## SMITH SHOOTS A GOLFERS DREAM

George Smith shot a golfer's dream Sunday. He scored a hole-in-one on Colorado Country Club's short but treacherous No. 5. Smith was playing in a threesome with Blue Goodwin and Ray Mize when he shot the ace with an 8-iron.

Witness of the hole-in-one as they walked away from the No. 5 green were Johnny Shimer, Austin McCloud and Doug Richardson.

## Trucks Collide

A 1956 Chevrolet truck driven by Marvin Thompson of Midland collided with a 1960 White truck driven by Grady Carr of Abilene at the intersection of Division and 2nd Sts. here at 4:45 a. m. Monday. The drivers escaped injury, but damages were estimated at about \$500 to each truck.

## SPANISH CLUB WINS FLOAT AWARD

# Gayle Hart is Crowned '61 Homecoming Queen

Miss Gayle Hart is Colorado City High School's 1961 Homecoming Queen.

She was crowned by high school principal E. M. Findley at halftime Saturday night in the football contest between the Wolves and Winters.

Miss Hart, a petite 17-year-old senior, is the daughter of Mr. and Mrs. Homer C. Hart, 932 Pine St.

She will reign as Homecoming Queen until next year's event.

Following the crowning, the tearful Miss Hart was presented a bouquet of 1 dozen red roses by Findley. She was escorted onto the field for the ceremony by her father.

The crowning at the game's halftime ceremonies marked the end of a 2-day slate of activities for several hundred attending exes of the local high school.

The program began Friday morning at 9 a. m. with registration and tours of the high school and a Friday afternoon assembly.

The Spanish Club won top honors in the Saturday daytime highlight of homecoming festivities—the annual downtown parade. The parade featured floats, the senior and junior high bands and the Homecoming Queen candidates.

The \$100 first place prize in the float competition went to the Spanish Club's float with its theme of "Hands Across the Border."

Second place prize of \$30

Royal Tears

Miss Gayle Hart, 1961 Homecoming Queen of Colorado City High School, sheds tears of joy Saturday night as she is presented a bouquet of 12 red roses by high school principal E. M. Findley. Findley crowned Miss Hart, winner in competition for the annual honor between 7 high school beauties.

was won by the Jet Maskers for its entry of nursery rhyme characters. Third place, \$20, was awarded to high school chapter of the Future Farmers of America. The FFA float featured the chapter's sweet heart, Miss Carolyn Smith.

Other Homecoming Queen entries were: Miss Lynda Kaye Carter, daughter of Mr. and Mrs. R. A. Carter, Rt. 2.

Miss Marilyn Russell, daughter of Mr. and Mrs. John Russell, 981 E. 15th St.

Miss Susan Hughes, daughter of Mr. and Mrs. R. L. Hughes, Silver.

Miss Judy McGuire, daughter of Mr. and Mrs. W. R. (Bob) McGuire, Sr., 979 E. 15th St.

Miss Orine Faye Feaster, daughter of Mr. and Mrs. Orin Feaster, 1030 E. 10th St.

And Miss Jeanie Gundrum, daughter of Mr. and Mrs. H. L. Gundrum, 1005 Vine St.

All of the candidates were escorted onto the field by their fathers.

An exes' reception followed the Saturday night football contest in Primary School Cafeteria. Jimmy Costin, high school student council president, greeted the guests.

Funeral services for Mrs. Estelle Grant, long time Mitchell County resident, were conducted here Monday at 2 p. m. in the Northside Church of Christ.

Mrs. Grant, 64, died here at 10:30 a. m. Sunday in Root Memorial Hospital following an illness of several weeks.

Billy Joe Mize, minister, officiated at the services. Burial was in Westbrook Cemetery under the direction of Kiker and Son Funeral Home.

She was born in Howard County Nov. 24, 1896, and was a resident of Buford at the time of her death.

She married Ellis C. Grant on May 12, 1923, in Colorado City. He died in 1947. Mrs. Grant had been a resident of this county since 1923 except for 2 years in the early 1940's when she and her husband

## Another Lady Wins Weekly Grid Contest

Mrs. Glenn Thomas missed only 1 game to win last week's Grid Guessing Contest of The Colorado City Record.

She barely beat James M. McMullen, 1230 Oak St., to continue the women's domination of the contest.

The only game Mrs. Thomas and McMullen missed was the 8 to 0 Winters triumph over Colorado City. And Mrs. Thomas' 13-14 score was closer than McMullen's prediction of 15-18.

Beth Wallace, daughter of Mr. and Mrs. Don Wallace, 933 Hickory, was third. She was wrong only in the SMU victory over Air Force and Lorraine's shellacking of Aspermont. She edged Terry Breen, 520 E. Ninth St., and Julia Fox of Route 3, Snyder, by being nearer the key score with her prediction of a 13-7 win for Winters over C-City.

Breen, who also only missed 2 games, was in error on the SMU-Air Force and Texas A&M-Tech contests. Miss Fox, also with only 2 misses, was wrong on the Ballinger-Lake View, Lorraine-Aspermont

# Council Okays Increase In City Telephone Rates

## Split Vote Ends 10-Month Delay

City Council, by a split vote of 4-3, okayed a request by Bell Telephone Company for an increase in rates in Colorado City.

Approved was a compromise proposal that will hike residential telephone rates here by 25c per month (from \$5 to \$5.25) and business telephone rates 50c (from \$10 to \$10.50) per month. Rates for lines of 2 or more phones will not be affected by the increase.

But the increase, which was originally requested in December of 1960 by Bell, was not without opposition.

Councilmen Sam L. (Buzz) Majors, Jr., Bob Carver and C. G. (Skeet) Harkins voted against the motion with Councilmen Martin Weaver, Dr. John H. Chinn, H. I. Berman and Mayor Glenn R. (Bob) Robinson voting for the increase.

The compromise proposal was first presented to the Council in its regular meeting on Monday, Aug. 14, but was defeated in a 3-2 split decision that saw 2 Council members not voting.

Carver, Majors and Harkins voted against the measure as Chinn and Weaver cast votes in favor of the compromise and Robinson and Berman did not vote in the August meeting.

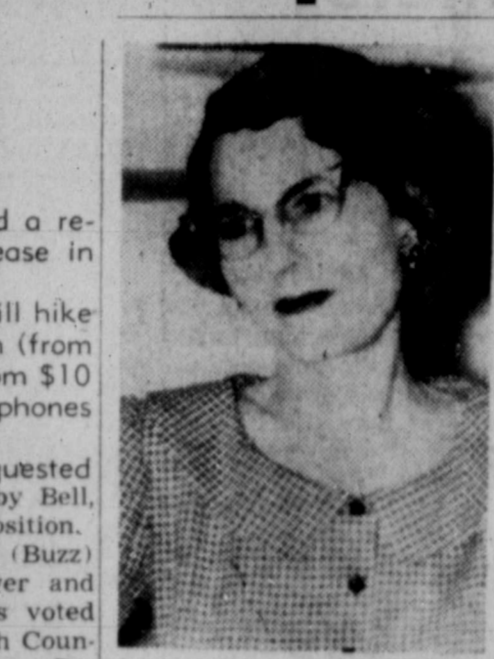

Majors led the core of opposition to the increase. At one point, he told Bell area manager Truman Black that "I don't think we're getting what we're paying for now."

Black, who was not listed on the agenda, was the final item of business to come before the Council in the session.

He told the governing body upon making his plea for the increase that "I would like to get out of your hair." He was referring to the almost monthly appearances he has made before the Council since

## Mrs. Schulze Started Monday New Baker Hotel Mgr.

MRS. H. E. SCHULZE Started Monday

Mrs. H. E. Schulze is the new manager of Baker Hotel here.

She took over her duties here Monday—she replaces Al Dotson who was forced to resign due to health reasons.

Mrs. Schulze, who was assistant manager of the Baker Hotel in Sweetwater for the past 8 months, was appointed manager by Baker owner E. L. Baker of Fort Worth.

The new manager is a native of Sweetwater and has been a resident of Roscoe most of her life. She and her husband, he too is employed by the Baker, are now living in the hotel.

"We will endeavor to improve the restaurant and the hotel services," said Mrs. Schulze. "and I am looking forward personally to serving the people of Colorado City and this West Texas area."

Dotson, who has been assisted by his wife since taking over the management of the Baker on March 1, said: "We want to personally thank each and every one of our many friends here in Colorado City and this area for their friendship, assistance and encouragement during our time here. We most certainly appreciate the many things they have done for us."

