Perryton Launches Residential Paving Program Methodist Conference Amarillo District Closed Wednesday

HUNDRED AND FIFTY PASTOR DELEGATES HERE; BORGER IN '31

DAY CONFERENCE WAS BEST EVER
HELD IN DISTRICT; MANY PROM-
INENT CHURCH WORKERS
HERE FOR MEET

Annual conference of the Amarillo district of Methodist Church closed Wednesday noon after a successful three day session. Over one hundred pastors and laymen delegates from over the district attended the conference. Pastors from church in the district were present with the exception of Hereford and Vega. After a spirited fight, the 1931 town over Higgins and

SUMMER ROUND UP HELD MAY 1

PARENTS ARE URGED TO AT-
TEND. BRINGING PRE-
SCHOOL AGE CHILD-
REN; FREE

The annual summer round-up of pre-school age children, sponsored by the Parent-Teachers association, will be held at the high school auditorium next Thursday, May 1, from 12:00 noon to 4:30 in the afternoon. All parents are urged to bring their children to this free clinic.

Mrs. Rupert C. Allen is in charge of the round-up and all children brought to the clinic will be given a free examination.

The summer round-up of the children is a campaign, sponsored by the Parent-Teachers association, to send to the entering grade of school a class of children 100 per cent free from remediable physical defects.

There is need for such a campaign because it is reported that the average American child is only 25 per cent physically equipped. The fact that three million school children have hearing losses of varying degrees and that nearly 25 per cent need glasses is staggering. It is difficult for children so handicapped to keep up with their work and it is not fair to expect them to compete with children physically sound. For these reasons and for the children's sake, parents are urged to take advantage of this free clinic.

NEW OFFICERS IN LIONS CLUB

C. W. CALLAWAY ELECTED AS
PRESIDENT; JACK ALLEN
IS VICE-PRESIDENT;
RE-ELECT OTHERS

Chas. W. Callaway, manager of the White House Lumber Co., was elected president of the Perryton Lions Club at their noon day luncheon. The other officers were re-elected, namely: Jack Allen, vice-president; C. Lex Shelby, secretary-treasurer; Chas. W. Claybaugh, tail twister; W. B. LaMaster, retires as president, after a most successful tenure of office.

The Perryton Lions Club is one of the most active service club in the Panhandle and many worth while movements have been fostered and put across by the club. The last program was very interesting, one of the features being a memory demonstration by Wm. R. Buckner, Los Angeles, California. Among the visitors present were Rev. G. H. Bryant, Channing; and Rev. C. E. Raney, White Deer, both former pastors of the Perryton Methodist church. Rev. Raney is also a former member of the Perryton Lions Club.

FUNERAL SERVICES TODAY AT M. E. CHURCH

Funeral services for W. R. McLeiland, who passed away Tuesday night after a brief illness with pneumonia, will be held at the Methodist church this afternoon, Thursday, April 24 at 2:30 o'clock. Rev. C. E. Pike will be in charge. Burialment will be at the Ochiltree cemetery. The obituary will be given next week.

DOG CATCHER STARTS DUTIES MONDAY MORN

D. W. Piercy has been engaged as city dog catcher with instructions from the mayor and city council to reduce the canine population of the city. Up to the first of the week there had been only one dog license sold since the first of the year, while there are hundreds of dogs running loose.

All dog owners must secure tags and attach them to the collars of their dogs. Any dog found without a tag will be taken to the city pound by Mr. Piercy and held for three days. If it has not been recovered by the end of that period the dog will be killed.

Dog owners had better secure licenses and tag their pets if they don't want to lose them. Mr. Piercy will go on duty next Monday morning.

AVIATION SIGN TO BE ERECTED

AMERICAN LEGION WILL HAVE
TOWN NAME PAINTED ON
ROOF OF DONLEY
MOTOR BLDG.

At a recent meeting of the American Legion J. R. Thomas and Roy Highland were appointed as a committee to see about the name of the town being painted on some prominent building roof as a guide to aviators. After a thorough investigation of all buildings in the city which included a trip over the town in a plane, it has been decided that the roof of the Donley Motor building is best suited for this purpose. The Legion will have "Perryton, Texas," painted on the roof at once, each letter to be twelve feet high and four feet wide, with a large direction arrow pointing north.

The members of the committee, Mr. Thomas and Mr. Highland, state that they are now attempting to make arrangements whereby the aviation sign will be brilliantly lighted at night, thus pointing the way for the air minded at night as well as day. Now for a landing field of sufficient size with facilities for servicing the air business that is certain to come, if we will only prepare for it.

School Board Officers

New Board Organizes at Meeting
Held at Schoolhouse Tues-
day, April the 22nd

J. H. Neufeld of the Plainview Hardware & Furniture Co. is the new president of the Perryton Independent School District. He was elected at the meeting of the trustees held last Tuesday. Other officers of the new board are A. J. Kelly, owner of the Perryton Motor Co., vice-president; J. H. Woodward, manager of the Perryton Equity Exchange, secretary.

The other members of the present board are R. P. Garrison, farmer and stockman; O. I. Horne, farmer and stockman; G. R. Wilson, funeral director; E. W. Rogers, farmer and stockman.

Fire Destroys Car

J. R. Thomas Loses Automobile
on Highway Near Perryton
Wednesday Morn

J. R. Thomas of McLain & Thomas, real estate and insurance dealers, lost his latest new Chrysler "75" sedan by fire, on the highway about three miles northwest of Perryton, Wednesday morning.

Mr. Thomas was making a business trip to the Robt. Lawrence farm when the car burst into flames, starting under the hood. Mr. Thomas was alone in the car and the car being a total loss. Some insurance was carried but not enough to cover the loss.

C. E. Stone, president of the C. E. Stone Co. stores, and E. L. Hanks, general manager, both of Dallas, were in Perryton Saturday attending to business matters.

HOLDING PARK TAG SALE SAT.

SORORIS CLUB IS RAISING
FUNDS TO LANDSCAPE
CITY PARK; TO
DRAW PLANS

The Sorosis club has designated Saturday as tag day in Perryton, in an effort to raise funds for the landscaping and beautifying of the city park. It was announced following their meeting Wednesday afternoon.

The action was taken following the report of a committee composed of Mrs. Dave Shanks, Mrs. Dewey Allen, Mrs. Jack Allen, Mrs. W. B. LaMaster and Mrs. A. J. Kelly who had been investigating the proposition. Assured of the cooperation of the city council with the appointment of Jno. N. Stump and Guy R. Sheets to represent that body, the committee deemed it advisable to go ahead with the project.

Every man, woman and child in Perryton will be given an opportunity to help with the improving of the park grounds on Saturday. The cause is a worthy one and should bring a hearty response.

The Sorosis club is planning to get the assistance of the various other organizations in the city to join with them in the beautification program. It is proposed to secure the services of a landscape gardener to draw up the plans for the improvement work. With this done, the various organizations can go ahead with the planting and work having a definite objective in view and a specific plan to work with.

It would be impossible with available funds to do all of the work in one year but it is thought that by starting now and spreading the work over a period of two or three years that the park can be improved without being a serious burden on anyone.

TELEPHONE DIRECTORIES NOT PRINTED IN PERRY- TON BEING DISTRIBUTED

The Standard Telephone Co., owners of the Perryton telephone system, are now distributing new telephone directories to their customers in Perryton. The Stewart Printing Co., a home owned institution, was not even given the opportunity to offer a bid on the publishing of the directory. The new directory was printed out of town, we understand that it was printed in Dallas, but wherever it was printed, we know that it was not printed by a firm in this immediate territory. The Standard Telephone Co., in so far as the Perryton exchange is concerned, makes its living in Perryton and surrounding community, and we take the position, that home business houses should at least be given an opportunity to figure on their business.

In the past, telephone directories in Perryton have been paid for by the charge for advertising carried by merchants and other business and professional men, and the charge for the advertising has been made just large enough to take care of the actual printing cost, solicitation of advertising and expense of collecting. The present management of the Standard Telephone Co. have changed the order of things. They are now, not only a telephone company, but they have gone into the advertising business and we believe that anyone who purchased space in the new directory, will agree, that after reading the following figures, they have made a very nice profit off of the advertisers who patronized their directory.

The last directory published by the previous management of the Standard Telephone Co. was published by the Stewart Printing Co. Our charge for this directory was \$4.50 per page for regular pages, \$4.25 for solid advertising pages, \$28.00 for the cover and \$6.30 for the advertising tag. This was for 600 directories. Now add a reasonable per cent for soliciting and collecting for the advertising. Our total charge was \$142.20, the telephone company soliciting the advertising. Now figure for yourself just how much the present Standard Telephone Co. has realized as profit out of the directory just issued.

Perryton is not the only community in the Panhandle where home printing plants have been ignored. At the annual meeting of the Panhandle Press Association in Memphis last Friday and Saturday, the attitude of the foreign owned telephone company toward home enterprises was discussed at length by over one hundred publishers present. They were unanimous in the following charges: too high rates, inadequate service, indifference to public enterprises, and their policy of having directories printed in "foreign cities."

ARE YOUR CHICKENS RUNNING LOOSE?

Anyone owning chickens within the City of Perryton must keep them securely penned up, according to Mayor C. E. Forbes, and violators will be punished to the fullest extent of the law. "It should not be necessary to issue a warning every year," Mayor Forbes states, "for poultry raisers should be familiar with the ordinance. Everyone should respect their neighbors, who are spending time and money beautifying their home and grounds, enough to keep their chickens penned up."

GRANDMOTHER PASSED AWAY LAST TUESDAY

Mr. and Mrs. Spencer Whippo and Garland Cartwright left last Wednesday morning for Eureka Springs, Ark. to attend the funeral services of their grandmother, Mrs. Julia A. Black, who passed away Tuesday, April 15.

RANGERS BEAT WAKA TUESDAY

HIGH SCHOOL WINS FROM
WAKA BY A 9 TO 6
COUNT ON HOME
DIAMOND

The Perryton Rangers baseball team defeated a picked team from Waka, Tuesday evening by a 9 to 6 count, in an interesting game on the Ranger diamond. Both clubs played good baseball. The high school nine having better hitting and pitching and a 9 to 2 lead until the seventh inning when Waka scored four runs.

Chase did most of the heavy hitting for Waka while nearly all the Rangers helped in the scoring for the high school. Witt connected for a home run with two men on bases. Coffee also hit a circuit blow. The lineup for the Rangers was as follows: L. Tucker, catcher; Brewer, pitcher; Coffee, first; Hergert, second; Conner, third; Lewis, short; Witt, left; M. Tucker, center; and Garrison, right.

Coach Shupe is trying to get in touch with a good high school nine for a Friday game. The chances are that either Follett, Borger or Panhandle will be here to give the Rangers a real game.

Goodwill Boosters

Band and Pep Squad of Goodwill
College In Perryton Tues-
day, April 29th

Representatives of the Panhandle A. & M. College and boosters from Goodwill, Oklahoma, will be in Perryton, Tuesday, April 29, from 10:10 to 10:40 a. m. They are making a three day tour of the "High Plains" region advertising their school and creating interest in more students for this great school. Their goal is 500 college students for the 1930 fall semester.

A very interesting program has been arranged by the Chamber of Commerce, under whose auspices the booster trip is being made. Entertainment features will be provided by the college band and the pep squad. Towns to be covered include Guymon, Hooker, Liberal, Elkhart, Gruber, Spearman, Perryton, Booker, Laverne, Beaver, Fortgan, Texhoma, Stratford, Dalhart, Clayton and Boise City.

