VOL. 3. NO. 15. WICHITA FALLS, TEXAS, TUESDAY, AUGUST 30, 1921. FIVE CENTS EVERYWHERE

ASK FEDERAL TROOPS

MAINLY ABOUT PEOPLE

By H. N. F.

"This is the hottest summer since 1900," remarked W. B. Patterson, rooms 1111 and 1112 City National Bank building. "This isn't all. There is coming a very severe winter. All the signs point to a winter as cold as the summer was hot." Mr. Patterson should know all about the signs, speaking of the weather, away down here in Texas. He is a native Texan, he was born in Ellis county, and although he has traveled widely Texas has ever been his home. Amarillo had been his habitat for fifteen years until he picked Wichita Falls as a city of the future as well as the present. Amarillo is a cold spot in the good old winter time. It is a bit warm in the summer, regardless of the fact that all of its people love to call it the Italy of America on account of climatic resemblance to weather conditions in the land where the Ceasers died. Patterson has the evidence that the coal dealers will prosper this winter. In the Canadian countries the beavers are already building their winter homes and they are making them snug and tight. A beaver knows what's coming. If he scents a mild winter he is lazy or indifferent but if he scents the coming of a cold winter he gets busy early in July and makes preparations to keep the home fires burning when the rivers are frozen and the surface of the earth covered with ice and snow. All the nature observers in the middle west say the signs point to a hard winter. Black martins have begun the migration southward. Clouds of them may be seen flying along the shores of Lake Michigan. Indians in Wisconsin say the animal pelts are heavier than for many years. Wild geese slain by hunters have thick breast bones. Wisconsin farmers report corn husks to be very heavy. Lastly W. B. Patterson of Texas is sure that old Boreas will chill the marrow to the bone in Texas the coming fall and winter. H. N. F. isn't a weather prophet. Why worry? It is only 102 in the shade now, but the nights are glorious and the world will continue to jog along regardless of summer heat or winter freeze.

American Consul Dawson at Tampico says ocean shipments of oil from the Tampico section of Mexico decreased by nearly two-thirds in July, the first month of the new Mexican petroleum tax. Sure; there was a sweeping decrease. Five American oil companies ordered suspension of production. They are the larger shippers of Mexican crude. President Obregon imposed the tax. American oil kings wanted to let him know, you know, that Tampico was an American and not a Mexican province or state. Now the big ones are in the City of Mexico; there is a conference on and if billions talk President Obregon is up against it. Holland bars nationals of other countries from the Dutch possessions. Mexico admits the Dutch Shells people; America admits the Dutch Shells people. John Bull is said to be behind the Dutch Shells. H. N. F. is for "America first." He is for the Monroe doctrine. He would like to see the American people control the commerce of Mexico and the commerce of the Pan-Americas. They are our friends; they are our neighbors. They have no use for kings or kaisers. Reciprocity is the thing. Buy from those who buy from us. Protect those who are willing to do business on a fifty-fifty basis. There is said to be an open door in China. Maybe so but the doorkeeper is a Jap. He is going to get his and is entitled to it.

Albert M. Lasker of Chicago is chairman of the American shipping board. Now the republicans of Illinois are going to run him for governor in 1924 for the purpose of throwing Lan Small in the ditch. Lasker is a Texan. He was born in Galveston Island. His father, Morris Lasker, was a pioneer builder of this section of Texas. Albert moved out of Texas and has accumulated millions as the ruling head of large industries. His father was a democrat and served one term as state senator; Albert is a republican and is one of the men who gave his time and money to put Harding over and bludgeon the Wilsonian policies of government. Should he become a candidate for governor of Illinois "Big Bill" Thompson of Chicago has a very long and a very sharp knife and he knows how to use it. Illinois may land in the democratic column in 1922 and again in 1924. There will be soup houses and bread lines in the larger cities this winter. They were unknown when Woodrow Wilson was president. There hasn't been a war tax revised or repealed. America has the same old tariff system—that is insofar as the south or the west is concerned. Fiume hasn't been given to Italy. France hasn't been taken off the back of Germany. Ireland isn't a free republic. Soviet Russia hasn't been recognized. Former service men haven't been given a bonus. There is no heavy demand abroad for American cotton. Crude is on the free list. Hides are on the free list. Frozen meats are coming from Australia and Argentina. Vegetable oils are coming from the Orient. Whenever times are hard, foreign demand for American products weak, money tight and labor idle the party in power is sure "to catch hell," to quote from the vocabulary of the man in the street. Then there are more outs than ins and on election day the outs jumped the ins regardless of oratory or facts or figures.

Editor Charles Martin of the Archer County News speaking of the cotton crop says: "The cotton crop in Archer county looks good—that is, what there is of it, but there is very little of it as only a little was planted. Verily, the News' propaganda to reduce the acreage must have had effect—in fact, too much effect we are in-

Resume Rioting In Streets of Belfast

By The Associated Press.

BELFAST, Aug. 29.—Rioting accompanied by shooting and bombing, which broke out at midday today in North Queen's street and along the New Lodge road, and was renewed later in the afternoon, brought about the death of two persons—a visitor to the city and a shipyard worker. Six others were wounded

By The Associated Press.

DUBLIN, Aug. 29.—Telephone communication between Dublin and Belfast was impossible tonight as all wires had been cut. At Dublin Castle however, it was said that at Belfast at 8 o'clock the situation was well in hand.

DISORDER IN INDIA NOT TO DETER PRINCE

Heir to British Crown Will Visit Empire Despite Outbreak of Moplah Tribesmen.

By Associated Press.

LONDON, Aug. 29.—At the present moment there apparently is no idea that the troubles in India will affect the approaching visit of the Prince of Wales to the Indian Empire. An official list issued tonight contains a number of ruling Indian princes and other personages who will be attached to the suite of the prince during his visit. Earl Cromer, who once held the post of aide de camp to the viceroy of India, will head the personal staff of the prince.

A report issued by the Indian office today concerning the situation at Matabar, deals mainly with the movement of bodies of troops to the disturbed areas. It also includes a communication from the district magistrate at Malabar, explaining the origin of the trouble.

According to this magistrate, says the report, he received information of the existence of a number of war knives in Tiruangadi, in contravention of the Malabar offensive weapons act of 1851. Owing to this fact, and also for the purpose of arresting for inciting to outrage certain persons in Tiruangadi under the Moplah outrages act, a party of police and troops was sent here. It was during searches made by this party that determined efforts were made from two sides by armed bands from various adjacent districts.

The magistrate adds that evidence that these searches and arrests were made under legal warrants and in conformity with law was the signal for an outburst of fanaticism throughout the district, first against the European officers and later against the Hindus.

OUTBREAKS CAUSED BY RELIGIOUS BELIEF

By Associated Press.

LONDON, Aug. 29.—Reports today from the revolutionary area of Malabar, British, India, indicating that British troops and cavalry had arrived there, tended to confirm the belief in London, that the uprising would be confined to this area but none here would deny the seriousness of the situation or its potentialities for spreading.

The trouble in Malabar arises, it is stated, primarily from religious fanaticism and from the intense hatred of the Moplahs, or Mohammedans of Arab descent, for Europeans and Hindus. Of politics and home rule they know nothing, as they virtually are barbarians, but the religious torch will always stir them to bloodshed and they live mainly for their religion and are willing to die for it. Self torture is not uncommon among the Moplahs in the hope that they will thus arrive in heaven and they believe that death on the battlefield is the sure road to a happy hereafter.

Close observers here of Indian affairs express the belief that the uprising also is in part due to the widespread propoganda of the native Indian nationalists. To this agitation has been added reports of greate wrongs done Turkey and the Caliphate by the treaty of Sevres.

VILLA NOT FORCED TO FLEE FROM FARM

BANDIT LEADER STILL ON PLANTATION WITH FOLLOWERS

By Associated Press.

EL PASO, Texas, Aug. 29.—Francisco Villa has not been forced to flee from his rebellious followers and has not been shot, as rumored in Juarez, but is still on his ranch at Canutillo, Durango, according to Colonel Francisco J. Reygardas, assistant subchief of President Obregon's staff, who arrived in Juarez today. Reports that Villa had fled to Parral for protection are said to have resulted from rumors of dissatisfaction among his men over delay in payments guaranteed them by the government.

FIRE DESTROYS IMPLEMENTS AND FARMERS' COTTON

Special to the Record News.

SEYMOUR, Texas, Aug. 29.—The cotton warehouse, 260 bales of cotton and $7,000 worth of implements and tractors were destroyed at Bomarton this county, Sunday morning by a fire of unknown origin. $1,500 insurance was carried on the warehouse which was constructed several years ago at the cost of $4,000 and it is thought only $300 was carried on the 260 bales of cotton.

Westly Harrison was the owner of the implements and tractors and it is not known as whether his loss is covered by insurance.

The cotton belonged to farmers in the community.

PARRISH HOPEFUL OF VICTORY

Congressman Declares He Has Excellent Chance for Senate

An optimistic feeling with regard to his race for the Democratic nomination for United States senator next summer was expressed by Congressman Lucian Parrish to a meeting of friends and supporters in the offices of Bullington, Boone, Humphrey and Hoffman Monday evening. Mr. Parrish returned to Texas Monday following the recess by congress.

In explaining his entry into the race Mr. Parrish expressed himself as believing in his ability to give the people of Texas the kind of representation they wished in the United States senate, and declared that he would not be in the race if he did not feel that he could do so.

Mr. Parrish, it was pointed out by supporters who expressed themselves at the meeting, is the only one of the candidates who is not a professional politician, is a young and vigorous man, the only West Texan in the race, and a man with influential friends in every section of the state.

A later meeting at a city which would be central for all points of Texas, at which time a definite state organization would be found, was discussed.

Among those who took part in the discussion were: Leslie Humphrey, who presided; Hugh Nugent Fitzgerald, T. B. Noble, J. C. Parks, W. C. Witeber and Ed. Howard.

NEBRASKA BANKER GIVES HIMSELF UP.

By Associated Press.

BLAIR, Neb., Aug. 29.—Fred H. Claridge, former president of the banking house of A. Castetter of Blair, which was found to have failed following his disappearance last February 27, surrendered today and was released on bond. He is charged with taking funds from the bank and loaning them to himself.

SINN FEIN CARRY APPEAL TO ULSTER

By Associated Press.

DUBLIN, Aug. 29.—The Republican ministers were busy today in consultations among themselves and with their supporters concerning the Irish situation, but it was officially announced this evening that no reply to the latest communication of Premier Lloyd George would be sent to London tonight.

Officials at Dublin Castle and other persons interested in success of the peace negotiations seemed unperturbed tonight over the delay in replying to Mr. Lloyd George. It was admitted at the castle that it was known what the latest reply of Mr. DeValera and his followers would be. Optimism, however, prevailed at the castle, and likewise among a large section of the public. It is considered probable that the reply dafted by the cabinet may be altered to some extent on the advice of persons outside the Dail. It has been alleged that Mr. DeValera's previous letter to the premier was toned down before being sent to London.

The report that Michael Collins, the Sinn Fein minister of finance, intends to speak in Armagh next Sunday is considered here as an indication that the Sinn Fein intends to carry the battle for a united Ireland into the enemy's country. Mr. Collins' move is considered to be a dangerous one, the belief prevailing that his visit to Ulster may be resented by the Ulsterites and lead to trouble.

CAPTURE BANDIT AFTER GERBER, OK., BANK IS ROBBED

By Associated Press.

ENID, Okla., Aug. 29.—One of the two men alleged to have robbed the Garber State bank of $3000 at 1 o'clock today was captured at 3:30 o'clock by a posse and is being taken to Garber, according to word received here. He is said to have been in an automobile.

None of the loot was in the motor car. Officials said they believed the money had been taken by the other man who followed a different trail on foot.

"AUTOMOBILITIS" EPIDEMIC SPREADS OVER WICHITA FALLS AND SURROUNDING TERRITORY

Were you ever afflicted with "Automobilitis?" Wichita Falls is undergoing an epidemic of it just now. So is about 90% of Texas and Oklahoma—in fact, all that portion tributary to Wichita Falls.

"Automobilitis" affects both men and women, but the present epidemic seems to be confining itself to those of the gentler sex.

And it is the Wichita Falls Record News great automobile and prize campaign to which is attributed the epidemic of "Automobilitis" that is affecting so many young women of Wichita Falls and vicinity.

Who wouldn't be afflicted, though?

Five handsome motor cars are to be given away. Every car is a dandy. 1921 models. Fully equipped powerful motor cars. Right from the factory.

All the cars are familiar to anyone who knows the latest thing about automobiles.

The Record News will present these five automobiles, together with many other handsome prizes, to someone. Who those someones will be nobody knows. But it will be decided in a few weeks by the young women who are making such splendid progress in the campaign.

Every day they send in their votes. Every day the campaign manager is kept busy answering countless inquiries, as young women want to know "what to do to win, how to do it, and where to do it."

In the Limelight.

To be a candidate in The Record News prize race means to instantly become the center of interest. Thousands and thousands of people are talking about the wonderful prizes and the young women who are seeking them.

They are watching each day as the old and new contestants busily gather votes. And the ease with which votes are secured spurs them on.

The result in the race will be known October 29th, when the campaign closes. The intervening weeks promise excitement and enthusiasm without precedent in the newspaper campaign of this town.

This week has already started out to be a busy one for the young women. Quite a number actively began the gathering of votes Monday in view of splendid 100,000 extra vote that is now in effect. It takes only $30,00 worth of subscriptions to The Record News to obtain 100,000 extra votes above the usual regular votes, that are issued on each subscription.

Building $30.00 clubs then, is absorbing the attention of most every candidate. Every subscription secured now places a candidate that much nearer the Haynes touring car that will be awarded as capital prize at the end of the race. And a wonderful array of other cars are to follow. A $1,495 Studebaker, $975 Maxwell, $835 Overland, and a $583.61 Ford.

More than two score additional prizes remain to be distributed after the automobiles are awarded. These include three Victrolas, floor lamps, kitchen cabinet, vacuum cleaners, and Sealy mattress in addition $2,000 has been set aside to be paid to the nonprize winners or to those who do not win any of the fourteen regular prizes.

To Lead Is Easy.

More than one candidate has promised, before this week is over, she will be on an even plane with those who have started earlier. This is quite within the bounds of possibility, when it is considered that two or three subscriptions will yield enough votes to take the lead.

Elsewhere in the paper is printed a "first subscription coupon" that will start any young woman, whether entered or not, well on the way to success. It gives a candidate 10,000 votes besides the regular votes on the subscription.

Clip this blank and send with you first subscription of six months or longer, either old or new, and you will have more than 14,000 votes to your credit.

After the start is made, you will quickly reach the top of the vote column. Do it now, and share in this liberal $10,000 prize distribution.

HOLD DRILLER FOR HIJACKING TEXAS OIL MAN

Long Beach, California, Authorities Arrest Albert Pickard for Taking $20,000 From I. M. Bradley.

One Under Detention Claims Victim Robbed Him of Wife and He Accepted Money as Settlement.

By Associated Press.

LONG BEACH, Calif., Aug. 29.—Albert Pickard, an oil well driller was arrested here today and $20,000 he had in his possession was impounded by the police, who charged he had obtained it from I. M. Bradley, said to be a wealthy Texas oil man.

Bradley said Pickard entered his office today and produced a revolver and threatened to kill him unless he turned over $100,000.

"I told him," said Bradley, "that I could not give him that sum but would give him $20,000 and a note for $80,000 due in thirty days."

Pickard said he came to this section after his wife, who is in Collinsville, Texas, with their son and her mother, had told him she had entertained an affection for Bradley. "I did not know what I would do when I got here," the police quote Pickard as saying. "I tried to see Bradley yesterday, but I could not find him, although I waited around his office all day.

"When I walked into his office today and confronted him he at once offered a financial settlement. I thought it would be best to take it."

The police say they found two revolvers on Pickard when they arrested him.

KING OF SPAIN DIRECTS CAMPAIGN

REPORT FRESH OUTBREAKS AMONG SPANISH AUXILIARIES IN ELARAISH

By Associated Press.

MADRID, Aug. 29.—King Alfonso returned to Madrid from St. Alander last night to superintend preparations in connection with Spain's forthcoming campaign against the rebellious Moors in Morocco. An additional battalion of Spanish troops left Madrid today for the disturbed area.

MADRID, Aug. 29.—Reports from Morocco today indicated that trouble has occurred among the native Spanish auxiliaries in Elaraish, on the Atlantic coast of Morocco, to the south of Tangiers.

El Araish is located 180 miles to the west of the Melilla section of Spanish Morocco where the Spaniards recently suffered severe reverses at the hands of rebellious Riffian tribesmen. This is the first report of any troubles in the Atlantic coast section of Spanish Morocco.

NEAR-BEER KEG EXPLODES WITH PAINFUL RESULT

By Associated Press.

DUBUQUE, Iowa, Aug. 29.—When a keg of near beer he was tapping exploded, William Trainer's right arm was broken in two places by the head of the keg.

SIGNS CERTIFICATE FOR PEGGY JOYCE

Special to the Record News.

CHICAGO, Aug. 29—Judge Joseph Sabath of the superior court today signed the certificate of the evidence taken in the hearing in which Peggy Joyce was awarded $40,000 for legal expenses and $1,350 a month temporary alimony from James Stanley Joyce, millionaire club man whom she is suing to divorce. The action was taken to allow the husband to appeal.

SUNSHINE SPECIAL WRECKED; 1 HURT

By Associated Press.

TEXARKANA, Texas, Aug. 29.—The Missouri Pacific's Sunshine Special which passed through here at 10:30 from Texas points, was wrecked at Hope, Ark., 30 miles north of here, when it ran into a Frisco freight train at the crossing in the Hope yards.

According to early reports reaching here no one was injured except the engineer of the Sunshine Special.

RECOVER BODY OF LIEUT. BIEG

By Associated Press.

HULL, Englad, Aug. 29.—The body of Lieuttenant Commander Valentine N. Bieg, of Bryn Mawr, Penn., was recovered from the wreckage of the ZR-2 tonight.

WHEAT ACREAGE IN KANSAS SMALLER.

TOPEKA, Kan., Aug. 29.—A smaller acreage of wheat in Kansas this fall than last fall due to climatic and market conditions, is the forecast by J. C. Mohler, secretary of the state board of agriculture, in the weekly crop report issued today.

GOVERNOR WIRES PRESIDENT AFTER MINERS MOBILIZE

Two Deaths Occasioned by Throwing of Bombs and Shooting; Military Patrolling District in Armored Cars; Communication Cut.

CHARLESTON, W. Va., Aug. 29.—Governor E. F. Morgan at midnight telegraphed an appeal to President Harding to send federal troops into West Virginia.

WASHINGTON, Aug. 29.—Federal troops will not be sent to West Virginia to deal with the situation in the coal fields there unless another request is made by the state authorities, Secretary Weeks announced today after a conference with President Harding.

Reassemble at Marmet and Trouble Feared.

CHARLESTON, W. Va., Aug. 29.—Armed men in the Paint Creek and Cabin Creek coal fields are reassembling at Marmet and other points along Lens creek between the Kanawha river and Madison in large numbers according to reports received at the office of Governor Morgan late tonight.

Adjutant General Charnock reported to Governor E. R. Morgan that developments in Logan county today "indicate grave danger of a pitched battle within the next twenty-four hours which would be bound to result in many casualties on both sides." He reported a new gathering of armed forces and told the governor that resentment aroused by the reported capture of several Logan county deputy sheriffs by unidentified persons, has been growing among the deputies' companions and "may result in an attack for the purpose of freeing the men."

Mr Porter reported to C. F. Keeney president of district 17, United Mine Workers of America, of whose executive board he is a member that he regarded the situation as extremely grave.

After reporting to Governor Morgan, adjutant general Charnock went into conference with Colonel I. W. Leonard, U. S. A. detailed from Fort Benjamin Harrison, Indiana, to observe the situation. Governor Morgan announced later that he had been in touch with Boone county officials tonight urging the necessity for taking energetic measures to obtain release of the Logan deputies said to be held prisoners by armed men on the Boone county side of the line separating it from Logan.

GATHER AT MULLENS

By Associated Press.

LOGAN, W. Va., Aug. 29.—After an apparently quiet day rumors early tonight were circulated that a number of men were gathering at Mullens, Wyoming county, and planning to march across McDowell into Logan and thence to Mingo. Although the reports could not be confirmed they seemed to have sufficient foundation to cause Sheriff William Hatfield of McDowell here with 20 deputies assisting Sheriff Don Chafin, to send approximately half of his force back to Welch, Hatfield himself however, remained here.

A tour of inspection was made along the border by Captain Brockus of the state police and he found everything quiet, he said.

LEWIS DECLARES HE OPPOSES STRIKE FIGHTS

By Associated Press.

INDIANAPOLIS, Ind. Aug. 29.—John L. Lewis, president of the United Mine Workers of America, today issued a statement declaring that he was more than willing to join Governor Morgan in any sincere attempts which he may make to prevent civil war in West Virginia and to lend aid to the constituted authorities in procuring respect for the state and federal laws." Mr. Lewis said his statement was prompted by one issued by Governor Morgan in which the governor declared that circumstances connected with the march of armed men through the state indicated that Mr. Lewis "has not made a large contribution in trying to prevent civil war in West Virginia, or aid the constituted authorities in suppressing defiance of those authorities."

OBENCHAIN AND BURCH ENTER PLEAS

Defendants in Los Angeles Mystery Declare "Not Guilty" When Arraigned.

By Associated Press.

