

Deposits Show Olton On Move, Outlook Good

Another sign that Olton is on the move showed up emphatically this week in a comparison of bank deposits now and a year ago.

Deposits at Olton State Bank reached \$7,714,112.67 at year end, and all-time record for an end-of-the-year report.

Olton State and Security State of Littlefield were the only two banks in the county to chalk up gains from last year.

Security State was up a million dollars to \$10.8 million and Olton State rose three-quarters of a million from the record \$6.95 million at the end of 1962.

New figures rank Olton State right along with First National of Littlefield, both at \$7.7 million at the end of the year.

Owen Norfleet, president of the Olton bank, is looking forward to a good year in 1964.

"We are optimistic and have strong faith that 1964 will be a good year both locally and nationally," he said.

On the local level, he noted: "We at the bank are proud of the general program in our town and community. There are several business expansion projects on the drawing board or under construction.

"This, along with the steady increase in population, is a pretty good barometer of improving circumstances."

Pointing out that there are increasing challenges brought on by the cost-price squeeze in the field of agriculture, the

area's main industry, Norfleet said:

"It is more evident that the hard-working, able business man will be the one to best survive and benefit from our progress potential."

"We see definite signs of careful planning and alert attention to the investment details for our 1964 crop year, which if followed diligently, will help offset our increasing production costs against declining produce markets."

Chitwood, Sherman Buy Agency

Rex Chitwood and Basil Sherman announced this week that they have purchased Granbery Insurance Agency, which will be combined with Chitwood Insurance.

Chitwood and Sherman each have a half interest in the new firm which will operate as Chitwood Insurance until business matters are consummated. It will later be known as Chitwood Sherman Agency.

The firm will be located in the building being occupied by Granbery Agency.

Roy Granbery has operated his agency here for 34 years. He will be in the office until June 1 to take care of income tax customers, as he has in the past.

Chitwood, a native of Olton, has been in business here for the past four and a half years. Prior to that, he was an insurance agent in Lewisville.

He is treasurer for the ORC, a member of the Lions Club and Masonic Lodge and a director of the CC-A.

Members of the Methodist Church, he and his wife, Katie, have two children, Mark, 11, and Kay, 7.

Sherman went into the grocery business here in 1950. He sold Sherman Food in October, 1963.

He is president of the CC-A and a member of the Lions Club and Masonic Lodge.

Members of the First Baptist Church, he and his wife, Ruby Lee, have two children, Rusty, 17, and Mrs. Edward Feathergill, Richardson.

Capital Hiked At Hart Bank

The steady growth of Farmers State Bank of Hart since its beginning six years ago was reflected this week by an increase in its capital structure.

President Norlan Dudley announced that certified surplus of the bank has been increased \$50,000, bringing total capital structure to \$150,000.

Dudley also announced the elevation of Kenneth Warren, 26, from cashier to vice-president and cashier.

O. D. Dinwiddie, vice-president (inactive), was named vice-chairman of the board of directors.

Warren, a resident of Hart the past 16 years, has been with the bank since its opening in December, 1957. Prior to that he was employed by Farmers Grain Co. of Hart before becoming a bookkeeper at the bank.

Dudley said he anticipates deposits of the bank will hit a peak of about \$2,500,000 in January.

Total deposits at the end of 1963 were \$1,818,279.80, compared to \$1,535,079.65 at the end of 1962.

PTA Meeting Is Set Tonight

Curtis Wilkinson, Littlefield, county attorney, will be main speaker at PTA tonight at 7:30 in the school cafeteria.

Wilkinson will speak on "Wise Spending of Family Income."

Mrs. Winston Bley will be leader of the program and invocation will be given by Raymond Carson.

Students will present musical selections.

LEARNING TO WALK---Four-year-old Robin Brown looks pretty happy about the whole thing as he 'practices' walking at a Lubbock treatment center. Robin was injured in a car accident here in 1961.

Robin's Progress Called 'Miracle'

"It's just a miracle, that's all."

This is the way Mrs. Wanda Brown describes the progress of her 4-year-old son, Robin, who was severely injured when he was hit by a car here June 4, 1961.

Little Robin was 19 months old when he was hit by the auto. He was in the hospital five months and 11 days.

"You know, the doctors gave us little of no hope for his recovery," Mrs. Brown said, adding:

"And they said if he did recover, he would probably never walk or talk."

She then proudly points to a prize possession, a picture proving Robin can now walk with only a little assistance.

"He can really go between those bars," she says, "and he can walk without them, too, if we just hold his arm a little bit."

Robin is a patient at the Lubbock Cerebral Palsy Treatment Center.

Cerebral palsy is defined as a paralysis caused by brain damage.

Dr. Estelle Snell, a doctor at the clinic, explains it this way:

"The person with cerebral palsy may have good ability to think but poor ability to control muscles. Children may be born with cerebral palsy or it may be caused by a severe head injury or an illness in which the child has a very high fever."

"Treatment is most effective if started soon after the injury or illness resulting in cerebral palsy, or within the first few

weeks of life, if the child is born with cerebral palsy."

Mrs. Brown feels that Robin is quite mentally alert.

"He understands everything we say to him," she says. "And he can talk, too, when he wants to," she adds, noting that he is in "that stubborn stage" now.

"I think he could talk more if he just wanted to," she says. Robin's mother and father are pleased with Robin's progress at the clinic.

"Dr. Snell and her staff accepted the challenge which our son's condition offered and, through their skill and patience, they have brought about miraculous progress which is easy for us to see," Brown says.

The clinic has been in operation 16 years and has served over 2000 individuals from a nine-state area.

It is sponsored by the Lubbock Rotary Club and the Lubbock County Society for Crippled Children.

GRID BANQUET

IS JAN. 20

The annual banquet honoring Olton Mustang footballers is scheduled Monday Jan. 20, at 7:30 p.m. in the school cafeteria.

