OPEN HOUSE HELD AT SCHOOL INCLUDING P-TA MEETING

The P-TA meeting Thursday night was attended by a large crowd. The meeting was opened with prayer by M. J. Davis. The first six grades gave a program. Guest speaker Marvin Amerson, superintendent of Mt. Pleasant schools, said three things are important in bringing up a child: Home, church and school.

The business meeting was called to order by P-TA President Bill Miller. In the absence of secretary, Mrs. W. A. Richardson, Mrs. Lyndon Reed read the minutes. Mrs. A. E. Foster gave the treasurer's report. Mrs. V. P Gipson was appointed chairman of the nominating committee, Mrs. Leon Shoffner and Mrs. W. S. Richardson.

Mrs. Dan Cotten gave a report on eye examination. Mrs. Elma Chaloner won room count for elementary. Freshmen won for high school. After the meeting was closed with prayer by Delbert Ballard, refreshments were served in the cafeteria.

Prior to the PTA meeting, open house was held, where patrons toured the building, surveyed work being done by the students and visited with the faculty. High school students served as hosts and hostesses through the week, and on Thursday night, welcoming and registering visitors who called during Texas Public School Week. 132 people were registered during the week.

Talco Masonic Lodge did much to make Public School Week a success, as they worked with the administration in advertising, encouraging, and by their whole hearted cooperation, and attendance.

The project committee reported on the progress of the eye examination being given the students by Dr. L. D. Lawler, optometrist of Mt. Pleasant. Every student's eyes will be checked thoroughly, and a direct report made by the doctor to the parent, if defects are found needing attention. This has been the sponsored project of the P-TA for this year.

Mr. Miller, along with Supt. Young urged persons who are interested in the schools of Texas and are interested in seeing a better Legislative program enacted for schools, to contact their senator and representative, asking their support of bills affecting the schools. Better schools always involve the spending of State money to make it so, thus the senator and representatives need to know the desires of the people as to waht method they feel best to make this possible. Those present were urged to write immediately to Senator A. M. Aikin and ask his support of Senate Bill No. 5, and to Rep. J. V. Adams asking his support of House Bill No. 22. Any one desiring further information as to what is included in these bills, are asked to contact either Mr. Miller or Mr. Young, and information and materials explaining them will be furnished.

Mrs. Elma Chaloner's fifth grade, and the Junior class in high school won the room count for the most parents present.

A demonstration of the type of work being done in the music department was given for the instruction and entertainment of the group. These demonstrations were directed by Mrs. Ed Wolfe, formerly with the music department, and Ed Wolfe, band director.

Mrs. Kenneth Hall of Mt. Vernon, a new teacher in the music department was introduced and welcomed by Mr. Miller. Mrs. Hall replaces Mrs. Wolfe who recently resigned.

Mr. and Mrs. R. W. Sanford and Mrs. Vernon Williams of Mt. Pleasant, will attend the funeral of Mrs. Ira Huddleston of Penile, Thursday. Mrs. Huddleston died of a heart attack Wednesday. She is the sister of Alex Sanford.

Seek Prevention Cattle Theft in Northeast Texas

A meeting will be held in the court house at Mt. Vernon on Monday night, March 16, at 7:30 o'clock to discuss cattle stealing in Northeast Texas.

All citizens interested in cattle thefts are invited to attend this meeting.

The FBI will discuss their jurisdiction and functions in cattle thefts. The Texas Rangers will discuss State laws, preventing thefts. Texas and Southwestern Cattle Raisers Ass'n will discuss their functions and brands and records.

All sheriffs of joining counties will be present and it will be a short and informal meeting, says Franklin County Sheriff J. E. Tittle.

Lon Jones Takes Work at Star

A card from Lon Jones asks that the address of his Talco Times be changed from Abilene to Star, Texas, and gives this information:

"We moved to Star on March 3 to begin preaching full time for the church here."

Minister Jones had been working in a bank at Abilene and attending college there.