ALL NORTH AND SOUTH STREETS IN WEST PART OF TOWN TO BE PAVED

COUNCIL VOTES TO PROCEED AT ONCE ON
PAVING; MONTGOMERY & WARD ARE
EMPLOYED ENGINEERS; SUR-
VEY WILL START SOON

The main residence section of Perryton will be paved before the snow flies again for the city council, at their meeting Wednesday night, voted to proceed with a paving program which, when completed will cover the major portion of that part of the town located west of Main and south of Brillhart (elevator row). Montgomery & Ward, consulting civil engi-

BRANCH OFFICE OPENS IN CITY

PLAINS TRACTOR & EQUIP-
MENT COMPANY MOVE
INTO NEW BUILD-
ING HERE

The Perryton branch office of the Plains Tractor & Equipment company is now located in its new home on Southeast First street. Four counties will be served by the local branch, according to C. J. Osborn who is in charge of this territory.

The Plains Tractor & Equipment company, with headquarters in Amarillo, is a growing concern, serving over twenty counties in the Panhandle region with Caterpillar products and road machinery. The Perryton branch office is the first to be opened by them and while three others are being contemplated, this office is probably the only one that will be started this year.

The local branch will serve Ochiltree, Lipscomb, Hansford, part of Hutchinson and part of Hemphill, giving it a four county territory. A complete stock of repairs will be carried for servicing this territory as well as a complete stock of machinery.

The new building that was only recently completed, was erected by W. B. LaMaster for the Plains Tractor & Equipment company.

HOME EC GIRLS WIN 1ST PLACE

TAKE FIRST IN FOODS AT
DISTRICT MEET AND
THIRD PLACE IN
CLOTHING

As a part of the district interscholastic league meet held in Canyon, April 18 and 19, there was a contest in foods and clothing. Any school in this district was eligible and a good many schools were represented. This was the first year that a contest of this sort had been held.

In the food contest the girls were required to plan, prepare and pack a school lunch for a six year old child, giving the reasons for their choice of menu. They were given one and one-half hours to complete the lunch. Laura Mae Sharpe and Jessie Bennett represented the school and brought back first honors for Perryton. Dimmit and Paducah won second and third places respectively.

The clothing contest consisted of the planning and constructing of a one piece wash dress without sleeves, in two and one-half hours. It was to be made for one of the girls. The local department was represented by Ada Leatherman and Betha Hooper who took third place in the event, Amarillo taking first and Claude, second.

The stores in Canyon gave prizes to the winners in each group. The Perryton girls received a set of beautiful linen napkins. This was the first contest the local home economics department ever entered.

Mrs. J. R. McMillen was a dinner guest Sunday in the home of her son, Ed McMillen.

Mr. and Mrs. Orville Hale, Tyron, Okla., were in Perryton Sunday renewing old acquaintances.

New Furniture Store

R. F. Burgin Will Feature Sec-
ond Hand Furniture in
South Main Store

R. F. Burgin, formerly of Cherokee, Oklahoma, is the manager of the new furniture store which is now open for business in the new Johnson-Irvin building on South Main St. While they will carry a line of new household furniture, they will feature second hand furniture. A complete department for the rebuilding and repairing of furniture is now in operation.

Mr. Burgin is interested in a store at Cherokee, his associate being manager of the Oklahoma store.

M. H. Crum left last week for Sawyer, Kansas, where he will visit in the home of his mother and sister, Mrs. Grant Scooter, formerly of Perryton, will return with him this week.

Roy Orrill was able to be at work Wednesday after being confined to his home for several days with illness. Mrs. Orrill has also been quite ill.

STARS FROM "HAPPY DAYS" HALL OF FAME

Here are twenty-four of the hundred stars in "Happy Days." See how many of them you can name and then compare it with the following list.

Top Row—Will Rogers, Charles Farrell, Janet Gaynor, Victor McLaglen, Edmund Lowe, Sharon Lynn.
Second Row—Warren Baxter, Tom Patricola, James J. Corbett, Walter Catlett, Dixie Lee, El Brendel, Richard Keene.
Third Row—David Rollins, George Olsen, Paul Page, Frank Richardson, William Collier, Sr. and George MacFarlane.
Bottom Row—Ann Pennington, Whispering Jack Smith, Marjorie White, J. Harold Murray, Frank Albertson.

CHASING RAINBOWS IS BIG HIT

WONDERFUL MUSICAL TALENT DISPLAYED IN ALL TALKING PICTURE AT ELLIS THEATRE

Five song hits from the pianos of seven of America's most popular composers provide the tuneful background of "Chasing Rainbows," musical extravaganza which will open April 30, May 1, at the Ellis Theatre with Charles King and Bessie Love in the featured roles.

Milton Ager and Jack Yellen, noted for their "Ain't She Sweet," "I Wonder What Became of Sally," "Forgive Me," "Crazy Words" and "Hard-Hearted Hannah," wrote "Lucky Me, Lovable You," "Everybody Tap" and "Happy Days Are Here Again" especially for the new Metro-Goldwyn-Mayer production.

"Everybody Tap" fits into a huge dancing ensemble with Miss Love singing and dancing the number with the trained chorus of two hundred boys and girls. "Lucky Me, Lovable You" is the love song sung by Charles King and Miss Love and "Happy Days Are Here Again" is the musical setting for the finale spectacle, filmed in Technicolor.

Low Alter, who wrote "Manhattan Serenade," composed "Love Ain't Nothing But the Blues" with Joe Goodwin, which King uses as a specialty song. Fred Fisher, George Ward and Reggie Montgomery joined in writing "My Dynamic Personality," in which Marie Dressler scores.

All of the song hits were written to meet the demands of the original story, penned by Bess Meredith and adapted for the screen by Wells Root.

So catchy and impressive were the song numbers that four phonograph companies signed record contracts before the musical-movie was even finished by Charles F. (Chuck) Riesner, who last directed "The Hollywood Revue of 1929."

Included in the supporting cast of the backstage comedy-drama are Jack Benny, Polly Moran, Gwen Lee, George K. Arthur, Eddie Phillips and Nita Martin.

Skeets and Lillian get together in a big way, cooing "Let's Be Domestic."

STANLEY SMITH HAS LEADING MALE ROLE

Stanley Smith, youthful stage singer and actor, who played the romantic singing lead opposite Nancy Carroll in "Sweetie," will again be seen and heard in the role of her lover in "Honey," the musical romance which comes to the Ellis Theatre for two days beginning on Friday of next week.

"Honey" is Miss Carroll's second starring picture. It is based on the stage comedy success "Come Out of the Kitchen" by Alice Duer Miller and A. E. Thomas. The Paramount talking film version is enriched with five tuneful melodies written by W. Franke Harling and Sam Coslow.

"HAPPY DAYS"

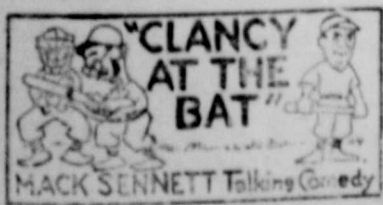

There are so many high spots in "Happy Days," Fox Movietone's gorgeous and lavishly produced all talking song romance, and current sensation at the Ellis Theatre that selecting the highest is not easy.

BUZZ BARTON in "Young Whirlwind"

Charles Farrell and Janet Gaynor among the entertainers in BIG CAST

Charles Farrell and Janet Gaynor, one of the most popular romantic teams of the screen are again in the 100 entertainers featured "Happy Days," all star, all talkie, all musical romance.

Will open an engagement at the Ellis Theatre Friday and Saturday, April 25-26.

Farrell and Miss Gaynor made history in "7th Heaven," acted as the best picture of 1928 repeated their success in "Let Angel" before the screen.

They were a sensation in "Sunny Up" and "Happy Days," Miss Gaynor made a specialty of "We'll Build a Little World for Ourselves," the words and music especially written for them by Stanley and Brockman.

Included in the all star ensemble production are Frank Albertson, Warner Baxter, El Brendel, Walter Catlett, William Collier, Sr., James J. Corbett, Richard Keene, Dixie Lee, Edmund Lowe, Sharon Lynn, George MacFarlane, Victor McLaglen, J. Harold Murray, George Olsen, Paul Page, Tom Patricola, Ann Pennington, Frank Albertson, Will Rogers, David Rollins, "Whispering" Jack Smith, Marjorie White.

There is also a chorus of mixed men and 50 beautiful girls in singing and dancing numbers. Benjamin Stoltz directed the picture. Walter Catlett as stage director, Sidney Lanfield and Edwin Collins collaborated on the story and scene, while Earl Lindsay staged dance numbers.

"GO PLACES" GREAT LAUGH TONIC

Laughter is a tonic, as doctors say, and the audiences at the Ellis Theatre should be in a healthy condition next week after seeing and hearing "Let's Go Places" on Monday and Tuesday.

Fun and merriment in large quantities feature "Let's Go Places," Movietone musical extravaganza which headlines the program at the Ellis picture palace, and which attracts many by its humor and originality.

Several spectacular ballet numbers and a background of Hollywood show spots as well as its irrefragable songs are also responsible for much of the film's popularity. Joseph Wagstaff and Lola Lane are important roles in this enterprising story of two adventurers on their conquest of the screen.

With Frank Richardson, Charles Catlett, Charles Judels and Chase furnishing most of the comedy, Dixie Lee and Sharon Lynn are also represented among the featured groups in this picture directed by Frank Strayer.

A whole series of song hits by a cast of 150. Janet Gaynor, Charles Farrell—and 98 other movie stars.

Great Plains Highway Meeting at Liberal June 6

The latest north and south international highway is the Great Plains Highway from Regina, Canada, to Laredo, Texas, which road is now just six years old. In February, 1924, a meeting was held at Maywood, Nebraska, to attempt to obtain a cross connecting road from North Platte on the Lincoln Highway to McCook on the D. L. D. to

Mileages are as follows:

Regina to U. S. Boundary at Portal, Canada, 6 and 39	155
Portal to Minot, N. D., on State Highway 9	99
Minot to Bismark, N. D., on State Highway 6	112
Bismark, N. D., to Pierre, S. D., U. S. Highway 83	217
Pierre, S. D., to Valentine, Nebr., State Highways 53 and 59	145
Valentine, Nebr., to North Platte, State Highways 133 and 23	161
North Platte, to McCook, Nebr., State Highway 23	78
McCook, Nebr., to Selden, Kansas, State Highway 23	56
Selden, Kansas, to Liberal, Kansas, U. S. Highway 83	195
Liberal, Kansas, to Canadian, Texas	100
Canadian, Texas, to Childress, Texas, via Texas Highway 4	112
Childress, Texas, to Abilene, Texas, via Texas Highway 4	166
Abilene, Texas, to Brady, Texas, via Texas Highway 4	102
Brady, Texas, to San Antonio, U. S. Highway 385	138
San Antonio to Laredo, Texas, U. S. Highway 81	149
	1,975

This highway was particularly fortunate in both name and route as the name perfectly describes the Old "Cattle Trails" used some sixty years ago from Texas north, when the range cattle were driven up to meet the railroads. The route is the straightest and most nearly level of any north and south route across the United States. Naturally it cuts every important east and west transcontinental road, and usually at some quite important center of population or trade.

For those in Nebraska who have the urge once or twice a year to try the Cherry County sand hill lake region for either hunting or fishing, we would suggest they take the Lincoln Highway to North Platte and from thence go north on the Great Plains to this wonderful cattle country and lake region, between Mullen and Valentine, Nebraska. There is nothing like it anywhere else.

