Ike Doubts Chinese Reds Ready To Start Major Conflict Soon

SORROWFUL SENTRY—A dog called Rusty crouches close to the blanket-covered form of his master, 14-year-old Billy Clanton, who was shot fatally in his suburban Denver, Col., home. The boy staggered into the snow of the yard and died. The dog at first refused to let officers come near. Sheriff's officers questioned the boy's father, Robert L. Clanton, 47, about reports of a violent quarrel preceding the shooting.

Dulles Urges Prompt Okay For Treaties

WASHINGTON (AP)—Secretary of State Dulles today urged prompt Senate approval of treaties to rearm a sovereign West Germany. He said they "lay the basis for a new Europe."

Dulles told the Senate Foreign Relations Committee the two treaties bring about a unity and security in Europe for which the United States has long hoped.

"Western Europe, long the cradle of Western civilization and of Christianity has now what is probably its last chance to survive as a place of human welfare," Dulles said. "That last chance is embodied in the documents before you."

Before Dulles' appearance as a committee witness on the pacts, Sen. Sparkman (D-Ala) said the Eisenhower administration should "supply all the materials possible" for a rapid buildup of the planned 12-division German army.

Dulles told the committee that once Western European unity is "an irreversible reality" a conference between the Western Powers and Russia "could be held with greater hope."

He said the restoration of West German sovereignty and rearmament of the nation as a member of the North Atlantic Treaty Organization would create "unity in the non-Communist part of Europe."

President Eisenhower has said he would favor lower-level talks leading toward a possible conference of Big Power chiefs of state as soon as the German rearmament treaties are finally ratified.

SOLUTION SEEN

Appealing for speedy action by the Senate, Dulles told the committee headed by Sen. George (D-Ga):

"The conditions which these agreements will create will, I hope, lead to a solution of other European problems."

Dulles suggested that the pattern of armaments control worked out in the Paris pacts on Germany "might be adopted for wider use in Europe, if the Soviet rulers have a genuine desire to regulate and control armaments."

"The reunification of Germany and the conclusion of the German peace treaty continue to be basic objectives of our policy," the secretary said. "For eight years now these objectives have been sought in repeated conferences. . .

"These conferences have come to nought because the Soviet Union has used them as occasions to maneuver against unity in the non-Communist part of Europe.

"Once, however, that unity is an irreversible reality, then conferences could be held with greater hope. The Soviet Union will no longer have the possibility of perverting these conferences into maneuvers against Western European unity.

"It may, perhaps, at long last, be possible to get down to the actual business of unifying Germany."

One Absentee Ballot Is Cast

Only one absentee ballot had been cast by noon today in the two elections scheduled here for Saturday and next Tuesday. The ballot cast was in the Saturday election of trustees for the Snyder school district.

There are eight candidates seeking two places on the school board.

No ballots had been cast by absentee method for the city election scheduled for next Tuesday. Voters will elect three members for the city council, and there is no contest in either of the three races. The deadline for absentee voting in this election is midnight Friday.

Deadline for absentee voting in the school board election is midnight tonight. Absentee voting in this election is done in the office of the school district tax assessor-collector at 1922 Twenty - sixth Street. Voting in the city election is done at the city hall, immediately east of the above address. Both offices close at five o'clock each day, but absentee ballots received for casting by 1 o'clock the afternoons of the election days are to be counted, provided they were issued to voters on applications made prior to the midnight deadlines.

Seal Coating Bids Asked By City Council

A replat of part of Westridge addition in west Snyder was approved, and bids were called for on seal coating of many Snyder streets by the city council in a special meeting yesterday afternoon.

The replatting had been approved previously by the city planning and zoning commission when the proposal was submitted to the commission by Maurice Brownfield, owner of the land involved.

The land is the undeveloped area north of Thirtieth Street and west of Avenue Z. The new plat provides for a ring of residential building lots around the outer edges of the area on the east, north, and west sides of the tract of land.

An ordinance to close a dedicated, but unopened portion of Twenty-eighth Street, was passed on first reading. The portion of street had been dedicated but was never put to use. It is on the east side of the Brownfield tract of land.

Bids on the seal coating for Snyder streets will be opened in a special meeting of the council at 5 o'clock the afternoon of April 13. Specifications of the seal coating will be the same as state highway department specifications, one coat of asphalt and one coat of fine gravel.

About 34,000 square yards of Snyder streets will receive the seal coating this year, B. J. Shelley, city manager, said.

Shelley reported that new street lights have recently been installed in Belmont Park, on Avenue V from Thirty-second to Thirty-seventh Street, and poles have been set for new lights to be placed on the East Highway from the Phillips 66 super station to the city limits.

The council organized itself as a committee to attend the Deep Creek watershed meeting to be held in the district courtroom at 4 o'clock Thursday afternoon.

Vehicle Tag Sales Go Up

The office of the county tax assessor - collector issued license plates for 1,119 vehicles this morning and yesterday, bringing the total issued since the 1955 plates became available Feb. 1 to 7,282.

With the deadline for registering currently used vehicles for 1955 only two days away, the present total is only 1,050 short of the number issued by March 31 of a year ago.

If the rate of yesterday and today continues until the deadline, the office will have exceeded last year's figure.

The office is remaining open during noon hours for convenience to registrants.

Of the total registered since Feb. 1, 5,074 were passenger cars, 1,128 commercial trucks, 60 commercial truck tractors, 659 farm trucks, two farm truck tractors, 333 trailers, nine house trailers, and 17 motorcycles.

None of the above figures includes dealer registrations which were included in the figure of March 31, last year, which was 8,332.

WEATHER

NORTH CENTRAL and WEST TEXAS: Generally fair and warmer this afternoon and tonight. Wednesday, increasing cloudiness and mild.

EAST and SOUTH CENTRAL TEXAS: Generally fair and warmer this afternoon and tonight. Wednesday, partly cloudy and warmer. Moderate mostly south winds on the coast, becoming fresh Wednesday.

THE WALLS CAME TUMBLING DOWN—With a push from a tractor, the last wall of two of Snyder's earliest masonry buildings was torn down this morning to make way for new store buildings in the 2600 block of Avenue S. The old buildings, owned by Wylie Brice, have been vacant for several years, and are being razed to permit new construction. Brice said plans for the new buildings are not complete, but that tentative plans call for construction of three new business buildings. (Lee Watson photograph)

Five Area School Districts To Elect Trustees Saturday

Five school districts in this area are readying for elections of members of their boards of trustees. The elections will be held Saturday.

At each school district, the polls will be open from 8 a.m. to 7 p.m. Saturday. Each of the school districts here will have their polling places set up at the schools except the Snyder district, which will have polling at the school tax office at 1922 Twenty-sixth Street.

Also being held Saturday is election for two places on the Scurry County school board. Perry Echols, member from precinct 3, and D. Z. Hess, precinct 4, are those whose terms expire, and they have both been petitioned for re-election. No one else is a candidate for those places. Only voters who live in precincts 3 and 4 in the Snyder, Hermleigh, and Ira school districts will cast ballots in that election. County board members whose terms do not expire are Buford Browning, precinct 2, Blake Walker, precinct 1, and Hugh Taylor, member-at-large. Hess is presently chairman of the county board.

Terms expiring on the Snyder school board are those of Lee T. Stinson, chairman, and Milton Ford. Neither are candidates for re-election. Petitioned for places on that board are Max West, rancher; Bill Grimmett, sand and gravel contractor; Weldon Johnson, rancher; Jim Mixon, appliance store operator; Frances Brooks, housewife; W. F. McMennamy, glass and mirror firm operator; Buster Lowery, construction firm operator; and Frank Strom, rancher. Remaining on the board are Paul Keaton, Clyde Godwin, J. B. Turner, E. H. (Ab) Williamson, and Wayne Boren.

The terms of M. L. Wilson and A. P. Brooks expire on the Ira board of trustees. Both of those have been re-nominated. Wilson, board president, is superintendent of Coffield & Guthrie, Inc., at Ira, and Brooks is a farmer. Other candidates are Lewis Dunn, farmer; L. L. Clark, farmer; Clarence Payne, farmer; and Clifton Thomas, farmer. Those whose terms do not expire are J. H. Kimmel, farmer; Whit Farmer, farmer; Marvin Sorrells, farmer; Jim Stirling, farmer; and Houston Kimbrell, farmer, secretary-treasurer of the board.

At Hermleigh, the terms of G. E. Chorn and O. C. Hess are expiring. Hess, now board chairman, is not a candidate for re-election. Chorn, a farmer, is on the ballot, as are the names of O. C. Darden, farmer; C. J. Grossman, farmer; and Jim Farr, service station operator. Terms not expiring are those of James Davidson, farmer, secretary-treasurer; E. L. Vandiver, farmer; Grady Williams, farmer; Albert Kuss, Jr., farmer; and Tom Shelburne, building contractor.

Candidates at Fluvanna are Dee Pylant, farmer; James Stansell, farmer-dairyman; and Leo Beaver, farmer, all candidates for re-election; Ray Fulford, farmer; Clay Reeder, farmer; Bunyan Evans, farmer-dairyman; Robert Jones, farmer; Bobby Warren, farmer; and C. D. Burrow, farmer. Remaining on the board are Joe Landrum, farmer; Hurston Lemons, farmer; Burl Belew, rancher, and N. L. Beaver, gin manager and farmer.

At Hobbs, the only candidates for places on the board are Claude Weems farmer, and James Nettleton, farmer, whose terms are expiring. Nettleton is secretary-treasurer. Remaining on the board are Bernon Etheredge, farmer and county employe, who is board president; Ed Neves, farmer; Buddy Burnett, wholesale oil and gas dealer; David Williams, farmer; and J. O. Hudnall, farmer.

Second Big Blast Not Spectacular

LAS VEGAS, Nev. (AP)—The second major atomic blast of the spring series was touched off today and although it may have been more powerful, it was far less spectacular than the first of the so-called "big shots" last March 7.

Overcast skies in many areas prevented the brilliant flash from being seen, although shock waves gave Cedar City, Utah, its worst jolt ever from a nuclear test.

The March 7 shot, fired in perfectly clear weather, was seen from border to border throughout the West. Both devices were detonated from 500-foot towers.

Indications were, however, that today's test packed at least as much wallop as the other big one—rated at about 30 kilotons, or 30,000 tons of TNT.

Six hundred soldiers from Camp Desert Rock crouched in trenches 3,500 yards away to observe the ninth test of the current series. Twenty-eight Marines, scheduled to participate, did not. No reason was announced for this.

The Atomic Energy Commission said a second test, an air drop from a high-flying bomber, may be held later today, weather permitting.

One hundred and 12 aircraft participated. Making its first appearance over the test site was the Martin B57, a two-jet intruder type bomber. It joined F84s in cloud sampling.

The AEC conducted 67 major experiments, divided about equally between civil effects, development effects and military. A large amount of military equipment was exposed to the blast and troops were to inspect it if conditions permitted.

