

SWINGING ON THE FLOOD—These four children don't seem to mind the flood waters that surround their home in Hattiesburg, Miss., as they swing out over the water in their backyard. Floods continue on a rampage in several southern states. (AP Wirephoto)

Rain Due To Diminish In Flood Areas

BY THE ASSOCIATED PRESS
The danger of new flooding in the stricken areas of the Southland lessened today as the Weather Bureau predicted rains today would be less than had been anticipated. But the floodwaters receding from the hard-hit inland cities posed a threat to areas farther south.

The rains, which moved into Louisiana and Mississippi Monday night and spread across Alabama and Georgia today, were expected to be much lighter than had been originally forecast. The Weather Bureau in Atlanta said the rain would be mostly showers and very light except in north Alabama, north Georgia and Tennessee where it would be moderate.

The new flood danger area extended from Jackson, Miss., across to Bainbridge, Ga. The lowlands around the Mississippi capital city were evacuated Monday night as the crest moved down the Pearl River. An estimated 600 persons may be forced out of their homes at Jackson.

In Alabama, Selma braced for a 57.8-foot crest on the Alabama River which earlier had forced thousands from their homes at Montgomery. An estimated 1,400 persons were being cared for Monday night in Red Cross shelters at Selma.

President Kennedy designated most of the flood-ravaged area as a major disaster area, eligible for federal aid. The Small Business Administration named 15 counties in Alabama, 6 in Mississippi and 2 in Georgia as being eligible for reconstruction or rehabilitation loans.

Three multimillion-dollar public works projects on the Chattahoochee River between Georgia and Alabama were in danger from the flood waters. The U.S. Corps of Engineers prepared to flood the entire 20-acre construction area to save a large coffee dam at the \$15-million Coker (Ala.) dam and lock project.

At Fort Gaines, Ga., minor leaks were reported at a coffee dam surrounding the Walter F. George lock construction site. At Georgetown, the river already had swept away two 30-foot construction bridges and threatened a small coffee dam at the site of a new highway bridge and railroad trestle under construction.

While the death toll has climbed to 13 in the flood area, six persons lived through freak accidents Monday. Four Negroes escaped death at Phenix City, Ala., when their car fell some 35 feet into a hole as a section of a main traffic thoroughfare dropped into water-eroded excavation.

Two National Guardsmen escaped injury when the helicopter they were using for rescue work plunged into the river near Selma. They were pulled from the water by those they had gone to aid.

Evacuees in Montgomery, Ala., and Hattiesburg, Miss., have begun the trek back to waterlogged homes. In both cities—hardest hit by the flood—water supplies have been chlorinated and residents warned to boil drinking water.

No valid estimate of the damages caused so far are available, but Alabama Highway Director Sam English said that state's roads have taken a more than \$2 million beating. Water damage to homes and businesses, livestock drowned, as well as time lost from production will run the total up to many millions of dollars.

Higher Tax Share For Trucks Asked

By FRANK CORMIER
WASHINGTON (AP)—President Kennedy today proposed a tax formula for financing superhighways by placing a greater share of the burden on big trucks. The President, in a 3,500-word special message to Congress, said

his pay-as-you-go plan would complete 41,000 miles of express roads by 1972 without resort to a higher federal gasoline tax.

However, he said Congress should not permit a scheduled June 30 reduction in the gas tax from 4 cents a gallon to 3 cents.

And he added that if his proposals for heavier taxes on trucks are rejected, Congress should be prepared to increase gasoline taxes on all users.

Kennedy's plan would boost taxes and fees on heavy trucks, diesel fuel, tires, tubes and retard

rubber. While truckers would bear the brunt of these, Kennedy said even so they would not pay "their fair share of the cost of this program."

The President also made some sharp comments about roadside billboards, which he said "tend to detract from both the beauty and safety of the routes they line."

Kennedy said the states should be given a bigger incentive to regulate billboards. If that doesn't work, he said federal control or billboard taxes might be necessary.

In arguing the merits of superhighways, Kennedy said they will save each year at least 4,000 lives, 42,000 years of travel time and 9 billion stops for red lights and intersections.

Declaring the road program vital to the nation's security, safety and economic growth, Kennedy said "I am wholly opposed to either stretching out or cutting back" the work. He was equally emphatic about paying for the job out of revenues from taxes on highway users without dipping into general funds and unbalancing the budget.

The only time regular Treasury funds should be used, he said, would be in times of recession. He added that he believes anti-stump moves already proposed will be sufficiently effective to make such action unnecessary.

If a later reading of economic signposts indicates otherwise, Kennedy said, Congress might want to use general funds to repair winter road damage in areas of substantial unemployment.

The President said the road program is in real peril because of a threatened shortage of funds. He said that if the job is to be finished on schedule, federal revenues must be increased by \$800 million a year after June 30. Otherwise, he said, the program will take an extra five years.

The federal government pays 90 per cent of the cost of the new superhighways and the states the rest. The total bill is expected to approach \$40 billion by 1972.

To raise an additional \$900 million a year, former President Dwight D. Eisenhower last month recommended that the gas tax be boosted to 4½ cents a gallon. Kennedy called this "clearly acceptable." However, he said that because of economic conditions he would "prefer not to raise taxes on the general consumer at this time."

His alternative suggestion: provide \$600 million a year by preventing the scheduled 1-cent cut in the gas tax and raise the remaining \$300 million through the heavier taxes and fees which would bear most heavily on truckers.

Under the Kennedy plan the federal truck license fee, applying to vehicles of more than 26,000 pounds weight when loaded, would go up from the present \$1.50 a thousand pounds to \$5 a thousand. Thus the fee for a 45,000-pound truck would rise from \$6.75 to \$22.50. The tax on a 100-pound truck tire would jump from \$8 to \$10 and trucks burning diesel fuel would pay a tax of 7 cents a gallon instead of the present 4 cents.

The biggest effect on the average motorist would be the higher tire tax—a matter of an extra 40 cents on a typical 29-pound tire.

Congo Rebel Threat May Be Evaporating

LEOPOLDVILLE (AP)—The central Congo government today signed a military pact with independent Katanga and the Kasai mining state for a united front against the leftist rebels. But a rebel threat to this capital seemed to be evaporating.

As the pact was signed in Katanga, President Mobutu Sese Seko Kibangu Ngbendu, the United Nations reported that leftist rebels had pulled out of the Kasai provincial capital of Lulabourg while their spearhead at the frontier of Leopoldville Province had vanished.

The pact among the three frequently feuding regimes could lead to a political federation capable of challenging the Communist-backed regime of Antoine Gizenga, the dead Patrice Lumumba's political heir, in Stanleyville.

Premier Joseph Iléo, sent by President Joseph Kasavubu to Elisabethville to seek Tshombe's help, signed for the Leopoldville government. President Albert Kalonji signed for his independent mining state of Kasai Province. Tshombe signed for Katanga.

One clause of the agreement said the signatories "are determined to solve their problems themselves and will not accept any outside intervention."

Kasavubu had a private talk with G. Mennen Williams, touring U.S. assistant secretary of state for African affairs. He was said to have told Williams that the Congo government is not waging a cold war against the

United Nations.

Williams assured Kasavubu of President Kennedy's continued support for the Leopoldville government against the Stanleyville regime. Kasavubu was said to have asserted his will to cooperate with the United Nations if it consults with and works with the Congo central government.

Tension in Leopoldville continued high after the outbreak of violence and rape by Congolese soldiers Sunday night against U.N. personnel.

Two Moroccan members of the U.N. staff were arrested on the Leopoldville-Matadi road. U.N. soldiers remained on the alert through the night. The use of U.N. vehicles for pleasure trips in the city was barred.

While the death toll has climbed to 13 in the flood area, six persons lived through freak accidents Monday. Four Negroes escaped death at Phenix City, Ala., when their car fell some 35 feet into a hole as a section of a main traffic thoroughfare dropped into water-eroded excavation.

Two National Guardsmen escaped injury when the helicopter they were using for rescue work plunged into the river near Selma. They were pulled from the water by those they had gone to aid.

Evacuees in Montgomery, Ala., and Hattiesburg, Miss., have begun the trek back to waterlogged homes. In both cities—hardest hit by the flood—water supplies have been chlorinated and residents warned to boil drinking water.

