PAVING WAY FOR CITY SCHOOL REVALUATION PROGRAM

City Okays Tax Appraisal Pact

Slaton City Commission approved a tax appraisal contract during a regular session Monday night, paving the way for a joint tax revaluation program with the Slaton School District.

In other action, the commission rejected - on a split vote - a request for variance in a zoning case, passed a resolution for a water line under the Santa Fe Railway to a new foundry now under construction, and discussed several other matters.

The commission briefly discussed the possibility of calling an election for a one-cent city sales tax. A number of cities have passed the mea-

sure. Commissioners agreed it would be one step in avoiding an increase in ad valorem taxes. No action was taken.

Contract on the tax appraisal program -- the first here since 1940 -- went on a low bid of \$12,250 to Erik Ehnberg Appraisal Co. of Dallas. School trustees had approved the contract at a regular monthly meeting Nov. 9, subject to agreement of the City. The agreement calls for the school to pay 60 per cent and the City 40 percent of the contract.

The commission approved the action by unanimous vote although several appeared reluctant to undertake the project. Actually, the only delay in the decision came on the question of what the city's fair share should be on the cost of the program.

School Supt. P. L. Vardy was called to the meeting to explain the method of determining the 60-40 cost basis. He showed a breakdown on one of the bids from a tax appraisal firm. It outlined the approximate "parcels of land" in the city and in the rural areas, a long with costs for each line item.

Hugo Mosser said he felt the city should "go along with the school and pay its fair share. Both he and Henry Bollinger voiced opposition to tax increases but agreed that better tax equalization was needed.

After Vardy outlined the method used in arriving at the 60-40 ratio, Mosser moved and Earl Reasoner seconded the motion to undertake the joint program.

A controversial zoning case popped up at the meeting again when J. L. Reed appeared with his attorney to request an exception in a ruling involving a trailer house in his backyard.

The zoning case has made the rounds -- from the city commission to the Planning & Zoning Commission, to the Board of Adjustment, and back to the commission. In its last meeting in October, the commission agreed that the ordinance would be upheld, in that no trailer house could be moved in for rent purposes.

After a lengthy discussion again Monday night, Rudy Do-

NEW CHAMBER OFFICERS -- Slaton Chamber of Commerce directors Tuesday named new officers for 1968. Left to right are Clark Self Jr., vice president; Carroll McDonald, president; and Don Kendrick, re-elected as treasurer. They will be installed at the annual January banquet. T. J. Wallace is outgoing president. (Slatonite Photo)

McDonald, Self Head Chamber Slate

Carroll McDonald was named to step up as the new president of Slaton Chamber of Commerce, and Clark Self Jr. was selected as vice president during a regular director's meeting Tuesday night.

McDonald, manager of Southwestern Public Service Co. in Slaton, is the current vice president and is also serving as chairman of the industrial development committee. T. J. Wallace is the outgoing president.

Self, a vice president at Citizens State Bank, becomes president - elect as the new Chamber vice president. Don Kendrick was re-elected as treasurer.

The new officers will be officially installed at the annual Chamber banquet in January. Five directors were named by the membership in a recent mail ballot and will also be recognized at the banquet.

Named as new directors were Robert H. Davis and Bob Kern, and re-elected were Wallace,

Earl Eblen and Speedy Nieman. Retiring directors are J. S. Edwards Jr. and Willie Heinrich.

Committee reports highlighted the remainder of the session this week. The directors did approve a C of C appeal to proper officials for continuance of passenger train service in Slaton. Santa Fe recently announced intentions of doing away with passenger service.

An unusual and colorful Christmas opening program for the community was outlined by Bill Ball, who appeared at the meeting representing the retail

trade committee. Turning on of Christmas lights and the arrival of Santa Claus are planned in the Dec. 4 program.

Other reports included Fabulous Friday by Jake Wendel, industrial development by Carroll McDonald, airport project by Eblen, membership drive by Dick Hartman.

New members signed up this month include Max Arrants, Gerdeman & Smith, John's Endco, Partain's Frozen Foods, Perkins Auto Supply, Baugh Electric, Slaton Rest Home, Slaton Trading Post, Dr. P. L. Vardy, Farmers Gin.

Foundry, Airport Work Starts Here

Groundwork on two important additions to the community was underway this week as workmen began construction of Slaton's new industry -- Modern Castings Corporation -- and a farm field north of town started making the transformation into the Slaton Municipal Airport.

Modern Castings, an iron foundry, was located in the city through the efforts of Slaton Industrial & Development Foundation. The local foundation secured a \$427,000 loan through the Small Business Administration.

The special SBA loan is made with 20 percent participation by the Foundation. A recent campaign in the city resulted in the formation of the Foundation through investments and pledges amounting to about \$85,000.

(See FOUNDRY, Page 8)

Also making the local industry possible was investment of private capital, with nine Slaton men purchasing stock in the company. Four Lubbock men, including the manager and chief stockholder -- M. L. Easley, are on the board of the new company.

The corporation will be engaged in manufacturing various castings, the primary market at the outset being castings for the irrigation pump industry. Temporary offices have been secured next to Slaton Farm Store on the east side of the square. The foundry is tabbed for completion in mid-February.

The industry is expected to start with employment of about

SLATON TO ROLL OUT RED CARPET FOR SANTA CLAUS

Santa Claus is coming to town! That's the word from the retail trade committee of the Slaton Chamber of Commerce, a group which has been making plans for a "Santa Land" headquarters here.

Jake Wendel, chairman, announced this week that Santa will arrive Dec. 4 to formally launch the Christmas season in Slaton. The committee is planning a big celebration and welcome for Saint Nick, including the turning on of downtown Yule lights and the opening of Santa Land.

Santa is scheduled to arrive by helicopter on the evening of Dec. 4. He will be greeted by the mayor and presented with a "key to the city."

A huge "giveaway" is also being planned by the committee, with some lucky person receiving a sleigh full of gifts from local merchants.

