ROBY LIONS TRIUMPH

Lorraine Blanked, 16-0 By Goal-Line Defense

BY PEGGY BELVIN
Record Staff Writer

The Lorraine Bulldogs took it on the chin—a shutout at the hands of Roby Lions Friday night in the Roby stadium in an interdistrict Class B game, with a final score of 16-0.

The Bulldogs threatened close to the Lions goal twice in the contest, but a series of fumbles and fourth-down failures proved fatal.

The Lions scoring started halfway through the first quarter when 144-pound back Larry Randolph completed a 10-yard pass to Ronnie Parsons, who romped over the goal-line. Halfback Don Stuart rounded the right end to pick up the extra points, sending Roby into an 8-0 lead.

Roby's Stuart scooted 51 yards on a long run down the middle in the second quarter to the Lorraine 5. But the Lorraine defense held and Roby lost the ball on downs.

Lorraine recovered their own fumble on third down, and then, on fourth down tried to punt. The punt was blocked by Roby's Hodges and the ball rolled into the end zone for a safety that boosted the score to 10-0.

In the third quarter, a pass intended for Roby's Mallard was incomplete, and Lorraine took over the ball on their own 14. Parsons threw Lorraine's 158-pound back Larry Blair for a 3-yard loss and a pass intercepted by Henry on Lorraine's 20 put Roby back in scoring position.

ONE JAIL SENTENCE METED

Liquor Cases Guilty Pleas Rate County Court Fines

Three persons plead guilty to charges of possession and sale of alcoholic beverages in County Court here this week. Judge Elmer Martin heard guilty pleas from Louis Rava, Jesse Griffith, and Abel Ramos.

Fines were assessed by the judge with Rava fined \$125 and costs, Griffith was fined \$100 and sentenced to 30 days in jail. Ramos received \$150 fine plus cost.

The three who plead guilty

were among an even dozen persons arrested in a bootlegging clean-up campaign May 12-14. Ten men and two women were arrested by Chief Leon Yeager and Sheriff Lewis Claxton that week-end after state Liquor Control under-reever agent Leonard Lozano completed some detective activities earlier in the month. Pleas of not guilty are to be heard by jury in County Court beginning Wednesday, Judge Martin said.

Plan For Polio Vaccine Is Called Off For Now

Mass Immunization Here Postponed at Last Minute

Sunday, September 16—that's today—is no longer Sabin Oral Vaccine Day in Colorado City and throughout Mitchell County. Today is not oral vaccine day in Abilene, Dyess Air Base, Sweetwater, Snyder, and a large area of this section in West Texas, either.

Oral vaccine day has been postponed here and in neighboring towns. First signal for calling off all plans here for the time being, came from Dr. Kenneth Cowan.

The postponement is temporary until questions about a few cases of polio in Canada are cleared up.

Crux of the whole delay is sudden and unexpected "bad publicity" and "scare headlines" about Sabin vaccine and the Canadian Board of Health. The stop sign really came from Canada.

Four cases of paralytic polio in Canada, scattered both in area and in time, changed this Sunday in Colorado City, Texas, Westbrook, Lorraine, and Silver from a mass "first sip" immunization day right back into just another Sunday. A Sunday when all North America waits for health headline decisions.

In the first place, doctors here helped plan the giving away of Sabin oral vaccine (for polio virus 1) in close harmony with vaccine day in Abilene, Dyess, and all this territory. That was done, Dr. Cowan said, partly to make advertising the day here easier. Even Mitchell County's share of the vaccine, itself, was to be sent first to Abilene.

When the Canadian Board of Health asked, Thursday night, for suspension of all Sabin immunization in Canada, and when that news was printed in the United States, telephones began to ring all over this section. Sunday September 16 had been announced as mass immunization all over Mitchell County.

"We had at least 50 telephone calls Friday morning," Dr. Cowan said. When Dr. Richard Johns of Abilene, head of the Taylor-Jones Medical Society, formally called the oral vaccine day off in Taylor and Jones Counties, he also phoned doctors in nearby towns planning to stage their own mass immunization days in step with Abilene's.

