ROTARY INSTALLS NEW MEMBERS—Installed as new members of the Muleshoe Rotary Club Tuesday at noon are from left, Gene Atkins, Howard Watson, Wade Littlefield, Mark McClanahan, James Turnbow and Kerry Moore.

City Adopts '89 Budget; Water, Garbage Rate Up

Cross Country Meet Planned Here Saturday

Dr. Robert Lepard said that for the first time ever, Muleshoe will be playing host to a Cross Country meet Saturday morning.

Some 250 men and women from high schools over the South Plains will be here to participate.

Action gets underway at the new city park at 9:30 a.m. from the tennis courts on West Avenue B.

Dr. Lepard encourages everyone to come out and watch and help with this major Cross Country meet. There will be no charge to attend the Cross Country meet.

When you receive your water sewer and garbage bill at the end of October, you will probably find a slight increase in the amount you are billed.

This is because all these services have an increase in price, effective November 1, 1988.

According to Ordinance No. 288A, water bills will increase by \$1 monthly. Also, Ordinance No. 289A, calls for a \$1 increase in garbage charges for residence and businesses in the City of Muleshoe.

In Ordinance No. 287A, which is the ordinance levying taxes of use and support of the municipal government for the City of Muleshoe, taxes for the 1988-89 fiscal year will be .5747. This is up from the 54.5 cents for 1987-88.

According to figures released by the City of Muleshoe, the tax base in the city has shown a decline since 1986 when it was \$91 million. The \$3 million decrease shows an \$89 million tax base at this time.

All six ordinances adopted by the Muleshoe City Council on Tuesday morning concerned the budget for the city. Five of them were for the 1988-89 budget, and the final ordinance, No. 291A, amended the budget for fiscal year 1987-88.

Bill McMorris and Associates were chosen as consulting engineer for the CDBG Paving Program for the City of Muleshoe, with Bill McMorris acting as engineer.

City Manager Dave Marr told councilmen that no further progress has been made in getting the grade crossing started east of Muleshoe on Highway 84 that will lead to the new airport. The city is still waiting for the Santa Fe Railway to begin the grade crossing.

Following an executive session with City Attorney Mike Caldwell to discuss possible pending litigation, City Manager Marr made the following statement:

"Motion was made that, upon recommendation of the City Attorney, the City of Muleshoe file a Cause of Action in the nature of Interpleader so that a District or Federal Judge can determine who is entitled to the proceeds that the City, at least one time, owed Great Plains Pavers for 1988 Sealcoating.

The city manager has also renewed a request that any local business that is owed money by Great Plains Pavers, for any purchase, contact the City Hall and leave the business name, address, telephone number, and

amount owed by Great Plains Pavers.

He said several local businesses had turned in amounts owed, but it is believed that possibly other local businesses are also owed money by the paving company.

Although a public hearing was scheduled to be held in conjunction with the regular meeting of the city council, no one showed up for the hearing. The hearing was concerning the new budget adopted by city council members, and unanimously approved.

Lt. Governor

Bill Hobby

To Visit Here

Mel Phillips, Democratic candidate for State Senator, District 19, called *The Journal* Tuesday afternoon to say Texas Lt. Governor Bill Hobby will be visiting in Muleshoe Monday evening.

Phillips will be accompanying the Lt. Gov. to Muleshoe and they are expected to arrive around 5 p.m.

They will be greeting the public at the Bailey County Coliseum meeting room.

Hobby will be in the Panhandle and South Plains helping with Phillips' campaign.

The general public is encouraged to be at the Coliseum Monday evening to meet Lt. Gov. Bill Hobby.

MAC Buck

Drawing

Set Saturday

At 2 p.m. on Saturday afternoon, the monthly MAC Buck drawing will be held in downtown Muleshoe.

Preceding the drawing for \$100, \$75, \$50 and \$25 in MAC Bucks, merchants gifts will be drawn for.

This month, Poynor's will be giving away a barbecue grill. You may register at Poynor's Otasco Store prior to the drawing.

MAC tickets will be drawn to determine the winner of Two-Brown Bag lunches from Sonic Drive-in, which will include two hamburgers, two orders of fries and two drinks in each bag; and Muleshoe Publishing Co. will give a one year subscription to *The Muleshoe Journal* and *The Bailey County Journal*.

Rotary Installs 6 New Members; Report Successful Fund Raisers

Six new members were installed at the Muleshoe Rotary Club Tuesday at noon, and all six members gave 'Classification Talks' prior to the end of the meeting.

On Saturday, October 1, the MAC Buck's Pop-A-Shot basketball game will be at Poynor's Otasco Store.

You are encouraged to go by and try your luck.

Poynor's will be giving three prizes to the top shooters for the day.

Classes for adults with less than a high school diploma will begin Tuesday, October 4 at Watson Junior High School. Classes will begin at 7 p.m. and continue until 9:30 p.m. on Tuesdays and Thursdays.

These classes are free for adults to learn English, reading, arithmetic, science, and to achieve a certificate of high school equivalency (G.E.D.).

If you need further information, call Elizabeth Watson at 272-3325.

For the third straight weekend, a young Muleshoe man has attempted to take his own life.

Saturday night, a 19-year old local man was found hanging behind a local business. At the time he was cut down, officers report he had no pulse and no heartbeat.

He was resuscitated and immediately transferred to a Lubbock hospital by a Flight for Life helicopter.

At presstime, he was reported to be in critical condition, and non-responsive to voices, though he was said to be moving around in his bed some.

Bailey County Commissioners will meet in special session at 10 a.m. tomorrow, Friday, with the following items on the agenda:

Payment of routine county bills; consider adoption of investment policy; consider appointment of county judge; review departmental reports; conduct public hearing for community development application at noon and miscellaneous items.

Jodie Wheeler, a Tarelton State University freshman from the Goodland area, has been named to the cast of "Romeo and

Cont. Page 6, Col. 5

Buck Campbell installed Kerry Moore, Gene Atkins, James Turnbow, Mark McClanahan, Wade Littlefield and Howard Watson.

He told the new members that service in Rotary can be very satisfying, citing some of the worldwide project undertaken by Rotary, International, such as the 'Polio Plus' program.

He said \$11,500 has been contributed by members of the Muleshoe Rotary Club. This will inoculate 92,000 kids against polio throughout the world.

He said 'participation' in Rotary projects means the difference in being just a member, or being a good Rotary member.

Campbell cited that 25 percent of the membership does more than it is supposed to do; 50 percent does what they are expected to do; and 25 percent of the members do nothing.

Wade Littlefield said he is a native of Tulsa, "a farm boy." He attended Texas Tech University for one year, then transferred to WTSU at Canyon where he was majoring in Business Marketing. With 19 hours left, he decided to become a coach, so received a double major. Following graduation, he was a coach/teacher in Levelland for two years before moving to Muleshoe earlier this year.

A Plainview native, Mark McClanahan said he was in

Muleshoe for three years as a physical therapist at West Plains Medical Center before deciding to become a doctor.

He completed his medical training, then spent his internship at Texas Tech in Amarillo before coming to Muleshoe.

He and his wife, Robin, are the parents of three sons.

Howard Watson said he is a native of Bailey County, and graduated from Muleshoe High School.

He spent 20 years in the U. S. Air Force and says aviation is his 'biggest love.' He said he has been engaged in farming, alfalfa and the hay business.

Born in Lubbock, James Turnbow attended school for the first 11 years in Anton, and moved to Muleshoe in 1970 where he graduated from MHS. He attended South Plains College, where he played basketball with the college team. He has been with Valley Grain since 1983.

A native of Memphis, Kerry Moore attended West Texas State University and has lived in Muleshoe since his graduation in 1960.

He became a Muleshoe Rotarian in 1966, but later resigned because of his heavy schedule at school where he is head of the drama and speech department.

He said for him, the key to Rotary is "Fellowship."

Gene Atkins has lived in

Cont. Page 6, Col. 1

BVSWCD Reports On Completed Year

Blackwater Valley Soil and Water Conservation District, certified March 20, 1941, has completed its 47th year of operation, according to Jim Lutz, local manager. All Soil and Water Conservation Districts in Texas are legally constituted units of state government, he explained, but they have no taxing authority.

Blackwater Valley, as well as the other 200 districts in Texas, was created to help solve soil and water problems within the county. The local people submitted a petition to the State of Texas requesting a district be created to assist land owners deal with local soil erosion and water conservation problems. Blackwater Valley SWCD was the 111th district organized in Texas.