An addition to the downtown Christmas lighting is scheduled this year. The retail trade committee is hoping to outline all the buildings around the square in Christmas lights, and each merchant is being invited to participate.

Look for all the details soon in The Slatonite!

Measle Vaccine Clinic Held

A total of 128 pre-school children were administered the measles vaccine here Sunday afternoon in a clinic sponsored by the Slaton Lions Club, Lubbock City-County Health Department, and the Lubbock, Crosby, Garza County Medical Society.

Also helping to man the local clinic at Austin School were Dr. Glen Payne, Dr. S. H. Jaynes, volunteer nurses, pharmacist Mrs. J. A. Warren, and members of the VFW Auxiliary.

Officials had hoped for 250 children. The clinic was free but donations were accepted. The vaccine was administered by an injection and should give life-long immunity. Health departments over the state are heading the drive to stamp out measles.

Police Record Two Accidents in City

Only two minor traffic accidents were recorded by the Slaton Police Department the past week. Police reported two arrests and issued 10 traffic tickets.

Minor damage was reported when vehicles driven by Andrea Thompson and Elsie Camden collided in the 100 block of S. 8th street Tuesday night.

William M. Mayo and Alfredo A. Cardenas were drivers of cars involved in a collision Sunday afternoon at Division and S. 9th streets. Damage was estimated at \$225 to both cars.

Union Service Set Wednesday

The annual community Thanksgiving service will be held Wednesday evening, Nov. 22 at the First Christian Church beginning at 8 p.m.

People of all faiths are welcome to take part in the community service.

Rev. Johnnie Moore, pastor of the host church, will preside over the service. Rev. John K. Pratt, pastor of the First Assembly of God Church, will be the speaker for the service. Ministers of various churches will also be on the program.

An offering will be taken for relief of unfortunate people who are passing through Slaton. This offering is the only source of income taken in the community for this cause.

Grid Guesses Close On Last Contest Page

The final Slatonite Football Contest of the season brought a near - perfect entry as Skip Tumlinson picked 23 of the 24 winners despite some upsets. Tumlinson missed only the Memphis - Friona game, while picking such upsets as Oregon State over Southern Cal and TCU over Tech. He earned the \$10 first prize.

Gregg Nowlin missed just three games to claim the \$5 second prize, while Claude Stricklin took the \$2 third prize over a host of entrants who missed four games. Stricklin was closer on the total score of the TCU-Tech game with 20 points.

Others who missed four games but got only "honorable mention" were: Gary Glasscock, H. H. White, Allen Miles, Bing Bingham, Gary Hennington, Jerry Burrell, Steve Harlan, Marcell Bradshaw, Johnny Hennington, Kenneth Hughes, Buford Duff, Johnny Smalley.

Rotary Governor Visits Slaton

Rotarians of this community today will welcome the governor of this Rotary District, R. G. Mills of Amarillo.

He will address the local Rotary club, one of 46 in his district, and will confer with David Hughes, president of the local Rotary club, and other club officers to obtain information on the club's plans for its service activities and to offer suggestions on Rotary administrative matters.

Mills is one of 283 Rotary governors in all parts of the world who are serving as the sole representative of Rotary International in districts comprised of member clubs. Each district leader is responsible for supervising the clubs in his area. More than 12,900 Rotary clubs in 135 countries are supervised by Rotary governors.

A member and past president of the Rotary Club of Amarillo, Mills is vice-president of Clowe & Cowan, Inc. He was elected to office at the Rotary convention in Nice, France, last May, and will serve until next June 30.

"While in Slaton," according to Hughes, "the governor of our district will talk with us about possible growth of membership, the organization of an Interact Club for high school boys, and the Rotary Foundation fellowships and scholarships."

Slaton Woman Hurt in Crash

Mrs. Cleo Reasoner, 42, of Slaton, August Lieske, 51, of Southland and Bess Arthur, 51, of Lubbock all remain in Methodist Hospital in Lubbock after a two-vehicle collision Tuesday morning about 10:30 at Quirt Avenue and Slaton Highway.

Mrs. Reasoner and Lieske are listed in satisfactory condition and Bess Arthur is listed in serious condition with rib fractures.

It was reported that Mrs. Reasoner was on her way to Lubbock in a City Floral panel when the accident occurred. She was thrown from the truck on impact and suffered two lacerations on her head and a cut on one arm as well as painful bruises and other smaller cuts.

Police said Mrs. Reasoner was driving west and the other two victims were going north on Quirt Avenue in an automobile driven by Lieske. Traffic on Quirt Avenue faces a "yield" sign at the intersection with the highway, patrolmen said.

Quality Drops On Cotton Crop

The South Plains cotton harvest continued to gain momentum early last week but was slowed by the unfavorable weather during the middle of the week, according to W. K. Palmer, in charge of the Lubbock Cotton Classing Office of the USDA.

Samples received at the Lubbock, Brownfield and Lamesa Offices had reached a seasonal high of 10,000 daily when the rain and fog slowed harvesting operations.

Despite the unfavorable weather conditions, volume of samples classed was still the highest for any week this season. The three South Plains classing offices classed 50,000 samples during the week ending Friday, Nov. 10, bringing the season's total to 101,000. This year's harvest is now behind the pace of the 1966 harvest. Through Nov. 10 last year 144,000 samples of the 1966

crop had been classed. Cotton received at the Lubbock Office last week was slightly lower in quality than (See COTTON, Page 8)

6 Amendments Win Approval

Lubbock County approved all six State Constitutional amendments in a light turnout last Saturday, going along with statewide results which showed all amendments carrying.

Lubbock County was the only county in the region to approve all six, as voters in other area counties approved the proposals on veterans land, public health and county medical aid, but rejected the other three.

