

Local Musicians Tops In Points

The Snyder (Texas) Daily News, back-rated, second division.

A brass sextet composed of Jean Young, Kay Powell, Bill Patterson, David Wiman, Rozanne McCloskey and Dick Martin rated first division, as did a trumpet quartet composed of Jean Young, Kay Powell, Paul McBeth and Josephine Linville.

A woodwind trio composed of Rita Hancock, Kathy Mott and Dorothy Payne rated first division.

Rating second division were a brass sextet composed of Paul McBeth, Josephine Linville, Tommy Nicks, John Curry, Joe Robinson and Iris Turner; a woodwind trio composed of Sue Stok, Mary Clare Peoples and Karen Elkins; a woodwind quartet composed of Mary Clare Peoples, Kathy Mott, Dorothy Payne, Doris Rogers, Marjorie Nicks, Claudia Fowler, Kay Hutchins, Karen Elkins, Dale Gushenberry and Frank Reed.

Vanderbilt won the eventstakes in Class A, Three Rivers in Class AA, and Harlingen in Class AAA.

The outstanding awards for concert performance by hand went to Vanderbilt in Class A, Kinnyville in Class AA and Spring Branch in Class AAA.

The Brownsville girls choir, Brownwood and Spring Branch also received outstanding choir awards. Bands and choirs from Louisiana participated.

Brous Steps Down From Post Here

Scurry County Boys' Club director Michie Brous has resigned his post at the Club here so as to assume a similar assignment in Fort Worth's Panther Boys' Club.

The announcement was made recently and he will complete his work here May 15 as he reports to his new job May 22.

Brous became director here January 1, 1957, and has served in that capacity since that date. Snyder has become "home" to both him and his family, and he expressed regret on the prospect of leaving the city, but is nevertheless looking forward to the opportunity as offered in Fort Worth.

He will have the post of executive director there, the top professional in that particular organization having a staff of seven full-time employees.

Norman Falke, chairman of the local Club's board of directors, also voiced regret on losing the services of Brous, who has become synonymous with Boys' Club work during this tenure here. He wishes Brous well in the assumption of his job, however, in speaking for the entire Club board.

No successor has as yet been decided upon, but it is emphasized that until such time as one is chosen that the club activities will continue on schedule.

Witness Describes Fight From Grave

By THOMAS A. REEDY

JERUSALEM (AP)—A matron, Jewish woman told the Eichmann trial today of being shot by men of the Nazi SS elite guard, falling into a mass grave, fighting her way up through bodies for air and surviving.

Mrs. Rika Yosilevka, a native of Russia who was unable to testify last week because of a mild heart attack, was restrained on the witness stand. But her voice broke when she told of seeing her little daughter shot.

In the Pinsk area in 1942, she said, Jews were rounded up by hundreds and taken to a burial pit.

Her account of what happened then held the 700 spectators spellbound at the 20th session of the trial of Adolf Eichmann, who is charged with being a chief accomplice in the Nazi extermination of six million Jews.

"We were taken some in a truck and others forced to run behind it," Mrs. Yosilevka said. "Those in the truck, arriving first, were stripped and shot by the time they got to the freshly dug pit. Her father refused to undress, she said, and his clothing was torn from him.

"There were four devils, SS men, they shot us.

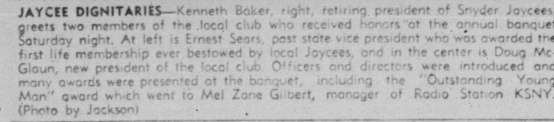

"The children wanted to run. It was hard to hold on to them. We hurried, we were sort of anxious to get it all over. My mother, my grandmother, she was 30 years old and had a baby in her arms, my father, my sister.

"Then it came my turn. The German asked me 'Who shall I shoot first?' I did not answer. My child cried out and was shot. He aimed at me, holding onto my hair and pulling my head around. I heard a shot. Then he ordered me to watch and there was another shot. Then I fell into the pit but I felt nothing."

Mrs. Yosilevka halted for a moment as though to get her breath.

