TENTS REPLACE 'UNSAFE' SCHOOL — Students at Calipatria, Calif., high school walk to classes being held in tents after the main building, background, was condemned as not being earthquake-proof. Voters rejected a bond issue for new buildings, so trustees refused to accept responsibility and ordered the 325 students into tents. State aid may provide portable classroom building eventually. Immediate Mixed-Drink Bill Asked By Connally

By GARTH JONES

AUSTIN (AP) — Gov. John Connally asked the legislature today to pass a liquor by the drink bill that would be effective at once in areas where all alcoholic beverages are presently legal for consumption on premises.

The governor disclosed his long awaited mixed drink bill at a crowded news conference in the official Capital reception room.

Connally said his bill would clamp stricter state control over all liquor sales and consumption in the state, including present legalized beer and wine.

He said his measure would allow present private clubs in wet areas to continue operating but would outlaw private clubs that are not now legal in dry areas. A special tax would be levied on the so-called private clubs in wholly dry areas.

Connally said his bill would be carried in the House by Reps. John Field and Dick McKissack, both of Dallas, and the Senate by Sen. Joe Christie of El Paso.

The bill will go to the House Revenue and Taxation Committee, headed by Rep. Ben Atwell, also of Dallas. In the Senate the bill will be considered by the Senate Committee on Counties, Cities and Towns.

"The question before us is not whether the use of alcohol is to be legalized or prohibited," Connally told the news conference, facing a battery of 10 television cameras from throughout the state.

"That question was settled many years ago when prohibition proved unrealistic and unworkable. We are talking about whether a person will have to buy liquor by the fifth or by the ounce.

"I say that if we are going to have it—and we do already have it—we should have it tightly controlled and tightly regulated and it should be sold in small enough quantities to induce temperance and moderation."

The Senate committee, whose chairman is Sen. Ralph Hall, Rockwall, already has heard and approved for floor debate two other controversial issues —horse race betting and the city sales taxes.

The contents of Connally's bill has been one of the best kept secrets in recent legislative years. Since he startled a joint session Feb. 2 with the announcement, legislators and lobbyists alike have attempted to learn more of administration plans.

Connally's original message said merely he hoped to raise $15 million during 1968-69 by "legalizing by local option the sale of liquor by the drink" with a nickel-an-ounce tax.

Later, Connally's budgeteers, in effect, modified his announcement by adding that in order to raise $15 million during this fiscal period the bill would have to let certain counties and precincts where alcoholic beverages are already legal start serving mixed drinks without any new local option elections. The fiscal experts also hinted that it might take a gross receipts tax to collect from some bartenders, particularly those in private clubs in so-called dry areas.

Connally himself predicted the bill would have "tough sledding."

Long Range Artillery Shells North Vietnam

By ROBERT TUCKMAN

SAIGON (AP) — U.S. headquarters announced today that American forces have begun shelling North Vietnam with long- range artillery based in South Vietnam for the first time in the war.

An American military spokesman said U.S artillerymen fired into the demilitarized zone and north of it with 175mm guns, the biggest in Vietnam, which have a range of 20 miles.

The announcement came as about 45,000 American troops pushed behind tanks through jungles of the Communists' war Zone C, 70 miles northwest of Saigon, in the biggest offensive of the war. But they failed to find Communist units of any size.

U.S. troops reported killing 19 Viet Cong so far in the new Operation Junction City, and the Communists responded with at least two mortar shellings of American positions. U.S. headquarters said American casualties were light so far.

Though contact with the enemy troops was light, more than a half dozen tanks and other tracked vehicles struck land mines which tore off their tracks. Five U.S. Army helicopters were shot down by enemy ground fire, but U.S. spokesman said all five were lifted from the battle area and casualties totaled three wounded.

The massive assault, launched Wednesday, deployed the U.S. troops in a pincer drive against possibly 10,000 Viet Cong and North Vietnamese soldiers making up the Viet Cong 9th Division and support units.

A U.S. military spokesman said it was "too early in the operation to say" why contact was so light, although he did not rule out the possibility the Communists are attempting to escape across the nearby Cambodian border.

The first use of land artillery against North Vietnam was announced in a brief special communique which said: "The use of artillery based in South Vietnam against military targets in and north of the demilitarized zone has begun. This action is designed to supplement air strikes against military targets in the DMZ area, particularly at night and in periods of bad weather."

Says Hanoi Can Call Halt To Bombing

By EDWIN B. HAAKINSON

WASHINGTON (AP) — Sen. Henry M. Jackson said today that if Hanoi wishes to halt U.S. bombing of North Vietnam, "it can do so at any moment."

President Ho Chi Minh and other North Vietnamese leaders know that U.S. "bombing will halt the moment it (North Vietnam) halts the movement of men and supplies into the South." Jackson, a Washington Democrat, said in a prepared Senate speech.

With the annual clash between Senate doves and hawks underway, Jackson urged early Senate passage of a $4.5-billion military authorization, part of the $12.2 billion President Johnson asked to carry on the Southeast Asian war this fiscal year.

Jackson cautioned against too much focus on the bombing issue in the debate expected to continue into next week.

"The bombing is only a part, and not the major part of our military operations," he said. "To talk about it as though it could be treated in isolation from the conduct of the war as a whole makes no sense whatever."

Sen. Joseph S. Clark, D-Pa., who with Sen. Wayne Morse, D-Ore., is using the Vietnam authorization for an airing of criticism of U.S. policies and tactics in Southeast Asia, said he would risk another halt in bombing of North Vietnam in an effort to reach a settlement.

But Sen. Richard B. Russell, D-Ga., floor manager of the authorization, branded the frequent peace rumors and feelers as sheer Communist propaganda with the nation and Johnson being victimized.

Russell said the chief executive "has been consumed with a desire of bringing about the cessation of hostilities since the first day he took over the office"

Foot Of Snow Left By Suprise Storm

BY THE ASSOCIATED PRESS

A storm that nobody epected blew out to sea off the coast of Newfoundland today after dumping more than a foot of snow over a wide area of New England and New York.

Snow with high winds continued during the morning in northern and central Maine, but ended before midnight in most other areas.

In Troy, N.Y., Jean Wager, 17, took advantage of a five-inch snow fall and a traffic jam to ski down Main Street to her classes at Catholic Center High School.

About 300 youngsters in Bangor, Maine, for the Eastern Maine High School basketball tournament were marooned. Cots were provided in the gymnasium for the night.

An international goodwill hockey tour from Canada's Prince Edward Island was stranded on the Maine Turnpike near Lewiston when its entire 15-car caravan banged together in a chain reaction pileup.

Two members of the group suffered minor injuries and were taken to Lewiston Hospital. The rest spent the night at a turnpike restaurant.

The 106-mile turnpike was closed overnight due to winds and drifting snow.

Five deaths were attributed to the storm, two in traffic accidents and three men who collapsed while shoveling snow.

The U.S. Weather Bureau in Boston had said Thursday the storm, moving from the South along the coast, was not expected to produce much snow.

Later, the weatherman said an "explosive deepening" had turned a "series of flurries" into a major storm.