Just slightly more than 2,000 votes were cast in Lubbock County from an estimated 48,000 eligible voters. Slaton's three boxes fared well in proportion, with some 268 votes cast here. Unofficial returns showed 64 from the special absentee box, 67 from Box 36 (Clubhouse), 75 in Box 37 (W. ward), and 62 from Box 38 (S. F. Austin).

Amendment 1 was in doubt until Monday, awaiting the final tabulations across the state. It permits counties to put all their tax money into a single general fund.

In a special election at Tahoka Saturday, Lynn County voters approved creation of a hospital district by a count of 765 to 539. Also approved was a \$365,000 hospital bond issue.

A federal matching grant will be sought. A district tax of 35 cents per \$100 valuation was estimated by backers.

Slaton's Jackie Clark is on the left in the action photo, while Cooper's Betty Kuback attempts to block the shot. Miss Davis tallied 18 points to lead all scorers in the game. (SLATONITE PHOTO)

Library Plans Move Downtown

A selection of books is already at the Slaton Library, and all in-point to the availability of more certainly more adequate library space and in the very near future, history of the Slaton Library has been moved and the books are ready to be moved to the new downtown location. Plans are under way to move the books to the new downtown location. The building on the corner of Garza Streets on the north side of the city has been leased by the City to house the library temporarily. The library has already received books from the county courthouse collection and the main city library on 15th and T Streets, Lubbock.

Residents of Slaton are eligible for a card, and may charge out books at the main library in Lubbock, at the other city-county branches and bookmobile.

There is normally no limit on the number of books which may be checked out. Each book is returned to the library in three weeks with an option to renew for another three weeks.

The library is open from 1 to 5 p.m. Monday through Friday. When the library is open downtown there will be changes in the hours with plans to open Saturday afternoons.

M. F. Merrill is librarian for the library.

CITY, COUNTY, SCHOOL PROJECTS

By Speedy Nieman

Mayor Division Street says people who brains usually make up for it in their mouths.

Of Values" will be the theme of the monthly Fabulous Friday sale Nov. 17.

It will be the final Fabulous Friday sale, since the Christmas opening will replace the dollar-day sale.

Today's Slatonite for big bargains Fabulous Friday!

Activity has been rather slow in Slaton, but projects are currently being by the city, county and school.

The much-welcomed new industry, Modern Castings has started construction across from Triangle Manufacturing, while the city has broken ground for a new municipal airport; the county is working on its new maintenance shop at the intersection of Cemetery Road and the old highway; and the school is nearing completion of a new band hall at high school.

Which signals good news for the future of our community!

Slatonite will be published early next week so that readers receive their Thanksgiving. Although carrying a Thursday dateline, the paper will be published Tuesday morning. News and feature deadlines will be moved to Saturday for the publication.

New Families At Southland

Well, our football season is now over and the boys and girls can start concentrating on basketball. Southland experienced a very satisfying and successful football season and all of us here think that our team and their coach, Bob Dyess, are just the greatest. This great little team just lost one district game and that was to Klondike and they lost one non-conference game to Threeway.

We can be especially proud of our team, because the boys played a good clean game every time, and they showed good sportsmanship at all times. We are all so thankful that there were no serious injuries this season. There was a three-way tie between Southland, Klondike and Dawson, so a coin had to be flipped, and Dawson won the honor of representing this district. So we say, "Good Luck to Dawson!"

Speaking of basketball, our high school girls team played a game with Cotton Center last Tuesday night and came out the winners, 65 to 35. They looked real good for so early in the season. Congratulations, girls.

NEW ARRIVAL
Congratulations to Mr. and Mrs. Billy Joe Hall. A son was born to them Nov. 6 at 7:12 p.m. in Methodist Hospital. The young man weighed in at 6 lbs. 9 1/2 ozs. Mr. and Mrs. Hall live in Dallas where he works with the Texas Department of Public Safety. Mrs. Hall is the former Pam Owens of Post. Mr. and Mrs. Billy Hall of this community are one set of the happy grandfathers.

NEWCOMERS
We have several new families in this community and two of them are Mr. and Mrs. Archie Brown and five children, who are living in the house of Mrs. Emma Becker. Four of the Brown children are enrolled in the Southland School. The other couple is Mr. and Mrs. Dean Stokes and two small daughters. We certainly welcome these families to our community.

NEW SON
Congratulations to Mr. and Mrs. Harvey Louis Pennell on birth of their son, Heath Louis, who arrived on Nov. 8 at West Texas Hospital in Lubbock. Grandparents are Mr. and Mrs. D. D. Pennell of Southland and Lt. Col. and Mrs. B. L. Holliday of Travis Air Force Base and Victorville, Calif. Mr. and Mrs. Pennell live in Plainview

where he teaches and coaches in one of the public schools. Mrs. Lena Adams, aunt of Mrs. Valton Wheeler, passed away Sunday, Nov. 5 and was buried in the Spur cemetery on Tuesday, Nov. 7, with services being held at the First Methodist Church. Our deepest sympathies goes out to this family.

Mr. and Mrs. Edmund Stolle, who have been living in Corpus Christi for quite a few years, have moved back to the community and are making their home on the old Stolle homeplace. Welcome back, and we hope that you will like living here once again.

Mrs. Alice Martin and Mr. and Mrs. B. N. Billingsly from Lubbock went to Hart Camp on Friday where they visited with Mr. and Mrs. Blanton Martin. Mr. and Mrs. Billingsly returned to Lubbock Friday night, but Mrs. Martin spent the night with Blanton. On Saturday morning, Mrs. Alice Martin came back to Lubbock to the Billingslys and she and Mrs. Billingsly visited with Mrs. Laverne Winn at the University Rest Home and with Mrs. Mary Edwards at the Sloan Rest Home. Mrs. Alice Martin spent Sunday night in the home of Mr. and Mrs. Harley Martin of Slaton.

Mrs. Alpha Taylor is down at Netherland visiting with her son, Clarence, who is very sick at this time. Since Clarence is a shut-in, I know that he would love to hear from some of you, so I am including his address: Clarence Taylor, 2320 Franklin Ave, Netherland, Texas 77627.