Soil and Water Conservation Districts vary in size from portions of counties to several counties. Blackwater Valley SWCD boundaries are the county boundaries of Bailey County. In land area, this is about 33 miles

north to south and about 25 miles east and west, or about 535,000 acres. The District is located in the Southern High Plains, where the elevation ranges from 3100 feet to 4200 feet and has an annual rainfall of around 17.5 inches.

The District's governing board called the Board of Directors, is made up of five local landowners. Requirements are that they must own land in the zone they represent and live within the district boundary.

A director serves a four year term and is elected at an open election, held in the zone, by local land owners. Directors receive no salary but are paid mileage to attend the board meetings. District directors accept their positions because they recognize the seriousness of the conservation problem and the opportunity it offers for service to the county.

The 1987-88 directors are: Ernest Ramm, Zone 1; Carl

MORE ACTION BY THE MULES—Up and over went a Greenwood Ranger last Friday night, when they visited the Mules on their home turf. Coming in to help the Mule on the ground are brothers, Roland Ambriz, No. 60 and Gerald Ambriz. The Mules lost the homecoming game, but are looking forward to action with the River Road Wildcats tomorrow, Friday night at River Road. Gametime is 8 p.m.

"The Best Way To Save"

Fred Blassingame Local Woman's

Father Dies

Funeral services for Fred Blassingame, 81, of Lubbock were held at 2 p.m. Tuesday, Sept. 27 in Franklin-Bartley Chapel with elder Leslie White of the Caprock Kingdom Hall of Jehovah's Witnesses, officiating.

Interment was in the City of Lubbock Cemetery under the direction of Franklin-Bartley Funeral Home. Blassingame died at 5:15 p.m. Sunday at his home following a lengthy illness.

Born in Clarksville, he moved to Lubbock in 1949, from Odessa. He married Essie Walser on July 30, 1932, in Altus, Okla. He manufactured automobile springs and was a Jehovah's Witness.

Survivors include his wife, Essie; two daughters, Rebekah Cline of Idalou and Wanda Fanning of Muleshoe; three brothers, Jim of Houston, Tom of Quanah and John of California; two sisters, Edna Thomason of Quanah and Lorene Usleton of Brenham; six grandchildren; and 12 great grandchildren.

The family suggests memorials

be made to the Caprock Kingdom Hall of Jehovah's Witnesses or Hospice of Lubbock.

Pearl Frazier Funeral Service Held Thursday

Funeral services for Minnie Pearl Frazier 87, will be held at 2 p.m. today, Thursday in the First Baptist Church of Aspermont.

Burial will be in the Aspermont Cemetery under the direction of McCoy Funeral Home of Aspermont. Mrs. Frazier died at 2:10 a.m. Tuesday, September, 27 in the Hamlin Memorial Hospital.

Survivors include four daughters, Lula Faye Hinz of Aspermont, Unice Chambliss of Clyde, Billie Abbot of Sweetwater, and Afton Ponder of Hamlin; three sons, J.W. Frazier of Muleshoe, Lee Owen Frazier of Aspermont, and Frank Frazier of Throckmorton; 22 grandchildren; and 43 great grandchildren.

She was preceded in death by her husband, one son and one daughter.

Lazbuddie Notes

BY: LHS NEWSPAPER STAFF

Lazbuddie ISD launched its new "Parents in Partnership" program with a "Back to School" night for parents on Thursday, September 9. According to fourth grade teacher, Barbara Hall, the purpose of this "open house" was "for the parents to meet the teachers and find out about the program and the expectations for the year for their children."

Prizes were awarded to the elementary and high school classes that had the largest percentage of parents in attendance. The fourth grade won a pizza party with 84 percent of all parents in attendance.

Cindy Furr's second grade was 100 percent; the third grade, 83 percent and the Pre-Kindergarten, 100 percent, all won free Cokes.

The elementary was represented by 77 percent of all parents. The winning high school class was the seventh grade, which had 77 percent of parents represented. They won a Coke party. The high school was represented by 67 percent of all parents.

Thursday evening, parents were welcomed by LISD Superintendent Joe A. Hall who outlined the goals for this school year. Principals Anne Farris and Roy Willingham also welcomed the parents and outlined the evening's agenda. Instructors Cindy Furr, Barbara Hall, Becky Jones, and Carl Bodiford then discussed the specifics of the "Parents in Partnership" program.

Parents were then "dismissed" from the general assembly by the school bell. Parents of elementary children went to their child's classroom to meet with the teacher. Elementary teachers made three presentations during the evening. This was arranged so that parents of more than one school-age child could meet more than one teacher.

High school parents received

their child's class schedule and visited the "first period" after the bell rang. After a few minutes, they were then dismissed by another bell and visited each class in succession. So that parents could further experience what their child goes through every day at school, there was a four minute break between classes. Tardy slips, however, were not given to late parents.

Both elementary and high school teachers discussed their expectations for the children, the class curriculum, their rules, and their grading systems. Instructor Becky Jones said she "liked the idea of meeting and talking to teachers at the beginning of the year" so there would be no "surprises" later.

A major goal for the evening was to set up a Speaker's Bureau. Parents received a survey form in which they listed their interests, experiences, or skills in specific areas. The result if a file of parents who can come to the school to talk with the students on a variety of subjects.

Carl Bodiford felt that the file would prove very valuable because "although Lazbuddie parents have always been supportive of the school, we have not been using the parents as a resource."

Principal Anne Farris felt that the evening was a great success. She said, "It surpassed our expectations. We felt that the community members better understood our goals and our desire to include them in the education process."

Instructor Carl Bodiford added, "It encourages you as a teacher to be more willing to work and do your job efficiently if the people in the community care."

Human progress can be boiled down to the mastery of emotions.

Stingy people never think they are stingy until it's too late.

An enemy who becomes a friend is usually a real friend.

HIGHWAY 214 WORK TO MORTON MAY BEGIN OCT. 1

That work of construction will soon be started on the South end of State Highway 214 in Cochran county, is the information emanating from that county this week, it being reported that all rightofway arrangements have been obtained from the South Bailey County line as far as Morton, Cochran county seat and many are being paid for extra land this week.

It is now anticipated that construction of this highway extension will be started no later than Oct. 1, 50 or more men being given work because of it, while the cost will represent a release of approximately \$50,000 in that area.

When completed this highway will have a 42 foot top from shoulder to shoulder centering on a 100 foot wide rightofway. This highway, originally designed by the State Highway Department, under influence of Bailey County citizens was begun at Muleshoe and is now completed with pavement 17 miles south, while the remaining 17 miles in this county now undergoing completion. It is also steadfastly believed that the Highway Department will soon authorize extension and unit one work from Muleshoe North to Friona, a distance of about 25 miles.

1948

FREEZING WEATHER IN MULESHOE AREA

A low temperature of 28 degrees was registered in Muleshoe Wednesday night, according to R.J. Klump, local weather forecaster.

Weather a killing frost accompanied the unseasonal cold was being debated here early this morning.

Johnny Johnson says a killing frost rarely comes in the light of the moon. Little evidence of plants being killed was at first apparent, but Ray Griffiths, elevator man, said he had noticed some leaves on feed were turning black.

Growers of late feed were hoping that its development had not been stopped. If it was a killing frost, it came earlier this year than in any other year since records have been kept. Average frost date is November 1, in the Panhandle. Seldom has a killing frost occurred before the middle of October.

1958

PRICE WAR ON HAIRCUTS AT SOME SHOPS HERE

There's a price war on. Not gasoline this time, but haircuts.

They're just six bits in two Muleshoe barber emporiums, as compared to \$1.25 in the remaining tonsorial parlors.

A spokesman for the two shops which lowered their price this week, said in answer to a question of why prices were lowered "Competition."

Another barber in a shop still maintaining the \$1.25 price said, "You may see a sign saying haircuts 50 cents, but you won't see one for 75 cents."

So you may get clipped for just about any price you choose to pay, and if you wait long enough, maybe even less than that.

20 Years Ago

1968

ENROLLMENT 1,965 Muleshoe school enrollment

shows little difference on September 29, 1967.

This year, 529 students are enrolled in Muleshoe High School and on the same date last year, they had 534 students enrolled. This shows a loss of five students. However Junior High has 534 students enrolled, a gain of 13 over the 521 enrolled at this time last year.

Both elementary schools have lost a few students. Mary DeShazo shows the greatest loss, with 18 less students than in 1967. September 27 this year, they have 469 students enrolled as compared to 487 at the same time last year. Richland Hills shows a loss of seven students, with 433 enrolled this year and 440 on the same date last year.

Total enrollment for Muleshoe Schools stood at 1965, on September 27 as compared to 1982 on September 29, 1967. This is an overall drop of 17 in the number of students attending Muleshoe schools.