Cold Wave Brings Thunder Storm And Little Rain

A fast moving cold wave swept across this section early Wednesday morning. Preceding the cold snap was overcast skies and an electrical storm Tuesday night which carried a tornado alert for several hours.

A strong wind, accompanied by rain and hail hit this area Sunday afternoon. Deport's rain gauge showed .14 of an inch, while south of town precipitation was much heavier, and some hail. The wind damaged a cattle shed and partly unroofed a barn at the Luther Wright place in the Lone Oak community.

A heavy rain on Wednesday night of last week measured 1.70 inches at Deport and brought to a halt all farm operations. This brought the total rainfall for March to 1.74 as compared to 3.12 at the same time in 1958.

Showers have brought only .3 inch of rainfall to Bogata since Wednesday night of last week when 1.3 inches of rain halted farm work. Texas Power and Light Company's Rivercrest reported 2 inches of rain the past week, starting midnight Wednesday, March 4.

SULPHUR BLUFF CATTLEMAN DIES

Final rites were held at Sulphur Bluff for Earl Smith, 59, Hopkins County stockman and member of a pioneer family. He died while inspecting cattle at his ranch.

Survivors include his wife; a daughter, father and five brothers.

Mrs. Clifton Russell and boys, Rickey and Rocky of Mt. Pleasant, visited her parents, Mr. and Mrs. J. R. Lewis, Saturday.

Oil Test Will Seek Glenrose North of Sugar Hill Field

Scott Brothers & Kittrell, Tyler combines, is preparing to start No. 1 Horton as a 5,650-ft Glenrose test 8½ miles east of Talco and a mile north of the Sugar Hill Paluxy pool. Drillsite is 376 from the northerly east line and 330 from the northerly north line of TC survey, A-663.

The above location also is about 8,500 feet southeast of the 1-well Trix-Liz Woodbine pool where R. E. Moore and W. M. Coats No. 1-B Hoffman, J. Prather survey, is in process of completion from the Dexter zone at 3,788-91, or about 100 feet below the discovery pay. The confirmer is being rigged to pump after heading at the rate of 60 barrels daily through quarter inch choke.

East of Talco over a mile, R. S. Peveto No. 1 Katherine Gaddis, John Nugent survey, has been abandoned at 5,334 after apparently testing the Glenrose.

In the 1-well Maple Springs Glenrose pool five miles northeast of Talco, American Petrofina Company No. 2 Lilienstern-Hoffman, J. P. Wilson survey, was last reported idle for orders at 7,046 feet. The well is said to have missed pay indication in the Woodbine and may have missed the 5,400-foot discovery pay.

Abandonment is reported for Coats Drilling Company No. 1 M. E. Skelton, James Poer survey, three miles southeast of Simms, in Bowie County. Hole went to 4,600 in the Paluxy topped at 4,066 feet.

TITUS COMMISSIONERS VOTE RAISES DESPITE OBJECTIONS

Commissioners Court Monday voted salary increases for elective officials despite stiff opposition of a packed crowd in the district court room. The Mt. Pleasant Times gives the following report of the meeting:

The Monday action was a reaffirmation of increases voted by the court in January, later declared to have been done illegally, in that no prior public notice had been given of the court's intention.

Judge Taylor called the meeting and asked for comments from anyone desiring to be heard.

One man asked what happened in the sheriff's office, obviously referring to a recent dispute which arose between then Sheriff Paul D. Brown and the Commissioners Court, in which Brown resigned in protest to a reduction in personnel in his department.

Taylor said that was a closed matter and not open for discussion at this time. He then added that a Texas Ranger and two highway patrolmen are located here, and they and the city's eight patrolmen do about 80 per cent of the law enforcement work of the city and county. Besides, he stated, a constable was appointed in the place of the deputy sheriff that was dismissed, and he felt the county's law enforcement personnel adequate.

Taylor then called for a motion from the court that salary raises be made in accordance with its January action.

Commissioner Holly Banks then made such a motion and Eugene Mankins seconded it.

It was then passed by a unanimous vote of the court.

