American Legion Sponsoring 'Plant Cherry Trees' Campaign

ONE THOUSAND CHERRY TREES FOR CAMPAIGN

Two Year Old Montmorency Trees To Be Sold For 20c Each; Planting Time Is Here

Place Orders At Once

No Limit To Number To Each Person but First To Place Orders Will Be Supplied

"A Cherry Tree in Every Yard" campaign was launched Wednesday in the Perryton area, when the American Legion, through Commander F. L. Garrett and County Agent Guy R. Sheets, chairman of the Post "Cherry Tree" committee, placed an order with the Wilson Flower Shop for the immediate delivery of cherry trees. Mr. Wilson wired the order for the trees to a reliable nursery in Missouri and delivery will be made in Perryton on April 2.

These trees will be sold by the American Legion at the astonishingly low price of 20c each. There will be no limit to the number of trees sold to a person. The orders must be placed at once and must be paid for in advance. When trees arrive in Perryton, all parties ordering same will be notified and same will be distributed from the Wilson Flower Shop greenhouses.

Cherries are the one fruit bearing tree which is suited to this climate and they seldom fail to bear and produce a good yield every year. These trees at the twenty cent price are available to any person residing in the Perryton area, but orders must be placed at once for it is a case of "first come, first served". Place your orders with the Wilson Flower Shop, County Agent Guy R. Sheets, the Herald office, Commander Garrett, or any Legionnaire or Auxiliary member. Arrangements are being made for committees to solicit orders. These trees are being sold at absolute cost. There is no profit to anyone in the campaign. The Legion with the cooperation of Mr. Wilson, feel that they are rendering a distinct service to this community in sponsoring such a campaign.

ONE-HALF INCH MOISTURE IN SUNDAY STORM

Snowfall in Perryton Area Averages About Five Inches; Is Much Heavier to West

Record Snow Amarillo

Reports Indicate That Perryton Country Has Best Prospects For Crop In Southwest

Approximately one-half inch, 48 according to the official government gauge kept by Attorney Jack Allen, of moisture soaked into the wheat fields in this area as a result of the snowfall on Sunday afternoon and night. This moisture is of untold benefit to the grain crops and with continued moisture, a good average yield will be made in this immediate section. From all reports, the prospects for a wheat crop are brighter here than in any other section of the Southwestern wheat belt.

Practically all parts of the Panhandle received some snow with the exception of the Dalhart and Texline country. Amarillo reported a record breaker with 21.6 inches giving 2.06 inches of moisture. To the southwest of Amarillo, the fall was even greater. Pampa, Miami, Canadian, and Shattuck all reported good moisture.

This was one snow that did much good. It was heavy with moisture content and most of it melted as it hit the ground. The snow came straight down with no wind and every drop of moisture soaked into the ground.

International Sunday School Lesson

By A. C. Williams, Minister Perryton
Church Of Christ

"WHAT THINK YE OF CHRIST?"

I. Confession And Loyalty
Required

(Matt. 16: 13-26)

The time had come in the ministry of our Lord for a definite stand to be taken by his disciples as to who he really was. The all-absorbing question was whether or not Jesus was the Christ. When sufficient evidence was advanced to prove beyond a doubt that the Messiah had really come, then all the skeptical quibbles of perverse minds were brushed aside with a Divine Demonstration. From the first faint promise of a Redeemer (Gen. 3: 15) down through the stream of Old Testament history, heaven's auroral flushes pointed with certainty to the rising sun of righteousness who would be the Savior of the world. Poor, futile, blind efforts to put out this sun! He would be wiser who would seek to extinguish the sun of our solar system with a toy squirt-gun than to try to dim the Sun of our souls—the life and immortality which has been brought to light through the gospel.

Confession of Christ's name is made one of the steps in becoming a Christian. (Rom. 10: 9, 10). Thus the importance which Jesus attached to Peter's confession is made evident.