BIBLE VERSE

"By this is my Father glorified, that you bear much fruit, and so prove to be my disciples."

1. Who is the author?
2. To whom was he speaking?
3. What was the occasion of this statement?
4. Where may this verse be found?

Answers to Bible Verse
1. Jesus.
2. To the eleven disciples.
3. After the Last Supper, while Jesus and the eleven were en route to the Garden of Gethsemane.
4. John 15:8.

GETTING IT ALL DOWN--Regena Clarkson and Jatón Black were working Monday morning toward state certification to conduct vision and hearing screening. They are shown here with one of the vision charts. Helping with the training were school nurses Jo Beth Edwards and Janie Moynihan.

Financial Management Important For Young Families

When every penny counts, as it does for an increasing number of young families, knowing something about financial management becomes very important.

Two recently released studies based on U.S. Census Bureau data have underscored the fact that America's young families are struggling financially.

According to a report by the Children's Defense Fund, in terms of constant dollars, the income of families with children which are headed by an adult under age 30 fell by about one-fourth between 1973 and 1986.

Another study from the Economic Policy Group indicated the incomes of young families are growing much more slowly than their parents' incomes did when they were young. For example, the average income of a family headed by someone between 25 and 34 is nine percent lower than a similar family in 1973.

Nancy Granovsky, a family economics specialist who has been designing educational programs for the Texas Agricultural Extension Service since 1978, said these figures don't surprise her.

"Most of the skills we taught in the 70's for stretching family budgets to cope with inflation or survive unemployment still apply to young families, even when both spouses work," she said.

"Today's young families have to spend a higher percentage of their income for housing, medical care and child care than did their parents, which means they have to find ways to economize in other areas."

Granovsky, who is currently directing a project to teach financial management to young couples in 57 Texas counties as part of a statewide Extension study, said certain skills have become a necessity for couples who want to get ahead.

"Developing a spending plan and knowing how to use credit is important both for managing the day-to-day family budget and staying out of trouble with a debt

overload," she said.

Although 20 percent of take-home pay, not counting house payments, is considered a safe load, Granovsky said many young couples can easily exceed this limit by overusing credit cards.

"It's also important to have a plan for savings to meet emergencies and future goals, such as a downpayment on a house," the home economist said.

"Young couples may feel like they don't make enough money to save, when in fact, they can't afford to not save. When every penny of take-home pay is spent and there are no savings, the family is very vulnerable in case of even a minor emergency, like an unexpected car repair or medical bill."

The specialist said young couples may also realize cost savings by informing themselves and making better consumer decisions about credit card finance charges, auto loans and insurance or food buying.

The Extension Service offers workshops, publications and study-at-home lessons on basic financial management. Check with your county Extension office for information on local offerings.

Frank

Father: "My boy, I never kissed a girl until I met your mother. Will you be able to say the same thing to your son?"

Junior: "Yes, Dad. but not with such a straight face."

Xi Omicron Xi Met In Toombs Home

Xi Omicron Xi Sorority met in the home of Gayla Toombs on Tuesday, September 20 for a rush party. Theme for the party was "Return to the 50's".

Hamburgers and all of the trimmings and ice cream sundaes were served. Prize for the best 50's dress went to Barbara Mutschler.

It was reported that all that was present enjoyed the food, fun and fellowship. Winners of the various contests were:

Alpha Zeta Pi

Sorority Holds

Pledge Rituals

A meeting of Alpha Zeta Pi was held on Tuesday, September 20 at 7 p.m. in the home of Pam Atwood. A meal of Chicken enchiladas, taco salad, chips, hot sauce, apricot nectar cake with fruit topping and iced tea was served by the membership committee.

Pledge rituals were preformed and 12 pledges were inducted, they are Stacy Burris, Leslie Dale, Leslie Denney, Debbie Eblen, Brenda Hawkins, Connie James, Gina Littlefield, Mary Stegemoeller, Richelle Watkins, Sandy Watson, Lisa Whalin, and Sharon Williams.

Members present included Pam Atwood, Cindy Barrett, Stephanie Barrett, Yolonda Bell, Shelly Carver, Lori Davison, Starla Ellis, Rhonda Myers and Lyn Vandiver.

Annette Bonds, hula hoop; Alice Liles, most loveable lips; Jackie Bradley, sexiest lips; and Sandra Procter and Diana Harrison, largest bubbles. Barbara Mutschler and Alice Liles were able to name the most 50's tunes with Gayla Gear naming the least.

Members present were Annette Bonds, Dawn Williams, Vickie Black, Gayla Toombs, Rayneil Bamert, Susan Wedel, Marilyn Riley, Debbie Nickels, Pat Young, Diana Harrison, Alice Liles, Barbara Mutschler, Ginger Caldwell and Gayla Gear.

Rushes present were Jackie Bradley, Jackie Boutell, Nancy Barrier, Sandra Procter and Silvia Vourazeris.

In Fashion

Leading designers have made big scarfs an important part of fall and winter attire. Colorful head scarfs will be in demand for cool, windy days. Scarfs will also adorn dresses, sweaters and coats.

Colors in fall garments will be as vivid as the foliage of the autumn landscape. There is an outpouring of purple, red, burgundy and mustard on the fashion scene.

The duster coat is making a comeback this fall. This collarless, loose duster is worn with pants or dresses.

Lower Fat Intake Eat Chicken Breakfast

Low fat is the way to go in today's diets, according to various health officials, and a new chicken sausage could help lower fat intake at breakfast.

Sausage prepared from a combination of white and dark chicken meat and fat components from chicken, or other animal components, has the potential of providing a low fat breakfast sausage.

Sausage made from a combination of white and dark meat chicken, plus added fat, seems to be an acceptable product, said Fernando Gomez-Gonzalez, researcher with the Texas Agricultural Experiment Station. He discussed the new product at the recent Poultry Science Association meeting at Louisiana State University.

"Chicken has not been used extensively as a breakfast sausage product before due to the lack of texture and fat needed for flavor," said Gomez-Gonzalez. "Mixing chicken meat and a small portion of fat from other meats creates sausages with adequate flavor, yet they are low in fat content at 1 cent."

Four sausage formulations were evaluated to determine

which fat species produced and the most desirable sausage product when combined with chicken.

Lean chicken tissue was combined with about 10 percent added fat (either chicken, beef, pork or a high oleic acid pork fat) to give a final fat content of 15-16 percent in all four sausages, Gomez-Gonzalez said. The sausage products were then presented to a consumer taste panel to determine tenderness, juiciness, flavor and overall acceptability.

Sausage containing chicken meat and chicken fat was chosen to be as good as any other treatment. Normally, breakfast sausage contains about 35-40 percent fat. Also, when chicken fat is used, there is a better ratio of unsaturated fatty acids than with the other mixtures, said Gomez-Gonzalez.

"The combination of chicken with chicken fat (or other animal fats) creates an economical product low in fat and high in taste quality," said Dr. Dave Mellor, poultry marketing specialist with the Texas Agricultural Extension Service. "Also, the use of chicken dark meat will expand the market base for this product and benefit the poultry industry."

"This new chicken sausage may be the entry of poultry meat into the breakfast market," Mellor said.

Almost

It's almost as difficult to live within an income today as it was to live without one in the early thirties.

Taylor Publishing Recognizes Hornet Yearbook Staff

The Sudan Hornet yearbook staff members were notified recently that they are leading the way in yearbook production technology.

Taylor Publishing has recognized the staff for participating in an innovative method of electronic copy preparation. The Hornet staff uses Taylor's Vision Electronic Publishing System to create their yearbook on a personal computer.

They are among nearly 2,000 secondary schools and colleges who are gaining marketable computer skills by using Vision

Series software. This unique yearbook software allows students to produce all aspects of their yearbook on computer--write articles, design pages, compile indexes, and record income and expenses.

The Vision Series also provides staffs with more creative control over the finished product since all pages are transferred directly from the students' disks to Taylor's mainframe Prism Page-ination System.

Gloria Humphreys is the sponsor for the Sudan Yearbook and Journalism class.

When in doubt about a controversial point, say nothing.

The search for truth is a field of work that isn't overcrowded.

Bamert, Zone II; J. L. Dale, Zone III; L. W. Shafer, Zone IV and Johnny Furguson, Zone V. The district board meeting is the third Monday of each month, at 7 a.m. at the SCS office in Muleshoe.

"Soil and Water Conservation Districts work under voluntary guidelines," explained Lutz. "The district strives to show it is

Rotary...

Cont. From Page 1

Muleshoe since 1957. He is in the insurance business and also farms and has a contract mowing business that mows the highway right-of-way.

