Police to Get Two Plymouth Patrol Cars

City police soon will be patroling in 1957 Plymouth sedans.

City Council Monday night approved purchase of two Plymouth Plaza models on low bids from Frank Motor Company.

The new cars will replace two one-year-old 1955 models—Ford and Chevrolet—with more than 60,000 miles each.

Total outlay for the city will be \$2,044 cash plus trade-in of the two current patrol cars.

Four local firms submitted bids for the new vehicles with proposals made separately for each trade-in unit. Only \$2.95 separated the low bid by Frank Motor and the next lowest by Wallace Motor Company for unit one.

Separating the Frank's proposal and the second low bid by Jay Adams Chevrolet for unit two was \$22.50.

The bids, plus trade-ins, were: Frank Motor—\$1,033 and \$1,011 for total of \$2,044; Wallace Motor—\$1,035.95 each unit for total of \$2,071.90; Craddock - Witten—\$1,094 each unit for total \$2,188; Jay Adams—\$1,082.50 and \$1,032.50 for total of \$2,115.

Bids were submitted on basis of models and specifications prepared by City Manager Rollin K. Snethen, who opened bids and reported to councilmen that Police Chief Leon Yeager would be "happy" with any of the vehicles included in the bidding.

The city has \$1,500 in the budget for new police cars and the additional cash needed for the deal will come from excess funds in traffic signal allocation.

CRASH CAR—Here is the sedan in which Mrs. Burt Smith was injured Monday in a collision at intersection of Locust and E. 10th St. The car came to stop, half way in a residential yard on Locust, after turning over completely and reversing its direction. (Record Staff Photo)

MRS. SMITH IN HOSPITAL

Two Hurt as Cars Overturn in Crash at City Intersections

Two women were injured Monday in separate auto collisions that overturned cars in the city's residential area.

Mrs. Burt Smith, 69, of 60 Locust, wife of a prominent barber, remained in Root Memorial Hospital Thursday recovering from head injuries.

Her 1953 sedan careened into dirt curbing at intersection of E. 10th St. and Locust, overturned upright itself and reversed its direction—all after being in collision with a 1956 pickup truck driven by Howard S. Weaver, 45, of 831 Cedar, dirt moving contractor.

Treated for minor injuries, but not requiring hospitalization, was Mrs. Shirley Ruth Davis, 19, of 265 Paris, who was assisted from the 1952 sedan she was driving after the auto overturned following a collision at intersection of E. Sixth St. and Locust.

A third auto collision within the city Monday happened near the Courthouse square, but resulted in no injuries.

The accident that injured Mrs. Smith happened at approximately 8:50 a.m. while she was driving south on Locust and Weaver was traveling east on E. 10th in his pickup.

Front of Weaver's pickup was in collision with right side of Mrs. Smith's sedan.

Impact of the collision knocked the pickup in a position facing southwest. The sedan careened across the intersection south on Locust, flipping over one complete turn at the edge of the street.

ALBAUGH EXPANDS, TOO

County Gains Two Wells, Three Sites

Oil operators have completed two new producers and added three drilling sites in each of two Mitchell County fields—Westbrook and Sharon Ridge-1700.

At same time the Albaugh (Yates) Field, which originated in Mitchell County and recently expanded west across Mitchell-Howard County line, has been extended with completion of a new pumpjack.

The new Albaugh Field oiler is Cosden Petroleum Corporation No. 1 Mary Chalk, finished for daily pumping potential of 46 barrels of oil, no water.

Site of the No. 1 Chalk is 990 feet from south and 330 feet from east lines of Section 90, Block 29, W&NW Survey.

Spotted as a new drilling location in Westbrook Field was Col. Tex Refining Company No. 5 O. T. Bird, a 3,300-foot project two miles northwest of Westbrook. Site will be 660 feet from north and 330 feet from east lines of southwest quarter, Section 40, Block 28, T-1-N, T&P Survey.