The deepest snow was recorded in Upstate New York, Maine, the Berkshires of western Massachusetts, New Hampshire and southern Vermont, where more than a foot fell.

The mercury dropped to 10 in northern areas and to the low 20s along the southern New England Coast.

The Midwest also caught the wrath of a violent snowstorm with near blizzard conditions. Snow-weary Chicago received five inches of snow, which snarled rush-hour traffic.

O'Hare International Airport was closed for a time. Among those circling in a plane overhead was Michigan Gov. George Romney, returning from a swing through the Western states. His plane finally landed after three hours and he later flew on to Detroit.

Blizzard warnings were posted in northern Indiana and driving was hazardous eastward from lower Michigan to Ohio and the eastern Great Lakes region.

Arctic cold followed the snow and sent the mercury skidding to zero and below in many parts of the Midwest, including Minneapolis, Milwaukee and Chicago.

Albert L. Martin Killed In Mishap

Albert L. Martin, 73, prominent Snyder businessman, was killed about noon Thursday when he was partially buried under a bank of dirt at a clay pit 17 miles east of town near the Fisher County line.

Mr. Martin owned the Southwestern Brick and Tile Co. with his sons, Billy Don and Ray, and a daughter, Mrs. Z. W. (Rusty) Davis, all of Snyder.

Billy Don Martin discovered the body about 1 p.m. when he drove to the pit after his father failed to appear for lunch. Mr. Martin had been operating a loader in the pit when a bank of the dirt apparently collapsed on him

The inquest and ruling of death was to be made by Jeff Simmons, Justice of the Peace at Roby. Physicians at Cogdell Memorial Hospital, where the body had been taken, said death resulted from an injury to the trachea or windpipe. A leg also was crushed in the landslide.

Mr. Martin and his children had formed a corporation for the operation of Southwestern Brick and Tile Co. in southeast Snyder. The firm was in the process of expansion. Mr. Martin was instrumental in the development of a new kiln process, and the company had received several offers to build kilns for other firms.

Born Oct. 13, 1893 in Ira, Mr. Martin resided at 507 Thirteenth Street. He formerly was a partner in Martin Builders and had erected several of the present-day buildings in Snyder. He was a member of the Masonic Lodge and a City Alderman for 12 years prior to 1951. He attended school in Snyder.

ALBERT L. MARTIN

Mr. Martin married Ora Walker Nov. 19, 1916 in Snyder.

Funeral will be held at 2 p.m Saturday at the East Side Church of Christ with Richard Williams, minister from Big Spring, officiating, assisted by Don Browning, of the East Side Church of Christ. Burial will follow in Hillside Memoral Gardens, under the direction of Bell - Seale Funeral Home.

Also surviving are the wife of the home; one sister, Mrs. Nancy Marr of Odessa, and 12 grandchildren.

Pallbearers will be Guy Sullivan, Bernard Longbottham, Robert Scott, Bobby McCormick, Harold Denson and Gene Best.

3 Dead In Train Wreck

PENNSBORO, W. Va. (AP)— Police said three persons were killed and 25 to 30 others injured early today when the Baltimore and Ohio Railroad's National Limited jumped the tracks and overturned.

The derailment occurred at Toll Gate, about three miles east of Pennsboro in north-central West Virginia.

The train's last coach reportedly plunged from a 100-foot trestle spanning a small stream which parallels the railroad. Other units of the train crossed the trestle safely but were sprawled along the tracks like jackstraws in the sparsely populated area.

Temperatures around 10 degrees hovered over this section of the state during the night and ice covered many roads.

The National Limited originated in Washington and was scheduled to terminate in St. Louis.

Panel Report On Powell Supported

By CARL P. LEUBSDORF

WASHINGTON (AP) — House Speaker John W. McCormack and Republican leaders have thrown their support behind a select committee's recommendation that Adam Clayton Powell be seated but censured and assessed an unprecedented $40,000 for "gross misconduct."

The nine-member committee's unanimous recommendation, which also included proposals to strip 22 years of seniority from Powell and fire his secretary and sometime traveling companion Corrine A. Huff, comes before the House for approval Wednesday.

Powell remained silent at his Bahamian fishing retreat, giving no indication when or if he would return to the Capitol.

McCormack said he supports the proposal and that "the committee has made recommendations to the House which I think the House will accept." House GOP Leader Gerald R. Ford said he also favors the report and will work for its approval.

Rep. Emanuel Celler, D-N.Y., chairman of the select committee, predicted the panel's unanimity would help win support in the House. He predicted "no concerted effort by any group in the House to oppose" the recommendations.

Some Negro civil rights leaders responded to the recommendations with charges of racial discrimination, although others indicated that Powell's actions had left him vulnerable to censure.

DeSalvo Escapes From Hospital

BRIDGEWATER, Mass. (AP) — Albert DeSalvo self-styled Boston strangler, escaped from Bridgewater State Hospital today where he has been a mental patient for more than two years.

His absence was discovered at 6:20 a.m., a State Correction Department official said.

The notorious inmate took with him two other mental patients — Fred E. Erickson, 40, Brockton, and George W. Harrison, 33, Westford. Erickson was under life sentence for murder and Harrison was convicted last November for armed robbery.

DeSalvo was described by his attorney, F. Lee Bailey, as "a completely uncontrollable vegetable walking around in a human body." Bailey said DeSalvo admitted the sex slayings of 13 women in eastern Massachusetts between June, 1962 and January, 1964.

Bridgewater is a state mental institution with a section for detention of mentally ill persons with criminal records. It is some 25 miles south of Boston.

State police raced to the hospital area with bloodhounds and fanned out in a wide search through deep snow. Joining the hunt for the three dangerous escapees were hospital guards and local police.

The searchers followed footprints in the snow which led to a wall near a staging used in construction under way at the hospital.

Police said the men apparently moved the staging to a lower section of the wall and climbed over the outer wall.

Hospital Supt. Charles Gaughan said the men were on the second floor of a building which also housed elderly and sick patients.

"It appears they used some instrument or simulated key to open the reinforced wooden cell doors," Gaughan said.

Gaughan said the trio got out of the building down a shaft where an elevator is being installed. He said the men apparently were wearing hospital clothing.

Gaughan said "it must be understood Bridgewater is not a prison. We're holding murderers in a hen coop."

Beyond the wall, the police search spread out on a house-to-house basis through the town of Bridgewater with a population of some 30,000.

Freeze Area Extends Deep

BY THE ASSOCIATED PRESS

Temperatures down to 7 above zero at Perryton numbed the Texas Panhandle today and an overnight freeze extended as far south as Waco in the state's midsection.

Skies were mostly clear and there was little wind to accent the chill.

In southern areas of the state, still ahead of a cold front which pushed into the Panhandle Thursday, early morning marks ranged up to 53 at Corpus Christi and 50 at Brownsville.

Occasional patches of clouds helped both temperatures up in South Texas.

Readings elsewhere in the freeze zone included Dalhart 15 degrees, Amarillo 16, Childress and Lubbock 18, Wichita Falls 20, Abilene 22, Dallas and Midland 25, San Angelo 27, Texarkana and Tyler 28, El Paso and Longview 29, Waco 30 and Alpine 31.

