TORNADO STRIKES TEXAS

FIRST MARK IS BROKEN IN ONE HOUR

MISS AMERICA IX IS RACED AT WORLD'S FASTEST TIME

(By The Associated Press)

MIAMI BEACH, Fla. Mar 20.—Gar Wood set a second new world's speed boat record of 101.154 miles an hour today.

MIAMI BEACH, Fla., March 20—Gar Wood set up a new world's speed boat record today when he made an average two way speed of 100.6 miles per hour over a measured mile course in Indian creek with his Miss America IX.

Wood made three runs with his 2,300 horse powered craft, his highest one way speed being clocked at 101.351 miles an hour, on a southbound trip.

He made the northward trip at 99.860 miles an hour and another southbound trip at 100.54 miles an hour.

Wood selected the southbound 101.351 miles an hour trip with the northbound tour for his average two-way speed, figured by Odis Porter, official timer for the American Automobile Associaton and representative of the American Power Boating association, at 100.6 miles an hour.

The mark surpassed by nearly two miles an hour the mark set up by Major H. O. D. Segrave on Lake Windemere, England of 97.9 miles an hour.

THIRD AIRMAN IS MISSING

THREE GOVERNMENTS PARTICIPATING IN HUNT FOR FLIER

(By The Associated Press)

MANILA, March 20.—While hope was virtually abandoned for two American fliers believed to have plunged to their deaths off Mindanao island, three governments joined today in a search for another pilot unreported since he took off from Macao, China, early yesterday on a 600-mile flight across the China sea to Manila.

Glen W. Brophy, Los Angeles aviator, left Macao at 8:45 a. m. yesterday. He was to have arrived at Manila yesterday afternoon. Today he was sought by airplanes, fast United States warships and Philippine and Portugese officials.

T. A. Diekhoff of San Francisco and William Scott, Manila, generally were regarded as dead. A pontoon of Diekhoff's hydro-airplane was found in the Pacific ocean off the bleak eastern coast of Mindanao last Saturday. No other trace of the fliers was found.

Diekhoff and Scott disappeared on a 2-hour flight March 9 from Surigao Harbor, northern Mindanao, to Davao. Diekhoff was a salesman for a New York firm while Scott was engaged in business here.

Hoover Sleeps Late As Rain Pelts Ship

U. S. S. ARIZONA, March 20. (AP)—Rain pelted the decks of the battleship Arizona and the sea around it today as it bore President Hoover toward Porto Rico and the Virgin islands on a vacation voyage. So the president slept late this morning and lingered over a hearty breakfast.

Squalls and ground swells made the deck more interesting than comfortable. Sometimes the waves broke over the quarter deck.

After breakfast the president retired to the captain's cabin where a big fireplace made lounging pleasant.

Secretaries Hurley and Wilbur of his cabinet ventured on to the deck briefly.

CREW OF ILL-FATED MOVIE SHIP WHICH EXPLODED

Part of the crew of the ill-fated movie ship, Viking, which met with disaster by an explosion off White Bay, Newfoundland, with a loss of 28 lives. Some of the movie equipment is seen in the picture. Arrow points to Varick Frissell, New York film director.

TWENTY-EIGHT STILL LISTED AS MISSING IN EXPLOSION OF ILL-FATED SAILING SHIP VIKING; TOTAL OF 127 SAFE

(By The Associated Press)

ST. JOHN'S, N. F., March 20.—An official tabulation issued by Sir Richard Squires, prime minister of Newfoundland, listed 28 as still missing today in the destruction of the sailing ship Viking with 127 survivors.

The premetr said the ship carried a signed crew of 147, four members of the motion picture expedition headed by Varick Frissell, two stowaways and two men who had joined the ship but were not listed on the ship's articles, making a total of 156.

Total of 127 Saved

The survivors who reached Horse Island, eight miles from where the ship blew up Sunday night, numbered 121. The rescue steamers Sagona and Beothic picked up three each in White bay, a total of 127 saved.

Frissell, who was aboard the Viking with his companions to take motion pictures of the seal hunt, and his camera man, A. O. Penrod are among the missing. Harry Sargent, actor and explorer, who was one of Frissell's party, was picked up by the rescue ship Sagona.

All of the survivors who were able to travel across the ice barrier from the island were taken aboard the Sagona and the seal ship Imogene yesterday, after crews of the rescue vessels succeeded in reaching the island with food and medical supplies.

JURY DISCHARGED

WINFIELD, Kas., March 20. (AP)—The jury trying Harry O. Jones of McCamey, Texas, for the murder of his brother Carl on a farm near Arkansas City, Kas., was discharged last night after five hours deliberation.

CHAMPION HEADACHE PRODUCER IS UNHAPPY BECAUSE HE FEELS GOOD

CHICAGO, March 20 (AP)—It doesn't sound reasonable perhaps, but Theodore Roberts was unhappy today because he was feeling so well.

It looks as though he's going to lose his job as the champion headache producer of this and other states.

Ever since early last January Roberts has been getting his board and room and $50 a month at the University of Illinois research hospital, where the doctors have been seeking the cause and cure for migraine headaches. He was chosen from among 780 applicants as having the biggest and best migraine on record.

But now Roberts has heard the sad news from the doctors that he hasn't a migraine at all. He's had lots of aches but they have all yielded to ordinary treatments and the doctors are thinking of letting him go.

"Doc," he said to one of the physicians, "I hate to confess it, but I'm feeling fine."

TESTIMONY TO BE ADMITTED

ALLEGED PICTURES OF NUDE MAN, WOMAN FIGURE IN CASE

(By The Associated Press)

ARDMORE, Okla., March 20.—Admission of testimony concerning alleged nude pictures of a man and a woman was ordered today by Judge Asa Walden in the trial of former County Judge A. J. Hardy for the murder of his young wife.

J. A. Taylor and Miss Gussie Lee Hayden, postoffice employes, were called by the state to repeat testimony before a jury concerning the alleged snapshots, which they said fell from a broken parcel addressed to former Judge Hardy.

The man and woman were posed in separate pictures, the witnesses said. Miss Hayden said the man was Hardy. The woman was not named.

Taylor testified the parcel later was signed for by "A. J. Hardy." It was postmarked Oklahoma City.

Introduction of the testimony came after witnesses had told the jury they saw Hardy and a woman not his wife riding in a motor car.

Anton Woman Dies Today; Rites Set

Funeral services for Mrs. W. D. Russell, 66, of Anton, were to be held this afternoon there. Burial was to be at Anton under direction of Rix-Sanders funeral home.

Mrs. Russell died this morning. Her daughter, Mrs. H. B. Bruner of Lamesa, was with her at the time of death. Mrs. Russell also is survived by her widower.

EYE WITNESSES TELL STORY

TESTIMONY HEARD IN TRIAL OF NEGRO AT AMARILLO

(By The Associated Press)

AMARILLO, March 20.—Two eye witnesses to the slaying of Mont "Pete" Moore, ranch employe, who was shot to death in the lobby of a local hotel early on the morning of March 4, took the stand today in the trial of Will Moore, negro hotel porter, to corroborate stories related yesterday by two companions of the slain youth.

The witnesses, W. H. Bethany, city electricians, and O. Kelly Stout of Dalhart, were called to the stand when the defense rested after using only the negro and the hotel proprietress.

The state scored heavily in its attempt to tear down the claims of the accused negro, who told on the stand yesterday of being attacked in the hotel lobby by four cowboys, including Pete Moore.

Sharp Decrease In Income Taxes Shown

WASHINGTON, March 20. (AP)—A sharp decrease in income tax collections as compared to last year was shown today in the treasury statement for March 15 when only $68,691,515 was collected as compared to $214,594,536 on March 15, 1930.

On the face of collections thus far, it appeared income tax collections for the month probably would lag $100,000,000 behind those of last year. The collections for last March totaled $268,509,703.

ONE DEBT MAN OWES DOGS IS BEING REPAYED AT HOSPITAL FOR CANINES

BY HOWARD W. BLAKESLEE, Associated Press Science Editor

BIRMINGHAM, Ala., Mar. 20. (AP)—One debt man owes dogs for enduring medical experiments for human benefit is under repayment in a canine hospital here.

The animals receive a new treatment already perfected upon human beings alone, which cuts two-thirds from a dog distemper death rate.

This treatment, artificial multiplication of white blood cells, is held by the physician who developed it for humans, Dr. Burr Ferguson, to explain the improvement of Lillian Fisher, the Joliet girl who was given parrot's blood by mistake instead of "parents' blood" prescribed. She had infantile paralysis.

Either blood, Dr. Ferguson says, multiplies white cells, although blood is not the best substance. These cells are the "phagocytes," which literally translated mean the eaters. In adults they are an army of about 40 billion cells which attack infections.

Discovery of their function was made years ago by the Russian biologist, Elie Metchnikoff, who Ferguson says did not try it on human beings. For seven years the Birmingham physician has applied it to men and women.

NONE HURT IN HENDERSON TORNADO

THREE DEAD, SCORE INJURED THURSDAY IN OKLAHOMA

(By The Associated Press)

TYLER, March 20.—A small tornado struck Murchison, a small Henderson county town near here, this morning. Several houses were demolished and telephone and telegraph communications disrupted but no one was known to have been injured. A heavy rain and drop in temperature followed the twister.

(By The Associated Press)

CLINTON, Okla., March 20.—Torn by spring's first tornado, Clinton counted three dead and a score injured today as national guardsmen protected its wind ravaged homes.

A twister swooped down on the western edge of this western Oklahoma city last evening, tossing a grocery store and its occupants a block, wrecking part of a school

(Turn to Page 10, Column 5, Please)

AN EDITORIAL

Housewives and business men who "cussed" Thursday's sandstorm may read the accompanying account of the Oklahoma tornado with thanksgiving.

Whenever the South Plains is subjected to a long, hard sandstorm residents may be certain that a cyclone or tornado is raging in a neighboring section. Sandstorms here and tornadoes elsewhere go hand-in-hand—and disagreeable though the sandstorms are they're not as bad as a destructive wind.

RENEWED PRISON RIOT IS QUELLED

JOLIET, Ill., March 20. (AP)—A new riot in the Stateville penitentiary was quelled quickly today.

Prisoners in cell house "F" sought to escape from their cells but no prisoners were released. The disturbance consisted principally of breaking of glass in the cell bars and yelling and cursing.

Committee On Baby Beef Sales Meets

Members of a committee appointed to promote baby beef sales at the first annual Panhandle-South Plains Fat Calf, Pig, and Meat show here, next Friday and Saturday, met late this morning in chamber of commerce offices to outline plans. The committee will meet at the same place at 10 a. m. Monday.

N. L. Peters, chairman of the steering committee of the meat exposition, chose the committee to ask livestock men, meat packers, service clubs and business houses to aid in sales of baby beef by four-H club members and high school vocational agriculture students exhibiting here.

R. J. Murray is chairman of the committee.

Santa Fe To Obtain Subsidiary Stock

WASHINGTON, March 20. (AP)—The Atchison, Topeka & Santa Fe railway company today was authorized by the interstate commerce commission to acquire contract of the unbuilt North Plains and Santa Fe railroad company.

At the same time the Santa Fe was authorized to lease the North Plains and Santa Fe to the Panhandle and Santa Fe, another subsidiary of the Santa Fe.

The North Plains and Santa Fe was authorized to issue $500,000 worth of capital stock to be sold at par for cash and the proceeds applied to the cost of acquiring and completing construction of its line.

SEEK CONTROL OF STATIONS OWNERSHIP

BILL WOULD PROHIBIT OIL COMPANIES IN OPERATIONS

(By The Associated Press)

AUSTIN, March 20—The house committee on oil, gas and mining reported out favorably a bill by Representatives Hardy of Breckenridge and Lassiter of Henderson last night asking that major oil companies be prohibited from operating filling stations. Proponents said the major companies slashed prices to drive the small filling station operators out of business and made up their losses through producing, refining or marketing.

The bill was sponsored by the Texas Independent Petroleum Association.

Long Hearing Ends

The favorable report concluded one of the longest hearings of the present session. Continuing its hearing for weeks, the oil, gas and mining committee heard persons from all sections of Texas before final action was taken.

The senate closed its day with a flurry over a bill by Representative McGregor of Austin asking that the time limit for storage of wild game be extended to thirty days. Senator Woodward of Coleman said officials and employes of the game department charged with possession of game after the close of the hunting season were victims of political persecution.

Senator Small of Wellington charged legislators were violating the law and then returning to the legislative halls with an intent of repealing the law.

Bond Issue Passed

Although the road bond issue was long past due, the senate passed another day without the

GINNING TOTAL ANNOUNCED

FIGURES ON COTTON CROP SHOW DROP FROM 1929

(By The Associated Press)

WASHINGTON, Mar. 20—Final figures on the 1930 cotton crop announced today by the census bureau reported ginnings totaled 13,-926,941 equivalent 500 bales, compared with 14,824,561 bales for the 1929 crop and 14,477,974 bales for 1928.

Ginnings for 1930, in equivalent 500 pound bales, by states, follow: Alabama 1,672,992; Arizona 155,-323; Arkansas 974,363; California 263,126; Florida 30,306; Georgia 1,-502,319; Louisiana 714-534; Mississippi 1,464,547; Missouri 180,573; New Mexico 98,462 North Carolina 774,537; Oklahoma 853,798; South Carolina 1,000 629 Tennessee 377,-16; Texas 4,039,147; Virginia 41,-983; all other states 6,467.

San Antonio Averts Flood Threat Again

SAN ANTONIO, March 20. (AP)—San Antonio escaped its second flood threat within a week shortly after midnight when a cloudburst broke over the city to bring a precipitation of over two inches in some parts of the city in two hours, choking storm sewers, putting many streets and intersections under water and stalling automobiles.

WITNESS DIES

Though the cause of the death of Georgia Gray, above, Broadway dancer, was diagnosed as pneumonia, New York authorities ordered a further analysis to determine whether poison had hastened her death. She had appeared as a witness against a member of the police vice squad and was to have appeared against another. Her death followed closely the unsolved murder of Vivian Gordon, another witness in the New York vice inquiry.

TECH JUDGING CONTESTS TO BE MONDAY

THIRTY-TWO SCHOOLS TO COMPETE IN EVENTS HERE

Thirty-two high schools expected to be represented by about 415 contestants have filed entry applications in connection with the annual vocational agriculture judging contests which will be conducted Monday at Texas Technological college.

Dean A. H. Leidigh of the agricultural school made that report today. He said that college authorities were busy preparing to serve lunches at noon and at night to the high school contestants on the campus Monday. The Lubbock Chamber of Commerce will aid in the arrangements.

Registration Required

Advance registration for the agriculture judging contests were required this year for the first time, making possible an accurate check on probable attendance, Dean Leidigh said.

Garland and Mesquite High schools, both of towns immediately east of Dallas; have entered livestock and dairy judging contests, and will travel farther to participate than any other schools in the history of the events.

Entries in the farm shop contests have been closed, 11 having been received for that event. Number of contestants in the events will range from about 30 in dairy cattle judging to 11 in farm shop, the agriculture school dean estimated.

To Present Cup

Events will be conducted both in and outdoors virtually all over the Matador campus. A loving cup will be presented winning school in each event, and a sweepstake banner will be awarded to the school earning the highest number of total points.

Awards will be made in the college livestock pavilion following a Dutch lunch at which the student contestants will be guests. The chamber of commerce will be host at the lunch, which will begin about 6:30 o'clock.

Ray Mowrey of the agriculture school is general superintendent of the annual contest. Events will be: dairy cattle judging, poultry judging, plant production judging, and farm shop judging.

GIVEN TWENTY YEARS

GALVESTON, March 20. (AP)—John Sedgewick was under a sentence of 20 years today after a jury last night convicted him of the slaying of William Rusenbuhl.

RED CONFESSES PLAN AGAINST DIRIGIBLE

PLOT TO HARM GIANT "AKRON" REVEALED WITH ARREST

(By The Associated Press)

CLEVELAND, Mar. 20.—Discovery of the alleged plot to wreck the giant dirigible "Akron" was the outgrowth of an investigation of an alleged widespread sabotage plot against aircraft in this country, it was revealed here today.

C. F. Barndt, general manager of the Great Lakes Aircraft corporation, said the crash of a navy bombing plane at San Diego, Sept. 28, 1930, started the investigation which was climaxed at Akron last night with arrest of Paul F. Kassay and his alleged confession of plans to wreck the huge dirigible.

Mysteriously Crashed

One of the pilots of the bombing plane was killed when the ship mysteriously crashed. It was one of 18 planes built and delivered last spring by the Great Lakes company in Cleveland.

Subsequent investigation showed that some one had weakened the wings so that eventually they would collapse. Two planes which already had passed rigid factory inspection were found to be defective.

Officials today asserted they had discovered that Kassay had planned to wreck the control room of the Akron with oxalic acid during the airship's maiden flight this summer and, if necessary, perish himself in the wreckage.

Officials also declared that Kassay, holding sections of the duralumin frame work together for the riveters, would spit between the sections. His saliva, freezing in the low temperatures near the roof of the mammoth zeppelin dock, could not be distinguished from the silvery metal of the frame work, the officials said. They claim it was Kassay's fantastic hope that when the ship was taken from the hangar the frozen saliva would melt, leaving an aperture between the sections and thus weakening the frame work.

AKRON, O., March 20.—A plot to wreck the giant dirigible "Akron," world's most formidable fighting

(Turn to Page 9, Column 2, Please)

SEEK IMPROVED RAIL SERVICE

FREIGHT DELIVERY TO DOORS IS SOUGHT BY RAILROADS

(By The Associated Press)

ST. LOUIS, March 20.—The next thing in railroading will be door-to-door package freight service.