Max Bumgardner, coach at San Angelo College, will be the principal speaker.

Tickets may be purchased from members of the Olton Quarterback Club, which is in charge of arrangements for the banquet.

Sherman Is Elected To Head Olton C-C

Member Campaign Planned

"The only asset the Chamber of Commerce and Agriculture has is cooperation and we're not going to get anything done without it."

This is the way that Basil Sherman, new president of CC-A, expressed himself on Chamber work at a board meeting Tuesday morning.

"It is an honor to be elected," Sherman continued, "and I am looking forward to one of our best years."

"Of course we have to have money to pay our own way," Sherman said, "but without the cooperation of members, we can do nothing."

The new C-CA president said he believes the Chamber has a strong program of work this year and that the number 1 project on the list---the Highway 70 widening project---is most important.

"All I ask is cooperation from the members. If we get that, we'll have a good year."

George Redinger, out-going president, expressed his appreciation for the help he had received during the past year.

Other new officers are Doug Jones, vice-president, and Bill Walden, secretary-treasurer.

New directors are Rex Chitwood, Louis Hair, Willie Gene Green and Doug Jones. They replace Ed Thompson, James Cowart, Basil Johns and Owen Jones. Also going off the board is James Hall, a past president.

All presidents serve one year on the board after their term of office.

Dan Gregory was elected to the executive board and will serve with the three officers and Redinger, immediate past president.

Other board members at the meeting included George Cadell, Johnny Clark and Walter Lewis.

A report was given on the membership drive which starts Jan. 17 with a kickoff breakfast and ends Jan. 31 with the CC-A banquet.

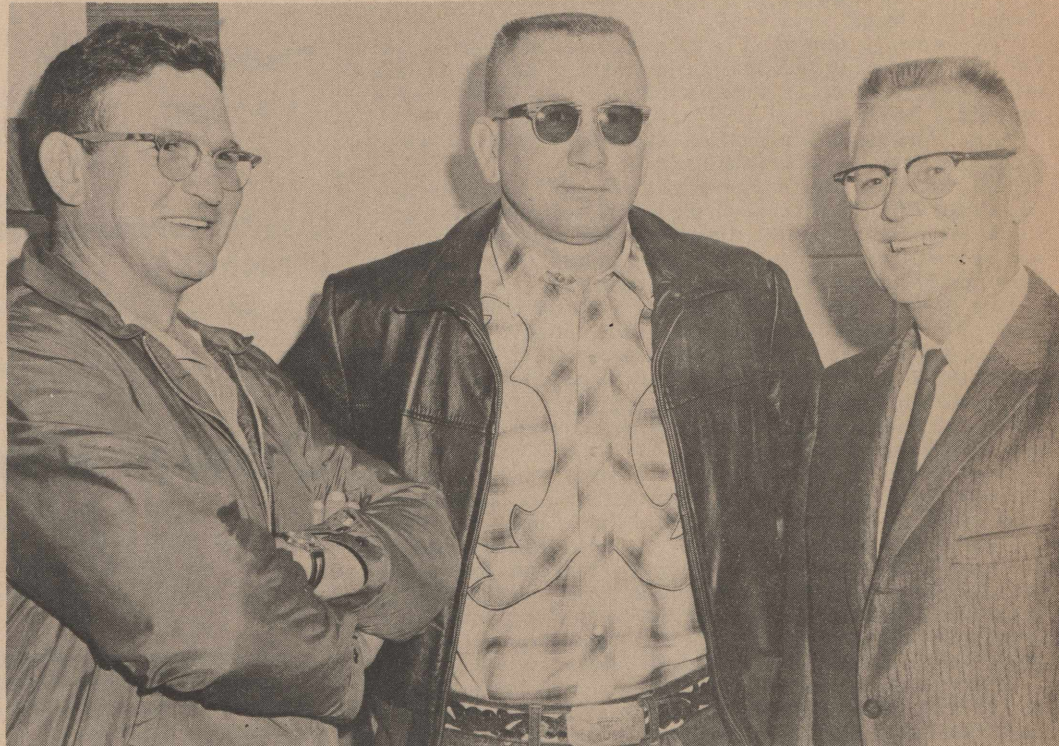

The organization hopes to secure 64 new members. They have 99 now, with 37 farmers, 13 individuals and 49 businesses.

"I believe there are more than 125 businesses in Olton," Melvin McReynolds, manager of CC-A, said Tuesday.

Charlie Young, manager of the Plainview Chamber, will speak at the kickoff breakfast. Rex Chitwood and Eldon Franks are heading the membership drive.

Dan Gregory gave a report from the agriculture committee on the possibility of securing tomato acreage contracts for this area.

Bill Walden, chairman of the banquet committee, said this week that four tickets to the banquet will be sent to each member to either buy or sell. Tickets sell for \$2.50.

NEW OFFICERS of Olton Chamber of Commerce and Agriculture as shown above are Basil Sherman, right, president; Doug Jones, center, vice-president; and Bill Walden, secretary-treasurer.

Olton Postal Receipts Strike All-Time High

Olton Post Office, expected to move into a new building by May 20, has come a long way since 1949. Postmaster I.B. Holt's first year.

Total receipts at the end of 1949 showed \$9,100. At the end of 1963, they showed \$35,452.10.

This figure, released this week by Postmaster Holt, represents a new record in receipts for the Olton Post Office.

The old record was in 1961 at \$30,362.01. Receipts for 1962 came to \$30,005.30 and did not top the previous year.

In 1949, the office employed a postmaster and two clerks. At the present time, the post office has a postmaster and three clerks, one of whom is not full time.

The greatest increase in revenue in the year just past was in first and fourth class mail, according to Holt.

These figures do not include non-postal stamps or money orders or fees. The office issued \$206,036.09 worth of money orders last year with total fees amounting to \$2,624.55.

