THE SNYDER DAILY NEWS

VOL. 8, NO. 301 — SNYDER, TEXAS, WEDNESDAY, APRIL 16, 1958 — EIGHT PAGES—PRICE 5c

CITY HALL TAGGED—Inspectors for fire hazards didn't have far to go to find an appropriate place to hang their first red tag denoting a fire hazard this morning. They found the hazard at the electric junction box on the back of the city hall, starting point of their inspection here. Twenty teams of inspectors are inspecting Snyder for fire hazards today. Pictured above is one of the teams. From left are H. A. Smith, Jr., city fireman; Jimmy Crosson, Boy Scout, L. A. Daniel, and Kenneth Huey, members of the Texas Insurance Fieldman's Association which is making the inspection under sponsorship of the Chamber of Commerce and the Snyder Fire Department. President Still Sees No Need For Tax Cuts

By MARVIN L. ARROWSMITH

WASHINGTON (AP) — President Eisenhower said today that whenever he is convinced a tax cut would benefit the country, the administration will consider it.

But, at a news conference, Eisenhower gave no indication of any change in his thinking that no tax reduction is necessary at this time.

Eisenhower was reminded by a reporter that former President Truman advocates a five-billion-dollar tax cut for low and middle income groups.

A newsman asked then for Eisenhower's views regarding taxes—and what form any reduction should take.

Without mentioning Truman by name, Eisenhower said he would have no comment on the views of any one else.

But he went on to say that when he is convinced a tax cut would benefit the United States, then it will be taken up.

Eisenhower cautioned against rushing into any huge public works program in an effort to combat the recession. Truman advocates a big increase in spending for such projects.

Saying we must be very, very careful about getting into such programs, Eisenhower added we should try to be reasonable and not get what he called a Sputnik attitude about everything.

The President offered a rebuttal to Truman's call for reducing costs of carrying the public debt.

Eisenhower said that in order to lower interest costs on the public debt it might be necessary to flood the country with money to sustain a lower interest rate. That in turn, he added, would mean higher prices.

And that is the sort of program he for one never will go for, Eisenhower said.

Today's conference marked the first time in a year Eisenhower has met four weeks in a row with newsmen.

He dealt with these other topics:

VETO—A reporter told Eisenhower his veto yesterday of a 1½-billion-dollar water projects authorization bill is being criticized by some in Congress who felt the program would help fight the recession. The reporter, Sarah McClendon, who represents several Texas and other papers, said Rep. Wright (D-Tex) had expressed the opinion that Eisenhower ought to leave out some of his golf playing and get out for a first-hand look at conditions in the country.

The congressman feels, Miss McClendon added, that Eisenhower then would see the need for such projects.

Eisenhower replied, with no show of irritation, that he doesn't know Cong. Wright but has visited small villages and towns throughout the country—many more than the congressman.

With that Eisenhower recognized another questioner.

HIGHWAY BILL—Asked whether he intends to sign or veto the $1,800,000,000 highway construction bill, Eisenhower noted he has until midnight to act, and added he will do so by that time.

At first he replied that he has until midnight to send a message to Congress. There was no way of being sure whether that remark might have tipped his hand. Ordinarily—but not necessarily—a message to Congress in connection with action on a bill means a presidential veto.

GOP congressional leaders have been speculating that Eisenhower will sign the highway measure.

ACHESON—A reporter noted that Dean Acheson, secretary of state in the Truman administration, suggested yesterday that presidents of the United States ought not to attend international summit conferences. Eisenhower said there may be something to the Acheson view.

Later Eisenhower added he thinks there is a very great deal in what Acheson says. Acheson took the position in a Kansas City speech that presidents should maintain a detached attitude and not become involved personally in attendance at heads-of-government conferences.

Eisenhower replied he has always felt that way about it, too.

But he said he always will be willing to take a risk and attend such conferences if he feels there is any chance progress could be made.

That, the President said, is the only way to take a forward step.

Hit-Run Accident Is Fatal To Man

MIDLAND (Spl.) — A 21-year-old Snyder Negro man, Earl Guarcia, died just before midnight last night in Midland Memorial Hospital from injuries suffered in a hit-and-run accident early yesterday morning.

Guarcia, son of Mr. and Mrs. Joe Guarcia of Snyder, was found by Midland police shortly after midnight yesterday beside a road in the eastern outskirts of the city and was taken to the hospital for treatment.

He had been struck by an auto which had fled, but 30 minutes after he was found police arrested Clarence Williams, 21, a Midland Negro man and filed a felony charge of failure to stop and render aid. He had been traced through a license plate found near Guarcia.

The body was to be returned to Snyder today for funeral arrangements.

Guarcia had been in California since 1955 and was returning home. He had stopped by Midland to visit a sister, Mrs. Leslie Riggins.

This was the second time in six months tragedy had struck the Riggins home. Six months ago Mrs Riggins' nine-month-old daughter, Cynthia, was found dead in a cotton patch near her home. She had been kidnaped a few hours earlier from a car outside a Negro night club.

Eusebio Martinez of Midland subsequently was found guilty of murder by a jury in 142nd District Court, which fixed his punishment at death in the electric chair.

Survivors of Guarcia include the parents, the sister of Midland, two sisters in Snyder, three brothers in Snyder, and one brother in California.