At noon, Friday, members of the Colorado Basin Medical Society here called the whole thing off—"just at this time," they stressed. "We feel," said Dr. Cowan, "that the whole thing is in error, that we should go ahead with the program here. We are calling it off only until our own Public Health

Woman Hit By Auto Here Is Improving

Condition of Mrs. Harry Jones, 44, who was struck by a car downtown here at 10:55 Friday morning, was reported Saturday to be improved. Mrs. Jones, resident of Dallas, remains in Root Memorial Hospital for treatment of bruises and abrasions.

Root manager Martin Weaver said her dismissal from the hospital can be expected after the week-end, barring unforeseen complications.

Mrs. Jones, guest at the Berman Hotel here with her husband who is in Colorado City on business, was struck by an auto at the intersection of Second and Elm Streets. A car being driven by Pete (J. M.) Pickens north on Elm and making a left turn at second hit the woman as she walked across the street. She was rushed by Kiker ambulance to the hospital.

Charges of failure to grant right of way to a pedestrian at an intersection were filed in corporation court against driver Pickens, who pleaded guilty as charged and paid a fine of \$15 Saturday morning.

Chief of Police Leon Yeager and Patrolman Jim Latham, were investigating officers at the scene.

FARMERS TO EXHIBIT CROPS, VEGETABLES

Agriculture Classes Are Wide Open At Fair

Thursday at eight in the morning the local armory will come alive with "good farming" entries in the '62 Mitchell County Fair. J. D. Hill, Jr. is "Ag" exhibit chairman this year.

Agricultural, horticultural, arts and crafts, and exhibits for junior divisions are to be brought in Thursday morning. All classes are open from 8 a. m. until 1 p. m. for the bringing in of products to be judged for prize ribbons. Agriculture exhibits will be judged

and exhibited in the National Guard armory, First Street, between the hours of 2 p. m. and 5 o'clock when the fair will be thrown open, officially, to the public. Closing time for the fair is Saturday night.

Meantime, midway rides will be in full swing beginning Monday afternoon at 4 o'clock. All week the seven rides will be there to entertain Colorado City children after school hour at 4 o'clock.

Special rules for entries in all divisions were announced this week. Buddy Logsdon, County Agent, mailed to Mitchell County farmers a list of classes in the agriculture division. Youth and adult divisions will be judged separately and ribbons awarded in each division. Exhibitors may enter more than one entry in any class.

Farmers are also invited to bring to the fair any miscellaneous agricultural products of interest for which no class has been set up. Such products may be exhibited, but will not be judged for ribbons. All entries must be picked up between 8 and 9 p. m. Saturday evening.

To be judged in agriculture divisions are cotton in four classes: 20 open bolls; 1 lb. lint direct from the gin; 1 stalk with leaves removed; 1/2 gallon cotton seed, gin run. Duplicate classes will be set up for dry land cotton and irrigated cotton.

There will be 17 classes for grains and seeds to be entered in 1/2 gallon samples or in plastic bags. Classes will be set up for wheat, any variety; oats, any variety; barley, any variety; rye, any variety; cowpeas—any variety of peas; sweet sorghum; milo white, any variety, milo, red any variety.

Hegari, alfalfa, guar, sudan, any variety, blue pumice, sorghum alman, pasture grasses, corn, one gallon and African millite are other classes open to competition and judging.

HIGHWAY SIGNS CONTRACT LET

Abilene Firm Low Bidder for Signs

Contract for Colorado City's Interstate 20 signs was let this week to an Abilene firm, Thomas Neon Sign Company. The signs are to be a major feature in the attempt to advertise and to draw visitors to this town, after Highway 80 through traffic is diverted from the downtown streets here.

Sponsored by the Chamber of Commerce, a drive to collect money for sign erection was an enthusiastic success here.

More than 100 business firms contributed or pledged contributions to the highway sign fund, during the drive, June 18-24. A total of more than \$7,000 was given—or promised for the project.

Bids for construction and erection of the signs to lure tourists inside city limits were taken by the Chamber. Two local firms and three other firms in the area offered written and sealed bids.

