Quail Cemetery Assn Gets Gift of $4,000

Herman Thurman spent most of his life at Quail and Wellington, living quietly among neighbors, working hard in spite of having been crippled by polio as a child.

He asked little of life, but he requested, in a hand-written will, that he be buried beside his parents in Quail Cemetery, and that $100 be designated for the upkeep of the burial spaces. After he retired, Thurman lived in a small house he had bought in Wellington. He died in 1980.

On Thursday night, March 5, Marshall Peters, who served as administrator of his estate, presented a check for $4,093.75 to Quail Cemetery Association. Delbert White, secretary accepted the check. A cousin, Willis Thurman, represented the family.

Enough Quail Cemetery Association members were present to make a decision on the use of the gift. With Terry Canada, vice-president, and White, president, they voted to set up a permanent fund, with the interest to be used for cemetery maintenance.

Details will be worked out.

Peters was probably closer to Thurman during his last years than anyone, and he was fully familiar with Thurman's intent in drawing his own will--that the Quail Cemetery benefit from the sale of his house. They had discussed it often, but he had delayed putting this into a formal will.

Thurman's 8 half-brothers and sisters had died before him , but there were 26 cousins. Peters approached these with the suggestion that the residue of the estate be turned over to the Quail Cemetery Association. Eventually, 25 agreed. But during that time, the instrument that would make this a legal procedure traveled from coast to coast, to several states and many towns in Texas.

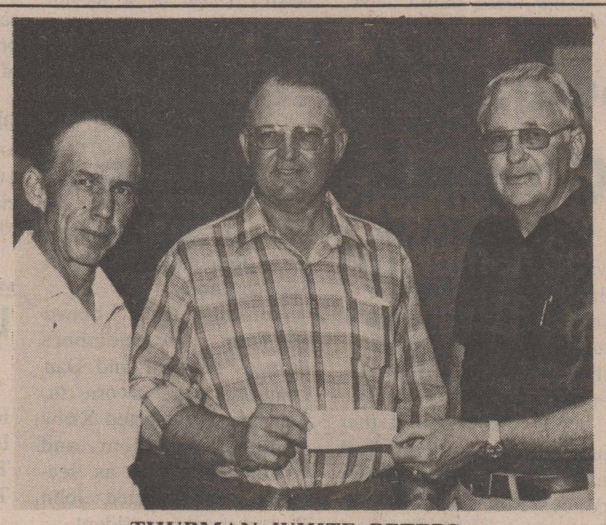

One cousin died, and several of his heirs were added to the list from whom consent must be gained.

Twice it went to California and on one trip the instrument was lost. Mr. and Mrs. Peters went to California to retrieve it.

On its trip to North Carolina, the envelope reached the town to which it was addressed but the postmaster returned it for a street address.

Peters was appointed administrator of Thurman's estate by County Judge Bob Watson, who felt an attorney general's opinion

Barbecue Benefits Norwood Fire Dept.

Samnorwood Volunteer Fire Department is hosting a community-wide benefit barbecue supper Friday, May 13, at the Samnorwood school cafeteria.

The supper is being given compliments of City State Bank in Wellington, and every cent taken in will go to the fire department, said Mark Tarver, department secretary.

Serving hours will be from 5:30 to 7 p.m.

Carroll Williams of Dumas will cater the barbecue supper and bring it to Samnorwood ready to serve. Williams had a large following of barbecue customers while he lived in Shamrock.

Tickets are still available from City State Bank in Wellington and from members of the Samnorwood Fire Department.

Tickets will also be available at the door, but it is urged that they be bought by Thursday night so that the department can more accurately estimate the amount of barbecue that will be needed.

Tickets are $4 for adults and $3 for children.

The 5:30-7 p.m. serving hours were set because the Samnorwood high school graduation will begin Friday at 7:30, said Kenneth Martindale, school principal and chief of the fire department. He invites those coming to the barbecue to also attend the commencement.

"We support the work the Samnorwood Volunteer Fire Department is doing and we believe we should do something for them," said Richard Fourmentin, president of City State Bank.

CAMILLE SMITH

JIM WARRICK

Smith, Warrick Top WHS Seniors

The valedictorian and salutatorian of the 1983 Wellington high school graduating class were announced Monday, May 9, by Eddie Hankins, principal.

