IT IS YOUR RIGHT

To demand that the pharmacist who compounds your prescriptions use every possible care to get them right. Not only must he try his best to get them right, but he must do so.

No men, professional or otherwise, have a greater responsibility placed upon them than do druggists. Their working hours are long but they must be absolutely accurate. A moment's absence of mind might cause a loss of life. We only mention this to show you we appreciate the necessity of constant vigilance and alertness. We are not objecting to our hours though we would like them shorter.

We use every precaution to guard against error. Our prescriptions are all put up by registered pharmacists, and the items are always checked a second time as a safeguard.

HUBBARD'S

Your Money Back if Anything is Wrong

The Swine or the Flower?

Oh me! I saw a huge and loathsome sty,
Wherein a drove of wallowing swine were barred,
Whose banquet shocked the nostril and the eye;
Then spoke a voice, "Behold the source of LARD!"
I fled, and saw a field that seemed at first
One glistening mass of roses pure and white,
With dewy buds 'mid dark green foliage nursed;
And as I lingered o'er the lovely sight,
The summer breeze that cooled that Southern scene,
Whispered, "Behold the source of COTTOLENE!"

"Nature's Gift from the Sunny South"

COTTOLENE is a pure and wholesome frying and shortening medium, made from refined cottonseed oil. There is not an ounce of hog fat in it to make food unwholesome, greasy and indigestible. As evidence of its superiority, COTTOLENE received Grand Prize (highest possible award) at the Louisiana Purchase Exposition.

and Gold Medals (also representing highest awards in each case) at the Charleston Exposition, the Paris Exposition, and the Chicago World's Fair. In fact, in every case where COTTOLENE has been exhibited in competition with other cooking fats, it has invariably been granted the highest award.

THE SOCIETY REALM

Mrs. J. G. Merrill, Editor

The Tuesday Study Club held a delightful meeting this week with Mrs. Collier. The papers were very good indeed. Mesdames Ellis, Nettles and Jones were taken in as new members, thus giving the club a full membership. A number of visitors enjoyed the afternoon with Mrs. Collier. The entertainment to be given by the club at Mrs. Griswold's on Halloween for the benefit of the seniors piano fund promises to be both original and entertaining. At the close of the afternoon delicious salad, sandwiches, tomato aspic and coffee was served by the hostess in her own dainty manner. Mrs. A. L. Whipkey will entertain the club next week and a program on music will be given. "Music is love in search of a word."

Roll Call. Name of a composer. The Power of Music.—Mrs. Jones. The Story of a Composition.—Mrs. Vincent. Music as a Mothers helper.—Mrs. Schroeder. Instrumental Solo.—Mrs. Bass. Discussion. Ragtime music.

The Foreign Missionary Study met Monday at the church with Mrs. Blandford leader. The lesson was the missionaries of the time of Charlemagne and was very interesting. Bro. Dodson made a good talk and Mrs. Crockett's question box was very good indeed, as was Mrs. Griswold's paper. The next meeting will be held Monday at the church with Mrs. Carter as leader.

The Card Club met Tuesday with Miss Stonerod at Mrs. Bell's and the meeting was splendid. The royal prize was won by Mrs. Hubbard, the lone hand by Mrs. Radford and the guest by Mrs. Adams. Miss McMurry will entertain next week.

The Tuesday Study Club will entertain Halloween night at the home of Mrs. Griswold for the benefit of the senior class piano fund. A multiplicity of attractions are offered for the small sum of fifteen cents. Come out and enjoy a lovely musical and literary program, some brand new Halloween stunts and refreshments.

The Hesperian Club held a lovely social meeting Friday with Mrs. Collier. The lesson was very interesting and at its close a delicious salad course was served by the hostess assisted by Mrs. Annis. A number of Mrs. Collier's neighbors were guests for this period and all together enjoyed this part of the club. The meeting this week is with Mrs. Carter, where this program will be given.

Roll Call Foreign News. Leader—Mrs. Radford. Lesson Act. II. Talk. Fear as a dramatic element.—Mrs. Dupree. Sketch Dante. Youth and Public Life.—Miss Hallie Dupree. The Love Story of Dante.—Miss Jo Dry. Reading. The Death of Beatrice.—Miss Hughes. Discussion. Points in the lesson.