Jaycees To Convention In Austin

Seven members of the Snyder Junior Chamber of Commerce will participate in activities of the annual state Jaycee convention.

Some were leaving today, some tomorrow, to attend the Austin convention, which will last through Saturday. Leaving today were Mr. and Mrs. Dick Roberts and Mr. and Mrs. Mel Zane Gilbert. Leaving tomorrow will be Mr. and Mrs. Kenneth Baker, Dr. and Mrs. Jack Nesbitt, Mr. and Mrs. Howard Milburn, Carl Barton, and Charles Blakey.

Blakey is president of the local Jaycees, while Roberts is new president-elect. Gilbert is state director.

The local delegation is going to the convention uninstructed on voting in the convention. Candidates for state president are Moton Crockett, Austin realtor, and Bill Gaffney, Bellaire attorney. Cities bidding for the 1959 state convention are Fort Worth, Galveston, El Paso and Brownsville.

The Snyder delegation is taking some reorganization plans to submit for consideration of the state policy group. The plans have to do with the basis for voting used by the state organization. Under the present organization, Snyder has six votes at conventions. Maximimum number of votes for any club is 12. The number of votes is determined by population of cities.

The local group will submit in state competition its religious activities scrapbook. The religious activities projects were headed by Roberts this year.

New Round Of Showers Due

By The Associated Press

Texas skies were generally clear Wednesday but a low pressure area building up to the west promised another round of showers.

The low extended from Mexico into Southern California.

A light early morning shower at El Paso was viewed by the Weather Bureau as a forerunner of damp and cloudy weather in West and South Texas. Clouds were expected to move over North and East Texas Thursday.

Temperatures were mild, varying from lows of 42 degrees at Dalhart and Junction to 65 at Laredo.

Highs Tuesday varied from 72 at Fort Worth to 84 at Alice and Junction.

Passage Expected For Anti-Secrecy Measure

WASHINGTON (AP) — A bill to knock out use of a 169-year-old law for federal secrecy comes up for expected overwhelming House passage today.

News industry spokesmen pushed the measure before a Senate Constitutional Rights subcommittee too, hoping to win final passage during this session of Congress.

Editor V. M. Newton Jr., heading Sigma Delta Chi journalistic fraternity's Freedom of Information Committee, told the senators reporters have run into a "blanket of secrecy draped over most of the executive government in Washington." Newton is managing editor of the Tampa (Fla.) Tribune.

Chairman Moss (D-Calif) of the House Government Information subcommittee, piloting the bill in the House, said passage would serve notice that federal secrecy "for capricious or arbitrary reasons cannot be condoned."

Rep. Hoffman (Mich), the lone subcommittee Republican, said he would fight the measure with administration support on grounds the bill was unconstitutional.

Target of the pending measure by Moss is a 1789 law authorizing department heads to issue regulations for the "custody, preservation and use" of records.

Moss' one-sentence bill would amend the old statute to say it does not authorize withholding information or the availability of records from the public.

The California congressman said the old law was originally intended as a simple administrative housekeeping statute. But he said federal officials have used the law as authority to keep secret some documents they find no other grounds for withholding.

He said his bill is "merely a first step in combating unnecessary executive secrecy."

Federal departments led by Atty. Gen. Rogers have opposed Moss' measure on various grounds. One is that it would run afoul of secrecy powers the executive branch contends are inherent under the Constitution. Another is that it would disrupt established procedures for withholding information and for giving it out.

Moss said his bill would not affect some 80 other laws on the books providing for secrecy of various types, including the safeguarding of military secrets, confidential industry data and FBI investigative reports.

Newton told the Senate subcommittee in a prepared statement that Rogers has put up a legal smoke screen in advancing a doctrine of executive secrecy privilege.

Newton submitted to the Senate committee a 1957 Sigma Delta Chi report which he said documents 93 cases where reporters have run into secrecy that is a "direct abridgment of the American people's right to know about their federal government."

America Tops In Beauty At Brussels Fair

BRUSSELS, Belgium (AP) — The Soviet pavilion at the Brussels World Fair may have Sputnik, but the American pavilion has girls.

And, although the Soviet Union spent more than 50 million dollars on her exhibit while the United States spent less than 15 millions, Uncle Sam wins the beauty laurels, hands down.

The great circular glass-and-gold American pavilion dominates the colorful grounds. It is in happy contrast with the somewhat grim facade of the Soviet building next door, an austere rectangular structure with an ironwork arrangement on top suggesting a concentration camp.

The pretty American hostesses in their trim gray suits and bronze-color berets are much in evidence at the U.S. pavilion, as are the glamorous models exhibiting typically American clothes in a continuous fashion show.

In the Soviet bailiwick you see 10-ton machines, stony-faced male guides — and, of course, Sputnik. The Soviets will have hostesses too, they say, but at a press preview today they were nowhere in sight. An interpreter explained that their uniforms had not arrived.

Opening tomorrow, the exposition is at this stage a great, colorful, beautiful and far-from-complete panorama in which most of the nations of the world are putting their best foot forward.

Pilots Set For Strike At Midnight

CHICAGO (AP)—Pilots were ready today to strike against American Airlines at one minute before midnight.

The deadline has been set by the Air Line Pilots Assn. The union said it represents 1,541 pilots who work for American.

An ALPA spokesman said pilots will cease work at 11:59 p.m. in each time zone, but planes in operation will continue to their destinations.