Another Westbrook Field drilling site is Theiss Drilling Company of Fort Worth No. 1-A Strawn, a 3,200-foot project on a 119-acre tract eight miles north of Westbrook. Site is 1,639 feet from south and 1,308 feet from west lines, Section 12, Block 28, T-1-N.

Staked in Sharon Ridge-1700 Field is Hamilton-Jordan-Blackwell No. 4 Leslie Hamilton, scheduled for 1,600 feet nine miles northwest of Colorado City. Drilling site is 990 feet from north and 1,320 feet from east lines, Section 9, Block 27, T&P Survey.

New production in the Sharon Ridge-1700 is Blake No. 1 Badgett, which pumped 12.2 barrels of 28 gravity oil on 24-hour potential from pay zone topped at 1,740 feet over total depth of 1,766 feet. Location is in Section 81, Block 97, H&TC Survey.

Adding to Westbrook Field production is C. W. Guthrie No. 9-A O. T. Bird, an 81-barrel oiler two miles northwest of Westbrook.

The No. 9-A Bird, with two percent water and 28-gravity oil, was finished after treatment with 12,000 gallons of fluid. Pay zone was topped at 2,930 feet over total depth of 3,068 feet.

Site is 330 feet from south and 2,333 feet from west lines, Section 34, Block 28, T-1-N, T&P Survey.

County 9 to 1 For Cotton Quota Penalty

Mitchell County cotton producers voted almost 9 to 1 Tuesday for marketing quota penalties on their 1957 cotton crop.

But only 202 went to the county's three polling places to mark ballots.

Favoring the marketing quota and price support plan along with the remainder of Texas were 181 Mitchell farmers. Twenty-one voted against the plan.

The 9 to 1 majority in Mitchell County was in line with the Texas trend which reported 32-852 for the '57 quota program and 3,430 against.

Last year the county balloted 302 for quota penalties and 48 against. However, two years ago—in 1954—Mitchell cotton producers registered an 18 to 1 majority for the control plan.

Balloting was down this year from the 1955 vote. The 202 total in ballots was 100 less ballots than the 302 cast last year.

At the Colorado City balloting box Tuesday the vote was 68 to 11. Westbrook counted 37 to 1 and Loraine 76 to 9.

The light turnout left 764 ballots unused in the county.

Council Approves Start For Rec Plan, Faces Finance Job

MORE BIDS IN JANUARY

San Antonio Firm Gets Freeway Job

Construction work on the largest single highway contract in history of Texas Highway Department's Abilene district will begin here early in 1957.

The \$1,840,324 contract was let Wednesday in Austin to Cage Bros. & T. C. Cage of San Antonio for 6.8 miles of U. S. Highway 80 freeway between Westbrook and Colorado City.

Included in the huge contract is both east and west freeway arteries, frontage and access roads, five grade separations with county roads and three bridges across Morgan Creek.

It is the first "package" contract for all phases of a freeway segment for the Abilene district as well as in Mitchell County. Previous freeway construction jobs have been for one artery at a time and without grade separations except at one location north of Loraine.

The \$1,840,324 construction job will be the first of approximately \$4,000,000 in Highway 80 freeway projects planned for construction within the county before next fall.

State Highway Commission Wednesday in Austin, in addition to letting the Westbrook-Colorado City contract, also set mid-January as date letting contract on a new million dollar U. S. 80 freeway project between Westbrook and Howard County line.

The January contract will be for improving the Westbrook-Howard County link to conform with current interstate design specifications by building new west-to-east traffic lanes, grade separations and service roads.

A third project of \$1,043,000 will be ready for contract next spring or summer and will improve to interstate specifications the U. S. 80 freeway east from Colorado City to Nolan County line.

Directorship Offered to Oklahoman

City Council gave the go-ahead signal Monday night for inaugurating a municipal parks and recreation program expected to cost \$12,000 to \$15,000 per year when in full swing.

The action was by unanimous vote of six councilmen after City Manager Rollin K. Snethen reported that additional revenue—outside the city's present budget—must be secured to pay for the program.

Here is the gist of the council action:

1. Voted to start the parks and recreation program toward full-fledged operation with hiring of a full-time parks and recreation director.

