NO HONORS FOR VILLA'S FUNERAL

(By Associated Press)
MEXICO CITY, July 21.—President Obregon's plan to accord a full military funeral with all military honors for Francisco Villa, former rebel chieftain who was killed yesterday, will not be carried out, it was announced officially at the war department last night.

The war department declared that Villa's name was not carried upon the official military rolls of the government and that no military honors for Francisco Villa, his followers will give him the burial accorded private citizens in Mexico.

GAMBLING TO BE RESUMED IN JUAREZ

(By Associated Press)
EL PASO, July 21.—Gambling on a big scale, including many varieties of games of chance, is to be opened publicly in Juarez in the near future, according to city officials. All forms of public gambling closed six months ago, but slot machines have been ordered and put back in operation in saloons, cabarets and other places. Negotiations are on to get the state and federal governments' approval of gambling, it is reported.

Juarez, across the line from here, is making extensive street improvements. It is paving a loop connecting with El Paso streets. These improvements will cost \$100,000 according to Alderman Pedro C. Badillo, and the city has only \$50,000 to expend. So gambling, officials hope, will be permitted. Great returns come in from that source, it is known.

Misses Octavia, Elizabeth and Ellen Jones, of Brownwood, are here visiting Misses Mal and Ruth Skinner. The five young ladies drove up from Brownwood Friday afternoon in a car. They all are students in Daniel Baker College at Brownwood.

C. J. Lynn, Mrs. Lynn and little son returned home Friday night from a visit to Tennessee, making the trip on the train and going by New Orleans.

Mr. and Mrs. Will Stephens and Mr. and Mrs. Carl Jeanes returned home Friday from a tour of South Texas, visiting San Antonio, Corpus Christi and other places.

Mrs. Mack Harvey and two children, of Cameron, are the guests of Mr. and Mrs. J. A. Reese and family.

Mr. and Mrs. Luke Hobbs and baby arrived Saturday at noon from Temple, and will visit Mrs. Hobbs' parents, Mr. and Mrs. T. S. Lankford, for a few days.

RANGER—A gasoline extracting plant that will be capable of processing about 50,000,000 cubic feet of gas a day is being built near Gordon, according to an announcement by a gas company.

Ralph McShan and family returned from Christoval Friday, where they spent two or three weeks in camp and recuperating.

HOUSTON—Contracts have been executed for the operation of the Houston-Seabrook electric railway and construction is to be started October 1.

JOE BAILEY ILL; CANCELS DATES

(By Associated Press)
SHERMAN, July 21.—Former United States Senator Joseph Weldon Bailey today cancelled all speaking dates for the summer on account of ill health. Mr. Bailey was to have spoken here in August at a reunion of the Grayson county old settlers, but in a letter to Judge J. Leslie, Mr. Bailey says that during the past three or four days he has been subject to spells of dizziness.

TEXAS LEADS IN GENERATING ELECTRICITY WITH OIL

(By Associated Press)
DALLAS, July 21.—Texas leads all states in the use of oil for generating electricity, according to the Texas Public Service Information Bureau. This state produces about one-fourth of all the electricity generated with fuel oil. Texas ranks third in the list of states using natural gas in public service electric generating stations. Coal is almost a negligible item in the fuels used for making electricity in Texas.

FRENCH RECEIVE BRITISH NOTE

(By Associated Press)
PARIS, July 21.—The British note on the reparations question was received here at the foreign office today. Knowledge of the note's contents is limited to the small group of officials, each of whom have promised to keep the information to himself, the French government having given its word of honor to observe the secrecy until the British government agrees for the note to be given publication.

POOR BABIES RECEIVE AID IN EL PASO SAN

(By Associated Press)
EL PASO, July 21.—Approximately 50 El Paso babies, underfed and underweight, will be nursed back to health this summer at the Mile High Baby San, according to health authorities. The babies are taken from homes of poor, where they often are found, starving and sick, and placed in the home.

