

The Talco Times

COMPLETE NEWS AND ADVERTISING COVERAGE OF THE GREAT TALCO OIL FIELD

VOLUME 15

TALCO, TITUS COUNTY, TEXAS, FRIDAY, FEBRUARY 23, 1951

NUMBER 2

Talco Volunteer Fire Department Numbers 44

Talco now has a Volunteer Fire Department of forty-four members, eighteen more men having joined the organization at a second meeting held last Friday night.

Study of a fire-fighting manual is underway and all are looking forward to a meeting and dinner on Friday night, March 2.

Talco's fire truck is being overhauled, a new motor of 100 horsepower is being installed and the machine placed in first class condition.

Bids are now being asked by the City on 300 additional feet of fire hose, which will be purchased.

Fire chiefs at Mt. Pleasant, Bogata, Clarksville and Deport have been invited to the meeting to be held on March 2.

Ice Storm Does Great Damage at Paris and Bonham

Clinging ice that snapped telephone, telegraph and electric power lines left Paris isolated and without those services the latter part of last week. Thousands of fine shade trees and shrubbery were deborned of their limbs and traffic was at a standstill on many streets. It was the most crushing ice storm ever to visit that city.

From Paris west similar damage was inflicted at Honey Grove and Bonham. Heretofore such storms have usually stopped on their eastward flight at Denison or Bonham. This time it extended on east of Paris to Cox Field. Little or no damage was reported at Deport, Blossom, Detroit and Clarksville but long distance telephone service was out for two days, due to icing conditions, and electric power was off in this area for two hours on Wednesday of last week.

Mrs. Grady Betts of Cornet, Mrs. W. W. McCoy and Linda of Douglasville, visited their aunt, Mrs. F. A. Jones, Sunday. Mrs. Rhoda McCoy, who had been visiting Mrs. Jones for a week, returned home with them.

Car and Whiskey Demolished in 110-MPH Race

A 110-mile-an-hour chase between Cass County officers and a couple suspected of whiskey running ended in a demolished car and the destruction of eighty cases of whiskey six miles southeast of Mt. Pleasant early Tuesday.

The Oklahoma couple, driving a 1951 Chrysler, set the chase off when they rammed through a road-block thrown up to halt them near Hughes Springs, Cass County. They fled west, with Cass County Sheriff John H. Thompson and Deputy Allen Griffin in pursuit.

The sheriff was driving 109 miles an hour and was being left behind when the Chrysler left the road and plunged into Justice Creek.

The couple, who were not seriously hurt, were charged with transporting whiskey into dry territory.

Mt. Pleasant Man Dies of Injuries

J. H. Hicks, storekeeper at the American Liberty refinery at Mt. Pleasant, in a Gilmer hospital, died in a Gilmer hospital Monday of injuries sustained in an automobile accident between Gilmer and Gladewater Thursday afternoon.

Hicks had lived in Mt. Pleasant nine years. He formerly lived in Longview. He is survived by his wife and two daughters, Misses Sarah and Virginia Hicks.

Passed Bill Will Change Districts

A redistricting bill that has just passed the House at Austin will cause 20 Northeast Texas Counties to lose five legislators. If it becomes a law Red River, Titus and Camp Counties will make up the third district.

At present Red River has one representative and Titus and Morris also form one district. Cass, Marion and Morris would form the second district.

Lamar County would be given one representative and made the 10th district. It now has one and a flatorial from Fannin.

Plant Food Co. Locates at Mt. Pleasant

The newly formed Hi-Yield Plant Food Company has located its plant in Mt. Pleasant. It is a new corporation formed for the purpose of manufacturing and distributing fertilizers and insecticides. H. Dean Smith, president, states that the Mt. Pleasant Oil Mill property has been purchased and the existing buildings will be remodeled and expanded to accommodate fertilizer manufacturing facilities.

Work will begin immediately on the improvement of the oil mill property. It will be several months before construction is far enough along for the new equipment to be installed. Mr. Smith states that they should begin manufacturing fertilizers sometime next summer.

Hi-Yield will manufacture a complete line of mixed fertilizers and will distribute other agricultural chemicals.

The feed mill will be expanded and modernized and will offer Titus County farmers a complete feed service, including custom grinding and mixing. They will distribute Harper's Hybrid seed corn and registered cotton seed, as well as a complete line of planting pasture seeds.

Paul R. Lennier, well known East Texas agricultural leader, has been appointed manager of the Hi-Yield Plant Food Company. Mr. Lennier attended Oklahoma A. & M. College, was an employee of the U. S. Department of Agriculture for eleven years in the Farm Security Administration, serving as county supervisor and administrative assistant to the regional director. Served as manager of the Texas Defense Relocation Corporation for four years, and up until January 1 was feed specialist for the Farmers Co-op in Sulphur Springs. Mr. Lennier is a member of the board of directors of the East Texas Livestock Association, a member of the Baptist church, a member of the Masonic Lodge and a member of the Kawanis Club. Mr. and Mrs. Lennier and daughter, Paula Fern, are residing at 108 Pecan St., Mt. Pleasant.

Farmers may call upon Mr. Lennier at any time for advice or assistance in connection with fertilizer or feeding problems. He is well qualified and eager to assist them.