LOS ANGELES, Aug. 29.—Every effort will be made to obtain separate trials for Mrs. Maualynne Obenchain and Arthur C. Burch, it was announced by their counsel today after they had pleaded "not guilty" to charges of having murdered J. Belton Kennedy, a broker and their trial had been set for November 1.

A general counsel was planned late today by Paul Schenck, chief defense counsel and his associates in the defense, Richard Kittrelle and Ralph R. Obenchain, the former husband of Mrs. Obenchain, and the Rev. W. A. Burch of Evanston, Illinois, the father of the other defendent.

It was expected that the Rev. Burch would start tomorrow for Evanston to complete arrangements for his sons defense and that Obenchain would remain here to assist in the defense of his former wife.

Schenck, whose absence from the city resulted in two postponements of the pleas said his first action would be an interview with Mrs. Obenchain and his second probably a visit to the Kennedy cottage in Beverley Glen, near here, where the young broker was slain the night of August 5. When Mrs. Obenchain appeared in court, she showed signs of her recent collapse, but Burch seemed in his usual health and spirits.

After the pleas had been entered before Judge Snyder N. Reeve, of the superior court, the defense asked for an opportunity to file a motion for separate trials. The prosecution announced it was undecided whether to oppose the action. The court then granted a continuance of ten days, so the matter could be determined exparte.

Emile E. VanBever, former Chicago attorney, now practicising in Los Angeles, announced today that he will leave Los Angeles tomorrow for Chicago where he is to participate in the preparation of the defense of Burch and Mrs. Obenchain.

"The key to this case is as much in the east as in the west," he said. "I think the master key is in the east." VanBever said he could confer in Chicago with attorneys who have been retained by the Rev. Mr. Burch.

TURKS ENDANGER ARMY OF GREECE

By Associated Press

PARIS, Aug. 29.—The occupation by Turkish troops of Bilejik, forty-five miles east of Brussa, Asia Minor, whose capture was announced last Friday, has resulted in serious danger to the Greek army communications, according to reports received here today from Turkish sources.

RELEASE LIVEZEY UNDER $25,000 BOND

By Associated Press.

DALLAS, Texas, Aug. 29.—William S. Livezey, former president of the Little Motor Kar company, who was sentenced last January to five years imprisonment on conviction of alleged misuse of the mails in connection with stock sales of the company, was released today under $25,000 bond pending an appeal. He has been in jail since his trial.

DISSOLVE WRIT OF HABEAS CORPUS FOR HIGHTOWER

By Associated Press.

SAN FRANCISCO, Aug. 29.—A writ of habeas corpus obtained last week in the district court of appeals in behalf of William A. Hightower, charged with the murder of Patrick Heslin, a Catholic priest, was dissolved today. It had been charged that the district attorney of San Mateo county had refused to allow the attorney, who filed the writ to see Hightower. The court ordered the district attorney to permit counsel to see Hightower in court.

CLEVELAND ASKS HARDING ATTEND OPENING OF HALL

By Associated Press.

CLEVELAND, O., Aug. 29.—Mayor W. S. Fitzgerald will invite President Warren G. Harding to attend the opening of Cleveland's new $4,000,000 municipal Public Hall the week of October 15.

It is hoped plans may be completed so the president can lay the cornerstone of the new Federal Reserve bank building at the same time.

"OPEN SHOP" STRENGTHENS UNION LABOR

Executive Council Issues Statement Declaring Movement Solidifies the Ranks Organized Men.

Reiterates Adhesion to Denver Principles of Giving Unstinted Support to Irish in Struggle.

By Associated Press.

ATLANTIC CITY, N. J., Aug. 29—The open shop campaign and the "aggressive hostility of unfair employers" has strengthened rather than weakened the solidarity of the organized labor movement, it was declared in a statement tonight by the executive council of the American Federation of Labor. The council based its decision, the statement said, upon reports submitted by affiliated national and international unions and other information collected throughout the country.

Analysis of the reports, the statement said, showed a reduction in payment of dues by the federations membership was due principally to the wave of unemployment throughout the country Secretary Frank Morrison took occasion to deny reports published today that the federation had suffered a slump of 750,000 members during the present industrial crisis. Mr. Morrison referred to figures announced at the Denver convention, which showed a decrease of 172,212 members during the past year, but declined to give figures on the present membership.

Calling upon all affiliated unions to join in a great organizing campaign, a statement by the council said:

The executive council also went alive to the tremendous forces at work to destroy trade unionism. It is appreciative of the depressive industrial situation and impressed strongly with the desire and need of organizing the unorganized in a solid trade union phalanx for mutual protection and for the advancement of the wage earners common interests it has determined to inaugurate a comprehensive and extensive organizing campaign.

"The workers are also called upon to observe labor day in a fitting way and to manifest in an unmistakable manner that the cause of labor is more alive today than ever in the history of the trade union movement."

The statement declared the council welcomed the "changing attitude of the church and of the women's organizations toward the trade union movement as evidences of the fact that while plutocracy may attempt to exclusively control the material things of life, money and credit of the nation it does not and cannot control the heart and soul of America."

"The executive council is keenly on record tonight as binding themselves to the instructions of the Denver convention to support the Irish people "in their struggle for the recognition of their Irish Republic."

RAIL OFFICIALS DENY GRAIN MEN'S CHARGE

DECLARE FREIGHT REDUCTION WILL NOT STIMULATE INCREASED SHIPMENTS.

By Associated Press.

WASHINGTON, Aug. 29.—Assertions by grain men that reductions in freight rates on grain and hay would stimulate movement in that traffic have not been brought out by recent experiences of the Union Pacific, L. T. Wilcox, assistant traffic manager of that road, testified today before the interstate commerce commission. Cuts in freight rates on lumber and hay resulted in no increase in the movement of those commodities, he said.

"We have transportation to sell," the witness said, at a hearing to consider grain and hay rate reductions, "but no matter what we get for it we can make no showing if we can't sell it."

P. J. McCarthy, representing the Missouri Pacific, told the commission that proposed reductions of about 25 per cent would cut the revenues of that road $2,500,000 a year.

INTERNATIONAL JUSTICE COURT SEEMS ASSURED

By Associated Press.

GENEVA, Aug. 29.—Twenty-eight nations have ratified the international court, provided under the covenant of the league of nations, thus assuring the permanent establishment of the court. Ninety candidates have been nominated for judgeships, including Elihu Root, Dr. James Brown Scott, president of the American Institute of International Law; John Bassett Moore, and Professor Roscoe Pound of Harvard university.

Mr. Root has been named by five countries: France, Brazil, Polivia, Venezuela and Uruguay.

LEGIONNAIRES LUNCH AMONG BATTLE RUINS.

By Associated Press.

YPRES, Belgium, Aug. 29.—The American Legion members, visiting Europe, after spending the morning on the Yser battlefields, lunched amidst the ruins of this battered city. Then they went on a visit to the large cemeteries containing the remains 300,000 allied and German soldi

PRESENT DAY FARMS MODERN IN EQUIPMENT

Special to The Record News.

WASHINGTON, Aug. 29.—If one of the old pioneer farmers of the United States could return at this time he would not understand the meaning of many of the items reported by the Census Bureau today with regard to automobiles, motor trucks, tractors, farm telephones and electric light on the farms of the United States. It may be even beyond the belief of most persons living today that more than 30 per cent of the farms in the United States possessed automobiles when the 1920 census was taken. The number of farms reporting motor trucks and tractors is not so large, but more than 38 per cent of all the farms in the United States have telephone connections.

Out of 6,448,366 farms in the United States, the Census Bureau reports that 1,979,564 have automobiles; 131,551 have motor trucks; 229,334 have tractors; 2,508,003 have telephone connections; 644,088 have water piped into the house and 452,809 have either gas or electric light in the farm house. The tractors are used mainly in North and South Dakota and in other states whe farming is done on a large scale and where vast areas are contained in single farms. The motor trucks are principally used in states which are more thickly settled and where the crops can be moved to market by trucks to better advantage than by rail.

But the automobiles and telephones are common to the farms in every part of the country. In the eight states of Nebraska, Iowa, South Dakota, Kansas, Minnesota, North Dakota, California and Illinois automobiles were reported from more than one-half of the farms. Eight states also reported more than 100,000 automobiles on farms as follows: Iowa, 177,558; Illinois, 139,090; Ohio, 128,384; Kansas, 111,055; Minnesota, 107,824; Texas, 105,292; Nebraska, 104,453; and Indiana, 102,122.

About two farms out of every hundred in the United States have motor trucks. The leading states in this respect were Pennsylvania, with 9372 trucks; New York, 9259; Iowa, 8910; Ohio, 7319; Nebraska, 6548; California, 6416; and Illinois, 6154.

The states with the highest percentage of farms reporting tractors in 1920 were: South Dakota, 16.3 per cent; North Dakota, 15.2 per cent; Illinois, 9.3 per cent and Iowa, 9.1 10.3 per cent; Kansas, 9.8 per cent; Montana, 12 per cent; California, per cent.

More than two and one-half million farms in the United States have telephone connections with the outside world, according to the census bureau's report. At the time the census was taken the wireless telegraph and telephone systems, which are now being placed on many farms to receive market and crop reports from the department of agriculture, had not been installed to any extent and so they are not included in the report of modern conveniences among farms. But the department of agriculture reports that these up-to-date devices are being established on many farms throughout the country. The telephone connection, however, has been made by almost 40 per cent of all the farmers in the country. More than one-half the farms in the fourteen following states are equipped with telephones: Iowa, Wansas, Nebraska, Illinois, Indiana, Missouri, Ohio, Minnesota, South Dakota, Wisconsin, Vermont, Connecticut, Massachusetts and Oregon. The states reporting the largest number of farms with telephones in 1920 were as follows: Iowa, 183,852; Illinois, 175,647; Missouri, 163,543; Ohio, 150,478; Texas, 140,234, and Indiana, 136,140.

The percentage of farms reporting water piped into the house was highest in the New England states and in California. Irrigation is common in California and it is an easy matter to include the house in the plan for watering the farms.

Gas or electric light was reported in only about 7 per cent of all farms in the United States. There are seven states in which more than 20,000 farms report either gas or electric light in the farm houses. They are: Ohio, Iowa, Pennsylvania, California, New York, Illinois, and Indiana.

Out of a total of 436,035 farms in Texas, 99,607 or 22.9 per cent report an aggregate of 105,202 automobiles, showing that many farms in the state have more than one. There are 5,124 farms in Texas or 1.2 per cent of the entire number which reported motor trucks. The number of trucks is given at 5,390, showing more than one truck to each farm which has any. Of the total number of Texas farms, 8,084 or 1.9 per cent report tractors to the number of 9,048.

There are 140,234 telephones on the 436,033 farms in Texas, which is 32.2 per cent, compared with 38.9 per cent in the United States. The census report shows there are 38,580 farms in Texas which have water piped into the house, and 8,228 which have electric light or gas.

FINE MOTORIST $100 FOR RECKLESS DRIVING

POLICE BEGIN CAMPAIGN AGAINST TRAFFIC LAW VIOLATIONS.

The first heavy penalty to be inflicted in connection with the police department campaign to eliminate disregard for traffic regulations was assessed by Corporation Judge Ogle Monday morning when W. F. Fowler was fined $100 on a charge of reckless driving.

Fowler was charged with having crashed into the rear end of an automobile as it was being backed out of a garage in the residence section of the city. He was arrested by Police Officers Glenn and Hawkins.

ORDER AUDIT OF INSURANCE BUREAU

By Associated Press.

WASHINGTON, Aug. 29.—An audit of the expenditures made by the army, navy and war risk bureau in compensation to service men, was ordered today by Controller General McCarl. Barrels of the unsorted cancelled checks evidencing payments have been stacked up to the storage capacity of several rooms without checking, Mr. McCarl said. He estimated that the work would require four months to complete.

GERMAN TOUSSAINT DECLARED NOT TO BE GRANDFATHER OF MAN HERE CONDEMNED TO DIE

The 84-year-old man by the name of Toussaint who came to this country in 1886 is not the grandfather of Henry J. Toussaint, who is confined at the county jail condemned to die for the murder of his father, Otto H. Toussaint.

This opinion was expressed Monday afternoon by the condemned man to Chief Deputy Sheriff Dakan when told of the letter received Monday at the county clerk's office asking concerning his relatives.

In spite of the denial of the relationship by Toussaint, officers expressed confidence Monday night that further investigation would clear up certain details and establish the fact that the grandfather of the condemned man and father of the victim is still alive in Germany.

A letter received from Mrs. N. Krapp, 148 North Braun street, El Paso, Texas, at the office of county clerk led to belief that the grandfather Toussaint was alive.

In her letter Mrs Krapp said that she had visited in Germany a year ago and while there has become acquainted with an old man by the name of Toussaint. She said that man who was 84 years of age told her about his son Otto Toussaint who left Aberkirch, Germany, in 1886, going to Washington, D. C. According to the letter the father had not heard from his son for many years.

The letter stated that the old man was anxious to get some word from his long absent son before he died. Mrs. Krapp said that she had promised that she would do everything to locate Otto Toussaint when she returned to this country. She inclosed a letter from the department at Washington, D. C., having charge of naturalization papers showing that Otto Toussaint took out naturalization papers in 1892 at Washington, D. C.

She decided that she had never been able to obtain additional information concerning Otto Toussaint until she read recently in the papers about Henry J. Toussaint being sentenced to death for killing his father, Otto H. Toussaint. She expressed the opinion that the victim was the son of the old man still living in Germany.

It was pointed out by officers Monday that several features point to the conclusion that the Otto Toussaint who took out the naturalization papers is the same man who was killed by his son here on February 5th. The letter from the Washington department stated that Otto Toussaint was 30 years old when he took out the papers.

Based on that information he would be 68 or 69 years old if alive today the same age as the Otto H. Toussaint killed here, according to testimony at the recent trial. It is known that the victim was a native of Germany, the condemned son referring to him as a "Prussian" and that he took out naturalization papers at Washington, D. C., where he was a hotel proprietor for a number of years.

The younger Toussaint said Monday afternoon that the old man in Germany could not be his grandfather because his father came to United States several years before his birth in 1887, while the letter indicated that his father had left Germany in 1886. He also said that his father came here from Berlin and not Aberkirch.

It is thought possible, however, that Mrs. Krapp was mistaken as to the dates given and further investigation will clear these points. The possible discovery is in line with rumors here regarding the German parentage of the condemned man at the time he killed his father.

When told by a Record News reporter Monday night about the letter one of the local attorneys representing the condemned man said that they knew practically nothing about the Toussaint family other than those connected with the case here. He said that at one time they had endeavored to find relatives of their client but were never able to go further back than Otto H. Toussaint the victim. The attorney said that it was understood that the Toussaint killed here had come to this country from Alsace-Lorraine in Germany, and that he came from socially prominent people there.

It is known that both the father and son were reticent regarding their relatives and ancestors.

SERVICE STAR LEGION MEETS SEPTEMBER 13

By Associated Press.

CLEVELAND, O., Aug. 29.—Several hundred women delegates from all parts of the country are expected to attend the fourth annual national convention of the Service Star Legion of War Mothers to be held here September 13 to 16, inclusively.

It had been hoped that President and Mrs. Harding would be able to attend the "Remembrance Hour" service for Gold Star Legion Mothers on the opening day of the convention but a letter from Mrs. Harding to the local officers expresses regret that it will be impossible for either to be away from Washington at that time.

The five points of the service star which hung in so many windows during the grim days of the world war means to legion members, sisterhood, education, relief, remembrance and vigilance.

The convention will bring together the legion of mothers to discuss plans and give reports for future work and to reflect on the war days and give a prayer for the martyred sons of the Gold Star Mothers.

Since the war the work of th organization has been devoted to aiding men of the American Legion, especially those who are patients in the hospitals, hopelessly disabled or semi-helpless.

Thousands of persons hear better with their left ear than with their right. The constant use of the telephohen is given as the cause of this peculiar development.

MORGAN-WILLIAMS WEDDING ANNOUNCED

Mr. and Mrs. R. W. Morgan announce the marriage of their daughter, Gladys, to Bonnie P. Williams. The ceremony taking place Saturday.

Both bride and groom are well known young people of the city having lived here a number of years.

Mr. and Mrs. Williams left immediately for a trip which will include San Antonio, Galveston and other points in South Texas, after which they will be at home in this city.

MOVIELAND

Did you think that Louise Fazenda always wore those funny old clothes and those kinky curls, especially the one that always hangs down between her eyes? If you did here's proof that she is just as beautiful "dressed up" as she is comical "mote up." Miss Fazenda is in New York now on her first extended visit to that city.

She was scheduled to break into the dramatic ranks out west by playing an important role in "Turn to the Right," but Mr. Ingram, her director, reluctantly released her when it was found that the company which had an option on her services had decided to exercise it by loaning her for a Paramount production to be made in the east.

Gossip Bits.

Edith Storey's hands are acclaimed perfect by artists.

Mary Miles Minter, back from Europe, resumes work at Hollywood.

A real polo game is shown in "Don't Tell Everything."

Larry Semon, who used to be a cartoonist, illustrates his scenarios with action he plans for his comedies.

"Experience," starring Richard Barthelmess, has 30 important characters and 500 extras.

"The City Feller," and original story by Julien Josephson, is to be produced by Goldwyn. Josephson wrote many of Charlie Ray's rural comedies.

Lloyd Hamilton is making his 807th comedy.

Louise Fazenda.

WHERE TO GO

Empress—Jewel Carmen in "The Silver Lining."

Olympic—Betty Compson with Lon Chaney in "For Those We Love."

Majestic—William Farnum in "The Orphan."

Strand—Bert Lytell in "A Trip to Paradise."

WONDERFUL GAIN IN WEIGHT MADE BY YOUNG LADY

Only Weighed 76 Pounds But Now Weighs Over 100 And Gaining Every Day

"Before I began taking Tanlac I only weighed 76 pounds, I now weigh over 100 and am gaining every day," said Miss LaRue Davis, of Chattanooga, Tennessee.

"I bought my first bottle of Tanlac at Gas City, Ind., and it helped me so much that I continued using it. I have always been very delicate and suffered a great deal from stomach trouble and rheumatism. I rarely ever had any appetite and simply could not relish anything. I fell off until I only weighed 76 pounds and was so thin I looked perfectly awful. This is the condition I was in when I began taking Tanlac.

"Oh, I feel so different now. Even my complexion is improved. My appetite is good and I can hardly get enough to eat. Tanlac is simply grand and I can truthfully say that it is the only medicine that has ever done me any good."

Tanlac is sold in Wichita Falls by Miller Drug Store; in Electra by Tarlton Drug Store; in Burkburnett by West End Drug Co., and by all leading druggists.

A WIFE IN THE MAKING

BY PHYLLIS PHILLIPS

ARLINE'S PLOTS.

For one whole year Arline strove in every way to win Ned for her husband. Never once did she falter in her determination, not even when he openly deserted her for a new fancy, a dark-eyed brunete, from California. Arline was supremely confident of her ultimate success. She fancied herself irresistible. Then, too, she had always been used to having her own way from babyhood. It was out of the question to doubt her chances now of securing Ned for a husband.

With untiring determination she bore with his philanderings here and there, always welcoming him back with a smile and a gleam of triumph in her eyes, which Ned never saw or noticed.

Later she began to appeal to his more physical side. She dressed a bit more suggestively and tried to impress him with her desirability, the most seductive perfumes; a bit of rouge when she was pale. In fact there was not a single trick overlooked by our Miss Bates. Yet in spite of all, Ned continued to be singularly backwards about coming forward and proposing. Not even when Fate in the shape of a taxi crash threw his ardent Arline right into his arms did that young man lose his head sufficiently to ask her to be his. If Arline had been really clever about this matter she would have realized then and there that Ned had not taken advantage of such an opportunity to do so.

It was at the end of the first year that Edward Randall met Cherry Lawrence. Arline had been at the same dance and had seen the way in which Ned pursued the soft-eyed girl destined to be his wife. Arline had noted the fact that she had been deserted by him after his very first dance with Cherry. She had also taken pains to find out who the girl was. This done, she resigned herself to another period of separation, when Ned would chase the new phantom for some three weeks and then return to her, hungry-eyed and repentant.

Alas for Arline's deductions. They proved wrong for once. Ned did drop off, as she had predicted, and furthermore he explained to her the reason for so doing. Ned was always honest.

Sitting at home after the day's work wondering and hoping, Arline passed through her Gethsemane and learned to hate the name of Cherry Lawrence, the girl who had stolen her sweetheart from her. She gritted her small teeth together as she vowed to have her way even if it cost hr a life-timee. Ned was hers. He had been designed for her husband. There was no one could stop her from getting him, whether it be sooner or later.

The day that Ned called up to announce his marriage to Cherry, Arline had fainted. The receiver dropped from her hand at the news, and Ned, all eagerness to get back to his bride had imagined that they had been cut off in their conversation on the 'phone, and he did not bother to call again. Never did he dream that Arline would take his news like this. He little knew.

(To be continued.)

WORN BY SMART AMERICANS

Several evening gowns imported for fashionable American women show long garlands of flowers or fruit fastened at the right side of a narrow belt. In one manuve georgette frock these are currants in a deeper violet. Another shows velvet fuchsias in the whole range of fuchsias tones.

Some of the new black hats show ornaments of brilliants in different shapes that are pinned into the hat. There are jet ornaments of all descriptions, some consisting of rings or pendants—fastened to the side of the hat like earrings.

Black chiffon printed in rose design is used in a new evening frock that is edged at sleeve and neck line with large jet beads placed at regular intervals.

The tendency is to get away from transparent blouses in favor of those made of opaque materials. Some women compromise by having blouses made of three thicknesses of georgette thus make opaque but still possessing the softness of the transparent fabric.

