A Dull Senate Race—
22,000 Scratched—
Campbell Defeated—
He Served 20 Years—

COMPLETE RETURNS BY counties from the primary election held July 22 are interesting to an analytical mind Totals of votes cast in the different races tell their own story. There were cast for United States senator 596,624 votes and for governor 618,928 votes.

This is a hint that 22,000 men and women democrats scratched all the candidates for senator and let it go at that. For lieutenant governor there were 563,730 votes cast or 41,000 less than for governor. There must be thousands of democrats who participated in the primary who did not care who was nominated for lieutenant governor and scratched all the candidates. For the court of criminal appeals there were 543,895 votes cast.

Hon. W. C. Morrow, the sitting judge received 310,071 and A. J. Harper, democrat with the endorsement of the invisible empire received 253,825 or a majority of 77,000 for Morrow who has been nominated for the same post.

LON SMITH RAN A WONDERful race for comptroller, receiving 314,174 to 231,574 for William M. Woodall. According to the returns Harry Hartzberg and J. H. Cunningham will go into the run-off for congress in the Fourteenth district; Leonard Tillotson and Dr. L. C. Clark for the state senate in the Eighteenth district; Ashur Smith and Archie Parr for the senate in the Twenty-third district; T. H. Ridgeway and E. A. Black in the Twenty-fourth district.

There will be twenty run-off races for representative in the legislature. In the Third district court of civil appeals, Baker and Blair will go into the run-off as will Taylor and Jones in the Fifth district.

E. A. Black, who is in the run-off in the Twenty-fourth district, is a single-taxer and has served two or three terms in the lower house.

JOHN DAVIS WHO DEFEATED Dwight Lewelling in the Sixth district, is a single-taxer, and has served two or three terms in the lower house. He is known under the big dome as Big John Davis to distinguish him from Little John Davis who had six terms to his credit, was ambitious to serve a seventh and was defeated by a woman.

Little John Davis is the publisher of the Texas Mesquiter, his home is at Mesquite and the invisible empire is said to have put him away. He has been in newspaper harness for many years. Big John Davis was a candidate the United States senate six years ago. Now he is going to the upper house and later along he may bob up for something higher.

CYCLONE DAVIS GAVE EUgene Black a close shave in the First district. Black's majority is only 406. Westbrook ran Sam Rayburn a close race in the Fourth district. Rayburn's majority is 1284. Cyclone Davis had the backing of farm labor and the invisible empire. Ed Westbrook had the backing of farm labor.

Tom Connally in the Eleventh district had a dirt farmer against him. Connally's majority over W. D. Lewis is 20,658. Former Congressman Carlos Bee made a poor showing in the Fourteenth district. He received 7,006 votes.

John H. Cunningham received 13,004 votes, runing ahead of Harry Hertzberg. Cunningham is a new comer in politics and is in the runoff. The Fourteenth district has a republican congressman, Harry Wurzbach. He is slated for re-nomination and the democrats are going to make a mighty effort to defeat him.

PAT M. NEFF RECEIVED 332,961 votes. His three opponents received 286,000 votes, giving the governor a very decisive majority over all. Mayfield, for senator, led Ferguson 32,602 votes and Ferguson led Culberson 27,309 votes. This is the vote for United States senator: Earle B. Mayfield 163,910, James E. Ferguson 131,308, Charles A. Culberson 103,999, Cullen F. Thomas 89,682, Clarence Ousley 63,295, Robert Lee Henry 44,439. Culberson, Thomas, Ousley and Henry are out of it. Their followers will name the senator August 26. Politics is a fascinating game but not for those who pay the freight and make speaking campaigns in the mouth of August under a blazing Texas sun.

CONGRESSMAN PHILIP PITT Campbell of Kansas, after serving 20 years, went down in defeat. He was of the old guard. He was chairman of the rules committee. He was a national figure or player on the big stage. He says 15,000 coal miners and railroad workers voted against him. This is a free country. They had an American right to vote against him.

They voted against the republican gubernatorial candidate who championed the industrial court law. There are many farmers in Campbell's district and those who are renters are said to have voted against him. They decided he had been their representative 20 years and it was time for him to come home. There will be many new faces in the sixty-ninth congress. Uncle Joe Cannon is going to stay at home; Joseph G. Fordney is going to stay at home; Philip Pitt Campbell is going to stay at home; Harry S. New is going to stay at home; Porter J. McCumber is going to say at home; Joseph W.

KU KLUX FLAYED BY REPUBLICANS IN CONVENTION

Harding Praised and Tariff Bill Favored

By Associated Press.

FORT WORTH, Aug. 8.—Praise of the Harding administration, advocacy of a protective tariff and attacks on the ku klux klan, characterized addresses before the opening session of the biennial convention of Texas republicans here today. Every such reference was greeted with loud and at times prolonged cheering from the 250 delegates present.

Although the demonstrations were considered an indictaion as to the sentiment of the convention, action on the questions involved was deferred until tomorrow when the committee on platform and resolutions will present its reports. Action on this rejort as well as on the report of the committee on nominations is expected to be concluded in time for the convention to adjourn tomorrow afternoon.

Committees At Work

The two committees met tonight to prepare their reports.

Addresses, most of which were informal and appointment of committees consumed practically all of today's session.

A plea for tolerance in carrying out the progrem of the party in Texas formed the keynote of the opening address of State Chairman R. B. Creager of Brownsville. Mr. Creager's address was the outstanding feature of the session.

He declared that the republican party is faced with an unparalleled opportunity to serve Texas and further its own ideals as a result of "the unusual conditions in the democratic party brought about by the ku klux klan." There are many high-minded democrats he said who do not care to support James E. Ferguson or Earle B. Mayfield, democratic senatorial candidates. These democrats, he added, are in an auspicious mood to be approached with the view of having them line up with the republican party.

Klan Denounced

Mr. Creager mildly denounced the ku klux klan, saying it is "a dangerous organization" but averring that "some of our best citizens have been deluded into joining it." He added that it was his belief that the best members are withdrawing from the klan.

Amid prolonged applause the speaker declared that "Harding is making a great president and many wonderful improvements in government have been accomplished since he assumed office. No president ever took office under such difficult and trying c ircumstances and none more ably performed the burdensome tasks assigned to him. President Harding's administration must meet the approval of thinking men of the republican and democratic parties alike."

Orville Bullington of Wichita Falls was included in the personnel of the nominating committee as announced by Chairman Eugene Nolte.

"Unknown Knight" Cleans Up Tourney

By Associated Press.

NEW ORLEANS, La., Aug. 8.—H. B. Chase, Jr., of New Orleans, entered as "the unknown Knight of the Crawfish tourney" was late today "crowned" champion crawfish eater of the world, after winning over nine other contestants by eating five bucketfuls of this species of seafood, which in their shells weighed approximately 60 pounds.

George (Hop) Luthy, "champion of Vieux-Carre" earlier in the day won the title as speed champion by eating 100 crawfish in two minutes and thirty-six seconds. Champion Luthy will be called upon to defend his title at an early date, however, having received a challenge from Percy Viosca, "champion of the Cabildo," his runner-up, who insisted the new champion did not lick his shells clean.

Texan Beaten In Connecticut

By Associated Press.

NEW HAVEN, Conn., Aug. 8.—Goldie McGloster of Houston, Texas, on the way to Boston was beaten into unconsciousness by three men who attacked him on the street late this afternoon. Thomas J. Fenton, a railroad machinist and Wm. F. Maroney, a machinist's helper, were arrested and charged with taking part in the assault.

McGloster said he thought the men mistook him for somebody else.

Shopmen Clear $1400 on Carnival

The striking railmen of Wichita Falls cleared $1400 from their street carnival held last Thursday, Friday and Saturday, according to an announcement last night.

Six hundred dollars was netted from the dance at Lake Wichita.

The strikers met no opposition to the carnival from the scores of business men who cooperated with them in one way or another, according to an announcement, but on the other hand the affair was supported practically 100 per cent, it is said.

They'll Learn Soon It's Not Such a Good Hotel

HOUSE MAY GET STRIKE TANGLES

Congress Asked to Stay on Job

By Associated Press

WASHINGTON, Aug. 8.—President Harding has asked congressional leaders, in view of the menacing industrial situation arising from coal and railroad strikes, to hold the house, now in recess, coontinuously in session, along with the senate, after the house reconvenes next Tuesday.

The prospect was that, failing early settlement of the labor controversies, the administration might call for legislative action to enable the government to cope with the situation.

Meanwhile the leaders of all rail union organizations began to gather in Washington for conference to determine the response to President Harding's latest offer of a settlement basis for the seven railroad unions now on strike and to determine what action the labor forces shall take in case the president's offer is rejected.

B. M. Jewell, chairman of the group of officers of the striking unions, declared that he had received hundreds of telegrams today from locals of the shop crafts "telling us to reject the president's offer and not a single one asking its acceptance."

Whole Thing to House

Cabinet members considered it likely that the whole situation might be put up to congress in a special presidential message, should prevailing difficulties continue to multiply.

Mr. Jewell and W. H. Johnston, president of the machinists associations in public statements today, indicated that all the railroad union heads, called to meet Friday would pass upon the answer the striking unions will make to the president's final proposal.

They also charged that strike breakers were being "hired in Europe," particularly England, by some of the roads, naming the Chesapeake and Ohio as one such road.

I. & G. N. Refused Charter by Keeling

By Associated Press.

AUSTIN, Aug. 8.—The attorney general's department today refused the application for a charter for the reorganized International and Great Northern railway company. It was refused because the charter presented provides for moving the general offices of the road from Palestine to Houston.

Coal Peace Bubble Goes Blooie Once More at Cleveland

By Associated Press.

CLEVELAND, Ohio., Aug. 8.—Expectations of a settlement of the soft coal strike on a national scale vanished tonight among the union officials and operators here for a joint conference on peace plans with the receipt of reports of the failure of Indiana and Illinois Operators associations to agree to join the conference. The hope, however, was held out that settlement affecting ,scattering mines in Illinois, Indiana, Ohio and Pennsylvania and possibly [illegible] Virginia may result from the [illegible] which reconvenes here tomo[illegible]rnoon.

The conference stood in recess today waiting word from the Indiana and Illinois operators, whether they would join the conference.

8-Year-Old Is Drowned in Bay

By Associated Press.

CORPUS CHRISTI, Texas, Aug. 8.—Jack Rogers, 8-year-old son of Arthur Rogers, was drowned here late this afternoon while in bathing. The boy was in the bay with several other boys of about his own age and got into water over his head. Rogers recently moved from Dallas to Corpus Christi. This was the first person to be drowned while in bathing in Corpus Christi in several years.

SUGAR TARIFF IS INCREASED

Chemicals Placed on Free List

By Associated Press.

WASHINGTON, Aug. 8.—The senate approved today an increase of three-tenths of a cent a pound in the tariff on sugar, rejected a plan for a government bounty of $9,500,000, for domestic potash producers and rescinded its former action in voting an import duty of 2 cents a pound on white arsenic. Potash and white arsenic were placed on the free list.

The sugar rate of 2.3 cents a pound was a compromise between the 2.5 cents duty urged by Louisiana cane and western beet sugar producers and the 2 cents proposed by the house and approved by the finance committee majority. It is three-tenths of a cent above the tariff in the existing emergency act and 1.05 cents above that in the Underwood act.