Otto Klaus was on the sick list this past week. Our deepest sympathies to the family of Mr. Rudy Kahlich who passed away at Mercy Hospital Sunday, Nov. 12, at 10:00 a.m. Services were held at 2:30 p.m. on Tuesday at the St. John's Lutheran Church in Wilton.

Mrs. D. D. Pennell, Mr. and Mrs. Carl Cedarholm and Mrs. Lena Ferguson from Post and Mrs. Vera Rolander from McPherson, Kan. visited with Mrs. Harvey Louis Pennell at the West Texas Hospital Sunday. Donnie and Margie Pennell visited with Mrs. Harvey L. Pennell Thursday night.

B. D. (Blondie) Ellis was admitted to Mercy Hospital Saturday morning. His heart was acting up. He became ill on

Friday night.

Mr. and Mrs. Jerry Pennell and Kim visited in the D. D. Pennell home Sunday.

Mr. and Mrs. Obell Carey and two girls from Wellman visited with Mr. and Mrs. Billy Lester on Friday.

Mr. and Mrs. Willie Becker attended the Golden Anniversary of Mr. and Mrs. Alfred Krause in Wilson Sunday afternoon.

THREE BIRTHDAYS
Three young ladies of this community celebrated their birthdays on Saturday with one big party. The three are Janet Belk, Connie Abshire and Laura Bevers. Others attending the party were Douglas Smallwood, Breonne Winterrowd, Jean Gindorf, Sue Bevers, Joe Bevers, Cathy Long, Marla Shelton, Brenda Belk, Roy Belk, Mark Bevers, Darrell Hill and Wilma Brown. The group enjoyed a wicker roast with all the trimmings and topped off the meal with birthday cake, punch and iced tea.

A great Scotch preacher has well pointed out that the real profanity of man is not some swear words we use. These words are more stupid than sinful. He said, is the word "hopeless." When you say a situation or a person is hopeless, you are slamming the door in the face of God.

Bye, till next week.

Southland Jr. Play Tonight

The Juniors of Southland High School are presenting a three-act comedy, entitled "Auntie's Money" at 7:30 p.m. tonight (Thursday) in the high school auditorium.

Reserved seats are 75 cents and general admission is 50 cents. Anyone wishing a reserved seat is asked to contact a member of the Junior Class or Dayneen Dunn at 996-2316.

Museum Car Due Nov. 24

A Chisholm Trail Museum Car is scheduled for an appearance in Slaton Nov. 24 through the efforts of Santa Fe Railway, The Texas State Historical Committee, and other interested officials.

The unique museum - on-wheels will be shown from 9 a.m. until 7 p.m. on Friday, Nov. 24, and will be spotted near the east end of the passenger station.

The special car was prepared to help commemorate the 100th anniversary of the Chisholm Trail. It contains items from private and museum collections which interpret the story of the famous trail.

The focal point in the car is a bronze sculpture, "Stampede," which was loaned by the Amon Carter Museum of Western Art. Special paintings, old photographs and other items help relate the story of early Texas cattle industry, evolution of cowboys' tools and equipment, and the story of barbed wire.

TEDDY LAMBERT

Ted Lambert To Vietnam Dec. 1

Pvt. 1/C Teddy Lambert visited his mother, Mrs. A. H. Hodge, 420 E. Crosby, Wednesday.

Lambert is with the 101st Airborne Division, 501st Signal Battalion in Fort Campbell, Ky. He will be sent to Vietnam on December 1.

After attending schools in Slaton, Lambert finished his high school education in the Army. He volunteered into the service Jan. 4, 1967.

Savings Bonds Sales Reported

According to a report received from Jimmie R. Holder, chairman of the Lubbock County Savings Bonds Committee, September sales of United States Savings Bonds in Lubbock County totaled \$158,872. The January - September 1967 sales in this county totaled \$1,334,378 and this is 61 per cent of the 1967 goal of \$2,200,000.

Sales in Texas for the first nine months of 1967 totaled \$124,317,427. Of this amount \$12,375,256 were purchased during September. The 1967 goal for Texas is \$181.3 million and 69 per cent of the goal has been achieved.

Water Depletion Claims Reported

Recent information from the Internal Revenue Service, Dallas, Texas revealed they had processed 6,218 amended water depletion tax claims for the years 1962, 1963 and 1964. A total of \$1,400,000 was refunded from these claims.

The 1965 and 1966 water depletion claims were handled in a routine fashion, similar to the depreciation schedule allowed for tractors and other farm machinery.

Revenue officials estimated that there were between 5,000 and 5,500 individual claims made for the years 1965 and 1966, which resulted in refunds of \$1,000,000 to \$1,200,000 per year to farmers filing these claims.

Founder's Day Set At Anthony's Store

The story of the C. R. Anthony Company is in effect the story of a free America. It is the story of that man, Charles Ross Anthony, a Tennessee farm boy who was orphaned at 13 and had to set out to make his own way.

Anthony's parents were Tennessee tenant farmers. When he was but seven years old, he was chopping and picking cotton. At thirteen, orphaned, he was grubbing sassafras and splitting rails to earn money. When he finally accumulated \$24 he rode the Home Seekers Special to Indian Territory (what is now Holdenville, Oklahoma) arriving there with a nickel in his home-spun jeans.

He needed a job and applied at a general store owned and operated by a widow, Anthony, a natural born salesman, sold himself to her and it was there he apprenticed in the mercantile business.

When the widow decided to sell the business, she wanted him to buy it. With a little cash and a \$6,000 bank loan C. R. Anthony, at eighteen, was in business for himself. The

first year he cleared his indebtedness, but the next year the floods came and he was nearly wiped out when he granted credit until the financial strain was too great. He didn't go bankrupt, but barely got out with his shirt.

