock his topic will be, "Onward."

A family night supper will be held at 6:30 p.m. Wednesday, to be followed by Bible study from the book of Habakkuk.

• • •

Avenue D Baptist

"Promised Power" will be the sermon subject of the Rev. A. J. Martin, pastor, for Sunday morning worship services at the Avenue D Baptist Church. The morning service will be at 11 a.m., following Sunday School at 9:45 a.m.

At the 7:30 p.m. service, Rev. Martin's subject will be "Beyond the Veil."

Training Union will meet at 6:30 p.m. and music for all services will be under direction of Norman Burgess.

Rev. Martin also will be heard on the "Good News Broadcast" over KSNY at 7:45 a.m. Sunday. His subject for the broadcast will be "Saviour of Others not Able to Save Himself."

Mid-week services at Avenue D church will include a teachers meeting at 7 p.m. Wednesday, organizations at 7:30 p.m. and the prayer service at 8:15 p.m. Officers of church organizations will be installed at the Wednesday service this week.

• • •

Calvary Baptist

The Rev. T. Gerald Cates, pastor of the Calvary Baptist Church will speak on KSNY at 8:30 a.m. Sunday on the subject, "Three Great Deliverances."

For the 10 a.m. Bible class at the church, Rev. Cates will speak on "The Feast of Jehovah."

The sermon at 11 a.m. will be on "The Total Depravity of Human Nature—Fact, or Fiction," and the evening sermon topic at 7:30 will be. "Robinson Cruso's Text—A Prescription for Trouble."

• • •

First Baptist

The Rev. G. M. Cole will occupy the pulpit for both services Sunday at the First Baptist Church. At the 11 a.m. service, his subject will be "Pressing Toward the Mark." His topic for the evening service will be "In Remembrance of Me." and the sermon theme will introduce the observance of The Lord's Supper."

Special music Sunday morning will feature the all-Church Choir, which will sing 'Wonderful Grace of Jesus" and "The Stranger of Gallilee."

Rev. Cole's duties at the First Baptist Church here will terminate on Oct. 30. He will assume duties as pastor of the Ridglea Baptist Church in Fort Worth on Nov. 1.

Immediately following the evening service this Sunday, the church will have a reception for the Cole family. The reception will be under the direction of Mrs. Wade Winston chairman of the entertainment committee.

On Tuesday evening, an appreciation dinner will be held at Sallie Dinning Room for the Cole family. Reservations, at $1.25 per plate, must be submitted to the church office by 7 p.m. Sunday.

'Guided Missile' Technique May Combat Heart Diseases

By FRANK CAREY
Associated Press Science Writer

PHILADELPHIA (AP) — Scientists are exploring posibilities of developing a kind of guided missile technique of preventing or minimizing a major form of heart attack, it was reported today.

The "missile" would be a chemical enzyme that can dissolve blood clots of the type that occur in "coronary thrombosis"—a condition wherein a clot plugs an artery feeding the heart, shutting off the blood supply and causing damage to the heart's muscle.

And it would be guided directly to the clot by being shot through a plastic tube inserted into a blood channel and threaded along until it reached the area of the clot.

Dr. A Carlton Ernstene of Cleveland, president-elect of the American Heart Association said promising, but still incomplete experiments in animals suggest that eventually such a technique might be developed as an emergency treatment for humans stricken with coronary artery blockage.

At a news conference prior to the opening of the association's 32nd scientific assembly he said that conceivably, if a patient were treated quickly enough, a clot might be dissolved before any heart damage had taken place.

He said that clot-dissolving substances already are in limited use in the treatment of coronary heart disease but that present methods involve injection of the chemicals into the general blood stream. Thus, there is a delay in reaching the area of the heart itself.

A method whereby the chemical could be directly "tubed" to the site of the clot would not only be faster but would require smaller amounts of chemical, he told a reporter.

At the same news conference, Dr. Ernstene predicted that within five years researchers would develop improved artificial heart valves to cope with certain forms of rheumatic heart disease still beyond the powers of surgery or not completely handled by it.