Many hats show no other trimming but elaborate veils. Large shapes in black velvet or hatters plush are draped with black lace in Spanish style, the lace usually being draped over the shoulder.

Spanish lace shawls and embroidered shawls from the Orient are much in demand in France, and are coming into favor here. In some of the most expensive of the embroidered shawls you can find the signature of the artist who made the original design.

Feather ornaments are growing in popularity and many women are buying the ornamental combs set with bight plumage.

Stripes of pear embroidery are used lavishly on some of the evening frocks designed for matrons. Sometimes a single strip will extend from the top of the low neck line to below the bottom of the skirt line.

In an elaborate evening gown of chiffon brocade the design of the brocade is picked out in beads to form a band about the bottom of the skirt and across the front of the bodice.—San Antonio Express.

Chicken "Wiggle" Ice Tea
Small Cakes

RECIPES FOR A DAY

Jellied Chicken Broth—Four cups well seasoned chicken broth, two eggs, one teaspoon lemon juice. Let this boil five minutes; add one tablespoon felatin dissolved in onehalf cup cold water; let settle for fifteen minutes, then strain, chill.

Frozen Tomato Salad—Simmer tomatoes with two cloves until thick; strain; add one and one-half teaspoons sugar, salt, pepper, onion juice, celery salt, one teaspoon vinegar. Chill, beat one cup heavy cream till stiff, whipe in gradually one cup tomato, whip in gradually one cup tomato puree, then pour into ice crea hfreezer, pack and let stand till next day. Serve sliced on lettuce leaf.

Chicken Wiggle—This is made from the chicken left from the jellied chicken broth. One tablespoon butter, two tablespoons flour, one cup diced chicken, salt, pepper, one egg. Make smooth paste out of the melted buter and flour, add milk and boil, add another ingredients.

Stuffed Tomatoes—Six small tomatoes, one cup bread crumbs, one tablespoon chopped onion, one teaspoon sugar, one tablespoon melted butter, one-half cup tomato pulp, one teaspoon salt, one tablespoon chopped parsley.

Cut a slice from top of tomatoes and remove inside, using a spoon. Mix all ingredients together and fill tomato shells. Bake in a hot oven about twenty minutes or until tomatoes are soft. Boiled rice may be used instead of bread crumbs if desired.

ICED DESSERTS.

Ice Cream Sandwich—Between layers of plain yellow or white cake place a serving of vanilla or strawberry ice cream, and over the whole pour strawberry marshmallow sauce. Garnish with a few of the whole berries.

Almond Carmel Sandwich—Place a serving of vanilla ice cream between two layers of gold cake. Pour hot caramel sauce over the whole and garnish with a tablespoon of salted almonds.

Carmel Sauce—Caramelize one cup of sugar by stirring it in a saucepan directly over the fire (without adding any water) until it melts and turns a light brown color. Add two cups of boiling water, one and one-half cups of sugar and simmer until the caramel is dissolved. This sauce will keep and should be bottled for further use as a sauce or as a flavoring for custards, tapioca pudding, etc.

Peach Sherbet—Boil one and one-half cup sugar with one-half cup water for ten minutes. Cool and add the juice of one lemon, one cup orange juice and one quart of peach pulp. Freeze as usual. Less sugar may be used and an Italian meringue—made with one cup of sugar, one-third cup water and two egg whites—added when the mixture is half frozen.

ASK ME

Evalyn—Yes, "The Three Musketeers" has been completed. After this Douglas Fairbanks is to make "The Virginian." He is 38 years old. Carter De Haven is 35 years old. Bertram Grassby was born in Lincolnshire, England, in 1880. He has just finished playing with Miriam Cooper and George Walsh in R. A. Walsh's "The Serenade."

Patricia H.—Wallace MacDonald is to play the masculine role in "Breaking Through," a new sedial just entering production. But Keaton's first picture for First National will be "The Playhouse." His second has been titled "The Village Blacksmith." Yes, I think he is the only comedian who doesn't smile on the scheen. In a recent articie he was called the frozen faced screen comdian.

Constance T.—No, Kathlyn is of no relation to Earle Williams. It is all right to address your questions to the Oakland Tribune.

Vivian Sumner—Ralph Graves is about 26 years old and has been in motion pictures for about five or six years. Constance Talmadge is 5 feet 5 inches and Elsine Ferguson is 5 fee 6 inches. Address Carol Dempster and Ralph Graves at the Griffith Studios, Mamaroneck, N. Y. Gareth Hughes is 24 years old and is not married. You're welcome. Come again.

Leona F. S.—Charles Chaplin is 32 years old. His latest comedy is "The Idle Class" in which he plays a dual role, that of a tramp and that of a society man. Alice Brady is still in pictures. Her latest one is "Little Italy."

Ann Lovely—Marie Prevost's latest picture is "The Girl Who Knew All About Men." Harry Myers, who was the star of "A Connecticut Yankee in King Arthur's Court," appears opposite her. Bebe Daniels is 20 years old. Her address is Lasky Studios, Hollywood, Calif.

Silverbell—Julian Mitchinge's real name is William Dalton. He was recently confined to a hospital with an attack of appendicitis. With the exception of her appearance at a benebit performance season, Normal Talmadge has never been on the stafge. She entered the films at the age of fourteen. She is 24 years old and is married to Joseph Schenck, who is also her producer. Norma will soon be seen in "Regeneration Isle."

Sylvia G.—The latest picture in which William Desmond played was "The Child Thou Gavest Me," with Barbara Castleton and Lewis Stone. As far as I know, he isn't playing in any picture at present. Carter De Haven is at present in New York city.

R. S. V. P.—Rudolph Valentino is still in his twenties. He is to play the lead in "The Sheik." Niles Welch is 32 years old and is playing opposite Elaine Hammerstein in "The Way of a Maid."

ECHOES FROM GAY PAREE

After launchnig felt hats in July and trying to show the world that felt was really more appropriate for summer than straw, smart French women are possessed of a momentary fad for wearing straw hats—straw hats for all the world likes ones American women would wear on picnics. They are broad brimmed shapes trimmed only with ribbon. Sometimes Chinese yellow is used on strong French blue hats, again bright green ribbons are placed against bronze or cafe au lait.

It is an interesting trick to wear a narrow ribbon about the waist to match the ribbon on the hat.

There is more general disposition to adopt the longer skirt than to do away entirely with the short sleeve. Thus while almost every smart French woman includes some long sleeves in her wardrobe she is at present appering very often in a long-skirted sleeveless frock. This is seen at the Bois de Bologne where fashionable Parisians dance and drink tea on midsummer afternoons.

Organdie frocks are looked upon as inappropriate for seashore, because the dampness so quickly takes away their freshness, but they are still worn in Paris, usually in clear light colors with narrow ribbons in contrasting colors about the waist.

For the moment very little ostrich is in evidence on hats worn by Parisians. In fact there are few feathhers of any kinds as all Paris has gone ribbon mad. Another week may bring forth another tendency.

Striking are the metal hats in Chinese shapes which are occasionally seen with full dress.

About eight inches from the floor is a safe rule for dress lengths that is in accordance with present French usage. Formal evening gowns are sometimes longer and dancing frocks are often shorter.

Roses in faded colors are seen as the embellishment on many evening gowns.

The color combination of the moment is bright blue added to black.

Pure white is worn extensively by French women, who find it to their taste in crepe and crepe brocade.

There is little abatement in the favor enjoyed by mauve and lavender tones, especially in hits.

Americans are disposed to select dead black which is much admired by the French when worn by Americans. Dull, dead black is no longer looked upon as indicative especially of mourning.

American shoes are everywhere, only the midinettes going about in exaggerated stumps. Roman sandals are the latest choice for dancing.

Black shoes are worn with light stockings. This is a recent development and gives promise of remaining in favor with well dressed French women for some time.

Yesterday fringe was in favor. It had been revived for the races and seemed secure in the graces of French women. But today it is no more. But monkey remains wwn little chance of a speedy exit from favor.

There is a fabric called aluminum metal that is used in new evening wraps lined with gray crepe.

Although gray hair has had its day and will not be pushed as a popular color for autumn, some of the smartest frocks and wraps selected by discriminating women for autumn are of gray.—San Antonio Express.

SPORTS MAKE WOMEN TALLER

PHILADELPHIA—They're bigger. Dress-makers say so, corsetieres agree there's something it it, and now along comes cold, calculating science to explain why women weigh more than they ever did before.

Women are no fatter say the physical culture experts. They're simply larger, and here's the reason: The women of today are one and one half inches taller as a class than forty years ago. Their chests are larger, their waist lines have widened. Their muscles have hardened. All this makes them weigh more.

The changes according to those who have made a study of the subject, are simple enough to explain. Women, especially during the last twenty years or so, gradually have been converted from the clinging vine to robust persons who are proud rather than ashamed of the physical feats they can accomplish. Participation in sports has turned the trick.

"Time was," explained William Hertmann, a physical training expert "when a woman though vigorous use of the body and its muscles was unladylike. All that has changed, of course, and the gradual participation of women in sports and various forms of exercise actually has brought about a change in her height and her figure. The change in height is not simply a case of athletics having taught a woman to stand straighter. It is an actual change that can be measured."

In commenting o nthe change in the waminins physique several Philadelphia dressmakers said the change is noticable principally in a higher chest and larger waistline. But they think that perhaps the change in waistline is due more to the dictates of Paris than any actual physical change.

Mr. Herrmann, however, holds that there has been actual shifting in the figure lines.

"The old-time hip measurement has disappeared," he said. "This, of course, does not actually mean that the hip measurement has grown smaller, but the waistline actually has grown larger, and gives that appearance. Chests have been built up because exercise has taught women to breathe properly and slowly."—New York Tribune.

LIFE INSURANCE DISTRIBUTIONS LAST YEAR.

Advance proofs of The Insurance Press contain totals of payments in the United States and Canada by cities and towns in 1920; also list of large amounts paid on single lives. The largest claim paid in the United States was $555,000; in Canada $226,608. The United States Bureau of War Risk insurance reports a decline in seven months made by the Bureau of nearly $860,000,000 as compared with 1919.

Millions were paid for automobile fatalities. Beneficiaries of persons whose policies were in force less than a single year, received $45,000,000. These proofs show that heavy insurances are carried by business men; that there is excessive cost of supervision of the state that insurance is taxed more heavily than any other industry.

These are some of the statistics of 1920: death claims, matured and endowments and annuities, $679,200,000; payments for premiums savings (dividends to policy holders) $303,500,000. Total, $982,700,000.

It is interesting to note that $45,000,000 was paid in 1920 under policies that had been in force less than twelve months; that over 64,000 policy holders in 1920 died before their insurance had been in force a full year. Some were insured less than a week; others had reached nearly the end of their first policy year.

Among the largest insurances paid in 1920 were the following: Wallace L. Pierce of Massachusetts, $555,000; Richmond Levering of New York, $526,000; Frank A. Saylis of Rhode Island, $500,000; Jake Lewis Hamon of Oklahoma, $465,000. Speaking of Canada the largest claim paid was $226,208 to the estate of Gerald W. Ferrell. Detail statements of sums distributed to beneficiaries in many thousand cities and towns in the United States make interesting reading. This is the showing made by Texas: Dallas, $1,235,000. Houston, $708,000. San Antonio, $467,000. El Paso, $381,000. Fort Worth, $327,000. Brazoria, $200,000. Austin, $194,000. Beaumont, $106,000. Paris, $148,000. Waco, $120,00. Port Arthur, $120,000. Galveston, $108,000. Bryan, $100,000. Wichita Falls, $97,000. Waxahachie, $91,000. Sherman, $90,000. Greenville, $80,000. Taylor, $76,000. Texarkana, $72,000. Paducah, $71,000;; San Angelo, $68,000. McKinney, $67,000. Temple, $63,000. Yoakum, $61,000.

Sulphur Springs, $57,000. Huntsville, $56,000. Quanah, $56,000. Navasota, $55,000. Midland, $53,000. Weatherford, $53,000. Eagle Pass, $52,000. Terrell, $52,000. Corpus Christi, $50,000. New Braunfels, $50,000. Rockdale, $50,000. Hallettsville, $48,000. Coleman, $47,000. Brownwood, $46,000. Mineral Wells, $46,000. Corsicana, $45,000. Lubbock, $43,000. Marlin, $43,000. Amarillo, $42,000. Brady, $41,000. Denison, $40,000.

Tyler, $37,000. Victoria, $37,000. Abbott, $36,000. Cameron, $36,000. Blossom, $35,000. Kaufman, $34,000. Big Springs, $33,000. Cleburne, 32,000. Denton, $32,000. Gilmer, $32,000. Childress, $31,000. Laredo, $31,000. Orange, $31,000. Ballinger, $30,000. McAllen, $30,000. Cooper, $29,000. Fort Bliss, $29,000. English, $27,000. Moulton, $27,000. Decatur, $26,000. Troup, $26,000.

Commerce, $23,000. Eastland, $23,000. Hillsboro, $23,000. Iowa Park, $23,000. Plainview, $23,000. Hallsville, $22,000. Venus, $22,000. Belton, $21,0000. Midlothian, $21,000. Missouri City, $21,000.

Cheyenne, $20,000. Bowie, $19,000. Foster, $19,000. Angleton, $18,000. Honey Grove, $18,000. Hutto, $18,000. Itasca, $18,000. San Benito, $18,000. Vernon, $18,000. Comal, $17,000. Riogrande City, $17,000. San Saba, $17,000. Whitesboro, $17,000. Whitney, $17,000. Allen, $16,000. Batson, $16,000. Burkburnett, $16,000. Clarksville, $16,000. Ranger, $16,000. San Marcos, $16,000.

Carbon, $15,000. Frisco, $15,000. Gary, $15,000. Gonzales, $15,000. Gunter, $15,000. Hereford, $15,000. Kansas City, $15,000. Lamesa, $15,000. Marquez, $15,000. Marshall, $15,000. Mabeetie, $15,000. Olney, $15,000. Overton, $15,000. Roaring Springs, $15,000. Roxton, $15,000. Rusk, $15,000. West Point, $15,000. Woodville, $15,000. Georgetown, $13,000.

Aldine, $11,000. Aruecksville, $11,000. Bay City, $11,000. Bells, $11,000. Big Lake, $11,000. Big Wells, $11,000. Brownsville, $11,000. Burleson, $11,000. Center, $11,000. Dimmitt, $11,000. Ennis, $11,000. Flat, $11,000. Forney, $11,000. Graham, $11,000. Greenbeck, $11,000. Hale Center, $11,000. High, $11,000. Keene, $11,000. Kleinke, $11,000. Lodi, $11,000. Longview, $11,000. Menard, $11,000. Mount Pleasant, $11,000. Nacogdoches, $11,000. Pilot Point, $11,000. Runge, $11,000. Wheeless, $11,000.

Carthage, $10,000. Cisco, $10,000. Dialville, $10,000. Dripping Springs, $10,000. Dubina, $10,000. Eagle Lake, $10,000. Ector, $10,000. Fredericksburg, $10,000. Free, $10,000. Gainesville, $10,000. Henderson, $10,000. Humble, $10,000. Lipscomb, $10,000. McLean, $10,000. Marathon, $10,000. Maypearl, $10,000. Monkstown, $10,000. Pflugerville, $10,000. Spofford, $10,000. Timpson, $10,000. Meimer, $10,000.

New York beneficiaries were paid $42,572,000; Chicago, $18,795,000; Philadelphia, $15,335,000. Heirs of Jake Lewis Hamon received the third largest insurance paid in the year. Other payments to Oklahoma beneficiaries follow:

Ardmore, $510,000. Oklahoma City, $402,000. Tulsa, $364,000. Muskogee, $141,000. Okmulgee, $125,000. Hominy, $97,000. Guthrie, $77,000. Miami, $77,000. El Reno, $60,000. Enid, $65,000. Bartlesville, $62,000. Sapulpa, $51,000. Chickasha, $46,000. Ponca City, $49,000. Holdenville, $42,000.

McAlester, $37,000. Frederick, $35,000. Altus, $31,000. Purcell, $30,000. Hugo, $29,000. Marietta, $27,000. Olustee, $24,000. Norman, $23,000. Woodward, $23,000. Ada, $22,000. Eufaula, $18,000. Shawnee, $17,000. Thomas, $17,000. Blackwell, $16,000. Pryor, $16,000. Tishomingo, $16,000. Atoka, $15,000. Billings, $15,000. Byron, $15,000. Checotah, $15,000. Drumright, $15,000. Stringtown, $15,000.

Choctaw, $11,000. Dewey, $11,000. Duke, $11,000. Gage, $11,000. Medford, $11,000. Poteau, $11,000. Sasakwa, $11,000. Vici, $11,000. Mill Creek, $11,000. Nowata, $11,000. Bennington, $10,000. Chatauqua, $10,000. Kingfisher, $10,000. Mountain Park, $10,000. Quay, $10,000. Roff, $10,000.

According to The Insurance Press, the automobile caused 12,000 fatalities and 1,500,000 non-fatal injuries in the United States. This is an excerpt: "Economic losses resulting from fatalities and non-fatal disabilities caused by the automobile including property damages and incidental, exceed a billion dollars a year in the United States. More than $4,500,000 was paid by life insurance companies in death claims from automobile fatalities during the year of 1920.

As an evidence of the thorough attention now being given by insurance underwriters to "this fearful growing menace to human life and health one of the great life insurance companies has minutely analyzed its death claims and says that many fatalities are not instantaneous. Over 40 per cent. died subsequent to the day of accident and nearly 14 per cent. lived fourteen days or longer before death occurred adding to the expense of medical treatment and to the physical sufferings of the victim and the mental anguish of their relatives."

Even in the courts of the nation the automobile has taken a conspicuously front place. A Cleveland newspaper ascertained that every fifth suit filed in the courts at the time of its investigation was some form of litigation for which an automobile was directly responsible. This is the verdict.

"The automobile has superceded every form of disease as a problem of the day. It is the greatest controlable and yet uncontrolled menace of this generation."

It goes without saying that the editor of The Insurance Press is doing his level best for his patrons and employers—the life insurance companies.

He says that insurance is taxed more heavily than any other industry. These are his words: "As a source of tax revenue must life insurance serve for a substitute for the liquor business. The statement has been made that since the abolition of the liquor traffic no industry pays as heavy a tax as the insurance business."

These are the figures and they are staggering: The aggregate sum paid in taxes and fees by all life insurance companies of the United States was estimated to be $35,880,000, which represented an increase of about $7,000,000 over the taxation of 1919. Insurance departments turned over a profit to their several states to be used by the state government of over $23,000,000 for whatever objects might be chosen by the administration. This money was taken from thrifty and unselfish individuals to be expended for public purposes—"to contribute to the maintenance of public charitable institutions in which the shiftless and selfish wastrel may be comfortably housed while the prudent policy holder goes plodding along striving to protect his own family and his own old age from want."

Among the large payments on the lives of women in 1920 were the following: Pearl Wight, of New Orleans, $160,880; Olive Thomas Pickford, of New York City, movie actress, $135,000; Lucretia R. Reynolds of Boston, 103,021; Maria L. Williams of Louisiana, $50,147.

Recently an insurance for $5,000,000 has been written on the life of one business man for the protection of his investments and another insurance of $15,000,000 has been hinted at within a few days.

Additional millions of dollars of life insurance would have paid last year if policyholders had not allowed their policies to lapse, and it is stated that the people of the United States could spend one billion for new insurance this year at a cost less than 3 cents a day per capita.

Recently the Independent Presbyterian Church of Birmingham, Alabama, took out $1,000,000 on the life of its pastor, the Reverend Henry E. Edmonds. This is to guarantee against the church against a heavy debt and this is the comment made by the editor of The Insurance Press: "By this arrangement, both the people and the pastor are happily satisfied, the people because they will get $1,000,000 as compensation for the loss of their minister and Mr. Edmonds because he is apparently immune from losing his job except by death."

Prohibition is said to be playing havoc with the burlesque theater business in the larger cities. This is the verdict of a Chicago manager. "Prohibition is playing havoc with our game." Men don't come to town any more. They stay home, play poker and drink home brew. Stay at homes are growing in number. I have been in this game for thirty years and I know. If prohibition keeps husbands at home now that the women have the ballot prohibition is here to stay for a century.

War cost every person in the United States $25 each in the year 1920. And yet there are millions of Americans who believe in a powerful navy and a large standing army. Former Secretary Josephus Daniels has his hat on straight. Germany has been disarmed; Daniels figures it out that the Germans will be the economic master of Europe in less time than forty years unless all the European countries agree to general disarmament.

Split-Second Editorials
By ROBERT QUILLEN

Necessity: Any luxury ejoyed by the neighbors.

The beauty of a frying chicken is more than skin deep.

God hasn't forsaken the world. Whom the Lord loveth he chasteneth.

France might get on her feet if she didn't have Poland on her hands.

She is a thrifty bride who selects hotel towels as souvenirs of her wedding trip.

Whiskey won't cure a cold in the head, but it has been known to cure a cold in the feet

During courtship, he buys her candy because he loves her. Later on he buys her candy because he likes candy.

A study of park bench statistics indicates that the time has come to start another overall movement.

And yet the citizens of Sodon doubtless felt vastly superior to the hicks from the adjacent country.

If Russia's paper money is ever thrown on the market, it will be a sorry day for our woodpulp manufacturers.

The linotype operators in Noah's time had a miserable job if the Arugat Herald printed a complete casualty list.

A feminine writer says it is easy to forgive our wild young men. Not if they are wild when making a peg to first.

The reason people get enthusiastic about an ideal is because it sounds a little more romantic than a square deal.