The compromise was offered by Senator Smoot of Utah, ranking republican on the finance committee, and was accepted by the same vote that the senate rejected the 2.5 cents duty, 37 to 35.

Katy Cleans Up

TOPEKA, Kan., Aug. 8. — The Kansas public utilities commission today took under advisement the application of the new Missouri, Kansas & Texas Railroad company, a Missouri corporation, to take over the Kansas properties of the old Missouri, Kansas & Texas Railway company, a Kansas corporation.

$44 Contributed to Vacation For Ma Burdick Heroine of War

For a vacation for "Ma" Burdick. Forty-four dollars, have already come into the Record News office for that purpose. Nine people have sent in subscriptions to the fund, not as charity, but as a gift, in appreciation of the heroic service of a brave woman who gave unstintingly, not only of her time, but of her strength and health as well, that America might have better, truer soldiers, and that those soldiers might have a touch of home amidst the muck and mire of the trenches.

They have given generously, not in a spirit of duty, but in a glad spirit of appreciation for the boys whose lives she made brighter and sweeter, while they were over there.

"Ma" Burdick is sick now. And the Record News fund is for the purpose of sending her away to another climate for a while, to get well. In addition to the $100 raised by the Kiwanis club, it is understood a similar amount has already been raised by "Ma's" buddies, the American Legion.

Donations received yesterday for the Record News "Ma" Burdick fund are as follows

J. H. Barwise	$10
J. L. Mears	5
Sterling & Sterling	5
A. Marks	5
John W. Parker	1
Dr. W. L. Rhodes	2
J. W. Haggerty	2
Mrs. Tom W. Roberts	10
George Newland	1
Total	$41

BRANDON, M'RAE AND THOMPSON SEEM VICTORS

Triumph Is Claimed For Harding in Results

By Associated Press.

CHICAGO, Aug. 8.—With Carmi A. Thompson leading by a wide margin at midnight for the republican gubernatorial nomination in Ohio, political observers hailed his apparent success as a victory for President Harding's policies and for strict enforcement of the prohibition laws.

The tide of political unrest seen in recent elections in Indiana, Pennsylvania, Iowa and North Dakota, seemed to have been checked in the president's home commonwealth, Thompson scoring in the early returns a more than two to one vote over his nearest competitor, C. Homer Durand, the beer and light wine candidate, while Congressman C. L. Knight, the strongest of the two progressive candidates was third.

Other Primaries

In other commonwealths where statewide primaries were held, the returns were so slow in coming in that the victors seemed in doubt up to a late hour. First returns from Arkansas showed Governor T. C. McRae, who sought endorsement of his administration and strict law enforcement including Sunday blue laws, leading E. P. Toney, who had attacked the governor's position, particularly in connection with pardon and parole policies for the democratic gubernatorial nomination. The ku klux klan issue also was brought permanently to the front during the closing days of the campaign.

In Alabama, where Henry Ford's Muscle Shoals offer figured in the campaign, W. W. Brandon, issued an early statement forecasting his nomination for governor by a "tremendous majority."

BRANDON PREDICTS LANDSLIDE FOR SELF

By Associated Press.

TUSCALOOSA, Ala., Aug. 8.—W. W. Brandon at his home here tonight foresaw his nomination in today's primary by "a tremendous majority." In a statement he said:

"While returns are coming in very slowly they are widely scattered and indicate that I have swept the state by a tremendous majority and I am much gratified."

Tuscaloosa county gave Brandon an overwhelming majority over Bib Graves.

M'RAE FAR IN LEAD FOR OFFICE

By Associated Press.

LITTLE ROCK, Ark., Aug. 8.—Governor T. C. McRae, candidate for renomination in today's democratic statewide primary, was leading E. P. Toney, of Lake Village by ratio of about 3 to 1 in scattered unofficial returns from 224 precincts received up to mid-night.

The vote in those precincts was: McRae 8,853; Toney 3,643. In Pulaski county the ticket supported by the ku klux klan was maintaining a lead with about one-fourth of the vote reported.

Poincare's Plan Little Favored

By Associated Press.

LONDON, Aug. 8.—The proposal made by Premier Poincare of France for control of Germany's finances in return for a moratorium for Germany, seems not to have found favor with the British and Italian financial experts, mainly because they foresee that the plan would involve the allies in embarrassing political entanglements which would not be justified by what might be gained financially.

This developed today during the discussion of the Poincare plan by the financial experts, when there were several animated tilts.

There was no meeting today of the conference proper, the time having been entirely devoted to consideration of the French proposal by the committee of experts.

Holt to Manage Amarillo Hotel

George M. Holt, formerly manager of the Kemp hotel, will leave for Amarillo soon, it is said, to take charge of the construction of a 250-room hotel in that city. The hotel is to be one of the finest in this section of the state, it is said, and Mr. Holt has produced a 20-year lease on the structure.

Didn't Know Brother

Dan Smith, superintendent of the Lake Wichita Irrigation and Water company, found a very unusual surprise awaiting him Tuesday morning when he went to his office. There was a man waiting for him and the man apparently was reluctant to tell his business and had Mr. Smith guessing for sometime. After a few moments of suspense, however, he found out it was his brother, C. W. Smith of Oregon, whom he had not seen in 20 years. The brother dropped in on him without sending word that he was coming.

Woman, 103, Casts Her First Vote for Great Grand Son

By Associated Press.

PINE BLUFFS, Ark., Aug. 8.—Mrs. Mary E. Limbegger, 103 years old, cast her first vote in the Arkansas primary today. The aged woman who voted at Noble Lake, declared she wanted to vote for only one candidate—her great grand son, Thomas A. Hill, who sought renomination for a second term in the legislature.

BUMPER CROPS AWAIT MARKETS

Government Report Most Favorable

By Associated Press.

WASHINGTON, Aug. 8.—Bumper crops in general this year resulting from highly favorable growing conditions during July were indicated by the government's August crop report, issued today.

A three billion bushel corn crop, for the fourth time in the history of farming in the United States was forecast.

A record crop of hay, estimated at 93,100,000 tons is being harvested, surpassing the record made in 1919, by 1,300,000 tons.

Lots of Spuds

The second largest crop of white potatoes ever grown was reported in prospect, the total production being forecast at 430,000,000 bushels, or 1,000,000 bushels less than the record crop of 1917.

Sweet potatoes production this year will probably make another record, according to the August forecast which equals the record crop of 1920.

The fourth largest crop of tobacco ever grown is forecast with a total production of 1,425,000,000 pounds.

Another 200,000,000 bushel crop of apples, the eleventh in 33 years is indicated with this year's production more than double that of last year.

Peaches are a plentiful crop with a total production this year second only to the record year of 1915.

July weathers influence on the growing crops was said to have been extremely beneficial, as indicated by the increase in forecast of production this month as compared with those of a month ago. Spring wheat showed an increase in its production forecast amounting to 15,000,000 bushels; corn 157,000,000 bushels; oats 64,000,000 bushels; barley, 10,000 bushels; white potatoes, 11,000,000 bushels; tobacco, 10,000,000 pounds; apples, 12,000,000 bushels, and peaches 1,700,000 bushels.

The great corn crop made vast improvement during July in the leading producing states, the improvement in Kansas having been 30,000,000 bushels over the July forecast: Missouri 25,000,000 bushels; Illinois, 26,000,000 and Nebraska 17,000,000.

LLOYD GEORGE SEES BREAK

By Associated Press.

PARIS, Aug. 8.—Prime Minister Lloyd George tonight expressed the opinion that a rupture in the entente was probable, if not inevitable, according to some of the French newspaper correspondents attending the allied conference in London, one of whom is "Pertinax," political editor of the Echo de Paris.

The British premier added that this was regrettable, both from the English and French viewpoints, but that Premier Poincare's attitude left no option.

The correspondents say that Sir Edward M. Grigg, Lloyd George's private secretary, summoned the British newspaper men to the prime minister's official residence in Downing street and made a statement to this effect.

Nora Runs Into More Rough Water

By Associated Press.

NEW YORK, Aug. 3. — Three times divorced, Nora A. Bayes, actress, today faced the break up of her fourth venture into matrimony. A referee recommended that a decree of divorce from her be granted to Arthur A. Gordon, whose witnesses testified that they caught the stage star misconducting herself early one morning last winter with Arthur Welton, described as an official of a Baltimore trust company. The scene concerned in the evidence was the bedroom of an apartment in West End avenue.

Plane at New York

By Associated Press.

NEW YORK, Aug. 8.—The Sampaio Correa, the hydro-airplane which is to attempt a flight from New York to Rio de Janeiro, arrived here at 6:30 o'clock tonight from Essington, Pa. The big seaplane, piloted by Lieutenant Walter Hinton, trans-Atlantic flyer alighted in the Hudson river opposite Second street.

Yank Sick in Spain

GRANADA, Spain, Aug. 8.—John G. Wooley, twice prohibition candidate for president of the United States, who is in a serious condition at a hotel here, is being well cared for by the hotel staff. He was visited today by the British consul.

Mr. Wooley arrived here Aug. 1 from Seville.

'OPEN PORT' LAW PUT IN EFFECT BY GOVERNOR NEFF

Strike Troubles in Texas Cities Reported

By Associated Press.

AUSTIN, Texas, Aug. 8.—The entire town of Gainesville was placed under the provisions of the open port law by Governor Neff late today. A detachment of state rangers under Ranger Captain W. L. Wright has been ordered there to enforce the law.

The open port law was invoked following information given the governor in a conference Sunday with rangers who have been to Gainesville recently.

In making the announcement the governor called attention to the provisions of the law allowing offenders to be tried in counties adjoining the one in which the law is in effect. He also pointed out that "almost any offense" is a felony under the open port law; for instance numerous misdemeanors under the other laws would be felonies, under the open port law.

CITY UNPERTURBED BY NEFF'S ACTION

By Associated Press.

GAINESVILLE, Texas, Aug. 8.—Invocation of the open port law in Gainesville by Governor Pat Neff will have little noticeable effect on this town, according to Ranger Captain L. Wright. Captain Wright declared that the main purpose of the governor's move was to give state's attorneys power to transfer cases to other counties in the event they felt that a fair trial could not be obtained in Cooke county, of which Gainesville is the seat.

Six arrests have been made by the rangers in connection with the attack upon seven railroad employes here last Thursday night. Three of the men attacked are alleged to have been kidnaped and severely whipped. The six suspects are scheduled to be tried during the October term of county court.

COMPLAINTS MADE BY SHOP WORKERS

By Associated Press.

AUSTIN, Texas, Aug. 8.—Complaints were received today by Governor Neff from Waco, Palestine Texarkana, Big Springs and Greenville, alleging that the railway shop men now at work are being "threatened, interfered with and intimidated."

New York Cops Keep Watch to Halt Tong Wa

By Associated Press.

NEW YORK, Aug. 8.—Detectives of the Chinatown squad, wise in the ways of the modern "Canton-on-the-L," still were slipping to and fro among the sages of Pell street tonight, in an effort to clear the plot of the hurried drama that left Ko Low, president of the Hip Sing Tong, bleeding from a gun shot wound in a hallway last night, to die a few hours later.