Some are content to recognize Jesus as a good man, but deny him the honor of being God's son. Such inconsistency! He who says Jesus made false claims accuses him of being a liar. Could a liar be a good man? Then Christ was all he claimed to be or else a base impostor. Let us recognize his sonship, and honor his authority and make every effort to obey his teachings.

II. Mount of Transfiguration And Valley of Service

(Matt. 17: 1-23)

What a foretaste of infinite glory! What an introduction to heavenly splendor. On a mountain, separated from the multitude, Jesus was transfigured before Peter, James and John as witnesses. His countenance became white and radiant, Moses and Elijah appeared in glory and talked to him about his death, which would take place at Jerusalem. The days of the law of Moses were numbered, soon (at the cross) it would be nailed and fulfilled (Col. 2: 14). There was a time when Moses was law giver, Israel looked to him as the founder of the Jewish religion. But with the coming of the Son of God, a broader program was to be launched which would include every race and tongue and nation. The immortal words from God in the presence of the three heavenly witnesses, and the three earthly listeners, "Hear ye Him", should come with mighty eloquence to our needy souls of the present generation. Jesus is supreme in authority in the field of religion. He is superior to all human systems and creeds of men. Just before he ascended, he gave the world-wide commission, declaring he had authority in heaven

and in earth.

What a contrast is seen between the transfiguration and the events immediately following. The sad, but necessary story of how he must die, graced with telling effect upon the ears of his disciples who would have feigned made him king. But the path to coronation and glory led to the cross and grave. So the Son of God resigned himself to the bitter cup to become the Savior of the world and High Priest forever.

III. Jesus The Messiah And The Temple Tax

(Matt. 17: 24-27)

Jesus was obedient to civil law. Lawlessness and anarchy are no part of the gospel. So long as civil powers demand nothing contrary to God's word, it is a mark of good citizenship and real discipleship to abide by the same. He who claims to be a Christian and at the same time tramples rough-shod over the laws of the land had better reread his Bible and learn what the will of the Lord is. If the Golden rule were always observed there would be no need for jails nor penitentiaries.

LUTHERAN CHURCH NOTES

Good Friday—Easter

What a contrast between those two days! The message of Good Friday stated in the well known words of the Apostles' Creed is: "Suffered under Pontius Pilate, was crucified, dead, and buried." A poet expresses it thus:

Behold the Savior of mankind
Nailed to the shameful tree!
How vast the love that Him inclined
To bleed and die for thee!

Hark, how He groans! while nature shakes,
And earth's strong pillars bend!
The temple's veil in sunder breaks!
The solid marbles rend.

'Tis done; the precious ransom's paid;
"Receive my soul!" He cries;
See where He bows His sacred head!
He bows His head and dies.

Easter's joyous message brings the glad assurance: "The third day He rose again from the dead." The tomb is empty; the Lord is risen; "Vivit!"—He lives! Death has lost its power, the grave its victory. Hallelujah! Rejoice!
Jesus lives! no longer now
Can thy terrors, Death, appall me;
Jesus lives! by this I know,
From the grave He will recall me.
Brighter scenes will then commence;
This shall be my confidence.

Jesus lives! henceforth is death
But the gate of life immortal;
This shall calm my trembling breath,
When I pass its gloomy portal.
Faith shall cry, as falls each sense,
"Jesus is my confidence!"

Special Good Friday services will be held at 10:30 Friday morning, March 30th. Topic: "The Prince of Life dead upon the cross and the Lord of Glory in the Grave". On Easter Sunday the pastor will speak on "An Easter Sermon by the Apostle Paul preached almost 2000 years

ago". Both of these services will be English and special music will be provided. The quarterly voters' meeting will be Sunday afternoon at 3 p. m., also an egg-hunt for the children. The Sunday-school Teachers Institute will be held next Monday at Liberal, Kans.