The old grouch who thinks young people silly would trade all his vast store of brains for youth.

There are homes in which the floors are always clean, and then there are homes in which the husbands roll their own.

There are two kinds of men: Those who should be permitted to die a natural death, and those who think they know it all.

It is only a question of time until some writer will give us a song entitled: "O, where is my wandering wife tonight?"

The man who tells you prohibition can't be enforced usually adds in the next breath that he'd give five dollars for a decent drink.

A good credit is like a pistol; it's a handy thing to have in time of trouble, but it will get you into trouble when you don't need it.

A congressman says he doesn't know where the money is coming from. That's the trouble with most of them. We think it our solemn duty to advise them that it comes out of their constituents.

Bahama islanders are shipping contrabrand liquor to the United States. It is an established industry now and there is said to be millions in it. Ship loads are sent to Canada every week and the Canadian booze runners carry it to the United States. It is a long run from Texas to Canada but a short run from the Red river to the Rio Grande.

Ireland cannot be permitted to withdraw from the British Empire — Prime Minister Lloyd George. Major Patricio O'Keefe of Texas, was given the same warning, 60 years ago. He withdrew Ireland from the British Empire and has been living in Texas ever since. He has attended eight national conventions of the Democratic party and danced Irish jigs at every convention.

Chicago is to build the largest garage in the world. Chicago has the most discredited mayor in the world and it was only last year that he made a governor, elected a state legislature and defied the national machine of his party. "Big Bill" Thompson risked all and lost all when he attempted to give the people of his city hand picked judges. Bosses destroy themselves.

"Commerce is improving but finance is decreased" according to a New York financier. He admits that the chief sufferers are those who made paper profits during the war. These are the chief sufferers every where, but the paper profits have gone never to return.

Rippling Rhymes
By WALT MASON

REALISM.

I took a slice of hard-earned kale to Jimpson's bookstore, Fifth and Pine, and bought a realistic tale of the critics boomed as something fine. It treated of "A Narrow Shack" inhabited by dreary skates; each bore, until he sprained his back, a sordid load of deadly hates. The husband loathed his slippy wife, and she detested him so much he simply poisoned all her life—she shuddered at his merest touch. The son was married to a freak, who hated him in forty ways; he hated her till she grew weak and finished out her futile days. The daughter hated all the world; she lacked all beauty and all grace; in vain her ray-like hair she curled, and kalsomined her ghoulish face. Dissension was that household's law and anger was its daily bread; and all hands hated Pa and Ma, and thought that they were better dead. There may be households such as this, in our broad land where millions live; bleak homes that know no joy or bliss, where all hearts hate and none forgive. Ours is a mighty land, gadsooks, and it must hold some queer galoots; but why write long and turgid books about the foul, abysmal brutes? When I pick up a hefty tome I like to meet such characters as I might welcome in my home—not yapping, hating, snarling curs.—Copyright by George Matthew Adams.

ON THE SPUR OF THE MOMENT

AW RIGHT HELEN

I love you! Do you think it bold
For me to speak so plain?
Judge not too harshly nor too soon,
But list while I explain

I penned some little verses and—
I sent them far and wide;
Cruel editors returned them, which
Was hurtful to my pride.

But verses grow no better, sure,
By lying in a drawer;
So I sent them to you, sweetheart,
And they came back no more.

It may be you are married, or
May have a fearful squint—
I'd love you just the same, dear,
'Cause you put my stuff in print!

—Helen J. Bowen.

The middle class in England is going to rise and demand war on the profiteers. They call it the White Collar Union. We probably shall never hear anything more about this uprising, so we had better mention it now.

STATISTICS

Ninety per cent of the people who drink gin procured from a drug store become ill from its effects.

Seventy per cent of the husbands are glad when their wives go away for the summer; but they also rejoice when they come back.

So far as the rift between Geraldine and Tellegen is concerned, we refust to become at all excited. We stopped throwing fits over theatrical divorces ten years ago.

Georges Carpentier received a great reception in Paris, but the Parisites all seemed to agree that he made a great mistake by spending a certain afternoon in New Jersey.

One hears that the smart set is shocked by rumors of a divorce. It seems to us that by this time the smart set would be regular shock absorbers, as, to our certain knowledge, it has been shocked at least a dozen times this season.

SAPS I HAVE MET

Mr. Ambrose Bibbins has probably tried to do more for me than any of my other friends. Hardly a day has passed during the past few racing seasons that he has not come to my office about 1 o'clock in the afternoon with a tip direct from the stables on a horse that couldn't lose if he ran on three legs. "We missed yesterday, but we cannot possibly miss today," says Mr. Bibbins. "My brother-in-law was out at the stables this morning and he has put down 100 bones on this nag." Mr. Bibbins has a system that cannot lose—during the winter months when there is no racing in our vicinity. The fact that Mr. Bibbins has occasionally put my money on a horse that was not entered, and that nobody ever heard of, does not diminish his friendship for me. He is as faithful as ever.

Education is a grand thing. A truck shover gets $15 a day and a good college professor can get at least that much a week.

Still they tell us that the place which is paved with good intentions is full of interesting people.

What has become of the old-fashioned girl who used to save the train by waving a red-flannel petticoat?

Breakfast Stories

Little Eleanor gazed long and thoughtfully at the young man who was calling on her grown-up sister, Kate.

"May I climb up on your knee, Mr. Browne?"

"Yes, of course, dear," smiled the young man who wanted to make a hit with the family. "Want to pull my hair—eh?"

"No; I want to see if I can find that word."

"Word?" What word?" asked the puzzled visitor.

"I heard our Kate say this morning that if ever a man had the word "idiot" written all over his face it was you."

A pompous old gentleman was addressing a gathering of English workmen, and during his remarks he urged them to "be industrious! Shun indolence, and remember that sloth is the parent of necessity."

As he paused to let this sink in a man in the rear sang out: "Look 'ere, mister, I've 'eard it said as 'ow necessity is the mother of invention. If so be as it is, then sloth is invention's grandmother, and summat's wrong somewhere."

A number of New York sportsmen, putting up at Bill Baker's Maine camp, found their sport much interfered with by rain. Still—fine or wet—the old-fashioned barometer that hung in Bill's general room persistently marked "set fair."

At last one of the party drew Bill's attention to this curious glass. "Don't you think," he said, "that there's something the matter with our glass?"

"No, sair," answered Bill, indignantly. "She's a good glass an' a powerful one, but," he added reflectively, "she ain't moved by trifles."

ASSIGN JOHNSON AS INSPECTOR OF POSTOFFICE HERE

Succeeding Postal Inspector H. A. Wallace, whose transfer to Paris was announced in The Record News several days ago, G. B. Johnson of New Orleans has been assigned to Wichita Falls, it was announced Monday by Postmaster Ed Howard.

The change is effective September 1. Mr. Wallace had been here about eighteen months prior to his transfer.

FARMERS SHOWING POULTRY INTEREST

Unsual interest is being manifested by farmers along the Fort Worth and Denver railroad in the poultry culling campaign being carried on by M. B. Oates, agricultural agent, he reports. During the past week Mr. Oates conducted schools at Bowie, Clarendon and Quanah, a number of county agents in attendance. Next week Mr. Oates will put on similar demonstrations in Hall county.

Who's Who

DR. FRIDTJOF NANSEN

Dr. Fridtjof Nansen of Norway, the famous polar explorer, has accepted the invitation of the Red Cross Union to act as high commissioner to organize help for the Russian famine districts. He arrived at Riga a few days ago and is already overwhelmed by the magnitude of the task before him. He takes the view of President Masaryk of Czecho-Slovakia that if help is to be on a scale large enough to be of real benefit it must be governmental—not merely voluntary.

Dr. Nansen.

"Voluntary effort," asserts Dr. Nansen, "might perhaps raise $50,000,000 sooner or later. That sum is needed for the start, and it is needed at once."

Dr. Nansen is one of the most versatile of public men. Whether he is acting as a professor in a Norwegian university, an explorer in the frozen north, a writer of scientific books, a minister to a foreign capital, or director of relief in one of the world's greatest famines, he does his work in such manner as to attract wide and favorable comment.

He was born near Christiania in 1861, the son of a well known Norwegian attorney; was educated at the University of Christiania; explored Greenland and acted as curator in the Bergen Natural History Museum in the eighties; made his memorable North Pole expedition, in which he reached the highest latitude until then attained, 1893-6; was professor of zoology, Christiania University; took an active part in the separation of Norway and Sweden, 1905; was minister for Norway at the court of St. James, 1906-8.

Dr. Nansen is the author of a number of scientific books, including Across Greenland; Eskimo Life; Farthest North, 1897; The Norwegian North Polar Expedition, 1893-1896; Scientific Results; Norway and the Union with Sweden, 1905; Northern Mists, 1911; Through Siberia, 1914.

ASK RECEIVER FOR FRENCH'S RUBBER FIRM

CHICAGO, Aug. 29.—The American Rubber Company, a $2,500 rain coat agency which was inflated into a million dollar corporation through the efforts of Charles W. French, alleged head of a country-wide "swindle trust" faced receivership proceedings today.

Petitions for the appointment of a receiver for the company were filed in federal court by numerous creditors. It was declared that the company has no visible assets.

Alva Harshman, alleged Milwaukee "dupe" of French, James Horace Loet of Mantu, Ohio, and Elmer Gerber of Cleveland were questioned by federal agents today regarding French's activities. Investigation of French's letters disclosed that apparently no connection existed between him and a swindle band recently uncovered in Omaha, Nebraska.

French's financial operations sent a prominent Mansfield Ohio, banker to his death, it was charged by H. B. Stewart, Mansfield attorney in a letter received by federal agents today.

POSTPONE MEETING OF SCHOOL BOARD

DEATH OF MEMER'S MOTHER CAUSES DEFERMENT OF ACTION.

The meeting of the school board, scheduled for Monday evening, when it was expected to open bids for the contract to build the new school building in the Bowie addition, was postponed because of the death of Mrs. R. N. Ferguson, mother of W. R. Ferguson, who is a member of the board.

The meeting probably will be held on Wednesday, on which date Superintendent Lee Clark is expected to return from Austin where he has been taking work in the University of Texas, leading to the degree of master of arts.

Mr. Clark has completed the work, but has been asked to delay handing in his thesis on the Wichita Falls schools until after a year of work has been completed in the new buildings. Mr. Clark expects to receive his degree with the class of 1922.

FILLMORE GUTTERS AND CURBS BEGUN

Workmen began Monday to lay the curbs and gutters on Fillmore between Avenue F and D.

The laying of the concrete base for the Bitulithic pavement on this stretch will be commenced as soon as the curbs and gutters have strengthened, according to City Engineer Julian Montgomery.

END BUILDING STRIKE

Special to the Record News.

SAN FRANCISCO, Aug. 29.—A four months tie-up in the bluilding industry in San Francisco ended today when union craftsmen returned to work on the employers' terms and a cut of 7 1-2 per cent in wages. Several thousand workers returned to work, according to announcements by both sides.

DAVIDSON ABLE TO LEAVE HOSPITAL

By Associated Press.

NEW YORK, Aug. 29.—Henry P. Davidson of J. P. Morgan, on whom an operation was performed at a hospital August 4, has progressed so far in his convalescence today that he left the hospital and went on his yacht to his Long Island country home.

PIGEON SETS RECORD.

By Associated Press.

WASHINGTON, Aug. 29.—A pigen, which carried a message from Mayor Thompson, Chicago, to President Harding in sixteen hours actual flying time for the 614 1-2 miles, broke a world's record, the department of agriculture announced today. The bird was a product of the government's loft at Beltsville, Md.

WILL PRESS CHARGES IN POLICE COURT

Determined measures to break up the practice of beating police court cases by asking for a jury trial and then killing the case by continual postponement, or of appealing cases to the county court, where they die for want of prosecution, was discussed by the council Monday night.

Employment of an additional attorney as assitant to the city attorney to insure the cases being promptly tried in the city court, and being prosecuted in the county court following, if necessary, was indicated as a possible step of the council. This matter will be definitely settled at another meeting.

It was brought out certain attorneys make it a practice to make personal bonds for parties arrested by the police, drawing down a cash bond, posted in many cases, as fees, demand a jury trial for the defendant, and then by some way or other manage to "wear out" the case.

The result is that many cases are not tried, and the class of offenders which really deserve punishment at the hands of the court are the ones who profit thereby—together with certain lawyers who cater to this kind of business. Part of this evil, it is expected, will be corrected by an ordinance prohibiting an attorney making a bond without permission of the court.

With the other legal business of the city on his hands, and with the double necessity of trying a large number of police court cases by jury, and prosecuting before the county court on appeal, it seemed the consensus of opinion on the part of the county that City Attorney Mann would require part time assistance by another attorney—at least until the tightening up of prosecutions had its effect.

AGAIN URGES TREE PLANTING ALONG ROAD

Immediate action on the planting of shade trees along the paved highway to Electra, as suggested a year ago by J. A. Kemp was urged Monday by Tom L. Burnett, Iowa Park ranchman, in conversation with T. B. Noble at the Wichita Falls Chamber of Commerce offices.

Mr. Burnett declared that lining the highways with trees has been found successful in other sections of the state and that there is nothing to prevent citizens of Wichita county from making this drive one of the most attractive in the South.

He recommended black locust and cottonwood trees as the best to plant, and suggested that cotton woods be planted where they can be watered regularly when the irrigation project is completed and the black locust, because of its hardiness, for other stretches of the road.

SCOUT LEADERS TO FORM MODEL TROOP

TRAINING UNIT WILL DEMONSTRATE STEPS IN WORK.

Organization of a scout leaders training corps will be started at a meeting Tuesday evening at 7:30 o'clock at the Floral Heights Methodist church, to which all scout masters, assistant scout masters and all men interested in boy scout work are invited.

It is planned to form, out of those in attendance at this meeting, a model troop, which will demonstrate all of the different steps in scout work.

GOOD BUSINESS IS EXPECTED BY BUYER FOR KRUGER STORE

A good business is expected this fall and winter by jewelers from all over the United States—a sure barometer of improved business conditions, according to L. Cohen, buyer for the Kruger Jewelry company, who returned Monday from a buying trip to the New York and Boston Jewelry markets.

Mr. Cohen found New York filled with buyers in every line of business and from all parts of the country—all expecting greatly improved business with the passing of the summer.

While in New York Mr. Cohen saw some big league baseball, seeing the Giants "knock under" several visiting clubs.

CHILE MAY TRY PROHIBITION IN CERTAIN SECTIONS

By Associated Press.

NEW YORK, Aug. 29.—Alfredo Avalos, legal adviser to the minister of finance of Chile, arrived today to make a first hand study of the operation of the Volstead law and to recommend whether such an act might be put into operation in Chile.

He said prohibition would be useful in certain provinces where the major portion of the population are working men.

A stumbling block to prohibition regulations, he added, is that more than 700,000,000 pesos are invested in the wine industry in that country.

MIDSHIPMEN AT ANNAPOLIS LOSE FALL VACATIONS

By Associated Press.

ANNAPOLIS, Aug. 29.—At least 215 and possibly more midshipmen will be deprived of all or part of their September vacations, according to announcement made by authorities of the naval academy today, because of minor breaches of regulations committed during the summer practive cruise or for delinquency in studies.

Those who will be held back for the latter reason will be given re-examinations, and continuance with their respective class will be dependent upon the results of these tests.

DEFER FINAL DECISION ON PHONE CASE

After M. P. Caldwell of Fort Worth, district manager, and C. C. Kirby, local manager of the Southwestern Telephone company had explained the situation which confronts the company as to securing sufficient materials and equipment together with a lack of funds to carry out needed extensions, property owners of the Scotland addition at a hearing before the city council Monday night agreed to postpone a request for final action on a petition asking that the company be ordered to extend their service to their addition.

Officials of the company agreed, at the request of the council, to confer with representatives of the property owners and if possible place three or four phones in the addition so as to relieve the present situation under which the district has no telephone connection with the main part of the city.

Electric Lights for Scotland.

Electric lights for the Scotland addition was again brought to the attention of the council by A. L. Huey, who asked for action on the petition presented several weeks ago signed by 125 property owners. The committee from the council appointed to make a survey of the need of the service was not ready to report and no action was taken. Final action will be taken at the meeting next Monday.

W. A. Richardson, 2114 Bluff street, presented a petition asking for electric light service in the Sibley-Taylor addition. He was assured by P. A. Rogers, general manager of the company, that the service would be given in the near future.

J. A. Andersen presented a petition asking that Broad street be opened between Twenty-fourth to Twenty-sixth streets. No action was taken council members expressing the opinion that the opening of the street was a matter of private agreement between the promoters of the addition.

After a petition had been presented signed by interested property owners the council ordered the cutting down of the cotton wood tree "landmarks" on Indiana street, between Sixth street and the river front.

Departmental Matters Discussed.

Individual members of the council brought before the remaining members several matters concerned with their departments. Commissioner Reed said that he found on investigation that the creek running to the lake and from which the city received its water supply, had hog pens in close proximity. He suggested that the water mains be flushed at frequent intervals. Both matters were referred to the water department.

Commissioner Reed also said that he had been asked to give an exclusive right to one man for the sale of ice cream and other confections in Bellevue park. The attitude of the council was unfavorable.

Commissioner Shepherd complained of the service of the sanitary department in handling garbage under the new ordinance. Sanitary Officer Douglass explained the cause of the trouble and promised relief.

Commissioner Fitts said that he favored ranking cars on Eighth street from Ohio street to the union passenger station, but that it was impossible to do so because of the stands awarded service cars under licenses secured from the city. These licenses will expire next month and arrangement will be made for the ranking of the cars. Commissioner Fitts again brought up the matter of the Cilsbie Service company's agreement with the railroad company which gives the company certain advantages over other service cars at the union station. Other members of the council expressed the opinion that it was matter of private contract in which the city could take no action.

Liability for Paving.

City Attorney Mann was requested to give the council an opinion at the next regular meeting as to liability of property owners to pay for the paving of street intersections when they were not paving in front of their properties.

Several new ordinances were placed on their first to final readings. An ordinance incorporating new traffic regulations suggested by Commissioner Fitts was passed on its first reading without discussion, as was an ordinance regulating soliciting at the union station by service car drivers and hotel proprietors.

The council again passed the ordinance on its first reading which gives authority of the mayor to borrow not in excess of $200,000 to carry the city through its present financial difficulties. This ordinance was passed at the last meeting but it was found later that the action was illegal due to the fact that the charter provision as to the number of council members present were not complied with.

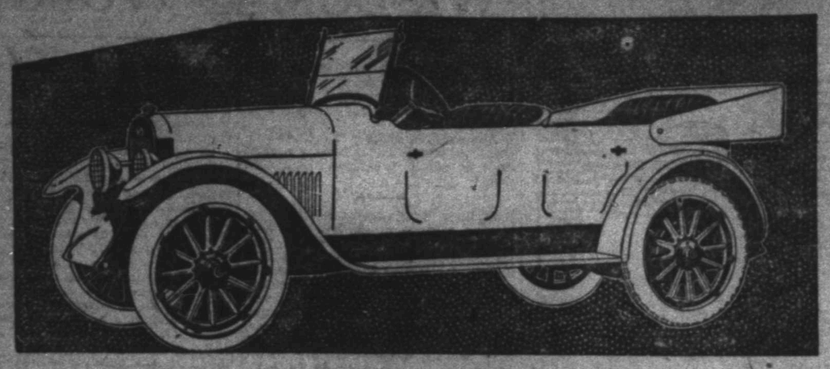

To expedite the carrying out of this motion the council will meet in special session today and Wednesday. The ordinance must be assessed on three successive meetings before it can be carried out.

MAINLY ABOUT PEOPLE

(Continued from Page 1)

clined to think." According to the News more than 25,000 people attended the Confederate Veterans reunion at their grounds on Holliday creek and the rodeo of wild horses and steer riding was enjoyed by large crowds of folk who love to see the way things were done in the once wild and wooly days. Among the speakers were Hons. A. L. Morgan and P. A. Martin of Wichita Falls. Editor Martin isn't strong for oratory if the program is more inviting. This is what he said of the speakers. "They served nicely as space fillers between the more strenuous events." There were more campers this year than usual, people going in cars and trucks instead of the old fashion wagon. "At present it seems the second city test well is a duster and will be abandoned," says the News. "A good rich oil sand was hit and lost, as it showed up some 50 feet shallower than that found in No. 1. The developers announce they have in mind drilling a third well with a preference for a location closer to the court house. They have decided sure enough that the court house is over the main pool, and want to drill as close to it as the city authorities will allow. And, peculiar to say, they ask for but one small town lot as a drilling site."

Give Yourself a Chance to Win One of These Big Touring Cars!

1st Grand Prize—Studebaker Six $1495

2nd Grand Prize—Maxwell Touring Car $975

3rd Grand Prize
Overland Touring Car
$835

4th Grand Prize
Ford Touring Car
$582.61

START NOW!

—Fill out and mail or bring this blank to the manager. It is all that you need to start. It carries a credit of 2000 votes and can only be used once. The campaign has just started. Now is the time to get in and win. After you have sent in your nomination

THEN GO

to one of your friends or acquaintances and ask him about his subscription to The Record News. When you tell him you are trying for one of the big automobiles, he will be glad to give you his subscription, and the votes that go with it.

HOW PRIZES WILL BE AWARDED

CAPITAL PRIZE — $1985 Haynes Touring Car will be awarded to the candidate who polls the greatest number of votes in the entire campaign. Purchased of and on display at the Nolen-Stringer Motor company.