Mrs. W. L. Doss went down to Roscoe Friday to attend a recital given by Miss Etta's pupils that evening in her studio. The recital was very nice indeed, fully demonstrating Miss Etta's ability as a teacher and showing forth the talent of her eleven pupils most admirably.

Sunday was rally day at the Methodist Sunday school. There were 225 in attendance and interesting talks on the needs of the schools and what more could

be done to upbuild it were made by Mr. Basden, Prof. McDonald, Mr. Knott and Bro. Dodson. All mentioned the great need for more room for their classes and the need of a Sunday school room was put before all else in the welfare of the school.

The 21 Club was most delightfully entertained last week by Mrs. Leslie at Mrs. Sneed's. Mrs. Bromley won the red rose and Mrs. Ingram the bud. A delicious salad course with trimmings was most daintily served by the hostess. The meeting this week was with Mrs. John T. Johnson and was perfectly lovely in every way. The winners of the 42 game were Mrs. Bass and Mrs. Radford. The hostess was assisted in scoring and serving by Misses Lelia Whipkey and Mary Risinger. There were a number of guests present, those who did not play but visited with the club were Mesdames Roe, Elliott, Van Tuyl, McMurry and Crawford. At the conclusion of the game delicious salad, peas patties, sandwiches, olives and coffee were most temptingly served. The company then gathered in the dining room where on the table were placed some remembrances for Miss Hattie Thomas who on next Wednesday morning will become a bride. Miss Knott president of the club made a lovely little speech expressing the club's regret at losing Miss Thomas but wishing her all happiness in her new life. Miss Thomas gracefully thanked the members after which the packages were opened. There were dainty towels, hose, bags, collars, handkerchiefs and china to keep the memory of the pleasant afternoons spent with the 21 ladies alive in the mind of the departing member who has the very best wishes of all to attend her on her wedding journey.

Mrs. Bailey was hostess last week for the Wednesday Social Club and a very delightful time was had by all. Mrs. Bailey was assisted in entertaining by Mrs. Artie Bailey. At the close of the game tempting viands prepared in the skillful hostess' most pleasing manner were beautifully served. The club did not meet this week deciding to meet only the second and fourth Wednesday's during the next four months. Mrs. Blandford will entertain next week.

If you go to the Fair, don't fail to go to see the Mitchell county exhibit. It's in a horn plenty.

If ever Mitchell county makes an attempt to get up an exhibit at the Dallas fair, the dispiriting effect of this year's failure will be felt.

We can't understand why some republican paper (Wichita Eagle, e. g.) has not suggested that the candidature of Mr. Bryan be made permanent.

Now, Brother Whitley, of the Cisco Round-Up, we know just how it happened. That editorial from the Record was left to the tender mercies of a young compositor, and genius presided at the butchering. He overlooked the written suffix, "—Colorado Record."

'Rah for the magnificent exhibit Mitchell county was going to have at the fair, but didn't. 'Rah for the money that was spent to no purpose. 'Rah for the early blow and final fizzle! 'Rah for us pikers anyhow. We do things au fait.

Ever now and then we are reminded that the gentle arts of Dick Turpin and Yegg still survive. With all the means of quick communication and travel the bandits who committed the robberies at Gordon, gave the officers a run and a fight for their money.

We rise to a point of information. Who has the arranging of Press Day at the Dallas Fair? It has always looked like this corraling of the state press at the Fair at the very opening of the enterprise, smacked of an advertising dodge. The press gang returns home and is expected to shed ink and graphite galore inducing others to go. The advertising advantages are out of proportion to the courtesies extended. It is not a quid pro quo. However, there's no kick, s'long's walking's good.

Nearly a hundred years ago, a German scientist visiting the valleys of the Ohio and Mississippi rivers, predicted that in the distant future that section would be worn and washed out, be-

come the barren part of America. He foresaw the rapid deforestation of the land, the quick precipitation, washing away of the thin soil, filling-up of the small streams and leveeing the rivers. They thought him a fool at the time, but he had seen the same process and results in rich valleys of Europe and China.