The Mile High Baby San, or sanitarium or camp, as the place is also known, is supported by the public under the joint auspices of the Forum, a noonday luncheon club, and the Associated Charities. It is an experiment, tried first last year and called a success.

It is fourteen miles from El Paso on the slopes above the city, a mile higher than the highest part of the city. The buildings at the place formerly belonged to a tin mine, now abandoned. Last year twenty-five starving babies were nursed back to health there during the summer months.

SWIMMING CONTEST AT BAPTIST ENCAMPMENT

ABILENE, July 21.—A spectacular swimming contest will be staged at the Christoval encampment during August by Coach Y. P. Kuhn of the Simmons College athletic department. He will be assisted in management of the water events by Jerry Bell, a student of Simmons. Mr. Bell and Coach Kuhn won first and second places in both the fancy diving and speed contests which were put on at the West Texas Chamber of Commerce meet in San Angelo this year. Contestants entered the meet from all over the state. Mr. Kuhn has staged water carnivals in various West Texas towns during the summer.

CORSICANA—Use of electrical power in the oil fields here is being extended to many operations through the construction of transmission lines of the Texas Power and Light Co. In the Eastland-Stephens county field, electrical power has been demonstrated to be economical, it is stated.

ARRESTED FOR BURNING CARS

(By Associated Press)
CHILDRESS, Tex., July 21.—R. R. Johnson, of Childress, was arrested here today by a special officer of the Fort Worth & Denver railway on complaint charging arson. Levi Woody is reported to have been arrested at Detroit on a similar charge. Both men are charged with having set fire to box cars, destroying a total of one hundred and three cars.

MAN IS SHOT WHILE ASLEEP

(By Associated Press)
DALLAS, July 21.—G. L. Henager, age 57, was shot three times in the back of the head as he lay in bed here last night. A man is under arrest in connection with the shooting.

Witnesses to the shooting state that the assailant entered the house and without warning fired from a pistol at Henager as he lay on his couch. Henager is reported to be not seriously wounded.

TEXAS PIG CROP SHOWS DECREASE

(By Associated Press)
HOUSTON, July 21.—The number of pigs produced in Texas during the spring of 1923 decreased 23 per cent over the number saved in 1922, according to reports to the United States Department of Agriculture in its pig survey, covering conditions up to June 1. The survey was made thru rural mail carriers.

The Texas pig crop for the present year, December 1 to June 1, is only 77 per cent of the crop for the same period last year, the summary shows. Moreover the number of sows farrowed during the present year shows a decrease of 23 per cent over last year. The average number of pigs saved per litter during the present year was 5.1, which is the same as saved during the spring of 1922. The number of sows to be bred for fall farrowing in Texas will show an increase of 11 per cent over the number farrowed this spring and 30 per cent over the number last fall. This data is based upon estimates from farmers making reports.

BAD NIGHT FOR DOGS

Two dogs were killed on Eighth Street, between the Santa Fe and Hutchings Avenue Friday night. When a dog gets out in the street and chases autos he is only flirting with the dog undertaker, and there are several more who will bite the dust in the path of some auto sooner or later.

Miss Georgia Singletary is at home from a visit to relatives at San Angelo.

THREE NURSES IN AUTO WRECK

(By Associated Press)
LOCKHART, Tex., July 21.—Three nurses, Misses Anna Schmidt and Theresa Boruman, of Austin; and Miss Ida Damarow, of Lockhart, were injured when an automobile in which they were riding turned over near here yesterday, and are today reported to be in a serious condition. According to the physicians Miss Damarow is not expected to recover.

MAN ESCAPES FROM ASYLUM

(By Associated Press)
PHILADELPHIA, Pa., July 21.—Erven Wilson, of Brookline, Mass., who was pardoned by President for preventing a jail delivery at Fort Leavenworth, where he was serving a sentence, and who was later confined in the asylum, made his escape from the state hospital for the criminal insane at Fairview, Pennsylvania, today.