No valid estimate of the damages caused so far are available, but Alabama Highway Director Sam English said that state's roads have taken a more than \$2 million beating. Water damage to homes and businesses, livestock drowned, as well as time lost from production will run the total up to many millions of dollars.

JFK's Regime Is Attacked By Fidel

By ROBERT BERRILLEZ
HAVANA (AP)—Fidel Castro's government launched an all-out attack on President Kennedy's administration today and charged anew the United States is plotting to overthrow the Cuban strongman.

The blistering attack was contained in a lengthy note sent Monday night to Latin-American foreign ministers. It was to be distributed later to the Organization

of American States and the United Nations.

The Cuban note recalled the invasion charges Castro hurled at the Eisenhower administration a few months ago. Washington denounced those charges as a cover-up to divert the Cuban people's attention from economic troubles at home.

One Latin-American diplomat shrugged off the latest Cuban note as "the same old story"—this time directed at the Kennedy administration.

Foreign Minister Raul Roa charged the United States with plotting a twofold plan to bring down the Castro regime.

The first phase would be an attempt to overthrow Castro before the conference of Western Hemisphere foreign ministers in Quito May 24.

If that fails an alternative plan would create conditions for indirect military aggression masterminded by the Pentagon and the Central Intelligence Agency. This would be masked by a declaration of war against Cuba by Guatemala, Nicaragua or Peru that would permit the setting up of a beachhead on Cuban soil. An artificial provisional government then would be set up in Cuba and probably receive direct military aid.

The Cuban note charged the "political architects" of the plot were Adolf A. Berle Jr., head of Kennedy's special inter-department task force to Latin America; Thomas Mann, assistant secretary of state for inter-American affairs; and Mann's deputy Arturo Morales Carrion of Puerto Rico.

Castro has accused the United States of aiding counterrevolutionary forces who have been showing increased activity in Cuba.

The latest incident occurred Monday when an army captain described as bodyguard for Ernesto Guevara was killed near the economic chief's house.

The government denied the shooting was an attempt to assassinate Guevara himself, but Cuba's newspapers and radio stations were ordered to suppress the story for hours.

More School Candidates Enter Races

The field of candidates for school boards in Scurry County broadened Monday as 13 names were filed. 12 with County Superintendent Buford Browning and one with Snyder school board secretary Doug Flynn.

H. P. Wellborn, owner and operator of Wellborn Oil Co. in Snyder filed for a place on the Snyder school board, bringing to six the number of candidates for the two places. Signing his petition were E. E. Jones, C. N. Tucker Sr., W. J. Holder, E. D. Walton, and Willard Gladson.

For the Hermleigh district the petition of Fred Bowers was signed by Guy Adams, Ina Myrl Adams, R. N. Coston, Mary E. Ward and Hollis L. Ward.

Three candidates filing at Ira were Gus Sterling, J. B. Autry and Joe Falls. Signing Sterling's petition were Travis House, Mrs. Floyd House, Robert Weir, Dolvin Smallwood, and R. C. Howard. Lovella Holladay, Lee Holladay, Mrs. Minnie McCarty, Mrs. W. A. Murphy, W. A. Murphy, and H. H. Adams signed the petition for Falls. J. B. Autry's petition had 27 names.

At Fluvanna a petition with the names of 8 candidates was circulated. The men were A. W. Scrivner, Ray Herring, Orval Matulis, Paul Turner, Robert Sims, Travis Beaver Jr., Robert Jordan, and Dean Ball.

Today is the deadline for filing.

Asks Control Of Billboards

WASHINGTON (AP)—Decrying billboards along new superhighways, President Kennedy today said that if the states don't regulate them it may be necessary to adopt federal controls or a special billboard tax.

In a special message to Congress on new highways, Kennedy urged that the states be given a bigger incentive to adopt their own control programs.

As things now stand, he said, a handful of large advertisers are reaping a great windfall from the new roads through signs which "tend to detract from both the beauty and the safety of the routes they line."

The federal government now offers a special bonus to states which agree to regulate billboards along interstate roads. However, Maryland is the only state which has qualified for this and the offer is due to expire on June 30.

Kennedy said the bonus should be doubled and the deadline extended to June 30, 1963. The present incentive is an extra federal contribution of ¼ of 1 per cent toward the cost of the new roads. The regular contribution is 50 per cent.

Kasavubu Is Warned By U. N. Chief

By MAX HARRISON
UNITED NATIONS, N.Y. (AP)—Secretary-General Dag Hammarskjöld warned Congolese President Joseph Kasavubu today that the United Nations will no longer permit its peace efforts to be blocked by political opposition.

In a letter to Kasavubu, Hammarskjöld called for full cooperation of the Leopoldville government in averting a civil war. But he added that the United Nations has the strength and the determination to carry out its mission without such cooperation, if necessary.

"Those engaged in these measures on behalf of the United Nations cannot allow themselves to be forcibly deterred from carrying them out," he said.

The letter to Kasavubu was part of a report Hammarskjöld made to the Security Council on steps he is taking to carry out last week's resolution authorizing use of U.N. force if needed to preserve order in the Congo. The Soviet Union has been pressing for a report.

Hammarskjöld told Kasavubu that he is considering the possibility of the removal of all military forces from politics.

In addition, the secretary-general disclosed he had taken some additional steps to implement the Asian-African Congo resolution for setting up a broad Congo peace plan.

Living Costs Dip Slightly

WASHINGTON (AP)—Living costs declined slightly in January—the first drop in 12 months—The Bureau of Labor Statistics reported today its consumers price index dropped by a tenth of one per cent because of lower prices for clothing, used cars, eggs, milk, fresh fruits and tomatoes.

The index "fell to 127.4 from December's record level of 127.5. In the index, 100 represents average prices in 1947-49.

Despite the drop from December, January prices were 1.6 per cent higher than in January 1960. The index rose in every month last year except August, when it held steady.

Because prices did not rise in January, there will be no change in wages of about a million workers in the auto industry and related fields whose pay is adjusted to the living cost index.

Robert J. Myers, BLS deputy commissioner, attributed much of the January price drop to weather conditions, although adding that a recession decline in demand doubtless had some effect.

Myers said the weather curtailed clothing sales in December and that department stores, because of large January inventories, offered sharp price reductions in women's suits and coats. There

also were some price cuts in shoes and other clothing items.

Average clothing prices dropped by 1.1 per cent from December to January.

Used car prices were down 2.5 per cent and Myers said this development was influenced, too, by the weather.

Food prices, on the average, were down a tenth of 1 per cent.

The federal government outlook, Myers said he would expect little change although a drop between January and February is normal.

In a separate report, the bureau said the spendable earnings and buying power of factory workers were virtually unchanged in January.

Spendable earnings—take-home pay after taxes—for a factory worker with three dependents amounted to \$79.97 a week, the same as in December.

Earnings normally drop in January following the pre-Christmas work rush, but the bureau said the decline came in December this winter because of severe snowstorms which cut back hours of work.

While used car prices dropped slightly in January, prices on new cars were unchanged at levels slightly below those of a year ago.

Southern Rhodesia To Disband Troops

SALISBURY (AP)—Southern Rhodesia's Territorial troops mobilized by the federal government to prevent racial violence during an emergency session of Parliament will be disbanded Saturday, the Defense Ministry announced today.

Prime Minister Roy Welensky's speech in the Central African Federation Parliament Monday, offering new talks with Britain about enlarging the Territorial Legislature of Northern Rhodesia, eased tensions.

Five thousand soldiers had been called up and police leaves had been canceled for 5,000 regular police in Southern Rhodesia, which with Northern Rhodesia and Nyasaland make up the federation.

WEATHER

ANTHONY TEMPERATURES: High Monday 48, low 28; Tuesday 48, low 28; Wednesday 48, low 28; Thursday 48, low 28; Friday 48, low 28; Saturday 48, low 28; Sunday 48, low 28.

South Central Texas: Partly cloudy and mild through Wednesday. Low tonight 30 to 40 in north, 45 to 55 in south. High Wednesday 65 to 75.

