## Plainview Show Attracts Crowd

### TECH HOLSTEIN WINS PRODUCTION TEST AT DAIRY SHOW

(By The Associated Press)

PLAINVIEW, April 12.—Judging of the registered cattle entered in the Texas Panhandle Plains dairy show started today, Jack Shelton of Luling was the official judge.

The guernseys and entriessin the dairy calf club show were led into the show ring first, to be followed by the younger classes of the jersey breed later today. The holstein freisians will be judged tomorrow, along with the remainder of the jerseys, which were greatly in the majority.

**Delegations Attend**

The day gave promise of being one of the best from the standpoint of attendance, the placing of awards being the chief attraction of the show. Special delegations were coming from Amarillo, Tulia, Ralls and a dozen other cities of the surrounding territory. Several bands were included.

Between 15 and 20 towns will have representatives in the big pageant tonight in which the "queen of dairyland" will be crowned. More than 250 persons, 50 of them from neighboring cities, will take part. The visiting "princesses" and "maids of honor" were entertained today with teas and parties. A dance will honor the queen's party following the coronation.

The vocational stock judging team from Hereford scored 1,192 points out of a possible 1,500 yesterday, winning a cash prize and a loving cup. Tulia placed second with five points less and Panhandle was third with two points under Tulia.

Panhandle was first in the jersey and holstein classes, but dropped to fifteenth in the guernsey class. Bayord Sadler of the Tulia team with 452 points out of a possible 500, was high point individual among the 45 boys competing. Louis Carmichael of Hereford was second and Edwin Devins of Tulia third.

**Lubbock Team Second**

The Lamb county 4-H club team scored high among the six entries with 1,093 points. Lubbock was second with 1,058, and Swisher third with 1,040.

Homer Garrison, of Lubbock county, was high scoring individual with 394 points. J. H. Bradley of Lamb county was second, and David Alverson of Childress third.

Hereford and Crosbyton poultry judging teams tied for first place in a contest arraigned for the accommodation of vocational agriculture students who were training for a state meet next week at College Station.

Flowerdale Echo Cynthia, a five-year-old holstein owned by Texas Technological college at Lubbock, won the production contest with 2.51 pounds of butterfat for the 24-hour test period. The same cow was

## FINANCES TAKEN UP BY PRESIDENT

WASHINGTON, April 12 (AP) — President Hoover today concentrated attention on the nation's financial and industrial affairs.

This development followed word yesterday the chief executive is preparing for more conferences with congressional and business leaders on ways of bettering the economic condition of the country.

For more than an hour today before the start of the regular semi-weekly cabinet meeting, Mr. Hoover conferred with Secretary Mills of the treasury. Later Secretary Lamont went into conference with the president.

Jesse Jones of Texas and Harvey Couch of Arkansas, two of the directors of the reconstruction finance corporation, were early morning callers.

## "SMILING FACES" TICKETS SELLING

Sale of large blocks of choice seats for "Smiling Faces," Fred Stone's new musical comedy which shows in Lubbock High school auditorium Friday night, put more check marks on the blue-print ticket board at Bowen's Drug store today and made it more important that those wishing good seats make their reservations now. Choice seats in all sections of the house, although more than half of it has been reserved, still remain.

Tickets will be on sale until Friday evening.

Mail orders also were being filled promptly. A large number of South Plains people will witness the performance, the first time a New York musical comedy with a regular Broadway cast has been staged here.

Mail order tickets maly be obtained by enclosing remittance with application to Parker Prouty, care of the Avalanche-Journal, who is sponsoring the performance in Lubbock. Ticket prices are: $1., $1.50, $2, $2.50 and $3.

## SHOW PRESIDENT

One of the most successful regional dairy shows of the nation is now being held at Plainview and P. C. Bennett (below) president, is responsible in a large way for its success. He is an official of the Amarillo Chamber of Commerce.

## PRO AGENTS TO GIVE VERSION OF SLAYING

### WOODCOCK STATEMENT ANSWERED; TWO ARE FACING CHARGES

(By The Associated Press)

DALLAS, April 12—Two federal prohibition agents charged with killing P. M. McGlothlin and wounding his wife at their store near Irving Friday night were expected to appear before the Dallas county grand jury today to relate their versions of the shooting. They were Laurence C. Smith and Nathaniel D. Heaton.

William McCraw, Dallas county district attorney today issued a statement in reply to the comments made in Washington by Amos W. W. Woodcock, federal prohibition director, regarding the affair. Woodcock said the agents would not be suspended from the service until or unless he received evidence that act was not in self-defense.

**"Declaration Repulsive"**

McCraw declared, "it is forunate for the American people that Prohibition Director Woodcock is quite limited in his force. His public declaration that the agents who, without warrant or even suspicion, entered the McGlothlin store and shot McGlothlin to death and seriously wounded his wife, were acting in self-defense, is repulsive to all sense of public responsibility. Five agents of the government, a drunken stool pigeon, a dead citizen, a badly wounded woman and not even a pint of corn liquor! Surely April 8 was a night of great accomplishment for General Woodcock and his peaceful hosts."

Charges of murder and assault with intent to murder were filed against the agents who were released later on bonds aggregating $25,000.

## *Japan Will Insure Safety Of Dr. Koo*

TOKYO, April 12 (AP)—The Japanese government will do its best to insure the safety of Dr. Wellington Koo, Chinese assessor accompanying the League of Nations inquiry commission, if he goes into Manchuria with the commission, the foreign office announced today.

The new government of the Manchurian federated state notified the league commission yesterday that Dr. Koo would not be welcome. Japan would disregard the opposition of the Manchurian government, the foreign office said.

## *Richard Whitney To Be Questioned*

WASHINGTON, April 12 (AP)—Richard Whitney, president of the New York stock exchange, was called back to the senate finance committee today for further questioning, although his first appearance yesterday failed to substantiate the theory that big bear raids were back on the market's downhill course.

Since Whitney said he could not produce the desired data on short sales up to last Friday until later this week, the committee made no attempt to get from him names of the dealers engaged in short selling operations.

**HARRIS GRAVELY ILL**

WASHINGTON, April 12 (AP)—The conditions of Senator Harris of Georgia, suffering from heart trouble, was much worse today and he was not expected to recover.

## CHIC WOMAN IN GREEN AUTO IS SOUGHT

### BILL PAID KIDNAPERS BY LINDY SPOTTED TO RENEW HUNT

(By The Associated Press)

HOPEWELL, N. J., April 12. — A chic woman in a green town car became a quarry in the great Lindbergh kidnaping hunt today.

On the highways of many states, police sought her after a bakery proprietress in Greenwich, Conn., spotted a $20 bill she proferred in payment for a strawberry pie as part of the $50,000 ransom mulcted from Col. Charles A. Lindbergh.

The hunt intensified when detectives recalled that a green sedan was seen near the Lindbergh home on Sourland mountain the night of the kidnaping of Charles A. Lindbergh, jr., March 1.

**Mystery Intensified**

This development, and a theory that the person who took Col. Lindbergh's $50,000 without returning the stolen child was an estranged member of the kidnap gang who no longer has the baby in his possession stirred the mystery to a new boiling point.

Police wise in the underworld's ways, had expected the swindler or swindlers of the flying colonel to wait months before trying to spend the cash obtained by a double cross, but the Greenwich development, assuming the bakery owner got the number of the bill right, showed they had dared to throw discretion to the winds.

There was no indication as to whether the unknown woman actually was connected with the kidnaping or swindle, but the haste with which she fled when the number on the bill was pointed out, roused police suspicions.

**No Word Received**

No word from the kidnapers since the swindle has been received by Col. Lindbergh, said Col. H. Norman Schwarzkopf, head of the state police, after a conference in New York with Col. Henry Breckinridge, legal adviser of Lindbergh.

Dr. John F. Condon, aged educator described as the author of a series of cryptic newspaper advertisements signed "Jafise" which led to the thwarted negotiations for the baby's return, was believed to have attended the conference also.

Dr. Condon was quoted as believing the "situation would adjust itself" but three Norfolk men who have been negotiating with a person they believe to be an agent for the kidnapers were represented as pessimistic about the return of the baby by the person who took the $50,000.

The Daily News says the tokens given Col. Lindbergh during the negotiations as proof that the baby really was in the possession of the persons demanding $50,000 were two safety pins such as had been used to pin the baby's blankets to its crib.

## IRELAND MAY NOT PUSH OATH FIGHT

LONDON, April 12. (AP)—There were some indications today that the Irish Free State government does not intend further immediate action on abolishing the oath of allegiance to England and that matters probably will remain at an impasse until the bill comes up in the dail April 20.

Free state ministers have expressed confidence that the bill will pass. The fate of the measure is conceded to depend on the attitude of the labor members of the dail, but in English labor circles it was said the Irish laborites would support President De Valera. This assertion here seemed to have been based on direct communication with Irish labor leaders, some of whom are now in London.

## *Seek Vote On Bill To Legalize Beer*

WASHINGTON, April 12. (AP)—A petition to force a vote in the house on the O'Connor-Hull bill to legalize 2.75 per cent beer was filed in the house today by Representative O'Connor (D., N. Y.).

It requires 145 signers to discharge the ways and means committee and to force a house vote on whether it will consider the bill.

O'Connor told the house he expected the 145 signatures in time to bring the matter to a vote April 25 or May 9.

**ASKS FOR LOAN**

WASHINGTON, April 12. (AP)—The Uvalde and Northern railway company today asked interstate commerce commission approval for a loan of $300,000 from the reconstruction finance corporation.

## WITNESSES IN MURDER CASE PRESENTED

### PROSECUTION TRYING TO IMPLICATE THE FOUR DEFENDANTS

(By The Associated Press)

HONOLULU, April 12.—Efforts to picture what happened behind the drawn blinds of the home of Mrs. Granville Fortescue Jan. 8, when Joseph Kahahawai was allegedly lynched, were made by the prosecution today in the trial of the society woman and three navy men for the killing.

John C. Kelley, public prosecutor, has produced witnesses who linked the defendants with the abduction of Kahahawai and with the motor car stopped by police while rushing toward Koko Head with the body, which apparently was to have been thrown to the sharks.

The prosecutor lined up today's witnesses in an attempt to show that the killing took place in the Fortescue home.

**Outlines Case**

In his opening statement Kelley told the racially-mixed jury something of what he expected to prove concerning the home.

Two officers, he said, went to the place after the shooting and found windows closed and blinds drawn. They found a revolver, he said, and a bullet lying on a table.

A purse containing a photograph of Kahahawai, a cap which had been worn by the victim, blood stains, a rope identical with that used to bind Kahahawai's sheet-enveloped body, and evidence indicating the floor had been recently mopped were found in the house, Kelley said.

Mrs. Fortescue and the other defendants, Lieut. Thomas H. Massie, Edward J. Lord and Albert O. Jones, reacted in various ways to the words and actions of the territory's leading witnesses.

## *Collegians Are To Abandon Mine Trip*

KNOXVILLE, Tenn., April 12 (AP)—The five Arkansas collegians who went into the Kentucky mine fields on an investigative relief mission only to be turned back with a beating for their pains may abandon their project.

Their leader, Lucian Koch, director of Commonwealth college, Arkansas labor institution they represent, said he doubted if the five would remain here much longer. A party announcing its members had been whipped and put out of Harlan county, Ky., by vigilantes, came here Sunday to await advice from the American Civil Liberties union on obtaining legal protection to reenter the coal fields.

## *Colorful Sportsman Is Taken By Death*

CHICAGO, April 12 (AP)—The colorful Joseph Leiter is dead and the spheres of sports, business and finance have lost a leader.

Leiter, multimillionaire turfman and capitalist, son of Levi Leiter, the merchant prince and partner of the first Marshall Field, died yesterday at the age of 63.

Of massive figure and fierce countenance, Leiter was a familiar figure at nearly every race track of the nation and equally well known in the halls of business and finance.

## *New Oil Allowable Set For East Texas*

AUSTIN, April 12 (AP)—A per well allowance of 67 barrels daily has been set for the East Texas oil field effective tomorrow, R. D. Parker, chief supervisor of the oil and gas division of the Texas railroad commission, said it was necessary to reduce the allowance from 71 barrels per well daily in order to hold the top field production to within 325,000 barrels daily.

The commission had fixed a maximum allowable for the entire area, each well to contribute uniformly to the top production figure.

## World Volcanic Wave May Occur

### ERUPTIONS IN SOUTH AMERICA MIGHT FORERUN OTHERS; EVACUATION PLANS ARE FORMED

(By The Associated Press)

BUENOS AIRES, April 12.—Government officials made tentative preparations today to evacuate the 80,000 inhabitants of Mendoza, Argentina's principal western city, as a chorus of erupting Andean volcanoes continued to menace a wide area with dust and gases.

Ashes lay more than fourteen inches deep over some of the territory today, westerly winds showered the fine dust down in a fanlike belt 800 miles across central South America and Martin Gil, local meteorological, expressed the opinion that the current eruptions might be the forerunner of a world-wide volcanic wave.