James Hull, chairman, Wayne Worley, and Don Benson,

committee members, found and reported to the Board of Directors of the Chamber that the bid from Thomas Neon Sign Company of Abilene was \$2,000 lower than the nearest bidder.

"Because we were extremely reluctant to shop outside the town we're trying to boost," said Chamber president Bob Carver, "Hull and his committee asked for bids the second time."

Second time around, bidders were asked to submit more detailed information about size, material, other specifications to clear up some lingering doubt about letting the contract to the lowest bidder. "Even though that's the generally acceptable business procedure," Carver said.

New bids disclosed, along with details asked for, that Thomas Neon Sign Company

Cornutt, Jernigan Vows Exchanged In Home Rites

Ruth Ann Cornutt and John Wayne Jernigan were married in rites read in the home of the bride's parents Saturday afternoon.

The bride is the daughter of Mr. and Mrs. Willis Cornutt, Lorraine, and the groom is the son of Mr. and Mrs. O. B. Jernigan, Lorraine.

The single-ring rites were read by Rev. H. M. Farrington, before a cathedral arch topped with candles and wo-

ven with greenery and carnations. The bride, given in marriage by her father, wore a street-length gown of white organza and Chantilly lace. The lace bodice was topped with a lace jacket. The full swinging skirt was of white organza. Her waist-length veil of imported white silk illusion fell from a tiara of seed pearls and lace.

Sterophonic music was played during the wedding ceremony.

Maid of honor was Linda Cornutt, sister of the bride, of Lorraine. She wore a tangerine dress fashioned of organza. The bodice was styled with a boat neck, which dipped to a deep V in the back. The street-length skirt was styled with gathers. She wore a matching picture hat.

Ray Prescott of Lorraine was best man.

A reception immediately followed the wedding. Members of the houseparty were Mrs. Billy Cornutt, Mrs. Jimmie Merket and Mrs. LeRoy Cornutt, all of Lorraine. Mrs. Bennie Cornutt registered guests.

QUIETLY GOOD . . .

Counting our blessings the other day . . . we got to thinking about how many fine people there are who go about doing thoughtful, helpful deeds every day quietly and without the least attempt for acclaim.

And immediately the figure of John Hale came to mind . . . visiting the sick, helping this person or that, providing transportation for someone alone or aged, ever mindful of his church stewardship.

Sure, there are others like him . . . doing their daily good without fanfare. And isn't this a finer world . . . because of 'em.

POLIO

Continued from page 1

Service can investigate this Canada action further. We feel that with the adverse publicity in West Texas daily papers we certainly would not get this Sunday the full 100% cooperation our county should have."

Dr. William S. Rhode, too, spoke regret over the surprise delay after all plans were complete.

"So far as we as doctors are concerned," Dr. Rhode said, "there is no proof of any connection between four polio cases and the oral vaccine. But when we offer it free here, certainly we would want our own people to be satisfied. To be happy in the knowledge

that taking it is the right thing for them and their children."

Dr. John Chinn, also associated with Rhode-Cowan Clinic, added this statement: "Even though it be true that four cases have developed, the oral vaccine is still safer than risking polio without it."

All doctors in Colorado City agreed late Friday that the wait-and-see policy was the only reasonable course left, in light of the Canadian decision plus persistent rumors. Colorado Basin Medical Society members were of one accord: "let's wait and see what the United States Public Health Service and the Surgeon-General have to say. Wait until the Public Health Service takes another, more detailed stand."

Dr. Laurence H. Rudd, of Rudd Clinic, when asked his opinion of the direction events had taken, said quickly, "Well, I still think Sabin Oral Vaccine is a good thing. Four cases of polio from 4,000,000 immunizations and people free from polio speaks eloquently for itself."

Dr. Rudd recalled the Salk vaccine scare the year several children in the United States died and impure Salk vaccine shots from one drug firm were proved impure.

"That tragedy has made all drug firms cautious to a marked degree. And rightly so," said Dr. Rudd. He added a personal hope that the program will be carried on here as soon as the Canadian-borne doubts have been dispelled.

Dr. Joe Terry of Lorraine told the Record "We're all doing the only thing we can do. We just have to wait until this bad publicity is either cleared up or proven correct to the better satisfaction of the whole medical profession."