Veteran policemen of the district kept cautious watch on the group that scanned the bulletin board before Tong headquarters today, fearful of an outbreak of the Tong wars that have been absent for ten years from the new Chinatown, but which once left rows of dead along the curb.

"There will be no Tong war," said Charlie King, secretary of the Tong as he sat, dressed in college campus style at his desk at Tong headquarters.

"That's old Chinatown. Ko Low had some personal enemy. This is the work of the Tongs."

Indiana Coal Men Turn Down Lewis

By Associated Press.

TERRE HAUTE, Ind., Aug. 8.—The Indiana bituminous coal operators association will not attend the Cleveland conference called by John L. Lewis, president of the mine workers, it was announced following a meeting of the scale committee here today.

A. M. Ogle, president of the National Coal association, who also is an Indiana operator, said he would not go to Cleveland and in a statement said that hope of a settlement at Cleveland had been "diminished if not killed by undue publicity."

THE WEATHER

WICHITA FALLS, TEXAS
AUGUST 9, 1922

East and West Texas: Wednesday and Thursday, partly cloudy.

Oklahoma: Wednesday and Thursday, generally fair.

Maximum temperature: 98 degrees from 3 p. m. until 4 p. m.

Minimum temperature: 70 degrees from 6 a. m. until 7:15 a. m.

HOME ECONOMIC AGENT NAMED

Miss Lansford of Childress Coming

Miss Georgia Lansford of Childress has been appointed home demonstration agent for Wichita county and will report here for duty September 1.

The appointment was announced by Miss Bess Edwards, district home demonstration agent from A. and M. college, who was in Wichita Falls Tuesday and conferred with chamber of commerce, fair and county officials.

She notified County Farm Agent Guy R. Jones of the appointment of Miss Lansford, who will take up the work of organizing home work classes at various towns in the county where she will teach canning, sewing and other domestic science work. Her work will be entirely to make the young women more efficient in home work and to give them the advantage of a thorough training.

Miss Lansford is now securing her degree from the College of Industrial Arts at Denton and will be here several days in advance of September 1, it is said, that she may get location in her new surroundings before starting on her work. She is said to be one of the most efficient young women in home demonstration work who has been graduated from the college.

RAINS COVER WIDE AREA

By Associated Press.

FORT WORTH, Aug. 8.—Rain fell as far west as Ranger, north beyond the Oklahoma line and south to Menard, according to reports received here this morning. In the cattle country around Menard a nd Ranger much good will be done as drouth complaints had begun to be received. At many points, the precipitation continued all night.

HELPER ATTACKED AT TEXARKANA

By Associated Press.

DALLAS, Aug. 8.—Attack on a machinists' helper at Texarkana, Texas, by two men Monday was reported today by J. A. Somerville, general manager for the Texas & Pacific railroad here. An attempt to attack two shop workers at Big Springs last night, was unsuccessful, according to another report.

TORNADO WRECKS GIN; HURTS TWO

By Associated Press.

ABILENE, Texas, Aug. 8.—T. G. Tedford received a broken back and may die and G. F. Freeman sustained a broken leg and dislocated hip late Monday afternoon when a tornado struck a gin house where the men were working at Truby, 20 miles north of Abilene. The gin house was wrecked. Seven others working at the plant escaped uninjured. Freeman was brought here for treatment, but Tedford could not be moved.

MAINLY ABOUT PEOPLE

(Continued from page 1)

Culberson is going to stay at home.

There is a list of political casualties too long for enumeration here. There are new issues uppermost. There are new systems supplanting the old system. There is a new civilization and the guns that thundered on Flanders Field made necessary the coming of this new civilization.

UNLESS THE SIGNS ARE MISleading, there will be a farm labor drive in Texas in 1924. Major Fred S. Rogers carried the banner for the farm labor people this year. He received 203,318 votes. W. W. King, another laborite, received 22,013 votes.

Harry T. Warner received 60,636 votes. If Warner and King had been out of the race, the 73,000 votes cast for them would have been plumped for Rogers against Neff. These nonpartisans of Texas came within 400 votes of putting Cyclone Davis over for congress against Eugene Black, who is admittedly one of the ablest of campaigners and whose record as a representative is said to be almost without flaw.

Congressman Sam Rayburn of the Fourth district is another very able man and he has made a very fine record under the big dome in the city of Washington. Ed Westbrook, a former printer, came within 1,200 votes of getting Rayburn's scalp in one of the big black-land districts. Early in May the officials of the farm labor organization informed the writer that they had a membership of 250,000 in Texas. They didn't lie about it.

Two months later their candidate for governor received 203,000 votes and another laborite who is not a non-partisan, and who was never heard of until he anounced for governor, captured the votes of 22,000 democrats. Another 100,000 members and the regular democrats of Texas may wake up some fine morning two years later and read the news of their favorite paper that the farm labor slate has swept the state and is in control. Their organizers are busy. They are on the road all the time. All the organized wage workers of Texas are ripe for the movement and in the rural districts where 50 percent of the farmers are tenants they are said to be in more than a receptive mood.

THEY PUT JACK WALTON over for governor of Oklahoma. That is, they gave him the democratic nomination. Texas democrats of the old school should come out of their trance. They have a state committee but they have no organization worthy of the name. There are two political organizations, one secret and one which is working in the open, planning to capture the democratic party. Now what are the regulars going to do about it? State Senator H. A. Darwin of Lamar county predicts that the farm labor people will make a clean sweep of East Texas and the black-land counties two years hence. Their leaders are going out for everything in sight for everything from senator to constable. They have a platform that deals with economics. Those who have read the platform on which Col. Smith W. Brookhart of Iowa made a winning race for the senate know just what may be expected in the southwest should the farm labor people capture Texas as they have captured Oklahoma. They know what they want and they say they are out to get it.

HOME EXPERT TALKS FAIR WITH WOMEN

Miss Bess Edwards, district home demonstration agent with headquarters at College Station, A. & M. College, is in the city to confer with members of the committee in charge of the woman's department of the Texas-Oklahoma fair regarding exhibits of work by the home demonstration clubs.

It is expected that many home demonstration club members will enter their sewing, canned goods and cooking in the exhibits at the fair.

During Tuesday afternoon Miss Edwards went over the work with Mrs. C. R. Hartsook and Mrs. T. B. Smock who are taking very active parts in helping make the exhibits a success.

BURK WOMAN DIES SUNDAY

Funeral Service in Ft. Worth

Special to the Record News

BURKBURNETT, Aug. 8.—Mrs. Theodosa D. McClinton, age 51, died at her home on block 78, near Thrift, in Newtown community, Sunday, following an illness of Bright's disease. She was a daughter of Mr. and Mrs. J. W. Weaver of Alabama; was a widow at time of death. The body was shipped Monday to Fort Worth by the Miller Undertaking company, accompanied by her adult son, Joe McClinton. Burial took place Tuesday in Fort Worth.

REV. MONTGOMERY BACK

Special to The Record News.

BURBURNETT, Aug. 8.—Rev. C. D. Montgomery returned Thursday from a month's vacation and preached two able sermons from his pulpit in the Methodist church Sunday.

O. L. Clark and family were recent visitors in Wichita Falls, guests in the home of Mrs. Clark's sister, Mrs. G. H. Watson.

Ku Klux Klan Finally Decides To Put On Initiation in Wichita

The ku klux klan has finally decided to hold an initiation in Wichita county.

Recently 20,000 people were attracted to a similar demonstration by members of the Wichita Falls and other klans held just across the line in Archer county at Bug's Point.

Prior to this initiation, several hundred were inducted into the ranks of the veiled order in Waggoner pasture, just across the line in Wilbarger county.

And now the klan is going to put on a show in Wichita county.

The initiation, according to an advertisement brought to the Record News, will be held Friday in Athletic ball park. The ceremonies will begin at 7:30 o'clock. Speaking, singing and band music is advertised. The public is invited to attend.

FRIEND IMPROVING FROM BULL'S ATTACK

Reports from Electra Tuesday were to the effect that E. M. Friend, a banker of that city, is recovering rapidly from injuries sustained last week when he was attacked by a vicious bull.

Mr. Friend's 9-year-old son proved a hero in the attack. The child escaped when the bull came after the father and got a pitchfork with which he drove the animal away. Mr. Friend sustained a broken leg and a crushed collar bone besides many bruises.

Bank clearings for Tuesday, August 8, $324,448.16.

MANION TO MEETING

By Associated Press.

ST. LOUIS, Aug. 8.—E. J. Manion, president of the Order of Railroad Telegraphers, today said he would attend the conference of railroad union officials at Cleveland Friday, but declined to comment on the situation at present.

SEYMOUR VOTES BIG BOND ISSUE

$90,000 for Public Improvements

Special to the Record News.

SEYMOUR, Texas, Aug. 8. — A $90,000 bond issue, to be used in an extensive civic improvement program was authorized here today by Seymour voters—not without opposition, but by at least a decisive margin. The vote polled was heavy.

On the park improvement project which will represent an expenditure of $8,000, a total of 238 votes approving the work were cast. Dissenting votes reached the 83 mark. Sentiment in favor of an improvement in the sewer system, a project which cost $17,000, was represented by 270 favorable votes and 53 in opposition, while considerable disfavor was found for the contemplated $40,000 appropriation for a new city hall. This carried, however, 217 to 106.

Extensions and enlargement of the present water works system, a $25,000 improvement, carried 270 to 51.

Work on the new improvements will be started as soon as the bond issue is sold, according to city officials.

2,500 Foot Extension in South Electra

CULLUM WELL IS DRILLED IN

Shows Up for 250 Barrels

Making an extension of 2,500 feet north from the first producers in section 31, the Harvey-Cullum No. 9, Rio Bravo was drilled in Tuesday, and is showing up for a 250-barrel producer. The new well is in the sand at 1,940 feet. It is located in the northeast corner of the southeast 80 acres in the section.

On the south line of the west half of the northwest quarter of the same section the Rio Bravo Oil company's No. 1 Fee is preparing to complete, having drilled into the deep sand at about the usual depth. The sand is reported to look good for nice production.

This well offsets the No. 6 of Harvey-Cullum, which was a 150-barrel completion a short time ago.

COMPLETION IN WAGGONER POOL

Stanley McGregor Is On Pump

The John and Jeff Waggoner ranch, new pool, has its first completion of the week on Tuesday, when the Stanley McGregor No. 1 was put on the pump, with estimates of the production ranging between 60 and 75 barrels. The new well got the 1,500-foot sand last week.

The No. 3 of the Fitzgerald syndicate, Bailey et al., has set cement in casing, and will probably not be ready to drill in before the first of the coming week. This well got the sand last Saturday, the showing being reported very favorable for a nice producer.

STATE TO SELL OIL AND GAS RIGHTS

AUSTIN, Texas, Aug. 8. — The state will sell oil and gas rights on 8.75 acres of submerged land in San Jacinto bay, near the Goose Creek oil field, in Harris county, on Aug. 31, according to announcement made by Commissioner J. T. Robison Monday.

A small tract near the same field recently brought the state more than $100,000. The state reserves a royalty of one-eighth on all production from these submerged lands.

The present tract being offered is within 650 feet of an oil well at the end of the narrow stretch and in about 850 feet of a well at the other end, according to may prepared by the land office.

VACUUM TO SHIP FROM WICHITA FALLS

C. G. Swank of the Vacuum Oil company, out of Chicago, has established a distributing point for the products of his company in this city.