Talco Happenings Ten Years Ago

Week of February 21, 1941
A man who gave his address as Gladewater, had been placed in the Talco jail in connection with the theft of a Ford car belonging to Walter Lewis of Talco.

Miss Nadine McClung had entertained the volleyball team with a party. Members attending were Pearl Autry, Marie Moore, Estelle Sweeney, Johnnie Mae Vaughan, Lora Pearl Reed, Peggy Lou Sly, Betty Mae Camp, Guylene Pinkston, Pauline Roach, Catherine Traweek, Billy Jean Jones and Joylan Cramer. Gilbert H. Garreston, 36, of Winfield, had died at his home following a long illness.

William Mack King, long-time resident of Talco, had died following a long illness. He had been county commissioner in the Talco precinct for 20 years.

The Winfield Bearcats had won the Titus County basketball championship and were to represent the county at the district meet to be held at Mt. Vernon.

Earl M. Lide had received notice that he had been appointed county chairman of the Big Bend National Park project.

Thomas Richard Harkrider, 57, brother of Jim, Box and Dave Harkrider of Titus County, had died at the home of his daughters, Misses Cleo and Inez Harkrider, at Greenville.

Oscar Little had returned home after being a patient at a Paris hospital following injuries received while working with the Denver Drilling Co.

O. B. Hopwood, R. R. Kelley and Mr. and Mrs. Jack Fogarty had made a business trip to Wilson, Ok.

Delta, Hopkins and Franklin would form the 11th district. Bowie would have two places and be named the 1st district.

E. L. Holder of Baytown, returned home Wednesday after a week with his father, E. Holder.

Much Moving of Talco Folk

Moving that took place the past week: Mr. and Mrs. V. P. Gibson and Gay to Winnboro, Mr. and Mrs. Stroud and four children from Shreveport, La., to the Gibson house; Mr. and Mrs. Kirby to Winnboro, Mr. and Mrs. E. Luttrell to the house vacated by them; Mr. and Mrs. Marvin Owings to house vacated by Mr. and Mrs. Luttrell.

Mr. and Mrs. Troy Richeson and three children moved to Bogata. Sam Mayfield bought their house, moved it on his lot, moved into it and Mr. and Mrs. Melvin Tapp and small son moved from Dallas into the house Mr. Mayfield vacated. Mr. and Mrs. Francis Dalby and two sons moved to DeKalb.

PMA Prices Set To Aid Farmers Produce More

The price set by the County PMA Committee for Kobe Lespedeza will be \$16.00 per 100 lbs. with the PMA paying \$11.00 and the producer paying \$5.00. The fair price for Sericea Lespedeza has been set at \$20.00 per 100 lbs. with the PMA paying \$14.00 and the producer paying \$6.00.

Limestone Required
In seeding pastures and meadows where the seed is furnished through the PMA, the area to be seeded must have had limestone used on it either in 1949, 1950 or will be used in 1951. The PMA will pay \$3.15 per ton whereas the producer will pay \$2.00 per ton. This will include the hauling and spreading of the limestone on the land. Any producer who thinks that his land does not need lime should have it tested and if the test shows that limestone is not needed, then he will not be required to lime land if he will present the sheet showing no lime is needed.

Raw Rock Phosphate Available
Raw Rock Phosphate will be available under Purchase Order in 100 pound paper bags for producers desiring to use this material on pastures and meadows in 1951. The PMA pays \$12.80 per ton; the producer if he hauls and puts out the material will pay \$9.20 per ton, however, if he desired to have the material hauled and spread, it will cost him \$11.20. The suggested application rate is 600 to 1000 pounds per acre.

20% Superphosphate & 0-14-7
20 per cent Superphosphate and 0-14-7 will not be available in 1951 through the PMA under Purchase Order but payment at the rate of \$18.00 per ton for superphosphate and \$17.00 per ton for 0-14-7 will be credited to those producers who purchase these materials outright and secure their Prior Approvals before using the material on the land and bring a receipt showing the number of pounds bought and from whom will be required before Prior Approvals are issued.

LOVE ALWAYS FINDS A WAY
Camden, Tex.—Necessity, too, can find a way.

Farmer Reuben Barker can't milk a cow. During the recent blizzard Mrs. Barker, who takes care of that chore, became ill and was unable to leave the house.

But Barker managed to squeeze by. He ushered bossy into the living room twice daily and Mrs. Barker carried on.

Crude Allowable Given Increase

The Texas Railroad Commission has set a March crude oil production allowable of 2,800,742 barrels a day, an increase of 71,554 barrels.

Most of the state was placed on a 23-day production schedule, with the East Texas field to operate nineteen days. During February, the state, generally, was on a twenty-day basis, with East Texas producing on seventeen.

The daily allowable as of last Saturday was 2,729,188 barrels.

The commission issued its March order shortly after a statewide prororation hearing.

Most purchasers requested a 23-day March schedule, but said they would be willing to operate on 24 days.

The primary objection to 24 days was a fear purchasers and producers would have trouble moving the heavy output from West Texas areas to refinery centers.

Verdict of Court Favors Cattlemen

A federal court in California has affirmed the right of cattlemen to claim capital gains exemptions on breeding stock sold out of their herds.

And Frank Appleman, Ft. Worth attorney who participated in similar Texas cases, said ranchmen in preparing their income tax returns on March 15 can utilize the capital gains provisions which provide a lesser tax rate than is imposed on straight income.