For the coming year it is estimated that the Great Plains Highway will obtain the following improvements, over 250 miles of new gravelled surfacing, some in southern South Dakota and northern Nebraska, but mostly in Kansas and Oklahoma. Present prospects are that over 150 miles of new paving will be laid this year on the G. P. H., mostly in Texas, as some four or five counties beginning at Perryton, have already voted bonds for the same. In a little over a year it seems certain that the G. P. H. will be an all year round road over 90 per cent of its length, and two or three years should see it complete, surfaced and improved from border to border.

We have a fine two-color map of the Great Plains Highway showing

obtain by inquiring of the Secretary of the local Board of Trade or Chamber of Commerce. If you are considering a trip either north or south this summer, you will appreciate this fine and different folding map which will be sent you free of charge.

The sixth annual meeting of the Great Plains Highway Association will be held at Liberal, Kansas, June 6. This will be the most important meeting of the Association because of work that has been done and work to be done towards the completion of the highway. All the members of the Association and citizens of the towns along the route are invited.

PRAISES U. S. PAPERS

American newspapers are more progressive than European in news-gathering and business methods, according to Dr. Wilhelm Giradet, publisher of a chain of newspapers in the German steel cities who was recently interviewed in New York. He said:

"You use three or four times as many reporters as we and your editorials are reduced to admirably simple terms. German editors devote much space to politics, which is always the most important subject in our country."

Regarding some of our American conditions and habits Dr. Giradet is not so enthusiastic. He thinks New York has too many skyscrapers and too few parks. It was inevitable that he should touch upon the drink problem of which he says:

"I notice far more smoking and drinking among American women than among my own people. Another thing, I cannot help noticing that you drink too much coffee. Germany is the home of 'kaffee-klatsch' but we don't abuse coffee. I drink it in decaffeinated form, which is genuine coffee but does not keep me awake at night and does not have a harmful effect upon my nerves."

Speaking of unemployment, which presents a difficult problem in Germany, Dr. Giradet says that they give jobs first to men, and if a married man is employed they do not employ his wife. They first try to give a job to one person in each family.

So, while the noted publisher expects to profit by his observation of American newspapers, he feels that in some other respects the Germans employ better methods than ours. Anyway, his observations are interesting, whether we agree with him or not.

BETTER CARE OF FOODS

One of the most revolutionary developments in food merchandising since the advent of canning is described in a recent statement by the foodstuffs division of the Department of Commerce. It is the quick-freezing process of preserving fruits, vegetables and fresh-cut meats to be sold in package form.

With meats, for instance, the new system calls for butchering the carcass immediately into individual cuts, which are frozen solid to 50 degrees below zero. Thus foods may be brought to the consumer with weight, flavor, texture and appearance unchanged. The effectiveness of this new method is also vouched for by C. U. Williams, a leading authority on refrigeration, who declares that this is only a part of the nation-wide trend toward the better preservation of all foodstuffs.

Explaining further, he said: "The housewife obtains the necessary degree of refrigeration with the ice machine that gives her temperatures of 34 to 48 degrees. Iceomatic care of foods in the home rounds out the precautions taken by packers and food manufacturers, so that the modern housewife is able to buy more advantageously and to safeguard health by using only well-kept foods."

That these ideas are practical is indicated by the fact that the patent rights to one new quick-freezing process have been sold for \$23,000,000. A pretty good day's work for the fellow who thought

Elmer Kasten of faulted in alimony wife, but sent her a hound for a present.

DIRTY EGGS WILL SPOIL IN STORAGE

April is the month when dirty eggs start coming to market. According to the April 15 Oklahoma Farmer-Stockman, dirty eggs are the outstanding cause of loss in storage.

The months of spring are the months of egg storage and all poultry producers should use extreme caution to produce only clean eggs. Washed eggs are as unfit for storage as unwashed eggs. The washed egg simply fools the egg buyer before the eggs are stored.

Commercial dirty eggs include those soiled with manure, mud and blood and those stained eggs showing evidence of having been washed or having come in contact with wet or muddy feet of hens or with wet nests. Bacteria and molds can penetrate wet shells and cause eggs to rot.

It is generally known that eggs with cracked or damaged shells do not keep in storage. These eggs are easily detected by candling but it is more difficult to take out the washed eggs. In an experiment by the United States bureau of chemistry a great number of eggs were stored under different conditions. Of the washed eggs placed in storage 11 out of each case had been spoiled within 30 days and at the end of 10 months, the full storage season, more than 30 eggs out of each case of washed eggs were bad eggs. In the same storage lot the cases of eggs with clean shells that had not been washed had a loss of less than one egg per case at the end of 10 months' storage.

Egg buyers know these things and take no chances in buying eggs during rainy periods of spring. The dealer will pay better and be a better person to do business with the year around if the washed or dirty eggs are delivered to him in separate cases.

BOYS AND GIRLS

John McLaughlin made an airplane trip from Glendale, Cal., to St. Louis at the age of four weeks, accompanied by her mother.

Palm Tippy, 8 years old, is a swimming instructor at St. Petersburg, Fla. At the age of 3 she saved a baby from drowning and was awarded a Carnegie hero medal.

Romano Mussolini, 3-year-old son of the Italian dictator, is nicknamed "Kellogg" because he always tries to keep his older brothers from fighting.

Nancy Greenhall, 5, a patient in a London hospital, amused Queen Mary who visited her ward by asking "Where's your crown?"

Mary Ward, Chicago school girl, made 500 straight bullseyes at short range with a regulation army rifle.

Marjorie Wright, 16, of Toledo, O., has as a hunting trophy the antlers of a moose which are 56 inches from tip to tip. She shot the animal in the Canadian woods.

POLITICAL ANNOUNCEMENTS

The Ochiltree County Herald is authorized to announce the following candidates for public offices subject to the action of the voters at the Democratic primary to be held in Ochiltree County on Saturday, July 26, 1930.

FARM SUPPLIES WILL COST LESS IN 1930

On the whole it is likely that the farmer's individual dollars will have more buying power in 1930 than in 1929, according to the March 15 Oklahoma Farmer-Stockman.

The following facts summarize the outlook for prices of some of the most important commodities that farmers have to buy:

The price of farm machinery is expected to remain about the same

CUT FLOWERS and POTTED PLANTS

CARRIED IN STOCK

Flower Shop

Phone 38

in 1930 as during the last four years, according to the United States department of agriculture. A good demand is expected for tractors and tractor-drawn equipment, particularly from the great plains wheat region, the central cornbelt and the western cotton region. Manufacturers are improving their machinery, making it better and adapted for farm work, so that the farmer probably is getting a better value for his money from year to year even if there has been no reduction in prices.

Prices for building materials in 1930 may average less than in 1929, with prices in the latter part of the year somewhat higher than at the start if activity in general business revives again.

The price of rope and binder twine probably will be higher than in 1929.

Automobile prices for 1930 show more decreases than increases. Nearly all changes in the low-priced field have been downward, owing to keen competition.

Failure of plans to hold back do-

mestic production and an influx of foreign oil at extremely low prices apparently forbode a gasoline war again in 1930, the opening gun of which was the recent cut in crude oil prices. Gasoline at wholesale is now about 19 per cent lower than a year ago.

By-product feeds such as bran, middlings, linseed oil meal and gluten feed have started 1930 much lower than last year. Low prices for dairy products and a good crop of legume hay have curtailed domestic demand for such feeds.

Due to ample supplies, most field and grass seeds will be considerably lower this spring than last.

Retail prices of foods have started 1930 a trifle higher than a year ago, but seem likely to average somewhat lower than for the year as a whole.

HAUL PIGS TO PASTURE

A dirty hog lot is a paradise for roundworms. Little pigs are especially susceptible to these parasites. Prevention of roundworms infesta-

tion depends, first, on clean farrowing pens and clean sows. Do not let the sows or pigs out of the farrowing pen until ten days or two weeks after farrowing when they should be hauled (not driven) to a clean pasture containing a suitable forage crop on which there have been no pigs since the ground sown. Keep other pigs away from this pasture and keep the pigs in it away from dirty hog lots. Leave

the pigs on the pasture until they are at least four months old or have attained an average weight of 100 pounds. When possible leave them there until they can be turned into the cornfields or otherwise fattened for market.

Having remained single until he was 81 years old, G. H. Miller of Chicago recently married Miss Inez Belmont, 26, a nurse.

Would You Rather Buy Healthy Started Chicks!

We have them from week old chicks to three weeks old chicks.

We also have day old chicks ready for delivery every Tuesday and Friday.

TRIPLE TESTED

STARTING
ACCELERATION
POWER

CONOCO Gasoline is actually tested dozens of times in the process of refining—but it is called Triple Tested Gasoline because of all of these tests converged into three main tests—for starting—acceleration—power!

These are the things that motorists want—and are entitled to get—from the gasoline they use. A gasoline may be ever so powerful—but if it is not volatile enough to start the motor quickly and give rapid acceleration in traffic—it will not satisfy today's demands. An easy starting, swift acceleration, are mere snares if they are not backed up with power for every need—economical power!

CONOCO Gasoline meets all three of these important practical tests—that's the reason so many people insist on Triple Tested—

CONOCO GASOLINE

PACKED WITH EXTRA MILES

Society

Pre-nuptial Affair

A very clever idea was carried out in a good luck shower given at the home of Mrs. W. E. McMillen on last Friday afternoon, honoring Miss Hester Meek, who is to be married soon. Mrs. Dean Conner assisted Mrs. McMillen as hostess.

The home was decorated in green four-leaf clovers. A highway had been made leading throughout the house, arrows pointing the way from room to room. Over this the honoree had to find her way, following many detours, until she came to a huge clover which held many beautiful gifts.

Miss Bess Crum read an original poem, "Love Will Find Its Way". Mrs. Carroll Dodd sang "I'm Looking Over a Four Leaf Clover." Other entertainment features were a reading by Virginia Correll and advice and recipes for the bride by each guest.

A refreshment course was served to the twenty-five guests present by Virginia Correll and Luella McMillen.

Chi Sigma Phi

Miss Ione Packard and Miss Mildred Todd entertained the Chi Sigma Phi club at the home of Miss Ione on last Tuesday evening. At the games of bridge, Miss LoRene Coffee won high score and Miss Bessie Littleton second high. Each was presented with a lovely prize.

Refreshments were served to Misses Lola Belle Barbour, Bessie Littleton, Virginia Brannan, Helen Bucklin, LoRene Coffee, Mrs. Laura Welch and the hostesses.

Easter Outing

Mr. and Mrs. E. L. Whippo entertained their children and their families with an egg hunt Sunday afternoon. After which refreshments were served. Those enjoying the afternoon were: Mr. and Mrs. R. T. Correll and sons, Archie Edmund and R. T. Jr., Mr. and Mrs. Ed McMillen and daughter, Luella, Mr. and Mrs. Chas. Whippo and sons, Bobbie and Charles Jr., Mr. and Mrs. A. K. Wilson and son, Leonard, Mr. and Mrs. Robert Thurman and son, Mr. and Mrs. Rex Clark and twin sons, Mrs. J. R. McMillen, Mrs. Mae Piper, Mr. and Mrs. Bochning, Mr. and Mrs. E. R. Thurman and T. W. Meade.