The flash at 4:55 a.m. was bright enough that observers in Las Vegas, 75 miles southeast of the Yucca Flat test scene, could see vapor trails from planes over the site, but the shock wave was felt only as a mild rumble. There was no damage. Observers at the control tower 11 miles away heard only a dull thud, followed by a rumble.

The mushroom cloud rose to 30,000 feet in about five minutes and an icecap formed atop it. It then broke into three sections, the top going east at 35 knots, the center moving southeast at 55 knots, and most of the dust from the stem falling out on the test site.

Bank Robbery Suspects Held

DENTON (AP) — Three brothers from Fort Worth were charged today in the $2,000 robbery Saturday of the Justin State Bank in Denton County.

Matthew Lafoon, 31, who is at large, was charged with armed robbery. Leroy Lafoon, 19, and Charles Lafoon, 28, were held at Denton under charges of receiving stolen merchandise.

Police released another man they had been questioning.

Sheriff Wyley Barnes said Matthew had been identified as the robber by the three bank employes who were held up at gun point and by three outside witnesses.

Fort Worth police arrested the two brothers and the third man after the auto used in the robbery was found hidden northwest of there.

It was reported stolen from a used car dealer in Wichita Falls Saturday morning.

Barnes said Matthew was traced to Dallas where he took a cab to a hotel.

Minimum Here Is 40

The mercury dipped to a cool 40 degrees in Snyder overnight after a maximum reading of 65 degrees yesterday. At 7:30 this morning the temperature was 41 degrees, David Strayhorn, weather observer, said.

One In Race At Hermleigh

O. H. Culp, farmer, is the only candidate for the one open place on the Hermleigh city council in the election which is to be held there next Tuesday.

The term of Frank Kubala is expiring. Mayor A. D. Higginbotham said absentee ballots will be available at the city hall in Hermleigh through Friday.

Those remaining on the council this time are Vance Clift, Royce L. Jones, Alton L. Barfoot, and Tom Shelton.

Rejects Talk Of Buildups

WASHINGTON (AP) — President Eisenhower does not believe Red China is prepared to cause any major conflict in the Formosa Strait in the weeks just ahead.

The President does not share the view that a Red Chinese attack might be made on the Nationalist-held islands of Quemoy and Matsu by April 15. He has rejected this estimate of the situation by some military sources, reported from Washington during the weekend.

Information reaching the White House indicates Red China lacks air bases and supplies to back up an amphibious assault on the islands, just off the Chinese mainland.

These views were outlined by an authoritative administration source in a discussion of key current issues in the foreign relations field.

As for the possibility of a Big Four conference, the source said the administration sees all signs as pointing to a meeting of some type. The question is when, where and what form it will take.

On the question of war or peace in the Formosa Strait, the source said the administration was disturbed by the weekend report that the Communists would be capable of an early attack on Quemoy and Matsu.

ERRONEOUS REPORT

The report, the source said, gave an erroneous and possibly alarming picture which might lead some to believe the United States would soon be in a full-scale shooting war with atomic weapons.

Also, he said, it was felt that such talk could damage the American position with some foreign nations that take issue with parts of U.S. policy in the Formosa area.

The source said Eisenhower does not minimize the danger in the Far East. He was said to feel that the situation is likely to become increasingly serious and that nobody can predict what Red China might do.

A decision whether the United States would go to the defense of the offshore islands rests with Eisenhower.

The decision probably would come before any actual attack but it hasn't been made yet, the source said.

As for the prospects of a big power meeting, the administration was said to feel that a foreign ministers conference likely would precede a meeting of chiefs of government.

KEY QUESTIONS

Here are some questions on the key issues with answers from the administration source:

Q. After Tehran, Potsdam and Yalta, does the Eisenhower administration see any possibilities in another top-level conference?

A. Yes, with conditions. This means finding out first some evidences of good faith.

Q. Are we going to have a war April 15? It's reported that on about that date the military expect an attack on the Matsu Islands.

A. That prediction doesn't reflect the views of the Eisenhower administration. Nobody can say what the Chinese Reds might do. But our information is that they lack air bases and supplies. There's no evidence of a sufficient buildup at this time.

Q. What is the possibility of a general war starting in the Formosa Strait? That is a question for President Eisenhower. He makes the decision, under congressional authority, on what constitutes an attack on Formosa.

George Says People Will Back Decision

WASHINGTON (AP)—Sen. George (D-Ga) said today he thinks the American people will support "whatever decision President Eisenhower is compelled to make" between war and peace in the Pacific.

But Sen. Sparkman (D-Ala) said in a separate interview he feels Eisenhower and Secretary of State Dulles are joining Senate Republican leaders in turning the GOP into a "war party."

Sparkman said in his view the United States now stands "on the verge of war" in the Far East. But George and Sen. Mansfield (D-Mont) thought otherwise.

George, who heads the Senate Foreign Relations Committee, said Eisenhower alone must decide whether the United States is to join in defense of the Chinese Nationalist - held coastal islands of Quemoy and Matsu if they are attacked by the Chinese Communists.

He said a decision to fight for the islands might alienate America's allies.

But he said he was "greatly troubled" by a belief that a decision not to help defend them would destroy the effectiveness of the Nationalist army on Formosa. He said such a U.S. stand would promote a new Communist propaganda line seeking to convince Asians that this country is a "paper tiger."

He said he doesn't think the possibility of war is as great in the Formosa area as has been indicated by recent reports. He added he doesn't believe Eisenhower will have to make a "hurried" decision on Quemoy and Matsu.

Mansfield, another Foreign Relations Committee member, said he agrees there is a possibility the situation can be handled "without running the risk of a major war."

WTCC Convention Considers Controversial Resolutions

LUBBOCK (AP)—The West Texas Chamber of Commerce went into its final convention sessions today with several controversial resolutions expected to stir up floor discussions.

One of the resolutions approved yesterday for submission to the 37th annual meeting would put the WTCC on record as opposing price-fixing of any commodity.

Not among resolutions forwarded by the state and national affairs committee, but expected to be offered from the floor today, was one asking the WTCC to take a position on the disputed Trinity River Authority bill.

The TRA bill, now before the state legislature, would set up an authority to oversee development of the Trinity watershed and, among other things, provide for barge traffic as far up as Fort Worth. A soil and water conservation program also would be set up.

New officers and the 1956 convention city were to be chosen at this morning's closing sessions.

The chamber named three more "Top West Texans" at last night's annual banquet. They were A. B. Davis, manager of the Lubbock Chamber of Commerce; John A. Couch, Haskell, outgoing WTCC president, and Homer Grant of Lubbock, chairman of the WTCC Water Resources Committee and a district vice president. U.S. Rep. George Mahon of Lubbock was given a similar award Sunday night.

Other resolutions approved by the State and National Affairs Committee favored amendment of workmen's compensation laws; regulation of travel bureaus, and study of a proposal for WTCC to offer college scholarships.

At the convention's annual congressional forum, six Texas congressmen replied to questions about cotton allotments and farm price supports.

Rep. W. R. Poage of Waco, member of the House Agriculture Committee, blamed administration regulations for some of the individual hardship cases in the cotton program. He said, "It is easier for the department to administer the law without considering the individual hardship cases."

An explanation for Texas votes for the Reciprocal Trade Bill despite the fact it did not limit oil imports, came from Reps. Omar Burleson of Anson and Frank Ikard of Wichita Falls. They said the bill reached the House floor in such form that it couldn't be amended and that they felt the trade bill was necessary.

"If we have no reciprocal trade law, then we have nothing on which we can base our oil imports restrictions," said Burleson.

Opposing the administration high bond proposals, Rep. Jim Wright of Weatherford said, "I'm in favor of building only those highways that we are willing to pay for now without saddling a burden on future generations."

The congressmen said it is up to the President to decide when and where we are to take a definite stand in the Far East.

Thompson Says No Reason For Imports

FORT WORTH (AP)—Oil imports are being increased because foreign crude can be laid down here cheaper than domestic oil and not because of any shortage in this country.

This charge was levelled at the major importing companies today by Ernest Thompson, senior member of the Texas Railroad Commission, in a speech closing the meeting of the Texas Independent Producers & Royalty Owners Assn. (TIPRO).

Ill at his home in Amarillo, Thompson had his speech read by W. J. Murray Jr., chairman of the commission.

Thompson's paper said Texas had increased its oil allowable substantially early this year to prevent "any possible excuse for increase in imports of oil."

He stated that "the reason for increases of crude oil imports is not shortage of crude oil. The reason is that foreign crude can be bought and laid down here cheaper than ours. This gives the crude importer a distinct advantage over the oil company who has no imports and who must buy his crude on the open market at posted prices.

Recently several companies who had not been importers have contracted for substantial amounts of crude. This they do to average down their crude costs. The import duty is only 10½ cents per barrel on crude oil."

Thompson saw a bright future for domestic gasoline sales, predicting that "it seems safe to expect a 10 per cent increase in gasoline sales this spring."

He foresaw a good year "in oil for Texas and the nation. In Europe an increase of 12 per cent could easily come about in oil sales. This would greatly ease the situation."

TIPRO approved a report of its gas committee urging continuation of the fight to free its production from federal control.

The committee urged the TIPRO membership to support the economic waste bill in the Legislature, and to continue the fight for a competitive price for natural gas to the producers and landowners of Texas.

The controversial H.B. 7, which supporters call an economic waste statute for gas, has produced a split both within the oil industry and outside. It already has won its first floor test in the Texas House of Representatives.

In repeating its support for the bill, the TIPRO disagreed with arguments that supporting the state legislation makes it more difficult for the industry to oppose federal control of natural gas prices.

TIPRO, along with supporting the state regulatory measure, reaffirmed its opposition to federal control of gas production. The Texas group also passed a resolution urging restriction of oil imports and sent a telegram to the Texas congressional delegation urging legislation to that end.

TIPRO's stand for H.B. 7 and for restrictions on oil imports was supported by two convention speakers, Walter S. Hallanan of Pittsburgh, Pa., chairman of the National Petroleum Council, and O. R. Strackbein of Washington, chairman of the Nationwide Committee of Industry, Agriculture and Labor.

AREA OIL ROUNDUP

Wildcat Set In Stonewall County

J. R. McLean Oil Account of Dallas and J. D. Tompkins of Abilene have set location for a 6,250-foot rotary wildcat in Stonewall County.

It will be the No. 1 W. I. Martin. Drillsite is 660 feet from the south and east lines of 137-1-H&TC. That is 11 miles south of Aspermont and two and a half miles south of the Frankirk field.

BORDEN COUNTY

W. A. Moncrief of Fort Worth has staked location for a new project in the Jo Mill-Spraberry field of Borden County, to be drilled as the No. 1-A Miller.

The location is 550 feet from south and 1,750 feet from west lines of 2-33-t4n-T&P, 12 miles southwest of Gail. Rotary contract is to 7,500 feet.