While here Tuesday he made arrangements with the Texas Storage company for storage room to handle a large amount of the Vacuum company products and it is said that additional space may be sought later. Mr. Swank said that Wichita Falls furnishes one of the best distribution points in the southwest and the business of his company out of this city is growing rapidly.

COPLIN TO AMARILLO

Thomas L. Coplin, assistant supervisor in the service of the railroad commission, has gone to the Amarillo oil fields for several days, where he will make an inspection of wells and go over the field there. He is also interested in inspecting the big gassers of that district, one of which has been burning recently.

SHOWER BEATS VERNON DUST

Town Freshened by Rainfall

Special to The Record News.

VERNON, Texas, Aug. 8.—The first shower in weeks, although of short duration, fell Monday afternoon at 2 o'clock in Vernon and vicinity and served to freshen momentarily the drooping plant life and settle the deep dust on county roads. A brisk wind, starting early in the morning, served to freshen the day and bring some alleviation from the intense heat which has marked the past two weeks.

VERNON ICES UP

Special to the Record News.

VERNON, Texas, Aug. 8. — Approximately 70,000 pounds of ice are daily being supplied Vernon consumers during the intense hot spell visiting the city, and the consumption exceeds the capacity of the local plant, which is obliged to ship in thre carloads of ice each week or 10 tons a day. Supplies to individual consumers, however, have not been curtailed.

BAPTISTS GIVE SHOWER

Special to the Record News.

VERNON, Texas, Aug. 8.—Local members of the Baptist women's auxiliary gave a shower Monday afternoon for the benefit of the Baptist hospital at Fort Worth. A considerable quantity of neecssary articles for the institution was brought by the ladies.

DEFAULTED JUDGMENT.

Defaulted judgment and writ of inquiry was awarded the plaintiff in the county court at law Tuesday in the case of Fannie Gross et all vs. J. E. Cleveland.

The litigation, for an alleged debt, was held before Special Judge Arch Dawson, occupying the bench in the absence of Judge Guy Rogers who is away on his summer vacation

Standard Accused of Attempt To Hold Up Price of Gasoline

TULSA, Okla., Aug. 8.—For the past month oil men have been trying to figure how the Standard Oil company of Indiana and other large petroleum product marketing agencies have reason to maintain the price of gasoline so high when the price of crude oil has dropped to $1.25 a barrel. Efforts being fruitless, this article, of interest to every oil producer and refiner, and the consuming public as well, is handed out for what is worth.

It is difficult to ascertain now it is that Col. "Bob" Stewart, president of the Standard of Indiana, has the future of the oil game mapped out, but for the time at least, it would seem that an effort to maintain high prices is still being made.

Differential Great.

Somebody's "bullishness" on the situation is not doing independent oil producers and refiners any good; neither is it befitting the pocketbooks of the automobile owners in this country. Owners of small producing properties are losing money with oil selling at $1.25 a barrel, while refiners are making but little money as the wholesale price of gasoline at Group 3 refineries is down to 14 cents despite the fact that the retail price is 24 cents a gallon. According to the wholesale price, the retail market should be about 18 cents.

While the Prairie Oil and Gas company and Sinclair Crude Oil Purchasing company are worrying over their heavy duties of storing surplus oil in this district, large marketers, including the Standard of Indiana and Sinclair, are proclaiming the fact that their gasoline sales are greater than ever before in history, and that they are having a task to satisfy the demand.

If LaFollette's investigating committee, or some other governmental body, does not arise to the cause of the people, there are going to be more "bolsheviks" in the mid-continent oil country.

Charges have been made by Will Gray, president of the National Association of Independent Oil Producers, that the Standard organization was adjusting the business so as to escape the investigation. If the correspondent has guessed right, it has only made matters worse on its own behalf if any adjustment has been made to that end.

Charges Are Numerous.

A survey of popular opinion has been made in Tulsa and it is evident that operators here have blood in their eyes. The meeting of oil producers, scheduled to be held here August 12, is likely to result in more rash statements against the price makers than has ever before been uttered in a similar session, even though it is held under the auspices of the Mid-Continent Oil and Gas association, an organiation that has been accused of Standard domination. Of course this accusation was a mistake.

Of all the things that hurt most, it is the cuts in the price of crude. The writer has been inclined to uphold, more or less, the Prairie and Sinclair companies for cutting the market, due to the rate at which they have had to store oil, but an authority has figured that the cuts were not justified, "nor are they justified at this moment," he says. Here is his logic:

The Wall Street Journal, in a recent article, declared refiners in the east were scrambling to buy Mexican crude at $1.50 a barrel, which cost them $2.70 a barrel to lay down at their plants.

It is possible to lay mid-continent oil down at eastern refineries for slightly over $2 a barrel, as the price is but $1.25 in the field, 10 cents to gather it and 76½ cents to transport it from northern Oklahoma and Kansas.

Why, therefore, is not mid-continent crude, with its high gasoline content, preferred to Mexican crude?

When the whole thing is thought over, the situation is pitiful. About all the independent can do is to howl weakly and blame the Standard, and a governmental investigation never has been known to accomplish much.

BELLERY GAS CO. RECEIVES CHARTER

Word was received from Austin Tuesday that incorporation papers had been filed there and a charter granted to the Bellby National Gasoline company of Wichita Falls. The incorporators were given as O. J. McKnight, Carl Pursel and W. M. Campbell.

This company was recently formed here and will operate on a large scale, it is said. Besides those named, several other parties are interested in the company, it is said.

DAVIS BROS. WIN.

Judgment for the plaintiff in the case of Davis Brothers Lumber company vs. W. P. Lincoln, suit for debt, was granted by default by Special Judge Arch Dawson in the county court at law yesterday.

During the procedure, the magistrate issued a writ of inquiry, this being awarded the plaintiff.

WILD WELL IN HULL

Special to The Record News.

AUSTIN, Texas, Aug. 8.—Reports of a "wild" or uncontrolled oil well in the Hull field, flowing more than 4,000 barrels of oil under such gas pressure that boilers throughout the entire field were shut off, reached the oil and gas division Monday morning by telephone. Deputy Supervisor Arnold was instructed to make an inspection, and direct such steps as will bring the flow under control and prevent waste of oil and gas, and permit operation of pumpers in the rest of the field.

Double Win Gives Spuds Game and Half Lead Over Cats

GASSER SERIES GOES INTO RECORD AS FIFTH STRAIGHT SWEEP AND 21 WINS IN ROW

Spuds Wham Out Many Hits Behind Hurlers For Easy Victories; White Has Huge Day At Plate; Weir Chases Four Gassers; Ruth and Wheeler Pitch Nice Games

By "SPIKE" COOPER

One game and a half! The Spudders lead today!

When the Gassers succumbed to a dual loss yesterday, the Spudders moved on up, well out in front and onward toward the Dixie series.

Taking the final games 12-4 and 6-1, the Spudders made a clean sweep of their fifth consecutive series and brought the grand total of straight wins to 21.

The two victories came with little opposition from the Shreveport crowd and both were the result of much pitching and much hitting.

The nice lead today is partially credited to the Dallas "million dollar club," the hard nine which took the deciding game of the series from the clawing Cats yesterday afternoon in a thrilling 6-5 game which went into extra innings.

Babe Stops 'Em.

The Gassers waded right in on Hub Perdue from the start and counted three runs in the opening frame. Another added in the third gave them a lead of four, but when it came Hub's turn to hit in that round, he was held up and Pat Flaherty went in and took his walk instead. Babe Ruth followed on the mound and was unhittable after his first inning. In the fourth, Burns and Storey poked singles over the infield, but after the smash by Storey, there were no more safe blows.

Beginning in the sixth, not a runner reached first until the ninth when Babe issued his first pass, but the following three batters were out in order. It was one of the nicest pieces of hurling seen here this year.

Rip Wheeler went the route in the second and had a shut-out under his thumb until the seventh when he allowed three hits and a sacrifice fly mark up one run for the Gassers. Wheeler had excellent control despite the fact he worked three innings in the Monday game. Three double plays helped Rip out of several holes, the last of which he started himself when the Gassers filled the bases with none out, Tanner stopping the head man at the plate for the first out and Wheeler then doubled a runner off third for the last killing.

Al White just couldn't get enough it seemed, for the Gassers were not able to get him out at all it seemed. Only once did they accomplish that feat in the two games and his figures show six hits for seven trips to the hitting station.

'Twas a pitiful comparison, the two teams on the field. The Spuds, fighting with determination and lots of pepper, while the listless and crippled Gassers seemed to possess but one ambition, that of riding Umpire Wier.

Gassers Get Gate.

And ride him, they did, but once too often, for Ezzell, Johnson, McGrew and Slappey drew the gate for their part of a verbal combat. All through the first game and well into the second, there was a continual flow of speech directed at the arbiter. He was patient, but in the sixth inning of the abbreviated go, they became too fluent and personal with their remarks.

The final straw was when Ezzell attempted to help Smith inspect the ball after Wheeler buzzed a fast one through the middle, that hopped about "a feet." When Weir threw the ball back in the game, Ezzell commented on the action and was immediately thereafter "under orders." Encouraged in his stand, he backed up to the dug-out where the reserves were "pouring it on." Three others were shown the exit without further ceremony. Then after a couple of balls had been delivered to the plate, Slim McGrew appeared on the field again, explaining he had returned for his glove. He paraded all over the field in an unflinching manner and displayed not the slightest rush. Weir appealed to the ground officer for assistance. His approach was sufficient and Slim departed promptly.

Visitors Lose Respect

The Gassers have shown less interest in the game and more intentions of "umpire biting" than any other club seen here this season. They have hurt the game here, and lost the respect once held for the Louisiana entry. Heretofore, the Gassers have commanded much commendation and encouragement from local fans, but they have lost it all since their miserable, pitiful and disgusting showing during the last three days.

During the last couple of weeks, the Spudders have had little competition, but the aspect is changed now. The Dallas club arrives today for a five-day stay in Spudder Flat. There's brain food in abundance at last.

They may be the "Pride of Peacock Alley" and may be a "Million dollar ball club," but it takes still more than that to win from the Spuds. No other club has been able to do that since the last round started. When the Spudders sweep the coming series, they will have established a precedent of having defeated every club in the league with a clean sweep in the last series around.

What Do We Care?

Of course Jim Galloway has a formidable ball club, but what does that matter. His team is no less than 40 points to the rear in hitting, and his pitching—well, pitching doesn't mean anything here any more. "Hard Luck" Jim has a good staff. Slim Love, Snipe Conley, Roy Mitchell, Lefty Russell and all the rest, but pitching means little in the Spudders young lives.

There have been many good pitchers on the local lot during the last three weeks, but how many were good enough to win? "Narry a any!" Jacobus, Knight, Couchman, Pate, Wachtel, Devinney, Reinhart, McGrew, Bird and lots others, in fact the "cream of the league," but all to no avail. The Spuds have only fattened their averages, and who shall say they can be stopped at all?

Then too, the "Peacocks" are playing in the Spudder lot, and that counts something. Let 'em lose and watch 'em go!