BAPTIST MEET IN WORLD CONGRESS

(By Associated Press)
STOCKHOLM, Sweden, July 21.—The Third Congress of Baptist World Alliance, which began a session today, brings together the leading figures of the Baptist denomination throughout the world. The congress is expected to issue a new declaration of Baptist principles, and will take a definite stand on a number of important world issues.

European delegates number nearly three hundred, and these with representatives from North and South America, Asia, Africa, will bring the total attendance at the congress up to several thousand.

HOLD EXAMINATION FOR ASST. NUT SPECIALIST

(By Associated Press)
AUSTIN, July 21.—A competitive examination will be held here on Monday, August 21st, at 10:00 a. m., for the post of assistant to the nut specialist, which pays \$1500 per year, according to an announcement by George B. Terrell, commissioner of agriculture. Employment will depend on the qualifications of the applicants as shown in the examination. The applicant must be a male person, over 21 years old, and must have had at least a high school education.

The examination will be along the lines of botany, horticulture and pecan development. Subjects will include education, experience, methods of propagation, identification of insects, and diseases, popular varieties of pecans, and methods of care and cultivation of orchards and groves.

ADVISES JUDGE FREE FLOGGERS

(By Associated Press)
LUMBERTON, N. C., July 21.—Judge N. A. Sinclair, presiding at the trial here of three men charged with flogging two white women, received an anonymous letter today. The letter advised the judge to use his influence to bring about the exoneration of the three men.

BUREAU FARMERS TO GET \$75 PER BALE

The Farm Bureau Cotton Association will advance to its members \$75 per bale on cotton, or fifteen cents per pound. This amount will be paid to farmers who ship their cotton to the Farm Bureau upon presentation of bill of lading to banks. When the cotton is sold final settlement is made with the farmers, the \$75 per bale being advanced to take care of the farmers' immediate needs for cash.

WILL NOT CALL EXTRA CONGRESS

(By Associated Press)
ON STEAMSHIP HENDERSON, July 21.—President Harding, it can be declared positively has no intention of calling congress into session in advance of the regular December meeting.

While Mr. Harding has not made a direct statement on the question, those among his party and who reflect his views, say that he has no idea of heeding the demand for an extra session of congress made by Senator Brookhart, of Iowa. The presidential party is en route from Cordova to Sitka, where they will spend tomorrow before bidding Alaska farewell.

SUL ROSS FARES WELL IN APPROPRIATIONS

(By Associated Press)
ALPINE, Tex., July 21.—The Sul Ross State Teachers' College of Alpine fared well in appropriations which Governor Neff recently filed with the secretary of state and which will become available September 1st, according to college officials. For the year ending August 31, 1924, the normal will receive \$95,000, and for the second year of the biennium, \$88,000.

One of the improvements which the normal will receive under the appropriations is an athletic field. Preparations already are under way for purchasing and improving the field. Sul Ross for the first time will enter a football team in the college arena. Other improvements scheduled are: grading, terracing and fencing the college campus; construction of a school swimming pool. The college sought a girls' dormitory before the recent legislature but that was denied along with building programs at other schools.

The appropriations allotted the school include: salaries, departmental maintenance, miscellaneous items, repairs and improvements.

HARDING HEARS PARTY RACKET

(By Associated Press)
MANILA, P. I., July 21.—A parliamentary mission, headed either by Manuel Quezon, head of the new Collectivista party, or Sergio Osmena, former speaker of the Philippine House of representatives, will leave for Washington within a fortnight, to lay before President Harding on his return to the capital, their version of the political controversy which culminated in the resignation of all the leading officials of the Philippine government.

Quezon is the principal critic of the administration of Governor General Wood, and he is coming to see the president to tell his side of the story in the attack on the Wood administration.