Largest period for money orders was between June 22 and Oct. 11, when the figure reached \$75,506.53 for that period alone. This was partially due to the cucumber harvest and the extra number of farm hands in the area at the time.

Although postal receipts are not broken down by months here, December is the big month for the office.

From Dec. 10 to 24, the office handled 50,000 pieces of outgoing mail and, according to Holt, they handled "at least that much or more" in incoming mail.

Registered mail has jumped from 120 articles in 1949 to 2951 in 1963.

Bill Carson Named To National Team

Billy Carson, 180-pound Olton Mustang who excelled on both offense and defense, has been named to a national All-Church football team by Stride Magazine, youth publication of the Reorganized Church of Jesus Christ of Latter Day Saints.

Billy, son of Mr. and Mrs. Raymond Carson, was the only Texan on the team.

The Church's "All-America" had representatives also from Missouri, Illinois, Iowa, California, Kansas, Minnesota, Mississippi, and Michigan.

The magazine said "competition for positions was stiff," and the selection represented an attempt to pick the 11 best high school players in the church from across the nation.

In its description of Billy, the magazine cited the 18-year-old Olton youngster's outstanding line play throughout the year.

Carson, who has attended Olton schools since the first grade, was a varsity letterman three years and a starter for the past two years.

He plans to attend Oklahoma State University at Stillwater after completing high school next May.

BILLY CARSON

Candidates Get On Dotted Line

With Feb. 3 set as a filing deadline, political candidates in the county began making formal announcements this week.

Sheriff Dick Dyer, Littlefield, has announced he will seek re-election and his statement is being published in this issue.

Two other incumbents have announced for re-election. They are Herbert Dunn of Littlefield, county tax assessor, and A. J. Spain, commissioner. Their formal statements will be made at a later date.

Only other county office up for election is the county attorney's post and incumbent, Curtis Wilkinson of Littlefield, has not indicated his intentions as yet.

On the district level, District Attorney Jack Young of Muleshoe has said he will seek re-election.

A brief summary, extracted from the Texas Election Laws, lists what must be done on the political scene, and in what order.

Feb. 3--Deadline for candidates to file.

Feb. 3--Candidates must pay county assessment committee a deposit of \$50 at time of filing.

Feb. 6--State chairman files list of all candidates whose applications were filed before

deadline to Secretary of State.

Feb. 6--County chairman files list of all candidates whose applications were filed before deadline with county clerk.

Feb. 10--County executive committee meets to apportion cost of primaries among candidates.

Feb. 11--County chairman mails each candidate a statement of his assessment with request that he pay the same to county chairman.

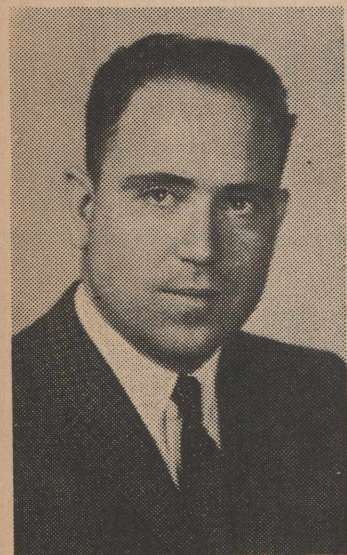

Feb. 15--Candidates deadline for paying assessments.

March 2--Only if candidate dies after the deadline for filing, new applications by candidates may be filed.

March 5--State chairman notifies all members of the committee and state candidates of the time and place of state executive meeting.

March 9--State executive committee meets and certifies to county chairman the names of state candidates. At this meeting, the committee also decides upon the hour and place of the state convention to be held on the third Tuesday in September.

May 2--First primary.
June 6--Second primary.
Nov. 2--General election.

Let George Do It

It was Louis the Seventh of France back in the fifteenth century, who said of his prime minister, "Let George do it; he's the man of the time." Now, it's simply, "Let George do it, I haven't the time!"

George never misses an opportunity to further his cause. Recently he sat down and wrote the following letter:

"Dear American:

"My name is George. I'm an all-around handy-man, and I'd like for you to feel free to use my services for any and all chores, errands or duties which you may be too busy to perform.

"Any time there's something that needs doing and you'd rather not, you just let old George do it.

"I'll write to your congressman for you; I'll write your newspaper editor; I'll serve on the school board in your place; I'll do anything you're too tired or to preoccupied to do. With me around, you can be as lazy as you like. Or you can just have fun. The more the merrier, I always say.

"My services are available to you for all the tedious, time-consuming things which you'd rather duck doing.

"You haven't time to vote. Just let George do it. No time for jury duty? I have. There is certainly no need for you to concern yourself with attending union meetings. You don't want to accept committee assignments and extra responsibilities, anyway. Let George do it.

"Now, you ask, why should you leave important jobs to somebody you've never met? Well, that's a reasonable question; so let me put your mind at ease. I'm no beginner. Maybe I'm not as famous as Khrushchev is, but if it hadn't been for me--you'd never have heard of him. And that goes for Mussolini and Stalin and Hitler, too. I made those guys! And the big racketeers in the United States! You name 'em; without me, those guys would be nothin'! Why do I want to run errands for you? When I'm the guy who runs all these 'big wheels,' why do I want to run errands for you? Don't you see, I get a kick out of electing presidents for school boards and unions and countries. All these things you used to do before you took up chasing dollars and golf balls and things. Don't feel like you're imposing. I'm glad to be of service. Helping you I'm really helping myself. How do you think I was able to take over and run a third of the world already? Because nobody else wanted to bother. They said, 'Let George do it.' So I did it! Now I'm taking over in lots of cities and counties in the United States, and I figure it's just a matter of time until I'll take over this country, too. And I want to thank you for making it possible.