Southeast Texas: Clear to partly cloudy through Wednesday. A little warmer to night and in northwest this afternoon. Mild tomorrow. Low tonight 30 to 40 in north, 35 to 45 in south. High Wednesday 65 to 75.

Southwest Texas: Clear to partly cloudy through Wednesday. A little warmer to night and in northwest this afternoon. Mild tomorrow. Low tonight 30 to 40 in north, 35 to 45 in south. High Wednesday 65 to 75.

North Central Texas: Clear to partly cloudy through Wednesday. A little warmer to night and in northwest this afternoon. Mild tomorrow. Low tonight 30 to 40 in north, 35 to 45 in south. High Wednesday 65 to 75.

Northeast Texas: Clear to partly cloudy through Wednesday. A little warmer to night and in northwest this afternoon. Mild tomorrow. Low tonight 30 to 40 in north, 35 to 45 in south. High Wednesday 65 to 75.

South Texas: Partly cloudy to north, clear to partly cloudy in south through Wednesday. A little warmer to night and in northwest this afternoon. Mild tomorrow. Low tonight 30 to 40 in north, 35 to 45 in south. High Wednesday 65 to 75.

House Refuses To Consider Killing Horse Racing Bill

AUSTIN (AP)—The House today refused to consider killing a local option election measure up for possible action on Gov. Price Daniel's plan for state purchase of space in federal reservoirs.

Rep. J. W. Buchanan of Dumas said he would run with Daniel's plan "if and when we get this race horse issue settled."

However, Buchanan's measure also was listed on today's order of business below another proposed constitutional amendment which would outlaw state income taxes.

"I'll have a few pious observations to make on my bill," Rep. Marshall Bell of San Antonio promised.

The floor action loomed after the House tax group worked until after midnight on three money-raising bills to trim \$44.7 million off the deficit and 1962-1963 spending needs.

In the early morning hours in a sleep-groggy House Committee on Revenue and Taxation approved a bill to levy a uniform gross receipts tax on Texas utility companies.

The public hearing on the bill began after 10 a.m. and the final vote came after midnight. It would do away with a present graduated tax on the business of utilities and levy a uniform 1.99 per cent.

For the first time since 1907 the operations of electric cooperatives and other utilities in rural areas outside incorporated towns would be taxed, Rep. Max Carter of Roby, the author, estimated it will raise \$17.7 million in new revenue the next two years.

While used car prices dropped slightly in January, prices on new cars were unchanged at levels slightly below those of a year ago.

Spendable earnings—take-home pay after taxes—for a factory worker with three dependents amounted to \$79.97 a week, the same as in December.

Earnings normally drop in January following the pre-Christmas work rush, but the bureau said the decline came in December this winter because of severe snowstorms which cut back hours of work.

Texas Skies Fair Today

By THE ASSOCIATED PRESS
Skies were generally fair over Texas Tuesday with cool temperatures from the Panhandle to the Gulf.

Low temperatures shortly before dawn ranged from 25 at Dalhart to 59 at Brownsville. Freezing temperatures extended as far south as Mineral Wells and Junction.

Increasing cloudiness was expected in Northwest Texas with fair to partly cloudy skies over the rest of the state Tuesday and Wednesday.

Brisk northerly winds, which caused small craft warnings to be displayed on the Gulf from Port Arthur to Brownsville, were expected to diminish during the day.

No rain fell and none was expected.

High temperatures Monday ranged from 80 degrees at Corpus Christi to 96 at Dalhart.

Deep Dish Tuna Pizza

A Good Tuna Idea For Your Lent Variations

Instead of making the pizza a flat pan use two 9" pie pans, a package of pizza mix and sauce—a can of tuna fish, some cheese and you have main dish of meat for a family of six! A leading pizza manufacturer has developed this pizza idea. For variation add mushrooms or sliced liver, or even a can of corn and sprinkling of cheese and you'll have a delicious Lenten meal.

Deep Dish Tuna - Mushroom Pizza
Prepare 1 pkg. (12½ oz.) pizza mix according to package directions. Divide dough into three equal portions using two of these 9 line two greased 9" pie pans. Using a greased rolling pin roll remaining dough into a square 9" 9" on a greased board. Cut into 2 strips.

Divide ingredients between the two pies:
1 can (6½ oz. or 7 oz.) tuna fish, drained
1½ oz. grated cheese and/or 4 oz. mozzarella cheese
4 oz. can mushroom stems and pieces
¼ cup chopped green pepper
Then make a lattice topping using 3 strips of dough in each direction for each pie. Crimp edge. Bake 425 degrees F. (400 degrees F. for glass pie plates) for 15-17 minutes or until crust is golden brown.

Cut each pie into 6 pieces (a scissors does a good job) - and wait for demands for "seconds." P.S. What a way to dress up an old stand-by, Beef Stew - put it in a deep dish pizza!

Paris Is Popular Success With Breezy Silhouettes

By NADEANE WALKER
PARIS (AP)—Most of the women who will wear them got their first look at the latest fashions from Paris today.

If they agree with enthusiastic buyers this season, Paris can keep up another popular success.

The designers are out to please with a breezy, easy silhouette—easy to wear, easy on the eyes, and definitely not easy to copy. Men are supposed to like short skirts, so they should be happy.

Reports from the end of January openings often mentioned the latter or 1920s trend, particularly in the top-of-the-season collections of Dior and Ricci. But pictures from the openings, released today for publication, prove that the designers are not merely copying a worn-out style, but interpreting it in a way that looks new and modern. Resemblance to the 1920s comes in short skirts, often showing a glimpse of the knees, and in a waistless or long, loose-raised look.

Pierre Cardin cut his cloth closer than anyone else for his off-the-figure sarong. Larvin's Castillo bucked the general trend for low-flaring skirts with his down-tapering "ace of diamonds" silhouette.

One thing all the designers agree on is a fitted hipline, with one or two minor exceptions. A flat-chested look which also works back to flapper fashions.

The breezy, wind-blown air that all the designers tried for is carried out in pleated and flared short skirts with blousy semi-collared tops, and in such thin, airy materials as silk crepes, chiffons and organzas.

The fresh, pale colors add to the look: pinks, peach, apricot, mint and lime green, as well as black and white combinations and pale blue, gray and navy for day wear.

The designers can take polka dots or leave them alone. Polka dots and Balmian sprinkled in a few spots. Floral printed chiffons are so pretty they seldom failed to draw applause. One of the most

attractive ideas is floral chiffon dresses with matching unlined coats, highly transparent and really light as a breeze.

Dressmakers incidentally set hat and hair styles, and this time they've come out, almost to a man, for short cuts that have a feathery softness or finger-combed look. Hats are feather light and varied in size, from great big (at Cardin and Ricci) to saucer-sized (Balmian and Patou).

Costume jewelry is not heaped on so lavishly as usual. Dior goes for colored crystal multi-strand necklaces. Larvin-Castillo's trademark is a jeweled bow or clip perched right on the tip of the shoulder. Ricci's Jules Crahay designed long pendant pearl earrings as a prop for his vamps.

Martha Stephens Hostess To Union 4-H Club

The Union 4-H Club met at Martha Stephens home Feb. 23. The meeting was called to order by Lou Alice Mathis. The minutes of the previous meeting were read by Renee Patterson. Brenda Murphy led the game of Simon Says for recreation.

Mrs. Wayland Mathis leader showed the group how to make biscuits.

Those attending were, Brenda Murphy, Lou Alice Mathis, Renee Patterson, Darlene Tate, Murry Ann Jackson, Melonie McConnell, Martha Stephens and Mrs. Mathis. The next meeting will be held in the home of Lou Alice Mathis.

Tray Of Snacks Perfect Finale To Bridge Game

A tray of crackers, cheese, and fruit served with hot coffee are refreshments that always go over well after an exciting game of bridge these cool evenings.

A generous serving of American blue cheese centered on a tray with apples, bunches of grapes and tangerines surrounding it makes an attractive arrangement. Include several different kinds of crackers.

Pears Make Good Salad

Tradition decrees that Monday we wash, Tuesday we iron and so through the week. Regardless of Saturday's task, it is a special day in everyone's book. It's a day for special food treats too, such as these refreshing pear salads accompanied by tasty burgers.

