# THE JUNCTION EAGLE

Volume 46

Junction, Kimble County, Texas, Thursday, December 12, 1929

Number 35

## JUNCTION EAGLES TROUNCE GRANGER LIONS 12 TO 7

By defeating the Granger Lions 12 to 7 on the Junction field Saturday, the Junction Eagles won the championship of Districts 12 and 15, and earned the right to enter the regional.

It was an inspired group of Lions from Granger that faced the Eagles Saturday, and if a game was won solely on fight, the Granger Lions would have been victors Saturday. The second touchdown of the Eagles. And after the line plungers gave up the idea of lugging the ball across the tape through the line, Richardson received it, tucked it away under his arm and raced around left end and crossed the goal line.

Junction made twelve first downs while the Lions were piling up six. Granger attempted fifteen passes, completed four of them, one was intercepted and 10 were grounded. Junction attempted 4 passes, completed one, one was intercepted and two were grounded.

The feature of the game was a 95 yard run by B. Moore of Granger, when he received a kickoff of Junction, caught the ball and fumbled, picked it up on his own five yard line and running through the entire Junction team for a touchdown. This thriller came in the closing minutes of the third quarter. It was the most spectacular

run made on the Junction field this year. It seemed that every Junction man had a chance to tackle the speedy half back, but he flew through the Eagle defense practically unmolested. Granger penetrated Junction's 20 yard line only twice during the game, while Junction carried the ball within Granger's twenty yard stripe four times.

All in all, the Eagles had an off day while Granger was playing probably the best game of the year. There is no question that the Eagles were not going full speed. Their plays were not working, the line was not playing up to standard and the backs couldn't get away.

Leonard Dunbar playing right end, turned in the best game he has played this year. The presence of L. E. Dunbar was sorely missed on the left wing position Saturday. L. E. Dunbar was laid out last week with a broken leg and will be out until next season. The play by play results of the game were relayed to his bedside from the sidelines through the courtesy of Howard Blackburn and the telephone company.

The starting lineup Saturday was:

Junction	Position	Granger
Ake	LE	Dusek
Raplund	LT	Barton
Duderstadt	LG	Fox
Munn	C	R. Moore
Cochran	RG	Bird
Witt	RT	Hall
Dunbar	RE	Sharp
Johnson	Q	B. Moore
Richardson	LH	Bartosh
Hubbell	RH	Kotrla
	F	Cervenka

Coaches—Junction, Bowers; Granger, Prince. Officials—Fischer, referee; Senz, umpire; Williams, head linesman; Carter, time-keeper.

## P.-T. A. WILL HAVE REGULAR MEET MONDAY

The Parent-Teachers' Association of Junction will hold its regular meeting at the high school auditorium Monday afternoon at 4 o'clock, December 16, according to Mrs. George R. Pepper, president.

The regular date was moved up because of the conflict with the Christmas holidays.

A program has been prepared for the meeting and Mrs. Pepper urges a large attendance since this meeting will be the last one for this year. The program is:

- Opening song.
- Short Christmas talk and prayer—Rev. G. W. Crabb.
- Reading, "A Wonderful Christmas,"—Farrabird Jetton.
- Playlet, "Santa's Shop"—second grade pupils.
- Song—Mrs. Weaver H. Baker.
- Business session.

## GAME WARDENS IN KIMBLE COUNTY CATCHING VIOLATORS

Since November 16 when hunting season opened, twenty persons charged with State game law violations appeared before Justice of the Peace Walter Buck and sixteen were assessed fines. Four of the cases are still pending.

The total amount of fines collected amounts to \$608.85. Tresspassing leads the other offenses with eight persons charged.

Four persons were charged with shooting wild turkey hens and paid fines.

One person was charged with

killing quail out of season and was fined \$23.70. Another was fined for violation of the hunting laws.

Three persons were charged with shooting from an automobile and their total fines amounted to \$121.15.

Two persons were fined for shooting on a State Highway and their fines amounted to \$53.80.

One person was fined \$23 for hunting in this county without a license.

## POSTMASTER ASKS PEOPLE MAIL EARLY

About this time every year, pleas come from the postmasters over the country asking for co-operation in the Christmas mailing rush. This year is no different from the rest, with the exception that it is possible that the mails will be more congested.

The local postoffice will make every opportunity to handle the mails swiftly and carefully, but the public should comply with certain requests of the postoffice officials in order that your mail will be safer and the work on their easier. The following suggestions are important:

"Parcels should be mailed as early as possible as the volume of mail is increased two or three hundred per cent during Christmas. This in connection with the fact that terminals are congested with trains running late and the vast amount of inexperienced help makes early Christmas mailing imperative. Christmas parcels are unusually two or three days longer on the way than at any other time, even to towns near by.

"Pack all parcels well. Wrap in strong paper. Tie with string cord. Address with pen and ink or typewriter on one side only. Be sure to put your name and address in the upper left hand corner. The sender's name and address should also be placed inside the package.

## LONDON PAPER IS SOLD TO DALLAS MAN

The last issue of the London Graphic carried the announcement that Editor Marvin Hunter, Jr., had sold out to Mr. Dan L. Ernst of Dallas. Mr. Ernst assumed charge of the paper last week.

The London Graphic and the Junction Eagle are the only two newspapers in Kimble County. The Graphic has been in existence a little less than two years, and Editor Hunter has built up a good paper and a good business in this time. It is regrettable that his health forces him out of the work he loves. Mr. Hunter has leased a small ranch near Bandera where he will work and try to regain his health. We wish him good luck.

We welcome the new editor of the Graphic and wish him success.

With the first issue Mr. Ernst has changed the paper from a six column sheet to a seven column one, which is a good improvement to start with.

## County Agent Meet In Llano Success

County Agent R. E. Homann reports a very good meeting of County and Home Demonstration agents at their recent Mid-Winter Meeting which was held at Llano, Texas. Director O. B. Martin and Vice Director H. H. Williamson attended the meeting. Many of the key bankers were at the meeting and all in all much good was accomplished during the two day session.

Homann extended an invitation to the County Agents of the next meeting in Junction, and it is likely that the next Mid-Winter District meeting of County Agents will be held in this city.

Mr. J. N. Hodges many friends in Kimble County regret to learn he is ill this week. All hope that he will be back in his office soon.

Supt. and Mrs. Guy C. Moses went to San Antonio Sunday returning Monday.

## Mrs. M. L. Butler Is Killed En Route To Daughter's Funeral

While en route to Junction Monday to attend the funeral of her daughter, Mrs. Rufus C. Nethery, Mrs. M. L. Butler, 71, of Austin was fatally injured in an automobile collision near Kerrville. Dr. W. R. Eckhart, who was driving the other car, took the injured woman and her two companions to his resort hotel, Cliff Lodge, near which the accident occurred. Mrs. Butler died Monday afternoon.

The crash occurred in the morning while a mist overspread this section. Mrs. Butler was accompanied by her daughter, Mrs. A. C. Glenn, of San Antonio, and a daughter-in-law, Mrs. D. G. Butler, of Austin.

The latter was driving, and sustained bruises to her face, side and knee. Mrs. Glenn received a gash on her head and a bruise to her chest. Dr. Eckhart was uninjured. A fracture at the base of the skull was believed to have caused Mrs. Butler's death.

Other survivors include two sons, Emmet Butler of Kenedy, Pleasant Butler of San Antonio, and another daughter, Mrs. T. J. McAda, of Kenedy.

## 4-H Club Work Gains Interest Among Members

London.—The following club members have started demonstrations for the year 1930: Baby beeves—Woodrow Kothmann, 2 calves; Neal Laubert, 1 calf. Sheep—Wilson Gentry, Wilbur Gentry, Eunice Brower, Ruth Kothmann, R. B. McKinney, Vela Woodard, Weidon Deak. These boys and girls are feeding breeding lambs. Goats—Milton Lavelle, David and Robert Watters will start feeding registered billy kids January first. Poultry—Jessie Hunter, Louis Goodman, Louise Price, Juanita Puckett, Del Banowsky, Loma Pearl, Georgia Ella Watters and Viola Nance are carrying on demonstrations in the poultry line.