"I hope to be an asset to the organization," he said.

In other Rotary action, President George Nieman read a Thank You note from Bailey County Extension Agents Spencer Tanksley and Kandy McWhorter on helping sponsor the annual Bailey County West Plains Fair. Dick Chitwood, who was in charge of the commercial booths for the Rotary Club said this year, there was a very good, attractive fair, enhanced by the 24 booth sponsors. He said Rotary would clear approximately \$400 from the fair.

President Nieman reported on the wrestling last Tuesday night, and thanked the committee chairmen who helped pull everything together, as well as the workers and those who helped by making donations to the Concession stand. Nieman said Rotary would clear a little over \$1,400 from the wrestling.

Wade Littlefield said the Pop-A-Shot also did well at the wrestling.

The Rotary president reminded the Rotarians of an Inter-City meeting in Lubbock, scheduled for October 10 at the Civic Center and encouraged Rotarians to attend.

Winner of the Polio Plus drawing was Ted Barnhill.

Guests at the Tuesday meeting were W. G. Harlan, Richard Drachenberg, Herb Raymond and Ronald Byrd.

the responsibility of each land user to protect his land from wind and water erosion and if he doesn't, everyone suffers from his mistakes.

"The district provides technical assistance to all who request it without consideration as to race, color, creed, sex, or national origin. The end result will always be, the farmer and ranchers showing the initiative to apply their conservation program."

DISTRICT ACTIVITIES

*Sponsor essay contest in schools;

* Sponsor Conservation Farmer Award;

*Participate in the Muleshoe Chamber of Commerce banquet and awards program;

*Furnish local churches with Soil Stewardship materials;

*Co-hosted Annual Conservation Seminar;

*Published Annual Report;

*Assisted with ACP and GPCP program development;

*Made windbreak trees available to landowners;

*Made drip irrigation systems available to water trees;

*Reviewed and certified 734 conservation plans for conservation compliance under FSA of 1985;

*Co-sponsored Chemigation Conference with Extension Service;

* Reviewed 50 CRP contract completions;

*Held 12 meetings;

*Attended South Plains Association Meeting in Lubbock; and

*Attended State SWCD meeting in Corpus Christi.

What Appearance?

"I'm not sure," admitted lawyer Beagle, "that your grounds for claiming a divorce are valid in this state. It's all very well to say he's careless in his appearance, but it seems to me..."

"I don't think you understand," interrupted the client. "He hasn't shown up in four years."

Winter Weeds Need Control

If you are among the numerous people who had a nice crop of winter weeds in your lawn last year, now is the time to begin preparations for control of these unwanted weeds.

Unwanted grasses are the most common winter weed problem occurring in area bermudagrass lawns, according to Dr. John Abernathy, weed and herbicide scientist and Resident Director of Research at the Texas Agricultural Experiment Station in Lubbock.

Several pre-emergence herbicides are available to help control the weed problems. Abernathy says herbicides such as Surflan, Balan and Dacthal should be applied during the late fall or early spring before the weed seed can germinate. He reminds homeowners that these herbicides should be uniformly applied to the lawn and thoroughly watered into the sod.

"Surflan provides the best winter weed control when it is applied to a healthy, well-covered bermudagrass lawn. This herbicide should last through the following summer," he says. If the bermudagrass has blank areas without grass runner cover, Abernathy says Surflan may inhibit runner growth.

Roundup is another herbicide which may be used to control winter weeds. Roundup should be applied postemergence to the weeds in late winter or early spring before the bermudagrass begins to turn green. If the bermudagrass has any green

runners, Roundup can cause injury to them.

* Other pre-emergence chemicals such as Atrazine and Simazine are labeled for use on bermudagrass in East and Central Texas. However, Abernathy advises against their use on the Texas High Plains. "Because of sandy soils with low organic matter and high pH values in this area, atrazine and simazine can cause serious injury to bermudagrass lawns," he notes.

Abernathy also reminds homeowners to exercise caution when using fertilizers that contain weed control materials. "It is very important to make accurate applications of the granular material since overlapping application areas and high fertilizer application rates will result in severe injury to the bermudagrass," he explains.

Additional information may be obtained from the Texas Agricultural Extension Service, local nurseries or other lawn and garden stores. Commercial lawn care services in the Lubbock and Amarillo areas can help homeowners with their winter weed problems as well.

Most people have some good in them, and all people have some evil.

If you can't laugh at yourself, learn to occupy your time with a good hobby.

LSU, Florida Gators

Lead Weekend Games

Three of the Big Ones this week are in three different conferences. Florida and L.S.U. go at it in the Southeast Conference...Iowa meets Michigan State in the Big Ten...and U.C.L.A. plays Washington State in the Pac-10.

L.S.U. nipped Florida in Baton Rouge last season 13-10. The Gators are the hosts this year, the Tigers playing three of their first four games on the road. Florida, 9-1-1 in both 1984 and 1985, has played just above .500 for the past two years. L.S.U. was very impressive in shutting out Texas A&M in its opener 27-0, and in beating Tennessee two weeks ago 34-9. Florida loses at home.

U.C.L.A. travels to Washington for its first game away from home this season. And speaking of being impressive, the Bruins have been just that. They walloped San Diego State and Long Beach State, and pounded a strong Nebraska team, 41-28. The Huskies could be in for a bit of trouble...U.C.L.A.

The crystal ball stayed happily clear for the third week in a row. Our forecasting average now stands at .7743 based on 403 right and 118 wrong. There were seven ties.

Iowa and Michigan State have shared some embarrassments. A month ago, the Hawkeyes enjoyed a trip to Hawaii, but they lost the ball game 27-24. A week later, the Spartans, a big favorite over Rutgers at East Lansing, added more red faces in the Big Ten, losing 17-13. Although they're still two of the five favorites for the league championship, the national status for both teams has taken a nose-dive. Michigan State was then beaten by Notre Dame 20-3 while Iowa took it on the chin

from Colorado 24-21. So - in a real close one, the Spartans triumph at home.

Temple, at home, will lose number 22 in a series with Penn State that stands at 21-3 for the Lions. However, don't look at the numbers when these two meet.

Three Way News

By Mrs. H.W. Garvin

Three Way junior high played Whitharral Thursday evening on the home field losing the game. The senior high teams played Whitharral Friday night there losing the game.

Mrs. Nettie Quisenberry and Jana Bennett from Muleshoe visited the Jack Lanes' Thursday evening.

Don and Mark Lowe and Bill Dolle spent part of the week in Desmoine, Iowa with Jim Bible, the John Deere dealer of Morton, touring the plant where the John Deere cotton pullers are made.

Muleshoe...

Cont. From Page 1

Juliet" to be presented September 29, 30 and October 1 in the Theater of the Clyde H. Wells Fine Arts Center at Stephenville.

The production opens the 1988-89 season for the Tarleton Players with the performances scheduled nightly at 7:30 and a matinee set for Saturday at 2 p.m.

Muleshoe Girl Scouts will sponsor youth skating at the Bailey County Coliseum 7-9 p.m. Friday, September 30.

Skating will be \$1 each, so the Girl Scouts say, "Come on out and join the fun."

Mrs. Jack Lane and Mrs. Jack Robinson entertained at the Senior Citizens lunch in Morton Thursday. Also attending were Mrs. Bill Dolle and Darla and Mrs. H.W. Garvin.

Several men from the community are fishing this week, before harvest time.

The community received rain Wednesday night and amounts ranged from 1½ up to three inches.

Mrs. Bobby Kindle visited her daughter, Stack, at South Plains College Saturday and attended a church dinner.

Mr. and Mrs. George Tyson met their daughter, Mr. and Mrs. Tommy Durham, in Lubbock and had lunch.

A Gideon speaker from Bledsoe was the guest speaker at the Three Way Baptist Church, his name was Wallace Stalcup.

Mr. and Mrs. Louis Mawrey and children spent the weekend in the mountains.

Josh and Jessica Robinson spent Sunday with the Jack Lane family.

Mrs. Rodger Hatcher and daughter from Clovis spent Saturday with her parents, the Jack Lanes.

Visiting in the Bill Dolle home Saturday were Mrs. Dolles parents Mr. and Mrs. Ralph Davis of Lubbock and an aunt Jewell Berkerly from Wichita Falls.

'A Special Thank You'

The family of Lee Palmer would like to extend our sincere Thanks and Appreciation to the E.M.S. Crew and the Dr. & Nurses at

West Plains Medical Center for their diligent effort in attending our Son & Grandson last Sunday night, Sept. 18. A special Thanks to Jack & Bobby Nell Dunham, Fred & Ann Clements & all our friends & Lee's classmates & Coaches who stood by us during our long vigil at St. Mary's Hospital in Lubbock.