"I felt a sort of heaviness and thought I was dead. Then I was choking. There were people falling on me. I must be alive. I thought I could rise. I prayed for another bullet. Then I managed to climb toward the top but I felt bodies pulling at me, pulling me down down.

"I crawled out of the pit. There were bodies everywhere. I wanted to see the end of the stretch of bodies but I could not see the end. Some were not dead. I called for my little girl. I could not find her."

Cotton Congress Session Launched

By CLAYTON HICKERSON

LUBBOCK (AP)—The keynote speaker of the American Cotton Congress declared today that "All the gins that have ever been produced in this country would not equal the value of the cotton crop for the last 10 years."

The speaker was Harris Jackson of Hillsboro, general chairman of the congress.

Jackson said the cotton industry represents an investment of \$22 billion and the cotton crop each year creates new wealth to the extent of \$2 1/2 billion at the farm level alone.

Jackson was the first of many cotton leaders who will appear before the delegates and discuss prime cotton industry problems.

He said the industry provides work for millions as well as being a vitally important export commodity and source of economic strength.

"These are some of the big reasons," he emphasized. "Why it's absolutely essential to keep this industry alive and expanding. This is another way of saying that cotton must be competitive—a theme we've stressed throughout 13 congresses and one we're going to continue to stress."

Jackson said the customer at the retail counter determines cotton's destiny and buys the product that offers him the best value in price and quality. Effective promotion is necessary, he added.

He said there was only "one real way" for the industry to offer the consumer high value and strength—and expand the cotton market.

"It's through intelligent and effective research and promotion," he said. "Research that unlocks the door to lower costs and a competitive price, research that concentrated on improving the quality of cotton and its products, and promotion that induces the consumer to buy more cotton."

Rev. Nelson Honored By Congregation

The Rev. Jimmie Nelson, pastor of Colonial Hill Baptist Church, was honored by the congregation at a surprise party Sunday night following evening services at the church.

The event was arranged to pay tribute to the pastor upon completion of his 10th year of ministry. The party was held in the church fellowship hall, and M. H. Roe led the group in singing a special song for the occasion. Kenneth Wilson, chairman of the board of deacons, spoke briefly, citing the accomplishments of the pastor in earning his doctorate, Mrs. S. L. Terry presented Rev. Nelson with a gift certificate on behalf of the congregation, and Mrs. M. H. Roe presented a message to Mrs. Nelson.

In a brief response, Rev. Nelson paid tribute to members of the congregation, who he said had aided him and encouraged him in his graduate work at the seminary.

The event also served as a get-acquainted affair for Ken McNeil, a student at Hardin-Simmons University, who directed music for Sunday services at the church.

10 Killed In Road Mishaps Over State

By THE ASSOCIATED PRESS

Traffic accidents killed 10 in Texas over the weekend. The state's violent death toll was 31. Nine died in shootings and stab wounds.

The latest deaths included:

Everett Riddle Jr., 49, Dallas, a salesman for a Houston oil company, was found shot to death in a Dallas motel Sunday, justice of Peace David Johnson ruled suicide.

Leslie Williams, 65, also was found shot to death at his home in Dallas Sunday.

John Frazier, 33, Houston, was slain in a fight in Houston Sunday.

Edward Cline of Houston drowned Sunday at a Galveston beach.

Jerry Elkins, 23, was shot to death Sunday in a crowded Houston apartment.

Raphael Herrera Jr., 46, Laredo, drowned Sunday in a pool in Corpus Creek, about 40 miles north of San Antonio.

Calisto Petrz, 56, of Temple was killed Sunday when his car overturned one mile east of Timpio. Two persons were slightly injured.

Walter Mergel, 59, was found shot to death Sunday at his home in San Antonio. The medical examiner ruled the suicide.

Mrs. Ciria Hernandez of San Antonio died Sunday of burns received when fire razed her home Saturday.

Maria Luisa Oliva, 19, was caught in a swift current and drowned Sunday while swimming in the San Marcos River.