The valedictorian is Camille Smith, who had a high school grade average of 95.19. She is the daughter of Mr. and Mrs. Tex Smith and before coming to Wellington she attended Metropolis, Illinois schools.

The salutatorian is Jim Warrick, whose four-year grade average was 93.10. All of his formal education has been in the Wellington schools. He is the son of Mr. and Mrs. Glenn Warrick.

Hankins also announced the other 8 seniors who make up the top 10 in academic rank in this year's graduating class. They are:

Nita Glover, 92.73, daughter of Mr. and Mrs. Lloyd Glover.

Beth Green, 92.59, daughter of Mr. and Mrs. W.L. Green.

Leslie Birkey, 92.57, daughter of Mr. and Mrs. John Birkey.

Matthew Hanna, 89.47, son of Mr. and Mrs. Gene Hanna.

Renee Daniel, 89.27, daughter of Mr. and Mrs. Lyman Daniel.

Roy Mote, 89.15, son of Mr. and Mrs. Gene Mote.

Susan Barnett, 88.24, daughter eof Mr. and Mrs. Donnie Barnett.

Karen McDanel, 87.57, daughter of Mr. and Mrs. Benny McDanel.

Approximately 40 students will graduate from Wellington High School this spring, said Hankins.

Employment Clearinghouse Approved for Wellington

An employment clearing house will be set up by Collingsworth Chamber of Commerce to match those who want jobs with those who want to hire a worker.

Approval of the program was voted by Chamber directors in a meeting Monday, May 9, after they heard an explanation of the program operation.

The employment clearing house is a project sponsored jointly by Texas A&M Extension Service and Green Thumb, a non -profit agency of the Farmers Union, which is already set up in Collingsworth County.

The employment clearing house will be headquartered in the Chamber of Commerce office, with the chamber serving as local sponsoring agent, said Tommy Hudson, C-C president.

The purpose of the program is to bring the people who want to work and those who want to hire someone together, at the grass roots level, explained Greg Taylor, Extension community development specialist based at Amarillo.

It is non profit, and neither the person seeking work nor the employer pays a fee.

"It is a mini-employment commission on the local level", said Taylor several times during his discussion.

A co-ordinator will be hired under the Green Thumb program as co-ordinator of the project. Green Thumb, explained Darrell Hale, representing the Green Thumb program, is set up to give employment to low income senior citizens.

The co-ordinator will be eligible for employment by Greem Thumb guidelines.

However, Taylor emphasized that those who are hunting work under the program are not necessarily from the low income bracket or of senior citizen age.

Anyone, of any age who is hunting work, can register with the employment clearing house.

"It is a matchmaker," said Taylor.

The Extension service has a definite responsibility in setting up and operating the clearing house, and Extension Agent Don Reeves will be the supervisor.

The advantage of the employment clearing house over an employment commission office which in Wellington Collingsworth's case, would be located in another town.

"You can better explain your need to local people than you can to the TEC in Amarillo", said Taylor. Quick response time is another advantage.

Applications for a co-ordinator are being taken, and those interested in the job may contact Reeves, Nancy Bigby, extension agent, or the Chamber of Commerce office.

Work has started setting up the operational machinery of the program.

Five Seniors Graduate at Samnorwood Friday

Five Samnorwood seniors will receive diplomas in the commencement program to be held Friday, May 13, at 7:30 p.m. in the high school gymnasium.

Their graudation activities began Sunday evening, May 8, with the baccalaureate service, which was also held in the gymnasium.

They will complete all studies and examinations in the four days between baccalaureate and commencement.

The students themselves will present the graduation program.

Shanda Bruton, second high ranking graduate academically, will give the salutatory address, then Tony Carter will introduce the parents.

Crystal Breeding, high ranking student, will give the valedictory.

Kenneth Martindale, school principal, will present awards, including those to the valedictorian and salutatorian, college scholarships and awards to the high ranking boy.

Garland Cavitt, superintendent of schools and Rudie Tate, of the school board, will present diplomas to the 5 graduates.

Mrs. Clinton Oldham, will open the program with the processional, then Martindale will give the invocation. Jimmy Breeding will give the benediction and Mrs. Oldham will play the recessional.