2. Set the salary for the director at \$4,000 annually plus \$50 per month auto expense for total of \$4,600.

3. Agreed to offer the director's post to William Brown of Norman, Okla., who was recommended by the city parks and recreation board.

4. Approved transfer of \$1,000 from a contingency fund to parks and recreation supervision to get the program started.

Brown, who was here recently to study the city's recreation plan and to meet with the board, was notified Tuesday of the council's action.

2nd city officials were expecting to hear from the Oklahoma man late this week whether he would accept the offer.

The unanimous action by council Monday night was in line with the recommendation presented by the parks and recreation board it had appointed earlier this year.

Rev. Earl Clary, head of the board, told council that the program had reached a stage where, if the program is to be properly developed, consideration should be given to the hiring of a trained specialist and to action setting up the actual program.

Written recommendation suggested the hiring of Brown, setting of salary and appropriation of \$1,000 to meet initial expenses of the program.

Snethen, who said a full-scale parks and recreation would cost between \$12,000 and \$15,000 per year, made it plain to council that the program's financing will constitute a problem within itself.

And he told councilmen they should face the fact that the funds must be raised later, before they make the initial decision to start the program with hiring of a director and making the initial \$1,000 appropriation.

The city manager said councilmen, to finance the program in next year's budget, will have to decide the source for new money.

In pointing out that the financing must be "new" money, he said council would have one of several alternatives: raising of the \$1.65 tax rate, increase price of water and using funds from the hike, charge for trash and garbage collection and channel tax money now used for that service into parks and recreation.

Another method discussed was through a revaluation of tax property.

AT CHRISTMAS PARTY

Abilene Vocalists To Sing for Lions

A musical program featuring outstanding vocalists of West Texas will highlight the annual Christmas party and ladies night for Lions here Friday.

Headlining the musical event in Civic House will be Bessie Westmoreland of Abilene, former opera and movie singer.

Also appearing in the program will be Mrs. Natalie Morris Lackey and Miss Dorothy Ann King, former McMurry College students, and Mrs. Westmoreland, former professional ballerina.

Westmoreland, who now is director of music at First Methodist Church and owner of a music store in Abilene, appeared with opera companies on the West Coast and in 10 movies before moving to Abilene in 1951.

In performances at Los Angeles Philharmonic Auditorium he sang the title role in "Faust" opposite Jerome Hines and had the tenor lead in "La Tosca" opposite Anne Jeffreys.

Westmoreland had separate seasons with American Opera Company and Los Angeles Civic Light Opera Company, singing in "Rose Marie" with Patrice Munsel.

At Greek Theater in Los Angeles he appeared in "Bitter Sweet" and "Bloomer Girl" and for four winter seasons toured Southern California with Masquers Quartet in addition to singing for Hollywood Opera Reading Club and Euterpe Reading Club.

In addition Westmoreland appeared in 10 movies, including "The Great Caruso"; sang with Santa Monica Symphony Orchestra on a coast-to-coast radio broadcast, and studied with Leon Ceparo, who is now vocal coach for MGM studio.

Miss King was featured vocalist with McMurphy College band and chorus on tours and appearances throughout the Southwest. Mrs. Lackey was featured also in solo and ensemble singing with the McMurphy chorus.

Mrs. Westmoreland, who continued her ballerina career professionally after marriage before moving to Abilene, taught for two years in Sutor-Syler Studio in Los Angeles.

The foursome's program Friday night for Lions and their guests will include Christmas and popular numbers as well as light opera.

Tabulating the votes Wednesday afternoon in the chamber office was a committee composed of Frank Massad, Ira Utz, Ralph Lee and Bell. Ballots, remained sealed in mail envelopes until the official counting at 4:30 p. m.

His home for most of his life was Buffalo Gap except for a period in the late 1930's when he was in Loraine community. Burial was in Buffalo Gap Cemetery.

Junior Cagers Split Games With Loraine

Colorado Junior High's ninth grade basketball team staged a successful season opening this week with a 48-35 win over Loraine's ninth graders.