Cats to Blame

Look at that game and a half lead! Even though the Spudders should drop one of the coming contests, a win by the Panthers would not get them out of their warm bed. The Panthers made a fatal mistake by ever letting them taste the lead, and now they're to pay the price. It's a bitter pill for the three-times-champions, but they riled the Spudders to desperation when they started the series-sweeping-business. Yes, the Cats can blame no one but themselves. They gave the Spudders a lesson, but the hard nine learned it too well. That's all they know now, and it means the Dixie series.

But the Spudders are pitcher killers. To be exact, 49 pitchers have been sent against the Spudders in the last 26 games in Athletic park, but all have shared a like fate. Of that number only 10 have been permitted to go the entire route.

Yes, it's a lean summer from here on out, both for ball clubs and particularly pitchers.

Let 'em strut the "million dollar stuff" and see how far the "peacocks" get from their roost.

DEMPSEY BOUT IN SOUTH RUMORED

By Associated Press.

NEW YORK, Aug. 8.—Talk of a bout in South America between Jack Dempsey and Luis Firpo, Argentine heavyweight, was revived today when it was learned that Jack Kearns, Dempsey's manager, and Dan McKetrick conferred with Tex Rickard and Frank B. Flournoy at Madison Square garden yesterday.

"I have been asked to promote a bout between Dempsey and Firpo in South America but there was nothing of a definite nature accomplished," Rickard said. "I don't expect anything definite for a couple of days."

The promoter added that Willard, Brennan and Wills were discussed yesterday as possible opponents for Dempsey.

PARIS GRABS FIRST IN FIGHT FOR FLAG

By Associated Press.

PARIS, Texas, Aug. 8.—The Paris Snappers took the opening game of the series with Greenville Togs to determine the pennant winner of the Texas-Oklahoma league when Gray, tosser for the locals, held the visitors scoreless until the ninth inning. Lemaster was the receiver for the Snappers. Coop and Bryan were in the box for Greenville with Forrest catching.

Score by innings:

Greenville ..... 000 000 001—1 6 1
Paris .... 001 000 02x—3 6 2

BOXER COLLAPSES AFTER FIGHT

By Associated Press.

TRENTON, N. J., Aug. 8.—Young Labadie, a boxer from Camp Dix, was reported in a critical condition at a hospital here today as the result of a six round bout last night with Louis Barale of France. He collapsed as he tried to leave the ring at the end of the match and has been unconscious since.

GASSER TRADE NOT SURE YET

Thomas Thinks Sale Will Be Closed

Reports from Shreveport state that a syndicate, headed by Ira Thomas, is to buy the Shreveport club.

When asked regarding the matter yesterday afternoon, Mr. Thomas would not state definitely regarding the trade.

$75,000 is said to be the sale price and a $5,000 "faith money" deposit is said to have been made by Mr. Thomas before coming to Wichita Falls.

Thomas was for a number of years the chief receiver of Connie Macks' Athletics, but retired three years ago and became scout for that organization.

Locating in Shreveport where he has been connected with the oil game for some time, Mr. Thomas has had opportunity to study the local situation there.

Rumors state that the club will become an Athletic farm, but it is merely conjecture.

Mr. Thomas did state yesterday that the report of the sale had likely come from the press of Shreveport since both local papers of that city were stockholders in the club and would be able to state whether or not the deal had been closed.

It is understood that the transfer of ownership will not take place before October 1.

FRISCO STAR BEATEN IN EAST

By Associated Press.

GLENCOVE, N. Y., Aug. 8.—Miss Margharitta Strahler of San Francisco, one of the trio of youthful western tennis stars who have been making a sensational showing in the east, was eliminated in the metropolitan women's singles championship tournament today. She was defeated by Mrs. Frank P. Godfrey of Boston, 7-5, 6-0.

The other two, Miss Helen Wills of San Francisco, and Miss Marguerite Davis of St. Paul, came through the second round. Miss Wills defeated Miss Amy Egbert of Kansas City, Mo., 6-0, 6-0; Miss Davis beat Mrs. Theodora Sohst, New York, 6-1, 6-1.

Miss Grace Mungen, Los Angeles, deefated Miss Elsie Ray, Providence, by default, and Mrs. May Sutton Bundy, Los Angeles, defeated Miss K. Cauldwell, New York, 6-0, 6-0.

RIVAL TEAMS

Above, Claude Jonnard of the Giants and his brother, Clarence of the Pirates.

The present baseball season is famous for home runs galore, "pennant purchasing" trades, the fight of Kid Gleason's white-hosed upstarts and—the first twin brothers in captivity to be exhibited in the major league's big top. Claude and Clarence Jonnard are the twins. Claude hurls for the Giants and Clarence catches for the Pirates.

Orient Depends on New Grain Rates

WICHITA, Kan., August 7.—The greatest hope of saving the Kansas City, Mexico and Orient railroad from suspension is in differential grain rates to the Gulf, Clyde M. Reed, chairman of the Kansas public utilities trip over the Orient lines with officials of the interstate commerce commission and the Oklahoma and Texas commissions.

Such a differential Chairman Reed said, would divert considerable grain traffic to the Orient.

POSTOFFICE IS 9TH IN STATE

Leads Beaumont and Amarillo

Wichita Falls ranks ninth in state postoffices, according to the amount of business transacted annually.

This is the report of the postoffice department, just received from Bascom N. Timmons, staff corespondent of the Record News at Washington.

Wichita Falls with an annual business of $205,314 is ahead of Beaumont, which ranks tenth and Amarillo, which ranks eleventh.

Dallas had the biggest business, $2,394,441; Mexia had the smallest, $40,120. Houston ranked second, $1,325,520; Fort Worth third with $1,215,972; San Antonio fourth with $878,349; El Paso fifth with $443,370; Waco sixth with $276,822; Austin seventh with $258,250; Galveston eighth with $229,182; Wichita Falls ninth with $205,314; Beaumont tenth with $167,287; Amarillo eleventh with $128,826. The second class postoffices having more than $40,000 worth of business were Mexia and Burkburnett.

The receipts for other Texas postoffices were:

Sherman, $88,599; Breckenridge, $70,578; Abilene, $69,411; Port Arthur, $67,846; Tyler, $62,649; Paris, $62,500; Temple, $58,271; Laredo, $55,909; Denison, $52,152; Corsicana, $51,243; Corpus Christi, $52,007; Greenville, $48,660; San Angelo, $48,287; Ranger, $44,005; Marshall, $43,673; Palestine, $42,309; Denton, $41,463; Brownwood, $40,708; Mexia, $40,120; Burkburnett, $48,757.

The post offices at Dallas, Houston, Fort Worth and San Antonio paid their postmasters salaries of $6,000. El Paso paid $4,500; Waco and Austin, $4,000; Galveston and Wichita Falls $3,900; Beaumont, $3,800; Amarillo, $3,700; Sherman $3,500; Breckenridge, Abilene, Port Arthur, Tyler and Paris, $3,400; Temple, Laredo, Denison, Corsicana and Corpus Christi, $3,300; Greenville, San Angelo, Ranger, Marshall, Palestine, Denton and Brownwood, $3,200!.

Only one Texas city showed a considerable falling off in business in 1921 as compared with 1920. This was Ranger, where business dropped from $71,365 to $44,095. Because of this the salary of the Ranger postmaster was lowered from $3,400 to $3,200.

Practically all Texas first class post offices showed gratifying increases in business in 1921 as compared with 1920.

State Orphans Will Be Given Exam

Special to The Record News.

AUSTIN, Aug. 8.—All children in the state orphan home at Corsicana, will be given a medical examination by doctors of the child hygiene bureau, state department of health during the coming week ,it has been announced.

Child health conferences at Smithville and Bastrop, and the examination of more than 250 children under 7 years of age, resulted in the discovery of that almost 10 per cent of the number examined are suffering with disease.

K. P. Convention Starts in Frisco

By Associated Press.

SAN FRANCISCO, Aug. 8.—William Ladew, of New York City, supreme chancellor of the Knights of Pythias, called to order today the first session of the thirty-second biennial convention of the supreme lodge of the order. Governor Stephens of California, welcomed delegates from every state in the union, the Canadian provinces, the Hawaiian Islands, the Philippine Islands and Australia.

The supreme temple of the Pythian sisters, also convened with Mrs. Minnie Hunting of Oklahoma City, supreme chief, presiding.

Ferguson Spent Only $2,000; Mayfield Spent Over $5,000

By S. RAYMOND BROOKS
Austin Correspondent
Special to The Record News.

AUSTIN, Aug. 8.—Earle B. Mayfield, leader in the senatorial primary July 22, spent $5,730 in his first primary campaign according to reports filed with the secretary of state. Mr. Mayfield reported campaign contributions of $3,063 to his fund.

Cullen F. Thomas, who was fourth in the senate primary race, spent the most money, according to his expense statement, which shows a total of $7,823. Mr. Thomas declared the entire amount was from his own personal funds and that no contribution were accepted by him.

James E. Ferguson, the runner-up, spent $1,912, and received contributions totalling $271, he reported. The expense statement of Senator Culberson has not reached the secretary of state. Other senatorial candidates reported: Ousley, expenses, $6,370; Henry, expenses, $4,336, contributions $544.

S. M. N. Marrs, in his race for state superintendent of education, spent $2,107, while his opponent, Ed R. Bentley, reported expenses in the campaign of $1,523. W. W. King, candidate for governor, reported having spent $1,077 in his race.

Some Cops Are Just Real Clever

By Associated Press.

PORTLAND, Oregon, Aug. 5.—A periscope is employed by the police here to ferret out bootleggers. Sergeant Oelsner, in command of the police morals squad, is expecting big results. The periscope was manufactured by Aubrey Chamberlain, one of the liquor sleuths and he and his partner, Patrolman Meiners are going out this month to break all existing records in the apprehension of bootleggers.

Chamberlain will set up his periscope in a room adjoining the suspected bootleggers, he said. He will be completely out of sight, but will be able to see all that is going on in the next room. If he spies a bottle of liquor or sees the bartender serve drinks from a hidden bottle, he will signal his partner, and together they will rush the place.

Two Arrested in Chinatown War

By Associated Press.

NEW YORK, Aug. 8.—Two Chinese were arrested late today charged with murder in connection with the shooting of Ko Low, head of the Hip Sing Tong, in Chinatown, last night. Another Chinaman was detained as a material witness.

Pay Your Money And Take Your Pick

By Associated Press.

NEW ORLEANS, Aug. 8.—A contest to determine the world's champion crawfish eater is underway at the famous old French market here today. Prizes will be awarded for speed and capacity. Each contestant must "peel" his own.

Prior to the beginning of the contest, which got underway shortly before noon, several hundred pounds of crawfish were cooked and ready for the contestants when the opening bell sounded.

Hundreds of spectators thronged the market to witness the unique contest.

Among the early favorites were George "Hop" Lutthy, champion of Vieux-Carre; Gus Martin, the "Poet-Demon Crawfish King," of Donner, La., and Percy Vlosca, the "Cabildo Cyclone" of New Orleans.

USE A MAC-DRY BATTERY AND FORGET IT—Adv.

MAYFIELD NOT TO THROW MUD

Ferguson Attacks to Be Ignored

Special to The Record News.

GREENVILLE, Texas, Aug. 8.—"Personal attacks of my opponent, James E. Ferguson, will not draw me from a discussion of the vital issues of this campaign down into the mud and mire of personalities,' Railroad Commissioner Earle B. Mayfield, leader in the first primary for the United States senate declared before an enthusiastic Hunt county audience here today.