FIRST GRAND PRIZE—$1495 Studebaker Touring Car will be awarded to the candidate who polls the second highest number of votes in the campaign. Purchased of and on display by the Excelsior Motor company.

SECOND GRAND PRIZE—$975 Maxwell Touring Car will be awarded to the candidate who polls third highest number of votes in the campaign. Purchased of and on display by S. Bemrod Auto & Supply company.

THIRD GRAND PRIZE—$835 Overland Touring car will be awarded to the candidate who polls the fourth highest number of votes in the campaign. Purchased of and on display by the Overland Motor company.

FOURTH GRAND PRIZE—$582.61 Ford Touring Car will be awarded to the candidate who polls the fifth highest number of votes in the campaign. Purchased of and on display by Ford Motor company, and so on until all the prizes have been awarded.

NOMINATION COUPON

—Good for 2000 votes—The Record News great automobile and prize campaign.

Date.....

To Campaign Manager Record News:—
I nominate as a candidate in The Record News campaign:

Name .....
Street and No. .....
Town ..... County .....
State ..... Signed .....

LIFE INSURANCE DISTRIBUTIONS LAST YEAR.

Advance proofs of The Insurance Press contain totals of payments in the United States and Canada by cities and towns in 1920; also list of large amounts paid on single lives. The largest claim paid in the United States was $555,000; in Canada $226,608. The United States Bureau of War Risk insurance reports a decline in seven months made by the Bureau of nearly $800,000,000 as compared with 1919.

Millions were paid for automobile fatalities. Beneficiaries of persons whose policies were in force less than a single year, received $45,000,000. These proofs show that heavy insurances are carried by business men; that there is excessive cost of supervision of the state that insurance is taxed more heavily than any other industry.

These are some of the statistics of 1920: death claims, matured and endowments and annuities, $679,200,000; payments for premiums savings (dividends to policy holders) $303,500,000. Total, $982,700,000.

It is interesting to note that $45,000,000 was paid in 1920 under policies that had been in force less than twelve months; that over 64,000 policy holders in 1920 died before their insurance had been in force a full year. Some were insured less than a week; others had reached nearly the end of their first policy year.

Among the largest insurances paid in 1920 were the following: Wallace L. Pierce of Massachusetts, $555,000; Richmond Levering of New York, $520,000; Frank A. Sayils of Rhode Island, $500,000; Jake Lewis Hammon of Oklahoma, $465,000. Speaking of Canada the largest claim paid was $226,208 to the estate of Gerald W. Ferrell.. Detail statements of sums distributed to beneficiaries in many thousand cities and towns in the United States make interesting reading. This is the showing made by Texas: Dallas, $1,235,000. Houston, $708,000. San Antonio, $467,000. El Paso, $381,000. Fort Worth, $327,000. Brazoria, $200,000. Austin, $194,000. Beaumont, $106,000. Paris, $148,000. Waco, $126,00. Port Arthur, $120,000. Galveston, $108,000. Bryan, $102,000. Wichita Falls, $97,000. Waxahachie, $91,000. Sherman, $90,000. Greenville, $80,000. Taylor, $76,000. Texarkana, $72,000. Paducah, $71,000;; San Angelo, $68,000. McKinney, $67,000. Temple, $63,000. Yoakum, $60,000.

Sulphur Springs, $57,000. Huntsville, $56,000. Quanah, $56,000. Navasota, $55,000. Midland, $53,000. Weatherford, $53,000. Eagle Pass, $52,000. Terrell, $52,000. Corpus Christi, $50,000. New Braunfels, $50,000. Rockdale, $50,000. Hallettsville, $48,000. Coleman, $47,000. Brownwood, $46,000. Mineral Wells, $46,000. Corsicana, $45,000. Lubbock, $48,000. Marlin, $43,000. Amarillo, $42,000. Brady, $41,000. Denison, $40,000.

Tyler, $37,000. Victoria, $37,000. Abbott, $36,000. Cameron, $36,000. Blossom, $35,000. Kaufman, $34,000. Big Springs, $33,000. Cleburne, 32,000. Denton, $32,000. Gilmer, $32,000. Childress, $31,000. Laredo, $31,000. Orange, $31,000. Ballinger, $30,000. McAllen, $30,000. Cooper, $29,000. Fort Bliss, $29,000. English, $27,000. Moulton, $27,000. Decatur, $26,000. Troup, $26,000.

Bangs, $25,000. Brenham, $25,000. Robert Lee, $25,000. Anson, $24,000. Cherokee, $24,000. Lancaster, $24,000. Palestine, $24,000. Abilene, $23,000. Breckenridge, $23,000. Canton, $23,000. Commerce, $23,000. Eastland, $23,000. Hillsboro, $23,000. Iowa Park, $23,000. Plainview, $23,000. Hallsville, $22,000. Venus, $22,000. Belton, $21,0000. Midlothian, $21,000. Missouri City, $21,000.

Cheyenne, $20,000. Bowie, $19,000. Foster, $19,000. Angleton, $18,000. Honey Grove, $18,000. Hutto, $18,000. Itasca, $18,000. San Benito, $18,000. Vernon, $18,000. Comal, $17,000. Riogrande City. $17,000. San Saba, $17,000. Whitesboro, $17,000. Whitney, $17,000. Allen, $16,000. Batson, $16,000. Burkburnett, $16,000. Clarksville, $16,000. Ranger, $16,000. San Marcos. $16,000.

Carthage, $10,000. Cisco, $10,000. Dialville, $10,000. Dripping Springs, $10,000. Dubina, $10,000. Eagle Lake, $10,000. Ector, $10,000. Fredericksburg, $10,000. Free, $10,000. Gainesville, $10,000. Henderson, $10,000. Humble, $10,000. Lipscomb, $10,000. McLean, $10,000. Marathon, $10,000. Maypearl, $10,000. Monkstown, $10,000. Pflugerville, $10,000. Spofford, $10,000. Timpson, $10,000. Melmer, $10,000.

New York beneficiaries were paid $42,572,000; Chicago, $18,795,000; Philadelphia, $15,335,000. Heirs of Jake Lewis Hamon received the third largest insurance paid in the year. Other payments to Oklahoma beneficiaries follow:

Ardmore, $510,000. Oklahoma City, $402,000. Tulsa, $364,000. Muskogee, $141,000. Okmulgee, $125,000. Hominy, $97,000.. Guthrie, $77,000. Miami, $77,000. El Reno, $66,000. Enid, $65,000. Bartlesville, $62,000. Sapulpa, $51,000. Chickasha, $46,000. Ponca City, $49,000. Holdenville, $42,000.

McAlester, $37,000. Frederick, $35,000. Altus, $31,000. Purcell, $30,000. Hugo, $29,000. Marietta, $27,000. Olustee, $24,000. Norman, $23,000. Woodward, $23,000. Ada, $22,000. Eufaula, $18,000. Shawnee, $17,000. Thomas, $17,000. Blackwell, $16,000. Pryor, $16,000. Tishomingo, $16,000. Atoka, $15,000. Billings, $15,000. Byron, $15,000. Checotah, $15,000. Drumright, $15,000. Stringtown, $15,000.

Choctaw, $11,000. Dewey, $11,000. Duke, $11,000. Gage, $11,000. Medford, $11,000. Poteau, $11,000. Sasakwa, $11,000. Vici, $11,000. Mill Creek, $11,000. Nowata, $11,000. Bennington, $10,000. Chatauqua, $10,000. Kingfisher, $10,000. Mountain Park, $10,000. Quay, $10,000. Roff, $10,000.

According to The Insurance Press, the automobile caused 12,000 fatalities and 1,500,000 non-fatal injuries in the United States. This is an excerpt: "Economic losses resulting from fatalities and non-fatal disabilities caused by the automobile including property damages and incidental, exceed a billion dollars a year in the United States. More than $4,500,000 was paid by life insurance companies on death claims from automobile fatalities during the year of 1920.

As an evidence of the thorough attention now being given by insurance underwriters to "this fearful growing menace to human life and health one of the great life insurance companies has minutely analysed its death claims and says that many fatalities are not instantaneous. Over 40 per cent. died subsequent to the day of accident and nearly 14 per cent. lived fourteen days or longer before death occurred adding to the expense of medical treatment and to the physical sufferings of the victim and the mental anguish of their relatives."

Even in the courts of the nation the automobile has taken a conspicuously front place. A Cleveland newspaper ascertained that every fifth suit filed in the courts at the time of its investigation was some form of litigation for which an automobile was directly responsible. This is the verdict.

"The automobile has superceded every form of disease as a problem of the day. It is the greatest controlable and yet uncontrolled menace of this generation."

It goes without saying that the editor of The Insur. Press is doing his level best for his patrons and employers—the life insurance companies.

He says that insurance is taxed more heavily than any other industry. These are his words: "As a source of tax revenue most life insurance serve for a substitute for the liquor business. The statement has been made that since the abolition of the liquor traffic no industry pays as heavy a tax as the insurance business." These are the figures and they are staggering: The aggregate sum paid in taxes and fees by all life insurance companies of the United States was estimated to be $35,880,000, which represented an increase of about $7,000,000 over the taxation of 1919. Insurance departments turned over a profit to their several states to be used by the state government of over $23,000,000 for whatever objects might be chosen by the administration. This money was taken from thrifty and unselfish individuals to be expended for public purposes—"to contribute to the maintenance of public charitable institutions in which the shiftless and selfish wastrel may be comfortably housed while the prudent policy holder goes plodding along striving to protect his own family and his own old age from want."

Among the large payments on the lives of women in 1920 were the following: Pearl Wight, of New Orleans, $169,880; Olive Thomas Pickford, of New York City, movie actress, $135,000; Lucretia R. Reynolds of Boston, 103,021; Maria L. Williams of Louisiana, $50,147.

Recently an insurance for $5,000,000 has been written on the life of one business man for the protection of his investments and another insurance of $15,000,000 has been hinted at within a few days.

Additional millions of dollars of life insurance would have paid last year if policyholders had not allowed their policies to lapse, and it is stated that the people of the United States could spend one billion for new insurance this year at a cost less than 3 cents a day per capita.

Recently the Independent Presbyterian Church of Birmingham, Alabama, took out $1,000,000 on the life of its pastor, the Reverend Henry E. Edmonds. This is to guarantee against the church against a heavy debt and this is the comment made by the editor of The Insurance Press: "By this arrangement, both the people and the pastor are happily satisfied, the people because they will get $1,000,000 as compensation for the loss of their minister and Mr. Edmonds because he is apparently immune from losing his job except by death."

Prohibition is said to be playing havoc with the burlesque theater business in the larger cities. This is the verdict of a Chicago manager. "Prohibition is playing havoc with our game." Men don't come to town any more. They stay home, play poker and drink home brew. Stay at homes are growing in number. I have been in this game for thirty years and I know. If prohibition keeps husbands at home now that the women have the ballot prohibition is here to stay for a century.

War cost every person in the United States $25 each in the year 1920. And yet there are millions of Americans who believe in a powerful navy and a large standing army. Former Secretary Josephus Daniels has his hat on straight. Germany has been disarmed; Daniels figures it out that the Germans will be the economic master of Europe in less time than forty years unless all the European countries agree to general disarmament.

Necessity: Any luxury ejoyed by the neighbors.

The beauty of a frying chicken is more than skin deep.

God hasn't forsaken the world. Whom the Lord loveth he chasteneth.

France might get on her feet if she didn't have Poland on her hands.

She is a thrifty bride who selects hotel towels as souvenirs of her wedding trip.

Whiskey won't cure a cold in the head, but it has been known to cure a cold in the feet

During courtship, he buys her candy because he loves her. Later on he buys her candy because he likes candy.

A study of park bench statistics indicates that the time has come to start another overall movement.

And yet the citizens of Sodon doubtless felt vastly superior to the hicks from the adjacent country.

If Russia's paper money is ever thrown on the market, it will be a sorry day for our woodpulp manufacturers.

The linotype operators in Noah's time had a miserable job if the Aragat Herald printed a complete casualty list.

A feminine writer says it is easy to forgive our wild young men. Not if they are wild when making a peg to first.

The reason people get enthusiastic about an ideal is because it sounds a little more romantic than a square deal.

The old grouch who thinks young people silly would trade all his vast store of brains for youth.

There are homes in which the floors are always clean, and then there are homes in which the husbands roll their own.

There are two kinds of men: Those who should be permitted to die a natural death, and those who think they know it all.

It is only a question of time until some writer will give us a song entitled: "O, where is my wandering wife tonight?"

The man who tells you prohibition can't be enforced usually adds in the next breath that he'd give five dollars for a decent drink.

A good credit is like a pistol; it's a handy thing to have in time of trouble, but it will get you into trouble when you don't need it.

A congressman says he doesn't know where the money is coming from. That's the trouble with most of them. We think it our solemn duty to advise them that it comes out of their constituents.

Bahama islanders are shipping contrabrand liquor to the United States. It is an established industry now and there is said to be millions in it. Ship loads are sent to Canada every week and the Canadian booze runners carry it to the United States. It is a long run from Texas to Canada but a short run from the Red river to the Rio Grande.

Ireland cannot be permitted to withdraw from the British Empire — Prime Minister Lloyd George. Major Patricio O'Keefe of Texas, was given the same warning, 60 years ago. He withdrew Ireland from the British Empire and has been living in Texas ever since. He has attended eight national conventions of the Democratic party and danced Irish jigs at every convention.

Chicago is to build the largest garage in the world. Chicago has the most discredited mayor in the world and it was only last year that he made a governor, elected a state legislature and defied the national machine of his party. "Big Bill" Thompson risked all and lost all when he attempted to give the people of his city hand picked judges. Bosses destroy themselves.

"Commerce is improving but finance is decreased" according to a New York financier. He admits that the chief sufferers are those who made paper profits during the war. These are the chief sufferers every where, but the paper profits have gone never to return.

Rippling Rhymes
By WALT MASON

REALISM.

I took a slice of hard-earned kale to Jimpson's bookstore, Fifth and Pine, and bought a realistic tale of the critics boomed as something fine. It treated of "A Narrow Shack" inhabited by dreary skates; each bore, until he sprained his back, a sordid load of deadly hates. The husband loathed his slippy wife, and she detested him so much he simply poisoned all her life—she shuddered at his merest touch. The son was married to a freak, who hated him in forty ways; he hated her till she grew weak and finished out her futile days. The daughter hated all the world; she lacked all beauty and all grace; in vain her ray-like hair she curled, and kalsomined her ghoulish face. Dissension was that household's law and anger was its daily bread; and all hands hated Pa and Ma, and thought that they were better dead. There may be households such as this, in our broad land where millions live; bleak homes that know no joy or bliss, where all hearts hate and none forgive. Ours is a mighty land, gadsooks, and it must hold some queer galoots; but why write long and turgid books about the foul, abysmal brutes? When I pick up a hefty tome I like to meet such characters as I might welcome in my home—not yapping, hating, snarling curs.—Copyright by George Matthew Adams.

ON THE SPUR OF THE MOMENT

AW RIGHT HELEN

I love you! Do you think it bold
For me to speak so plain?
Judge not too harshly nor too soon,
But list while I explain.

I penned some little verses and—
I sent them far and wide;
Cruel editors returned them, which
Was hurtful to my pride.

But verses grow no better, sure,
By lying in a drawer;
So I sent them to you, sweetheart,
And they came back no more.

It may be you are married, or
May have a fearful squint—
I'd love you just the same, dear,
'Cause you put my stuff in print!

—Helen J. Bowen.

The middle class in England is going to rise and demand war on the profiteers. They call it the White Collar Union. We probably shall never hear anything more about this uprising, so we had better mention it now.

STATISTICS

Ninety per cent of the people who drink gin procured from a drug store become ill from its effects.

Seventy per cent of the husbands are glad when their wives go away for the summer; but they also rejoice when they come back.

So far as the rift between Geraldine and Tellegen is concerned, we refust to become at all excited. We stopped throwing fits over theatrical divorces ten years ago.

Georges Carpentier received a great reception in Paris, but the Parisites all seemed to agree that he made a great mistake by spending a certain afternoon in New Jersey.

One hears that the smart set is shocked by rumors of a divorce. It seems to us that by this time the smart set would be regular shock absorbers, as, to our certain knowledge, it has been shocked at least a dozen times this season.

SAPS I HAVE MET

Mr. Ambrose Bibbins has probably tried to do more for me than any of my other friends. Hardly a day has passed during the past few racing seasons that he has not come to my office about 1 o'clock in the afternoon with a tip direct from the stables on a horse that couldn't lose if he ran on three legs. "We missed yesterday, but we cannot possibly miss today," says Mr. Bibbins. "My brother-in-law was out at the stables this morning and he has put down 100 bones on this nag." Mr. Bibbins has a system that cannot lose—during the winter months when there is no racing in our vicinity. The fact that Mr. Bibbins has occasionally put my money on a horse that was not entered, and that nobody ever heard of, does not diminish his friendship for me. He is as faithful as ever.

Education is a grand thing. A truck shover gets $15 a day and a good college professor can get at least that much a week.

Still they tell us that the place which is paved with good intentions is full of interesting people.

What has become of the old-fashioned girl who used to save the train by waving a red-flannel petticoat?

Breakfast Stories

Little Eleanor gazed long and thoughtfully at the young man who was calling on her grown-up sister, Kate.

"May I climb up on your knee, Mr. Browne?"

"Yes, of course, dear," smiled the young man who wanted to make a hit with the family. "Want to pull my hair—eh?"

"No; I want to see if I can find that word."

"Word?" What word?" asked the puzzled visitor.

"I heard our Kate say this morning that if ever a man had the word "idiot" written all over his face it was you."

A pompous old gentleman was addressing a gathering of English workmen, and during his remarks he urged them to "be industrious! Shun indolence and remember that sloth is the parent of necessity."

As he paused to let this sink in a man in the rear sang out: "Look 'ere, mister, I've 'eard it said as 'ow necessity is the mother of invention. If so be as it is, then sloth is invention's grandmother, and summat's wrong somewhere."

A number of New York sportsmen, putting up at Bill Baker's Maine camp, found their sport much interfered with by rain. Still—fine or wet—the old-fashioned barometer that hung in Bill's general room persistently marked "set fair."

At last one of the party drew Bill's attention to this curious glass. "Don't you think," he said, "that there's something the matter with our glass?"

"No, sair," answered Bill, indignantly, "She's a good glass an' a powerful one, but," he added reflectively, "she ain't moved by trifles."

ASSIGN JOHNSON AS INSPECTOR OF POSTOFFICE HERE

Succeeding Postal Inspector H. A. Wallace, whose transfer to Paris was announced in The Record News several days ago, G. B. Johnson of New Orleans has been assigned to Wichita Falls, it was announced Monday by Postmaster Ed Howard.

The change is effective September 1. Mr. Wallace had been here about eighteen months prior to his transfer.

FARMERS SHOWING POULTRY INTEREST

Unsual interest is being manifested by farmers along the Fort Worth and Denver railroad in the poultry culling campaign being carried on by M. B. Oates, agricultural agent, he reports. During the past week Mr. Oates conducted schools at Bowie, Clarendon and Quanah, a number of county agents in attendance. Next week Mr. Oates will put on similar demonstrations in Hall county.

Who's Who

DR. FRIDTJOF NANSEN

Dr. Fridtjof Nansen of Norway, the famous polar explorer, has accepted the invitation of the Red Cross Union to act as high commissioner to organize help for the Russian famine districts. He arrived at Riga a few days ago and is already overwhelmed by the magnitude of the task before him. He takes the view of President Masaryk of Czecho-Slovakia that if help is to be on a scale large enough to be of real benefit it must be governmental—not merely voluntary.

Dr. Nansen.

"Voluntary effort," asserts Dr. Nansen, "might perhaps raise $50,000,000 sooner or later. That sum is needed for the start, and it is needed at once."

Dr. Nansen is one of the most versatile of public men. Whether he is acting as a professor in a Norwegian university, an explorer in the frozen north, a writer of scientific books, a minister to a foreign capital, or director of relief in one of the world's greatest famines, he does his work in such manner as to attract wide and favorable comment.

He was born near Christiania in 1861, the son of a well known Norwegian attorney; was educated at the University of Christiania; explored Greenland and acted as curator in the Bergen Natural History Museum in the eighties; made his memorable North Pole expedition, in which he reached the highest latitude until then attained, 1893-6; was professor of zoology, Christiania University; took an active part in the separation of Norway and Sweden, 1905; was minister for Norway at the court of St. James, 1906-8.

Dr. Nansen is the author of a number of scientific books, including Across Greenland; Eskimo Life; Farthest North, 1897; The Norwegian North Polar Expedition, 1893-1896; Scientific Results; Norway and the Union with Sweden, 1905; Northern Mists, 1911; Through Siberia, 1914.

ASK RECEIVER FOR FRENCH'S RUBBER FIRM

CHICAGO, Aug. 29.—The American Rubber Company, a $2,500 rain coat agency which was inflated into a million dollar corporation through the efforts of Charles W. French, alleged head of a country-wide "swindle trust" faced receivership proceedings today.

Petitions for the appointment of a receiver for the company were filed in federal court by numerous creditors. It was declared that the company has no visible assets.

Alva Harshman, alleged Milwaukee "dupe" of French, James Horace Leet of Mantu, Ohio, and Elmer Gerber of Cleveland were questioned by federal agents today regarding French's activities. Investigation of French's letters disclosed that apparently no connection existed between him and a swindle band recently uncovered in Omaha, Nebraska.

French's financial operations sent a prominent Mansfield Ohio, banker to his death, it was charged by H. B. Stewart, Mansfield attorney in a letter received by federal agents today.

POSTPONE MEETING OF SCHOOL BOARD

DEATH OF MEMER'S MOTHER CAUSES DEFERMENT OF ACTION.