SANTA RITA WELL SHIPPING CRUDE

Paying another dividend to the University of Texas, the Texon Oil and Land Company is shipping another string of six cars from their Santa Rita well on the university's land in Reagan county. The cars were delivered yesterday to the company's siding near the Santa Rita and loading began last night. It is believed that the tank cars will be loaded so that they can leave the well on the Orient's train this afternoon. They will go to the Rio Grande Refining Company at El Paso.

Shipments are not expected to be so heavy after the next few weeks as there are three wells ready to start drilling by that time and they will get their fuel oil from the Santa Rita, thereby saving considerable of the cost of drilling.—San Angelo Standard.

J. S. Collins, who has been ill for several days, is still reported to be in a very serious condition, suffering with heart trouble.

With "Panche" out of the way it is probable that recognition talk with Mexico will be resumed.

Farmers are complaining about the price of wheat, but bakers and flour dealers are keeping quiet.

The sweepstakes in the college race is on, and Ballinger will be heard from again in the run-off.

He doeth all things for the best for those who love and serve Him, but if we could have our way about it, we would cover this country with a three-inch rain.

There are school children in Ballinger who will have an opportunity to remain at home and complete their education in the "Tech" college, and the chances are good for doing it without having to move.

The old theory that clouds are formed by hot air seems to have been verified. At least San Angelo experienced cloudy weather while presenting to the "Tech" locating board her claims for the new college.

A Splendid Medicine for the Stomach and Liver.

Abilene business men are arranging for a trade trip next month. The itinerary will bring them through Ballinger between the 21st and 24th of August. 125 boosters on a special train will make the trip at a cost of \$50 per head. It will be money well spent.

Wholesale oil dealers announced a cut of two cents per gallon on gasoline Friday, and within a few hours the same oil companies sent out notices from headquarters that crude was off twenty cents per barrel. You can't get ahead of the big men, and it seems that no one class of people can profit except at the expense of another class.

BALLINGER THEIR SECOND CHOICE FOR THE "TECH"

It is reported here that wireless communications with some of our neighbor cities brings the news that Ballinger is looked upon as being the best place for the Technological College, in case the neighboring city expressing this second choice is not favored.

According to these wireless reports it is claimed that Abilene would rather see Ballinger have the Tech than either Sweetwater or San Angelo. The same report says that Ballinger is San Angelo's second choice, while Sweetwater is alleged to favor Ballinger over either San Angelo or Abilene.

Ballinger has not solicited the outside support of any other city, nor the influence of any organization. Ballinger is relying solely upon her merits, but we appreciate the attitude of our neighbors in the matter, and it all goes to show that the locating board would please the greatest number of people by locating the college at Ballinger, which is the second choice of so many of our opponents in the race.

SAVED SICK SPELLS

Black-Draught Found Valuable by a Texas Farmer, Who Has Known Its Usefulness Over 30 Years.

Naples, Texas.—"I have used Thedford's Black-Draught for years—I can safely say for more than 30 years," declares Mr. H. H. Cromer, a substantial, well-known farmer, residing out from here on Route 3.

"I am 43 years old, and when a small boy I had indigestion and was puny, and my folks gave me a liver regulator. Then Black-Draught was advertised and we heard of it.

"I began to take Black-Draught, and have used it, when needed, ever since. I use Black-Draught now in my home, and certainly recommend it for any liver trouble.

"I have given it a thorough trial, and after thirty years can say Black-Draught is my stand-by. It has saved me many sick spells."