There are few sweet fresh fruits on the market now, which makes these succulent pears a double treat. Three varieties of ripe pears are available during the winter and spring months but now the focus is on the stubby, green skinned Anjou so ideally suited to a variety of uses. Pears may be broiled, baked or stewed and adapt themselves to an unending array of meat accompaniments. Also, they are so very good for fresh eating in succulent salads, juicy desserts or out of hand for mid-meal snacks and lunch boxes.

You can always buy firm pears with confidence - they'll ripen at home in a few days at room temperature, becoming sweet and juicy, the way you like them.

Cheese is a boon companion to fresh, ripe pears. Thus the grated cheese sprinkled on the pears is the perfect complement to the sweet, mellow fruit flavor. What could be easier or more delicious for a Saturday lunch or supper than fresh fruit salads and juicy hamburgers? Come to think of it, this would make any day special!

SATURDAY SPECIAL PEAR SALAD

2 fresh pears
½ cup grated Cheddar cheese
4 strips pimiento
Salad greens
Halve and core pears. Dip in lemon juice or anti-oxidant to prevent darkening. Place stewed prune in cavity of each pear half. Sprinkle with 2 tablespoons strip of pimiento. Place on platter lined with salad greens and serve with favorite dressing. Makes 4 servings.

Beefburgers
Ground meat is best if handled lightly to avoid packing. Divide with a knife, shape gently into balls and then flatten out. Broil or pan-broil the same as steak to rare, medium rare or well done stage. Season when the patties are turned or after they are cooked. One pound makes 4 patties ½ inch thick.

Soft bread crumbs will help to hold up a puffy omelet; use a tablespoon of the crumbs for each egg and soak them in the milk called for in the recipe.

WOMEN

The Snyder (Texas) Daily News, Tues., Feb. 28, 1961 3

Local Garden Club Members Invited To Flower Show School

Flower Show School Five, sponsored by the Midland Council of Garden Clubs, will be held at the Midland Woman's Club, March 7, 8 and 9th.

Mrs. Jason Roberson of Amarillo will teach flower arrangement on the 7th, and Mrs. J. A. Kendall of Arlington will teach horticulture and landscape design on the 8th.

Registration will start at nine o'clock each morning with lectures to begin at 9:30. Lunch will be available at the Women's Club and advance reservations are urged. Reading lists can be obtained from Mrs. John N. Castner, 1906 N. Edwards Street, Midland chairman for the school.

STIFF TASK

Try starching only the ruffles and tie backs on curtains. They'll be easier to iron and fall more gracefully when hung.

Tomatoes vinegar and lemon juice all help in tenderizing cuts of meat designed for stewing or pot roasting.

Fluvanna Senior 4-H Club Holds Breakfast Party

The Fluvanna Senior 4-H Club held a "Come As You Are" party Saturday in the home of Mrs. Don Wills, adult leader.

Future demonstrations of the club were discussed. Breakfast was served to members Rhinda Bruner, Jennie Finch, Sherry Finch, Janet Martin, Sue Taylor, Delores Lambert, Sue Herling, Janie Gleghorn, Gwen Landrum, Robyn Beaver and LaRue Reeder.

Miss Reeder led the motto, pledge and prayer. Miss Ruby Butts, county agent was also present.

Clovis Terry Joins GATA

ABILENE — Clovis Terry, Abilene Christian College sophomore from Snyder has accepted her invitation to join GATA women's social club at ACC.

Miss Terry, an education major is the daughter of Mr. and Mrs. C. C. Terry of 2249 Sunset Avenue. She graduated from Snyder High School in 1959.

At ACC she is a member of A Capella Chorus.

WOMEN'S CALENDAR

Business and Professional Women's dinner meeting, 7 p.m. at Martha Ann Clubhouse.

WEDNESDAY

Acacia Study Club, 3:45 p.m. at Martha Ann Woman's Club with Mrs. J. D. Hinton, hostess.

Union Home Demonstration Club meets at 2 p.m. at Union Methodist Church with Mrs. Howard Hogue and Mrs. Roy Haven, hostesses.

THURSDAY

Murphy Home Demonstration Club meets at 9 a.m. with Mrs. H. A. Ray.

Gamma Upsilon Chapter of ESA meets with Charlie Roberson, 21-07 Fortieth Street at 7:30 p.m.

City Council P-TA meets at 1:30 p.m. in the administration building.

FRIDAY

Altrurian Club meets at Martha Ann Clubhouse with Mrs. A. C. Prentiss, hostess.

Ladies Golf Association meets at 1 p.m. at Country Club.

SATURDAY

County-wide 4-H committee meeting at 10 a.m. in county extension office.

Story Book hour from 10 to 11 a.m. at Scurry County Library.

DUST TO DUST

Soak a cloth for several hours in hot soda with a few drops of turpentine. Result—a dust cloth that will pick up dust.

School Menu

WEDNESDAY

Chicken and Noodles
Green Beans
Hot Rolls and Butter
Tossed Salad
Peas and Butter Cookies
Sweet or Chocolate Milk

Thursday

Enchiladas

Senate Candidates Speed Campaign

By CLAYTON HICKERSON
Associated Press Staff Writer

With the field still open, 41 candidates for the U.S. Senate seat vacated by Vice President Lyndon B. Johnson filled the air with words Tuesday, the special election still more than a month away.

Atty. Gen. Will Wilson campaigned in San Angelo; Republican John Tower, his party's sole entry in the race, was in Uvalde County; State Sen. Henry Gonzalez campaigned in the state capital at Austin, addressing university students; and Rep. Jim Wright stumped again in his home bailiwick of Fort Worth.

Two candidates from San Antonio, Gonzalez and labor-backed Maury Maverick Jr., Monday answered the question that Texans have been asking:

"Who are the leading candidates among the 41 aspirants?"

Gonzalez figured himself in the top spot and said Wilson, Tower, Wright and interim Sen. William Blakley of Dallas would follow him in that order.

Maverick said Tower was leading with himself second, in front of Blakley, Wilson, Gonzalez and Wright.

Wright, speaking from a truck in Fort Worth, told listeners Monday that Tower, the Wichita Falls former teacher, was a "person of colossal vanity."

"He's acting more like a wrestler...he proclaims himself champion without ever winning a match," Wright said.

Tower, campaigning in the Lower Rio Grande Valley, attacked the Kennedy administration's New Frontier program as "creeping socialism."

Then, at a news conference in Edinburg, Tower said he could win the April 4 election without a runoff.

Gonzalez defended the Kennedy administration and put himself in step with the New Frontier but noted that he wouldn't hesitate to

jump off the Democratic bandwagon if he disagreed.

Gonzalez, a liberal Democrat, had no alarm because President Kennedy has not included civil rights in his "must program."

In Abilene, Wilson told campaign leaders, "Texans will go to the polls, and elect a man whom they can trust—a man with a record of service and proven experience."

The Kilgore News-Herald, speaking out from the East Texas

oil fields, gave its endorsement to Senator Blakley in a front-page editorial.

"Senator Blakley," said the newspaper, "is eminently qualified to represent Texas in the Senate. He's already on the job, rendering distinguished service, so let's keep him there."

In San Antonio, Bexar County Democratic headquarters became Wright's base of operations for the San Antonio portion of his campaign. James W. Knight, the

county Democratic chairman, said Wright's supporters would pay the rent on the two-story building until the April 4 election.

The Senate field jumped to 41 when two women announced their candidacies.

Miss Mary Hazel Houston, 66, an unemployed stenographer from Bellevue in Clay County, and The Rev. Johnnie Joe Eckman, 56, of Brenham threw their bonnets in the ring. Their entry brought to three the distaff candidates vying for the seat. Mrs. Martha Tred-

well, 40, a Denison clothes designer, already was a candidate.

Gonzalez will campaign Wednesday in Houston and Orange and Thursday in Texas City. He'll also attend a \$10-a-plate fund-raising dinner Wednesday in Austin.

Wilson plans to be in Dallas and Texarkana on Wednesday; Victoria, Port Lavaca, and Houston on Thursday; in Houston again Friday, in Austin Saturday, and in Dallas again on Sunday.