H. W. Hartenberger, Pastor.

CHRISTIAN SCIENCE

"Reality" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, April 1.

The Golden Text is: "Thou, O Lord, remainest for ever; thy throne from generation to generation" (Lamentations 5: 19).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The Lord hath brought forth our righteousness: come, and let us declare in Zion the work of the Lord our God" (Jeremiah 51: 10).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "To grasp the reality and order of being in its Science, you must begin by reckoning God as the Divine Principle of all that really is. . . All substance, intelligence, wisdom, being, immortality, cause, and effect belong to God" (page 275).

INTERSCHOLASTIC MEET HELD

ALL EVENTS IN ANNUAL MEET
NOT COMPLETED BECAUSE
OF INCLEMENT AND
COLD WEATHER

Despite the cold, disagreeable weather the final day of the Ochiltree county's Interscholastic League Meet was held last Friday. Considering the small number of events which League rules allow city schools to enter, Perryton made an excellent showing.

Entrants from this school won the volleyball tournament, second in picture memory, and second in Arithmetic. Nearly all places in Junior boys track events went to Perryton, with Perryton Junior and Senior girls also winning a number of places. All places in essay writing went to entrants from the local school.

Waka was winner of the county meet and Lone Tree placed second in the number of points scored. Winners in all events were awarded ribbons.

Tennis finals have not been played off in any matches except the boys doubles. Waka won from the Perryton boys in the doubles finals.

The other matches will be played off on the first quiet day. Waka was rural school winner in the preliminaries of girls doubles and will play the Perryton doubles team. Entrants from Ochiltree were winners in the preliminaries for girls doubles and boys singles. They will play the Perryton contestants for these places when the finals were played off.

In Practice Debate

Perryton and Spearman Debating Teams in No-Decision Practice Debate Contest

The Perryton debate teams met Spearman's debaters Wednesday afternoon in practice debate session. This was the first debate of the season for the Perryton girls, but the Perryton boys team has now engaged in four debates. The first of two no-decision debates with Spearman was held Monday afternoon at Spearman.

The practice debate Wednesday was probably the last one with out-of-town opponents before the district Interscholastic League Meet at Pampa on April 13-14. Both the girls and boys teams are fast becoming proficient debaters due to W. G. Parks' excellent direction. The various practice debates, in which the Perryton teams have met out-of-town opponents, will greatly improve Perryton's chances in the League Meet at Pampa.

Postpone Track Meet

Invitation Track Meet Postponed; Will be Held Saturday, April 7, Here

Due to the bad weather and the Canyon Educational Conference Perryton's second Invitational Track Meet for Senior boys was postponed until Saturday, April 7. This action will undoubtedly improve the meet as there will now be no conflict with other events, and more schools will be enabled to enter contestants.

The meet will be held just as was planned with events beginning at noon and lasting until winners have been selected in all events. Winners in each event will be awarded ribbons, while a handsome trophy will be awarded to the winning school. Admission prices will be 10c, 15c, and 25c.

DECLAMATION ELIMINATIONS

The preliminary eliminations in the declamation contests in the various divisions will be held Thursday of this week. This contest includes only declaimers of the local school, as rural winners have already been selected.

Winners of this preliminary contest will compete in the local finals Friday evening, April 6. This contest will be open to the public and no admission will be charged.

Winners of the finals will represent the Perryton School in the district Interscholastic League Meet at Pampa, April 13 and 14.

PERRYTON TEACHERS JUDGE SPEARMAN DECLAMATIONS

Three faculty members from this school, W. B. Irvin, Miss Eugenia Mitchell and E. D. Kelley acted as judges for the final declamation elimination in the Spearman school. This elimination was held Monday afternoon.