And Dr. Francis L. Chamberlain of San Francisco, current president of the association, declared that in the surgery of congenital heart defects, 75 per cent of children having such defects can be given completely normal hearts today, whereas only a few years ago only 30 to 40 per cent could be so helped. He attributed the improvement to the advent of artificial heart-lung machines as an aid to surgery.

Gold Dress Big Problem

LOS ANGELES (AP)—Pity the plight of socialite Bernice Pons.

She has a 24-karat gold dress she says is worth $10,000—and expects to wear it only three times.

The first time will be tonight at the Los Angeles opening of the San Francisco Opera Co. Then two more times and—poof!

"I don't know what we will do with it then," Mrs. Pons said. "It's much too valuable to discard, but everyone will recognize it after they've seen it once."

The floor length evening gown has 17 yards of gold backed by jersey.

You ask—how can Mrs. Pons walk around under 17 yards of gold and not feel like a ton of mother lode?

"It is a solid sheet, not threads or strips," she explained. "The dress is light weight because the jersey is light and because the gold is so thin. A special lining gives strength to the jersey."

Soviet Composers Arrive For Tour

NEW YORK (AP) — Dmitri Shostakovich and four other Soviet composers have arrived here on the start of a month's tour with leading American symphonic orchestras under the U.S.-Soviet cultural exchange program.

The Soviet group leaves today for Washington, D.C., where they will attend a concert Saturday by the National Symphony Orchestra of Washington.

After the visit to Washington, the group will appear in Philadelphia, Boston, Louisville, San Francisco and Los Angeles before returning to New York Nov. 8.

Glenn Fords Agree On A Settlement

HOLLYWOOD (AP) — Actor Glenn Ford and his estranged wife, Eleanor Powell, have agreed —after a 13-hour conference with attorneys—to a property settlement involving about $350,000.

The actress' lawyer, Robert A. Need Jr., said Thursday the agreement means her divorce suit will be uncontested. The lawyer said he could not disclose details of the settlement.

In her suit Miss Powell asked custody of a son, division of community property including a $150,000 Beverly Hills house and $3,715 for monthly expenses. The Fords separated last April after being married 15 years.

The ancient Etruscans of Italy gave equal status to their women, a philosophy the ancient Romans considered barbaric.

CHURCH NEWS

Culture In Coffee Shop Is No Crime

NEW YORK (AP)—The tempest in a coffee shop simmered down in court to one question: did the Cafe Figaro serve Irish brew along with chamber music?

The case began percolating a few Sunday afternoons back, when Patrolman George Ward walked into the Figaro — on Bleecker Street in Greenwich Village—and listened briefly to a string trio playing Bach.

Did the place have a cabaret license, asked Ward of proprietor Charles Ziegler. No, said Ziegler, why should he need one? He served no alcoholic beverages, he added, only coffee and food.

Ward didn't go for that, so Thursday the issue was dropped in the lap of Magistrate James J. Comerford.

Ziegler told the court that early this month he decided to give a free concert. He hired the Silvermine Trio consisting of a cello, viola and violin. On Oct. 4, he said, about 200 persons showed up, jamming the Figaro. He didn't consider the concert entertainment, Ziegler went on, but "culture"—just like you get at Carnegie Hall.

The magistrate sidestepped that question, saying: "What kind of coffee do you sell?"

"Cafe au lait" began Ziegler.

"How do you spell it?" asked the court stenographer.

Ziegler spelled it and explained it was French coffee—half hot milk, half hot coffee.

Then Stefan B. Mengelberg, assistant director of the New York Philharmonic, testified that the Silvermine Trio was an accepted classical music group.

"What did they play when you heard them?" asked the magistrate.

"Bach," replied Mengelber.

"How do you spell it?" asked the court stenographer.

"Is there any Irish coffee served there?" the magistrate asked Ziegler.

"Oh, no," said Ziegler, 'that takes alcohol."

Irish coffee is a mixture of coffee and whisky).

Magistrate Comerford looked pleased and said "not guilty."

The court stenographer did not ask how to spell that.

Twins Not On Critical List

PORTLAND, Ore. (AP) — The Stubblefield Siamese twins, separated Oct. 6, no longer are in critical condition.

"Their conditions are now satisfactory and the outlook is favorable," said a spokesman at the University of Oregon Medical School Hospital Thursday.