Blanco Oil and others have reported the completion of the No. 1-14 W. L. Miller in the Jo Mill field for a daily flowing potential of 314 barrels of oil.

The flow was natural through perforations at 7,141-198 feet. No water was present. Gas-oil ratio was 673-1, with tubing pressure 380 pounds. Gravity of the oil was 38.2 degrees. Top of the pay was at 7,128 feet.

The No. 1-14 Miller is in 14-33-t4n-T&P.

SHARON RIDGE

Two new projects are scheduled for drilling in the Sharon Ridge 1700 field of Mitchell County.

Staley Oil Co. of Wichita Falls will drill the No. 2 Mills Estate 15 miles northwest of Colorado City. Location is 330 feet from north and east lines of the west half of lot 12, George J. Reiger survey, O'Keefe subdivision. Combination tools will be used to drill to 2,000 feet.

Paul DeCleva of Fort Worth will drill the No. 4-A E. T. Strain 10 miles northwest of Colorado City. Drillsite is 990 feet from north and east lines of 82-97-HvTC, and on a lease of 80-acres. Cable tool contract is to 2,000 feet.

DRILLING REPORT

Ada Oil No. 1 R. H. Odom, six miles northeast of Snyder, is corring below 7,688 feet in lime and shale.

Sun Oil has not yet begun operations on its No. 1 Shannon, a wildcat slated for drilling 11½ miles northwest of Snyder.

In Kent County, Sunray and Seaboard Oil No. 4 R. L. Spires is continuing to test. It recovered one barrel of load water per hour on the last gauge reported.

Magnolia Petroleum No. 1 Jesse York, east Borden County prospector, has plugged back to 5,900 feet and is drilling out the plug in five and a half-inch casing at 5,847 feet.

House May Call Up Land Board Trio

By JOE BENHAM

AUSTIN (AP)—The House may ask Gov. Allan Shivers, Atty. Gen. John Ben Shepperd and former Land Commissioner Bascom Giles to tell its members first-hand about the troubles of the Veterans Land Program.

The possibility arose yesterday after Rep. Curtis Ford of Corpus Christi introduced a resolution calling for the House to invite the three men to answer questions about the scandal-torn program.

Ford's proposal was referred to the State Affairs Committee by Speaker Jim Lindsey, and Ford said he would request a public hearing tomorrow.

The resolution called for the House to "respectfully invite" the three to appear by April 15, then sit as a committee of 150 to hear their testimony and ask questions about operation of the 100-million-dollar program.

Ford's resolution said Shivers, Shepperd and Giles should be asked to "make any explanation that might cast light on the manner in which they discharged (or failed to discharge) their respective duties as members of the board."

The board referred to is the Veterans Land Board, set up to aid veterans in purchases of Texas farm and ranch land.

The resolution contained lengthy quotes from the report March 16 of the House Special Investigating Committee, which told the House that Shivers and Shepperd and their predecessors—the late Gov. Beauford Jester and former Atty. Gen. Price Daniel, now U.S. Senator, missed more meetings of the board than they attended.

The board met a total of 143 times in the period covered by the committee's report.

Shivers attended personally 30 meetings and Gov. Jester attended two. Shepperd was present at 11 meetings, while Daniel attended 32.

Giles was reported present at 111 meetings before he stepped down Jan. 1 by refusing to take his oath of office after being re-elected last November in the general election.

Known as the "father" of the land program, he has since been indicted in Travis County on a charge of conspiracy to commit theft and in Bexar County on charges of agreeing to accept and accepting a bribe in connection with the deals now under investigation.

The resolution called attention to the indictments.

It also quoted Shivers as having said March 11 he was willing to "appear before any investigating committee, any grand jury or properly authorized group to testify publicly if anyone thought by doing so it would be helpful to the Veterans Land Program."

It said Sheppard "has been engaged in fact-finding on veterans land deals and should be well informed on abuses of the Veterans Land Program."

Investigations of the program have produced 260 indictments against 17 persons as of March 26.

Bill Requires Service For Annexed Areas

By DON FAIRCHILD

AUSTIN (AP)—Cities unable to provide services would have to think twice before annexing suburban areas under a bill by Rep. Curtis Ford Jr.

Ford's bill is in a sub-committee of a House committee after a hearing yesterday. It must report within one week.

In substance the Ford measure said that if a city annexes outlying areas, it must provide such services as water, police and fire protection and sewers within three years.

If in three years such services are not provided, the bill provides that the citizens of the annexed areas have the right to withdraw from the city.

Ford's stand was assailed by City Atty. Will Sears of Houston. Sears contended the bill would stop future growth of Texas cities.

"No city would be foolish enough to annex territory under the provisions of this bill," he said.

Other witnesses opposing the measure were Corpus Christi City Atty. I. M. Singer and outgoing Mayor Fred Hervey of El Paso.

The Ford bill is one of several dealing with annexation.

It would qualify the absolute right of home-rule cities to annex territory.

Under the 1913 law which created home-rule cities, they were empowered to enlarge or change their boundaries at their discretion and without the consent of the areas concerned.

Prior to that time, a city had to have special permission from the Legislature to change its boundaries.

Persons appearing in behalf of the Ford bill charged abuses of annexation procedures by cities, and said the proposed law would help make cities provide needed services within a reasonable time.

Mayor Joe Runnels Jr. of Orange appeared in favor of the measure. He was the only one, of a long list of city officials present, who was for the legislation.

Massingill Quits His Teaching Post Here

George Massingill, physics and mathematics teacher in the high school here, has resigned to accept a position as planning engineer for Douglas Aircraft in Tulsa.

Massingill came here last fall after teaching math at Texarkana Junior College. He is a graduate of the University of Texas. His wife taught reading and spelling in the junior high here.

T. D. Wiman, high school principal, said no replacement has yet been made for Massingill.

Film Is Shown At Evening Lions Meet

Roland Bell, president of the Downtown Lions Club, showed a film yesterday at the meeting of the Evening Lions Club on his trip last summer to the convention of Lions International in New York City.

At the meeting, W. A. Mayfield, first vice-president, assumed duties as president to fill out the unexpired term of George Massingill, who is moving to Tulsa.

The club had only one absentee at the meeting and had eight visitors.

Houseboy Sentenced In Murder Verdict

SAN RAFAEL, Calif. (AP) — Bart Caritativo, 48 - year - old Filipino houseboy, was sentenced to death yesterday for the double murder of Camille Banks and her divorced husband Joseph. He had been convicted a month ago of the double killing at Stinson Beach last September.

The state charged Caritativo, through a forged will, had hoped to inherit Mrs. Banks' resort estate.

Although a dragon fly can use its feet to perch on a solid surface, its legs are useless for walking.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

Admissions: Mrs. H. L. Woolever, route 1; Mrs. Don Kelley, Snyder; R. P. Ware, 508 Thirty-third Street; Dalton Ball, 1307 Twenty-fourth Street.

Dismissals: Mrs. Bobby Joe Cumbie and baby boy, 2602½ Avenue H; Mrs. Doyle Newman, 1009 Thirty-second Street; Mrs. A. H. Rigsby, route 2; Henry Clemons, Yuma, Ariz.

COGDELL MEMORIAL

Admissions: Mrs. James Tate, 2709 Avenue O; Mrs. Major J. Lewis, Jr., 2811 Avenue D; James Donald Gallagher, Snyder; T. J. McDonnell, Grenville, N.M.; Mrs. A. M. Kelley, Snyder.

Dismissals: Mrs. Will Clay, Snyder; Bill Bellamy, 3009 Forty-first Street; Stevie Hicks, 102 Peach Street; Narisa Ramirez, Snyder; George Purvis, 1703 Avenue Q; Mrs. Howard Turnbull and baby, 1507 Avenue R; Mrs. Roy Wood and baby, 2111 Twenty-seventh Street.

Mrs. Pearl Melton Dies In Levelland

Mrs. Pearl Melton, about 67, mother of J. D. Melton, 2707 Twenty-seventh Street, died early this morning at Levelland.

Survivors include four sons and three daughters; her mother, Mrs. Betty Williams of Noodle; 10 grandchildren and two great-grandchildren. Funeral services will be held at the George Price Funeral Home in Levelland at 3:30 o'clock Wednesday afternoon.

New Story Presented

OKLAHOMA CITY (AP)—A 24-year-old mother came up with a new story when arrested by police last night for loitering. "I don't have any money for a fine," she complained, "and if I go to jail I'll be stuck 50 cents an hour by the baby sitter until I get out."

Defense Due To Finish In Jelke's Trial

NEW YORK (AP)—Minot F. (Mickey) Jelke's lawyers expect to finish the young oleomargarine heir's defense today against accusations that he induced a girl to be a prostitute.

When the trial recessed yesterday with a banker still on the stand, chief defense attorney George Washington Herz said he needed only one more day to wind up his case. On this basis, the jury may begin deliberating a verdict tomorrow or Thursday.

Banker Charles F. Salkeld was scheduled to be cross-examined today.

He testified yesterday that Jelke, now 25, received about $13,500 in gifts and loans from members of his family between September 1951 and March 1952.

This is the period in which the state says Jelke received from $10,000 to $15,000 from Pat Ward, a high-priced call girl. She has testified that Jelke lined up dates for her and she got fees of around $50 to $100.

Salkeld, who handled the playboy's accounts at the Bankers Trust Co., said Jelke's social registrite mother Mrs. Ralph Teal, of Danbury, Conn., deposited $400 a month to his account.

In addition, he said, Jelke got a loan of $2,800 from his late brother John in February 1952. In June and July of the same year he borrowed a total of $10,000 from another brother, Charles. The loans from Charles came after Pat Ward, now 21, broke with Jelke.

In February 1952, Salkeld continued, Jelke borrowed $2,500 from the bank to buy a car. This transaction came during the period that the state says Jelke was still reaping profits from Miss Ward's prostitution.

Jelke is also accused of trying to induce another girl, Marguerite Cordova, 26, into a life of prostitution.

In testifying for the state, Miss Ward said she was in love with Jelke and went on sex dates for money at his request. She said he had not yet come into his inheritance and needed cash to tide him over.

Current estimates are that 40 million Americans now living will have a cancer at some time during their lives.

Settlement In Suit Discussed

The workman's compensation suit of C. C. Hand vs. Texas Employers Insurance Association, which began in civil district court here yesterday, continued this morning with attorneys conferring on possible settlement during a recess.

One of the lawyers said the parties were only $250 apart on agreeing to settle the matter out of court.

Hand is suing for compensation at the maximum allowed rate of $25 a week for 401 weeks for alleged "total and permanent disability." He alleges he was injured last August while working for a drilling company.

Hand is represented by Lloyd Davis and Pat Beene, Snyder lawyers. The association is represented by Marvin Sprain, attorney of the Abilene law firm of McMahon, Springer, Smart & Walter.