Taylor, pointing out that it is not mandatory that he vote except in case of tie votes, said he wanted to go on record as favoring the raises, and cast his vote affirmatively with the four commissioners.

Bascom Perkins, Mount Pleasant attorney, then took the floor and spoke against the salary raises, saying that if the county officials found it difficult to live on their salaries, their office employes and deputies, who have not received a pay raise in seven years, must surely find it equally as difficult.

He suggested that the raises should be made to include all county employes and that it should be on a percentage basis.

Perkins concluded his talk by making a similar plea for the taxpayers, saying that they, too, were affected by the cost of living as much as anyone else. He was roundly applauded and cheered by the packed courtroom.

Another Mount Pleasant man then asked for a show of hands of all opposed to the salary increases as just voted by the court. An estimated 90 per cent or more raised their hands and again cheered.

Judge Taylor then closed the 15-minute meeting by stating that county records are open at all times to any citizen of the county desiring to examine them.

Ike Places Control On Oil Imports

President Eisenhower Tuesday ordered mandatory controls placed on foreign oil imports, a move long and vigorously sought by a large segment of the Texas oil industry.

The action came as a result of rapidly mounting imports of finished petroleum products in recent months and refusal of a few companies to comply with the voluntary program begun in 1957.

Eisenhower expressed regret that "the actions of some in refusing to comply with the request of the government require me to make our present voluntary system mandatory."

He said the new program was designed to insure, "a stable, healthy industry" in this country.

Prior to the President's proclamation, there had been no restrictions on imports of finished products, such as gasoline. The mandatory program will hold imports of these products to the 1957 level of about 60,000 barrels a day.

Storey Receives 2nd Nomination Deport Postmaster

President Eisenhower has sent to the Senate the name of Thurmon O. (Pete) Storey to be postmaster at Deport.

Storey has been acting postmaster since Jan. 1, 1957, when he succeeded C. H. Nobls, who had served as Deport postmaster for 23 years.

The president nominated Storey eleven months ago, but his nomination was not confirmed by the Senate.

Deport, Bogata and Talco now have acting postmasters. Storey of Deport and L. R. Miller of Talco have received second nominations. Earl F. Stubblefield of Bogata, was nominated three weeks ago.

Attending district Brotherhood meeting of the First Baptist Church at Daingerfield Monday night were Rev. James Schafer, Jack Mills, Ellison Hobbs and Dewey Howard.

MARCH came in like a lamb, but a few days later it discarded the sheep skin and in its place appeared the shaggy mane of a lion. Rain fell almost horizontal and below freezing temperature prevailed.

EASTER COMES EARLY this year—March 29. Spring arrives on Saturday, March 21. There is always joy over the return of spring, when what appears to be lifeless trees and vegetation start bursting buds and peeping from mother earth. Beautiful new spring clothes, highly - colored eggs, and Easter egg hunts. Greatest of all, Easter is symbolic of the resurrection of Christ—the real foundation of the Christian religion.

NICE-LOOKING young men were in this town recently selling usbscriptions to magazines. This time they were not only trying to raise money for a college education, but have now tacked on medical. Some women fall for that line, you know. Safest and surest way to guarantee the magazine you order will be delivered is to patronize a local magazine agent.

ANOTHER FRIDAY, 13TH, this week end and then Saint Patrick's day Tuesday, 17th. Don't suppose banks will close for either. There will be considerable wearing of the green next Tuesday. The editor's mother's maiden name was Patrick—probably O'Patrick in the old country. Erin-go-bragh! March 21 marks the first day of spring, and we hope Old Man Winter doesn't play a return engagement.

NEW LONDON SCHOOL was blown to bits and the lives of 456 children were snuffed out by a gas explosion 22 years ago on March 18, 1937. It was the most tragic thing that ever happened in Texas. This editor sat in his car in front of his publishing plant and wrote an account of it from an on the scene radio report for The Talco Times. Numerous Talco people transferred from New London, had children in school there. Most of them were killed. The Talco Times was being circulated by 8 o'clock that evening.