Another frosty night was in prospect but the Weather Bureau forecast a little warming in all sections Saturday.

More Snags Confront Mao

By JOHN RODERICK

TOKYO (AP) —A new shakeup in the Chinese army and orders to the Red Guards to remold themselves gave evidence today of formidable snags in Mao Tse-tung's attempt to climb back to power.

New wall posters in Peking cast doubt on the future of the estimated 20-million Red Guards and heightened mystery surrounding Mao's heir presumptive, Defense Minister Lin Piao, who has not been reported seen in public since last November.

They also reflected breakdowns in discipline in the 2.5-million-man armed force which has been Mao's chief bulwark and indicated lower ranks in the army have been using the purge against their officers.

Mao has issued a directive putting the Communist party in charge of his purge of military units stationed in the key cities of Peking, Shanghai, Tientsin and Luta (Dairen-Port Arthur). The directive, reported in Peking wall posters, warned soldiers not to try to seize power from "military leadership organs" — the officers and political commissars.

It also warned outsiders to keep their hands off the army command, a suggestion that civilian Maoists are trying to take over the military leadership.

The Liberation Army Daily stressed the need for greater discipline in the army and indirectly disclosed that Mao, and not Lin Piao, is in charge of the Chinese military.

The paper identified Mao as chairman of the party central committee's military affairs commission — the nation's highest military organization. Recent official commentaries had described Lin as "in charge of the work" of the commission, indicating that he had taken over as chairman.

Mao in the past week has publicly made clear he is dismayed at the toll his purge is taking. He has offered his foes a truce and positions of leadership if they will submit to criticism.

Hostility to the Red Guards was highlighted in an editorial in Red Flag, the theoretical party journal.

The journal called on the Red Guards to "seriously remold their world outlook."

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: After 15 years of marriage I am on the verge of cracking up. My husband is a good provider, BUT he believes that he is free to golf, night club with his friends, go out when he pleases, come home when he pleases, with no questions asked. And the wife is supposed to stay home, raise the children and keep her mouth shut.

For years I have put up with this for the children's sake, but last night he went too far. He stayed out all night! He claims he was playing poker, and didn't want to call me because he was afraid he'd wake me up. WAKE ME UP! I DIDN'T CLOSE MY EYES ALL NIGHT!

I am not old, fat, ugly, or cold. I am thinking of leaving him. Can I put him out of the house, or must I be the one to leave? Doesn't a wife have any legal rights at all? I am sick of being treated like a doormat.

SICK OF IT

DEAR SICK: **You have a whole flock of lovely legal rights with which an attorney would be glad to acquaint you. If you were to recite them to Rover Boy, I can promise you (a) a more considerate mate, (b) none at all.**

• • •

DEAR ABBY: Is there anything wrong with a girl making out just a little to keep a fellow interested in dating her? I don't mean a great big love scene or anything like that, just a little light necking and a couple of kisses during the evening, and maybe one extra special good night kiss?

STARTING TO DATE

DEAR STARTING: **That's a dangerous game. The kind of "interest" you could arouse might cost you much more than you planned to pay.**

• • •

DEAR ABBY: I have a very serious problem. I keep changing my mind about, so maybe you can help me decide.

My fiance lives about 600 from here, and we plan to be married this summer. We've gone together three years and we are really crazy about each other, but here's the problem:

Recently he sent me an engagement ring, and in plain words, I just don't like it. To tell you the truth, it looks awfully cheap, and I am ashamed to wear it. I love this fellow very much and don't want to hurt him, but what can I do?

ENGAGED

DEAR ENGAGED: **Keep it and wear it. Perhaps it's the best he could afford at the moment. You need not be "ashamed" to wear the ring of a fellow of whom you're proud.**

Demos Vote To Pay Bills

WASHINGTON (AP) — Senate Democrats overcame solid Republican opposition to raise the temporary national debt ceiling that would allow the government to meet its March bills.

A compromise bill to raise the temporary ceiling $6 billion to $336 billion passed 39 to 31 Thursday.

The measure, hammered out by Senate-House conferees, still faces final action in the House. That's not expected until March 1, the day Secretary of the Treasury Henry H. Fowler says the government will be faced with a shortage of cash to meet its obligations unless the ceiling is raised.

The version originally passed by the House lifted the temporary ceiling but the Senate had previously voted for a permanent increase. GOP senators still wanted to make the $336-billion ceiling permanent, and all 23 present voted against the temporary ceiling.

The conferees, though making the ceiling temporary, agreed that the House Ways and Means Committee will consider setting a new permanent figure when it considers the debt again prior to July 1.

At present, the permanent debt ceiling is $285 billion.

Junk Mail Faces Hike

WASHINGTON (AP) — Congress will be asked this year to make so-called junk mail pay its own way.

The Post Office Department plans to ask Congress for at least a 30 per cent hike in the third class mail rate, most of which would apply to direct mail advertising material sent to people who haven't requested it.

Although exact figures weren't available, sources said Thursday that with the rate increases — if enacted — and new rules that became effective Jan. 11, third class mail should pay for itself.

In 1966, Post Office Department figures show third class mail cost $1.04 billion to process but brought in revenues of $681.6 million — thus covering only 65 per cent of the government's cost.

Third class last year accounted for 20.3 billion pieces of mail, nearly one-quarter of the total 89 billion pieces handled.

SUES FOR $2.5 MILLION — Beate Leber, 30, of Germany, is suing Henry Brown, 63, part-time Arizona rancher, for $2.5 million in a breach of promise action in U.S. district court in Tucson. Mrs. Leber said she agreed to spend three weeks with Brown at his Sasabe, Ariz., ranch. Brown, who is reported to be worth $5.5 million, claims he is the victim of a conspiracy between Mrs. Leber and her husband. (AP Wirephoto)

Letter Excerpts Read In Court

TUCSON, Ariz. (AP) — "But I love you and I want to marry you."

This was part of a letter read in court by William H. Brown, who claims he never promised to marry a dark-haired German beauty who is suing him for breach of promise.

The letter was read by Brown Thursday after the millionaire Arizona rancher was called by the attorney for Beate Leber as an adverse witness.

The letter was signed: "Goodby Iglo. Your future husband Bill."

Mrs. Leber, 34, of Heidelberg, Germany, is suing Brown, heir to a Pittsburgh, Pa., coal fortune, for $2.5 million of his $5.6-million estate.

Brown, 65, rancher, yachtsman and sports car racing enthusiast, contends that he paid Mrs. Leber's husband $39,000 to lease her for a year.

During the first two days of the U.S. District Court trial, Brown has been reading letters, cablegrams and post cards to the Lebers from cities throughout Europe and the United States.

So far, 72 documents have been read, some of which tell of a three-week visit Mrs. Leber made to Brown's ranch near the Mexican border.

Brown said he asked Mrs. Leber, whom he met at a nudist resort in northern Germany, to be his mistress while they were at the Intercontinental hotel in spring of 1965.

In one letter dated July 28, 1965 Brown called himself an "irascible, grouchy old man with a terrible temper."