T. J. N. Club

Miss Geneva Green was hostess for the regular meeting of the T. J. N. club on last Wednesday evening. The entertainment consisted of musical numbers and talks by different members. After which dainty refreshments were served to Miss Bessie Crum, a guest, and to the members.

W. M. U. Social

Thursday afternoon, April 17, all circles of the Baptist W. M. U. met at the beautiful new home of Mrs. T. W. Johnson with Mrs. W. B. Irvin assisting as hostess.

The Mission lesson from the Royal Service study, "An Airplane Trip Around the World," with Mrs. W. J. Brewer as the pilot, proved very interesting. The business was followed by a delightful social hour.

Delicious refreshments consisting of angel food cake and ice cream were served to Misses C. E. McElarty, E. R. Jarvis, J. A. Jones, R. H. Holland, W. J. Brewer, J. W. Penn, J. W. Short, John Gray, L. T. Tucker, L. L. Lance, Clyde Cofer, Walter Allen, G. I. Horne, Wm. Boston, G. D. Holt, J. C. Cooper, H. C. Shelby, C. Lex Shelby, J. Watson and the hostesses.

Easter Egg Hunt

Mrs. J. Malvin Jackson, assisted by Mrs. E. L. Lawson, took her kindergarten class to the creek for an egg hunt on Friday morning. One hundred forty eggs were hid and a merry time was had finding them. The little folks to enjoy the hunt were: Pauntell Cook, Anita Jackson, Roy Halsey, Gail Allen, Vernon Dale Hergert, Edward Bailey Lawson, Bobby Bray, Wayne Glasgow, C. Lex Shelby, Charles Shepherd, Wayne Lee, Tom Ben Boston and Willis Neal Lilly.

Sorosis

The Home Economics department of the Sorosis club met on last Wednesday afternoon at the country home of Mrs. B. H. Murphy with Mrs. P. H. Sebastian and Mrs. Luther Wade assistant hostesses.

The lesson topic, "The Way of Carrying out the Spirit of Beauty in Home, Ground and Flower Gardens" was discussed by Mrs. J. B. Nash and Mrs. R. H. Holland followed by a round table discussion led by Mrs. J. H. Woodward. Mrs. K. H. Crisp acted as chairman as Mrs. R. T. Correll was absent. In the contest, Mrs. C. E. Pike won first and Mrs. J. M. Bull received the consolation.

A delicious two course luncheon

was served to the following members and guests: Mmes. H. C. Sanford, C. E. Pike, Wm. Mitchell, R. H. Holland, K. H. Crisp, J. B. Nash, J. C. May, G. W. Cutter, J. H. Woodward, O. C. Shearer, Jas. E. Barbour, H. T. Cropper, Herman Ball, J. C. Hickernell, Ray Nies, A. C. Nies and Clarence Zirkle.

Meek-Littleton

A wedding of interest to their many friends is that of Miss Hester Meek and Onas Littleton, which took place at Guyton, Okla., April 23 at twelve o'clock noon, in the presence of her parents, Mr. and Mrs. J. C. Meek.

The bride is a very accomplished young lady. She came to Perryton last fall and worked with the Perryton Service Grocery and the Hurn Dry Goods Company until a few weeks ago. Her parents have lived for a number of years near Range, Okla., and Miss Hester has a host of friends in that community.

The groom is the son of Mr. and Mrs. Ed Littleton of this city, where he has grown to manhood. Since finishing school he has been connected with his father in stock raising.

BROTHER DIES WHEN WELL CAVES IN

Mrs. Wm. Newingham, Waka, was called to Freedom, Okla., last week because of the sad death of her brother, Dell Miller, on April 12. Mr. Miller and two other men were waiting in a well when it caved in on them. It was four hours before the body of Mr. Miller was recovered. The other two men were saved.

Dell Miller was born in Arbela, Mo., May 27, 1894, and departed this life at Freedom, Okla., on April 12, 1930, being 35 years, 10 months and 16 days of age. On September 9, 1911, he was united in marriage to Miss Maud Van Buskirk. The wife; four children, Paul, Wanita, Preston and Clifford; his parents, Mr. and Mrs. L. J. Miller, Lamar, Mo.; six brothers and three sisters are left to mourn the passing of this man.

The Miller family lived for a number of years in the Waka community and they have many friends here who grieve with them.

WEEDS CAN BE EXTERMINATED

COUNTY AGENT URGES USE OF CALCIUM CHLORATE TO KILL NOXIOUS WEED PLANTS

A thousand pounds of calcium chlorate was ordered Tuesday by County Agent G. R. Sheets, for distribution at cost to farmers and others who are desirous of killing out bindweed, blueweed or any other noxious plants.

Calcium chlorate is especially recommended for use on bindweed and is applied when the weed is in full bloom. The shipment is coming out of Dallas and should arrive here next week. While it is still too early to use, farmers are urged to get their supply now, so that more can be ordered in case it is wanted.

The commissioners court are putting up the funds for purchasing the original shipment of calcium chlorate. As it is sold more will be ordered, making a revolving fund.

PERRYTON GOLD STAR MOTHER

MRS. K. K. THOMAS TO SAIL JULY 23 TO VISIT SON'S GRAVE IN MEUSE-ARGONNE, FRANCE

Mrs. K. K. Thomas of Perryton has received word that she will sail from New York on July 23, 1930, on the Washington with one of the first delegations of Gold Star mothers and widows, who are going to Europe as guests of the United States government to visit the graves of their sons and husbands, who lost their lives and were buried overseas during the World War.

Arless E. Thomas, son of Mr. and Mrs. K. K. Thomas, and a brother of J. R. Thomas of this city, was a Corporal in one of the crack machine gun companies of the 11th Infantry. He was killed in action in the Argonne forest on October 13, 1918, after many days on the front in the Meuse-Argonne, at St. Michael and Chateau Thierry. Arless was a member of a regular army outfit and his company was known as one of the best in the army. His Lieutenant stated that the company was in the front lines for twenty-seven days during the last thirty-two days of fighting, and that Arless was one of the thirteen out of the entire company who had successfully passed all marksmanship tests.

Arless is buried in the Meuse-Argonne cemetery at Romagne, Sous-Montfaucon, Meuse, France. This is the largest of all American cemeteries in Europe, over 14,000 Americans being buried at this one place, most of them being killed in the Meuse-Argonne offensive. Arless was cited for bravery in action and Mr. and Mrs. Thomas have received memorial citations from both the French and American governments.

Mrs. Thomas will go from Perryton to New York and all expenses of every nature will be paid by the government from the time she

DRY CLEANING to the Rescue

DIRT particles, no matter how deeply bedded in the fibres of your clothes or household effects, will surrender, en bloc, to our dry cleaning technique. Your last season's frocks aren't one bit ready for the discard; they are Perryton Cleaners candidates for another term of glorifying service.

"Not How Cheap—But How Good"

Goes To Stratford

Walton Wilson Goes to Stratford to Start New Funeral Home Studebaker Ambulance

Walton Wilson, son of Mr. and Mrs. C. A. Wilson of this city, left recently for Stratford, Texas, where he has made arrangements for the opening of a new funeral home. Walton is a licensed undertaker. He received his early training in this work under the master funeral director, G. R. Wilson of this city. He later attended school at Dallas, graduating last May and immediately entering the employ of Tom Wright, Temple, Texas, who is Secretary of the state board of funeral director examiners. Walton resigned from the Wright organization to enter business for himself.

For his new home at Stratford, Walton has purchased a new Studebaker ambulance and funeral coach. His many friends in this city wish for him much success in his new home at Stratford.

WILL WRITE OF LONDON

Miss Chester Carter to Be Correspondent for Spectator

McPherson, Kan., April 12.—(Special)—A most unique feature in collegiate journalism will be that undertaken next year by the Spectator, official student publication of McPherson college. Next year the Spectator will have a foreign correspondent who will be studying in London.

The graduate is Miss Chester Carter who will write one article each week on her experience, student conditions in London and anything else that might be of interest to her home paper. Miss Carter will accompany Miss Della Lehman on a tour of Europe this summer and will remain in England the first semester of next year to study—Tospeka Capitol.

BURIED SUNDAY

Charles Vernon, five year old son of Mrs. Mary Hill, passed away Saturday, April 19, after a short illness. Funeral services were held from the Wilson Funeral Home Sunday afternoon at 2:00 o'clock with Rev. W. C. Bryan in charge. Interment was made in the Blue Mound cemetery.

COOKED FOOD SALE

The T. E. L. class of the Baptist Sunday School will hold a cooked food sale on Saturday, April 26, at the Texas-Louisiana Power Company's office. Dressed chickens, pies, cakes and many other good things for the Sunday dinner will be found here. Give them a trial.

Dr. Powell, eye, ear, nose and throat specialist, will be at Drs. Brewer & Kingle office, Tuesday, April 29. Glasses fitted, tonsils and adenoids removed. 13-11-c

George Hood left last week for a visit with his sister, Mrs. M. L. Payne, Amherst, Texas.

leaves Perryton until she returns home. Mr. Thomas expects to go with her to New York and visit with relatives while she is abroad.

AUXILIARY TO SELL POPPIES

NATIONAL POPPY DAY, SATURDAY, MAY 24, TO BE OBSERVED BY LEGION AUXILIARY

Mrs. J. R. Thomas, president of the American Legion Auxiliary Unit in Perryton announces that National Poppy Day will be observed in Perryton on Saturday, May 24, the Saturday before Memorial Day, with the sale of fifteen hundred poppies made by World War veterans not drawing any compensation in the hospitals of Texas. Mrs. Horace Lackey has been appointed as chairman in charge of the sale. The proceeds from this sale goes strictly to the makers of the poppies and for the relief of needy, destitute, and crippled ex-service men and their families, and to destitute children, widows and dependents of World War veterans who have passed on.

The sale is conducted entirely by volunteer workers and every penny received goes directly into relief work. The bulk of the money remains in the communities where it is raised, being expended by American Legion Posts and Auxiliary Units for relief during the year. No price is fixed for the poppies. The little boy's pennies and business man's dollar is equally acceptable. The amount dropped into the box of the poppy seller is a donation to relieve the suffering caused by the war. The purpose of the Auxiliary program is to place the symbol of heroic sacrifice above the heart of every true American, giving at the same time an opportunity to serve the war's living victims.

FAIRVIEW ITEMS

The crops are looking much better since our fine rain.

Dewey Glair returned home Monday from a business trip to Coldwater, Okla.

Claud Littleton was a business visitor in Perryton Saturday.

W. L. Collins has been helping Mr. Glair fix his well the past week.

Mr. and Mrs. Arthur Townsend and Miss Jennings were guests Sunday in the home of Mr. and Mrs. W. L. Collins.

Robert Van Dover, Woodward, was in our community over the week-end transacting business.

Elic Davis was a Perryton shopper Thursday.

Mr. and Mrs. Carl Springmyer are visiting his parents, Mr. and Mrs. Dave Springmyer.

Elton Burns and family are visiting with her parents while he is doing some farming.

We received another nice shower Monday.

Mr. and Mrs. S. S. Dodson, Texhoma, were week-end visitors in Perryton.

Mr. and Mrs. H. I. Hudson and children visited Sunday with relatives at Spearman. Mrs. M. M. Collier accompanied them.

FARNSWORTH SCHOOL ITEMS

Mr. Burns and the pupils who entered the meet at Canyon last week have returned.

The intermediate and high school rooms went on a picnic Friday. After lunch an egg hunt was enjoyed.

The Sunday School enjoyed an egg hunt Sunday.