Chevy makes one for you...

and you'll want it for all its worth

The plain fact is Chevrolet builds so many different *kinds* of cars there's one to please just about everyone.

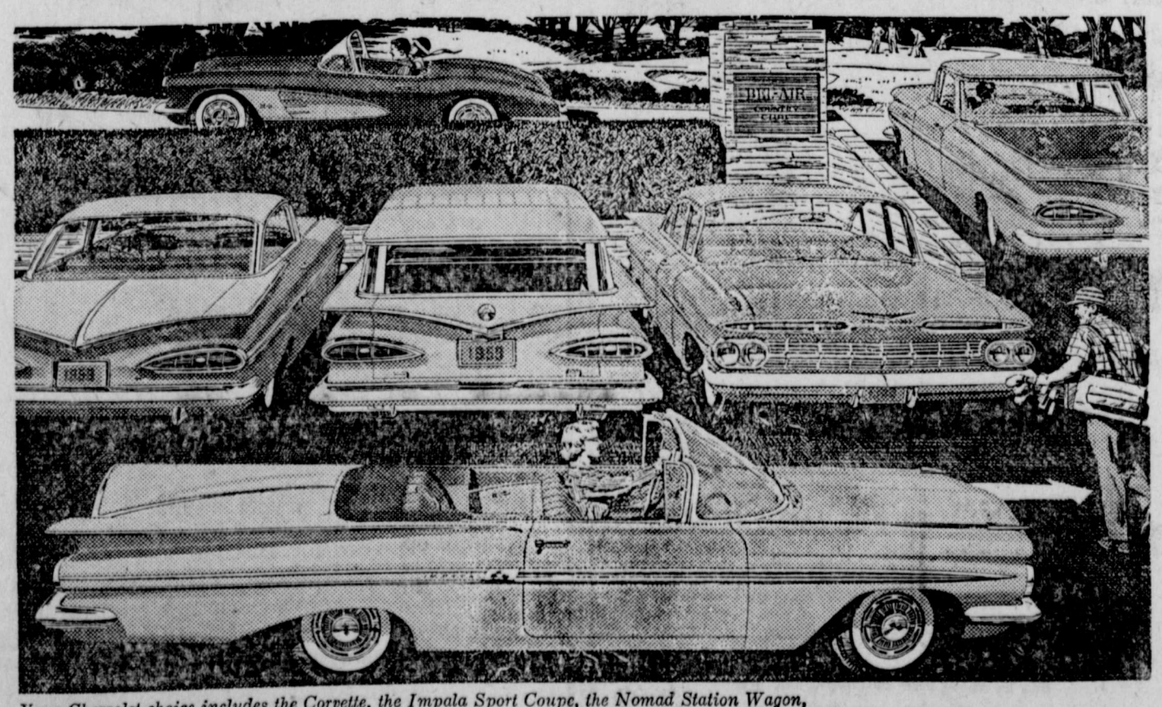

Say you want a stylish, spacious car that combines low initial cost with rock-bottom operating expense. You'll find what you want in the Biscayne 2-Door Sedan—one of the lowest priced of all Chevy models. And you can have Chevrolet's new Hi-Thrift 6 under the hood to stretch and stretch the distance between gas stops.

If, on the other hand, you're looking for a car of utmost elegance, you could hardly make a happier choice than the Chevrolet Impala 4-Door Sport Sedan. And, to go with it, Chevy's velvety V8 power teamed with triple-turbine Turboglide*—one of the finest, smoothest automatic drives offered on any car.

These are just two examples of the dozens of different *kinds* of Chevrolets you can choose from. It's almost certain—with models ranging from five beautiful, dutiful station wagons to the unique Corvette—that Chevrolet builds your kind of car. Your dealer's waiting to help you pick it out.

*Optional at extra cost

CHEVROLET
The smart switch is to the '59 Chevy!

Your Chevrolet choice includes the Corvette, the Impala Sport Coupe, the Nomad Station Wagon, the Bel Air 4-Door Sedan, El Camino, and the Impala Convertible—all shown above.