Tea Cup—Robert, Jack, Alton, Brown and Joe Dell Fisher are feeding registered Delaware lambs. J. D. and Donald Wootan are feeding and caring for a pair of crossbred lambs each. Goats—Dorothy and Fay Jarvis, Vera Mae Fisher and Lila B. Fisher are carrying the Angora goat on in record form. Poultry—Eilee Reese, Leonard Chandler and Anna Mae Barnes are getting started in proving that good poultry pays on the farm.

Tuesday afternoon at the Segovia school the following officers were elected to put over the Club work in the Segovia community: Nobel Jobs, president; Josephine Stockard, Vice president; Maxine Jobs, secretary and treasurer; Mrs. L. E. Stockard, sponsor.

County agent plans to organize a 4H Club council for Kimble County soon after the first of the year. The council will have complete charge of definitely outlining the program for 1930.

## BOX SUPPER HELD AT EVERGREEN SCHOOL

A large crowd attended the box supper and dance at the Evergreen school house last Friday night.

Fifty-three dollars and twenty-five cents was raised on the seventeen boxes auctioned off. The highest price for any one box was \$6.25. The second highest price was \$5.00.

Funds received from the supper will be used towards the improvement of the school in various ways.

Joe Oliver went to San Antonio Monday on business. Miss Bonnie Oliver of Harlingen will meet Joe in San Antonio and return to Junction for a visit.

## State-Wide Pecan Growers Association Is Formed And Officers Elected at Bend Meet

### SPEECH ARTS PUPILS WILL PRESENT PLAY

A one-act play, "Ten Minutes By The Clock," will be presented by eight of the junior members of Mrs. Conde Hardeman's School of Speech Arts, Friday evening, December 20, at the Texan Theater, as an additional number on the regular program there.

This little play was written by Alice C. D. Riley and was brought out by the Drama League of America in its campaign for better dramatic literature for Junior production—a field too generally characterized by the commonplace. It is a ray little satire on foolish conventions, technically true and full of the spirit of youth.

The King and Queen will be played by young Milton Blackburn and Mae Delle Lowry; the pompous Pompon by Marguerite King; Bitter Batter, in charge of the King's kitchen, by Lela Bell Amick and the antic attendants of the King, Dux and Dox, will be portrayed by Mary Farmer and Roberta Ragland. Little Dickey Dame Emmons will appear as Page to the Queen, and the Gipsev, whose song catches the ear and heart of the Queen, will be enacted by Victor Loeffler.

On the same program seven very small members of Mrs. Hardeman's class will present "The Dolly Dance" by Mary Shafter, a dramatic dance, with Marche Burt, Marie Tracy, Florence Ellen Sheppard, Josephine Hamilton and Dickie Dane Emmons as the mechanical dolls. Wilna Pepper as the shop keeper and Virginia Ashabrenner as the purchaser.

Mrs. Guy Wynne will accompany.

### English Journalism Differs From Ours

One of the most interesting articles brought to our desk in some time was a copy of "The Times," a newspaper published in London, England. Mr. A. L. Mudge brought the paper to this office.

Only a glance at the paper shows that English Journalism and American Journalism are entirely different. The front page of the Times carries personals, business offers, births, marriages, deaths, dance club announcements, public notices and sports. An unusual feature is that a charge is made for insertion of birth, marriage and death notices.

A list of the sports chronicled in the Times include hockey, fencing, tennis, rowing, golf, football, hunting, cricket and billiards.

## NEW AUTOMOBILE LICENSE PLATES WILL BE YELLOW

Automobile license plates for 1930 already have been received at the office of Frank Patterson, sheriff and tax collector, and will be ready for distribution on January 1.

The number for 1930 will be in blue with a yellow background for passenger vehicles, and for trucks the opposite color scheme will be used.

There will be practically no decrease in registration fee for trucks, according to information, but the registration cost for passenger cars, especially the

## Dr. J. Fred Burt Is Representative of Junction

A state-wide pecan association was organized at Bend Tuesday with E. A. Norris of San Saba its president. Under the plan of organization each county, however, will be a separate unit. Plans for the state-wide marketing association will be perfected next July, the exact date and place of the meeting to be announced.

Organization of the association was the culmination of a meeting of representatives of the ten West Texas counties in the sectional group and representatives of other sections. More than 200 persons attended the banquet at the school house which brought the meeting to a close.

E. P. Stovall of Brownwood was named secretary-treasurer of the newly organized association. At the meeting next July plans will be laid for the disposal of the 1930 crop, using co-operative methods of marketing.

Sectional representatives included R. Wilbur Brown, Jr., and J. L. Rainey of San Angelo; Ross R. Wood, Brazos Valley Association of Stephenville; Will H. Mayes of Austin; Jack Shelton of the Guadalupe Valley; C. W. Copeland of Menard; Dr. Fred Burt of Junction; A. F. Moore of Lampasas and M. Norris of San Saba.

It is estimated that ten counties in the West Texas group control about 65 per cent of the state's output of nuts.

The meeting was an outgrowth of the sectional convention which was held at San Angelo November 8-9.

## W. O. W. ELECTS NEW OFFICERS AT MEETING

At a meeting of the W. O. W. Tuesday, December 10, the following officers were elected for the ensuing year:

- E. Holskamp, C. C.
- E. F. Wahl, Adviser Lieut.
- J. L. Massie, Clerk.
- K. G. Durst, Banker.
- C. F. Hamer, Escort.
- J. D. Baker, Sentry.
- Vann Martin, Watchman.

The following auditors were selected: B. H. Smith, Wm. Taylor, W. L. Baker.

The above officers will be installed at a meeting to be held on January 2, 1930. A full attendance of the membership of the lodge is urged for the installation meeting.

A movement has been launched to build a new hall for the order here.

# County News

## NORTH LLANO NEWS

Mr. and Mrs. Clarence Self visited Mr. and Mrs. S. M. Self and family Sunday.

Mrs. Nugent Weaver spent Tuesday with Mrs. E. O. Dunbar.

Mr. and Mrs. Avery Mayes spent Thanksgiving in Menard, the guests of Mrs. Mayes' parents, Mr. and Mrs. Peavy.

The Smiling Party at the Eight Mile school house on Wednesday night was a great success and all reported a jolly good time.

Mr. Floyd Little returned home Friday from San Antonio after spending Thanksgiving with his family in the Alamo city.

Mr. and Mrs. Andrew Wood and son spent Sunday with Mr. and Mrs. W. W. Wood of the Bear Creek community.

Mr. and Mrs. Carl Turner and family of Comstock spent the week with Mr. C. W. Turner and family and Mr. and Mrs. Nugent Weaver.

Mr. Nugent Weaver is attending the Grand Lodge in Waco this week.

## SYCAMORE SAYINGS

Messrs. Hull and W. Thorp were busy last week enlarging the Hull school house. It makes a vast improvement and will accommodate a good crowd in Sunday School and divine services as well as the literary school. Miss M. F. Hodges, the teacher, was given room at the Melvin Hull home while the work was in progress on the school building.

Mr. and Mrs. Alfred Miller and son, Milton, spent Thanksgiving in Junction.

Mr. Taylor Hull and wife and sons were shopping in Junction Saturday.

F. M. Hodges and wife and J. R. Hodges and wife spent Thanksgiving with Lane Hodges and family in Junction.

Mr. Lee Corder and family spent the week-end with Mrs. Freeman and sons, Johnnie and Sam, from Sonora.

Mr. N. Thorp and daughters were shopping in Junction Saturday.

The community is thronged with hunters for the past two weeks.

Miss Mary Frances Hodges spent the week-end with home-folks. She returned to her school Sunday afternoon accompanied by her sisters for a short visit.

Mr. Johnnie Freeman made a business trip to Kerrville Friday.

Mrs. A. Miller has been wrestling with the flu for several weeks, as has also Mrs. F. M. Hodges.