Melvin Gore, 26, Fort Worth Negro, died Sunday of wounds suffered in a shooting on a Fort Worth street corner several hours earlier. Police arrested a man and two women, all Negroes.

Hikers Ire Innkeeper

WASHINGTON (AP)—A woman innkeeper said today she drenched troops of hikers straggling a Supreme Court justice, a senator and a cabinet member—turned her place into a picnic area without so much as a "by your leave."

"I came in and found them like sardines in my cocktail lounge, sitting on the bar and eating their own food," said the innkeeper, Mrs. John T. Reges.

Mrs. Reges' wife of the proprietor of the Old Grapes Inn reacted swiftly. "In a loud voice, in German—I told my maids to give them 10 minutes to get these people out of here."

"After they were gone," said Mrs. Reges, "I found out who they were. If they had asked me first, I would have made arrangements, given them a room to dry out in, made them tea. But they didn't ask, they just came in."

The hikers, about 170 strong, were nearing the end of a 50-day 16-mile course along the old C&O Canal route from Seneca, Md., to Washington Saturday when they gugged at the inn near the Great Falls of the Potomac. Among them were Justice William O. Douglas, Sen. Paul Douglas, D-Ill., and Secretary of the Interior Stewart L. Udall.

Sentenced In Rigged Quiz

NEW YORK (AP)—Vivienne Nearing today pleaded guilty to rigging of a quiz program, with rigging of the defendant television quiz show, "Twenty One," and received a suspended sentence.

"I think this defendant has suffered enough," said Special Sessions Court Judge William E. Ringel, in announcing the indefinite suspension of any penalty.

Mrs. Nearing, 34, an attorney, won \$5,000 on the quiz program, after defeating Charles Van Doren, a former Columbia University instructor, with the aid of advance coaching.

Van Doren won \$120,000 on the program. His case still is pending. It was postponed, along with cases of 17 other defendants, until May 22.

SO MUCH THAT CAN'T BE COPIED

Bucket seats alone do not a sport car make. Even when they're as cozy as ours are. You also want (and darned well need, if you're after a fun-type car) things like efficiently eager steering. Steering like you get with Corvair's rear-engine design.

You want traction that keeps your car firmly attached to the road all the time—around corners, through mudholes, everywhere. You want superlatively balanced braking. You want an amiably smooth, supple ride—like Corvair's full independent suspension gives you.

As you might have guessed, you simply can't get these happy advantages in any other U.S. car. Only Corvair. Anything that gives you less is just another social climber.

GUEST SPEAKER—Mr. L. D. Stone, president of the School Board was guest speaker at Travis Junior High School Spring banquet Friday evening. He is pictured above with Mr. W. J. Hartsfield, who was master of ceremonies.

Travis Students Receive Awards At Spring Banquet

The Travis Junior High School held their Spring Banquet Friday evening in the school cafeteria with over 300 present. The large room was beautifully adorned in red tones and greenery.

Boy Niece, president of the Student Council gave the invocation and Mr. W. J. Hartsfield was master of ceremonies. Special guests were introduced and Mr. L. D. Stone, president of the school board was guest speaker. He gave praise to the school and students for the fine work that has been done the past year.

Miss Pat Yarnborough and her girls ensemble gave several vocal selections including "Almost Like Being In Love," "With A Song In My Heart" and ended with a special song "Can't Help Lovin' That Man of Ours," with the words set in dedication to Mr. Robert Smith, school principal.

After the delicious meal of ham,

whipped potatoes, green beans, waldorf salad, hot rolls, strawberry short cake and whipped cream, ice tea and coffee, special awards were presented.

Mr. Lockhart, school custodian, who will retire after this school term was presented two appreciation gifts for his many hours of consideration and helpfulness. The faculty and staff made the first gift, followed by one from the Travis P-TA.

Nine students of the seventh, eighth and ninth grades were given awards for having no grades under A. Following this the three top students were presented trophies.