REGULAR SCHOOL ATTENDANCE IMPORTANT

During the past three weeks there have been more absentees than at any time during the year for a like period of time. Much of this, I am sure, is due to illness, and is unavoidable. On the other hand when a pupil misses a few days of school it is natural for pupil and parents to feel that one of two more days will not make much difference—but it does! Each day missed, regardless of the reason for it, is partially lost even if excellent make up work is done. The work, in its entirety, will never be done by the pupil and is lost. A week lost means one thirty-sixth of the entire school year missed. I trust pupils and parents will try to help our attendance record.

"Ag" Team to Lubbock

Judging Team from Agricultural Department to Lubbock Contest on April 2

The local high school Agricultural students will leave here Sunday evening to attend the contest to be held in Lubbock Monday, April 2. This contest is in the nature of a semi-final contest for the state judging meet to be held later in the month. Winners are not the only ones who may enter the state judging, but they have a better chance to place there.

Mr. Robinson has not definitely announced the members of the various teams, but it is probable that they will be the same students that were originally selected to attend the Pampa Judging Contest. The Pampa Judging was called off due to various important meetings of vocational Agricultural instructors which was held in Canyon last Saturday.

Mixed Chorus Will Present "The Belle of Barcelona", Tuesday, April 17th

The Perryton High School Mixed Chorus will present its annual operetta on Tuesday April 17. This musical program entitled "The Belle of Barcelona" has a Spanish scene and many Spanish characters. Beautiful music, both vocal and instrumental, prevails throughout the entertainment, and there are also some excellent speaking parts.

Forty voices are used in this program according to O. A. Bush, director of the organization. Beautiful Spanish scenery is being prepared and lighting effects arranged in addition to a program, which will last at least 2 1/2 hours. According to Mr. Bush, this will be as good

EXHIBIT DATE SET

The annual exhibition of school work done during the year will be held this year on April 27. At this time the doors of the whole school plant will be thrown open to the public so that parents may observe the work that has been done during the school year.

Exhibits are now being prepared in the various rooms and departments of the school and an excellent view of a cross section of school activities will be afforded visitors on exhibition day.

Junior Play Tuesday

Large Crowd Sees Junior Class Play: Proceeds of \$62.73 for Class Expenses

One of the best entertainments ever staged in the Perryton High School auditorium was presented to a large audience Tuesday evening. The play proceeds amounted to \$62.73 which will be used to defray expenses of the Junior class.

The play was excellently directed and presented, and much credit is due to Mrs. Wheeler, Junior class sponsor. The excellent cast of characters were all that could be desired for any play.

If not better than "The Love Pirates of Hawaii" the operetta which he directed two years ago. That production attracted so much attention that it was staged twice, and this operetta with its larger number of characters should be better still.

MEET THE SENIORS

CLARA WIMBER was born in Alberta, Canada, 18 years ago. Very few people around here have even been that far north. She came to Ochiltree County 9 years ago but has attended Perryton school only one year. Her leading hobbies are reading, riding horses, and sewing. She is a little bit quiet and bashful, sometimes, but she says that she wants to travel some day.

DALTON (PAT) PATTISON, age 18, is an Oklahoman coming here from Gray, Oklahoma, six years ago. He is one of these athletic lovers and has one letter in football and one in basket ball. Pat says that

"Toy Town Revue"

Junior Class is Sponsoring Revue in Song and Dance by Young Artists of Canadian

To obtain the additional funds needed to finance the Junior-Senior banquet, the Junior Class is sponsoring on next Thursday evening, April 5, a popular musical program called the "Toy Town Revue". This entertainment is directed by the three Tepe Sisters of Canadian who are well known for the excellent programs they sponsor. The program is presented by children of Canadian who act as dolls in the opening scenes of the production. The production is a stage show of song and dance acts in which popular songs and tap dances predominate. This production was once given in Canadian and pronounced an excellent entertainment.

Admission prices will be 15c for all school pupils and 25c for adults. The Junior class will receive half the proceeds of the entertainment. Come and lend the class support. The entertainment starts at 8:00 o'clock.

he wants to be an aviator some of these days.