Through the years he tried various jobs, but was determined to someday return to the mercantile business.

It was 46 years ago this year that this goal was realized and the first C. R. Anthony store was opened in Cushing, Oklahoma. This was the beginning of what is now a chain of 302 stores located in 21 states and employing more than 3400 people.

The principles upon which C. R. Anthony established all of these stores was to give everyday thrifty prices, dependable high quality, fashion's newest styles and friendly courteous service to all customers.

To pay tribute to who spent his life and helping others, Anthony chain decision way would be to have Founder's Day Set

LETTERS to EDITOR

Dear SLATONITE Staff,

Hi there, I just want to write you a note and say THANKS for doing a great job. I think that the Slatonite is the greatest little newspaper ever. I have a chance to talk to a great many people, and they all agree with me. You all are so nice and friendly and even though sometimes our news isn't very important, you make us feel like it is "earth-shaking".

I want to thank you for the good coverage that you always give Southland at their Homecoming, the writings on the ballgames, the different pictures that you take for us, and so many other ways that you help us out.

Once in awhile the Slatonites are a day late getting to the Post Office, and everyone comes to the window to ask about them. They say that they look forward to "Slatonite" day, that they always read it, even before they read the Lubbock paper! Me too! My children come down to the Post Office before school on Thursday, so they can look through the Slatonite.

I consider it a great privilege to play a part, even though it is a small part, in securing news for this fine little paper. I feel like someone else could do it much better than I, but until someone else asks to do it, I will love to keep on being The Southland Reporter.

What I really want to say is this, THANKS! for giving us a wonderful paper to read. I love it.

Your Southland Friend,
Tommie Wilke

Naha, Okinawa

Dear Lavin,

Please extend our Slatonite subscription for another year. We haven't missed a paper since we've been here and always look forward to their arrival and read every word of every Slatonite.

Typhoon Dinah just went around us, and because of her being so near to us for so long, all American schools were closed for four days. We had had water rationing for two weeks before Dinah, and she brought four inches of rain which still didn't bring the amount of water in the reservoir up to where it should be. We had a very dry summer with no typhoons at all, and we only had one inch of rain in September. Instead of the usual nine inches. However, Okinawa remained green and beautiful, as usual.

Ward was gone "down South" from May 28 to Aug. 21 with the Army Training LT-579, on which he is Chief Engineer. The boys and I spent the summer at baseball games. Steve was pitcher or third base and his team came in first over seven others. I coached Stan's team and we came in third out of three teams of 8-11 year olds. The VFW gave all coaches and players a very nice banquet at the end of the season.

We still find Okinawa very exciting and a wonderful place to live. Our highest temperature this summer was 92 degrees and our lowest this fall has been 62 degrees.

The people are very clean, friendly and most of them speak some English. Therefore, there's been no real need for us to learn Japanese and we haven't learned much yet. We do try, but we find it a much more difficult language than French.

Our maid, gardener, and sew girl all speak enough English for us to understand each other

quite well.

We expect to return to the states about June 1, so until then we'll see all of Okinawa that we can. After we leave here, we expect to fly to California and drive to Texas, taking time to see the many points of interest along the way in the good old U.S.A.!

Our regards to our fellow Slatonites.

Sincerely,

Joyce Ward (Claude, Steve and Stan, too)

(Editors note: When Joyce left Slaton last year, we asked her to write and let us know about their experiences abroad. She is the daughter of Mr. and Mrs. F. B. Sexton of Slaton.)

Dear Mr. Nieman:

We wish to express our sincere appreciation to you for the coverage given our activity program in the Slaton Public Schools, especially the coverage given football programs and games. This assistance to the success of our program has been most beneficial, and we are indeed grateful for the privilege of having you and your paper in our city.

We hope for you continued success in your endeavors to bring to Slaton a fine weekly newspaper.

Sincerely yours,
Joe E. Miles

The municipal airport is being built with Federal and state matching funds after city voters approved an \$85,000 bond issue for the project. Federal funds in the amount of \$90,912 and a state grant of \$18,000 were received for the air strip. The air park is located several miles north of town on FM-400, and a sign has been erected at the entrance. Contract on the job was for 180 days but local officials feel the majority of the work will be completed in about two months.

during the previous week. Strict Low Middling was the predominant grade and made up 57 per cent of the total classed. Middling made up 16 per cent, Middling Light Spotted 14 per cent and Strict Low Middling Light Spotted 6 per cent.

Average staple length declined slightly. Average staple during the week was 32.1 thirty-seconds, compared to 32.8 thirty-seconds the previous week. Forty-six per cent of the cotton classed at Lubbock last week stapled 1-inch and longer, compared to 51 per cent the previous week. The Lubbock Office continued to receive cotton having excellent staple, and 16 per cent of all cotton classed last week had staples of 1-1/8 and longer.

Mahon Predicts Congress to Cut LBJ's Requests

Rep. George Mahon predicted today that Congress at this session will reduce the President's request for funds in excess of six billion dollars.

Mahon reported that the present Congress has devoted a great majority of its time to the battle of the budget. In his capacity as Chairman of the House Appropriations Committee, Mahon has been in the thick of the spending battle since the President submitted his budget in January.

He pointed out that during the past two years Congress has approved many new and expensive programs -- too many according to Mahon. He thinks the present Congress deserves credit rather than criticism for its decision not to embark on extensive additional ventures in government programs. A number of programs have been renewed and some have been expanded, but on the whole Mahon feels this Congress can be characterized as an appropriations Congress.

Appropriations approved by the Congress this fiscal year will be less than were provided last fiscal year. This is good, Mahon indicated, but he cautioned that spending will be higher than last year. This results from the current expenditure of large carryover funds for the war in Vietnam.

In regard to a possible adjournment date, Mahon said that while the end is apparently in sight on money bills, the final adjournment date is still unpredictable.