## FREAK DOE KILLED IN NEIGHBORING COUNTY

Every season brings forth unusual stories of wild game to be found in Mason County. This year probably the most unusual of all was the seven point doe killed by R. C. Echols of Matador, Texas, on what is called the Gap Pasture, belonging to Chas. Brandenburger near Rock Creek and which Oscar Hensch of Mason has leased.

The doe's set of horns were large, it is said. The hunter brought the animal to town and conferred with John O'Donnell, game warden, who asked that the head and hide of the deer be sent to the State Game, Fish and Oyster Commission at Austin and allowed Mr. Echols to keep the meat. The animal had been wounded, according to Mr. O'Donnell, one leg having been broken probably last year.

This is the second doe having horns to be killed in this region, a hunter in Gillespie County is said to have killed one with eleven points last year.—Mason County News.

## GAZ DANGER IN GARAGE

We read frequently in press dispatches of someone meeting death from carbon monoxide gas from the exhaust of his automobile, usually in a closed garage.

Warning concerning this danger have been issued by the Public Health Service. Especially in the colder sections of the country are these accidents likely to happen, where drivers sometimes let the engine run for a time to warm up, before driving out of the garage.

The smallest engine will give off enough carbon monoxide gas in two or three minutes to make the air of an ordinary garage dangerous, while larger engines will naturally contaminate the air in less time.

This gas is almost odorless and by a peculiar effect of the red corpuscles of the blood it causes death by paralysis of the respiratory organs. While the victim loses consciousness gradually, he may be paralyzed to such an extent that he is unable to escape, by the time he becomes aware of his danger.

The only safe plan is to avoid running an automobile engine at all in any place not well ventilated.

**IN FIRST COST, IN UPKEEP, IN PERFORMANCE. Buy a FORD and SAVE the DIFFERENCE. A demonstration costs you NOTHING.** 26c Loeffler Motor Company.

## Removes Paint from Fabric

When paint has dried on white fabric, it can be removed by sponging the spot with hot apple vinegar.

First business man: "Miss Burke is applying for a position in my office. Did she ever work for you?"  
Second business man: "No."  
"I see. How long was she in your employ?"

## NOTICE

To the stockholders of the Junction State Bank and Junction Cattle Loan Company:  
The stockholders' annual meeting will be held at the office of the Junction State Bank in Junction, Texas, on Monday, January 6, 1930, and you are requested to be present.

W. P. Riley,  
President.

35-4c

"At all times be careful."

The blades of fans, in old cars are likely to flatten out through use, and the efficiency of a fan is thus reduced. After a car has been in service a year or more, have the blades set at the proper angle.

Buy a FORD and SAVE the DIFFERENCE. 26c Loeffler Motor Company.

You don't need a chimney sweep to clean the soot from the chimney—all you need is common salt. The fire should first be put in good condition with a substantial bed of hot fuel on top, and about a pound of dry salt sprinkled on the fire close to the furnace door. Shut the door and open all the dampers so the fire will burn as rapidly as the drafts permit. Keep the dampers wide open until the fumes have disappeared, about a half hour. Exceptionally heavy deposits of soot may require an additional dose of salt.

It has been determined by tests that 25 per cent more mileage is added to tires if they are kept in good condition—and proper inflation has more to do with good condition than anything else put together.

"Do you mind if I eat while you smoke?" asked the elderly woman in a restaurant.  
"Not if you do it quietly enough so I can hear the orchestra," responded her flapper companion.

**O. A. GREENWOOD DIES**

After an illness of several months of heart trouble, Mr. O. A. Greenwood died in Junction, Wednesday, December 11, 1929. He has been manager of the Dryden Ranch and came to Junction Tuesday for treatment, dying the next day. The body was buried in the Junction cemetery this (Thursday) morning, December 12, the Rev. G. W. Crabli, pastor of the First Baptist Church, Junction, conducting the funeral services.

Oscar Allen Greenwood was born in Dimmitt County, Texas, July 19, 1888, but moved to Kimble County many years ago where he has made many true friends. He was married to Miss Mattie Tumblin, December 23, 1921, by the late Elder J. S. Durst. His wife and three children survive him. His mother and other relatives also survive him.

The untimely death of Mr. Greenwood is a shock to his relatives and friends.

Mr. Ollie Fleming was here from his ranch near Austin Monday.

**BRIDGE SUPPER GIVEN LADIES' CARD CLUB**

Friday evening Mrs. A. L. Mudge gave a bride supper for the Ladies' Card Club and a number of friends at the Fritz Hotel, honoring Mrs. Clyde Butland.

Sprays of nandrina were placed about the lobby and dining room. On each table was placed a green vase filled with red chrysanthemums.

A Mexican supper of frioles, tamales, tortillas, Spanish rice, chili, pineapple, coffee and penchi was served. Miniature Mexican flags topped the pineapple salad.

After the supper clever hand-made tallies representing Mexican sombreros and banded in the national colors of Mexico were passed. After a series of bridge games the club prize, a serape and a Mexican pottery vase was presented Mrs. C. T. Holekamp.

Mrs. Chas. Henderson received a serape and pottery for high guest prize. A beautiful silk scarf was presented Mrs. Butland. Misses Lena Cowsert, Mary Spiller, Mesdames Joe Fritz, H. E. Luehrs, U. D. Kindrick, A. W. Loeffler, R. H. Spiller, H. D. Taylor, Jim Carpenter, Frank Patterson, Carl Wolf, W. P. Riley and Clay Secrest received miniature serapes and Mexican vases for table prizes. The booby, a tiny monkey, went to Miss Lillian Kindrick. Misses Betty Butland and Jewel Riley received strands of beads for their assistance in serving.

Those present were Misses Flora Mae Spiller, Josephine Urban, Mary Hubert, Lillian Kindrick, Lena Cowsert, Mary Spiller, Mary Ellis Blackburn, Lela Taylor, Tottie Martin, Jewel Riley, Betty Butland, Charlotte Molesworth of San Antonio, Mesdames Joe Watson, Ben Wheat of Rocksprings, Clay Secrest, Aubrey Hill, Sam Woodward, C. T. Orth, Rowland Marz, Dorothy Westmoreland, Jim Carpenter, Frank Patterson, Roy Spiller, P. Joseph, Mattie Patterson, Pierce Hoggett, Bill Hamer, E. Holekamp, C. R. Stevenson, John Phillips, W. P. Riley, Jas. Taylor, Hugh Spiller, S. A. McDonald, J. M. Livingston, C. W. Atchison, John Molesworth of San Antonio, U.

D. Kindrick, Carl Wolf, Guy Wynne, Vann Martin, H. G. Hubert, L. E. Standifer, Chas. Henderson, C. Harleman, Lester Hodges, Jack Richardson, H. E. Luehrs, A. S. Rieck, Vic Urban, C. T. Holekamp, J. A. Thompson, Joe Fritz, H. D. Taylor, A. W. Loeffler and R. H. Loeffler.

**MISS MARY PHILLIPS ENTERTAINS CLUB**

Miss Mary Phillips was hostess to the Laf-A-Lot Club Tuesday evening at the residence of her parents, Mr. and Mrs. T. B. Phillips.

Attractive favors and tallies were used. After a series of games the scores were added and the club prize, a hand-made linen card table cover, was presented Mrs. Clifford Hamer. A similar guest prize went to Mrs. H. D. Taylor. Mrs. Ben Wheat of Rocksprings received a pretty bridge set for cup prize.

Molded salad on lettuce, potato chips, olives, sandwiches, fruit cake and coffee were served to Misses Mary Ellis Blackburn, Lillian Kindrick, Tottie Martin, Lela Taylor, Josephine Urban, Ruth Murray, Mesdames Clifford Hamer, Ben Wheat of Rocksprings, U. D. Kindrick, J. M. Livingston and H. D. Taylor.

**MISS MARY SPILLER ENTERTAINS AT HOME**

Thursday evening Miss Mary

Spiller was hostess to the members of the Junior Bridge Club at the ranch home of her parents, Mr. and Mrs. R. H. Spiller. The honorees on this occasion were Mesdames Vic Urban and Jack Richardson.