In an effort to regain short-haul business they have been losing to truck lines, eleven southwestern railroads have formulated plans for the service, provided the interstate commerce commission gives its approval. It is hoped to start the service within the next 60 days.

The plan provides for pick-up and delivery service at both origin and destination at no additional cost over present less-than-carload rates within a radius of approximately 200 miles. Beyond that distance, a service fee will be assessed.

The railroads involved are the Missouri Pacific, Texas and Pacific, Frisco, Cotton Belt, Missouri-Arkansas-Texas, Southern Pacific, Rock Island, Santa Fe, Kansas City Southern, Louisiana and Arkansas and Burlington-Rock Island (where Burlington and Rock Island use same trackage).

The pick-up and delivery service will be arranged by contract with local trucking concerns at each point.

More Clothes For Chorus Girls Asked

CHICAGO, March 20. (AP)—[illegible] the managers of [illegible] across put more clothes on the chorus girls and stamp out [illegible] dancing, acting Police Commissioner John Alcock announced today.

The threat followed a raid last night on the Rialto theater, a Loop theater. Nine men and women were arrested. It was the second burlesque show raided within two weeks.

And Does That Grin Come High?

LOS ANGELES, March 20. (AP)—Joe E. Brown, broad grin champion of the movies, is to receive $85,000 for this year's work with First National productions and $150,000 next year, it is claimed in a suit filed in municipal court by Ivan Kahn, theatrical manager. Kahn charges the film comedian has failed to pay his agent due as a commission for obtaining the contract.

MICKEY MOUSE TO GET MIXED UP IN HAUNTED HOUSE MYSTERIES SATURDAY

Mickey Mouse, a screen idol of old and young, and his cartoon friends get mixed up with the mysteries and ghosts of "The Haunted House" tomorrow and his experiences in the house of spirits fill two long reels with one frightened and thrill-provoking squeak after another.

"The Haunted House" is part of the big attraction offered at the Palace Theater today when members of the Mickey Mouse club meet in their regular Saturday morning session. The doors will be open at 9:30 and by presenting the membership card and the weekly dues, one dime, the members of the club may enter the big club room any time before 9 o'clock at which hour the program begins.

Opening with the regular song, "America", tomorrow's Mickey Mouse club program includes three picture shows, two dance numbers, a piano solo and a potato rolling contest. The theme song and announcements will also be included in the program.

Miss Marion Roberts will offer a piano solo and Miss Bernice Stevens will present four of her dancing pupils. Misses Maxine Kuykendall and Lucile Brown and Masters Marvin Hill and Orville Stewart, in minuet and tap dancing numbers.

The feature picture, an all-talkie of regular length, will be "The Conquering Horde", with Richard Arlen and Faye Wray heading the cast. A one-reel vaudeville, "The Helping Hand", will be included in the screen show along with Mickey Mouse in "The Haunted House".

EVERY PHASE OF LIFE REPRESENTED IN "THE WALLS" AT TEXAS PRISON

HUNTSVILLE, March 20. —(AP)—Here in "the walls," main unit of the Texas prison system, and in the far flung prison farms labor men recruited into an army of numbers from every phase of life. Actors, at the top of the alphabet, rub shoulders with weavers, at the bottom.

Laborers lead the various classifications of the penal population, there being 1,168 of them. Next are farmers, 870.

Among the others: Actors, and showmen, 8; architects, 1; bakers and confectioners, 38; baseball players, 3; barbers, 127; bill posters 2; bootblacks, 3; carpenters and mechanics, 219; chauffeurs and auto mechanics, 356; civil engineers, 10; cooks and waiters, 525; cowboys, 15; dentists, 1; draftsmen, 2; embalmers and undertakers, 2; engravers, 1; firemen, 44; fishermen, 4; florists and gardners, 3; glass blowers, 2; jockeys, 2; lawyers, 5; machinists and engineers, 50; merchants, 40; miners, 8; ministers, 5; musicians, 17; music teachers, 1; nurses 19; peace officers, 3; printers and journalists, 25; photographers, 9; physicians, 3; realtors, 1; school teachers, 6; sheep herders, 4; soldiers and sailors, 11; veterinary surgeons, 3.

The total population always is above the 5,000 mark.

To Limit Members In Plainview Club

PLAINVIEW, March 20. (Special) —Directors of the Plainview Country club have voted to limit the associate memberships in the organization to 25. This membership sells for $25 annually, plus the federal tax.

Voting memberships, with stock, cost $250, Alex Nisbet, secretary, says. The associate membership is for a year only.

The mighty cuttle-fish has arms long enough to encircle a whale's body.

TREASURY DEPARTMENT, Office of the Supervising Architect, Washington, D. C., March 13, 1931.—Sealed bids in duplicate subject to the conditions contained herein, will be publicly opened in this office at 3 p. m. April 10, 1931, for furnishing the materials and performing the work required for installing a complete elevator plant in the U. S. post office, etc., at Lubbock, Texas. All prospective bidders are hereby notified that, unless the following information has been furnished within the last year on some other project for the Treasury Department, any bid submitted in response to this advertisement must be accompanied by a statement of facts in detail of the business and technical organization of the bidder available for the contemplated work, including financial resources and building experience, etc. The United States expressly reserves the right to reject any bid in which the facts as to business and technical organization, financial resources, or building experience compared with the project bid upon, justify such rejection. The successful bidder will be required to furnish a performance bond of 50 per cent of the contract price. Drawings and specifications may be obtained from this office. Jas. A. Wetmore, Acting Supervising Architect.

Fifty Attend Affair For Lu Beta Delphians And Husbands

Program Is Given Preceding Games Of Forty-Two At Party Here On Thursday

About fifty attended the annual party for members of Lu Beta Delphian chapter and their husbands Thursday evening at the Hilton hotel. A program was given early in the evening and games of forty-two followed.

Responding to a short welcome extended by Mrs. A. T. Biggers, president of the Delphians, R. A. Mills talked on "What It Means To Be the Husband of a Delphian." A vocal trio was sung by Mesdames Joe Coursey, W. R. Blake and O. K. Peters, with Mrs. J. C. Powell at the piano. Dr. Fred Standefer made high score in forty-two.

The party was concluded with the Delphian Pep song, in which all joined.

Members Quilt In Meeting At Church

Quilting was the diversion when members of Circle 5 in the First Christian General Aid society met at the church Thursday for an all-day meeting.

A delightful luncheon was served at 1 o'clock and the members remained to sew during the early part of the afternoon.

Mrs. W. P. Jennings and Mrs. Russell Morrison were guests for the occasion.

Others present were Mesdames J. F. Abel, Arthur L. Brown, L. W. Squyres, D. W. Robertson, M. H. Huckabee, Louis Winn, E. L. Pitts, J. F. Tom and Charles Files.

Needle Society In Meeting Thursday

Members of the 1911 Needle society were the guests of Mesdames R. A. Barclay and Floyd Beall in the home of the former hostess at 1908 Main street Thursday afternoon.

Mrs. J. M. Pratt, of Austin, was a guest. Members present were Mesdames F. R. Friend, J. F. Hankins, John C. Granbery, Paul W. Horn, J. B. Maxey, W. C. Rylander, R. Q. Pierce, Fred Snyder, A. B. Conley, A. B. Cunningham, C. E. Maedgen, A. L. Carter and Miss Delia Wilkinson.

Ace High Club Has Party On Thursday

Mrs. C. A. Nowlin entertained members of the Ace High Bridge club in her home at 2006 9th street Thursday afternoon. Several guests attended with members and Mrs. P. W. Wood made high score among these players. High score for members was made by Mrs. Charles Files.

Club members attending were Mesdames Dick Abbott, V. R. Plummer, J. D. Shaw, Allen Webb, A. D. Montgomery, George Tipton and Files. In addition to Mrs. Wood, the special guests were Mesdames J. D. Nelson, Vestel Lott, C. Tatum and Lewis Thomas.

Sweet peas were used as favors with the refreshment plate.

Miss M. Alexander Is Speaker At PTA

Miss Mayme Alexander, visiting teacher, talked on her work at a meeting of the Central Ward Parent-Teacher association Thursday afternoon at the school. Miss Mae Murfee, a former teacher in the schools, made a short impromptu talk. Miss Murfee is now county superintendent.

An original patriotic play, presented by children in the rooms of Mrs. Agnes Priddy and Mrs. Lottie Mae Morrow, was a feature of the program.

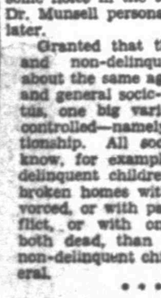

Members planned to have a night meeting this month, the date to be announced later. Miss Frances Conley's room had the largest attendance of mothers.

Camp Fire Groups To Have Program

Closing their birthday anniversary observance, members Camp Fire girls of the city are to participate in a Council Fire and International Revue in the banquet room of the Hilton hotel this evening beginning at 7:30 o'clock.

Out-of-town people are expected from Plainview and Ralls.

The meeting is open to the public.

Doctor Myers' Daily Column On Child Welfare

DR. MYERS

BY GARRY C. MYERS, PH. D.
Head Division Parental Education Cleveland College, Western Reserve University

RELIGIOUS TRAINING AND DELINQUENCY DISCUSSED

My friend, J. W. Bode, probation officer of the juvenile court of Tom Green county, Texas, writes me:

"I am enclosing a short article that appeared in the Standard some few days ago, and have been thinking quite a little about the statement made by Dr. Munsell. I would appreciate very much if you would give your opinion as well as your finding in the matter.

"I have not been able to accept the statements as unquestioned facts. My brief experience does not correspond with this article."

The statements he referred to were in a dispatch from Cleveland, O., Jan. 1: "Boys apparently are just as likely to get into trouble when they have had religious training as when they have not had it," said George R. Munsell, state department of public welfare.

"The information was gained through tests given to about 600 boys in an Ohio reform school and 400 boys outside.

"Mr. Munsell found the boys in the reform school averaged about the same in their religious training as the boys outside."

• • •

Answer: As a member of the American Association for the Advancement of Science, I happened to attend the meeting before which Dr. Munsell read the paper referred to. I arrived too late to hear the first part of it, therefore, did not attempt to criticize it in the open discussion. But on reading the mimeographed paper later, which I now have before me, I discovered some holes in the study and asked Dr. Munsell personally about them later.

Granted that the delinquent and non-delinquent were of about the same age, intelligence and general socio-economic status, one big variable wa snot controlled—namely, family relationship. All social workers know, for example, that more delinquent children come from broken homes with parents divorced, or with parents in conflict, or with one parent or both dead, than prevails with non-delinquent children in general.

• • •

In the absence of facts, I should hazard the guess that religious training varies in its effectiveness in improving conduct in proportion to the family security and quality of relationship among the members of the family who get the religious training; that in homes where there is family love and harmony, where children are understood and grow up happily with their parents the religious influence is wholesome. That the degree to which such status, one big variable was not prevail is religious training ineffectual.

Miss Peddy And David Carter Wed

Miss Lucille Peddy, daughter of Mr. and Mrs. J. M. Peddy, 2216 9th street, became the bride of David Carter, of Laredo, in a simple ceremony read by the Rev. C. A. Bickley, Methodist minister, at his home, 1712 Broadway, this morning at 8 o'clock.

Immediately after the ceremony the couple left for Laredo where Mr Carter is in the United States Immigration Service.

Mr. and Mrs. Peddy and their daughter, Mary Fern, and Mrs. Bickley were present for the ceremony.

LOCALS

Miss Grace Meredith, Tech student, is leaving today for her home in Coolidge and will not return for the spring term at the institution.

Miss Orene McClellan, 2619 20th street, is to spend the week-end in Spearman.

W. H. Akers and P. M. Carroll, of Plainview, were business visitors to Lubbock Thursday.

Mr. and Mrs. Gerald Wren, of 1622 1-3 10th street, are announcing the birth of a son Thursday at their home. Jerry Neal has been selected as the name for the baby. Mr. Wren is committee secretary of the Lubbock Chamber of Commerce.

Mrs. W. A. V. Cash, of Abilene, came Thursday to attend the funeral services of Miss Annie Lu Barrier.

Mr. and Mrs. G. M. Hallmark, of this city, have announced the birth of a daughter at the West Texas hospital Thursday, March 19.

Mrs. Edgar Shelton left Thursday evening for Austin after receiving word of the sudden death of her father there.

Mr. and Mrs. E. A. Patterson and son, Howard, have gone to Dallas, Fort Worth and Greenville for the week-end. They were accompanied by three Tech students.

Roy Furr is in Amarillo on business today.

Mrs. Clyde G. Tatum, of 2012 9th street, has as her guests for a week, Mr. and Mrs. Glen Parsons, of Wichita, Kansas. Mrs. Parsons is Mrs. Tatum's sister.

Mr. and Mrs. Wallace Duke, of this city, are the parents of a daughter who was born at the home of Mr. Duke's parents, Mr. and Mrs. W. B. Duke, in Abilene.

Harvey Rix visited friends and relatives here yesterday en route to his home in Big Spring after a business trip to Hobbs, N. M.

Camera Sees A Subdued Clara

Clara Bow doesn't look a bit like her usual self in this dreamy pose, does she? Perhaps she's thinking how lonely the famous are.

Mission Study Conference Continues Today At First Baptist Church Here

The annual mission study course, which opened at the First Baptist church Thursday, is continuing today with Mrs. Joe Wilson, of Hale Center, district mission study chairman in the Women's Missionary Union, presiding.

Mrs. M. J. Shaw, of Tulia, led the devotional this morning and Mrs. E. C. Foster, of Slaton, addressed the assembly on "How to Teach Sunbeam Mission Study."

In addition to the out-of-town women who registered Thursday, three more registered this morning: Mesdames M. Barnes, of Crosbyton, W. H. May and LaVerne McCormick, of Wilson.

This conference is being attended by representatives of Baptist missionary societies in the Lubbock Women's Missionary Union district. This represents seven associations and numerous societies.

Stitch In Time Club Meets Thursday

Members of the Stitch In Time club attended a party as the guests of Mrs. J. F Anthony, 2623 20th street, Thursday afternoon.

Those in attendance were Mesdames Joe H. Caldwgell, M. M. Brown, Pascal Peek D. A. Forbess and F. C. Coomba

Mrs. R. I. Tubbs Is Honoree For Party

Spring flowers were used to deck the receiving rooms and sweet peas were favors with the refreshment plate at a pretty party by Mrs. Joe Baldridge honoring her sister, Mrs. R. I. Tubbs on the latter's birthday. The affair was on Thursday afternoon in the Baldridge home at 2105 17th street.

Forty-two was played at four tables and the guest of honor was presented with a shower of gifts from the guests. Virginia Bell Gamble, small daughter of Mr. and Mrs. A. N. Gamble, made the presentation, singing a song.

Guests were Mesdames Pebble Talley, Otis R. Copeland, Harry Hall, A. B. Ellis, L. C. Tatom, O. H. Cline, R. V. Kimmel, A. N. Gamble, J. M Gordon, F. V. Brown, J. W. Gamel, G. A Sandlin, L. G. Haynes, Carlisle Tubbs, C. A. Burrus, Nannie McGehee, of Floydada, Misses Nina Trigg, Lula Jones and Maxine Burrus.

SUNSHINE AND SOAP

WE'RE not going to bore you with technical explanations, but the fact of the matter is this: a pure soap made from vegetable and nut oils is the gentlest, kindest, yet most effective soap that can be produced.

And White King Granulated is the leading vegetable-and-nut-oil soap. That's why you can trust your sheerest lingerie to it. That's why beauty parlors use it for shampooing. And that's why it cleans heavy woolens and greasy dishes so thoroughly.

White King Granulated Soap is economical too. A teaspoonful for the basin, a cupful for the washing machine—plenty. Try it today. Sold by your grocer.

The rare "taste"

of Hills Bros Coffee is never the result of luck . . . it is the result of roasting evenly . . . continuously . . .

a little at a time

NO ONE can drink Hills Bros. Coffee without realizing that it has a flavor no other coffee has.

Controlled Roasting—Hills Bros.' patented, continuous process—is the reason for this delicious difference. Every berry is "done to a turn" by this process that roasts only a few pounds at a time, and possesses the utmost in uniform flavor and fragrant aroma. Such perfection cannot be achieved in bulk-roasted coffee.

Whenever or wherever you buy Hills Bros. Coffee, it is *always fresh*. Air, which destroys the flavor of coffee, is taken out and kept out of the vacuum can in which Hills Bros. Coffee is packed. Ordinary cans, even if air-tight, do not keep coffee fresh.

Ask for Hills Bros. Coffee by name and look for the Arab—the trade-mark—on the can. Sold by grocers everywhere.

HILLS BROS COFFEE

Hills Bros. Coffee, Inc., 2525 Southwest Boulevard, Kansas City, Mo.

BANNER YEAR PREDICTED

MANY BOND ISSUES TO COME UP DURING THIS YEAR

NEW YORK, March 20. (AP)—The prediction of Americans collectively to borrow on the future to finance improvements promises to make 1931 the banner year in the volume of bond issues authorized for such purposes.

Voters set a new high record last year in saying "yes" to bond issue proposals but municipal bond authorties here say the prospect that they may be even more liberal in approving public expenditures this year is suggested by proposals already under consideration.

Proposals Considered

The electorate of state, countries, cities and other governmental units approved bond issues last year aggregating $626,000,000. With less than a quarter of 1931 past, consideration is being given to authorizing bond issues aggregating more than half a billion dollars. And this provides only a part of the picture as only one third of the bond issues authorized annually are submitted to referendums. Through powers vested in them legislative bodies account for the other two-thirds.