"Remember, now if there is ever any way in which I can be of help, I'm at your service. You just have fun and don't worry about a thing. I'll do your worrying, too.

"I'll bill you later.

"Sincerely,
George."

Dyer Seeks Re-Election To County Sheriff Post

Citizens of Lamb County:

I would like to take this opportunity to express my appreciation to the people of Lamb County for their past support and cooperation. I have tried, at all times, to make you the kind of sheriff I would want for my family and myself. I feel I am better qualified to make you a sheriff now than I have ever been, at least I intend to try my best to do so. It is impossible for me to get out and see each and every one of you, and to visit

DICK DYER

in your homes and places of business as I would like to do, but you are now paying me as your sheriff and it wouldn't be right for me to neglect my duties and get out and wage a full fledged campaign on your money.

I think you know I am trying to take care of my job which I hired out to do, and my platform is based on my past record. If you desire to re-elect me to the office of Sheriff of Lamb County, I will continue to do my best to stay on the job and see that our laws are enforced in an efficient and courteous manner.

I will certainly appreciate your active SUPPORT and your VOTE on the 2nd of May.

Very sincerely yours,
Dick Dyer
Sheriff, Lamb Co., Texas

OLTON'S GEORGE JONES (22) goes up for two points in the Mustangs' 63-44 loss to Hart.

HART'S CONNIE BAILEY (31) hits for two, but the Fillies came out on top, 62-41.

Basketballers Open District At Morton

Olton's Fillies, with an impressive 15-5 record in non-conference action, and the Mustangs (5-9) will open District 3-AA warfare Friday night with a doubleheader at Morton.

The girls game will start at 7 p.m. with the boys game to follow.

After that the teams take a break from conference play, taking on Kress there next Tuesday night.

The Fillies chalked up a 62-41 victory over the Hart girls here Tuesday night, led by Gayle Nicholas' 43 points. Sherry Caddel chipped in 12, while

Susan Norfleet and Karen Hipp added 5 apiece. Kathie Kidd led rebounders with 9, while Tomie Covington got 7.

The Mustangs, meanwhile, went down to a 63-44 defeat at the hands of the Hart Longhorns. George Jones' 25-point effort couldn't make up the difference.

The Longhorns went out front, 30-18, at the half and coasted to the victory.

David Gardner led Hart with 26, while Carl Ward had 14 and Bill Farris, 10.

In the Hale Center tournament over last weekend, the Fillies

beat Hale Center, 64-35, lost to Lockney, 64-56, and beat Kress, 74-50.

The Mustangs lost to Kress, 56-42, beat Happy, 56-52, and fell to Bovina, 38-30.

In the Hale Center win, Nicholas hit for 33 and Caddel for 15, while Hipp got 14. Kidd had 11 rebounds, Covington 10 and Maxine Schaefer 9.

Against Lockney, Nicholas had 36 points and Hipp 8.

In the victory over Kress, Nicholas chalked up 46, while Caddel had 13 and Norfleet 11. Covington led rebounders

with 9, while Schaefer had 8 and Pam Hair 6.

For the Mustangs, Jerry Smoot led the way against Kress with 13, while Joe Priest and Clyde Gallaway hit for 8 each. Dennis Givens led rebounders with 8.

In the win over Happy, Jones had 15 and Priest 11, while Givens had 10 rebounds.

Against Bovina, Jones had 11, Priest 8, and Jerry LaFrance 5. Givens had 12 rebounds.

Down Memory Lane

Five years ago in Olton

Olton had one of the best safety records in history during 1958. There was only one traffic accident involving bodily injury.

Joe Hysinger was elected president of the newly formed Olton School Exes Association at a banquet with Jack Chitwood, Plainview, an Olton graduate, as principal speaker.

Arno Hall was placed on the All-South Plains defensive football team. Jimmy Robbins and Royce Bodkin received honorable mention.

Completion of house numbering will be the first project of Olton Chamber of Commerce and Agriculture Civic Affairs Committee this year.

Darryl Dennis, a student at Texas Tech, recently showed the grand champion animal of the Texas Tech Little International Stock Show.

OHS homemaking department will present a show of handiwork Jan. 12 in the high school auditorium.

MRS. ROY LESLIE MOSS

Mitchell, Moss Wed In Baptist Church

Miss Regina Sue Mitchell and Roy Leslie Moss exchanged wedding vows Friday, Dec. 27, in First Baptist Church, Olton. Rev. John Lewis, pastor of the church, officiated.

Mr. and Mrs. E. W. Mitchell, Olton, are parents of the bride and Mr. and Mrs. Dick Moss also of Olton are parents of the groom.

The bride, given in marriage by her father, wore a full-length gown of Italian brocade designed with a chapel train. The gown was accented by scattered pearls around the neckline and long sleeves. Four layers of illusion attached to a rose of white satin, covered with pearls, came almost to the bride's waist. Her bouquet was of white roses with satin ribbons atop a white Bible.

A trio consisting of Jonella Moss, Bobby Tollett and Tommy Witten presented wedding music. Mrs. Avery Mitchell of Arlington, aunt of the bride, sang, "The Wedding Prayer".

Miss Rhonda Mitchell, Olton, served as maid of honor for her sister. Bridesmaids were Miss Dana Speer, Lubbock; Mrs.

Wally Stewart, sister of the groom, Olton; and Miss Tommy Witten, Waco.

The bride's attendants were attired in dresses of red satin featuring bell-bottom skirts and beau necklines and elbow-length sleeves. The bridesmaids carried bouquets of red carnations accented with white net and satin streamers.

Kenneth Moss, brother of the groom, was best man with his cousin, Gene Gobble of Hart, Wally Stewart, Olton; and Charlie Burrus of Abilene serving as groomsmen. Ushers were Johnny Mitchell of Lubbock and Don Mitchell of Olton.

Sandra Page, cousin of the bride, served as flower girl. Ring bearer was Coby Stewart, nephew of the groom.