Tower's program for the rest of the week calls for him to be

in the Waco area on Wednesday, in the Panhandle on Thursday, in Dallas, Tyler and Midland on Friday, and in Abilene, San Angelo and El Paso on Saturday.

Teacher At Lamar Is Honored

Joe T. Harwell, industrial arts teacher in Snyder Public Schools since 1963, was honored at the State Industrial Arts Convention held at Texas A & M College as the outstanding industrial arts teacher from the West Texas Regional Industrial Arts Association. This region encompasses 40 counties surrounding Scurry County.

This award is made each year by the Texas Industrial Arts Association, a professional association of 600 public school and college industrial arts teachers and supervisors. It is to give recognition to one teacher from each of the thirteen regional associations for doing outstanding work in the field of industrial arts education each year.

Harwell has taught crafts, general shop and experimental science in Snyder and is currently on the Lamar Junior High faculty.

He is a graduate of Sul Ross State College; received his B. S. degree in 1953 and M. Ed. in 1957. In the Summer of 1956 he served as visiting teacher on the industrial arts faculty at Sul Ross.

He has had two students win a Ford Motor Industrial Arts Outstanding Achievement Award. This honor entitled the students to cash awards plus an expense paid trip to Dearborn, Mich. for both students and teacher.

Harwell is a veteran of World War II where he served in the Air Corps. He is married and has two children. His wife, Ruth, is also a teacher in the Snyder school system.

Acting Dog Performs In Court

LOS ANGELES (AP) — "What gentleman in this room uses an item to see better with?" the owner asked his dog in court.

London, a German shepherd, walked to the court reporter.

"What is the item?" asked owner Charles P. Eisenmann, London nuzzled the reporter's glasses.

The dog appeared Monday as evidence in Eisenmann's \$3,000 suit against a delivery firm. He says a 1957 collision between his truck and his auto gave the dog a broken leg and bumped head that limit his abilities as a movie and TV actor.

He directed London to turn off the lights. The dog walked to the light switch and pointed with a paw, apparently unable to finish the job.

Eisenmann asked London to speak. The court reporter, Frank Van Horn, refused to transcribe the dog's growly, guttural sounds.

But to Eisenmann and several courtroom observers they sounded like: "Hello. How are you? I don't wanna."

Eisenmann said London, now 16, first showed ability to talk years ago when he asked the dog to go for a walk in the rain and London growled: "I don't wanna."

Snyder, Abilene Take Titles

Final Bouts Unfold In Midget Gloves

A rousing 22-bout card capped off the second annual Scurry County Boys' Club Midget Gloves Tournament here last night in the Towle Park Barn, as Snyder came through to successfully defend its open class crown and Abilene Boys' Club slipped in to the charmed circle in the novice division of competition.

Abilene is also the defending novice-champ, having copped the title in the first meet as held here last year.

The Benitez boys played highly instrumental parts in allowing the host team to gain possession of the coveted open division trophy for the second year running. Three of Snyder's four champs came from the brothers four Benitez, with only Rudy finishing out of the money.

Getting the nod in a pair of leather-tight split decisions were 77-pound Freddie Benitez, who upended Lamesa's Eddie Dickenson, and big brother Martin, a willowy 95-pound opportunist, who downed another Lamesan, Frank Gonzales, in the deciding bout.

The other Benitez boy—60-pound Eloy—nailed down his title without donning a glove, as he was unopposed in his division.

Jesse Costello, a relentless 97-pounder, gained the other Snyder open crown by decimating Robert Garcia, also of Snyder. In addition to Garcia, Snyder had one other runner-up in that division in the form of Marvin Mayfield. Lamesa's Donnie Breeding applied the whammy to Mayfield's aspirations by virtue of a unanimous decision in the title fray.

Second to Snyder in the open category was Lamesa, which had two champs and three runners-up to Snyder's winning four champs and pair of runners-up. Abilene Boys' Club nabbed the novice team trophy with its three titlists and sole runner-up to second place Ratan's brace of champions and five runners-up. Snyder pulled up into the "show" spot in the novice end of things with a pair of crown-holders and an equal number of runners-up.

Steve Secker, at 73 pounds toppled Eusebio Ramon of Ratan in their title bout to gain Snyder its initial novice title, after which teammate Jerry Smedley struck fast and furiously in battering Jimmy Briones of Lamesa into submission in a 90-plus pound match for the other. Smedley was awarded a second round TKO after shaking up the Briones boy in the first round with a flurry, then by administering the finishing touches in an equally rollicking second round.

Of the 22 bouts, exactly half were decided by either TKO or split decision, with six split decisions being registered and five technical knockouts being marked up.

It was a top-notch series of matches which graced the final card, with several entrants showing a high degree of class in the various slugfests as unrelenting Gary Gardashire, an 84-pound Lamesa novice, displayed polish and precision in both of his fights of last night in winning his division crown.

Also, two of the bigger boys in the forms of Raymond Villareal and Raymond Saucedo of the Abilene Boys' Club team locked honors in a crowd-pleaser, as the methodical Villareal rang up a split decision over the bobbing and weaving Saucedo.

Judges for the card included G. I. Jones, Wiley Brice, and Joe Williams, while Larry Ainsworth, Jay Martin and Don Slatten served as referees.

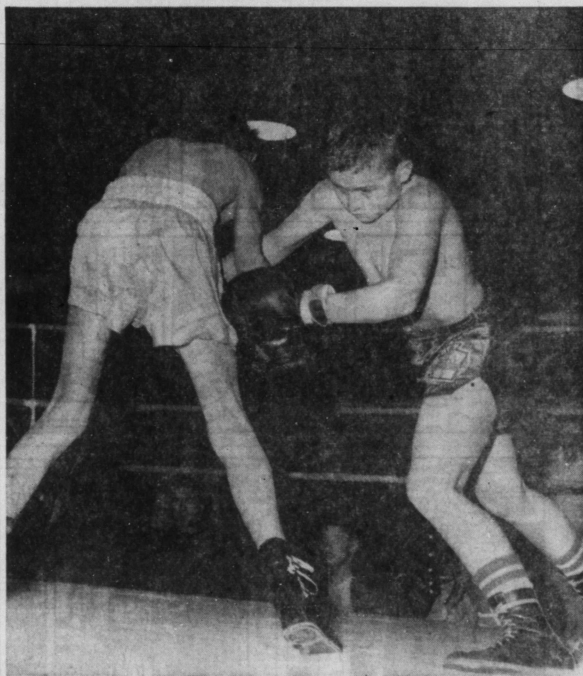

Novice Semifinals
Eddie Edwards, 65, Ratan, over Mike Saldivar, 70, Lamesa, first round TKO.
Charles Harmon, 67, Ratan, over Stephen McCall, 67, Ratan, dec.
Jimmy Weathers, 85, Odessa, over Charles McCall, 84, Ratan, second round TKO.
Gary Gardashire, 84, Lamesa, over Junior Valdez, 85, Odessa, dec.
Open Semifinals
Charles Brown, 105, Lamesa, over Mark Johnson, 101, Chico, split dec.
Raymond Hollenworth, 105, Lamesa, over Adolph Martinez, 105, Lamesa, split dec.
Novice Finals
Johnny Hernandez, 80, Odessa, over Bobby Edwards, 65, Ratan, dec.
Richard Morales, 80, Abilene, over Mickey Gonzales, 58, Snyder.
Eusebio Gonzalez, 63, Odessa, over Robert Rice, 61, Snyder, split dec.
Eddie Edwards, 66, Ratan, over Carlos Rasmussen, 67, Ratan, dec.
Open Finals
Andy Oliver, 23, Abilene, vs. Jose O. Vera, 33, Abilene, draw, no dec.
Steve Secker, 73, Snyder, over Eusebio Ramon, 71, Ratan, dec.
Joe Harmon, 79, Ratan, over Luis Ratan, 78, Ratan, dec.
Gary Gardashire, 84, Lamesa, over Jimmy Weathers, 85, Odessa, dec.
Pete Villareal, 87, Abilene, dec. over Gary Breeding, 86, Ratan, second round TKO.
Jerry Smedley, 93, Snyder, over Jimmy Briones, 91, Lamesa, second round TKO.
Raymond Villareal, 100, Abilene, dec. over Raymond Saucedo, 101, Abilene, BC, split dec.
Open Finals
Freddie Benitez, 77, Snyder, over Eddie Dickenson, 81, Lamesa, split dec.
Donnie Breeding, 96, Lamesa, over Marvin Mayfield, 98, Snyder, dec.
Martin Benitez, 95, Snyder, over Frank Gonzales, 95, Lamesa, split dec.
Jesse Costello, 97, Snyder, over Robert Garcia, 96, Snyder, dec.
Charles Harmon, 105, Lamesa, over Raymond Hollenworth, 105, Lamesa, dec.