The meeting of the school board, scheduled for Monday evening, when it was expected to open bids for the contract to build the new school building in the Bowie addition, was postponed because of the death of Mrs. B. N. Ferguson, mother of W. R. Ferguson, who is a member of the board.

The meeting probably will be held on Wednesday, on which date Superintendent Lee Clark is expected to return from Austin where he has been taking work in the University of Texas, leading to the degree of master of arts.

Mr. Clark has completed the work, but has been asked to delay handing in his thesis on the Wichita Falls schools until after a year of work has been completed in the new buildings. Mr. Clark expects to receive his degree with the class of 1922.

FILLMORE GUTTERS AND CURBS BEGUN

Workmen began Monday to lay the curbs and gutters on Fillmore between Avenue F and D.

The laying of the concrete base for the Bitulithic pavement on this stretch will be commenced as soon as the curbs and gutters have strengthened, according to City Engineer Julian Montgomery.

END BUILDING STRIKE

Special to the Record News.

SAN FRANCISCO, Aug. 29.—A four months tie-up in the bluiding industry in San Francisco ended today when union craftsmen returned to work on the employers' terms and a cut of 7 1-2 per cent in wages. Several thousand workers returned to work, according to announcements by both sides.

DAVIDSON ABLE TO LEAVE HOSPITAL

By Associated Press.

NEW YORK, Aug. 29.—Henry P. Davidson of J. P. Morgan, on whom an operation was performed at a hospital August 4, has progressed so far in his convalescence today that he left the hospital and went on his yacht to his Long Island country home.

PIGEON SETS RECORD.

By Associated Press.

WASHINGTON, Aug. 29.—A pigen, which carried a message from Mayor Thompson, Chicago, to President Harding in sixteen hours actual flying time for the 614 1-2 miles, broke a world's record, the department of agriculture announced today. The bird was a product of the government's loft at Beltsville, Md.

WILL PRESS CHARGES IN POLICE COURT

Determined measures to break up the practice of beating police court cases by asking for a jury trial and then killing the case by continual postponement, or of appealing cases to the county court, where they die for want of prosecution, was discussed by the council Monday night.

Employment of an additional attorney as assitant to the city attorney to insure the cases being promptly tried in the city court, and being prosecuted in the county court following, if necessary, was indicated as a possible step of the council. This matter will be definitely settled at another meeting.

It was brought out certain attorneys make it a practice to make personal bonds for parties arrested by the police, drawing down a cash bond, posted in many cases, as fees, demand a jury trial for the defendant, and then by some way or other manage to "wear out" the case.

The result is that many cases are not tried, and the class of offenders which really deserve punishment at the hands of the court are the ones who profit thereby—together with certain lawyers who cater to this kind of business. Part of this evil, it is expected, will be corrected by an ordinance prohibiting an attorney making a bond without permission of the court.

With the other legal business of the city on his hands, and with the double necessity of trying a large number of police court cases by jury, and prosecuting before the county court on appeal, it seemed the consensus of opinion on the part of the county that City Attorney Mann would require part time assistance by another attorney—at least until the tightening up of prosecutions had its effect.

AGAIN URGES TREE PLANTING ALONG ROAD

Immediate action on the planting of shade trees along the paved highway to Electra, as suggested a year ago by J. A. Kemp was urged Monday by Tom L. Burnett, Iowa Park ranchman, in conversation with T. B. Noble at the Wichita Falls Chamber of Commerce offices.

Mr. Burnett declared that lining the highways with trees has been found successful in other sections of the state and that there is nothing to prevent citizens of Wichita county from making this drive one of the most attractive in the South.

He recommended black locust and cottonwood trees as the best to plant, and suggested that cotton woods be planted where they can be watered regularly when the irrigation project is completed and the black locust, because of its hardiness, for other stretches of the road.

SCOUT LEADERS TO FORM MODEL TROOP

TRAINING UNIT WILL DEMONSTRATE STEPS IN WORK.

Organization of a scout leaders training corps will be started at a meeting Tuesday evening at 7:30 o'clock at the Floral Heights Methodist church, to which all scout masters, assistant scout masters and all men interested in boy scout work are invited.

It is planned to form, out of those in attendance at this meeting, a model troop, which will demonstrate all of the different steps in scout work.

GOOD BUSINESS IS EXPECTED BY BUYER FOR KRUGER STORE

A good business is expected this fall and winter by jewelers from all over the United States—a sure barometer of improved business conditions, according to L. Cohen, buyer for the Kruger Jewelry company, who returned Monday from a buying trip to the New York and Boston Jewelry markets.

Mr. Cohen found New York filled with buyers in every line of business and from all parts of the country—all expecting greatly improved business with the passing of the summer.

While in New York Mr. Cohen saw some big league baseball, seeing the Giants "knock under" several visiting clubs.

CHILE MAY TRY PROHIBITION IN CERTAIN SECTIONS

By Associated Press.

NEW YORK, Aug. 29.—Alfredo Avalos, legal adviser to the minister of finance of Chile, arrived today to make a first hand study of the operation of the Volstead law and to recommend whether such an act might be put into operation in Chile.

He said prohibition would be useful in certain provinces where the major portion of the population are working men.

A stumbling block to prohibition regulations, he added, is that more than 700,000,000 pesos are invested in the wine industry in that country.

MIDSHIPMEN AT ANNAPOLIS LOSE FALL VACATIONS

By Associated Press.

ANNAPOLIS, Aug. 29.—At least 215 and possibly more midshipmen will be deprived of all or part of their September vacations, according to announcement made by authorities of the naval academy today, because of minor breaches of regulations committed during the summer practive cruise or for delinquency in studies.

Those who will be held back for the latter reason will be given re-examinations, and continuance with their respective class will be dependent upon the results of these tests.

DEFER FINAL DECISION ON PHONE CASE

After M. P. Caldwell of Fort Worth, district manager, and C. C. Kirby, local manager of the Southwestern Telephone company had explained the situation which confronts the company as to securing sufficient materials and equipment together with a lack of funds to carry out needed extensions, property owners of the Scotland addition at a hearing before the city council Monday night agreed to postpone a request for final action on a petition asking that the company be ordered to extend their service to their addition.

Officials of the company agreed, at the request of the council, to confer with representatives of the property owners and if possible place three or four phones in the addition so as to relieve the present situation under which the district has no telephone connection with the main part of the city.

Electric Lights for Scotland.

Electric lights for the Scotland addition was again brought to the attention of the council by A. L. Huey, who asked for action on the petition presented several weeks ago signed by 125 property owners. The committee from the council appointed to make a survey of the need of the service was not ready to report and no action was taken. Final action will be taken at the meeting next Monday.

W. A. Richardson, 2114 Bluff street, presented a petition asking for electric light service in the Sibley-Taylor addition. He was assured by P. A. Rogers, general manager of the company, that the service would be given in the near future.

J. A. Anderson presented a petition asking that Broad street be opened between Twenty-fourth to Twenty-sixth streets. No action was taken council members expressing the opinion that the opening of the street was a matter of private agreement between the promoters of the addition.

After a petition had been presented signed by interested property owners the council ordered the cutting down of the cotton wood tree "landmarks" on Indiana street, between Sixth street and the river front.

Departmental Matters. Discussed.

Individual members of the council brought before the remaining members several matters concerned with their departments. Commissioner Reed said that he found on investigation that the creek running to the lake and from which the city received its water supply, had hog pens in close proximity. He suggested that the water mains be flushed at frequent intervals. Both matters were referred to the water department.

Commissioner Reed also said that he had been asked to give an exclusive right to one man for the sale of ice cream and other confections in Bellevue park. The attitude of the council was unfavorable.

Commissioner Shepherd complained of the service of the sanitary department in handling garbage under the new ordinance. Sanitary Officer Douglass explained the cause of the trouble and promised relief.

Commissioner Fitts said that he favored ranking cars on Eighth street from Ohio street to the union passenger station, but that it was impossible to do so because of the stands awarded service cars under licenses secured from the city. These licenses will expire next month and arrangement will be made for the ranking of the cars. Commissioner Fitts again brought up the matter of the Clisbie Service company's agreement with the railroad company which gives the company certain advantages over other service cars at the union station. Other members of the council expressed the opinion that it was matter of private contract in which the city could take no action.

Liability for Paving.

City Attorney Mann was requested to give the council an opinion at the next regular meeting as to liability of property owners to pay for the paving of street intersections when they were not paving in front of their properties.

Several new ordinances were placed on their first to final readings. An ordinance incorporating new traffic regulations suggested by Commissioner Fitts was passed on its first reading without discussion, as was an ordinance regulating soliciting at the union station by service car drivers and hotel proprietors.

The council again passed the ordinance on its first reading which gives authority of the mayor to borrow not in excess of $200,000 to carry the city through its present financial difficulties. This ordinance was passed at the last meeting but it was found later that the action was illegal due to the fact that the charter provision as to the number of council members present were not complied with.

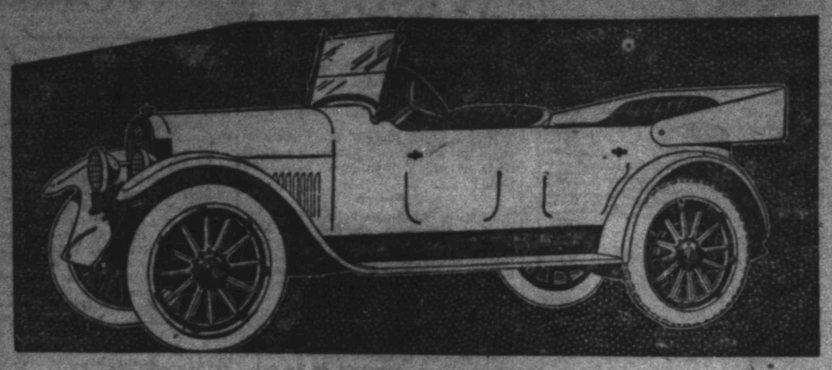

To expedite the carrying out of this motion the council will meet in special session today and Wednesday. The ordinance must be assessed on three successive meetings before it can be carried out.

MAINLY ABOUT PEOPLE

(Continued from Page 1)

clined to think." According to the News more than 25,000 people attended the Confederate Veterans reunion at their grounds on Holliday creek and the rodeo of wild horses and steer riding was enjoyed by large crowds of folk who love to see the way things were done in the once wild and wooly days. Among the speakers were Hons. A. L. Morgan and P. A. Martin of Wichita Falls. Editor Martin isn't strong for oratory if the program is more inviting. This is what he said of the speakers. "They served nicely as space fillers between the more strenuous events." There were more campers this year than usual, people going in cars and trucks instead of the old fashion wagon. "At present it seems the second city test well is a duster and will be abandoned," says the News. "A good rich oil sand was hit and lost, as it showed up some 50 feet shallower than that found in No. 1. The developers announce they have in mind drilling a third well with a preference for a location closer to the court house. They have decided sure enough that the court house is over the main pool, and want to drill as close to it as the city authorities will allow. And, peculiar to say, they ask for but one small town lot as a drilling site."

Give Yourself a Chance to Win One of These Big Touring Cars!

1st Grand Prize—Studebaker Six $1495

2nd Grand Prize—Maxwell Touring Car $975

3rd Grand Prize
Overland Touring Car
$835

4th Grand Prize
Ford Touring Car
$582.61

START NOW!

—Fill out and mail or bring this blank to the manager. It is all that you need to start. It carries a credit of 2000 votes and can only be used once. The campaign has just started. Now is the time to get in and win. After you have sent in your nomination

THEN GO

to one of your friends or acquaintances and ask him about his subscription to The Record News. When you tell him you are trying for one of the big automobiles, he will be glad to give you his subscription, and the votes that go with it.

HOW PRIZES WILL BE AWARDED

CAPITAL PRIZE — $1985 Haynes Touring Car will be awarded to the candidate who polls the greatest number of votes in the entire campaign. Purchased of and on display at the Nolen-Stringer Motor company.

FIRST GRAND PRIZE— $1495 Studebaker Touring Car will be awarded to the candidate who polls the second highest number of votes in the campaign. Purchased of and on display by the Excelsior Motor company.

SECOND GRAND PRIZE— $975 Maxwell Touring Car will be awarded to the candidate who polls third highest number of votes in the campaign. Purchased of and on display by S. Bemrod Auto & Supply company.

THIRD GRAND PRIZE— $835 Overland Touring car will be awarded to the candidate who polls the fourth highest number of votes in the campaign. Purchased of and on display by the Overland Motor company.

FOURTH GRAND PRIZE— $582.61 Ford Touring Car will be awarded to the candidate who polls the fifth highest number of votes in the campaign. Purchased of and on display by Ford Motor company, and so on until all the prizes have been awarded.

NUNN ELECTRIC COMPANY

—RIGHT NOW—TODAY— is the best time to enter and win in The Record News gigantic automobile and prize campaign. The race is just beginning to warm up—the first heat is just beginning. Like the nervous, chugging racing cars that scoot away along the track at the drop of the checkered flag, they are grooming themselves for the grand dash. They are preparing for first honor, and Saturday will find them primed. Work of preparation is going merrily on—a number of new candidates entered yesterday—and who could say where they will stand when the final vote count is made on October 29th.

—By starting TODAY, YOU can get the advantage of those bonus votes. Surely, before the clock strikes 7 p. m. on Saturday, October 1st, YOU can obtain enough subscriptions to gain your extra votes. Just a few hours might do it—and you will never have a better chance. Decide NOW to drive home in one of those big, luxurious touring cars when the campaign ends on October 29th. Just a few short weeks of merry vote gathering, backed by the determination to win, and joy and happiness will be yours.

Vote Value of Subscription Payments

Below is shown the subscription rates and the regular number of votes given according to the amount paid on any subscription.

THE RECORD NEWS by carrier in Wichita Falls and all outside towns where carrier service is maintained:

	Price	Votes
Six month	$ 3.90	2,000
One year	7.50	5,000

Rules and Regulations and How To Enter

—Fill out the nomination blank with your name or the name of the person to be nominated. Bring this blank to the campaign manager and you will be credited with 2000 votes as a starter.

—Any woman over 16 years of age, either married or single, of good character, and of the caucasian race, may become a candidate in this campaign and is entitled to one nomination credit of 2000 votes.

—The campaign manager reserves the right to reject nominations. There are no obligations attached to entering this campaign and it costs absolutely nothing to try for a prize.

—No candidate will be permitted to transfer votes to another candidate after receiving them for herself. Any questions or controversies that may arise are to be settled by the campaign manager, and this decision will be final and conclusive. Subscriptions cannot be transferred. All subscriptions must be paid in cash before votes are issued. In accepting nominations all candidates abide by the conditions named. The campaign manager reserves the right to make changes and additions that are deemed necessary in the interest of the campaign to the conditions or prize list. All prizes will be delivered to the winners at Wichita Falls, Texas, just as soon as the winners are announced by the official judges.

—In case of a tie for any of the prizes the candidate tying will receive identical with the one tied for. The campaign officially opens Monday, August 29th. No agreement or promises, either written or verbal made by solicitors or representatives other than those published in The Record News will be recognized.

—Votes will be issued on prepaid subscriptions from six months to two years inclusive, but no subscriptions will be accepted for more than two years or less than six months.

—EVERYONE WHO ENTERS WILL RECEIVE ABSOLUTE FAIR AND IMPARTIAL TREATMENT.

SPUDS POUND JACK KNIGHT HARD, WHILE RUBE HURLS SWEET GAME AND 'DIXIE CHAMPS' WIN 'ER, 10-2

By C. F. CARTER

"What's that so black against the sun?"
Said Fun-on-Parade;
"It's Danny's bat a-blazing one,"
The colored bat boy said.
For they're hanging Jakey Atzer,
You can hear the dead march play,
They've poured it on the Panthers
And cut their hopes away—
And they're hanging little Jakey in September!
—Apologies to Mister Kipling.

The Knight family figured quite prominently in a Texas league baseball game at Galveston yesterday. One Sam Knight hit a home run for the Galveston Sand Crabs off Rube Marshall, which only made Rube chuckle hilariously and didn't disturb him in the least; while one Jack Knight, supposed to be about as fine a twirler as the Crabs have, served more "mush balls," as Jimmy Maxwell calls 'em, to the Spudders than you could shake a stick at.

The Spudders shook sticks at 'em, however, with great enthusiasm. And Buddy Tanner, Danny Clark and Cecil Griggs knocked three of Jack's mush balls out of the park so durn far that it was reported last night all three balls had returned to the Spalding factory and were through with baseball forever. Yes, the Knight family had a busy afternoon, especially Jack. The Spuds hit everything Jack dished up; they treated Jack as the windmill treated that other famous knight, Don Quixote (That's a deep one, but don't get discouraged.)

Easy Ridin' Spuds.

The Spudders galloped away with ye balle game by the score of 10 to 2, waiting as per their customary schedule until near the close of the pastime to exhibit their prowess as sluggers. In the last three innings they scored 8 runs, and hit Jack Knight so hard that Roy Ellam had pity on him and let Jeffries hurl the final inning. We don't know who this Jeffries is, but Red Phillips thought it was Jim Jeffries and began hollering for the Spuds to send in their new outfielder, Jack Johnson, to take a crack at him!

The Spudders presented a new centerfielder yesterday, one B. Allen, acquired by Skipper Salm from the Meridian club of the Mississippi State league, and who was with Mobile in the Southern last year. Allen handled three chances in the field perfectly, one being a running circus catch of a line drive that, according to the wire operator at Galveston, "looked like a certain triple when it left the bat." He also turned in a single to left, and hit the ball hard on his other trips to the plate.

Buddy Tanner started the Spudders on their scoring journey in the fourth when the stocky little shortstop drove one over the right field wall for the circuit. In the fifth Cecil Griggs made a new man for a week out of 'Gene Leopold when "My Man" poled the apple over the deep left field fence for a round-trip ticket.

Sam Knight got in the home run circle for the Crabs in their half of the fifth, hopping on one of Rube's fast ones for a right field circuit smash—and the Crabs tied the count in the sixth after two were out, when Rube walked Schliebner and Distel followed with a triple to deep center.

That Lucky Seventh.

But you know the Spudders old "lucky seventh." Here she goes, boys:

Griggs singled to center. Works flied out to left, and then Cecil stole second (It was sure a big day for 'Gene Leopold), and raced home when Kitch singled to left. Frank went to second on the throw to the plate. Marshall hit to Sam Knight and Kitch was caught going into third. McElwee walked. Tanner socked one at Sam Knight, who let it break through, and the ball also got away from Trash in centerfield, Marshall and McElwee scoring and Buddy going to third. Tex singled to center, bringing Buddy home, and Clark ended the inning by flopping to Roy Ellam.

In the eighth the Spuds scored two more. B. Allen singled to left, and was forced at second by Griggs. Works singled to center, and kept on to second when Thrash tried vainly to get the flying Griggs at third. Kitch brought 'em both home with a right field single. Marshall filed to Bittle and McElwee was thrown out by Jack Knight.

Jeffries took the hill for the Crabs in the ninth, and forced Buddy to pop to Ellam. Tex, however, hit one of those heavy two baggers of his'n to right—and Danny Clark promptly sent the apple sailing over the right field wall for the circuit. Allen flied out to Thrash and Griggs was thrown out by Jeffries.

It was duck soup for the Spudders, and it tasted fine to the home fans here. Crab flakes au gratin today, gang.

The score:

WILLARD BEGINS TRAINING FOR BOUT WITH DEMPSEY

TOPEKA, Kan., Aug. 29.—Jess Willard, while in this city today on business, said that he had started training for the prospective bout with Jack Dempsey, world's heavyweight champion. He says he will scale his present weight 265 down to 238, his weight when he lost the title to Dempsey at Toledo July 4, 1919.

WILHELM SIGNS AS MANAGER OF PHILS FOR NEXT SEASON

PHILADELPHIA, Aug. 29.—William F. Baker, president of the Philadelphia National league baseball club, announced today that Irving Wilhelm has been signed as manager for 1922. Wilhelm came to the Phillies as trainer and catch, and since William Donovan's removal several weeks ago, has been acting manager.

AIRDOME FANS PICK ALL-TEXAS LEAGUE TEAM

As a result of the first day voting of the fans at the Airdome yesterday Carl Stoecker's All-Texas league team would take the field about as follows:

Kitchens, catcher; Williams, San Antonio, pitcher; Kraft, Fort Worth, 1st base; Clark, Spudders, 2nd base; McDonald, Spudders, 3rd base; Rigney Fort Worth, shortstop; Beecher, Spudders, left field; Connolly, San Antonio, center field, and DeMaggio, Beaumont, right field.

That's a composite picture of the way the votes ran, but the voting was very close. Connolly, for instance, received only two more votes for the center field position than did Jake Miller, while Holly was only two votes behind Mutt Williams as first choice for mound duty.

Among the players who received the most votes for various positions were the following:

McDonald, 3rd base	40
Beecher, l. f.	39
Clark, 2nd	38
Rigney, s. s.	22
Kitchens, c	24
Kraft, 1b	23
Connolly, c. f.	19
DeMaggio, r. f.	19
Miller, c. f.	17
Williams, p.	16
Holly, p.	14
Eibel, 1b	12
Pate, p	11
Tanner, s. s.	10

AMATEUR LEAGUE

Faultless fielding and good twirling by Stanley Anderson gave the Pond Laundry nine a victory over the Methodists in the Twilight League last evening by a score of 5 to 3. Anderson held the hard-hitting Methodists to six scattered hits, and fanned 6. The game was called at the end of the fifth inning on account of darkness.