IN DISTRICT PLAYOFF

Snyder, Lamesa Meet Tomorrow

Snyder's Tigers will engage Lamesa's Golden Tornadoes tomorrow at 4 p. m. in Lamesa's Lobo Park in the first of a best-of-three game series designed to name a baseball champion for District 3-AAA.

Tiger Coach Speedy Moffett yesterday met here with Lamesa mentor Jack Wetzel in the school administration building; where Wetzel will play the initial game in his home park.

The second game of the important series is set for Snyder's Towle Park beginning at 4 p. m. Thursday. Should a third contest be needed, it will also be played in Snyder at 2 p. m. Saturday.

The Tornadoes' hopes for an outright title were smashed Saturday when Colorado City—the toughest competitor during the second half stretch drive—shut them out, 3-0.

Erratic Cincinnati Nears Top Again

By JACK HAND
Associated Press Sports Writer

With Freddie Hutchinson in either a feast or a famine, his Cincinnati Reds jumped away fast, won five of their first seven games and led the National League. Then they lost eight straight and dropped to the cellar. Now they have won eight in a row and are running second, only two games off the pace.

Cincinnati turned on the home run power when four out of five batters—Frank Robinson, Wally Post, Leo Cardenas and Gordy Coleman—hit Warren Spahn for homers in a 4-1 first game victory over Milwaukee. Jim O'Toole then shut out the Braves with five hits 4-0 in the second game.

Billy Loes, the unpredictable one, pitched the league-leading San Francisco Giants to a 7-0 triumph, holding the Philadelphia Phillies to seven hits. Loes, a relief man when he was traded to the Giants by Baltimore in November 1959, now has a 3-1 record as a starter and a 3.30 earned run average. A year ago his ERA was 12.00.

HERMLEIGH'S PATY NOMINEE 15 All-Staters To Be Featured

AUSTIN (AP)—Fifty-six school boys were named today for the All-Star football game of the Texas Coaching School in San Antonio Aug. 10. The Sputh came off best in all-stars with nine compared to six for the North.

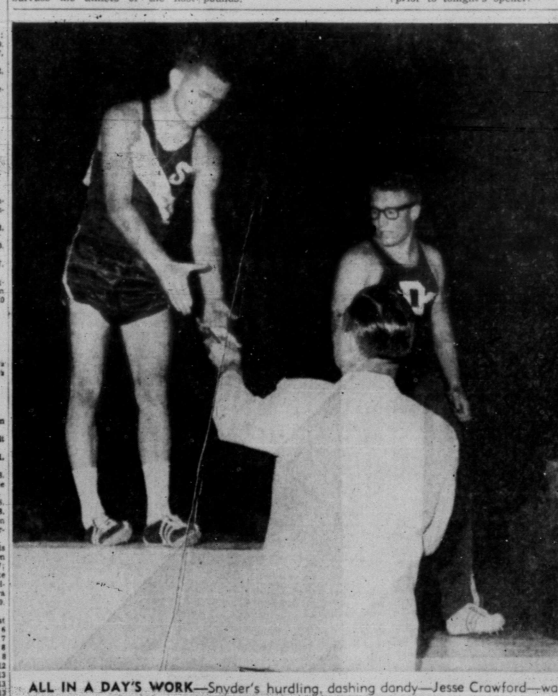

The South squad, to be coached by Pete Ragus of state champion Corpus Christi Miller, has these all-state players: backs—Timmy Doerr of Cleburne, Budgie Ford of Taylor, Ernie Koy of Bellville and Walter McReynolds of Galveston; linemen—Norman Evans, Donna Stanley McDonald, Katy Vernon McManus, Baytown; C. C. Willis, Bay City; Russell Wast, White Oak.

The North is to be coached by Joe Golding of Wichita Falls, has all-state back Gary Anderson of Smetters and linemen Billy Wayne Belew of Sweetwater, Lawrence Elkins of Brownwood, Bill Gravitt of Denver City, Edwin Thomas of Hereford and Tommy Guy White of Albany.

The all-star basketball teams, with the North to be coached by O. W. Folts of Lamesa and the South by Hal Lambert of Spring Branch, were announced Sunday.