Martin Pood of Carnegie Tech caught 35 passes for 461 yards and four touchdowns last season. He has two more seasons left.

Hockey competition at Michigan State began in 1922.

JESSE JABBING—Jesse Costello is caught in the process of preparing to flick a right jab in the direction of Robert Garcia, on the defense at the time, during action in the finals of their 98-pound open battle of the Scurry Boys' Club Midget Gloves Tournament as completed here last night. Costello won the decision and the championship of his division as a result. Both boxers as pictured above are Snyder boys. (Photo by Jackson)

MOSTLY MARVIN—Marvin Mayfield sends Donnie Breeding up on his toes with a solid right to the midriff during an open division final bout of last night here in the annual Midget Gloves fistic carnival. Mayfield, a Snyder hopeful, found the going rough during the greater part of his match against the rangier Breeding, however, as he dropped the decision to the Lamesan. (Photo by Jackson)

INJURY TO MOUNTS DECISIVE

Owls Sidetrack Raider Express

BY THE ASSOCIATED PRESS

Rice's late surging Owls felled Texas Tech just when the leading Red Raiders were scenting a championship and it put off for three nights at least a decision in the hectic Southwest Conference basketball race.

An injury did what the other conference teams had been unable to do—it stopped the rampage of little Del Ray Mounts—and though his colleague in the scoring race big Harold Hudgens looped in a great 38 points it wasn't enough and Rice won 95-91 in overtime Monday night. It cut Tech's lead over second-place Texas A&M and Arkansas to only one game.

Texas Tech closes out the season against Texas at Lubbock Thursday night having to win it to gain a clear claim to the title. A defeat would bring a championship tie between Texas Tech and either Texas A&M or Arkansas. The Aggies whipped Baylor 90-69 and Arkansas downed Southern Methodist 35-22 in overtime and this left the teams still in the title race with this standing:

Team—W. L. Pct.
Texas Tech 10 3 .769
Texas A&M 9 4 .693
Arkansas 8 4 .667
Texas A&M and Arkansas wind up the season against each other at Fayetteville Thursday night and the winner will either tie Tech for the title or finish second. The Rice victory was shocking

but the Owls caught fire in the last five minutes tied the score and then went into overtime to win it.

Carroll Broussard of Texas A&M dumped in 27 points to probably move out of reach of anyone in the scoring race as the Aggies' wounded Baylor. It brought Broussard's season total to 519 points—29 more than runner-up Mounts.

Texas had to put on a freeze to keep Texas Christian at bay as the Longhorns won 79-77. Purpose of the freeze was to keep the ball away from Phil Reynolds of the Frogs who got nine field goals in 11 attempts. The score was tied 13 times. Donnie Lester of Texas was high point man with 20.

Texas Gloves Off And Running In Chi

CHICAGO (AP)—Texas Golden Gloves made a good start in the Tournament of Champions Monday night, winning four bouts and compiling four points.

The Marquez boys did the winning. Richard Marquez of Corpus Christi won two fights in the light-weight class, decimating Donald Williams of Cincinnati and the Browns of Grand Rapids, Mich.

Chico Marquez, the Houston flyweight, outpointed Ernie Esterbrook of Billings, Mont., and stopped George Johnson of Indianapolis.

Bernardi Riding High

DUNEDIN, Fla. (AP)—A five-stroke lead had Sam Bernardi, 54, sitting pretty today for the final 18 holes of the PGA Club championship.

Bernardi, resident pro at Winnetka, Ill., used only 30 putts in putting together a 5-under-par 67 third round, with an eagle, 5 birdies, 10 pars and 2 bogeys.

His 54-hole total at the end of Monday's play was 204. The second-day leader by a stroke, Ron Montross, 29, Venice, Fla., shot a 73 that put him in runnerup spot with 209.

Tony Lyons, 44, Jamestown, N.Y., placed third with a 69 that made his card read 210 strokes for 54 holes.

The Snyder (Texas) Daily News, Tues., Feb. 28, 1961 5

WARE IS HONORABLE MENTION

Ashton Acclaimed As 3A All-Stater

BY THE ASSOCIATED PRESS
Robert Zamora, South San Antonio's all-time great, repeated on the Class AAA All-State Schoolboy Basketball team. But Larry Franks of Nacogdoches, the tall plucker of rebounds and deadly hook shot artist, was the No. 1 man of the Texas Sports Writers Association.

Franks whose team like that of Zamora will compete for the

championship at Austin this week got 96 points of a possible 115 to lead in the selections.

Bill Ward of Belton, the tallest outside man in the state (he's 6-5), was picked to pair with Zamora at guard.

The other three members of the team were selected as a combination of forward and center. Bruce Ashton of Lamesa got 86 points as second high man on the team, and will be the mate of Franks and Ronnie Norton of Seminole.

Zamora was the leading scorer with a 25.7 points average and he averaged more than 12 rebounds per game. He also was cited for his passing and ball handling.

Ward averaged 18.7, was a fine ball handler and feeder and led the full court press. His excellent jump shot brought him 580 points during the 31-game season.

Norton averaged 19.6 points per game and hit at a 58 per cent clip on field goals. He averaged 15 points per game although seldom playing all the way due to Lamesa's usually top-sided victory.

Franks averaged 18.7 points per game and also grabbed 15 rebounds each time. He hit from the field by 57 per cent.

Franks is considered an outstanding college prospect. He is 6 feet 5 1/2 inches tall weighs 210 pounds and moves exceptionally well for such a big fellow. He averaged 19.7 points and got 15 rebounds per game. He hooks with either hand and also has a fine jump shot. He scored from the field by 58.7 per cent.

Clear Creek with the best record in the state—36-1—failed to land a man on the first two teams but had three honorable mentions.

Top man on the second team was Ronnie Merritt of Greenville who lacked only 10 points of making the first selection.

★★★

STEPPING MILERS—Carrying the bulk of the Tiger distance hopes into Saturday's Canyon Reef Relays here will be Louis Herndon (left) and Bobby Wilson. Midland is defending champion of the meet, as last year saw that team nosing out Snyder by a half-point for the title. (Photo by Jackson)

IN REEF DISTANCE RUNS

Records In For Likely Tumbling

(Note: Below is the second in a series of articles dealing with the forthcoming Canyon Reef Relays Track and Field Meet of this Saturday, which will be run on the Tiger Stadium oval. Submitted by Tiger Coach Dutch Stehley, today's topic deals with the distance aspects of the meet, with the potential strengths in the events concerned itemized.)

By DUTCH STEHLEY
The 800-yard run should be one of the best races of the day, with there being at least three boys entered who have been under the record.

Ted Teegarden (Midland) ran 2:00.2 in a very close race with Jack Petty from Permian. Also, David Drake of Permian and Bobby Hagan of Monterey were both within range to make things interesting.

Another entry, Dennis Carruth of Berger, ran 1:56.9 last year but

ECONOMY NEWS!
Rambler beats all other compact cars competing in Pure Oil Economy Trials for second straight year!
Tops field with 26.85 M.P.G. averaging more than 40 M.P.H. in nation's toughest, fairest economy run (NASCAR sanctioned). Rambler American Custom with overdrive takes first 6 places in Class 6—sweeps 8 of first 10 places—more proof of Rambler Excellence.

Soviets Told Krush Going Back To U. N.

By STANLEY JOHNSON
MOSCOW (AP) — The Soviet government has let the Soviet people know that Premier Khrushchev is thinking of a return visit to the United Nations and the possibility of a meeting with President Kennedy while in the United States.