Rep. Mutscher Making Visit To West Texas

LUBBOCK -- Rep. Gus Mutscher of Brenham, longtime Texas legislative leader, will be in Lubbock Friday and Saturday, Nov. 17-18, for a series of meetings with West Texas officials and other friends.

Mutscher will be the guest of Lubbock's three legislative representatives, Elmer Tarbox, Reed Quilliam and Delwin Jones.

The well known Texas lawmaker was among the first to announce for the position of Speaker of the Texas House following present Speaker Ben Barnes' decision to run for lieutenant governor. He now has enough pledges to assure his election to the powerful legislative post in the 61st session.

The Lubbock representatives will host a public reception for Rep. Mutscher at the Villa Inn from 5 to 6 p.m. Friday. Saturday morning he will tour South Plains College in Levelland and return to Lubbock where he will be the guest of Texas Tech President Grover E. Murray at the Tech-Baylor football game.

While in Lubbock Saturday, Rep. Mutscher will confer with representatives at a textile symposium at Texas Tech and other area leaders.

Rep. Tarbox, a long time friend of Rep. Mutscher, said he was "pleased to have him return to Lubbock for another visit."

TEXAS TELEPHONE USERS will share in a nationwide \$100 million interstate long distance rate reduction which went into effect Wednesday (Nov. 1). The chart illustrates the new, lower rates on interstate station-to-station calls. Maximum, three-minute charges on the weekday rate and after 5 rate have been lowered 25 cents. The after 7 rate has been extended from 8 1/2 hours to 12 hours and a new special dial rate from midnight to 7 a.m., seven days a week have been inaugurated. The after 7-weekend rate will apply all day Saturday and Sunday and also all day on five holidays each year.

CITY---

minguez made a motion that a variance be granted in the case "until the trailer house was paid for." He cited misunderstanding on both sides in making the motion.

Reasoner seconded and voted with Dominguez, Mosser and Bollinger voted against, and Mayor Cain broke the deadlock with a vote against.

Making statements before the commission were Reed and his attorney, Kenneth Bowlin of Lubbock, and city board chairman Don Crow, Planning & Zoning, and Bruce Pember, Board of Adjustment.

Crow pointed out that the P&Z Commission was "not a board of action, but one to interpret and recommend. The commission did not meet or make a recommendation because the question put to the chairman was clear, said Crow. It prohibits the use of trailer houses in the zone for rental purposes.

Pember reported that the board of adjustment met and heard the case, and sent it back to the last commission meeting without a recommendation. The board felt that the application for a variance should have been made to the board before the trailer house was moved in. It did add, however, that the city might consider reimbursement if the trailer had to be moved.

Reed told the commission that he had called the mayor before moving the trailer house and thought he was complying with city laws. His attorney stated there was no argument with the ordinance, but his client was pleading for equity after "making a sincere effort to comply" with city instructions as he knew them.

The attorney said he felt his client was due a variance from the zoning law or reimbursement if the trailer had to be moved. Aside from the legal question, the lawyer said he

Hogue Is Student At Azusa Pacific College

Ronald W. Hogue, son of Mr. and Mrs. H. S. Hogue of Slaton is a junior student and is majoring in music at Azusa Pacific College, Azusa, Calif.

Hogue graduated from Slaton High School in 1965.

Azusa Pacific College is a four year liberal arts Christian College, accredited by the Western Association of Schools and Colleges and the Accredited Association of Bible Colleges. Azusa Pacific specializes in training youth in eleven fields. Its graduates serve as pastors in more than 20 denominations, as missionaries on every continent, as public and private school teachers and in a number of other professions.

could understand why the city was concerned; "there are many violations of this ordinance," he added.

In the commission discussion, Mayor Cain said Reed did not mention his intention to rent when he asked about moving the trailer house on his property. City Atty. Carroll Smith said the purpose of the zoning ordinance was to protect the neighbors, and he felt the city was acting within the law.

In other action, the commission approved installation of a street light at 14th and Scurry. A request had been presented at the previous meeting and a study was made on the need for the light.

The commission also discussed the method of leasing or renting the city farm at the municipal airport site. No action was taken, but apparently the city will advertise for bids on a cash basis.

Phone Rates Cut On Long Distance

Texas telephone users will share in a nationwide \$100 million interstate long distance rate reduction effective Nov. 1.

The new rates were filed with the Federal Communications Commission by the Bell System last month.

Telephone users will benefit three ways under the new rates: 1. Lower charges on many calls, 2. Longer "time periods" and added days (Saturdays and certain holidays) and low rates apply.

3. A new "midnight to 7" special dial rate with a 75-cent maximum charge for a three minute call within the continental United States.

The total package features major reductions but has small increases for some interstate calls under 24 miles. Overall, it provides a savings to customers of \$100 million.

Intrastate calls (those within the state) are not affected by the new rates.

The new rates represent the 22nd major cost reduction since coast-to-coast service began in 1915. That first year, a call between New York and San Francisco cost \$20.70. Reductions followed, and by 1940 the day rate was \$4. The dramatic \$1 night rate came in 1963 for calls "after 9", followed in 1965 by "after 8". In this 52-year period, the consumer price index has tripled, but the lowest rate for a transcontinental call is now less than 1/20 of the 1915 level.

Here is a run-down of the new charges:

The 8 1/2 hour span of the present night rate will be extended to 12 hours. To be named "after 7 and weekend," it will extend from 7 p.m. to 7 a.m. each weekday, plus all day both Saturday and Sunday. At the longest distance, the rate is \$1 for a three-minute station-to-station call.

The "after 7 and weekend" rate also will apply all day on Thanksgiving, Christmas, New Year's Day, July 4th, and Labor Day. The effect in 1968 will be 109 days -- Saturdays, Sundays and Holidays -- when the "after 7 and weekend" rate applies during the entire day.

The present evening rate period will begin an hour earlier, becoming 5 p.m. to 7 p.m. each weekday and will be named "after 5." The rate for maximum distance will be lowered from \$1.50 to \$1.25 for the first three minutes of a station-to-station call.