But the local eighth grade team suffered a defeat at the hands of Loraine in their opener by the score of 26-21.

In the ninth grade game, C-City's center Dickie Richardson marked up 25 points with guards Danny Maples and Shorty Thomason racking up 14 and 8 points, respectively.

Colorado City was ahead all the way.

Both the local eighth and ninth grade will see action here Friday, 2 p. m. in Junior High Gym when they tackle Lamesa teams.

Eighth grade game is slated at 2 p. m. with the ninth grade tilt to follow immediately after, according to coach Bill Everett.

Country roads are almost always sixty-six feet wide because that was the width of the original surveyor's chain.

Members of Coach Ronald Services Colorado City squad who will compete in the tournament are Jim Richardson, Don Black, Richard Compton, Joe Merritt, Jerry Treadwell, Bob Caffey, Ray Weaver, Marion Flippin, Barton Smith and Rex Mason.

Coach Services, a graduate of Midwestern University, is in his second year at the helm of the Colorado City cagers.

IN CIVIC HOUSE

Christmas Dinner Compliments Hesperian Daughters, Guest

Members of the Hesperian Daughters Study Club honored their husbands Friday evening at a Christmas dinner in Civic House.

Mrs. Curtis Baker and Mrs. Charles Harrison were hostesses for the annual fete.

Mrs. R. P. Bates, club president, welcomed guests. Mrs. A. L. (Buck) Geer said the invocation. Mrs. Laurence Rudd, program chairman, introduced Mrs. J. F. Selcraig who told the story, "The Believer" by Virginia Cousins.

The story depicted an orphan child who heard of Santa through a Christmas poem and would not believe because he had never come to the orphanage.

The child found the answer through an age-old classic essay, "Yes, Virginia, There Is A Santa Claus," printed in a newspaper.

Mrs. Richard Montgomery directed a panomime quiz presented in form of a television program.

Centering the head table was

a Christmas tree decorated with the word "Care", representing the Care package which will be sent by the club.

Those attending the annual fete were Mrs. Baker, Mr. and Mrs. Bates, Mr. and Mrs. Geer, Mr. and Mrs. Frank Ginzle, Mr. and Mrs. E. V. Grantland.

Mr. and Mrs. Harrison, Mr. and Mrs. Glen Johnson, Mrs. Montgomery, Dr. and Mrs. Rudd, Mrs. Selcraig, Mr. and Mrs. Ray Sonnenburg, Mr. and Mrs. John M. Worrell.

IN AFTERNOON MEETING

1921 Club Studies Use of New Medicine and Experiments

"What's New in Medicine" was topic of program for 1921 Study Club Friday afternoon in the home of Mrs. W. L. Doss.

Four members of the club reviewed lives of three famed doctors and discussed the success of current experiments in medicine.

Mrs. Lee Lavender read a review of Dr. Jonas Edward Salk as compiled by Mrs. R. P. Price. She discussed his education and research in germs and viruses. For his continued and finally successful research in polio vaccine, Mrs. Lavender explained, he received a gold medal awarded by Congress.

Mrs. W. W. Rhode reviewed the biography of Dr. Edwin Joseph Cohn, who in 1927 extracted from liver the substance that controls pernicious anemia. Mrs. Pete Ainsworth discussed the life of Dr. Hans Selye, a brilliant director of the Institute of Experimental Medicine and Surgery at the University of Montreal.

"Dr. Selye believes stress to be the major cause of heart trouble and other degenerative disorders," Mrs. Ainsworth said, "and he has written a book by

that name, 'Stress'."

Mrs. R. H. Ratliff Sr. told of various incidents which "spare parts" from the bodies of deceased persons saved lives of living persons.

"Several medical centers now operate spare parts banks," the group heard, "consisting mostly of corneas of the eye, artery lengths, skin, bone and muscle."

Many obstacles remain to be solved in transplanting human parts, the speaker continued.

Problems of storing human parts are being solved in various ways. Corneas can be preserved for only 24 hours now, she said, but the National Society of Medical Research reports that experiments with a glycerine solution at low temperatures may boost the time deadline to four months.