He recalled the eruptions of Vesuvius, the San Francisco earthquake and the earthquake at Valparaiso, Chile, which followed each other closely in 1906.

Volcanoes were becoming active which have long been considered dead. At Malargue earth cracks appeared last night and the ash blanket was 13.5 inches deep before midnight.

In spite of the widespread terror throughout the western territory, more conservative scientists here were inclined to believe the volcanic activity was more frightening and discommoding than actually dangerous.

The shower here was of an almost invisible powder but it continued into its second day and left a thorough coating over streets and roofs, like snow. Many towns throughout the country burned street lights yesterday. Railroads reported most trains from the west delayed on account of poor visibility.

## DELEGATES TO BE SELECTED

### PRIMARIES ARE HELD IN FIVE STATES OF NATION TODAY

(By The Associated Press)

WASHINGTON, April 12.—The political cross winds of April sweep today over five widely-scattered states where primaries and party conventions select 96 Democratic and 101 Republican delegates to the presidential nominating conventions at Chicago.

National interest centered on the Illinois Republican and Nebraska Democratic races. Of the 61 Republican delegates being selected in Illinois, a group of 15 Chicagoans was running definitely opposed to renomination of President Hoover and on a prohibition repeal platform. Most of the down-state delegate candidates were believed to be pro-Hoover.

**France Entered**

Former Senator France of Maryland, was the only candidate for the Republican preference vote in Illinois, but he had no delegates in the field.

In Nebraska, Franklin D. Roosevelt, Speaker Garner, and Governor Murray of Oklahoma fought it out for the preference vote in the first three-way contest of these candidates. The state organization was back of the New Yorker who is now far in the lead for the nomination.

Fifty-four district delegates were being named by the Illinois Democrats and were lined up for Senator J. Hamilton Lewis.

## *Tech Debaters Win One, Lose Another*

Garland Smith and O. O. Williams, Tech debaters, won a decision from Simmons university and lost to McMurry college last night, according to word received here this morning.

The debaters are in a tournament sponsored by the two colleges and by Abilene Christian college. They are accompanied by their sponsor, Miss Annah Jo Pendleton.

## *Lions To Use Wood From Garner Cabin*

GREENVILLE, April 12 (AP)—A block of wood from the northeast Texas log cabin where Speaker John Garner was born will be used to make emblems representing a Texas district of Lions International, Oscar Jones of Greenville, governor of District X, has been given the block by Garner's mother.

It was understood that one of the emblems would be presented to the speaker and the other would be taken to the Lions International convention at San Francisco in July.

**HUNTER CAMPAIGNS**

SEGUIN, April 12 (AP)—Thomas F. Hunter of Wichita Falls, candidate for governor, brought his campaign to Seguin last night.

## WOMEN OPPOSE PROHIBITION

### PRESIDENT OF REFORM BODY DECLARES HALF MILLION IN FIGHT

(By The Associated Press)

WASHINGTON, April 12.—Mrs. Charles H. Sabin today numbered the membership of the women's organization for national prohibition reform at "over half a million voting women."

The chairman of the repeal-advocating group opened its third annual conference with a challenge of politicians and to women's dry organizations. She linked the Lindbergh kidnaping with bootleg activities, saying "the answer" to the selection of "acknowledged criminals" as aids in the baby-hunt lies in a Wickersham commissioner's statement that enormous revenues are enabling the criminal element to organize.

In a speech written for the first session at which more than 1100 delegates from 41 states were expected, Mrs. Sabin, a former Republican national committeewoman, said:

"I would like to call to the attention of the parties and their candidates that as an organization we are not Republicans, we are not Democrats; we are patriots! If either or both parties urge a plank for the repeal of the Eighteenth amendment to be submitted to the people, we will not be satisfied with apathetic acquiescence to such plank on the part of a candidate. We demand militant support!"

## *Federal Officials Visit Station Here*

Dr. B. Youngblood and H. W. Marston of the offices of experiment stations of the United States department of agriculture at Washington, A. B. Conner, director of Texas experiment stations, and A. D. Jackson, extension publications editor, of Bryan, are in Lubbock today visiting the state experiment sub-station east of the city. Dr. Youngblood and Mr. Marston are on an inspection trip of stations of the south and southwest. They will go from here to New Mexico.

## *Bitter Feuds Mark Chicago Election*

CHICAGO, April 12 (AP)—Feuds that have rankled through bitter campaigns for party ward leadership burst into the open with the dawn of primary election day.

Alarms came of gunmen cruising the disputed river wards, of voters and election judges menaced. An election worker was robbed of a parcel of sample ballots. Others were beaten; hoodlums tossed another from his second floor porch.

Mustered to enforce the peace were more than 40,000 watchers, including all of Chicago's 5,000 policemen.

## FEAR OF STORM OVER TARIFF DISPELLED

### DEMOCRATS IN SENATE AGREE TO EXPEDITE CONSIDERATION

(By The Associated Press)

WASHINGTON, April 12—United determination to enact promptly the billion-dollar tax bill—keystone of the 1933 budget structure—today dispelled fears that the measure might founder in a senatorial storm over tariff duties.

Senate Democrats in a four-hour conference last night agreed unanimously on expeditious consideration of the bill. In so doing they agreed that barring all tariff amendments to the measure is an impossibility, but held fast to the position that general tariff consideration is out of the question.

As a result, and with assured support of Republican leaders, a compromise limiting the bill to a few tariffs—probably on oil, coal, copper and wood pulp—is in sight. The first two already are in the bill, the others are backed by strong and determined support.

With this solid congressional backing for speeding the huge bill, President Hoover turned confidently to demand of the business world a fresh conviction in American security and a halt to the steady decline in prices on the public exchanges. Late yesterday it was disclosed he was planning to summon business and industrial leaders for action in a new program on national unity against the unfavorable economic factors.

The president called in Senator Robinson of Arkansas, the Democratic leader, to confer particularly on the revenue measure and the economy program. It was nearly midnight when Robinson emerged, all smiles, to give out a brief resolution:

"It is the sense of the conference of Democratic senators that the hearings on the revenue bill be closed at the earliest practicable date and that the passage of the measure be expedited in every possible way."

## *Gasoline, Dynamite Dragged From Fire*

PITTSBURGH, April 12 (AP)—Two barrels of gasoline and several sticks of dynamite wired together with fuse attached were dragged from a four-family apartment house in McKeesport while it burned early today.

Twenty persons in the structure fled to safety as firemen battled the flames unsuccessfully. Ray Ritter, occupant of one of the lower floor apartments, said the place was soaked with gasoline when he discovered the place in flames.

## *Ecuador Has Navy Back Again Today*

GUAYAQUIL, Ecuador, April 12 (AP)—Ecuador got its navy back today when crews were put aboard the gunboats Cotopaxi and Tarqui. The vessels were recovered in the night from the mutineers who seized them in Guayaquil harbor last week.

The naval engagement, in which not a shot was fired, followed the recapture of the fort at Punta Piedras where another rebel group was installed. Marines in small boats surrounded the gunboats, scrambled aboard and overpowered the mutineers after a brief hand-to-hand fight.

## *All Quiet Today In Houston's Milk War*

HOUSTON, April 11 (AP)—All was quiet today in the Houston milk price war, although an increased force of deputies patrolled the county highways to guard against a resumption of violence.

Drivers of many milk trucks rumbling into Houston carried shotguns. Two trucks en route to Houston Sunday with milk destined for distributors with whom the South Texas Producers association is warring over prices were halted by masked men. The milk—some 700 gallons—was dumped into the road.

## TWO-DAY MEET IS ENDED IN CITY TODAY

### CLUB ACTIVITIES IN WEST TEXAS AREA ARE REPORTED

With three cities seeking the 1933 convention and two men in nomination for the district governorship, 'politics' held the spotlight of the annual conference of Lions club members of District 2-T this afternoon. Following the selection of the city and the governor, the two-day convention will be brought to a close.

Amarillo appeared to have the inside track on the convention city selection after a delegation from the North Plains metropolis arrived in town early this morning and began an active campaign which was climaxed by presentation of a program at the luncheon today noon at the Hilton.

**Walker Favored**

Supporters of Herbert "Hub" Walker, president of the Pampa club, were claiming victory for their candidate early this afternoon but there was also a strong following for D. W. "Del" Harrington of El Paso.

Amarillo had approximately 50 members at the luncheon program while Pampa was equally represented. Colorado had ten men present while Big Spring also had a good representation.

Featuring the luncheon program was a resolution offered by the Clarendon club and read by Geo. W. Briggs of Pampa which proposed District Governor Sam Braswell for the post of director of Lions International. Reading of the resolution was followed by an ovation for Braswell.

**Rogers Presides**

Dr. R. L. Rogers, president of the Amarillo club, presided at the luncheon. T. Shaw led the group in a sing-song and the Brownfield girls' quartet composed of Misses Martha McClish, Mary Dee Price, Evelyn Pippin and Dora Dean Neal sang two numbers. Two other musical selections were given, after which Jack Adkins of Amarillo gave a short talk in behalf of his club's campaign for the next convention.

Just as the morning session closed at the First Methodist church, general headquarters, J. H. Green of Colorado made urgent appeal for attendance at the state convention in Dallas and support on behalf of

(Turn to Page 5, Column 1, Please)

## UNDERSTUDY OF MURRAY ACTIVE

OKLAHOMA CITY, April 12 (AP)—Governor "Alfalfa Bill" Murray's official understudy, Lieut. Gov. Robert Burns, apparently was stealing Oklahoma's perenial political show from the absent star today.

Burns in his capacity as acting governor, late yesterday called on the governor's cousin, Lieut. Col. Cicero I. Murray, to report why "certain companies" allegedly had been permitted to overproduce their wells in the Oklahoma City oil field, where Col. Murray has charge of military proration enforcement.

## *Gibson Proposals Rapped By Tardieu*

GENEVA, Switzerland, April 12 (AP)—Premier Andre Tardieu of France today assailed the disarmament proposals advanced yesterday by Hugh S. Gibson, the American representative to the disarmament conference.

Gibson proposed that tanks, big guns and gases be abolished in the interests of security but he made no mention of battleships, "the most obvious aggressive weapon," said Tardieu.

**DIES OF INJURIES**

HOUSTON, April 12 (AP)—Bill Stills, 45-year-old truck driver, died today of injuries suffered in the collision of his machine with a street car.

## *Two Women Trade Their Ex-Hubbies*

POUGHKEEPSIE, N. Y., April 12 (AP)—The Parrots and the Smiths were next door neighbors here. Malcolm E. Parrott and Mrs. G. Minard Smith fell in love with each other and Mrs. Parrott and Mr. Smith also fell in love.

The women obtained Mexican divorces and yesterday all four went to Sharon, Conn., and the women traded ex-husbands. To complete the story, each couple attended the other and then all left on a honeymoon together.

# Study Clubs Meet This Afternoon; Prof. H. R. Nissley Addresses Athenaeums

## Four Societies In Afternoon Session

Many local club women are in study sessions this afternoon in various parts of the city. Interesting programs are being presented.

Prof. Harold Nissley of Tech college is addressing the Athenaeum club this afternoon on "Post War Germany". Professor Nissley had made a detailed study of this subject, having spent some time in Germany since the war. The club is meeting at the home of Mrs. J. B. Waltrip, 1913 Avenue N.

The Sorosis stuy club is meeting at the home of Mrs. Joe H. Webb, 2010 16th street.

**Feature Texas Day**

"Texas Day" is being featured on the program. Mrs. J. D. Peters is discussing historical characters. Mrs. Rufus Rush will speak on "Texas Under Seven Flags" and Mrs. C. B. Powell will address the club on "Texas Centennial".

"Soviet Russia" is the subject of a program to be presented at a meeting of the Twentieth Century club meeting this afternoon at the Hilton hotel. Mrs. G. N. Atkinson is on program to discuss "The Scientist in Soviet Russia". Mrs. Jerome Smith will speak on "The Theater in Soviet Russia". Miss Mae Murfee will discuss "The Doctor in Soviet Russia".

Junior Twentieth Century club members are meeting at Texas Technological college this afternoon.

## 1916 Needle Society Meets Wednesday

The 1916 Needle club will meet at the home of Mrs. A. S. Darby, 1707 18th street. Mrs. James H. Kimmell will assist as hostess. The meeting is scheduled for Wednesday afternoon at 3 o'clock.

## Ten Are Present For Circle Meeting

Mrs. J. J. Clements was devotional leader at a meeting of Circle 3 of the First Presbyterian church with Mrs. O. K. Peters, 903-A College avenue. Ten women were present. Mrs. L. P. Lawrence was hostess to the members of Circle 2 at her home, 2313 10th street.

**MANY WOMEN Have Been Helped Like This**

"ABOUT four years ago, I suffered a great deal with pains in my back and sides," writes Mrs. D. A. Bush, of Roxton, Texas. "I did not feel like doing my housework, or anything else. I would get nervous, and my back would hurt worse. One of my neighbors asked me what I was doing for myself. I told her 'most everything. Then she asked me if I had ever taken Cardui. I told her 'no' but I would try it. Before I had finished one bottle I could tell the difference in my feelings, but I kept on taking Cardui until I felt strong and well again."