MAGGIE TURNER was born in Ochiltree County 18 years ago and attended Ochiltree School until last year. Her hobbies are sports, cooking, sleeping and dancing. She has won two free trips to Austin in the 3-2 Contest in the years 1931 and 1932. Her greatest ambitions are to graduate, leave Perryton, and work in a cafe.

MORRIS PAYNE was born near the present site of Perryton 19 years ago. He has attended Perryton school for 10 years. His main hobbies are in experimenting with science. His greatest ambition is to tour Europe, maybe he will become a great scientist. His peculiarity is that he often laughs at his own jokes.

(Editor's Note: Insofar as the discussion of this subject is concerned, the "LETTERS FROM READERS" column of the Ochiltree County Herald is closed. We hesitated some time before we published the letter to which the above is an answer for from experience of the past we well knew the seemingly inexhaustible supply of discussion and argument, both pro and con, that the subject of the bible bring forth. We have published these two, so don't bring in anymore for this ruling is final.)

THE GRAND OLD BOOK

Though oft exploded and crushed with overwhelming proof, there is an occasional eruption of skepticism now and then which makes it necessary to attend to the claims and boasts of infidelity.

He who would fling at the Bible ought to at least acquaint himself with the Book he is attacking. A recent article which states that Adam and Eve were to occupy and enjoy the Garden of Eden in idleness must have been copied from infidel literature. It certainly did not come from Genesis. A prime purpose of putting Adam in the garden was "to dress it and keep it", Gen. 2. Better post up, my friend, your misinformation is inexcusable.

Ingersoll's and Thomas Paine's old stock in trade about the injustice of a God who send a man or woman to hell again comes up again for air. Thus both the Old Testament and the New are attacked. So God ought to take lessons from parents today, so he will know how to deal with his rebellious creatures? So the creator of the worlds must be taught by the philosophies of his creatures. But per the theory of evolution we are related to the brute, why not send heavenly Father out to the barnyard to take lessons from the ox or to jungles to be inspired by the noble character of a wolf-pack. If man is related to the brute beast of the field, he is guilty of cannibalism every time he kills and eats one of his animal kinsman. So there is no such thing as crime nor debauchery? Man only follows his instinct and is not responsible. Such are the terrible conclusions to which skeptics are driven.

God did not prepare hell for man. Where did you get your information that he did? Human creatures were given a will and are held responsible for the same. How would you prevent man from being sinful? Make a machine of him? Remove his will? Make him no more responsible for the bloody deed of murder than the knife or gun which accomplished it? Such philosophy ought to amend our laws and instruct our courts to begin prosecuting criminals and begin trying six-shooters. Thus your lame method to make man irresponsible re-

duces itself to ridiculousness which is obnoxious to common sense and reason.

The gospel has so completely revealed man's duty to God and to man that one may learn and follow the way to heaven and avoid the pangs of hell. Thus it is not necessary to spend an eternity in torment if a man will hear, believe and obey the Truth. God does not want one to go to hell (2 Pet. 3: 9). He gave His only Begotten Son to prevent this very thing (John 3: 16). But he who persists in making this world as nearly a hell as possible, then wants a passport to the sublime world to come, has no one to blame but himself if he misses the pearly gates.

Whether we like it or not God is surely going to punish those who refuse to live righteous lives. The real reason for skeptics trying to blot out the Bible hell is the fear of punishment that hangs over their sinful lives. Righteous people need have no fear of everlasting punishment.

The claim that modern men and women can outstrip the word of God is amusing, were it not so pitiful. It might be well for you to produce some proof. Assertions are not sufficient. Many men, including even skeptics, can be cited, if necessary, who have paid a lasting tribute to the Grand Old Book. Why don't you try writing a new Bible which will answer life's problems, and lift men from ruin. We patiently await your book.