Score by innings—

	R.	H.	E
Ponds	101 30—5		0
Methodists	001 20—3		0

Batteries: Ponds, Anderson and Standfield; Methodists, Taylor and King.

PIRATES RECALL TRAYNOR TO STAND OFF GIANTS RUSH

MEMPHIS, Tenn., Aug. 29.—Harold Traynor, shortstop under contract to the Pittsburgh Nationals, but now playing with the Birmingham Southern association club, has been recalled by the Pirates, according to announcement here today by the management of the Birmingham club. Manager Gibson notified the Birmingham club he was sending Krehmeyer, another player, to replace Traynor.

WISDOM and WORSE

By C. F. C.

Who's the new guy with the Spuds,
With the deadly battling manner?
Who's the rising home-run king?—
Why, it's little Buddy Tanner!

And still the sluggin' Spudders continue to pound out victories despite their notorious "weakness" as a road team!

A little while back Bill Bee remarked, apropos of the fact that Dallas had defeated San Antonio, that for a ball club to boast of having beaten the Bears resembled a strong man bragging after he had knocked down an old apple woman—but, say, fellers, after Dallas had fled around the corner the old apple woman arose, dusted off her shirts, and busted the next passing pedestrain, Mr. Fort Worth Cats, right square in the beezer, didn't she? Hot dawg!

"Smiley" Allen, who runs the board at the Palace theatre, tells us that he was in Fort Worth t' other day, and that fans innumerable there with whom he talked were frankly admitting their belief that the Spudders would cop the second half of the season. According to Allen, they figure the Cats have hit a bad slump, and they blame it on Clarence Kraft. When Kraft was busting 'em, the entire Fort Worth club was hitting the apple hard—when he fell off in his batting stride, the team dropped like a faded flower, so these Fort Worth fans informed Smiley.

Well, there's one flower we ain't a-going to try to revive.

Facts and figures, statistics, dope of various kinds, become wearisome at times, so let's swap a few base ball yarns this morning to brighten the pennant trail.

"Shufflin" Phil Douglas, pitcher for the New York Giants, is a natural story teller and his darkey stories, told with a delicious southern accent, are hard to best. Here is one yarn that Douglas used to tell a few years back:

A fight was organized down in Alabama, and the management advertised for negro pugilists. There was a big Alabama negro known as Black Jack Johnson, and he was a terror. For a long time it was impossible to find another darkey to fight him, but finally a big boy from Memphis, who called himself the Tennessee Torpedo, agreed to go on with Black Jack. But before doing so, the Tornado asked: "How much I gits to fightin' dis man?"

"Seventy-five dollars," the fight club manager answered.

So they went at it. The Tornado weathered the first round all right, but in the second he took a wicked lambasting and wanted to quit. The referee told him he would get no money if he didn't continue. So the Tennessee Tornado stuck it out until the fifth round, when Black Jack knocked him cold with a right swing.

After settling up, the club manager found he was short of money. But he had a lot of silver left, about $25 in all, and this he dumped into the Tornado's hat. The Tornado laboriously counted the "chicken feed," found it was short, and asked:

"Didn't you all say somethin' 'bout seventy-five dollars?"

"Sure," retorted the manager, "seventy-five for the winner."

"Doggone," moaned the Tennessee Tornado, "I done had de losin' end won in de secon' roun'."

Sherry Magee, with Minneapolis this year, but last season playing with the Columbus club, handed some Columbus fans a few days ago a verbal hot shot that kept them quiet for several innings:

Sherry belted a two-bagger just inside the third base line, and when he pulled up at second a little group of fans back of third base began yelling:

"You're lucky, you're lucky."

Magee cupped his hands and sent this back at 'em:

"The only time I was ever lucky in my life was when I got away from Columbus."

Boots Weber, secretary of the Los Angeles club of the Pacific Coast league, swears Umpire Bill Byron is a better drawing card at the gate than Babe Ruth:

"You're a real attraction," Weber told Byron one day, "and I'm for you. You help draw the people through the gate."

"Yes," mourned Umpire Bill, "and I help to draw 'em on me, too."

"That's just the point," exclaimed Weber enthusiastically. "The more they get on you, the more they will come out to see you, and that, after all, is the main consideration."

"Say, you're certainly kind-hearted," said the indignant umpire.

"Just the same," insisted Weber, "I sure hope they stay on you."

ATTENTION

Members of University Club

—This week's meeting will not be held at the noon hour as usual, but will be held at the club rooms of the Wichita Club this evening at eight-thirty.

—A splendid musical program has been arranged by Professor Loew which includes violin solos by Miss Daisy Wharton (accompanied by Mrs. Lucile Brooks Huff on the piano) and Jarrell Gose.

—Captain R. S. Healy, who addressed the club at the last luncheon will lecture.

—All members are urged to attend and bring with them their wives, sweethearts and friends.

—NOTE—Every member is requested to tell every other member of this special entertainment tonight.

W. S. CURLEE, Chairman Entertainment Com.

FOUR CHAMPS BOX FOR TEX NEXT MONDAY

By Associated Press.

NEW YORK, Aug. 29.—Four boxing champions will appear in Tex Rickard's Jersey City arena next Monday afternoon.

Johnny Wilson of Boston and Bryan Downey of Cleveland will settle their controversy as to which holds the middleweight title. This has been a matter of controversy since their recent meeting in Cleveland. Downey claims he won the title and Wilson insists he retained it.

In the preliminaries, Johnny Buff, American flyweight titleholder, will engage Indian Russell, bantamweight from Harrisburg, Pa., and Mike McTigue, who holds the Irish and Canadian middleweight titles, will meet Panama Joe Gans, holder of the Rickard belt emblematic of the negro middleweight championship.

SPEED BOAT HITS 50-MILE GAIT TO WIN

By Associated Press.

DETROIT, Mich., Aug. 29.—Averaging 50.5 miles an hour, Miss America I, of the Detroit Yacht club, with "Gar" Wood at the wheel, took the second 30-mile heat in the gold cup race here today, defeating Miss Chicago of the Chicago Yacht club, and the Sea Sled Orlo III, entered from the Columbia Yacht club. The victors time was 35:43:40.

Miss America I, which won the first heat Saturday now has 24 points on the cup, to 22 for Miss Chicago and 10 for Orlo III.

"Gar" Wood also took the second fifty-mile heat today in the Wood-Fisher race for displacement speed boats, his "Baby Gar" scoring an easy victory over Nick Nack of the Buffalo Lunch club, and Aye Aye Sir of the Miami Beach Yacht club, which finished second and third, respectively. The time for the heat was 1:13:51:76.

The point standing in the Wood-Fisher race is: "Baby Gar" 14; Nick Nack 11 and Aye Aye Sir 9.

The second 30-mile heat in the Detroit trophy race for single engine hydroplanes went to Miss Chicago, Miss Belle Isle II of Detroit finished first, but was disqualified for cutting stakes.

AMERICAN DOCTOR ATTENDS MEETING OF LEAGUE COUNCIL

By Associated Press.

GENEVA, Aug. 29.—Dr. Charles Edward Armory Winslow of Yale university, medical director of the American Red Cross, is in Geneva attending the meeting of the health commission of the league of nations. The commission is going ahead to organize a world health institute separate from the international health office of the Red Cross, to which the United States belongs.

BURGLARS VISIT IN NEARBY TOWNS

House burglars paid visits to two nearby towns Saturday night, according to reports filed Monday with city detectives.

The theft of $30 in currency, a vibrator, an electric curling iron, and a small guitar by burglars at Newtown and of a watch from E. L. Nolan at Burkburnett, were the reports

MAKE ARREST ON NEW LICENSE LAW

The first arrest for violation of the newly drafted city ordinance requiring that all persons operating a wagon hauling trash and garbage must be duly registered and provided with bond was made Monday by Dr. A. H. Douglass, city health officer.

The case is expected to come up for trial Tuesday morning.

JUDGE REDUCES NEGRO'S BOND

Judge Ed Napier of the Seventy-eighth district court Monday afternoon reduced the bond of Miks Perkins, negro, charged with theft and burglary from $6,000 to $4,000.

The action was taken after habeas corpus proceedings were gotten out Saturday the petition alleging that the bond set by the justice court following a preliminary hearing was excessive.

FARM AGENT STATIONED AT IOWA PARK

The office of the county farm demonstration agent to be employed by the county in co-operation with Chamber of Commerce organizations, will be at Iowa Park, according to a motion passed at the meeting of the county commissioner's court Monday. The decision was made after the court was assured that the selection was acceptable to other towns in the county and to this city.

J. B. Edmonds, district agent of the county agent work for this section, was present at the meeting and conferred with the court regarding the man to be selected as county agent for this county. J. W. Chatham, Jr., secretary of the Chamber of Commerce here, B. T. Johnson and N. Spence, secretaries of the Chamber of Commerce at Electra and Burkburnett, were present at the meeting.

Mr. Edmonds said that he would present the name of a possible appointee to the court at its next regular meeting on September 6th. He explained in detail the method used in selecting of a county agent the final appointment of which is made by the commissioner's court. Mr. Edmond is connected with the extension department of Texas A. and M.

After Special Deputy Sheriff McDonald had explained to the court that one officer with a motorcycle was unable to handle the speeding and other violations of the law on the Lake road the court appointed B. M. Newton, former motorcycle officer on the city police force, to aid him. He will furnish his own machine and will receive $150 a month.

Bids for the construction of 1800 feet of sixteen-foot pavement running west out of Burkburnett on the Burkburnett-Clara road, were opened and the contract let to J. Dubur of Iowa Park. The bid was $11,011.37. Three other bids were received.

The court passed an order discontinuing the services of J. W. Meadows, who has been employed by the county in drawing up petitions in connection with delinquent tax suits. Mr. Meadows has completed the work.

SANITARY SEWER NEAR COMPLETION

The work of laying the segmental block sanitary sewer mains south of the river is completed and the contractors are now engaged in cleaning the outfall at the river and pointing up the lines, it was announced Monday by City Engineer Julian Montgomery.

With the work of putting down the new sanitary system, nearing completion, Mr. Montgomery announced that material reductions in the size of the force employed by the city engineer will be affected. Two inspectors, he said, have already been released.

Approximately 25 miles of the sewer lines have been put down and include 30 to 36-inch mains and 6-inch laterals. The new lines are to furnish service to Floral Heights, Sibley Taylor addition, north of the river, factory district, east of the railroad, Fairview addition. Division lines have also been laid from the new lines to the old sewer system at Fourteenth and Grace streets.

The new sewers should be completed ready for use in about two months, according to the announcement.

RANKIN JOHNSON HURLS NO-HIT-NO-RUN GAME

AMARILLO, Texas, Aug. 29.—Four members of the local baseball team signed league contracts today after A. Rankin Johnson, a local pitcher had pitched a no-hit-no-run game against Clinton, Oklahoma, squad.

DEATH CLAIMS OLD RESIDENT OF IOWA PARK

Mrs. B. N. Ferguson, for more than forty years a resident of Wichita county, and the mother of W. R. Ferguson, prominent local banker, died Sunday at midnight at the family home, south of Iowa Park. The funeral was held Monday afternoon at Iowa Park, the Rev. J. Lem Keevil pastor of the Wichita Falls Christian church conducting the services, which were attended by a large number of Wichitans who had known Mrs. Ferguson and her family for years.

Mrs. Ferguson was eighty-one years of age, and had continued active as long as her health permitted. She was said to have been always busy in the work of her church, and in any other movement for the general good. She had been a member of the Christian church for many years.

She is survived by her husband, her one son, W. R. Ferguson, of this city, and three daughters, Mrs. Frank Boyd, also of Wichita Falls, Mrs. Dan Hooks of Iowa Park, and Mrs. J. D. Mickey of Childress. There are also a number of grand children.

FUNERAL SERVICE FOR MRS. CARTER TUESDAY

Funeral services for Miss Jane Carter, 81 years of age, who died Monday morning at 3:45 o'clock at the home of her sister, Mrs. W. M. Fuller, 1600 Bluff street, will be held Tuesday afternoon at 4 o'clock at the Central Presbyterian church, the Rev. Lorenzo Lawrence of Iowa Park officiating.

Active pallbearers will be: J. C. Joplin, F. Johnson, R. C. Anderson, J. C. Pressley, D. B. Reed and J. S. Pitman; honorary, George Fleming, A. F. Kerr, E. S. Goodner, J. E. H. Railey, Dr. J. F. Reed and F. D. Lynch. Burial will be at Rosemont burial park.

The deceased is survived by her sister, Mrs. Fuller, two brothers, P. M. Carter of Fort Worth and C. L. Carter of Portales, N. M., and three nephews: Charles R. and Bruce Fuller of this city, and Wiley Fuller of Washington, D. C.

MEXICANS KILL ANOTHER YANK

By Associated Press.

WASHINGTON, Aug. 29.—David L. Richards, an American, was killed by Mexicans at Chivela last Friday, according to consular advices from Salina Cruz received today at the state department. Richards' home was at Niles, Cal.

The consul gave no details of the killing except that it was done "by natives."

GIRLS! WHITEN SKIN WITH LEMON JUICE

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy-white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate.—Adv.

VARSITY CLUB TO ENTERTAIN WITH PROGRAM

Members of the University club and their friends have a special treat in store for them this evening in the shape of a musical and lecture to be given at 8:30 in the Wichita club rooms. This evening entertainment will take the place of regular noonday luncheon which is held each Tuesday noon.

Professor Loew, the chairman of the musical program committee, has arranged a special treat for all lovers of music. Both Miss Daisy Wharton and Jarrell Gose will render selections on the violin. Miss Wharton will be accompanied on the piano by Mrs. Lucile Brooks Huff.

Captain R. S. Healy, who addressed the club at the regular meeting on Tuesday last, has consented to lecture again on some of the European countries in which he was stationed during the world war.

All members are asked to bring their wives, sweethearts and friends. The affair will be purely informal and light refreshments will be served at the end of the entertainment.

REMOVE PRISONER FOR SAFE KEEPING.

By Associated Press.

HOXIE, Ark., Aug. 29.—Town Marshal John Ball, who Saturday night shot and killed Tom Burrow and John Holcomb at a picnic near here and immediately afterward surrendered to Sheriff Caldwell today was taken to Jonesboro for safekeeping as the result of reports that friends of the dead man threatened to lynch the officer.

A TEXAS WONDER

For kidney and bladder troubles gravel, weak and lame back, rheumatism and irregularities of the kidneys and bladder. At your druggist's or by mail, $1.25. Small bottle often cures. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo.

CONVINCING PROOF

That Lydia E. Pinkham's Vegetable Compound Has Extraordinary Curative Power in Cases of Woman's Ailments

Columbus, O.—"I suffered very much pain during my periods and felt weak and all run down. I tried many remedies and the doctor said I would have to have an operation. Then before my baby was born I had terrible pains in my sides. I took Lydia E. Pinkham's Vegetable Compound and it helped me wonderfully. I have had two children since I began taking your medicine and did all of my own work including washing. You may use this letter as a testimonial if you wish." — Mrs. Thomas L. Christy, 704 West Mound St., Columbus, Ohio.

Such a condition as Mrs. Christy was in points directly to a deranged condition of a woman's system, and by following her example taking Lydia E. Pinkham's Vegetable Compound, women may be relieved from such ailments and be restored to normal health and strength just as she was.

If there is anything about your condition you do not understand write Lydia E. Pinkham Medicine Co., Lynn, Mass., about your health.

The gulf stream is more rapid than the Amazon, more impetuous than the Mississippi, and its volume more than 1,000 times greater.

It takes fifteen days for the average human body to recover from the loss of two consecutive nights of sleep.

You've Struck it Right when you Light a CAMEL

Your taste will tell you that! For Camels have the flavor and fragrance of choicest tobaccos, perfectly blended. They're smooth and mellow-mild.

And there's NO CIGARETTY AFTERTASTE.

We put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

That's why Camels are THE QUALITY CIGARETTE.

Corn 65 cents per bushel. Cotton seed meal, $35 per ton.

NEW YORK SUGAR.

NEW YORK, Aug. 29.—Raw sugar was firmer as one of the local refiners paid 4.61 for some uncontrolled sugar while Cubas were still held at 3 1-4 cost and freight, equal to 4.86 for centrifugal. The rangs at the close for centrifugal was 4.61 to 4.86, later the committee price for Cubas.

Following the improvement in raws the market for raw sugar futures, after opening a shade lower, improved and with trade and Wall street buying in evidence, closed steady at unchanged to 3 points net advance.

In refined the feature was the advance to 5.90 for fine granulated by one of the refiners who previously was quoted at 5.80, although it was understood that they would still take some business at the old price. Demand was quiet and the range on fine granulated was listed at $5.90 to 6c. Refined sugar futures were dull in absence of sales, closing nominally unchanged to five points net lower.

NEW YORK COFFEE.

NEW YORK, Aug. 29.—Coffee futures showed a steadier tone today on covering by near months shorts following liquidation of last week and a little demand from Wall street sources. The opening was one point lower to five points higher, with active months selling 10 to 22 points above last night's closing figures during the day. This carried December up to 7.08, or 33 points above the low level of last week, and closing prices were at best with the market showing a net advance of 16 to 23 points. September 6.68; October 6.81; December 7.08; January 7.21; March 7.45; May 7.64; July 7.82. Spot coffee was reported in good demand on the basis of 7 to 7 1-8 for Rio 7s and 10 1-4 to 11 for Santos 4s.

CHICAGO PRODUCE.

WHEAT GOES UPWARD ON BULL NEWS

By Associated Press.

CHICAGO, Aug. 29.—Bullish news served to make wheat prices average higher, but a rather weak response to this news caused a slight slump at the finish on the Chicago board of trade today.

Wheat was 1-4 to 3-4 higher at the close, while corn, after holding to narrow limits all day, finished a shade lower all around. Oats also varied but little, and finished a shade under the opening. In provisions, meats were generally unchanged, but lard was 30 points up.

There was a decrease of 3,892,000 bushels noticed in the visible supply of wheat, while the seaboard reported sales amounting to 750,000 bushels, including two cargoes to Spain and one to Germany. A break of five cents in cash premiums at Minneapolis was about the only bearish feature of the day.

BUSY STREET COVERS BONES OF DEAD HERO

By Associated Press.

DETROIT Mich. Aug. 29.—Forgotten for more than two centuries, the graves of Detroit's earliest settlers which lie beneath what are now two of the city's business thoroughfares, have been uncovered in excavations near the corner of Jefferson avenue and Griswold street.

Among the bones are believed to be those of Major Gladwyn's sturdy English warroirs who fell in holding Detroit against Pontiac's conspiracy in 1763. Some were "pnknown," pathfinders in the development of the middle west, whose struggles and hopes ended when they were stricken in Detroit. Unmarked, most of them, their bodies were not moved from the ancient burying grounds, when in Michigan's territorial days the march of the living crowded out the city of the dead, and the graveyard became a part of downtown Detroit. Skyscrapers now loom above it and dividing the cemetery into four quarters, Jefferson avenue and Griswold street carry a great burden of traffic.

Near the site stood the first Ste. Anne's church, built by Mr. Cadillac in 1710, just outside Fort Ponchartrain, the first settlement's stockade. The French were forced to destroy their house of worship when the fort was besieged by the Sac and Fox Indians in 1712, because its position outside the stockade offered the savage tribesmen a point of vantage in their attack. Rebuilt inside the stockade, the church stood undisturbed until 1805 when the entire town was burned. For 116 years, the little settlement of Roman Catholics reverently laid its dead in this burying plot.

In 1818, a new cemetery was provided when the territorial governor and judges gave permission for Jefferson avenue and Griswold to pierce the cemetery. Many removals were made to the new cemetery, also in what is now downtown Detroit.

Nearby in the heart of the city are two other cemeteries, long forgotten and overgrown with streets and business places, which from 1800 to 1850 were resting places of the city's dead. Although there have been no recent excavations, it is believed the bones of many other pioneers lie there beneath hospitals, streets, and business blocks.

IOWA'S SMALLEST TOWN SUCCUMBS

DAVENPORT, Iowa, Aug. 30.—Iowa's smallest town is soon to be eliminated, and this with due process of law in the Scott county district court.

The town in question is Bethany, located inside of the city limits of Davenport. It was platted on February 4, 1855 by Thomas McGovern. Old plat books on file in the office of the Scott county auditor contain records of the town and plats showing the lots and blocks.

Bethany was laid out with five streets running east and west, each block intersected by an alley. There are fifteen lots in the town.

Since the early history of the town is missing from the records, just why McGovran laid out the town and called it Bethany is unknown. Old residents here can remember nothing of the early history of the place, and many of them have forgotten that such a town exists.

Bethany is entirely surrounded by the city of Davenport, and is treated by many as an addition. It is a town in name only, as it never had a local government, never experienced a real estate boom, and because of the legal status of the place never boasted more than one dwelling at a time. In fact no one ever paid much attention to Bethany.

Now however attorneys for Thomas Agar and Lizzie Jessen owners of the town site have petitioned the district court for an order vacating the plat and giving lot owners title to the streets and alleys for the sake of correcting the records of title.

RECEIPTS ARE MORE LIBERAL AT FT. WORTH

By Associated Press.

FORT WORTH, Texas, Aug. 29.—Livestock receipts were liberal today, around 3500 head of cattle and 6000 calves arriving. Most of the cattle was of common quality and the run of calves offered few cars that were really good. The trade was very slow, buyers picking over the run and purchasing such stuff as just suited, at rates about steady. Steers and cows were steady to weak and best calves were steady, but medium and mixed calves looked 25 to 50c lower.