CARDUI FOR WOMEN

*Correct Wedding Stationery*

Here's one detail of the wedding that need not worry you a particle. For our invitations and announcements are impeccably correct, and a mark of your good taste.

**Printed or Engraved**

You'll Find Our Prices Reasonable

**Lubbock Printing Co.**

Printing and Office Supplies
1214 Avenue K Phone 329

(READ THE STORY, THEN COLOR THE PICTURE)

As Duncy sailed on through the air, wee Scouty said, "We've had a scare that's really turned out serious. What are we going to do?

"The bubble that poor Duncy's in will take him where he's never been. I'll bet he's going to have a thrilling time before he's through.

"But we can't just sit here and wait. Say! Wouldn't it be simply great if Windy had an airplane? He could rise right in the air.

"Then he'd find Duncy, sure enough, although the going might be rough. But Windy has no airplane and wee Wuncy's still up there.

* * *

"Come, let's start running right away. The bubble may drift down our way. Then we could all grab Duncy, ere he plopped down on the ground.

"The monstrous bubble's still in sight. I hope its prisoner's all right, although he's likely dizzy 'cause he's turning 'round and 'round."

So o'er the hills the Tinies went. Of course it was their good intent to try and help, as best they could, to bring poor Duncy back.

All of a sudden Windy said, "There's no use going on ahead. The bubble's out of sight now. It is in a cloud that's black."

* * *

And he was right. Away up high some clouds had gathered in the sky and Duncy eyed them nervously as into them he sailed.

It wasn't very long until he ran into another thrill. Above the clouds some birds came near and Duncy's pink cheeks paled.

Here's where my bubble's nipped, thought he. And then it is goodby for me. No bird, however, pecked at it and Duncy had new hope.

The queer birds seemed to realize that they had best protect their eyes. They wouldn't peck the bubble 'cause they knew 'twas made of soap.

(A friend comes to the Tinies' aid in the next story.)

## Report Activities Of Auxiliary Unit

Circle 3 of the Mary Helm auxiliary of the First Methodist church met at the home of Mrs. T. S. Reynolds, 2023 16th street, with Mrs. W. J. Spikes as co-hostess.

It was stated that 23 garments have been given to the poor; 27 visits made to the sick; six trays of food and four baskets of flowers given to the sick and money collected toward the missionary pledge and local mission work.

Mrs. Olen Stewart led the lesson for the afternoon. The opening prayer was given by Mrs. J. O. Haymes and Mrs. W. E. Brown was in charge of a devotional lesson.

Talks were made by Mesdames G. H. Ater and J. Ray Dickey and Mesdames K. L. Riggs and David S. Martin played a piano duet.

## Asbury Society Will Attend Social

The Asbury Methodist W. M. S. members will be entertained at a social next Monday afternoon at the home of Mrs. Maude Bradley, 2302 19th street, it was decided at a meeting of the organization Monday afternoon.

Mrs. Paul Williams was program leader and Mrs. J. F. Blanton led the devotional lesson, Mrs. W. F. Bonds discussed the life of Paul.

There were 14 members present. Mrs. Minnie Jones was received as a new member.

## Mrs. A.N. Gamble Has Mary Helm Unit

Mrs. A. N. Gamble, 2402 20th street, was hostess to Circle 5 of the Mary Helm auxiliary of the First Methodist church Monday afternoon. Mrs. W. H. Wright was joint hostess.

Mrs. H. Dudley Jennings was received as a new member and there were nine other members present. Mesdames H. E. Withers and J. T. Wright were special guests.

Mrs. Allan Hill and Mrs. Withers made talks. Mrs. H. W. Wylie played accordion numbers and Virginia Belle Gamble played a piano solo.

## Y. W. A. Is To Meet With Miss Schantz

The Calvary Baptist Y. W. A. met at the home of Misses Roberta and Doris May, 1810 17th street, Monday evening. The diversion of the evening was piecing a quilt. The next meeting will be held at the home of Miss Gertrude Schantz, 2115 14th street.

Attending Monday evening were Misses Martha and Jennye Mae Whittaker, Mildred Clinton, Schantz, Lorena Branch, Veda Davis, Violet Bratcher and Mrs. M. B. Odom.

## C. W. Ratliffs Hosts At Bridge

Mr. and Mrs. C. W. Ratliff, 2118 27th street, were hosts to an evening bridge club Monday evening. Mrs. Lucille Smith received ladies' high score and Vestel Lott won high score for the men.

Attending were: Messrs. and Mesdames Lott, J. D. Shaw, Neil C. Vanzant; Misses Margaret Turner, Sallye Bean and Wayne Atcheson; Messrs. Wayne Henly and Allen Moses and Mrs. Smith.

## Mrs. J. S. Johnson Is Heard By Club

Mrs. J. S. Johnson reviewed the book, "The Good Earth" by Pearl S. Buck at a luncheon meeting yesterday of the Readers Digest club at the Hilton hotel.

Attending were Mesdames Johnson, J. H. Hankins, Milton Jones, Fred Snyder, W. H. Meador, W. O. Stevens, S. J. McFarland and J. T. Hutchinson.

## Baptist Women Are In Two Day Meet

The two-day mission study meeting being conducted at the First Baptist church here will end today. Mrs. J. B. Tidwell, state mission study chairman in the W. M. S., is conducting a series of lectures and illustrations during the meeting.

## South Side W. M. S. Meets Monday

Members of the South Side Baptist W. M. S. were in a meeting at the church Monday afternoon. Fourteen were in attendance.

Mrs. W. C. Collins conducted a devotional lesson and the missionary lesson was taught by Mrs. S. H. Elliott. There were two visitors present.

## Bride-Elect Named Honoree At Affair

Miss Josephine Moore, bride-to-be, was named honoree at an informal tea given by Miss Alma Girand, 2219 16th street, Monday afternoon. The marriage of Miss Moore and James Franklin Goolsby, of Elgin, Ill., is to be solemnized at Saint Paul's Episcopal church on April 19.

Tulips added color to appointments for the occasion.

Miss Girand was assisted in serving by her mother, Mrs. W. D. Girand, and by Miss Sue Michie.

Twelve guests were present.

## Woman Reaches 94th Birthday Sunday

Among the interesting events of Sunday was the celebration of Mrs. Jane Bawcom's 94th birthday at the home of her daughter, Mrs. J. D. Railsback, who resides fifteen miles east of Lubbock in the Acuff community.

Guests at the affair included three children, twelve grandchildren, eighteen great grandchildren and several friends. Among them were the following: Mrs. T. H. Fee of Dallas, Messrs. and Mesdames R. P. Cowdrey, Glenn Cowdrey, Glen Davis, Elmer Cowdrey, Delmer Cowdrey, J. N. Gassett, Mrs. Lola Gassett, all of Post; Randolph and Ernest Bawcom, Mrs. V. E. Railsback, Messrs. and Mesdames B. B. Railsback, Guy Hester, George Railsback, all of Acuff; Mr. and Mrs. A. M. Cowdrey of Lubbock.

## Seventeen Women In Circle Meet Here

Seventeen women attended a meeting of Circle 1 of the First Presbyterian auxiliary Monday afternoon at the home of Mrs. J. B. Waltrip, 1913 Avenue N. Mrs. John Ewing conducted the devotional period.

## Mrs. Granbery Talks At WMS Meeting

"The Motion Picture and Lawlessness" was the subject of a talk given by Mrs. John C. Granbery at a meeting of the First Methodist W. M. S. at the church Monday afternoon.

Mrs. C. C. Webb was program chairman.

The devotional lesson was led by Mesdames A. H. Crawford and E. I. Brown. Mrs. J. H. Agee played accordion numbers.

## Mrs. C. G. Stinson Is Circle Hostess

Mrs. C. G. Stinson, 2211 14th street, was hostess to Circle 1 of the Mary Helm auxiliary Monday afternoon. Mrs. R. L. Stewart was in charge of the program. Mrs. A. G. Green led the devotional.

Mrs. Will Morgan talked and Mrs. Herbert Maxwell presided for a business session.

Miss Ernestine Aycock, 2023 Broadway, is seriously ill at her home.

## W. M. S. Meets With Mrs. Gammill

The Canyon Missionary society met at the home of Mrs. Gussie Gammill Monday afternoon.

"The Influence of Motion Pictures" was discussed by Mesdames C. B. Roberts, W. B. Trotter, J. A. Burgess, L. M. Biffle and A. O. Graydon.

## Mrs. Dewey Campbell Is Program Leader

Circle 6 of the First Presbyterian church met at the home of Mrs. Dewey Campbell, 1410 Main street, Monday afternoon. Mrs. Campbell had charge of the lesson.

**PLAN AIR LINK**

London.— Officials of England and Scandinavian countries are considering the operation of a direct air service between northern England and Scandinavia. A route under consideration is from Newcastle-on-Tyne to Stockholm via Denmark, the first stage to Esbjerg covering 340 miles. The trip by air will require 8 hours, whereas it takes a boat 30 hours.

**CHICHESTERS PILLS**

THE DIAMOND BRAND. Ladies! Ask your Druggist for Chi-ches-ters Diamond Brand Pills in Red and Gold metallic boxes, sealed with Blue Ribbon. Take no other. Buy of your Druggist. Ask for CHI-CHES-TERS DIAMOND BRAND PILLS, for 40 years known as Best, Safest, Reliable. Buy Now! SOLD BY DRUGGISTS EVERYWHERE

## Mrs. A. M. Johnson Is Circle Hostess

Circle 2 of the First Christian Aid met at the home of Mrs. A. M. Johnson, 2117 17th street, Monday afternoon with Mrs. E. O. Bagenstos as joint hostess.

Mrs. Herbert Carlock conducted a devotional lesson. Those present were Mesdames H. R. Robertson, Mary F. Hinton, Carlock, K. M. Renner, R. J. Keller, J. H. Hackfield, S. B. Haynes, Hattie O'Hair, L. S. Mast, F. M. Edwards and Miss Bess Edwards.

## Mrs. G. W. McCleary Is Circle Hostess

Circle 4 of the First Presbyterian church met at the home of Mrs. G. W. McCleary, 1117 19th street, Monday afternoon. Mrs. Harry E. Blocker led the devotional. Mrs. McCleary discussed "Looking Ahead".

Those present were Mesdames Blocker, Joe W. Wilson, A. J. Delahunty, C. E. Millerman, Ford, O. V. Adams, L. C. Denton, Wesley Waln, Earl Pate, George Stevens, Fogerson and E. L. Robertson.

## Circle 4 Meets With Mrs. Harbison

Mrs. W. L. Harbison, 2513 23rd street, was hostess to members of Circle 4 of the First Christian Aid Monday afternoon with Mrs. Grady Ashley as co-hostess. A luncheon was planned for April 25.

Mrs. C. O. Marquart had charge of a devotional lesson and Mrs. Joe Coursey read a scripture lesson.

There were ten members an one visitor present.

## Mrs. R. A. Mills Is Lesson Leader

Mrs. L. W. Squyres presided at a business session in a meeting of Circle 3 of the First Christian church Monday afternoon at the church. Mrs. R. A. Mills had charge of the lesson.

Those present were Mesdames C. C. Crenshaw, J. G. Lane, J. F. Abel, N. L. Benson, Fred Childress, Charles Files, Mills and Squyres.

## Mrs. R. M. Hocker Is Lesson Leader

Mrs. R. M. Hocker led the discussion at a meeting of the Nazarene W. M. S. Monday afternoon. "Characteristics of the Chinese" was the subject of the lesson. Talks were made by Mesdames A. F. Cook and Luther Weed and Miss Laurene Bussey.

## Pioneer Dancers Will Meet This Evening

The Pioneer Dancing club will meet this evening at 8:30 o'clock at the Uptown Dance Palace. Ross Edwards' orchestra will play for the dancing. Many out of town guests are expected. Old fashioned dances will be featured on the program.

# MAJOR LEAGUE BASEBALL CLUBS START PENNANT CHASE TODAY

## SPYING ON SPORTS

BY COLLIER PARRIS

**It's that time of year, and we've informed the shop foreman to set that annual headline, "Robins Outhit Reds, But Lose, 11 to 9."**

* * *

**The big league season started in** fine fashion yesterday. That 1 to 0 squeeze-out by the Senators in the 10th stanza must have been good enough for even the president to look at.

* * *

**The National league gave Mister Hoover the No. 1 season pass the other day. The American league could reciprocate by fixing it up with the street car company to give Babe Ruth free rides to the park.**

* * *

**Lubbock's first attempt to revive** golf, or to break the site on the 1932 season, resulted in another victory by the elements. If anybody completed the prescribed 18-hole match play he was not a golfer, he was an aerial prairiedog. Of course that doesn't apply to Lane Denson and Jim Kuykendall, who played 20 holes in that seething blast of wind and sand. Denson won, 1 up at the 20th. Denson was one of the three Meadowbrook players who won. Seven matches went to the Country Club players.