The union said the major issue is compensation. It said current rates range from $400 a month for a new co-pilot to $1,601 for DC7 captains. The union said those rates are about $200 under the levels at other major air lines.

Working conditions also are involved.

American Airlines, with headquarters in New York City, operates in 26 states, Canada and Mexico.

The union last night rejected an offer of the National Mediation Board to try anew to settle the dispute.

Child Injured When Run Over By Auto

A three-year-old Snyder boy received a broken leg when run over by a car driven by his mother here yesterday afternoon, police said.

The injured child is Paul Norred, son of Mr. and Mrs. Bob Norred, who live on the Clairemont Road in north Snyder.

T. L. Steele, police chief, said that the accident occurred in the driveway at the Norred residence at about 4 o'clock yesterday afternoon.

The child was taken to Cogdell Memorial Hospital by Bell ambulance.

Perfect Defense In Space Foreseen

WASHINGTON (AP) — The Air Force's research chief raised a possibility today that some fantastic new device on space ships might someday be able to stop an aggressor without loss of life or property.

Lt. Gen. Donald L. Putt acknowledged in testimony prepared for the House Space Committee that some scientists may scoff at the idea as highly imaginary.

However, he said, it is quite possible that today's nuclear warheads will be totally obsolete as weapons for manned space vehicles of tomorrow.

In advising a positive approach to new developments, Putt said: "It is even possible that some fantastic new device might enable our manned space forces to neutralize or paralyze an aggressor without loss of life or destruction of property." He did not go into further detail on this point.

He said America must give top priority to becoming the first nation able to control space. If world liberty is to prevail, he said "We cannot permit the domnnance of space by those who say they will bury the United States."

He pictured manned vehicles as the only way truly to conquer space, just as piloted planes control the air, because of man's ability to get the top use out of any vehicle or weapon.

Reporting that the Air Force is looking into several proposals for manned satellites which would return to earth, he said, "Manned space flight in this manner is much closer than you think — a certainty within an extremely short time."

Putt strongly backed President Eisenhower's proposals for a separate civilian space agency. He said America must put more effort into basic research if it is to be the undisputed leader in space technology 10 years from now.

New Optical Bill Upheld By Court

AUSTIN (AP)—The Supreme Court today upheld a Beaumont district court injunction against operators of Lee Optical Co. in 14 Texas cities violating the new state law banning price advertising of eyeglasses.

Operators of the firm had contended the law was unconstitutional.

The suit was brought by operators of Texas State Optical Co., which competes with Lee Optical in the 14 cities.

The court split on the decision with Justice St. John Garwood, who is retiring at the end of this year, writing the majority opinion and Justice Clyde Smith writing a dissenting opinion. Justice Joe Greenhill said he did not take part.

The majority finding today was in direct conflict with Atty. Gen. Will Wilson's Nov. 18 opinion that the law was invalid because its caption did not make direct reference to the antiadvertising provision in the body of the bill.

The case came directly from the district court because a question of constitutionality was involved.

Technically the suit was filed by S. J. and N. J. Rogers of Beaumont, co-owners of Texas State Optical. N. J. Rogers is a member of the State Board of Optometry.

Defendants Robert Shannon, Ellis Carp and Stanley Pearle, all of Dallas, were accused last Jan. 8 of advertising "single vision glasses, as low as $12.50, easy credit, no money down."

The Beaumont injunction stopped publication of prices via newspapers, radio, television, billboard signs or any other means in Beaumont, Corpus Christi, San Antonio, Dallas, Austin, Houston Fort Worth, Waco, Wichita Falls, Pasadena, Grand Prairie, Cleburne, Longview and Tyler.

Garwood's majority opinion held that the mistake in the caption of the legislative act need not be fatal to the entire bill. He pointed to previous rulings of the court that a caption is sufficient if the new provisions made in an amendment act are reasonably related to the original subject matter.

However, Garwood's opinion called attention to a supplemental argument submitted by lawyers for Lee Optical after the oral appeal before the court.

In the supplemental argument it was alleged that the caption of the anti-advertising law purported to deal only with "opthalmic dispensers"—those who sell glasses. They argued that "optometrists," those who examine eyes and write prescriptions, might not read the provision, thinking it did not apply to them.

Garwood said the majority did not attempt to interpret what the Legislature meant by "ophthalmic dispensers," since here is no statutory definition of the term.

Spring Weather Is In Prospect Here

DALLAS (AP) — The Weather Bureau issued today this 5-day outlook for April 16-21:

East and Central Texas: Temperatures near normal; minor daily changes; precipitation generally moderate in occasional rain Thursday or Friday.

West Texas: Temperatures near normal north, slightly below normal south; minor daily changes; precipitation locally heavy south; otherwise moderate in occasional rain Thursday or Friday.

WEATHER

SNYDER TEMPERATURES: High Tuesday, 86 degrees; low, 42 degrees; reading at 7:30 a.m. today, 45 degrees.

East and North Central Texas: Partly cloudy this afternoon and tonight, becoming mostly cloudy Thursday; mild temperatures.

South Central Texas: Considerable cloudiness and mild through Thursday; a few showers south portion Thursday.

West Texas: Partly cloudy to cloudy through Thursday, a few showers Pecos Valley westward; no important temperature changes.