In the past the Internal Revenue Bureau has allowed a capital gains exemption only when the sales of stock resulted in a net reduction of the herd. But cattlemen for years have contended they are entitled to capital gains exemptions on breeding stock sold from their herds, arguing a breeding herd is the same thing as factory equipment or an industrial plant.

Citing recent court rulings, Judge Gorman agreed with them. "In principle and by weight of authority, the plaintiff is right," he said.

Appleman pointed out that within the last 60 days similar decisions were handed down by the Fifth Circuit Court of Appeals in litigation involving the J. A. Cattle Company of Palo Duro and O. H. Finch of Dalhart.

Heavy Rain Falls In This Section

Spring-like thunder clouds accompanied by heavy rains visited this section early Sunday, Monday and Tuesday mornings. A cool wave moved in Tuesday, clearing skies. Bright sunshine and spring temperatures prevailed Wednesday. The government official rain gauge in Deport showed 1 1/4 inches of rain had fallen since Saturday.

Several, who had planted English peas, other early vegetables and put out onions, reported peas and onions growing nicely. The cold weather of last week did not hurt them.

The little daughter of Mr. and Mrs. Boose Gable, who has been in a Paris hospital for several weeks, was able to return home Saturday.

Fifty Red River County Men Get Army Physicals

Fifty Red River County men were given physical examinations Feb. 1 and 2 to augment the pool of available inductees for future draft calls. This total was the largest for any month since reactivation of the selective service machinery last August.

Eleven men have been asked from this county to fill the February induction quota. They will be delivered to a recruiting station on the 19th.

Call for induction of 4,150 draft-age Texans in April was received last week by Brig. Gen. Paul L. Wakefield, state director of selective service.

This compares with a call for 4,145 in March, 4,137 in February, and 4,142 in January. The state director said this brought total of number called since start of the Korean conflict to 27,062.

TALCO BOY ENGAGES IN KOREAN FIGHT

Forrest M. Hall, gunner's mate, third class, USN, of Talco, participated in the amphibious redeployment of United Nations land forces from the Korean east coast port of Hungnam while serving aboard the destroyer USS Borie. While the transports were loading troops and equipment into he besieged port, the guns of the Borie and other United Nations Naval vessels established a steel curtain around the shrinking defense perimeter. The pin-point bombardment, coordinated with carrier-based air attacks, made a "no man's land" of the area. Enemy troop concentrations, road junctions and vehicular traffic were pounded day and night by the ships.

Election Managers Named by Court

Following a ruling by Titus County Attorney Alford Flanagan that precinct chairmen are not legally allowed to act as managers of county and general elections, and at the suggestion of Joe Steed, county Democratic chairman, the Commissioners Court of Titus County has appointed a full list of election managers to serve during the coming year. The new managers are:

Miss Beula Smith, Talco; Lloyd Legg, Southwest Mt. Pleasant; Luke Montgomery, Green Hill; R. W. McCollum, Marshall Springs; Ernest Benson, Monticello; Clarence Harris, Maple Springs; Austin Embrey, Cooksville; P. C. Lasater, Hickory Hill; John O. Thomas, Northeast Mt. Pleasant; A. A. Cameron, Argo; A. P. King, Winfield; Ted Gray, Lone Star; George Stoue, Northwest Mt. Pleasant; Buster Holcomb, Southeast Mt. Pleasant; & Odus Jackson, North Mt. Pleasant.

A. L. Rodgers has received word from his brother, M/Sgt. J. D. Rodgers in Japan, that he had received a second leg injury while on duty in Korea. He is now in a rest camp.

Mr. and Mrs. R. J. Rosson accompanied Mr. and Mrs. G. M. Burnham and Gayle to Dallas, on Wednesday for Gayle to be checked for progress since her return from Warm Springs before Christmas. She can use her crutches well enough now to attend school.

the area. Enemy troop concentrations, road junctions and vehicular traffic were pounded day and night by the ships.

Those who are firm believers in the ground hog as a weather prognosticator had an inning last week and probably made a few converts. And then Twin Days will come along in April and a lot of folks will plant from daylight to dusk.

Thursday is the anniversary of the birth of George Washington. He has been dead 150 years, but his position as a national leader with no precedent with which to guide him, has caused his memory to remain fresh in hearts of every liberty-loving American. It was Washington who refused a third term as president and only one man has ever had the audacity to violate the precedent.

**EDITORIALLY
SPEAKING**
BURT LOCKHART
in Pittsburg Gazette

Those were happy days when a man could see a year ahead for his business.

Now that we have price control, Uncle Sam's next big headache is black market control.

The pen is mightier than the sword, but the typewriter holds the key to many a tough situation.

A smart man once said: "To make money, do not cut down on expenses—just increase your income."

A New York woman who celebrated her 102nd birthday last week reluctantly admitted that she was getting old.

Sometimes we wonder if this is a real world or if it is just a training school for armies and navies and a place to build airports, veterans' hospital, munitions plants Washington was also a Masonic leader and Masons all over the United States will hold ceremonies in his honor on Feb. 22.