* * *

**Ross McWhorter shot the low medal score in defeating Johnson, to take the top rung on the Country club handicap ladder. Ross' mark was a 78, which is mighty fine, considering the circumstances. Now the rest of the Country club boys will have something to shoot at.**

* * *

**We still have the baseball boys** with us, but we promise they won't be here longer than this week. Red Gaither, Evolution Marshall, Boots White of Lamesa, Lowell Dobbs of Amarillo and Egbert Hambright promise to get out of town and on the road toward Akron before daylight Thursday. They will flivver through, stopping at St. Louis, a town known for its Blues and Cardinals, en route. They are to report Sunday to Honest John McCloskey, manager of the Akron club of the Central league, for a short period of training. The Central league opening date has been postponed to May 4. Freight trains out of Akron, headed toward Texas, on May 5 may do a good gratis business.

* * *

**There's more talk of forming a Lubbock city baseball league. In fact, all interested parties are urged to congregate at the City hall, chamber of commerce, tomorrow night and enter into a round table discussion concerning the destiny of city league baseball in Lubbock. Somebody will be there to take charge and act as chairman.**

* * *

**A suggestion has been made relative** to the founding of a city league to which this department has fixed the official O. K. Let four interested firms start the ball rolling by posting a forfeit bond and assuring support of a team and the league. If there are more than four who will post this bond, thereby agreeing to have a team on hand, on time and equipped for playing the game, let them make it known by shouting, "Me, too." If there are any objections, say so by rasping a rousing, "Oh, Yeah?" after which the business of organization will continue. There's a chance to lose, but if enough work and time is put in on it there's a chance to boost business, provide entertainment and rake in shekels. If you're interested have a representative at the session tomorrow night and see that all is well. A man should be elected president who knows something of baseball, who has time to devote to it, who knows how to run things right and who is not afraid to dictate, make decisions and tell cross boys where to head in and when.

* * *

**One of these days some United States Olympic candidate is going to run a race in which he does not break a world's record. That will be news.**

* * *

**As another famous columnist** would say, a rose to Pete Cawthon and Dutchy Smith for their work in putting on the Tech relays, and a lemon to the lowlife (yeah, you're a lowlife; what're you going to do about it) who pilfered the spare tire, wheel, tire cover, etc., off the rear end of our flivver the other yawning. We'll admit the tire was worn, the tube had been patched, the wheel had the paint off one spoke and the cover had a wrinkle in it, but those were darned good lug nuts.

### OUT OF SANITARIUM

After about a month's treatment for a kidney ailment, Dr. Paul W. Horn, president of Texas Technological college, was dismissed from Lubbock sanitarium Monday morning.

# *TEXAS LEAGUE WILL OPEN TOMORROW*

## REAL RACE IN PROSPECT IN NATIONAL

### 120,000 EXPECTED AT OPENING GAMES IF WEATHER GOOD

NEW YORK, April 12. (AP)—Eight National league baseball clubs have been winning league games on paper for two months or more. Today, with a little cooperation from the weather man, they'll see if it's just as easy to win them on the ball field.

Some 120,000 persons were expected at the four opening games in New York, Brooklyn, Cincinnati and St. Louis.

The opening schedule was:
Pittsburgh at St. Louis.
Chicago at Cincinnati.
Boston at Brooklyn.
Philadelphia at New York.

**Tight Race Looms**

The league looks forward now to one of the most interesting races in its long history. By trade and purchase, all eight clubs have strengthened weak spots in defense or offense until it appears not one can be used as a stepping stone for such outstanding pennant contenders as the world champion Cardinals, the Giants or Cubs.

Perhaps the Cardinals deserve to be rated as heavy favorites to win third straight pennant but some observers believe the champions will feel the loss of Burleigh Grimes, veteran right handed pitcher, and outfielder Chick Hafey, league batting champion in 1931.

Except for the pitching staff, the Cardinals Giants and Cubs start the season with only one change apiece in their lineups. The Cardinals will have Jimmy Collins in the outfield in place of Hafey; the Giants will use Len Koenecke in left field at least when opposed by a right-handed pitcher; and the Cubs will play Stanley Hack at third base.

**Davis Is Added**

The Phillies' principal addition is outfielder George Davis while the Braves count on Art Shires at first base and Fritz Knothe on third.

Brooklyn has added Hack Wilson to the outfield, Tony Cuccinello, Joe Stripp and George Kelly to the infield, Clyde Sukeforth to the backstopping department and Waite Hoyt to the pitching staff.

Cincinnati, which rounded out its infield by trading Benny Frey and Harvey Hendrick to the Cardinals for Hafey yesterday, will have such other newcomers as Babe Herman, Taylor Douhit, Andy High, Wally Gilbert and Ernest Lombardi.

## MUSTANGS DOWN MATADORS TODAY

Robert Hale's Mustangs defeated Shorty Kerr's Matadors this morning in the second Morning Glory League game of the week. The score was 24 to 23. Two minutes before the game ended, Kerr's team was 8 points in the lurch, but a spirited offensive came very near tying the count before the gun.

Hale's team was composed of Paulger and Lewis, forwards; Young, center; Hale, Granberry and Jones, guards. Paulger was high point man for the side with 8 points.

The Matador lineup consisted of Jackson and R. Hale, forwards; Quinlan and Speer and Hunt, guards and Kerr, center. Kerr's 8 points tied Paulger for high point honors.

## *Sixty Players In Tennis Tournament*

PINEHURST, N. C., April 12 (AP)—More than 60 tennis players, including the Davis cup squad, today awaited clearing skies for opening matches in the annual North and South tennis tournament here.

Seeded players in order: Ellsworth Vines, Pasadena, Calif., National champion; Frank K. Shields, New York, John Van Ryn, Philadelphia, Wilmer Allison, Austin, Tex., Berkeley Bell, New York; Gregory Mangin, Orange, N. J., Gilbert Hall, East Orange, N. J., Bryan Grant, Atlanta.

The total seating capacity of places of amusement in New York City is more than 1,425,000.

CLEVELAND — Babe Triscaro, Cleveland, outpointed Marty Goid, Philadelphia, (6.)

## SOONER COACH IS SELECTED

### LEWIS W. HARDAGE IS CHOSEN OKLAHOMA'S FOOTBALL MENTOR

NORMAN, Okla., April 12 (AP)—A veteran of Vanderbilt's coaching staff—Lewis W. Hardage—will guide the University of Oklahoma's Sooners over Big Six gridirons next fall.

Hardage, assistant coach at the Nashville university for a decade and of all American stripe in the good old days when the late Walter Camp was picking 'em, was chosen as Oklahoma's head foot ball coach by the university athletic council last night.

Immediately he jumped into the shoes vacated a few weeks ago by the resignation of Adrian Lindsey. Already on the ground, Hardage likely will put the Sooner spring practice under way no later than the end of this week.

His salary was not disclosed. He likely will select his own assistant to succeed Dewey Luter, resigned.

## *Abilene High Girl Under Indictment*

WEATHERFORD, April 12. (AP)—Patty Martin, 16-year-old Abilene High school girl, has been indicted here on a charge of driving while intoxicated. Miss Martin was accused of committing the offense while returning home after attending the Abilene-Beaumont state championship football game at Fort Worth last year. Like charges were filed against two Abilene youths but they were not indicted.

### THEFT IS REPORTED

A second automobile casing was reported stolen over the week-end here. Collier Parris said a wheel, spare tire, and tire cover were taken from his automobile late Sunday or early Monday in the 100-block of Main street.

A 1928 Chevrolet coach was stolen from C. T. Scroggins of Slaton, Sunday night, police here were informed.

## A'S AND YANKS FAVORED TO LEAD LOOP

### SENATORS ARE OFF TO GOOD START WITH WIN OVER SOX

CHICAGO, April 12 (AP)—The American league pennant chase, a struggle dominated for six straight years by Philadelphia and New York, broke into the open again today with the same two formidable rivals pitted against each other in the grand inaugural feature at Shibe park.

Washington's Senators, off to a flying start with an old fashioned 1 to 0 victory over Boston in their 10-inning opener yesterday, moved over to the Red Sox camp for their second engagement, Cleveland invaded its lake shore rival, Detroit, while the St. Louis Browns braved the chilly blasts of Lake Michigan at the home field of Chicago's White Sox.

**Duels In Prospect**

A lively pitching duel was in prospect at each battle ground, topped by that between Vernon "Lefty" Gomez, the 22-year-old Yankee southpaw, and big George Earnshaw of the Athletics.

Connie Mack had just about the same big baseball guns—Al Simmons, Mickey Cochrane, et al—in position, while Manager Joe McCarthy had a shuffled line-up with the spectacular recruit, Frank Pietro Crosetti at third, Lynn Lary at shortstop and Sammy Byrd the apparent centerfield gardener in place of the veteran Earl Combs.

Manager Walter Johnson planned to send another veteran right hander, Fred Marberry, against the Red Sox, who countered with Ed Durham, a right hander who compiled a fine record of eight victories and ten defeats with the team last season.

**Play Errorless Ball**

Although their star shortstop and clean-up hitter, Joe Cronin, was still out from an attack of tonsilitis, the Senators played errorless baseball and won an inaugural game at home for the first time in four years. Manush's double scoring Myer was the finishing blow with one out in the tenth inning.

A pitching duel between two rivals of high school days, Wesley Ferrell and Victor Sorrell, added punch to the Detroit-Cleveland inaugural. Both Ferrell and Sorrell came from North Carolina where they often met in prep days.

Manager Lew Fonseca of the White Sox decided the opener was the spot for the veteran "Sad Sam" Jones and his right arm. The Browns expected to start Walter Stewart.

## CAMPBELL NOT SATISFIED WITH HIS 250 M. P. H.

LONDON, April 12. (AP)—Travel at some 250 miles an hour should be fast enough to suit the vast majority—but not Sir Malcolm Campbell.

Less than two months ago the British sportsman boosted the world's land speed record to 253.968 M. P. H. with his Bluebird. Now he already is making plans for another try within a year and with a more powerful engine.

Campbell announced last night he planned to install in the Bluebird an engine of the same type that won the Schneider airplane trophy at 340 M. P. H. and set up a world's speed record of 407 M. P. H. last fall. The new engine, he thinks, will develop 2500 horsepower compared with 1500 H. P. generated by the engine with which he set up the new auto record at Daytona beach, Fla., in February.

## COTTON STATES LEAGUE STARTS

MONROE, La., April 12. (AP)—Last minute assistance for the Monroe baseball club from the St. Louis Cardinals welded the final link and the Cotton States league definitely organized its six-club circuit for the 1932 season which opens May 3.

After almost giving up hope of mustering six clubs financially able to tide a full season, word was received late yesterday that the loop had been completed and that the six clubs—Monroe and Baton Rouge, La.; Eldorado and Pine Bluff, Ark., and Vicksburg, Miss., and Port Arthur, Texas—were ready for another season.

Announcement that the loop had been successfully reorganized was made after a meeting here of the board of directors. D. Aubrey Haas, president of the Monroe club, said that Branch Rickey, vice-president of the Cardinals, had notified him the Cardinals would add the Monroe club to its chain.

President Frank A. Scott, of Vicksburg, was authorized to draw up a 120-game schedule which will open with Port Arthur at Baton Rouge, Vicksburg at Monroe and Pine Bluff at Eldorado.

Charles Fautley, 104-year-old St. Louis resident, is cutting his third set of teeth.

## WRITERS PICK DALLAS AND HOUSTON

### STRONGER CLUBS ARE TO SEEK PENNANT THIS SEASON

BY BILL PARKER
Associated Press Sports Writer

Texas league baseball is one day around the corner.

The turnstiles have been oiled. The club owners are hopeful. Five returning managers and three new pilots have good and honorable intentions of winning the pennant. Last year's opening days saw 56,306 spectators pass through the entrance gates. It all ended when Houston won the Texas league pennant, then lost to Birmingham of the Southern association in the Dixie series.

**Houston, Dallas Picked**

As the teams line up in their dugouts, ready to trot on the field, Houston, Dallas, Fort Worth and Beaumont have been selected by Texas league sports writers as the four clubs to finish in the first division, Houston and Dallas are even choice for the pennant. Fort Worth is the pet for third place. Beaumont gets the fourth place call. It is the consensus of league sport writers the finish in September will be like this:

1—Dallas or Houston.
3—Fort Worth.
4—Beaumont.
5—Galveston.
6—San Antonio.
7—Wichita Falls.
8—Shreveport.

Opening day games will find Fort Worth at Dallas, Galveston at Houston, San Antonio at eBaumont and Wichita Falls at Shreveport.

J. Alvin Gardner, league president, discussing the 1932 race, said:

"Each Texas league club owner has materially strengthened his club for this year's race. The new major rule cutting down the number of players National and American league clubs can carry meant the sending of additional good players to the Texas league, and because of this new move, I believe the league will be much faster. Houston and Fort Worth have wonderful pitching corps. Dallas has one of the greatest collection of hitters ever in the league. Galveston has improved, and Wichita Falls has a fine young club that may surprise you."