Candlelighters were Tony Miller, cousin of the bride and Virginia Moss, sister of the groom.

Mr. and Mrs. Moss, graduates of Olton High School, are making their home in Lubbock where she is now a student at Texas Tech and he is employed at Hancock Manufacturing Co.

MRS. JERRY M. MOORE

Hardesty-Moore Wedding Vows Exchanged Dec. 28

Mr. and Mrs. Jerry M. Moore are at home at 813 Scott, Apt. H in Fort Collins, Colo., after their wedding December 28 at 5 p.m., in the home of the Rev. and Mrs. Aubrey F. Russell, aunt and uncle of the groom, in Tucson, Arizona. The Rev. Russell is pastor of East Broadway Baptist church and officiated at the double ring ceremony.

Parents of the couple are Mr. and Mrs. Robert E. Hardesty of Monrovia, Calif., and Mr. and Mrs. Elmer J. Moore of Olton.

Presented in marriage by her father, the bride wore a winter white silk suit with a pillbox hat with brief veil. She carried a bridal bouquet of white roses.

For traveling the bride chose a two-piece pink wool suit.

The bride is a graduate of Monrovia High School and attended college in California two years. She is a senior student at Colorado State College.

Moore is a graduate of Olton High School and Texas Technological College, Lubbock. His fraternity is Kappa Sigma. He is doing graduate work at Colorado State College.

Mr. and Mrs. Elmer Moore hosted a dinner Friday night preceding the wedding at the El Con Club in the El Conquistador Hotel.

Mr. and Mrs. Hardesty hosted a dinner following the wedding at The Bistro Club.

MISS BEVERLY GAYLE MACHEN

Wedding Plans Revealed

The engagement and approaching wedding of Miss Beverly Gayle Machen to Charles Anthony Noll III is made by her parents, Mr. and Mrs. Murrie Machen.

Parents of the prospective groom are Mr. and Mrs. Charles Anthony Noll II of Odessa.

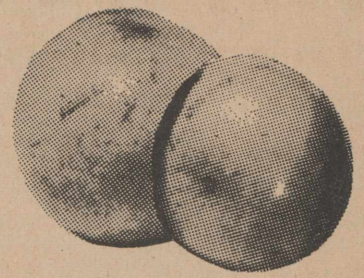

Miss Machen, a 1960 graduate of Olton High School, is a senior journalism major at Texas Tech where she serves as editor of the campus newspaper, The Daily Toreador. She is secretary of Theta Sigma Phi, national women's journalism fraternity.

The bride-elect attended Hardin-Simmons University, where she was a member of Delta social club and sports editor of the H-SU "Brand". She is a former employee of The Enterprise.

Her fiancé, a 1958 graduate of Odessa High School, is a junior advertising art and design major at Tech. He is a graduate of Elkins Radio School, Dallas, and attended Odessa College, where he was a member of the Engineering Club, Tri Chi fraternity and Circle K. He has also served two years in the United States Navy.

The public is invited to the exchange of vows to be held Friday, March 27 at 7:30 p.m. in First Baptist Church, Olton.

Here are 78 pellets of Ammo-Phos.

They're yours, free.

If you'll hop over to Olton Farm Supply and pick them up.

Take them home.

Drop them into a glass of water and stir.

Now you see them, now you don't.

Time--5 minutes and 45 seconds.

Now, do the same thing with your regular fertilizer.

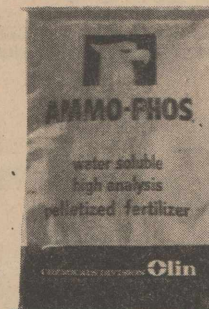

Finished? Fine.

You've just proved to yourself that chemically-compounded Ammo-Phos dissolves faster into your soil than the same complete mixture mechanically blended. And leeches less. A whole lot less. Giving your crop a lot more nourishment.

So it can grow faster and fatter.

Which means that when you switch to Ammo-Phos, you're not taking a chance. You're taking a short walk to the savings bank.

Hart Philosopher Gives His Views

Just an old country boy come back home.

This is the way Anthony, better known as Tony, Steiert describes himself, now that he has returned to Hart after being gone nearly a quarter of a century.

Steiert, Lt. Col., USAF, retired Dec. 1 after 23 years of service.

He is now in Hart visiting with his mother, Mrs. L. A.

LT. COL. ANTHONY STEIERT Steiert, and his brothers and sisters and their families.

Oldtimers may remember him as a scrappy little outfielder on the Hart baseball team in the day of sandlot leagues.

Time has, no doubt, made many changes in the man, but the "scrappy" characteristic still remains.

Steiert is a man with some pretty definite ideas and he likes to talk about them.

One gets the impression, from an almost hidden twinkle in his eye, that he might even enjoy a good rousing argument.

Certainly, he enjoys "getting his point across" or swaying his listener to his way of thinking.

He has that characteristic, so often found in the military, of almost automatic adjustment to the immediate situation, surroundings or person.

He is a man who obviously likes people and, perhaps in so doing, he unconsciously submerges his own personality in the interest of communication.

What makes this person tick? he seems to ask.

And he really wants to know. In fact, Steiert wants to know what makes the whole world tick.

In all probability, his "second career" is going to be devoted to finding the answers to that question.

"I haven't made up my mind what I'm going to do," Steiert insists.

He then proceeds to prove to his questioner that there is only one possible thing for him to do.

"As communities become tolerant, so will nations," he says, adding:

"People just don't understand each other."

This, he thinks, is the root of most of the world's troubles.

A photography fan, he plans to tour Europe extensively, take pictures with his stereo camera and "REALLY get to know the people."

He then plans lecture tours in this country trying to do

his part in helping people know each other better.

"For example, when I was a schoolboy up there," he guesses toward Nazareth, "I thought a Jap was a funny little man with protruding teeth."

