Around Town

Last week Friday fell on the thirteenth; but apparently it made little difference to the women who sell food and gifts at the Home Demonstration Market. Thirteen of them met in Argen Draper's office on that date to discuss 13 items of business. Presence of the women no doubt necessitated the use of 13 chairs and 13 pencils salvaged from 13 purses to take 13 sets of notes.

Summerfield Study Club is holding its annual Guest Day courtesy Thursday afternoon and has invited all county federated club women to be their guests. Miss Clara Pittman of Hooker, Okla., will speak on her travels to the Far East. The meeting will be in the Summerfield Baptist Church beginning at 3 p.m. The H. D. Chorale will sing and refreshments will be served.

On May 5, the Order of the Eastern Star will conduct its rummage sale in the Witherspoon Building at the corner of Second and Main. Members who have articles to donate to this sale are asked to call 654-7, 1156 or 121 if they need transportation for getting these things to the sale.

Men of the Wesley Methodist Church will hold a covered dish supper Thursday night at 7:30 p.m. at the church and all visitors are cordially invited by the organization to attend. This is a monthly meeting.

The Eighth Grade Class at Walcott School will present a one-act comedy entitled "Love Hits Wit" (Continued On Page 2)

WITH A WHOOP AND A HOLLER

Black Wins First in District Rural Neighborhood Improvement Contest

A whoop probably went up from every home in the Black community at 6 o'clock Wednesday morning when Cotton John Smith announced over his early morning program that Black in Farmer County had placed first in the Rural Neighborhood Contest sponsored annually by the Farmer-Stockman magazine and the Extension Service.

Runners-up in the district were Fairview, Armstrong County, top award winner last year, Sunny-side in Castro County, also a first place winner two years ago and Jumbo, northeast of Hereford in Castro County in fourth place.

Highlighting community participation, which has been in high gear ever since the decision was

made to enter the contest last November, families entertained the judges and other visitors Tuesday with a fried-chicken dinner at noon and a film at the Black Community Center.

Rejuvenation of the old Black two-room school into what was described as "one of the most attractive buildings used for community gatherings seen in the area," was a big factor in influencing the judges' decision.

John Bengert, president of the neighborhood group was ill and unable to make the tour of the community with the judges and representatives of the extension department, which preceded the gathering at the community house.

Judges were Mrs. Mona Hilbreth and John Brazill, home demonstration agent and county agent of Randall County and Cotton John Smith. Representing the Extension Service were Miss Doris Leggett and Knox Parr, district agents stationed in Amarillo.

Pete Braxton, chairman of the Outside Improvement committee, acted as master of ceremonies in the absence of Bengert. A number of other residents made the morning tour, which covered the community, and explained recent improvements made since entering the contest.

One hundred percent participation by farm families in turning in reports and allowing the children to take part in the program were the things that received the most comment from the judges in a summary following the "Before and After" film shown and narrated by Bruce Parr.

Other things listed by Cotton John when the final decision was announced, was the control of tall water by the irrigation farmers and the well kept appearance of the farm homes.

Smith pointed out that Bruce Parr was returning waste water back to his well to be pumped out again and said it was the only instance where recharging was being done with the tall water.

Many other improvements were listed in the community report including miles of natural gas lines and under ground irrigation systems.

Serving on committees were representatives from almost every family in the community and Cotton John summarized his radio announcement by stating "People in the Black Community have probably already called a meeting for 8 a.m. this morning to start getting ready for the state contest to be announced in May."

9th Weed Control Meet Slated In Amarillo Apr. 26

The Ninth annual Texas Weed Control Conference will be held at the Amarillo Experiment Station Thursday, April 26, when farmers from Deaf Smith County and surrounding areas can learn how to organize weed control districts, view exhibits of spraying and dusting equipment and see the results of seed box surveys made last year.

Harvey Allen, of the agriculture committee of the Amarillo Chamber of Commerce will serve as chairman for the day's activities and C. E. Van Doren, superintendent, will be on hand to welcome area farmers and ranchers to the conference.

Dr. Lee Coffee, associate agronomist of the Texas Agricultural Extension service will display and explain results of the seed box survey made last fall, and Ed Jacobson and Art Hixley will explain the status of birdweed eradication in the ACP program for 1956.

A panel of county agents will discuss weed problems and A. H. Walker, range management specialist with Texas Agricultural Extension service will talk on brush control. Chester Carthel of Lockney will speak on how to organize a weed control district under Texas laws, and Allen Wiese, agronomist with the Amarillo Experiment Station will talk on weed control research at the Amarillo station. A tour of research plots will complete the day's activities.

Optimists To Sponsor Bike Safety Inspection

The Optimist Club sponsored bicycle safety program was given added impetus this week, by the death of 14-year-old Jimmy Lee Jarman, while riding a bicycle.

Optimists, in a concerted move to prevent other such accidents, will sponsor a bicycle safety inspection at Kiddie Park between 9 a.m. and 3 p.m. Saturday. Members of the club and of the Police Department, will be on hand to check vehicles brought in and to supervise bicycle riding skill tests for riders who are interested in participating.

According to Sam Long, in charge of the program, there are an estimated 500 bicycles in the area.

"We want motorists and bike riders both to become aware of the bike safety problem. That awareness is absolutely essential for a successful safety campaign. When the bike rider and the motorist realize what the other fellow's real problems are, then we can work toward an understanding that will be the basis of traffic cooperation," Long pointed out.

Bill Phipps, president of the Optimists, says, "A cyclist can't compete with a motorist and a 3000 pound vehicle for the right-of-way. A bike rider who takes a competitive attitude toward motorists is very foolish. Your mental attitude is vitally important because it is reflected in the decisions you make while driving or riding."

Chief Leo Box pointed out that a major factor in each of the 450 bike deaths in the US last year was carelessness. Another factor was mechanical failures of bicycles. To prevent this, the Optimist Club is sponsoring the safety check.

Bicycles brought to the park will be checked to see that handle grips are cemented on tightly, the seats adjusted to body and made secure. Wheels must not wobble, reflectors must be visible for 300 feet; the bicycle should brake evenly, chains should be clean and lubricated, pedal bearings should be lubricated and worn pedals replaced, crank hangers should be clean and greased, warning devices should work properly, lights must be visible for 500 feet, broken spokes replaced, and fork bearings lubricated.

Bicycle riders have the option of taking the skill test, at which time, they will be scored for steering, circle riding, maneuvering and braking.

April 28, the organization will sponsor a bicycle parade down Main Street beginning about 9:30 a.m. Anyone who rides a bicycle is eligible to join this bicycle brigade and there will be a prize for the best decorated girl's bicycle and the best decorated boy's bicycle.

5 Man Commission To Be Put To Vote

Citizens of Hereford will vote on a "five-man commission" and on the appointment of a Corporation court judge on Saturday, May 26, according to an election order passed at the regular Commission meeting Monday night. The group also discussed two zoning problems, approved 40 new parking meters and appointed judges for the coming election.

Preliminary steps for Hereford's first charter election include publication, notices to voters and plans for another special election of three new commissioners after 30 days, provided the election carries.

In brief, the two already published proposals would increase the membership of the City Commission from "two commissioners and a mayor" to "four commissioners and a mayor." The second proposal would allow for appointment of a corporation court judge.

Election officials were appointed as follows: Tom Alderson, presiding judge; Troy Moore, election judge; Mrs. Earl Phillips and Mrs. S. O. Wilson, clerks.

Two appeals for change in zone status from residential to business designation also appeared before the City commission; both were referred to the zoning commission. One appeal was made by J. H. Bradley, who sought a business designation of the property at the corner of Park Avenue and Avenue I. The second appeal was made by W. W. Buck, who asked commercial designation of his property at the corners of Park and Avenue P, across from the high school traffic light.

C. J. Mount was awarded refunds in the amount of \$287.50 to

cover expenditures on sewer and water lines installed prior to annexation to the City of Hereford, and in accordance with agreements made at the time the facilities were installed.

Action was postponed on a petition to annex the First Christian Church property into the city limits. Commission members tabled the proposal until they could determine designation of streets to be effected through the new area.

Parking Meters To Be Installed Along Main Street

Installation of approximately 40 new parking meters is scheduled to begin next week, according to plans reviewed at the City Commission meeting Monday night.

The new meters, although few in number, will set a definite pattern on downtown parking and, in a measure, attest growth in the business district.

Around half of the new meters will be installed on Main Street, completing both sides of the fourth block — except for the 15-minute zone in front of the post office. Meters will also be installed on the south side of Third Street, completing the gap between Main and Sampson. Approximately 10 of the new meters will also be placed on Sampson, running south from Fourth Street to the hotel property.

Viewed as an over-all picture, would-be parkers will find meters (Continued On Page 2)

Police Recover Loot Taken From Hereford Homes

Near \$2000 in loot taken from Hereford homes was recovered this week as the result of uncovering a burglary ring operated by five Amarillo Air Force service men.

Already recovered are one T-V set, four suits of clothes, bathroom scales, 10 guns and other miscellaneous household items. The articles were taken in burglaries here during the past 30 days at the homes of N. D. Bartlett and E. P. Morgan. The Morgan T-V set, also stolen, has not yet been located, according to Sheriff Lowell Sharp.

The case broke in Amarillo this week when one of the group offered a \$1200 set of sterling silver for sale through the Hawbaker auction ring in Amarillo. Police started an investigation which disclosed that five of the Air Force boys had been operating a burglary ring for more than two years. Their activities centered around the Amarillo area, but spread as far as Hereford, Clovis, Borger, Pampa, Oklahoma City and El Reno.

Officers said that many of the items were disposed of through private sale, some by auction and some to dealers.

Names of the five men will be released when all of the quintet have been picked up. Sheriff Sharp and Chief Leo Box were in Amarillo Monday and Tuesday to identify and claim items taken from Hereford and previously reported to the Amarillo police.

Court Predicts Early Settlement Of Bull Barn Loss

Agreement with insurance representatives on specifications covering loss in the recent "Bull Barn" fire in a special meeting Tuesday, led members of the Commissioners court to predict possible settlement of the loss at the regular meeting Monday, April 23.

The court, meeting with an insurance adjuster, reviewed damage and repairs necessary to replace the building as it was prior to the fire. They will secure bids on the project at the Monday meeting, and will likely settle with the insurance company on the basis of the bids. The county carries approximately \$15,000 insurance on the building, which was partially damaged in the fire three weeks ago.

Bicycle Rider Killed In Highway Accident

Jimmy Lee Jarman, 14, son of his bicycle was struck by a car Mr. and Mrs. Joe Jarman, was driven by Tommy Vaughn, 17, of killed instantly Monday night when Hereford.

ALL THAT'S LEFT—The twisted wreckage shown above is all that's left of the bicycle Jimmy Lee Jarman was riding when he was struck by a car Monday night on Highway 60.

Last rites were conducted Wednesday afternoon in Rose Chapel of the Gilliland Funeral Home with the Rev. Grady Allison, pastor of the Avenue Baptist Church officiating. Interment was in West Park Cemetery.

The accident occurred at about 10:15 p.m. about a quarter of a mile west of A and P sheds on Highway 60. Jimmy had attended a drive-in movie and was returning to town on his bicycle.

Investigating officers said Jimmy was traveling east and was on the north side of the road. Vaughn had pulled out to pass a car when he rammed the bicycle from the rear. The bicycle had no tail light or reflector. Jimmy was pronounced dead on arrival at Deaf Smith County Hospital.

He was born Nov. 7, 1941 at Hereford, and was a member of the Baptist Church.