The Record has printed the election tickets for several counties round about and the more we become acquainted with the intricacies, ramifications, involutions, evolutions and tortuous convolutions of the Terrell election law machinery, its bevel-gear edg and universal joints, the stronger are we convinced that it is wonderfully and fearfully made. Understand it? Holy smoke, no! Nor have we ever seen two humans who did understand it—alike.

An old negro testifying at the love feast concluded with this evidence of spiritual rectitude: "Whilst I was ersweepin'-out de sto' las' week fer Mars Jim, dere wus a par er sev'n-dollar boots hangin' right whar I c'uder tuck 'em 'thout bein' cotch. De ole devil say, 'take dem boots; you need 'em.' But I say, git erhind me Sat'n an' he hiked out." "Praise de Lord," loudly amended his hearers. Yesser, I zisted the devil an' he lef' me; den I tuck jist a par er two-doller brogans."

Even David, the sweet singer of Israel, lives today in sacred history, often in the shadow of his illustrious son. Solomon out-classed the old man on all points, particularly with impressionable women. Whereas David coveted the wife of Uriah, Solomon, at the frisky age of 75 was hardly content with 300 in vinculis matrimoni, but contrived as a side diversion 600 more for bed and board. No wonder then the Fort Worth Record mixes father and son. Hear it:

"When Solomon said that all men are liars he was trying to ease his conscience for what he had to do with so many wives." When Solomon said that! O well, blind Homer sometimes did nod.

STILL DOING A LITTLE

The Record has been quite busy this week printing election tickets. They are veritable blankets, eight full 13-em columns wide and 22 inches long, and contains the nominees of the democratic, republican, prohibition, people's party, independent, labor-socialist and socialist parties, besides a blank column for the sorehead vote. The Record has printed the tickets for Scurry, Garza, Dawson, Glasscock, Ector, Borden, Reeves, Kent, and Fisher counties. Next week we will print the tickets for Mitchell, Nolan, and several other counties. We have several books in press, 10,000 townsite circulars, the city delinquent tax list, 6000 checks for the Westbrook bank, 10,000 checks for the City National Bank, besides a good run of smaller work.

NO APOLOGIES FOR THE DESERT

The western fever has a hold in east Texas—in fact it has reached the proportions of an epidemic. There is but one cure for a malignant form of this malady, and that is a year or two in the west. As a rule it cures.—Huntsville Post-Item.

How like a provincial! Wake up man and look at the signposts. You've been slipping a cog for a quarter of a century. You are just like Daniel Webster—in his mistakes. Years ago he stood in the halls of our national congress and declared that all that empire west of the Missouri river was a desert, more hopeless than Sahara. He took nature in that day as he found it. He did not know the deserts and semi-arid lands are the most valuable and fertile in the world.

Where did the great civilizations of antiquity arise? In the fertile deserts. Egypt, Syria, Palestine, Persia, Arabia, north India and Africa, were all arid lands. The Incas of Peru, the Aztecs and the Toltecs of Mexico reared their civilizations and amassed their fabulous wealth upon arid plateaus. The history of the Jews is the achievements of a desert folk. Within the encircling walls of the desert they evolved their national and religious consciousness. Out of the desert sprung all these as the water gushed from the rock at the blow of Moses.

The desert is most fertile because it is a savings bank without any withdrawals. Plants need lime, potash, magnesia, and other foodstuffs, just as we need animals and plants. Now in the humid lands, such as are in the eastern states and the coastal lowlands of eastern Texas, the rains have fallen for untold thousand of years and washed out the food of the plants. But in the arid lands the rains have fallen sparingly or not at all. Government reports inform us that some of the land of west Texas contain three times as much potash, six times as much magnesia, fourteen times as much lime as the humid lands of the east. The arid lands are inexhaustible storehouses of food for the plants for thousands of years to come, and the triumphs of engineering skill is daily repeating the miracle at the rock. The drill and centrifugal pump are the magic wands that make the waters gush from any rock, however hard; boil from any sand, however dry, releasing the latent and subtle forces that "plant the rose of Sharon there" and make the waste places glad.