Dotson plans a few months of relaxation before making plans for the future. His medical condition will determine those plans.

## COMMERCIAL ENTRIES SET RECORD

# 5,000 Participants Make '61 County Fair a Success

More than 5,000 people attended the 1961 Mitchell County Fair here Thursday, Friday and Saturday.

The total attendance was the second biggest in the 4-year history of the event—an estimated 6,000 attended the 1960 activities here.

But the fair was the biggest success in history nevertheless.

A record number of commercial booths—featuring a larger-than-ever variety of displays—and a huge 10-ride midway added to the influx of crowds and participation in all activities.

The 10-ride midway set a new record in the number of tickets sold—percentage of the rides' income go to Colorado City Chamber of Commerce, which sponsored the event, to defray expenses.

Chamber president Dr. Seth Cowan said of the 1961 fair: "The Fair this year was a definite financial success, firmly establishing this as an annual event for Mitchell County. We hope this will bring us nearer to the beginning of a permanent Fair Association."

Adding to the vastness of the fair were other related activities. The midway of rides officially opened for business Monday afternoon and continued through Saturday. And a reunion of Mitchell County old-timers and Colorado City High School's 1961 Homecoming added to the various activities offered to visitors and residents of Colorado City during the fair.

Commercial exhibits topped the 30 total for the first time in the fair's history. The blue ribbon for first place in the commercial booth exhibition was awarded to Tumbleweed Company, Inc. for a booth featuring the company's 1961 line of Christmas and seasonal decorations.

Second place went to the Wallace High School's adult Canteen Class and Pennington Furniture plant third.

Other commercial exhibitors included in the record total were: Texas Electric Service Co., Quality All-Glass, and...

## ON SATURDAY AFTERNOONS

# Merchants Ask Police Protection

Ten downtown Colorado City merchants have requested an additional City Police man to patrol the downtown areas on Saturday.

Councilman Bob Carver presented the plea on behalf of himself, owner-manager of White Auto, and 9 other merchants in the downtown area to City Council Monday night.

Before making the request, Carver turned to the Colorado City Record representative present and said:

"I would like to inform the press that this is no reflection on the police department—all on this list think Yeager (City Police Chief Leon Yeager) and his department are doing a fine job."

Carver read the list of merchants and said that almost all had items stolen from their places of business on Saturday, Oct. 7.

Carver made the request for Taylor Hardware, J. C. Penney Co., White Auto, Ben Franklin, Colorado Tire and Supply, Anthony's, Maniss Photo Supply Landau's, Doss Drug and Max Berman.

Carver said that Saturday crowds attracted shoplifters and that the merchants

thought just the presence of a uniformed policeman would deter shoplifting activities. Carver said that J. C. Penney manager Bob Ridley had told him that Yeager had stepped inside his store once during Saturday and that groups had immediately left the store—the groups that were causing the most concern about shoplifting.

Carver suggested a policeman on duty from approximately 10-11 a. m. until late afternoon each Saturday—at least until the first of 1962 so as to deter shoplifting during the rush of seasonal shopping.

Keaton reminded Carver that the City did not conduct a "private detective" service and that the police department was "limited" as to what it could do.

Nevertheless, Keaton assured Carver he would discuss the matter with Yeager and see if some action could be taken on the request.

The merchants would possibly chip in and pay part of the expense of an off-duty patrolman, Carver suggested.

Action was deferred on the request—to allow Keaton and Yeager an opportunity to discuss the matter.

## DAVID WAYNE ODEN

# 2-YEAR-OLD BURNED IN HOME ACCIDENT

A 2-year-old Colorado City lad was seriously burned Tuesday morning when a pan of boiling water toppled from the range in his home.

Injured was David Wayne Oden, son of Mr. and Mrs. Walter Oden, Rt. 3.

The accident happened at about 11:30 a. m. Tuesday when young Oden pulled a 3-quart sauce pan of boiling water from atop the range in the kitchen of his parents' home. He was playing in the kitchen while his mother was working there.

He suffered burns on the front of his body from the chest down to his feet. He suffered second and third degree burns of the chest and stomach.

The lad was rushed to Root Memorial Hospital for treatment and was still a patient there today (Thursday)—he was scheduled to be released late today, but may not be released until Friday due Wednesday night complications.

Oden, although seriously and painfully burned—was considered out of danger by doctors.

## OFFENSE FAILS AGAINST WINTERS

# Wolves Lose 3rd Straight Tilt, 8-0

BY RICK TAYLOR  
Record News Editor

A miss is as good, or as bad, as a mile—depending upon how you look at it.

And a 3-yard miss was just as bad and just as far away as a mile for Colorado City's Wolves here Saturday night as they lost before a 1961 homecoming crowd of approximately 2,500 in Wolf Stadium.

The score was a close 8-0—but it belonged to Winters' Blizzards and sent Coach Sam Christy's Wolves stumbling to their third straight defeat and third loss in 5 games.

The Wolves made a game effort in the game's closing seconds to score their first points in 2 contests as they cranked up their only drive of the night and drove to the Winters' 4-yard marker in the back yard.

The "shoot" drive was the first of three drives of the game. The Wolves were in the back yard of the field, the

offensively important Wolves and was their deepest and only penetration of Winters territory all night.

Up until that time, the Wolves had never owned the ball in Winters' half of the field. The locals had once driven to the 50-yard line on offense midway of the third quarter, but no farther.

The Wolves took over with scant minutes left in the game on their own 35 and finally made their move in an effort to overtake the 8-0 lead the Blizzards had taken in the third quarter.

It took a third down play for the Wolves to get rolling, as fullback Charles Houston rolled to the right on third and 53.

He was blocked by Steve Hillhouse with 9 1/2 yard pass to bypass the snarl. Fullback Ken Northcutt picked up 10 yards in 3 tries but then missed on 4 and 5 and the Wolves passed unavailingly to get things

up at third and 7 on the Winters 37.

Latimer rolled back to the right to pass and immediately was surrounded by a host of Winters defenders—Latimer seemed doomed when he raised up and tossed a desperate pass to his left. But the ball some how fell into Northcutt's waiting arms just past the line of scrimmage.

Northcutt bulled down to the Blizzards 20 before being wrestled to the ground.

Northcutt hit for 3 and then 2 to the 15 and Latimer gathered the first with a 3-yard sneak to the 10. Boren cracked out for 2 and Latimer broke around right end for 5 to the 5.

There were only 30 seconds left on the clock as Latimer rolled out on his cut and the Wolves hooked and drove back for that "shoot" pass to the left—seconds ticked off the clock. Latimer attempted

## SAYS FIRE EXPERT

# Hair Spray can Be Blow Torch

Careful, mom, with hair spray.

The innocent looking can you hold can become a deadly blazing blow torch.

Some dangerous threat may be capped in other containers you have around the house—like room deodorizers, body deodorant sprays, insecticide bombs.

This fact of potential torches was emphasized this week before Kiwanis and Jaycees in special Fire Prevention Week programs. Lions will see the demonstration Friday in Civic House.

Jim Howard of Lubbock representing Texas Insurance Advisory Commission, demonstrated the hair spray "blow torch" before shocked Kiwanians.

He pressed the can of spray and Kiwanians saw it roar into a pressurized flame, just like a blow torch, when the spray fluid was directed at an electric heater.

These little cans of hair spray, deodorants and insecticides are handy and useful, Howard explained, but these can be hazardous too.

Not all of them are dangerous—but he took to

check each container to see if it has the stamp of Underwriters Laboratories, a sign that indicates minimum hazard.

"I hate to say it," Howard continued, "but usually the more expensive sprays are the safest—the cheapest the most dangerous."

The fire prevention speaker pointed out other hazards we sometimes overlook every day. He mentioned the danger of a boy cleaning a bike close to a hot water heater, a cloth or cleaning a spot from clothes, an open or leaky can of volatile fluid.

Just 3 drops of gasoline in a cylinder produced an explosion to demonstrate the gasoline danger.

Three more drops of fluid in a closed compartment revealed the startling danger of fuel fumes. For the fumes from the 3 small drops edged down a trough 24 inches long and ignited into flame at a candle.

There were more than 100,000 fires last year in our nation, Howard reported, and 11,000 deaths, 100,000 injuries and \$1.5 billion in property damage.