We appreciate the concern and love shown through the many, many cards, flowers and all the food we received from the people of Muleshoe, & surrounding area.

We are especially grateful to Frank & Todd Ellis and the funeral home staff for the wonderful & caring way they conducted Lee's funeral services.

May God Bless each and everyone of you for your thoughtfulness and support during our time of great sorrow & loss.

Bob & Doris Palmer

Sudan News

By: Evelyn Ritchie

Mr. and Mrs. Linda Locke has returned from a few days in Abilene with relatives.

Mr. and Mrs. Billy Chester and Mr. and Mrs. Clyde Flowers have returned from vacationing in Branson, MO where they spent several days last week. While there they went to several shows starring well-known entertainers.

Mrs. Hal Cardwell and her daughter, Babara of Greenville visited during the weekend with their son and brother, Mr. and Mrs. Glen Cardwell.

Gina McKillip was among college students home for the weekend. She attends classes at West Texas State University in Canyon.

Mr. and Mrs. W.C. Masten visited Monday in Sudan with friends and relatives.

Mr. and Mrs. Tracy Bowling and family of Fort Collins, CO visited last week with friends and relatives here.

Tara and Laci Chester, daughters of Mr. and Mrs. John Chester of Clovis, NM visited recently with their grandparents, Mr. and Mrs. Glen Chester and attended morning worship services at the FBC with them.

Larissa Glidewell and daughter of Houston have been visiting here with her parents, Mr. and Mrs. Audrey West and other family members.

Ila Ruth Gilreath has returned from Fort Worth where she visited her mother.

Mr. and Mrs. R.B. Knox were in Melrose Monday to attend funeral services for Alta Smith, mother of their daughter-in-law Pearl. Then they went on to spend the rest of the week in Abilene with their granddaughter Wendy, while her parents were in Melrose attending business.

The Eighth grade class members held an election one day last week for officers and favorite for 1988-89 as follows: President Gabe Narramore; Vice-President John Damron; Secretary-Treasurer-Emily Martinez; Reporter Jill Reid; Student Council representative-Elaine Apodaca; and class favorites-Teresa Williams and Gabe Narramore.

The Anchor Brothers will be singing at the South Plains Fair September 24-25. On Saturday

they will be singing from 1-3:30 p.m. and on Sunday afternoon from 2:30-4:30. They plan to leave September 29 for Nashville to attend a National Singing Convention and On Monday October 3, their first national release will be sent out to about 1500 radio stations. On October 29, they will be doing a live music concert for the Boys Ranch Telethon. This will be from 7-12:00 on Channel 28. Beginning on Friday, November 4 at 10:00 p.m., the Anchor Brothers will begin a TV program on Channel 5. This will be a weekly 30 minute non-commercial musical.

Mr. and Mrs. Vernon Corley, Sr. of Belen, NM arrived Friday to visit their grandson, Mr. and Mrs. John Corley, Stacey and Micah and also his sister, Mr. and Mrs. G.C. Ritchie.

Jesse Mancado was taken back to Lubbock hospital Tuesday night.

Master Sgt. Gordon R. Graves, son of John A. and Mayfair B. Graves of Rural Route 1, Sudan, Texas, has re-enlisted in the U.S. Army in West Germany, after more than 23 years of military service.

Graves is an intelligence sergeant with the 35th Field Artillery.

He is a 1963 graduate of O'Donnell High School, Texas.

Mr. and Mrs. Greg Lance and Megan have returned home from visiting her sister, Martha Drake in Austin.

Among college students home for the weekend were Bonnie Newman, Stephanie Bickett, Dean Richards, Brad Smith, Blake Lacewell, Cheri Ford, Eddie Salinas, Jeff Gordon, Jeff Kinnie, Carmen Ramos, Shelly Gore, and Lori Gonzales.

Bill Gardner of San Angelo visited during the weekend with his mother, Frances Gardner and others.

George Lowe of Snyder visited during the weekend with his mother, Mrs. Estelle Lowe and they went to Spearo, N.M. to visit friends & relatives.

Mr. and Mrs. Phillip Gordan have returned home from vacationing that took them to Eureka Springs, Ark; Branson, Mo.; and many other places of interest. They also visited in Olney with her mother, Mrs. Vera Thomas.

Recently visiting with Mr. and Mrs. Clyde Flowers were her sisters from Abilene and Lubbock.

Patty Bausman has returned from vacationing with her sisters from Amarillo when they all went to Las Vegas, Nev & other points

of interest.

Mr. and Mrs. Gordan Martin and Malcom of Lubbock visited during the weekend with their parents, Mr. and Mrs. Larry Brotherton and girls and Mrs. Shirley Martin.

Visiting with Mr. and Mrs. Johnathan Robertson and family during the past few days were her parents and sisters from Corpus Christi. They came to avoid the Hurricane Gilbert.

Margaret Chisholm of Spearman, formerly of Sudan was here last week to visit friends and to attend the funeral services of Audrey West. Also here for the services were Winifred Hayes of Hale Center and Kathy Eddings of Littlefield.

Hazel May has returned to Houston where she will be undergoing further treatments interrupted due to the hurricane when she came home to wait out the storm.

Connie Edwards has been released from the Methodist Hospital where she underwent surgery last week. It was reported that she is doing fine.

Jessie Wiseman and Michael Conley were in Abilene during the weekend to visit their granddaughter and sister, Leanna Wilson.

Junior High Football team defeated Sundown Thursday night 30-0 when all team members played.

It was reported Monday that Justin Obenhaus of Muleshoe, formerly of Sudan was involved in an auto accident in Muleshoe and was taken by helicopter to the Methodist Hospital in Lubbock. Justin is the grandson of Mr. and Mrs. Dexter Baker and son of Mrs. Betty Obenhaus. On Thurs. report was received that Justin has been released from the hospital and recuperating at home.

Mitzi Bea Glascock was hospitalized recently in the Amherst hospital following an auto accident.

Juanda Fields was in Jacksboro this week to attend funeral services Tuesday of an uncle. Mrs. B.Y. Fields of Littlefield accompanied her.

Mr. and Mrs. Rick Walker, Carl & Alan were in Borger during the weekend with her parents, Mr. and Mrs. Leo Edwards for a family get together in honor of Carl's birthday. Others joining them were Carl's other grandparents Mr. and Mrs. John Walker and Mr. and Mrs. Gary Edwards & Vivie Edwards.

Mrs. J.A. Faris of Duncan, Okla. and Mrs. Elie Lam of Wichita Falls visited last week with their sisters, Bertha Vereen, Mrs. J.W. Olds and Mrs. Radney Nichols. They all spent some time in Albuquerque, N.M. with their brother, Arnold Vereen, and Mrs. Vereen. Also they spent several days in Ruidoso, N.M. Mrs Faris and Mrs. Lam returned to their homes on Monday.

Improved Quality of Life Is Possible to Millions Through Advance in Heart Failure Treatment

An advance in the treatment of congestive heart failure that may improve the quality of life for some three million Americans who suffer from this condition has just been announced by the Squibb Corporation.

The advance is the result of government approval to recommend expanded use of the drug Capoten® (captopril) in the treatment of mild-to-moderate cases of the disease.

Congestive heart failure, which has a higher mortality rate than even many forms of cancer, is frequently confused by the lay public with cardiac arrest. In the latter, the heart stops beating. In congestive heart failure, the heart fails to pump sufficient oxygen-carrying blood throughout the body. As a result, blood returning to the heart through the veins backs up, causing the tissues to become "congested" with fluid. This build-up of fluid results in swelling, usually of the ankles and legs, and can also collect in the lungs, a condition that causes shortness of breath and fatigue among other difficulties.

Congestive heart failure is classified as mild, moderate or severe. Survival rates vary, but the prognosis in severe cases is poor. In the mild-to-moderate cases, the prognosis is vastly improved with proper treatment, which traditionally involved the use of digitalis with a diuretic (water pill). Recent studies indicate that Capoten is an appropriate substitute for digoxin (a digitalis derivative), when digitalis is not appropriate for use. By opening up the arteries and veins and reducing blood volume, Capoten increases the heart's output by reducing the resistance against which it must pump, allowing the heart to function more effectively and significantly alleviating symptoms of the disease.

As a result of numerous tests among patients with mild-to-moderate heart failure, Capoten is now recommended for use, together with a diuretic, both with and without digitalis. It may be used in conjunction with diuretics alone when digitalis is poorly tolerated or otherwise not feasible. As a consequence, said Dr. Charles Sanders, Squibb's vice chairman, "We are seeing the beneficial responses in people with milder forms of the disease."