Mr. Cromer writes that he is "never out of Black-Draught," and says several of his neighbors prefer it to any other liver medicine. "I always recommend Black-Draught to my friends," he adds. "This valuable, old, powdered liver medicine is prepared from medicinal roots and herbs, and has none of the bad effects so often observed from the use of calomel, or other powerful mineral drugs. Be sure to get the genuine, Thedford's. NC-145

Has Anyone Laughed At You Because —

You are fussy about the way folk handle books! "Don't be an old fuss!" This is what the bookish and sometimes the bookish hurl at you. Never mind! You really love a book and you can't stand being a witness to its mutilations. Books mean something to you—probably the laughter couldn't stand seeing you hurt their field glasses, or their tennis rackets, etc. A book is a marvelously contrived thing, going through hundreds of processes between the brain of the writer and store counter. You, owning it, appreciate it, and appreciation is jealous always of depreciation. Books are one of the greatest of man's possessions and as such deserve a little more than casual care, especially by book-lovers and collectors!

One Dollar Saved Represents Ten Dollars Earned

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars.

D. F. Eaton went to Miles Friday to help that town show the Tech board that the college should be located in Runnels county. Miles is an important part of Runnels county, and if Miles gets the school Ballinger will help her to celebrate.

STORY THAT LIVED OVER 40 YEARS MADE INTO FILM

More than nine hundred and ninety-nine out of every thousand stories which enjoyed some degree of popularity more than forty years ago have been utterly forgotten. The thousandth read and remembered by generation after generation, holds a warmer place in the heart of mankind than any newly published book can reach.

For that reason, books which have stood the test of time have been sought eagerly by motion picture concerns. In many cases stories written in past centuries have been modernized in some degree. Occasionally this seems excusable, but in some instances it is highly objectionable.

In visualizing "Black Beauty," Anna Sewall's world famous "autobiography of a horse," Vitagraph has adhered absolutely to the work as written, in subject matter, period and all else. The costumes worn by the human characters are those of the early seventies. There are no automobiles, no telephones. That is why John had to ride Black Beauty at killing speed for the doctor when Mrs. Gordon fell dangerously ill.

"Black Beauty," a Vitagraph special production with Jean Paige in the leading human role, will be shown in Ballinger at the Fo-to-sho Theatre on Saturday, matinee and night only.

Biliousness and Constipation
"For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Tablets. The tablets relieve ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally," writes Mrs. Rosa Potts, Birmingham, Ala.

REVIVAL BEGINS HERE SUNDAY

Under the auspices of the Methodist church, an open air revival will begin here Sunday. Rev. E. W. Bridges, pastor of the local Methodist church, will be in charge of the preaching until the evangelistic party arrives Tuesday.

Evangelist Miller and Professor Milam, music director, are now engaged in a revival at San Marcos. They are due to arrive here either Monday night or Tuesday noon, and will be in the services Tuesday night.

The revival workers are men of national reputation. Rev. Miller residing in Nashville, Tenn., and Prof. Milam in Lincoln, North Carolina. They have been very successful in revival work, and are coming here for a two weeks' campaign.

The services will be held in the open, seats having been arranged on the church lot, and everything for the comfort of the congregation is being provided. Pastor Bridges extends all the people of Ballinger and surrounding country an invitation to attend and help in the meeting.

Mrs. Chas. Speck passed through Ballinger Saturday at noon en route to her home. She was returning from Temple, where she was taken for an operation. The doctors announced that they could do nothing for her and declined to operate. Mrs. Speck was accompanied by her husband, and her brother Sam Behringer. Her friends in Ballinger will be glad to learn of her serious condition.

Mr. and Mrs. R. W. Gilliam and Ledger want ads work for you

daughter, of Hereford, Texas, are here visiting friends and relatives. Mr. Gilliam admits that Runnels county crops are better than those on the Plains, but he says it is early.

Roy Steed, who has been with the Maeroy Theatre here for the past two weeks, has been transferred by the Hodge interests to Abilene, and will be in charge of projection at the Palace Theatre of that city. Mr. Steed is an experienced operator and should give Abilene picture show patrons good results on the screen. Billie Cordill has accepted the position of operator at the Maeroy Theatre and began work Saturday. Bill has made good in this line, and film fans here will be glad to know he is to handle the projection at the Maeroy.