Colorful autumn leaves formed the attractive decorations. Miss Mary Phillips won the club prize, a bridge set. The guest prize, a bottle of toilet water, went to Mrs. Bill Hamer. Mr. John Dick of San Antonio made high score and was rewarded with a box of handkerchiefs.

The consolation, a handkerchief, went to Miss Tottie Martin. A pair of silver salt and pepper shakers were presented to Mrs. Jack Richardson while Mrs. Vic Urban was given a set of Madeira napkins.

Frozen salad on lettuce, potato chips, olives, cheese and olive sandwiches, stuffed dates, hot chocolate and coffee were served at the close of the evening.

Those present were Misses Tottie Martin, Josephine Urban, Mary Phillips, Flora Mae Spiller, Charlotte Molesworth of San Antonio, Messrs. John Dick of San Antonio, Fred Mudge, Paul Crawford of Denver, Colo., Ace Ellis and Joe Whaley of Menard, Harrold Hough of Rocksprings, Mr. and Mrs. Vic Urban, Mr. and Mrs. Jack Richardson, Mr. and Mrs. Bill Hamer and the hostess.

**CHRISTINE SCHRAUB ENTERTAINS FRIENDS**

Friday evening Miss Christine Schraub was hostess to a group of friends at the residence of her parents, Mr. and Mrs. Chris Schraub. At this time a club was organized, which as yet, has not been named. Miss Vivienne Livingston was elected

president, Miss Eleanor Highsmith vice president and Miss Christine Schraub secretary.

Bridge provided the medium of entertainment. Miss Vivienne Livingston made high score and was rewarded with a dainty lace and ribbon trimmed powder puff. The booby, a vase, went to Miss Maxine Wright.

Chicken salad on lettuce, potato chips, saltines, olives, cake and tea were served to Misses Lucile Taylor, Vivienne Livingston, Eleanor Highsmith, Madeline Ragland, Maxine Wright, Stella Bissett, Brownie Motley and the hostess.

**RECTOR AND WIFE HONORED WITH TEA**

The Ladies Guild of the Episcopal Church were hostesses at a tea Wednesday afternoon, given in honor of their Rector, Mr. Frederick Brasier and Mrs. Brasier of Kerrville, at the residence of Mr. and Mrs. C. T. Holekamp. The large living room was hung with Christmas bells and green wreaths made gay with red ribbons.

Autumn leaves and brilliant poinsettias added to the attractive decorations.

The table was laid with a beautiful Madeira cloth, on which were four crystal candlesticks filled with green candles. Crystal baskets holding green and red mints, and the pretty coffee and tea services of silver completed the attractive table arrangement. Mrs. Clyde Butland poured tea while Mrs. C. T. Holekamp presided over the coffee service and Mrs. A. L. Mudge received the guests at the door.

Crystal holders bearing red whip candles graced the buffet. Cake and a variety of delicious sandwiches were served.

Father—Was Jack intoxicated when he came home last night?  
 Daughter—I didn't notice, but he asked for a mirror so he could see who he was.

Shy Girl: "Oh, but mother objects to kissing!"  
 Bright Lad: "Well, that's all right; I'm not kissing her, am I?"

# GALLI-CURCI WILL SING IN SAN ANGELO SATURDAY

San Angelo.—Having sung to the largest opera crowds in history and scoring undying fame in recording phonograph records, Amelita Galli-Curci, world-famed soprano, is receiving the greatest ovations of her career on the 1929-30 tour and is to make her West Texas appearance in San Angelo on the evening of December 14.

Appearing as the second attraction on the Standard-Times concert series, the noted opera soprano is to be assisted by her husband, Homer Samuels, pianist, and Henry Bove, flutist.

A popular program is to be presented, this being one of the

reasons her this season's tour is being acclaimed so highly. "Lo, Here the Gentle Lark," is a popular number she is to offer and one that is in hundreds of West Texas homes on phonograph records. Another of the popular numbers she is to sing is "Song of India," while others include "Spanish Serenade," "The Wren," "At the Edge of the Sea," "My Shadow," "I meant to Do My Work Today," and "Shadow Song."

The classical numbers are to include selections from Schubert and Mozart.

Galli-Curci is to arrive in San Angelo on Dec. 13 to rest until the following evening when she is to make her appearance in the Municipal Auditorium. Because of the size of the auditorium, the Standard-Times has scaled the prices to where the most expensive seat is \$3.50, with the rate dwindling to \$1.50. With more than 900 season tickets sold, every indication points to a full house the evening of the concert. The ticket sale is to open at the City Drug Store on Dec. 9. This program is being put on without any idea of attempting to make a profit by the Standard-Times. Galli-Curci is one of the most expensive artists on the American stage. She receives \$4,000 for her San Angelo appearance.

**KNOW TEXAS**  
Texas individual incomes total \$3,100,000,000 annually.

There are 2,050,000 Texans "ainfully employed" under the Census Bureau definition of that phrase.

Texas' center of population moved from Limestone County in 1880 to McLennan County in 1920 and probably will be in Coryell by 1930.

Texas' white population increased from 3,204,848 in 1910 to 4,704,000 (estimate) in 1928. Its negro population in the same time increased from 690,049 to 779,000.

From thirteenth place in 1927 and tenth place in 1928 Texas in 1929 will be in seventh or eighth place in electrical current generated.

Texas has 170 licensed airports and more than 300 registered airplanes.

Texas building and loan companies increased their assets \$20,000,000 in 1928 and now represent a total capital of \$113,000,000.

The largest hydro-electric plant in Texas is to be built on the Devil's River by the Central Power & Light Co. It will have 45,000 kilowatt capacity.

Have you counted the victories you have won because you surrendered to Christ?

## CHRISTMAS SEALS PLACED ON SALE

With the approach of the Christmas holidays, thoughts turn toward the remembrance of loved ones and toward the distribution of relief funds to the underprivileged and less fortunate in life.

The holiday season for the year has been chosen by the Texas Public Health Association for the annual Christmas seal sale for the relief of those suffering with tuberculosis in Texas during the coming year.

Distribution of 32,000,000 seals were started over the state on Thanksgiving Day and will continue until Christmas. These seals will be sold through 28 local associations affiliated with the Texas Public Health Association and through volunteer chairmen in 80 counties where no local associations are functioning.

The association has 60,000 letters containing seals to individuals in all other counties of Texas where the Texas Public Health Association is not represented. These seals may be bought at the Eagle office.

## IDEAL SHEEP COUNTRY

For Lease—12,000 acres of excellent sheep land at 50 cents per acre, well fenced with wolf proof six-inch mesh fence, with 18-inch apron on the ground. Cross fenced. Seven or eight pastures; water with complete pipe lines. For particulars communicate with G. N. King, 34-3c Barnhart, Texas, 31-37c

## WOMEN RAILROADS FOR WEST TEXAS IS NEFF'S POLICY

Austin.—As a member of the railroad commission, former Governor Pat M. Neff favors permits being given railroads to construct their lines in the western and northwestern parts of the State as well as in other sections, and that will be his policy on the railroad governing body, he said.

"I believe the great undeveloped sections should be given transportation facilities," said Mr. Neff, "and I will favor making favorable recommendations to the Interstate Commerce Commission for the construction of railroad lines to serve the public and open the lands for development."

C. V. Terrell, senior member of the commission, said he also favors such a course and believes the commission should recommend to the Interstate Commerce Commission every time it is asked for its advice. In the past it has been the policy of the Texas commission not to make such suggestions.

## POSTED NOTICE

**SAYS CHANGE SARGON BROUGHT, "WONDERFUL"**

"All my neighbors are talking about the wonderful change Sargon made in my health. For three years I was in such terrible condition I could not do my housework. Everything I ate

MRS. C. F. WOOD seemed to disagree with me. I had a lot of trouble with my kidneys, and my back hurt nearly all the time. I was constantly taking medicine for inactive liver and constipation, and would sometimes get so dizzy I'd have to hold to something to keep from falling. My blood seemed thin. I suffered terrible headaches and was so nervous I could hardly sleep. "Sargon is the first and only medicine I found that gave me lasting relief. My appetite is splendid and everything agrees with me. Sargon Pills rid me of biliousness and constipation entirely. I'm no longer nervous, sleep fine, and my color is clear and healthy. I haven't one of my old troubles left and I feel like a new woman. I can now understand why so many praise Sargon." Mrs. C. E. Wood, 2510 Market St., Fort Worth. J. A. Heyman, agent.