Not all of them are dangerous—but he took to

**AT HALFBACK SLOT**

**McKay to Start For Baylor Cubs**

A familiar name to Colorado City football fans will be in the starting lineup tonight (Thursday) when Baylor University's Cubs battle the University of Texas Shorthorns in Baylor Stadium in Waco.

Jerry McKay, one of the 1960 mainstays of the Colorado City Wolves, will be one of Baylor's starting halfbacks at the 2 freshmen grid squads open their season in their traditional battle.

McKay, the son of Mr. and Mrs. Fred McKay, 1405 East 1st St., was the Wolves' quarterback last year. He is attending Baylor on a football scholarship.

McKay was second team all-district in District 3-AAA last year, he missed the first team by the margin of only one vote, and received area and state-wide mention on several high school grid selections.

But a strange note is that McKay will be starting in one halfback slot for Coach M. A. "Catfish" Smith's Cubs while the other Cub starting halfback opposite him is the very lad who beat him out for first team all-district honors in quarterback District 3-AAA last year — and the other lad was also a quarterback in his high school days.

Joe Gerald, who paced the Sweetwater Mustangs' attack last year, is the other lad.

McKay and Gerald met on the gridiron last year opposite each other and McKay and company came out in front by a scant 2 points. The Wolver upset the highly rated Mustangs, at one time the state's top-ranked Class AAA squad in Wolf Stadium by a 26-21 score.

But McKay and Gerald will be running in the same direction tonight — as they try to aid the Baylor freshmen's cause in topping a highly-regarded, massive Shorthorn unit.

**IN ACREAGE ALLOTMENTS**

**Cotton Farmers Favor Increase**

Mitchell County's cotton farmers generally favor an increase in cotton acreage allotments in 1962, according to T. C. Moore, of the Farmers Bureau office in Colorado City.

But their exact stand is not known at this time, he said.

Moore's comments were made following a letter received in the Colorado City Record office from the office of 19th Congressional District Representative George Mahon — saying that he (Mahon) had requested a 1962 cotton acreage allotment increase.

Moore said that the local bureau's board had discussed the possibility of such an increase, but had taken no formal action on the matter. They did, however, seem to individually favor a "small increase" in acreage allotments, said Moore.

But county cotton farmers also appear to favor only a small increase — they do not want it increased to the point where production would be greatly increased and governmental price supports would be necessary to make the production profitable — as would happen if over-production drove prices below support levels.

Texas Farm Bureau seems to favor the increase — a general state-wide sampling of opinions indicates. The reason being because of the better market price this year, it's above support level, and because of the decrease in surplus — which is not as much this year as in past years. In fact, it's

below the "danger" point, says Moore. The letter from Mahon's office said: "Mahon advises that he has urged Secretary of Agriculture Orville Freeman to fix the national cotton acreage allotment for the 1962 crop at a higher level than the 1961 allotment, and in no event at a lower figure. The 1961 allotment is 18,400,000 acres. The Secretary is required to make his decision by Oct. 15.

"Mahon stated that a moderate increase in 1962 over 1961 is necessary in order to make sure that the American cotton producer will be able to maintain his fair share of the world market in addition to supplying domestic needs. He said that a reduction would stimulate foreign production and be unacceptable to domestic growers.