School Board Okays Effort For Joint Valuation Service

The Snyder school board last night voted to cooperate with the county commissioners court in an effort to employ one tax valuation engineer to provide services for both the county and the Snyder school district.

The vote came after Max West, president of the board, reported meeting with the commissioners court Monday and discussing the possibility and that the court appeared favorable to attempt to get together on use of tax valuation services.

The school district now uses the firm of Pritchard & Abbott at a cost of $15,000 a year, the county the firm of Thomas Y. Pickett at $25,000 a year. It is estimated that some $10,000 or more could be saved if the two used the same firm.

Both the commissioners court and school board appear to favor the idea of taking bids from all the reputable tax valuation firms in the state for joint services to the county and schools. The bids would be from the firms they now use plus at least one other and probably several other firms. They would reserve the right to reject any or all bids.

At last night's meeting, the board had as an audience Pat Falls, director of instruction; Bill Nesbitt, supervisor of secondary education; Clois D. Henry, assistant high school principal; and Ralph Lasswell, junior high principal, for a discussion on the staff utilization project in the schools here. The staff utilization program is being carried on in cooperation with the Ford Foundation, which makes grants for part of the expense of the operation. Included in the program so far has been experiments in instruction to large classes and use of closed circuit television. A committee of the board had met last week with all teachers involved in the program for a discussion.

If was generally agreed, those meeting with the board reported, that the experiment here has shown that large classes as organized in the high school here now are not successful, but they recommended that a staff utilization program

Storms Lash Florida Areas

By The Associated Press

Rains ended and winds diminished in most of Florida today in the wake of violent weather which hammered sections of the state yesterday.

At least four tornadoes struck the state, injuring 50 persons and damaging more than 50 homes. Property damage was estimated at five million dollars. Heaviest hit was Fort Pierce, a Florida east coast resort community of 23,000 population, some 60 miles north of West Palm Beach. Five of the 26 persons hospitalized were reported in serious condition.

Other twisters hit north of Fort Pierce, at St. Augustine, and on the Florida west coast, near Fort Myers and at Wimauma, south of Tampa.

Most of the stormy weather moved seaward during the night but gusty winds of 40 m.p.h. and heavy showers spread into the Carolinas. The wet and windy weather headed northeastward through the south Atlantic states and was expected to extend along coastal sections into southern New England.

France Facing A Deepening Crisis Without Government

PARIS (AP) — France was back in familiar shape today: no government, a deepening crisis in North Africa and no solution in sight for either.

President Rene Coty began another weary round of political talks in search of someone who might rally enough National Assembly votes to succeed Felix Gaillard as premier.

Gaillard resigned last night after the Assembly voted 321-255 against his call to accept a U.S.-British plan for settlement of France's dispute with Tunisia. The plan called for French-Tunisian negotiations on withdrawal of French troops from all of Tunisia except the Bizerte naval base.

There was no readily apparent successor to the 38-year-old economist. The votes which finally cut him down after five months of cliff-hanging came from the two extremes of French politics, which cannot combine to form the 25th postwar government.

The Socialists, who control about 100 votes, sent out word that the only man they would support is the former premier and foreign minister, Georges Bidault of the Catholic Popular Republicans (MRP).

He voted against Gaillard last night and he has opposed the government's policy all along on the Tunisian issue. Thus it was also possible that Bidault could get support from the right-wing elements.

Other possibilities are former Premier Antoine Pinay; Jacques Soutelle, former governor general of Algeria; former Premier Rene Pleven; and Pierre Pflimlin, finance minister in the outgoing Cabinet.

Gaillard's was the second successive government brought down by rightist opposition led by followers of Gen. Charles de Gaulle, to concessions in North Africa. Last Septmber they finished off Maurice Bourges-Maunoury because he proposed political reforms — later adopted — for Algeria. This time they triggered the political guillotine because Gaillard agreed to defer the French demand for closing of the Algerian-Tunisian border against the Algerian rebels.

The Communists as usual opposed the government's continuing attempt to hold Algeria by subduing the 3½-year-old rebellion.

Gaillard's fall meant the end of the U.S.-British conciliation efforts begun after France bombed a Tunisian border village Feb. 8, claiming it harbored Algerian rebels. The two-man good offices mission — Robert Murphy, U.S. deputy undersecretary of state, and Harold Beeley of Britain — packed for home.

ECONOMY RUN—The 60-car caravan including competitors in the 1958 Mobilgas Economy Run passed through Snyder early this morning en route to Abilene and Dallas today. They are making an economy test run from Los Angeles to Galveston. Two Snyder High School girls, Sharon Morgan, left, and Brenda Pierce, were among the several early risers who watched the cars pass through Snyder from 5:45 to about 6:30 o'clock this morning. They are shown above waiving to occupants of a Lincoln Continental, one of the test cars. Of the 60 cars in the caravan, 29 are actually competing in the economy test. (Lee Watson photograph)

Alsbury Still Holding Long Lead In 'Run'

LUBBOCK — Mel Alsbury, looking for his third straight sweepstakes title, held a long lead today as the 29 stock cars headed out for the next-to-last day's run in the annual Mobilgas Economy Run.

Alsbury stretched his lead to about 4.7 ton-miles over his brother, George Alsbury, in the cumulative averages at the end of yesterday's run.

Mel Alsbury had a ton-mile rating of 63.8194 and an actual miles per gallon average of 20.9433 as the drivers started today's run to Abilene and Dallas. He was driving a Chrysler Imperial Crown and led the high price field.