A seventh grade student at Stanton Junior High School, Jimmy was a well-known caddy at Hereford Golf Club. He is survived by his parents, three brothers, Jesse and Johnny, 7-year-old twins, and Wendell, 18, now in the U.S. Navy, and one sister, Beverly Ann, 16, at home.

Citizens Asked To Match \$50,000 Gift For Children's Hospital Wing

The drive to expand Deaf Smith County Hospital through addition of a children's wing came a step nearer to reality Wednesday, when T. E. Seigler, hospital manager, received a letter from Jim Hill estate trustees stating that \$50,000 has been made available to the hospital.

Conditions on the gift specify that "up to \$50,000" be used to match local donations for purpose of making the addition. The offer also specified that no bonds or warrants may be issued to cover the local part of the project. Third condition in the offer specifies that construction on the addition must be started from four to 12 months from the present time.

"We now have \$36,000 in matching money which has been raised locally," said Wayne Thomas, hospital board president. "This means that we are assured \$86,000 of the \$50,000 made available by the Jim Hill estate. We plan and hope to raise the full \$50,000 within the next few weeks. This would allow a total of \$100,000 for the addition—at no cost to taxpayers of the county."

The addition would be used on all children's cases, according to Seigler. Tentative plans call for four isolation rooms, a solarium, a chapel, and eight rooms for patients if sufficient funds are available. Estimates indicate that the \$100,000 would cover approximately this type of project.

The wing would be joined onto the present lobby, running south.

Bank Deposits Up Since December

Combined deposits in Hereford's two banks, although down \$324,705.06 under the April call in 1955, showed a substantial increase over the December 31 call with a total of \$10,185,853.36 on April 10, 1956. This is \$289,932.02 more than the combined deposits on Dec. 31, 1955.

Total deposits on the three calls follow:

April 10, 1956	\$10,185,853.36
Dec. 31, 1955	9,895,921.34
April 11, 1955	11,070,559.02

Loans made by the two banks totaled \$3,552,900.51 on the current call, which figures an increase of \$361,542.75 more than on the Dec. 31 call, when loans totaled \$3,191,357.76. Both of these figures were sharply above the April 11, 1955 call, when total loans were reported at \$2,798,891.07.

Trustees Temporarily Shelve Bleacher Construction Plans

The program to expand Hereford football bleachers to conform with 1-AAAA conference requirements was temporarily delayed this week until school trustees can thoroughly investigate suggestions to relocate the football field in connection with a county-city improvement project in Veteran's Park, along with other proposals.

The action, at a called meeting Tuesday night, also delayed signing of a \$7743 contract awarded Southern Bleacher Company at a previous meeting.

"We must have more seats by September as a part of our conference requirements," said Robert Waggoner, board president. "However, we plan to check and investigate every possibility before any definite steps are taken. There is a good possibility that more room may be needed in the present Shirley-High School area in coming years and, for this reason, the board feels that careful planning at the present time will pay handsome future dividends to the taxpayers of the district."

The board also voted unanimously to put the proposed wood working and shop expansion program on the shelf temporarily. High costs, plus the fact that the Hereford schools maintain a fairly representative shop program at the present time, were chief reasons brought out in the discussion. The Board members also discussed the urgent need for a Junior High-High School cafeteria program, how practically void, as compared with the shop needs. They compared the services offered through both programs, but took no definite steps other than temporary delay on any shop program.

Plans for Western Week Snowball To Include Rodeo, Pioneer Day, Prizes

Plans for Western Week were snowballing in Hereford as members of the Merchant Committee of the Chamber of Commerce met Friday morning to plan a bigger and better event than the original Pioneer Day arrangements.

By press time Wednesday Doc Cowan reported at least 30 local merchants had already indicated their interest in participating in the giant give-away program.

Plans now under discussion call for the entire week of May 28 through June 2 to be celebrated locally as Western Week. It will be climaxed with Pioneer Day on June 1 and rodeo June 1 and 2. Meeting in the Jim Hill Hotel ballroom, with Kenneth Cowan chairing the program, merchants agreed to ask all Hereford businessmen to contribute prizes which will be awarded in drawings on the last two days of Western Week.

ple will make booster trips toovina, Friona, Vega, Dimmitt and possibly other towns in the area, according to Bill Lenderman, Chamber of Commerce manager. Tentative plans call for a repetition of last year's program when the booster trips were made a "family affair." Caravans of cars left here about 5:30, drove to neighboring towns where they had supper, visited with merchants and friends and promoted Hereford's celebration.

Members of the steering committee for these arrangements were Cowan's committee including Dub Reeves, Gerald McCaskill and Pick Harman.

"We hope there will be between 100-125 gifts to be awarded during these drawings," Cowan said. "And we believe these prizes will stimulate interest in our Trades Day programs during this special week. Nobody has to buy anything. They just have to register in Hereford stores."

L. I. Bolden pleaded guilty in County court Monday to passing a worthless check. He was given "five days in jail," plus a fine of \$1 and costs by Judge Homer E. Henslee.

Bolden cashed a \$5 check at Phillips and Lawrence around March 1, and was arrested here March 14.

Speakers Explain P-TA's Effect On Family, Town

Tuesday was a day packed with information and inspiration for the 221 delegates and visitors to the Thirty-Third Annual Conference of Eighth District, Texas Congress of Parents and Teachers, which was held in the Hereford High School auditorium.

Mrs. J. R. Shackelford of Amarillo presided during the three regular sessions, and Dr. Emmett Smith of West Texas State College, Canyon, served as coordinator for the six workshops which highlighted the afternoon.

"The family and the community each shapes America, and the P.T.A. serves both," declared Mrs. Stanley Erskine of Midland, state vice-president and one of the two representatives from the Texas Congress of Parents and Teachers at the local conference.

Mrs. Erskine pointed out that one-third of the 10,000,000 members of the National Congress of Parents and Teachers are men, marking a definite change in trend during the past 10 years. She reported 533,000 members in the Texas Congress of Parents and Teachers.

The state vice president urged parents and teachers to study Amendment IV, to be voted on in Texas in November, not only for its benefit to them, but for its effect on the supply of good teachers in the future. The bill provides improved teacher retirement benefits, which educators say will put the teaching profession in a better position to compete with industry for talented young people.

"Do you know your child," was the pertinent question asked by Wilson Lane, principal of Emerson Elementary School in Amarillo. He listed as causes of mental disorders: fears, moods, fancies, persecutions and hallucinations. Included also were lack of love, se-

curity and belonging. Using 12 figures cut from plywood, he illustrated the various stages in development in children of the same age in the same grade in various areas of skills and abilities.

"Let me compete at my own level," he concluded.

Dr. John McFarland of Vernon, state International Relations chairman, cited the gift of opportunity as the American heritage which our founding fathers would probably most want us to have.

Mrs. George Graham, formerly of Hereford and now of Canyon, presided during the life membership luncheon at Hotel Jim Hill during the noon hour. Mrs. Merlyn Kaul, local first grade teacher and district recreation chairman, conducted a recreation period during the morning session.

She and Mrs. Elmer Patterson, a teacher at Hereford High School and district publicity chairman, served as resource and chairman respectively in the afternoon workshop on publicity, publications and recreation. Supt. Fred Cunningham extended a welcome on behalf of the school.

New officers installed by Mrs. Erskine during the final session include: Mrs. W. E. Miller, Canyon, president; Mrs. Kay Baird of Amarillo, vice president for Potter, Oldham and Randall Counties; Mrs. Herbert Folsom of Stratford, vice president for Moore, Hartley, Sherman and Dallam Counties; Mrs. Markham Waddill, Tulsa, vice president for Deaf Smith, Farmer, Castro, and Swisher Counties; Mrs. J. R. Shackelford, Amarillo, recording secretary; and Mrs. Clay Cooper, Canyon, corresponding secretary.

Bolden Jailed For Worthless Check

KNOX'S KNOTHINGS

By BILL KNOX

Wayne Smith seems to get faster each time he runs—against competition that is.

The talented Smith, who has not been beaten this year, will be favored to win the Region 1 Track meet Saturday in Lubbock's Red Raider Stadium. Jim Dorland and J. B. Mitchell of Fort Stockton took first and second in the 100 respectively last year, and Mitchell took first in the 220 with Dorland second. Hereford's Smith was third in both.

Smith will be given a good chance of breaking the Class A record and even the overall meet record. Dorland set the record of 9.7 in 1955, and J. Frank Daughtery of Olton has the overall record of 9.6.

The record in the 220 is 21.0 set by Troy Harbor, Lubbock's big athlete, in 1954. The Class A record is 21.1 set by J. B. Mitchell of Fort Stockton in 1955.

Smith has won the 100-yard dash for four straight years and the 220 three years in District 1-A. His best time, however, was a 10.0 which presently stands as a district record. He also holds the 220 record of 21.9.

At the Amarillo Relays last Saturday he clipped .15 of a second off his previous best time in the 100 which was 9.85 at Panhandle. That's getting down pretty low, and he may and probably will get lower when he gets in the keenest competition he will have met so far at the regional meet at Lubbock Saturday.

Lubbock scribes seem to be very impressed with him at any rate, and the two men who finished ahead of him in the 100 and 220 last year won't be there.

Here's what Joe McLaughlin of the Lubbock Avalanche-Journal has to say about Smith: "In the best time of the day, Hereford's sensational Wayne Smith recorded a 9.7 100-yard dash, only one-tenth of a second off the century record of 9.6 set by Joe Childress and J. Frank Daughtery of Odessa and Olton in 1950 and 1952 respectively."

From the Amarillo paper if you can find it among the Western League "Big Boys": "Hereford's Wayne Smith turned in one of the best performances of the day by stepping off the 100-yard dash in 9.7. This was Smith's best century time of the season. Previously he had been clocked at 9.95." (This should have been 9.85.)

"Smith may have broken or at least tied the century record of 9.6 but he got off to a bad start, nearly falling after leaving the blocks."

True, Smith may have broken or tied the record had he not gotten off to the bad start and almost fallen. He finished a good way ahead of the rest of the pack anyway.

So Smith stands a very good chance of tying or breaking the regional record of 9.6 held by J. Frank Daughtery of Olton. If the weather is good he should stand a very fine chance.

Ray Cowser, president of Hereford's Little League, tells us that work on Hereford's new Little Baseball Park should begin pretty quick. We hope none of the people working on the park fall in the big hole.

Dick Ross, newly appointed umpire-in-chief says that he will announce his staff of umpires shortly and he said that everybody he has talked to has been extremely cooperative.

the full length of Main between First and Fifth Streets; they will find meters one block east and one block west of Main on Third Street, while Second and Fourth Streets will carry meters both east and west for a distance of one-half block. The half block from Fourth south on Sampson will be the only meter area outside of the Main Street pattern.

Commission members reviewed the parking-meter pattern in detail, along with requests from several merchants who reported that they were being covered up by all-day parkers who worked further down Main. They also discussed employment of "Meter Maids" to check the meters and issue tickets, but took no action on this proposal.

Representatives Of Armed Services Talk To Students

"Join the Armed services!" "See the world!" "Fun and adventure!"

These were among the general comments heard Monday when representatives from the different branches of the armed services were at Hereford High. Delegates from the army, navy, army reserve, navy reserve, national guard, marines, and air force arrived Monday morning and gave a short talk to all junior and senior students, explaining their different view points on service life. During the day, these representatives answered the student's ques-

tions, and gave each individual a chance to talk to a representative about the branch of the service he was interested in.

Junior and senior girls were also allowed to attend the meeting, the purpose to give them a view point of the women's branches of the service.

