### Tech Faculty Members Take Better Posts

#### Financial Difficulties of School Are Revealed More as Leading Professors Leave for Greater Pay

Financial difficulties of Texas Technological college were once more thrown into the spotlight with the announcement yesterday of resignations of Dr. W. T. Read, head of the department of chemistry, and Dr. W. M. Young, of the department of electrical engineering, who have accepted positions offering greater salaries. Efforts are to be made to increase the financial support of Texas Tech faculty members, according to announcement by Dr. Paul W. Horn, president.

Dr. Horn and H. C. Pipkin, prominent Amarillo attorney, spoke yesterday before the Rotary club of Lubbock and urged business men to support the institution in the battle for more appropriations from the state.

#### Having Difficult Task

In their addresses both of the men touched upon the difficulty of holding faculty members of merit in the face of strong competition of other schools who offer much higher salaries.

Dr. Horn also enumerated two other resignations from the local faculty within the past month. All due to hampered salaries.

Organizer of the Texas Tech chemistry department, Dr. Read has accepted a position as dean of the school of chemistry at Rutgers college, New Brunswick, N. J.

Rutgers is the state university of New Jersey, although it is not titled so. New Brunswick, located 35 miles from New York City, is in the center of the chemical industry. Before coming to Tech, Dr. Read was associate professor of chemistry at Yale university.

#### Dr. Horn Comments

Commenting upon Dr. Read's resignation and subsequent acceptance of another position, Dr. Horn said: "The promotion has been well bestowed and it is a significant compliment to Texas Technological college, although we feel an appreciable loss." Dr. Read has become an authority on chemistry and has gained national recognition. Our best wishes attend him in the promotion.

"It is a significant fact," Dr. Horn continued, "that we are faced with a big problem, in view of the four recent resignations. Each of the men has been justified in accepting a position offering greater salary. Texas should now be concerned with the matter of keeping its good men in educational institutions, instead of allowing the higher salaries of other universities to take them from the state."

Next Monday we will appear before the Board of Control at Austin to outline our needs. We intend to stress the big barrier which is hindering our progress."

Dr. W. M. Young has resigned to become associated with the department of engineering at Iowa State university. His salary is also said to be far greater than that received here.

Other resignations announced recently were those of Professors E. L. Tave and M. E. Farris, both of whom accepted positions with the mechanical engineering department of Arkansas university.

### TALKS FEATURE PROGRAM

#### Six Speakers Are Heard on Rotary Program

Hubert Allen and Byron C. Dickinson were featured speakers before the regular weekly luncheon session of the Lubbock Rotary club yesterday noon at Hotel Lubbock. Mr. Allen talked on politics and international relations while Dickinson conducted a lesson in Rotary.

Other talks were made by Dr. W. T. Read, of Texas Tech; Dr. Paul W. Horn, president of the college; Dean J. M. Gordon, of Tech, and W. C. Pipkin, of Amarillo.

Dr. Read expressed regrets at leaving Lubbock to accept a position with Rutgers college at New Brunswick, N. J.

#### DOING RIGHT WELL

Abernathy has something unusual in the way of an attorney who practices law as an "avocation" and teaches band music for a living. At least this is the story they tell on C. W. Beene, attorney and director of the town band. Abernathy is famous throughout the South Plains for its well trained musical organization. Mr. Beene is the leader. He also gives music lessons and has a good many pupils, especially among the school students. There are usually between 30 and 40 regular members of the band, that is that many persons can be depended upon to show up for almost any and all occasions. "We have more musically inclined people here in Abernathy than any town I know of," Mayor F. W. Struve claims. "There are more than 60 persons here who play and who might be classed as regular musicians. We can get up a pretty good sized band on short notice if we have to." The town has a band stand and open air auditorium in which concerts are given during the summer season.

#### WELL KNOWN CHARACTER

One of the well known characters of Abernathy is "Uncle Pitt" or J. E. Fitzgerald, as he is known on the poll books. But to the whole town especially the older residents, he is "Uncle Pitt." Mr. Fitzgerald, now well up in the 80's is a Confederate veteran and came to Hale county more than 40 years ago. He comes down town regularly despite rheumatism and likes to sit around and talk about the early days in Hale county.

#### CHEESE FACTORY OPERATING

Few people outside of Abernathy appear to know that that town has the only cheese factory in this section of the state and one that has been operating for more than a year. The Struve Cheese factory is the name of the establishment and it operates seven days a week. Several thousand head of milk cows are available to supply milk for the making of cheese. The plant, due to a short pasture season so far, is not as well supplied with milk as it will be later in the season. A veteran cheese maker from Wisconsin came down and installed the plant, instructing Tom Struve in the mysteries of the business.

### Waco Citizen 79, Endorses New Konjola

#### "Too Bad I Did Not Hear Of Konjola Long Ago," Says This Happy Man

MR. J. A. KIN  
"Too bad I did not hear of Konjola long ago; it could have saved me much suffering. My stomach was the cause of my trouble," said Mr. J. A. Kin, 129 Oriental Road, Waco. "Everything I ate caused pain, gas and bloating. My whole system was run down. My vitality was low and I was gradually losing my strength. I had no ambition and was worn out all the time."

"So many medicines had failed me that I had about lost hope. Then came Konjola. After taking four bottles my appetite increased; I found I could eat anything without a trace of indigestion in any form, and my whole system has taken on new life. I have plenty of ambition to do my work, and I will always recommend Konjola as a real medicine."