"Despite efforts to sidestep the issues by injecting personal vituperation and attacks into the race," Mr. Mayfield declared, "It remains true that the great national issues at stake in the senatorial race are whether the people of Texas propose to back up and uphold national and state constitutions and statutes which have made the enforcement of prohibition a part of the fundamental law of the American people, or whether they will pay to the hands of the American Brewer association, and elect a representative to the United States senate, pledged to do everything possible to break down enforcement of this law and respect for not only this but all our laws."

The second great problem, Mr. Mayfield declared, is the relief to farmers, stockmen and shippers through the reduction of freight rates. The repeal of the Esch-Cummins law and restoration of intra-state ratemaking to the sttae government is the only way to give real relief he declared.

RAINS BENEFIT PRODUCE CROPS

Tomatoes Jump to 7 Cents Pound

Rains Monday will help the local produce some, according to reports brought in Tuesday by farmers, but most of the vegetables were too far gone to be saved. The result of the dry weather is that most all home grown vegetables are off the market.

Tomatoes took another jump Tuesday when they brought the farmer 6 6/7c per pound and were scarce at that with the grade not as good as it was last week. Some roasting ears were offered on the local market Tuesday, but they were imported.

Following prices were offered farmers for their produce Tuesday:

Cantaloupes, 10c to 50c per dozen.
Sweet corn, 40c per dozen.
Sweet peppers, 12c per pound.
Okra, 10c per pound.
Peaches, $2 per bushel.
Grapes, Muscats and Concords, 10c per pound.
Fresh blackeye peas, 6c per pound.
Beets, 40c per dozen bunches.
Squash, 4c to 5c per pound.
Eggs, 25c to 27c per dozen.
Butter, 30c co 35c per pound.
Fryers, 30c to 35c per pound.
Hens, 20c to 35c per pound.
Tomatoes, 6@7c per pound.
Spinach, 5c per pound.
Porto Rican yams, 5c per pound.

Unsettled Air Pervades Stock Market Tuesday

By Associated Press.

NEW YORK, Aug 8.—Two recessionary periods in today's stock market caused a general unsettlement of prices, but the undertone was strong and most losses were of a fractional nature. Inability of pools to attract an outside following at the higher levels, combined with profit-taking and a weakened technical position, encouraged the "bear" attacks, which were directed principally against the motors, oils and shippings.

Favorable overnight developments regarding the coal strike imparted early strength, especially to the stocks of coal companies and coal carrying railroads, but irregularity developed under heavy selling pressure in later dealings.

Several new highs for the year were recorded on the upward movements, notably by Omaha, Chicago and Northwestern and Lackawanna railroads, corn products, May department stores and Detroit Edison.

Weakness of shipping shares was ascribed to reports of a virtual abandonment of the ship subsidy bill, American International corporation dropping 3 points and marine preferred about a point. Chandler and Studebaker also sold off on the assumption that they had lost their speculative favor.

NEW YORK COTTON

By Associated Press.

NEW YORK, Aug. 8.—There was a further severe decline in the cotton market today owing to reports of showers or rain in the southwest and continued complaints of a poor trade demand. After selling off to 20.29 December rallied to 20.43 on covering, but later broke to 20.15 and closed at the lowest. The general market closed easy at a net decline of 62 to 75 points.

The market opened easy at a decline of 13 to 3 5points owing to relatively easy Liverpool cables, Texas shower reports and nervousness over European conditions as reflected by foreign exchange rates. There was some covering on a scale down, but otherwise very little demand, and no halt in the decline until active months were 57 to 67 points below yesterday's closing quotations with October selling at 20.15 and January at 20.10. The lowest prices of the day were reached in the late trading when October sold at 20.08 and January at 20.05. Port receipts today 6,063 bales; U. S. port stocks 432,756. Exports today, 6,657, making 37,170 so far this season.

NEW YORK BONDS

By Associated Press.

NEW YORK, Aug. 8.—Strength of speculative railroad bonds was the outstanding development in today's bond market.

Under the stimulus of heavy buying the seven St. Paul issues reached new top levels for 1922 at average gains of 1 points, but they sagged slightly toward the close. Seaboard Consolidated 6s and San Francisco adjustment 6s also broke through for new high, while a good demand was noted for Chicago and Alton 3½s. Missouri Pacific general 4s, Rock Island refunding 4s, New Haven debenture 6s and the Erie issues.

Total sales par value were approximately $12,341,000.

Two large industrial issues were offered today, $4,000,000 6 per cent, 30-year first mortgage sinking fund gold bonds, series A og the General Refractories company, which were offered at 95½ to yield 6.30 per cent and $2,000,000 6 per cent first mortgage sinking fund gold bonds of the Wardman Park Hotel Inc., of Washington, D. C., which were offered at par.

TEXAS CROPS NEEDING RAIN

Smaller Yield Given By Terrell

By S. RAYMOND BROOKS
Austin Correspondent

AUSTIN, Texas, Aug. 8.—An estimate of 2,509,000 bales of cotton in Texas from the present crop, as compared with federal government predictions of 3,705,000 bales, has been compiled by George B. Terrell, state commissioner of agriculture. Mr. Terrell recently charged the federal department of agriculture is intentionally keeping its crop figures high, for the purpose of holding prices down.

A national crop of less than 10,000,000 bales of cotton is predicted by the Texas department of agriculture, as compared with the federal estimates of 12,312,000 bales.

Mr. Terrell's estimate follows:

The state is divided by counties into five groups. This report is compiled from reports received from several thousand correspondents, representing 221 counties, with from one to ten reports from each county, and from direct information from our field men.

These reports come from presidents and secretaries of farmers institutes, county agents, county commissioners, bankers, merchants and individual farmers.

The last reports received indicate that the drouth is very serious in many counties, and that the yield will be much shorter than estimated ten days ago.

The acreage and condition of the crops are shown in the accompanying table. This table shows the acreage of cotton to be 8 per cent increase over last year, and the condition to be 71.6 per cent of normal.

This condition is based on reports received from July 25 to August 1st. The actual condition at this time is not more than 67 per cent as indicated by reports reaching the office since August 1st, which were not used in this tabulation.

The next two weeks will show a still greater deterioration, unless a general rain falls in the next few days in time to save the late cotton.

Our reports indicate a cotton acreage of 10,196,000 acres, while the government reports indicate 12,312,000 acres which in my judgment is too high.

The government estimate of production for Texas, is 3,705,000 bales, while our figures based on our fourth of a bale per acre, will give 2,509,000 bales or one-third of a bale per acre, will give 3,308,000 bales. Present conditions do not warrant a 3,000,000 bale crop in Texas. The government's estimate for the entire south is 11,449,000 bales. Recent reports from commissioners of agriculture of Georgia, South Carolina, Mississippi, Arkansas and Louisiana, indicate heavy damage by bollweevil and a production not exceeding that of last year. These reports together with conditions in Texas, indicate a crop not exceeding 10,000,000 bales. The crop will be short, a big crop is impossible.

General average for state:

	Acreage	Condition
Cotton	108	71.4
Corn	94.8	73.8
Oats	87.2	61
Wheat	71.8	49.6
Hay	98	87.2
Feed Sorghum	93.6	88
Peanuts	82.2	76.4
Sweet Potatoes	95.8	79.2
Ribbon Cane	98	85.9

WHEAT VALUES TIGHTEN UP

Strike Tension Held Responsible

By Associated Press.

CHICAGO, Ill., Aug. 8.—Renewal of tension over the railroad strike led to a little lightening up of values at times in the wheat market today. Business, however, lacked volume, and the price changes were narrow, a majority of traders holding off for the government crop report which was issued after the close and which proved to be about as had been expected. Final quotations on wheat were unsettled at ⅝c net decline to ⅛c gain, with September 1.06 to 1.06¼ and December 1.06½ to 1.06⅝. Corn lost half at ⅝ to ¾c, oats finished unchanged to a shade lower and provisions down 5c to 20c.

Liberal receipts of corn here, together with anticipated enlargement of the government estimate of yield had a bearish influence on the corn market. Oats were neglected.

Provisions reflected sharp downturns in the price of hogs.

Economy of Natural Gas

Reckoned by every standard, natural gas is, under the prices prevailing in this locality, the most economical fuel.

For all the convenience and comfort, it gives more for the money than any other when it is properly used, for it is concentrated heat.

Use Good Appliances

Because it is so concentrated, it should be used economically in the most efficient appliances.

Burning of gas in stoves, furnaces and ranges intended for coal or wood is wasteful and expensive.

Equip your gas burning home for gas with appliances.

TEXAS RAINS LOWER COTTON

Market Closes at Very Weak Point

By Associated Press.

NEW ORLEANS, Aug. 8.—Rains in Texas were again the big factor in cotton today and they made for lower prices, especially in the early and in the late trading.

The close was at the lowest of the day at net declines of 62 to 67 points. October closed at 19.67.

In the early trading, while rain accounts were the main thing, there was more or less selling on poor cables, the continued unfavorable foreign news and the unfavorable turn in rail strike news. The initial decline continued until it amounted to 54 to 64 points, but when October touched 19.71 new buying entered the market. For a while considerable buying was done, by traders who apparently taking hold merely because the market was under the 20c level. Upturns of 20 to 25 points were the response to this demand.

	High	Low	Close

BUSINESS NEWS

GREEN BAY, Wis.—Two of the principal paper mills in this district face a shut down inside of two weeks unless they are immediately allowed coal. At the Northern paper mills and at the Fort Howard paper mills, officials said the supply will barely last a fortnight.

LONDON—Of the thirteen cables of the Commercial Cable company and the Western Union company, which handle the bulk of the trans-Atlantic service from Great Britain, only three were working today, those of the Western Union from its station at Penzance, southwestern England. This is due to the seizure by Irish irregular forces of the Commercial company's station at Waterville, southwestern Ireland, and the Western Union station at Valentia, on the Kerry coast.

NEW YORK—The first large cargo, 10,000 tons of foreign mined coal, to reach New York as the result of importers efforts to stave off a fuel famine among public utilities corporations, was brought in by the Italian steamer Cherca from Barry, Wales.

Hotpoint
The most celebrated Iron in the world ~

MANY a woman can still remember the thrill that came over her when she first handled a Hotpoint Electric Iron.

Not that she had never seen or heard of electric irons before. There were *already* several irons on the market.

But here was an electric iron made for *ironing*.

Not a device or novelty to be bought and laid aside—but a *housekeeping tool to use*.

The *first electric iron* with a *point* even hotter than the rest of the iron.

Three More Notable Features of the Hotpoint Iron

The Hinged Plug Cord Protector
Does away with most of the kink, bending and breaking of the cord.

The strength-saving Cantilever Handle
Lessens the strain, and makes ironing easier than you ever thought it could be.

The Attached Stand
One simply tilts the iron back on its heel, instead of lifting it to and from the old-fashioned iron stand—a saving of many hundreds of pounds of lifting to a day's ironing.

FREE
An ironing board with every iron sold during August.

ELECTRA FEELS STRIKE TIE-UP

Water Improvement Is Delayed

Special to The Record News.

ELECTRA, Aug. 8.—Inability to get supplies on account of the demmoralization of traffic by the strike has resulted in delaying the city's improvements in the water supply, Mayor W. M. Calvert has announced. Work will be resumed as soon as the last carload of pipe can be received.