**YOUTH**

"This is the age of youth." How often we hear that said, sometimes in extenuation of youthful exuberance which shocks the elders, sometimes with the hopeful view that youth, somehow, is going to make the world over. Every age has been the age of youth. Young folks are more vociferous just now than they were before the war. They get more publicity, mainly because there are more mediums of publicity. But in all history it has been youth which has gone adventuring, which has injected new ideas into the world's thought, which has started movements which have, in time, changed social and economic conditions. It was youth that settled America. The Pilgrim Fathers were mostly boys in their twenties when they landed on Plymouth Rock. The pioneers of Virginia and Pennsylvania were no older. From the beginning young folks have done things of which their elders did not approve. "The only service the young can render the old is to shock them and so keep them up to date," says George Bernard Shaw in one of his plays. A man or woman must be very old indeed or have a very poor memory, to have forgotten that in his or her own youth the old folks seldom approved of the activities and interests of the young. And when the young people of today have become the parents of boys and girls of eighteen or twenty, they, too, will be shocked by the things their children will do or want to do.

THE "WRIGHT" WAY TO HEALTH

**KERRVILLE FOLKS SEND THANKS FOR HOSPITALITY**

Appearing below is a letter received from Raymond A. Franklin, superintendent of the Kerrville High School. It is an evidence of the appreciative manner in which the Kerrville folks accepted our hospitality. The letter reads as follows:

December, 1929  
President Chamber Commerce, Junction, Texas.

Dear Sir:  
I want to take this opportunity to express to you the appreciation of all of the Kerrville people for the splendid treatment accorded us while in Junction for the game Thursday.

Mr. Burney, Mr. McDonald and the football boys join me in extending our most sincere thanks for the wonderful meal which you gave us following the game.

Never have I seen a more hospitable group of people than the citizens of Junction last Thursday; nor have our boys participated in a more cleanly fought game.

Again thanking you for your splendid treatment and the other favors accorded us, I am, Sincerely yours,  
Raymond A. Franklin.

**THE STATE OF TEXAS.**

To the Sheriff or any constable of Kimble County, Texas. Greeting:  
You are hereby commanded to cause to be published in some newspaper regularly published in your county, for twenty (20) days, notice in words and figures as follows, to-wit:

No. 264. Estate of Mrs. Maud Francis, deceased.  
In the County Court of Kimble County, Texas, February Term, A. D. 1930.

To all persons interested in the estate of Mrs. Maud Francis, deceased:  
You will take notice that on and after the expiration of twenty days from the service hereof, Loma Lindsay, who has filed herein for probate the last will and testament of Mrs. Maud Francis, deceased, and an application to be confirmed as Independent Executor under the provisions of said will, will apply to the Clerk of the County Court of Kimble County, Texas, for a commission to take the answers of the witnesses to said will, who are Ella M. Faulkes and J. A. Wheat, both of whom reside in Baylor County, Texas, to the interrogatories attached to said application, and that a commission will issue on and after the twenty days after the publication of this notice, to take the depositions of said witnesses.

Given under my hand and seal of said Court at my office in the town of Junction, this 26th day of November, A. D. 1929.

U. D. KINDRICK,  
Clerk of the County Court,  
Kimble County, Texas.

**32,000,000 Christmas Seals Are Distributed**

With the opening of the annual tuberculosis Christmas seal sale sponsored in Texas by the Texas Public Health Association, which began Thanksgiving Day, an appeal to the people of Texas is being issued by H. A. Wroe of Austin, treasurer of the association, asking them to support the campaign against tuberculosis through the purchase of these seals.

"We know from experience that every thoughtful person who has, himself, enjoyed good health during the year wishes to do his part to help prevent unnecessary suffering or death. Tuberculosis causes a great deal of unnecessary suffering and death. One-fifth of all deaths that occur among those who are between 15 and 45 years of age are caused by tuberculosis," Mr. Wroe stated, to emphasize the need of relief funds.

Some of the best known men and women of Texas are supporting and directing the Christmas seal sale this year in which 32,000,000 seals will be distributed to cities and towns of Texas.

**BUSINESS SCHOLARSHIP**

**MEXICO GETS NAME FROM CENTURY PLANT**

Mexico City.—That the name "Mexico" comes from "mexictli," the Aztec word for the native maguey or pulque plant, is the conclusion of Enrique Juan Palacios, of the Mexican Direction of Archeology, who has reached for its origin in native Indian documents, as well as in other sources of information.

Every Mexican school child knows that his national coat-of-arms is but a modern adaptation of the ancient Aztec hieroglyph or place-name for "Tenochtitlan," as pre-conquest Mexico City was called. Mexico's shield, therefore, is at least six centuries old.

It represents an eagle in mortal struggle with a snake, which he holds with one claw and his beak. With the other claw he is balanced on a spiny cactus growing on a rock in the middle of a lake. This picturization of an extremely difficult position illustrates the Aztec fable of the founding of this ancient city, which is now the Capital of the Mexican Republic.

**BOYS TO FEED LAMBS**

Eldorado—more than 80 lambs are going on feed December first in Schleicher County in a lamb club organized among the boys of the county by L. E. Summer, county agent. Plans have been made for the boys to ship to Fort Worth in early March to fill every place in the lamb club classes at the annual stock show there. All the boys have home grown feed on hand for their animals, milo maize heads being used as the basic feed. It is pointed out that the average of the experiments at the Spur Sub-Station since 1920 have shown that about one-third of a pound gain per day has been made by feeding lambs ground milo heads and cottonseed meal, and alfalfa hay.

## HAROLD MERRIDITH DIES

Harold Merridith, 16, who has been here about one year died early Thursday morning following an operation for appendicitis. On November 22 he went out on the ranch with Mr. and Mrs. Terry Cowser, and has had three attacks of appendicitis since that time. He told Mr. and Mrs. Cowser that he has been bothered with these attacks a long time. After an attack the first of the week Mr. and Mrs. Cowser brought him to the hospital and did all that loving hands could do for anyone, but his condition was so serious that he died.

He has been away from home three years and thus far his mother has not been located. She lived in Blythville, Arkansas, when he heard from her last.

Harold has worked for several people in Junction and all speak a good word for him. The funeral services were held at the Methodist Church this afternoon at 2:30 o'clock by Rev. Milton F. Hill, pastor, and the body buried in the Junction Cemetery. Everything was done for him that could have been done by relatives, had they been here.

## CABINET WORK

Mr. W. J. Leonard has installed machinery at his home for doing cabinet work. His machinery has been carefully selected and he is prepared to do general cabinet work. Mr. Leonard would be glad for people needing cabinet or other wood work to get in touch with him.

# WILL HISTORY REPEAT ITSELF?

Above is a picture of the Junction High School Championship basket ball team that went through the season last year with a perfect record. This team won every contest last year. Front row: (left to right) Nevada Blackburn Mrs. Grady Kindrick, coach, Tempie Boone. Standing: (left to right) Moriel Warren, Elsie Bessent, Ruth Sandherr, Marjorie Montgomery, Lorena Couey and Vivienne Livingston. Every member of this championship squad is eligible this year with the exception of Nevada Blackburn who was graduated last June.

### BAPTIST CHURCH NOTES

Friday afternoon is Mission Study led by Mrs. Edgar McLendon when every member of the W. M. U. is asked to be present.

Next Sunday at 11 a. m. Rev. G. W. Crabb will preach a special sermon on Buckner Orphan's Home to be followed by an offering for the orphanage. The pastor will also preach at the evening worship at 7 p. m.

We certainly did miss our superintendent at Sunday School last Sunday and all earnestly hope Brother E. McLendon will soon be restored to health.

Our hearts go out in loving sympathy at this time to Rufus C. Nethery and many prayers are being offered on his behalf.