Konjola is not a "cure-all"—there is no such thing, but when taken for from six to eight weeks will produce amazing results. The countless thousands of endorsements of Konjola have proven that it makes good in even the most stubborn cases. Pelletts of Wisconsin and the younger senator I know pretty well," Herman Schulz, well known real estate man of Abernathy, explains. "His younger brother is running for governor of Wisconsin. The boys are both making good." Mr. Schulz first came to Abernathy in 1909 with some persons interested in purchas-

ing farms. He liked the country and invested in town and farm property and started a business. Later his son came here and opened an office, making this his headquarters. Last fall the elder Schulz came down and has been here ever since. He says that while the market for

farm lands at present is just a little slow that a good crop this year will boost business.

## "ONE OF THE STANDARD MAKES"

EVERY so often someone refers to the leading tire companies as "the big four," and to their tires as "the standard makes."

Candidly we feel this is a grand "break" for the other three, but something of a hardship on Goodyear.

The fact is, Goodyear builds more tires than any other manufacturer — more than one-fourth of all the tires sold in America, the remainder being divided among some forty other companies.

Goodyear reached this position of

world-leadership not by building tires that are "one of the standard makes," but by building tires that are emphatically and conspicuously super-standard!

There is only one reason why year after year "more people ride on Goodyear Tires than on any other kind," and that is because year after year Goodyear Tires are better tires to ride on.

They are provably superior — super-standard — and the whole world knows it, which is why you should visit your nearest Goodyear Dealer without delay!

It is only natural that a product so conspicuously popular as Goodyear Tires should be widely copied, but, as is always the case, such attempts to copy its excellence have served only to emphasize the unique value of the original.

### Easy to Escape Hobbs Jail Given Guard at Night

HOBBS, N. M. June 11.—(Special)—The city jail at Hobbs is the easiest place in the entire state of New Mexico to break out of, according to G. T. Harris, new justice of the peace for Hobbs.

"During the last two weeks in May I guess there were at least 30 or 35 jail breaks," he said. "All they seem to have to do is to push up through the ceiling and then get one of the big sheet iron parts of the roof prized loose. Then its easy to get out and drop off the building onto the ground."

### Hickman Off For England

Ranger Captain Sails Wednesday for London to Inform Papers of Lynching in Sherman; Band Leaves

By Associated Press. NEW YORK, June 11.—Captain Tom Hickman, Texas ranger, sailed on the Leviathan today as an unofficial ambassador to London from the state of Texas.

He has been commended by Governor Dan Moody of the Lone Star State to get Londoners right on the lynching at Sherman, Texas, a few weeks ago, by telling London newspapers just what happened.

One London newspaper celebrated in Governor Moody and asked him if that sort of thing occurred often. The Governor said no, but reports have reached Texas that London papers printed accounts of the lynching which told of women trampling fuel into the flames.

He sailed with the Simmons College Cowboy band of Abilene, Texas, a forty piece musical outfit which will spend six weeks playing in England and on the continent.

# New York All Agog On Eve Of Sharkey-Schmeling Bout

## Gob's Stock Withstands Bear Attacks of German Followers And Holds a 9 to 5 Advantage

Joe Jacobs Granted Second License by New York Body and Will Whip in Maxie's Ear During Fight Tonight; Sharkey Is Calm and Confident

By EDWARD J. NEIL, Associated Press Sports Writer  
NEW YORK, June 11. (AP)—Caught in the fever grip of another heavyweight championship battle, New York fused and spluttered tonight, predicted and argued, bullied and fought for tickets—and waited restlessly for Jack Sharkey's fifteen-round duel with Max Schmeling in the Yankee stadium tomorrow night.

Not since the late Tex Rickard, master of the ballyhoo, showed his long stapes, tilted his gray forehead and his cane and maneuvered heavyweights into unprecedented financial success, has usually blasé Manhattan gone so completely for a championship fight.

## Ninth in Row Won by Giants

Pittsburgh Pirates Victims of 9-2 Setback; Dodgers Cap Opener from Redlegs; Cubs Down Phillies

NEW YORK, June 11. (AP)—Fred Leach, Bill Terry and Mel Ott combined to lead the New York Giants to their ninth straight victory today, defeating the Pittsburgh Pirates 9 to 2.  
Leach and Terry contributed three hits each off the offerings of Heinie Meine and Percy Jones while Ott drove out his thirteenth home run of the season.  
Carl Hubbell held the Pirates to eight scattered blows for his sixth triumph of the season.

## Max's Mother Is Sure He Will Win

BERLIN, June 11. (AP)—At least one person here is really excited about tomorrow night's heavyweight battle in New York between Max Schmeling and Jack Sharkey. That person is Mother Schmeling, strong vigorous woman she is anything but the hysterical type yet she admits the suspense is causing sleepless nights.  
"He'll win," declared Frau Schmeling, "and supposing he doesn't—he's young. But I am expecting victory."  
This sturdy German woman is tremendously proud of her son.  
"The boy has done a lot for his fatherland," she said. He's the first German to get as far as a championship bout over there."  
The bout finally reached the front page of German newspapers today, but as yet there is no indication of high feeling among the German boxers' countrymen.  
What interests the German fans more than the outcome of the fight itself is the Arabian nights atmosphere surrounding it—the half million dollar advance sale, the dizzy estimates of the final gate receipts, the gorgeous prosperity of a country where apparently it is possible with one smack of a glove to get more than gladden ever got by rubbing his lamp.  
It is safe to say that all bets being laid on the fight here represent American money and differences of opinion among visitors from every-where. Germans ordinarily do not bet on prize fights, preferring horse races and lotteries. Consequently it was difficult to guess at what odds Schmeling's countrymen held his chances of beating Sharkey.