Hope Gardner visited Monday night with Oletha Mae Pugh.

Marbles seem to be the game of the day at school now. Even the girls are getting the fever.

BAND AND ORCHESTRA TO GOODWILL CONTEST

The high school band and orchestra will leave today for Goodwell, Okla., where they are entered in the spring musical festival contest to be held at the college on Friday and Saturday of this week.

In addition to these two musical organizations, entries have been made in instrumental trio and quartet as well as several solo numbers. From thirty-five to forty high school pupils will take part. All of the work is being done under the direction of Rudolph R. Willmann.

PARENT-TEACHERS TO MEET MONDAY, APRIL 28

The Parent-Teachers Association will meet for their regular session on Monday evening, April 28 at eight o'clock in the high school auditorium. The program as follows will illustrate some of the extra curricular activities of the school:

Invocation; Sketch by Dramatic club; Two selections by the Junior Band; Exercises by the Gym club; Talk, "The Red Cross Work of the City" by B. B. Kent; Business.

LEGIONNAIRES AT PAMPA

The unofficial state convention of the American Legion and the "Forty and Eight" and "Eight and Forty" wrecks at Pampa last Saturday and Sunday attracted over three hundred Legionnaires and Auxiliary members from over the state. State Commander Ernest O. Cox; J. A. Pearson, State Grand Chief de Gare of the "Forty and Eight"; Mrs. F. H. Carpenter, state president of the Auxiliary; Mrs. Carl Marks, National head of the "Eight and Forty"; Mrs. M. G. Danforth, state head of the "Eight and Forty"; Attorney-General Robt. L. Bobbitt; and many other distinguished guests were present. Those from Perryton in attendance were Mr. and Mrs. J. R. Thomas, Mr. and Mrs. Roy Hogland, Mr. and Mrs. W. H. Lackey, Mr. and Mrs. Allen King, and Mr. and Mrs. Van W. Stewart.

Dr. John Fewkes, who has been a patient in the Shattuck hospital for the past several weeks, writes that he is much better and expects to be home the latter part of this week.

Mrs. W. H. Lackey of the Public Service Corporation has been unable to be at the office this week on account of a badly infected hand. She is a patient in the Brewer hospital.

NOTA NEWS

Mrs. Hamilton Dean Stuart and daughter spent last week-end visiting friends in Enid, Okla.

Mr. and Mrs. Fred Turner and family and Mr. and Mrs. Derby Cronister were Sunday dinner guests of Mr. and Mrs. Otis Kizlar.

Mr. and Mrs. Reece Taylor and small daughter visited Sunday in the W. F. Taylor home. Mrs. Taylor has just returned from Pampa, where she stayed several weeks while her little daughter was ill.

Frank Cox and family, Fred Turner, W. F. Taylor and W. R. Norris were Perryton visitors Saturday.

The Highway Baptist church held a business meeting Sunday night and called Rev. Keywood as their pastor. Rev. Stuart helped to conduct the meeting.

Mr. and Mrs. C. C. Carter and baby were Sunday visitors in the Clyde Cofer home.

RESOLUTION

WHEREAS: Almighty God has called from our midst James Wallace Buckhaults who was a useful and law abiding citizen, a true friend, a sincere christian, and a kind and affectionate father and husband. In his passing this country has lost a splendid character but our loss is heaven's gain.

He honorably served his country in the recent world war spending nine months in overseas duty and his companions of Pierce Johnson Post Number 254 American Legion, of Perryton, Texas, deplore his passing and commend his fine character. Our profound sympathy is extended to Mrs. Buckhaults and his two sons and it is the order of this Post that these resolutions be spread upon the minutes of this organization, a copy thereof be published in the Ochiltree County Herald and copies thereof be mailed to the members of his family.

Dated this 17th day of April, 1930.

Ray Thomas,
Horace Hudson,
Jack Allen,
Resolution Committee,
American Legion.

FULTON NEWS

Mr. and Mrs. Charlie Thomas visited with Mr. and Mrs. Claude Wells and children Sunday.

Mrs. Jessie Kerns and children and Mr. and Mrs. Frank Hollis and children of Perryton attended church at Fulton Sunday.

Overa Ragsdale, who has been seriously ill for the past week, is improving. She took a backset with the measles.

Our teachers, Misses Georgia and Gladys Prater, closed a very successful term of school Friday. As the measles are in nearly every family we did not get to have the surprise dinner for the teachers as we had planned. Bennie Freeman received the "award of honor" for being neither absent nor tardy throughout the year. He also received a prize from his teacher, Miss Georgia Prater. Those receiving prizes for having highest averages

in their classes and receiving most head marks in spelling were: Leroy Gift, Vayda Morgan, Veda Ragsdale, Elizabeth Gift, Bennie Freeman and Pearl Campbell. Those receiving booklets, "certificate of honor" in Class B were Veda Ragsdale, True Leatherman and Bennie Freeman. Leroy Gift made the highest average in the school.

In the primary room, Veva Morgan and Willie Jo Freeman received prizes for having the most head marks in spelling in their classes. Willie Jo Freeman received a "Certificate of Honor" in Class A, also a prize for reciting twenty perfect spelling lessons.

The teachers and children disliked to part as the time drew near, but all are glad vacation time is here.

Little Paul Leatherman has been quite ill with whooping cough and measles.

Miss Ina Wells from Perryton called at the O. D. Whitmarsh home Sunday.

True and Lester Leatherman visited with Bennie Freeman Sunday afternoon.

Miss Georgia and Gladys Prater, who have been living near Fulton during the school term, moved to the home of their parents near Boyd, Okla., Friday evening.

Mr. and Mrs. E. L. Springmyer and son and Lafawn Freeman were shopping in Perryton Tuesday.

There was an egg hunt at the school house Thursday. Overa Ragsdale found the largest number of eggs in the primary room. Clifford Ragsdale found the most eggs for the whole school.

F. L. Gift and son, Robert, drove to Perryton Wednesday.

KINDERGARTEN HONOR ROLL EIGHTH MONTH

The Kindergarten class taught by Mrs. J. Malvin Jackson very successfully closed their eighth month of school work on last Friday and those to receive honorable mention for good work and conduct are: Roy Halsey, Gail Allen, Charles Shepherd, Edward Bailey Lawson, Jack Williams, Vernon Dale Hergert and Anita Jackson.

Miss Mildred Hendren, assistant secretary of the Chamber of Commerce, and Miss Emma Rhudy, both of Woodward, Okla., were in Perryton Monday and Tuesday attending to business and visiting in the home of Mr. and Mrs. Chas. L. Garrett.

Mr. and Mrs. Kell Reeves came in last week for Hobart, Okla., to make their home in Perryton.

Mr. and Mrs. G. W. Cutter and his mother, Mrs. Elizabeth Cutter, spent the day Sunday visiting in the home of Mrs. B. F. Jackson, on Wolf Creek.

Mr. and Mrs. I. R. Burhanan and daughter returned last week from Albany, where they have been visiting in the home of her parents, Rev. and Mrs. Underwood.

Mr. and Mrs. Liel Lewellen had as their dinner guests Sunday Mrs. Edna Myers and her mother, Mrs. Pattison, Mr. and Mrs. Lawrence George and Leon Myers.

K. F. Miller, Follett, visited Sunday with Mr. and Mrs. G. A. Rupprecht.

Mrs. O. E. Blank and sons, Dean and Junior, and Miss Elizabeth Smith visited Sunday with relatives in Liberal, Kans.

Mr. and Mrs. C. E. Woods were Liberal, Kans., visitors Monday.

Mr. and Mrs. T. C. Carver, Canadian, attended the Easter services in Perryton and visited with her parents, Judge and Mrs. J. M. Grigsby.

What a Proof of efficiency and economy!

Of the hundreds of thousands of owners of General Electric Refrigerators not one has paid a cent for service

What a Proof

To demonstrate the trouble-free operation of General Electric Refrigerators, the mechanism was submerged in water—and still ran out!

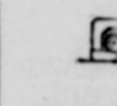

What a Proof

Tests were conducted to discover the durability of doors, latches and hinges. They were stopped after a period equal to 30 years of wear!

What a Proof

The freezing control was tested for a period equal to 665 years. At the end of that time, it was still going strong.

GENERAL ELECTRIC ALL-STEEL REFRIGERATOR

SMALL DOWN PAYMENT

and your General Electric Refrigerator will be delivered and installed in your kitchen, ready to use. Balance in spaced payments. No installation charges. Call us today!

SAM'S SAYINGS

Published each week in the Interests of Profitable, and Progressive Farming and a Happy, Prosperous Community. Suggestion: Invited.

Vol. 1, No. 16.

PERRYTON, TEXAS

Thursday, April 24, 1930

This Little Newspaper is edited by Sam Hergert.

Here's 'Nother

Uncle Tim was as reckless as sin—

In all traffic he'd cut out and in.

Now his widow and boy

His insurance enjoy

The complete McCormick-Deering Harvester-Thresher line includes 10, 12 and 16-foot machines for use in level fields and 12 and 16-foot machines for hill-side harvesting.

It is harder to arouse interest in a wheat pool than it is in a swimming pool.

The popular 'McCormick-Deering No. 8 Harvester-Thresher is now built in two sizes: 10-foot and 12-foot cut.

All creation is satisfied with itself, except man.

"McCormick-Deering" is the famous name of a famous line of Harvester-Threshers.

Safety First

If your cattle lane crosses the highway, why not erect a sign down the road which reads: "DANGER—300 Feet to—CATTLE DRIVE." Such a sign erected on both sides of the drive along the highway will warn motorists to have their car under control; and may save you both cattle and litigation.

McCormick-Deering Harvester-Threshers have back of them nearly a century of successful harvesting machine experience.

Baseball is a game in which any young man who strikes out bravely for himself receives no praise for it.

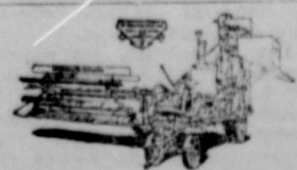

"Once Over and It's All Over," with a McCormick-Deering Harvester-Thresher.

If a married male is a benedict, and a married female is a benedictine, then their children must be the benediction.

KIL-O-MITE

The world's strongest disinfectant against mites, lice, chinchies and blue bugs in poultry houses. GUARANTEED—We guarantee that ONE APPLICATION of KIL-O-MITE, either by brush or with a sprayer to the exterior walls, dropping boards and roost, of such buildings which have been thoroughly cleaned, will exterminate mites and keep building free from vermin for ONE YEAR OR MONEY REFUNDED. Price per gallon—\$1.75.

So long, see you next week.

John Deere No. 6 4-Bottom Tractor Plow

Good Work...Large Capacity...Long Life

Many years of dependably good, large-capacity plowing—that's what you're assured when you select the John Deere No. 6 four-bottom plow for use with your tractor. Every feature you want in a heavy-duty plow you will find in the No. 6:

1. Genuine John Deere Bottoms—famous for good work, scouring and long wear.
2. Quick-Detachable Shares—loosen one nut and share is off—tighten same nut and share is on tight.
3. Sturdy Steel Beams with heavy, long-lapped braces and sturdy reinforcing rear cross brace.
4. New Heavy-Duty Power Lift—works perfectly and lasts longer than ordinary lifts.
5. Great Clearance in throat of beams—no clogging with trash.
6. Adjustable Hitch—the No. 6 can be used with any standard tractor.

It will be worth your while to come in and inspect this sturdy plow.