We welcomed two new members by letter last Sunday, Miss Alice Roberts and Mrs. Lela Smetzer.

The Primary Sunday School is bereft of four more scholars by removal of Halbert and Helen Hardin and Mickey and A Lee Miller.

Mrs. C. W. McCarroll is very anxious for a large attendance at choir rehearsal so as to practice Christmas carols, which reminds us the Christmas season is fast approaching, giving us another opportunity to rejoice at the birth of the Saviour, who sends this message: "Behold I bring you good tidings of great joy which shall be to all people, for unto you is born this day a Saviour which is Christ the Lord."

### HILL-RIDDLE

On Wednesday, November 20, at Portales, New Mexico, Miss Latha Riddle and Reuben Hill, two popular young people of the Lomax community of Howard County, were united in marriage.

The bride is the attractive daughter of Mr. and Mrs. J. P. Riddle, formerly of Junction, and is a sister of Mrs. A. N. Wood. Mrs. Hill is beloved by all who knew her. She was very popular and took part in Sunday School and among her class mates in school work and other activities of the community.

Mr. Hill has made his home in Howard County since boyhood and is one of the dependable and successful farmers of our county.

Mr. and Mrs. Hill will make their home in Lomax County. We join a host of friends in wishing these worthy people happiness and prosperity. (Clipping from Big Spring Herald).

Mr. L. G. Brown is quite ill in his tent on the Llano just south of the bridge.

Abel stands number one in the list of righteous contributors.

Love will conquer at the last.

### ELIMINATING LIGHT WEIGHT TURKEYS

Dublin.—A war on light weight turkeys for next year's market has been started here by 17 Erath County farmers who have secured the aid of Mark Buckingham, county agent, in carefully selecting pullets for next year's breeding purposes. All the birds in entire flocks were weighed and measured, and hens and pullets compared to see if last year's

toms had improved the offspring. Where such improvement was not noted to marked degree owners are planning to secure outstanding toms. The number of pullets retained for breeding varied from eight to ten per farm, every one of which went well over the standard and weighed at least ten pounds before fattening.

If the Christian will keep his light shining, God will put it where it will be seen.

While the livestock raiser doesn't need to know the exact analyses of home-grown feeds, some general knowledge of the nutrients they contain is necessary for a balanced and economical ration. In general, the grains such as corn are rich in carbohydrates, especially starch. Bran and other cereal products are fairly rich in protein, while packing-house products such as linnage, cottonseed cake or meal, flaxseed and soybeans, are very rich in protein. Straws, stovers and coarse hays are high in crude fiber. Legume hays are fairly rich in protein and the more important minerals. The oil-bearing seeds are rich in oil. Green feeds, grasses, legumes, roots, and silage are very high in water and are well supplied with vitamins.

### SONG OF A SENIOR

Mr. Brison is my task master; I shall not pass. He tormenteth my soul with vague forboding. He anointeth my head with handed back experiments. My test tubes runneth over. Surely sulphuric acid and ammonia gas shall follow me all the days of my life and I shall dwell in lab. forever.

### J. H. C. Takes in Three New Members

The Junior Historical Club held its regular meeting in room 2 last Friday, to discuss business matters demanding their immediate attention. The committee appointed to get materials necessary for making the scrap-book is as follows: Stella Bissett, chairman. Muriel Warren, assistant. Lois Goodwin, assistant. Three new members have joined the J. H. C. They are Exa McElrath, Emma Hensley and Deveris McElrath. Topics of general interest were discussed by the members, after which the meeting adjourned.

### SENIOR NOTES

The Seniors have had several meetings in the past two weeks. The business of the meetings was the choosing of a class flower, class motto and class color. So far, blue and gold have been chosen as the colors and blue bonnets have been chosen as the class flower. This decision is not permanent, due to the element of chance in choosing blue bonnet or any other native flower. Next Thursday another meeting will be held to decide permanently upon the flower, the colors and the motto.

Due to the absence of our class president, Louie Ragland, Miss Tempie Boone, vice-president of our class, presided Monday.

Carleton Wright and Junior Stevenson were San Antonio visitors Sunday.

Miss Tempie Boone became ill Saturday, after yelling so hard for the Eagles and was confined to her bed all day Sunday with high fever. However, she is all right now, and is practicing ball with the rest.

Miss Elsie Bessent has been ill. The Seniors are glad to have her back with them.

Miss Ruby Davis was a Kerrville visitor Sunday.

### CHAPEL PROGRAM

At 10 o'clock Thursday morning, the Rev. Milton Hill delivered a talk to the student body and faculty in the high school auditorium. In this talk he stated that LIVING IS LEARNING. If a person really lives he really learns. With Blake Chenault and T. M. Tomberlin as assistants, he illustrated the making of a cotton rope. This rope was compared to the rope of Life. The three strands of the rope represented:

1. The strand of science; under which the following questions were asked:
    - (a) What holds the clouds up?
    - (b) What makes it rain?
    - (c) Why do rivers in cold countries freeze only on top?
  2. The strand of history, and
  3. The strand of art.
- These three strands of life are blended together by the great reality of God. The body was dismissed with a prayer.

The Glee Club met in regular order last Monday. Several new songs were submitted to the club and practice was begun on them the following afternoon at 3:30.

Frank—"When I'm gone you'll never find another like me."  
Pairstee—"Well, that's one consolation."

### SCHOOL STUDENTS HAVE FIRE DRILL

Tuesday morning the students were informed that they were to have a fire drill and that they were to pass out of the building quickly and orderly as possible. Everyone was anxious for the fire siren to sound, for, of course, we are always eager for a chance to leave the classroom.

Due to the fact that the students have had much practice in fire drills, the building was entirely cleared within thirty seconds after the siren was sounded.

It was several minutes after the building was cleared before the firemen reached the building.

It was lots of fun to see the firemen dragging the hose and manipulating the ladder, just as if the building were on fire.

The firemen climbed up thru the window into the English room and shot the water from the window out to the road.

### NINTH GRADE HAS CLASS MEETING

The ninth grade had a class meeting Tuesday afternoon. Some important things were discussed.

There were a great many sad faces Wednesday when the report cards were given out.

The ninth grade conducted themselves very nicely the morning of the fire drill.

The English class is debating on hard propositions. Everyone is busy trying to beat his opponents.

Mr. Brison taught the ninth grade history class Friday. Mrs. Dutton was not able to be at school on account of illness.

### SPEECH ARTS CLASS WILL PRESENT PLAY

The Junior Department of the Hardeman School of Speech Arts, will present a one-act play, "Ten Minutes by the Clock," by Alice C. D. Riley, at the Texan Theater Friday evening, December 20. This play was one of the first series brought out for Junior production by the Drama League of America.

On the same program, seven of the youngest members of the Junior Department will give the "Dollie Dance," with Wilma Pepper in the roll of the doll storekeeper. Virginia Ashbrenner as the purchaser and Little Marche Burt, Marie Tracy, Florence Ellen Sheppard, Josephine Hamilton and Dickie Dane Emmons as the dancing French dolls.

These two numbers will be given in addition to the regular program at the theater.

Mrs. L. E. Standifer has resumed her Speech Arts work after an absence of several weeks.

Mrs. Forrest Weldon read Friday at Council Meeting of the Methodist Church, at the new home of Mrs. E. R. Borden.

Dickie Dane Emmons was absent from class Friday, visiting in Abilene.

Little Marie Tracy was in San Antonio for the week-end.

### "CHARACTER"

(By Ruby Davis)  
Our character is one thing each of us is responsible for. A person may be poor, justly or unjustly poor, and not be responsible for his hard luck but who can blame his character on someone else.

Environment, it has been said, has much to do with the building of character, but there are those who think differently. A person's actions may be controlled, to a certain extent, by his surroundings, but not his character. It has its own merits. We can compare ourselves and our character with an architect and his building, as Longfellow tells us:

"We all are architects of fate, Working in these walls of time, Some with massive deeds and great, Some with ornaments of rhyme."

Harry—"You look like a sensible girl. Let's get married."  
Benita—"Notachance, I'm as sensible as I look."