Guilty Plea Heard

Burt Stringer pleaded guilty in County Court this morning to a charge of swindling by worthless check and theft. The offense occurred Nov. 15, 1966. A $25 fine judgment was entered, but Stringer will have to return to court March 6 for final sentencing. Meanwhile, he is free on $200 personal bond.

No Damage In Fire

City Firemen answered a call to the Sears-Roebuck Co. on the East Highway Thursday night.

Smoke from an ash tray prompted the call. There was no damage.

Plea Is Entered In County Court

W. C. Holder pleaded guilty in County Court Thursday to a charge of aggravated assault on a female. The offense occurred Wednesday. A judgment of a $100 fine plus court costs was entered. Personal bond of $200 was set, and he will return for sentencing March 6.

Under the new Code of Criminal Procedure, defendants have 10 days in which to file a motion for a new trial. Judgment can be passed upon conviction, but sentencing must await the 10-day period.

In another case in County Court, Glenn Thornton pleaded guilty to a charge of swindling by worthless check and theft. The offense occurred Jan. 11, 1965. Thornton received a 3-day jail term plus court costs after entering a plea of guilty.

Howard Payne Is A Solid No. 2

NACOGDOCHES, Tex. (AP)— Howard Payne came to the end of a great basketball winning streak Thursday night and a 5-foot-8 guy was the reason for it.

Dick Davis scored 30 points in the second half as Sptehen F. Austin toppled Howard Payne 102-80 and snapped the winning skein of the Yellow Jackets at 16.

Howard Payne already had won the Lone Star Conference championship, however, and the result did no damage except to the pride of the Brownwood school.

Medders Nurses More Headaches

MUENSTER, Tex. (AP) — Ernest Medders nursed more headaches today over his plush Colonial Acres farm, which became famous as a setting for lavish parties.

Added to his recently bared financial troubles Thursday were two involuntary bankruptcy suits.

Earlier it became known that the former Tennessee mechanic had deeded his showplace farm near this North Texas town to a Muenster bank official as collateral for $730,000 borrowed from three banks.

Records at the Cooke County courthouse show $330,000 more is owed to the Neiman-Marcus store in Dallas.

Seven other debts were cited in the two bankruptcy suits filed in federal court at Sherman. Medders has until March 6 to contest these proceedings, which involve $73,000 in debt claims.

Medders returned Thursday from Tennessee. His wife said several days ago that he was out "walking on the mountain" near Jellico, Tenn., after word circulated about his financial troubles.

"Medders looks dazed," said one of the persons who saw him at the farm.

"I'm too tired to talk," Medders told a reporter.

He said Mrs. Medders would return from Tennessee possibly today and certainly by Sunday.

A district court hearing at Gainesville, seven miles east of here, was scheduled today on a civil suit involving a $3,071 bill for livestock feed. It was brought against Medders by the Martindale Feed Co. at Valley View.

Guests of the Club were Dewey Lester and Rex Robinson, both of Snyder, Cornell Jobe of Lamesa and Bill Quattleman of Lubbock. Student Rotarian of the month is David Lester.

The meeting was presided over by Don Browning, president.

TEXAS HOMES OF THE 19TH CENTURY, Photographs by Todd Webb, text by Drury Blakeley Alexander (University of Texas Press, $15)

Perhaps you think your house is old-fashioned. Have a second thought. It may be worth photographing for a book.

One of the finer new volumes of the year is "Texas Homes of the 19th Century," published by the University of Texas Press and sponsored by the University of Texas Press and sponsored by the Amon Carter Museum of Fort Worth and the University of Texas School of Architecture.

The multitude of pictures are in three sections: Frontier-settlement, ante-bellum South and American Victorian.

Most of the log cabins look like most you have seen, now turned into barns, but some of them are large, beautiful and well built.

As a matter of fact, many houses that now appear to be frame are simply log houses that have been covered when milled materials became available.

About this time there also were European-type houses, built by German immigrants. They are not so interesting. Most were first built as part of farm villages in the European manner, but when this system did not function well in Texas, they were retained by farm families for "Sunday houses" to be used when they came to town.

The second period is nationally noted as ante-bellum South largely because of the homes' simple but heavy porch posts. The Governor's Mansion at Austin is a good example.

But photographer Todd Webb includes some houses in the $10,000-down class, even if built today, which illustrate the form.

The style really isn't ante-bellum South. It is Greek Revival and was a widespread style in the East before it seeped south of the Mason and Dixon Line.

The American Victorian can be spotted from miles away. It is the one with all the fancy scrollwork, sometimes called gingerbread It can apply to a $10,000 house as well as a $500,000 mansion. In most of the smaller houses, renovation has removed the gingerbread.

But in some of the mansions, made of stone or brick with pointed turrets, nothing except total destruction could change the appearance. Just the same, this reviewer likes them but shudders at the probable cost of heating and cooling.

Many of these mansions, once on the fringe of downtown and now really downtown, have been taken over by civic groups as offices.

Almost ignored, however, is the Mexican construction. This may be rectified in a planned book of public buildings.

Vietnam's northern and southern capitals—Hanoi and Saigon—lie almost as far apart as Boston, Mass., and Charleston, S. C.

Smith Says Needs Subject To Scrutiny

HOUSTON (AP)— Lt. Gov. Preston Smith sail it is time to "examine and re-examine" the public needs in governmental budgets—federal, state and local.

He said some "needs" might actually be organized wishes or special interest demands and "not necessities after all."

"It seems to me now, and I deplore this, that we have ceased to consider the taxpayer as anything other than a social security number and a little bank account," Smith said in a speech before the Texas Manufacturers Association's annual Houston area chapter banquet Thursday night.

"...you'll be a Man, my son!"
RUDYARD KIPLING

25 YEARS OF Star-Spangled Security FOR AMERICANS 1941-1966

Rudyard Kipling appreciated better than most the making and meaning of a man.

And if he were alive today, he'd undoubtedly have applied the famous quote above to America's newspaperboys.

By faithfully delivering the news day-in-and-day-out, fair weather or foul, a newspaperboy learns responsibility at an early age.

He learns enterprise. Dedication. Dependability. How to fill an important place in the community.

And he learns the value of money and saving, too . . . and of looking ahead to the future. That's why many a newspaperboy develops the habit of buying U.S. Savings Bonds regularly. Maybe to help put himself through college someday.

More than that, newspaperboys have done their communities and their nation a real service since 1941, not only by buying Bonds themselves, but by helping to promote and sell Savings Bonds and Stamps, too.

The nation's brothers and dads in Viet Nam thank you. The Treasury Department and Uncle Sam salute you. And someday, when you're a Man, my son . . . you'll thank yourself for having been a newspaperboy.

CIRCLES AROUND HIM!

Romney's Personality Still Tops, But Ideas Are Skimpy

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — Michigan Gov. George Romney has finished a seven-day western speaking trip that still leaves him looking skimpy on new ideas or even positive ones on the war in Vietnam.

But when his tour was over — a tour obviously calculated to see what kind of reaction he got from Republican voters — he left little doubt he was satisfied or that he wanted his party's presidential nomination.