By allowing physicians to prescribe Capoten earlier in the course of treatment, the quality of life for millions of Americans could be improved by significantly alleviating the symptoms of this widespread disease. Capoten, the second largest selling cardiovascular drug in the world, is now a source of expanded hope in the far broader population of congestive heart failure sufferers with mild-to-moderate cases. A physician, of course, should closely supervise the patient's overall treatment regimen.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS GENERAL ELECTION NOVEMBER 8, 1988

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment providing that when the federal government reimburses the state for expenditures of state funds dedicated to acquiring rights-of-way and for constructing, maintaining, and policing public roadways, such federal funds must also be used for those purposes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment and/or clarification providing that federal reimbursement of state highway dedicated funds are themselves dedicated for the purpose of acquiring rights-of-way and constructing, maintaining, and policing public roadways."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 2 proposes a constitutional amendment to establish an economic stabilization fund in the state treasury. The fund would consist of one half of the unencumbered balance of general revenues at the end of a biennium and three fourths of the difference between the net oil and gas production taxes received in a fiscal year and the net oil and gas production taxes received in the 1987 fiscal year. During any fiscal biennium, the amount in the economic stabilization fund could not exceed 10% of the total deposited in general revenue in the preceding biennium.

The state comptroller and the state treasurer could decide to trans-

fer monies from the fund into the general revenue fund to alleviate a temporary cash shortage in general revenue. The legislature could make appropriations from the fund on approval by a three fifths vote of each house to make up the difference between anticipated general revenue and appropriations. On approval of two thirds of the members of each house of the legislature, the legislature could appropriate monies from the fund for any purpose.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment establishing an economic stabilization fund in the state treasury to be used to offset unforeseen shortfalls in revenue."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 5 proposes a constitutional amendment that establishes the Texas growth fund. All investments of the Texas growth fund must be directly related to furthering economic growth and employment opportunities in Texas. At least 50 percent of the fund must be invested in equity and/or debt security for the initial construction, expansion, or modernization of business or industrial facilities in Texas. Not more than ten percent of the fund may be invested in venture capital investments. Of the funds available for venture capital investments, not more than 25 percent may be invested unilaterally, and the remaining investments must be matched at least equally by funds from other sources. The Texas

growth fund will be managed by a board of trustees consisting of four members appointed by the Governor and one member from and elected by the membership of each of the following: The Board of Regents of the University of Texas System; The Board of Regents of the Texas A&M System; The Board of Trustees of the Teacher's Retirement System of Texas; The Board of Trustees of the Employee's Retirement System of Texas; and the State Board of Education. The trustees may set the investment policy of the fund, enter into investment contracts, and take any action necessary for the creation, administration, and protection of the fund. The amendment authorizes the Board of Regents of the University of Texas System and the State Board of Education, in managing the permanent university fund and the permanent school fund, to acquire, exchange, sell, supervise, manage, or retain any kind of investment, including investments in the Texas growth fund. The fund will be phased out after the tenth anniversary of its creation, but the Legislature may create a second growth fund by a two thirds vote of each house.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the investment of the permanent university fund, the permanent school fund, and public employee retirement systems in the Texas growth fund created by the amendment, which will directly create, retain, and expand job opportunity and economic growth in Texas."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitución que aparecerán en la boleta el día 8 de noviembre de 1988. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/8883 o por escribir al Secretario de Estado, P.O. Box 12060, Austin, Texas 78711.

Muleshoe Schools' Football Wrap-up To Date

MULE VARSITY FOOTBALL
Riding on a 1-3 season record, the Muleshoe Mules' varsity team is hanging in there. Injury-plagued, the Mules don't give up, and are ready to get on the field each Friday night to face a new opponent.

This Friday night, the Mules travel to Amarillo to take on River Road.

Gametime is 8 p.m., and Head Football Coach Dale Keeling, the other coaches and players have expressed their appreciation for the crowds that are continuing to stay with them as they try to work out of early injuries and become able to field a strong, well football team going into district action next week.

After four games, this is the way it looks right now:

The Mules have scored 26 points, while their opponents have scored a total of 115 points. Their biggest loss was 53-6 to Denver City.

The Mules have rushed 146 times for 312 yards, while their opposing teams have rushed 152 times for 745 yards.

In passing, the Mules have completed 15-35 for 194 yards, showing an average of 12.9 yards per completion and four interceptions.

Their opponents have hit 24-61 for 447 yards and an average of 18.6 yards each time. They have been intercepted two times.

The Mules have returned four

punts for 33 yards, with 8.3 average yards per attempt.

For kickoff returns, the Mules have 15 attempts for 287 yards, or an average of 19.1 yards per attempt.

The Mules have punted 25 times for 696 yards, an average of 27.8 yards per punt; their opponents have punted six times for 186 yards, an average of 31.0 yards per punt.

The Mules are registering 30 first downs; 21 rushing, seven passing and two through penalties. Their opponents show 61 first downs, 43 rushing, 16 passing and four through penalties.

Muleshoe has had 23 penalties for 195 yards, while their opponents have had 20 penalties for 156 yards.

The Mules have lost nine fumbles to six for their opponents.

Individually, Daniel Olivas had carried the ball for 19 times for 143 yards; Michael Dunham, 124 yards in 42 carries; Jeff Hicks had a -42 yards for 28 carries; A. J. Liles is -28 in five carries; Larry Gonzales, -11 in two carries; John Orozco, 70 yards in 11 carries; Eric Richardson, 34 yards for 15 carries; Tim Shipman has 25 yards for 18 carries and Estevan Sandoval is -3 yards for six carries.

In passing, before he was injured, Jeff Hicks completed 12-27 for 165 yards, a 44.4 per-

cent completion rate, and an average of 13.8 yards per completion. He was intercepted three times.

A. J. Liles has completed 2-6 for 22 yards and has been intercepted one time. Larry Gonzales completed 1-2 for seven yards.

Receivers have been Estevan Sandoval with 8-150 yards; Tim Shipman, 3-7 yards; A. J. Liles, 1-8 yards; Daniel Olivas, 1-4 yards; Doug Chitwood, 1-18 yards and Johnny Horn, 1-7 yards.

Estevan Sandoval returned four punts for 33 yards. Estevan Sandoval had five kickoff returns for 148 yards and Daniel Olivas had six kickoff returns for 100 yards.

Tim Shipman has returned two kickoffs for 22 yards and Eric Richardson has returned two kickoffs for 17 yards.

Estevan Sandoval, Mule punter, has 25 attempts for 696 yards.

After four games, Estevan Sandoval has a total of 328 yards; Daniel Olivas, 247 yards; Michael Dunham, 124 yards; Jeff Hicks, 123 yards; John Orozco, 70 yards; Tim Shipman, 54 yards; Eric Richardson, 51 yards; Doug Chitwood, 18 yards; Johnny Horn, seven yards and A. J. Liles, two yards.

EIGHTH GRADE

Despite eight points in the first, and eight points in the fourth quarter, the Watson

daughters, and their children, Mrs. Debbie Jones of Tahoka, Mrs. Trixie Henn from North Dakota, a son and Mrs. J.E. Layton of Enoch.

Mr. and Mrs. E.N. McCall enjoyed having their two daughters and son-in-laws and grandchildren for a dinner in their home on Saturday to Celebrate E.N. McCalls 80th birthday and their 50th wedding anniversary.

Those present were Mr. and Mrs. Robert George and son Brent, of Lubbock, Mr. and Mrs. Steve Messer and children,

a U.S. energy policy, strongly implying that Texas needs will be addressed in the future program.

It was considered the smartest move of late by the Dukakis

camp in Texas, and an obvious one considering Bush's publicized failure to address concerns of Texas oilmen.

But Bush has plenty of time to respond and Dukakis may have alienated other businessmen by saying private business, at a cost of about \$10 billion, should provide health insurance to employees who can't get it elsewhere.

Dukakis and Bentsen double-teamed on the health care issue, with Dukakis visiting urban hospitals and Bentsen talking rural medical needs in the Panhandle.

Magic Number 54

Polls have shown Bush leading, but the race is viewed by many as tightening up last week.

Despite grumblings among some Texas Democrats of the Dukakis organizational bumbulings here, the Massachusetts governor nearly put Bush on the spot in the petroleum sector.

Meanwhile, Gov. Bill Clements, speculating on the Texas Republican Party's bid to take over the Texas Supreme Court, said Bush must win Texas by 54 percent or more to carry GOP down-ballot candidates to victory on his coat-tails.