George Alsbury, in a Chrysler New Yorker, paced the high-medium price class with a 59.119 ton-mile rating. His actual 21.2442 miles per gallon was the best recorded.

The drive, which started Sunday in Los Angeles, ends Thursday in Galveston, Tex.

The ton-mile rating was devised to permit heavier and lighter cars to compete on equal footing. It is obtained by multiplying actual miles gallon by tons of automobile.

Leading the low-price field was Mary Davis with a 49.5497 rating and 20.5579 actual miles per gallon in a Plymouth Belevedere.

Link Paola, driving an Oldsmobile 88, paced the low-medium price class at the end of three days with a rating of 51.3290 and actual miles per gallon of 19.5167.

PUBLIC RECORDS

BUILDING PERMITS:

Vida Wasson, addition to carport, 1400 Thirtieth Street, $200.

FILED IN CIVIL DISTRICT COURT:

Doyle Kennemur vs. The Travelers Insurance Co., compensation.

Iva Nell Cain vs. Harold Dean Cain, divorce.

MARRIAGE LICENSES ISSUED:

Dewie Wilson Birdwell, 48, 2700 Forty-second Street, and Mrs. Merle Margaret Busby, 43, 4016 Austin.

WARRANTY DEEDS RECORDED:

Winston Co. Inc., to Bob Parks & Sons, west 81 feet of lots 11 and 12 and west 81 feet of north 40 feet of lot 10, block 27, Colonial Hill addition, except minerals.

Winston Co., Inc., to Protestant Episcopal Board of Trustees for the Missionary District of Northwest Texas, lot 7, block 25, Winston, replat of south half of blocks 24 through 28, Colonial Hill addition, except minerals.

Mr. and Mrs. H. B. Allen to Jim Sullenger, west 120 feet of south 90 feet of lot 3, block 50, Grayum & Nelson Heights addition.

W. A. McGlaun to C. B. Teasley, lots 1 through 4, block 23, Belmont Park Heights addition, except minerals.

NEW VEHICLES REGISTERED:

John N. Hazle from Bailey Auto Co., San Angelo, 1958 Mercury station wagon.

NEW YORK (AP)—Stocks opened mixed in active trading today. The ticker tape was late in the initial rush.

Key stocks showed mostly fractional changes.

Chance Vought was up ⅝ at 42¾. Getty Oil off ⅛ at 25⅜. American Motors unchanged at 9⅝. Merck up ½ at 50⅜. and Lorillard up ¼ at 52¾.

Bethlehem Steel was off ⅛ at 37⅜, Boeing off ½ at 40, Baltimore & Ohio off ⅛ at 25⅜, Southern Pacific off ⅛ at 40 and General Electric off ½ at 57¾.

Santa Fe, New York Central and Radio Corp. made small gains; General Motors, Westinghouse and Kennecott were off.

Scouters Set Roundtable Session Here

The monthly roundtable meeting for scouters has been scheduled for 7:30 p.m. tomorrow in Room 111 at the high school.

Included in the sessions will be a meeting of the district committee, headed by Wayland G. Holt. The seven operating committee chairmen of the district and their panels are due for that meeting.

Dan Cotton, district commissioner, heads the roundtable portions of the meeting.

At the meeting, Mayor Harold Bennett will make presentations to Holt and Harold Lacik, district commissioner for 1957, the God and Country Program Award of the Boy Scouts of America. This district was one of three in the Buffalo Trail Council earning the award in the four-year program, "Onward for God and My Country."

Holt will explain to the group the World Friendship Good Turn of the Boy Scouts, in which each boy will be given an opportunity to give to the world friendship funds. Suggested amount for West Texas is 10 cents per boy.

The Boy Scout leaders roundtable will be under direction of Harold Lacik, new roundtable commissioner, who will lead a discussion on the council scout roundup to be held at Big Spring Friday and Saturday. He will also show a 20-minute film on patrol and troop camping.

The Cub leaders roundtable will be led by Bill Balhorn and Mrs. Frank Cabiness, who will discuss the theme for the month and summer cubbing.

"Orpheus and Eurydice," Gluck opera, is the oldest opera in the world. It was first performed in Vienna, 1762. It is still performed in most operatic repertoires.

Soviets Told West Ready

LONDON (AP) — The three Western powers told the Soviet Union today their ambassadors were ready to begin broad scope summit talk preparations in Moscow tomorrow.

In carefully worded notes delivered to the Soviet government, the United States, Britain and France expressed their willingness to take the first step on the road to a possible top-level meeting if the preparatory work included basic East-West issues.

They insisted the preliminary diplomatic negotiations should define the major questions dividing the four powers in order to bring out the possibilities of agreement on them.

BIRTHS

Mr. and Mrs. Ernest Sears, 3818 Highland Drive, are parents of a seven-pound daughter, born at 2:59 p.m. yesterday at Cogdell Memorial Hospital.

An eight-pound, eight-ounce son was born at 3:13 p.m. yesterday in Cogdell Hospital to Mr. and Mrs Wayne Dugan, 2109 Avenue T.

A daughter weighing six pounds, 14 ounces, was born to Mr. and Mrs. Dewey Permenter, 1312 Avenue N, at 9:53 p.m. yesterday in Cogdell Hospital.