A team of 17 surgeons, technicians and nurses separated the two girls, Jeanett and Denett, now 3½ months old. The girls had been joined from breastbone to navel.

For a week after the operation Jeanett's condition was precarious but she rallied under constant care.

The hospital said the twins were eating regularly and gaining weight. Jeanett weighed 11 pounds, 8 ounces; Denett 10 pounds, 6 ounces Thursday. They had a combined weight of 9 pounds, 10 ounces when born June 29 to Mr. and Mrs. James Stublefield of Parma, Idaho. Each weighed about 8½ pounds following separation.

Traffic Ticket Erases Chuckle

SAGINAW, Mich. (AP)—Victor N. Miller felt happy to be alive.

He was chuckling when he emerged unhurt from his car which had been tossed 20 feet into the air after it ran into the side of a locomotive at a railroad crossing. The vehicle landed upside-down in a ditch.

Miller, 25, was still chuckling when police drove up. Officers looked unsmilingly at the wreck and erased Miller's chuckle with a ticket charging failure to yield the right-of-way.

Woman Believed To Be 110 Is Dead

MARTINEZ, Calif. (AP)—Paula Silvio, who claimed to be 110 years old, died Thursday.

Her daughter, Isabelle Castro, said Mrs. Silvio was active until six months ago and always insisted on washing the dishes.

"In all her life she had been to a doctor only twice, and had never swallowed a pill," said Mrs. Castro.

Mrs. Silvio dated her birth from the feast of St. Peter and Paul, June 29, 1849.

She was a native of Mexico. She came to Martinez in 1920 but never learned English.

She is survived by 140 descendants including two daughters, 19 grandchildren, 83 great grand children and 36 great great grandchildren.

Lucky Fishermen Won't Try Again

CYNTHIANA, Ky. (AP) — Shelton West and two fishing companions caught a mess of fish in the South Licking River but they aren't likely to use the same method again.

They were standing in the water when a high-voltage line snapped and dangled into the water. Their rubber boots protected them, but hundreds of fish were electrocuted.

The men waded ashore and later scooped up the fish.

NO
ELEMENT
OF CHANCE

"Calculated risk" seems to be a popular phrase for old-fashioned "gamble." But there's no place for either in preparing or dispensing pharmaceuticals.

Ever notice the letters U.S.P. or N.F. on a medicine label? The letters represent two official books that are recognized by federal law — the United States Pharmacopoeia and the National Formulary.

Together, they are the pharmacist's "bible." They give approved standards of the quality, purity, and potency of most medicinal agents.

Whatever your prescription calls for, we are prepared to fill it.

Between You And Me

By JERRY JACKSON

The District 3-AAA season opens with a big loud bang tonight, as Snyder travels to Colorado City for a crack at the Wolves, and Lamesa takes on Sweetwater deep within the Mustang confines.

Of course, the contest spurring the greatest interest among local fans is the Tiger-Wolf fray. Although Snyder will enter the game a top-heavy favorite to beat the winless Colorado City boys, foremost in the minds of the local delegates will no doubt be last year's game against the same team. In that particular contest the stage was set in much the same order as will be tonight's game, but the Wolves came out of nowhere to tie the game at 12-all and put a well-placed kink in Snyder's district title aspirations.

Possibly the Tigers were playing Sweetwater in that game against Colorado City, as the Mustangs were next up on the Bengals' firing line. Nevertheless, the identical situation exists tonight, as Sweetwater will blow into town next week for a shot at the local team. But this year's bunch has come too close too many times, so it is highly doubtful that the Wolves can muster up a sufficient number of guns to stop the restless Tigers. It is thought that Coach Conley's boys, although still slowed by injuries, will have "blood in their eyes" for this one, and should win it going away.

Lamesa, Sweetwater 'Bunged Up'

NOT ONLY HAVE the Tigers been bitten by the pesky injury bug, but the Lamesa-Sweetwater delegations will be faced with the same headache. The importance of this game, of course, is evident as many seemingly informed sources are sticking with these two teams to finish one-two in the district. Joe McLaughlin, sports writer for the Abilene Reporter-News, has this to say about it: "The District 3-AAA chase could very well be 'decided' at Sweetwater Friday night when the Mustangs entertain the rugged Lamesa Golden Tornadoes." Maybe so...and then again maybe not so.