As usual, the liking for Romney seems more rooted in his personality than any ideas he had to offer. On Vietnam, in particular, his ideas were, and still are, practically zero.

Last July at the governors' conference in Los Angeles he was asked to express himself on Vietnam and then proceeded to ramble, weave and stumble until the result was undecipherable.

At that time he wound up by saying "there are no simple answers" and admitting "I have failed to take a clear-cut position one way or the other . . . ah, I just . . . the President hasn't, either. If he hasn't, I don't see why a governor should."

After that it was reported Romney and his advisers thought that before he started talking again in the field of foreign affairs, especially Vietnam, he ought to bone up on the problems. He remained quiet on them a long time.

But he started again on this trip, attacking President Johnsons handling of the war as "clumsy, ill-timed and poorly coordinated." He didn't say how but he did say it was a mistake to get involved in a land war in Asia.

Then he added: "But, since we're still there, we have to see it through." He did not criticize Johnson for resuming the bombing of North Vietnam but later he accused the Johnson administration of "expediency" in handling the war.

The day after that he ducked a question which tried to pin him down. He was asked how the administration was being politically expedient in Vietnam and would he give an example. He said "No, I will not." Asked why he would not, he replied "Because I choose not to." Then he was asked, "Do you mean you are making a charge without substantiating it?" Romney answered "At this point, yes."

Just a few days before he started his trip through western states on Feb. 17, two public opinion polls — Gallup and Harris — gave conflicting reports on how Republican voters felt about him as a presidential prospect.

Gallup said former Vice President Richard M. Nixon was their top choice as the best candidate. Harris said Republicans and independents preferred Romney over Nixon.

The enthusiastic response Romney got around the country after he won a third term as governor last November was enough to put presidential notions in any politician's head but Romney would not admit he was a candidate.

Then the trip began, with Romney still describing himself as a noncandidate and saying he had not made up his mind about his political future.

He got a good reaction and midway through the trip a Romney for President Committee was formed to sound out Republican sentiment nationally about his running in 1968.

The committee, with headquarters in Washington, will be headed by Leonard W. Hall, former chairman of the GOP National Committee and campaign manager for Nixon when the latter tried for the presidency in 1960.

At trip's end Romney was asked if he thought his chances for the nomination now looked good enough for him to try for it. He said, "Well, favorable enough to keep up the hot courtship."

This was more positive, although not fully positive, than he had been before.

Boyle Claims Middle Age Is Freedom

By HAL BOYLE

NEW YORK (AP) —There is no freedom like middle-aged freedom.

Just a few years ago people used to hate reaching their 40th birthday. They'd even try to hide the fact from themselves and the rest of the world.

They felt that merely being 40 had a sound of senility to it, as if their life had been put on the shelf. They silently mourned the passing of their youth.

Well, sir,today that is an old-fashioned view. People have awakened to the discovery that 40 can be an exit from slavery, a milestone on the path of true human liberty. Far from being a disgrace, it is a condition of dignity and has certain welcome advantages and privileges.

For example:

You are too old to have to study algebra but too young yet to have to learn how to fill out a government medicare form.

The chairman of the board of your firm decides you are now dry enough behind the ears to be considered as possible executive timber.

You are now getting wise enough not to eat the kind of foods that upset your stomach.

On the other hand, if you don't want to accept a dinner invitation, your wife can always phone the hostess and explain, "Sorry, we won't be able to make it. You know Henry's gall bladder—it's been acting up again.'

Any company is glad to issue you a credit card, figuring that by now you have reached the age of responsibility.

You can express your views on national and international politics without being regarded as a smart aleck young whippersnapper.

That touch of gray at your temples makes you look more distinguished, and helps bring out the hidden character lurking behind your baggy eyes.

The pretty girls at the office now think you are "harmless"—and, boy, that's where they make their mistake! There is no devil with the ladies like a middle-aged devil.

Barbers and taxicab drivers no longer try to regale you with risque jokes which were old even when you were in high school. They realize your mind is on grave and important matters.

Your wife now takes it for granted that you love her, and no longer demands that you explain why.

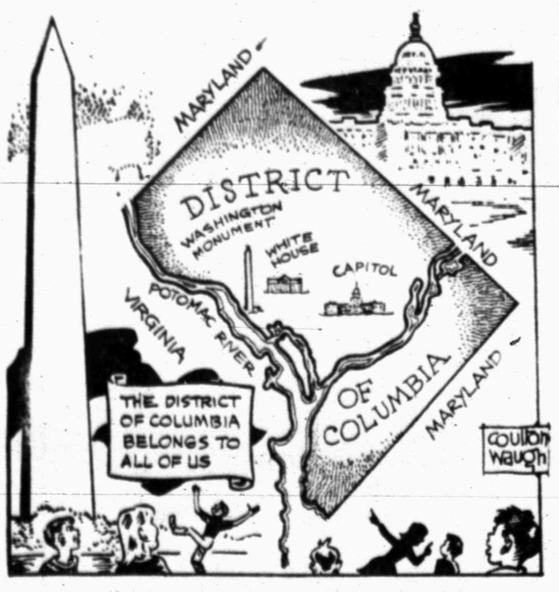

There is no law on earth that can compel you to stay up after midnight—unless you really want to.

All the recurrent and annoying emergencies that used to clutter your life begin to fade. You begin to quit wasting your energy doing unnecessary things.

Convinced at last that you can't refashion the world single-handed, you are at liberty to start harvesting the real glories of this earth with a quiet eye and a more understanding heart.

Yes, there's no freedom like middle-aged freedom. The wonder is that there are still so many pople left who don't want to be that free.

Junior Editors Quiz on WASHINGTON, D.C.

QUESTION: *Why was the District of Columbia located where it is?*

• • •

ANSWER: The District of Columbia is a federal district, that is, a tract of land set apart from the rest of the country, a place which is the seat of the national government. Because it belongs to the whole nation, it is not a part of any state, and its affairs are under the control of Congress alone.

The need for such a federal area with a city built upon it was felt by the Continental Congress in 1783, but it was difficult to choose a site because both the northern and southern group of states wanted it located in their areas. In 1790, Alexander Hamilton suggested locating such a city on the Potomac River, because it lay between the North and the South. George Washington himself chose the exact location, and a French engineer, Major L'Enfant, drew up plans for a magnificent city. It was named Washington and occupies the same area as does the District of Columbia. Americans are intensely proud of their wonderful capital city, which is a symbol of liberty for all alike, whether of north, south, east or west.

Petitions Urge Illinois To Retain Pete Elliott

CHAMPAIGN, Ill. (AP)—Petitions urging the University of Illinois to fight for retention of three coaches, or withdraw from the Big Ten if their dismissals were demanded, reportedly swept the state Friday.

The petitions rode the wake of University President David D. Henry's declaration Thursday that Illinois will appeal to conference faculty representatives in Chicago next week an edict of Big Ten athletic directors.

The directors ordered Illinois to fire football coach Pete Elkiot, basketball coach Harry Combes and his assistant, Howard Braun, or else show cause why the university's membership in the conference should not be suspended or terminated.

Dr. Henry said that he considered this too harsh and will urge the perogative of appeal.