Jurors are Frank Strom, Lee Holloday, Lee R. Massingill, J. M. Sterling, Bill Mull, George Crabb, A. C. Floyd, M. F. Bell, C. A. Ramsey, William T. Bentley, David Strayhorn, and Dee Myers.

Tin Smelter Is Due To Continue Work

WASHINGTON (AP)—Senate Democratic Leader Lyndon B. Johnson says he expects the government-owned tin smelter at Texas City, Tex., to be operating several months beyond July 1.

The administration planned to close the plant last year but Congress, at the request of Texas congressmen, adopted a resolution to keep it in operation at least until July 1.

Johnson said yesterday he believed a forthcoming joint report on the tin smelters by the Senate Armed Services and Banking Committees will recommend that the smelter be kept in operation longer.

Worry of FALSE TEETH Slipping or Irritating?

Don't be embarrassed by loose false teeth slipping, dropping or wobbling when you eat, talk or laugh. Just sprinkle a little FASTEETH on your plates. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Get FASTEETH at any drug counter

CHICKEN SUCCOTASH
. . . budget meal magic

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5486.

"Chicken every Sunday" often means chicken every Monday as well — or some day soon after Sunday. You can work magic with that leftover chicken, though, by serving it in Chicken Succotash. Here is the recipe, enough for six servings.

3 tablespoons butter
4 tablespoons flour
½ teaspoon salt
Dash of pepper
1½ cups liquefied dry milk
¼ pound sharp cheddar cheese
1 cup cooked succotash
1 cup cooked chicken, chopped

Melt the butter over low heat. Add the flour, salt and pepper and stir until well blended. Remove from the heat and stir in the liquefied dry milk. Return to the heat, cooking over low heat and stirring constantly until the mixture thickens and is smooth. Have the cheese shredded, and add it with the chicken and succotash. Continue cooking until the cheese has melted and the chicken and vegetables are heated through. Spoon the mixture into popovers or serve it on dry toast or toast cups.

Club Has Program On Civil Defense

A program on civil defense was presented at a meeting of the Pleasant Hill Home Demonstration Club Thursday.

Mrs. Jarvis Bullard was hostess to the club.

Fourteen were present for the meeting, including a new member, Mrs. D. H. Christian, and a visitor, Mrs. T. A. Berry.

Refreshments were served during a social hour which followed the program. The club's next meeting will be April 7, with Mrs. Palmer as hostess.

What to serve for lunch bothering you? How about a corn pudding topped with crisp strips of bacon? Tastes delicious with a tossed green salad. Fruit and cookies for dessert will make everyone happy!

Mrs. B. S. Tate Is Honored On 86th Birthday

Several out-of-town visitors were here Sunday to attend a birthday dinner honoring Mrs. B. S. Tate, 86.

The event was held in the home of Mr. and Mrs. O. P. Tate, 2507 Avenue X. O. P. Tate is one of 10 sons of the honoree. Mrs. Tate also has one daughter, and all 11 of her children are still living.

Her husband, the Rev. B. S. Tate, a Missionary Baptist minister, died in 1929.

Those attending the birthday dinner here Sunday were Mr. and Mrs. T. L. Tate of Brownwood, Mr. and Mrs. Earl Tate and son of Brownwood, Barbara Richardson of Brownwood, Mrs. R. L. Medley of Brownwood, Mr. and Mrs. Ernest Tate and son of Abilene, Mr. and Mrs. Erton F. Tate of Wichita Falls, Mr. and Mrs. G. B. Laswell of Brownwood, Mr. and Mrs. Don Sealy and daughter, Mr. and Mrs. Ralph Laswell, Mr. and Mrs. Jay Tate and children, Mr. and Mrs. O. P. Tate, Jr., and daughter, Mr. and Mrs. Curtis Tate and Mr. and Mrs. Edgar Wilson, all of Snyder.

Allen Bruce Cutcher Honored On Birthday

Allen Bruce Cutcher was honored with a party on his fifth birthday at the home of his parents at Sun Lemons Camp.

Fifteen children and eight parents were present. Refreshments were served and comic books were favors.

Bridge Club Meets

Mrs. M. L. Galloway was hostess for the High Travelers Bridge Club last night in her home at 3104 Forty-first Street. High score prize went to Mrs. Ruth Burchett. Mrs. L. F. Cox won traveling prize and Mrs. Bill Sealy bingo prize.

Marinate cooked snap beans in a tangy French dressing. Serve on salad greens with sliced egg for a good luncheon salad.

INTERNATIONAL DESIGNER PATTERN

Alan Graham's American background makes itself felt in his love for convertibles. In this model he uses a clever button-on accent of contrasting fabric on the neckline, sleeves and pockets. More unusual lines are found in back of the bodice which is cut into a V that extends well below the normal waistline. For the dress choose a lightweight wool if the weather is cool enough, or taffeta, shantung, faille or linen. Always use a different textured fabric for the contrast. Size 12 requires four and five-eighths yards of 39-inch material for the dress and seven-eighths of a yard of 39-inch material for contrast plus the interfacing. To order the pattern, No. S-214, send $1 to International Designer Patterns, P.O. Box 993, G.P.O., Dept. SX-12, New York 1, N.Y. Add four cents for handling on check or money order. State your bust, waist and hip measurements to be sure of receiving the proper size.

WHAT'S GOING ON

Camille Cloud, daughter of Mr. and Mrs. P. W. Cloud, Clairemont Road, and Miles Davis, son of Mr. and Mrs. Manning Davis, Sunray Camp, spent the weekend at home. They are sophomores at North Texas.

Mr. and Mrs. Garth Carter, Southwest of city, recently visited in Brownwood with Mrs. Carter's parents, Mr. and Mrs. A. H. Weathers.

Mr. and Mrs. C. W. Young and baby, 1413 Thirtieth Street, recently moved to Snyder from Sterling City.

J. B. Burditt and his mother, Mrs. R. L. Burditt of Beeville are visiting in the home of Mrs. Tom Jones, 1206 Thirty-second Street.

Mrs. Ted Jones and daughter, Loreta, attended the Church of Christ singing in Fluvanna Sunday.

Joe Devenport, a freshman at North Texas, spent the weekend with his parents, Mr. and Mrs. Silas Devenport, 2405 Twenty-seventh Street.

The Rev. and Mrs. L. C. Reece of Tennessee and Mr. and Mrs. W. W. Milburn, 3821 Highland Drive were dinner guests in the home of Mr. and Mrs. Hugh Taylor, 2300 Avenue M, last Sunday.

Mrs. Harold Maples and Tommy of Fort Worth and Mrs. John B. Whitley of Midwest City, Okla., spent last week in the homes of Mr. and Mrs. Edgar Campbell, 2704 Avenue U, and Mr. and Mrs. Carl Foree, 108 Milburn. Mrs. Maples and Mrs. Whitley are daughters of the Campbells and sisters of Mrs. Foree.

Mr. and Mrs. Dillard Teal, 3101 Fortieth Street, visited her parents, Mr. and Mrs. A. B. Lyles, in Plainview Sunday.

Mrs. Edgar Berry of Anson visited Mr. and Mrs. Joe Griffith Sunday.

Mrs. Joe Griffith spent Friday in Abilene.

Harry Gene Newton, son of Mr. and Mrs. Harry Newton, 3001 Forty-first Street, is on the mid-semester honor roll at North Texas State College with a grade point average of 2.9. He is also pledging Phi Kappa Sigma fraternity.

Mrs. A. G. McDowell, 2912 Avenue L, returned home Sunday form a Sweetwater hospital where she had been receiving medical treatment since Wednesday.

Myrna Loy Holds Sense Of Humor

By DOROTHY ROE
AP Woman's Editor

The best prescription for a happy marriage, says Myrna Loy, is to hang on to your sense of humor.

Miss Loy, in private life Mrs. Holland Sargent, thinks she had the best possible preparation for matrimony in her movie roles, which usually called for a gay, modern, wise-cracking wife and a husband who appreciated her jokes.

She played opposite Bill Powell in the "Thin Man" series before the war and later in such successes as "The Best Years of Our Lives" and "Belles on Their Toes."

After a two-year vacation from acting, she is coming back for a new TV show, It Gives Me Great Pleasure, based on Emily Kimbrough's hilarious book about the experiences of a woman novelist on the lecture circuit.

The TV work has been very handy, because the studio where the shooting is being done is just across the East River from the Sargents' New York apartment.

Myrna has been blissfully domestic since 1951, when she married Sargent, then an assistant secretary of state but now president of Radio Liberation, a privately supported organization formed to broadcast American news and views to Communist satellite countries.

She has been active as a member of the National Commission of the United Nations Educational, Scientific and Cultural Organization, has twice been a delegate to conferences in Europe, and retains her interest in the work although not at present a member of the commission.

She divides her time between the New York apartment, a house she has just remodeled in Georgetown, Md., and an occasional spell of work in Hollywood.

Congressman Deplores That 'Mess In Austin'

LUBBOCK, Tex. (AP)—Rep. Omar Burleson (D-Tex), was asked yesterday what he thought about scandals uncovered in the Texas veterans land program.

After having constituents ask him for years about "that mess in Washington," Burleson answered, he can now visit Texas and ask about "that mess in Austin."

He added that he deplored both situations.

Ever French-toast cheese sandwiches? Make the sandwiches first, using slices of cheddar cheese, prepared mustard and white bread. For three sandwiches, beat an egg with a quarter cup of milk and a dash of salt. Dip the sandwiches in the egg-and-milk mixture. Brown the sandwiches in hot butter or margarine.

FRIDAY

Ladies' Day, 9:30 a.m., Country Club; Mrs. Garrett Harrell hostess.

East Elementary Girl Scout Neighborhood Group, 1:30 p.m., with Mrs. Don Sealy, 418 Twenty-ninth Street.

Criticism By Neely Rapped

WASHINGTON (AP)—Sen. Allott (R-Colo) said today President Eisenhower is doing a lot more for the country by regular church attendance than Sen. Neely (D-WVa) is doing in criticizing him for it.

Allott blasted back in an interview at Neely's criticisms yesterday of the President's golf, his church attendance and his foreign and domestic programs.

Neely, in a speech to the CIO United Auto Workers convention at Cleveland, said the President never belonged to a church before he became chief executive yet now gets his picture taken nearly every Sunday attending services.

"I object to connecting religion with politics," Neely said. "Any man who tries to parade his religion that way before the public is ungodly."

Allott replied:

"Any man who is president of the United States and by his example of church attendance calls the attention of the people to the need of devotion is doing a lot more for his country than a man who can find nothing better to criticize."

Presidential Press Secretary James C. Hagerty said he doesn't think "anybody in the United States believes" what Neely said about Eisenhower. He added that he had not told the President about it, but was speaking "for the White House."

Neely said he thinks the country needs a president "who won't spend more than half of his time playing golf and fishing."

Allott said he seemed to remember that Democratic presidents went cruising up and down the Potomac "and spent some time sitting on the beach in Florida wearing fancy flowered shirts."