Neither the football nor basketball squads carried the name of Junior Coffey of Dimmitt, the Negro star who made both all-state teams. The Texas High School Coaches Association, in announcing the squads, explained that Coffey was not selected because the association had no assurance that "town, hotels, schools, colleges and universities of the host cities will treat our fine Negro athletes the same as everyone else."

Until they do, the association said, it "will not be able to consider these athletes for our annual coaching school clinic games. The association does not want to embarrass the athletes or the host

ALL IN A DAY'S WORK—Snyder's hurdling, dashing dandy—Jesse Crawford—was a double winner in the state track and field meet of Friday in Austin, coming out in-front in both the 100-yard dash and low hurdle. Here, he accepts the first place medal for his winning effort in the century run while second place Charlie Dean of Dumas looks on. Snyder finished second to champion Andrews in the meet, Andrews walking off with the crown for the fourth year in a row. (Photo by Jackson)

Pony, Colt Tryouts To Begin Today

Prospective Pony and Colt Leaguers—take heed.

Tryouts for 13-year-olds are to be held this evening at 5 o'clock on the high school practice field, where tomorrow the 14-year boys will display their wares at the same time.

Boys 15 and 16 years of age are also slated to try out tomorrow at 5 p. m., the site of their activity being the Towle Park diamond.

All boys in the above age groups are especially urged to participate in league play, and anyone desiring to take a part who has not as yet signed a contract may do so at the time of the tryouts.

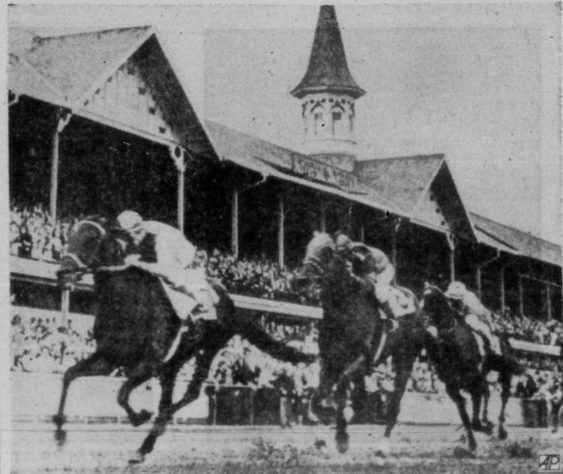

City Softball Activity To Start Tonight

The Von Roeder Seed Farms nine tackles Greenhill Baptist tonight at 7 o'clock on the Winston field diamond to take the wraps of the Snyder Softball League season.

Devers' Mobil and Denson's Gulf are to follow up at 9 p. m. in the second and final game of the evening.

The remainder of the initial week's schedule will see Harlin Oilers and R. E. Smith clashing in a single game Tuesday; Harlin and Fields' Service Station meeting Thursday; and Greenhill-Deffbach and Von Roeder-Devers interlocking Friday.

Mayor John Hamblen, a right-hander, will toss out the first ball prior to tonight's opener.

world champs. Sandy Koufax, with fine relief help from Larry Sherry, was the winner over George Witt, making his first start for the Pirates.

St. Louis' Ernie Broglio retired the last 14 men in a row as the Cardinals climbed up to the .500 mark by beating Chicago 4-2 in a game called after five innings because of rain. A scheduled second game was washed out.

In the American League, Detroit opened a 2-1 game on New York by taking a double-header from Chicago 4-6 and 5-3 while the Yankees were losing to Los Angeles 5-3. Chuck Schilling drove in six runs in Boston's 11-9 victory over Minnesota. Kansas City shaded Baltimore 5-4 in 10 innings. Their second game was rained out. Cleveland won the first from Washington 4-2 on Wynn Hawkins' four-hitter but the Senators took the second 4-3 on Gene Woodling's hitting.

Orlando Cepeda, Felipe Alou and Ed Bailey backed up Loes' pitching by hitting home runs at Philadelphia.