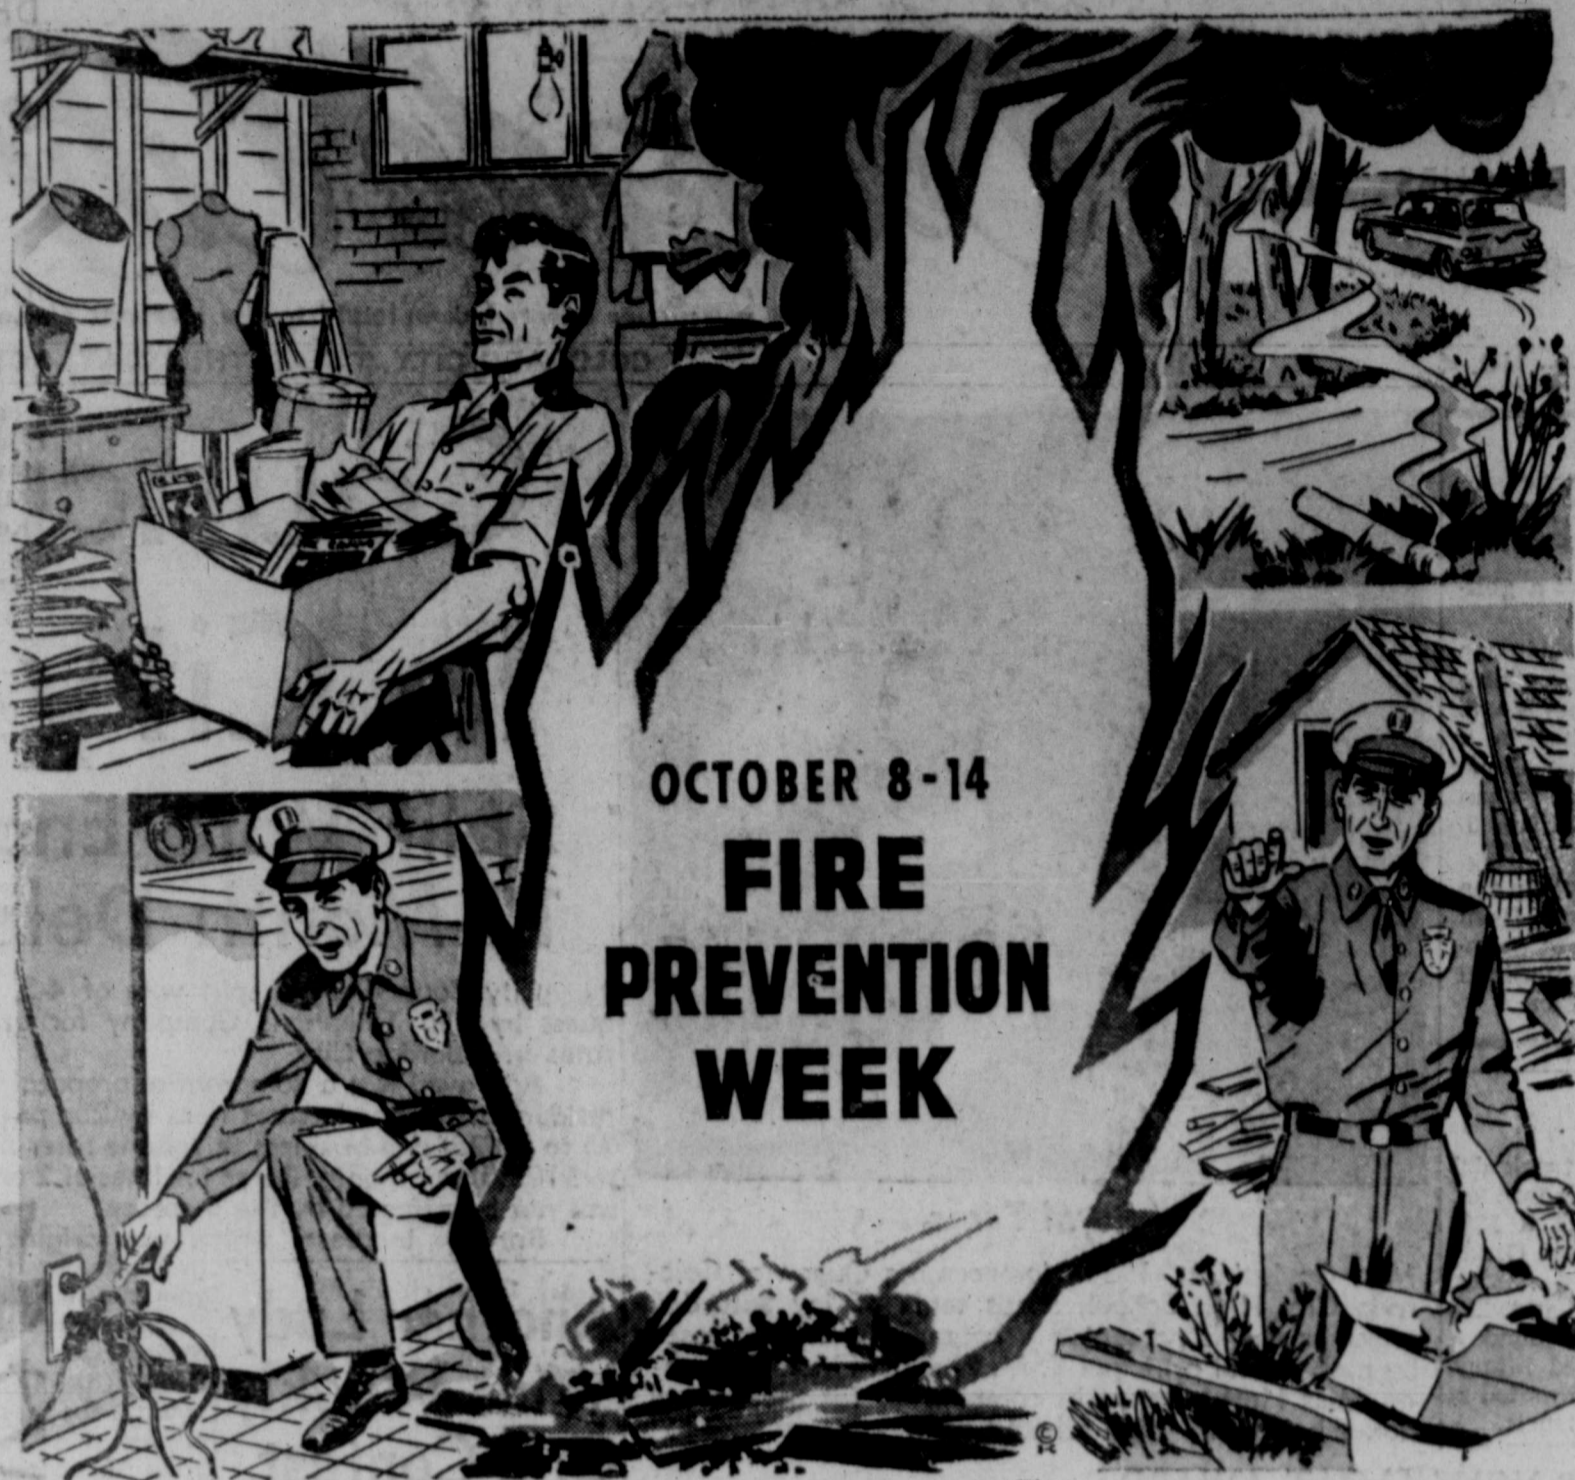

"Cotton growers and producers have appealed to members of Congress and government officials in regard to the cotton acreage matter. Mahon stated that he had discussed the matter with various officials of the Department of Agriculture in addition to the Secretary of Agriculture, and had wired the President and discussed the acreage situation with members of the White House staff."

hurt and 1.5 billion dollars damage was recorded.

"But we are becoming immune to statistics. Maybe these little demonstrations will cause us to think about fire prevention every day."

The programs are just one part of the local Fire Prevention Week activities being observed here through Saturday.

The campaign has carried educational programs to Primary, Hutchinson and Wallace Schools—as well as to civic clubs.

Colorado City Volunteer Fire Department Chief Don Benson and City Fire Marshal are directing the week's activities along with special chairmen Dick Wistrand and George Witten.

BY JAYCEE-ETTES

## "Night of Bridge" Is Set Monday

Colorado City's Jaycee-Ettes will sponsor a bridge tournament here Monday night in Community Center.

The tournament, open to both men and women, begins at 7:30 p. m.

A grand total of 7 prizes will be awarded to winners. The merchandise prizes will be awarded for:

High score, both men and women.

Second high score, both men and women.

Low score, both men and women.

And travel prize.

Entry fee is \$1 per player—and every bridge player in this area, old and young, is invited to participate.

Proceeds from the tournament will go to the Jaycee-Ettes' civic activities fund for the year.

Serving on the committees for the tournament are Mmes. Steel McKenny, Thomas Bob

Long and Rick Taylor, prize committee; Mrs. Wade McDonald, Larry Moffitt, Royce Beights and Perry Elwood, advertising committee; Mmes. Orbie Ray Linder, Bill Erwin, Don Womack and Wayne Worley, chair and card committee; Mmes. Alvin Orr, Danny Majors and Cummins Wood, refreshment committee.

Further information on the tournament is available from Mmes. Womack RA 8-2186; Taylor RA 8-4569; or Drew Ballard, RA 8-3768.

### Birthday Party

Patricia Bell was honored on her 12th birthday Friday in her home in Westbrook.

Her parents hosted the event.

Guests present included Kathy Henderson, Alice Buchanan, Vicki Chambers, Vickie Sullivan, Margie Geron and Wanda Whitehead.

## Class Elects Officers for 1961-62 Year

Officers for 1962 were elected for the Ruth Class of the Payne Baptist Church last week in a meeting in the home of Mrs. Charles Williams.

Officers elected were Mmes. Dennis Fortenberry, president; Grady Beach, vice president; Peggy Redman, secretary treasurer; Charles Stubblefield, recreation; Beach, T. L. Holman, Williams, benevolence committees; Charlie Franklin-Gibson, group leaders; Williams, teacher and J. E. Tiller, assistant teacher.

Refreshments were served to members present which included Mmes. Beach, Compton, Fortenberry, Stubblefield, Redman, Franklin, Henry McGuire, W. E. Harris, Gibson, A. L. White, J. D. Fortenberry, James Dale, Bill Thompson and Geggy Mitchell.

## Hill Resigns Top Post of Farm Bureau

J. D. Hill of China Grove has resigned his post as president of the Mitchell County Farmers Bureau.

Hill is now employed in the County Agricultural Stabilization and Conservation office.

J. Wiley Walker of Loraine, vice president of the bureau, is acting as president to fill Hill's unexpired term which was due to end Thursday, Nov. 2.

A meeting of the bureau's county membership is scheduled here soon—probably Tuesday, Oct. 24, although final arrangements have not been completed.

The membership will elect the bureau's 1962 board of directors in the annual meeting, to be conducted in Civic House, and the 7-member board will re-organize and elect the 1962 officers in a Nov. 2 meeting here.

**WOLVES—**  
Continued From Page 1  
to pass on that play, but the  
pass fell incomplete and the  
drive ended on the Winters 3-  
yard line.  
The Wolf defenders were the  
difference in the contest and  
almost brought the locals home  
with a tie game as they held  
tight against the aroused Class  
AA Blizzards.  
Guard Darrell Davis, playing  
the finest defensive game of  
his career here, paced the  
stiff Wolf defenders. He had  
more than able help from Jim  
Womack, Latimer, Bill Mc-  
Guire, Jerry Whitaker and  
Steve Hillhouse.  
It was Womack who hauled  
down Winters' fullback Steve  
Grissom at the Wolf 4 mid-  
way of the second stanza to  
cost the Blizzards a certain TD.  
The play went 43 yards  
and Womack just overtook a  
3-step Grissom lead to catch  
him from behind.  
The Wolves bowed their  
necks there and held for 4  
downs to stop the Bliz-  
zards — the last play start-  
ed on the Wolf 1-yard line  
and Grissom jumped and  
drove towards the end zone  
only to be plucked down in  
mid-air just inches short of  
the goal.  
Early in the third stanza,  
Latimer overtook halfback  
Adolpho Arroyo after he had  
intercepted a Latimer pass and  
rolled to the Wolf 5. Latimer's  
pass to the right flat was pick-  
ed off by Arroyo and he too  
seemed certain to score before  
Latimer pulled him down.  
Freshman halfback Danny  
Aldridge took a piteous turn  
from quarterback Johnny Caskey  
and rolled around right end for  
the score 3 plays later—with  
6:44 left to play in the third  
stanza.  
Aldridge covered for 2  
points on the same play, but  
to the left, to quickly end the  
game's scoring.  
Northcutt, averaging carry-  
ing the ball 50 per cent of the  
time for the Wolves, led their  
ground gainers with 34 yards  
on 21 carries averaging over  
2 yards an attempt. The  
Wolves only gained 103 yards  
all night on the ground and 27  
more through the air as 2 of  
7 Wolves passes went complete  
for 27 yards — one by Hou-  
ston and one by Latimer.  
The stingy Wolf defense  
held the Blizzards to 193 yards  
rushing and 4 yards in the air  
with 2 of 5 passes completed.  
Winters led in first downs to  
7 with the Wolves picking  
up 4 of their total on their  
last-minute drive—the only  
time they combined more than  
one first down into any one  
drive.  
The Wolves were back into  
their own camp here Friday  
night at Wolf Stadium when the  
AAA Blizzards' victory de-  
feated the AAA Blizzards' de-

squad. It's the last non-dis-  
trict contest of the year for  
the locals and their second en-  
counter with Class AAA com-  
petition this year. They lost,  
in their best-played game of  
the year, to the Mopahans  
Lobos, 20-7, in their only other  
encounter with AAA opposi-  
tion. The Wolves have split in  
playing 4 games against AA  
teams—Whitewashing Post  
and Ballinger and being blank-  
eted by both Stamford and Win-  
ters.