Movie Stars To Overlook Dior 'Look'

By JAMES BACON

HOLLYWOOD (AP) — Movieland's biggest fashion show beams coast to coast tomorrow night with bosom-conscious Hollywood apparently boycotting the Dior look.

Designer Edith Head, costume consultant for the annual Academy Awards, said today:

"If anyone's wearing the Dior look, I haven't heard about it."

Miss Head, up for her sixth Oscar, is a one-woman clearing house for the Academy to make sure that no two movie stars show up with the same dress.

Miss Head scoffed at an implication that Hollywood's traditional worship of the bosom brought on the anti-Dior policy.

"Actually," she commented, "Dior's straight - across neckline covers cleavage only. It does not hide voluptuous curves if a girl's got them.

"The flat look just leaves no place to pitch pennies."

Dignity and simplicity, she added, will keynote most gowns worn by nominees.

Because of television, most gowns will be of photographic pastels that will look light to viewers. A notable exception: Judy Garland in a black velvet maternity dress, trimmed in white pique.

Miss Garland goes into a hospital the following day for the Caesarean birth of her third child.

Dorothy Dandridge will appear from New York in a skin - tight gown of beige wool. Of the five top actress nominees. Miss Dandridge and Miss Garland are the only two whose gowns were not designed by Miss Head.

The Head entries are Grace Kelly in an ice blue duchess satin with evening coat to match; Audrey Hepburn to be seen via film from London will wear a short, black duchess satin dinner dress with bell skirt; Jane Wyman, irridescent, solidly embroidered mother of pearl fabric from France with slim bodice and bell skirt.

Road Needs Are Charted

WASHINGTON (AP)—The Bureau of Public Roads has estimated needed highway construction in Texas through 1964 will cost $3,674,000,000.

Made at the direction of Congress, which is considering several road-building proposals, the report estimated the nation's highway needs through 1964 will cost 101 billion dollars.

The bureau said interstate highway system development—major highways criss-crossing the nation—will cost 872 million dollars in Texas, including 515 million for rural and 357 million dollars for urban roads.

The report estimated the Texas primary road system needs at 655 million dollars, including 520 for rural and 135 for urban roads. It placed the state's second system needs at 464 million dollars, all for rural roads.

The report estimated federal-aid highways in Texas would cost $1,991,000,000 and that necessary highways to be built without federal aid would cost $1,683,000,000.

The bureau said strictly state highway development in Texas will cost 289 million dollars, split 260 million for rural and 29 million dollars for urban roads. Cost of other roads and streets was listed at $1,394,000,000 in Texas with 651 million for rural and 743 million for urban roads.

Coal Mines Idled

TOKYO (AP) — Ninety-eight coal mines throughout Japan were idled today by a 24-hour strike of 170,000 miners for higher wages, Kyodo news agency reported.

TRIPLETS PREPARE BIRTHDAY CAKE—Faith, Hope, and Charity (left to right), believed to be the nation's oldest living triplets, prepare to whip up their 87th birthday cake in the kitchen of the Marlboro Country Club, Marlboro, Mass., where they had been invited to celebrate their birthday March 27. Baking a cake is no novelty for Faith MacDonald, Hope Daniels, and Charity Murphy, as they had their own cake baking business from which they retired 15 years ago.

Malenkov's Absence Stirs Speculation

LONDON (AP)—Rising speculation about the whereabouts of deposed Soviet Premier Georgi Malenkov was heightened today by his absence from a farewell ceremony for a visiting Swedish power delegation.

The Swedes last night ended a 17-day tour of Soviet power stations, made at the invitation of the Soviet government. For unexplained reasons they did not see Malenkov, who was demoted seven weeks ago from the premiership to the post of minister of power stations.

A Moscow radio broadcast describing the departure of the Swedish delegation made no mention of Malenkov. Alexi Pavlenko, described as a deputy power stations minister, saw them off at Moscow Airport. Until Malenkov got the job last Feb. 9, Palenko had been the minister.

Malenkov also was missing from the government box at the final session Saturday of the Supreme Soviet of the Russian Soviet Federated Socialist Republic, the Parliament of the largest of the 16 Soviet republics. He had attended the previous sessions, which began Wednesday.

There was no official explanation for his absence.

Rumors that Malenkov has disappeared or been executed swept London. A British Foreign Office spokesman, asked about these stories by a reporter today, said "I could hardly not have heard them." But he declined to assess them.

Some Western officials have speculated that Malenkov, who stepped down as premier Feb. 8 with a confession of failure to do his job, was doomed to eventual liquidation. These officials, seeing him as a loser in the Kremlin struggle for power, believed it only a question of time.

Moscow radio last night reported what could be construed as an attack on the ex-Premier by Moscow social science teachers.

Meeting under the auspices of the Moscow Town Committee of the Communist party, the broadcast said, the teachers "sharply condemned the anti-Marxist reasoning of certain economists who rejected the law of the primary development of heavy industry under socialism."

As premier, Malenkov undertook to ease the lot of the Soviet people by putting more emphasis on the production of consumer goods and less on heavy industry. With his downfall, this policy was reversed.

The Chicago Tribune Press Service reported yesterday that rumors were circulating in London that Malenkov was executed last Thursday. The dispatch said the reports had been received "through diplomatic channels" from New Delhi.

Sneak Thief Gobbles Fancy Flower Plants

DETROIT (AP)—A flower fancier sneaked into the Detroit Flower Show and nibbled up 36 rare chrysanthemum plants.

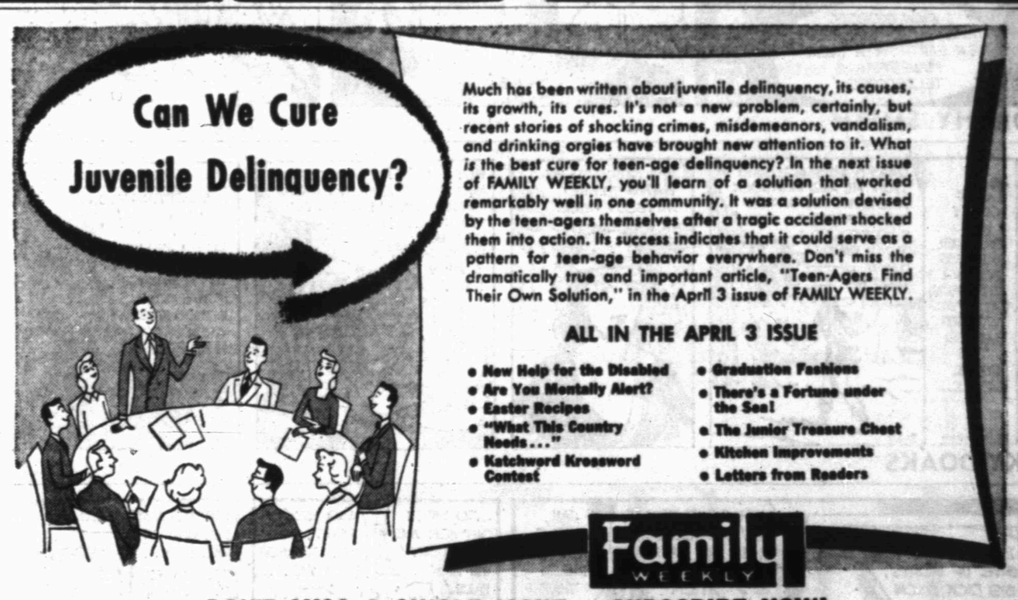

Leland J. Gilmour, vice president of the Michigan Horticultural Society, said he was puzzled. He said the plants—white and yellow Fuji-mums originally from Japan—would be a big meal, even for a starved rabbit.

But even on a full stomach the bunny outsped two would-be captors and escaped.

Baked pears make a nice fruit change at breakfast time. Serve them with light cream, if you like, and a sprinkle of cinnamon.

Much has been written about juvenile delinquency, its causes, its growth, its cures. It's not a new problem, certainly, but recent stories of shocking crimes, misdemeanors, vandalism, and drinking orgies have brought new attention to it. What is the best cure for teen-age delinquency? In the next issue of FAMILY WEEKLY, you'll learn of a solution that worked remarkably well in one community. It was a solution devised by the teen-agers themselves after a tragic accident shocked them into action. Its success indicates that it could serve as a pattern for teen-age behavior everywhere. Don't miss the dramatically true and important article, "Teen-Agers Find Their Own Solution," in the April 3 issue of FAMILY WEEKLY.

Many 'Reasons' For Silence Of Wives

By HAL BOYLE

NEW YORK (AP)—Silence is a wife's best weapon. It upsets a husband.

A smart wife—is there really any other kind?—learns to use silence as a club to knock that man in her life off balance.

Every husband leans heavily for guidance on the mesages that bubble so dependably from his wife's vocal chords. They tell him whether he's doing all right, or making a mess of things.

Naturally all this tremendous wordfall doesn't register in his feeble brain. He doesn't hear half of it. He doesn't need to. He learns to tell by the tone when he should tune in and really start listening.

But when his wife falls silent, his ears immediately snap to attention. He feels something unnatural has happened—as if he were watching Niagara Falls and it suddenly ran dry. He is totally lost. What has he done wrong? He must have done something wrong. Why won't she tell him?

Husbands don't mind being bawled out when they deserve it half so much as they resent being clubbed by a wife's silence.

"My wife never shuts up except when she's mad at me, explained a husband. "But we've been married 20 years, and she has accumulated 836 different grudges against me. When she quits talking to me, how can I tell which one of the 836 reasons has made her mad at that particular moment? If I try to find out and guess the wrong reason, that only gives her another thing to be mad about. It isn't fair."

What are the worst? A poll of husbands, who insist on remaining anonymous purely in the interest of self-defense, gave these as the "seven most brutal forms of wifely silence":

1. The "why can't you read my mind like it was a crystal ball silence." In the midst of a pleasant dinner your wife suddenly ceases speaking. The next words you hear from her, just after she switches off the bedroom light, are, "Why didn't you pass the butter to me? You know I like lots of butter on a baked potato. It ruined my whole meal. Why didn't I ask you? Do I have to ask you for everything?"

2. The "fence straddling silence." You are driving to visit friends and come to an intersection. "We turn right or left?" you ask. Silence. You turn right. More silence for 10 miles. Then your wife gives you five reasons why you should have known all along you took the wrong road.

3. The "day the ghost walks silence." You bring your paycheck home. Your wife looks at it, shakes her head, and puts it in the pocket of her housecoat without a word. You feel like a pauper. After all, small as it is, a paycheck is a kind of victory for a man. It shows he's been out fighting for his family. He expects a kiss for it — or at least a hug.

4. The "yes I really mean no silence." You ask if it's all right to play some Saturday golf. Your wife shrugs noncommittally and turns away. All afternoon you wonder what's wrong. It ruins your game. When you return, you find out there were 43 things about the house your wife wanted you to help her with on this one day of the year. No later day can ever make up for it.