When the curtain goes up and the show goes on Wednesday, three new managers will be making their bows. Dick McCabe, who won 23 and lost 7 for Fort Worth last year, has been elevated to the managerial job replacing Art Phelan. George Sisler, former major league star and once voted the most valuable man in the American league, replaces Jake Atz as pilot of the Shreveport Sports. Henry Severeid, former major league catcher and last year with Hollywood of the Pacific Coast league, has replaced Carl Williams at Wichita Falls.

Managers returning for another pennant try include Happ Morse at Dallas, Joe Schultz at Houston, Del Baker at Beaumont, Del Pratt at Galveston and Claude Robertson at San Antonio.

Sisler, Severied and McCabe will be active playing managers. The others will be available as playing managers in case of necessity.

Announced lineups:

Fort Worth at Dallas:

Cats: Moore, cf; Dalrymple, 2b; Steinecke, rf; Jeanes, lf; Hooks, 1b; Baker, 3b; Engle, ss; Krauss, c; Stoner, p.

Steers: James, 2b; Brower, ss; Langford, lf; Bonura, 1b; Radcliff, rf; Loepp or Jones, cf; Holman, 3b; Styles, c; Murray, p.

Galveston at Houston:

Buccaneers: Ballew, 3b; Allday, 2b; Riley, lf; Bell, rf; Rye, cf; Molesworth, ss; McGhee, 1b; Hungling, c; Thormahlen, p.

Buffaloes: Hoce, 3b; Sanders, cf; Narlesky, 2b; Medwick, lf; Peel, rf; Stebbins, 1b; Carey, ss; Funk, c; Payne, p.

San Antonio at Beaumont:

Indians: Najro, rf; Flaskamper, 2b; Fitzgerald, cf; Zaepfel, lf; Gooch, 3b; Brewer, 1b; Bradbury, c; Schofield, ss; Smith or Estell, p.

Exporters: Clifton, ss; Tauby, cf; Fox, lf; Easterling, rf; Greenberg, 1b; Holley, 2b; Newsome, 3b; Pasek, c; Marrow, p.

Wichita Falls at Shreveport:

Spudders: Garms, cf; Bejma, 2b; Fuss, rf; Badgro, lf; Green, 1b; Scharien, ss; Euller, 3b; Severied, c; White, p.

Sports: Hamilton, 3b; Ward, 2b; Sisler, 1b; Nicholson, rf; Harper, lf; Cox, cf; Mueller, ss; O'Neil, c; McPhaul, p.

Main pennant assets will be:

Houston—A strong pitching staff and consistent hitting.

Dallas—A powerful hitting attack and fair pitching.

Fort Worth—Good, strong consistent pitching. Mediocre hitting.

Beaumont—Youth, hustle and fairly good pitching.

Galveston — Good pitching and consistent hitting.

San Antonio—A good pitching staff and fast infield.

Wichita Falls—A fine young team backed by proven pitchers.

Shreveport—Sisler as the man who must make the club go.

## District Meet Will Start Here Friday

### SIMILAR CONTESTS TO BE IN TWENTY-SIX TEXAS TOWNS

The annual District 2 track and field meet of the Texas Interscholastic league will begin here Friday afternoon, it was announced this morning by District Director J. O. (Del) Morgan of Texas Tech.

Due to the expected large field, it has been decided to stage preliminaries in several events Friday, carrying over the finals to Saturday.

**Champs To Compete**

County championship teams and individuals of 17 South Plains counties are eligible to compete in the district athletic meet here this week-end. Lubbock, Slaton and Shallowater will represent Lubbock county.

Preliminaries in tennis and volleyball will begin on the Tech courts at 2 o'clock Friday afternoon. At the same time, Morgan announces, eliminations will begin for entries in the 100-yard dash, 220-yard dash, 440-yard run, 120-yard high hurdles, 220-yard low hurdles, high jump, pole vault, javelin throw and discus throw.

The finals in all track and field events, including the rural pentathelon, will begin at 2 o'clock Saturday afternoon.

Lubbock is one of 26 towns in which district meets are to be held this week-end. Canyon is the scene of the District 1 meet.

The latest estimates of the earth's area place the fertile regions at 33,000,000 square miles; steppes at 19,000,000 square miles; and desert at 5,000,000 square miles.

Let us figure your bill. Guarantee to save you money.

The Crystal Gazing Period Has Passed

Only Fifty Years Ago the Electrical Industry Was Born

TODAY, we communicate electrically; we travel electrically; we have the benefits of electricity in our factory operations, we service our homes electrically, and we entertain ourselves electrically.

Seventy-five per cent of our people and sixty-five per cent of industry have, literally, at their fingertips a constant supply of electrical energy.

The living conditions of mankind have been vastly improved. In place of the poorly lighted, poorly ventilated factory of yesterday with its now recognized dangers to the workers; its hand-stoked, hand-fed engines and machines, and its crowded, unattractive surroundings, we are building, with the aid of electricity and advanced mechanical knowledge, pleasant and safe places where men and women may earn a living and be happy in doing so.

These benefits, undreamed of when many of us started out in life, are realities today.

*In view of these accomplishments, it can safely be said that the crystal gazing period of electricity has passed.*

## Thought For Today

Be not wise in your own conceits.—Romans 12:16

* * *

Conceited men often seem a harmless kind of man, who, by an over-weening self-respect relieve others from the duty of respecting ceits.—Romans 12:16.

## A Curious World

The youngster who fell down a narrow mine shaft in Oklahoma was saved after several dozen men and thousands of dollars worth of mechanical equipment had been pressed into service for him. The eagerness with which the people of that Oklahoma town mobilized themselves to get one little three-year-old out of a hole in the ground is an inspiring, heartening thing.

Unfortunately, though, that's only one side of the picture. We live in a cock-eyed world, and here's another little story to prove it.

While this rescue work was going on in Oklahoma, a third grade teacher in a public school in a large middlewestern city was asking her pupils to write short themes entitled, "What I had for breakfast this morning."

The themes, when she got them, were rather shocking. A lot of them consisted of pathetic little scrawls saying, "I didn't have any breakfast this morning"—"I had a cup of coffee"—"Mother went away this morning and didn't get me any breakfast"—"Nothing."

So the teacher, dipping into a slender fund raised by public contribution, bought each of these youngsters a half pint of milk.

She had had them write that theme, you see, so that she could find out, tactfully, just which children had come breakfastless to school.

The city in which this happened is large, and, as cities go, rich. It has magnificent public buildings, it supports an excellent symphony orchestra, a fine art museum and three well-equipped colleges. It has a string of suburbs which contain some of America's finest homes. It also contains several thousand children who get no breakfasts; and in order to get a little money to buy milk for them, it was necessary for the city's newspapers and its radio stations to conduct a long and spirited campaign.

Let one child get into danger and we are quick to come to the rescue. Let several thousand suffer from acute hunger, though, and we remain placid; or we give them each a half pint of milk and think we've done our whole duty.

## Auto Barometer

The automobile industry ought to be giving us a pretty definite clue, during the next few months, about the prospects for an early return of prosperity.

It is commonly assumed that the condition of the auto industry is a good barometer for industrial conditions generally. When a few autos are being bought, business everywhere is bad; when the auto trade is booming, we generally find other lines prospering too.

Now the auto makers are getting prices down to rock bottom. Ford, Chevrolet and Plymouth are among the companies that are offering startling bargains at new low prices. We shall know, very soon, if these new price levels are going to mean a general boom in the auto factories. If they do, national prosperity cannot be very far away.

## The Auto Tax

The 3 per cent tax on automobiles, voted by the House of Representatives the other day, probably will cause loud wails of anguish among the auto manufacturers, but it is at least an immeasurable improvement on the defeated general sales tax.

The original sales tax would have rested most heavily on those least able to pay. The auto tax can hardly be called a real luxury tax, since for a tremendous number of Americans the auto is a necessity and not a luxury; but it is not, after all, out of line with justice and common sense. The man who can afford, in these hard times, to spend $500 or more on a new car can not very gracefully complain if the government adds a few dollars to that price.

That Girl on Broadway says a man is always willing to listen to common sense when he, himself, is talking.

* * *

Some people think they are famous when they're only attracting attention.

* * *

THE question of school teachers' salaries has bobbed up again—just as The Plainsman knew it would—in a letter from an irate, disagreeing subscriber. Admitting, as always, that everyone has a right to his opinion, this column publishes the letter and then takes another pot-shot at the target.

The letter follows:

"I realize that this comment comes late but the more I think about your asinine remarks concerning school teachers' salaries the madder I get and just can't resist giving my own opinions, although I don't suppose you'll give them the same publicity you gave your own.

"You talk about upholding the salaries of the school teachers in a time like this. Man, if you don't know it you're the only one in town who doesn't realize that Lubbock has got to cut expenses, and has got to cut them in the schools as well as everywhere else.

"My mother taught school for a good deal less than is being paid here now. My wife also taught for less money than a lot of these teachers are getting or are worth. My idea is to bring these school teachers, and all other public employes, down to earth with the rest of the people and you can't do it by paying bank president's salaries to young girls.

"You can print this if you want to, but as I said before I'm not expecting to see it in print. I won't sign my name for I don't want to be persecuted for speaking my mind on a public question."

* * *

WELL, friend, The Plainsman will not only print your remarks but will surprise you by agreeing with you in one statement, at least: Lubbock does have to cut expenses in the schools—and everywhere else—but Lubbock does NOT have to cut teachers' salaries so low as to be unable to get the right kind of teachers.

Why take our economic problems out on the kids?

Why handicap our youngsters by putting the dollar sign on the teachers—by marking down on teaching ability?

The Plainsman, as stated before, has two children but both are way under school age; he has no close friends and no relations in the school system or expecting to be there. As far as this column is concerned, this problem is as impersonal as anything could be.

* * *

The people of Lubbock—The Plainsman included—have gone 'hog wild' on school buildings and equipment during the past few years. Times were good—we thought they'd always be good and we didn't care.

But now that times aren't so good, and we've already gone 'hog wild' on buildings and equipment, where can we improve conditions by saying "well, we'll just get cheaper teachers. In a nine months term we'll save $232.66 by filling our faculty up with inexperienced teachers at $70 or $75 a head".

Is that logical?

* * *

THE Plainsman submits that good teachers cannot be employed at errand-boy salaries. He also submits that the future of the children of Lubbock is too important to be experimented with. Why take a chance when there are other ways of economizing?

Take our senior high school building, for instance—and let it be noted that The Plainsman was one who voted for issuance of the bonds to build it. We have one of the most ornate buildings in the United States in that high school building—and the people voted for it. That building has the finest of decorations, the finest of equipment—it's the next thing to platinum, studded with diamonds.

But fill that building with half-baked teachers, just because you can get 'em cheap and what's going to happen?

The investment this city has in that building will be immediately nullified!

* * *

Lubbock made a mistake in spending so much money for that building—but we've spent it now and we'd just as well like it. It has everything in it but automatic bath towels and silk blackboards and we ought to get the utmost out of it by further continuing to equip that building—and every other building—with a good, strong teaching staff.

You can take the finest building in the world—if this one here isn't the finest—and it won't teach a kid a confounded thing. You've got to have teachers to teach 'em.

And if it came to a choice, The Plainsman would rather send a child of his to a little red schoolhouse, with the plumbing outside, that had good teachers, than to send that same child to Lubbock High school—the finest of the finest in building and equipment—if it were staffed by an incompetent bunch of pedagogues.

* * *

IF THE Plainsman were dictator of Lubbock he wouldn't have a teacher in the school system drawing less than $150 a month.

He doesn't mean by that that he'd pick up anybody who said she was a teacher and pay her that money. Not at all.

But he'd scour the country for teachers who are worth and who can and will earn $150 a month—which is not any great stipend when you stop and consider the long years of preparation and the hard work of the teaching year.

* * *

As noted the other day, The Plainsman may be wrong in opposing the ideas of some around here that the school should be filled with cheap teachers just because times are tight.

But if he's wrong, he's setting no record. He's been wrong before.

And until somebody does some tall convincing, this column will continue to string along with the school kids—will continue to hold that they are entitled to good, solid, well presented and prepared instruction—even if we have to pay a little more for it.

* * *

That Man on Avenue Q says the only thing that can cheat his wife out of the last word is an echo.

* * *

The boy next door told The Plainsman he had to put off his approaching marriage. His fiancee got a 10 percent salary cut.

## Yes, But Look Out for That Traffic Cop!

## "Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron

# Elements In Democratic Party Which Most Hate Tammany Hall May Have To Depend On Tiger To Boost Candidate

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, April 12.—Amusing or deplorable as the fact may be, it appears that the elements in the Democratic party which most hate Tammany Hall may have to depend on Tammany to put over their candidate at the Chicago convention.

Dutcher

It is possible that Governor Roosevelt of New York can win a nomination without the 94 votes of New York state, which will be in the pocket of John F. Curry, the boss of Tammany. And it is possible that those 94 delegates will never be in the Roosevelt column.