**Washington's
Words to Soldiers
At Valley Forge**

George Washington, whose birthday occurred Thursday, delivered to his embattled troops encamped at Valley Forge in the bitter winter of 1776. His inspirational message of nearly 175 years ago is again meaningful in our troubled times. He said:

"The time is near at hand which must probably determine whether Americans are to be freemen or slaves; whether they are to have any property they can call their own; whether their houses are to be pillaged and destroyed and themselves consigned to a state of wretchedness from which no human efforts will deliver them. The fate of unborn millions will now depend, under God, on the courage and conduct of the American people. Our enemy leaves us only the choice of a brave resistance or the most abject submission.

"We have, therefore, to resolve to persevere. Our own, our country's honor, calls upon us for a vigorous and manly exertion; and, if we now shamefully fail, we shall become infamous before the whole world. Let us, then, rely on the goodness of our cause, and the aid of the Supreme Being, in whose hands victory is, to animate and encourage us to great and noble actions. The eyes of all our allies are now upon us, and we shall have their blessings and praises if happily we are the instruments of saving them from tyranny meditated against them."

**Cancer Cure May Lie
In Silent Whistle**

Cleveland. — The same principle that you can use to call your dog without disturbing your neighbors may prove a weapon against cancer.

Scientists at the Rand Institute in Cleveland are experimenting with the use of highpitched sound to kill or slow down the growth of cancerous tissue.

Equipment now in the Rand laboratory can batter the tissue at 1,000,000 times a second. The scientists hope to raise the figure to 3,000,000 times a second.

By use of piezo-electric crystals, the energy of the sound can be focused within a circle of one-eighth of an inch.

Doughnuts have holes in the center to keep them from becoming soggy.

**Shower Honors Mrs.
Norman McAfee**

Mrs. Norman McAfee was honored with a pink and blue shower on Feb. 16th at the Methodist church recreation department. The room was very attractive with pink and blue motifs. The registering table was pink overlaid with a dainty crocheted cloth. On it a pink container held blue daisies. Mrs. Lon Jones presided at the registering table.

The tea table was blue, overlaid with a lace cloth. The flowers for it were pink carnations and blue cornflowers.

Mrs. A. E. Foster poured tea from a lovely silver tea service, and Mrs. Jack Brown served dainty white cake squares, iced in pink, with the word "Baby" and a spray of flowers in blue.

The large attractive gift table, piled with beautiful gift packages, was pink overlaid with a lace cloth. The flowers for it was a dozen pink roses. The chair for the honoree was marked with a huge pink bow. Her corsage matched the flowers of the tea

**Paris Floor Covering
In New Location**

Paris Floor Covering, owned and operated by Fred Lytton, has moved from the old location on Bonham street to a larger and better building at 118 Clarksville street in Paris. Formal opening, in the new location, is set for Monday, Feb. 26, when free prizes will be given away. The firm carries one of the largest stocks of floor coverings in Northeast Texas and invites residents of this area to pay them a visit. Attention of the reader is directed to an advertisement elsewhere in this edition.

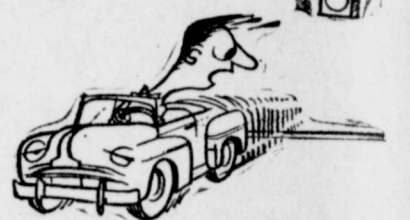

The largest encampment in the Western Hemisphere was held in 1950 when 47,163 Boy Scouts and leaders held their National Jamboree at Valley Forge, Pa.

There were 21 guests who registered and 22 who sent gifts.

The hostesses were: Mrs. A. E. Foster, Mrs. Jack Brown, Mrs. W. H. Hughes, Mrs. Grady Traweck, and Mrs. C. C. Penn.

Book Lovers Club With Mrs. Gieger

Mrs. B. L. Gieger was hostess Friday afternoon to the Book Lovers Club. The meeting was opened with prayer led by Mrs. Bill Miller. The president, Mrs. H. O. Williams, presided during the business session, at which time the "Flower Fund" collection was taken. Community reports were made and books distributed. Thirteen members answered roll call. The feature of the afternoon program was a very interesting study on the "Life and Habits of Gypsies," directed by Mrs. J. L. Cato. Mrs. E. E. Nugent gave the "Early History of Gypsies." Much was learned of these wandering people from an article discussed by Mrs. W. H. Crawford, "Gypsy Wisdom."

The story of the burial of a Gypsy king was told by Mrs. R. R. Kelley. "Gypsies Lead a Happy Life Bessed by their Women Folk," was read by Mrs. J. L. Cato. Games were enjoyed at the conclusion of the program, with Mrs. E. W. Smith and Mrs. O. S. Goodloe being the prize winners.

Refreshments were served to the following guests: Mmes. R. R. Kelley, Ney Blackburn, P. H. O'Keefe, E. Unsell, Bill Miller, U. L. Cox, J. L. Cato, O. S. Goodloe, E. E. Neugent, W. H. Crawford, E. W. Smith and H. O. Williams. The club adjourned to meet next on March 2 with Mrs. O. S. Goodloe.

THTOP THIEF!

The editor of a weekly newspaper in the Catskills found that some prankster had stolen all the letter "S's" from this type cabinet, and inserted the following apology in his next issue:

"Thome thnsaking theiundrel hath tholen into our compothng room and thee-daddled with all our etheth. We mutht therefore, apologize to our readerth for the intripid appearance of thith 'Thentinel.'"