Goodyear means the very best quality money can buy. Our special prices during October enables you to join the big family at the lowest possible cost. Come in and see for yourself. 26c  
Loeffler Motor Company.

Many people still think it is a good thing to clean a crankcase with kerosene or something else that cuts oil, but the very fact that a cleansing agent cuts oil makes it dangerous to use, because it is practically impossible to get it all out of the crankcase and it will dilute the new oil you put in. If you change the oil often enough, you needn't worry about cleaning the crankcase.

Teacher: "What is a cannibal, Tommy?"

Tommy: "Please, teacher, I don't know."

"Well, if you ate your father and mother, what would you be?"

"An orphan, miss!"

"Was Maude in a bright red frock at the dance?"  
"Some of her, darling; some of her."

Pittsburgh glass manufacturers are studying the silica sands near Denison as a source of supply for a new plant at Monterey, Mexico. Many Texas counties have silica sands available in inexhaustible quantities.

When turning hems or basting seams, try paper clips to hold them. They will not fall out as readily as pins.

## Cold Weather! and that Old Battery

**QUICK SERVICE**  
MAY BE GIVING YOU TROUBLE—As this is the time of year that your battery is taxed to its full capacity mark. It has been working, maybe, all summer long without a day off. You'd better come in now and let us test it for you or you may be having plenty trouble some of these colder mornings. Your electrical wiring may need going over, and we certainly know how to do that job—it won't take us long and may save you lots of trouble and time in the future.

### Trouble Wagon Always Rearin' To Go.

Any time your car balks, or needs any kind of Auto Electrical Service, just phone 43, and our trouble truck will be right there. Our long experience in this line has taught us every part of the business, therefore we understand every make of car, and all kinds of wiring. You will save time and money by calling on us in time of trouble. Complete automobile service under one roof.

## JUNCTION BATTERY AND ELECTRIC GARAGE

Telephone 43

### Eagles Cop Title From Granger Lions

On Saturday, December 7, the Junction Eagles met the Granger Lions on the home gridiron for the bi-district championship. The game was a hard fight but resulted victoriously for the Eagles by the score of 12 to 7. The Granger Lions put up a hard fight but they were unable to score but one touchdown. This came in the third quarter as the result of the longest and most spectacular field that has been made on this field during football history. It was made by Moore of Granger. Junction kicked off and he received the ball on his own five-yard line and raced ninety-five yards through the whole gang of Eagles for a touchdown.

Those making touchdowns for the Eagles were Harry Witt and H. T. Richardson.

The result of the Granger game puts the Eagles in position to play Schulerburg for Regional Championship next Friday. The game will be played in Junction Friday, at 2:30 p. m.

### PEP SQUAD HAS CHARGE OF RALLY

On Friday afternoon, December 6, the Pep Squad Girls were in charge of the Pep Rally, that was given for the football boys.

The business men came to the school house to help us. After everybody was seated in the auditorium, the curtain to the stage was rolled up and much to our surprise, there sat every member of the ball team. In the first seven chairs the main team was seated. Then in the second and third rows, the rest were seated.

Everybody stood up and gave fifteen yells for the Eagles. Encouraging talks were given by the following Pep girls: Ella Simon, Ruby Davis, Bonita Barnes, Eleanor Highsmith and Vivian James. Also the business men gave yells and talks. Mr. Moses gave a talk to the Eagles. The program closed after the Pep Squad yelled.

### BASKET BALL GIRLS RECEIVE NEW SUITS

At last the basket ball girls have begun practicing and after our first ten minutes of play we were ready to sit in the shade.

We can imagine how long we would have lasted had it not been for our laps we have taken around the football field. We are very anxious to play our first game. It isn't the game we want to play so bad as it is that we want to wear our new suits. Are you not anxious to see what they look like? Watch for signs telling you when you will get the opportunity.

### N. G. L. C. MEETS

The N. G. L. C. met last Friday for the first time in two weeks to discuss events of most interest to the members.

Mr. Brison presided. Mrs. Dutton not being present.

Last week's business matters were brought before the club first. This was followed by a discussion of topics in the Literary Digest of interest to the members.

The meeting adjourned at 1:45.

### Classes in English Make Good Record

The English IV Class has just completed its work in letter writing. The class has written eighteen different types of business letters. It has also written numerous letters of the social type, both formal and informal. The class is now taking up Reasoning, Parliamentary Laws, and Debate. The English department is hoping that this study will bring to light some good debaters for the Interscholastic Meet.

The Senior Class are working on their autobiographies which are to be from 1000 to 1800 words in length.

Out of twenty-six pupils in English IV, only two pupils made E. There were three pupils making a grade of 90 or above.

English III class is still specializing in Emerson's essays. The tests following each essay seem to rival Emerson in stimulating an interest in these essays.

The English II class, which has the largest enrollment of any class in high school, has completed its work in composition for this year. During this composition period this class has written out of class sixteen formal themes from a hundred-fifty to three hundred words in length and thirty-two informal themes from fifty to one hundred-fifty words in length. Some of these informal themes were written in class. This class also had several oral themes from two to three minutes in length, and each member of the class has debated at least twice. The English II class is now starting its work in grammar.

English I class, the freshmen, are studying literature. It has studied short stories, a long story of adventure, an epic from Homer, ballads, lyrics and it is now studying Scott's "Lady of the Lake," a metrical romance. The English teacher and several of the pupils have been very busy on the installing of the new library system.

### DOMESTIC ART CLASS

The girls of the first year sewing class have completed their aprons and have taken up topics of darning and mending in their text books. They are now making darning samples for their note books. The next project, which they will begin this week, will be bloomers.

The second year class are now working on the coats to their ensembles, and owing to the short length of time for sewing each week they hope to have them finished by the Christmas holidays if not before then, so that a new project can be started at the first of the year.

### FRESHMAN REPORT

We didn't have history class Friday morning as Miss Bennett had some work to do. Most everyone was glad because we were to have a test.

Tommie Jones from San Antonio visited the school Friday.

Christine Schraub was absent from school Monday.

S. L. Jeter was absent Wednesday and Thursday. J. B. Dunbar has been absent for about a week.

Devers McElrath from Coleman, entered school here last week.

## Junction Trade Notes

(By G. G. Co.)

With Christmas eggs 50c to 60c a dozen, this story from Luling is interesting: The Luling Foundation Farm, during November, conducted a test on lighting poultry houses. Lights were turned on at 5 each morning in two of the four houses, each house having the same number of hens in it. The result was a production of 50% more eggs in the lighted houses than in those without the artificial light.

There are only 12 more Christmas shopping days, and postal employees would appreciate the mailing of packages early. Junction merchants have the Christmas spirit profusely displayed in their stocks, and the electric display of West Texas Utilities is attracting unusual attention.

In stock: Fresh shipment of Heinz products, including seasonable Plum and Fig puddings, mince-meat, etc. For those who have not prepared Christmas fruit cakes we will have in stock Fair Maid fruitcakes in sanitary packages. Gann Grocery Company.

J. N. Hodges, veteran Junction merchant, is off duty this week on account of illness akin to bronchitis. Sheriff Frank Mills of Coleman is a Junction visitor this week as guest of Sheriff Frank Patterson on a hunt. Mr. Mills and Mr. Patterson were "buddies" in the Ranger service in other days. Range conditions are good in the vicinity of Rocksprings, according to Rufus Nethery. Mr. Nethery recently purchased bred nannies at \$5.50 and kids at \$3.50.

Change Corners: Judge J. B. Randolph and Guy Wynne have traded places and will exchange corners in a short time. The attractive Wynne ranch up South Llano will be occupied by Judge Randolph and family while Mr. and Mrs. Wynne will have possession of the Randolph place one mile east of Junction. Dr. and Mrs. H. E. Luethers will move to San Antonio after the 1st of the year, while D. S. Stone, who was formerly a citizen of Junction, will move here from Carrizo Springs.

In stock: Mandeville & King flower seeds. Gann Grocery Company, Vermont Maid table syrup, maple and cane flavor; free sample for the asking.