The market on best hogs was steady, packers paying $9.10 for one car and an outside buyer taking one load at $9.25, but medium and mixed stuff suffered a 25c decline. Receipts were 1500 head. Bulk sales ranged from $8.50 to $9.00. Pigs were steady, the top being $7.00.

Fully steady prices were paid for a run of 3000 head of sheep. Lambs sold at $7.85, wethers brought $4.50 and yearlings $5.00. Quotations:

Cattle: Beeves, $3.00@5.50; stockers, $3.00@4.50; cows, $2.00@3.75; canners, $1.00@2.00; heifers, $3.00@5.50; bulls, $2.00@3.00; yearlings, $3.00@6.50; calves, $1.50@6.50.

Hogs: Light, $9.00@9.25; medium, $8.50@9.00; mixed, $8.00@8.50; common, $7.00@7.75; heavy, $8.00@8.50; rough heavy, $8.75@7.50; pigs, $6.00@7.00.

Sheep: Lambs, $5.50@7.85; yearlings, $4.50@5.00; wethers, $4.00@4.50; ewes, $3.00@3.50; culls, $1.00@2.00; goats, $2.00@2.25; stocker wethers, $2.00@3.00.

KANSAS CITY LIVESTOCK.

By Associated Press.

KANSAS CITY, Aug. 29.—Cattle, 21,500; beef steers steady on most grades; early top, $9.40; she stock mostly steady to strong; spots, 15@25c higher; bulk cows, $3.50@4.50; canners and bulls steady; heavy canners mostly $2.00; calves, steady to 50c higher; top vealers, $9.00; stockers and feeders, strong, mostly $5.00@5.50.

Hogs, $6500; packers and shippers buying light hogs; 15@25c higher; mostly 25c higher than last week's close; steady to 15c higher on others. Bulk, $8.10@9.40; top to packers and shippers, $9.50.

Sheep, 12,000; slow, few sales ewes around 25c lower; fat lambs, 25@50c lower; top westerns, $8.80; natives, $8.50; feeding lambs mostly 25c lower; early top, $6.75.

GOTHAM RAILS SUFFER LOSSES ON EXCHANGE

NEW YORK, Aug. 29.—Collapse of the various securities of the Interborough Rapid Transit company and related issues in consequence of receivership proceedings against that system, was the over-shadowing feature of today's stock market. Losses of 1-2 to 5 1-2 points were registered by the shares and bonds. Manhattan Elevated, underguaranteed long lease to Interborough, sustained an extreme decline of nearly ten points. Other issues, notably Studebaker, Chandler, sugars, leathers and chemicals, as well as shares of the motion picture, mail order and textile groups again suffered from liquidation and short selling, but leaders of the oil, equipment, steel and railway divisions strengthened.

Features of the constructive side were represented mainly by Geanral Electric Baldwin Locomotive, transcontinental and granger transportation and Mexican Petroleum. The latter, however, forfeited more than half its gain in the realizing movement of the last hour.

Regardless of further reduction of local bank loans, call money on the exchange was maintained at the recent five per cent rate, although again lending at 4 1-2 per cent outside.

Sterling and all continental exchanges here were higher, with Dutch, Scandinavian and Greek bills showing appreciable gains. Marks failed to reflect impending additional reparations payments.

Other tractions, including Third Avenue and Brooklyn Rapid Tranist, were adversely affected by the break in Interboroughs. Liberty issues and similar foreign flotations were irregular.

Court Notes

89th District Court

City National Bank of Commerce vs Old Miss Oil company, application for receiver.

Frank L. Dittneier et al vs W. G. Renfron et al, suit to remove cloud to title.

Myrtle Ragan vs G. B. Ragan, divorce.

COTTON SHOWS MORE STRENGTH AFTER OPENING

NEW YORK, Aug. 29.—The cotton market showed continued strength and activity today with all months making new higher records for the season and movement. December sold up to 16.48 and after reacting to 16.10, recovering the greater part of the loss, closing at 16.32 compared with the previous close of 15.98. The general market closed excited and near at a net advance of 32 to 46 points.

The opening was steady at a decline of 12 points to an advance of 3 points, near months being relatively easy owing to disappointing Liverpool futures and reports of better weather in the southwest. Buying power seemed to develop during the progress of the call, however, and the general list firmed up right after opening, on further broadening of commission house demand combined with trade buying. After showing net advances of 30 to 35 points, the market eased off under continued realizing and hedge selling, but offerings were absorbed on reactions of 20 to 25 points and the midday market sold to 16.10 for October and 16.50 for January. The demand seemed to slacken at these figures and there were reports of increased hedge selling by the south which promoted selling for a reaction and more active reolizing. Reactions of 35 to 38 points followed but the market firmed up again in the last half hour on a renewal of the buying movement and covering by the early sellers. Late fluctuations were extremely irregular, but the close was within 10 to 18 points of the best on active positions.

The private condition figures so far issued average 51.9 and crop indications 7,359,000 bales.

LIBERPOOL SPOTS.

By Associated Press.

LIVERPOOL, Aug. 29.—Cotton spot in good inquiry; prices firm. Good middling, 10.74; fully middling, 10.34; middling, 9.94; low middling, 9.14; good ordinary, 8.14; ordinary, 7.39. Sales 10,000 bales, including 9300 American.

NEW ORLEANS COTTON.

By Associated Press.

NEW ORLEANS, Aug. 29.—Claims of a steady deterioration on the part of the crop and very low private bureau reports on condition caused a continuation of buying in the cotton market today resulting in new high price records for the season and substantial gains on all months. An increased tendency to react was noted, but at that, reactions were not wide. At the highest of the session the trading months were 49 to 52 points higher than the close of last week and last prices were at net gains of 28 to 30 points. October traded up to 15.85 and closed at 15.63. March traded as high as 16.29 and closed at 16.06.

Momentarily on the opening call, near months were 4 to 5 points down in sympathy with a lower Liverpool market and on considerable realizing from the long side. Almost immediately a new demand came in and quickly lifted the market for wide gains. During the day there were periods of realizing, but at no stage did real weakness appear, nor were prices forced to net declines after the opening call.

Several private bureau reports on conditions appeared the highest of which was 55.5 per cent of normal, indicating a yield of 7,891,000 bales and the lowest of which was 50.5 indicating a yield of 7,175,000. Texas remained drouth stricken and the worst complaints of crop damage came from that state.

44 LEGAL NOTICES

CITATION BY PUBLICATION.
THE STATE OF TEXAS.
TO THE SHERIFF OR ANY CONSTABLE OF WICHITA COUNTY, GREETING:
You are hereby commanded to summon unknown owners of Lot 5, Block 53, in the city of Electra, Wichita County, Texas, by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the Eighty-ninth District Court of Wichita County, to be holden at the court house thereof in Wichita Falls on the first Monday in October, A. D., 1921, the same being the 3rd day of October, A. D., 1921, then and there to answer a petition filed in said court on the 12th day of August, A. D., 1921, in a cause numbered on the docket of said court No. 11360-C wherein John Houser is plaintiff and unknown owners of Lot 5, Block 53, in the city of Electra, Texas, is defendant and said petition alleging that the city of Electra is a city duly incorporated under the laws of the State of Texas and as a part of its charter has adopted the benefit of the provisions of chapter 13, title 22 of the Revised Statute of 1911 and in compliance with said law ordered street improvements to be done the street known as Gleason avenue in said city and ordered said street to be paved. Whereas in compliance with the provisions of said law an assessment against said lot 5 in block 53 and against the unknown owners thereof in the sum of $250.00 was made on account of the pro rata cost of said paving. That all provisions in law required were done. That on January 13, 1920, the city of Electra by and through its mayor and city secretary, issued to J. N. Jordan, contractor, an assignable certificate in compliance with said law for the sum of $250.00 assessed against said lot 5 in block 53 aforesaid, and against the owner thereof on account of said paving. That under said certificate one payment was due on January 13, 1921, for the sum of $51.80 which is long past due and unpaid and it has become necessary to file suit and foreclose the whole indebtedness of $250.00 that said indebtedness bears interest at the rate of 8 per cent per annum and reasonable attorney fees in case suit is brought. That such attorneys fees is $150.00. That in the early summer of 1921 said city of Electra by reason of the taxes on said lot 5, block 53, in the amount of $51.19 having not been paid, sought by law to subject lot 5, block 53, to sale. That to protect his interest it became necessary for plaintiff to pay off the taxes in arrears on said lot 5 in block 53 in the sum of $51.19. That plaintiff is now the owner by said assignment of said certificate and the liens and rights thereunder. That the owners of said lots are unknown.

Wherefore, plaintiff prays for citation by publication as required by law for judgment establishing his debt and lien and awarding him the amount of taxes paid against said property, and the unknown owners thereof and for foreclosure of said lien for cost of suit, attorney fees, etc.

Herein fail not, but have before said court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.

Given under my hand and the seal of said court, at office in Wichita Falls, Texas, this the 22nd day of August, A. D., 1921.

A. F. KERR, Clerk
District Court, Wichita County, Texas.
By EUNICE JACKSON, Deputy.

CONSTABLE'S SALE.
THE STATE OF TEXAS,
COUNTY OF WICHITA.
By virtue of a certain order of sale issued out of the Honorable Eighty-ninth District Court of Wichita County, on the second day of August, 1921, by Federal Supply Company, a corporation, against Arcadia Oil Trust, an unincorporated trust estate for the sum of Twelve Hundred Sixteen and 57-100ths Dollars and costs of suit in cause No. 11027-C in said court, styled Federal Supply Company, vs. Arcadia Oil Trust, and placed in my hands for service, I, Frank Morgan, Constable, Precinct No. 1 of Wichita County, Texas, did on the fifth day of August, 1921, levy on certain real and personal property situated in Wichita County, described as follows, to-wit:

The oil and gas leasehold estate and all rights thereunder covering the west eighty (80) acres of the southeast quarter (¼) of Section Ten (10) of E. M. Collins Survey, Wichita County, Texas, and fifty (50) acres of Section Two (2) of the J. D. Melton lands out of the G. C. & S. F. Survey, Wichita County, Texas, together with the oil wells and the following described personal property, thereon situated, to-wit:

1720 feet 6 5-8-inch casing.
1720 feet tubing and rods.
All situated on the west eighty (80) acres above described.
1 Rotary Rig, complete.
1 No. 25 Star Drilling Machine, complete with boiler and tools.
2800 feet 6 5-8-inch casing.
1600 feet 5 3-16-inch casing.
All situated on the fifty (50) acres above described, and levied upon as the property of said Arcadia Oil Trust, And on Tuesday, the sixth day of September, 1921, at the court house door of Wichita County, in the city of Wichita Falls, Texas, between the hours of 10 a. m. and 4 p. m. I will sell said real and personal property at public vendue for cash to the highest bidder as the property of said Arcadia Oil Trust by virtue of said levy and said order of sale.

And in compliance with law I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale in The Wichita Falls Record News, a newspaper published in Wichita County.

Witness my hand this the 8th day of August, 1921.

FRANK MORGAN,
Constable Precinct No. 1, Wichita County, Texas.

SHERIFF'S SALE.
THE STATE OF TEXAS,
COUNTY OF WICHITA.
By virtue of a certain execution issued out of the Honorable District Court of Wichita County, on the 13th day of July, 1921, by A. F. Kerr, District Clerk, against G. A. Works for the sum of $3000.00 and costs of suit in cause No. 7715-B in said court, styled John M. Bell vs. G. A. Works, and placed in my hands for service, I, Fred K. Smith as sheriff of Wichita County, Texas, did on the 13th day of July, 1921, levy on certain real estate situated in Wichita County, described as follows, to-wit:

One-quarter interest in Block 39, Kemp's Wichita Valley farm land.
20 acres in Block 31, Kemp's Wichita Valley land.
29 acres in Block 38, Kemp's Wichita Valley land, and levied upon as the property of said G. A. Works. And on Tuesday, the 6th day of September, 1921, at the court house door of Wichita County, in the city of Wichita Falls, Texas, between the hours of 10 a. m. and 4 p. m. I will sell said real estate at public vendue for cash to the highest bidder as the property of said G. A. Works by virtue of said levy and said execution.

And in compliance with law I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale in The Record News, a newspaper published in Wichita County.

Witness my hand this the 15th day of August, 1921.

FRED K. SMITH,
Sheriff Wichita County, Texas.
H. C. DAKAN, Deputy.

THE STATE OF TEXAS,
COUNTY OF WICHITA.
Whereas, by virtue of authority vested in me, as trustee, named and appointed in a certain deed of trust, recorded in volume thirty on pages 127 and 128 of the Deed of Trust Records of Wichita County, Texas, executed and delivered to me on the 22nd day of May, A. D., 1920, by F. B. Oswald, for better securing the payment of one certain promissory note of Six Thousand Five Hundred ($6,500.00) Dollars, more fully described in said deed of trust, executed by said F. B. Oswald, pabale to the order of Lyons and Kleinman, at Wichita Falls, Texas, dated May 22nd, 1920, due sixty days after date, bearing interest at the rate of ten per cent per annum from maturity until paid, and also providing for the payment of ten per cent additional on the amount of principal and interest then due as attorney's fees, if not paid at maturity and if placed in the hands of an attorney for collection, said deed of trust covering the following described property, to-wit:

One-half acre, being the east half acre of the south one acre, of the east five (5) acres of the north ten (10) acres of the west twenty (20) acres out of the southeast forty (40) acres, block 96, Red River Valley lands, Wichita County, Texas.

And, whereas, J. A. Hubbard is now the legal holder and owner of said note, and the said F. B. Oswald has made default in the payment of said Six Thousand Five Hundred Dollar note above described, due on the 22nd day of June, A. D., 1920:

And, whereas, said note is now past due and unpaid, now aggregating, principal, interest and attorney's fees, the sum of Seven Thousand Nine Hundred Sixty-four and 28-100 ($7,964.28) Dollars and, whereas, I have been requested by the said J. A. Hubbard to enforce said trust, I will offer for sale, between the legal hours thereof, to-wit; between the hours of 10 o'clock a. m. and 4 o'clock p. m., at public vendue, to the highest bidder, on the first Tuesday in September, A. D., 1921, the same being the sixth day of said month, at the courthouse door in the city of Wichita Falls, in Wichita county, Texas, the following described property, to-wit:

One-half acre, being the east half acre of the south one acre, of the east five (5) acres of the north ten (10) acres of the west twenty (20) acres out of the southeast forty (40) acres, block 96, Red River Valley lands, Wichita County, Texas, with all the rights, members and appurtenances thereto in anywise belonging.

Witness my hand this the 15th day of August, A. D., 1921.

A. K. ZACHARY,
Trustee.

44 LEGAL NOTICES.

RECOVER FOUR MORE BODIES FROM WRECK

HULL, England, Aug. 29.—Four more bodies were recovered from the wreckage of the ZR-2 today. They are those of Air Commodore E. M. Maitland of the British flying force, Mr. Campbell, superintendent of the royal air works, where the dirigible was built; C. W. Duffield of the national physical laboratory, and Charles L. Aller, an American rigger.

Commodore Maitland's body was enmeshed in wires and before it could be freed these wires had to be cut. The body was badly mutilated and his hand was still grasping a control cord. Two American officers, with two other Americans acting as escort, brought Commodore Maitland's body ashore.

The right leg of Mr. Duffield, like that of Lieutenant Commander Emory Coil, U. S. N., whose body was recovered yesterday was fractured.

The control car of the airship is believed to be among the wreckage brought ashore today.

VETERAN RAILWAY OFFICIAL IN MEXICO CLAIMED BY DEATH

By Associated Press.

LITTLE ROCK, Ark., Aug. 29.—Thomas Ormand McCoy, forty-one for many years an official of the National Railways of Mexico and at one time secretary of the embassy in Mexico City, died here last night after a short illness. Mr. McCoy recently had been connected with various oil companies in Mexico City as traffic manager but resigned a few weeks ago and had been residing in Little Rock since.

FIRE DESTROYS GARAGE AND AUTO

A short circuit in electric wiring was reported by firemen to have caused the fire Monday night at 10:30 o'clock which destroyed an automobile and garage belonging to J. E. Carter, 1517 Thirteenth street.

The damage, which was reported partially covered by insurance, was estimated at approximately $600.

"House and Garden"
the celebrated magazine says on page 36 of the September issue in an excellent article on home ownership:

"Even if money is not at hand to buy land outright and there are no easy payment allotment sections available, it is still possible for the person of reputation to purchase desirable property. There are no less than seven thousand BUILDING AND LOAN ASSOCIATIONS in the United States and these hold mortgages in the stupendous sum of two billion dollars. The combined business transacted by these associations during the past year totals ONE BILLON TWO HUNDRED AND FIFTY MILLION DOLLARS and surprising as it may seem, this enormous business was transacted at a cost of THREE-TENTHS of ONE per cent."

"So, if you become a member of a reliable BUILDING AND LOAN ASSOCIATION you are a part of a co-operative concern which is helping you to become a property owner at a minimum of administrative expense."

—The above should mean something to THINKING PEOPLE. Our administrative expense is exactly half of the average above, or ONE AND ONE-HALF TENTHS OF ONE PER CENT! !

KIWANIANS HEAR TALK ABOUT EGYPT

An intimate glimpse at life in Egypt with its pyramids, mosques and strange people was given members of the Kiwanis club by Captain R. S. Healy, veteran of the world war as a member of the Australian forces, Monday noon at the Kemp hotel. With his refreshing style and humor he kept the audience at a high pitch of interest during his talk.

By special request explanation of what a harem is (pronounced hay-reem) was given to the evident satisfaction of the audience.

"The old song that says 'Till the Sands of the Desert Grow Cold' is a mistake," Captain Healy said, "The sands of Egypt being not only cold at night but full of moisture."

A favorite method of bathing in that country, he said, is to leave a towel on the san dat night and wash with it in the morning before the moisture has been absorbed by the suns rays.

Another former captain in the English army, Harold Roche, a guest at the luncheon was called upon for a talk. He said that while there are some very disagreeable aspects to Egypt from the standpoint of an Englishman seeking a home, there are some interesting points of interest to be seen. Among these, he said, is the great dam across the Nile, built by England to irrigate the rich lands.

The attendance prize, a safety razor, donated by Carter McGregor was annexed by Walter Robbins. Silent boosts, in the form of cigars were given by W. H. Caldwell.

H. G. Smith, division freight and passenger agent of the Katy, presided as chairman for the day.

PLAN DRASTIC ACTION WHERE CHARGES MADE

Drastic action in the case of local citizens who have been served notice during the current month for violation of local traffic ordinances and have failed to report to the police station within the required five days was ordered Monday by Police Commissioner Fitts.

Assistant Corporation Clerk Jules Ehlers reported that there are 35 overdue cases, mostly for speeding, on the docket and Commissioner Fitts declared that he will ask for double penalties on all such violators who have not cleared their cases by September 1.

"The police department in the past have been too indulgent with motorists," Mr. Fitts declared, "and the result is that many of them seem to think they might escape by failure to appear when they are notified by notice to appear."

WILD PARTY COSTLY FOR YOUNG MEN

A wild automobile party along the concrete road between this city and Iowa Park in which four girls and two widely known young men of Iowa Park took part ended in a midnight session of the mayor's court at Iowa Park Sunday night according to information obtained here Monday.

When arrested Sunday night, all members of the party under the influence of liquor, according to officers making the arrest and conducting the investigation.

When arrested by Special Deputy Sheriff Reeves, motorcycle officer patroling the road, the girls claimed that they had been doped by the two men. One of the girls the officers said, was in a semi-conscious condition when arrested. Two of the girls were taken to a hospital at Iowa Park and physicians called. The latter expressed the opinion that the girls had been drinking heavily accounting for their condition.

The midnight session of the mayor's court was decided upon when it was discovered that there was no place in the jail to keep the girls. Acting Mayor J. C. Ralston was called and after a brief investigation allowed the six to enter pleas of guilty to disturbing the peace charges. Each was fined $27.60 the men paying all fines.

The girls were later brought back to this city by officers. An investigation as to where the liquor believed to have a home brew concoction was obtained, was being conducted Monday.

FINE NEGRO $25 ON CHARGE OF THEFT

Ed Leonard, negro, arrested Saturday by police officers in connection with the theft of cigars and other merchandise from the Wilford Harrison Drug store, plead guilty to charges of theft in the county court at law Monday afternoon.

He was fined $25 and sentenced to 30 days on the county road by Judge Guy Rogers.

COMUS CLUB WILL DANCE AT LAKE

The Comus club will give its first social affair of the new month and informal dance with music by Phil Baxter's orchestra Friday evening at the Lake Wichita pavillion. A large crowd of members and their guests are expected to be present.

VANGUARD OF GULF WORKERS ARRIVE HERE

Monday morning the vanguard of the former Fort Worth office of the Gulf Oil corporation made its appearance in Wichita Falls, the telegraph department being the first to be moved. Moving preparations are now under way by the present tenants of the three floors of the Waggoner building, which the new offices will occupy to make it possible for the work of moving all departments to be expedited.

Walter B. Pyron, the third vice president of the Gulf Oil corporation, and the general superintendent of the North Texas district, will have his offices on the seventh floor. J. A. Gardner, the present general agent for the Wichita Falls district, will be Mr. Pyron's assistant, with the adjoining office. These are the offices formerly occupied by the Sinclair company.

The work of locating the newcomers in [illegible] became a reality Monday, with the arrival of several officers and employes. Jerome S. Stone is representing the Chamber of Commerce in the work of making the final and individual assignment of homes. By the middle of September it was [illegible]ed Monday at the company offices, it is expected that all the personnel of the offices will be located in Wichita Falls, though the moving of the office equipment might not be accomplished until later.