And like the eagle, the desert under irrigation renews its own strength. What the growing plants take from the soil is given back in the form of nitrogen. The desert has ever been a symbol of mysterious power and unharnessed strength; in whose bosom nature has hidden the most valuable of her treasures, but they are yielded up only to men with iron in their blood, brains in their heads and a steadfast faith in their hearts. Men who can combat and subdue. Of the hordes who come, these kind remain and build an empire. The weaklings who progress only on lines of no resistance, "get cured" and stampede. They see only the sons of Anak in a "land that eats up the inhabitants"

For your MEN who can make good, the Desert offers welcome and golden opportunities. As for the "cureable" kind—chain 'em in the hospital.

The crop of "bright prospects" in west Texas was never as good as the present one since the hilarious days of 1881. It includes various utilitarian schemes, but runs mostly to railroads and toadstool towns. Its a safe crop for this country, being independent of both rain and dew.

It's highly appropriate that epitaphs should be in a dead language.

THE PROPOSED AMENDMENTS

As a rule, unless a proposed amendment to the state constitution is to heal some defect in the organic law, or is of unquestioned benefit, better give the constitution as it stands the benefit of the doubt. The more that charter is tinkered, the easier and more dangerous tinkering becomes. Heretofore the great majority of the proposed amendments have been utterly unnecessary; many of them burdensome, and a few manifestly vicious and hurtful to certain classes of our citizenship. The three amendments to be voted on at the coming election are intended to adapt our organic law to our rapid development and enlarging needs. There is nothing revolutionary about them.

The most important is that to Section 3, Article 7, relating to public schools. It authorizes local self-government to be exercised by the people of the respective school districts of the state, in providing for better schoolhouses, in securing better teachers and lengthening the school term; and will abolish the two-thirds rule and substitute therefor the majority rule by the people, and give the children of the farmers educational advantages equal those who live in the towns and cities.

The second proposed amendment is for the division of counties into judicial and police districts, fixing term of office and constituting county commissioners' court.

The third amendment proposed is to raise the governor's salary to \$8000 per annum and that of the lieutenant-governor to \$2,500 per annum. The most penny-wise and pound-foolish economist can not object to this proposition. With a term of only two years, the heavy cost of a state canvass and the onerous duties of the offices, the increase would be but reasonable, and would attract the best material in the state.

Colorado, Texas

WILL COLORADO DO IT

Secretary O. P. Thomas of Abilene is mailing out letters to all the club secretaries in west Texas and among other things he says:

"The next meeting of the association will be held in Colorado, Texas, on Tuesday, December 8th, 1908, and an elaborate program both for the entertainment of the visitors, and the subjects to be discussed is being arranged. While the attendance lately has averaged 300 to 600, it is expected to have a thousand in attendance on this meeting, and it is therefore important that each town affiliated make their arrangements to bring large delegations to this meeting. Special men will be on hand representing a large number of newspapers to record the proceedings and help us in their usual liberal manner in pushing the good work of our organization."

Colorado must not sit still and fail to properly entertain this body of men when they meet here. The Record suggests that we hold the meeting in the Opera House and enlist the ladies of Colorado to help entertain with a good program of local talent. In the evening an automobile ride should be given out to the Salt works and Seven Wells and a regular old fashion supper spread. Our club should hold a meeting at once and appoint a strong program committee. Colorado should spend at least \$100 to entertain the association here in December.

THE BEST BARGAIN YET

I am offering the best bargain in a 320 acre tract of land 4 1/2 miles north of Lorraine to be found in the west. 130 acres in cultivation, 4 room house, well fine water, new windmill, barn, 280 acres tillable. Price \$25.00 per acre. \$3000.00 cash, balance 6 annual payments. Will take as part payment good mules, steers or stock cattle at cash values. L. E. LASSETER, Owner. 10-2 tf. Colorado, Texas.

A REALTY TRADE

Quite an important realty deal was made last week in which Claud Gill traded 196 acres of land east of town, and the residences occupied by himself and Vic Payne in Colorado, to Geo. Root for his 160 acre improved farm 3 miles south of town. Messrs Gill and Payne with their families will move out to the Root place and Mr. Root and family will occupy the Gill residence in Colorado.