## Pinch Hitters Active in Robins' Victory

BROOKLYN, June 11. (AP)—With pinch hitters playing the leading roles, the league leading Brooklyn Robins defeated Cincinnati 9 to 1 today in the first game of the series.  
Dazzy Vance held the Reds to four scattered hits but the Robins were forced to rally in the ninth to win. Pinch Hitter Lopez driving in Warner, who ran for Broadner, with the winning run. In the eighth cut Walker, pinch hitting for Durocher, hit a home run for the only score made off Vance.  
Ray Kolp held the Robins in

## Both Fighters Are Confident

Their Managers, in Less Danger, Are Even Bolder in Predicting Victory; Jack Gets Patriotic

NEW YORK, June 11. (AP)—The warriors bold and their managers even bolder but in less danger—weighed in tonight with predictions which, if all were correct, would result in both Max Schmeling and Jack Sharkey winning the heavy weight championship tomorrow night. Said Schmeling:

"Never before any of my ring encounters have I told anyone I would win or predicted what would happen to my opponent. I am going to change this custom, or violate this rule if you care to call it such, before this, my most important contest.

"I am fit, I am confident, I hope for the best. I know I will not disgrace my country and my race. I present my compliments to Jack Sharkey, extend him the hand of friendship, square standup match in which both loser and winner will acquit themselves manfully and may be the best man win."

Joe Jacobs, manager of the German heavyweight, was more violent about it.

Max Schmeling will knock out Jack Sharkey inside of ten rounds. I make no conditions. I have no 'ifs' or 'buts'. My fighter is in better shape than he was last year when he knocked out Johnny Runko, who defeated Sharkey and hammered to near helplessness Paulino Urcium, whom Sharkey refused to meet.

Sharkey, not to be outdone, unlimbered his proclamation to the American boxing public.

"This is the greatest fight of my life," he said.

"I feel that the responsibility of retaining a title that has become traditional to America is placed on my shoulders and I promise that I will do my utmost to win."

"I have trained for this fight as never before. Max Schmeling will not win without producing the fight of a giant."

"This is not a fight between individuals. It is a battle of supremacy between the two foremost representatives of two of the largest countries in the world. This is my view of the encounter."

Johnny Buckler, the sailor's manager, was short and to the point. "We'll knock him out in five rounds. You can go to sleep on it," he said.

# Butts Sweep Double Bill

## Panthers Fall Before Bisons In Both Games

### Worth Blanked, 4-0, in Opener and Loss Aftermath, 6-5; Spedders Hand Tribe 6-0 Battering

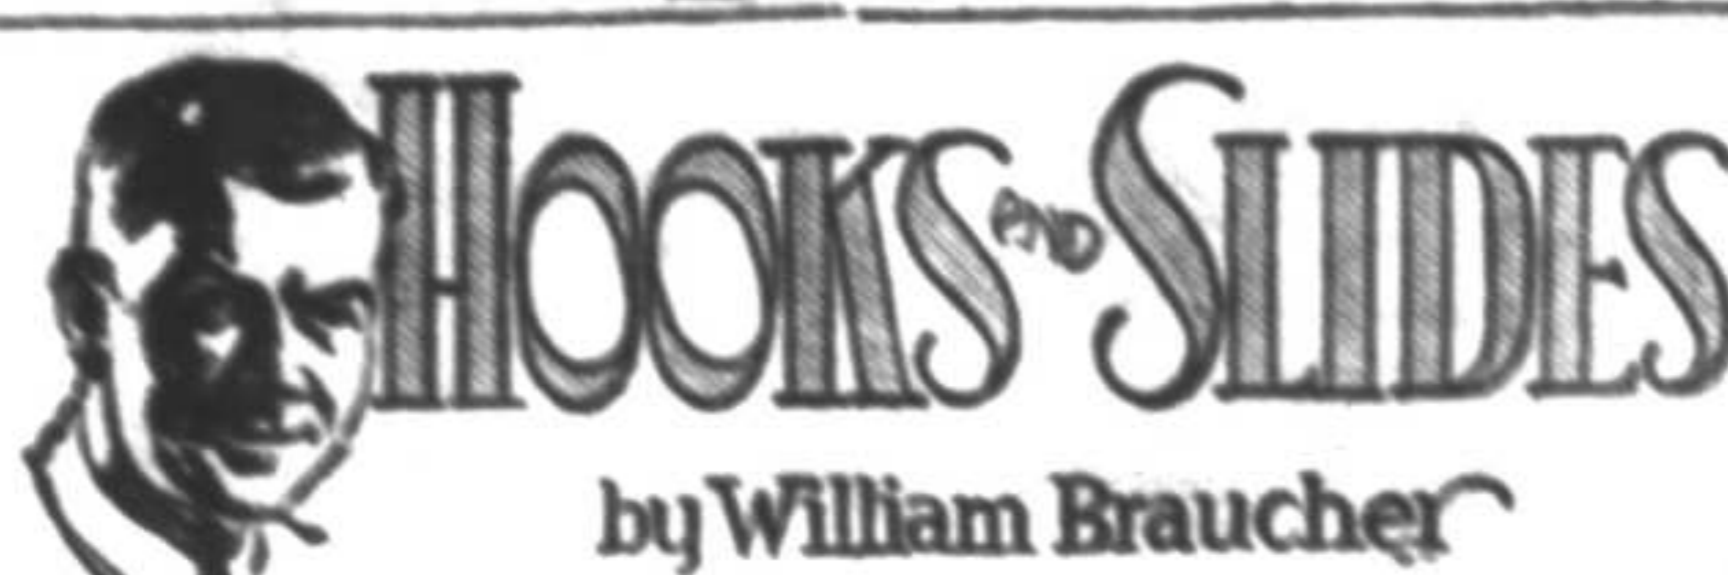

SPORT WORTH, June 11. (AP)—The Houston Butts defeated Fort Worth in both ends of a double header here today. The Butts blanked the Cats 4 to 0 in the opener and in the afternoon, 6 to 5. The latter game was held fraught throughout with the teams doggedly until the final inning when the Butts used several hurries in each of the contests. They pounded the Butts batters hard but were unable to hit at opportune times. A mob of fans attempted to attack umpire Schmitt after the game. Several trucks at him before he reached the safety of the umpire's dressing room.