The Mustang camp received a jolt this past week when it was learned that their first-string quarterback, Carrol Feagan, would be lost for the season. Freagan, a senior and co-captain, fell victim to his second concussion of the year against Graham this past Friday, and is having to drop out on the advice of his doctor. He was a hoss on both offense and defense, and his absence leaves Sweetwater with only one lonely starter in their already injury-riddled defensive backfield.

Lamesa also has its share of woes, for it was discovered this week that their most likely All-State candidate, a fullback, by the name of Howard Westmoreland has a broken bone in his hand and may not be able to see action against Sweetwater. Westmoreland is THE man in Lamesa's backfield, having averaged a wicked 6.7 yards per carry for the season thus far while rolling up 68 of the Tornadoes' 135 points accumulated for the year. He is also a double-duty player who plays a lot of defensive linebacker for the Lamesans. His absence will be felt...really felt.

Ugh! Not Enough Chiefs

PARTING SHOTS...As if the downtrodden Lake View Chiefs didn't already have their share of troubles, several of the key players on that team threw up their hands and checked in their jerseys this past week, the action coming on the heels of their latest loss, a 14-49 thumping by Odessa Ector. At least six and a possible seven team members parted ways, including two starters and another alternate starter. This group is in addition to four others who had quit previously.

Snyder's highly-respected Tigers, having won but two of six games this season, nevertheless nailed down the number nine spot in this week's AAA ratings as issued by the United Press. The locals continue to be the sole team in the top ten having more than one loss.

By JERRY JACKSON

Snyder's Tigers travel to Colorado City tonight for the curtain-raising contest of their four game district 3-AAA title chase. Kick-off time is 7:30, and ideal football weather is on tap. A good turnout of local fans is expected to follow the team over for the game, which constitutes the initial district tilt for both teams.

There will be a twinge of revenge in the Bengal demeanor as they enter this important opener, for the past season saw the Wolves inject a sour note into Snyder's young season by rising up to tie the Tigers 12-12. Also, the Wolves hold a decided edge in games played in past years, having won 15 contests in comparison to Snyder's nine, while three tilts have ended in ties. The rivalry between these two teams dates all the way back to 1924, with the "modern" series resuming in 1956 following a lapse of four years.

The Wolves have been taking their lumps in a consistent manner this year, having dropped all of the six games in which they have participated. The Tigers are 2-4 for the season, all of their losses having been close affairs which could have gone either way. Andrews is the only common opponent which both teams have met thus far. Snyder walloped the Mustangs 37-8 early in the season, whereas the Wolves fell victim to them by 14-48 this past Friday.

A jumbled, never-the-same line-up will be fielded by the Tigers due to injuries. A boost to the team's fortune was evidenced this past week by the return to action of tackle Charlie Gladson and halfback Jim Fitzgerald, but the corresponding loss of half Jesse Crawford and fullback Eddie Watson by the injury route will be felt considerably. Also, fullback Wayne Berry received a minor leg injury in Wednesday's workout, but should be able to perform limited duty.

Coach John Conley's defensive setup will have Gladson and Stanley Woolever at ends, Tommy Minton and Reg Scarborough holding down the tackle slots, David Wiman, Jim Robinson, Mike Moffett and Barry Walker as linebackers, Dick Hayes and Marcus Strickland halfbacks, and Frank Moore in the safety position. The only variation from what is listed offensively may find either Berry or Bob Pena running from the fullback slot.

The Tigers will field a heavier team than that of the Wolves, as the starting offensive lineups show that the average Bengal will tip the scales at 171 as stacked up against the Wolves' 160. This weight advantage will be evident in both the line and the backfield, and marks one of the few instances this season in which the locals have not had to give away poundage to their opponents.

'B' Teamers Rack Abilene By 16-14

Snyder's "B" Team—higher than a kite for Abilene and playing an inspired brand of ball—downed the Eaglets last night in Tiger Stadium by an exciting 16-14.