You needn't look for it when you go to Dallas; it isn't there. We are too chinchy to get up any thing for the Great Fair except Pikers and Suckers. We are great on "starting things," but lack that steadfastness of purpose, that commands success. While visitors to the fair from many West Texas counties, of much less importance than Mitchell, point out with patriotic pride the exhibits of their own counties, visitors from Mitchell county must remain dumb as a clam. They have no part or parcel in it.

Abilene, Tex., Oct. 15.—The Abilene candy factory started yesterday afternoon and will run on full time from now on. It will have a pay roll of some twenty people. This is the first manufacturing enterprise of any consequence to be established here.

THEATRE TALK NO. 2

It pays to wait after all, for the good comes in time, even in the drama, bringing a splendid recompense for some of the "cheats" you have had.

"Monte Cristo" which comes to town pretty soon is a play that can be seen again and again by those who have souls to feel the spell of real romantic drama. IT RANKS AS ONE OF THE GREATEST DRAMATIC TRIUMPHS OF THEATRICAL HISTORY, both artistically and financially. It has had phenomenal success throughout the entire world and will live in the annals of the stage as one of the highest examples of dramatic literature. HOWEVER MERITORIOUS A PLAY WITHOUT AN INTELLIGENT CAST, an artistic and effective production is impossible. No pains or expense has been spared to get the best. Young, bright, intelligent, resourceful actors have been selected in each instance, with express reference to adaptability to the parts assigned them.

Real Romantic Drama

The American people are broad gauged and liberal minded. They are ready to hear any remarks, listen to any song, read any book, see any play, try anything new, and they pass their verdict promptly and infallibly. ANYTHING THAT BECOMES POPULAR IS GOOD, AND NOTHING CAN BECOME POPULAR THAT IS NOT GOOD. The people never make a mistake. Newspaper advertising will induce the readers to try anything that's advertised—once. MERIT DOES THE REST. A shining example of this principle in that of the romantic play, "Monte Cristo" which will be presented in this city soon. This play has been produced season after season for seventy years. IT MUST BE MERITORIOUS DON'T YOU THINK? USUAL PRICES WILL PREVAIL.

Keep up Appearances

This store is run on the theory that the majority of young men want stylish clothes—that they're as jealous of their appearance as any young man, anywhere.

Average clothing, the kind we don't sell, is made in a rush and in large quantities; like they turn out castings in an iron foundry or cut boards from a log in a saw mill. One garment is like another; no individuality; nothing distinctive, inside or out.

Between such clothing and that we sell there is all the difference of ordinary and superior tailoring; and this is the same in clothing as the difference between hot air and live steam in a locomotive.

Each garment we sell is separately made with special care. The tailoring of each part is an operation by itself. This is the foundation of good clothes. Style depends upon it; so does shape and wearing quality. So does appearance.

PIERCE MUST RETURN TO TEXAS

Washington, Oct. 19.—In the extradition proceedings of H. Clay Pierce of the Waters-Pierce Oil Company, of St. Louis, versus Chief of Police Creecy of that city, the supreme court of the United States today denied the application of Pierce resisting removal to Texas in connection with the prosecution of his company on the charge of violating the Texas anti-trust laws. The petition for re-hearing was based on the contention that the court's decision was turned on points as to whether Pierce has taken false oaths, which it is declared had not been argued before the court.

TIME TO PAY UP

The Record has nearly 800 farmer friends on its list who owe from \$1 to \$2 each for subscription. We have thus far said but little about paying up, as we knew there would be no money until crops began to move. But we now urge our friends to remember the Record when squaring up. Our city list is practically paid up and about half of our country subscribers are paid in advance. Now if the others will just drop in on the editor and call for a receipt, it will make him smile long and loud.

WATER BONDS TURNED DOWN

Those sterling citizens of prosperous Merkel who worked day and night and fought tooth and nail for the issuance of \$25,000 in bonds, with which to erect a waterworks system in Merkel, had faces as long as the proverbial lath last night when it became known that the bond issue did not go through. The polls closed at six o'clock, and immediately after closing an anxious party of citizens, both for and against, clustered about the polls waiting for the returns to come in.