**Shippers Found Out 14-7 Win Over Sports**  
SHREVEPORT, La., June 11. (AP)—The Sportsmen enjoyed a slight at the expense of three hurlers here today and beat the Sports, 14 to 7. Shivers hit two homers and Besterling one. Eckhardt hit for three runs with the bats led in the second.

**Wichita Spedders Blank Indians, 6 to 0**  
WICHITA FALLS, June 11. (AP)—The Spedders had a big inning today, the sixth, and Fitzgerald's homer with two on and Burns' four run blast with the bats empty accounted for four of the six runs scored in the period. The score was 6 to 0 and it marked the veteran M. L. Stovenger's second shut out of the season.

## HOOKS AND SLIDES

by William Braucher

The Flatbush Frenzy. Midsummer madness has swept through Brooklyn like the measles through a public school. Pop-eyed people stand hours in line outside the park when your Uncle Wadsworth's Dodgers are at home. The Brooklyn baseball fan is rampant.

**Bring on Your Bats.**  
Let Brooklyn stay up there near the top through July and you will hear the strikes, murders, riots and burnings. For in all the broad land there is no creature so wild as the Brooklyn fan when the team has even the slimmest of chances to keep the top.

**Baseball is Brooklyn's** and every good citizen has made the team a personal possession. Uncle Robbie gets scores of telephone calls every night, the customers rejoicing with day with a five-run rally in the final inning which gave them the end of an eleven to seven score.

## A's Lead Cut By Cleveland

### Bob Grove Handed Second Successive Defeat by Indians; Sosa Keep in Step by Beating White Sox

CLEVELAND, June 11. (AP)—Cleveland whipped one game from the Philadelphia Athletics lead in the American League race by battering Bob Grove into his second successive defeat here today in the series opener, 6 to 2. While the Indians were leading Grove and Shivers for 12 hits, while Huddell effectively outwitted the Athletics ten batters.

**Asks For Memorial**  
WASHINGTON, June 11. (AP)—President Hoover asked congress for \$20,000 today for a memorial to Theodore Roosevelt on the boundary between the Clark and Flathead national forests in Montana, marking the summit of the Rocky mountains there.

**Nats Capture Close Battle at Chicago**  
CHICAGO, June 11. (AP)—Washington won a nip and tuck battle from the White Sox here today, 2 to 1, when Hadley and Hatten pitched six tight balls.

**Umpire Clarence (Brick) Owens** was injured in the seventh, when a line drive from Harry Rice's bat struck his left leg. He was carried from the field.

**Superintendent Arrives**  
LORENZO, June 11. (Special)—Superintendent-elect Lane of the Lorusso schools, with Mrs. Lane, arrived here from Midland and they are now located in the Clyde residence. Mrs. Lane will also teach in the schools.

THAT'S WHY THEY GOT THERE... SO QUICKLY

One year before JIMMY FOX joined the "A's" he was milking cows in Maryland. Four years later he was one of the greatest hitters in baseball.

**FAST SUCCESS STORY No. 2 JIMMY FOX**  
"Look at those shoulders! That boy's a natural batting wonder." Jimmy was just a rookie when Connie Mack gave him that size-up. 4 years later he was crowding the sweet kings of both leagues for the batting championship. Just an OLD GOLD rose from a rookie brand to a big league leader in four years' time. Better tobacco... free from irritants. That's why O.G. has outlived three other leading brands combined, in a like period of their existence.

# The Husband Hunter

(CONTINUED FROM PAGE 8)

Alan went directly to Bernadine's house. She was at home. Dr. Fagnall had positively forbidden her to go to the club. She was both relieved and alarmed to see Alan.

"You look like... well, never mind," she greeted him.

"I know. Like nobody's business," he finished for her. "And the way that's not just plain, Bernadine. Nobody's business, just what I'll get if this keeps up. I can't stand it."

"No," Bernadine said soothingly. "I know you can't. But don't try to be funny. Alan. This has got into you too deep for that. But come and sit down and let me make you comfortable."

"She was, herself, barely able to stand on her feet, but she made the effort for Alan's sake. She did not want him to guess that the financial blow she had just suffered had cost her much in physical strength as well."

"Have you any idea who did it?" Alan flung at her when she seated him in her living room.

"She looked at him with Oriental inscrutability. 'No,' she lied. 'Have you?'"

"She seemed to know his belief in Natalie's guilt was affecting him as it would affect her if she were to see her son, Bobby, committing some ugly act. She left deeply sorry for him."

"Well, I have," he declared, breathing heavily. "I know who did it."

Bernadine uttered a little cry. "Oh, Alan, are you sure?" she asked pleadingly.

"It was Natalie," he answered, his voice as hard as steel.

"Bernadine looked at his hard set face and trembled for Natalie. She wished she could say something, do something, to palliate his wife's offense, but in her heart she was convinced of Natalie's guilt."

Alan moved, as though he were about to rise.

"Alan," Bernadine cried fearfully. "What are you going to do?"

Cotton Fluctuations Are Aimlessly

Cotton

NEW ORLEANS QUOTATIONS
NEW ORLEANS, June 11. (AP)—Cotton
fluctuated somewhat aimlessly in
a quiet market today.

Liverpool came in about as due
and first trades here showed gains
of 8 to 10 points, July advanced to
14.95 after the opening call, up 19
points but new crop months did not
advance above the opening figures.

Prices eased on favorable weather
July dropping to 15.80, October to
13.92 and December to 14.02, or down
7 to 10 points.

After the weekly weather report
was issued prices rallied on covering
and trade buying, October trading
up to 14.04 and December to 14.15
or 12 to 13 points above the lows.

This bulge attracted realizing and
July eased off to 14.75, October to
13.90 and December to 14.00, down
14 to 20 points from the highs.