In closing Mrs. Ratliff said, "While transplant operations still hold many mysteries, the success of current experiments should

hasten the day when many of us will take a new lease on life through use of human spare parts."

Mrs. O. E. Rhode was program leader.

During a club meeting Nov. 30 in the home of Mrs. O. E. Rhode, Mrs. V. R. Trulock advised members to relax with middle brow music. Mrs. Hooks played selections demonstrating middle brow music—"Indian Love Call," "Going Home," carols and spirituals.

Members attending the Friday afternoon meeting were Mrs. Ainsworth, Mrs. J. S. (Jess) Craddock Sr., Mrs. M. J. Dawson, Mrs. E. L. Dorn, Mrs. U. G. Hardison, Mrs. A. O. Hickman.

Mrs. W. C. Hooks, Mrs. Lavender, Mrs. P. K. Mackey.

Also, Mrs. W. R. Martin, Mrs. J. T. Pritchett, Mrs. Ratliff, Mrs. O. E. Rhode, Mrs. W. W. Rhode, Mrs. Trulock and the hostess, Mrs. Doss.

To Return Home

Mr. and Mrs. W. R. Burchard of Sacramento, Cal., are to return home Monday after visiting

here three weeks in the home of Mrs. Burchard's sister, Miss Mildred Coleman.

THIS CHRISTMAS

Give 'Him' Gifts To Wear, Enjoy

This year gift shopping for the new orlon jersey pullover is more interesting than ever before. Styles are different. There's a rich variety of colors and patterns. And wonderful new fabrics to choose from.

Perhaps the men on your gift list aren't very style-conscious, but these good-looking, practical gifts will certainly inspire them. The man who knows clothes will appreciate these handsome additions to his wardrobe.

All men will appreciate a new addition to their shirt stock. Choose a sparkling white for formal occasions, or a subtle, patterned shirt for the single man in his favorite collar and cuff style.

For the man who wears there are new styles in neckties. A rich, patterned tie would be a perfect companion gift with a formal shirt.

In sportshirts, the choice is unlimited as to fabric, style and color. They'll be sure to like one smart, new pajamas with slacks.

Gay, Imaginative Wraps Put Extra Sparkle in Yule Gifts

One of the prettiest, and most exciting sights of Christmas is the sight of children's gift boxes. Beautifully wrapped gifts piled under the Christmas tree, or in the premises of happy surprises in store — there is the thoughtfulness that went into the selection of each gift — and there is the love and imagination that went into each gift wrapping.

Decking each gift in a joyous wrapping is half the fun of gift giving. But just as important as doing your gift wrapping early is allowing plenty of time for your gift wrapping. The fun is spoiled if this part of Christmas preparations is hurried.

A man will get an extra lift of spirits when his package is personalized with his own handwriting. He is a more thoughtful, raffish type of fellow when he is given a gift.

Start early to collect the materials you'll need to add novel touches to your gift packages. Let your imagination have full swing and you'll find a clever idea to highlight each gift wrapping.

For pretty Christmas packages, just as important as goes beyond the use of novel wrappings. More and more clever cut-outs and trims are being added to gift packages.

The ingenuity that is evident in any display of Christmas gifts goes beyond the use of novel wrappings. More and more clever cut-outs and trims are being added to gift packages.

Whatsoever you do to make your gift boxes distinctive, they're sure to show that your warmest wishes are tucked inside!

So plan now to make your gift packages. Let your imagination have full swing and you'll find a clever idea to highlight each gift wrapping.

Golfers' Gifts Are Numerous

Among the increasingly popular Christmas gifts are those in the golf line. Golf accessories should also be in popular interest. It is estimated that \$1,000,000 will be spent on golf gifts this year.

Golf bags, head covers, golf one-quarter of them will play a role in the game. Not only that, but children's home putting devices and golf umbrellas all fit into the Christmas gift picture.

With the game so highly popularized by President Eisenhower's score with a golf present!