What has caused this accelerated activity? Municipal bond authorities ascribe it principally to highway improvement programs of states, particularly in the middle-west and south, and plans for expanding water systems of cities. Thedrouth last year is said to have shown present water facilities inadequate in many instances.

Texas and Iowa are considering the largest highway bond issue. The Lone Star state's legislature is debating a $200,000,000 bond issue. According to the bankers here no opposition is anticipated to the proposal to submit the proposition to a referendum, probably in the fall. Iowa will vote June 16 on bonding the state for $100,000,000. A referendum will be held in Montana May 6 on a $6,000,000 good roads issue.

King or spider crabs measuring four and a half feet across are caught in Prince William Sound, Alaska.

DRAWBACK COLLECTING BY AMERICAN MANUFACTURERS ASKING REBATES ON DUTY LEVIES HAS ITS OWN DRAWBACK

WASHINGTON, March 20. (AP)—Drawback collecting by American manufacturers seeking rebates on duty levies apparently is likely to have its drawbacks.

Customs Commissioner Eble thought so anyway, as he prepared to move against what he considered abuses of tariff provisions intended to aid American producers in world markets.

A strange assortment of ladies' wear lay before him.

"They tell me this is a corsage," the commissioner said, peering dubiously at a shopworn pink organdie flower attached to yards of glazed cotton belting.

"And this, they said, is an extra-special embroidered glove," he added, holding up a faded gray cotton gauntlet adorned by a single circle of white silk stitching.

Both articles were samples of goods presented for the "drawback" of 99 per cent of customs duties, provided by the tariff on products "manufactured" or "produced" here for foreign markets from imported merchandise.

Last fiscal year the treasury handed out $14,566,994 under this clause, and during the preceding year, $13,194,000.

"Though the majority of the drawbacks are legitmate," Eble continued, "it appears some practices that are virtually scavengering have grown up. It hardly seems 'manufacturing' to put two worthless imported articles together to export for sale at a song."

Recently a firm sought drawbacks on 7,000 dozen pairs of "spot-prooted" kid gloves which had cost in duties $5 a dozen. These were outmoded one-button things, Eble said, and "a total loss unless a refund of duty could be obtained."

Submarine Hero Is Charged In Murder

EDINBURG, March 20. (AP)—Ross King, 19, who helped recover bodies of men lost in the S-4 submarine disaster, was under a charge of murder today for the shooting of his step-father, J. W. Stafford.

The shooting occurred Tuesday night. King and a brother hid in the brush, the former navy diver returning to surrender yesterday.

In some Japanese temples may be seen suspended coils of rope woven from human hair. Such ropes, made of hair sacrificed by thousands of women and girls, were used to hoist stone and timber when the temples were built.

DEMONSTRATION AGENT RESIGNS

TAHOKA, March 20.—(Special)—Miss Thelma Greenwade, county home demonstration agent of Lynn county for the past two years, has resigned, effective April 1, and will be succeeded by Miss El Fleeda Harrison, Quitman, who will arrive here on March 25.

Miss Greenwade has greatly enlarged the work in the county, there being more than four hundred women and girls club members. Recently a club was organized in Tahoka with about fifty members, such organization for towns being a new phase of the work, since the home demonstration work was originally designed for rural communities only.

Miss Harrison, the new agent, is a graduate of the North Texas State Teachers college, Denton, and has taught six years in Frions, Deport, and rural schools of Lamar county. She comes highly recommended.

RANCH HOME BURNED

SEMINOLE—(Special)—The farm home of R. W. Pittman, former county judge, was destroyed by fire here recently. How the blaze started was not determined. Members of the family were at work in the garden and did not see the blaze until the flames had broken through the roof. There was a small amount of insurance.

Extortion Suspect Is Taken To Laredo

LAREDO, March 20. (AP)—Charles Schwartz, alias Victor Muller, indicted by the Webb county grand jury for conspiracy to commit felony as a result of an alleged extortion of $50,000 from Joseph Rosenblum, was brought here from San Antonio Thursday.

The indictment alleged Schwartz entered into a conspiracy while in Webb county to commit a felony in the state of Louisiana. The extortion was alleged to have taken place at New Orleans. Rosenblum is a well-known onion buyer and commission broker.

Faith in a service is not built by words alone. Yet country-wide and world-wide recognition is made up of many things, and the printed word is one of these. Over 600,000 people entered your M-System stores last year. This is not boastfullness. No reflection is cast upon the attainments of others in similar fields. What does here exist is pardonable pride in accomplishment and a firm belief that sincere effort will be rewarded in the future as in the past.

In plain clear type that everybody can read, M-System, in announcing our 6th anniversary, pledges greater and better service in the future. A policy of constant improvement in every store to increase customer satisfaction. In other words, UNMEASURED DETERMINATION TO SERVE.

CHURCHES PROTEST PRORATION PLANS

KILGORE, March 20. (AP)—Members of the Methodist, Baptist, and Presbyterian congregations here passed a resolution last night opposing proration in the East Texas oil fields. A copy will be sent to the railroad commission before its hearing on East Texas proration March 24.

The resolution stated that after years of poverty due to crop failures this section now was becoming prosperous and that proration would result in "many losing their homes and farms and many business concerns going into bankruptcy." The resolution deplored importation of foreign oil and stressed benefits derived by the churches from the oil boom in being able to pay pastors' salaries and construct new buildings.

American Legionnaires constitute the whole personnel of the Caldwell, O., volunteer fire department.

CENTRAL AMERICAN ROAD LINK SEEN

PANAMA CITY, R. P., March 20. (AP)—A motor highway from the Panama Canal to the Mexican border of the United States will link Central American nations and open Pan America to United States motorist within five years, T. H. MacDonald, chief of the United States bureau of public roads, forecast today.

Speaking at the concluding session of the Inter-American Highway commission, he said the road would cost $50,000,000, but there was no question the project could be financed. A finance committee was appointed today and headquarters for the commission were arranged in Washington.

The latest estimates of the age of the earth is set at 1,500,000,000 years.

AWAIT RESULT OF PROBE

WARDEN HILL IS SURE COMMITTEE WILL CONDONE ACTION

JOLIET, Ill., March 20. (AP)—Warden Henry C. Hill, white haired arbiter of Illinois' revolt-wracked twin penitentiaries, today awaited the outcome of a legislative probe into his administration "with complete confidence."

Still ailing and weakened by a protracted illness, which kept him in bed for weeks, he looked back over a week of disorder and expressed confidence his iron hand tactics in quelling mutiny would be upheld by the legislators.

Defends Actions

"I believe my every act and those of my subordinates have been what the situation demanded," he said. "I am ready for the legislative committee.' The committee arrived late Thursday.

Looking from his office window in the old state prison, Hill could see augmented guards on duty to keep the sullen convicts in order, and across the town he knew there were national guardsmen watching Stateville prison inmates. In that institution, the last and greatest of the uprisings took place Wednesday.

There was nothing last night the rebellious convicts could do but lounge in their tight-locked cells and hurl imprecations at the keepers who helped quell three riots in six days.

More Trouble Reported

Two reports of further rebellion came in, but both failed to materialize. Prompt measures prevented a rumored plan for 680 old prison convicts to break loose at breakfast this morning. Machine guns frowned down on these men as they ate and guards lined the dining room.

Likewise the women's penitentiary, which houses 135, asked for extra tear gas bombs after Mrs. Bertha Finnegan, superintendent, said unrest was spreading from the cross-street old prison. But there was no indication of any disturbance.

Raymond Barney, negro convict, who was one of three men wounded yesterday, died. The others are expected to recover.

Indian Pueblos Are Charted From Air

SANTA FE, N. M., March 20. (AP)—The Pueblo Indians may keep archaeological surveyors away from the villages but they can't keep them out of the air. Paul Reiter, archeologist for the School of American Research, has in two hours from the air accurately mapped pueblos through the use of aerial cameras.

Successful maps have been completed of the Sandia and Santo Domingo pueblos, fulfilling an archaeological task which the Indians have thwarted many years.

BUY FIRE TRUCK

KILGORE, March 20. —(AP)—The city commission, organized since discovery of the oil field here, today purchased $10,000 worth of fire fighting equipment, including a truck, J. E. Blaine was appointed fire chief to organize the department.

EVERY POUND GUARANTEED

Lubbock Poultry and Egg Company

You never say—

"A box of face powder-please"

Surely you'd never buy powder that way, leaving the choice entirely to someone else. You have your own favorite kind—and you are careful to specify it by name.

How much more important it is, that you exercise the same care when buying such a vital thing as bread! Don't say just "a loaf of bread," say Butter-Nut Bread. It's easy to remember—easy to say—and so important. Butter-Nut Bread is an honest, carefully made loaf—more pleasant to eat because of its tasty flavor and more satisfying because it is so nourishing.

Your grocer has many customers and he can't remember every one's preferences, so he'll appreciate your telling him just what you want. Be sure to ask for Butter-Nut Bread by name.

A slogan and what it means....

"America's finest Quality" was adopted by Imperial as a slogan and a pledge. It means that no matter where other sugars are made, none excel this Texas-made sugar. You will note the sparkling character of this snowy white sugar. Use Imperial Sugar in this recipe.

Carrot Meringue

2 egg yolks	¼ t. salt
4 T. sugar	1½ c. milk
1 c. grated carrot	2 egg whites
½ c. bread crumbs	3 T. sugar

Beat egg yolks, add sugar, carrot, bread crumbs, salt and milk. Cook in double boiler until thick, stirring often. Fill buttered molds and bake 20 minutes in moderate oven. Beat egg whites until stiff, add sugar and pile on top of custard. Brown in a moderate oven.

IMPERIAL SUGAR

Used by more food manufacturers and by more housewives than any other brand in Texas

BARRIER RITES READ TODAY

POPULAR LOCAL GIRL TAKEN BY ILLNESS OF TWO MONTHS

Funeral rites for Miss Annie Lu Barrier, 21, who died at 1 p. m. Thursday, were to be read at 3 o'clock this afternoon at the First Christian church by Rev. Walter P. Jennings, the pastor. Burial was to be in Memorial Park cemetery under direction of Rix-Sanders Funeral home.

Miss Barrier was a daughter of Mr. and Mrs. G. C. Barrier, of 1625 Thirteenth street. She died at the residence following an illness of two months. Pneumonia, which had developed Sunday, was the immediate cause of the death, although the young woman also had suffered of a weak heart.

Popular In City

A popular member of Lubbock's younger set, Miss Barrier was a graduate of Lubbock High school and had been enrolled at Texas Technological college as a sophomore in the liberal arts school only a few days before she became sick. She had resided in Lubbock virtually all of her life, although she had lived with her family in Louisiana and elsewhere in Texas.

The Barriers lived at Shreveport and Bastrop, La., for about four years during the young woman's early teens. In addition to her parents, she is survived by three brothers, Raymond, G. C., jr., and Robert, and a sister, Mary Elisabeth.

Relatives were here today from Abilene and San Antonio to attend the services. Young women friends of Miss Barrier were to carry floral tributes from the church to the burial rites.

Active pallbearers were to be: R. E. Mills, Leon Hale, Jimmy Roberts, Audrey Edwards, Ronnie Sheppherd and Robert Crawford.

Honorary pallbearers were to be: George P. Kuykendal, D. N. Leaverton, J. D. Quick, Alfred Scott, James E. Hartley, E. L. Robertson, R. A. Mills, William Levine, J. A. Hodges, Hill Stewart, Harold Griffith, J. C. M. Barnes, C. O. Marquart, W. T. Milam, E. C. Young and F. O. Kelley.

Chicago consumes 35,000,000 tons of coal a year.

SABOTAGE

(Continued From Page 1)

ship being built here for the U. S. navy, was exposed today with the alleged confession of Paul F. Kassay, 37, reputed communist and wartime captain in the Austro-Hungarian navy.

Kassay, traped by department of justice agents who worked by his side several weeks, confessed he meant to see that the dirigible never took to the air, it was announced last night by United States District Attorney William J. McDermott of Cleveland.

Plans Revealed

Omission of rivets in the hope of weakening the structure and intentions to get into the control room before he scheduled launching of the ship early this summer were described in the confession, according to McDermott. Kassay was quoted as saying he had his "own reasons" for his designs and refused to implicate others.

Assistant County Prosecutor George Hargreaves announced the investigation now would be directed to learn whether the communist party or its members were involved, or whether Kassay "merely took it upon himself to further the cause of internationalism by making a martyr of himself."

Kassay pleaded not guilty when arraigned in municipal court today on a charge of criminal syndicalism. He asked no bond and none was set. He will be given a preliminary hearing tomorrow.

Kassay came here last June from a Cleveland airplane factory as a highly-paid mechanical expert and began exhorting his fellow workers to sabotage, department of justice agents said.

County and federal officials stated Kassay told them he was a communist, but would not discuss his connections.

SAYS "NO DEPRESSION"

DALLAS, March 20. (AP)—Charles P. Garvin of Washington, secretary and general manager of the National Stationers association, told the Texas-Oklahoma district meeting of the organization here yesterday that no depression existed in the stationery business. He described the business as worth $1,000,000,000 and steadily growing.

The cucumber usually has a temperature one degree lower than that of the surrounding atmosphere. Hence the expression "cool as a cucumber."

PLAINVIEW TO HOLD CONFAB

U. S. AGRONOMIST TO HOLD CONFERENCE ON FARM LOANS

Conferences with farm loan committees of Castro, Deaf Smith and Parmer counties were the object of a trip which O. S. Fisher, United States agronomist, made early today to Plainview. Mr. Fisher is head of the Texas Federal Seed Loan Fund office at Fort Worth.

A meeting was held here Thursday at the Hilton hotel and was in session most of the afternoon. The committees of Lubbock, Hockley and Lamb counties were present.

Mr. Fisher discussed with the committeemen the proper methods for handling applications for agricultural rehabilitation, which also includes family maintenance(or food) for farm families.

Many Returned

County farm loan committees are made up of one farmer, one banker and one merchant. Application for relief must be made out before this committee.

Those who were at the conference from Lubbock and Lubbock county were:

C. E. Maedgen, chairman of both the county and chamber of commerce committees on federal drouth relief loans; W. J. Stevens and F. R. Friend, members of the chamber committee; J. H. Brewer, head of the Slaton office; J. S. Edwards of Slaton and Earl Davis of near Acuff, members of the county committee, and J. B. Shannon, head of the county office here.

Gandhi Complains About Agreement

NEW DELHI, India, March 20. —(AP)—Mahatma Gandhi has complained to Viceroy Lord Irwin that the government was failing to carry out fully the terms of their recent agreement, which was aimed at restoring political peace in India.

Arriving here from Bombay the little nationalist leader conferred with Lord Irwin two hours. Clauses of their agreement which he said had not been fully complied with included the release of all political prisoners, abrogation of punitive taxation and return of confiscated property.

LEGISLATURE

(Continued From Page 1)

issue being so much as mentioned. Senator Woodul of Houston who teamed with Representative Hubbard of New Boston in working out the "big bertha," said the bond issue would be taken up as soon as Senators Stevenson of Victoria and Holbrook of Galveston returned from their sick beds. Senator Stevenson was on hand yesterday, but Senator Holbrook remained away.

While the house committee on revenue and taxation was approving a bill by Representative Johnson of Omaha proposing a one dollar per ton tax on sulphur, the senate committee on criminal jurisprudence was voting an unfavorable report for a bill by Representative Weinert of Seguin asking that liquor law violators above the age of 25 be extended the right to a suspended sentence.

Senators Woodward of Coleman, Woodruff of Decatur, O'Neal of Wichita Falls, Purl of Dallas and Cousins of Beaumont voted for an unfavorable report.

About 80 per cent of the population of Hatai is engaged in agriculture.

A.B.C. Ladies Night Program Is Planned

Plans for a ladies' night program, to be held on the evening of May 29, were further outlined at the weekly luncheon of the American Business club at the Hilton hotel today.

In connection with the program a membership and attendance contest is being staged, the contest to run for ten weeks. Two captains have been named, Ben Powell and Bert Pinson, and the membership divided into two teams. At the end of the contest the team having the largest number of points will be guest of the other team at the ladies' night program, together with wives or sweethearts of members. A prize also will be given the man obtaining the largest number of new members.

Homer D. Grant was the principal speaker before the club Friday. Mr. Grant explained the coming South Plains Fat Calf, Pig and Meat show to be held in this city on March 27 and 28 and urged cooperation of the club in promotion of sales to be held during the show. A committee of four, Carl D. Brandt, Swede Kling, Ben Powell and Chas. C. Watson, was appointed to meet with a committee from the Kiwanis club and plan for sale of hogs at the show.

Sonnenberg Winner Over Jack Wagner

BOSTON, March 20. —(AP)—Gus Sonnenberg, former wrestling title claimant, used his flying tackles last night to gain two falls on Jack Wagner of Providence. Gus gained his first fall after 35 minutes but the deciding fall took him only seven minutes.

Oklahoma game refuges are to be stocked with 20,000 Mexican quail, at the estimated cost of $3 per bird.

ST. PAT'S DAY IS OBSERVED

KIWANIS PROGRAM IS ARRANGED BY E. L. KLETT THURSDAY

A St. Patrick's day program was presented by E. L. Klett, Lubbock attorney, at a weekly luncheon of the Kiwanis club at noon Thursday at the Lubbock hotel.