5. The "if you really loved me you wouldn't have to ask silence." "What would you honestly like most as a present for our wedding anniversary, baby?" But baby merely lifts her eyes in resignation. You have taken away all the enchantment with your simple question. Don't you know what baby wants?

6. The "don't take me for granted silence." Jokingly, you say, "I know I'm no bargain, honey, but you'd still rather be married to me than any other guy you ever met, wouldn't you?" A thoughtful look comes into her eyes and she hesitates visibly before saying, "Why, of course, silly." But that fraction of silence — it puts you on a real teeter-totter. What other guy had she thought of?

7. The "keep him in his doghouse silence." You have made a fool of yourself in some way the night before and across the breakfast toast your wife looms up in iceberg silence. You cringe in guilt, your nerves cry out for help, for some token that she still recognizes you as a member of the human race. If only she would even scream at you—

All husbands agree that this kind of wifely silence is the lowest form of feminine cruelty in marriage, and that no woman with a heart will inflict such a punishment for more than five minutes—which seem like five centuries to the victim.

TYPE OF PLANE WHICH DITCHED—This is a four-engine stratocruiser of the type of Pan-American World Airways craft which ditched in the Pacific Ocean off the coast of Oregon. It was carrying 23 passengers and crewmen bound from Seattle and Portland to Honolulu.

Report Says Guizado Is Found Guilty

By LUIS NOLI

PANAMA (AP)—Impeached President Jose Ramon Guizado was reported found guilty today of complicity in the assassination of his predecessor Jose Antonio Remon.

Sources in close touch with the National Assembly said the 53 deputies reached their verdict before dawn by a 45-8 vote.

The verdict was kept officially secret as the Assembly continued its debate behind closed doors, reportedly trying to agree on punishment for Guizado. The source relaying the verdict said prison terms ranging from 4 to 10 years were under consideration.

A two-thirds vote of the Assembly membership was required for both conviction and sentence.

Acquittal for Guizado—a wealthy 56-year-old civil engineer who was educated in Tennessee at Vanderbilt University—would have meant that he could have reclaimed the presidency. Ricardo Arias Espinosa, second vice president under Remon, replaced him Jan. 16.

The prosecution during the trial charged that Guizado plotted the assassination with Ruben Miro, a socially prominent lawyer, to grab power and make millions. The prosecutor demanded a maximum sentence of 35 years imprisonment—20 years as a principal in the crime and 15 more years under a penal code provision covering acts against the safety of a president.

Previously officials had indicated the prosecution would seek a 10-year sentence, the maximum for an accomplice in a homicide.

The defense argued that Guizado was being tried for political reasons because a clique wished to remove him from office. It argued that Miro alone had plotted the killing.

Miro first confessed the slaying and implicated Guizado. The impeached President pleaded innocent and Miro later repudiated his confession.

The Assembly began its deliberations about 7 p.m. last night, several hours after defense attorney Felipe Juan Escobar delivered the last argument in the eight-day trial.

In his confession, Miro said Guizado had promised him a Cabinet post.

Miro and others named as his accomplices are scheduled to be tried by the regular criminal courts, probably in April.

In the undeveloped areas of Asia, two persons in every five in typical populations are under 15 years old, but only one in 20 is over 60 years old.

To Marry Contestant

HOLLYWOOD (AP) — Bud Westmore, 37, makeup man at Universal Studio, was a judge at the 1952 Miss America Contest when Jeanne Shores, as Miss California, took second place. Next Friday they will be married. Miss Shores is 23.

Iron Is Loaded For Red China

ISTANBUL, Turkey (AP)—A Swedish freighter carrying iron for Red China is now loading more cargo in Communist-ruled Romania before sailing to the Far East, reliable informants say.

These sources identified the ship yesterday as the 4,524-ton Sunnanbris. They said she is now at the Romanian port of Constanta and will pass through the Turkish Straits en route to Whampoa, the port for the south China city of Canton.

The Sunnanbris passed northward into the Black Sea March 20. At that time her officers reported to Turkish control authorities that she was carrying 3,900 tons of iron plates, iron bars, paper and cotton consigned from Poland to Whampoa.

In Hong Kong, maritime sources reported yesterday that the Polish tanker Karpaty has arrived at Whampoa with about 10,000 tons of petroleum, including jet plane fuel. There was no official confirmation of the report. The sources said the Karpaty was one of two Polish tankers making regular runs between Constanta and Whampoa.

Robbers Give Up Loot

DALLAS, Tex. (AP)—When Dallas cab driver Eugene Brandenburg told two armed robbers yesterday that he had "a bunch of kids" at home, they tossed back $16 they had just taken from him. Then they drove away in his cab. Police later found it abandoned only a few blocks away.

Phillies Have Winningest Of Field So Far

By ED WILKS
The Associated Press

It won't mean a thing next month when the pennant races start, but right now it's the Philadelphia Phillies, Milwaukee, Braves, Pittsburgh Pirates and Boston Red Sox who are the golden boys of baseball's spring exhibition schedule.

Only one of the four—Milwaukee—figures as a pennant contender. The Phils seem to lack power. Pittsburgh doesn't have the experience. And the Red Sox don't have Ted Williams.

Yet, Philadelphia is the winningest exhibition club to date, winning 10 of its 15 spring games. That's the best record (.667) in either league. Milwaukee followed with a .643 percentage on a 9-5 record. Pittsburgh and Boston both are 10-6 for a .625 mark.

Manager Pinky Higgins' Red Sox have the best record on a strictly league basis, however. They've won seven of eight against clubs in their own American League. The Chicago White Sox, 6-9 over-all, are second in the American with a 3-2 mark.

The Phils top the National with a 6-2 record against other clubs in the senior circuit. The braves and the world champion New York Giants are next with 5-2 records, although the Giants have played all their National League games against the Chicago Cubs.

The battle between the leagues goes to the National at this stage by a 38-28 count.

The clubs will be breaking camp this week.

There wasn't much but rain and cold weather on the exhibition schedule yesterday. Just three games survived the elements.

Pittsburgh beat St. Louis 2-1, with Preston Ward hitting a two-run single in the third.

The New York Giants scored five runs in the eighth to overhaul the Cubs, but Chicago scored a deadlocking run in the ninth and broke it open with four in the 10th off Reuben Gomez for a 14-11 decision.

Kansas City defeated the Detroit Tigers 3-2 behind the six-inning, no-hit, no-run pitching of rookie Art Ceccarelli.

New Refining Process Described In Paper

SAN ANTONIO (AP)—An Illinois firm says it has developed a new process which enables refiners to easily produce the high octane gasolines needed in modern cars.

University Oil Products Co., of Des Plaines, described the new process in a paper today before the Western Petroleum Refiners assn.

Called reforming, the new process makes use of a platinum-containing catalyst which speeds up the catalytic reforming process without being affected itself.

Universal said it has produced gasoline economically of 100 to 106 octane. The firm's representatives displayed a bottle of 105.9 octane gasoline almost as clear as water.

PLAYING TODAY—Joe Reaves is a regular on the Snyder Tiger baseball squad, which is scheduled to play in Odessa at 4 o'clock this afternoon. Reaves plays at both shortstop and third base.

Mother Of Two Has New Speedboat Mark

CORPUS CHRISTI (AP)—A Kansas mother of two boys today held one of the seven new world speedboat records established here during the two-day Division IV World Championships.

She is Mrs. John Jordan, Freeport, Kans., who has sons 2 and 3 years old. Her husband broke another of the records smashed.

Bob McGinity, Corpus Christi, set three new marks. And Fred Simmons, Houston, established the other two.

Mrs. Jordan, the only woman driver competing, drove on equal terms against the men. Her speed record was 47.809 miles per hour in the Class A runabout.

The leading racing stable at Monmouth Park in 1954 was Darby Dan Farm with purse winnings of $65,650. Darby Dan Farm is owned by John W. Galbreath, part owner of the Pittsburgh Pirates.

Sugar Ray Favored To Beat Lombardo

CINCINNATI (AP) — Sugar Ray Robinson, 10 years older than his foe but about 10 pounds heavier, battles Johnny Lombardo tonight in his third stake on the comeback trail.

The former world welterweight and middleweight champion was scheduled for No. 3 in Boston against George Small March 5. But the 34 - year - old Robinson claims virus germs wrestled him and pinned him to the bed. He backed out a few hours before the bout.

Physicians of the Massachusetts Boxing Commission could not find Robinson's ailment. And the state banned him from the ring for life.

But Robinson says he's fit for fighting now.

Cincinnati oddsmakers are making Robinson a 2-1 favorite over the 24-year-old Lombardo. But there are no takers.

Robinson is expected to weigh in at about 161 pounds for the 10-rounder. Lombardo from Mount Carmel, Pa., should weigh about 151.

Sugar Ray announced his retirement from the ring 27 months ago when he was reigning middleweight titlist. He quit in glory—he had won 134 of 137 professional fights. He decided to go back into the ring last summer after a fling at night club dancing.

But he's not the same champion. He still has his good looks and intelligence. However, the months took their toll. He knocked out veteran Joe Rindone in his first fight on the comeback trail. Television fans saw a sour Sugar when Ralph (Tiger) Jones outboxed him for a unanimous 10-round decision.

Robinson is confident of winning. He wants to fight once or twice a month until he meets Carl (Bobo) Olson for the middleweight crown he once voluntarily gave up.

New Race Track Is Due At Texarkana

TEXARKANA (AP)—A member of the Arkansas Racing Commission says a 1¼-million-dollar horse race track will be built here "if the people want it."

Lacy Lawrence of Texarkana, the commissioner, said yesterday the group's proposal already is pending before the state agency.

"I don't think there is any question that the racing commission will grant this track to Texarkana if the people want it," said Lawrence.

He described the race track backers as "businessmen and citizens," some from Texarkana and all residents of the four states which meet near this city—Texas, Arkansas, Louisiana and Oklahoma. He said they had asked not to be identified until the wishes of a majority of Texarkana citizens are made known.

"The group believes the construction of a race track would be a mark of definite progress for the city and would add greatly to the economy of the area," Lawrence said. "Personally, I think this is the greatest opportunity Texarkana has ever had."

Daily Average Crude Production Hits Peak

TULSA (AP)—Daily average domestic production of crude oil climbed 14,850 barrels to a record 6,849,550 during the week ended March 26, the Oil and Gas Journal's survey showed today.

Oklahoma led the advance with a 7,900 barrel gain to 572,500 barrels.

The Journal's figures on 1955 cumulative production reached 572,902,525 barrels compared to 541,046,100 a year ago.

Other increases were in Louisiana, up 2,450 to 713,950; Arkansas, 1,000 to 74,200; and New Mexico, up 300 barrels to 228,500.

Production was unchanged in Texas at 2,972,950.