"I couldn't have been more wrong," he explains, noting that he had had Japanese working for him and they are really "wonderful people."

"They came to the station to see me off when I left," he says. "Some of them walked five miles to be there. Now that's something."

After a thoughtful pause, he exclaims:

"Me.....I probably wouldn't walk five blocks to see someone off."

As he talks, one can't help but notice his eyes.

Perhaps his most convincing asset in any argument, they seem to reach out, grab the listener, pin him to the wall and then plead:

Look here, how can you possibly disagree with me?

It isn't likely that too many people do.....for very long.

Entering the service in May of 1941, Steiert received his commission in August of 1942. He has served in Oklahoma, Texas, Florida, Colorado, Arizona, California, Washington, North Dakota and in Europe, England, Japan and Pakistan.

At the time of his retirement, he was stationed at Grand Forks Air Force Base in North Dakota.

He has been active in Toastmasters and has won a number of awards for speaking. He has accumulated 5,000 slides with 2,500 in 3-D.

"I think I'm going to see the world now that I have time to enjoy it," this world traveler says.

"You don't really appreciate the country in flying over it at 25,000 feet. It looks a little different when you're on the ground," he adds.

With a quick smile, he sums up his philosophy this way:

"You have to take time to take stock and decide the road you're going to take. The world has been good to me. It's like a bank and I've been drawing heavily on it."

"It's time I made a few deposits."

VISIT ESTES

Visiting in the Jack Estes home this week are their grandchildren from El Paso. They are Teresa Jane and Bobby, children of Mr. and Mrs. Johnny Mack Estes.

More than 9,000,000 pounds of aspirin are consumed annually in the U. S.

HAY FREIGHT HIKE SOUGHT

Although the hay shortage has shoved prices up to double the normal, hard-pressed Texas ranchers and dairymen may have another cost increase in sight.

Railroad Commission already has been asked by the Livestock Carriers Association of Texas to increase truck freight rates on hay and cottonseed hulls.

A hearing on the application has been set by the Commission's rate division for January 20. In some cases this would mean a rate increase of more than 100 per cent.

Water District Annual Election Set Jan. 14

The ballot for the High Plains Underground Water Conservation District's annual election will have an added question for the voters consideration Jan. 14. The unusual question on the ballot will be for and against the annexation of more than 800 square miles of Swisher County to the district. The area proposed for annexation includes all of Swisher County except the Palo Duro Canyon area on the eastern boundary.

At the same time that people living within the bounds of the district are deciding this question, the people of Swisher County will also be voting for and against the annexation question.

On the 1964 ballot, the resident voters of Lamb County will be voting for two county committeemen positions being held now by Henry Gilbert and Willie Green. The names on the ballot for commissioner's precinct number 4 are Lee Roy Fisher and Raymond Harper, Jr.; for commissioner's precinct 1 are Willie Green and J. L. Snider.

Voting will also take place for a district director for director's precinct 2 which includes Lamb, Hockley and Cochran counties. Presently Henry J. (Chick) Schmidly is district director. The names on the ballot for director are V.E. Diersing, Weldon Newsom,

Henry J. (Chick) Schmidly and H. G. Walker. There will also be another district director elected from director's precinct five, Floyd County.

The 1963 Committee for Lamb County made up of Henry Gilbert, Willie G. Green, Roger Haber, W.B. Jones and Troy Moss has issued 239 permits from Jan. 1, 1963 to Nov. 1963. During this time, 211 wells have been drilled. The committeemen serve three-year terms and the directors two-year terms.

The polling places in Lamb County are City Hall, Olton, G. T. Sides election judge; City Hall, Sudan, Joe D. West, election judge; Community Building, Earth, Douglas Parish, election judge; County Courthouse, Littlefield, Arthur Jones, election judge; Farmer's Co-Op Gin, Spade, N.N. Frey, election judge.

Those who will be out of town Jan. 14 can vote absentee at the county clerk's office until Jan. 10.

Annual admissions to U. S. hospitals have increased over 50 per cent in the past 15 years, and the number of hospital employees has increased by more than 75 per cent.

Dr. Anson Jones, last President of the Republic of Texas, was also a physician and author.

Lions Hear Plainview Bid For Site On State School

Olton Lions Club members Tuesday heard details of Plainview's bid to be named the site of a State School for Exceptional Children.

Hall Nall, president of the Plainview Chamber of Commerce, told the group he believes Plainview has an "ex-

cellent chance" to be named by a three-member state committee appointed to select the site.

Nall said, however, that Plainview needs the help of its neighbors, like Olton, in both getting the school in Plainview and in its operation later on. "About three in every 100 children are born mentally retarded," Nall said as he cited the state's need for expanding its facilities in this field.

The state spends approximately \$50 million each year for these schools.

Nall said Plainview meets the requirements as a site for the school, having a four-year college and the 200 acres of land necessary in the city limits.

"We are centrally located in the area to be served," Nall said.

He said Olton's help would be needed now in voicing its support of the Plainview bid and later in supplying voluntary help for activities of the children in the school.

Olton's C-CA board gave its endorsement to the Plainview bid at a meeting Tuesday morning.

Another member of the Plainview party, Charlie Young, manager of the C-CA, said Plainview itself is attempting to raise \$160,000 for purchase of the necessary 200 acres of land.

An option already has been taken on a site at the west city limits of Plainview, in the event Plainview is selected for the school.

About \$100,000 already has been raised, Young said.

"Although we are not soliciting pledges from Olton," he said, "we certainly would accept and appreciate such help."

He said such help would aid Plainview in its efforts to convince the selection committee.

Philosopher Believes In Real Economizing

Editor's note: The Running Water Philosopher on his care-less weed farm on Running Water Draw has encountered some statistics, his letter this week indicates.