Films of two of the President's news conferences were shown on television Monday night including newsmen's questions to Kennedy on whether he would meet Khrushchev if the Soviet premier visits the U.N. General Assembly opening next Tuesday. Kennedy replied only that he hadn't heard yet whether Khrushchev was coming.

The showing of the films was an unprecedented gesture. It also was the first time that the Soviet people learned that a new Khrushchev visit to the United Nations is possible.

Such ideas are rarely put in the public mind unless they are likely to become accomplished facts. Kennedy's statement gave the Soviet public the impression that the initiative for a visit is up to the Soviet Union and that Khrushchev would be welcome in the United States.

Soviet diplomats in Washington have been active in spreading the idea that Khrushchev would like to make a visit and diplomatic circles in the U.S. capital have said they would not be surprised if Khrushchev comes to the United States late in April, when the assembly session will be winding up.

Televising of the conferences here also coincides with the return of U.S. Ambassador Llewellyn Thompson from talks with Kennedy in Washington.

The ambassador is carrying a message from the President regarding expressing his full confidence in Thompson and hope that talks between the envoy and Khrushchev will result in better relations between Washington and Moscow.

This would appear a move to keep Soviet-American relations off the summit level, an eventuality hard to avoid if Khrushchev goes to the United Nations.

An announcement before the TV show said the Kennedy news conferences were being carried at the request of the United States as part of a Soviet-American cultural exchange agreement. No previous announcements of the showing were made although it was broadcast in prime evening time to assure a big audience.

Both conferences had been cut, one to 25 minutes and the other to 7, or a little more than half their original length. In addition to the questions about a Kennedy-Khrushchev meeting, Soviet film editors also left in the President's statements on freeing the U.S. RBT fliers, repeating the American pledge for no more U2 flights over the Soviet Union and taking steps against rising unemployment in the United States.

Magazine Writer Injured In Fire

DALLAS (AP)—Jane Scholl 43, writer for Time-Life, Inc., was seriously burned in a home fire here early today.

She was reported in poor condition. Police said the fire started in a back bedroom of Miss Scholl's home, apparently near a floor furnace. She was sleeping in a front bedroom.

Miss Scholl was to have moved to Chicago Tuesday for new duties with the magazines.

Former President Of Company Dies

BOSTON (AP)—Osborne Bezan-son, 72, former president and chairman of Chemstrand Corp., died Monday.

Bezan-son, who had lived in Tatum, Tex., since retiring in 1954, was stricken four days ago while he and his wife were visiting their son, Stephen, at Phillips Exeter Academy.

Services will be in Marshall, Tex.

TRIPLET CALVES BORN—Johnnie Ray, Jimmie and Abby Kurten pose with triplet calves, Fay, Kay and Gay on farm of their uncle, J. H. Kurten, in the Kurten community. Triplets such as these survive only once in about 70 million calvings. The animals arrived last week and appear to be thriving. The mother is a range cow but the calves show white faces. The Kurtenas are descendants of G. Henry Kurten I, who founded the community back in the Civil War days. (AP Wirephoto)

Reds Claim They Discovered Jazz

EDITOR'S NOTE: Soviet jazz expert Leonid O. Utyosov, writing in "Soviet Culture," thinks his country invented jazz, too. That's some reminiscence by AP correspondent Hugh Mulligan, who spent four years in New Orleans researching the subject.

By HUGH A. MULLIGAN
NEW YORK (AP)—We always hear it came up the river, but weren't sure which river. Now, after all these years, the river have cleared up the matter.

Burglars In Losing Cause

LONDON (AP)—A police spokesman said today a gang of burglars operating in Nottingham is "doesn't even appear to be covered their expenses."

The gang, which has been active for some time, is reported to have blown up the roof of an auto shop. They blew it up with a bomb, but the bomb failed to explode. They then tried to blow open a strongroom at a brewery in which they overheard an oiler causing a fire.

Today they cut their way into a bank vault at Daybrook, but their oxy-acetylene torches set the vault on fire. The bank is located just down the firehouse. The burglars fled just before a fireman arrived.

The three burglaries brought a total loss of \$14.

Soldier Hunted In Murder Case

PEOCOS, Tex. (AP)—Authorities started their hunt today for Osborn Kernohan, a soldier from Ft. Huachuca, who was charged with the murder of an Arkansas man.

Kernohan, who he is charged with passing bad checks, officers had a pickup order out for Kernohan for questioning in the disappearance of his wife and son.

The body of Norman Cox, 20, of Benton, Ark., was found by a fisherman Saturday in a covelet a mile west of the Davis Mountains.

Deputy Sheriff Gary Ingram, who filed the murder charges against Kernohan, said a wallet with Cox' identification papers was found in Kernohan's auto, abandoned Dec. 20 in Van Horn after an accident.

Plane Travel In Mexico Increases

MEXICO CITY (AP)—Almost as many tourists are coming to Mexico by air as by automobile, the head of Mexico's government tourist agency reports.

Alfonso Garcia Gonzalez said that in 1958 almost 60 per cent of the tourists came by car and 37 per cent by air. Last year 49 per cent traveled by auto while those who came by plane increased to more than 42 per cent.

He said that during the same period tourist spending jumped from \$200 million annually to \$470 million.

To save space in a crowded bathroom, clip washcloths to snap dispensers with curved handles—different color for each member of the family. These can be hung over towel bars or over the shower rod. Several such hangers will save the space normally occupied by a single washcloth.

Junior Editors Quiz on GEOGRAPHY

QUESTION: What is the difference between longitude and latitude?

ANSWER: Whenever you look at a map you will notice horizontal and vertical lines. Of course, these lines do not exist on earth. They are the invention of map makers, and are used as a form of measurement. The horizontal lines—the ones that run east and west parallel to the equator—are the lines of latitude. One degree north latitude means you are one degree north of the equator. Each degree of latitude represents nearly 70 miles. The longitude is also measured in degrees and is represented by lines running north and south. There are 360 lines of longitude—180 west and 180 east. The zero point is the Greenwich Observatory near London. The distance between two of the lines, or meridians, is greatest at the equator, smallest near the North and South Poles. For instance, at New Orleans, a degree of longitude is about 60 miles, but at Winnipeg it is 45 miles.

FOR YOU TO DO: If there is a globe you can study, try to locate different places by longitude and latitude.

Cliff Calder of El Paso, N. J., wins \$10 for this question. Mail your question on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. If duplicate questions are received, Mrs. Higgins will select the winner. 2-28

Foreign Language Offering Argued

By G. K. HODENFIELD
AP Education Writer
SAN FRANCISCO (AP)—The teaching of foreign languages in the elementary grades is here to stay, and the schools may as well make the best of it.

That appeared to be the consensus of superintendents who heard the issue debated at the convention of the American Association of School Administrators Monday.

Those who are reluctant to start such programs in their schools aren't against foreign languages, or progress in education. They pose two practical questions: Where do we get the teachers?

Dan T. Dawson of the California Elementary School Administrators' Association, argued that foreign language instruction should not start before the seventh grade.

"We hear on all sides," he said, "that an understanding of foreign languages is important for international understanding, for the understanding of other cultures, for world trade, for enriching cultural experiences, and as preparation for high school and college."

"But the first three of these are too complex for elementary school children. Enrichment experiences can be more effectively developed in art, music and social studies programs. And we must never look upon the elementary school as just a stepping stone to high school and college."

Dawson said, "We don't have the teachers, and we aren't about to get them."

Prof. Charles W. Loy of Contra Costa College, San Pablo, Calif., said in reply: "If foreign languages are to be taught at all effectively, they must be taught in the elementary schools. We now postpone this teaching until the pupil is no longer able to learn rapidly and efficiently."

"We know now that at an early age—and up to about age 12—the human brain has unlimited elasticity. During this period, a child can learn to speak two or three languages at the same time with equal ease."

"Then the brain becomes stiff and rigid, so far as the ability to learn a language is concerned. The children can still learn a foreign language, of course, but never again with the ease and facility of their younger days."

In a lengthy discussion from

the floor that followed the debate, the school superintendents made it clear that the question with them wasn't whether the foreign language program should be started, but how.

Liz, Lemmon Are Favored

By JAMES BACON

HOLLYWOOD (AP)—Liz Taylor, Jack Lemmon and a family movie, "The Sundowners," rated early favorites today as Hollywood's 33rd annual Oscar derby was off and running.