2-month weekly series, will  
be on the "Strategic Air Com-  
mand."  
The address, free to the  
general public, begins at 7:30  
p. m. in Community Center.  
The programs are part of the  
center's Fall and Winter pro-  
gram.  
Beta Sigma Phi members  
will be hostesses for the pro-  
gram. Free baby sitting, for  
children up through grade  
school age, will be furnished  
by students of Colorado City  
High School's home econom-

a raise or anything else here,"

Majors added "something

said he had placed a long  
distance call between 5 and  
5:30 p. m. on Sunday, Oct. 1,  
and had instructed the op-  
erator to call him back as soon  
as the party he was calling  
was reached.  
"It's now Oct. 9th and I  
still haven't gotten the re-

Majors said, "in fact, I got  
a letter from the party I was

"It's just the little things,"  
Carver told Black. Carver  
told Black his business phone  
(at Merchant's Motor Freight)  
had gone out the Saturday  
before, Oct. 7, and he had been  
unable to get the phone serv-  
iced that day.  
It was at that point that  
Majors said he did not feel  
the City was getting the serv-  
ice he was presently paying for.  
"You're asking for addi-  
tional money and I don't feel  
we are justified in paying it,"  
Majors said to Black.  
"We're giving the best serv-  
ice we can," said Black, "and  
I think it compares with any  
city in Texas."  
"I hate to see him keep  
coming back," Weaver said of  
Black. "He's due the courtesy  
of knowing the Council's senti-  
ments and, therefore I make  
the motion to accept the com-  
promise rates increase pro-  
posal."  
Chinn, who also seconded  
Weaver's motion in August  
to accept the compromise,  
seconded the motion.

**Continued From Page 1**  
The approval came as such  
a surprise that City Manager  
Earl Keaton was not even  
prepared—he had to take  
time out to go downstairs to  
his office to get the necessary  
papers for final approval.  
"I still don't like the long  
distance service," Robinson  
said following the vote.  
"We should have stayed  
with them (Bell)," said Ma-  
jors, "they won't sue — be-  
cause of the publicity."  
"My motion was to prevent  
our being forced into accept-  
ing a 75c raise," Weaver, coun-  
tered.  
The new rates go into ef-  
fect this month and will ap-  
pear on this month's billing  
by Bell which will be mailed  
in the latter part of the  
month.  
Other action by the Council  
included:  
Acceptance of an audit re-  
port from Duwell Knight of  
Abilene of the City's finances  
in the past fiscal year.  
Approved a contract with  
Standard Oil Company of Tex-  
as to lease 100 acres of city  
land on the northern out-  
skirts of the City for a \$1 per  
acre a year, plus an \$80  
bonus.  
Approved a series of Bu-  
siness Council for all City employ-

Postponed action on a re-  
quest by Keaton to debar

request for a \$200 truck for

The increase was first re-  
quested last year—and the al-  
most weekly discussions he  
has carried on here with in-  
dividual Council members con-  
cerning the request.  
Weaver asked Black first  
if his company was still will-  
ing to accept the compromise  
proposal that was turned down  
by the Council in August and  
was assured by Black that it  
was.  
Majors then led off the op-  
position to the increase. He  
reminded Black that Colorado  
City was losing about 14 resi-  
dents Sunday who have been  
called to active duty with the  
National Guard and that an-  
other 18 residents were due  
transfer by the Texas High-  
way Department from here to  
Big Spring in the next few  
months.  
"I don't think its time for  
a raise or anything else here,"  
Majors said.  
Majors added "something  
personal," as he called it, and

COACH LOOKING FOR PASSER

## Wolves Due Changes; Meet Wildcats Friday

There are going to be some changes made . . .

Those are the plans of Colorado City Wolf coach Sam Christy as his 1961 Wolves, co-champions of District 3-AAA in 1960, roll in an offensive slump.

The opinions have been split among local fans with some saying the Wolves were in an offensive slump and others saying this just wasn't so.

But it's the truth according to Christy.

Christy said Tuesday when questioned about the team's offensive efforts:

"It's not going like it ought to."

And that's a statement area sportswriters and sportscasters reading agree with — what with the Wolves now 2-3 on the year and losers in their past 8 games.

But the Wolves cloud does have one silver lining.

Remember 1960? That was the greatest year in Wolf football since the Hollis Gainer era of 1954 — and the Wolves had exactly the same record after 5 games last year as they have now, a 2 win and 3 lost mark. The Wolves didn't make their move last year until district competition rolled around but when they did make their move — they made a big one.

The Wolves became the class of District 3-AAA last year with improvement each game and would have won the district outright except for a plague of illness that cost them the Snyder game.

So the question is how whether the 1961 Wolves can be molded into a polished unit in the last half of the season.

The answer, says Christy, lies in the squadmen. "It's all a matter of the boys hooking up and making it (the offense, especially) go," reports the coach.

There's nothing wrong with the Wolves' offensive formation, according to Christy. The players just haven't "hooked up" and made the offense click.

That leaves Christy still searching for that offensive combination that can make the big play and push the ball across the goal when a touch-down is a must.

So Christy's first move was one that the local armchair quarterbacks have been predicting all year — he has moved quarterback Dale Walker, a very promising sophomore, up to the varsity squad.

And don't be surprised if Walker sees some action here

### STARTING LINEUP

in Wolf Stadium Friday night as the Wolves attempt to break their 3-game losing streak when they take on the tough Class AAA Littlefield Wildcats in an 8 p. m. encounter.

Christy doesn't think Walker will get into action, but if Walker's practice sessions continue to improve the rest of this week — he'll probably be in action so Christy can give him the "once over" under fire.

There'll be other changes too, but just what isn't known for sure.

Christy is looking for a better passing attack — and he's looking toward Charley Houston and Walker for that passing punch at the present. Houston tossed one to Steve Hillhouse under pressure last Saturday night against Winters and could be the answer.

But Walker is the big hope of the passing game. He is a "good potential passer," says Christy, but needs some improvements. Walker's strong point is that he is accurate and now Christy is hoping to make him into a bullet-passer — he tosses a wobbly, rolling ball at the present.

But whatever the Wolves try Friday night, they have their work cut out for them against the Wildcats. The District 1-AAA Cats have a 4-1 mark and the one balot on that record is a 21-8 loss last week to mighty Andrews.

Their own wins over Seminole, Class AAA Plainview (usually weak), Muleshoe and tough Brownfield.

Leading the Cat offensive efforts will be 170-pound Boots Baker, a passing quarterback. He'll pass about 1 out of every 3 plays and can "thread-the-needle."

Hillhouse at right end, Danny Latimer at quarterback, Jimmy Womack at wingback, Houston at fullback and Northcutt at tailback.

But don't be surprised if there are some changes. Christy hinted that some changes were almost probable, but said that any definite ones would be made just before game time.

Probable defensive starters are Andrews, Hillhouse, Latimer, Womack, Houston, Bowen, McGuire, Whitaker, Davis, Oliver and Lee Schafer.

The Wolves' big hopes against Littlefield will be riding atop the team's defensive efforts — which have been outstanding even in 3 straight losses. Heavy all-district candidates Davis and Whitaker will lead the defensive unit along with Latimer Hillhouse, Womack and McGuire.

Littlefield is the last non-district foe for the Wolves for the year. They'll take the week off next week and then open district play here on Oct. 27 against the Chiefs of San Angelo Lake View.

Is 2 weeks enough time to make the change and get the Wolves ready for district competition?

Friday night could give the answer — but probably won't due to the short length of time. But the answer is 2 weeks away and will be heard and seen against Lake View.

### Former Resident Dies In Mississippi Home

Funeral services for Mrs. Robert R. Trotter, former Colorado City resident, were conducted Saturday in Bolton, Miss.

She died there Thursday morning in her home. Burial was in Bolton Cemetery. She is survived by her husband, Robert R. Trotter of Bolton; 2 sons, Rev. Bobby Trotter of Bolton and James Donald Trotter of Los Angeles, Calif.