"We would altho like to thate that if at any time in the yearth to come we thee thith dirty tunake in the grath about the premitheth, we will thoot him tho full of holeth, he will re-thimble cheethe. Thank you."

SOCIAL FOR CALVARY BAPTIST YOUNG PEOPLE

Mr. and Mrs. M. J. Davis entertained the intermediate and young people's BTU classes with a party Saturday evening at the Calvary Baptist Church annex. Sally Taylor directed the games for the evening.

Delicious refreshments, consisting of sandwiches, cookies and drinks were served to Rosemary Neugent, Patsy Easterling, Ray Kelley, Barnell Stevens, Sally Taylor, Patsy Swope, Neila D. Easterling, Imogene Rodgers, Jimmy Patterson and the sponsors, Mr. and Mrs. M. J. Davis.

Work Resumed on School Building

Neal Hurt of Sulphur Springs who has the contract for construction of Bogata's new grammar school, had workmen back on the job again Monday, after being shut down due to the freezing temperatures.

The building which will be of brick and wood frame construction with a concrete floor will amount to 7,500 feet of floor space. The work is expected to be completed by Sept. 1 in time for the opening of the 1951-52 school term.

Present Students Musical Recital

Mrs. Alton Willms will present her voice and piano students in recital Tuesday, Feb. 27 at 7:30 p. m. in the school auditorium. The public is cordially invited to attend.

Pre-school children appearing are: Becky and Brenda Lewis, Jo Ann Mankins, Sherry Kossler, Roger Hawkins, Calvin Hammonds, Monty Rodgers, Butch Walker and Bill Willms.

Other students to be presented are: Mary Jo Dunagan, Barbara Jean Mankins, Joanna and Barbara Mitchell, Judy and Douglas Cain, Tommy Jean Calloway, Martha Elizabeth Johiken, Donnie Eberts, Marilyn Russell, Leon Rodgers, Annette Lewis, Becky Foster, Joyce Ann Richeson, Joan Calloway, Clydene Rutledge, Peggy Cornelius, Glenda Ray Ferris and Freddie Rodgers. Ushers for the program will be Misses Merl Flanagan and Joyce Ann Richeson.

CARD OF THANKS

We wish to thank our many friends for all the kind words and cards of sympathy in our time of sorrow. May God bless each of you.

Mr. and Mrs. R. V. Parker, and family.

DEPUTY COLLECTORS AT TALCO ON FEB. 27

Deputy Income Tax Collectors F. E. Nelson and Leroy Sewell will be at the post office at Talco on Feb. 27 from 8:30 a. m. to 5:00 p. m. to render assistance with income tax problems to any who desire it. This will be the only visit that will be made to Talco for this purpose before March 15, 1951.

CHAIN STORE

A panhandler was seen standing on the corner holding a hat in each hand. A stranger approached and asked what was the idea of two hats.

The bum grinned and replied: "Business has been so good I've opened a branch office."

Closing Out Entire Stock Jewelry

If you need a Watch or Wedding Rings or whatever it might be in the line of Jewelry, it will pay you to see us now. SALE WILL POSITIVELY BE CLOSED OUT SATURDAY, FEB. 24, 1951.

"Job-Rated"
TRUCKS

The trucks that do the most for you!

Here's what's NEW about power
You get more horsepower than ever in the new Dodge "Job-Rated" Trucks! Eight efficient engines—94 to 154 horsepower—with power increases up to 20%! You get the right power for your job with top economy. Yet, these new trucks are priced with the lowest!

Here's what's NEW about styling
Distinctive new lines, massive new grille, new two-tone cab trim, and new appointments make these the best-dressed trucks on the road! Lower hood lines make it easier to see more of the road ahead. More comfortable, redesigned seats, tool

Here's what's NEW about ease of handling
You can turn these new trucks sharper—in a smaller circle. Handling is easier because of new worm-and-roller steering gears, more convenient steering wheel angle, cross-steering, wide front tread, and short wheelbase.

Here's what's NEW about safety
Never before such safe, smooth, quiet truck brake action—thanks to new molded, tapered Cyclebond brake linings. (On trucks 1 1/2-ton and up, except air brake models.) Improved hand brake operates independently of service brakes. "Pilot-House" cabs offer extra visibility.

More than 50 brand new features...including:

NEW! More economical performance with higher compression ratio—on models through 1 ton.

NEW! Twin carburetion and exhaust system for more power—available on all high-tonnage models.

NEW! Easier bad-weather starting with new moistureproof ignition and high-torque starting motor.

NEW! Smoother ride with new "Oriflow" shock absorbers—standard on 1/2, 3/4, and 1-ton models.

NEW! Easier-to-read instruments—now grouped in a cluster in front of the driver.

PLUS THIS EXCLUSIVE! 970 Fluid Drive available on 1/2, 3/4, and 1-ton models.

FERTILIZER

ANNOUNCING!!

FERTILIZER

MT. PLEASANT HAS BEEN CHOSEN AS THE LOCATION FOR THE HI-YIELD PLANT FOOD CO.

The Mt. Pleasant Oil Mill property has been purchased by the Hi-Yield Plant Food Company of Bonham and will be rebuilt and expanded to house a modern fertilizer manufacturing plant.

CONSTRUCTION WILL BEGIN IMMEDIATELY AND THE PLANT WILL BE IN PRODUCTION, TURNING OUT LARGE QUANTITIES OF HIGH QUALITY FERTILIZER MATERIALS LATE NEXT SUMMER.