In late trading the market weak-
ened with stocks making new lows
with July at 14.63, October at 13.77
and December at 13.86 or 27 to 32
points down from the highs. July
closed at 14.69, October at 13.78 and
December at 13.89, or 12 to 14 points
net lower for the day.

Port receipts 3,000; for week, 21,291;
for season, 8,506,022; last season,
9,291,748. Exports, 717, 104, 20,395;
for season, 6,377,788. Last season,
7,815,832. Port trade, 1,721,642; last
year, 1,012,553. Combined shipboard
stock at New Orleans, Galveston and
Houston, 49,292; last year, 74,295.
Spot sales at Southern markets 1,349;
last year, 4,173.

NEW YORK PRICES
NEW YORK, June 11. (AP)—An
early advance attributed to covering
on relatively steady cable from Liverpool
and a firm technical position,
was followed by renewed weakness
in cotton.

After advancing to 15.00, July
eased to 14.95 and closed at 15.00,
while new October sold off from 14.02
to 13.75 and closed at 13.75. The
final tone was barely steady at
net declines of 10 to 14 points.

The opening was steady at an advance
of 7 points to a decline of 2
points.

There was also some covering in
July and at the high points of the
morning active months generally
showed net advances of about 8 to
15 points, with buying a little more
active after the publication of the
weekly report, which proved a little
less favorable than some had expected.

The demand tapered around
14.21 for the old October and 14.13
for new December, and the market
eased under liquidation by early
buyers with a renewal on local and
commission house selling.

July sold back to the low level of
yesterday, while new crop positions
made new lows for the movement
and season with old October selling
off to 14.03 and new December 13.88.
July closed at rally of about 4 points
from the lowest, but there was no
recovery in the later months.

Legge Writes Dallas C-C On
Selection of New Orleans
DALLAS, June 11. (AP)—In a let-
ter to the Dallas chamber of com-
merce received today, Alexander
Legge, chairman of the Federal
Farm board, explained why New
Orleans was selected as headquar-
ters city for the American Cotton
Co-Operative, Dallas, Houston and
Memphis had been contending for
the place.

Legge wrote that the geographical
location was the primary factor con-
sidered, the association, testing a
city which would be easily accessible
from every branch office in the
cotton belt.

Criticizes "Was"
"You people," he wrote, "are mak-
ing more fuss over the central of-
fice location than is justified by the
size of its operations or any influ-
ence it would carry."

The movement of cotton will not
be affected to the slightest extent
by the location of the central of-
fice, which has purely supervisory
capacities.

Accessibility Stressed
"The location should be where it
would be most readily accessible to
all branches. Any point in Texas,
rather out of the question, since the
cotton belt extends from North Car-
olina to Western Texas."

Legge wrote that Memphis was
the only city whose claims might
reasonably be considered, and that
New Orleans appeared to be best
location for efficient operation of the
association.

Weakness Dominating Note On Stock
Market Wednesday And Losses Follow

BY JOHN L. COOLEY.
(Associated Press Financial Writer.)
NEW YORK, June 11. (AP)—Weak-
ness was the dominant note on the
speculative markets today on the
New York stock exchange. Values
melted rapidly before another bear
onslaught that brought out the
sharpest recessions since last De-
cember, dumping scores of issues in-
to new low ground for the year and
piling up a long list of 4 to 12 point
losses, despite a late covering
movement. Foreign exchanges were
rather heavy, sterling cables touch-
ing a new 1930 minimum.

The selling of stocks had some of
the aspects of a rout in the last hour
when the shorts pressing a technical
demand for all classes of shares, in-
cluding American Can, U. S. Steel,
New York Central, General Electric
and American Telephone. It was ap-
parent early in the day that the
hasty retreat of the bears in yester-
day's late trading had reduced the
short interest, for the continuation
of Tuesday's final rally was extreme-
ly feeble at today's opening and from
then on the list became increasing-
ly susceptible to operations for the
decline.

Pipe Demand Enormous
The iron and steel trade reviews
could find little of a favorable na-
ture in the current situation except
the enormous demand for pipe.

One of the largest of the chain
grocery systems reported a 7.5 per
cent increase in the dollar volume of
its May sales over May 1929, not-
withstanding the price of foods to
the consumer were lower last month.

Until mid-afternoon the stock
market was comparatively dull, giv-
ing ground steadily but on a reduced
turnover. The incessant pounding,
however, wore away the support and
the volume in the final hour was
large, piling up a total of nearly 4,000,000 shares for the day. The tick-
er was about 40 minutes late.

Measured by the index for 90
stocks, the net decline was 6.4 points
against 5.2 on Monday which, with
the exception of a day or two early
last month, had been the largest of
the year. The composite for the rally
went to a new 1930 low.

Lingle Case
(Continued From Page One)

police were "running around in cir-
cles."

Inefficiency Rapped
"The inefficiency of the police,"
said Loesch, "is matched only by the
efficiency of these gang killers. If
Commissioner Russell and Deputy
Commissioner Stege cannot begin to
handle the situation it is time that
they go—their inefficiency is due to
the corrupt political control of the
department by the City Hall."

The Daily News editorially de-
manded that the "vicious adminis-
trative system go, and asserted that
Russell and Stege had failed de-
spite their opportunity to break up
the criminal gangs that infest the
city and make the streets hideous
with bleeding corpses, their meth-
ods no longer inspire public confi-
dence."

Nine Held in Brooklyn
NEW YORK, June 11. (AP)—The
Brooklyn homicide squad, aided
by Pennsylvania railroad detectives,
today arrested nine men they called
Chicago gangsters for question-
ing in connection with the slaying
of Alfred "Jake" Lingle, Chicago
reporter.