Chief Petty Officer Wilhelm addressed the group Monday morning, stressing the importance of an adequate education. He told them "you have a much better chance to go places in service life with an education." He talked on military obligations

of all young men of 18 years of age, stressing the fact that a man must register at a draft board within five days after he is 18. Wilhelm also pointed out the advantages and disadvantages of enlisting before a person finishes high school.

He told the group that "it may be better to enlist and get your choice of armed services early than to wait and be drafted." Students were given printed information by the representatives to consider and think about.

"So... boys... what will you do? Enlist now and get your time over with? Or finish high school and get somewhere in the armed services?" finished Wilhelm.

Fred Patton Dies In Albuquerque

Fred Patton, long-time Hereford resident, and brother of three Hereford people, died suddenly at his home in Albuquerque Tuesday afternoon.

A native of Hereford, he attended schools here and later studied pharmacy in Chicago. He operated a sandwich shop in Hereford before moving to Albuquerque in 1946 where he owned and operated a drug store.

He is survived by his wife, one brother, John Patton, Hereford; four sisters, Mrs. Jack Newell and Mrs. Ida Ricketts, Hereford; Mrs. W. J. Todd, Canadian and Mrs. W. A. Trotti, Ft. Worth.

The funeral will be held in Hereford Friday pending completion of arrangements.

Speechcraft Clinic Part of Meeting

A speechcraft clinic will be held in conjunction with the West Texas District meeting of Toastmasters International here in Hereford Saturday at St. Anthony's School. Area governors who will supervise the clinic include Joe Peacock, Amarillo; Dr. Millard Carnrick, Lubbock; E. O. Kemper, Odessa; Allen Orr, Big Spring; Hal Kirchoff, Plainview, and C. R. Cooley, Borger.

The day-long meeting will be climaxed with speech contests at the dinner Saturday night when area winners will compete to see who represents the group at the regional contest in Albuquerque. Contestants are Douglas Borsus, Tulsa; Harry S. Walker, Lubbock; Hulen Brown, Midland; Orville Williams, Abilene; Dan Miller, Plainview and Clyde Mathis, Borger.

Retiring officers of the district are C. W. Scott, Lubbock, District Governor; Dr. Milton Adams, of Hereford, Past District Governor; Fred Balderston, Amarillo, First Lt. Governor; Ken Durham, Midland, Second Lt. Governor; Claude Tipton, Levelland, Treasurer; and Dr. Robert Rouse, Lubbock, Secretary. Candidates for District Governor are Hal Kirchoff, Plainview, and Fred Balderston of Amarillo.

Sandra Jean, born April 14, is the new daughter of Mr. and Mrs. Charles Whitehead of Amarillo. She weighed six pounds and 10½ ounces. Paternal grandparents are Dr. and Mrs. R. R. Willis and maternal grandparents are Mr. and Mrs. H. A. Lamm, all of Hereford. Great-grandparents are Mr. and Mrs. Kye Higgins and Mrs. C. L. Whitehead, all of Hereford. Mr. and Mrs. H. H. Lamm of Canute, Okla., and Mrs. Mike O'Hara of Muskogee, Okla.

Mary Yvonne, born April 16, and weighing six pounds and six and one-fourth ounces, is the new little daughter of Mr. and Mrs. Willis R. Duggan. Paternal grandparents are Mr. and Mrs. W. Q. Duggan of Hereford and maternal grandparents are Mr. and Mrs. J. A. Blevins of Vega.

Mr. and Mrs. Refugio Gamez have a new son, Americo, born April 17, and weighing nine pounds and nine ounces. Paternal grandparents are Mr. and Mrs. B. N. Gamez and maternal grandparents are Mr. and Mrs. Robert Hernandez.

Melody Ruth, born April 17, is the new daughter of Mr. and Mrs. Floyd Messenger. She weighed five pounds and 10 ounces. Paternal grandparents are Mr. and Mrs. George C. Messenger and maternal grandparents are Mr. and Mrs. George A. Sumner.

Mr. and Mrs. Dave Banks Jr. have a new daughter, born April 17 and weighing six pounds and 13 ounces. Paternal grandparents are Mr. and Mrs. Willie Mathis of Hereford and maternal grandfather is Jessie Taylor of Abilene and maternal grandmother is Mrs. Jessie Taylor of Marlin.

HUNGRY ARMEN
DAYTON, Ohio—Hungry Air Force servicemen last year cleaned up 4½ million dollars worth of food.

The Air Material Command with headquarters at Wright-Patterson Air Force Base said this money bought three meals a day for the airmen at a cost of about 35 cents per meal.

Methodist Church Launches Canvass

Following preliminary preparations of the past two weeks, an "Every Member Canvass" was launched by the Wesley Methodist Church Tuesday evening, when a fellowship supper and program was held.

Vance Crume, general chairman of the project, announced to workers that the canvass would be

carried out along stewardship lines to climax with a Victory Sunday in May. Workers in the various departments of the canvass had been named recently.

Rev. E. L. Naugle conducted a short devotional on Tuesday evening, with a special film devoted to the work of the canvass being shown, and Claude Francis concluded the instructive program with a short talk and review of the church budget for the fiscal year which begins the first of June. Some 50 members of the church were on hand for the affair.

Three Persons Injured in One Of Saturday's Three Accidents

Three persons were taken to the hospital for minor injuries from one of three accidents, which occurred here Saturday, resulting in an estimated \$826 damages to the vehicles involved.

The accident, which involved the injured people occurred at 8:50 p.m. at Sampson Street and Second.

A 1941 Chevrolet, driven by Patricia Earline Hyde, and a 1952 Pontiac, driven by Mrs. Ada Phillips Hollabaugh, collided, police said.

Miss Hyde was going south on Sampson Street and Mrs. Hollabaugh was going west on Second Street. Miss Hyde hit the right

side of Mrs. Hollabaugh's car between the doors.

Approximately \$300 damage was done to each car. Miss Hyde was charged with having defective brakes and Mrs. Hollabaugh was charged with failure to grant the right-of-way. The three persons taken to the hospital for minor injuries were Mrs. Hollabaugh, Miss Hyde and Troy Fowler.

The first accident occurred in the 100 block of North Main at 10:30 a.m.

A 1948 Hudson, driven by Heloria Jemenez Jr., and a 1955 Chevrolet, driven by A. L. Greenway, collided, police said.

Greenway stopped at the red light at the 100 block of North Main and Jemenez backed from the curb and hit Greenway's Hudson.

Approximately \$26 damage was done to Greenway's car and no damage to Jemenez's car. Jemenez was charged with negligent collision.

Park Avenue and Avenue F was the scene for the second accident which occurred at 5:45 p.m.

A 1952 Jibe, well drilled rig, driven by Richard Clay Martin, and a 1935 Mercury, driven by Mrs. Nellie Smith Pittman, collided, police said.

Both cars were going west on Park Avenue, with Martin following Mrs. Pittman. Mrs. Pittman slowed down at the caution light and Martin ran into the back of her car.

FAMILY REUNION HELD
Mr. and Mrs. J. E. Moody were hosts for a family get-together of Mrs. Moody's relatives the past weekend. Sunday a big family dinner was held and the group spent the day making pictures and catching up on conversation.

Attending were Mrs. Moody's father, T. J. McDaniel, Hale Center; her brother and his wife, Mr. and Mrs. D. C. McDaniel, Seagraves; her sister, Mrs. Valerie Perabot, Denver, Colo.; two sons, Lee Meek of Andrews and Mr. and Mrs. Gene Meek of Plainview; two grandsons, Joe and Don Meek of Big Spring; and an aunt, Mrs. Edna Kirk, Ropesville.

Smith Sizzles At Amarillo Relays; Region Next

Fleet Runner Clicks Off Fine Century Time Of 9.7

Over 20 other A and B schools watched the awesome Colorado City Wolves rumble to the Class A championship of the Amarillo Relays Saturday in Amarillo Stadium.

The Wolves racked up 28 points to finish ahead of the Canyon Eagles who had 23 points. Hereford's Whitefaces, behind Wayne Smith, held their own by finishing a close third with 19 points.

Wind and dust took its turn at bat and probably prevented the fall of some records. Class A and B continued its dominance over AA by consistently racking up better times. Out of 14 events, Class A times or distances were better in eight.

Fleet-footed Wayne Smith of Hereford turned in a pair of sparkling performances in the 100 and 220 yard dashes and anchored Hereford's 440-yard sprint relay team which finished a respectable second behind Colorado City's fleet foursome.

Smith turned in probably one of the best performances of the day when he churned the 100 in 9.7. Smith probably would have broken or tied the record of 9.6 set by J. Frank Daugherty of Olton and Joe Childress of Odes.

Smith had not gotten off to a bad start. He lost balance and almost fell at the beginning of the race.

The Hereford athlete ran the 220 in only 22.1 but missed well ahead of the field. He was second to Canyon's Charles Neblett for high-point honors with 10 1/4 points. Neblett had 13 points. He also won the trophy for outstanding hurdler.

Hereford's 440-yard sprint relay team of G. C. Merritt, Pat Ellison, Dick Larsen, and Wayne Smith recorded their best time of the year, a 44.4, but still finished second to Colorado City's fine foursome. The Wolves had a 44.2. Winning time in AA was 44.3 by Amarillo.

Other points picked up by the Whitefaces were a couple of second places racked up by G. C. Merritt in the 120-yard high hurdles and 180-yard low hurdles. Merritt ran the highs in 15.5 and the lows in 20.5.

For the first time this year, Hereford finished ahead of the Dumas Demons, District 1-A

champs, in team standings. Dumas finished fourth with 17 points. Canyon's Eagles also turned the trick by finishing second with 23 points.

CLASS A
100-YARD DASH — 1. Wayne Smith, Hereford; 2. Don Fife, Colorado City; 3. Dean McClellan, Dumas; 4. Geary Poage, Happy. Time—9.7.
220-YARD DASH — 1. Wayne Smith, Hereford; 2. Frank Mackey, Colorado City; 3. Dean McClellan, Dumas; 4. Teddy Estes, Olton. Time—22.1.

440-YARD DASH — 1. Doyle Herring, Colorado City; 2. Gerald Hardage, Farwell; 3. Jarrell Edwards, Olton; 4. Jim Boxwell, Dumas. Time—51.7.
880-YARD RUN — 1. Jan Pearcy, Sundown; 2. Neely Wolfarth, Seminole; 3. Harlie Adams, Canyon; 4. George Shepard, Happy. Time—2:04.2.

MILE RUN — 1. Wesley Masters, Cotton Center; 2. Bobby Cunningham, Littlefield; 3. Don Price, Phillips; 4. Johnny Eschle, Groom. Time—4:50.8.

NOBODY CLOSE—Nobody is close to Wayne Smith as he nears the finish line at the Amarillo Relays last Saturday. Smith easily won the 100-yard dash in the splendid time of 9.7. He got off to a bad start, almost falling. The Hereford speedster will be favored to win at the regional meet next Saturday in Red Raider Stadium at Lubbock.

Inter-City Golf Match Slated Here

The Tule Creek Golf Club of Tulla will invade Hereford links Sunday for an inter-city match with golfers from here.

Pro Ray Hardy of Tulla will bring approximately 25 golfers from his hometown. Tee off time will be 12:30 p.m. All local golfers interested in participating in the matches are asked by Bud Posey, local pro, to turn their names in at the Pro Shop by 6 p.m. Saturday.

Golfers with scores equalling those from Tulla will be paired with the Tulla players. This is because there will probably be too many players, Posey said. Play will be individual match play with one point counting for each nine holes and one point for the 18 holes. Local golfers paired with a Tulla golfer will play host and pay the Tulla players' green fees. When Hereford journeys to Tulla, Tulla players will do likewise.