The city is replacing the six-inch mains with pipes ten inches in diameter. The small pipes have been found inadequate to accommodate the growing needs of the city.

WORK TO BEGIN SOON ON WALKS

ELECTRA, Aug. 8.—Work is expected to begin within a few days on concrete walks leading to and around the Thompson ward school building in south Electra. Workmen are now busy hauling dirt and filling in for the foundation of the walk. The school board is contemplating having the entire campus filled in on a level with the walk.

VALLEY REFUSES TO HANDLE 1,500 STEERS

QUANNAH, Texas, Aug. 8.—When the Wichita Valley railroad refused to accept a shipment of 1,500 head of fine two-year-old steers bought by Tom Waggoner west of Abilene, on the ground, that it had no motive power, the steers were sent to Sweetwater and shipped over the Orient thence over the Denver to Electra from which point they were driven 25 miles overland to Fulda, where they were put on pasture. The animals are said to have been badly drawn from their long trip and Mr. Waggoner, after seeing them unloaded and started to his ranch, took a train for Colorado.

WATER SITUATION GROWING SERIOUS

The water situation in west Texas is becoming a serious proposition at this time, it is said. Many oil well operations are said to be prevented on account of the lack of water and water tanks on ranches are said to be drying up. The rains of Monday are said to have relieved the situation to some extent northward, however.

The Denver railroad is hauling water from Chillicothe to fill the tank at Quannah.

ACCIDENT VICTIM SHOWS IMPROVEMENT

Reports from the Call Field hospital Tuesday night were to the effect that S. A. Nicholis, Burkburnett man who was injured Monday when his automobile turned turtle on the slippery Burkburnett road, was resting easily and that barring complications he would suffer no ill effects from the accident. For a time it was feared that he would lose the sight of one eye but later developments revealed that the injury was not as serious as at first believed.

Joe Dyer, superintendent of the Wichita Brick and Tile company and who was in the car with Mr. Nicholis when it turned over was entirely recovered Tuesday from the effects of the spill.

JURY WHEEL FORMED

All day long yesterday three people —one from the tax assessor's office, the district clerk's and the county clerk's office—selected the names of taxpayers and placed them in a big, round, queer-looking wheel.

It was the jury wheel. And it is being refilled for 1922-23; when the jury wheel is filled, it will be given one grand spin, and then from its contents will be selected the men who will constitute the venires in the 30th, 78th and 89th district courts during the next terms.

INFORMATION ABOUT INSPECTION OF ENGINES

Wichita Falls, ex., Aug. 7.

Editor Record News:

I noticed in the press news that the engine and trainmen are becoming alarmed at the unsafe conditions of the locomotives that are in service today.

The Interstate Commerce commission has laid down some rules or laws for testing and inspecting locomotives, for the purpose of insuring safety to the employee and publis as well.

Under normal conditions railroads have competent inspectors to inspect the engine and tender at the end of each trip and the reports filed with the officer in charge.

The monthly, quarterly and annual inspections as per interstate commerce rules, sets a limit on defects which requires defective locomotives to be taken out of service until the repairs are made.

A social form is provided for these reports. The original report is sent to the chief inspector in Washington, and copies are filed in the local offices of the railroad. These reports are made and sworn to by the local inspectors.

It seems from press reports that some of these laws are being flouted to a certain extent, since the engine and train crews are appealing to the highest offices of their country for some consideration in this respects. They are entittled to as much safety now as any time.

There are fifty district inspectors, employed by the government who have heretofore been very rigid on certain defects such as safety appliances, and broken stay bolts, that would endanger the lives of employees and public however they are very liberal with the carriers as to the extent of the defects, some of which are almost worn out before they are condemned. But I have known cases where the engine was placed on a train and ready to depart, the federal inspector, as we term them, would order the engine out of service on account of defects that he considered unsafe.

If the inspectors do their duty as honestly and efficiently now as prior to the strike, there will be no need to be alarmed. However, no one knows th exact conditions of the steam boiler, better than the local inspector who inspects them at the end of each trip.

C. E. CROWSON.

NEED WORKERS? CALL POLICE

They Have Plenty of Husky Laborers

Have you some work that requires husky men? If you have, and need men to do the work, notify the police employment bureau.

This is the request that emanated from Desk Sergeant Leely Humphris at police headquarters yesterday morning shortly after corporate court had adjourned.

Mr. Humphris declared that calls for employment by men in need of work are coming into police headquarters daily, and that numerous men are traveling through this section seeking work.

Some of the cases called to the attention of the police department include men who have families in dire circumstances, Sergeant Humphris said. He urged any person in Wichita Falls having any kind of employment at this time to notify the police bureau. Men, he said, can be supplied at any time.

THIEVES GET TIRES

Thieves broke into the Overland company's warehouse at the corner of Fourth and Lamar streets late Monday night, robbing the building of a portion of its contents, reports made to the local police department early yesterday morning announced.

Four new Fisk casings, four new rims and other accessories were taken off of as many new cars that were stored in the building, according to the police.

No trace of the thieves has been obtained. Detective Chief Jack Miller was dispatched to the scene early yesterday, and began working on the case.

LOSES CAR ON TRIP

C. E. Broesrcke drove to Henrietta from Electra Monday in his Ford touring car.

He enjoyed the ride over there, but the ride back was quite different.

And the reason was that unknown persons carried off his Ford while it was parked on the business streets of Henrietta, and while Mr. Broesrcke was busy.

No trace of the car which was practically new, has been found.

PLEA IS FILED.

Permission for the plaintiff to file controverting plea in the case of the First National Bank of Burkburnett vs. the City National Bank of Mexia was granted by Special Judge Arch Dawson in the county court at law yesterday.

Permission to file privilege plea was granted the defense in the case by Judge Guy Rogers, July 28.

TWO DEFAULT CASES.

Judgment by default and writs of inquiry were granted by Special Judge Arch Dawson in the following cases yesterday morning during the reading of the call docket.

First National Bank of Burkburnett vs. P. M. Armstrong, debt.

E. M. Bingham vs. L. L. Frieley et al, debt.

MRS. MONDERS WINS CASE.

Judgment by default was granted to the plaintiff in the case of Mrs. Harry Monders et al vs. L. E. Rone, suit for alleged damages, during a short session of county court at law yesterday.

Special Judge Arch Dawson also issued a writ of inquiry in the matter.

Public market to open in Wichita Falls, 809 Ohio avenue. The public market chain of stores is the largest retail markets in the west. Watch the papers for grand opening, August 12.—adv.

USE A MAC-DRY BATTERY AND FORGET IT—Adv

MAYFIELD TO SPEAK MONDAY

Leader in Primary Coming Here

Earl B. Mayfield, candidate for the United States senate, will speak in Wichita Falls next Monday night, August 14, at 8 o'clock.

He telephoned friends here over long distance from Dallas Tuesday announcing his intention to come here to speak and said that he would like for all persons in the Wichita Falls territory who can be present to hear him.

The exact location where Mr. Mayfield will speak has not been determined as yet, but it is said that he likely will speak on Moore and Richolt's lot. His location will be announced later.

James E. Ferguson, the other candidate in the run-off, spoke here during his campaign in the primaries.

HIS CAR MAIMED

While N. A. Natanson of 701 Tenth street was in his own home on business, thieves helped themselves to his Ford outside.

The car was left intact when Mr. Nataanson saw it next except for the jack, casing and rim which it had had on its rear right wheel.

And that portion of the vehicle had been removed.

BUICK USED ROUGHLY

Less than 12 hours after his car was reported to the authorities as having been stolen, a Buick roadster belonging to Mack Thomas was located by Deputy Sheriffs Will Lay, Will Bryan and Bradford, and Mr. Thomas had been notified of the discovery.

Deputy Sheriff Lay asserted yesterday afternoon that the car, stripped of all its casings and other accessories, including even the seats to the vehicle, was located about three and a half miles from Wichita Falls in Waggoner's pasture.

SEVERAL CASES PASSED

During a short session of the county-court-at-law, conducted by Special Judge Arch Dawson yesterday morning, the following cases were passed for want of service:

W. F. Weeks vs. W. H. Rowe, debt.

Bonner & Bonner vs. J. L. Strasse company, debt.

Contractors Machine & Supply company vs. D. A. Smith, debt.

R. P. Wofford vs. Prime Oil company, debt.

The cases, according to the magistrate, have been passed until the next term of court.

CAR STOLEN; RETURNED

Shortly after he had reported the loss of his four-passenger Cadillac yesterday morning, Tom Taylor's car was found near Byers and returned to him intact.

The Cadillac, a 1921 model, was stolen Monday night from its parking place at 1008 Lamar street.

JUDGEMENT ACCEPTED.

The Comercial Credit company took judgment by default in the county court at law Tuesday before Judge Arch Dawson in thei rsuit against F. Ben Rogers, litigation of an alleged debt.

Writ of inquiry into the cause of action was issued in the case by the magistrate.

SPUD WIN CAUSES LOSS OF STUDEBAKER

A very excited man rushed into the police station Monday night and announced the loss of his "Light Six" Studebaker.

He was very frantic about that time, and was certain that the car had been stolen from its parking place near the depot.

An officer from the police department strolled down to the depot with the frenzied loser. Both walked about the building, and there, right where the gentleman had parked the car—although he had forgotten it—was the missing Studebaker.

The officers said it was just another case of nerve reaction following a Spudder win.

ORLEANS PLANS TO GREET VETS

Wichita Gets Warm Invitation

The gang will be transplanted to France when the yarrive in New Orleans to attend the American Legion national convention in New Orleans this year.

And this, acording to information received yesterday by Dr. L. I. Lucey, post adjutant of the Pat Carrigan post, is what the boys of Post Contact promise all the former service men in the United States, who are "cordially invited" to attend and participate in the New Orleans meet.

President Harding, General Pershing, Major General John A. Lejeune, Samuel Gompers and Jurge Kennesaw Mountain Landis, besides representatives of all the allied powers including several famous war generals and more than 20 congressional medal of honor men will be present at the convention, the information received by Dr. Lucey asserts.

A special array of fleets, representing the naval power of a strong nation, will be in the harbor for the "gobs" to inspect, while everything from a mardi gras parade featuring the beautiful Creole maidens, and entertaining prize fights which will display the prowess of such men as Pal Moore, Bob Martin, Captain Roper, Johnny Buff and Harry Henderson will be put on to the amusement of the former service men and legionaires.

Through special arrangements with all the New Orleans hotels, special rates of from $1.50 to $2.50 per day have been arranged for the former service men, while half fare rates will prevail on the railroads and on the United States ships.

The communication concerning the annual convention will be read to the meeting of the American Legion tonight, when they convene in the legion hall, Dr. Lucey said yesterday.

BRYANT BACK FROM RALLY FOR MARRS

Burl Bryant, returning from a meeting of the S. M. N. Marrs-for-state-school-superintendent club, held in Fort Worth over the past week-end ,announced yesterday that much enthusiasm in the behalf of Mr. Marrs' candidacy in the run-off primary was evidenced during the meeting. Marrs addressed the assemblage during the conference, he said.

The committeemen present, according to Mr. Bryant, were highly elated over the announcement of official votes cast in the July election which gave Marrs a lead of approximately 1,000 over Ed R. Bentley, candidate fthe same post.