They were arrested on a train en
route from Trenton, N. J., to New
York City and brought to Brooklyn
police headquarters in taskcahs.

They carried 24 new traveling bags
and police said they found pistols
in some of the bags.

Finger Prints Taken
Fingerprints were taken and sent
to Chicago by airplane for identifi-
cation.

Panic Is Halted
Panic threatened in the first mo-
ments, but officers and men set to
work quelling the milling crowd on
deck and fighting the fire. Some
passengers and especially several
nurse officers who happened to be
aboard aided in the work.

The fire shot into stateroom win-
dows and along the upper decks,
burning the davits of the portside
boats so that they could not be
lowered and melting the wireless an-
tennae so that no message could
be sent for aid immediately.

A boat on the starboard side was
lowered from the upper deck and
held in readiness. It was impossible,
however, to lower it in the flaming
sea to attempt any rescue of those
who had jumped.

Here Losses Life
There was no time to scan the
interior in which the Finnish dis-
appeared as the women were gath-
ered together out of the way of the
fire, and the blaze was extinguished.

There was a man, however, prob-
ably a marine, who cast himself in-
to the frightful sea in vain effort
to save a woman who leaped over-
board.

Two other marines and John
Popo, chief radio-operator aboard
the U. S. S. Childs scaled the mast
and repaired the broken and burn-
ed antennae, working in the black
smoke and fog and lit only by the
red glare of burning oil.

Second Boat Arrives
The older boat, which started
from Boston three hours later, also
for Norfolk appeared out of the head-
land fog before midnight. Strained
white faces along the rails watched
anxiously as the delicate process of
maneuvering along side consumed
an hour. Another hour was taken
up in transferring all except a few
of the passengers.

Then the Gloucester, which twice
before in her 30 odd years was in-
volved in sea accident and now
was playing the part of saviour now
eased around and moved slowly back
to Boston, followed later by the
Fairfax and leaving behind a still
fery sea.

STRAW VOTE HELD
SAN ANTONIO, June 11. (AP)—
Ross B. Sterling of Houston, chair-
man of the State Highway commis-
sion, would be the next Governor
of Texas if a "straw vote" taken
among the 148 editors and publish-
ers on a special train Wednesday
could decide the issue. The editors
are members of the Texas Press as-
sociation on their way to Corpus
Christi for their 31st annual con-
vention.

CHICAGO PRICES
CHICAGO, June 11. (AP)—Some-
thing of a break in drought condi-
tions on the Canadian prairies, to-
gether with New York stock market
disturbance, accompanied sharp
downturns in wheat prices today.

Closing quotations on wheat were
unsteady at almost the day's bot-
tom level, 1.3-8-2c lower than yester-
day's finish. Corn closed 5-8 1-2c
decline to a rise of 2c.

Adding to the weakness of the
wheat market here, and of all other
grain as well, was news that bar-
at Winnipeg was selling at less
than 1 cent a pound, bringing only
about half the price prevailing for
corn in Chicago.

Corn and Oats were affected large-
ly by the action of wheat and by
favorable advice about the pros-
pect of feed crops.

Provisions averaged lower, influ-
enced by grain weakness.

Closing indemnities: wheat July
1.02 3-8-1-2, 1.05 3-8-1-2; Sept. 1.00-
2-4 8-1-2, 5-8; Dec. 1.10 1-4 3-8,
1.13 1-4 3-8.

Corn July 79 1-4, 80 1-2 5-8; Sept.
80 1-8 1-4, 81 3-8 1-2; Dec. 74 1-4
3-8, 75 3-8 1-2.

show gross ingratitude in not doing
it," explained the entry. "It is cus-
tomary everywhere to name parks
for men who have been outstand-
ing citizens. Too often this recog-
nition comes after the men are gone
and too late for the honoree to re-
ceive the pleasure. Dr. Overton has
done things for Lubbock and still
is. Let's do the right thing now
while he still can enjoy the recog-
nition."

"Rollie Burns Park" was another
suggestion for the southwest loca-
tion. Explanation said, "Rollie
Burns was one of the first inhabi-
tants of Lubbock and has been iden-
tified with its every forward move-
ment. We should bestow our grati-
tude to these old timers as a mark
of esteem to one who truly repre-
sents the type of men who pion-
ered this city and who, in the ear-
ly days, displayed the hospitality
the West is noted for."

A \$5 prize is being offered by the
city for the winners in the naming
contest, all entries to close this
week.

Prohibition Laws Catch Trio in
Toils of Lamb County

OLTON, June 11.—Three men
have been arrested by Sheriff J. L.
Irvin, sheriff of Lamb county,
in connection with violation of
the prohibition laws.

Small quantities of liquor were
found in each instance. The men
are to be before the grand jury when
meets in August. A fourth man
was taken into custody but charges
had not been filed late today.

TORONTO, Ont., June 11. (AP)—
The Imperial Council of the An-
cient Arabic Order Nobles of the
Mystic Shrine, today elected Esten
A. Fletcher, of Rochester, N. Y., as
imperial potentate and selected
Cleveland, Ohio, for next year's
convention. It was specified that
the date to be chosen should not clash
with that of the grand encampment
of the Knights Templar.

The election of officers came after
a day crowded with brilliant
events, the most impressive being a
parade in which more than 10,000
nobles, stepping in time with bands
swung through the heart of Toronto
as an escort to the Imperial Coun-
cil.

HARVEST IS DELAYED

Wheat Records Grain Downturns

BAILEY COUNTY WHEAT WILL BE
GATHERED NEXT WEEK

MULESHOE, June 11, Wheat har-
vest will not start in this part of
Bailey county until the first of the
coming week. Rainy weather over
the week-end retarded the ripening
of the wheat to some extent.

The crop will be short. An average
of around 10 bushels is predicted by
most farmers. Some expect a little
higher average.