But at this moment the indication is that the 94 delegates, although they will go to Chicago uninstructed, will be found in the Roosevelt column on the first ballot. And, if they are found in the Roosevelt column on the first ballot, they probably will make all the difference in the world. At a time when every politician is wondering how many more or less than a majority Roosevelt can summon on the first two or three ballots, a solid, controlled block of 94 becomes of enormous importance!

* * *

**Curry May Decide It**

The Roosevelt forces may or may not need it for the big push, but I find it increasingly hard to see how the die-hard Roosevelt opponents can possibly stop the governor without it.

The delegation will definitely be dominated by Curry, in a combination with bosses adjacent to the Tammany territory and in certain counties upstate. Curry's domination means that he can make it vote unanimously under the unit rule, which he has promised to do.

The purest faucets of information say that Curry now figures on supporting Roosevelt. But, acting the part of a wise boss, he leaves himself free to act in accordance with possible developments by seeing to it that the delegates go uninstructed.

Among present indications that the Roosevelt forces are not worrying about Mr. Curry is the fact that they are making no effort to disturb his plans. Originally they asserted confidently that New York's 94 votes would be in the Roosevelt column, under formal advance instructions.

* * *

**Strength in West and South**

The most bizarre feature of the situation is that the vast bulk of the Roosevelt strength is in the west and south, sections which have abhorred and fought Tammany for many decades, and that the backbone of the Roosevelt opposition is among powerful bosses of the east, with whom Tammany would normally be expected to be found allied.

Wet, graft-ridden eastern Tammany apparently is to run in harness with the dry, Progressive westerners and the dry conservative southerners on the band wagon of the wet, comparatively progressive eastern Roosevelt—probably over the bodies of the wet, reactionary eastern politicians. That's about as close as one can come to expressing it.

* * *

**He's No Pal of Al's.**

Curry is no bosom friend of Al Smith and certainly is no party to any plan Al may have for being nominated this year. Nobody's fool Curry sees neither the wisdom nor the necessity of going for Smith when everyone knows Smith will not be nominated.

# Diet and Health

By LOGAN CLENDENING, M.D., Author of "THE HUMAN BODY"

EDITOR'S NOTE. Six pamphlets and six articles by Dr. Clendening can now be obtained by sending 10 cents in coin for each pamphlet and 2 cents in coin for each article, with a self-addressed, stamped envelope, to Dr. Logan Clendening, in care of this paper, or Central Press Association, 1450 East Twelfth street, Cleveland, O. The pamphlets are "Reducing and Gaining" "Feminine Hygiene" "Normal Diet," "List of Books on," "The Care of the Hair and Skin," "Infant Feeding" and "Instructions for the Treatment of Diabetes." The articles are "Normal Indigestion and Constipation for Mothers," "Bed Wetting" "Diet of the Expectant Mother," "Ear Troubles" and "Tuberculosis."

**DETECTION OF RICKETS**

We must keep on preaching the gospel of rickets. In spite of the completeness of our knowledge of how to prevent it, the disease still occurs with great frequency. To reduce its incidence can be accomplished only by educating all parents to the necessity of eternal vigilance.

Dr. Clendening

Rickets is a disease only of children. And that is another reason we must keep on working at it. The children are our most important assets. We hope the next generation will turn out better than ours. And their health is in our hands. They are not responsible. Let's see to it that they have strong, straight bodies and good bones. Very largely that means they must be free from rickets.

One of the dangers is that rickets is so insidious in its onset. There is no sudden change in the health of the baby. No sharp pain, to call attention to the disease, just a gradually increasing listlessness and disinclination to move around or play.

It is more especially than any other disease a spring condition. Every baby, every child, should be examined in the spring months to see whether there is any trace of rickets. It is lack of sunshine that bring it on and work at it during th winter, and in the spring the effects show up.

The earliest definite signs are restlessness, irritability and head sweating. The abdomen may become noticeably protuberant. Constipation is the rule. The infant may be seen to be no longer well nourished. There is a retardation in weight and also lack of increase in length. Muscular weakness is frequent. The muscles of the back may be so weak that the child cannot sit up.

The most positive signs are in the bones. The skull may become square in shape with prominent bosses. Along the chest at the point where the ribs join the cartilages, there is a row of little knobs or swellings of the ends of the bones. These can be readily seen in a cross light and have been given the name, "the rickety rosary." The wrists may become enlarged and tender. The bones of the legs may be so soft in the well developed cases that if the child stands up extreme bow-legs or knock-knees result.

The diagnosis can be confirmed by the X-ray—definite changes occuring in the ends of the long bones.

The cause of rickets is now definitely established as a lack of vitamin D in the body. Vitamin D is less widely distributed in our food than any of the vitamins. On an average diet we are pretty certain of getting enough A, B, C and E vitamins, but by no means are we assured of enough vitamin D. Vitamin D is stored in the body in the liver and if the body is exposed to enough sunlight there will be sufficient vitamin D formed in the body to prevent the changes of rickets.

Cod liver oil and viosterol contain vitamin D. It is safer not to trust to sunlight alone for the formation of vitamin D in the body, especially in dark-skinned or negro children, but to add cod liver oil or viosterol to the diet regularly.

Next: Grapefruit and Soda Treatment for Colds.

## Flapper Fanny

When a girl shows her boy friend to the door, there usually is a catch to it.

## IN NEW YORK with Gilbert Swan

**VANISHED HUSBANDS**

NEW YORK, April 12.—Three blocks there are in New York's "scorchy Seventies" identified by the wisenheimers as "the street of vanished husbands."

And a fair title for a book or film, if you asked me.

This identification is not an undue exaggeration. A majority of the well-groomed and well-provided for young women who occupy the dapper looking area have been "walked out on."

They have been successful either at alimony or separate maintenance. They are, for the most part, ex-wives of those fickle-fancied fellows who have used Flo Ziegfeld's Follies to foster their own. When lawyers finished making the "sugar" tests hubby learned that he had dropsy of the pocket book.

At any rate, there are several hundred who get and get and get what the former spouse pays and pays and pays. But just how they all happened to assemble in the same neighborhood nobody seems to know.

* * *

**ART IN THE ROUGH**

Broadway offers at the moment a nudist's holiday. There are, for instance, "those" portraits displayed by Prof. Minsky, the burleycue gent. Not a cloth in a carload! And Maurice Chevalier's newest picture is advertised by drawings that are—er—hum!

But it remained for an itinerant promoter to give a final test to Manhattan's yokelry. He collected several dozen venerable paintings of nudest pre-nudists and opened a "peep-show" at 15 cents per admission. One was the famous Cleopatra that once adorned the Knickerbocker and other midtown bars, but which had been gathering dust in a cellar.

The "trade" chuckled at his head. But upon April 1, some 15,000 persons had paid admissions.

And with all the free lobby shows in town!

* * *

**CLEARING THE SCENE**

Art and art galleries rarely provide items for the unesthetic and untechnical minded.

But the Independent Artists show always furnishes a few laughs and a chance to observe the freaks outside the circus ground.

This year, fearing no one would have the price of pictures, that show committee announced that artists would be willing to dicker in terms of gas bills, laundry, dentistry and grocery charge accounts.

On the first day a curious observer looked over the paintings and departed. When he came back he brought a vacuum cleaner and inquired if this would be accepted in trade.

"I'm in the vacuum cleaning business and there are a couple of things here I'd like to own just long enough to work on them a little," he explained.

Transatlantic steamship executives have cut fares. If they were run by railroad presidents, they would still be sitting around complaining about how badly they needed government aid.

Fashion note: Women's shoes are to be more pointed. Husbands who play bridge are considering a violent protest.

## THE PLAINSMAN GETS SOME MAIL

LUBBOCK MAN WRITES ON 'RECOGNIZING GOD'

Dear Plainsman: I herein submit, for your consideration through the columns of The Journal, the discussion of this subject: "Recognizing Jehovah God". I am submitting this after a prayerful and thoughtful consideration, which pertains to the subject that has been going the rounds, R. C. Campbell vs. Texas Tech.

When we, as human beings, recognize God in a prayerful and from a Biblical point of view, I say when we recognize the fact that God was, God is and God will ever be, all else falls into nonentity. I am afraid of any man, or set of men, who will not recognize the supremacy of God. Man alone is nothing, but with God, he is a mighty power and fortress. The flood becomes as nothing when we recognize the power of God; and without the power of God Moses could never have marshalled the Israelites as perfectly and as quickly as he did. The dividing of the Red Sea with man's power was an utter impossibility, but by the power of Jehovah God the water stood as walls on either side as the Israelites passed through dry shod.

There is a heaven to gain and there is a mighty yawning hell to shun, and it can only be done by recognizing the power of the one and only one Creator; and when we thus recognize this great power, the virgin birth of Jesus Christ is a blessed recollection to every individual. By this great power was given to us Jesus of Nazereth; also gave us his death on the cross, for we learn from the Book of all Books that it is only by the shedding of blood that man can have freedom from sin, and dying on the cross gave us this precious blood that all Christians love to preach about, think about, and sing about.

Anyone rejecting this power of all powers found in Jehovah God, whether he be professor, doctor, preacher, student of what-not, cannot claim the blessed hope of an eternal existence with God in the eternal heaven that was created by God for all of the redeemed of the earth. I am writing this in the hope of eliminating as much of the light, chaffy, ridiculous stuff that is being hurled in burlesque way at the great truths and principles of the Bible; for the Bible is man's only guide and way-bill (accompanied by the Holy Spirit) from earth to heaven.

So, I say in conclusion, let each of us magnify God and the church more, and self and selfishness less, for none of us can afford to live in a town or community where churches do not exist. So let us all pull together in their maintainance and I believe we will be happy in so doing.

W. R. Campbell, Lubbock.

"Ampersand" is the name of the character "&."

## DAILY ALMANAC

Cloudy

WEST TEXAS: Increasing cloudiness, warmer tonight; Wednesday partly cloudy.

EAST TEXAS: Fair, warmer tonight; Wednesday partly cloudy. Light to fresh easterly to southerly winds on the coast.

OKLAHOMA: Fair, warmer tonight; Wednesday increasing cloudiness.

The Circle Cannot Be Broken!

The flow of a bank's processes forms a continuous unbroken circle. The depositor's money and the bank's resources are loaned, repaid by the borrower and made available to the depositor. To keep the flow continuous and without interruption is the function of strong banking. Sound judgment is called into play. These banks have never broken faith with a depositor or a borrower.

## DAIRY SHOW

(Continued from Page One)

champion of the contest two years ago.

She gave 61.1 pounds of milk which tested 4 per cent.

### LUBBOCK DELEGATION OFF FOR DAIRY SHOW

A Lubbock delegation to a fifth annual Panhandle-Plains Dairy show at Plainview was to leave City hall here at 1 o'clock this afternoon in automobiles, led by C. E. Luce, Lubbock motorcycle policeman. W. O. Daniels is generalissimo of the motorcade. The Lubbock High school band, directed by H. A. Anderson, was to accompany the local delegation.

Lubbock's princess at coronation of a dairy show queen tonight will be Miss Lillian Eklund of the Union home demonstration club.

Pledging to go last night, besides the director, Mr. Daniels were: Jack Douglas, A. F. Holt, B. L. Williamson, Mrs. C. E. Luce, Sam T. Davis, a representative of Ratliff-Rogers company, W. E. Lavender, Mayor J. J. Clements, J. D. Hassell, Jack Parsons, Dr. I. E. Barr, Harry Morris, City Manager W. H. Rodgers, Homer D. Grant, H. G. Whitworth, Amos Howard, Douglas Parker, R. J. Keller, J. H. Brock, Dwight Hale, W. C. Pryor, C. A. Sheffield, O. A. Thomas, Joe Bowman, Guy McAfee, Jess Levens, P. G. Hobson, R. E. Stroup and O. J. Felty.

## LIONS CONFAB

(Continued from Page One)

Lubbock's bid for the 1933 state gathering.

Support of the entire district is pledged in this invitation.

Civic activities in West Texas are not suffering from lack of attention, according to reports given by representatives of the various clubs in the convention program this morning.

Following a band concert and a sing-song, the session was this morning opened by District Governor Braswell who continued hearing reports of the delegates.

**Activities Revealed**

A host of activities by the organization in the district was revealed in the reports, accomplishments ranging from attendance record achievements to sponsoring of crippled children's work. Promotion of good roads campaigns, beautifying parks, conducting employment campaigns, aiding town bands, staging rural and 4-H programs and many other phases of civic work were listed.

Reports were heard from the Higgins, Spearman, Brownfield, Lubbock, Hamlin, McCamey, El Paso, Dalhart, Pampa, Wink and Colorado clubs in the session, reports of other clubs having been given Monday.

Preceding the reports, the Brownfield girl's quartet with Mrs. W. H. Dallas as director gave a number of selections.

This afternoon's session was to be taken up by reports of the resolutions, nominations, credentials and district activities committees, selection of the district convention city for 1933 and nomination of district governor.