Dear editor:

If you can believe statistics, the farm population of the United States finally will get about to zero, and my theory will be borne out that the government will set up a preserve to protect the few last remaining farmers like it does the disappearing whooping cranes.

I thought it was bad enough when the percentage of farmers in this country dropped to 20 per cent, but then it fell to 15, then to 12, and according to the latest estimate only 10 per cent

of the people of this country are now farmers.

Furthermore, I heard an expert on television last night predict that the figure will drop to 6 per cent in a few years, and that whereas each farmer now feeds 27 people in town, it won't be long before he's feeding 35.

I am not prepared to say that the farmers who have been moving to town are culls, as a friend of mine contends, because it's been my observation that most towns and cities had problems they couldn't handle long before farmers moved in. Town problems can't be blamed on ex-farmers anymore than Washington can be blamed for Congress. I have no figures on what percentage of Congress-

SCOUT NEWS

Brownie Troop 12 met Wednesday, Dec. 18 at the Scout House for their Christmas Party.

After exchanging gifts the

men are ex-farmers.

But what this whole thing got me to thinking about was I wonder how those 27 people in town depending on me are getting along? If there are 27 people in Olton expecting me to grow enough to feed them in 1964, my advice to them is to start a garden quick.

I have joined President Johnson's economy drive and will have to reduce my 27 to say 2, and they may have slim pickings.

Yours faithfully,
J. A.

girls finished their Christmas stockings and were served refreshments of hot chocolate and cookies provided by Mrs. Bennie Moore and Mrs. Tommy Odom.

Brownies present were Letha Moore, Sherry Odom, Teresa Griffith, Judy Criswell, Terri Ellis, Betty Follis, Pamela Gal-laway, Carmen Gonzales, Debra Graham, Randie Howell, Lisa Johns, Kathleen Jones, Kathy Langford, Sherree Meinecke, Bennie Mills, Melva Mitchell, Denise Polk, Donice Ross, Julie Venable, Cheryl Williams, Linda Williams, Vickie Kelley, Mary Rodriguez and Beth Harris. Leaders present were Mrs. Billy Griffith, Mrs. Dan Williams and Mrs. Melvin Mitchell.

Monday Dec. 23 the second and third grade Brownies bought and delivered food for a Christmas Dinner to a needy family in Olton. The girls sang "Silent Night" to the family after delivering the basket.

Johnny Wilson Is Named "Student Of The Month"

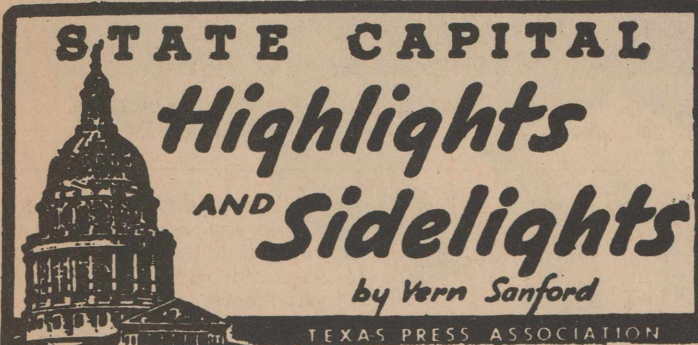

JOHNNY WILSON

Johnny Wilson, son of Mr. and Mrs. Gene Wilson, has been selected "Student of the Month" at Olton Junior High School. Johnny is on the eighth grade basketball team and was manager of the football team both last year and this year. He attends the Methodist Church.

The student council reports: "He was one of the best workers on the homecoming float and in helping to put up Christmas decorations two weeks ago."

They note that Johnny has a "bright smile" and is "nice, trustworthy and dependable."

AUSTIN, Tex.--Austin has settled back to being just the capital of Texas after nearly two hectic weeks news-wise as the vacation White House.

Dozens of top cabinet officers, military leaders and federal agency heads followed German Chancellor Ludwig Erhard and his advisors to the LBJ Ranch for conferences with President Lyndon Johnson.

Encouraging predictions of progress toward world peace emerged from the President's international discussions. The federal budget and economy were spotlighted in the domestic talks.

Before he departed, White House sources gave these insights into the President's thinking:

He does not feel the U. S. can drag its feet until after elections this year before pressing for new peace breakthroughs.

He regards civil rights and the \$11,000,000 tax cut as legislative "musts." Also, he has expressed support for the medicare program aid to the aged.

Reducing the budget to save money for essential human needs, including education, is regarded by the President as of concern to all Americans. He hopes cost cutting will serve as a pattern for future years.

Slum clearance and "a home for every American" are seen as goals of his administration. Some newsmen interpreted this as a likely 1964 campaign slogan.

Johnson hopes to steadily improve American preparedness. But he is strong for elimination of military obsolescence, particularly old bases and installations retained in the budget for political reasons.

Congressional leaders will run their own legislative show. But the new President won't hesitate to ask old congressional friends for what he thinks is needed.

Johnson hopes to draw on the talents of both business and labor to render public service. He is concerned about unemployment and is called for new solutions.

PRISON POPULATION REDUCED--For the first time in 18 years, the number of prisoners in the Texas Department of Corrections shows a decrease.

Department Director Dr. George Beto reports that the December 31 count was 12,150 compared with 12,203 the year before. Since 1945, there has been a steady climb in number of prison inmates.

Beto cited these reasons for leveling off: more adequate parole supervision; opening of a new first-offender unit; a pre-release program of preparing prisoners for freedom; and expanded trusty program; and overall improvement in the prison treatment program.

Prison chief said the reduction not only will save money on prison care, but also in welfare funds spent on families of inmates, not to mention restoring prisoners to productive lives as citizens and taxpayers.

RAIN-MAKING--John Carr, hydrologist for the Texas Water Commission has been making local talks on what other states have done about legislation on rain-making.