Whitefaces Enter Meet At Lubbock

Hereford High School's golf team will journey to Lubbock Friday to compete in the Regional 1 Golf Tournament.

The Whitefaces finished second to Shamrock's Irishmen in district play and will not be favored to place at the rugged Lubbock meet. The Herd was fifth last year, finishing behind Brownfield, Monahans, Shamrock and Leveland.

The Brownfield Cubs will be back with another powerful delegation. The Cubs were the only A school to finish ahead of Hereford in the recent meet at the Amarillo Relays. Shamrock wasn't entered. Hereford was thirteenth in the entire meet, however.

Members of the Hereford squad are Charles Seed, Jeff Minton, Danny Elliston, and Donald Bridges. Seed, Elliston and Bridges are juniors and will be returning for next year's team. Minton is a sophomore and will be back for two more years.

Ernie White, new manager of Nashville's Vols, started his managerial career by winning the 1949 pennant and playoffs with Bluefield, W. Va., in the Appalachian League.

Elimination Contests Held By Four-H Clubs

An elimination contest was held in the REA kitchen April 14, for teams and individuals who plan to enter competition when 4-H members gather on the WT campus on April 28 for the district meeting.

Only one demonstration was given in vegetable preparation and one team and one individual demonstration in Dairy Foods. Two teams from the same club competed in the Safety Division.

Girls giving the demonstration on vegetable preparation were Pat Dawson and Martha Logan from the Happy Homes 4-H Club under the leadership of Mrs. Ira Ott and Mrs. George Heard. The girls cooked broccoli.

A recipe for homemade uncooked ice cream was the basis for the demonstration on Dairy Foods given by Jaquita Miller and Carlyn Williams. Carlyn is also a member of the Happy Homes Club while Jaquita works with the Merry Maidens group under the direction of Mrs. T. J. Parsons.

Mary Lynn Morrison from the Sadie Lee Oliver Club with Mrs. Thomas as leader, gave an individual demonstration in Dairy Food. She prepared a tomato salad using cottage cheese for the filling.

Merry Kay and Royce Lee Pruitt from the Walcott Club won right to compete in the district over Cecelia Burrus and Genelle Weaver also from Walcott.

Merry Kay and Royce Lee gave four methods of purifying water for use in case of an emergency. Methods demonstrated were boiling, use of chlorine, iodine or com-

mercial tablets for purification. Genelle and Cecelia listed remedies for insect and snake bites.

Scoring was by judges picked from the audience.

To be eligible for competition, the girl must be 14 years of age as well as a 4-H Club member for a given time.

Winners at the district will go to Texas A&M College on June 12 where state contests will be held during the annual 4-H Round-Up.

INDIVIDUAL EXHIBIT in Dairy Foods was the presentation for the judges by Mary Lynn Morrison in the elimination held on Saturday. Mary Lynn is a member of the Sadie Lee Oliver 4-H Club. (Staff Photo)

ALSO ENTERING SAFETY competition were Merry Kay and Royce Lee Pruitt from the Walcott Club. The sisters who gave a demonstration on Water Purification will represent the county in this division of the District Meeting on the WT campus April 28. (Staff Photo)

Roll Call Answered By Vacation Plans

The members of the Sunshine Club met Thursday at 2:30 p.m. in the home of Geneva Higgins, with nine members present.

The meeting was called to order by the president and each one answered roll call, telling where they would like to go, or what they would like to do, on their vacation.

Minutes of the last meeting were read and approved. A business discussion followed, and the final selection of a girl to sponsor was voted upon and accepted as the club's annual project.

Plans were made for the annual anniversary luncheon of the club, which will be held in the home of Mrs. Jean Davis, 215 Avenue J, May 10. In the afternoon the members will work on the quilt for our needy family.

The next club meeting will be in the home of Mrs. Audine Wells, 402 Roosevelt, April 26.

HD Club Members Discuss Floor Coverings, Snake Bites

Floors and floor coverings has been the subject for demonstrations on Living Room Improvement given to home demonstration club women in early April programs, and snake bites and remedies were discussed by other clubs.

Clubs reporting are: Pointers on buying carpeting were listed by Argen Draper, county home demonstration agent, for members of the Messenger H. D. Club who met with Mrs. Bob Howard April 13. Mrs. Draper showed samples of carpeting and explained the fibers used in the weaving.

Mrs. Ernest Brown gave the council report and Mrs. N. A. Brown reported on the district meeting held in Hereford April 14.

The bake sale for council funds was discussed and members voted to furnish something for a sale instead of making a cash contribution.

Mrs. J. E. Rouse received a gift from her secret pal and also won the recreation prize. The floating prize went to Mrs. Elmer Northcutt.

Refreshments were served to Mesdames E. M. Hix, a visitor, J. E. Rouse, Johnny Northcutt, Elmer Northcutt, N. A. Brown, Ernest Brown, Floyd Brown, S. N.

Thwaitt, R. J. Coleman, W. D. Howard, Tom Draper and the hostesses.

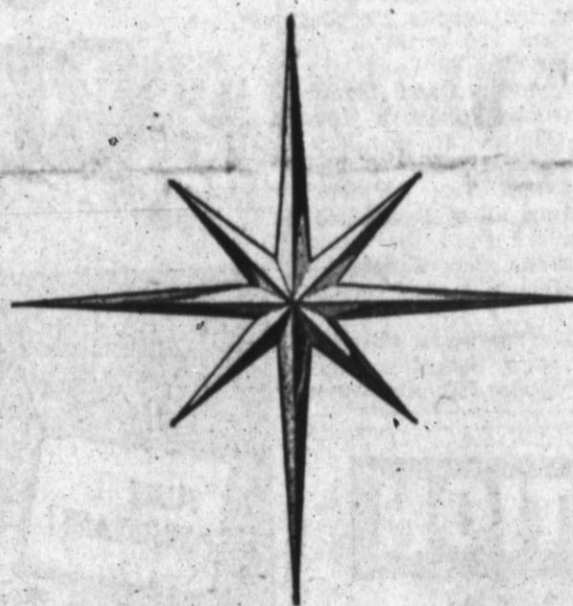

The next meeting will be with Mrs. W. D. Howard April 27.

CULTURAL

"Carpeting gives you more than beauty — it makes you feel the warmth of your home, it subdues music and noise and it comforts and cushions your steps." Argen Draper told members of the cultural H. D. Club who met with Mrs. Earl DeHart April 11 for a program on Living Room Improvement.

Mrs. Draper told the women that nylon carpeting can be made stat-

LINCOLN

The longest, lowest, most powerful Lincoln of all time

The car that speaks as well of you as you will speak of it

Of the many pleasures of owning Lincoln, none is more satisfying than what this totally new car says about you.

For here is the fine car that says you have a feeling for trend-setting style — that you admire the sweep of clean-flowing lines... the scant five feet of lowness... the sleek new length that is so unmistakably Lincoln. And, as so many others now turn to this Lincoln — making it the most sought-after of all time — this superb new car says that your judgment is of the kind others follow.

This Lincoln says that your heart lifts to spirited performance — the kind that comes from teaming 285 high-torque horsepower with Lincoln's incomparably smooth

Turbo-Drive. And yet it also says that you expect such great power to be beautifully balanced — with comfort to soothe you, stability to ease your mind, and a feel of the wheel to put you completely in control.

There's so much more that Lincoln says — and so much you will say. But why not let this new fine car speak for itself?

Stop in tomorrow — or today if you can — and slip into the driver's seat. Make your own appraisal of this Lincoln that's so long — and so longed-for!

In caring for carpets or rugs the speaker suggested that any spots be cleaned immediately and have the entire rug cleaned before it gets badly soiled. A vacuum cleaner should only be used once a week she emphasized with the use of a sweeper for more frequent cleaning.

Samples of wool, cotton, nylon, saran and blends were examined. During the business session a

contribution to the Prayer Room fund for the hospital was made. Mrs. Tom Draper and Mrs. T. L. Bryant were visitors.

Members attending were Mesdames W. E. Holcomb, Ralph Packard, Grady Parsons, Pat Robinson, J. T. Richardson, Irving Robinson Jr., Ted Royal, Ira Scott, Edgar Telchik, M. W. Sumner, Fred Wolfington, C. E. Johnson, A. C. Hershey, Louie Olson, F.M. Houser and the hostess.

The special edition has been further delayed on account of not having a sufficient current of electric juice to pull the load on the big press. But delay only makes the edition grow bigger. Those merchants and shop men who have not made contracts for ad space will yet have a little time to get in their copy. We do not want to leave out a single firm. All Hereford must be represented.

Last Saturday night, close up to the midnight hour, several of our citizens doubtless thought that the old cowboy days had returned. For the first time in many moons some jolly gentleman proceeded to empty his six-shooter at the smiling stars when it became time for him

to shake dust in the face of the sleeping city.

One of the largest cash deals ever recorded in Deaf Smith County was closed this week in a real-ty transaction when W. S. (Shern) Williams sold two sections, or 1280 acres of land, to Mrs. Emma Jackson of Amarillo. Amount of consideration was not announced, but both parties in the deal said it was all cash. The land involved is 14 miles northwest of Hereford, well improved, and is known as the Williams home ranch. It was established in 1908. Mr. Williams said he would still consider Deaf Smith County his home, although he has business interests in Missouri.

By Jimmie Gillentine

Last year I was writing in this column about how wonderful it was to have the boys and girls worshipping a hero known as "Davey Crockett." I wish I could say the same thing for the new "teen-age" craze over Elvis Presley.

Honest, I have nothing against Mr. Presley — but I do find it alarming when thousands upon thousands of our younger generation go stark, raving mad over a nobody who has little, or no talent. Ed Skypala was one of several Hereford folks who took a bunch of Hereford kids to the Presley performance in Amarillo, and he was really disgusted. Ed says he thinks Mr. Presley not only vulgar, but pretty dull. He was amazed, however, at the fanatic reaction as shown by the "teen-agers."

Sometimes, I think kids like to pull this sort of thing just to aggravate the older generations. I know too many of them personally to believe that they are really sincere. They are far, far too smart to be hoodwinked to the extent they would let you believe.

Mr. Presley and his press agent

The office of Dr. G. W. Heard, dentist, was burglarized last week, either Tuesday night or Wednesday morning, and about \$40 in gold was taken. His scrap gold and clippings and the precious metal used for filling teeth were not touched, although this valuable property was as available as the plate gold which made up the burglar's loot. Two gold bridges in the same drawer with the plate were overlooked.

are having a lot of fun counting their money and marvelling at what suckers these "teen-agers" be. However, he had better be saving some of it, because in six months he will be a forgotten man—purple Cadillac and all. He just doesn't have talent like Bing Crosby, Eddie Fisher and Frankie Laine. Even Johnny Ray has more talent in his little finger than Presley can muster in his 250 pounds of vibrating lard — and Johnny has practically ceased ringing the bell.

Mrs. C. R. Allison, Rt. 5, recently moved here from Tulsa. She also has some relatives in Eastland, who sent her some clippings about Hereford. She says our former Brand news editor, Virgil Moore, is giving this country a first class double-cross. What has her most upset is the fact that Virgil is printing a lot of stuff about Hereford dust storms. In one of the clippings, Virgil said: "Anytime you can see your outstretched hand out Hereford way, it's a clear day." Mrs. Allison, who is a native of Eastland county says: "Just wait until this summer and fall, then he will want a good breath of pure air." She also says she has lived both places, and she really likes Hereford.