It is inconsistent to denounce the Old Testament while upholding the new. Jesus himself quoted freely from the Old Testament. Thus when you attack it you attack the greatest teacher who has ever walked the earth.

There are many unimpeachable proofs in the Old Testament that it is inspired. We candidly challenge the skeptics ranks to account for Job's knowledge of the empty place billions of miles away in the northern skies on any other grounds than inspiration. (Job. 26: 7). Why did disbelievers scoff at Job's statement until a few years ago when the largest telescope on the western hemisphere found that space? Where did Job get his information? And echo answers, where? There has never been a man who could account intelligently for that statement in the Book of Job who repudiated the Bible? It was beyond the philosophy of a Paine, Ingersoll, Mirabaud, Stoic of Epicurian. Let the boasting ranks of infidelity arise to the rescue of their perishing argument.

ments and instead of flaunting the exploded quibbles of skeptic the school, let them answer the many proofs of inspiration which the Book of Books affords.

Infidelity has its grave dangers. It lowers man to a brute by its theory of evolution. It strikes at the root of the marriage relation, and if allowed to run its course unchallenged would endow man with the coral convictions of billy goats. It removes the fear of retribution as taught in the Bible and grants rampant licentiousness with no sense of fear. Per the theory, man is as accountable for his meanness as the hyena who prowls the night shadows. Man therefore would not be superior to the donkey upon which he rides. No hope of heaven, and no fear of hell. What a blissful equality with bats and owls.

Perhaps the writer of the article under review would not be in sympathy with these conclusions to which infidelity is eventually driven. Though we do not charge him with the consequences, they are most assuredly inevitable.

When all Bible light and moral influence are erased from a community, the best and noblest part of it is taken. The vision of the Christ, the home in heaven, and the necessity of avoiding hell have spurred many noble souls toward the skies.

Imagination cannot create anything. It can operate upon given material, but beyond that it cannot go. This can be proved by Locke, a believer, and Hume, a skeptic, both recognized in the world of philosophy. Then if the Bible could not have come from the imagination of men, who was smart enough to break over the boundary line that divides the finite and the infinite. If you admit that the imagination of man has created a heaven and filled it full of angels, created a hell and filled it with demons, you have granted power to man which you withhold from God. Since you say the Bible didn't come from heaven, and since it could not have come from the imagination of men where did it come from? No dodging, now. There are statements in it that no man beneath the stars can account for other than revelation. Fulfilled prophecies alone can battle down the bulwarks of infidelity, and crush their quibbles like an eggshell.

My purpose in making this reply to last week's article is not a personal thrust. But when any would-be champion of the ranks that oppose the Grand Old Book in its evidences, or precepts to men, poses as an opponent to attack the Bible, it is due the citizens of Ochiltree county that such boasts be attended to and refuted.

"Last eve I passed beside a blacksmith's door
And heard the anvil ring the

When looking, I saw upon the floor,
Old hammers worn with beating

"How many anvils have you said I
To wear and batter all these
hammers so?"
"Just one" said he, then said with
twinkling eye,
"The anvil wears the hammers

Easter Food Event

Saturday, March 31st

Easter is a time when we think of new life and of extending good will and service to everyone, and that is what this store strives to do at all times. Our grocery and meat department is the oldest in its line in this city. Many have come and gone, but we continue to render to this town and country our very best in service and merchandise. We try to maintain that reputation of confidence and dependability. This store is interested in this community in other than a business way, helping with our services and means, in the different problems and enterprises.

As a special feature on this Easter occasion we are going to have special representatives here on Saturday, March 31. As a special treat we are serving Kismet Coffee and sandwiches of Swift's lunch meats in our store all day. We will also give to each child under ten years of age, when accompanied by it's father or mother, a package of candy Easter eggs, as long as the supplies lasts.

We will have many selections in each department to fill your Easter wants. Bring your orders in and let us fill them and you will be satisfied.