Frankly, many observers feel the margin may well rest on how well Reagan campaigns in Texas and whether his popularity is as strong in the end-game of his administration as it was at the outset.

Casino Gambling Issue

On winning percentages of a different sort, pro-casino gambling forces have failed three times to establish a Texas foothold in Galveston and now might have to tackle the state as a whole to pass their issue.

Galveston's anti-gambling voters, led by "Mr. Democrat" Shrub Kempner, want an end to costly local casino elections until Texas legalizes the industry.

They'll try to change the city charter to provide such protection.

An honest man, after reviewing his own life, will be inclined to let youth chart its own course.

Junior High School young Mules fell to Littlefield's eighth grade 16-22 Monday in action at Littlefield.

Robby Guana went in on a 12 yard sweep in the first and Marvin Lewis made it into the end zone from the five in the fourth quarter. Both times, the young Mules added two-point conversions.

Trailing 8-0 at the end of the first; Littlefield came back with 14 points in the second. Neither team scored in the third, but both teams scored in the fourth to make the final tally.

Tonight, Thursday, the eighth grade team will travel to Amarillo to take on River Road at 7 p.m.

SEVENTH GRADE 'B'

On Saturday, Sept. 24, the Muleshoe seventh grade 'B' team bit off a little more than they could chew when they took on the Plainview 'Red' team in Plainview, losing 30-0.

This Saturday, October 1, the seventh grade 'B' team will tackle the Plainview 'Blue' team in Muleshoe.

SEVENTH GRADE 'A'

Last Thursday, the Watson Junior High School seventh grade 'A' team defeated the Littlefield seventh grade 'A' team, 6-0 in action at Benny Douglass Stadium in Muleshoe.

Chad Freeman made the only touchdown of the game when he scored on a 14-yard sweep in the fourth quarter. The PAT failed.

Kelly and Kerry, Chris and a friend, Shelly Kim, and a friend, Tracy of Slaton.

Mr. Winnie Byars was in Levelland shopping Tuesday and went back by Whitharral and visited a granddaughter, Randy Robinsons.

Mrs. Nova Louise of Smyer came Saturday and visited her daughter, Rev. and Mrs. David Graves and family. Sidney went home with his grandmother and spent the night, she brought him home Sunday. She spoke at the Mexican Mission at Bula Sunday afternoon and showed slides. Mrs. David Graves and

During the game, Ruben Jaramillo had six carries for 46 yards.

This Friday, the team will play River Road at River Road.

FRESHMEN

Freshman Terry Richardson returned the opening kickoff for 85 yards and paydirt, but that didn't keep the Littlefield Freshmen from winning a ball game last Thursday night at Littlefield by a score of 12-18.

The Littlefield team regained the lead in the second, scoring 12 points. Although each team scored six points in the fourth, with Ramiro Alarcon going in from six yards out on a sweep, Littlefield won the game.

Tonight, Thursday, the freshmen will take on River Road, playing in Benny Douglass stadium in Muleshoe.

EIGHTH GRADE 'B'

Playing in Denver City on September 17, the eighth grade 'B' team failed to get on the scoreboard, losing to Denver City by 0-12.

Homero Martinez had three carries in the game for 38 yards and Hector Arzola carried 14 times for 25 yards.

SEVENTH GRADE 'B'

When the Muleshoe seventh grade 'B' team went to Denver City, they lost to the Denver City team 16-0. But, that doesn't tell the entire story.

The Muleshoe team tightened up in the second half, holding the Denver City team scoreless.

Mrs. Ellen Bayless also went to the Mission and attended the services. Sid Key, Ted Belez and a man from Morton brought the music on their guitars. We enjoyed it very much.

Mr. and Mrs. Bobby Adams, Mrs. Winnie Byars and Mrs. Ellen Bayless had dinner with the Senior Citizens at Morton Thursday.

He Knew

Youthful bridegroom—My wife has come into my life like a ray of sunshine.

Cynical Benedict—Give her time and she'll go through your pockets like a streak of lightning.

Ronnie Stevens had four carries for 22 yards in the game.

SEVENTH GRADE 'A'

After holding Denver City scoreless in the first quarter, the Muleshoe seventh grade 'A' boys fell 0-6 to the team, after Denver City scored the sole TD of the game in the second quarter.

Mule defense failed to allow the Denver City team to score any more points.

Chad Freeman had six carries for 34 yards and Gage Angeley contributed 30 yards in eight carries. The team had 128 total yards of offense.

MULE EIGHTH GRADE

Martin Martinez scored from ten yards out in the first quarter to make the eighth grade Mules only score against Denver City on September 15.

His score came in the first quarter. Denver City scored eight points in the first; six in the third and six in the fourth quarters to take the victory, 20-6.

Robby Gauna had 109 yards total offense and Marvin Lewis had 76 yards in eight carries.

Cross Country

In Competition

In Area Meets

Muleshoe High School's Cross Country teams competed in the Plainview Cross Country meet on Saturday, September 17 and at Hereford on Saturday, September 24.

Results of the Plainview meet were Richard Ring being the top finisher for the Mules, placing ninth with a time of 17:13 for the three mile course.

Top finisher for the Mulettes was Kelly Conklin with a time of 14:23 for a two mile course.

The coaches said all the runners performed well.

Other runners on the teams are David Orozco, Ricky Diaz, Bet Diaz, Corley Hutton, Hector Reyes, Adam Villa, Michelle Cox, Jennifer Hayes, Lori Cuevas, Debbie Brown, Lilly Garza, Rebecca Gonzales, Amy Harrison, Isabel Rojas, Shelly Hennington; and Gloria Orozco as manager.

STATE CAPITAL

HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—Playing to soft spots in the Texas economy, Dukakis Democrats pitched to the beleaguered oil industry, while Bush Republicans pushed new jobs in the Houston-area space program.

President Reagan, stumping at Bush's Houston fundraiser which

raised more than \$3 million, visited the Johnson Space Center where he called the Discovery astronauts "space age pioneers" and said the U.S. space program is back on track.

"America is going to space again—and we are going there to stay," the President told more than 3,000 space center employees and their families.

Mr. Reagan stopped first in Waco to address Baylor University students and assist Beau Boulter, the Republican congressman who is opposing the Senate re-election of Lloyd Bentsen.

New space exploration means thousands more jobs to the Houston economy, while higher oil prices boost the entire state.

Dukakis scored points with some Texas oilmen by promising that Lloyd Bentsen will head a blue-ribbon panel to hammer out

ORDINANCE NO. 287A

AN ORDINANCE LEVYING TAXES OF THE USE AND SUPPORT OF THE MUNICIPAL GOVERNMENT OF THE CITY OF MULESHOE, TEXAS, AND PROVIDING FOR THE INTEREST AND SINKING FUND FOR THE YEAR 1988-89, AND PROVIDING FOR THE TIME AND MANNER OF PAYING THE AD VALOREM TAXES LEVIED.

NOW THEREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF MULESHOE, TEXAS:

SECTION 1. That there is hereby levied and there shall be collected for the use and support of the Municipal Government of the City of Muleshoe, Texas, for the year Nineteen Hundred Eighty-eight (1988), upon all property, real, personal and mixed, within the corporate limits of said City subject to taxation, a tax of \$0.5747 cents on each One Hundred Dollars (\$100.00) valuation of property, said tax being so levied and apportioned to the specific purpose here in set forth:

For the maintenance and support of the General Government and for the operation of the City Government to be placed in the General Fund, of the total amount received, being \$5.747 cents on each One Hundred Dollars (\$100.00) valuation of property.

SECTION 2. All monies collected under this ordinance for the specific items therein named, be and the same are hereby apportioned and set apart for the specific purpose indicated in each item and that the Assessor & Collector of taxes, and City Treasurer and the City Secretary shall keep these accounts so as to readily and distinctly show the amount collected, the amounts expended and the amount on hand at any time, belonging to such funds, it is hereby made the duty of the Tax Assessor & Collector and every such person collecting money for the City of Muleshoe to deliver to the City Secretary and the City Treasurer at the time of depositing any monies, a statement showing to what fund such deposit should be made and from what source received. All receipts for the City not specifically apportioned by this ordinance are hereby made payable to the General Fund of the City of Muleshoe.

SECTION 3. That the ad valorem taxes herein levied shall become due on the 1st day of October, 1988, and may be paid up to and including the following January 31st, without penalty, but if not paid, such taxes shall become delinquent on the following day, February 1st, and the following penalty shall be payable thereon, to-wit: if paid during the month of March, seven percent (7%); during the month of April, eight percent (8%); during the month of May, nine percent (9%); during the month of June, ten percent (10%); and on and after the 1st day of July, twelve percent (12%). Such unpaid taxes shall bear interest at the rate of twelve percent (12%) per annum from February 1st, 1989.