### BOWLER of the Week

Arvie Clark

Arvie Clark bowls often and good. Right now he's active in the Classic and Wednesday Night Mixed leagues — 173 and 191 averages, respectively — plus the Traveling League.

He has been bowling since starting in 1957 in El Paso and has recorded highs of 265 for game and 662 for series in sanctioned play.

Clark was a member of the Kirschbaum team which won first place in the 1961 Colorado City Bowling Tourney. In fact, during the last year he earned 6 team trophies bowling with 3 first place teams and 3 with lesser honors.

The active bowler, who also is a director in the City Men's Bowling Association, was a member of the Colorado City traveling team which last year placed sixth among 120 teams in the Midland Tourney.

### BOWL FOR UNITED FUND

## Bowling Tourney Play Continues

The 1961 United Fund bowling tournament is in full swing at Crown Bowl.

But it's still not too late to enter — the tourney continues through Tuesday, Oct. 31.

The American Bowling Congress sanctioned handicap tournament not only offers bowling the thrill of tourney competition and the chance for trophies and prizes, but also is aiding the Mitchell County United Fund for 1961.

Play opened in the meet last week — but you can enter as many times as you like and be making a contribution to the United Fund at the same time.

Trophies are offered to the winners in each of 3 divisions — singles, doubles and all-events. High runnersup in each division will receive merchandise prizes to be awarded by local merchants.

Entry fees are \$2.50 per person in both singles and dou-

bles — with \$1 of each entry going directly to the county United Fund and the other part of the fee going for expenses. All-events entry fee is \$1 and that entire amount will go directly to the United Fund.

Handicaps for women are 75 per cent of their highest league average the week prior to the tournament's opening date last Saturday, Oct. 7. Men will be allowed 66 2/3 per cent of their highest league average the same week, men or women may bowl scratch if they desire.

Each bowler may enter as many times as desired, but the first series rolled in singles and doubles will be counted toward final all-events standings.

The tournament is sponsored by Colorado City Women's Bowling Association, Colorado. See BOWLING Pg. 7

### BEHIND THE FUN . . .

When we go to the fair we amble along . . . seeing the sights, enjoying ourselves. We don't see the hundreds of hours of work the event requires from dozens of citizens.

These volunteers deserve our sincere thanks for a job especially well done.

And a special bit of applause for those like Mrs. J. W. Watson, Mrs. L. L. Comer, Bob Carver, Jack Burkhalter, Bob Post, Bill Worrell and Dick Keggall who contributed an extra amount of planning, supervision and work.

# Harvest Festival Saturday At Westbrook High School

WESTBROOK—Westbrook High School's senior class will sponsor a Harvest Festival here Saturday night in the school's gym.

Each of the school's 12 classes will sponsor booths along with local Parent Teachers Association, the Future Farmers of America chapter and the Future Homemakers of America organization.

The highlight of the festival will be the crowning of the 1961 festival king and queen at the closing ceremonies of the event.

Candidates are: Bill Joe Bird and Marie Putman, senior class.

Dale Bird and Glenda Rees, junior class.

Larry Ferguson and Mary Nowell, sophomore class.

Jimmie Rees and Patsy Rees, freshman class.

Elmer McMahan and Sandra Bryant, eighth grade.

Johnnie Hines and Vicki Chambers, seventh grade.

George Sweatt and Kathy Henderson, sixth grade.

Robert Chambers and Christine Read, fifth grade.

Jimmy Cavaness and Cynthia Richardson, fourth grade.

Thomas Boyd and Sandy Anderson, third grade.

Larry Hutchins and Roxann Moore, second grade.

Steve Hutchins and Cindy Parrish, first grade.

Seventeen members of the Future Homemakers of America organization of the local high school attended the District 4 FHA meeting in Big Lake Saturday.

Attending from here were: Janella Williamson, Retta Sue Henderson, June Ritchey, Linda Sullivan, Paye Conaway, Marie Putman, Doris Sweatt and Donna Bryant.

Also Janie Putman, Judy Reed, Ethyl Buhanan, Patsy Rees, Vickie Jarett, Carol Stone and the group's sponsor, Mrs. Evelyn Maughon.

Theme for the meeting was "Realities — Not Dreams." Rev. Dan Walker was the

principal speaker. Other program activities included a book review and 2 skits.

The local Parent-Teachers Association will meet tonight (Thursday) in the school cafeteria at 7:30 p. m.

The program, reports president Ralph Bryant, will be a tape recording dealing with Communism. The general public is invited to attend, he said.

The Westbrook P-TA's executive group met Thursday night in the home of Mr. and Mrs. Ralph Bryant, he is president, here.

Five attended and the business session included the hearing of recommendations concerning a proposal to purchase a new set of reference books for the local school.

Bulldogs Should Look Sad

Too young to know any better, this pup flashes a smile not suited to his breed. His mother, Lady Democrat, looks on in Sydney, Australia.

# Matlocks Buy Station-Grocery

WESTBROOK—Mr. and Mrs. D. L. Matlock recently purchased the Dixie Service Station and Grocery, west of here on Interstate 20 (U. S. Highway 80.)

The former owners, Mr. and Mrs. Earnest Robertson, are now making their home in Colorado City.

Mrs. D. Matlock and Mr. and Mrs. Emmitt Matlock are managing the business.

Newcomers to Westbrook were honored with a "Come as you Are" party here Friday.

Mrs. W. A. Bell, assisted by Mrs. W. E. Smith, Jr., hosted the party in her home here—it began at 8:30 a. m.

Coffee and doughnuts were served and the hostesses directed the games.

Honored guests included Mmes. Ralph Bryant, Charles

Ranne, H. E. Sullivan, T. O. Robinson, Troy Lankford and Kenneth Anderson.

Other guests present included Mmes. O. J. Bohannon, Eob Hutchins, Leroy Miller, D. A. Oglesby, Royce Moore, Charley Parrish, Clyde Chambers, Gary Parrish, E. A. Oden and T. E. Lewis.

Mr. and Mrs. Rex McKenney and daughter Joyce have returned home to Westbrook following a visit in Albuquerque, N. M., with Mrs. McKenney's sister and family.

Guest of Parents

Mrs. George Corbell of Crane visited her parents, Mr. and Mrs. Harvey Leach, in Loraine last week end. They were in Abilene shopping Saturday.

Lost in Music

Sergeant Rodger Denison, trombonist with Chanute Technical Training Center's 505th U.S.A.F. Band, is lost in his music as he practices new material in Rantoul, Ill.

## Free in Okinawa

Army PFC Rex L. Free, son of Mr. and Mrs. Otis O. Free, 641 Pine St., Colorado City, recently arrived on Okinawa and is now a member of the 18th Aviation Operating Detachment.

Free, an aircraft maintenance crewman from the detachment, entered the Army in November of 1958.

Other 1961-62 officers elected were Don Small, vice president; Ruth Browning, secretary; reporter; Joey Lucas, music custodian; Beth Shepherd, historian.

Carlita Bolton was named social chairman and Ann Dickenson, Carol Little, Judy McDaniell and Harold Ray Preston were named committeemen to serve with her.

Mr. and Mrs. Doyle Starks and children of Odessa were week end visitors here in the home of Mrs. Starks' parents, Rev. and Mrs. Frank Story.

Miss Gaylene Taylor and friend, Miss Delores Garsid, both of Midland, visited Miss Taylor's parents, Mr. and Mrs. Willie Taylor, here last week in Colorado City before entering the Army.

AT PALACE THEATER

"Come September" To Open Saturday

The comedy movie, "Come September," begins its run here at the Palace Theater Saturday at 6 p. m. and continues through Tuesday night at advance prices.

Rock Hudson, Gina Lollobrigida, Sandra Dee, Bobby Darin and Walter Slezak star in the picture.

This Technicolor and Panavision movie abounds in romance and humor.

The story was written for the screen by the same famed comedy-writing team, Stanley Shapiro and Maurice Richlin, who put the laughter in Hudson's first comedy, "Pillow Talk."

"Come September" has a surprise in every reel. It is a yarn about an American millionaire who brings an Italian girl friend to his luxurious villa only to find that the rendezvous haven has been turned into a hotel by his major.

Week end guests of the Jack Linams here were Mrs. Linam's sister and family, Mr. and Mrs. H. F. Miller, of Lake Charles, La., and Mr. and Mrs. Presley Powell of Midland.