Low Sanitation Cost

Sanitary Privies Constructed by
Ochiltree County Public
Health Service

The sanitary campaign which has
been under way for the past four
weeks is progressing in a very satis-
factory manner, according to the
County Sanitary Supervisor. He
said that Perryton, Farnsworth, Ce-
dar Bluff, Lone Tree and Lakeview
have entered enthusiastically into the
program.

This week the activities will be
centered in the surrounding com-
munities, and those that have not
visited one of these demonstrations
and placed their order with the
County Sanitary Supervisor, are ur-
ged to do so at once.

It is expected that this campaign
will greatly lower the incidence of
typhoid fever as well as reduce the
2500 cases of dysentery, diarrhea,
and enteritis that occurred last
year in the State.

The cost for a sanitary privy is
five dollars. If this cost is prohi-
bitive and a person desires a
cheaper construction, they should
see Herbert W. Dodson to determine
whether or not some substitution
can be made in the original plans.
It has been found that those con-
structed in compliance with the
specifications of the State Depart-
ment of Health are the cheapest in
the long run.

W. B. Reid and Forrest Camp-
bell of the W. W. Virtue Dry Goods
company were business visitors in

and Sunday.

NOTIA H. D. CLUB

(Too Late For Last Week)
The Notia Home Demonstration Club met March 20, in the home of Mrs. Edd Reed. The meeting was called to order by the president and the prayer was read in unison. The club song, written by Mrs. Kizzlar, "I'm Looking over a Four Leaf Clover", was presented and accepted. Mrs. Travis Flowers tendered her resignation as secretary-treasurer, and Mrs. Elsie Turner elected to take her place. It was decided that we raise money for expenses to the short course by giving a play. A committee was appointed to select a play.

We have one new member, Mrs. W. B. Johnson. There were twelve members present, two absent, and three visitors. Miss Crowder was unable to be with us for our tile demonstration owing to the illness of her mother at Fort Worth. Lovely refreshments were served to the following: Mesdames Norris, Good Hamilton, Turner, Pinkerton, Brown, Jamison, Chambers, Johnson, Kizzlar, Reed, M. Brown and the visitors: Miss Anderson, Canadian, W. B. Johnson, Otis Kizzlar and W. R. Norris. The men were very interested in making and laying tile. The meeting adjourned to meet April 2 with Mrs. F. C. Turner.—Reporter.

OCHILTREE COMMUNITY FILES CROUCH'S NAME

Claude Crouch, farmer-stockman of the Ochiltree community, has been entered in the race for trustee of the Perryton Independent School District by the people of that community. Mr. Crouch has been a resident of that neighborhood for the past three or four years, coming to Ochiltree county from Lipscomb, where he resided for many years. In presenting Mr. Crouch's name for the consideration of the voters of the district, the Ochiltree folks feel that they are putting forth a man well qualified to act in an executive capacity in school affairs. He has served as school director before coming to this county and is familiar with the problems which come before school boards for their consideration and action.

TRUE SPEEDWAY DRAMA FOR BIG RADIO PARTY

A thrilling, true story from the Indianapolis Speedway—the voices of Dan Moran, president of Continental Oil Company, and John B. Kennedy, nationally known author and radio announcer,—as well as special music by the Rondoliers quartet and Irving Talbot's 22-piece orchestra, will be blended into a coast-to-coast Conoco radio party Wednesday night, April 4, over 27 N. B. C. stations.

This all-star program, known as the "Conoco Family" broadcast, will dramatize a recent major event, hitherto kept secret, but now making history in the automotive world. Special guests for the evening will be 25,000 Conoco dealers, jobbers and employees in all parts of the country. Since the facts to be presented are endorsed by the American Automobile Association, however, and will prove valuable to motorists everywhere, a cordial invitation to listen in is also being extended to the general public.

Local radio owners who wish to listen in may do so by dialing nearest N. B. C. Blue network station, Wednesday night at 9:30 Central time.