I doubt if she is right, though. She just doesn't know Virgil. He is so thin that he doesn't use much air. He probably took a couple of quarts down with him—and that will last him for at least two years. Honest, he reminds me of the kind of shadow Marlin Gilliland would cast on a cloudy day. Buck Overall is another old boy from that neck of the woods—and he is also pretty thin. I think it must be the chiggers and wood ticks that

The Hereford High Whiteface band and Stanton Junior High Band will go to the annual Inter-scholastic League Music Festival at Canyon April 26 and 27.

keep these boys consistently under 90 pounds.

About the Eisenhower farm bill veto, I am not happy. I voted for Ike, and I figure he was sincere—certainly he would have made more votes by playing politics. I also think he is wrong. I hope they pass the bill over his veto. I am sure they can in the Senate, but the House is maybe another question. I would still vote for Ike over Adlai Stevenson, but would definitely vote for Lyndon Johnson over Ike. Not so much because he is a Texan, but because I think he would solve a lot of our national problems.

Don Zimmerman was telling me that Bob Wilson came in Tuesday afternoon and bought two Georgia stocks. He wasn't sure, but thought maybe it had something to do with the veto. Meanwhile, everything is going up—except farm prices. Steel will take an all-time high jump in July. About \$15 a raw ton. This will move the price of cars up another \$200 or so. I'd still like to know what Bob was going to do with those Georgia stocks.

Slim Wester and Gieve Owen were down to Lake Kemp this week, and they are telling some real fish stories. They brought back around 80 crappie. Gieve says some of them will top two pounds. The most interesting thing, though, is that Slim says he is going back — and soon. This means they really did have good luck.

4:30 p.m. Numbers by the Whiteface band will be "Thunder Song March," by Walter Finlayson; "Second Movement from Shebets Unfinished Symphony"; and "Pageant," by Persichetti.

Stanton Junior High band will go to Canyon Friday. Their concert

numbers are "On The Street March," by Ted Mesagg; "Sarabande and Gavotte," by Corelli; and "Air and March," by Henry Perceell.

The Whiteface band received a rating I on their marching demonstration earlier in the fall.

Judges for the concert bands will be Roger Fenn from Tulsa University, Maurice McAdow from North Texas State College and Hiram Henry from Oklahoma A&M. Wayman Walker from Colorado State College will be the sight-reading judge.

NOTICE OF ELECTION FOR CHARTER AMENDMENTS ORDINANCE NUMBER 453

AN ORDINANCE ORDERING AN ELECTION IN THE CITY OF HEREFORD, TEXAS, TO BE HELD ON THE 26th DAY OF MAY, 1956, FOR THE PURPOSE OF SUBMITTING TO THE QUALIFIED VOTERS OF THE CITY OF HEREFORD FOR ADOPTION OR REJECTION, TWO PROPOSED AMENDMENTS TO THE EXISTING CHARTER OF THE CITY OF HEREFORD; DESIGNATING THE PLACES AT WHICH SAID ELECTION IS TO BE HELD; APPOINTING PRESIDING OFFICERS THEREOF; PROVIDING FOR THE MANNER OF HOLDING SAID ELECTION; AND PROVIDING FOR THE GIVING OF NOTICE OF SAID ELECTION.

WHEREAS, on the 19th day of March, 1956, a resolution was duly passed by the City Commission giving notice of its intention to pass an ordinance providing for the submission to the qualified vot-

ers of the City of Hereford, Texas, of two proposed amendments to the existing charter of said City; and

WHEREAS, notice of intention to submit such charter amendments was given by publication in THE SUNDAY BRAND, the official newspaper in said City published in said City, and which notice was published in each issue of said paper for ten (10) days, the date of the first publication thereof being not less than twenty (20) days next preceding the date of this ordinance; and,

WHEREAS, the City Commission of the City of Hereford deems it proper to submit the proposed amendments to the present City Charter to the qualified voters of said City;

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF HEREFORD, TEXAS:

SECTION 1: That a special election be held in the City of Hereford, Texas, on the 26th day of May, 1956, for the purpose of submitting to the qualified voters of said City for adoption or rejection, the following proposed amendments to the existing Charter of the City of Hereford:

AMENDMENT NUMBER 1 To amend Sections One and Two of Article IV of the City Charter of the City of Hereford so as to hereafter read as follows:

"Section 1. Governing Body: The Governing and law-making body of the City of Hereford shall consist of four members and a mayor and said body shall be known as the City Commission of the City of Hereford, Texas."

"Section 2. Elective Officers: The members of the City Commission of the City of Hereford shall include four commissioners and a mayor, all of whom shall be elected from the City at large, and shall be the only elected officers of the city."

(a) The mayor shall be elected and hold office for a term of two years at an election to be held on the first Tuesday in April in each

odd numbered year, and the present mayor shall continue in office until he is replaced by his qualified successor to be elected in 1957.

(b) The commissioners shall be designated respectively Commissioner, Place No. One; Commissioner, Place No. Two; Commissioner, Place No. Three; and Commissioner, Place No. Four. The two present commissioners are hereby designated as Commissioner, Place No. 1 and Commissioner, Place No. 2, respectively, and the said present commissioners shall continue in office until they are replaced by their qualified successors to be elected in 1957. Two additional commissioners shall be elected at a special election held for that purpose at such time as shall be selected by the present City Commission, but not later than the 1st day of September, 1956. Such additional commissioners shall be designated Commissioner, Place No. Three, and Commissioner, Place No. Four, respectively, and they shall hold office until they are replaced by their qualified successors to be elected in 1958.

(c) Hereafter, Commissioner, Place No. One; and Commissioner, Place No. Two, shall be elected and hold office for a term of two years at an election to be held on the first Tuesday in April of each odd numbered year; and Commissioner, Place No. Three and Commissioner, Place No. Four, shall be elected and hold office for a term of two years at an election to be held on the first Tuesday of April in each even numbered year.

AMENDMENT NO. 2 To amend Section Eight of Article V of the City Charter of the City of Hereford so as to hereafter read as follows:

"Section 8. Corporation Court: (a) There shall be established and maintained a court designated as a 'Corporation Court' for the trial of misdemeanor offenses, with all such powers and duties as are now or hereafter may be prescribed by the laws of the State of Texas relative to Corporation or

Recorder's Courts. (b) Said Court shall have jurisdiction within the territorial limits of said city of all criminal cases arising under the ordinances of such city, and shall have concurrent jurisdiction with the Justice of the Peace of the Precinct, or Precincts, in which the City is or may be situated of all criminal cases arising under the criminal laws of the State, where the offense is committed within the territorial limits of said city and the punishment is by fine only and the maximum of said fine, under the laws of this state, may not exceed two hundred dollars (\$200.00). Said court shall have no civil jurisdiction, except for the forfeiture and collection of bonds given in proceedings herein. It shall also have jurisdiction of violations of ordinances of the city enacted for the preservation of its water system, watersheds of the city's water supply and the purity of the water supply, its sewer disposal plant and its garbage dumping grounds, whether such offenses are committed inside or outside of the Corporate limits of the City of Hereford, and the violations of any nuisance ordinance within five thousand feet of the Corporate limits of the City, outside of the city limits.

(c) The Judge of said Court shall be a qualified voter of the City of Hereford, shall be appointed by the City Commission, shall hold his office at the pleasure of the City Commission, and shall receive such salary as may be fixed by the City Commission. (d) The Judge of said Corporation Court shall have power to punish for contempt to the same extent and under the same circumstances as the Justice of the Peace may punish for contempt in all criminal cases. (e) All complaints, prosecution, the service of process, commitment of those convicted of offenses, the collection and payment of fines, the attendance and service of witnesses and juries, punishment for contempt, bail and the

taking of bonds shall be governed by the provisions of Title 2 of the Code of Criminal Procedure of the State of Texas applicable to Corporation Courts.

(f) The City Secretary or an assistant City Secretary shall be ex-officio clerk of said court.

(g) The Clerk of said Court and his deputies shall have the power to administer oaths and affidavits, make certificates, affix the seal of said Court thereto, and generally do and perform any and all acts usual and necessary by the clerk of courts in issuing process of said courts and conducting the business thereof.

(h) In case of the disability or absence of the Judge of the Corporation Court, the City Manager, or in the absence or disability of the City Manager, the Mayor, shall act as judge of said Court.

SECTION 2: That said election shall be held at the City Hall in the City of Hereford, Texas, and the entire City shall constitute one election precinct.

SECTION 3: That the following named persons are hereby appointed officers of the election, to-wit:

T. W. Alderson, Presiding Judge
Troy Moore, Judge
Mrs. Earl Phillips, Clerk
Mrs. S. O. Wilson, Clerk

SECTION 4: That said election shall be held under the provisions of the general laws of the State of Texas governing General Elections, and all persons qualified to vote in said City under the laws of this State regulating general elections shall be allowed to vote. That the manner of holding said election shall be governed by the general laws of the State of Texas regulating general elections, when not in conflict with the provisions of the law hereinafter referred to.

SECTION 5: That the ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V.A.T.S., Election Code, adopted by the 52nd Legislature in 1951, and that printed on such ballots shall appear the following:

AMENDMENT NO. 1 "FOR THE AMENDMENT OF SECTIONS 1 AND 2 OF ARTICLE IV OF THE CITY CHARTER INCREASING THE NUMBER OF COMMISSIONERS FROM TWO TO FOUR"

"AGAINST THE AMENDMENT OF SECTIONS 1 AND 2 OF ARTICLE IV OF THE CITY CHARTER INCREASING THE NUMBER OF COMMISSIONERS FROM TWO TO FOUR"

AMENDMENT NO. 2 "FOR THE AMENDMENT OF SECTION 8 OF ARTICLE V OF THE CITY CHARTER PROVIDING FOR A CORPORATION COURT AND CREATING THE OFFICE OF JUDGE OF SUCH COURT"

"AGAINST THE AMENDMENT OF SECTION 8 OF ARTICLE V OF THE CITY CHARTER PROVIDING FOR A CORPORATION COURT AND CREATING THE OFFICE OF JUDGE OF SUCH COURT"

As to each of the foregoing two amendments, each voter may mark out with black ink or pencil one of such expressions, thus leaving the other as indicating his vote on the respective amendments; or, in the alternative, each voter may vote on the amendments by placing an "X" in the square appearing on the ballot beside the expression of his choice.

SECTION 6: The City Secretary shall at once, and at least thirty (30) days prior to the election hereinafter ordered, mail a copy of the proposed amendments to every qualified voter in the City of Hereford, as appears from the tax collector's rolls for the year ending January 31, 1956.

SECTION 7: That a copy of this ordinance, signed by the mayor of the City of Hereford and attested

School Transfer Deadline June 1

Applications for transfer of students from one school district to another must be filed in the county superintendent's office before June 1, announced H. E. Henslee this week.

"If a child is to be legally transferred from one district to another, application requests must be filed by parents or guardians of that child within the next six weeks," Superintendent Henslee explained.

Districts which are all or partly in Deaf Smith County include the Hereford Rural School District, Walcott, Vega, Adrian and Wildorado school districts.

The parent may go by Henslee's office in the courthouse and fill out the form, which is then processed and sent in to state office.

Clean-Up for Farm, Home Safety This Spring, Advises County Agent

Clean up for farm safety this spring, says Hugh Clearman, county agriculture agent.

Disorder ranks second only to poor judgment as the cause of accidents according to a recent study of hospitalized home accident cases which disclosed that one out of every five was put there by disorder.

Farm and city dwellers alike can add to the pleasure of living by giving their farmsteads and homes a thorough spring cleaning said Clearman. He suggests the elimination of all fire hazards as a logical starting point. Trash, such as papers, old rags and rubbish, are fire feeders and make flames more difficult to control.