Escorting the seniors will be Chris Perez, and Cheryl McWhorter. Ushers will be Scot Martindale, Tommy Barker, Stacey Brandvik and Becky Barton.

The 5 graduating seniors are Crystal Breeding, Shanda Bruton, Tony Carter, Jackie Kidd and Stan Tate.

The baccalaureate service featured the Reverend Jeff Messer, pastor of a Shamrock Baptist Church, as the speaker. Mrs. Oldham played the processional and the recessional. She also sang "We've Only Just Begun," with Mrs. Bill Alexander as her accompanist.

Supt. Cavitt gave the invocation and Tate the benediction.

Elaine Shrubs 2nd in State

Wellington's Elaine Shrubs placed second in the 100 meter dash of the girls Interscholastic League State Track meet in Austin, Saturday, May 7.

It is believed to be the first time a Wellington girl athlete has won one of the top two places in the state competition, said Dale Morris, girls track coach.

The race was a dead heat. Shrubs and the first place winner were each timed at 12.2 seconds. The finish was photographed, but Coach Morris says he does not yet know how the decision was made.

"It looked to me like it was a photo finish," said Morris.

Elaine competed in another event at the state meet, the long jump. Her distance was 17'10¾".

"I am real pleased with the way she performed, not only at the state track meet but all year," declared Coach Morris. After checking available records, and the memories of those with the school for a number of

The class is open to all women age 18 and over. Cost is $10 per student. The course is sponsored by the Collingsworth County Reserve Officers.

Students do not need to own a firearm to participate, but if they do bring their own firearm they should also furnish at least 50 rounds of ammunition.

Anyone interested should call the Sheriff's Office, 447-2588 to reserve a place in the class, or they may come by the jail to sign up. Registration deadline is May 15.

The first session on Monday will begin at 7:00 p.m. at the National Guarl Armory. It will include instructors talking about firearm safety and proper care of firearms and there will be films.

She is the daughter of Mrs. Bobbie Shrubs.

Scholastically, Elaine is a junior, but athletic wise, she is a senior and this is her last year to participate in athletics," said her coach.

Winged Rockets Do Well at Regional

The Winged Rocket sprint relay team placed 6th in the Regional UIL track meet held at Texas Tech Friday and Saturday, May 6 and 7. Dwayne Culpepper lacked only a split second of going to state in the 100 yard dash. The relay team's time was 43.6 seconds, the fastest time it has run all year, said Coach Allen Sanders.

The team was clocked with the same time as the team which placed 5th, and Sanders said apparently the decision was made by the pickers standing near the finish line.

Wellington did not protest the decision, as a trip to state was not at stake for the 5-6 place winners.

On the sprint realy team were Darren Hall, James Benton, Rodney Nash and Dwayne Culpepper.

Their qualifying time was 43.7.

"This team didn't have raw speed, but they worked real good and we did look good."

Two other winged Rockets qualified for the finals. Culpepper qualified for the finals with a time of 11 seconds flat.

He ran the finals in 10.8 and was in third place. However, he finished neck and neck with the second place runner and Coach Sanders said there probably wasn't 1/500 of a second between Culpepper and the second place winner. That split second was all that stood between Culpepper and a try at the state championship.

Another Rocket qualified for the finals in the high jump, Rodney Nash who started at 5'8" and went out at 6'2". "He hadn't cleared 6' all year," said Sanders.

"I've really enjoyed working with this team," said Coach Sanders. "I was proud of them. Very proud of them."

Jerry Duncan Chevrolet/Olds provided a demonstrator car to drive the boys to Lubbock. "The guys appreciated it. It made the trip a lot nicer," Sanders added.

School Board Deletes Teacher Contract Clause

Wellington School Board voted unanimously to delete a paragraph from teacher contracts after it heard complaints about the clause at regular board meeting Monday, May 9.

Wellington Junior High principal Bob Allen presented complaints from some teachers that section 10 of the 1-year contracts that teachers sign and the same wording in multi-year contracts was unfair.

The section in question states: "Any action or event that creates a financial exigency and a need to reduce expenditures for personnel, such as declines in enrollment or tax revenues, or cuts in funding, shall constitute cause for dismissal at any time in accordance with Board policy on reduction in force during the contract term."