SECTION 4. All taxpayers shall be allowed discounts for the payment of taxes under the following conditions: (a) three percent (3%) discount on ad valorem taxes due, is such taxes are paid ninety (90) days before February 1st; (b) two percent (2%) discount on ad valorem taxes due, if such taxes are paid sixty (60) days before February 1st, (c) one percent (1%) discount on ad valorem taxes due, is such taxes are paid thirty (30) days before February 1st.

SECTION 5. The taxes herein levied shall be a first and prior lien against the property upon which they are assessed and the first lien shall be superior and prior to all other liens, charges and encumbrances, and this lien shall attach to personal property to the same extent and with the same priorities as to real estate.

SECTION 6. The liens provided herein shall attach as of January 1, 1989.

SECTION 7. Should any part of this ordinance be declared invalid, for any reason, that invalidity shall not affect the remainder of the ordinance, which remainder shall continue in full force and effect.

PASSED AND APPROVED THIS THE 27th DAY OF SEPTEMBER, 1988.

Senator Bill Sarpalius

Reports

VOTERS REGISTRATION DEADLINE NEARS

AUSTIN — One of our former presidents, we're not sure which one, said "The mandate of November's election must be by vote of the people — not by default of the people."

He made the statement in the midst of a speech urging voter registration, and truer words seldom have been spoken. How can a government really be representative if half of the people eligible to determine the course of that government choose not to vote?

By the time this column works its way into print, there will be about a week and a half left before the Oct. 9 voter registration deadline. Those who have not registered by Oct. 9, 30 days before the Nov. 8 election, will not be eligible to participate in the selection of a new president, U.S. senator, congressman, state senator, state representative and much, much more.

Frankly, too many people aren't aware of the registration deadline, and that's reflected in relatively low registration figures and election-day turnouts. A true democracy depends on full participation in the electoral process, and by that measuring stick, our country has been lacking for several years now.

In many of the democracies of Europe, virtually every eligible citizen is registered to vote, and turnout on election day approaches 70 to 80 percent of all registered voters. In the U.S. by comparison, up to 30 percent of all eligible citizens choose not to register. And, on most election days, we're

lucky if half of all the registered voters actually go to the polls.

There was an era when such figures would have been more understandable. Social, economic and racial barriers existed to discourage voter registration. Relatively primitive transportation prevented many from traveling to the ballot booth.

Yet, ironically, registration and voter turnout generally was better during that bygone era. The barriers today for the most part are gone. The constitution forbids all discrimination in the electoral process, and many public service groups offer transportation to and from polling places.

Many conclude apathy is at the root of poor voter participation; others contend that most people simply aren't aware of voter registration deadlines, where to register, absentee voting deadlines, etc. If the latter is the case, then maybe some good news is on the way.

Texas for years now has been aggressive about improving voter registration. Several hundred thousand people have been added to the rolls this year alone. Voter registration cards are available at every county courthouse in the state, and state officials have been trying to place them at many other high-traffic locations throughout the state as well.

Political candidates, for obvious reasons, usually make voter registration cards available at their campaign offices, so that too is another option for those looking to register. All in all, not many good

excuses are left for not registering to vote.

Some even are discussing the possibility of allowing election-day registration to enhance participation. The idea is not universally popular, though, and this really isn't the place to get into the merits of that idea. Election-day registration will not occur this year.

For now, the deadline remains Oct. 9. State law traditionally has set the registration deadline at 30 days before an election to allow officials to verify a citizens voting credentials and to allow election officers time to prepare the precinct voting rolls.

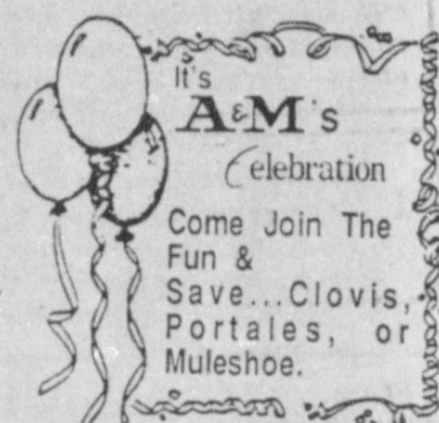

So barely a week and half from now, the registration deadline will have passed. If you're not currently registered, please, register to vote and be a full participant in our great American democracy.

If you have any questions about voter registration, or other issues, please contact us at P.O. Box 12068, Austin, Texas 78711.

268	150 to 450 lb. Open Heifers
43	500 lb. Open Heifers
46	400 to 600 lb. Open Heifers
224	180 to 400 lb. Open Heifers

Consignments Coming in Daily

Remember that cattle coming from Texas and most other states must be TB tested. We can have this done at the sale barn if they are here a full 3 days before the sale. We do appreciate your consignments.

Mr. Wheat Farmer - Have you considered running Holstein Heifers on your wheat? Presently we feel there is greater profit potential in pasturing Holstein heifers than anything else.

Prices we are quoting are what we felt the market was at our auction in the last few dairy sales.

Top Quality 500 lb. heifers sold for 75 to 85¢;
800 lb. sold from 77.50 to 82.50.
Very little roll back if any.

Top Quality 800 lb. at 80¢ = \$640.00.
Top Quality 1200 lb. Springers sold at \$950.00 to \$1150.00.
No rollback and maybe some advance over 80¢ per lb.

Smaller heifers were sold at 300 lb. bringing at 95¢ to 110 per hundred = \$310.00.
600 lb. at 80 = \$480.00 = Gain for growing 300 lbs. = \$170.00.

We would like to remind you that there is a market for Holstein Heifers at any size. We have 2 dairy sales every month.
Please come to our sale. Both Monday & Tuesday - October 3 & 4.

What's Happening In The Muleshoe Area

The Week Of
September 29, 1988

SOIL CONSERVATION SURGE VALVES--Blackwater Valley Soil and Water Conservation District has surge valves available for short term loan. These surge valves are for those who may be interested in surge systems, but didn't want to buy one until they had tried one out, says Jim Lutz, manager. (Guest Photo)

EMPLOYEE OF THE MONTH--Hazel Gilbreath received the traveling trophy and a certificate from the Muleshoe Chamber of Commerce and Agriculture Tuesday morning after being named "Employee of the Month." Also pictured with her is Donna Kirk, manager of the Muleshoe Abstract Co., where Mrs. Gilbreath works.

THEY'RE THE WINNERS--Barbara Hall's fourth grade won a pizza party by having the most parents in attendance at the Lazbuddie 'Back to School' night, Thursday, September 9. The entire school had an excellent percentage of parents present. (Guest Photo)

MEMBER OF THE MONTH--Accepting the certificate as the Muleshoe Chamber of Commerce and Agriculture Member of the Month were from left, Ricky Mata, Richelle Watkins, director and Randy Watkins, all of the Bailey County EMS Service.

WELL EVALUATIONS--Soil Conservation Service Personnel working through the District are available to do all kinds of irrigation well evaluations from checking gpm's to running total well efficiency checks. In this picture, from left, Jim Lutz District Conservationist and Boyd Magby, local farmer, check wells. (Guest Photo)

COFC BUSINESS OF THE MONTH--Tuesday morning, Atkins Insurance Co. was presented a certificate as the Muleshoe Chamber of Commerce and Agriculture Business of the Month. Accepting the certificate were Tish Foster, Gene Atkins and Ida Clark.

STOPPING WIND EROSION--Planting wheat on terrace ridges such as these west of Enochs is an excellent way to combat wind erosion, as well as water erosion, explains Jim Lutz, District Conservationist. This is a modified strip cropping practice that fully meets the Food Security Act of 1985 erosion reduction criteria. (Guest Photo)

FROM THE SPEAKER'S BUREAU--Chunk Smith became the first parent from the newly formed Speaker's Bureau to visit the Lazbuddie School. He spoke to Marca Morris' fifth grade class about the origin, planting, harvesting, and use of flowers and plants. He even brought each student sample seeds from four types of flowers, and brought fresh-cut flowers and two plants so that the students could watch them grow and make seed. (Guest Photo)

SEEDLINGS MADE AVAILABLE--Jim Lutz, District Conservationist for the Blackwater Valley Soil and Water Conservation District said the district provides windbreak tree seedlings each year for planting in the county. This last year, the district sold 1,300 trees, and they may be found throughout the county. (Guest Photo)