The university penalized itself by placing Elliott and Combes on probation and declaring 12 athletes ineligible in football and basketball after disclosure in December of irregular financial assistance from a $21,000 slush fund.

The entire Illinois football squad of 82 players signed a petition Thursday urging Dr. Henry's full support behind retention of Elliott.

The squad meeting was called by cocaptains Ken Kmiec of Chicago and Ron Bess of Bloomington, Ill. The petition read:

"We, the undersigned of the University of Illinois football team, request that President Henry and faculty athletic representative Less Bryan, in the face of the statement of Mr. William Reed, commissioner of the Big Ten, vigorously support the retention of Pete Elliott as head football coach.

'While we are aware that a violation of the athletic code has occurred, we feel strongly that the dismissal of Coach Elliott is an unrealistically and unreasonably severe penalty, reflecting undeserved discredit not only upon oach Elliott but also upon the University of Illinois."

Kmiec and Bess said they have an appointment with Dr. Henry Friday to present the petition.

Another petition, to be given statewide circulation, was started in Champaign by several prominent alumni businessmen, including star end Bob Castelo of 1939 and basketball captain Bob Riegel of 1937.

Several thousand signatures are expected for the petition. It suggests to Dr. Henry that the university has shown good faith in penalizing itself and urges that Illinois withdraw from the conference if the Big Ten does not ease the severity of the athletic director's edict.

Other support for the three coached gained momentum. Followers planned to run ads in Urbana-Champaign newspapers requesting readers to fill out coupons backing retention of the coaches. They were to be sent to a post office box and then presented to Dr. Henry.

Tors, Buffs In Regional Play Tonight

Two important basketball playoff tilts, involving area teams, are on tap tonight.

Fluvanna's Buffaloes, Area Bi-district Class B champions, tangle with Talpa-Centennial at 7 p.m. in the Howard County Junior College gym in Big Spring. Lamesa's Golden Tornadoes take on the Brownwood Lions in Lubbock at 7 p.m. in the opening round of the area regional tournament.

Winners of both tournaments will advance to the state tournament to be held in Austin, March 2 and 3.

Coach Geral Greene's Buffaloes own a 25-6 record after disposing of Hermleigh in a playoff for the district crown and Blackwell in bi-district action. Starters are the talented Bobby Hall, Joe Belew, Johnny Dunnam, Victor Contreras and Henry Contreras.

Regulars for Talpa-Centennial are Beaver (6-2), Decker (6-0), Newman (5-8), Munroe (5-6) and Kemp (5-7). Fluvanna will have a slight height advantage. Their foe has a 20-2 record.

Coach O. W. Follis will have Gene Everheart, Bob Wiggins, Tap Mason, Arthur Calloway and Pat Fees on the firing line tonight. The Tornadoes are favored to win regional. Only one loss blemishes their season record.

Playoff Tilt Wins Friends For Locals

The bi - district basketball game between Aspermont and Tahoka, sponsored here Tuesday by the Snyder Chamber of Commerce, was quite successful from every angle, said Bentley Baize, Chamber President.

"The stands were full of people from Tahoka and Aspermont and those from both cities were appreciative of our sponsorship and expressed their appreciation to our manager and members of our organization who were in attendance," Baize reported.

Letters have been received at the Chamber of Commerce office from officials of the schools and sponsorship of the game should enhance the chances of having other activities that these and other schools may have in the future, the Chamber of Commerce president said. This could be a big factor in selling the use of the new Scurry County Coliseum which will be ready for use in the early fall, he suggested.

Ralston To Make Debut

NEW YORK (AP) — Dennis Ralston of Bakersfield, Calif., is making a strong bid for world honors in his rookie season as a professional tennis player.

"Dennis is terrific — his play in Australia has been outstanding," Wally Dill, director of the Professional Tennis Players Association, said today in announcing the draw for the $15,000 pro tournament at the 71st Regiment Armory, starting March 2.

Ralston and the winner of the U.S. national title at Forest Hills last summer, Fred Stolle of Australia, will make their American pro debuts in the event.

Ralston has a 3-2 record against Stolle, has beaten Ken Rosewall of Australia twice and Rod Laver once in the Australian campaign.

Laver was seeded No. 1 in the tournament, with Andres Gimeno of Spain, Earl Buchholz of St. Louis and Pancho Gonzales of Los Angeles following in that order.

In the opening matches March 2, Gonzales will play Pierre Barthes of France and Gimeno will meet Mike Davies of England. Friday's matches send Laver against Stolle and Ralston against Buccholz. Semifinals are scheduled Saturday and the finals Sunday.

Eats Sauerkraut, Sets Standard

By JIM VAN VALKENBURG
Associated Press Sports Writer

LAWRENCE, Kan. (AP) — Jim Ryun of Kansas ate sauerkraut, wieners and onion soup at his dormitory before setting an indoor world record of 1:48.3 in the half-mile Thursday night.

Maybe that ought to be a prescribed pre-meet meal for middle distance runners.

The 19-year-old Jayhawk sophomore admitted he was pointing for the race, the only one he ran in a dual meet with Oklahoma State.

"I cut down in my training a little this week," Ryun said. "This was the las meet for a long time that I'll have only one race. Next week I'll be working hard right up to the Big Eight meet."

Ryun, the world record holder in the mile at 3:51.3, has a pending world mark of 1:44.9 in the outdoor half-mile. All indoor marks are unofficial because of widely varying conditions.

He broke the indoor mark of 1:49 set last Saturday by ex-Oklahoma State star Tom Von Ruden of the Long Beach 49ers in the Masson-Dixon games at Louisville, Ky., on an eight-lap board track, considered possibly the best in the nation.

Ryun's race was on the dirt, unbanked Allen Fieldhouse layout, also eight-laps to the mile. His 220 times were 26.0, 27.0, 27.5 and 27.8. Before the race, Ryun told teammate Mike Sheahon:

"I want to run a real good first quarter, then see what happens."

Sheahon asked Ryun how fast he wanted to run the first quarter.

"About 53 54 seconds," Ryun replied. Sheahon couldn't believe his ears.

"No I mean the first quarter, not the last," Sheaon said.

Ryun said he meant 53 for the first quarter. As it turned out, that was his exact first quarter time — 53.0. Ryun also told Jimmy Metcalf of OSU before the race, "I'm going to try for a real good one."

At the first turn, Ryun led Metcalf by three yards and at the 440 mark he led by five yards. Then Metcalf faded.

NCAA Extends Bids To Miners, Cougars

By TED MEIER
Associated Press Sports Writer

Texas Western, the forgotten team in college basketball, is back to defend its national championship in the NCAA postseason tournament and the Miners from El Paso aren't conceding anything to any team.

"The boys have been pointing for this all year," Don Haskins, the Miners' coach, said today after the NCAA had filled its 23-team field for the championship tourney opening March 1.

Starting one hour after the NCAA issued its at-large invitations Thursday, the selection committee of the National Invitation Tournament, the other major postseason tourney, landed seven teams. The 14-team NIT opens March 9 in New York.