"All of the wheat will be worth
cutting all right, but we will not
have any great amount of wheat this
year," one man who owns a farm
near town, explained. "There will
be none of the 25 bushel averages of
last year and other years."

New Depth Is Seen as
Amerada Test Hits

ROSWELL, N. M., June 11. (AP)—
The Amerada Petroleum company's
State No. 1—a well was running
wild in the Hobbs oil field late to-
day after hitting pay sand at 3,125
feet.

This depth is 1,000 feet higher
than the Humble Bowers No. 1, so
far the best producer in New Mexi-
co.

Late today the well was making
from 400 to 500 barrels of oil and
30 million feet of gas.

METHODISTS REPORT
Presiding Elders Gather for
Discussion with Bishop

DALLAS, June 11. (AP)—Substan-
tial increases in membership in all
districts and good prospects for 1930
per cent collection of benevolences
were reported to Bishop H. A. Boaz
today by the presiding elders of the
Northwest Texas, North Texas and
Texas conferences of the Methodist
Episcopal Church, South, in their
first meeting with the new bishop.

Bishop Boaz said he would live
in Houston. He pointed out that
there was no Episcopal residence in
Dallas and that Bishop Sam R. Hay
was vacating the Houston residence
to move to San Antonio.

WOMAN MAKES BOND
Adelena Garcia Charged with
Attempt to Murder Sonorita

Adelena Garcia, charged by grand
jury indictment with assault with
intent to murder, was arrested late
yesterday by members of the Lub-
bock county sheriff's department but
was released shortly afterwards on
\$500 bond.

The young Mexican woman is
charged in connection with the seri-
ous wounding of Marguerite Garcia
in a cutting fight which occurred
at "Little Mexico," Lubbock Mexican
colony, several weeks ago. She was
arrested immediately after the fight
but has been free under \$500 bond
since that time.

examinations tonight disclosed that
no bones were fractured when
Clarence "Brick" Owens, American
League umpire, was hit by a bat-
ted ball during the Detroit-New
York baseball game at Haven field
today.

Physicians predicted he soon would
be out of the hospital.

LAUNCH LEGION DRIVE

Spur Post Is Seeking Aid in
Building New Home

SPUR, June 11. (Special)—The
Boyd M. Williams Post of the Amer-
ican Legion at Spur launched their
drive last week for a new Legion
Hall on West Harris street. The post
has a beautiful double lot with trees
on four sides located in the most
desirable part of the city. The first
few minutes of the drive resulted in
nearly a third of the funds it was
proposed to raise by public subscrip-
tion. The officers and leaders of this
post will go to Jayton Tuesday
night to help organize a new post at
that place.

RELEASED BY POLICE
No Charges Are Filed Against
Alleged 'Peeping Tom' Here

Arrested late Tuesday night by
Lubbock police and held for investi-
gation after he had been seen
peeping into a window at the resi-
dence of Mrs. Jack Tubbs, 507 Ave-
nue K, a 35-year-old man was re-
leased late yesterday from the city
jail. No charges were filed.

The man was discovered by Mrs.
Joe Reiger, who lives near the
Tubbs residence, and her husband,
a deputy sheriff, started an investi-
gation. The peeper fled at ap-
proach of Deputy Reiger but was
arrested after police had joined in
chase.

from the diversion in the Colorado
Rockies west of Denver, delegates to
the 20th biennial convention of the
General Federation of Women's
clubs prepared tonight for the more
serious discussion tomorrow of the
possibility of United States entry
into the World court.

The 2,000 visitors today enjoyed a
tour of the Denver mountain parks,
stopping at the summit of Look-
out Mountain after a drive over the
winding Lariat trail to visit the
grave of Col. William Cody (Buff-
alo Bill). Discussion tomorrow will
be preceded by the report of elec-
tion of officers, the polls having
been open all day Tuesday, with
balloting exceptionally calm.

# FATHER'S DAY JUNE 15TH

"Thanks for the Manhattan Shirt, how did you guess it, you rascal!"

Manhattan Shirts and Pajamas and Mansco Underwear mean something to Dad. He wore them when you were still toddling around on the floor and he is wearing them now because he wants to keep in step with the young fellows who wear Manhattans today. We have a special selection of Manhattans on display now that we know will particularly appeal to Dad and they are priced very moderately for such fine quality. Manhattan Shirts and Pajamas start at \$2.00, Mansco Slipover Shirts and Shorts start at 50c and 75c respectively, Mansco Union suits range from \$1.00 upwards.

Smiling Ruth Skeen, a St. Petersburg, Fla., stenographer, has found the key to coolness in hot weather. Here's how she appears at work—dressed in shorts and shirt—in the office where she is employed. "I find I can turn out more work when I'm dressed comfortably on torrid days," she says. Maybe Ruth can—but how about the other people in the office?

## Abernathy Must Wait Until Census For Two Districts Are Announced Before Learning Its Population

### BRADY GETS CONVENTION

West Texas Sheriffs Are to Meet in Brady in August

LAMESA, June 11. (Special)—The next convention of the West Texas Sheriffs association will be held in Brady August 14 and 15, according to Mrs. Joe L. Ray, Dawson county sheriff, secretary and treasurer of the organization. Mrs. Ray, the only woman member of the association and believed to be the only woman sheriff in the state, has been busy this week receiving death claim assessments in the accidental death of W. H. Winters, sheriff of Jal, New Mexico, last month in an automobile accident. Two dollars is the assessment for the 130 members on the death of one of the members of the association, according to Mrs. Ray.

### HARRIS NAMED JUSTICE

Contractor Is Presiding in Hobbs Corporation Court

HOBBS, N. M., June 11. (Special)—G. T. Harris, a contractor, was recently named as justice of the peace in Hobbs and also police judge. During his first week on the job he assessed fines amounting to \$290 and collected most of them. There were two 30 day sentences given, with sentence suspended on promise to leave town. "We had but one jail break during my first week, the first week in June," Mr. Harris said.