Klett was chairman of the day and after making a few remarks regarding the program, he called on Rev. R. C. Campbell for an Irish joke, and then Tom Garrard, local attorney, who made a short talk on the significance of the day and legends connected with it. Following his talk, George Meiser sang "Mother Macrhee." He was accompanied by W. W. Rix at the piano. During the program the club joined in singing "My Wild Irish Rose."

R. J. Murray made an urgent appeal for support of the calf, pig and cured meat show here next week, asking merchants and organizations to join in with others in paying good prices for the club animals that are to be auctioned off during the show.

During the course of the meal, members signed petitions asking the city commission to set a special water rate for Lubbock during the summer months for irrigation work and also to adopt some form of a city plan for Lubbock.

Bombings in Chicago last year caused $508,000 property damage.

HIGHWAY CLOSED

PAMPA, March 20. (AP)—Workmen at the Magnolia No. 4 Latham prepared to open the well today and fish out the tools, closing a mile of the Pampa-Amarillo highway because of the danger of an explosion. The well came in yesterday for an estimated flush production of 15,000 barrels of oil and 50,000,000 cubic feet of gas daily.

BREWSTER AND WIFE REWED

FIRST MARRIAGE IN MEXICO DISSOLVED BY RULING

LOS ANGELES, March 20. (AP)—A superior court judge made a bona fide marriage out of the romance of Eugene V. Brewster, former millionnaire publisher, and Corliss Modena Palmer, who began life together five years ago with a fortune now dwindled to a few thousands.

In sleepy Ensenada, in Old Mexico, some 200 miles down the coast, Brewster and Miss Palmer were married five years ago under Mexican laws. Recent court rulings, which have dissolved certain Mexican marriages because of technicalities, caused the couple to be remarried.

There was a world of contrast between the simple ceremony today and the wedding five years ago. Brewster, then posessor of a fortune estimated at $3,000,000 and a widely known book publisher, and Miss Palmer, fresh from the stage and in the public eye as the winner of a beauty contest, took their marriage vows with the prospect of a life of luxury before them.

Instead, unfortunate business experiences wiped out the fortune and Brewster and Miss Palmer remarried today, in his own words, as "a poor couple." He is 56 and she is 25.

FAVORABLE REPORT

AUSTIN, March 20. (AP)—The oil divorcement bill was given a favorable report last night by the house committee on oil, gas and mining. The vote was 9 to 8.

EXPECT GARDENS TO AID ARKANSAS

LITTLE ROCK, Ark., March 20. (AP)—Early spring gardens sprouting from seed distributed by the Red Cross, and improved agricultural credit facilities have put Arkansas well on the road to recovery from the worst drouth in history.

On April 1, the American Red Cross will withdraw its relief workers who at one time during the winter were feeding more than a half million persons.

State officials and business leaders today joined in expressions of satisfaction over the state's rapid economic recuperation.

William M. Baxter, jr., St. Louis, midwestern disaster relief director of the Red Cross, said though Arkansas was the greatest sufferer among the 20 drouth stricken states, it has shown most progress in rehabilitation.

Governor Harvey Parnell said the people had entered industriously into the task of recovery and now face a brighter future.

EXPECTED TO RETURN

DALLAS, March 20. (AP)—George Papcun, state secretary of the organization to which all three belong, said yesterday he believed that C. J. Coder and Lewis Hurst, communist organizers, would arrive today to tell the grand jury of their reported abduction and flogging here March 5. He said word from Kansas City indicated that the men were on the way here.

INCREASE TAX

AUSTIN, March 20. (AP)—The house revenue and taxation committee last night approved a bill proposing to increase the sulphur tax to $1 a ton. The vote was 10 to 8.

TORNADO

(Continued From Page 1)

vacated by several hundred pupils just an hour before, unroofing houses and lifting others off their foundations.

Damage Is $60,000

Estimates placed the damage at $60,000. From the grocery A. W. Anderson, 54, the proprietor and his 81-year-old mother, Mrs. Louise Anderson, were carried nearly a block by the wind. They died shortly afterward. Charles Collins, 23, electrician, stood on a wet board as he pulled a high voltage wire from the path of pedestrians. Knocked to the ground he arose and told friends "I'm all right." Then he fell dead.

Scarcely had the twister passed when Clinton began relief work. Ed McClain, Red Cross field representative, took charge. Neighbors cared for those whose homes were wrecked. Two score national guardsmen, under Captain George D. Hanna, schools superintendent, paced littered streets through the night as a safeguard to property left exposed by the wind.

Six In Hospitals

Six, including Miss Lillie Anderson and her brother, A. E. Anderson, children of the elderly victim, were in hospitals. Mrs. A. P. Sams, a customer in the grocery, had both arms broken. Other more severely hurt included Mrs. J. G. Mercer, Mrs. J. T. Davis, and L. E. Jenkins.

The tornado, a great funnel-like cloud, swirled out of the south in the wake of a deluge and cut a path three blocks wide and ten blocks long.

It made kindling of the frame school annex and cracked the walls of the adjoining brick buildings. Authorities said the school could not be used.

First it struck near railroad tracks at the towns edge, then scattered small buildings at a tourist camp and hopped on to the grocery.

TEXAS TOWN HIT

DESDEMONA, March 20. (AP)—Desdemona carpenters had prospects of hard work today as residents surveyed damage caused by a tornado late yesterday. No one was injured, but about 20 oil derricks were leveled by the twister, the Stanolind No. 6 gasoline plant and a new school building were damaged considerably, several business houses were damaged to varying extents and numerous residences were unroofed. Hail and heavy rain added to the loss.

HARD WIND BRINGS SANDSTORM HERE

A hard north wind late Thursday afternoon preceded a marked decline in temperature here and the wind had not abated noticeably at midnight.

Velocity of the wind was increasing and a yellow low-hung cloud on the northern horizon warned of an approaching sandstorm at noon, although the wind did not reach its greatest velocity until about 5:45 p. m.

The wind storm here Thursday was the first of the several that usually accompany early spring. Persons in office buildings and hotels declared they could not identify the surrounding country beyond Lubbock for the swirling clouds of dust and sand. A few drops of rain fell at about 3 p. m. Thursday.

DENY THAT CATTLE LOSSES ALARMING

AMARILLO, March 20. (AP)—Denying that cattle losses in the Panhandle are alarming, R. K. Puckett, an inspector for a cattle loan company Thursday made the following report:

"I have just made a trip through the counties of Potter, Armstrong, Carson, Gray and Collingsworth and find recent cattle death reports greatly exaggerated. Bankers in the territory say they have had reports of deaths from pneumonia, a few from wheat bloat, and a few where cattle were confined to wheat only without any dry feed.

"From the information I can gather, there have not been as many losses as reported in the newspapers, and I think there is no more death loss now than we usually have from the same causes every year when we hold on to the wheat so late on account of short range."

It cost about 2,000 pounds to clean the column and statue of Nelson in Trafalgar square, London, and it's done about once in 20 years.

CONFESSES TO SLAYING MAN

SLAYER WALKS INTO COURT TO ADMIT STABBING

NEW YORK, Mar. 20. (AP)—Mario Mcramargo, strode into a hearing room in the Bar Association building Thursday and explained why Cornelius Kahlen, 75, wealthy real estate operator and party to the proceedings then in progress, was not present.

"Mr. Kahlen will not be here today," he said. "I have murdered him."

In his hand Moromarco held a screw-driver. He raised it aloft.

"Here is what I did it with," he said.

Body Is Found

Police found the body in Kahlen's expensively furnished up-town apartment. He had been stabbed "possibly 20 or 30 times," Medical Examiner Thomas A. Goncales said.

Moromarco, a former employe of Kahlen, was accused of intimacies with the real estate man's elderly wife in separation proceedings, instituted more than a year ago. The Kahlens, despite the separation action, continued to live together. Mrs. Kahlen had left the house only a short time before her husband was killed.

She was in the hearing room when Moramarco made his announcement.

The case in progress involved real estate operations in which Kahlen was engaged with a law firm, the dower rights of Mrs. Kahlen were a point at issue.

Attorneys Astounded

The attorneys and spectators present, astounded by the dramatic confession of Moramarco for a few moments were speechless. Finally one of the lawyers slipped out and telephoned police. Moramarco submitted to arrest peaceably.

Police said Kahlen was worth about $500,000.

Detectives, after questioning Moramarco announced he told them he killed Kahlen because he was convinced that was the only way to protect financial interests of Mrs. Kahlen.

RANGER CAPTAIN PAYS OFF FINE

GAINESVILLE, March 20. (AP)—Captain Tom R. Hickman of the Texas rangers paid a fine of $1 and costs in a justice of the peace court here Wednesday night for simple assault. The costs and fine amounted to $14.65.

County Attorney William S. Culp prepared the complaint which alleged that Hickman had committed an assault upon Ate Reece by striking him with his fist. Reece retired as sheriff of Cook county last January, after filling the unexpired term of the late Jake Wright.

Officers said the fight occurred on the courthouse lawn.

Captain Hickman left for Austin, where he said he had had Reece's commission as a special ranger revoked. Hickman said he requested that Reece be not fined in connection with the fight.

REPORTS DENIED

SPRINGFIELD, Mo., March 20—(AP)—Officials of the Frisco lines today denied reports the $3,000,000 west shops of the system here would be leased to the Baldwin Locomotive works of Philadelphia.

CATTLEMEN WIND UP CONVENTION

CORPUS CHRISTI, March 20. (AP)—Cowmen who gathered here from the far ranges of the southwest for the 55th annual convention of the Texas and Southwestern Cattle Raisers' association elected their officers, wound up their meeting and said goodbye to one another here Thursday.

They said goodbye to Corpus Christi in a colorful parade through the business section.

"Young Dick" Kleberg of King ranch and his famous horse, Toy Boy, led the parade.

J. M. West, wealthy ranch owner of Houston, was elected president in succession to T .D. Hobart of Pampa. El Paso won the fight to be host to the 1932 convention, defeating San Antonio.

Other officers chosen were Dolph Brice of Uvalde, a partner in the cattle business with Governor Ross S. Sterling, first vice president; W. T. Coble of Amarillo, second vice president; W. E. Connell of Fort Worth, treasurer, and E. B. Spiller of Fort Worth, secretary and general manager. Connell and Spiller were re-elected without opposition.

Brothers' Defense To Demand Witness

CHICAGO, March 20. (AP)—Plans of the defense in the trial of Leo V. Brothers, St. Louis, accused as the slayer of Alfred Lingle, crime reporter, to demand the presence as a witness of John C. Hagan, a professional investigator, were outlined today. Hagan was said by counsel for Brothers to be the man who first accused Brothers of killing the Tribune reporter in a pedestrian tunnel last June 9.

LABOR LEADER SHOT DOWN

"WILD BILL" ROONER, UNION BOSS IS ASSASSINATED

CHICAGO, March 20. (AP)—Three shot gun shells removed another labor union leader— William J. "Wild Bill" Rooney, boss of the sheet metal workers union for 16 years.

"Hi, Billy," some one called from an automobile parked in front of Rooney's home.

Rooney, pacing the sidewalk, turned and advanced. The muzzle of a gun was poked from a rear window. Rooney stopped, started to turn, and three bursts of fire came from the weapon. He fell dead, his chest torn by slugs.

Bitter strife for domination of local unions, engendered by rivalry for the profits of alleged racketeering, has been punctuated by a number of assassinations over a period of years.

The defense would make its demand in case the prosecution fails to call Hagan to the stand. Hagan at one time operated an alleged spurious detective agency which was closed in Kansas City in 1923, and the defense contended he has been on the "board of strategy" formed to investigate the Lingle case for many months.

DALLAS, March 20. (AP)—James N. Hale of Reinhardt today was under five-year suspended sentence for killing Oscar Bell last September. The verdict was returned late yesterday.

BAKERY SPECIALS

There is more real quality in Bakery products today then ever before. Our Cakes and Pastries are made of the ingredients, just like you use in your own "kitchen" and the cost is no more. Drive by and try some of our every day specials. We specialize in all kinds of birthday, party and wedding cakes. None too large or too small.

Wash clothes in water softened with Mel'o—save ⅓ to ¼ the usual amount of soap

CLOTHES washed in hard water are hard to get clean. The hardness in the water combines with the soap and makes scum. The scum collects dirt. It gets into the fabric of the clothes. No amount of rinsing can get it all out.

But soften hard water with Mel'o and there isn't any scum. The water makes wonderful suds. Mel'o saves from ⅓ to ½ the amount of soap ordinarily used. With or without soap, water softened with Mel'o is a wonderful cleaner. Get it at your grocer's.

Reg. U. S. Pat. Off.

Plenty to eat—yet...?

DELICIOUS FOOD. Well prepared. Plenty of variety. Yet, far too often the best of meals is sadly lacking in certain elements that are necessary to real health.

At breakfast especially we are apt not to get the minerals and vitamins we need for building vigor, energy and resistance to illness. It's why many children are underweight and susceptible to colds—why many adults lack the brimming energy that means health.

Mothers can now serve a *certified* cereal that contains 10 important mineral salts. Kellogg's WHOLE WHEAT Biscuit. Delicious *double-toasted* biscuit. Made of crisp wheat shreds. With a wonderful flavor—and the wonderful food value of whole wheat.

Two Kellogg's WHOLE WHEAT Biscuits and milk or cream will furnish more than a third of your daily mineral requirement — including calcium, phosphorus, chlorine, iron, copper — and 6 different vitamins. Look for the *certified* analysis on every red-and-green package. At your grocer's. Made by Kellogg in Battle Creek.

50,000 housewives can't be wrong!

Tested--Tested--Tested--in 50,000 homes--for every baking purpose--by all sorts of recipes! 50,000 housewives have found that they get best baking results with this superior flour. What a tremendous testimonial for dependable quality.

QUARTET TO BE TONIGHT

BRAHMN'S QUARTET IN FOURTH NUMBER ON ARTIST COURSE

The fourth of five members composing the Texas Technological college Artist course will be presented at the college gymnasium at 8:15 o'clock tonight, when the curtain will rise for the program of Brahm's quartet.

This quartet, organized in 1916, has existed for 14 years, and has become one of the national institutions in the musical world.

Composed Four Women

It is composed of four women, Lari Banks and Gradine Cox, sopranos, and Lydia Summers and Elinor Markey, contraltos, who have called themselves the Brahm's quartet in honor of the musician, Johannes Brahm's, noted composer of songs that are especially adopted for women's voices.

Tickets for the attraction may be obtained from Prof. W. R. Waggoner, head of the Tech music department.

Are You "Hitting On All Six?"

Liver—Stomach—Bowels—Nerves—Brain—Heart—Are They All 100%?

Folks, the human body is just like a good car, everything must be in good working order if you expect to get the best performance out of either.

You can't expect to feel 100% if your liver is out of order, your stomach upset, nerves jumpy or bowels tied up. You must build up your vital forces and you weak, weary, despondent men and women who have been doctoring for ages trying to get back the vim and endurance of earlier years will be astonished, delighted and amazed to see how quickly strength, energy and vitality come back thru the use of Tanlac.

Go to your druggist now and get a bottle of Tanlac. Millions of folks have started back on the road to youth, health and happiness with this world-famous tonic and there is no reason why you, too, can't begin today to rebuild your worn-out tissues and revitalize your entire system.

Your money back if you are not speedily helped by a fair trial of this world-famous medicine.

Almost Too Big

Gloria Friedland encountered difficulties at play with her huge rubber ball at Miami Beach, Fla. She's the daughter of Anatole Friedland, noted orchestra leader.

SUIT IS FILED AT LAMESA

DAMAGES OF $150,000 ASKED OF WOMAN AT DALLAS

LAMESA, March 20.—(Special)—Mrs. Carrie Slaughter Dean, prominent Dallas woman, has been named defendant in a suit filed in 116th district court here, and charging alienation of affections and asking $150,000 damages.

Jean Strong, former daughter-in-law of Mrs. Dean, is the plaintiff.

The petition alleges that Mrs. Dean caused the separation of the former Mrs. John Henry Dean and her husband, a prominent rancher of this section. Actual damages of $125,000 and punitive damages of $25,000 are asked. The action is the outgrowth of the divorce of the younger Deans.

Dysel Kirk, Dawson county attorney, and R. C. Perry of Fort Worth and J. H. Gynnott of Dallas are attorneys for the plaintiff.

It is expected that the case will come up for disposition in the next term of district court which will be held here in November before Judge Gordon B. McGuire.

The petition seeks the largest sum for alienation of affections ever filed in Dawson county.

M-SYSTEM HAS ANNIVERSARY

SIXTH BIRTHDAY OF STORES WILL BE CELEBRATED

The M-System stores of the South Plains are celebrating the sixth anniversary of the beginning of that group of groceries. Six years ago this month the present M.-System stores in Lubbock had their origin in a store opened by M. G. McCarty.

Two years ago Wednesday, Roy Furr, who has "grown up in a grocery store," came here to take over the management of the M.-System stores on the South Plains.

Four stores are located in Lubbock and five in nearby towns. All of the stores south of Plainview have their headquarters in Lubbock, with Mr. Furr as the manager.

Followed His Father

"I was raised in a grocery store," said Roy Furr yesterday when asked about his experience. "It is all I know. My father has had a store for about 30 years."

C. W. Furr, of Amarillo, father of Roy, has 25 stores on the North Plains. He handles the business in that section and leaves the management of his business on the South Plains to his son.

Stores are: 1702 Broadway, H. V. Weir, manager; 1108 Avenue G, W. Biggers, manager; 1219 Broadway, C. B. Bovirie, manager; 1921 19th, H. D. Aycock, manager.