The locals counted first late in the initial stanza, following a timely pass interception by guard Ray Grimmett in the Eagle end of the field. The drive to glory land was capped off by quarterback Eddie Phy's keeper around right end as he sprinted over from nine yards out. Halfback Jimmy McFarland, who was a thorn in the Eagle side the entire game, tore through left guard for the extra points.

Abilene struck back quickly and surely about a minute of playing time later, as quarterback Jud Shields winged a successful toss to Phil Guitar on a scoring play which covered 60 yards. But on the decisive extra point attempt Joshua John broke through to upset the Abilene ball-carrier and preserve Snyder's lead at 8-6.

Man-under Steve Free helped to put Snyder further in front on second quarter scoring play as he lateralled to McFarland the instant he was hit, with McFarland side-stepping his way to the double stripe on the play. This bit of wizardry was good for 23 yards, and was only one of many "picture plays" which saw Free masterfully pitching out to his backs on several occasions, each such play being good for valuable additional yardage. Following this touchdown, Free looped a pass to John for the bonus points which gave the local crew a 16-6 half-time bulge.

Late in the third quarter, Snyder managed to hold and stop an Abilene drive inside the 10-yard line. On the eventual attempt to punt out of the hole, the ball was centered over the head of Free and rolled all the way out of the end zone for a two-point safety.

On the succeeding free kick from the Snyder 20, Free booted a booming 60-yard punt which temporarily set Abilene up on its own 30. Undaunted, the visitors came back from that point a couple of plays later and scored on a 73-yard play, which came on a pass from Billy Baxter to Guitar following a lateral from Shields. The try to run over what would have been the tieing points failed, however, which brought the final score to 16-14.

Abilene filled the air with passes the last few minutes of the game, but an interception by McFarland with a minute to go put the contest on ice for Snyder, who ran the clock out on a pair of belly plays.

240 Games Crowd Schoolboy Program

By The Associated Press

More than 240 games, virtually all conference affairs, bring Texas schoolboy football into the stretch this weekend.

From the top to the bottom they'll be playing district championship games with at least four clashes of undefeated, untied teams counting in the standings.

Wichita Falls journeys to Corpus Christi to clash with Miller in the Class AAAA headliner. It is a strong test for unbeaten, once-tied defending champion Wichita Falls.

In AAA Phillips and Littlefield, two of the teams with perfect records, get together in the battle that could decide the District 1 title.

Class A has three games matching unbeaten, untied teams—Gruver vs. Stinnett in District 1, Mason and Burnet in District 9 and Leverett's Chapel vs. Gaston in District 17.

Bowl Ducats Available

DALLAS (AP) — If you want to buy a Cotton Bowl ticket you can make application today.

The mail sale of tickets will run through Nov. 2.

Each ticket costs $5.50, and there is a 25-cent mailing fee. You can apply for any number.

There are 25,000 tickets available to the public.

Applications should be sent to the Cotton Bowl Athletic Assn., Box 7185, Inwood Station, Dallas.

Austin College Wins

ADA, Okla. (AP)—Perry Morris kicked three points after touchdown to furnish the margin of victory Thursday night as Austin College beat East Central State of Oklahoma 21-20.

Austin won its fifth game in six starts as quarterback Charles Miller supplied the offensive punch. He completed 16 of 28 passes for 212 yards, scored one touchdown with a 3-yard run and passed to Glenn Ray Kirk for another. Kirk ran 12 yards for the third.

Naughty Ole Miss Gets Hand Slapped

BIRMINGHAM, Ala. (AP) — Southeastern Conference Commissioner Bernie Moore has fined the University of Mississippi $1,000 for violating athletic recruiting rules.

It was the maximum penalty he can impose. He has no power as commissioner to put members on probation. This is up to the conference, itself.

Moore's action Thursday involved Elbert (Sonny) Holmes, Forest City, Ark., now a sophomore quarterback at the University of Arkansas.

Holmes was forced to quit Mississippi shortly after he signed a grant-in-aid in 1957, because Ole Miss Coach Johnny Vaught has a rule against married players on his squad.

The incident involves a guardianship relationship between Holmes and Dr. Reuben Chrestman of Helena, Ark.