---

Steadily increasing gold production in South Africa during the last three years was climaxed with a record output in 1931 of 10,874,145 ounces.

## DAILY MARKETS

### Cotton Market

**NEW YORK REPORT**

NEW YORK, April 12 (AP)—Cotton opened steady today at a decline of 1 to 7 points. Prices yielded on realizing coupled with southern and local selling. May sold at 6.15.

There also was some selling through houses with Liverpool and far eastern connections and while the offerings were not heavy, other declines extended to 6.10 for May and 6.53 for October right after the call or about 6to 8 points net lower. This dip seemed to bring in a little more buying and the market at the end of the first half hour was quiet but fairly steady at rallies of 2 or 3 points from the lowest. The New York cotton exchange service estimated world's consumption of American lint cotton for February at 1,051,000 bales compared with 890,000 last year. Consumption of all growths in this country during March according to this authority amounted to 489,000 bales against 490,000 last year.

Liverpool cables reported covering, local and foreign buying with a moderate cloth demand for the home trade and South America.

Offerings continued comparatively light later in the morning and prices worked up several points from the lowest on covering prompted by the early steadiness of wheat and stocks. May advanced to 6.18 and October to 6.62 or about 52 to 3 points over yesterday's closing quotations, but prices eased again in the late forenoon and the midday market showed net declines of 4 ro 5 points. Texas advices reported offerings from the interior were light with most sellers now basing on July at about 5 points under the May basis.

**NEW ORLEANS REPORT**

NEW ORLEANS, April 12. (AP)—The cotton market today had rather a quiet opening although Liverpool cables were improved. First trades here showed no change to 2 points decline. Prices sold off after the opening although stocks opened better. The decline was due to further long liquidation and hedge selling.

May dropped to 6.10, July to 6.26, and October to 6.51, or 5 to 7 points below yesterday's close. July, the active month, showed the largest decline.

Toward the end of the first hour July rallied 3 points but the other months remained unchanged at the lows.

Gradual improvement followed during the first half of the morngni because of an advance in stocks which induced shorts covering. July traded up to 6.37 and October to 6.60, or 9 to 11 points over the early lows and 3 to 4 points above yesterday's close.

Later with a sharp reaction in stocks cotton eased off and before noon July dropped to 6.38 and October to 6.55, or 9 points below the highs on July and 5 points down on October.

Around noon the market was quiet with downward tendency.

**NEW ORLEANS OPEN**

NEW ORLEANS, April 12 (AP)—Cotton futures opened steady.

May 6.13; July 6.32; Oct. 6.55; Dec. 6.71-bid; Jan. 681-B; Mar. 6.96-B.

**NEW YORK OPEN**

NEW YORK, April 12. (AP)—Cotton futures opened steady.

May 6.13; July 6.30; Oct. 6.57; Dec. 6.71; Jan. 6.86; Mar. 6.95.

### Lubbock Markets

These prices are furnished by the following Lubbock firms: Poultry—Lubbock Poultry and Egg company, delivered Lubbock; Grain—S. E. Cone Grain and Seed company, following prices being asked by Lubbock grain dealers; Cotton—Blocker Cotton company. All prices subject to change during day.

Cane Seed ..... 1 car

### Grain Market

**CHICAGO REPORT**

CHICAGO, April 12 (AP)—With drought unabated, grain prices made a material new advance early today. One report from Dodge City, Kas., said that in a wide circle from Guyman, Okla., there was barely 40 per cent of a wheat stand, and that in a stretch of 50 miles scarcely a single field promised to be harvested. Opening 1-8 off to 3-4 up, wheat afterward rose all around. Corn started unchanged to 1-4 off and subsequently advanced.

### Livestock Market

**FORT WORTH REPORT**

FORT WORTH, April 12 (AP)—(U. S. D. A.)—Hogs: 1,300; truck hogs 10 lower; no rail hogs; truck top 3.75; bulk better 180-240 lb. truck hogs 3.65; packing sows 3.00, or steady to 25 lower.

Cattle 1,600; 500 calves; slaughter yearlings 25 higher; good outside demand slaughter steers and other cattle and calves about steady; carlot sales slaughter steers 4.10-5.25; good grades above 5.75; well finished yearlings 6.00; other good grades 5.00-75; butcher cows 2.50 and less; stocker trade practically nominal; good heavy fat calves 4.50-75; small lot good to choice vealers 6.50-7.00.

**KANSAS CITY REPORT**

KANSAS CITY, April 12 (AP)—(U. S. D. A.)—Hogs 5,000; weak to 10 lower; top 3.80 on choice 200-210 lbs.; good and choice 140-290 lbs. 3.40-80; 290-350 lbs. 3.25-50; packing sows 275-500 lbs. 2.75-3.15; stock pigs 70-130 lbs. 3.25-75.

Cattle 5,500; calves 800; killing classes steady to weak; stockers and feeders unchanged; top fed steers 6.90, some higher; steers 600-1500 lbs. 6.00-8.75; heifers 550-850 lbs. 5.00-6.50; cows 3.50-4.75; vealers (milk-fed) 3.00-6.00; stocker and feeder steers 4.50-6.25.

Sheep 14,000; opening sales sheep and fed lambs steady, best fed lambs above 7.00; lambs 90 lbs. down 6.00-7.00; ewes 150 lbs. down 2.75-4.00.

## Twins

Evelyn Joan and Doris Anne Ferrari are twins, but Evelyn always will be a day older. Because Evelyn was born at 11:50 p. m. at a San Francisco hospital, and her sister was born 24 minutes later, or 12:14 a. m., next day. They're shown here with Margaret Bronner, nurse.

## Gov. W. H. Murray Raps Speculators

PORTLAND, Ore., April 12. (AP)—Pleading for a chance to "lick the speculators," Governor William H. "Alfalfa Bill" Murray of Oklahoma was stumping Oregon today in behalf of his candidacy for the Democratic presidential nomination.

He blamed speculators for much of the country's economic ills in his second Oregon speech here last night.

"Andrew Jackson whipped the speculators once," he said, "and I would like to lick 'em again."

## American Is Tried On Opium Charges

SHANGHAI, April 12. (AP)—Trial of Paul Crawley, American, "the man who introduced ice cream to China," was begun here today on a charge of exporting opium to San Francisco aboard the U. S. naval transport Chaumont.

Crawley, who once controlled the ice cream business here, was arrested Jan. 9 following the seizure at San Francisco of 55 tins of opium valued at $3,000. He is well known throughout China for his spectacular promotion exploits.

## Farmer Exonerated In Ft. Worth Death

FORT WORTH, April 12. (AP)—Richard T. Hughes, 39, farmer, has been exonerated in the killing near Fort Worth yesterday of S. Price Ragsdale, 38. Ragsdale was shot with his own pistol while he, Hughes and another man scuffled in an automobile. He died from loss of blood before reaching a hospital.

Hughes told authorities the scuffle ensued after two men threatened to "take him for a ride," complaining that their whisky still had been "knocked over."

### Stock Market

**WALL STREET REPORT**

NEW YORK, April 12 (AP)—The stock market again refused to be deflected from its downward trend today, although selling showed signs of abating.

Coincident with vague rumors of constructive developments impending in Washington, the list rallied moderately in the morning but turned downward before midday with rails showing marked heaviness.

Santa Fe again was a soft spot, slumping about 4 points, while losses of about 2 to 3 appeared in Union Pacific, New York Central, Southern Pacific and Atlantic Coast Line. Santa Fe had started the day with a temporary advance of 2. Standard of N. J. lost about 2 points, coincident with rumors that the annual report would show 1931 earnings of less than $1.40 a share. Early advances of a point or two in U. S. Steel, General Motors, American Telephone and American Can were lost.

**REAL SKY PILOT**

Sydney, N. S. W.—Australia's first flying missionary is Rev. Langford-Smith, whose territory covers hundreds of miles in Arnheim Land. The nearest town to his parish seat is 250 miles, and he intends using the plane he has been given to make emergency trips to this town's hospital with injured parishioners.

The newly constructed League of Nations radio station, located a few miles from Geneva, Switzerland, is powerful enough to flash 250 words a minute anywhere in the world.

## One Dead, Three Hurt In Explosion

BEAUMONT, April 12. (AP)—One man was dead and three were recovering from severe burns after a gas explosion yesterday that did about $250,000 damage to the gas plant of the Magnolia company refinery. Arthur Edward Greve, 44, operator of the gas plant, died last night.

The injured were R. A. Kinnear, plant foreman, H. T. Mulder, pipe fitter, and Lester Cruse.

## Tells About Youth Reported Missing

WILMINGTON, Del., April 12. (AP)—Charles Chickering, 18-year-old son of an employe of E. I. DuPont De Nemours company, who was reported missing, spent last night at the home of Mrs. William Boddy, at Rehoboth Beach, Del., she told authorities today.

Mrs. Boddy said the boy had arrived at her home at six p. m. and went to bed after having dinner. She said he left this morning without saying where he was going.

## Lubbock Nurses At San Antonio Meet

Mrs. Ruby Gilbert, superintendent of nurses, and Misses Nell Kaufman, Edna Engle, and Jewell Barton, graduate nurses, of West Texas hospital, are attending a national biennial convention which opened today at San Antonio. The convention, a five-day affair, is a joint assembly of the American Nurses association, the National League of Nursing Education, and the National Organization for Public Health Nursing.

Lubbock sanitarium also is represented at the sessions.

## Stolen Car Found Abandoned Monday

A 1930 Buick coupe, owned by a member of a local construction firm and reported stolen from the downtown district last night, later was found at Hale Center, according to Lubbock police. The abandoned coupe was found near a filling station, at which a break-in had been attempted, officers here were told.

Lubbock police were informed this morning of thefts of a dark blue 1930 Oldsmobile coupe and a brown-red 1929 four-door Ford sedan at Sweetwater.

---

France's harvest of roses for the essential oil industry is estimated at 1,760 short tons for 1931.

## Delegates To Co-Op Meeting Are Chosen

Lubbock county delegates to a district No. 18 Texas Cotton Cooperative association meeting here Saturday were chosen heer last Saturday. A district director will be chosen at Saturday's meeting of delegates from Lubbock, Crosby, Cochran, and Hockley counties, the four comprising the district.

Earl Davis of Acuff is the present district director. Sixteen Lubbock county delegates were named. They are:

W. C. Grimes, H. J. Bower, George C. Cooper, J. C. Newton, J. E. Carter, A. P Timms, Neely Fine, J A. Burroughs, T. M. Nelson, Bob Pace, Henry Mahoney, W. W. Ferguson, E. L. Sowder, M. J. Barton, W. M. Ross, and Ches Merrell.

**DR. HOLDEN TALKS**

"The Agrarian Problem" was discussed last night by Dr. W. C. Holden, Texas Technological college history professor whose lecture was the first of a series sponsored by the college Y. M. C. A. on "The Modern World and Man's Adjustment to It." Glynn Coker was chairman at last night's assembly, in room 302 of the administration building.

ADDRESS .....

NAME .....

In consideration of the special rate granted herein for watering and beautifying my home lawn and garden (other domestic use included), and not for commercial purposes, the undersigned agrees to pay to the City of Lubbock Water Works the minimum service charge as set forth below for each monthly bill issued to me for water used during the period from April 1, 1932 to September 30, 1932 inclusive, which minimum entitles me to the use of 700 gallons without extra charge, and I agree to pay for all additional water used at the rate set forth as follows:

First 1000 gallons ..... $2.50 Minimum

All over ..... 15c Per M.

All charges to be subject to the regular 10 per cent discount for payment within 10 days from date of bill.

This contract does not cancel the contract I may now have with the City of Lubbock Water Works for service, but supplements same, and is subject to all ordinances and regulations of the City not in conflict herewith.

Signed .....

# McADOO TALKS FOR GARNER

## FORMER SECRETARY OF TREASURY BOOSTS HOUSE SPEAKER

LOS ANGELES, April 12—(AP)—William G. McAdoo, in a radio speech last night, told why he is for John N. Garner, speaker of the house, for president.

Among his reasons, the former treasury secretary said, are that Garner has "brains, courage, integrity," dependability and freedom from all those sordid and selfish influences which have dominated the government for the past 12 years and have brought appalling disaster to the American people."

**Opposes New Yorkers**

Opening a California campaign for a Garner-instructed state delegation to the Democratic national convention, Mr. McAdoo was frankly pessimistic about the party's chances for victory should Alfred E. Smith or Franklin D. Roosevelt of New York be nominated.

He expressed belief Garner can be nominated if California instructs for him at the May 3 primary.

"We must appeal to the country," Mr. McAdoo said, "with a candidate divorced from Tammany Hall, from New York's feuds and animosities and from the conflicting ambitions of its favorite sons—a candidate removed, also, from Wall Street, big business, big finance and Republican policies."

He recalled that New York has gone Democratic for president only once in the last 36 years. He described New York's 45 electoral votes as a "great delusion" by which the Democratic party has been "unduly influenced" for years.

Regarding the qualities which he attributed to the house speaker, McAdoo said:

**Worked With Him**

"I know Garner has brains because I worked intimately with him in Washington during the six years I served as secretary of the treasury.