There were two hundred and twelve votes cast, of this number the issuance people secured a hundred and four, not quite enough to elect.

An Interesting Budget of News from our Enterprising Neighbor to the East.

BY MISS IRENE GARLAND.

Miss Ruth Elliott who is attending school at Sweetwater came home Saturday to spend the Sabbath with her parents.

Miss Stella Britton who is going to school here visited her parents Saturday and Sunday.

Miss Mattie Morris has returned from a visit to Roscoe.

Ney Sheridan was called to Grapeland Friday by a telegram announcing the serious illness of his mother, on reaching Mineola he telegraphed ahead and the answer came back that she was dead. She was about seventy years of age, but has enjoyed the best of health until this last fatal illness. Mrs. Sheridan visited her son here about a year ago and made many friends who deeply sympathize with the bereaved ones.

Mrs. Fred Morris and little Fred returned Thursday from Fort Worth where they have spent some time with Mrs. Morris' mother, Mrs. Blanton.

A fine rain Sunday night settled the dust and evened up the long tried temper of our people. B. L. Cooper of Colorado made a business call to our little city Thursday.

We are glad to state that Miss Mary Gregg who has been quite ill is much better and it is hoped will soon be among her friends.

Earl Jackson, who is employed in the tax collector's office, came down Sunday and spent the day with his parents.

The new opera house will be completed in a few days. The first play to be presented there will be the temperance drama "Dot or One Glass of Wine" by home talent. The young people have been practicing for some time and will have it ready by Nov. 26. The proceeds will go for the benefit of the opera house, lighting and seating the hall. Music will be furnished by orchestra, specialties of songs, dances and other amusing features will be introduced between the acts. All who read this are requested to come and see and we promise you a delightful evening.

Mrs. J. N. Allen has been very sick several days this week.

Tom Sailors who is employed at the farmers union gin sustained a very painful wound on the head caused by the piston rod of his engine striking him, cutting an ugly gash, but for the leather cap which he wore at the time there is no doubt that he would have been killed. Dr. Beck dressed the wound and the young man is again about his business.

Joe Arant and family who have been living on J. M. Baker's place, moved to Judkin last week.

Mrs. Ed. Leggott spent Friday shopping in the city.

Mrs. W. J. Robertson and mother Mrs. Barnett spent Saturday in the city the guests of Mrs. Lee Walker.

Misses Merrell and McMurry entertained the Round Table Tuesday evening at their rooms at the home of Mrs. Hollingsworth, on College Heights. The minutes of the last meeting were read by Miss Pratt. Current events were given in answer to roll call. The lesson was Act III "Merchant of Venice." Miss McMurry leading.

The "Kimona Klub" held its fortnightly meeting with Mrs. J. Lindsay Long on Lightfoot street Thursday afternoon and the usual daintily Kimoned young matrons lent their sweet

voices to the melody of the hour. Can anything more beautiful or comfortable be imagined than this sisterhood of Kimonadom? And can anything more pleasant transpire than these afternoons spent together. Mrs. Long entertained the Klub delightfully and added another interesting page to its history.

A new fraternal order known as the Pretorians organized at the Woodman hall Friday night under the leadership of Mr. Olsen who has been here some time in the interest of the same. There were twenty-one members three of whom were ladies.

G. W. Willingham of Champion was in town Tuesday with two bales of cotton.

Mr. Goodman of Houston county is the guest of his daughter Mrs. Hallmark.

John Prude of Colorado made a business trip to the city Tuesday.

Wirt Bloom entertained his Sunday school classmates at his home on the Prude ranch Tuesday evening. The young folks all had a most delightful time.

Mr. and Mrs. Hendricks of El Paso are guests of Mr. and Mrs. J. W. Lightfoot.

Miss Winnie Davis has resigned her position as saleslady for W. L. Edmonson & Co.

Religious services were held as usual at the Baptist and Christian churches Sunday notwithstanding the high wind and cool weather.