Moore said guardianship papers were taken out on Holmes and that the youth signed a grant-in-aid Dec. 7, 1957. Guardianship was granted Dec. 24, and Moore said the boy received Christmas gifts valued at about $100.

The commissioner said Holmes also was given the use of an automobile to attend the 1958 Sugar Bowl game. Other gifts worth from $5 to $10 were given Holmes from time to time, Moore said.

Moore said the guardianship arrangement was new to him and to the conference.

He said the word "guardian" as used in some conference forms refers to an arrangement based on some family connections or other ties "and I do not feel that this relationship. . . meets these requirements."

Travis In 44-22 Romp Over Lamar

The Travis and Lamar Seventh Graders met headon last night in Tiger Stadium with a resulting echo that could be heard all the way to Dermott. Performing before a healthy turnout of local fans, both teams turned in highly creditable jobs, with the Travis boys coming out on the long end of 44-22 score.

Travis struck early and late in the game, rocking Lamar back on its heels by scoring two quick first quarter touchdowns, after which Lamar came roaring back to knot the contest at 14-14 midway through the second stanza. But most of the shots were fired by Travis from that point, as they counted again before the half for a 22-14 bulge at intermission, then continued to keep their offensive show in motion throughout the second half in arriving at the final score.

Travis halfback Robert Foree issued a prediction of things to come on the first play of the game, as he rolled through the middle of the line, leaped into the secondary, and rambled 68 big yards for a touchdown. Tommy LaFountain carried through right tackle for the two extra points, and Travis was in front by 8-0 before most of the fans had had time to sit down. Later in the quarter running mate halfback Leslie Brown carried over for Travis' second marker, this time on a jazzy reverse handoff, as he blasted over right tackle and raced 30 yards for the TD. The try for extra points failed.

Lamar fullback Tom Kincaid put his team in striking distance later in the initial stanza, as he sprinted around right end and outran three Travis defenders on a 37-yard touchdown jaunt. He also punched at left tackle on the conversion attempt, but was brought down shy of the goal. Then it was Kincaid again who scored on a seven-yard ramble around his favorite right end as the second quarter opened, with Jay Williamson going over left guard for the all-important tieing points. However, the game was deadlocked for only one play, as Brown put Travis into a permanent-type lead on the first play run following the kickoff. He skirted right end for 58 yards and the score, with Foree tiptoeing over left tackle for the bonus points.

Third quarter scoring was initiated following an odd series of plays, the first of which came on an attempted punt by Kincaid deep in his own territory. The snap from center sailed over his head, with Travis recovering on the Lamar two-yard line. On the first Travis play they fumbled, with Lamar regaining possession on their own one, but as they tried to run the ball out another bad snap sent the pigskin squirting into the end zone. LaFountain pounced on it for a Travis touchdown, and quarterback Jimmy Featherston kept over right tackle for the extras.

Following the kickoff to Lamar, Travis counted again on a lightning-quick Robin Hood play which saw Foree swipe an attempted Lamar handoff and race 45 yards untouched for the score, which gave the opportunist Travisites a 36-14 lead as the third quarter ended.

Travis point production was capped off by a Featherston-to-Brown flat pass, as Brown took the toss and bolted down the sideline on a play covering 43 yards. LaFountain bulled over left tackle for the final two points.

Not to be denied, Lamar bounced back to score as time was running out in the game, as quarterback J. N. Wall shook off three potential Travis tacklers and twisted around his right end for the touchdown. This 10-yard jaunt came with 1:35 remaining, with halfback Drew Bullard tacking on the extras on an end run.

Owl-Steer Game Tops In Southwest

By HAROLD V. RATLIFF

One team will be eliminated and another may be badly bent Saturday in Southwest Conference football that features the storied clash of Texas and Rice.

Unbeaten Texas, undisputed leader of the conference race, takes on Rice at Austin Saturday night hoping to prevent a repetition of history. Last year Rice felled an undefeated, untied Texas team that never recovered from the unexpected defeat.

If Texas wins as expected—the Longhorns are 10-point favorites—Rice will be knocked on the very fringe of the race. The Owls already have a tie on their record.

At College Station Texas A&M and Baylor will try to eliminate each other. Loser of a conference game apiece, the one that drops this will be out of it.