Daytime station rates beyond 468 miles will be lowered and the maximum for a call across the country will drop from \$2.00 to \$1.75 for the first three minutes. The new "weekday" station rates will apply from 7 a.m. to 5 p.m. Monday through Friday.

A new "midnight to 7" special dial rate will be introduced

featuring a 75-cent maximum for a three-minute call across the country (beyond 354 miles). The rate will apply from midnight to 7 a.m., seven days a week, for three-minute station-to-station Direct Distance Dial calls (dialed by the customer) from non-coin phones, or station-to-station calls where DDD is not available. Credit card, collect, or other calls needing operator assistance will not be included.

Person-to-person rates will also be lowered. The maximum daytime rate for three minutes will drop from \$3.50 to \$3.30. After 5 p.m., the maximum will be reduced from \$3.00 to \$2.85 for the first three minutes.

Other reduced rates will include lowered WATS (Wide Area Telephone Service) rates, and reductions on some overseas service.

Included are rate increases for some interstate calls from 0 to 24 miles. None of these increases will be more than 5-cents for the initial period. These increases are needed to improve the relationship between costs and charges for short-distance telephone calls, a problem common to both the Bell System and the independent telephone companies.

Red Cross Cited

Mrs. Vera P. Drewry, local representative for the American Red Cross, has received an acknowledgment from the American National Red Cross thanking the Slaton chapter for its part in making "ditty bags" for servicemen in Vietnam.

The national quota was 160,000 with 1,000 allotted to Lubbock County. Slaton accounted for 25 of these.

The citation, dated Oct. 25, read in part "in grateful appreciation for generous and enthusiastic support of Operation Morale Builder, 1967."

OPENING VICTORY---Slaton's Tigerette basketball team opened the season on a victorious note Tuesday night, scoring a 53-30 triumph in the new high school gym. St. Joseph's Cagers Win At Southland

Both the girls and boys basketball teams from St. Joseph School came out victors Monday night in games played at Southland.

The 8th grade boys won by a score of 32-14 with Lloyd Kitten as top scorer.

Joyce Heinrich led the scoring for the girls victory of 19-11. Their team includes Mary Dworaczek, Karla Kitten, Marsha Bednarz and Joyce Heinrich, forwards; and Donna Kitten, Martha Piwonka, Juanita Schwertner and Judy Denzer, guards.

The boys team is composed of Jay Wimmer, Steve Mosser, Walter Denzer, Stanley Heinrich, Clyde Kitten, Bernard Kitten, Dwayne Buckemper, Lloyd Kitten, Leslie Melcher, Floyd Kitten and Mark Nesbitt. Next games are scheduled Monday night with Wilson.

Tigerettes Open New Gym With Win

Slaton Tigerettes initiated the new Slaton High Gym on a winning note Tuesday night, scoring a 53-30 triumph over Cooper girls.

Marilyn Davis led the Tigerettes with 18 points, while Linda Johnson and Barbara Bingham chipped in 12 and 10, respectively.

Slaton held a 26-19 lead at halftime, then put it out of reach with 21 points in the third period. Coach Gay Ivey used reserves freely. Jackie Clark had 9 points and Mollie Mitchell 4 to account for the rest of the scoring.

The Tigerettes posted a comfortable 47-21 advantage after three periods of play. Slaton hit 15 of 26 at the free-throw line, while the Cooper girls

hit 12 of 23. Rita Payne, Donna Hatchett, Marie Scott and Patti Neil were outstanding on the defensive side of the court for Slaton.

Leading Cooper was Beverly Robertson with 14 points, followed by Judy Dunn with 9.

Slaton scored a clean sweep, taking the preliminary junior varsity contest by a 49-28 count. Judy Eblen and Mary DeLeon sparked the home team with 16 and 13 point performances. Laura Basinger came on in the second half to tally 10 points.

Margaret Luker was high for the visitors with 10 points. Slaton led by 28-9 at halftime and by 38-19 after three periods.

Mustangs Seek Title, Host Ropes Friday

The district championship will be at stake when the Wilson Mustangs host the Ropesville Eagles Friday night.

Wilson needs a victory to protect its drive toward a title tie with the Meadow Broncs, since each has a 6-1 record in District 2-B. The Mustangs, however, beat Meadow by 6-0 and would earn the right to go to bi-district.

Wilson scored a 57-22 victory over Whiteface last week, while Meadow was romping past New Home, 80-0. While Wilson takes on the strong - finishing Eagles, Meadow will play Whiteface in the week's district finale.

The Mustangs appear to have the tougher task this week, since Ropes knocked off a strong Amherst team, 26-18, last week.

Wilson had an easy time with Whiteface, running to a 57-22 decision over the Antelopes last week. Quarterback Johnny Scott sparked the offensive attack with two touchdowns and passed for another.

Gary Moore, Gary Crews, Don Steen, Keith Weid, Delton Moore and David Lopez all joined the Mustang scoring parade.

Whiteface got a touchdown

in the second period, pushed across another in the third period, and tallied on an intercepted pass in the final period of play.

Wilson's only loss in district play was a 26-21 upset at the hands of Anton. The Mustangs' only other loss on a 7-2 season record was the opening 33-14 defeat to Class A Ralls.

Chiefs Defeat

Roosevelt, 27-0

The Roosevelt Eagles closed out the grid season at home last Friday against the District 4 - A champion Crosbyton Chiefs.

Crosbyton, already assured of a tie and playoff rights, took undisputed honors with a 27-0 victory over Roosevelt. It was the first grid title in history for Crosbyton.

The Chiefs wound up with a 9-1 mark and 7-0 in district. Roosevelt was 2-7-1 on the season and 1-6 in district play.

Crosbyton tallied three times in the first half, then added a third - quarter touchdown to notch the important triumph.