S'west Still In Six-Way Baseball Bout

By The Associated Press

The six-way fight for a baseball championship in the Southwest Conference was for four teams Tuesday with the other two due on the field Wednesday.

One of the leaders, after last week's cold-abbreviated play, was Texas A&M which plays host Tuesday to Texas Christian's already once-beaten Horned Frogs.

The other Tuesday clash matched Rice, also a loser last week, against Baylor which saw cold knock out its opening games. They play at Waco.

The Aggies lead the conference along with Texas' always strong Longhorns with one victory each. Texas beat TCU 5-1 last week but had to be content with a 1-1 in the second game, called off because of the spring norther.

In the only other decision, Texas A&M's potent Cadets outhit Rice for a 7-5 victory.

All teams were scheduled to play two games last week, but the weather forced Baylor and Southern Methodist to be idle. Eight games are on the schedule this week, five of them conference contests.

SMU has a two-game series with Texas coming up Wednesday and Thursday at Austin. Baylor plays Texas A&M at College Station Saturday. TCU plays non-conference Texas Lutheran at Seguin Friday and Saturday. Rice entertains Sam Houston at Houston, also Saturday.

That TCU-Texas 1-1 tie may be played over. Conferenee rules call for replay of tie games if they have a bearing on the championship. And both the Horned Frogs and the Longhorns are expected to be among the leaders.

Richards Counts On 5 Ex-Yank Players

DAYTONA BEACH, Fla., (AP) — Paul Richards counts on five of the nine ex-New York Yankees he picked up in the much-criticized deal for Bob Turley, Don Larsen and Billy Hunter to hold down regular jobs with his Baltimore Orioles.

The Orioles finished seventh last season with a 54-100 record, exactly the same as the St. Louis Browns had finished in 1953, before the franchise was shifted.

Richards' first big move after leaving the Chicago White Sox to take the more important double job at Baltimore was the nine-for-nine swap with the Yanks. Another deal with Chicago brought pitchers Don Johnson and Don Ferrarese, catcher Matt Batts and infielder Freddie Marsh to the Orioles. So far, the reported $250,000 for new talent, has been untouched.

"I like what I have seen so far," said Richards. "Gene Woodling, Gus Triandos and Hal Smith (all ex-Yanks) will help us. I expect great improvement in Gil Coan, especially on defense. Frankly I have been a bit disappointed in Harry Byrd, and Bill Miller (two ex-Yanks) and Lou Kretlow."

The Yanks parted with Smith and Triandos with great reluctance because both were highly rated among their farm system catchers. Only the fact that Elston Howard showed such great promise and the pitching staff badly needed help like Turley and Larsen were expected to provide, Triandos (.296 at Kansas City) is strictly a first baseman under Richards. The Yanks kept switching him from first to catcher in the last two years. The husky fellow, only 24, will alternate with the veteran Eddie Waitkus at first base. Triankos will work against lefthanders.

At second, Richards will use Bobby Young (.245) and Billy Cox (.235), the former Brooklyn Dodger third baseman. In fact, Cox will be on the swing shift from second to third, depending on the opposing pitching and how Young and third baseman Vern Stephens (.285) are going. the only infield job already clinched is shortstop where Willie Miranda (.250), the flashy Cuban "good field-no hit" artist will be stationed.

Woodling (.250 with the Yanks) has been shifted to right field with Hoot Evers (Detroit and Boston) and Coan (.279 alternating in left. Cal Abrams (.293), the Orioles' leading hitter last year, will be in center with Chuck Diering (.258) as his relief. Bob Kennedy (.251) will be available for either third or the outfield.

Smith is the No. 1 catcher off his fine year at Columbus where he hit .350 and led the American Assn. Matt Batts (.235 with Detroit and Chicago) and Howie Moss (.246) will back him up.

The fifth ex-Yankee in the starting platoon is pitcher Jim McDonald (4-1). The others are Smith, Triandos, Miranda and Woodling. McDonald has impressed Richards by his fine spring work, just as he impressed Casey Stengel a year ago.

Joe Coleman (13-17), the veteran curve-baller who shook off arm trouble last season, is the top 1954 winner on the staff. Erv Palica (3-3 at Brooklyn), sent over from Brooklyn when Preacher Roe decided to retire, and Bob Alexander (10-12 at Portland), who toiled for years in the Dodgers' chain, also will be starters.

DeMarco Wins, Is Scolded About Butt

By ED CORRIGAN

NEW YORK (AP)—Paddy DeMarco might have lost his lightweight championship, but it's nice to note the gentle Brooklynite hasn't lost his favorite offensive weapon—the butt.

"Who, me?" asked Paddy when Referee Harry Ebbets warned him for butting in the fifth round of his 10-round verdict over Libby Manzo in St. Nicholas Arena last night. "It was purely unintentional."

Paddy, who lost his last two outings by knockouts—the title to Jimmy Carter last November and another joust with Seraphin Ferrer in Paris in January—had a tough time with Manzo, a New Yorker who lacks experience but has a hard head.

When DeMarco decided to rough it up, Manzo was perfectly willing to go along and the crowd howled with glee. After Ebbets warned DeMarco—and wagged his finger at Manzo too—he permitted the boys to go at each other with vigor. They didn't throw much leather, but their heads must have taken an awful battering.

"I got a little irked," confessed DeMarco. "But I needed a fight like that to get rolling again. He's a rough boy. I know I fight clean (eyes wide) and any butting was an accident.

"Anyhow, I got a little tired toward the end, so I know I need more work. From now on, I hope I can fight every three weeks."

Neither is much of a puncher, but Paddy did get in the best blows of the fight, two right hooks to the head in the second. Then he opened a cut over Manzo's eye in the fifth.

At Eastern Parkway Arena in Brooklyn, Danny Giovanelli of Brooklyn, who doesn't even have a manager, upset the dope by stopping Jimmy Martinez, of Phoenix, Ariz., in 1:42 of the fifth.

Mrs. Schulze Is Indicted

BEAUMONT (AP)—The Houston wife accused of snatching a newborn baby from its hospital crib 29 minutes after birth was indicted for kidnaping yesterday.

The Jefferson County grand jury billed Mrs. Pauline Schulze, 30. The slender, dark-haired former nurse's aid was released on $5,000 bond.

Mrs. Schulze signed a statement Wednesday saying she took the baby from East Texas Baptist Hospital here March 19 and drove to her home at Houston, 85 miles southwest.

She said she did it because she had been having a love affair with a Houston doctor and wanted the doctor to "suffer."

The child, Carolyn Wharton, was found with Mrs. Schulze in Houston early March 20. The 6-pound, 10½-ounce infant was returned to his mother, Mrs. George Wharton of Beaumont, before the mother knew it had been taken.

ABOVE THE BLEACHERS

By DALE WALTON

The district baseball race is about two weeks away now, and Wichita Falls still appears to be the top contender for the district title.

The Coyotes have already taken six straight wins. They were to meet Lawton, Okla., today for their roughest game so far this season.

Abilene, of course, is considered the most likely to give Wichita Falls trouble in the running for the district crown. Up to now, Abilene has won four games and lost two.

This afternoon, Abilene is to meet San Angelo to try to get revenge for the 9-4 beating San Angelo gave the Eagles a few days ago.

• • •

Chuck Moser, Abilene High School head coach, got an extension of three years on his contract last night. That means he has four years to go at Abilene, since his present pact does not run out for a year. He is drawing about $7,500 annually.

• • •

The Snyder Tigers were to be in Odessa this afternoon for a match with the team which downed them 5-2 here last week.

The Odessa squad has won eight games and lost only one, its only loss to Northside of Fort Worth.

The Tigers presently hold a 4-4 record.

• • •

They're saying now that Bobby Mosshart, and speedy halfmiler from Abilene, will go to North Texas State next year. We wouldn't be surprised if North Texas and the Longhorns have a fight for Mosshart until the runner enrolls somewhere. He is one of the best record-crackers Abilene, or West Texas, for that matter, ever produced.

• • •

Sweetwater, still hepped up over next year's football prospects, will hold "Elwood Turner Day" next Monday, honoring the new head coach at a downtown parade. The Quarterback Club will hold a banquet following the parade.

• • •

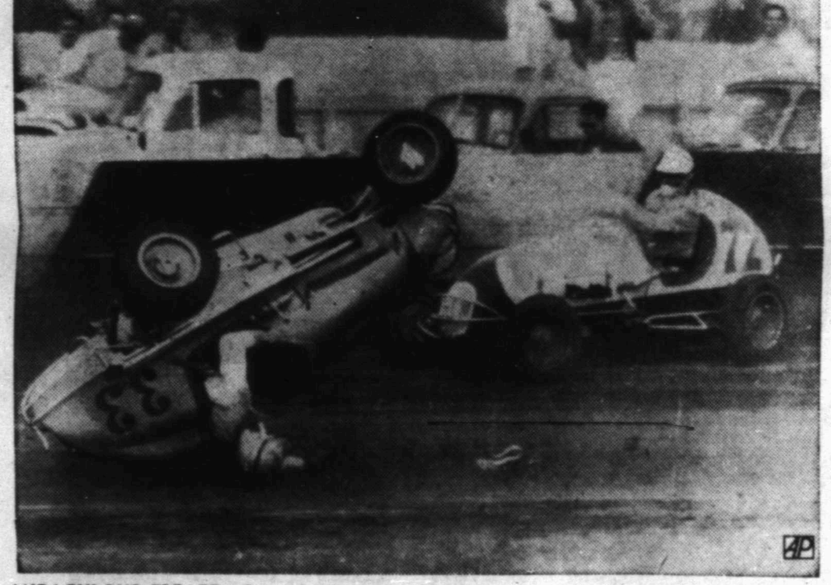

Big Spring coach Carl Coleman may move guard Roy Hughes to end during spring grid training. Milton Davis is top prospect for one end, but graduation took most of what the Steers had on the outside of the line.

Baker, Armenteros Win 10-Round Bouts

SAN ANTONIO (AP)—Larry Baker, 144, New York City, decisioned Buddy Holderfield, 147, Little Rock, Ark., and Manuel Armenteros, Havana, Cuba, won a verdict over Teddy Roberts, St. Louis, Mo., in co-featured 10-rounders here last night.

Armenteros weighed 119 and Roberts a half pound more.

MIRACULOUS ESCAPE—Colby Scroggins of Downey, Calif., rolls over in his midget racer after collision in a preliminary race at Los Angeles, Calif. Scroggins' car flipped and spun around, and finally came to a halt with the driver pinned. He escaped serious injury, sustaining wrenched shoulder and facial bruises. At right, Marty Mazman of Fresno, drives close to the wall to avoid hitting Scroggins.

Bums Determined To Make Up For 1954

By GAYLE TALBOT

TAMPA (AP)—The Brooklyn Dodgers look big and tough and appear to be feeling the same way as they begin wheeling north out of Florida on their exhibition tour. They have been a formidable outfit ever since the spring games began, though their record of wins and losses does not necessarily reflect it.