SCHOOL

Continued From Page One

be carried on in a different manner. The high school would go back to regular-size classes of 25 or so, but a proposed program would provide that some teachers in same areas, if they desired to do so, could carry on a staff utilization program by working together if it can be properly scheduled and if the type program can be financed.

The new program would be on a much more limited basis than the present staff utilization program, which is now carried on in four subject areas in the high school. It was generally agreed that the present program had caused much confusion, although its results showed to be good in many ways. Nesbitt reported that there will be a complete evaluation of this school year's staff utilization program by June. The biggest advantage in having the staff utilization program is that teachers have taken a closer look at instruction, it was reported. Much of the confusion has been caused by lack of facilities to handle so many large classes and by some technical breakdowns in equipment.

The board instructed the staff to draw up a proposal of its idea of what the staff utilization program should be next year for the board's consideration. After that time, mechanics of the new program will be submitted to the Ford Foundation for its consideration and its participation if it desires to continue participation.

M. E. Stanfield, acting superintendent, said that Fred Buford of Dallas, architect for the schools in its building program, reports good response to the board's call for bids on the new South Elementary School. The bids are to be opened May 6. The board will hold another special meeting Monday night to hold further discussions with Buford on the junior high building program.

A special screening committee of the board will be working during the latter part of this week to begin screening applications for the position of school superintendent. No count was immediately available on the number of formal applications turned in so far, but there are many, Stanfield reported.

California Assemblyman In Limelight

SACRAMENTO, Calif. (AP) — For the first time in 14 years as a state assemblyman, Montivel Burke stole the limelight.

His vote would have passed the state budget in the assembly yesterday. But the Alhambra Republican was in San Francisco rooting for the Los Angeles Dodgers against the Giants.

The Dodgers lost 8-0.

The budget lost 53-23, one vote short of the 54 needed.

Of the four absentees, assemblyman Donald Doyle was in Washington and assemblymen A. I. Stewart and Wallace Henderson were ill.

A hurried telephone call asked Burke to take a private plane back to the capitol while the roll was held open.

"I'm afraid to ride on those private planes," Burke said last night, "so I suggested a highway patrol car come and get me."

The patrol got him and sped toward Sacramento. But too late. During the wait, four votes switched against the budget. Burke's vote no longer made any difference, so the assembly adjourned before he got there.

Morocco's Cabinet Out

RABAT, Morocco — King Mohammed V early today dissolved Premier Mohammed Bekkai's government, a Cabinet dominated by Morocco's leading Istiqlal party.

The dissolution resulted from a length dispute between the Istiqlal and the Democratic Party of Independence (PDI).

Morocco has no Parliament. No national elections have been held in its two years of independence.

Bekkai, an independent and old friend of the King, had been premier since independence changes.

The Istiqlal resignations resulted from a PDI complaint to the King, with Bekkai's approval, against the government closing of two PDI newspapers at Istiqlal request.

Beauchamp Rites Held

DUNN — Funeral services were held yesterday afternoon at the Fifth and Elm Church of Christ in Colorado City for Clarence W. Beauchamp, retired farmer of the Dunn community.

Mr. Beauchamp, 82, died Monday at the home of Mr. and Mrs. Carl Caswell.

W.E. Burkham, minister of the church, officiated in services, assisted by Bob Barnes, minister of the Dunn Church of Christ. Burial was in the Colorado City Cemetery.

Survivors include three daughters, Mrs. Carl Caswell of Dunn, Mrs. J.T. Brown of Chandler, Ariz., and Mrs. Bill Beauchamp of Colorado City; one son, J.M. Beauchamp of Azle; one sister, Miss May Beauchamp of Fort Worth, 19 grandchildren, and 12 great-grandchildren.

Dr. J. E. Froelich, one of the top scientists responsible for the baby moon Explorer, spends most of his spare time playing gin rummy.

New Budget Is Submitted

BONN, Germany (AP) — Finance Minister Franz Etzel presented a balanced budget to Parliament today without any provision to pay support costs for Allied troops in West Germany.

The budget which the cabinet approved in January is for 39¼ billion marks—almost 9¼ billion dollars—for the year that began April 1, up 1¾ billion marks from last year.

The new budget was balanced by money left over from unspent defense appropriations last year, Etzel said.

The United States, Britain, France and Belgium had made claims for the extra costs of supporting troops in Germany. They contended last year's surplus and Germany's general prosperity resulted from military expenses she saved because other nations were defending her.

Service Set Today For Mrs. Browning

Funeral services were held at 3 p.m. today for Mrs. Buford Browning, 40, of 1910 Coleman, who died Monday in Cogdell Memorial Hospital here.

C. Dale Brooks, minister of the Thirty-seventh Street Church of Christ, officiated at services, assisted by Glen Pace, minister of the Twenty-fifth Street Church of Christ, where services were held. Burial was in the Fluvanna Cemetery under direction of Bolger Funeral Home.

Survivors include the husband, one daughter, Eleanor Jean Browning, one sister, Mrs. Marionette Baze of Snyder; one brother, J. D. Patterson of Fluvanna; and her parents, Mr. and Mrs. Merton Patterson of Fluvanna.

RSPCA Appeals In Behalf Of Chimps

LONDON (AP)—The Royal Society for Prevention of Cruelty to Animals appealed to the United States today not to send chimpanzees into space aboard satellites.