Southland Shares Crown

Southland's Eagles romped over the Wellman Wildcats, 42-12, Friday night to capture a share of the District 2-B eight-man football championship, but Dawson's Dragons won a coin toss to determine the bi-district representative.

Southland, Dawson and Klondike wound up in a three-way tie for the district grid title, bringing about the flip for the playoff spot. Southland scored a 34-20 victory over Dawson during district action, but lost to Klondike by 14-0. Dawson then lost to Klondike to throw the loop-into into a three-way tie.

Coach Bob Dyess' crew posted a fine 7-2 season record and the 4-1 mark in league action. Halfback Bill Bevers set a new school record, scoring 124 points this season. Bevers and Curtis Abshire, two seniors, had outstanding seasons.

In the closing grid action last week, quarterback Darrell Wilke ran for two touchdowns on 10 and 30-yard scampers, and he passed to end Joe Basinger for two more scores.

Bill Bevers scored twice, one run from 30 yards out and the other a short distance. Stanley Abshire and Larry Bevers ran for two-point conversions, and Wilke passed to Larry Lockridge to help run the final count to 42.

Curtis Abshire, Bill Bevers, Louis Flores and Doug Smallwood were outstanding on defense.

MORTON 3RD IN DISTRICT RACE

D.C. Hosts Olton Friday

District 4-AA wound up conference action Friday night, and the only news was that Morton won third place in the district race.

Denver City captured the title with a 5-0 record, rolling over Frenship as expected, while Morton took a 14-0 win over Post to claim third place. Stanton took fourth spot by downing Midland Carver, 33-6.

Slaton had already finished a week earlier, losing only to Denver City in taking runner-up honors in the league. D.C.'s Mustangs took a "clean" crown by whipping Frenship, 73-0.

Denver City won a flip of the coin on the bi-district game, and the Mustangs will catch Olton's Mustangs at home Friday night in a game set for 7:30 p.m. Olton is undefeated this season, but Denver City (9-1) will still be the favorite in the playoff game. The winner goes to regional against the Phillips-Quannah victor.

Slaton's Richard Washington not only led 4-AA in scoring, but was the top Class AA scorer in the area with 116 points in just 9 games. He scored 19 touchdowns and a two-point conversion. Benny Akin of Olton was second on the Plains in AA with 98 points, and Gary Hatfield of D. City totaled 79. Doyle Ethridge of Slaton was 7th in 4-AA scoring with 42 points.

The season marked Slaton's final action in Class AA football, since the Tigers move up to District 3-AAA next season. There's no place for consolation.

Continuation of AA rivalries either, since Slaton will have 10 district games in 1968.

Slaton's record this season (Tiger score listed first): Petersburg 19-0, Idalou 25-0, Crosbyton 20-21, Denver City 6-40, Morton 40-6, Post 38-0, Frenship 35-0, Stanton 21-0, Carver 58-0.

800 View Movie in City

A special Slaton showing of "The Restless Ones" drew about 800 persons in a three-night stand last week, it was reported by Bill Smith, local volunteer chairman of the showing here.

While the film was a production of Evangelist Billy Graham, the event was not church-sponsored in Slaton. A voluntary committee, representing several faiths, helped to direct the showing.

The film penetrated the thoughts and actions of teenagers and was recommended viewing for parents and teens alike. Committeemen said the film was "very favorably" received by local audiences.

DONALD E. MORRIS

Slaton Man Is Recognized

In a Navy newspaper recently released, Seaman Donald Earl Morris was recognized as the "Sailor of the Quarter". This is the Navy's way of recognizing enlisted men who display outstanding qualities of leadership, appearance, military smartness and efficiency in performance of duty.

Morris is the son of Mrs. H. L. Emert of Slaton and Leonard Morris of Lubbock. He is now stationed in Key West, Fla., on the Bushnell ship. He enlisted in the Navy in 1965 and took his boot training at San Diego and served about a year at Pax River, Md.

In the article it said "his diligence, competence and outstanding leadership qualities have earned for him the trust and respect of his shipmates. His excellent attitude toward the Navy and his high standards of military conduct leave nothing to be desired."

Mrs. Emert said he is scheduled for a 30 day leave the middle of December.

Mrs. Sam Reeves from Knox City visited in the home of Mr. and Mrs. George Privett last week. She spent some time with Mrs. Effie Privett in the nursing home. Mrs. Reeves is Mr. Privett's aunt.

Schuette Cited By Commander

Virginia Beach, Va. -- Aviation Electrician's Mate Third Class William M. Schuette, USN, son of Mr. and Mrs. Martin E. Schuette of Spearman, was cited by his commanding officer recently for his contribution to his squadron's safety program.

He is the grandson of Mrs. Rose Grabber of Slaton. Schuette's squadron, the Fighter Squadron 84 "Jolly Rogers", won the Chief of Naval Operations Safety Award for 1967.

The group logged 3,295 flight hours during the accident-free year and operated most from the attack carrier USS Independence in the Mediterranean. Flying the F-4 "Phantom" jet, the squadron competed with all fighter squadrons in the Atlantic Fleet.

Local GA's At Lubbock Meet

The GA's of Westview Baptist Church attended an association GA meeting last Saturday at Oakwood Chapel in Lubbock.

The group heard reports on the Baptist convention which was held in Lubbock.

The Westview GA's met at 4 p.m. each Tuesday at the church.

FREE AIR At Martindale's

This is the age of tension. Everyone lives in constant fear of bending an IBM card.

Then there was the stupid fellow who was taking a correspondence course. One day he decided to play hooky, so he simply sent in an empty envelope.

Greatly agitated, a mother rushed into a drug store carrying her young son. The druggist hurried over to ascertain the cause of her distress.

"The boy swallowed a 22 caliber bullet - what shall I do?" she cried. "Give him the contents of this bottle of castor oil," replied the druggist calmly, "but don't point him at anyone!"

Woman showing dented car to garagemen: "The fender's been acting up again!"