The clause was contained in a sample contract recommended by the Texas Association of School Boards that the school board adopted last year.

The teacher complaint was that the clause bound the teachers to work for 1 year, but allowed the board to dismiss them at any time there was a financial emergency.

Allen also reported that junior high students had earned over $600 at the concession stand at the junior high and high school district tennis tournaments, and that the proceeds would be used to buy bulletin boards above lockers in the halls in junior high.

The board also adopted a school calendar for next year and approved participation in the Regional Educational Service Center.

At the April board meeting, new members Frances Schmidt and Dan Langford were sworn in. The board re-elected Kirby Campbell president, and Carroll Nunnelley as secretary, and elected John Barton as vice president.

Present at Monday's meeting were board members Kirby Campbell, Carroll Nunnelley, Dan Langford, Frances Schmidt, Bill Spillman, Reed Souder and John Barton.

Proceeds from this benefit barbecue will go toward paying off the balance due on the second fire truck, which the department bought last year.

Any money that may be left over will go to repair the other truck and updating the department, Tarver said.

The Samnorwood Volunteer Fire Department serves the fire protection needs of approximately one-half of Collingsworth County. A young department, it has become known through out the area for its quick response time and the high percentage of members reporting to fires.

Most of the members are farmers and live over a widely scattered area.

"Our department can handle most fires, and in case of a large fire, we can hold it until we can get hlep from Wellington or Shamrock," Tarver said.

Department members hold regular drills and in other ways keep themselves abreast of the latest firefighting methods.

Vandalism Sweet And Messy Affair

Vandals opened the spigots on a big molasses storage tank and two nurse trailers at Singley Mill and Elevator, allowing approximately 40,000 pounds of the syrup to run out onto the ground, according to Bill Lowe, manager.

The incident occurred between the time the elevator was closed Monday evening, and 10:30 p.m. when it was discovered by an employee, who in turn notified Lowe.

Before the clean-up job could be completed molasses had trickled one block south on the pavement, then one-half block east down a dirt bar-ditch. Lowe said that in spots it was 8 to 10 inches deep. Several truck loads of dirt, using both semis and bobtail trucks, was hauled in and spread over the molasses to absorb it.

Nor was this the only vandalism at the elevator. Lowe said that after he went home about 11 p.m. vandals returned and broke into the elevator, where they destroyed a radio in a company pickup used by Lowe, threw the keys away and apparently took some of the wrenches.

Lowe said a rough estimate of the loss of molasses would be about $3,500. The molasses is used as cattle feed to supplement pasture. It is fed in its natural form in syrup feeders as a supplement through the winter months, Lowe explained.

should be obtained because the hand written will specified that $100 be given to Quail Cemetery Association.

The Attorney General's ruling came back. The entire amount could not be given, under the will, when $100 was specified.

Consent from all heirs must be secured.

When Judge Zook Thomas became County Judge, he also was interested in Peters' quest.

Peters got none of the money, but he declares he was well paid for "I met some of the nicest, friendliest people in the world."

Jack Neeley, vice president of Wellington State Bank, served as financial advisor for the closing of the estate. He had been a lifelong friend of Thurman, also.

Free Blood Pressure Clinic Set

The Texas Department of Health will hold a free blood pressure clinic Tuesday, May 24, from 10 a.m. to 2 p.m. in the Heritage Room of Wellington State Bank.

Rita Anderson of Memphis, public health nurse, said the clinic is being held as a part of National High Blood Pressure Awareness Month, sponsored by the National Institute of High Blood Pressure Education.

All persons interested in having their blood pressure taken should attend.

High blood pressure is a disease without symptoms, a "silent executioner." It threatens the life and health of more persons than cancer. It is the nation's number one killer, Ms. Anderson said.

Alarming statistics, compiled by the National Institutes of High Blood Pressure Education Program, show that of the people who have high blood pressure, only 29% successfully control it. Another 29% do not know they have the disease. About 19% are under treatment but do not yet have it under control, and 23% are not treating it at all.

The average American eats about four pounds of food a day.

Home Canning Safety Changes

HOME CANNING SAFETY CHANGES

by Nancy Bigby

The United States Department of Agriculture this week released new processing recommendations for tomatoes and tomato juice, applesauce, fruit purees and pumpkin.