A major in the Air Force Weather Service, Carr has been gathering information on rain-making and hurricane-breaking as it applies to the Texas climate.

STATE SCHOOL MEETING SET--Board for State Hospitals and Special Schools' Site Selections Committee will meet January 13 to discuss site proposals for locating a newly-authorized West Texas State School for the mentally-retarded.

The school, to be located somewhere "West of the 100th Meridian", has been offered a "home" by many West Texas communities, including El Paso, Lubbock, Plainview and

others. All the cities are involved in ardent community campaigns for the industrial stimulation brought about by such an institution.

ARBOR DAY SET--Governor Connally has proclaimed January 17 as Arbor Day in Texas. In a special observance, the Texas Forestry Association will plant several pecan seedlings on the Capitol grounds. The pecan is the State Tree of Texas.

DINNER DECISION--Texas Democratic party will share with the national Democratic Committee \$270,000 contributed for tickets to the November 22 Kennedy-Johnson "welcome dinner" which never came off. Donors will get a record album of Kennedy's last speeches and souvenir programs which had been prepared for the event.

PRISON SYSTEM INCOME--Farm products and livestock produced more than \$6,500,000 of the prison system's 1962 income, according to the auditor's report just released. Other sources were: manufactured products, \$3,704,616; oil and gas leases, \$39,237; miscellaneous, \$3,287,167.

Report placed total income from farms and farm industries at \$10,144,773, with expenses of \$14,304,734 for a deficit of \$4,159,961.

Manufacturing operations include license plates, shoes, textiles, clothing and other products.

SCHOOL INCOME THREAT--Texas school income will be drastically reduced unless the Federal Power Commission sets an adequate price for gas in the Texas Gulf Coast area and the Hugoton-Anadarko area of the Texas Panhandle, Attorney General Carr contends.

Carr has filed a petition to intervene in price hearings ordered by FPC to determine reasonable rates for sale of natural gas in the area.

Earlier he filed briefs requesting FPC to set the price of all gas in the Permian Basin area at 21 cents MCF. The FPC staff sought a nine cents MCF rate for casinghead gas and 13.7 cents MCF for gas well gas.

Attorney General noted in his brief that Texas levies a 7 per cent occupation tax based on market value of the gas at the well head to help support state government.

He also pointed out that the University of Texas system owns more than 4,700,000 acres of land in the Permian Basin area. Bonus money and royalty income from this acreage goes to the permanent school fund for Texas education. More than 18,000,000 acres of state land are involved in the Gulf Coast hearing.

IMPORT PROGRAM "INEFFECTIVE"---Basic structural deficiencies in the mandatory oil import program have rendered it "both ineffective and politically inappropriate," according to a Texas representative to the Sixth World Petroleum Congress.

Sen. Charles Herring of Austin so concluded to his report to Gov. John Connally.

The time has arrived, Herring stated, "for a comprehensive review of the program, leading toward the evolving of a whole new approach."

The Senator found "evidence of a serious monopoly trend within the petroleum industry" and no basis for assuming that corrective forces "will emerge from within the industry itself."

Herring said Texas is suffering "grave economic damage" from its attempts to balance supply with effective demand and to "serve as a balance wheel to world oversupply."

And, every cent of this more than 30 million dollars designed to keep your service efficient and economical will come from people just like you — investing their funds in the future of our growing area — proving that free enterprise is capable, and willing, to help Americans help themselves.

OLLIE AWARD—Vernon Nixon of Bodkin & Nixon is shown above with the "Ollie" award which the company received for outstanding sales achievement in 1963.

Nixon Gets Award

Vernon Nixon of Bodkin & Nixon Oliver Co. announced this week that the firm had been presented with an "Ollie" award for outstanding sales achievement in 1963.

The award was presented by Samuel W. White Jr., president of Oliver, at the farm and industrial equipment firm's "More From the Growing O" show at Market Hall in Dallas, Dec. 16-17.

It was accepted by A. A. Allen, partner in Nixon Oliver Co., a Littlefield firm.

The Olton and Littlefield dealerships received the award for being among the top ten sales volume Oliver dealers in the Southwest and for topping all other Oliver dealers in this area in the sale of plows.

The "Ollie", a handsome engraved statuette, is Oliver's equivalent to the "Oscar" and "Emmy" of the movie and TV industries.

R. D. Merrill Jr., manager of Oliver's Dallas branch, joined in the presentation of the award.

"Out of the many Oliver dealers serving the Southwest, only 12 'Ollies' were awarded this year," Merrill said.

"This dealership has turned in a truly remarkable perfor-

mance, and they can be proud to receive this award as Oliver is to have them in our dealer organization."

Nearly 200 people attended the two-day dealer preview of Oliver's new farm and industrial equipment for 1964.

The show dramatized the outstanding features of the new machinery and demonstrated effective ways in which dealers can present the new equipment to their customers.

The great highway performer

'64 Jet-smooth Luxury Chevrolet

What does it take to make a car a great highway performer?

If the car happens to be a '64 Chevrolet, one thing only. A highway.

You'll find everything else already neatly packaged for you—on the car exactly as you pick it off the showroom floor.

There's a choice of seven engines—all the way up to a twin-carb high-compression 425-hp V8*—and four transmissions, including a finely honed 4-speed stick shift.*

And underlying it all—a bump-skimming Jet-smooth ride that helps keep the performance great even when the highways aren't so great.

What about special performance equipment? Professional driving skills? Forget them.

Nobody has to doctor or coax or soup up these Chevrolets to get the best out of them.

And that's really the test of a great highway performer: Just about anyone can get a kick out of driving one, just about anywhere, just as it comes out of the showroom.

Next time you're out your dealer's way, allow a few extra minutes to sample one of these highway performers on your own. A few are really all you'll need. That's enough time to do a lot of driving in a Chevrolet. *Optional at extra cost