For the beautiful Liz, her Academy Award nomination Monday as top actress was her fourth straight. Ironically, it came in a picture—"Butterfield 8"—which she balked at doing.

"It's pornographic," she once confided to a newsmen. But she did it—still bound to her MGM contract—and gave the John O'Hara trollop a rousing portrayal.

Lemmon is one of the screen's best light comedians, but it was his pathos in "The Apartment" that made him the actor to beat.

If the Harvard-educated Lemmon wins, he will become the first actor in Academy Award history to win both the supporting and top actor awards.

Lemmon won the supporting Oscar a few years ago as Ena. Pulver in "Mr. Roberts."

The other top actresses nominated were Greer Garson, the Eleanor Roosevelt of "Sunrise at Campobello"; Deborah Kerr, who got her sixth nomination in "The Sundowners"; Shirley MacLaine, Lemmon's girl friend of "The Apartment"; and Melina Mercouri, the happy-go-lucky prostitute of "Never on Sunday."

Lemmon's competition includes Burt Lancaster, the controversial revivalist of "Elmer Gantry"; Britisher Trevor Howard, the honky-tonk song and dance man of "The Entertainer"; and Spencer Tracy, who played Clarence Darrow in "Inherit the Wind."

Tracy's nomination was his seventh, making him the all-time champ nominee. If he wins, he will become the first actor to win three top Oscars.

"The Sundowners," filmed mostly in Australia, was an unusual picture for 1960. It has no sex theme, no violence.

The other pictures nominated as the year's best were "The Alamo," "The Apartment," "Elmer Gantry" and "Sons and Lovers."

Shirley Jones, sweet heroine of the movies "Oklahoma!" and "Carousel," turned prostitute for "Elmer Gantry." Hollywood, which loves such a switch, has made her the favorite to win the supporting actress awards.

Joe Kennedy On Vacation

PALM SPRINGS, Calif. (AP)—Joseph Kennedy has arrived in the two-engine private plane of his son, the President, for a two-week vacation in this desert resort.

The former ambassador to England is staying a dozen miles from where former President Dwight D. Eisenhower is vacationing.

Kennedy flew here Monday from his Palm Beach, Fla. home with his golf clubs and three grandchildren—Christopher, 5; Victoria, 3; and Cindy Lawford, 2. The plane "Caroline" took them to Los Angeles and their parents, actor Pete Lawford and his wife Pat.

Kennedy is staying at the ranch home of Capt. Horace Brown and his wife, former actress Marion Davies, five miles southeast of Palm Springs. Also visiting there are Joseph F. Timilty, former police commissioner of Boston, and Arthur Horgan, long-time friend of the elder Kennedy.

Brown returned to his Beverly Hills home, where he said Miss Davies is ill with a cold.

Confession Is Reported

HOUSTON (AP)—The Houston Chronicle said today that Carolyn Ann Lima, 18, has admitted the fatal shooting of Houston real estate man Fred Tones.

The Chronicle said the woman told three Houston officers in New York that she shot Tones six times with a pistol.

Then, she said Tones' body was taken in his car to a drainage ditch in the east end of Houston, the Chronicle said. It was then doused with gasoline and set afire, the newspaper continued.

The Chronicle said the Lima woman would not say whether she or her companion, Leslie Douglas Ashley, 22, lit the match Feb. 6.

Both were held in lieu of \$50,000 bail in New York.

Ashley, a female impersonator once convicted there, and his giggling companion were arrested in a rooming house Sunday night on charges of transporting a stolen car across state lines.

Commissioner Earle Bishop set a removal hearing for Friday.

Dyna-Soar Due Soon

ST. LOUIS (AP)—An Air Force general says the United States' first manned spacecraft—called the "Dyna-Soar"—will be flying within three years.

Maj. Gen. Victor R. Haugen, assistant deputy chief of staff, told the annual convention of the American Institute of Mining, Metallurgical and Petroleum Engineers Monday night the Dyna-Soar will be boosted above the earth's atmosphere by a modified ballistic missile, Titan II.

He said the spacecraft is a "very advanced manned glider, which will be able to orbit the earth, descend through the atmosphere and land conventionally at a place of the pilot's choosing."

"The boosters in use today cost us roughly \$1,000 to put a pound of payload in orbit. We must cut this cost very drastically to achieve realistic space operations," Gen. Haugen said.

Beer-Loving Misfit Sought In Slaying

NEW YORK (AP)—A toothless, beer-loving misfit who walked out on his family 15 years ago was sought today in a nationwide hunt for the sex-killer of Edith (Googie) Klecorius.

The wanted man is Fred Thompson, 39, a vagabond in whose dingy, \$2-a-week room the body of the blonde 4-year-old girl was found Sunday.

An autopsy showed she had been raped and beaten to death with a blunt instrument, probably a short time after she disappeared last Wednesday from in front of her uncle's home.

Police and detectives, armed with fingerprints and a photograph from a cabaret work permit, were combing the vagrant-frequented areas of the city.

The room in which Edith's battered body was found was littered with beer cans and a whisky bottle. Thompson has a long record of drunken sprees.

Fingerprints from the beer cans matched those on the cabaret license which Thompson took out Nov. 12, 1953, when he went to work as a night club doorman.

Detectives announced Monday night they had located Thompson's wife, three married daughters and 93-year-old mother—persons they described as "very respectable" and "wanted nothing to do with the man."

He had left them 15 years ago, the detectives said, and they had assumed he was dead. Identity of the family was withheld, but police said they lived in the New York City area.

Optimists Hear Coach Stehley

Coach Jim (Dutch) Stehley was the featured speaker here last night before the Snyder Optimist Club, as the club held its weekly meeting in Sallee's Restaurant.

Stehley, the Snyder Tiger track coach, briefed the organization's members on his prospects for the upcoming season, which saw the Tigers tasting their first competition the past Saturday in Fort Stockton's Comanche Relay. Snyder was a third-place finisher in the meet behind Andrews and Lubbock Monterey.

As an additional treat Stehley presented a film of the past season's regional meet which was held in Odessa. Snyder upset the highly-touted Andrews outfit in that one; which was unveiled the week preceding the state meet as held in Austin.

Presiding at the meeting was club president Tommy Iverson.

H-SU COWBOY BAND
... due here Wednesday

H-SU Band Is Due Here Wednesday

The Hardin-Simmons University Cowboy Band will present a program at 10:30 a. m. Wednesday in the High School auditorium.

The famed Cowboy Band and the University Concert Band are combining their forces on a spring tour, with the Cowboy Band to perform during morning programs, the Concert Band in the afternoons and both groups at evening concerts, said Marion B. McClure, director.

Combined programs will include classical and semi-classical selections, popular music and some novelty selections, McClure said. Featured on the Cowboy Band show will be Lynda Lynch and Barbara Porter, twirlers; George French, whip expert; and Billy Ray Johnson, trick rope artist.

4th Army Commander Is Retiring Today

SAN ANTONIO (AP)—Lt. Gen. Edward Williams, commander of the 4th Army, retired today.

Williams, 60, during World War II was artillery commander for the 3rd Army under Gen. George Patton Jr. He has commanded the 4th Army since September, 1959.

Lt. Gen. Donald Booth, commander of the 8th Corps, succeeded Williams as 4th Army commander.

Instrumental soloists to be featured are Ronald Henderson, on the trumpet, and Donald Hanna, clarinet.

"Parade of the Chariots," from the movie Ben Hur, is one of the most popular numbers being played by the bands this season. Other selections on the tour program will include Clarinet Capers, Slide Kicks, Five Mellow Winds, Caprice, Flute Cocktail, The Irish Washerwoman, March Military Française, Prelude and Processional from Henry VIII, Unfinished Symphony, Overture to The Czar's Bride, and others.

The band tour will include programs in Snyder, Lamesa, Denver City, Plains, Seminole, Hobbs, N. M., Jal, N. M., Carlsbad, N. M., Pecos, Van Horn, El Paso, Ysleta, Fort Davis and Alpine. Band members will participate in church services at Pecos Sunday morning.

Members of the two bands also will tour the Carlsbad Caverns Saturday afternoon.