How working couple saves time and steps, gets more done with extension phones

By DON DAVIS,
Telephone News Writer

"My favorite phone is the Princess," says Ted Treadway. "The right-up dial's great. Also, the phone's handy for emergencies."

"My green kitchen phone comes in real handy while dinner is cooking," says Norma Treadway. "I can make and receive calls while keeping an eye on things."

Juno Lynn Treadway, a third-grader, likes the phone in an alcove because she can sit on the floor and talk with friends.

What can extension telephones do for you? Perhaps you can get some ideas from Ted and Norma Treadway. A working couple, they both take part in a large number of outside activities.

They have three colorful-extension phones in their five-room home. These phones save them time and effort and give them more privacy. And the Treadways' bedroom phone gives them a comfortable feeling of security at night.

Why don't you see what extension phones can do for you? Cost is low.

GREETED BY PURINA CHIEF—Mr. and Mrs. J. C. Ezell of the Ezell-Key Grain Co. here, are greeted by Raymond E. Rowland, left, president of the Ralston Purina Co., as he presents them with a special plaque denoting membership in Purina's fourth President's Honor Council. Mr. and Mrs. Ezell were among approximately 100 dealers of the Ralston Purina Co. and their wives who were honored at a three-day meeting recently in New York City. Membership in the President's Honor Council is the highest honor Purina awards to its top dealers. Activities of the group in New York included tours of the city and harbor area, attending the hit Broadway play, "The Sound of Music," and dining in some of the city's famous restaurants.

RADIATOR MAN AT WORK—Frank D. Stephenson, "The Radiator Man," is shown repairing a radiator for a Caterpillar D-6 tractor at the Snyder Radiator Service, 1105 Avenue T. The firm specializes in all types of radiator repairs.

Expert Service Is Offered Here By 'The Radiator Man'

The Snyder Radiator Service, 1105 Avenue T, owned and operated by Frank D. Stephenson, "The Radiator Man," specializes in all types of radiator repairs.

This service is particularly timely at this season as the hot summer months require that cooling systems on all vehicles conform to a satisfactory manner. Stephenson points out that you can get better service from your radiator by draining out your antifreeze during the hot weather and flushing out the entire cooling system of your car.

All kinds of radiators are repaired at Snyder Radiator Service, ranging from industrial radiators for oil field equipment, to farm equipment and all types of automobiles. About 85 different makes and models of radiators are carried in stock in order to replace radiators which are beyond repair.

Waterflood Assn. Meets Wednesday

The 10th meeting of the West Central Texas Waterflood Association will be held Wednesday at the Petroleum Club in Abilene. The fellowship period, sponsored by Remco, Inc., will begin at 6:30 p. m. with the dinner meeting to follow at 7 p. m. Speaker for the meeting will be G. T. Atkins, Atlantic Oil Corp. of Midland. His subject will be "Predicted Compared with Actual Performance of Atlantic's W. D. Johnson Lease Water Flood in Ward County." Reservations may be made through William E. Wilson, Box 28, Abilene. All persons interested in waterflooding are invited to attend.

Wheat Plan Details May Be Unveiled

WASHINGTON (AP)—Secretary of Agriculture Orville Freeman may unveil details of this week of the administration's emergency wheat program for the 1962 crop. The administration's omnibus farm bill now pending in Congress would give Freeman and a Farmer Advisory Committee blanket authority to draft a program and put it into effect—with approval of at least two-thirds of the growers voting in a referendum—without getting congressional approval. This program would cover the 1962 crop only.

Members of the agriculture committees have asked for information on the kind of program Freeman has in mind before they proceed with the omnibus bill. He may go before the committees later in the week to do this.

The secretary proposed to announce a 1962 wheat program under provisions of the existing law—one that has failed to halt overproduction and piling up of surpluses. He must announce acreage allotments and marketing quotas by May 15 and set a date for a referendum on the quotas.

The allotments will be set, as has been the case for many years, at the legal minimum of 55 million acres. The referendum probably would be set for late July. It is Freeman's hope, however, that before referendum time, Congress will authorize a new program for submission to growers.