The society, which protested to the Soviet Union when it sent a dog into space aboard Sputnik II, sent a letter to U.S. Ambassador John Hay Whitney.

The letter said reports that future American satellites would contain chimpanzees cause the greatest apprehension to animal lovers in Britain and elsewhere.

U. S. Gives Ground In Sea Law Dispute

GENEVA, Switzerland (AP) — In a move to save the faltering law of the sea conference, the United States has sacrificed a long-standing principle. It proposed extending the limit of territorial waters from three nautical miles offshore to six.

The Americans gave way as the 86-nation parley appeared headed for a stalemate over the territorial issue — its most important task. A two-thirds majority is required for conference approval.

LEGAL NOTICE

THE STATE OF TEXAS
No. 1677

To Any Sheriff or Any Constable within the State of Texas — Greeting:

Mercantile National Bank at Dallas, Ancillary Administrator of the Estate of John Edward Bishop having filed in the County Court of Scurry County, Texas a Final Account of the Condition of the Estate of said John Edward Bishop Numbered 1677 on the Probate Docket of said Court, together with an application to be discharged as Ancillary Administrator.

Gamma Upsilon Chapter of ESA meets with Mrs. Raymond Boydstun, 3214 Avenue U, 7:30 p.m.

League of Women Voters will meet at 7:30 p.m. at the Country Club.

The Auxiliary of the Fire Dept. will meet at the West Fire Station at 7:30 p.m. Mrs. Doug McGlaun, hostess.

FRIDAY

Altrurian Club meets at 3 p.m. at the Martha Ann Woman's Club with Mrs. H. G. Towle, hostess.

Ladies Duplicate Bridge Association meets for Masterpoint at the Country Club, 9:30 a.m.

Central P-TA Name Officers

The Central Elementary Parent-Teachers' Association announce their newly elected officers.

They are: Mrs. Elmo Crowder, president; Mrs. Leston Edwards, vice-president; Mrs. Arlee Page, secretary and Mrs. G. L. Shehested, treasurer. Delegates to the Abilene district convention to be held April 22-23 are, Mrs. Edwards, Mrs. Crowder, Mrs. D.H. Harmon and Mrs. B.W. Thompson.

New officers will be installed at the regular meeting in May when all the Snyder units will hold a joint meeting.

Barbecue Grill Tips

1. Wheel portable grills into position where protected from wind or where breezes will blow smoke away from chef.
2. Line bottom of grill with 2 thicknesses of heavy duty aluminum foil. This reflects heat up, speeds cooking. Keeps grill clean and lets you lift out ashes later with ease.
3. Use clean, dry, charcoal briquets. If purchased ahead, be sure to store in dry space. Shake them onto grid, spacing about ½ inch apart for medium heat cooking fire. Use tongs to handle them.
4. Use safe, foil packaged granular starter. Just sprinkle on, light with match and wait 15 minutes for briquets to ignite and burn steadily.
5. Have food at least 4 inches above fire. Baking soda is good to throw on fire, if fat flames up or catches fire.
6. Charcoal briquets burn for about 1 hour. Should more heat or a longer burning fire be needed, add more briquets. They will ignite from those already burning.
7. Don't be fooled into thinking briquets are not burning because they do not glow red. They turn gray instead, but give out a great deal of heat.

Hermleigh FHA Meeting Held

The Hermleigh FHA Chapter held their regular meeting April 7, with 23 members present.

Officers for the next year were elected.

A program was given by Virginia Williams, chairman, Patrica Kubena, Janie Williams, Dorothy Greytag, Mary Eleen Groceman, Jeneva Walton, Billy Ruth Ervin, Viva Kay Parker, Loretta Young, Carol Beinhauer, Jane Beeks, Brenda Hobbs, Sadie Fern Hillis, Ramona May and Helen Stirl.

Refreshments were served by Ramona May and Helen Stirl.

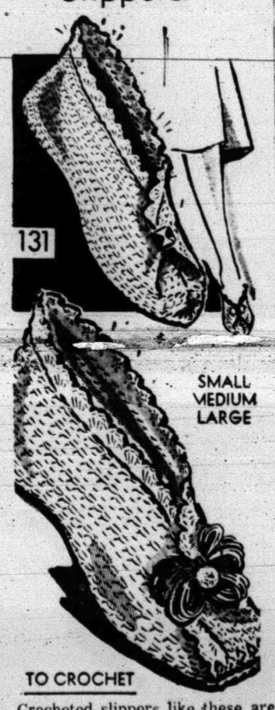

Opti-Mrs. Club Meets Friday

The Opti-Mrs. Club met Friday, April 11th at noon in Mary Lynn's Tea Room for their regular monthly meeting.

Jewel Sumrald gave the members of the club some ideas of how weather conditions are received at Radio Station KSNY. She also gave some pointers on what to do in case a tornado should strike Snyder.

Eleven attended the luncheon.

Art Lessons Available For School Students

The beginners art class for school-age students has announced that two vacancies are available to those who may be interested.

The group is taught by Roy Parkinson of Lubbock, who is an art professor at Texas Tech.

The basic drawing instructions are now in progress, but they will materialize into charcoal, pastels and other medias. The lessons are being held at the E.A. Brooks home. Anyone interested in their children taking such lessons are asked to call HI 3-3956.