Hi-Yield will truly be the **FARMER'S HEADQUARTERS**. A complete line of farm seeds will be carried, including **HARPER'S Hybrid Seed Corn** and **HARPER'S Registered Cotton Seed**.

Hi-Yield believes that fertilizer representatives should be "servicemen," not "salesmen." Therefore, it does not maintain a sales staff but instead employs technically trained agricultural leaders to advise with farmers and farm groups. These specialists, or agricultural agents, are available any time to

all farm groups for meetings, demonstrations, etc.

An agricultural agent will be employed by Hi-Yield and will work full time in Titus County. His work and various agriculture programs will be under direction of Ike Morrison, Hi-Yield Agricultural Director.

FARMERS

CONSIDER THESE RECOMMENDATIONS BEFORE PLANTING YOUR 1951 CROPS! USE THESE PROVEN STEPS TO ASSURE A BUMPER CROP —

CORN —

1. Apply 300 lbs. Hi-Yield Brand 8-8-8 Fertilizer before or at time of planting.
2. Side dress with 200 lbs. ammonium nitrate when corn is knee high.
3. Follow the Russell Cash method of corn production (Free Booklet available at our office.)

SWEET POTATOES —

1. Use Slips from Certified Seed Potatoes.
2. Apply 500 lbs. 4-8-8 per acre Hi-Yield Brand Fertilizer.

COTTON —

1. Apply 300 lbs. Hi-Yield Brand 8-8-8 Fertilizer before or at time of planting.
2. Practice early season insect control.
3. Follow up with mid-season or late season insect control, if necessary. (Complete information on insect control available at our office.)

PEANUTS —

1. Plant only No. 1 Select Seed.
2. Apply 300 lbs. 4-12-4 per acre Hi-Yield Brand Fertilizer at time of planting.

You Can't Go Wrong, Whether You Are A Truck Farmer, Cotton Farmer, or a Stock Farmer, Hi-Yield Fertilizer Will Produce the Best!!

Cold Weather and Influenza Go Hand in Hand

Cold weather and influenza go hand in hand, so the proverbial "ounce of prevention" is especially timely. Influenza has many of the signs and symptoms of a common cold, and may develop from a cold. The popular nickname for the disease is "flu," according to Dr. Geo. W. Cox, State Health Officer.

The common symptoms of "flu" are well known. Fever at the onset, cough, and pains in the head, back and limbs have been experienced by many. This disease, which spreads rapidly, has a crippling effect on the community. Much time lost from school and work; therefore, its control is of economic and social as well as medical importance.

Since permanent immunity is not developed as the result of an attack of the disease, these epidemics continue to appear. Everyone is susceptible. The fact that this disease is highly contagious makes isolation and personal cleanliness of utmost importance in its prevention and control.

These suggestions should help: Keep up bodily resistance by eating well balanced meals and getting regular and adequate sleep; practice cleanliness; avoid using cups, glasses, dishes, or towels that have been used by anyone else, including family members.

A physical should be called when "flu" symptoms appear. The sick person should be isolated from others with the exception of the person acting as nurse. The "flu" victim should go to bed and stay there until his physician says he can return to usual activity. Prevent influenza if you can, but if you do get it, take care of yourself and protect others from your germs.

WAS WELL OFF

A ship-wrecked sailor, who had spent three years on a desert island, was overjoyed one day to see a ship drop anchor in the bay. A small boat came ashore and an officer handed the sailor a bunch of newspapers.

"The captain suggests," he told the sailor, "that you read what's going on in the world and then let us know if you want to be rescued."

A 5 1/2 pound daughter was born to Mr. and Mrs. Jewel T. Smith, Tacoma, Wash., Feb. 16. Mr. and Mrs. J. J. Smith and Mr. and Mrs. J. P. Parrish are the grandparents.

Mr. and Mrs. Milton Pearson of Houston spent the week end with their parents, Mrs. H. M. Pearson, who had been visiting in Texas City and Houston accompanied them home.

James A. (Pinky) Griffin, who received his B. A. degree at ETSTC, Commerce in January, has accepted a position as coach and physical education teacher of the Pittsburg High School. He, with his wife and small son, Jimmie, moved Saturday from Commerce to Pittsburg.

Davis Rates High At U. Tennessee

From the Knoxville Daily comes the following write-up of Texas' John Davis at the University of Tennessee:

"One of the greatest pass-nagging ends in the history of football at Tennessee could be in the person of John Davis, who hails from Texas, and Paris Junior college. Davis enrolled at the University at mid-term and will be eligible to play varsity football at UT next season, regardless of the action taken concerning the use of freshmen.

Davis caught 30 passes for 746 yards and 11 touch downs in last season to lead the Texas Big Six Junior College Conference in all three departments. At the conclusion of the 10 game season was named to Paul B. Williamson's Junior College All-American team."

Davis' picture accompanied the story in the Tennessee paper. He is the son of Mrs. Jessie Davis Pleasant, and a former resident of Talco.

Pipeline Now Moving Oil From Titus Co. Field

The Pewitt Ranch field in Titus County has been given a long-awaited pipeline outlet.

Humble Pipeline Company has placed in operation an 8-inch line linking the field with its Talco station. The 9-mile line is handling 3,000 barrels per day.