There has been widespread speculation that he will outline a multiple-price plan advocated by a number of wheat grower organizations, the National Grower and National Farmers Union, but opposed by the American Farm Bureau Federation. Under this plan, a top price would be set for wheat for food and possibly for export. Growers would get an allotted share of the wheat food market. Wheat produced above this share would go for whatever price it might bring for feed and other non-food uses.

Color Films From Flight Yield Data

CAPE CANAVERAL, Fla. (AP)—Color films taken by three automatic cameras in Alan B. Shepard Jr.'s space capsule are providing valuable information about his pioneering flight.

A still 70mm camera snapped pictures through the periscope which gave Shepard his "beautiful view" of the earth. A 16mm movie camera attached to the instrument panel recorded Shepard's facial reactions and hand movements. Another was aimed over his shoulder at the numerous lights and dials on the instrument panel.

The National Aeronautics and Space Administration over the weekend released a few black and white prints from the periscope and pilot reaction cameras. The color negatives from which they were made were more detailed. One periscope shot showed the eastern coastline of the United States from the tip of Florida to Cape Hatteras, N.C., from an altitude of 90-100 miles. Several smirky clouds were visible.

This was taken about three minutes after launch, about the time Shepard called out by radio his now famous quote: "What a beautiful view."

Another periscope photo showed a small drogue parachute and its container drifting toward the ocean after they jettisoned from the spacecraft about nine minutes after launch. Shepard had shifted the periscope from "low" to "high" magnification for this shot.

The reaction camera located about four feet from Shepard's face produced 300 feet of film covering the entire ride. It took four frames a minute.

Color film was used primarily for medical reasons. Doctors wanted to detect any skin-color change during flight.

British Spy Network Shot

LONDON (AP)—Britain's military intelligence service may have to dismantle its entire spy network and rebuild from scratch as a result of the unmasking of diplomat George Blake as a Soviet agent. Political pressure is building up for a complete overhaul of the nation's security services.

The disclosures about Blake, who was sentenced last week to 42 years imprisonment, sparked warnings from both Laborite and Conservative ranks in Parliament that they will press the government to explain how he was able to operate for nine years without detection.

Particular concern is being expressed that the blanket of official silence over the Blake affair may have been imposed to cover up blundering by top brass rather than on genuine security grounds. Blake, a prisoner of the Communists during the Korean War, worked afterward for the Foreign Office in double harness as a diplomat and member of Britain's military intelligence service.

More Stolen Maps Listed

HOUSTON (AP)—Donald I. Dennis of Richardson, Tex., was in the Houston City Jail today with more oil map theft charges against him.

The charges were filed Sunday after officials of the Beck Oil Co. identified nine of about 400 maps found in an automobile registered to Dennis. Company officials said the maps were stolen.

The oil maps show possible locations for oil wells and could be worth as much as \$40,000.

Dennis, arrested Saturday in Richardson, was brought here Sunday. Before his arrest he was free on bond from charges in connection with the theft of about 4,000 map officers found in a car they said belonged to Charles LeRoy Moore of Houston.

A Dallas geologist said the maps found in Richardson Friday could be worth as much as \$2 million.

News Item Helps Locate Official

WEST PALM BEACH, Fla. (AP)—A newspaper item helped locate former Secretary of Labor James P. Mitchell for ex-President Dwight D. Eisenhower. Eisenhower's office called the Post-Times when unable to get in touch with Mitchell, vacationing in the Palm Beach area. The newspaper had no address for Mitchell but published a brief account of the quest in Sunday's edition.

The janitor of a Palm Beach apartment house read the item and passed the word to Mitchell, a guest in the building.

Cooper Observes His 60th Birthday

HOLLYWOOD (AP)—Gary Cooper, fighting a game but losing battle with cancer, became 60 years old Sunday.

He received scores of birthday felicitations among the many letters pouring in on him since his critical illness became public. "I know what is happening is God's will," the strong, silent man of the films said in a memo to his mother last Thursday.

Sources close to him said they are inspired by the strength of his spiritual convictions and amazed at his courage.