Out-of-town stores are located at: Littlefield, Slaton, Tahoka, Hale Center and Hobbs, N. M.

Lutz Manages Meats

W. E. Lutz is the manager of the meat markets for the several stores. H. V. Weir buys the produce for the stores.

At the No. 4 store, 1219 Broadway, Mrs. Lucy Chinn, and her daughter, Miss Agnes Chinn, operate a delicatessen. They have had the place about two and a half years and have built up a large patronage.

"Prices in the grocery line are now lower than they have been for years, since back in 1914, I guess," Roy Furr said. "They are now about 15 to 20 per cent lower than they were a year or so ago. It was about two or three months after the stock market crash in the fall of 1929 that wholesale prices began to break.

"Some people seem to think that the bottom of the price market has been reached. I believe that prices are stabilizing now and I know that in some instances there has been a slight increase. The increase will be gradual and it hardly will be noticed."

Business Holds Up

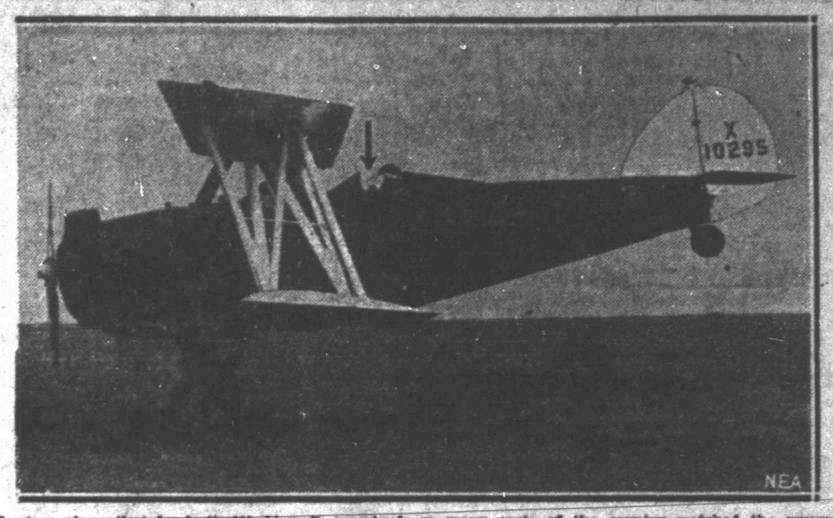

In speaking of local business, Mr. Furr stated that he found his stores were doing just about as much, if not a little bit more, than they did a year ago. There seems to be a general pickup all along the line, with farmers all inclined to see better conditions in agricultural lines.

By a system of buying in carload lots, the local stores have built up a good business. Local produce is handled, including chickens, eggs, turkeys and butter, as well as vegetables.

Clean stores, neatly kept shelves, sanitary appliances in meat markets and fresh stocks, enable the group to handle a large volume of business, Mr. Furr said. In spite of conditions that have prevailed for some months, the total for the South Plains stores is just about equal to the 1929 total and only slightly under the 1928 record, he reports.

The seeds of the Russian steppe grass are thrust into the ground by the plant itself. The plant forms a coil of fiber and on wet days the fiber twists and works its way into the ground. On hot days the fiber untwists, but remains in a fixed position by means of a barb at the end holding it firmly under the soil.

Plane That Lands Without Pilot's Help

Here's a plane that lands itself! Aircraft experts from many parts of the country watched the unusual experiment pictured above at Glenn Curtiss Airport, New York, when Pilot Henry White made a perfect landing while his hands (as indicated by arrow) were up and off the controls. Movable wings, which are set at the correct landing angle by the pilot in flight, are the secret of the spectacular stunt. It is claimed that the plane cannot stall, spin nor dive.

Band Instructor At Abernathy Honored

C. W. Beene, former Abernathy band leader and instructor, who is now head of the Panhandle High school band, has been chosen by the national committee of the high school band association to help select music to be used in the 1932 contest, according to word received here.

Professor Beene is nationally known as a band leader. He was head of the Abernathy band for several years and is one of the best known high school band leaders in the state.

When building their nests birds seldom use bright-colored or conspicuous materials, as these would draw attention to their homes, so making discovery by an enemy possible.

Len Harvey To Meet Ben Jeby In Battle

NEW YORK, March 20. (AP)—Len Harvey gets third chance tonight to show American fistic fans why he holds the British middleweight championship. He battles Ben Jeby, of the East Side, in the twelve round feature bout at Madison Square Garden.

Although beaten twice by Vince Dundee in his only previous American engagements, Harvey has impressed the experts with his boxing ability. His chief fault, in their opinion, has been his tendency to loaf along after piling up a lead, thereby giving his opponent a chance to take away the play from him.

Harvey rules a 13-5 favorite.

SUIT IS FILED

LOS ANGELES, March 20. (AP)—A $100,000 breach of promise action has been filed against Robert W. Major, director of a school of acting, by Rita Rozelle, 21, motion picture actress.

In her complaint she alleged Major expressed a wish to marry her while she attended the school last fall, and that last October he attacked her. She charged Major was married at the time.

Thought For Today

Serve the Lord with fear, and rejoice with trembling.—Psalm 2:11.

* * *

Good men have the fewest fears. —Bovee

Public Education

The worst thing about trying to appraise the status of common school education in the United States today is the fact that one gets so many different verdicts from which to choose.

On one hand, it is arrested that the education that is given children today is immeasureably better than that which was given half a century ago, and on the other hand there are people who declare that modern education methods have lost themselves in a maze of technicalities, so that the pupil emerges with a narrow horizon and a poorly trained mind.

In the current issue of World's Work magazine, for instance, a teacher calls for a simplification of the public school program. Experts in the field of education, she asserts, have learned teaching everywhere except in the classroom. They know nothing of children from first-hand observation —and try to study them through charts, curves, graphs and tests. They bedevil the teachers with questionnaires and extract profundities from the tabulations thereof. They then write new text-books and put them into the schools — and the hapless child is the goat.

Undoubtedly, there is ground for complaint in this respect. Faddists and theorists do settle on the public school system very often — so that one wonders, now and then, if the little red schoolhouse of the old days did not, after all, train its pupils just as well as they are trained today, if not better.

On the heels of this, however, comes Dr. C. V. Good, professor of education in the Teachers College of the University of Cincinnati, to point out the genuine advances that have been made in elementary education.

"The chief qualifications of the schoolmaster of 100 years ago," he points out, "were to manage the big boys and to rule the school with an iron hand. Two of the favorite pedagogical maxims of the time were: 'Spare the rod and spoil the child,' and 'A boy has a back; when you hit it, he understands'."

In addition, Dr. Good points out that much of the information contained in the old text-books was actually untrue. Geography and history, in particular, were so handled as to give the child a faulty picture of the world in which it lived. Furthermore, no effort was made to enlist a child's interest or stir his curiosity.

Undeniably, enormous advances have been made in these respects. In the light of Dr. Good's remarks it is impossible to deny that the modern school is leagues ahead of its predecessor.

But we have, nevertheless, two verdicts, which is right? Or, if neither is entirely correct—which attitude comes the closer to expressing the truth of the matter?

Life's Platitudes

A modern essayist has come around to the discovery that the business of living results mainly in the personal proving of the platitudes about life. The writer, a contributor to a sophisticated magazine, says "As children we wrote in copy books innumerable repetitions of statements meaning little to us at the time beyond the achievement of a Spencerian slant. As the shadows began to lengthen we learned that many of these homely, uninteresting precepts were true."

What a blow all this must seem to the generation which has called itself "modern" and boasted its eagerness to experiment, its daring determination to find truth at all cost. The flappers and the flappers' boy friends—are they after all spending their energy merely to learn that honesty is the best policy, that truth crushed to earth shall rise again, and that a bird in the hand is worth two in the bush?

A woman was recently acquitted for shooting her husband in a bridge quarrel. This will probably encourage many a wife, in future bridge games, to put more steam in the bids decided on her motivation.

The Plainsman Says:

That Girl on Broadway says a pessimist is a man who wants things different, even after they are.

* * *

FOLKS, you should have been out at the Tech gym the other night when Henry Frnka was showing Dr. Dunn and Asa May how to reduce their rapidly expanding waistlines.

If that wasn't a bright and shining example of the blind leading the blind, The Plainsman has never seen one!

* * *

Henry had Asa and Sam down on a mat, serious as everything, showing them just how to take off those persistent rolls which constitute what is commonly known as a 'middle-aged muscle.' And the funny thing about it all was that neither Sam nor Asa stopped to wonder how come Henry wasn't having better success on himself.

* * *

The Plainsman admits he needs to reduce his own 'middle-aged muscle' just as badly as Asa and Sam need to—and possibly worse on account of them being more bald-headed and at least 15 years older. But whenever The Plainsman starts taking advice on how to keep a girlish figger he's going to get it from somebody like Hubert Allen, B. Sherrod or Hay Davidson.

The old saw about "If you're so darned smart, why ain't you rich?" can be changed around to fit this occasion, which is another way the The Plainsman has of wondering if Henry's such an expert at reducing how come—oh, well you can finish it!

* * *

Nerve is a funny thing. You never lose it until you need it most.

* * *

The fastest way to get your face lifted is to peer intently into a gasoline tank with the aid of a lighted match.

* * *

When sandstorms come, can spring be far behind?

* * *

WELL, it won't be long now. On next Sunday morning, through special arrangements with W. O. Stevens, of Lubbock, and J. I. Wilborn, pioneer of Garza county, The Plainsman will be fully informed on what kind of a crop year 1931 will be. You'll find the information on the front page of next Monday afternoon's Journal.

* * *

Years ago, when Garza county was just a pup, Mr. Wilborn learned from some old Indian that the direction of the wind at sunrise, on March 22nd, would give a 'never fail' indicator of the yield of the following fall. Indians, Mr. Wilborn recounts, didn't even bother to plant crops if the wind was wrong on March 22 as the sun peeped over the horizon, so he's been following the rule with great success ever since.

* * *

Some years ago, when W. O. Stevens, vice-president of the Citizens National bank of Lubbock and president of the Citizens National of Post, was running the bank at Post Mr. Wilborn convinced him that there was something in the Indian legend. Mr. Stevens tried it out for a few years and will admit to this day that Mr. Wilborn has never given him a bum steer. So there you are—take it or leave it.

* * *

Mr. Wilborn will make the test Sunday morning and is going to call Mr. Stevens over long distance to give him the results. Mr. Stevens will pass the information along to The Plainsman, who in turn will advise all interested persons through the Journal on Monday. Watch for it whether you believe it or not.

* * *

Of course, the direction of the wind off the caprock might not be the same as on the cap, so Mr. Wilborn's prophecies may not apply up here. But at any rate it'll be interesting to watch.

* * *

That Man on Avenue Q says humility is the sweet virtue a man exhibits just before the world tramps joyously on his toes.

* * *

INTERESTING facts you may not have heard: On the payroll at Texas Technological college—faculty included—are 274 persons. The daily payroll at Tech is approximately $1,600.

Oscar Luykes and Oscar Sensabaugh used to play professional baseball. So did Pete Cawthon—he played shortstop for Sled Allen in the old West Texas league. Frank Jones, who also played ball for Sled in the Texas-Oklahoma loop, quit the game after being 'sold up' to a Class A organization.

Ross Edwards can play a washboard like nobody's business. And he's also a fiddler of considerable fame.

Owen McWhorter does card tricks as a pastime.

* * *

The Plainsman is all tore up over a very vital question. What he wants to know is does Culbertson or Work teach the best kind of contract bridge?

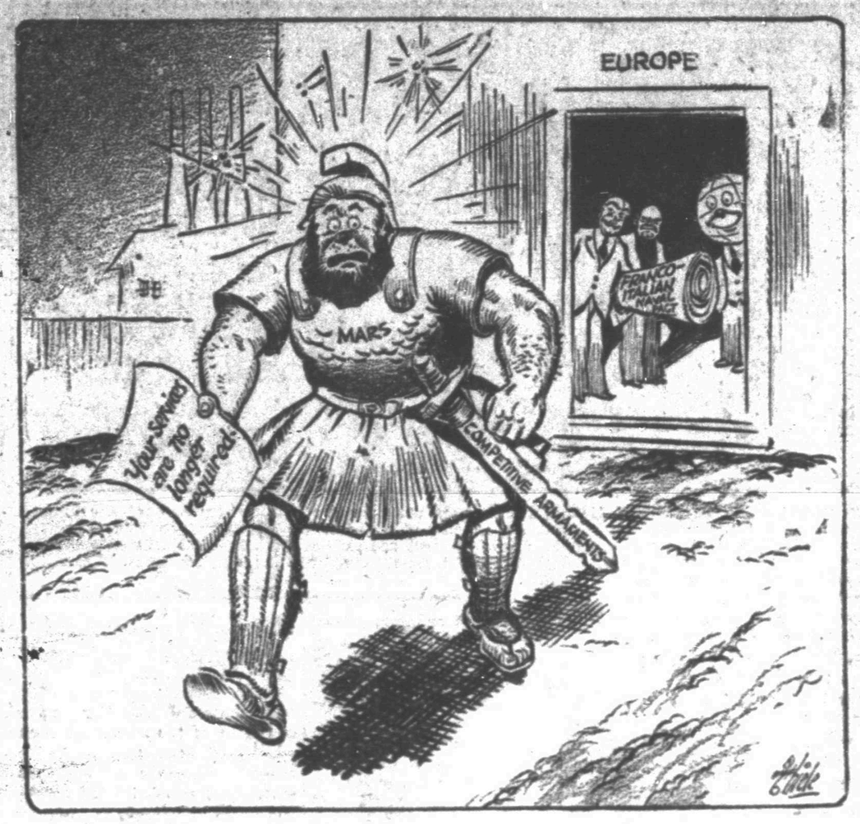

As a matter of fact, The Plainsman doesn't play contract —or auction. But he's been hearing so much about Work and Culbertson lately he's come to the decision that anybody who can't converse about Work and Culbertson a-n a neck of a shape.

* * *

Women who could better spend their time sweeping, cooking, sewing, washing and ironing, are worried over the problem. Men who ought to be paying more attention to bringing home the well known bacon, are biting their finger nails, fretting about contract. The upshot of the whole business is that everybody's vulnerable and some second Moses should step forth and lead 'em out of the wilderness.

BALONEY!

The Latest "Unemploymen t" Victim!

"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron

Hear Ye!—The Lowly Gavel Is One Of The Premier Prizes Of The Earth, Believes Charles Sloan, Veteran Solon

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, March 20.—Mr. Charles H. Sloan who is a member of the last Congress and will not be a member of the next, has gone back home to Geneva, Neb., but not without telling Congress all about the respective merits of gavels and bells.

Congressman Sloan made an exhaustive study. He had listened to gavels not only in the 71st Congress but also while a member of the 62nd, 63rd, 64th and 65th. He had heard bells banged in parliamentary bodies over the world. And his last act in Washington, after filling his head full of facts and inflating his lungs with oxygen, was to burst into a thrilling tribute to the wooden gavel wielded by Speaker Nicholas Longworth.

Those were the only two symbols of authority he found—gavel and bell.

Senses Mood of Wielder

"The first in calling to order, for quiet, to rise, or adjournment, seemed to partake and respond to the mood, tense, temper and character of the presiding officer wielding it," declared the gentleman from Nebraska.

"While the second, the metallic instrument, seemed to have its one tone, varying somewhat in emphasis but mainly determined by the founder of the bell, which, stricken by child or man, clerk or statesman, gave the same sound and effect."

Sloan compared the use of the gavel by some temporary presiding officers with the masterly hammering of Longworth and Champ Clark. After observing the character and manner of the amateurs for many years, he said:

"To me their character and capacity for controlling an excited house or convention is quickly revealed. With mud in their eye, hesitancy of action, or mild-mannered staccato of gavel they do not succeed, where vigorous and resounding stroke, with clear determined eye flash from the seat of power quiets the distrubance, separates beligerents, and in a moment sends forward purposeful and dignified debate."

Sloan made no mention of the fact that the next speaker might be a Democrat, as if generously not caring whom his advice might benefit.

He had written to the embassies and legations here to find out whether their countries' parliaments used gavel or bell. The result; bells 35, gavels eight, no instrument at all, two. The gavel countries, he said, included:

"Cuba," "the queen of the Antilles; one star, three stripes"; "Honduras, another star in the central cluster"; "Ireland, Fairest Isle of the Ocean," after centuries of bitterness, real or fancied"; "Mexico, our neighbor, in her bicameral Congress, patterned after our own"; "Nicaragua, which finds more effective control in our marines"; "cold, far-off Norway, mother of the Vikings, with evidence that they discovered America" and "Sweden, which has sent so many sons and daughters of intelligence, virtue and thrift to America."

Those Bell-Bangers

And among the bell-banging parliaments are those of:

"Belgium, long known as the cockpit of Europe, once the scene of Waterloo and later the theater of the World War"; "Colombia, crowning the southern contipent"; "Czechoslovakia, one of the best-bottomed republics that emerged from kingcraft"; "Denmark, whose temporal landmarks are Hamlet and World Court"; "Switzerland, mountain girt, canyon rent and lake jeweled, one of the oldest republics"—and so on, like that.

"Our gavel," proclaimed Sloan of Nebraska, in a magnificent windup, "never in jeopary but now and then in uncertainty, is one of the premier prizes of earth. Its value cannot be measured. Gold and diamonds are to it as dross. Its weight in radium would not carry it from hands where this House shall place it."