Production in the field has been moved out by trucks at a cost of 20c a barrel.

Meanwhile, the field has a new location in Humble Oil No. 1 P. H. Pewitt, spotted in the southeast corner of a 140.38-acre tract in the Titus County school land survey A-562.

Pfc. York Weds Lo Anna Holder

Pfc. Kenneth W. York, son of Mrs. T. A. York of Jolntown, and Miss Lo Anna Holder, daughter of Mr. and Mrs. Caulton Holder of Cisco, were married Feb. 3, the ceremony being performed at Cisco. Spanky Hawkins and Mary Dryden acted as best man and brides maid.

A reception was held at the home of the bride's parents, where Mrs. W. E. Hawkins, sister of the groom, presided at the silver service and Mrs. M. H. Dryden registered the guests. The couple left for a short wedding trip, after which the groom will return to Sheppard Air Force Base at Wichita Falls. The bride will join him there soon.

A boss is a man who is late when you are early, and early when you are late.

Alcorn Offers Little Help In Search By Gov't for New Tax Sources

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur, seems to be talking about taxes this week, if we understand his letter, which we aren't always sure we do. Dear Editor: I borrowed a copy of a newspaper off the front of

my neighbor's car's radiator, where he'd put it I guess to protect it during the freeze some time ago, some newspapers are fine for keepin out the cold, others for keepin out ideas, like-wise they're good for keepin out the heat in the summer time, protect your face from gnats when you're takin a nap, fine for puttin on a tractor seat to keep it from gettin too hot when you go to the house for a drink of water in the middle of July, what I like about a newspaper is it's a year-round article, good in any season, can't say the same for the radio, ever hear of anybody tryin to protect a radiator with one? Be the worst mess you ever saw.

At any rate, I figured the freeze was over and took the paper and went home and after helpin my wife with the dishes, figured a gentleman ought to do this every once in a while, just to experience the let-up in naggin, didn't work, she kept right on, and sat down and read where the Texas Legislature is eyeing the state closely huntin for new tax sources.

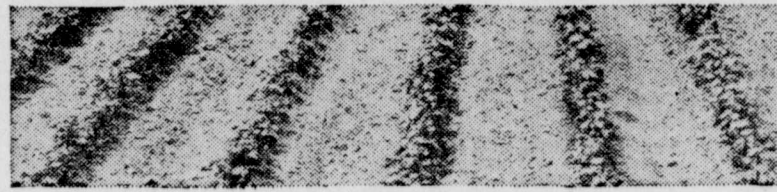

The people's demanding more spendin and more economy simultaneously can be handled satisfactorily during the campaign, but when the Legislature gets in session and the facts stare em in the face, the tax hunt gets underway.

Now, understand, I'm in favor of doin what's necessary, everybody's in favor of economy and good roads too and if it takes more taxes to accomplish it, it's all right with me, but in the interest of savin the state some travel expense money, I would like to let the Legislature know

MORE and BETTER COTTON

SEED TREATMENT helps turn thin stands . . .

into thriving yields

As a cotton planter, you can expect four-way benefits from one simple operation you can perform on your own farm, or have done for you. It consists of planting seed that has been treated with an organic mercury dust. Its results include:

1. Control of most of the seed rot or decay that reduces your stands before the seeds can sprout.
2. Control of seedling blight caused by bacteria in your soil or seeds that attack the tender seedlings.
3. Control of anthracnose or pink boll disease, another germ-caused ailment that results in smaller crops of poor-grade, spotty cotton.
4. Control of bacterial blight or angular leaf spot that kills your cotton plants or stunts their growth.

Experiment Station figures show yield increases of 5% to 40% as a result of seed treatment. This means up to \$12 per acre added to your income. Cost of the chemical amounts to less than 10¢ per acre.

Those who recommend seed treatment stress the fact it should be correctly used—applied to the seed according to directions, and in the right amounts. The cotton planter has too much at stake, they say, to risk cutting corners on the use of less than recommended amounts, or skipping any steps of the fairly simple seed-treating process.

The treatment can be done by many ginners and delinters. Ask your County Agent about the value of seed treatment and where you can get this service in this vicinity.

JOHNTOWN

By MRS. G. A. VAUGHAN
Mr. and Mrs. J. D. Jones of Ft. Worth and Mr. and Mrs. Robert Jones of Bogata, visited Mr. and Mrs. John Sale, Sunday.

Mr. and Mrs. Wayne Dodd had a number of their children to dinner Sunday, the occasion being to get together before two sons are inducted into military service. Those present included Mr. and Mrs. Elbert Horn and family, Mr. and Mrs. Fred Whitten Jr. and family, Mr. and Mrs. M. J. Dodd and family, Mr. and Mrs. Jerry Dodd and family, Mr. and Mrs. Marion Whitten and daughter, Mr. and Mrs. Grady Dodd, Simm Edd and William Taylor Dodd. Simm Edd left Monday for induction into the Army and Grady will leave on Feb. 26.

Grady Rhodes and Loyce Boyd left Monday for Ft. Worth to seek employment.