Hints for the Home

Poached Eggs and Ham

Six eggs, six slices of cold ham, six rounds of slightly buttered toast, one cup canned tomatoes, one ounce of butter, pepper and salt. Put tomatoes in a saucepan with the butter and a good sprinkling of salt and pepper. Simmer until the tomatoes are quite soft. Then rub through a sieve and reheat the puree. Poach the eggs and just fry the slices of cold ham very lightly. Arrange the slices of toast on a dish, place a piece of ham on each, then a poached egg. Pour the tomato puree round and serve very hot.

For Children's Parties

A large freezer full of plain home made vanilla ice cream and good plain sponge cake constitutes the most generally acceptable refreshments that you could offer to the little guests at your children's party.

Summer is a far better time than winter to give a children's party if you live in the country or suburbs, because you can give it outdoors. Few houses are large enough for a dozen or so eager, exuberant children at a party.

It is far better to give children the simple refreshments than too elaborate. And better to have them go home wishing they had more than with appetite impaired for a day or so.

For some reason or other lemonade is the usual summer beverage and ice cream the usual summer refreshment—yet the two are not very compatible. Of course, children become thirsty, so be ready with cold water and glasses—not ice water near your best tumblers.

In sending out invitations to a children's party or giving telephoned invitations be explicit as to the time for the party. Half past three or half past five are good hours, because that does not interfere with nap time or with supper.

A really sensible idea is to have a children's party including supper. Then it may extend to six or half past. To serve refreshments at five is, of course, to rob a child of any desire for his milk supper when he goes home. If, therefore, you invite the children for supper you can serve milk and cereal or milk and bread and butter to all the children before they are given their ice cream. It is really a wiser plan to serve something sweet and then send them home with the edge of their supper appetite quite gone.

SAME PRESCRIPTION
HE WROTE IN 1892

When Dr. Caldwell started to practice medicine, back in 1875, the needs for a laxative were not as great as today. People lived normal lives, ate plain, wholesome food, and got plenty of fresh air. But even that early there were drastic physicals and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings.

The prescription for constipation that he used early in his practice, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, intended for women, children and elderly people, and they need just such a mild, safe bowel stimulant.

This prescription has proven its worth and is now the largest selling liquid laxative. It has won the confidence of people who need it to get relief from headaches, biliousness, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colic, fevers. At your druggist, or write "Syrup Pepsin," Dept. B, Macdonald, Illinois, for free trial bottle.

KNOW TEXAS

Although creation of new counties has reduced the area of many of the large counties, Texas still has eight which exceed 3,000 square miles. Brewster, largest, covers 5,935 miles. Hudspeth with 4,621, is next and Pecos with 4,134, is third.

Areas of other large Texas counties—the average Texas county approximates 900 square miles—are: Presidio 3,812, Culberson 3,787, Webb 3,219, Crockett 3,215, Val Verde 3,083, Terrell 2,035, Harris with 1,604 square miles is the largest county in the early developed section of the state.

Rockwell with only 149 square miles is the smallest county in Texas. Camp with 207 is the next smallest. Morris with 259, Delta 361, Rains 363 and Franklin 263 are other counties with less than 300 square miles. Titus, Maric and Gregg cover less than 400 square miles.

TREND IN FARM TAXES

Direct taxes paid by farmers now amount to more than nine hundred million dollars annually, of which approximately 84 per cent is paid through the general property tax, according to Whitney Coombs of the Bureau of Agricultural Economics. Mr. Coombs believes that the period of rapid rise of farm taxes, has passed and that any increase in the immediate future will be at a less rapid rate. He says that "the rate of increase of State and local taxes will be less than it has been, but general reduction in farm taxes is likely to come from a decrease in total expenditures." A report of Mr. Coombs' study is contained in Technical Bulletin 172 just issued by the United States Department of Agriculture.

Mind Over Matter

One of the most potent causes of disease in the digestive tract is mental unrest. The average medical practitioner, I believe, will agree with me when I assert that nerve-conditions are more frequently the cause of constipation, liver disorders and sour stomachs—far oftener than "germs." And here I may say parenthetically—that germs have been considerably overworked as a "cause" of many of the ills that the flesh is heir to; in other words, I have arrived at the stage in medical practice when I look out for the nerve situation in my patient before I go gunning for the "bugs." Of course, if the malady is one of known germ-origin, and its pathology is thoroughly established, that is different.

I believe thousands of people have told me that they become constipated only when they travel a day or two on railroad trains. Certainly no germs here; the nerve-currents have simply been diverted from their usual channels; suppose they are continually being detoured? Anxiety, business cares, grief, apprehension, any of the legion forms of mental unrest will do the same thing. If continually indulged, they will set up very uncomfortable chronic conditions, and may lead to invalidism itself.

A tranquil mind is the superlative blessing of mankind. I know of no condition that pertains more to long life and happiness; yet men and women are toiling, moiling, day by day, year by year, for everything else but that! The pearl of great price slips away from them because they do not strive to attain it... which they might lay hold of, if they would.

The man who expects to cure his constipation with medicine is only heaping future trouble for himself. I have seen a proper frame of mind, a carefully selected diet, and strictly regular attention to bodily routine cure the most obstinate cases—but it takes good generalship and an obedient soldier to win such a battle.

THE FAMILY DOCTOR

JOHN JOSEPH GAINES, M.D.

QUIZZING THE KIDS

In order to determine something or other, professors of Columbia University recently questioned 512 boys between the ages of six and seven years.

When asked what they wanted to be when they grew up, only five signified a desire to be President of the United States. And only six had heard of Mr. Hoover.

There were several boys named Calvin among those tested, but they did not appear to know very much about their namesake.

Most of them thought the career of policemen or firemen would be more desirable than any other.

It is hoped that the learned professors found out what they were trying to find out.

Amarillo Contractor Out With Facts

T. R. Lawson Declares Argotane Has Proven To Be Correct Thing

"I have used two bottles of Argotane and it has convinced me of the fact that it is the right medicine for troubles like I had, and I am more than glad to let other people know of the benefits I have derived from it." This statement was made by T. R. Lawson, a well known contractor, residing at 700 North Jackson Street, Amarillo, Texas.

"For five years," Mr. Lawson continued, "I have suffered from stomach trouble, constipation and bloating spells. I had fair appetite but never could enjoy anything I would eat. I was sluggish and tired most all the time and had a shortness of breath caused from the gas

that would make me feel uncomfortable. I suffered from constipation and would get all tired out and couldn't throw off this worn-out feeling at all.

"I felt that something had to be done and finally I resorted to Argotane and just let me say I have found it the proper thing for me. It started my troubles on the retreat in just a few days and now I am able to eat anything and enjoy it. I have overcome that indigestible and bloating and my nerves are as strong as anybody's and my vitality is splendid. I sleep fine all night and get up in the morning feeling rested and fit for my work. I feel stronger and have more vim and energy than I have had in years. I cheerfully recommend Argotane to any one needing a general all around straightening out and building up."

Genuine Argotane may be bought in Perryton at the Shindler Drug Co. 13-11-c.

GIVING UP ALL FOR THE KING-
DOM OF GOD
Matthew 19:16-26

Rev. Samuel D. Price, D. D.
Jesus has left Galilee, where most of his work was accomplished. He is passing through Perea on His way to Jerusalem where He will keep the Jewish Passover and then become at once the victim on the cross. At this distant time no positive answer can be given for the reason He chose to pass through the region called beyond the Jordan. By doing this He avoided going through Samaria, for those there would not go up to Jerusalem to worship. Then, by passing through Perea He gave them an opportunity to be blessed by His ministry. He spent a number of weeks en route.

Begin your study with the first verse of chapter 19. It seems that no matter where He went the Pharisees were right there, like sleuths, to heckle Him when He talked to the people. This time the question of divorce was raised. Jesus gave the answer that makes for safety in building up the institution called the home, and this is basic in the social fabric. Today at least one out of six marriages ends in the divorce courts. The Master Teacher declared that those who enter into the marriage bond should do it with the idea that neither would ever seek the dissolution. If there are children, in every case they are great sufferers and they are not the responsible ones.

Along the way a sort of smart Aleck, as he might be called today, asks what he can DO to gain eternal life. This scene is pictured by Hoffmann in his well-known "Christ and the Rich Young Ruler." All remember how the young fellow does not even look at Jesus as He makes reply, but shows a face of ultra indifference. As Jew to Jew, Jesus called attention to the commandments. Then the fellow sought to avoid the issue by asking, "Which one?" In reply those that deal with relationship to society are named. It was taken for granted that he believed in Jehovah. Then the self-satisfied chap said: "All these have I kept from my youth up." Just one direct command showed his failure in "Thou shalt love thy neighbor as thyself." When told to sell all and give to the poor, the inquirer turned his back on the Master Teacher. For show and form he had tossed many a coin to some importunate beggar but to sell all that he had and become a good steward in expending it for humanity, that was simply unthinkable.

What Jesus said about the rich man finding it harder to be saved than for a camel to pass through the eye of a needle, does not have the same application today. Many rich people are consecrating their great wealth for the good of humanity. The Associated Press said that \$2,330,000,000 was thus placed in 1928, and that there were no less

than 500 \$1,000,000 benefactors. The young man wanted to know what he could DO to receive eternal life. He had the wrong idea at the start. It is not by doing but by being that one safeguards the future. No one can purchase his way into the Kingdom of Heaven. "Believe on the Lord Jesus Christ, and thou shalt be saved," as declared by Paul to the jailer at Philippi is the one and only way for any age or class of people. Rich and poor must meet the same basic conditions. Being a child of God, heart and possessions are all His. Then arises the question of stewardship and each should have some system to go by. The Bible taught the Jew that the tithe was the minimum proportion. Then came gifts of thanks and free-will offerings. All of us are stewards of whatever we possess. Some may have very little money to give but they do have time and talents that can be devoted to God and humanity.

COME SEE! GO TELL!

It was with no hope of seeing Jesus as a resurrected Lord that the women, in the dim working light, approached the tomb. With spices they had come to finish embalming the dead body. Their love, stronger than death, even when their faith had given way, brought them to the grave. Thus love brought them to the place where light divine might be theirs.

"Come and see, go and tell," Thus spoke the angel. Investigation, information, promulgation. Departing quickly to obey they met Jesus. Thus as they walked by faith to obedience the Lord greeted their sight. That is still true, obedience brings experience. Meeting Jesus, they worshipped Him, holding His feet, but He again gave the command, "Go and tell." This was the command of the angel at the empty tomb and this is the command of the risen Lord. And with the light of a glorious resurrection hope shining brightly around them "they run to tell." As we partake the same resurrection, glorious hope we cannot find satisfaction except in running and telling the story of life and love to those who know it not. The news is too good to keep.

The continuance of Christianity depends on its promulgation. Its history has been a repetition of this resurrection experience. Because of Peter's vision in the tenth chapter of Acts the bonds are loosed from a Gentile world. Paul sees a vision of a man in Macedonia beckoning to come over and help us. The expansive word of the gospel is found in this story of Paul's vision. Therefore loosing from Troas we came. "Loosing" is the word. It takes us back to the resurrection, "whom God hath raised up, having loosed the apins of death." Again we find it in the story of Lazarus, "Loose him and let him go," says Jesus. The tongue of the dumb man was loosed, "and the string of his tongue was loosed." Healing the woman bound with infirmity,

Jesus said: "Ought not this daughter to be loosed?" In Revelation we read, "Unto Him that loved us, and loosed us from our sins by His blood." Thus Jesus has been the inspiration and the author of the world's freedom. He has been forever "loosing" men from sin and wrong doing. He has loosed man from ignorance with His word of truth. He has loosed man from the bondage of Aram's sin by His resurrection.