AN AMERICAN HOBO

Carmen people who failed to attend the play at the opera house Wednesday night, missed a rare treat. The comedy drama "An American Hobo," was presented by Robert A. Neff, supported by an excellent company of artists. The house was filled and all present were charmed with the fine acting. Carmen has never seen a better actor than Neff, in the character of a tramp. It is safe to say that if Bob Neff ever visits Carmen again, he will be greeted with a packed house.—Carmen, Okla., Headlight. At Opera House tonight. Prices 50c. and 35c.

TEN CENTS TO STOP THAT ITCH

How Easy to get Relief—Instant Relief—from Skin Disease.

Is it worth 10 cents to you to stop that awful, awful agonizing itch?

If you are afflicted with skin disease, the kind that seems to baffle medical treatment, and leaves you wild with itch, we hope you will not fail to investigate a prescription which is now recommended by many of the best skin specialists, even in preference to their own prescriptions. It is the simple soothing oil of wintergreen compound known as D. D. D. Prescription. A 10 cent trial bottle must convince you that the itch is instantly allayed by this prescription. Get a liberal trial bottle of the healing, soothing external remedy, D. D. D. Prescription—and see!

We feel quite sure that before long you will be cured, and at any rate we know—KNOW POSITIVELY—that your itch will be allayed instantly, the minute that soothing liquid is applied to the skin. W. L. Doss, Druggist. Write direct to the D. D. D. Co., 112 Michigan St., Chicago, enclosing 10 cents for the trial bottle.

That "Monte Cristo" still hold its own and sways its old fascination over the theatre going public is proven by the remarkable success of Wm. H. Lemle as Edmund Dantes in Fred G. Conrad's production of that play. Mr. Lemle is now in his third season appearing in that part and bids fair to rival Mr. Chas. Fletcher and James O'Neil in reputation as Dumas' romantic hero. Mr. Lemle will appear at the Opera House.

MADE HIM DO BOTH

We have seen actors who could make us laugh, and those who could make us cry, but Robert A. Neff as the American Hobo is the only actor that made us laugh and cry at the same time. As an actor he is far superior to any that ever appeared before a Pond Creek audience.—Pond Creek Vidette. Opera House to-night. Prices 50c. and 35c.

HOUSE PARTY

Miss Anna Gage is entertaining a house party until Thursday. The young people who are her guests include Misses Isla Bess Looney of Colorado, Texas, Nellie Day of Rhome, Elizabeth Wheelless of Shreveport, Georgia Smith of McKinney and Ruby Scarborough of Fort Worth.—Ft. Worth Record.

To-night at the Opera House that eminent comedian, Robert A. Neff presents the great comedy success "An American Hobo." He is supported by an excellent company. The play is replete with high class musical specialties. Prices 50 and 35c.

GOOD HOME RECEIPE

Get from any prescription pharmacist the following:

Fluid Extract Dandelion, one-half ounce; Compound Karagon, one ounce; Compound Syrup Sarpaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered as the most certain prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts on the elementative tissue of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the affliction may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose reputation, it is said, was established by it.

A druggist here at home, when asked, stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

Mrs. Sam Majors returned home this week she had been visiting last week in Big Springs and attended a society wedding; Sam going over there on Friday last to attend the wedding also. Mrs. A. S. Coe was also present and is extending her visit to Odessa.

The lease contracts at the Record office are the best; get one.

Of all the romantic stories written, there are none more absorbing than Dumas' "Monte Cristo" and as a play it loses not one whit of its fascinating interest. Edmund Dantes, the hero, appeals to every boy, man and woman, and many a man can remember as a boy when he hustled up his errands and chores or shirked them in order to pore over the pages of "Monte Cristo." Edmund Dantes is not a hero that wraps the minds of boys or leads them astray seeking adventures, it rather elevates their minds and ideas of life. Edmund is an ideal hero and many a matinee idol owes his reputation to the part of Edmund Dantes, but Mr. W. H. Lemle of Fred G. Conrad's production of "Monte Cristo" is not a matinee idol but an ideal Edmund Dantes physically, mentally and temperamentally, he is fitted for the part and is winning golden opinions from all sorts of people. "Monte Cristo" will be at the Opera house.

ADVERTISING AXIOMS

Every business man in Mitchell county should read these points on advertising.