Named to the NCAA, along with Texas Western, were Boston College, St. John's of New York, Virginia Tech, Houston, Dayton, Seattle, New Mexico State and the champion of the Ivy League, either Princeton or Cornell.

Syracuse, Providence and Utah State, three of the country's top independents, were tapped for the NIT along with Marquette, Memphis State, Rutgers and St. Peter's of New Jersey.

Louisville, Western Kentucky and Connecticut qualified automatically for the NCAA as conference champions. Eleven other conference champions complete the NCAA field. At present they shape up as Tennessee, North Carolina, West Virginia, Indiana, Kansas, U. of Pacific, Brigham Young, Southern Methodist, Toledo, Temple and unbeaten UCLA, the country's No. 1 team.

Haskins didn't mention the Bruins, but he obviously had UCLA in mind when he said "the boys have been pointing for this all year, a chance to go back." Hardly anyone expected the Miners to upset Kentucky for the 1966 national championship, but they did. Haskins hopes his boys can go all the way again although UCLA, with its super-sophomore, Lew Alcindor, is favored.

A Saturday afternoon doubleheader at Blacksburg, Va. opens the NCAA tourney March 11. That night the first round will be completed with a single game at Kingston, R.I., and doubleheaders at Lexington, Ky. and Fort Collins, Colo.

The NCAA announced these pairings:

At Blacksburg — Southern Conference champion, probably West Virginia, vs. Ivy League champion, Princeton or Cornell, and St. John's, N.Y. vs. Middle Atlantic Conference champion, probably Temple.

At Kingston — Connecticut, the Yankee Conference champ, vs. Boston College.

At Lexington, Ky. — Virginia Tech vs. Mid-American Conference champion, probably Toledo, and Dayton vs. Western Kentucky, the Ohio Valley Conference winner.

At Fort Collins, Colo. — Houston vs. New Mexico State and Texas Western vs. Seattle.

A scheduled doubleheader at Fort Worth, Tex. was canceled when the field was cut from 25 to 23.

The winners of March 11 advance to the regional finals at College Park, Md., Evanston, Ill., Lawrence, Kan. and Corvallis, Ore. on March 17-18. The March 18 survivors advance to the semifinals and final at Louisville, Ky. March 24-25.

These are the pairings for March 17:

At College Park — winner of Southern Conference vs. Ivy League meets Atlantic Coast Conference winner. Winner of St. John's-Middle Atlantic meets winner of Connecticut-Boston College.

At Evanston, Ill. — winner of Virginia Tech vs. Mid-American meets Big Ten champion. Winner of Dayton-Western Kentucky meets SEC champion, probably Tennessee.

At Lawrence, Kan. — winner of Houston vs. New Mexico State meets Big Eight champion, probably Kansas. Louisville, MVC champion, vs. SWC champion, probably Southern Methodist.

At Corvallis, Ore. — winner of Texas Western vs. Seattle meets WCAC champion, probably U. of Pacific. Pacific-8 champ, probably UCLA, vs. WAC champion, probably Brigham Young.

The NIT opens with a night doubleheader in New York on March 9. Afternoon and night doubleheaders complete the first round on March 11. The quarter-finals are scheduled for March 13-14, the semifinals for March 16 and the championship game for Saturday afternoon, March 18.

Once-beaten Western Kentucky with a 21-game winning streak after an opening defeat to Vanderbilt has the best record of the teams definitely in the NCAA and NIT.

Other records are: Louisville 23-2, Connecticut 17-4, Boston College 16-2, St. John's, 19-3, Virginia Tech 17-4, Houston 20-3, Texas Western 18-5, Dayton 20-4, Seattle 17-6, New Mexico State 14-9, Princeton 20-2, Cornell 18-3.

Syracuse 19-3, St. Peters 18-2, Rutgers 16-6, Providence 17-6, Marquette 16-8, Memphis State 17-7, Utah State 18-4.

Howard Payne Hit

KANSAS CITY, Mo. (AP)—Howard Payne of Texas holds a solid No. 2 spot in the NAIA basketball rankings but can't quite overtake leading Winston-Salem State with its 20-1 record.

Howard Payne has 21-2 and 257 points —only 19 less than Winston-Salem.

No other Texas college is in the rankings.

Same Song, 10th Verse?

HOLTVILLE, Calif. (AP) — Jim Piersall, a 37-year-old outfielder making a bid for his 20th season in organized baseball, just isn't the retiring sort.

So it wasn't surprising Thursday when the California Angels' controversial veteran criticized former teammate Dean Chance and called the trade that sent Chance to Minnesota "the best thing that ever happened to the Angels."

Piersall is working at the Angels' spring training camp as a free agent trying to make the roster. But he took time out to speak as always — rapidly and expansively.

"All I know is we're not going to miss him," said Piersall of Chance, a 26-year-old pitcher who won 74 games in five seasons with the Californians.

"What did Chance win for us last year? Twelve games, that's what he won," said Piersall. "All a couple of our young kids like (Jim) McGlothlin and (Jorge) Rubio have to do is win six each to make up for that, the way he'd just stand there and it should be easy.

"I'm not saying Chance isn't a great pitcher. He may win 25 for the Twins. But he wouldn't have if he'd stayed with us. He would have worn out his welcome. His attitude can hurt a club more than it helps.

"Chance isn't easy to play behind. The things he said and the way he'd just stand there and glare at somebody after an error were upsetting to everybody.

"He never remembers the good plays, the times somebody dove into a fence making a catch for him. He only remembers the errors. He lacks the ability to appreciate."

Nipponese Douse Fight Plans

TOKYO (AP) — Heavyweight champion Cassius Clay has agreed to a title fight in Tokyo May 27 against an unspecified non-Japanese opponent providing "a lot of ifs" are worked out, his manager announced here Friday. The Japan Boxing Commission promptly poured cold water on the idea.

The biggest "if" is whether the commission will relax its rule barring title bouts between two non-Japanese. The Japanese promoter indicated he was prepared to move the bout to some other Asian city, possibly Hong Kong, if the commission refuses to modify its rule.

And shortly after a joint news conference by Clay's Manager, Herbert Mahammad, and the promoter, Akira Jin, a spokesman of the boxing commission reiterated the rule. The spokesman said the organizers could apply for a permit, but he added that he anticipated "absolutely no exception."

New York University basketball teams have enjoyed 35 winning seasons in the last 40 years.

The schedule:

Rocky Awaits Phone Call

BY THE ASSOCIATED PRESS

Rocky Colavito has a message for Gabe Paul:

Don't write or wire — phone.

The Rock sits at home in Temple, Pa., unhappy and unsigned as the Cleveland Indians begin spring training in Tucson, Ariz. A telgram from General Manager Paul remains unanswered. Reportedly, Paul wants Colavito to take a 25 per cent pay cut.

"The least he could have done," Rocky grumbled, "was to give me the courtesy, "was ing on the phone as he promised last week. But, no. I figure he's just giving me the old business about this is it, take it or leave it.

"I'm not buying. I'm still here and I plan to be here for a while."

The veteran slugger hit only .238 last season, but had 30 home runs. He drove in 72 runs in 151 games.