Diet and Health

By LOGAN CLENDENING, M.D., Author of "THE HUMAN BODY"

EDITOR'S NOTE: Four pamphlets and six articles by Dr. Clendening can now be obtained by sending 10 cents in coin for each pamphlet and 2 cents in coin for each article, with a self-addressed, stamped envelope, to Dr. Logan Clendening, in care of this paper, or Central Press Association, 1438 East Twelfth street, Cleveland, O. The pamphlets are "Reducing and Gaining," "Hygiene of Women," "Infant Feeding" and "Instructions for the Treatment of Diabetes." The articles are, "Normal Diet," "List of Books for Mothers," "Bed Wetting," "Diet of the Expectant Mother," "Ear Troubles" and "Tuberculosis."

LIQUID DIET CONTAINS PLENTY OF NOURISHMENT

An order for liquid nourishment often goes out to one kind of patient or another. It sounds thin and unnourishing — liquid nourishment. How can anyone extract any nourishment out of just liquids?

Dr. Clendening

For those who are doomed to liquid nourishment there may be comfort in reflecting how great a variety there is in liquids.

"A glass of milk" is, of course the first thing that comes to mind. But that does not exhaust the possibilities of the subject. There is lemonade, orange juice, grape juice, cocoa, eggnog, cream, buttermilk, tomato cream soup, chicken broth, beef juice, oyster stew (without the oysters), etc.

The amounts of calories in these drinks is surprising. Mrs. Rose gives the following list of drinks in amounts which make 100 calories apiece:

Food Material	Weight (Ounces)	Measure
Lemonade	11.0	1 2-3 cups
Beef juice	14.1	1 2-3 cups
Buttermilk	9.9	1⅔ cups
Cream, thick (40% fat)	0.9	1 1-3 tablespoon
Cream, thin (18.5% fat	1.8	1-4 cup
Eggnog	3.7	⅓ cup, scant
Grape juice	3.5	1-2 cup, scant
Milk, whole	5.1	5-8 cup
Orange juice	8.2	1 cup
Cocoa, 1½ milk	5.5	3-5 cup
Cocoa, all milk	3.8	2-5 cup
Cocoa, milk and whipped cream	2.9	1-3 cup

It can easily be seen that a diet of considerable variety and of good nourishing quality can be planned from liquid nourishment alone. By using enough cream and sugar in different mixtures it is easy to get up to 1,800 calories without making the convalescent feel stuffed.

How many households make junket any more? It is a delicious and nutritious food celebrating in song and story. Junketing parties were gay affairs, riding down to the dairies of old England for the day. It must once have been a familiar household dish, because the famous Miss Muffet was eating junket on the blood curtling occasion when she was frightened by a spider

* * *

QUESTIONS FROM READERS

W. H. P., Missouri: "Where tuberculosis is in a home, several in family, what measures would you advise to prevent spread of disease?"

Answer: The danger is, according to modern ideas, entirely to the children of the household. Adults need not be in dread. The patient should be in a room or on a porch alone. The sputum should be expectorated into a sputum cup or paper napkin and burned daily. The patient's eating utensils—plates, saucers, glasses, etc.—should be kept absolutely apart from those of other members of the house and washed in a separate dishpan and boiled in a separate receptacle. Children should not be kissed or fondled by the patient. The patient's linen should be treated separately in a similar manner to the eating utensils.

Newspaper Stories Lauded By Hickman

AUSTIN, March 20 (AP)— Praise for newspaper publicity given recent activities of the state rangers in Kilgore oil boom town, was voiced by Captain Tom Hickman who participated in the raids which netted enforcement officers more than 300 prisoners.

"The newspaper publicity accorded our activities in Kilgore aided us greatly in our efforts to clean up the town," Captain Hickman said. "It also helped to keep more undesirables from moving to the new oil town."

The Kilgore cleanup came just when the usual oil town undesirables were beginning to move to Kilgore, Captain Hickman stated.

The Philippine insular government, with a decrease in revenue of approximately 8,000,000 pesos in 1930, collected 81,000,000 pesos.

"The play's the thing", as even a bridge player might say.

DAILY ALMANAC

Fair

WEST TEXAS: Fair, cooler in southeast portion, probably frost in southwest portion tonight; Saturday fair.

EAST TEXAS: Generally fair except showers in northeast portion, cooler in south and east portions tonight; Saturday generally fair. Moderate to fresh south to northwest winds on the coast.

OKLAHOMA: Thunderstorms, cooler in central portion tonight; Saturday partly cloudy.

ARKANSAS: Occasional thunderstorms tonight and Saturday; warmer in east portion tonight.

LOUISIANA: Cloudy, thundershowers tonight; Saturday unsettled, showers in north portion, cooler in northwest portion. Moderate to fresh southerly winds on the coast.

SWAN

In New York With Gilbert Swan

NEW YORK, March 20.—The phone rang, and a voice said:

"Say, I've been reading some of your pieces about the North African dancers. What's the big idea? . . . Have you forgotten that Harlem is still on the map? Drop up tonight and I'll show you some real stepping."

And so the habit of starting for somewhere after midnight seemed to return without much effort.

And so, too, I found myself far uptown in a huge hall where elastic bodies were twisting themselves into corkscrew postures such as the primitives of the Atlas mountains and the Arab lands have never learned, and probably never will.

The discipline of hips and shoulders had somehow been lost in a forest of contortions, where feet, ankles and legs, hands, necks and heads all came into gyrating life.

Greased and glistening black hair mirrored tricky lights, and ladies and gents in evening gowns sat with the fascinated eyes of groups ringed around the snake charmers and story tellers of old Moorish towns.

* * *

It seemed that this was the Savoy Ball Room and that a national tourney was in session to select the prize winner of the Lindy Hop, latest craze of Manhattan's vast black belt.

Thousands packed a huge room. Two bands alternated in keeping that itching feeling in nimble feet. It was quite another Africa in quite another scene but, still, with something of the wailing of flutes and the beating of drums that, not so long ago, had come through open windows as an echo of the Ramadan.

* * *

Someone nudged my elbow.

"Well, what do you think now?" asked Lee Posner, the "unofficial mayor of Harlem," who won his title by advertising this section to a larger place on the map.

"I know I'm back home . . ." And I'm afraid I sighed.

* * *

Well then, since you've decided to put your feet back into New York, let me tell you a little Manhattan yarn.

"See all this show . . . all these people . . . all this excitement . . . all this tricky dancing . . .

"It all started with a bootblack—as a lot of things do around here. He was a fellow named George Ganaway, and he's one of the trickiest dancers you're likely to watch on this or any other floor. I stopped to have my shoes shined one night in a little place next to the Knights of Columbus Hotel. While he whanged away with the brushes, he also tapped off a few nifty steps and whistled a jazz tune.

"For no particular reason I asked him why he didn't go in for dancing. He snapped me right up.

"'Sath thah boss, mebbe you thinks ah cain't dance,' he challenged. So again, for no particular reason, I invited him to do his stuff. I happened to be on my way to a show that the Young Men's Advertising Club was putting on and told him to drop up. That's the last I expected to see of him. But along came Ganaway and he put on an act that stopped everything flat. It was the craziest sort of dance anyone had seen.

"And now they're all doing it up here—just because I happened to step for a shine in a certain place."

After which I knew I was back in New York where, somehow, things do manage to happen that way.

TEACHER RESIGNS

TAHOKA, March 20.—(Special)—Mrs. C. C. Williams, teacher in the local school for the past two years, has tendered her resignation to the local school board and will accompany her husband to Sequin, in South Texas, where he becomes chamber of commerce secretary on April 1. Mrs. H. C. Story, former teacher here, has been elected to succeed Mrs. Williams.

For those who have to dress for the occasion, attending King George's court is indeed a trial.

Would you call a stage star who fails to click in the movies a mail-nee idle?

"Influenza Foxtrot," is said to be the title of the latest dance craze. Get hot!

Flapper Fanny

The girl who flares up doesn't always make a good match.

THE TINYMITES

STORY BY HAL COCHRAN—PICTURES BY KING

(READ THE STORY, THEN COLOR THE PICTURE)

The peacocks all stood very still upon their little perch until wee Clowny tried to pet one. Then there came a big surprise. The proud peacock jumped in air and gave all of the bunch a scare. It couldn't see a single thing. A clot was on its eyes.

"Look out," cried Scouty. "Hide! Oh, gee, that peacock's mad as it can be. Wee Clowny's started something. Maybe we had better run." Each Tiny scampered mighty quick and all because of Clowny's trick. Then Clowny shouted, loudly, "I regret what I have done."

Just then the peacock, blinded still, flapped round and round and round until it landed right on Clowny's head and there it hung on tight. Poor Clowny knew not what to do. He started acting crazy too. And then he ran until the bunch thought he'd run out of sight.

The man who owned the bird then cried, "Hey! Stop, until I reach your side. I'll make that silly bird behave. He's simply scared to death." So Clowny slid up to a stop. Of course he hoped the bird would flop. It didn't though, and Clowny stood there, almost out of breath.

The other Tinies laughed in glee, 'cause 'twas a funny sight to see. And then the owner grabbed the bird and put it on the perch. The Travel Man said, "Thank you, sir I'm sorry that had to occur. At least the bird stayed handy, so we didn't have to search."

The Tinies then went on their way and Scouty shortly shouted "Say! It's mighty near to supper time and I am hungry, too. Let's find some little place to eat. I'd like dessert that's good and sweet." "All right," replied the Travel Man "That's just what we will do."

(The Tinymites leave Bombay in the next story.)

LAMESA HOLDS C-C DINNER

TWO HUNDRED FIFTY AT ANNUAL FETE ON THURSDAY

LAMESA, March 20.—(Special)—Annual banquet of the Lamesa Chamber of Commerce was attended by 250 persons in the social rooms of the Church of Christ here last night. The dinner was served by the women's auxiliary of the church.

Strange Is Speaker

W. T. (Tanlac) Strange of Big Spring, noted humorist and philosopher, was the principal speaker on the program. He spoke on "The Phenomena of Youth." Mr. Strange was introduced to the assembly by C. T. Watson, secretary of the Big Spring Chamber of Commerce.

The program for the evening was arranged by W. G. Weekes, chairman of the entertainment bureau of the Lamesa Chamber of Commerce. The toastmaster for the occasion was Walter Evans, county agent. Mr. Evans was presented by W. K. Crawley, president of the Lamesa Chamber of Commerce.

Music Is Heard

Invocation was said by Rev. J. T. Stricklin, pastor of the Church of Christ, immediately followed by a group song led by U. Z. Rogers, and music during the meal was furnished by the City orchestra under the direction of Conway King.

Introduction of out-of-town guests followed the banquet. Persons were present from Seminole, Big Spring, Lubbock and Tahoka.

B. Cherrod spoke for Lubbock, C. R. Dull, Gaines county attorney, for Seminole, Harvey Rix for Big Spring, and Truett Smith spoke in behalf of Tahoka.

Among other entertaining features were two readings by T. C. Branon, two musicals by the Blue Bonnet choral club under the direction of Mrs. A. G. Bansrd, and a stunt by Robert Kirk, county attorney of Dawson county.

After the introduction of the employees of the Lamesa Chamber of Commerce, the new and hold-over directors of the organization were presented.

Woman Allowed To See Her Children

CHICAGO, March 20. (AP)—Betty Robinson of the Illinois Women's Athletic club set two new world's indoor records and equalled a third at the American Institute of Banking indoor championships tonight.

Betty sprinted the 60 and 70 yard events for the record smashing times of :07 and :09 respectively, and stepped off the 50 yard race in :06 to equal the world's mark.

Claude Bracey, former Rice Institute flash, ran the 70 yard dash in :07 2-10 to win from Allen East, University of Chicago, and Don Bennett, of Toledo.

There are nearly 2,500 county farm agents in the United States.

DAILY MARKETS

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, Mar. 20. (AP)—Cotton had a fairly active but easier opening today. Cables were slightly lower than due and the census bureau's final ginning report showed 310,000 bales of 500-pounds less than the government's December estimate. This was about what had been expected and had already been discounted. Prices consequently eased off in the early trading owing to the easier cables and a weaker stock market. May traded down to 10.90 and October to 11.46, or eight to nine points below yesterday's close. This early dip attracted more or less trade buying and towards the end of the first hour the market rallied. May advancing to 10.98 and October 11.53, or seven to eight points above the earlier lows but still one point below yesterday's close.

The market ruled fairly quiet all morning with prices fluctuating narrowly within the early range. Traders apepared to be waiting on the weekly statistics which when issued near noon proved rather bearish, particularly the disappointing mill takings. The market, however, made little response, May trading near noon at 10.97, July at 11.20 and October at 11.50, or 2 to 5 points below yesterday's close.

NEW YORK REPORT

NEW YORK, March 20. (AP)—Cotton opened steady today, unchanged to 7 points lower, extending the losses to 7 to 12 points in the early trading. The day position declined to 10.91 and October to 11.44. The census bureau's preliminary report on the ginnings of the 1930 crop, indicating a reduction of 313,000 bales of 500 pounds from the December crop estimate, apparently was anticipated and failed to have any noticeable influence on values. Lower Liverpool cables and a noticeable absence of demand from the trade were considered responsible for the early reaction but the market recovered part of the losses on local buying which sent May up to 10.98 and October to 10.51. Liverpool cables that the market there had been influenced by hedging and continental liquidation with some trade calling on the decline and stated that the Manchester market was quieter with only a moderate turnover in cloths and yarns.

Rallies from early declines carried prices back to about the opening levels toward the noon hour. Trading was largely of a local character and selling was restricted owing to the steady ruling of the stock market and the absence of pressure from the south. May contracts sold up from 10.91 to 10.98 and October from 11.44 to 11.54, with the general market about 1 to 4 points net lower at around midday.

NEW ORLEANS OPEN

NEW ORLEANS, Mar. 20. (AP)—Cotton opened steady today:

March 10.81-bid May 10.97; July 11.23; Oct. 11.53; Dec. 11.70-bid; Jan. 11.79-bid.

Stock Market

WALL STREET REPORT

NEW YORK, March 20. —(AP)—Stock market quotations worked higher in the first few minutes today but at the end of the first half hour, much of the upturn had been lost.

A better than expected earnings report by Allied Chemical carried that issue up more than 3 points but it soon lost part of its gain. Other initial advances had ranged from fraction to about 1 point.

The gain of $94,000,000 in the weekly brokers' loan tabulation, the largest upturn in nearly a year, evidently caused a little uneasiness, although it was pointed out in banking circles that it need cause no alarm as evidently it reflected the shifting of balances incident to the tax payments and treasury financing. Loans made by non-reporting sources were apparently called to pay taxes and had to be replaced by banks, which brought them out in the weekly report.

Early advances of a point or so in American Can, Vanadium, Wrigley, McKeesport, and Columbian Carbon were soon modified.

General Motors rose fractionally to a new high for 1931, before the list eased off. Dupont, Westinghouse Electric, National Cash Register and U. S. Industrial Alcohol, lost about a point each.

Sterling cables, at $4.85 15-16, were off 1-16 from yesterday's final quotation of so.

Sterling cables, at $4.85 15-16, were off 1-16 from yesterday's final quotation of $4.86.

NEW YORK OPEN

NEW YORK, Mar. 20. (AP)—Cotton opened stead/ today:

March 10.85; May 10.89; Oct. 11.31; Dec. 11.71; Jan. 11.78.

Protests Soviet Act

Continental rumor has it that Mme. Krupskaya, above, widow of Nicolai Lenin, leader of the Russian revolution, and first head of Soviet Russia, has withdrawn from politics in protest against the removal of Alexis Rykoff as premier. She has been active in politics ever since her husband's death.

DOUBLES FINALS SCHEDULED TODAY

NEW YORK, March 20. —(AP)—Three Frenchmen and a lone American are involved in the doubles final of the national indoor tennis championships today while two more American stars are slated to clash in the semi-final of the singles for the right to tackle Jean Borotra, leader of the French cohorts, in tomorrow's singles final.

Only Clifford Sutter, young New Orleans player, is left to represent America in the doubles. With his French partner, Pierre Landry, he opposes Borotra and Christian Boussus of France for the championship. Yesterday Sutter and Landry were carried to five sets, three of them deuced, to beat William Aydelotte and Perrine Rockafellow of New York. Borotra and Boussus won in three sets from Berkeley Bell of Dallas, Texas, and Merritt Cutler of New York.

Grain Market

CHICAGO REPORT

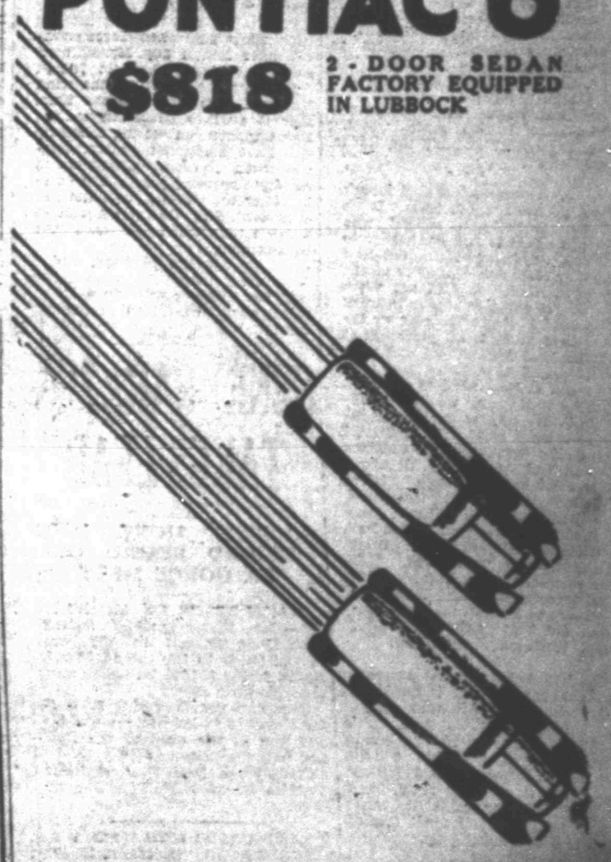

CHICAGO, Mar. 20. (AP)—Fresh downturns in grain prices today accompanied announcements that British mills hereafter would refuse to accept United States federal inspection certificates on wheat purchases. General rain and snow in Canada was an additional bearish factor. Opening 1-4c off to 1-8c up, wheat later showed other setbacks. Corn started 1-4 to 3-8c lower to 1-8c higher and subsequently sagged all around.