Don't skip around from one newspaper to another. Success in advertising comes from hammering away at the same crowd.

An eight-inch advertisement in one newspaper will bring much bigger results than a two-inch advertisement in four newspapers.

The fact that your advertisement appears continuously in a reputable newspaper like the Record stimulates public confidence. Your shop advances step by step in the estimation of thousands of people who may be months getting around to make their first purchase.

Your advertising is not a thing apart from your enterprise. It is your enterprise; a contagion which yourself creates and which if thoroughly spread, is as enduring as the everlasting hills.

You can talk to at least three thousand people every week through the Record and make your talk as personal as you wish. You need not employ an interpreter or use a megaphone. Simply talk. That's all. Be sincere about it. Let your words ring true. The people will listen. They like it.

A good business firm should spend as much for advertising as they do for rent each year.

The backaches because the kidneys are blocked.

Help the kidneys with their work.

The back will ache no more. Lots of proof that Doan's Kidney pills do this.

Mrs. Z. Mullins, living near court house, Big Springs, Texas, says: "I have suffered from kidney ailment for years and the doctor who examined me, pronounced it a severe case. No one knows what I have suffered at times from the dull, bearing down pains in my back which were sometimes almost unbearable. The secretions from my kidneys were irregular and too frequent. I was also troubled with a palpitation of the heart. Seeing Doan's Kidney Pills advertised I procured a box and their use did me an immense amount of good and I believe if followed up they will completely cure me. I unhesitatingly recommend Doan's Kidney Pills."

THE PRIZE COTTON

This week a single stalk of cot-
ton was brought into town which
for size, vigor and number of bolls
surpasses anything we ever saw
outside the river bottoms of Ar-
kansas and Mississippi.

It was raised on the Baldwin
farm by W. S. Garrett, in the
south-east corner of Mitchell
county. It is 7 1/2 feet high, with a
spread of 6 feet and contains 343
bolls. The stalk had a diameter
of 2 inches and it required two
men to carry it out of the field.
It was from a 100-acre patch
that will make 40 bales. The
stalk is on exhibition at the Re-
cord office.

COTTON REPORT

Cotton has been coming in steady
all the week and selling at
8 1/2c to 8 3/4c and some going
as high as 8.87 1/2c. Up to Thurs-
day morning the Fields yard had
weighed 1444 bales and the Far-
mers' Union warehouse 494, mak-
ing a total of 1938 bales to date.
On this date last year there had
been weighed 1558 bales.

Fred Guinn went to Dallas this
week to look over the holiday
market.

J. R. Collier is now to be found

Mitchell County Real Estate

The greatest advantage this country has over others is the
amount of land one man can cultivate. One man with an ordi-
nary team can easily put in 100 acres and not have to work as hard
as he would on 50 acres in East or Central Texas.

The average cotton crop for past five years, one-half bale
per acre. Average maize and kaffir corn crop, 50 bushels an acre.

This climate and soil is unsurpassed for fruit and vegetables,
melons, tomatoes, sweet potatoes and all vine products do ex-
ceedingly well.

- No. 1. Is 5027 acres of land in El Paso county, near Plateau, all fenced, with a small residence, shallow water, 50 per cent tillable land, one year lived out on the land. Goes at a bargain at \$1.50 per acre bonus. Easy terms. Will take any kind of trade.
- No. 2. Is the HS ranch, 6,220 acres, 100 in cultivation, all under fence, three-fourths tillable land, plenty of timber, fine water, tanks and running streams all the year round. This is a splendid ranch bargain and is also suitable for farming. It is five miles from railroad station. This splendid property is thrown on the market at the sacrifice price of \$8.00 per acre. Terms cash. Warranted deed.

The Swine or the Flower?
Ah me! I saw a huge and loathsome sty, wherein a drove of wallowing swine were barred,
Whose banquet shocked the nostril and the eye;
Then spoke a voice, "Behold the source of lard!"
I fled, and saw a field that seemed at first One glistening mass of roses pure and white,
With dewy buds 'mid dark green foliage nursed;
And, as I lingered o'er the lovely sight, The summer breeze, that cooled that Southern scene,
Whispered, "Behold the source of COTTOLENE!"