Mr. J. E. Deats got a 12 point buck on a recent hunting trip, while Mr. Deats drew a blank. Mrs. C. T. Hokekamp of Junction got a fine buck early in the season, firing only once. M. I. Nethery harvested 16,000 lbs. pecans from his Llano River orchard, which was about one-half of normal production.

### Out of the Mouth of Babes

After a visit of several days in San Antonio, Milton Powell (aged four) returned home and inquired of Grandmother Becker: "How did you get along without me, grandma?"

The Junction Eagles and their capable coach this year evolved a football machine that appeared to be invincible—until someone threw a "technical" monkey-wrench into the machinery.

Friday, the 13th: And it looks like rain.

**Gann Grocery Company**  
"Everybody's Store."

Mr. W. P. Riley, president of the Junction State Bank and Cattle Loan Company, was in San Angelo the first of the week attending a meeting of warehouse officials and others studying co-operative marketing of wool and mohair. A report of this meeting will be given in a subsequent issue of the Eagle.

Mayor T. B. Phillips is at home from his ranches in Edwards County. He reports his cattle, sheep and goats in good condition.

Mr. H. C. Phillips of Houston, a representative of the Federal Intermediate Credit Bank, is in Junction today looking after matters pertaining to his bank.

## Country Correspondence

### LONDON LOCALS

In our haste last week we overlooked two items. First, the few days' Christian meeting which began Wednesday night before Thanksgiving and ran over Sunday. This meeting was well attended considering the cold weather, and was enjoyed by those attending. One of the main features of interest was the Abilene Christian College quartet that rendered music for the services and between the services. All who heard the boys praise their work.

Every community could have just such a quartet if they would put forth the effort it requires: \$150 to \$200 per year would secure a good man to teach the rudiments of music and train a class to read music as accurately as they read print. It would be money well spent, viewed from several angles. I never knew a boy or girl who loved sacred music that gave their parents or their community any trouble, but the song service has become like most of the church service, just a matter of form.

We also forgot to mention last week the lonesome play given by Mrs. O. B. Tuberville at the home of Mr. and Mrs. G. T. May. We name this play "Lonesome" because there were no male guests, yet all who attended say they had a good time.

Miss Loree Kothmann was home from Baylor University for Thanksgiving. She says she likes Baylor better all the time. Baylor is a fine school and Loree is a sober, studious girl, therefore we can forecast her success.

Mr. W. W. Barrett of Katemey is visiting relatives at London this week.

D. M. Stewart and wife were in town Tuesday.

Brother Sparkman filled the Baptist pulpit here Saturday night and Sunday. Bro. Sparkman is a very earnest, conscientious preacher. He is a

college man but we believe him to be a man of God.

We notice there is very little plowing done in preparing the ground for another crop. Possibly it would be better if we would break our land earlier. We would stand a better chance for earlier planting.

Rah for Junction ball players! We are far from first, last and all the time. We are for Junction second to London all the time. As often declared, we fail to see much to be accomplished by so much ball playing, but when our home boys or girls play we want them to win. Rah for Junction ball team.

I do not read in history or in the lives of great men where truly great men spent their time playing games. This is why we can't see great things to be accomplished by playing so much ball, but maybe we are just too weak to see far.

### SEGOVIA SIFTINGS

Mrs. L. E. Stockard and family were visiting Mr. and Mrs. W. L. Bierschwale of Noxville Sunday.

Miss Lula Belle Fairchild was a week-end visitor of Mr. and Mrs. Joe Taylor of Junction.

Miss Myrtle Weist of Junction was a week-end visitor of Miss Louise King.

Misses Myrtle Weist, Louise and Teeny King, Gussie Burris and Louise Kietheley, Messrs. Julius Hunter, Debbs Boone and Bryan Kietheley were Sunday visitors of Mr. and Mrs. Ed Kietheley.

Miss Louise Kietheley attended a box supper and dance at the Evergreen school house last Friday night.

Those who were Junction visitors Saturday were, Misses Louise and Teeny King, Louise Kietheley and Lula Belle Fairchild, Messrs. Frank Rembold, Jimmy Saurborn, Buddy Roland, John and Bryan Kietheley, Max and Gordon King, Robert and Ellis Davis and Robert Bowers.

### 4H CLUB DOINGS IN NORTH

Kansas City.—American Royal Show. Anderson Harris, Jr., had the champion calf of the Junior Club show. This calf brought \$1,021 per pound.

Omaha, Neb.—Alvin Jurgenson had the Grand Champion Club Baby Beef which brought \$107.50 per cwt.

South St. Paul, Minn.—1400 baby heaves on display, a grand array of the demonstration work of Junior Club members. Royal Champion baby beef which sold for \$1,121 per pound and weighed 974 pounds.

We believe that 4H club members of Kimble County can demonstrate a similar ability in feeding lambs and breeding sheep and goats.

### CATCHES BOB CAT

Mr. Lee Doran was displaying on the streets Tuesday an unusually large bob cat that he trapped on the North Llano. It appeared to be an old one and has, no doubt, done much damage to the livestock interest in that section.

Mr. Doran has rendered a valuable service by catching the big bob cat.

Shop and mail now for delivery before Christmas. 34c

### PRESBYTERIAN SERVICES

The regular Presbyterian services will be held next Sunday, at 11 a. m. and 7:30 p. m. in the Episcopal Church building. Rev. G. W. Crofoot, pastor, preaching. A full attendance of the membership is urged, and the public in general is cordially invited.

Sunday afternoon at 3 o'clock, Rev. Crofoot will hold preaching services at the Evergreen school house.

### BREAKS ARM

Little Owen Byerley, aged 7, fell Wednesday afternoon while playing and broke his left arm at the elbow. It was a bad break but the little fellow is getting on all right.

### ROOSEVELT SCHOOL NEWS

School is progressing nicely. Everyone is working hard, keeping up with his school work and learning his part for the Christmas program.

The pupils have been enjoying the beautiful warm sunshine we have been having for the past few days.

Burleson Parker and Donnie Thiers were absent from school Wednesday.

Eleanor Highsmith and Ruth Sandherr visited our school

Wednesday, boosting the game between Junction and Granger. Alpha Barfield was absent from school Tuesday.

The sixth grade have been making health posters. We think they will make great artists some day.

The eighth grade are having an enjoyable time writing descriptive themes.

Everyone feels that Christmas is coming as both rooms have a tree decorated.

Harry D. Thiers, the school's great alto singer, is practicing up for the song in our program for next Wednesday night.

The fifth grade is having a terrible time with the multiplication table.

We still have some pretty plants in the house, although Jack Frost has nipped the ones on the outside.

We will have our Christmas tree and a short program next Wednesday night, December 18. Everybody come and bring some one with you.

Mrs. Thiers and the little Williams boy are recovering from their auto accidents.

Harry Lefeste is nursing a badly cut foot. Bill and Jimmie Surber left last week for Jarrel, Texas.

Mr. and Mrs. Cade were here from Junction Sunday.

Mr. and Mrs. Frank Surber are up from San Antonio on a visit.

Mr. and Mrs. Lester moved to the Bannowsky ranch yesterday. Miss Pauline Keiso is visiting her aunt, Mrs. Jones.

## FIREWORKS!

We have a full line of Fireworks at our store. Come in early and get your Christmas supply.

## Wahl Bros. & Schraub

## Advertising Pays!

You ask why we advertise? The answer is easy. It is because competition is keen and we want our share of the business.

Not necessarily banking competition, but all other lines. When one gets hold of a dollar, thousands of manufacturers are spending millions of dollars on advertising, trying to get a share of that dollar. We need to advertise the service WE render, spent is gone for good. Money spent, is gone for good. Money on deposit not only retains its value, but INCREASES.

AS the mercury falls with cooler weather, it brings down with it your ice bills. Ice melts slowly during the cooler months, and costs you correspondingly less for this health protection.

Don't trust to variable weathers during the winter when you can have the assured benefits of ice at such a low cost.

It's not expensive to keep your ice chamber above the half full mark the year round, and it's a decided protection to you and your family.