Mrs. Bell Cavender of Sulphur Springs, spent the past week with her granddaughters, Mrs. Hubert Horn and Mrs. Francis Foster and their families. Mrs. K. O.

there ain't no use extendin its hunt for new tax sources out to my farm out here on Sulphur. I have already looked high and low and there ain't a possible spot you could extract another penny from. The place has not only been taxed to death, but I've taken all the remainin cash out of it myself for my own use, me and erosion together. Tryin to get more taxes out of this place out here would be about like tryin to get vitamins out of a bale of my Johnson grass hay. Can't be done. I got cows to prove it. Yours faithfully, A. A.

Shoulders also of Sulphur Springs, visited them Saturday, and Mrs. Cavender returned home with her.

Twyman Pirtle of the Air Force informed relatives here that he had been transferred from Chanute Field, Ill., to Carswell Air Base at Ft. Worth.

Jackie, small son of Mr. and Mrs. M. J. Dodd, is reported ill at their home.

James Pirtle, recently inducted into the army, is stationed at Camp Gordon, Augusta, Ga.

Mrs. Burl Duffee, reported ill at her home, was carried to Bogata Monday by Mrs. Bill Bain for medical attention.

Mr. and Mrs. D. C. Thomas and son, who have been living with her parents, Mr. and Mrs. George Green, left Tuesday for Carlsbad, N. M., where he expects to find employment.

W. J. Corbell of Bogata, was a business visitor here Monday.

Mr. and Mrs. W. S. Pirtle were business visitors in Mt. Pleasant Saturday.

George Green was in Deport Saturday for dental work.

Mr. and Mrs. Ocie Mauldin of Talco, visited his sister, Mrs. W. L. Wicks, and family, Monday.

Max Womack and Bud Wilburn of Talco, visited Sunday in the home of Mr. and Mrs. J. L. Watts.

Mrs. Emma Messick is visiting a niece, Mrs. Son Thornton and family at Hawkins.

Mrs. W. L. Wicks and Mrs. Jim

Castleman Urges Larger Acreage For Tomatoes

Editors Note—J. A. Castleman of Bogata, has recently talked with tomato growers in the Rio Grande Valley where he spent several weeks. He also interviewed men who bought tomatoes in Bogata last year, and has prepared the following statement for publication regarding the crop in this area. Farmers on the gray land will be interested in his statement:

"Again it is getting around to the time to plan and start another tomato crop. All indications point to increased acreage for the Bogata market for the 1951 crop."

"I recently talked with the two men in the Rio Grande Valley, who bought tomatoes in Bogata, last year. They are coming back and want more and more tomatoes—it's volume they are after. They like the quality of the tomatoes that come to Bogata. Mr. Devine said they are as nice as any he ever bought anywhere."

"He said he sees no reason to keep Bogata from being a real tomato center. All it needs is co-operation of all the people to see that every acre of suitable land be put in tomatoes."

Hervey visited in the Frank Rhodes home Sunday. Mrs. Rhodes, a semi-invalid the past several years, suffering with rheumatism, is reported greatly improved.

Mr. and Mrs. G. A. Vaughan were business visitors in Deport Monday, visiting a short time with Mr. and Mrs. J. C. Vaughan at Bogata enroute home.

Avret Lynn Vaughan, with others of the FFA chapter at Bogata High School, went to Commerce Monday to an area meeting.

M. A. Watts and R. B. Wilson of New Braunfels, visited friends and relatives here Saturday and Sunday.

Mr. and Mrs. Leon Shoffner and baby visited his parents, Mr. and Mrs. Horace Shoffner at Rosalie Sunday.

Mr. and Mrs. Bill Ward and son, Sammy Joe, visited Mr. and Mrs. G. A. Vaughan and family Saturday night.

"This can be done by helping one another—there may be some good tomato farmers who would double their acreage with a little financial help. More and more farmers should be urged to get started in tomato growing but be sure that the land has sufficient drainage."

"The gray land has been proven to be as good as the sand for tomatoes. Farmers of Titus-Franklin and southeast Lamar counties

should help put on a real tomato deal this year. Let's make it three or four thousand acres. A new platform will soon be built for Mr. Devine to use this year."

REASON'S GONE

He: "Remember, darling? Last night you said there was something about me you could love."

She: "Yeah, but you spent it all."

From where I sit... by Joe Marsh

Sometimes Good Intentions Aren't Enough

That fire at the Griffin place didn't do much damage last week, but Volunteer Chief Murphy was pretty angry about it. Spoke to some of us over dinner and a bottle of beer.

"Griffin's farm is a good mile from town," he said. "And by the time we'd dodged all the people on the highway who were going to watch, we hadn't a minute to waste."

"Then blamed if those sight-seers hadn't parked cars right in Griffin's driveway and there was a mob of people milling around the house—just gawking. Joe, tell

folks a fire's no sideshow. Ask 'em to think of the other fellow!"

From where I sit, some of us need to be reminded occasionally that even though our intentions are good we may be unfairly interfering. Whether it's blocking the right-of-way of fire equipment or criticizing a person's right to enjoy a temperate glass of beer now and then—the American Way is to give way, and give the other fellow his fair "share of the road!"

The once weary lady
Who lived in a shoe
Now gets help from Reddy
And has little work to do

Household chores no longer
Keep her on the go all day
They're done with ease by Reddy
For the world's lowest pay

The moral of this little rhyme?
(It's good advice we're giving)
It's "Let Reddy Do It"
And enjoy better living!

LET REDDY DO IT!