Dr. Bruce Johnson of Lorraine and Dr. J. Melvin Crymes of Colorado City could not be reached immediately for statements.

One unimpeachable fact became a matter of record in all the current mix-up. It is this: the Surgeon-General of the United States ordered Dyess Air Force Base (part of the Sunday mass plan) to delay all oral vaccine immunization plans until after a meeting of the U. S. Public Health Service. The meeting was called as a result of the Canadian action, and was set for Saturday.

Local Seniors Campaign Starts Monday

The Colorado City High School senior class will begin its annual magazine sales campaign here Monday.

Citizens who have received brochures and information sheets from various magazine publishers are asked to buy renewals to the magazines from a member of the senior class. The "special offer" terms listed on the information sheets will be in effect if the subscription is bought from a senior.

The money earned by the campaign is to be used to finance an educational trip to Fort Worth for the senior class spring.

McCloud Rites

The body of J. K. P. McCloud, who died in Pittsburgh, Texas arrived here by train early Friday morning. Funeral service was held in Kiker & Son chapel at 4 p. m. Friday.

The Rev. Neal Rogers, pastor of Calvary Baptist Church officiated.

He was a member of the Baptist church.

Surviving is his wife, Mrs. Ora McCloud who is the sister of Mrs. George Clanton, a former Colorado City resident now of Midland.

Silver Screen Revisited—One of the "looks" for Fall is borrowed from the fashions of the early '30's. Seems the designers are influenced by old movies rerun on TV and by the clothes of the former "Queens of the Silver Screen."

Long lines achieved through bias cut skirts will be a feature of this style. We all know, a bias skirt is the hardest one to keep looking nice. That makes this a year when we will need to depend upon professionals to keep our hemlines even.

AT THURSDAY NIGHT PRESIDENT'S DINNER

Mrs. Art Dibble Installed As President of 1949 Club

Mrs. Art Dibble was installed as president of the 1949 Study Club at the President's Dinner Thursday night in the Mural Room of the Baker Hotel.

The program, first for the club this year, was hosted by the retiring club officers.

The meeting was centered around a large antique wagon wheel. Spokes to the wheel were put in place as each officer accepted her duties.

Centerpiece on the head table was a miniature covered wagon and an arrangement of bronze mums. Plate favors were individual maple butter molds. Programs were in the shape of covered wagons.

Other new officers installed at the meeting were Mrs. Wayne Griffin, vice president; Mrs. Dick Gregory, recording secretary; Mrs. Theron Henderson, corresponding secretary; Mrs. Bill Carter, treasurer; Mrs. Ben Sparks, parliamentarian and Mrs. Tom Neff.

historian and librarian. Mrs. H. Jene Steakley presented the invocation. Mrs. Ben Sparks, outgoing president, presided.

Mrs. Jack Jordan presented a history on the past year of work by the club. Mrs. W. B. Crockett, Jr. and Mrs. Henderson announced that the show case in Federation Library had been filled with antiques from a pioneer family home belonging to the Colonel Ad-

ams family.

The program was entitled "The History from Mitchell County Courthouse." It was prepared by Mrs. Gwan Strange and presented by Mrs. Bill Hudson in Mrs. Strange's absence.

The program outlined the history of Colorado City from its beginning more than 120 years ago to the modern date.

Mrs. Hudson told of the part A. W. Dunn, first County

Clerk, first merchant and first postmaster of Colorado City, played in the development of the city. She also told of the race between the Texas and Pacific Railroad and the Southern Pacific Railroad to reach El Paso, by passing through Colorado City.

She told of the rush for cattle country and the mistakes the inexperienced Eastern cattlemen made and their eventual ruin in the Western cattle business. The town of Colorado City, in its boom days, was described by Mrs. Hudson. She told of the erection of the St. James Hotel and the famed "Stockmen's Ball" held there.

Mrs. Hudson concluded her program by telling of the gradual conversion of the town from a cattle empire into a cotton town and then to a modern West Texas city.