There were those who did come to terms with their clubs Thursday.

Billy McCool, Tommy Harper, Tommy Helms, Chico Ruiz and Don Pavletich of the Cincinnati Reds signed as did Pittsburgh Pirate infielders Bob Robertson and Luther Quinn.

Steve Whitaker, rightfielder for the Yankees, returned his signed contract, leaving Elston Howard as the lone New York holdout.

Hank Aaron, previously announced to be in the fold, formally signed a contract with Atlanta, that gives him a salary of around $100,000. Another Brave signee was pitcher Ken Johnson. Only Joe Torre is unsigned among the Braves.

And Sonny Siebert, far apart from the Cleveland Indians earlier in the week, signed early in the day.

Battles Weight

COCOA, Fla. (AP)—Houston Astros catcher John Bateman has a chronic weight problem but he and club officials are hoping he doesn't have another problem more serious than being slightly overweight.

'John was kicked in the head in a play at home base in his last game in winter baseball in Venezuela," manager Grady Hatton said Thursday as the team engaged in spring training batting practice.

He has had nausea and dizzy spells since he got back. A neurosurgeon in Oklahoma City did not find any damage but there is always the chance of a blood clot."

Bateman takes medication aimed at dissolving any blood clot that might develop or which failed to show up in the X-rays.

Bateman, whose weight rose to 240 last year, had said earlier he would accept a fine for every pound over 215 on his frame when he reported this year for spring training.

He arrived in camp Wednesday and was granted a day of drills before stepping on the scales.

"John said he was down to 220," Hatton said. "But he had gained a couple of pounds while visiting the doctor and driving down here.

"John insists he can get down to 215 and I think he can play at 220."

Pooch Attracted By Fishy Smell

AUSTIN (AP) — A hungry pooch sniffing in a driveway at Orange, Tex., led to a complaint that apparently has set off an investigation of a shell dredging company's operations in one spot of Sabine Lake.

The story, according to DeWitt Kinard, Orange real estate developer, and the Texas Parks and Wildlife Department is this:

Kinard said the family dachshund was sniffing a new load of oyster shell he had bought to fill-in his driveway and suddenly the dog began eating the shell. "I thought at first," said Kinard, "What a crazy dog, eating shell.

"Then, he kept it up so long I decided to take a closer look and saw he was eating live oysters in the shell.

"Now, my friend, there's a considerable difference in oyster shell and live oysters...quite a difference...oyster shell costs $3.50 a yard, live oysters about $250 a yard.

"What's that mean? Well, it means there are live oysters, so they're coming from a live oyster reef, and that's prohibited."

J. R. Singleton, executive director of the Parks and Wildlife Department, said the department had received a complaint, forwarded from a regional office at LaPorte, alleging that live oyster reefs in the lake were being dredged. He did not know if Kinard had made the complaint.

But Singleton said a company dredging shell in the 22-mile long, six-mile wide lake had been ordered to move its operations until the department could complete a survey of the complaint. He said the complaint alleged live oyster dredging just about the middle of the lake, half of which is in Texas and half in Louisiana.

A department order in October 1963 said shell dredgers could move in from 1,500 feet from a live reef to within 300 feet but no closer. Singleton said in December dredging within 300 feet of some Galveston Bay reefs had not damaged them.

BE STILL

"He that is of a merry heart hath a continual feast." Proverbs 15:15.

God routes every one from
birth to bier,
From an opening cry to a final
tear.
On lifes expeditions we name
our own road.
We can laugh at a burden or
fume at a load.
Despite all dark valleys, if we
smile at the earth,
We'll create our world full of
joy and of mirth!

Film Star's Tomb Robbed

CANNES, France (AP) — Burglars broke into the tomb of movie actress Martine Carol Thursday night and took a number of pieces of jewelry that had been buried with her earlier this month, police said.

No estimate has been made of the value of the jewels.

The 46-year-old film star died Feb. 6 in Monte Carlo of a heart attack. She was buried Feb. 14.

Police were trying to contact members of her family to learn exactly what jewels were buried with her. They were known to include a diamond-studded wedding ring, a necklace with diamonds and a heart-shaped brooch of 72 carats of rubies.

Police said the casket had been opened with a chisel. They said the body had not been touched and that the jewels seemed to be the only object of the invasion of the tomb. A lock on the cemetery gate was broken and Miss Carol's headstone also was broken.

Industrial Safety Lags, Says Brown

AUSTIN (AP)—Texas has the worst industrial accident record and is the only major industrial state without some kind of industrial safety law, labor leaders say.

Several of the labor men, including H. S. (Hank) Brown, president of the Texas AFL-CIO, testified Thursday before the House Labor Committee.

They supported an industrial safety bill sponsored by Reps. Carl A. Parker of Port Arthur and Neil Caldwell of Angleton. The bill would create an occupational safety board within the Bureau of Labor Statistics. That's the jurisdiction under which Gov. John Connally told the legislature last Jan. 18 that he would like to see an industrial safety agency.

Another industrial safety bill, by Rep. Gene Fondren of Taylor, also was before the committee. Fondren's bill would create an industrial safety division of the Industrial Accidents Board, the agency that administers the workmen's compensation law.

The principal difference between the bills is over enforcement. The Parker-Caldwell bill provides for penalties up to $1,500 a day for violation of safety standards that would be adopted by the safety board.

Fondren's bill has no enforcement provision.

Perfection at 5

An angel's food cake may be a work of perfection.

An athlete may have a perfect golf swing. But, generally speaking, our lives are quite imperfect. *About the most perfect thing one could ever find is a little girl just turned five.*

"Be ye perfect as your Father in heaven is perfect."

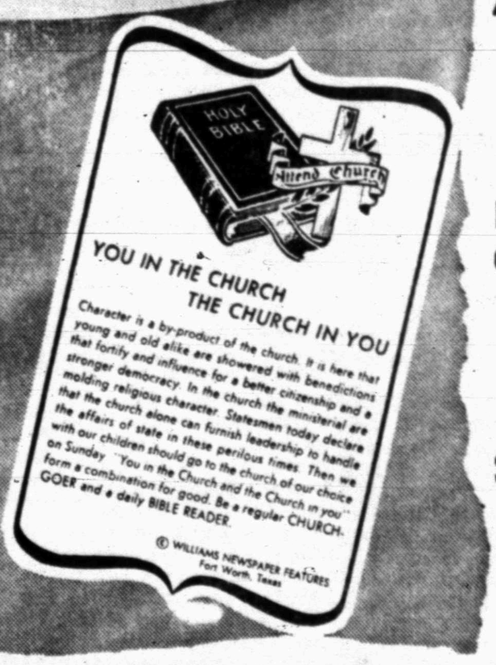

That's a big order. No man has perfectly kept God's commandments...we all break them in thought and word and deed. Yet, the order stands — "perfection!" "Be perfect!"

Then, make perfection the constant aim of your life.

Be dissatisfied with your accomplishments and unremittingly and everlastingly strive toward the highest and the best which is found only in Jesus. "Be ye perfect!"

Traveling the perfect way one needs all the help he can muster.

We suggest regular church attendance as your greatest aid.