YANKEES TO DEPEND ON STEAM ROLLER TACTICS

OXFORD TEAM IS FAVORED IN RACE

Collier Parris

SPYING ON SPORTS

Clarence Hodges of Abilene, captain of the Texas Tech Matador cagers for the season just closed, gets the frosted door knob for sinking the greatest number of free shots during the 1931 season. With 54 chances, Hodges made 39 points during the season from the foul line. His reward is a miniature gold basketball, suitably engraved.

* * *

Ever hear of a school lettering a number of athletes less than the actual number of players required by rules and regulations on a team? It has been done, however infrequently, and there's a shade of chance that it will be done at Tech within the next few weeks. The 1931 basketball team of the local college possibly may be recognized by the awarding of only four letters. It is more probable, though, that eight men will receive letters. Four men have played consistently as to time and who have been recommended to the athletic council on that merit are Captain Hodges, Tad Tadlock, Leon Fisher and Harvey Dunn, Fisher at center, Tadlock and Dunn at guards and Hodges at forward have played within an hour of all minutes possible.

* * *

Four others have played more than a few minutes and are likely to receive honor letters. They are Crews, Moody, Baker and Kelsey. According to the custom of lettering athletes at Texas Tech, said athlete must have passed his scholastic work during the term following that in which he won the letter, so it will be some time during the latter part of the school year before the Tech cagers receive their sweaters. Then it'll be too hot to wear 'em and what good are they? But the method of awarding them is a good one—for the school.

* * *

Prexy Anderson, whose sport writing racket at Abilene continues without abatement or interference on the part of the authorities, picks the Philadelphia Phillies to win the National League pennant this year. Maybe he wasn't serious when he did the picking. At any rate Prexy must have had a bad night before picking the Phils. We may live to be surprised but count it hardly likely. It is with hesitancy that we predict the Brooklyn Dodgers to finish high in the National. The St. Louis Cardinals may be a little higher, however. As for the American league, who's to say nay to Connie Mack's outfit winning the rag again? Possibly the Yanks, answer we.

* * *

It is rumored that Lubbock High has a track team. It is hard to find an official who will admit it and it's harder to find anyone who can tell how they come out in practice meets, even harder to find out when they're going to appear in track meets. Early in the year we inquired as to track prospects at the local high school and were informed that there would be none, at least none to speak of. The next thing we knew Lubbock Westerners were going into a track meet with Littlefield on the following day. Lubbock won and we learned all about it even before Coach Pinkey Lowrey brought the scorecard down. There was silence, and then the rumor that Slaton had defeated Lubbock in a track meet at the Tech field. This department immediately started investigations and found the rumor to be well founded. Slaton did beat Lubbock, 74-73, last Wednesday afternoon.

* * *

Coach Lowrey did not announce the track meet before it happened, and there are those who suggest that Pinkey knew his team would be licked so he did not bother to advertise the meet. This column feels very friendly toward Pinkey, who really is a fine chap, and would like to champion his cause if only we could tell when one of his causes was coming up.

* * *

Pete Cawthon, Tech mentor, has been invited by Knute Rockne of Notre Dame to visit him at South Bend and look over the Ramblers as they went through the first spring workouts. Cawthon was due in South Bend today, but at a fairly late hour yesterday he had not departed from Lubbock. Should he visit the home of the Irish he undoubtedly would return home with some new ideas about spring football training, which will start at the local institution some time in April. The spring athletic program at Notre Dame is about as big as in any other season of the year, though national interest is not so great. It's a good time for young athletes to get in trim. They have more time and they are not under the fear of having to play a hard game the next day, therefore careful to do what's on the books even if scratches and bruises result.

Ultra violet ray lamps have been invented by a German physician to treat the interior of the human body, an attendant being able to watch the effect of the light on various organs.

MEN SLUGGING NEW BALL AS IN PAST

BABE RUTH IS AGAIN AFTER LEADERSHIP IN HOME RUNS

By ALAN GOULD

ST. PETERSBURG, Fla., March 20.—(AP)—In common with most of the other major league ball clubs, the New York Yankees are not interested in the movement to apply the brakes to the steam roller, power-plus type of games.

Marse Joe McCarthy's men are slugging the new ball with old-fashioned vehemence and results. Marse Joe expects them to flatten as much of the opposition as possible with base hits while he is tinkering with the pitching machinery to make it work. Babe Ruth, down to playing weight now, is intent not only upon regaining the home run leadership he lost to Hack Wilson in 1930 but in cracking his own major league record of 60 circuit clouts.

Depends On Power

The new ball and the new sacrifice fly rule may, over the season's stretch, cut down the batting averages but power, McCarthy believes, still will play a dominating part.

"Defensive baseball, whether it is in the box or in the field, continues to be an important factor in the success of any club," remarked McCarthy, "but can you show me any club in either league that is not trying to get more punch in its attack?

"The fellows coming up for the first time still are swinging from the heels and you don't see any of these old-timers trying to become choke-hitters. Maybe we have had too much freak slugging. Maybe the ball has been too lively for the good of the game but I think the majority of fans still like to see men like Ruth and Gehrig and Wilson give the ball a long ride.

"Anyone who thinks they are not going to do it with the new ball will find he is mistaken."

Too Many Slumps

The trouble with the main cogs of the Yankee attack in recent seasons has been the tendency of one or more to have an off-year due to injuries or a slump. Ruth and Combs skidded in 1928, Lou Gehrig had a bad season in 1929 and Tony Lazzeri fell off 51 points last year to a mere .303 at bat.

If this big four can all hit the high spots this season, the team will have few, if any hitting worries.

Whether Joe Sewell takes over the third base assignment or whether it goes to Lazeri, with Big Ben Chapman on second, the team will have additional punch down the batting order. Chapman, a steadily improving player, is a longer hitter than Sewell but not as consistent. Bill Dickey contributes a .340 wallop when he does the backstopping.

"If we get the pitching, and I have every reason to expect we will, the Yankees will win a lot of ball games," concluded McCarthy, conservatively.

GENE SARAZEN TAKES LEAD

GOLFERS MOVE INTO SECOND ROUND OF LA GORCE MEET

MIAMI BEACH, Fla., March 20.—(AP)—The winter golfing legions, with Gene Sarazen in the van, moved today to the second 18-hole round of the $15,000 La Gorce open championship event.

Sarazen's par-shattering 32-36-68 for the first 18-hole tour yesterday put him at the head of the field and won the prize of $100.

Craig Wood, Deal, N. J., and Joe Turnesa, Elmsford, N. Y., had scores of 69.

PITCHERS RELEASED

BRADENTON, Fla., March 20. (AP)—The St. Louis Cardinals yesterday announced release of three young pitchers, Dave Pruitt, Al Baker and Dalano Wetherall, to Columbus of the American association. It also was announced Infielder Bill Myers would be sent to Rochester of the International league.

MAX AND ART TO MEET IN RING

LITTLE ROCK, Ark., March 20. (AP)—The world's admitted (by himself) greatest first baseman, and the world's heavyweight boxing champion in some quarters, will observe the amenities here tonight.

Max Schmeling, here for exhibition purposes, will be introduced to Arthur Shires, prominent "I" and "me" man from the south.

Der Maxie and what-a-man will meet in the ring—a purely social meeting—for the benefit of fans. The great one has evinced no desire to revert to his one time pugilist role on the occasion of the meeting.

AROUND THE TRAINING CAMP CIRCUIT

MIX UP SPORTS

FORT MYERS, Fla., March 20. (AP)—Some of the Philadelphia Athletics are mixing golf with their baseball conditioning Jimmy Dykes was in the semi-rinal round of the Fort Myers Country club championships today after defeating Jimmy Foxx 4 to 3. Bob Grove and Mickey Cochrane are still in the tournament, but in the second flight.

PITCHERS WORRY SHOTTON

WINTER HAVEN, Fla., March 20 (AP)—The Phillies pitchers are giving Manager Shotton no end of worry. Shotton said today the five straight defeats of the Phillies in exhibition games bore a close resemblance to last year's debacles with the pitchers "blowing" leads almost daily.

YANKS READY TO START

ST. PETERSBURG, Fla., March 20 (AP)—If anything seems certain about the New York Yankees it is that they are ready to start the season at full speed. Usually rather late starters, Babe Ruth and Lou Gehrig are hitting well above the .350 mark. In the infield, Lyn Lary and Ben Chapman are hitting and fielding in almost mid-season form, and now Herb Pennock, whose 19 years of major league pitching might be advanced as a reason for taking plenty of time to get into shape, has started his twentieth season by pitching five innings and allowing the Cincinnati Reds only six hits.

PURE LAZINESS

FORT MYERS, Fla., March 20. (AP)—It was only through pure laziness that several members of the Brooklyn Robins didn't pay a visit to Thomas Edison here the other day. Fresco Thompson suggested it and Ivy Olson, veteran coach, chimed in:

"It might be a good idea at that. It will take an Edison to invent a new way to lose ball games. We know all the ways there are now."

JUST WASTED TIME

SAN ANTONIO, March 20. (AP)—The New York Giants have about decided the long hours they spent drilling on base stealing and other features of tight baseball in preparation for the use of the new National league ball were just wasted time.

"For three days I had heavy bunting and sliding drill," Manager John McGraw said. "Then we started against major league pitching and found last year's conditions. Runs arrived in batches and there was no sense bunting and trying to steal a single run. It looks like another season of the lively ball and big scores."

READY TO START

BRADENTON, Fla., Mar. 20. (AP)—Frankie Frisch, still the Fordham flash, although soon to start his thirteenth baseball campaign, is about ready for action. Late in reaching the St. Louis Cardinals' training camp here, the star second baseman announced today he would be ready for his first exhibition game Sunday or Monday.

PREDICTION WRONG

WEST PALM BEACH, Fla., Mar 20. (AP)—All the early forecasts of the St. Louis Browns were that the team would present a tight defense, but would be weak with the bat. Now it seems the reverse is true. Lately the Browns have been hitting the ball with considerable gusto but the defense has been guilty of many bobbles.

BATTING STILL GOOD

SAN FRANCISCO, March 20. (AP)—The delay of Adam Comorosky, Pittsburgh Pirate outfielder, in reporting because of a skin infection has by no means taken the edge off his batting eye.

In six trips to the plate during exhibitions, Commy singled five times and leads his mates in the batting averages with .583.

REDS TO RETURN

TAMPA, Fla., March 20. (AP)—The Cincinnati Reds have made arrangements to return to Tampa next spring for their training and President Sidney Neil indicated it probably would be made permanent later.

"BIG FOUR" CHOSEN

NEW ORLEANS, March 20. (AP)—The "Big Four" who will bear the brunt of the Cleveland Indians' pitching this summer have been tentatively selected by Manager Roger Peckinpaugh. They are Wesley Ferrell and Willis Hudlin, on the basis of their past records, and Clint Brown and Mel Harder, by virtue of their work this spring.

HARRIS PLEASED

SAN FRANCISCO, March 20. (AP)—Manager Stanley Harris of the Detroit Tigers is highly pleased with the showing thus far of Wally Schang, veteran catcher who is with the club without a contract. "He's going to give Detroit pitchers more assistance than they've had in many years," Harris said.

"RAJAH" ALL SET

SAN FRANCISCO, March 20. (AP)—Manager Rogers Hornsby appears all set for his starting lineup in the National league race and one of those in the battle line undoubtedly will be the "Rajah" himself.

All during the spring season, Hornsby has been holding down second and skimming around the bases and after grounders with no signs of a sore heel or other infirmities. He has been hitting hard, too, an unusual feat for Hornsby, who never was a spring hitter.

TO USE 3 PITCHERS

BILOXI, Miss., March 20. (AP)—Three of Walter Johnson's first-string flingers will be called on Sunday to unlimber further the knots in their arms in an exhibition game here with the Louisville Colonels.

Marberry, Crowder and Jones, after working out yesterday, reported to him they were ready to start their slants homeward, but Johnson intends to use each for only three innings.

THREE PLACES CLINCHED

PENSACOLA, Fla., March 20. (AP)—The Red Sox have been here one day short of four weeks and only three of the positions have been clinched. Sweeney at first, Rhyne at shortstop and Webb in right field seem sure of their positions but a wide open fight is still on for the remaining infield and outfield positions.

NOT SATISFIED

GALVESTON, March 20. (AP)—First base worries still haunt little Donie Bush of the White Sox.

Neither Rip Radcliff, the hustling young rookie, nor Johnny Watwood, the converted outfielder, satisfy him yet and he is looking about for more talent.

MAY SOLVE PROBLEM

ST. PETERSBURG, Fla., March 20. (AP)—Gene Hebert, formerly Holy Cross pitcher from Mechanic Falls, Me., and rookie pitcher at the Braves camp may solve a great deal of Bill McKechnie's mound troubles. Gene was a twirler of no mean ability out at the Worcester, Mass., college and he's developing into a big leaguer in good style despite his late arrival at the Tribesmen's camp.

ANNUAL EVENT ON THAMES SATURDAY

JOCKEYING FOR POSTS ON CAMBRIDGE CREW HELD HANDICAP

PUTNEY-ON-THAMES, England, March 20. (AP)—England's sportsmen put aside their daily tasks today and centered their attention on the traditional Oxford-Cambridge boat race up the Thames tomorrow.

On both sides of the river from Putney to Mortlake's brewery thousands will line the course and other thousands will pack trains pulled out on the bridges overhanging the four and one-quarter mile course.

Oxford Favored

Because of considerable jockeying for positions in the Cambridge eight racing experts give Oxford a bit of an edge over their rivals despite the fact the light blues have won seven consecutive victories in the annual series and lead, 41 to 40, in the 82 races rowed since 1829.

Oxford's crew remains virtually the same eight that stepped into the shell early in the season, while Cambridge coaches have altered men in positions and changed oarsmen in an effort to hit on a winning combination.

Wind conditions play an important part in the race because of the wide sweep made in the river's course which flows almost "U" shaped over a great part of the four and one-quarter miles.

Cambridge continued the popular choice today in the betting at 7 to 4 and 3 to 1 but rowing men believed the odds were unfair as Oxford has a really good crew while Cambridge hardly has reached the level of the 1930 eight.

The race will begin at 8:20 a. m., Central Time and will end about 20 minutes later.

Canada's gold output in 1930 totalled $4,193,296, an increase of $3,362,196 over 1929.

FIGHTS LAST NIGHT

(By The Associated Press)

SIOUX CITY, Ia.—Freeman Pepper, Sioux City, knocked out Billy Black, Chicago, (5). Jimmy Wilson, Sioux City, knocked out Kingfish, Omaha, (6).

MOLINE, Ill. — Young Jack Thompson, Los Angeles, knocked out Larry Kid Kaufman, Louisville, (3). Batting Bozo, Birmingham, outpointed Jack Barry, Chicago, (10).

STATES LIVELY BALL MYTH

E. S. BARNARD SAYS NEW REGULATIONS WILL BE HELP

PENSACOLA, Fla., March 20. (AP) — The so-called lively ball is a myth, the new rule governing sacrifice flies will bring batting averages down to where they should be, and the new regulation forbidding signing of sand lot ball players by the majors will help both the major and minor leagues, E. S. Barnard, president of the American league, believes.

"The new ball that goes into use this season will, in my opinion, have little effect on the players' averages," Mr. Barnard said as he arrived here to watch the Boston Red Sox in spring training.

"In fact we were not even going to say anything about a chance and permit the players and public to discover the difference, if any, themselves. However, the National league announced the new ball at its meeting.

Visits Clubs

Speaking of the prospects for the coming American league season, Barnard said he had visited quite a few clubs and followed the fortunes of others.

"I fail to see where the Athletics, Yankees and Washington, top notchers of last year, have improved. They haven't added any talent.

"On the other hand, the lower clubs have strengthened considerably. Cleveland has added several good pitchers. Detroit has a well balanced hurling staff. The White Sox have improved greatly and the same goes for the St. Louis Browns.

"I looked over the Red Sox today and Bob Quinn has assembled a team with great possibilities."

YESTERDAY'S ANSWER

SWEETWATER MAN IS FOUND GUILTY

(Special To The Journal)

TAHOKA, March 20—J. R. Webb Sweetwater, has been found guilty in district court here of driving a car in Lynn county while intoxicated. He was assessed 90 days in jail and fined $175.00. Webb and a companion, while driving along Highway 9, north of Tahoka, ran into the car and trailer of H. R. Tankersley, Lynn county farmer. He was charged with drunkenness and indicted by a grand jury.

F. M. Roberts, Lynn county farmer charged with the manufacture and possession of intoxicating liquor following a raid on his home west of Tahoka, was found not guilty.

On his third trial during this term of court, L. O. King, Vernon, was found guilty and given a five-year suspended sentence for the theft of household goods valued at more than $50.00. In two previous trials juries were unable to agree.