Members present at the meeting were: Meses. Neff, Henderson, Willie Landau, Steakley, Dibble, Sparks, Bob Earman, Bill Holbert, Austin McCloud, Jordan, Jim Kelley, Gregory, Hudson, Crockett and Dwight Tomb.

PEGGY'S

Paragraphs

By PEGGY BELVIN

TROUBLES COME A'PLENTY when a fresh little high school graduate goes to work in a downtown business establishment. In a desperate attempt to do everything perfect, everything comes out as far from perfect as they can get.

In keeping books for instance, it's awful easy to debit the credits and credit the debits . . . In typing numbers, it's awful easy to make a 9 for a 10 or a 10 for a 100 . . . In addressing a letter, it's awful easy to send it to a Mr. Roy Lee Jones instead of Mr. LeRoy Jones.

And, in the case of MISS MARY ALLMENDINGER, office clerk for ELLIOT-GODWIN INSURANCE, it's awful easy to very graciously accept \$24 insurance payments from nice gentlemen, bid them a good day . . . and forget to find out who is paying the bill.

THE HUGE 45-pound alligator snapping turtle fished out of LAKE COLORADO CITY earlier this week has found a new home. **THE FORT WORTH ZOO.**

He was moved from his old quarters in the galvanized tub at the J. E. BOYD home to the zoo Friday.

MANY OLD-TIMER'S HEARTS are breaking as they read the birth announcements of modern-day children. Gone from the census list are the good, old-fashioned names of Bill, Jim and John . . . or Mary, Jane and May.

Kids nowadays are different. They're stuck with names that sound like ingredients in a recipe for goulash.

The modern trend now is to name little girls Terry, Holly, Christy, Sherry or Bobbie . . . but that's not the way they go down on the birth certificates . . . they're Terri, Holli, Christi, Sherri or Bobbi. Guess that's the space age showing.

Glad I was born in another decade. Can you imagine naming a poor, unsuspecting baby Peggy?

THE ART of using two names for new-born babies is rapidly disappearing, too. If there are two names, they're combined to make Terrilynn, Marylou or Louann. A child can't tell when his parents are mad at him anymore. In our childhood, if you were called by your middle name, you watched out . . . trouble was coming your way.

OUR TOWN will receive a visit Feb. 22 from a very distinguished personality—MRS. A. T. CARLETON of Houston.

Mrs. Carleton, a clubwoman of 34 years experience, is the new president of the Texas Federation of Women's Clubs.

And for a name . . . try hers on for size . . . WINNIE VARINA ANNA JEFFERSON DAVIS SNELL CARLETON.

M., October 1, 1962, at which time they will be publicly opened and read aloud, for the construction of A BUS GARAGE in accordance with Plans and Specifications prepared by WELCH & HAMPTON, Architects Texas Bank Building, Sweetwater, Texas. TOUR

"Terrific damages to farms all along Lone Wolf watershed," were reported by Sheppard, after the tour. "The creek left its banks, running across farms along the whole shed," he said, pointing to the need for water conservation programs, in that area affected by the heavy recent rains, totaling more than 12 inches in some fields.

A 500 lb. bale of cotton was pinned at Buford Co-op gin, from chute to bale. Thurston Smith is Buford Co-op manager who directed the demonstration. From there, the tour traveled east, to China Grove.

Recent there was on China Grove's water-shed farm-water conservation practices. V. R. Trulock Estate farm, Kent Carpenter, Willie Geizer, J.D. Hill Jr., Henry Hoyle, Bodine Brothers, and Floyd Market farms, all water conservation participants, were visited.

"Very little water crossed the county road in that area," Sheppard reported. "Most terraces held, though a few washed out. In the main, however the terraces kept the flooding water outside the fields."

A mid-morning coffee break was offered the tour in downtown Lorraine. North of Lorraine farms of Chester Hart, Pat Myers, and the irrigated pastureland of Lee Strain were observed.

From Lorraine south, down Farm to Market 644, the three buses went to the Alfred Hackfeld farm for a stop and demonstration of cotton root-rot control.

Dave Sherrill, Extension Service expert from Lubbock office, discussed the root rot problem and control practices.

Final farm stop was at the Travis Turner place in Looney Community. Turner is demonstrating cotton varieties this year.