Mr. and Mrs. J. A. Coker of Abilene visited in the Roy Wells home here Sunday, Mrs. Coker and Mrs. Wells are sisters.

California Guests

Mr. and Mrs. W. B. Davis of Los Angeles, Calif., visited the past week in the Jeff Davis home in Loraine. While there, they visited Mr. and Mrs. M. H. Bigson and family in Ackerly and Mr. and Mrs. W. R. Davis in San Angelo.

Miss Lollobrigida's wardrobe is by Morton Haack and executed by Schubert of Rome.

This is Darin's first film. He acts like a veteran as the brash young medical student.

The always-delightful veteran performer, Walter Slezak, as the major domo of Hudson's foreign estate and the most sophisticated "fix-it" man in Italy, is charming, continental and full of subtlety.

Director is Robert Mulligan, photography is by William Daniels, producer is Robert Arthur and associate producer is Harry Willson.

Miss Lollobrigida's wardrobe is by Morton Haack and executed by Schubert of Rome.

Darin wrote the "Come September" theme, as well as the words and music for the song specialty "Multiplication."

## Proper Ration Essential in Calf Feeding

Drylot feeding of calves weighing from 250 to 400 pounds requires a much better understanding of feeding principles than does the feeding of heavier ones, says Mitchell County Agent Jack Burkhalter.

It takes a better ration to achieve the desired results in the lighter animals because they do not have their mother's milk to balance their diet, he continues.

In the first place, their stomachs will not hold as much as those of heavier calves so the small amount of feed they do consume must contain enough nutrients to satisfy their needs, he explains. Due to their small size, they have a small storage capacity for even those nutrients which they can hold in reserve in their bodies.

As an example of this storage capacity, consider vitamin A. If cattle have an adequate supply of this vitamin, they store the excess in their body fat and livers. As long as they have access to green grazing they get their vitamin A. When no green grazing is available, they use their stored supply to satisfy their needs.

Here is where a calf's needs are taken care of by milk. When this calf is weaned and placed on drylot, he must be supplied these nutrients in his ration. In 250-400 pound calves, vitamin A deficiency can develop within 45 to 60 days unless the ration takes care of his needs, says the agent.

Either leafy green alfalfa hay, alfalfa leaf meal or pellets are good sources of vitamin A. Calves nearly always do better on rations which contain alfalfa than on those which do not, he continues. Also, commercial synthetic vitamin A preparations are now available for mixing in rations. These may be used if good alfalfa is unavailable or expensive.

Calves do not have the ability to utilize large quantities of roughage. Their digestive system requires feeds high in food values. Shelled corn, sorghum grain, oats, barley and high protein feeds like cottonseed meal are full of some of the nutrients required by calves. A small amount of roughage is essential, but their diet should consist mainly of these high protein feeds. A 300 pound calf on drylot, when on full feed, will need about 6 pounds of concentrates and 3 pounds of roughage daily, Burkhalter concludes.

## Clemmer is President of W'brook Cub

WESTBROOK—Altis Clemmer was elected president of the Westbrook Rifle Club in a meeting here last week.

Other officers elected along with Clemmer, who is also mayor of Westbrook, were:

Bob Hutchins, vice president; Don Henderson, secretary-treasurer; and Sidney Jones, executive officer. O. J. Bohannon will serve as club instructor.

In the business session, the club voted to make improvements to its club house and to re-affiliate with the National Rifle Association.

The group scheduled a Turkey Shoot Friday and Saturday, Oct. 21-22. The shoot will be conducted at the club's rifle range on the O. T. Bird Ranch northwest of here.

Turkey shoot committee chairmen appointed included:

Pete Hines, range and targets; Hutchins, publicity; Hines and T. O. Robinson, turkeys; and concession stands will be manned by Future Farmers of America chapter members from the local high school.

Present at the meeting were Clemmer, Robinson, Hines, Mrs. Hines, W. A. Bell, Jerry Cunningham, Donald Taylor, Henderson, Hutchins, Richard Clemmer, Laverne Sullivan, Bohannon, Larry Bell and Jones.

back. Moving in and taking over the quarterback slot, Dan has been running Wolves offensive attack this year. He has proven he can throw the ball by chunking 3 touchdown passes in the Wolves first 3 games. A smooth and capable ball handler, Dan has proven very valuable to Wolves offense. He also starts at defensive halfback this year.

Larry Oliver

Center Larry Oliver also started his football career in the seventh grade and is playing his sixth year of football. He started for the B-team his sophomore year and moved up to the A-squad last year. He was a regular on defense for the Wolves last year and was a reserve center. Coveted Crown Goes To Petite Gayle Hart

Miss Gayle Hart was crowned 1961 Homecoming Queen during half-time ceremonies, Saturday night, October 7, at the Colorado City - Winters game. She was presented a dozen red roses by Principal E. M. Findley.

Gayle was chosen over six other candidates: Jeanie Gundrum, Orinea Feaster, Susan Hughes, Marilyn Russell, Lynda Carter, and Judy McGuire. Girls were escorted by their fathers to the center of the football field as Wolf Band played "For a Queen", written by Director Dwight Tomb especially for the occasion.

Wolves To Meet Wildcats

Wolves' next foe will be rugged Littlefield Wildcats who have lost only 1 game this season.

Wildcats have compiled a 4-1 record, defeating Seminole, Brownfield, Plainview, and Mulshoe. The only team that has beaten the Wildcats is Andrews.

Wolves had hard workouts this week preparing for the Wildcats. Blocking was stressed during their practice sessions.

Wolves went down to defeat at the hands of Winters Saturday night for their third straight loss. Their 23 record includes wins over Post and Ballinger, and losses to Monahan, Stamford, and Winters.

After the Littlefield game, Wolves have an open date. District play will then open on October 27 when the Wolves take on Lakeview.

Shadow Catches Dickie's Attention

A small black shadow flitted quickly by room 11. Students were attentive to advice prior to going on beats, but eyes turned shyly halfward.

As quick as a wink the shadow was darting forth and back like a black shuttlecock in a fast game of badminton.

Eyes started going east-west, east-west, like pendulums. No flick took was audible, only a faint, furry whisper.

"Let me at it!" Dickie Summers half asked and half exclaimed.

When he lit up with a heavy sweater flying across, Dickie picked up the creature and said, "I've stayed my first hat."

Civil Defense Gives Geiger Counters

By ANN SELLIER
Instruments for use in detecting radioactivity have been furnished to Colorado High by government Civil Defense.

The science department has two Geiger counters for use in detecting how much radiation is being received in a general area each hour.

These large amounts could be detected by a survey meter.

A need for every family, according to Mr. Stephens, is a dosimeter, which is worn by a person and tells how much radiation he has received each hour.

Mr. Stephens stresses this point: "There have been more people saved through uses of radiation than have been killed by it."

8-0 SCORE

Blizzards FreezePack

By RICHARD HARRISON
Colorado Wolves dropped their third straight game Saturday night here to Winters 8-0 before a stadium packed Homecoming crowd.

Wolves received to start the first half but quickly lost the ball on downs. Blizzards took over and drove deep into Wolf territory but were halted when Wolves took over.

From this point until second quarter the game looked scoreless.

In the second quarter a tight defensive battle once again started. Winters drove deep into Wolf territory down to about the 4 yard line for a first down. Four plays later the Wolves halted Winters with a valiant goal line stand.

Shortly after, the half ended.

Light defense held both clubs to little yardage. Late in the fourth quarter the Wolves started a drive that took them deep into Blizzard territory. Wolves made an effort to score but were halted when time ran out.

Lineman Darrell Davis and Jerry Whitaker along with Womack led the Wolf defensive effort.

Test Plans Are Set

By BRENDA BELL
T. D. Wiman's duties as counselor include explaining college testing programs, when to take the different tests, and seeing seniors who stop in his office to talk about colleges.

Those students not planning to attend college, he will counsel with on their vocations and give information about different jobs.

Mr. Wiman also works with giving of aptitude tests. He will assist in the seventh grade Test of Educational Development and the SRA test; the ninth grade Flannigan Aptitude Test, and the Iowa Test for Educational Development, given to seniors. All of these will be given after 6-weeks exams.

Some of the "odd jobs" Mr. Wiman finds himself busy with are a transportation report that consists of securing the number of students who ride buses, and how far they ride; working to bring the cumulative folders up to date, these are private folders on each student; and getting up a library of free film materials for teachers to order.