What I'm endeavoring to get over is this, the gospel story is to tell. The word gospel means "good news" and news is to tell, in fact the telling is what makes it "news" and the resurrection hope of eternal freedom is what makes it "good." Someone brought it to us. Someone must take it to others. We have "come" to the empty tomb of baptism and have "seen" and now we are to "go" and "tell" this story of "good news" that everyone may have the same opportunity that we have.

This is the meaning of celebrating in a special way Easter. It is a day worthy of the greatest celebration, not for a nation or a generation, but for a world and all eternity. It is the day of liberation upon which rests all other days of liberation. The Fourth of July could never have been until after the first Easter. No nation or peoples was ever made free before Jesus was resurrected. The human heart did not know freedom of any kind until Jesus set us free. Your freedom in a political world, a mental world, a physical world and a spiritual world, has been made possible through the resurrection of Jesus from the tomb. With this truth before us, is it possible that you, as a thinking intelligent being can fail to at least give to God and Jesus Christ a rightful homage.

Senora Hansen of Parin, Brazil, gave birth to six boy babies at one time, all living.

HOPE FOR BLIND GIRL

Endowed with a wonderful soprano voice, but seemingly denied an operatic career because of blindness since she was six years old, new hope has come to Ruth Hamnerquist of Chicago, now 14. Her remarkable voice was brought to the attention of Cyrena Van Gordon of the Chicago Civic Opera Company by a music supervisor in the school for the blind which Ruth attends. The opera star agreed that the girl's voice had operatic possibilities, and had her eyes examined by Dr. S. Bogert Munns, who expressed the belief that her sight might be restored and placed her under treatment.

Whether this hope shall be realized can not be determined for some time, but it is likely that through Miss Van Gordon's interest she may have an opportunity on the concert stage, even though her blindness cannot be overcome.

Miss Van Gordon's many admir-

ers throughout the country will be pleased to know of her generous action and will be interested in the progress of her gifted protegee.

NEWSPAPER BY RADIO

Another amazing radio feat was recorded a few days ago when the entire front page of a San Francisco newspaper was transmitted on the air to Schenectady, N. Y., 2,500 miles away.

Transmission was made possible through sending equipment known as a facsimile transmitter devised by Dr. Aelsanderson, the well known pioneer in television work, and a recording machine developed by C. J. Young, son of Owen D. Young of General Electric.

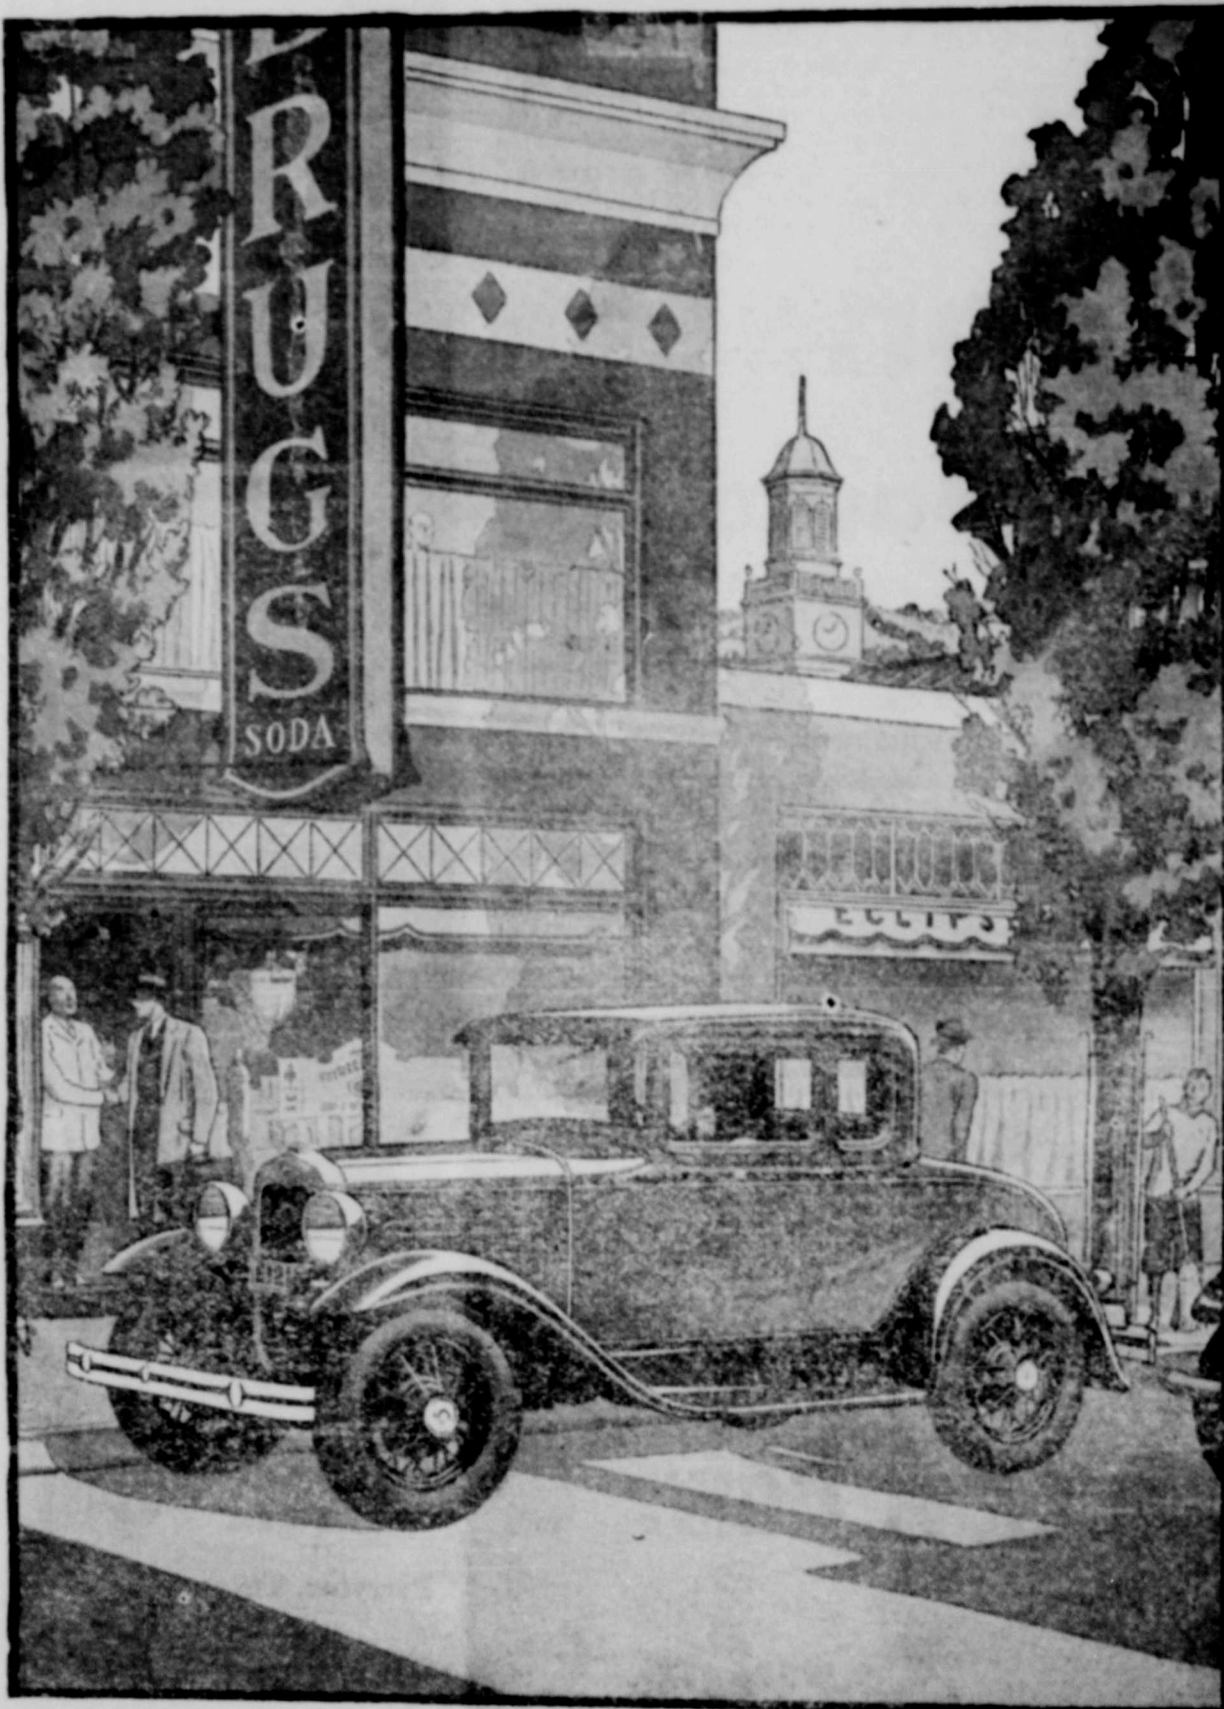

For recording, a roll of paper eight inches wide was used, the three strips required being pasted together afterward. Photographic copies of the radio page have been printed in several newspapers and show that the transmission was

practically perfect. Radio engineers say this news may be disseminated to the family home by means of the family set.

When his pet Wilbur Skowron was in a fire alarm spirit of his pet "hear the bell" gave him his cue.

Joseph Thompson, sentenced to life for robbing his heritage.

Beauty of line and mechanical excellence

than this beauty of line and color is its alert and sprightly performance.

As days go by you will find that it becomes more and more your favorite car to drive so responsive, so easy to handle, so safe and comfortable that it puts a new joy in motoring. The city dweller—the farmer—the industrial worker—the owner of the spacious two garage in the suburbs—to all of these it brings a new measure of reliable, economical service. Craftsmanship has been put into mass production. Today, more than ever, the new Ford "a value far above the price."

chopped green pepper and a little onion juice. Mix thoroughly, and serve on crisp lettuce leaves. This makes a delicious salad, and is a good emergency salad.

Variations:
1. Use 1/2 cup chopped peanuts in place of green pepper.
2. Use 2 tablespoons chopped pickle in place of green pepper.
3. Use equal parts of grated carrots and chopped cabbage in this salad, instead of only cabbage.

To take the place of a meat dish in the menu, a salad of devilled eggs provides a welcome change, and is easy to prepare with the salad materials available now. Here is a good recipe for devilled egg salad:

Devilled Egg Salad—Cut 4 hard cooked eggs in half lengthwise. Mash yolks, season with salt, pepper, butter, prepared mustard and Pure Celery Vinegar. Mince potted ham may be added if desired. Re-fill the whites and serve two halves in a nest of crisp lettuce or other greens, with a dressing made of 1/4 cup mayonnaise salad dressing and 1/4 cup chili sauce.

Frozen Cheese Salad served with crisp crackers, or whole wheat bread-and-butter sandwiches, and a cup of steaming hot coffee is a genuine treat:

Frozen Cheese Salad—Mash a small package of cream cheese and blend with 2 tablespoons of Roquefort cheese. Season lightly with salt, pepper and 1/4 teaspoon onion juice. Add 1/2 cup of French dressing or mayonnaise salad dressing, and 1/4 cup stuffed Spanish olives, sliced. Pour into a covered mold or can, and pack in a pan of ice and salt to freeze, or freeze in the pans of a mechanical refrigerator. Cut in cubes, place in deep nests of very crisp lettuce, and serve with French dressing.