Volatile fuels, paints, cleaners and insecticides should not be stored in the home. Check electrical wiring. Also all circuits for overload and frayed or damaged insulation.

Falls cause many fatal farm accidents. Cluttered stairways, unsafe ladders, loose wires and poor housekeeping about the farm can all cause crippling falls.

"The solution to the problem is simple," says Clearman, "eliminate the hazards and then practice good housekeeping."

He advised all homemakers to check the medicine cabinet for old and unlabeled bottles and get the out of the way. Insecticides and other chemicals are safest when kept under lock and key. Foot injuries to humans and livestock can be kept at a minimum getting broken glass, junk, pool wire and tin cans in the disposal pit. Nails should be removed from all boards whether loose or stacked.

Children are often injured, while playing by improperly stored tools, knives and sharp edged equipment. Don't leave pitchforks, spades, hoes or rakes where they can cause an injury, he pointed out.

A clean farmstead also means fewer rodents. Dangers of disease and losses from damaged buildings to say nothing of the elimination of a needless feed bill are rewards for keeping a clean and orderly farmstead. Appearance, said Clearman goes with performance. Clean-up for efficiency and safety.

No other truck can offer you as much as a new 1956 GMC

LOOK at the facts—no matter what kind of truck you need.

GMC's new light-duty power plants have as much as 16.2% greater displacement than the nearest competition. H.P.'s been upped as much as 20%. V8's are the latest in short-stroke design.

In the new half-tonners, a brand-new fast-ratio cruising axle gives you all the efficiencies of overdrive. And it's an option at a fraction of overdrive's usual price.

A new ride stabilizer gives Blue Chip

light-duties remarkable new riding comfort. No need to fight the steering wheel—even on the poorest roads.

All GMC's now have a 12-volt electrical system. Tubeless tires are standard equipment. And a new boulevard styling makes a GMC far and away the best advertisement you can run.

In short, new 1956 Blue Chip GMC's are just about as impressive a line as you've ever seen. Values are even more remarkable. Drop by and see for yourself!

FHA Delegates Go To State Conclave

Hereford FHA delegates left this morning for the state meeting in Ft. Worth. The four girls attending the meeting as delegates are Paula Wright, sophomore and Carlynn Williams, junior, from Chapter I. Royal Rose Chapter delegates are Betty Paetzold, freshman and Donna Guseman, junior.

Delegates to the meeting were chosen by the highest number of points they have received during the year.

Helga Thome, HHS German exchange student, went with the group and will give a talk at the state meeting on "What My Nation Means to Me." As the Texas Home Maker of Tomorrow, Sammie McLallen was given permission by the FHA state advisor to attend the meeting also.

Sponsoring the group are Mrs. Joel Hodges, FHA sponsor, Mrs. Dan Guseman and Mrs. George Paetzold as FHA mothers.

POSTAGE TROUBLE
ABERDEEN, Wash. (AP) — Newspapermen chuckled over a piece of mail that reached the Aberdeen Daily World after having been returned to the sender. It bore the bold, red-lettered stamp: "Returned for Postage." It was from the National Federation of Post Office Clerks.

TOWARD THE SCRAPHEAP
MANKATO, Minn. (AP) — Two were arrested after they spent many hours cutting up a \$10,000 bulldozer so they could sell it for scrap. The earth moving machine had been parked in a field by a sand and gravel firm.

LOOKING AHEAD—Pinin Farina, noted designer, looks over one of his car bodies with a mechanic in his Turin factory.

Farina Expects Jet-Age Car Which Will Be 'Strikingly Different'

By WILLIAM MAIRANI

TURIN, Italy (U)—Pinin Farina, the Italian designer whose ideas have influenced automotive styles throughout the world, believes the car of the future will be strikingly different.

Jet or rocket propulsion, turbine or even atomic engines, will change not only the way an automobile runs but the way it looks, he says.

The whole automotive world listens when the simply dressed, bespectacled Farina expresses an opinion. For 47 of his 80 years he has been designing or building cars. Factories in America and Europe are turning out bodies that may have started as an idea he scratched out on a cigarette package.

He believes the shape of the jet-age car will be changed not so much by speed as by popular taste.

"Jet cars will have, let's say, a speed of not more than 150 kilometers per hour (90 miles an hour) at the beginning," he said in an interview. "That's far from the speeds we can reach now. But the human mind — human tastes — will change. Look at the new baby buggies. There's no reason why they could be streamlined, but the manufacturers are keeping up to date."

When Farina started working on automobiles as a boy, they were styled like buggies.

"But I was certain that the new automobile meant something absolutely changed," he says. "The American automobile, I believe, will be a little smaller overall, although its interior space will be about the same. Cars are beginning to be too big.

Farina expects European cars to become larger.

He has had ample opportunity to study American cars. He has designed many makes of them. In the past four years he has made some 20 trips to the United States.

His own plant here employs about 450 people and turns out an average of 1500 bodies a year. Some of these are individually tailored jobs fitted for the client right down to the door handles. With motor and chassis provided by the client, they cost from \$7000 to \$20,000.

Most of Farina's output, however, is in special or custom models, produced in series of 100 or more. These cost about 10 percent more than a regular factory-produced body.

Farina has reached his place in the automotive world without very much formal education.

"My father doesn't know algebra or things like that," said his son Sergio, an engineering graduate. "He just feels when something is right or wrong. Then, we do the calculating — and we find out he was right."

Farina explains: "The first idea comes sometime when you're on the golf course, or at lunch, or almost anywhere. You put down your first design on a scrap of paper, an envelope, a cigarette package."

Then a designer makes it into a drawing. Next a very small model is made. That's converted into a life-size wooden model, which can be changed easily as the idea develops.

In the factory Farina is helped by son Sergio and by a son-in-law. "I'm not the supreme commander or a dictator," he said. "We make our decisions together."

He looks on an automobile body as an artistic creation — and he is an artist himself. He is a member of the Turin Artists Club. He paints in his spare time, but doesn't think it of much importance.

THE STATE OF TEXAS
TO ANY SHERIFF OR ANY CONSTABLE WITHIN THE STATE OF TEXAS—GREETING:

You are hereby commanded to cause to be published once each week for four consecutive weeks, the first publication to be at least twenty-eight days before the return date thereof, in a newspaper printed in Deaf Smith County, Texas, the accompanying citation, of which the hereinbelow following is a true copy.

CITATION BY PUBLICATION
THE STATE OF TEXAS.

TO: The unknown stockholders of the Hereford National Bank, a corporation, and the unknown heirs and legal representatives of such unknown stockholders, if deceased, and to all persons claiming any title or interest in land under deed heretofore given to John E. Ferguson, President of the Hereford National Bank, and his successors, in trust for the stockholders in said bank, of Deaf Smith County, Texas, as grantee, Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court, 69th Judicial District, of Deaf Smith County, Texas, at the Courthouse thereof, in the city of Hereford, by filing a written answer at or before 10:00 a.m. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 28th day of May, 1956, to Plaintiff's petition filed in said court, on the 13th day of April, 1956, in this cause, numbered 3873 on the docket of said Court and styled WAYNE WALLACE, Plaintiff, vs. THE UNKNOWN STOCKHOLDERS OF THE HEREFORD NATIONAL BANK, A CORPORATION, and the unknown heirs and legal representatives of such unknown stockholders, if deceased, and all persons claiming any title or interest in land under deed heretofore given to John E. BOUNDARY PROBLEM

DULCE, N. M. (U)—The Jicarilla Apaches have hired a research group to establish boundaries of land they claim was theirs when the United States appropriated it. They want compensation for land lying, roughly, between the Continental Divide and the eastern border of New Mexico and from the Arkansas River in Colorado south to an east-west line through Albuquerque.

PUT IT IN WRITING!

DENVER (U)—The Colorado Board of Education has approved a plan under which charges of subversive activity made against teachers in the state's public schools would have to be submitted in writing and under oath to require action.

A 20-member citizen's committee suggested the procedures in dealing with such charges — aimed at eliminating "hearsay" accusations submitted by "faceless informers." The committee defined subversive activity in teachers as membership in or adherence to the Communist party or advocacy of "any change in the forms of government" of the state or nation "by means of force or violence."

Fishermen along the coast of Brazil use peeled-log rafts called jangadas.

BURGLARY, PLAY BY PLAY

NOGALES, Ariz. (U)—Police were well informed about burglary committed by Gregorio Guerrero. As he was looking over the house, climbing a window screen and climbing in a window, a State Highway Department employee in an office nearby gave a running account to officers over the telephone.

Guerrero was arrested as he carried household items out the door. He got a year to 18 months.

MAKESHIFT FIRST AID

Decatur, Ill. (U)—Andrew Neureuther Jr., 14, won the National Boy Scout's Court of Honor Medal. Nancy Brinkoetter, 6, cut an artery in her arm when she stuck it through a window. Andy applied pressure to the artery until an ambulance arrived. His action was credited with saving her life. Although Andy's merit badge list includes one each for cooking, life-saving, swimming, and pioneering, he had none in first aid.

Dear Friends

As a part of their work in Humble's Refining Research Laboratory, Humble scientists bombard petroleum hydrocarbons with electrons in a 2-million volt Van de Graaff Accelerator.

But if you ask one of these scientists what he expects to find, he'll answer, who knows!

For this is fundamental research. Results may be quick or they may be a long time developing. Who knows?

... Perhaps the scientists will find a way to increase the yield of useful products from a barrel of crude oil.

... Perhaps they'll be able to make improvements in the fine products already supplied you.

... Perhaps they'll develop an entirely new group of petroleum products.

Who knows!

This much, however, is certain: Humble research scientists at Baytown use every device of physics, chemistry, mathematics and mechanics to provide you with more and better petroleum products.

Two quick examples: The specifications for Esso Extra gasoline, the formula for Humble Uniflo motor oil. These, without question, are the finest products you can use in your car.

Sincerely

Child Show-Off Really Bids For Maternal Attention

By DOROTHY V. WIMPLE M.D.

"I just don't know what to do with Fritz, he is such a terrible show-off I don't dare let him come to the dinner table when we have a guest. In fact guests and Fritz just don't mix. He isn't so bad when we're alone, but let anyone step across the front door and he's an obnoxious brat. I've tried to ignore him, I've punished, I've scolded, I've talked reasonably, but I've gotten just exactly nowhere. If anything, he's worse."

Fritz was 5 years old, a healthy active little fellow. Fritz's mother was a busy woman. She had a part time job that kept her away from home four hours a day, while Fritz was in nursery school. When at home she worked fast and efficiently to get her many chores done. She played with Fritz, some, but she had to admit, she never had much time to sit down and play games or read stories.

Fritz had learned to play fairly well by himself, though he did come bothering her at times when she seemed most rushed.

Can you see Fritz? Can you get down and look at life through 5-year-old eyes? Fritz feels lonely and pushed out. Mother is always too busy. She is almost never warm and cozy and she's not interested in what he's doing or saying, except sometimes to scold and tell him to "Stop."

Fritz's mother does love her little boy—that's why she works so hard. But Fritz doesn't feel it. He doesn't understand her work. All he knows is how he feels and that's not good.

Child-like, Fritz has discovered one solution. When someone else is around, mother will do something about him if he gets in the way. She won't ignore him—Fritz really doesn't like being punished, but he'd rather be punished than ignored. Being bad is the only way Fritz knows of making his mother pay attention to him.

Now what to do about Fritz. First mother needs to satisfy his need for her companionship. Just

merely being in the house together doesn't do the job. Mother needs to be 100% with her little boy some of the time. Some 100% attention will saturate Fritz and he will wander off happily. Some of this time can be spent playing or reading, some can be spent doing the household chores with Fritz's help. But whatever they do, there needs to be the feeling of "togetherness" about it.