To prevent food borne illness and the loss of valuable home canned foods, the Texas Agricultural Extension Service is urging home canners to follow the new USDA guidelines.

The USDA now recommends the following:

..The one-step, cold pack method for canning tomatoes should no longer be used.

..The hot pack processing time for canning tomatoes should be increased to 35 minutes for pint jars and No. 2 cans, and to 45 minutes for quart jars and No. 2½ cans.

..The hot-pack processing time for canning tomato juice should be increased to 35 minutes for pint and quart jars, and for No. 2 and 2½ cans.

..Strained (pureed) pumpkin and winter squash should not be canned at home. Instead, cubed pumpkin and squash may be canned using a processing time of 55 minutes for pint jars and 90 minutes for quart jars.

..The processing times for applesauce and fruit puree should be increased to 20 minutes for pints, quarts, No. 2 and 2½ cans.

The changes in canning recommendations are based on research conducted at land-grant universities and the Eastern Regional Research Center of the USDA.

Recommendations to more than triple hot-pack processing times for tomatoes was based on research which indicated that shorter times could be insufficent under certain conditions. Insufficient processing could allow botulism organisms to survive the heat treatment, grow and produce harmful toxins.

This is especially important since tomatoes are the most popular type of produce for home canning grown by Texas gardners.

Poor heat penetration through dense foods and the high heat resistance of a particular mold led the USDA to recommend increased processing times for applesauce and fruit purees. They also recommend that strained (pureed) pumpkin and winter squash no longer be canned at home for the same reason.

Those wishing to have strained (pureed) pumpkin or winter squash ready for making pies or casseroles should consider freezing the puree instead.

Now is the time to correct

In a quiet ceremony at the Mansion Hotel in Dallas, Stephanie Morie Pritchard became the bride of James William Winegar.

The ceremony, performed by Harold Johnson of Wheaton, Illinois, was attended by immediate family. Richard Stimple of Winter Park, Colorado, was Mr. Winegar's best man. The bride's attendants were her sisters, Leslie Ferguson and Hilarie Pritchard of Dallas.

Parents of the bride are Mr. and Mrs. Joe Pritchard of Dallas. Paternal grandparents are the late Clyde Pritchard and Mrs. Tessie Pritchard. Maternal grandparents are Mrs. Sandown Smith and the late Sandown Smith.

The bride's garden length dress of ivory silk broadcloth was decorated with tiny pearls and smocking at the yoke, neck and wrists. She carried a small bouquet of pink and white roses.

Her attendants wore long-sleeves street length dresses of white linen and eyelet. They each carried a single long-stemmed rose.

Following the four o'clock ceremony, the parents of the bride entertained the bridal party and wedding guests at Javier's Restaurant.

The bride graduated from high school in Dallas and attended Mountain View and El Centro colleges. The groom holds a degree from the University of Cincinnati.

After a wedding trip to San Francisco and Yosemite National Park, the couple will make their home in Colorado.

The bride's grandmother, Mrs. Sandown Smith, attended from Wellington.

Family Living Committee met May 9 at 5:15 in the home of Willie B. Harwell.

The Family Living Committee is a group of people who assist with providing direction for the Extension Home Economics program in the county. Then, they develop educational programs to improve the quality of living for county residents regardless of race, religion or national origin.

The seminar will provide information to parents, baby sitters, vacation bible school workers and grandparents about activities and resources to use with children during the summer months. The committee also discussed the possibility of sponsoring an adult sitter clinic.

Hints for Homemakers

Feeling like the overburdened woman who lived in a shoe?

Here's a nice little secret. You can join the fight against inflation with something as simple as baking soda. Homemakers are finding that pure, natural baking soda is far less expensive than many other cleaning and deodorizing products, yet works just as well.

You can make a gentle cleaning solution that removes the dirt, but not the finish, by dissolving four tablespoons of baking soda in one quart of warm water. This way, you can do many kitchen cleaning chores for pennies, rather than the high cost of glass and chrome cleaners and specialized basin, tile and tub cleaners.

Stress: a Family Affair

"Stress affects entire families, not just individuals," said Dr. Robert Fetsch in a speech this week to Texas Agricultural Extension Service home economists.