Wolves kicked off to start the second half; Winters failed to click. Wolves took the ball over but quickly had a pass intercepted on their own 30. Blizzards ran it back where they were caught from behind by defensive linebacker, Jim Womack. Winters took the ball and drove slowly in. They were held for three downs, but on the fourth, they swept around right end for a touchdown. Extra point was good, and the score stood at 8-0, for Winters.

Tight defense held both clubs to little yardage. Late in the fourth quarter the Wolves started a drive that took them deep into Blizzard territory. Wolves made an effort to score but were halted when time ran out.

Lineman Darrell Davis and Jerry Whitaker along with Womack led the Wolf defensive effort.

# Poisons to Kill 1,200 This Year

Accidental home poisonings will have killed 1,200 Americans between Jan. 1 and Dec. 31, if 1961 is a typical year according to Roy Porter, Lone Star Gas Co. manager here. Lone Star Gas and Colorado City Record are co-sponsors of the 1961 Home Safety Program in Colorado City.

Unless the American public observes essential safety rules the greatest toll will be taken in the 0-4 and 45-64 age groups. Three hundred and eight lives will be snuffed out in each of these groups.

In the 5-14 age group 48 will die; 15-24 age group, 60; 24-44 age group, 300; and in the 65 and over age group, 100.

To eliminate this needless loss of life, disinfectants, cleaners, fluids, insecticides, and other poisonous compounds

should be kept in a special cabinet away from food containers, says Porter.

Poisons stored in the medicine cabinet should be clearly marked, the antidote written on the label, and a pirn inserted into the cork or adhesive placed around the stopper as an additional precaution.

Keep drugs, poisons, and other household chemicals out of the reach of children.

Do not eat or serve food which smells or looks abnormal and remember that they may poison household and farm animals.

When you throw away drugs or hazardous materials be sure the contents cannot be reached by children or pets.

Warn small children not to eat or drink drugs, chemicals, plants, or berries they find, without your permission.

Use non-flammable cleaning fluids with adequate ventilation only, and avoid breathing vapors. Never use carbon tetrachloride.

Protect your skin and eyes when using insect poisons, weed killers, solvents, and cleaning agents. Be sure to wash thoroughly after use of such things and promptly remove clothing.

Do not allow food or food utensils to become contaminated when using insect sprays, aerosol mists, rat poisons, weed killers or cleaning agents.

Do not take or give medicine in the dark. Be sure you can clearly read the label on the container.

When measuring drugs give your full attention. Give infants and young children drugs only as directed by your physician.

Before measuring liquid medicine, always shake the bottle thoroughly.

Safeguard tablets which are candied, flavored or colored since children eat them like candy.

Do not take medicine from an unlabeled bottle — transparent tape over the label will protect it.

Date all drug supplies when you buy them.

Weed out the leftovers regularly from your medicine chest — especially any prescription drugs your physician ordered for a particular illness. Safely dispose of them in the toilet.

Use a prescription only for the patient for whom the physician ordered it. One person's cure may be another person's poison, and special prescriptions should be taken only as the doctor orders.

A free Home Safety Kit is now available at both Lone Star's office and the Record as part of their safety program.

Checking Rotation

Noble Walker, right, and William L. (Bill) Penny, soil conservationist of the Mitchell County Soil Conservation District office, inspect the sorghum and cotton rotation in a skip-row pattern on contour on Walker's farm 3 miles east of Colorado City. This project is part of Walker's activities under the Great Plains Soil Conservation Program.

OF SOIL CONSERVATION

Walker Conducts 3-Year Program

EDITOR'S NOTE - Another in a series of articles highlighting farmers and agricultural practices in Mitchell County prepared by William L. (Bill) Penny, staff member of the Mitchell County Soil Conservation District office here in Colorado City.

BY Wm. L. (BILL) PENNY  
County ASC Staff

Complete Conservation treatment in 3 calendar years... That is what Noble Walker, farm equipment dealer and farmer, of Colorado City, is doing on his 320-acre farm, 3 miles east on U. S. Highway 80. The work is being done under the Great Plains Conservation Program.

In 1959, while working on a Great Plains Program for Warren Anderson, a local SCS Soil Conservationist found it impractical to assist Anderson, until the land was treated.

He immediately contacted Walker explaining the needs of all the land on the watershed and also explained how the Great Plains Conservation Program would help all land owners in need. Noble stated, "that's the program for me."

In the weeks that followed a sound soil and water conservation program was worked out by Walker with the assistance of the SCS Staff here. The contract was approved and Walker started to work.

Walker, being a farm implement dealer, made ready the right size tractor and plows, and began his terracing program. During the 2 years following, he constructed 10 miles of terraces which, he says, "I can work because I built them with my tractors."

This year, due to heavy rains in May and June, all terraces in the District were given the supreme test, with a lot of damage. Of this, Walker said, "My terraces worked fine. I had little damage, only 2 or 3 breaks, which was due to not enough dirt on fills. My

whole constructing. These will be repaired as soon as crops are out, he noted.

Walker says that terraces alone will not do the whole conservation job, especially during storm conditions. It takes a combination of conservation practices. "I think my cropping system is as important in controlling wind and water erosion as a terrace system, however, if you are really going to get the job done, it takes both, he notes. "I crop all my C slope land (3 to 5 per cent) in high residue crops such as maize, sorghum, alfalfa, and small grain. I planted my thin land in blue panicum, my flat land I crop in cotton, maize, small grain in rotation. This not only helps my terraces on steep slopes during heavy rains, but will graze livestock, which has supplemented farm income," Walker continues.

At times, a 24 skip row pattern is used with cotton. This makes the land more vulnerable to wind erosion. To offset this, sorghum or small grain is planted in the middle 40 inch space which will not only give the needed wind erosion control, but will give ample high residue, for soil improvement.

Sorghums are planted around the 15th of August and if using small grain, in September or October. This doesn't appear to take any moisture from cotton.

Walker says, "I now have my land under control and have made it possible for my neighbors below me to take care of his land, thanks to the Great Plains Conservation Program which has helped make it possible. I would recommend the Great Plains Program to any farmer or rancher providing it fits his plans."

Anyone interested in a similar program may obtain information and assistance from his local Soil Conservation District office in Colorado City.

Stored Grain Protection Is Necessary

A portion of Mitchell County's 1961 grain crop is now in storage and represents a large investment on the part of many people, but in some instances this could turn into large losses if the storer is careless about insect damage, says county agent Jack Burkhalter.

Proper care on the part of the storer can prevent such damage, however, he continues.

Periodic inspections at about 2-week intervals should be made to determine whether or not injurious insect infestations are present. By taking probe samples at various areas and depths, and then sifting the grain through 10 to 12 mesh screens, the owner can determine if insects are present.

If one granary weevil, rice weevil or lesser grain borer, or as many as 5 insects of other species such as flour and grain beetles, cadelle or grain moths, are found per quart sample of grain, the storage bin should be fumigated, says Burkhalter.

Before fumigating the bin, the owner should remove any wasted grain that may have accumulated outside the structure. A recommended residual spray should then be applied to the outside walls and any other areas around the structure that may harbor insects.

There are several precautions that should be taken before and during the fumigation process.

All electrical equipment should be checked and defective wiring repaired. No one should be allowed to smoke near the building or equipment during fumigation. Any hose used should be long enough to allow the equipment to be placed a safe distance away from the structure, and all hoses and connections should be checked for leaks.

In most cases, especially if they are working inside the storage structure, the persons applying the fumigant should be equipped with proper gas masks. A mask with a full faceplate and a United States Bureau of Mines approved canister should be used.

No canister should be used after it has had 30 minutes continuous exposure to the fumigant. Any fumigant that comes in contact with the user should be washed off immediately, he warns.

Justice Rites In Arlington Cemetery

Graveside rites for Mrs. Lilla M. Justice, sister of A. W. Hubbard, 504 E. 13th St., were conducted Tuesday at 2 p. m. in Arlington National Cemetery in Arlington, Va. Mrs. Justice, 53, died last Thursday in the Lackland Air Force Base Hospital in San Antonio.

She was born Aug. 12, 1908, in Canton and was the wife of Lt. Col. William J. Justice who was stationed at the San Antonio Air Force base. They had been married for 10 years.

Services were conducted Saturday at 1:30 p. m. in the Lackland AFB Chapel No. 1. The Hubbards attended the service.

Mrs. Justice is survived by her husband of San Antonio and Hubbard of Colorado City.