Then when it comes time for a guest, tell him about it long in advance. "Uncle Bill is coming to dinner tonight. Let's make some oatmeal cookies" (to say nothing of how much Fritz likes them). Together you stir up the dough and make the cookies. Have fun doing it.

Plan what "we" will do when Uncle Bill comes. Something that will include Fritz for a time until he goes upstairs and gets into his pajamas. Then let Dad tuck him into bed without rushing.

Chances are pretty good Fritz will stay in bed and go to sleep. He'll feel good about Uncle Bill's visit because he's had adequate attention for being good. He didn't have to show off to get noticed.

Propaganda Still Stems From Aesop

By ROBERT HUNT

ST. LOUIS (AP) — Think of Aesop's Fables and you turn back to childhood memories.

But Dr. Chauncey E. Finch, professor of classical languages at St. Louis University, finds the fables have made good propaganda weapons, too.

He came across two anonymous poems in microfilms of the Vatican library manuscripts at the university showing the tales used in a tart exchange between the cities of Venice and Padua back in 1508. "You Venetians," Padua wrote in a Latin poem shortly after being freed from Venetian control, "can be considered as being in

the position of the horse who, according to the fable, was equipped with a beautiful saddle and fine trappings and was very scornful of the lowly ass. But later on, the horse was stripped of his finery as a result of an accident sustained by him, and was compelled to accept the same lot as the lowly ass."

The Venetians dashed back this angry reply:

"If you begin employing insults, you will receive worse, as you might guess from the fable of the fly who kept tormenting the bald man x x x stay away from our territory and avoid using arrogant words, since the fable of the crow who brought grief to himself by putting on peacock feathers and pretending that he was more important than he actually was ap-

plies to you too."

Modern-day usage of the Fables from Russia came in the United Nations in 1946. Dr. Finch points out, when the fable about the wolf and the lamb was employed in an attack on the United States during a dispute over disposal of the Yugoslav and Czechoslovakian fleets.

The Voice of America, Dr. Finch says, made use of the fable of the lion's share in a satire on trade relations between the Soviet Union and her satellites in 1950.

If Your New Years Eve Comes But Once A Year, Try This

By JANE EADS

WASHINGTON — If you've forgotten your January first New Year's celebration just think of capital party-goers who help to celebrate about a half-dozen others—Chinese, Russian, Jewish and most recently, Iranian New Year!

This last comes with the beginning of spring and actually is observed much less hangoverishly than that January clambake of ours. Iranians here were saying "Nourouz," Persian for "Happy New Year" to their American friends and colleagues in the diplomatic corps when they gathered at a festive shindig given by the new Ambassador and Mrs. Ali Amiri.

According to an ancient custom seven symbols of spring's fertility and abundance were displayed at the embassy. All beginning with the Persian letter "S" they included a hyacinth, a cereal grain, vinegar, sumac, a seed, a green vegetable and multicolored hard eggs. The buffet was laden with Middle East holiday fare, whole lambs stuffed with spiced rice, exotic vegetables, yogurt and sweets.

This was the first time Washington got to meet Mrs. Amiri who arrived here several weeks after...

her husband. She's the first hostess the embassy has had in years. Former Ambassador Nazroliah Entezam was a bachelor.

The new chataelaine is a real beauty with shining dark hair worn in a shoulder-length page-boy, big brown eyes, ivory skin and small, slender figure. People are comparing her to Oscar-winning film star Anna Magnani. She wears her French and Italian-made clothes with a flair. She has curve and charm.

She is the daughter of former Prime Minister Vossough-Doleh, a niece of famous post-World War II Prime Minister Ahmed Qavam who used his influence through the United Nations to force the Russians to evacuate Iran. Though she has grown up in an atmosphere of politics and international affairs, she herself never felt the urge to get into public life.

Mrs. Amiri was educated in a French convent in Beirut, Lebanon and studied for two years in Europe. She speaks French and Spanish fluently and told Washington newsmen she's already begun on her English. She's also interested in art and music.

She was married to Dr. Amiri at an early age and they have a son now 20.

There was a surprise birthday dinner Sunday in the Walter Galley home honoring their daughter Irene. Those attending the dinner

At The Movies

DOUBLE FEATURE

Base passions, intrigues, emulations, sorrows and bitter regrets boil as furiously within the dark walls of prisons for women as they do in the cell blocks of prisons for men.

This is shown vividly and dramatically in "The Weak and the Wicked," Allied Artists' latest exposure of life in penal institutions, which will show Friday and Saturday at the Star.

"The Weak and the Wicked" is taken from the real experiences of a well-bred girl who could not control her passion for gambling in large amounts.

Unable to meet her debts, she is framed by the chief of her debtors and is sent to prison on an insurance fraud. The author of this story, published as a novel, is Joan Henry.

The film stars Glynis Johns with the central role and is excellent. Her fiancé is played by John Gregson as a young doctor who shares the tragedy of her life. The part of a sister inmate is played by Diana Dora, a blonde and shapely young actress. Jane Hylton is featured in the role of another prisoner, and the movie also includes Simone Silva.

Lucy Beth Miller, Della Ruth Dow, Bobby Miller, Manuel Beavers, Gail Miller, Billy Wimberley, Billy Lynn Miller, and Mr. and Mrs. N. R. Miller. Happy Birthday, Irene!

Visitors in Phyllis Ann Wimberley's home over the weekend were Polly Cornet, Verna Kay McBroom, Margaret Griffith, and Frances Sullenger. The five girls, Mrs. Carl Wimberley and Ted went to Pajo Duro, Sunday.

We are sorry to be losing all these families, but we hope they will be happy in their new homes. The Owen family went up near Delta, Colo., and the Spicer family went to Dallas.

tured in the role of another prisoner, and the movie also includes Simone Silva.

An exceptionally interesting play is backed up by excellent performances, excellent direction, fast action and taut suspense in Wayne Morris' newest starring picture for Allied Artists, "The Desperado," which will also show Friday and Saturday at the Star.

The screen play by Geoffrey Homes, based on a novel by Clifton Adams, treats of a period in the history of Texas that is painful to the older generation of Texans. From 1870 to 1873 the state was under the massive thumb of a carpetbag government headed by a northerner, E. J. Davis, in the governor's chair. Davis ruled through a state police organization responsible only to him—and all men who opposed it were considered to be criminals.

In "The Desperado," Morris is one of those rebels; a man hunted and branded as a professional killer. With him in his fight against ignorant tyranny are James Lydon and Rayford Barnes, rivals in the picture; both in love with Beverly Garland. Other players are Florence Lake, Nestor Paiva as a captain of the state police; Fats Greer, Roy Barcroft, John Dierkes and Richard Shackleton.

THE COUNTRY GIRL

One of the truly great dramatic experiences of cinema history is accomplished in Paramount's exciting film made from the smash Broadway play "The Country Girl" which will show Thursday and Friday at the Tower Drive In. Starring Bing Crosby, William Holden and Grace Kelly, this dramatic package of celluloid entertainment has been receiving the plaudits of critics and audiences everywhere it has been shown.

The plot concerns a man torn by a supposed guilt for a past tragedy who seeks to hide that guilt behind alcohol and a complete dependence on his wife. He is an actor who is given one last chance to get back to the straight and narrow by appearing as the lead in

a musical show. His wife and the play's director strive to keep him going and what eventually happens is a heart-wrenching drama that is reportedly the most electrifying package of celluloid ever filmed.

Bing Crosby, in the role of the weakening actor, is seen in a complete departure from anything he has attempted in the past. Grace

Kelly as the wife is no less overwhelming. William Holden as the director, turns in his usual fine performance. This is Miss Kelly's Academy Award picture.

Although the number of boy babies exceeds the number of girl babies, women live so much longer that there are more women than men in the United States.

JETAWAY seconds the motion!

(... and America votes it The Gear of the Year)

IT'S AN ECONOMY CHAMPION, TOO! Jetaway-equipped Oldsmobiles rocketed to double victory in 1956 Mobilgas Economy Run!

HERE'S A CANDIDATE for the most talked-about "secret" of all time! It's the secret of the smoothness—the revolutionary second coupling—in Oldsmobile's new Jetaway Hydra-Matic!

Oldsmobile first used a fluid coupling to cushion automatic gear transitions in the original Hydra-Matic Drive. And it was this famous transmission that opened the door to the whole era of automatic driving.

Now, in Oldsmobile's new Jetaway, not one, but two fluid couplings harness the go-power of the mighty Rocket Engine—soften the surge of Rocket action!

Fluid in the second coupling fills and spills with jetlike speed—cushions gear transitions so they're almost imperceptible! In other words, Jetaway seconds the motion—gives you all the flow of fluid, yet retains all the solid, thrilling go of gears!

NEW DUAL DOWNSHIFTING FOR EXTRA SAFETY!

What's more, Jetaway features new dual downshift action—at traffic and cruising speeds—to split-second the motion, too. Just wait till you try it, teamed with Oldsmobile's new Rocket Engine—240 horsepower strong, charged with a 9.25-to-1 compression ratio—delivering a breathtaking 350 lb.-ft. of torque!

JETAWAY SMOOTHNESS... BEAUTY TO MATCH!

You'll go for the glamor of Oldsmobile, too! There's massive magnificence and solid assurance in the advance-design "Intagril Bumper." It's two front bumpers in one for protection high and low—an Oldsmobile first, an Oldsmobile exclusive—more unmistakable evidence of Oldsmobile's styling leadership! And it's all underscored by Oldsmobile's ruggedly-built, quality-built chassis featuring sturdy Six-Point Suspension to increase riding comfort and roadability.

Sum it up: Jetaway's performance, beauty and economy mean you've got to go some to equal it! Yet Oldsmobile prices start right down with many models in the low-price range—and value is right up with the highest at resale time! Stop at our showroom for a demonstration, now!

HOME REPAIR DOs and DON'Ts

VINYL FLOOR TILES

AP Newsfeatures

DO... remember that, while vinyl tiles can be put down over smooth, well-tightened strip flooring (boards of very narrow widths) a better result will be obtained if a plywood or hardboard underlayment is first installed.

DO... use either 4 feet by 4 feet or 3 feet by 4 feet underlayment, as these sizes are easier to handle than 4 by 8 sheets.

DO... start in the center of the room and spread the cement with a notched spreader, doing a small area at a time.

DO... put the tiles in place gently without a sliding motion, since sliding causes the cement to bunch up.

DO... use a scissors to cut the tiles in order to make them fit

around obstructions and other irregularities.

DON'T... use ordinary vinyl tile and ordinary adhesive over concrete or any other base where the moisture may be present; there is a special vinyl tile and adhesive for such installations.

DON'T... butt the sheets of underlayment too closely together; allow about one-sixteenth of an inch between them to prevent buckling in case of expansion.

DON'T... make the common mistake of applying too much cement, a fault which later causes the cement to creep up between the tiles.

DON'T... ever apply varnish, lacquer, shellac or similar products. Wax the tiles if desired.

Household Scrapbook

Blankets

Do not put blankets away in a soiled condition when they are no longer needed. Wash them in lukewarm suds and then rinse in the same temperature water. After they are dry, wrap in paper with plenty of camphor and then again in newspapers before packing away to prevent moths.

Hand Lotion

An inexpensive and effective hand lotion can be made as follows: mix one-half cup of vinegar, one-half cup of water, and four tablespoonfuls of starch in a jar and shake well.

Cake Tins

Try using a wooden skewer for digging out the crumbs that are so hard to remove from the corners of the cake and bread tins.