According to Fetsch, a human development and family relations specialist with the Kentucky Cooperative Extension Service, the key to mastering family stress is flexibility.

The highly stressed family is tense, rigid and inflexible when it comes to adjusting rules or expectations, so it can't respond to a "pile up" of changing family events, said Fetsch.

Most families know that unexpected events such as moving to another city, the serious illness of a child, or loss of a job are stressful.

But many don't realize that even pleasant unexpected events such as a relative's surprise visit or the long-awaited birth of a baby can create stress as well.

"Stress is a natural part of life which cannot be avoided, but planning family coping strategies for expected events can eliminate some pressure," emphasized Fetsch.

He suggested that controlling negative attitudes by viewing unexpected events optomistically, trying to analyze and understand them, or utilizing one's religious beliefs are effective in reducing stress.

Families must learn flexibility, or to act in a way different from their usual style in certain situations, stated Fetsch. For example, highly stressed family members might work off their tensions by playing ball together on a Saturday afternoon rather than doing their regular household chores.

Also, families should not be reluctant to use a network of relatives and friends, church and community resources including medical services, educational opportunities, support groups and family counselors to help them through a particular situation, added Fetsch.

GATE Support Will Organize

An organizational meeting of the Gifted and Talented (GATE) support group will be held Thursday night, May 14, at 7 p.m. in the club room of Bura Handley Community Center.

Officers for the 1983-84 school year will be elected.

"We invite all interested parents of children presently in GATE or parents of children with potential for GATE, or those who have no children but are interested are urged to attend," said Mrs. Joe Wood, who is helping with the organization.

There will be a discussion of the possibility of projects for the summer to benefit the GATE program, according to Mrs. Wood.

The 13 who have completed kindergarten and who will participate in their part of the program are Lindsy Dwyer, Nandy Henard, Talbot Henard, Dennis Hogan, Shanda Jarvis, Lance Lindley, Laci McCloy, Jeremy Oldham, Tim Paschall, Michael Throckmorton, Deric Waters and Larry Wright and Elizabeth Saucedo.

Bradley, Ray Complete EMT Training

Two Wellington residents, Jackie Bradley and Mike Ray were in a class of 12 who took their final written and skills examinations for certification as Emergency Medical Technicians. The course, taught in Shamrock by Paramedics Dwight Tipps and EMT Harry King, certified instructors, included a minimum of 100 hours of classroom instruction, 20 hours of clinical observation in area hospitals, and three observation runs with area ambulance services.

Others completing the course were Shamrock: Kent Wallis, Curtis Davis, Randy Tallant, Donna Porter, June Grant and Jim Dewees; from Wheeler: Debra Davis, Sherylyn Reed and Norma McLemore and from Briscoe, Pat Hudson.

Citing the excellent job the volunteer ambulance services are doing in the Panhandle, King pointed out that 53% of the people in the Panhandle are in rural areas and 20% of the paramedics in the State of Texas are in Health Department Region 1, which includes the top 51 counties of the State.

Students must rank in the top 2 percent of their class as juniors or the top 10 percent as seniors and graduate to be eligible for membership.

Wischkaemper is the son of Mr. and Mrs. Oliver Wischkaemper, of Shamrock and graduated from Samnorwood High School in 1980 as valedictorian of his class.

Norwood Seniors Visit Florida

The 1983 Samnorwood graduating class returned Wednesday May 4 from its 5-day senior trip to Orlando, Fla.

Educational visits and fun trips filled their time.

At the New Epcot Center, they saw what the future may hold for the world.

At NASA and Cape Kennedy, which they toured by bus, they saw the Shuttle launch pads and the facilities where the two shuttles are stored. They also saw how the flight simulators are operated.

They watched the Cypress Gardens ski show and visited Disney World, Cocoa Beach and Sea World.

The seniors flew from Oklahoma City April 29, and the return trip was also by air.

All of the 5 seniors were on the trip: Crystal Breeding, Shanda Bruton, Tony Carter, Jackie Kidd and Stan Tate.

Accompanying them were the class parents, Mr. and Mrs. Jimmy Breeding, and the class sponsors, Mr. and Mrs. Zeldon Jenkins.