### ABERNATHY, June 11.—Because

Abernathy is in two counties, its population as recorded by Uncle Sam will not become known until the reports of the two district supervisors are sent to Washington. F. W. Struve, mayor of Abernathy, has been advised.

Owen M. Umberg, supervisor of the district at Plainview, has not announced the total for the Hale county side of the city, the mayor said. Questioned as to what the total was, Abernathy officials were told that they would have to wait for formal word from Washington.

### Barr's Total Not Given

Dr. J. E. Barr, supervisor at Lubbock, has not announced the Lubbock county population in any of his reports of that county.

About the same time the federal census was taken, citizens of Abernathy took a private census. They reported living 1,931 actual residents of the city.

It is said that the federal census indicated approximately 600 residents of Abernathy living in Hale county. These figures were not given out by the supervisor and are said to be unofficial.

### Scholastic Population Is 440

ABERNATHY, June 11. (Special)—Scholastic population of Abernathy school district is announced as 440 by H. R. Richter, who took the census for the school board.

Enrollment of the Abernathy school system is approximately the same as the scholastic census. L. P. Shaw is superintendent of schools.

## Hobbs Getting Paving Work

Business Streets of New Oil Town Being Paved by Citizens; Financing Is Big Problem

(By Staff Correspondent)  
HOBBS, N. M., June 11.—Two paving projects are being started here, one to surface Carlsbad street in Hobbs from the Wink-Jal highway east of town to the Texas-New Mexico railroad tracks on the west, about a mile distant, and the other to pave Main street, New Hobbs, from the highway west to the railroad tracks. New Hobbs is about a mile south of Hobbs.

Petitions for the Carlsbad paving are being circulated. The project includes a loop over to Taylor street on both Turner and Huston, forming a loop.

To Use Caliche  
It is planned to use caliche or some other soft limestone surfacing and later add an asphaltic top for a hard surface highway.

John J. Harden, of Oklahoma City, head of John J. Harden, inc., town-site owners, announces he has 50 to 60 men at work in New Hobbs grading and working on the streets there. Each street will be graded, drained and then marked.

Financing Problem  
The biggest problem for Hobbs is the question of financing. The city does not, as yet, have any income aside from fines in police court and occupation tax. There is practically no property valuation on which assessments of taxes were levied in years past. Present valuation is not a source of revenue until the present year is completed. The town of Hobbs is incorporated.

New Hobbs does not have this handicap as the town has not been incorporated and the paving can be done privately by property owners or promoters.

## Work Started On Refinery

Shell Petroleum's New Unit to Be Under Way Soon; to Cost \$1,500,000; Tools Are on Grounds

(By Staff Correspondent)  
BORGER, New Mexico, June 11.—First work on the new million and a half dollar refinery of the Shell Petroleum company has been begun here with erection of four flow tanks on the proposed site of the work.

Elmer Seibold, of Fort Worth, steam contractor, has moved in some of his men and equipment and will start within a short time on the excavation work for the new refinery.

### Tools in Yard

A car load of tools for the erection of the plant has been in the Texas and New Mexico yards at Hobbs for about ten days.

Just the exact location of the buildings has not been announced by officials of the company. It is known that they have a lease on the land in section 19, range 18 south, town ship 38-east that will permit them to use as much of the 50 or 60 acres now leased that they desire.

Fred Malloch, owner of the lease, who made the deal with the Shell company, said that they "can get as much land as they need for the refinery site, a quarter section if necessary, or a half section if they just have to have it."

Shell No. 1 state, the big well that has caused the most excitement since the bringing in of the Humble Bowers No. 1, is about a half mile from the refinery site. There are four other tests now drilling on adjoining leases.

### WHEAT HARVEST STARTS

Castro County Work Underway In Two Weeks

DIMMITT, June 11. (Special)—Wheat harvest will start in Castro county within the next two weeks but will not be in full swing until about July 1, local grain men report.

Crop conditions are generally in good shape. Farmers hope that the price of wheat will be advanced before the starting of harvest.

You need this old reliable southern tonic...

Years ago when malaria and chills were at their height, GROVE'S TASTELESS CHILL TONIC was the outstanding treatment. The same ingredients are still making it a famous tonic today.

Its quinine has an antiseptic value in destroying malarial germs in the blood, while the iron enriches the blood. That's why this old southern tonic is so effective in rebuilding health, strength and energy in grove people as well as children who are pale, weak and nervous. Get a bottle at any drug store, 50c.

## Sheep Shearing In Abernathy Area To Start Soon; Mexicans Come In

ABERNATHY, June 11. (Special)—Sheep shearing time is here and the farmers around Abernathy who have a flock of sheep are getting ready to "harvest" their crop.

A good many farmers have small flocks, while some of them have pretty fair sized flocks. Most of the men have regular sheep shears to do the work.

Tuesday noon a group of Mexican laborers from the south part of Texas drove in. There were two cars in the party and one had a trailer in which had been loaded the sheep shearing machinery.

It is thought the crews of shearers will have several weeks work this year. The Mexicans who do the work have made the section for several years and are well known. They camp out while here, with the women and children aiding in the operations.

CASTRO SHOWS GAIN  
County's Population Near 5,000 Mark Now

DIMMITT, June 11. (Special)—Castro county this year had a population of 4,720 as compared with 1,948 in 1920 a gain of over 200 percent.

Owen M. Umberg, Plainview, district census supervisor, in announcing the totals, said the census shows 750 farms in the county.

Dimmitt has 830 inhabitants or one sixth of the total county population.

On April, there were but 20 persons in the county who were not employed at that time, Mr. Umberg said in his report.

MOVES TO HALE CENTER