Baguette menu was served to the farm touring group at noon by courtesy of donations from the following business firms in Colorado City and Lorraine: Farmers Gin & Supply; Producers Co-op; Concrete Gin; Swift Gin; Lone Wolf Electric Co-operative; Buford Co-op Gin; Colorado Feed & Seed; Costin Implement Co.; Mitchell County Implement Co.; Griffin Truck and Tractor Co.

Coop Gin No. 1 at Lorraine; Coop Gin No. 2; First State Bank of Lorraine; Royce Mahon Feed & Seed; Walker Motor Co.; and Gular Gin, Lorraine.

Each Contract will contain a liquidated damage clause whereby the Contractor agrees to allow the Owner to withhold an amount equal to five one hundredths of one percentum (05%) of the Contract - sum for each day consumed in addition to the Contract Time. Allowances will be made for inclement weather and other causes not the fault of the Contractor.

A Performance Bond and Payment Bond in an amount equal to 100% of the Contract cost will be required from the successful bidders, upon forms enclosed with the Specifications.

Each Bidder submitting Proposals shall, in the opinion of the Architect or Owner, complete and execute a Financial Statement, Experience Record and Equipment Schedule.

By Order Of: Board of Trustees - Colorado City Independent School District, Colorado City, Texas.

of Abilene was bidding for the job at a figure lower than its nearest rival by a sum of \$2,600.

Thomas was then given the highway sign contract by the Chamber Board, this week. The company will submit designs until the project plans were declared proposed designs satisfactory.

There will be a total of eight of the new signs beckoning to people, accenting local history, color, and hospitality. One large sign followed by three small ones will be placed on Interstate 20 for all travelers to read just before their cars reach the swing-around Colorado City signs.

"We were faced," Carver stressed, "with this problem: we could shop out of town, ourselves, or feel we were spending money of the membership unwisely and unnecessarily. This way we feel we will not have to make further appeals for highway sign upkeep and maintenance money for six years, at least."

Signs are to be erected in time for the formal Interstate 20 ceremonies planned for the day traffic is to be directed around instead of through Colorado City.

Prospective date for the ribbon-cutting highway opening ceremony is November 1.

CONVERSATION CORNER

LET'S FACE IT. No matter how much advice you see in print, it's better to decide a few little things for yourself. Take this matter of how to dress for homework. Homework to the youngsters may mean anything from composition to algebra. To the average Mrs. America it means work-at-home. Cooking, cleaning, and that hateful pastime called ironing.

READERS' EXCHANGE, a syndicated bit edited under the by-line of one Mrs. Cruse named Heloise, shows up occasionally with some jewels!

"Dear Heloise," one helpful heroine writes to the exchange, "I've found that if I dress up to do the ironing that I feel better and the ironing seems to fly by much faster. If I look terrible, I feel persecuted and the ironing drags."

MOST WOMEN will try anything once. But this Heloise goes too far. The dress up bit may be all right for the "drips." But any silly dame who puts on her spiked heeled patent agonies, her new double knit "Sunday" dress, gold bracelet, veiled turban, and seven-button gloves, then goes and sets up the ironing board, plugs in the steam iron, and starts in on a batch of ironing needs to have her head examined.

FEELING PERSECUTED is the best part of ironing.

OH WELL. All this confusion surrounding the Sabin Oral Vaccine will be cleared up, presently. Remember this: Canada has been using a vaccine from the same Sabin "seed," but in a different form from that being given in the United States. Canadian vaccine contains all three polio causing viruses in one dose. American doctors advise one virus per dose.

Don't know about the rest of y'all, but as for our house we'd rather take our chances WITH Sabin than WITHOUT. Four cases of polio in a country where four million have swallowed Sabin vaccine strikes us as a rather remarkable record.

P. S. If you think YOU'RE confused about the postponement, how would you like to be Mrs. E. E. Post trying to re-do all the publicity... Dr. Ken Cowan, getting cornered for a statement... or the Record reporter trying to write sensibly what amounts to "HOLD EVERYTHING?"

STILL. "It's an ill wind that blows nobody good." There