Aaron Warrick, charged with theft of two hams, pleaded guilty and was given a three year suspended sentence.

NAMED SCOUTMASTER

TAHOKA, March 20. (Special) — O. A. Brasfield, local lumberman, has been selected as scoutmaster of troop 21 of the Tahoka Boy Scouts, according to D. T. Jennings, Lubbock, district scout executive. An assistant scoutmaster will be selected soon for troop No. 40, of which W. S. Anglin is scoutmaster, he says. A new troop committee is also to be selected by Truett Smith, president of the Kiwanis club, sponsors of scout work in Tahoka, for the latter troop.

A four-year course in physical education leading to a bachelor's degree has been instituted at St. Louis university.

Crops raised on the Robertson county, Texas, poor farm in 1930 gave the institution its most profitable year.

WRITING HISTORY

TAHOKA, March 20. (Special) — M. L. H. Baze, former superintendent of schools at Tahoka and a graduate student in Texas Technological college, is writing a history of the Lynn county schools as a thesis required to procure his M. A. degree.

Destruction of the North Dakota statehouse by fire has led to a move to make the Texas capitol fireproof.

FORCED DOWN SCANTY MEALS

Black-Draught Benefited Kentucky Man Who Had Been In Poor Health.

Georgetown, Ky.—Believing that an account of his experience might be of assistance to people suffering from complaints which Black-Draught should relieve, Mr. G. E. Penn, 115 Stone Ave., this city says: "In regard to Black-Draught, I want it known what it has done for me and how thankful I am. "For several years, I had been in poor health. I could not eat and did not relish the small amount of food I managed to force down. I had no energy, was tired all the time, also troubled with constipation. I fell off in weight from 187 to 145 pounds. "I was telling a friend of mine how I felt, and he told me he had been in the same fix and advised me to try Black-Draught. This I did, and you do not know how much better I feel in every way. I can eat three square meals a day. I feel like a man 20 years old instead of 60." This well-known medicine has been in use nearly 100 years, and its popularity is constantly increasing, as growing sales clearly prove. Costs only 1¢ a dose.

Rates, Rules and Requirements of Classified Advertising Of The

Lubbock Daily Journal (Afternoon)
Lubbock Morning Avalanche (Morning)
Sunday Avalanche-Journal (Sunday Morning)

All classified advertising will appear in both the Morning and Afternoon papers—both papers counting one insertion. All classified advertising is printed in the Lubbock Morning Avalanche first and the Daily Journal of the same date, no classified originating in the afternoon paper.

Classified for Sunday's issue will appear in the Avalanche-Journal counting one insertion, as this paper is sent to all subscribers of both the afternoon and morning papers.

AVALANCHE-JOURNAL Combined Rates:

Minimum words, per insertion, 10.
One insertion, per word 4c
Two insertions, per word 7c
Three insertions, per word 9c
Seven insertions, per word 12c
Thirty insertions, per word 40c

These rates are for consecutive insertions only. Additional consecutive insertions over 30 times, of 1½c per word each.

All out of town ads, received by mail must be CASH with order. No exceptions.

PHONE 13 or 14

Our experienced ad taker will receive your ad and help you to word it, then our collector will call the following day. These accounts are "accommodation accounts" for our patrons and for one day only. No "accommodation" accounts carried on "until further order." A specified number of insertions must be given.

We reserve the right to place an advertisement under the proper classification and reject unclean or objectionable copy.

Obituaries and cards of thanks at regular classified advertising rate.

The publishers are not responsible for copy omissions, typographical errors, or any unintentional error that may occur further than to correct it next issue after it is brought to their attention. All advertising orders are accepted on this basis only.

Classified Advertising accepted until 9:30 A. M. on week days, and 5:30 P. M. on Saturdays, and all advertising received after 5:30 P. M. will be placed under "Too Late To Classify."

For classified display advertising information,

PHONE 13 or 14

TO DISCONTINUE AN AD

Notice to Discontinue An Ad must be given after 8 A. M. and before 5 P. M. to staff member of the Classified Advertising Department. We cannot be responsible for notices given before or after these hours, and to a member of every other Department.

Opening of a new tube railway in London, may increase the value of adjacent land from $6.00 to $8,000 an acre.

Defines Depression

This present world-wide depression is described as "a commodity price decline, in terms of gold," by Lord Francis Barnby, British banker and member of the house of lords, upon his arrival in Los Angeles, from New Zealand.

ANNOUNCE TAX COLLECTIONS

TOTAL OF SECOND DAY HIGHER THAN SAME DAY LAST YEAR

WASHINGTON, March 20. (AP)—Income tax collections for last Tuesday were $48,129,417 as compared with $32,158,048 on the second day last year.

The collections for last Tuesday brought the month's total to $106,-234,321 as compared with $109,346,-894 in the same period a year ago, and the total since last July 1 to $1,-277,685,746 as compared with $1,352,-300,152.

The treasury's security sales Monday were reflected in the Tuesday statement. It showed $1,581,742,150 had been received from public debt transactions. Expenditures due to retirement of public debt totaled $1,-207,000,000, leaving the treasury on that day with a net balance in the general fund of $716,542,294.98.

The treasury deficit however dipped to $738,156,522 as compared with $487,515,713 the previous day, because of the allocation of $226,650,-000 to the war debt retirement sinking fund.

This brought the total in that fund to $391,660,000, compared with $290,514,960 in the fund on the same day last year.

TO EXTEND ROUTE

SLATON, (Staff Special)—Rural route No. 1 of the Slaton postoffice will have an extension effective as of April 1, Marvin Jones of Amarillo, congressman from this district, has advised A. J. Payne, secretary of the chamber of commerce. Twenty families will be served by the additional six miles of route that will be added the first of the month.

An all-glass house that is asserted to exclude air, dust and bacteria has been built by a Japanese scientist, ventilation being provided by air pumped from a distant point through filters.

A Group of Hosiery Calculated to Supply Every Need

In this fine store we possibly give more thought to hosiery than any other single department. Hose to be correct must be in just the right weight—in just the prevailing shade—different almost every month—in a range of prices to suit each budget. Consider this assortment.

Proper Sheer Chiffon Hose

$1.95 $2.45

Fine extra sheer chiffon hose—wonderfully even in weave—fine enough to compliment the sheerest gown—in new light spring shades — priced pair ---------- $2.45

All Silk Chiffon Proper Hose—a number priced in past season's $2.45—in all the light new tan tones of spring—priced now pair only ---- $1.95

Munsing Chiffon Weight Hose

$1.49 $1.95

A new number in super twist fine chiffon comes from Munsing. An all silk picot top in a fine sheer weight—a hose famous for long wear—new shades—priced ---------- $1.95

Munsing Sheer Chiffon weight hose—a quality priced last season at $1.95—in a new and improved finish and in all the new spring shades. Pair ---------- $1.49

Pexdale Silk Sealed Chiffon Hose $1.95

Wonderfully sheer—exceptionally even in construction—a special "silk Seal" patented process to insure extra wear—Frankly here is the most outstanding hose we know—one that is at once lovely in appearance yet long-wearing in service. New Spring shades are here too—pair ---- $1.95

Hemphill-Wells Co.

THIS "CHILD PRODIGY" GROWN UP, WARNS PARENTS AGAINST TRYING TO MAKE GENIUSES OF YOUTH; RECALLS HER CAREER

—BY JULIA BLANSHARD—
NEA Service Writer

NEW YORK.—A child prodigy who has matured into genius and yet who is bitterly opposed to letting children be made prodigies—

An artist who does not believe in temperament—

A home-maker who yet has time to practice from four to six hours daily at her piano—

A mother who can eat Sunday dinner complacently with her husband and children and then dash into a glamorous gown and play exquisitely at a concert before the King—

That is the charming contradiction personified in a visitor with us from London this spring, Effie Kalisz, noted Anglo-Polish pianist, who is here on a concert tour.

Twenty-five years ago little Effie Kalisz, at the ripe age of six, made her debut at the old Steinway Hall, London, when she was so tiny that she had to stand up so her feet would reach the pedals!

By the time she was 10 she gave an important recital, and her "technical mastery" and the "intellectuality of her playing" were lauded roundly in the press notices now yellow with years.

Today, though at 30 she seems to have realized the things women desire of life—fame, beauty, a devoted husband, two handsome growing boys—Effie Kalisz argues convincingly against the system of making prodigies out of children that show talent. Her own experience backs her.

Her Children Are Talented

"Both of my boys are talented in music," she stated. "One of them played before Paderewski at the age of six. But I remembered my childless youth and they were sent to school with boys their own age instead of being pushed into being prodigies.

"I had such an unhappy childhood myself. I never had a doll, never had a toy, never even had a picture book. Everyone gave me classics! From the time I was six and my parents put me into a musical conservatory for intensive training, I practiced from morning until night, with no relaxing play before going to bed at seven, so that I might get up again at six and start practicing. When I was 10 I went to study with Mathilde Berne, famous pupil of Schumann, living there for four years, continuing relentless musical study and practice and giving concerts in England and on the continent I was pushed too hard, and when I was 14, I closed the piano and went home, refusing to open it once for the next four years."

It was during this period of "musical strike" that Miss Kalisz met her husband and became engaged, at the age of 16. They were married when she was 18 and she had her first child when she was just 19.

An Old Fashioned Parent

"My babies made up to me for all the dolls I never had," she said. "I was a most un-modern mother, I am afraid. I made every single stitch of their little clothes, loved doing it, and I rocked them, sang to them, babbled baby talk to them, treated them exactly the way most little girls treat their dolls. And how I loved them! There will be time for them to learn their music after they have romped their way through cricket and other healthy, gay, outdoor sports. I want them to have every bit of happy childhood that I missed."

Of course Effie Kalisz has had a richness of experience she probably would hate to relinquish. There were those years when she assisted Lady Elizabeth Bowes-Lyon, now Duchess of York, and her brother David, at their music studies at the conservatory. She played with many of the most famous European orchestras. She has the honor of being the only woman on the Music Committee of the London Faculty of Arts.

Today, Mrs. Kalisz is an active home-maker and good wife and mother, in addition to four hours' daily practice, her concerts and keeping an alert eye on her boys' education.

"I'm hopelessly domestic," she confessed. "I love to sew and cook, though I do relegate most of those things to servants. I am fortunate in having a husband who is a real artist, appreciates music just as much as I do, and encourages me in every way."

Effie Kalisz is shown above as she appears today, a distinguished pianist, and at the right as she looked at the age of 10 when she was famous as a "child prodigy."

GIRLS' TOURNEY SETS ENTRY MARK

DALLAS, March 20. (AP)—The fourth annual Girls' National American Athletic Union basket ball tournament here next week has shattered all previous entry records. Official entries will be approximately 37 teams with 32 teams entered and ready to play. Drawing will be made Saturday night. It will require two days to play off the first round in the championship flight.

The Detroit Wolverines and Girls' Sport club of Kansas City entered the tournament today. Detroit is reputed to have one of the strongest teams in that section. The girls' Sports club holds the Missouri Valley A. A. U. championship. At least nine states, Kansas, Texas, North Carolina, Colorado, Oklahoma, Michigan, Mississippi, Arkansas and Tennessee will be represented. The executive committee has announced entries will close Saturday at noon.

By use of light green Mohair with unusual sheen, a Chicago movie palace has made its seats visible "in the dark." A figure pattern catches and reflects any ray of light.

NOTES PUZZLE TO SLAYING PROBERS

SAN DIEGO, Calif., March 20. (AP)—Investigators tried today to determine whether the person who had written them notes confessing the brutal slaying of Virginia Brooks was a clever criminal or a crank.

A note signed "The Doctor" was found Tuesday under the door of a gasoline service station near the place where the 10-year-old girl disappeared on her way to school February 11. Detective Lieutenant George Sears said then he placed little credence in the note but after a second note was received yesterday, containing a threat to kidnap another girl to prove the criminal's "superiority", he said the messages would be closely investigated.

The first note boasted the writer had "committed the perfect crime."

Slayers Of Two U. S. Women Are Caught

NANKING, March 20. (AP)—The slayers of Mrs. Vera White and Mrs. Victoria Miller, American missionaries, at Yunnanfu Sunday night, have been captured by provincial authorities, the foreign office was informed today.

The two women were killed in their sleep while their husbands were absent from the Seventh Day Adventist mission at Yunnanfu. Mrs. White's home was in Battleground, Washington, and Mrs. Miller's home was in Spokane.

Age Is No Barrier To Cupid

Age has not been a hindrance to the romance of William J. Jackson, 65, of Los Angeles, and Willie Mays Reynolds, 56, of Culver City, Cal. Although they decided to visit various points along the Gulf of Mexico on their honeymoon, Miss Reynolds added, "I haven't made up our minds yet if we will drive or go by boat."

RESINOL STOPS THE ITCHING OF ECZEMA

Don't endure the torment another day. Just get a jar of Resinol Ointment and a cake of Resinol Soap from your nearest druggist. Bathe the affected parts with the soap and warm water, dry lightly, and apply the ointment. That's all there is to it but you will be amazed to see how quickly the itching stops, the inflammation is reduced, and healing begins.

FOR FREE TRIAL

Neighbors Funeral Was Held Thursday

Funeral services for Omer Neighbors, 50, who died Wednesday at his home at 704 Avenue K after an illness of two weeks, were held at Vernon Thursday.

Burial was there. Bynum Morgan Funeral home sent the body to Vernon, Wednesday.

Mr. Neighbors is survived by five children, Mrs. Frank Lovelace, Mrs. Cliff Elliott, Miss Carthal and Melbo Jo Neighbors of Lubbock, and Miss Mouell Neighbors of Vernon.

GIVEN NEW HOME

SLATON (Staff Special) — The two troops of boy scouts here have been given a new home by the Panhandle Lumber company through John D. Frye, manager. The room located at No. 20 Texas avenue is being overhauled and will be ready soon. The troops will have free water, gas and lights. R. D. Griffin and L. B. Hagerman are the scoutmasters.

70 FAMILIES AIDED

O'DONNELL (Staff Special) — Approximately 70 families here are being cared for by the Red Cross, Rev. W. O. Parr, local chairman, says. At one time there were 169 families being aided by the organization, with help from Southwestern headquarters at St. Louis. Owing to the fact that many farmers have received federal drouth checks, the number of people to receive aid has been reduced.

Approximately 9,000,000 pesos will be spent in the Philippines this year in public improvements and road building.

SELLS DICKENS FARM

SPUR—(Special)—J. W. Davis, who owns a farm just north of Spur, has sold a 102 acre tract to A. P. and Val Smith of Pampa. The farm is along Duck creek. The SmiThs are starting the erection of a six room modern farm home and will move onto the place as soon as it is finished. The sale was for cash, it was reported.

Forty Northern California "miner's inches" of water are equal to 56 Southern California "miner's inches" of water, according to law.

AFTER THE "FLU"—

Regain Strength

Take a bottle of Grove's Tasteless Chill Tonic—a correct combination of tasteless quinine and iron—and quickly feel the satisfaction of returning appetite and renewed health. It is one proved sure, safe and pleasant way to recover strength and vigor after a siege of the "flu."

The combination of quinine and iron is the best known rebuilder of rich red blood.

The confidence of three generations of users is the best guarantee of its fine tonic value.

GROVE'S TASTELESS CHILL TONIC

By treating their seed with radio waves, a German scientist has succeeded in producing certain vegetables in half their normal time, even when they are grown in poor soil.

Suffering Of Years Ended

More Grateful Words Of Praise Are Won By Konjola — Read These Experiences.

After all, life teaches no more valuable lesson than that we profit by the experience of those who know, by actual test, what Konjola can do in the relief of ills of the stomach, liver, kidneys and bowels, and of rheumatism, neuritis and nervousness.

Mrs. Allene Tipton

See what Konjola meant to Mrs. Allene Tipton, 2311 Broadway, San Antonio. She says: "For five years I had indigestion and neuritis, and was about to give up in dispair. Improvement began with the first bottle of Konjola. I have taken three and am greatly improved in every respect."

And see what Konjola did in the stubborn case of Mr. T. A. Wilkinson, 1109 Johnson street, Amarillo, who says: "For fifteen years I endured stomach and kidney troubles. I had to get up several times every night, and I always felt tired and worn out. My back ached and I could not eat solid foods. But since taking Konjola it is a different story. I certainly wish I had found this wonderful medicine years ago."

Mr. T. A. Wilkinson

Mrs. Ella Mae Ivey

And how happy she found Konjola is Mrs. Ella Mae Ivey, 230 San Pedro avenue, San Antonio. She declares: "Three years ago I began suffering with my stomach. Nausea and vomiting followed meals, and I bloated frightfully. I had terrible headaches and dizzy spells. But after three weeks with Konjola I can not say too much in praise of this medicine. I am better than in years, and have gained weight."

The files of Konjola fairly overflow with such words of endorsement. Buy Konjola in any drug store and do not accept a substitute.

RIDE HOME WEDNESDAY NIGHT, MARCH 24TH IN THE AMERICAN AUTO

ECONOMY IS ESSENTIAL

Economy in the use of Natural Gas is essential as a means of keeping gas bills down.

Economy does not mean stinting. It means using only what is needed to perform useful heating and cooking operations and to check all waste.

The more miles an auto may run on a gallon of gasoline, the greater the fuel efficiency. When the auto engine is allowed to run without moving the machine there is no fuel economy nor efficiency.

When Natural Gas is allowed to burn without performing some useful heating operation, or when it is allowed to leak at fittings and valves, there is absolute waste.

Send for a Service Man to adjust your gas appliances and test your lines.

WEST TEXAS GAS COMPANY