"Throughout his long career in the house he has fought indomitable for every measure designed to benefit the masses of the people. He has consistently battled against every measure which would strengthen the forces of privilege and monopoly.

"John Garner was brought up on a farm in Texas. He has lived in a wholesome environment. He has been schooled in adversity. By training, education and experience he has the point of view of the great body of the people, as well as first-hand knowledge of their problems and necessities.

"The country is in a critical condition.

"Eight million men are unemployed. Impious crime stalks the land with immune feet. Graft eats our great cities and the gaunt shadow of want falls upon every community.

"We must put the mace of power into the hands of a man like Garner, who has the Jacksonian courage to drive the crooks and money changers from the temple of government."

# FRIENDSHIP BETWEEN WILL ROGERS AND FRED STONE IS OUTSTANDING ONE OF STAGE; STONE SHOW HERE FRIDAY

The coming of Fred Stone in his new musical comedy, "Smiling Faces" to Lubbock for a performance Friday night, April 15, in the Lubbock high school auditorium, calls to mind one of the most interesting and closest friendships that theater can boast of—that of Will Rogers and Fred Stone.

It is something that has lasted for more than a quarter of a century and its depth and sincerity was manifested when Stone met with his airplane accident a few years ago just as he was about to open a new show. Rogers jumped into the part and carried on for his pal.

**Started Many Years Ago**

This friendship started many years ago when they both met in Oklahoma before either was famous. Fred was "just a hoofer", as they say in show business, and Rogers was—well, he hadn't turned his philosophy loose on Broadway then.

The story goes that Rogers taught Fred Stone to rope and in return Stone taught Will to dance.

**Large Crowd Expected**

So when Stone brings his company of 75 players here Friday eve. almost as large a crowd is expected to witness the Broadway star's show as heard Will Rogers in his concert here about four years ago.

Tickets for the show are on sale at Bowen's Drug store, corner Broadway and Avenue J or may be obtained by mail by enclosing remittance to Parker Prouty, care of Avalanche-Journal. Prices are from $1 to $3.

## Tech Student Named Head Of Press Club

Parker Taulman, a liberal arts sophomore and a member of the staff of The Toreador, student newspaper, at Texas Technological college, was elected president of the Southwestern Student Press club, a section of the Southwestern Journalism congress, last Saturday at Belton. Taulman's home is at Fort Worth.

Cecil Horne, journalism instructor and publicity director at Technological college, was chosen president of the congress. The 1933 convention was awarded to Lubbock.

Editors who examined copies of The Toreador at the journalism congress were pleased with its general typography and contents, and commended the Toreador staff particularly on the newspaper-like appearance of its front page, Marshall Formby, editor, said.

BLUE STAR KILLS THE ITCH GERMS

To get rid of itch, tetter, rash, ringworm, foot itch, eczema or other skin troubles, cover the affected parts with Blue Star Ointment. It melts at body heat, turning to liquid that goes into the skin pores carrying tested medicines that kill the most stubborn types of itch. It then soothes and heals raw inflamed skin. Clean and pleasant in odor. Money back if it fails. Sold by all drug stores.—(Adv.)

## REAL VETERAN

* * *

Lubbock Child Has Traveled 70,000 Miles

Ripley's Believe It Or Not recently presented a 11-year-old girl who had traveled more than 100,000 miles without having been aboard a train.

Six-year-old Margaret Norling of Lubbock will have traveled that far in another two years, her father, O. S. Norling, United States immigrations inspector, believes. There is hardly a town between Yuma, Ariz., and the east line of the Texas Panhandle and between Colorado and the border that Margaret does not know.

Margaret, already has traveled more than 70,000 miles without traveling in a train, a bus or on a ship. She has taken one airplane flight, but the rest of her traveling has been by automobile.

Margaret, who has dark, bright eyes and dark hair, takes a great interest in motor trips with "my daddy." She and her mother have made frequent and long trips since the daughter was an infant.

## Educational Film Is Presented Here

"The Romance of Rubber," an educational film, was exhibited last night at the Lubbock hotel under auspices of the Drexel Tire company, local representative of the United States Rubber company.

C. W. Jones, district salesman of Oklahoma City had charge of showing of the picture, which traced the making of a tire from the time rubber trees were set on a plantation until the tire was a finished product. Views of native life, and of the effect of western industry on living conditions for the worker in the far east, also were shown.

Persons attending were J. T. Howell and C. R. Cagle, C. F. Drexel and family, all of Lubbock; W. A. McKenzie and son, Frank Tannehill, Alvin Harden, and Boyd Prather, all of Abernathy, and Jones.

## Duing Of Cancer, Woman Kills Mate

HOUSTON, April 12—(AP)—Mrs. Orville E. Pease, 46, slowly dying of cancer, shot her husband to death in their home.

"I know I'm going to die and I wanted us both to go together," officers quoted her as saying. "I couldn't bear to go without him." Neighbors said that a few hours earlier Pease had told them he was afraid his wife could not live much longer.

Mrs. Pease was charged with murder. Her husband, also 46, was a crane operator for a tool company.

A 93-year-old Negro woman is a pupil in a public school night class in Topeka, Kas.

# LUBBOCK DOCTORS ARE ON PROGRAM

Lubbock doctors will be among members of the Panhandle District Medical society who will be guests of the Potter County Medical society at a dinner-dance tonight at the Herring hotel at Amarillo as a part of a semi-annual convention of the Panhandle society. Four Lubbock surgeons and physicians are on the two-day program which began this morning.

Dr. F. B. Malone and Dr. Jerome H. Smith were scheduled to speak at the opening session, a scientific program dealing with medicine. Dr. Allen T. Stewart and Dr. J. T. Kreuger are to speak at Wednesday morning's assembly, when discussion will be on gynecology and obstetrics. Doctor Kreuger also is listed as a speaker for the closing session Wednesday afternoon.

Outstanding speakers on the program include Dr. W. A. Adson of the Mayo clinic at Rochester, Minn., and doctors from Dallas, Fort Worth, Wichita Falls, and Denver.

The Panhandle society's fall convention was here last year.

## County Transacts Routine Business

County Commissioners court Monday afternoon transacted routine business, approving reports, authorizing a purchase, and paying bills.

Claude A. Burrus presided in the absence of Judge E. L. Pitts. Lions club president, who was aiding in the district Lions convention.

Paul Crouch, an employe in the tax collector's office, was authorized to make a report from the office completing the affairs of Collector A. J. Clark, who died last Tuesday. Bid of R. B. George for $293.15 was accepted on a small highway grader. Reports of Sheriff Wade Hardy, Justices W. S. Clark and H. K. Porter and District Clerk Charles B. Metcalfe were accepted.

The court voted to pay Henry Mahoney $200 for right-of-way and damages on a road, which passes through two miles of the Mahoney land, south of the Myrick farm, in precinct four. Attending were Commissioners Burrus, J. T. Pinkston, L. C. (Claude) Denton and W. I.

**ENTERTAIN JURY**

Seattle, Wash.—A jury sitting in at the manslaughter trial of R. M. Mooney may the judge has decreed, attend any movies in town during the evenings which depict neither manslaughter nor auto accidents. They may not, however, attend football games. "That's nothing but manslaughter," the judge said.

# FLASHES OF LIFE FROM EVERYWHERE

* * * * * * * * * *

INTERESTING BITS OF NEWS GROUND FROM THE GRIST OF THE DAY'S HAPPENINGS

(By The Associated Press)

## Joke On Betty

CANNES, France — Betty Compton, American actress, told police jewels worth $10,000 were stolen from her. Police went to her hotel and found them in a dresser. Good joke on Betty.

## Real Charity

LINCOLN, Neb.—The 36 men were homeless. While they slept at the city mission their clothing, in a fumigator, caught fire, and they awoke to find only their shoes. A hurried appeal for clothing was made. Meanwhile the mission gave them blankets, a la Indian.

## "No" Is Useful

LOS ANGELES — The most useful word in the English language, if a poll of mental workers taken by the Los Angeles Examiner means anything, is "no." However, U. S. Attorney Samuel McNabb voted for "yes."

## Cheaper Babies

CHICAGO—"Prices of most everything else have been reduced, so why not reduce the price of babies?" inquired the business manager of the Lying-in hospital of the University of Chicago, announcing a new rate of $55 which includes ten days' hospitalization.

## Got Hat, Anyway

YONKERS, N. Y.—Sitting on the back of a truck moving his family's household goods, John Garcia felt his hat being blown off. He left the truck to retrieve the chapeau. Meanwhile the truck moved on, leaving John to his hat. Now the the police are trying to find out where John's folks went.

## Stages Comeback

LONDON—The humble night shirt is staging a comeback and is all the rage among London blades. It's a throwback to the old-fashioned night shirt, only it's brilliantly colored and has a belt around the waist.

## Only Real War

PHILADELPHIA — Take it from Lieut.-Comander Cornelius Dugan, 92 and veteran of four wars, the civil war is "the only real war we've had." He says the others were "mainly on paper."

## Too Much Speed

CALCUTTA—Speed is something the world has too much of, says Rabindranath Tagore, poet and philosopher Tagore, who reached 70 recently, said the world's ceaseless passion for speed is slowly undermining civilization.

## Really A Story

LITCHFIELD, Ill. — When Fred Sammons says "now, let me tell you about my operation," his friends shouldn't yawn. It's really a story. They took him to a hospital to cut out his appendix, and found that he had two of them. Both were removed.

## Two-Wheeled Cop

PAYETTE, Ida.—J. C. Stewart may not be a two-gun sheriff but he's a two-wheeled one. Economizing county commissioners refused to finance operation of his automobile, so now he's riding old Oregon trail territory on a bicycle.

A $400,000 law school building is to be completed next October on the campus of University of Washington.

PRESSURE-COOKING MAKES NEW SHREDDED BISCUIT TASTIER

Kellogg's WHOLE WHEAT Biscuit Great Improvement

One of the first things to be noticed about the new, improved Kellogg's WHOLE WHEAT Biscuit is the unusually delightful flavor and crispness. The Kellogg Company uses a special process of "pressure-cooking." This *bakes* in the rich flavor. Every shred is thoroughly cooked and therefore easier to digest.

The biscuits are then toasted a light golden brown on both top and bottom—not just one side. This makes them much crisper and crunchier.

Economy has not been overlooked either. Instead of the usual dozen, you get 15 biscuits to the package. Incidentally, the biscuits are a new, convenient size—two just fit the cereal bowl.

There is also news in the fact that the Kellogg biscuit is so rich in food value that the Medical Arts Laboratory of Philadelphia certifies every package. Mothers are welcoming this improved and healthful cereal. They find it equally delightful for breakfast, lunch, or children's suppers—serving it with hot or cold milk or cream, and sometimes adding fruits or honey.

Local grocers have this new shredded biscuit. It may be identified by the familiar red-and-green package. Made by Kellogg in Battle Creek.

# SELL DIVISION OF BUS LINES

Sale of the Roswell to Brownfield division of the Pioneer Motor lines to C. O. Fox and L. F. McComb, formerly of Jayton, was announced by Garnet C. Abbott, president.

The sale has been completed and approval given by the railroad commission of Texas, which has supervision over bus and truck lines as well as steam railroads, Abbott said.

Fox has moved to Brownfield and will reside there and McComb to Roswell. The sale also includes the handling of U. S. mail on a star route between Brownfield and Roswell, both ways, and also mail from Brownfield to Lubbock at night to connect with the south bound Santa Fe.

No change in schedule is contemplated, McComb, who was in Lubbock, said. Connections are to be made at Brownfield with the Pioneer line. Buses will leave Brownfield at 10:30 a. m. and 6:30 p. m., arriving at Roswell at 2 and 9:45 p. m. respectively. Eastbound the buses leave Roswell at 6:30 a. m. and 3 p. m., arriving at Brownfield at 11:45 a. m. and 8:15 p. m. Direct connections will be made there with buses to and from Lubbock.

**STUDENT ACCEPTED**

Forced with other medical students to move after third and fourth-year instruction was ordered discontinued in the University of Missouri medical school, James R. Watson, jr., of Lubbock has been accepted by the Tennessee university school of medicine as a transfer-student to continue study of clinical subjects.

## Channing Physician Is Held On Charges

DALHART, April 12—(AP)—Dr. Dallas C. Johnson, Channing physician, waived preliminary hearing here Monday and made $1,000 bond to await action of the Dallam county grand jury on charges of criminal assault upon a 19-year-old Hartley girl. Her father, who found her here, where she had been for several days apparently as the result of a lapse of memory, signed the complaint. The grand jury will met here May 2.

In 1696 the town of Eastham, Mass. passed an ordinance requiring every unmarried man in the township to kill six blackbirds or three crows.

Renew Your Health by Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs—once or twice a week for several weeks—and see how Nature rewards you with health.

Calotabs purify the blood by activating the liver, kidneys, stomach and bowels. Trial package, 10 cts. Family package, 35cts. All dealers.—Adv.