MANY AILMENTS YIELD QUICKLY TO NEW KONJOLA

Manager of East Side Stone Yard
Eagerly Praises Merits of New Medicine

MR. JAMES A. COX

"Stomach trouble, disordered kidneys and constipation over a period of six months, had placed me in a badly run-down condition," said Mr. James A. Cox, 639 Mathewson street, Wichita. "Gas and bloating followed even the simplest meals. Kidney weakness gave me frightful back pains and I was subject to frequent bladder actions. I was restless and found it difficult to sleep for any length of time. I had no appetite and was weak and listless. For two weeks I was utterly unable to work and it was during this time that Konjola was recommended to me by my friends."

"My appetite increased from the very day I began taking Konjola. My stomach gradually began to function as it should and the back pains left me. Today I eat heartily without any discomfort whatever and am free from bloating. My kidneys are in excellent condition and I am entirely free from constipation. My general health is better than it has been in a long time. I owe all this to Konjola."

It is logical to believe that what Konjola has done for others, it will do for you—for everyone. This is especially true if Konjola is given a fair trial. Six to eight weeks is recommended as a fair trial in stubborn cases.

Konjola is sold in Perryton, Texas, at the Perryton Drug Company drug store, and by all the best druggists in all towns throughout this entire section.

CITATION BY PUBLICATION
THE STATE OF TEXAS,
To the Sheriff or any Constable of Ochiltree County—GREETINGS.

YOU ARE HEREBY COMMANDED That you summon, by making publication of this citation in some newspaper published in the County of Ochiltree if there be a newspaper published therein, but if not, then in any newspaper published in the 84th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest district to said 84th Judicial District, for four weeks previous to the return day hereof, W. D. Faus, whose residence is unknown, to be and appear before me, a Justice of the Peace in and for Ochiltree County, at a regular term of the Justice's Court for Precinct No. 1 of said

County, to be begun and holden at my office in Perryton on the 5th day of May, 1930, at ten o'clock A. M., to answer the complaint of Hobbs Motor Company in a certain suit therein pending, in which Hobbs Motor Company is Plaintiff, and W. D. Faus is Defendant.

A. D. 1930, and numbered on the Docket of said Court No. 591, the nature of the Plaintiff's demand being in substance as follows: suit upon open and verified account for the principal sum of \$113.17, on file herein, for cost of suit, relief general and special, and praying for attachment to issue in said cause.

HEREIN FAIL NOT, but have you then and there before said Court, with your return thereon, showing how you have executed the same. GIVEN under my hand, this day of March, A. D. 1930.

(SEAL) DEWEY R. ALLEN, Justice of the Peace, Precinct No. 1, Ochiltree County, Texas.

HELLO BUDDY!

TEN REASONS
Why to Buy a FORD

1—Less First Cost.
2—Less up-keep.
3—More miles to the gallon.
4—It "gets" you there and bring you back, with speed.
5—Has greater trade-in value.
6—Can be serviced everywhere.
7—Is COMFORTABLE and SAFE to ride in.
8—Is a GOOD LOOKING CAR.
9—You can own a HOME and own a FORD.
10—It is COMMON SENSE. COME IN!

JOHNSON MOTOR COMPANY

AMARILLO, TEXAS

their LIVES are in YOUR HANDS!

DOWNY LITTLE THINGS... not long out of their shells... how much they must depend on you for the things they need to live and get big. They need a feed filled with nourishment. A feed which will build bones quickly... building muscles strong... change fuzz to feathers in a hurry... all this they demand... and yet their little crops can handle only one tiny thimbleful of feed a day! What a job for feed!

Consider Purina Chick Startena (mash) for this job! In every thimbleful are twelve ingredients! Cod-liver oil... dried buttermilk... alfalfa flour... granulated meat... these and eight others are there... each one with a real job to do. Purina Startena is mixed over and over again... 960 times just to be thorough! And you will find the same care taken with Baby Chick Chow (scratch)... to be fed with Startena.

Your chicks... what they do for themselves... what they do for you... is entirely in your hands. They eat so little... yet it counts so much... that you can afford to do only one thing... feed Purina Chick Startena!

The Franklin Motor Company
Buick and Marquette Distributors,
516 E. 1st Street,
Lawson, Iowa.

I am a Buick Fan. I say this in honest tribute to the motor of that great old Buick sport model 1927 which served me so faithfully in all my years of hard driving until finally with its top battered and its paint gone, I sadly realized that there was nothing left to do but start looking about for a new car.

On October 12th we bought a Marquette four door sedan. A painstaking check-up had convinced us that the Marquette had the qualities we sought.

The Marquette has all, and more than the qualities desired for it. It has smooth flowing lines, a brilliant pick-up, is easily handled, and carefully as we have changed it over, shows nothing but the best of material and workmanship. I am more than ever a Buick Fan.

Cordially yours,
Victor J. Allen
Buick Executive.

DO A GOOD TURN DAILY

INSTALLS EQUIPMENT TO DUPLICATE KEYS

Earl N. Davis, local jeweler, has
recently installed equipment for
making keys and is now able to
duplicate any kind of key, giving
Perryton a service that has long
been needed.

Using the electrically driven ma-
chine, Mr. Davis is able to dupli-
cate any key in a very few min-
utes. Mr. Davis is also an ex-
perienced locksmith and will re-
pair and adjust locks as well as
make keys to fit any lock.

(Continued from page one.)

ored by being elected as district
lay leader for the entire Amarillo
district. Visiting pastors and dele-
gates were very high in their praise
of the manner in which Rev. C.
E. Pike, pastor of the Perryton
church, and his helpers, handled
the convention. Perryton citizens,
as a whole, were very glad to as-
sist in any way in the entertain-
ment of such a meeting and it is
the wish of every citizen of Per-
ryton that the day will not be many
years distant when Perryton will
again have the honor of being se-
lected as the meeting place for the
Amarillo district of the Methodist
Church.

*** EX-STUDENTS WEST TEXAS
TEACHERS COLLEGE WILL
MEET HERE ON MAY 17TH ***

Wednesday, May 7, has been
set as the day for the meeting
and banquet in Perryton of all
ex-students of the West Texas
Teachers College. Dr. J. A.
Hill, president of the school,
and L. N. George, secretary of
the Ex-Students Association,
are among the speakers who will
appear on the program. Invita-
tions have been mailed to all
known ex-students residing in
the Northeast Panhandle, but it
is possible that some have been
missed. Any ex-student who
has not been notified, is request-
ed to get in touch with T. D.
Moss, secretary of the Perry-
ton Chamber of Commerce, at
once. No one has been over-
looked intentionally. A meet-
ing will be held in Perryton on
Saturday, April 28, to arrange
the program and other details
for the banquet. All ex-stu-
dents are invited to attend and
to make suggestions.

C. C. Landers, manager of the
City Drug Co., visited Sunday with
relatives at Alva, Okla.

Bob Archer, Spearman, was a
Perryton visitor Wednesday.

Mr. and Mrs. Roland Shearer left
last week for Decatur, Ill., where
they will spend a few weeks visiting.

Mr. and Mrs. S. R. George left
Saturday for a visit with relatives
at Enid, Okla.

Mrs. Paul Bowen was taken Sun-
day to the Beaver hospital and re-
mained for medical treatment.

Deight Sims and Red Gatewood
left last week on a three weeks vaca-
tion trip to California. John Apple
is assisting at the Perryton Na-
tional Bank during the absence of
Mr. Sims.

Miss Retha Hooper visited Satur-
day night and Sunday in the home
of her aunt, Mrs. Anna Whatley,
Groom, Texas.

Virgil Castle, manager of the J.
L. Hill Co. stores, left Saturday for
a visit with his parents at Mangum,
Okla.

Mr. and Mrs. Claud Allen and
children visited Thursday with re-
latives at Guymon, Okla.

Mr. and Mrs. Herman Hargrove
and son, Dudley, were Sunday din-
ner guests in the H. T. Cropper
home.

Miss Bernice Winfrey returned
home Monday from Hot Springs,
New Mex., where she has been
spending the winter.

Mrs. W. C. Sanders was called to
Higgins last Thursday because of
the serious illness of her nephew,
Rodney Tom Boone. She return-
ed Monday reporting his condition
improving.

Mr. and Mrs. V. S. Reynolds came
in Sunday from San Francisco,
Calif., to make their home in Per-
ryton. Mr. Reynolds has accepted
a position with the telephone com-
pany of this city. Mrs. Reynolds is
a sister of Mrs. Lake Patton.

Mrs. H. W. Lusher came in Sun-
day to spend the summer in the
home of her son, Mr. and Mrs.
Jack Lusher.

Miss Chester Carter, a student at
McPherson college, McPherson,
Kansas, spent the Easter vacation
visiting with home folks.

Mr. and Mrs. Clyde Powell and
daughters, Patricia and Dolores,
Darrouze, spent Saturday night
and Sunday visiting in the Clyde
Cofer home.

Mrs. M. H. Crum and sons, Jack
and Grover, visited Sunday in the
home of Mr. and Mrs. Ray Bal-
man.

Miss Bonnie Apple and Miss Ruby
Jane Simmons, El Paso, spent a few
days last week visiting in the home
of Miss Bonnie's brother, Vance Ap-
ple, and with friends here.

Mr. and Mrs. B. F. Talley, Miami,
were guests Saturday night in the
home of his sister, Mrs. J. W. Rich-
ardson, and they attended the Ma-
sonic Easter services Sunday.

Mr. and Mrs. Brewer Guthrie re-
turned Sunday from a weeks wed-
ding trip through Colorado. They
also visited with his sister, Mrs.
Major Olsen, Pueblo, Colo.

Dr. H. S. Chapman, official
pool, who is as well as
suffering localizing it.

owned or worn, there is a Virgin Dia-
mond waiting to adorn the finger of some
Girl Graduate. Direct from the mine,
from any taint of past associations, cer-
tified Virgin Diamonds are truly the ap-
propriate gift. Of guaranteed quality,
standard prices, genuine Virgin Dia-
monds are sold exclusively through

Reliable Used Cars!

The value of a USED CAR is the unused miles in that
car.

We price our used cars on their actual value after in-
specting and fixing them mechanically.

1928 CHRYSLER 62 COUPE, good six ply tires, good paint, leather up-
holstery is perfect, motor good and has never been touched. Nothing
cheap about this car but the price **\$385.00**

LATE FORD TUDOR, almost as good as new, new six ply tires, good
paint, upholstery perfect. This is a dandy for **\$385.00**

JOHNSON MOTOR COMPANY

Fairbanks Morse Farm Electric Plants

Folks, we want you to meet Sam Dowdy. He
is our special field representative and is anxious
to tell you about the Fairbanks Morse Farm
Electric Plant. We will appreciate any courtesy
that you may extend to him. He is an expert in
his line and you will be well repaid in talking
over your lighting problems with him.

**WE STILL HAVE SOME OF THAT
GOOD NORTHERN GROWN, 98
PER CENT PURE, BLUE GRASS
SEED.**

Browning Hardware

KEYS Made While You Wait!

Keys made to fit any lock. Keys duplicated
while you wait for only 50c each.

LOCKS REPAIRED—Why waste time on a
faulty lock. Call us and we will fix it for you.