In talking with Manager Walt Alston and key members of the club, one senses that the Dodgers still are not happy over their performance last year and are going into the coming race determined to make amends. Alston seems much more aggressive and sure of himself than he did a year ago, even if he refuses to say that he intends to "get tough."

He is inclined to attribute the somewat bellicose spirit of his athletes to the fact that they believe both pitcher Don Newcombe and catcher Roy Campanella are prepared to come back with big seasons. Having a couple of fellows like that on your side again, he says, is enough to jack up any ball club.

Newcombe played a prominent part in last year's debacle, if that is the word for finishing five games out of first place. The big right-hander, just back from the Army, won only nine games while losing eight and had an unsightly earned-run average of 4.56. He had control trouble and a crick in his throwing shoulder.

This spring Newcombe has been going up to a dozen innings in a row without giving a base on balls, and Alston says when he cuts loose he's as fast as he ever was.

"As for Campanella," Alston commented, "that bad hand of his seems to be completely healed. He's swinging as hard as he ever did. In fact, he's swinging harder than I'd like him to right now. He's hitting those bullets of his again.

Morris Quits Post As ACC Cage Coach

ABILENE (AP)—A. B. Morris stepped aside as basketball coach of Abilene Christian College after 31 years and one of his star players, Dee Nutt, was named to succeed him today.

Morris asked to be relieved so he could devote full time to his job as athletic director and head of the physical education department.

Engineer Charged In Theft Of Two Cars

LONG BEACH, Calif. (AP)—An aircraft engineer must serve a year in county jail for stealing two expensive convertibles and trying to make one supercar out of them.

Police said Charles E. Haynes, 26, botched the job and ruined both cars. He pleaded guilty to two counts of grand theft.

Detectives said they found the remains of a 1954 Cadillac and a 1954 Oldsmobile in two widely separated garages they said Haynes rented in Long Beach.

GETS SILVER BARS—Lt. Col. Max H. Turner, left, Provost Marshal of the First Armored Division, Fort Hood, pins silver bars on Lt. Jack S. Gorman of Snyder, who was promoted to first lieutenant. Gorman is the son of Mrs. J. S. Gorman, 2908 Avenue S. His wife, the former Durelle Stokes, lives at Killeen, near the Army post. Looking on is Capt. Eugene R. Tate, commanding officer of the 501st Military Police Company, to which Gorman has been assigned since his graduation from the University of Texas. (U.S. Army photograph)

Campbell Helps Put Road Plan On Skids

By JAMES MARLOW

WASHINGTON (AP) — Joseph Campbell, handpicked by President Eisenhower as comptroller general, started with a bang. He put a firecracker under the administration's highway program.

If this surprised the administration, it must have doubly surprised Campbell's critics in Congress. They had suspected out loud he'd be an administration yes-man.

Campbell, a 55-year-old New Yorker and an accountant all his life, was treasurer and vice president of Columbia University, where Eisenhower was president. He must have made an impression on Eisenhower.

In 1953 Eisenhower made him a member of the Atomic Energy Commission. Campbell got into the row of his life when he voted for the administration-backed Dixon-Yates contract. Under it private power companies would build a 107-million-dollar power plant to supply the Tennessee Valley Authority with power to replace power which the TVA sent into atomic plants.

TVA's friends in Congress and elsewhere practically screamed in protest. They said they saw this as an opening move to undercut TVA. Tennessee's two Democratic senators, Gore and Kefauver, didn't forget Campbell's role in Dixon-Yates.

Last December Eisenhower appointed Campbell comptroller general.

The comptroller general is head of the government's General Accounting Office, which Congress created in 1921 as a watchdog. The comptroller general has to watch how the government spends money and keep Congress informed about it.

Campbell's appointment ran into trouble in the Senate right away, particularly from Gore.

Gore said he had nothing against Campbell personally but an accountant was not the man for the job; it should go to a lawyer or former member of Congress.

And besides, Gore expressed fear Campbell might, as comptroller general, go along with the administration instead of being critical when it needed criticism. But the Senate finally approved Campbell March 18.

Yesterday he was called before the Senate's Public Roads subcommittee, of which Gore is chairman. Gore wasn't there. Gore, severest critic of the administration's 101-billion-dollar highway program—which seems doomed anyway—has offered a program of his own, an eight-billion-dollar one.

Campbell was asked what he thought of the administration's program. He blasted it.

Forecast On Oscar Derby

HOLLYWOOD (AP)—Daily Variety, the show business trade paper, announced today that its annual straw poll shows Marlon Brando and Grace Kelly leading in the Oscar derby.

The official announcement of Oscar winners will be made tomorrow night.

For the eighth year Variety took a pre-Oscar poll among the 1,600 members of the Academy of Motion Picture Arts and Sciences and said it received replies from slightly more than 15 per cent of the membership. The trade paper said that in the seven previous polls it chalked up an over-all batting average of .851 and twice was 100 per cent accurate.

Variety announced these results of its poll: best picture—"On the Waterfront"; best actress—Grace Kelly; best actor—Marlon Brando; best supporting actress—Eva Marie Saint; best supporting actor—Edmond O'Brien; best direction—Elia Kazan; best screen play—George Seaton for "The Country Girl"; best song—"Three Coins in the Fountain."

First Quarter Profits Sure To Top 1954

By SAM DAWSON

NEW YORK (AP)—Profits in the first quarter now drawing to a close appear sure to top last year's earnings for most companies.

Scattered first reports — from companies with fiscal years that don't conform to the calendar year — show first-quarter net income after taxes higher in two cases out of three.

Dividend payments are running ahead of last year also. In January and February, the Commerce Department says, corporations paid 982 million dollars to stockholders. That is 5 per cent more than they paid out in the first two months of 1954.

Estimates by top men of corporations in many industries show most are confident of improving their profit position for the January, February and March period, when they make their official reports some six or eight weeks from now.

Many expect the earnings upturn to continue at least until the middle of the year. The turn for many of them came in the final months of 1954, after a year of shrinking earnings.

The profit gain won't be unanimous this spring, however. Some industries, like aircraft and electronics, did so well a year ago that the mark will be hard to top. Others, like machine tools, with long periods elapsing between orders and delivery, won't see the increase in earnings until later, although new orders are coming in now faster than a year ago.

A better-profits story this year is one of more sales and lowered costs as a result of new and more efficient machinery and plants.

In 1954 many companies managed to show better income after taxes in comparison with 1953 because the excess profits tax no longer was pulling net earnings down. In 1955 the same tax rules, by and large, apply as in 1954.

The Commerce Department and the Securities and Exchange Commission estimate that for the year sales of manufactures will advance 4 per cent, trade will be 6 per cent higher, and utilities will gain by 8 per cent.

More than 250,000 Americans are admitted to mental hospitals every year.

Family Back Home After Skunks Depart

CHICAGO (AP)—Mrs. Helen Luther and her four children are back in their home in suburban Winthrop Harbor after more than a month's battle with a family of skunks underneath the house.

Mrs. Luther, the village clerk, said the last of the skunks finally was trapped after she had received more than 75 suggestions from persons in 20 states.

Then followed a deodorant spraying of the entire house, chemical treatment of the ground underneath, and washing or dry cleaning of all furniture and other objects inside the house.

Condition Of Hull Continues Critical

WASHINGTON (AP) — The condition of Cordell Hull, former secretary of state hospitalized by a stroke, was reported as still critical but "essentially unchanged" early today.

A spokesman at Bethesda Naval Hospital said yesterday the 83-year-old Hull had shown "slight but sustained improvement."

Blonde Dancer Files Suit Against Spreckles

SAN FRANCISCO (AP)—A blonde night club dancer has filed a $60,000 damage suit charging Adolph B. Spreckels II with "indecent assault and battery" while both were hospital patients.

Mrs. Georgia Asper, 26, a widow, declared in her suit that Spreckels, sugar family scion, invaded her room in Polyclinic Hospital just before midnight last Dec. 4.

She charged Spreckels "with force and violence made an indecent assault and battery" upon her. She resisted "to the utmost of her ability" but was unable to prevent it, she added.

The complaint, filed yesterday, reported four nurses responded to Mrs. Asper's cries and put Spreckels in his own room.

Spreckels, 43, served a 25-day jail term last November for beating his fifth wife Kay Williams with her jeweled slipper.

He since has married and separated from a sixth spouse.

Cobalt was used by the ancient Egyptians to tint pottery blue.

Talking Bird Is Taken At His Word

HOLLYWOOD (AP)—Someone apparently took Cockie at his word.

Cockie, a 63-year-old Australian cockatoo, has a three-word vocabulary: (1) let (2) Cockie (3) out.

A television studio, throwing a party, rented 5 birds, arranged the cages on tree branches to lend atmosphere. Cockie was up on a limb somewhere showing off his entire vocabulary.

When Coulson Glick, owner of the birds, counted noses yesterday after the party, Cockie was missing. "Whoever took him knew birds," he said. "He was the most expensive of the lot. He had appeared in many movies and is worth $3,500."

Cobalt is sometimes called the "goblin metal."

SKIPPER OF DITCHED PLANE—Capt. Herman Joslyn (above) of Seattle, was skipper of the Pan-American World Stratocruiser bound for Honolulu which was ditched in the Pacific Ocean off central Oregon.

Man Admits Slaying Four

MCMINNVILLE, Tenn. (AP)—Billy Gibbs, 23-year-old father of newborn twins, gave officers gruesome details yesterday of killing a farm family of four, hiding their bodies and selling their livestock.

Dist. Atty. Fred Gilliam said Gibbs signed a statement in the presence of his father and a Tennessee Bureau of Identification agent giving this account of the slayings, which occurred the day after his twins were born:

He went fishing with Henry Bratcher, 45, a distant cousin Wednesday morning on Bratcher's farm, got into an argument and later shot him in the head.

Returning to the house, he shot Mrs. Bratcher, 42, after forcing her to drop her 20-month-old granddaughter down a cistern in the barn. He then lay in wait for Lily May Bratcher, 11, to return from school and beat her to death with a hammer.

Gibbs was arrested Saturday night on larceny charges after he sold a pair of mules and some pigs belonging to Bratcher. The next day investigating officers found the bodies.

Gibbs was immediately charged with murder, but he denied any knowledge of the slayings until he signed the statement more than 24 hours later.

Light Plane Plunges To Bottom Of Canyon

UKIAH, Calif. (AP)—A light plane struggling to take off from the mud of a mountain airstrip yesterday caromed off a tree and plunged three persons to their deaths at the bottom of the 400-foot-deep Ell River Canyon.

The dead were Nealon W. Thompson, the pilot, about 37; his wife Eunice, the same age; and Peter David Jr., 42, all of Bellevue, Wash.

They had been on a flying vacation trip to Ventura, Calif., when fog forced them to land at the muddy and unused airstrip at the village of Leggett, 50 miles north of here.