According to an announcement made at Fort Worth during the meeting, Mr. Bryant declared, J. G. Smith, the third candidate in the race who was eliminated, is now making speeches throughout the state in behalf of Mr. Marrs' candidacy.

Splinters

Short Stuff With a Dash of Pepper

IT wasn't the way he stood at the bar
And denied the things he'd do,
The defendant learned that he was fined
For drinking "mountain dew."
—Street Corner Ballads.

Since Dame Style decreed that ears should come back, two were seen on Indiana yesterday.

B. L. Boyd believes that the reason Kelly's lunch counter was closed recently is because Eddie Perdue had located the eating establishment.

W. J. Cram, general manager of the Aikin Gasoline company, Tulsa, Okla., was here on business yesterday.

H. N. Roberts, traffic manager of the Wichita Falls & Southern, returned from Amarillo yesterday.

Appleant at Police Station: "Do you know where can get a job, sergeant?"

Lenly Humphris: "Humph! I'd like to have one myself."

Now they play "bridge" for prizes. Us kids used to play London bridge for fun! But everything's changed since then.

We wonder how many more alibjs Weir and Daly will offer for that Shreveport bunch?

Officer Brownlee Graham says he's been to many a poker game as the uninvited guest. Four that he caught in a game recently faced Judge Marrs in police court only yesterday.

The height of Fate is when you have two aces in the hole and one showing, and just then the coppers walk in.

Punk Bates says "it ain't so bad to be out of work as long as Walter and the Spuus keep their eyes open."

Charles Garrett, keeper at the courthouse, has a novel way to ascertain when it is going to rain. He has a pet frog that comes from its hole in the basement of the building when it is going to rain, so Charley says. Three croaks, a shower; four croaks, more rain; a dozen croaks and we get a downpour. So there you are, an infallible weather prognosticator.

Bookkeeper Curtis of the Potts & Prentice Construction company has an idea that some one in Chicago thinks he's contemplating going into the whiskey manufacturing business. He is continuously receiving catalogues from the vicinity explaining where and how to get stills, malts, hops, and how to make all kinds of beverages. Undoubtedly Currie stands ace-high.

Ben Neal proved his veracity when he returned from Canada with an empty suit case.

Ben had said prior to departure: "I'll think of you, boys." And we guess he did, because he had no "spirit" to think with when he returned.

Joe Mack of Harry's Shoe store is spending a 10-day vacation in El Paso and Juarez.

Take one on us while you're across the line, Joe.

It took Special Judge Arch Dawson just half a day to do away with 13 cases in the county court at law yesterday.

Suggestion to Arch is that he'd better watch out for the speed cops.

Old Sol beamed forth a radiant brilliancy Tuesday and another victim fell sunstroke. It was a white laborer who succumbed to the effects of the sun on the dam.

We'll probably hear some good Ferguson dope when Mayfield speaks here Monday night.

Winning a race in Texas and then flying away to the east is not a habit with E. H. Gipson, we learn confidentially. It's just a vacation.

News Item: "Unknown yeggs blow Wichita Foundry company's safe and secure $32."

Comment: "Just another example of what reduction of the city police force can do for a city of 60,000."

It is rumored that if the council would cut the police force down a couple of other dozen men that the reporters here would have a boom on murder, robbery, fire and disaster stories.

Come on, boys, give the news hounds a chance!

OUR DAILY MOVIE STUNT

Scene: Local cafe.

Customer: "Waitress please give me a glass of milk half cream and half coffee."

Waitress, Returning Several Minutes Later: "Please, sir, which part of the glass did you want the cream in?"

Wanted at Athletic Park: First class grammar grade nine to take Shreveport's place today.

Won't it be some sight to see Yeargen, Schurer, Julian Bobo and a few of the other grown-up boys on the ball diamond when the Kiwanians and Rotarians clash in their annual baseball tilt?

We'll be there with bells on to ring for you, though, kid!

He Held Two Aces in Hold With Another Showing; and He Lost

One of the contestants held two aces in the hole; and he had another ace showing.

Just across the table from him sat four other players. And they all held exciting poker hands.

The first players referred to pushed a pile of chips out to the "pot" in the center of the table—

Then the door opened just at that instant, and the game came to an abrupt close. Brownlee Graham, city policeman, stood on the threshold.

Possibly Brownlee wasn't as welcome as he might have been had he have been some other personage; but soon after his appearance in the midst of the game, the officer invited the five participants to spend the night on the city, and so they did.

That was on August 4. And yesterday morning, Judge Marrs looked the five defendants in the face, heard their pleas of guilty, and then fined the entire aggregation $10 eaach.

Thus a poker game already costly to some of the five became more costly.

SAFE DYNAMITED IN FOUNDRY CO. OFFICE

Unknown parties broke into and looted the offices of the Wichita Foundry company at the end of Barwise street some time during Monday night according to a report made to the local police yesterday morning.

The safe in the front of the building was blown open and $32 in money was taken from the cash drawers. The marauders effected an entrance into the safe through the use of nitro glycerine.

Entrance into the building, it was learned yesterday morning, was gained through a window, which was prized open apparently with a heavy bar.

BREW COST HIM $5

He'd been drinking "home brew," so he told the court yesterday morning when he was brought before Judge Marrs in the corporate court room.

And he showed evidences of that fact.

It may have been the night spent in prison that caused the defendant to present the appearance of "the morning after the night before", anyway, when he had pleaded guilty, the court expressed the following opinion in the usual short, concise manner: "Your fine will be $5."

PROGRESS ON PAVING

If material on the east end of the Burkburnett paving project is placed on the grounds at regular intervals and on time, the north mixer on the road will complete its portion of the 1,500 feet yet to be paved sometime this week, it was announced yesterday, thus completing the Burkburnett road.

The crew on the project, it was reported, was working full capacity yesterday following a day's rest on Monday, when material was insufficient to warrant a run.

CLARA RATE SET AT 68 CTS.

Trustees Cut Higher Figure

Following the appearance of a large comittee of residents before the county commissioners Monday relative to the matter, the county school superintendent, Burr Bryant, and the school trustees from Clara, special district No. 9, held da meeting in the former's office at the court house yesterday and fixed the tax rate for Clara school purposes at 68 cents.

The rate, through a special election, had previously been fixed at 100 cents on the $100 valuation, to which the committee for Clara property holders who appeared here Monday offered strenuous objections.

A meeting planned to be held with the Clara trustees at Clara tonight, Mr. Bryan said yesterday following the conference, will not change the 68-cent rate.

SHIPMAN WINS SUIT

Judgment for the defense was the verdict of Special Judge John Kilgore in the 30th district court yesterday afternoon in the case of the Arkansas-Texas company vs. W. G. Shipman, suit for damages.

The Arkansas-Texas company sued Shipman for $2,000 alleged damages as the result of an execution and sale growing out of a justice's decision in the justice's court at Iowa Park. The sale incurred the disposition of an oil field boiler, which, the plaintiff claimed, interrupted operation on a lease.

SEPTEMBER SET FOR COMPLETION OF ROAD

Due to a long haul which the McCollum Construction company has encountered on the Electra north road, it is not thought that the project will be completed before the first of September, announcements made yesterday being to that effect.

A five-mile haul has been encountered, this placing the material on the grounds in slow fashion. The construction company has a total of approximately two miles yet to be paved.

Weeks' Horses Not to Run in Kentucky

Fred Weeks will not start any of his thoroughbreds at Churchhill Downs during the coming racing meet. This was ascertained definitely Tuesday when Jake Avis said that the idea of racing on the famous Kentucky track this season has been abondoned.

He said, however, that Mr. Weeks has about five horses ready to start at the Texas-Oklahoma fair and the Texas state fair. Mr. Weeks is in Colorado at present.

TWO CHECKS PASSED BY NEGRO HERE

A forgery, in which two checks which had been signed "Mrs. W. B. Chenault" and in which a sum of $90 was obtained, was brought to light yesterday morning.

The checks were cashed by the Gate City and the White House markets, to whom the instruments had been made payable.

It was learned yesterday that following a telephone communication in which a "lady's voice" asked officials of the two markets whether they would cash the checks, that a negro man brought the instruments in, and obtained the money for them.

The checks, which are said to have been passed last Thursday, were rejected by the bank Monday on the grounds that they bore the "improper signature."

Mrs. Chenault, whose name had been signed to the instruments, was out of the city at the time they were passed, it is learned.

No trace of the negro who received the money, $45 each from the two respective stores, has been found. Police are of the opinion that the woman, whose voice was heard over the phone, is some white woman who was implicated in the deal.

FINE DAY, THANKS

A good breeze, medium low temperature and a kick in the ozone that made Wichita Falls residents kick up their heels like young colts Tuesday morning.

The mercury stayed down at the 80 degree line until after 7 o'clock then climbed slowly during the morning hours never reaching the 100 degree line during the day. The breeze following the rains of Monday made the air splendid and all Wichita Falls enjoyed the weather.

Resident Has Awful Experience

"I was twice confined in hospitals, in the last one nothing but gruel water was injected into me four times a day, as my stomach would not retain any food. I suffered terribly; was reduced to a skeleton. My folks saw an ad of Mayr's Wonderful Remedy and it has surely saved my life. I weigh 180 pounds now." It is a simple, harmless, preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes puractically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At Mack Taylor's and druggists everywhere.—adv.

DAWSON PRESIDES IN COUNTY COURT

Arch Dawson, sitting as special magistrate of the county court at law, in the absence of Judge Guy Rogers, disposed of a number of cases yesterday when the call docket was read.

Included in his days activity was a default judgment in the case of D. A. Kitsos vs. Lewis Oil company, suit on debt, and the issuance of a writ of inquiry.

SPEEDING COSTLY

Judge John Marrs added $5 to a total of $60 in fines assessed yesterday morning just at the close of corporate court, when he fined a young man charged with speeding $5.

The defendant pleaded guilty.

JUDGMENT IN DEFAULT ISSUED BY DAVIDSON

Judgment in default for the plaintiff in the case of Carroll Brough et al vs E. N. Fears was issued by Special Judge Arch Dawson in the county court at law yesterday morning.

Judge Dawson also issued a writ of inquiry in the case, which was a suit for an alleged debt, thus assuring that the facts in the litigation will be brought before the court at a future time.

PLAINTIFF WINS SUIT

Judgment for the plaintiff in the sum sued for was the verdict of Special Judge Arch Dawson in the county court at law yesterday morning in the case of M. S. Bemott, vs. J. H. Freeman et al, suit for alleged debt.

The judgment, issued by default, also called for the issuance of a writ of inquiry.

Joe Huckins, Jr., On Way to City To Manage Kemp

Joe Huckins, Jr., has sailed from Europe where he has been touring with his bride and will be in Wichita Falls by September 1 to take charge of the Kemp hotel, according to J. H. Stafford, acting manager. Mr. Stafford said Tuesday that Mr. Huckins sailed from France July 17.

When the junior Huckins takes charge of the Kemp, Mr. Stafford will resume his work as traveling auditor for the Huckins hotels.

KILGORE IS JUDGE

Judge John Kilgore was elected special judge of the 30th district court during a special meeting of the Wichita County Bar association held in the 30th district court room yesterday morning.