Keeps Oil Out

Men who have trouble with the grease from their hair, or perspiration, staining their hats around the band can prevent this by inserting a strip of cellophane around the crown of the hat inside the sweat band.

Doughnuts

Doughnuts can be prevented from absorbing too much of the fat in which they are being fried if two or three drops of vinegar are added to the dough when it is mixed.

Heartburn

A preventive of heartburn is to take the juice of a lemon before beginning a meal.

Paint Brushes

If the paint brushes have become hardened and stiff through lack of use, put some vinegar into an old can, put the brushes in, and boil for about 10 minutes. The brushes will then be soft and pliable.

The Bird Bath

Always keep clean water in the bird bath if you wish to keep the birds around your yard. If you do not supply them with this necessity during a dry summer they will

seek another home.

Damp Gloves

If the hands are damp, due to perspiration, pull the kid gloves off over the hands, and not by tugging at the finger tips. One is liable to break the stitches and pull the gloves out of shape if the latter method is used when the gloves are damp.

How Can I?

By Anna Ashby

Q. How can I remove a splinter and avoid soreness?

A. Fill a small bottle up to the neck with hot water. Place the splinter over mouth of bottle and press the hand down tightly, so that it is held by suction. Hold the hand this way for a few minutes. The splinter can be easily removed with a needle if the steam does not draw it out.

Q. How can I make a good mahogany polish?

A. Use two tablespoonfuls of olive oil to a dessertspoonful of vinegar. Mix thoroughly, apply with an old flannel, and polish.

Q. How can I remove the scuffed appearance from the toes of

brown shoes?

A. Try painting them with iodine and then polish them as usual.

Q. How can I harden the bristles of a hair brush?

A. After washing the hair brush, hold it for a minute under the cold water faucet. This will harden the bristles and make the brush last much longer than if rinsed in warm water.

Q. How can I put another notch in a leather belt?

A. Try heating a steel knitting needle red hot, then burn in the hole where needed. Hold the needle with pliers.

Q. How can I restore the faded colors of rugs?

A. When sweeping rugs, add a teaspoonful of gasoline to a bucket of water and wet the broom in it.

Q. How can I remove a bruise from the furniture?

A. Take a piece of blotting paper, soak in warm water, and place it over the bruise. Apply a warm iron until all moisture is gone. Repeat operation if necessary.

Q. How can I make the hair glossy?

A. When shampooing the hair, add a few drops of olive oil to the last rinsing water. It will give the hair a nice gloss without making it appear greasy.

Q. How can I soften hard putty?

A. Touch it with a brush dipped in nitric or muriatic acid. Let it remain for about an hour and the putty can be removed very easily.

Q. How can I test a hot oven when baking a cake?

A. A good way to test the heat of an oven before placing in the cake is to put a pinch of flour at the bottom. If the flour turns black within a minute, the oven is too hot. If it turns a soiled yellow, the oven is not hot enough. If it turns a golden brown, it is the proper heat.

Plymouth costs less

From the day you buy it... through all the years you own it... you'll spend less on a Plymouth. That's one reason more Plymouths are used as taxis than all other cars combined.

A New Lemon Chiffon Pie

Heavenly? is the word for this spanking-new version of a favorite American dessert. Like lemon chiffon pie? Look forward to enjoying an airy drift of refreshing flavor, smooth as velvet, cool and melting on the tongue? Then treat yourself to a preview of this new delicious sweet. It's bound to take its place in lemon-pie history!

Best of all, this pie filling is quick and easy to prepare. By using frozen concentrated lemonade full strength in it, you get true lemon flavor without having to grate rind or squeeze juice. The frozen concentrate also speeds up the chilling time of the gelatin filling. And the gelatin, plus egg whites and half a cup of whipped cream, give you a pie that's beautifully high and impressive.

Use your own favorite flaky piecrust recipe if you like. Or try this one, calling for a couple of tablespoons of the frozen lemonade concentrate and the waterwhip method.

LEMONADE CHIFFON PIE

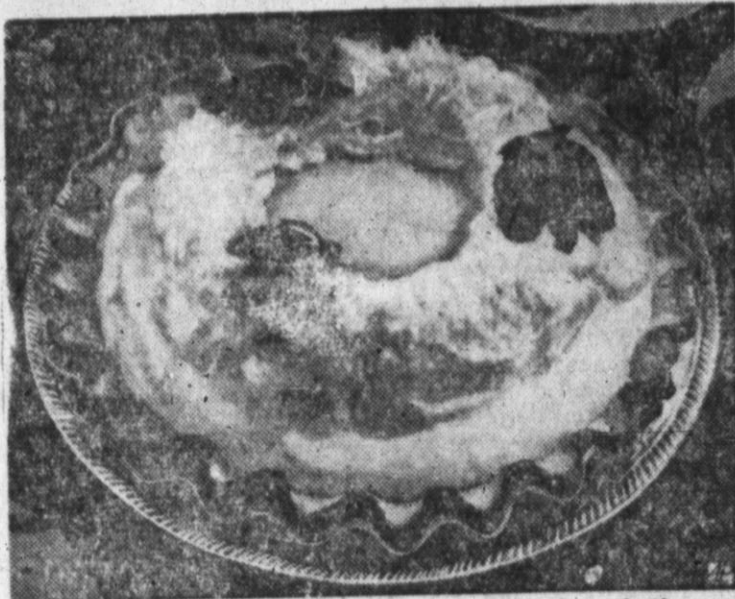

Ingredients: 1 envelope unflavored gelatin, 1/2 cup cold water, 1/8 teaspoon salt, 4 eggs (separated), 1 can (6 ounces) frozen concentrated lemonade (less 2 tablespoons used in lemon pastry), 1/2 cup sugar, 1/2 cup heavy cream (whipped), 9-inch baked lemon pie shell, extra whipped cream; shredded coconut, strawberries.

Method: Sprinkle gelatin on water in top of double boiler and let stand about 5 minutes to soften. Add salt and egg yolks; beat with a spoon until well mixed. Place over boiling water and cook, stirring constantly, until mixture thickens slightly and gelatin dissolves — about 3 to 5 minutes. Remove from heat; stir in frozen concentrated lemonade. Chill until the mixture mounds slightly when dropped off a spoon. (Keep an eye on the mixture so it will be at just the right state.) Beat egg whites until foamy; gradually beat in sugar; continue beating until very stiff and glossy. Fold in gelatin mixture; fold in whipped cream. Turn into baked lemon pastry shell. Chill until firm. To serve, garnish with extra whipped cream, top with a mound of shredded coconut and decorate with strawberries.

Note: If you use your own recipe for the pie shell, add the whole can of frozen lemonade concentrate to the chiffon filling.

GARNISH NOTE

For a springtime touch, choose large unheeled strawberries for the garnish. Starting at the tip, divide each berry into thirds lengthwise by cutting twice almost through hull. Slightly spread slices into fan shape and arrange each berry at intervals over whipped cream and coconut on top of chiffon filling. Sliced berries must be handled carefully and not spread

too much or they will break off from hulls.

LEMON PIE SHELL

Ingredients: 1/2 cup less 1 tablespoon hydrogenated shortening, 1 tablespoon boiling water, 2 tablespoons frozen concentrated lemonade (thawed to room temperature), 1 teaspoon milk, 1 1/4 cups sifted flour, 1/2 teaspoon salt, 1/4 cup chopped shredded coconut.

Method: Put shortening in mixing bowl. Add boiling water; thawed concentrated lemonade and milk and whip with fork until all liquid is absorbed and a thick smooth mixture forms. Sift flour and salt onto shortening whip and stir quickly into a dough. Pick up

and work until smooth and blended; shape into a flat round. Roll between two 12-inch squares of waxed paper into a circle 1/8-inch thick. Peel off top paper, sprinkle 2 tablespoons chopped coconut over pastry, leaving about a 1-inch border plain. Recover with paper and gently roll coconut into dough. Turn pastry and paper over and repeat process, rolling in remaining 2 tablespoons coconut. Peel off top paper; place pastry in 9-inch pie pan, pastry next to pan. Remove paper, fit pastry into pan, trim 1/2-inch beyond pan, turn back even with edge of pan, flute rim. Prick shell all over with fork. Now bake in very hot (450 degrees) oven 10 to 14 minutes.

French Count Serves As Apprenticed Seaman Aboard US Aircraft Carrier

CARIBBEAN SEA (FHTN)—A twenty-one year old French immigrant with a royal title that goes back more than a hundred years is serving as a seaman apprentice aboard the attack aircraft carrier USS Randolph.

He is Count Andre P. Orlovski, son of Count Stanislaw Orlovski, direct descendant of five generations of French and Italian blue-bloods.

Andre first came to the United States in 1950. His intention was to study at an American college and return to France. He soon developed a love for this country and decided to stay and become a citizen.

After attending the University of Arizona, he was drafted and chose the Navy for his two years obligated service. Andre considers his Navy time as a partial down payment on his American citizenship.

While at the University of Arizona, he majored in the romance languages and studied economics

and political science. When the Randolph goes to the Mediterranean later this year, the Count's knowledge of French, Spanish and English are expected to prove extremely useful in helping to contract for provisions in the Mediterranean countries.

Andre hopes to eventually secure attaché duty in Europe as an official interpreter for the Navy. In the meantime he is learning to become a storekeeper in the Randolph's Supply Department and is performing all the duties required of a seaman... including swabbing decks.

His father, who served as a Polish Army Officer during World War II, is in the banking business in Mexico City, Mexico. He has a brother who served in the French Foreign Legion for five years and is now representing an American business firm in France. His stepmother, Countess Jacqueline Bergenson Orlovski, is the daughter of

Family Holds Ten-Day Reunion In Oklahoma, Texas, New Mexico

Sons and daughters of Mr. and Mrs. John L. Wilson held a family reunion the past week, an event which encompassed visiting members of the family in three different states.

Included in the festivities were seven sisters, and two brothers. The one remaining brother, who lives on the West Coast, visited long distance with the family by telephone Sunday.

The party started last Monday week when Mrs. Jeff Gilbreath, her daughter, Thornton; Mrs. Cliff Estes, all of Hereford, joined Mrs. C. L. Morris of Vega, Mrs. Sam Morgan, Adrian, and Mrs. Sam Steele, Ft. Sumner, for a visit to the Steele home. They spent the weekend visiting, on drives through the valley and a visit to the nearby lake where the Steeles have a cabin.

The Gilbreaths returned Saturday night and were joined here by Mr. and Mrs. Earl Wilson. Other members in the house party returned to Hereford early Sunday morning. Joined here by Mr. and Mrs. John L. Wilson of Vega, and

L. Wilson's brothers and sisters.

Coming back to Lubbock, the group had lunch with a life long friend, Mrs. W. P. Clements. Then they went to Ft. Sumner, for a visit in the Steele home. They spent the weekend visiting, on drives through the valley and a visit to the nearby lake where the Steeles have a cabin.

The Gilbreaths returned Saturday night and were joined here by Mr. and Mrs. Earl Wilson. Other members in the house party returned to Hereford early Sunday morning. Joined here by Mr. and Mrs. John L. Wilson of Vega, and

Claude Morris of Vega, the group attended morning worship services at the First Baptist Church, then spent the day visiting at the Gilbreath home. Tuesday they all went to Vega to visit the Wilsons, and Wednesday everyone returned home.

The family held a reunion of this type about two years ago, also.

REHEARSAL SCREAMS

CHARLOTTE, N. C. (AP)—A resident of a downtown hotel called the police to say he heard something that "sounds like a young girl screaming" in an alley behind the hotel.

Investigating officers turned in this report:

"The only thing we've found up here is the Charlotte Boys' Choir. Must be them."