Two important intersectional games vie with the conference melees for interest.

Arkansas tries to knock down mighty Mississippi at Memphis and Texas Christian tackles Pittsburgh at Pittsburgh. TCU is expected to win its intersectional game but Arkansas is a definite underdog.

At Dallas Southern Methodist meets the Red Raiders of Texas Tech who have made up for a lack of experience with battle to the last gun.

The five games should draw around 175,000 fans.

The biggest turnout comes at Austin where 55,000 will watch Rice try to put a stop to the Texas surge that includes six straight triumphs counting last year's Thanksgiving Day victory over Texas A&M.

The Aggie-Baylor game, in which the Bears find themselves picked to lose as usual, will pull 25,000. A&M has won four straight years and is a touchdown favorite to make it five.

SMU is a solid favorite to turn back Texas Tech before 30,000 in the Cotton Bowl but this game looms as a wild passing duel in which most anything can happen.

Mississippi is a 10-point choice over Arkansas although this game has a habit of producing close and glittering finishes.

TCU meets a Pitt outfit that's put out over a loss to West Virginia last week. The Frogs hit their stride in a 39-6 blasting of A&M and will be favored.

Snyder Frosh Are Edged By Big Spring

Snyder's Freshmen played their best game of the year last night in Big Spring before going down by a 16-12 score. Runnels "got the jump" on the locals by rolling to a 16-0 halftime lead, but even though the Snyder crew outplayed them throughout most of the game this 16 point pad proved to be too much to overcome.

Runnels tallied both of their touchdowns in a big second quarter on a 50-yard run and a double reverse play which carried for 45 yards. Snyder retaliated in the third quarter by initiating some scoring fireworks of their own, as halfback Luke Nigliazzo slipped over the goal from three yards out. The attempt to run over the extra points fell shy.

Then in the fourth quarter fullback Pat LaFountain hit paydirt, culminating a six-yard jaunt, with a pass attempt for the points going awry. And it was those two foiled extra point tries which proved to be the margin of victory for the Big Springers.

Playing a bang-up game at the quarterback slot was Snyder's Jimmy Taylor, who only recently came back to bolster the team following an early-season injury which put him out of action. Center Kenny Welborn was another offensive mainstay for the locals, while Larry Skinner showed up well on defense, operating from the middle guard position.

Ira Wallops McCaulley By 28-0

McCAULLEY — Ira's Bulldogs continued to fly high and wide here last night, winning their fourth game in a row by whitewashing McCaulley 28-0.

Ira's point-making was confined to the first and third quarters, as Travis Alexander romped over from six yards out to break the scoring ice, after which Donnel Eubanks booted the extra points. Later in this first quarter Bulldog Elvin Loper scored on a 21-yard slant, the extra point attempt being no good.

Ira's third marker resulted from a 60-yard pass play from Eubank to Donnie Dove, with Eubank following up on the kick for the bonus points. Dove capped off scoring for the night as he rambled over from 20 yards out, the extra point attempt failing once again.

It was a night of extreme frustration for winless McCaulley, who managed to penetrate the Bulldog five-yard line no less than four times during the course of the evening, but could never find the right combination to punch across a touchdown.

Ira is now 6-2 for the season and will travel to Divide next week for another crack at that unbeaten "6". In the first meeting of the two teams earlier in the season, the Dividers were responsible for handing the Bulldogs one of their two losses for the year, 25-16.

Whosoever Will may come to Church may come to God...

HAVE

FAITH

IN

GOD

TRUST

ONLY

IN

HIM

HIS DAY–Our Duty

Welcome to church! . . . but wait a minute. Have you bothered to invite a friend or a stranger to share the pew at your church? Someone is waiting for your invitation . . . a business partner . . . a club member . . . a neighbor. What sort of church member are you? Do you care enough to invite another to share its blessings with you? Do you get genuine spiritual uplift in the public worship of God's house? *You are your brother's keeper.* Then, you should want to invite him to God's house. You should long for an opportunity to pray with him. Strength gained through worship in God's house on Sunday fortifies us for the entire week ahead. Then, "Come Let Us Go Into The House Of The Lord." It is His day and our duty.

HOLY BIBLE
Attend Church

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.