Plainview H-D Meets Tuesday

The Plainview Home Demonstration Club met Tuesday afternoon in the home of Mrs. T. A. Rainwater.

Mrs. C. L. Lee, secretary-treasurer, presided in the absence of the president and vice-president.

Roll call was answered with 'Kindness that have been done for me' or 'Foreign countries I would like to visit'.

Following a short business session, Mrs. Raymond Hill and Mrs. T. A. Rainwater gave a demonstration on flower arranging.

Recreation was led by Mrs. Eddie Lee for the 12 members and one visitor, Mrs. Floyd Glascock.

The next meeting will be held in the home of Mrs. W. E. McMillen on May 20. She lives on the Camp Spring Highway.

Breakfast Held By Church Group

The Homemakers Class of the Colonial Hill Baptist Church held a breakfast Saturday morning at the Village Restaurant.

Mrs. W. W. Cary, president of the group, gave the devotional. Mrs. Mattie Crook is teacher.

Following the breakfast the group revealed secret pals.

Thirteen members and two associate members, Mrs. Dan Calloway and Mrs. Leon Smith were present.

Getting Ready For Outdoor Living

Canvas chairs, hammocks and pillows for outdoor living need not look like fugitives from soap and water justice. Remose detachable hardware and weights before laundering. Even heavy duty hammocks will dry completely in about an hour in the dryer. You'll enjoy the fresh clean accessories and better still — while the appliances are doing the scrubbing you are free to paint, garden or housecleen.

WHAT'S GOING ON

MR. AND MRS. C. E. TRUSSELL, 2311 Twenty-seventh Streeet, had as weekend guests MR. AND MRS. DALE GLOVER and HARRIET STEPHENS of Fort Worth, and ROY DAVIS, a nephew, of San Diego, Cal.

North Elementary Students To Present Play For P-TA

Pixies, faries and elves will be the theme of the play for the Thursday night entertainment of the North Elementary P-TA. The production will start at 7:30 p.m. after a short business session. A record crowd of parents and visitors are expected to attend.

The play, "Sylvia's Silver Slippers", has been created and produced by the primary teachers and students themselves in cooperation with the music department. "Fiddlers will be fiddling . . . pipers will be piping" . . . and wee folk will be tripping . . . when a ring around the moon."

The setting takes place in Ireland where the wee men still abound in the hearts and minds of the kind and happy country folk of the Dortymoor. Michael, a poor shoemaker, takes time out from his work to make Sylvia, his young daughter, a pair of silver shoes, who herself is making a pair of mocassins for Danny, her three-and-a-half year old brother.

The Fairies of Fortune charm the little silver slippers while all the human folk sleep, but forget the little mocassins. The House Tomte, the fairy elf who guards the cottage carelessly allows the little green gremlins to enter, who put a spell on the mocassins. The next day as the children play in the meadow, the gremlins watch their chance and steal the silver slippers, together with little Danny, and rush with him into the deep woods.

The brownies, actually being kind folk with all their fun playing and tricks, work diligently, together with all the other wee folk of the woods, to help Sylvia get Danny back. The aid of all the little folk is beckoned, including watersprites, narcissus, Peter Pan Tinker Bell and the Lost Boys, butterflies, Jack Frost with his Frosty Fellows and Snow Faries, and the woodland mice.

The Brownies take Sylvia to the Fairy Queen Alana in Fairyland where a big celebration is taking place for the coming marriage of Tom Thumb and Thumbelina. Sylvia is allowed to watch the fairy party, observing first the preparation by fairy painters, Peter Painter and Mr. Windego, leprecauns, cobweb pixies and Scarlet elves. The grand finale, the Fairy Maypole dance, finds Sylvia tired but happy especially since she is soon reunited with Danny. The Queen sends the two tired babes home in her royal coach with a promise that they may return once a year to watch the summer moonlight parties.

The play has many values which may not be seen by the unwary visitor unless he knows a little of the inside story of the efforts of the school to develop to the utmost the childrens' potentialities. The entire studentele of the first three grades are used in the play. A band student from the sixth grade will play a flute offstage for the effect of fairy pipes. Other offstage sounds and music will be used. Speech improvement is enccuraged, not only for those with normal speech, but special work is done with those who have speech difficulties. Original ideas of the students are included as much as possible.

Props and costumes were created and designed by the teachers and students. Words and music are also original creations.

Presbyterian Women Hold Meeting Tuesday

The Presbyterian Women's Organization meet at the Church, Tuesday morning, April 15, with Mrs. John R. Covey, Sr. hostess at a period of Fellowship.

The meeting was called to order by the President, Mrs. Covey, at 9:50, who conducted a business session after a meditation given by the Spiritual Life Secretary, Mrs. R. Charles Spivey.

It was announced that Spring Presbyterian will be held at Abilene Thursday, May 1, with Dr. Douglas Clyde of the Philadelphia Board of Christian Education, guest speaker. Mrs. W. A. Jones and Mrs. W. A. Smallwood of the local church will participate on the program.

The study "On Giving Away Your Money — Cheerfully'", from the study book "Thine Is the Kingdom and The Glory", was lead by Mrs. Ray Devers, assisted by several members, discussing our Christian concern for Cuba Japan, Thailand, Indonesia, India, Korea, Alaska, Christian Colleges and mission hospitals.

The meeting closed with sentence prayers by members.

After many years of squeezing sausage or hamburger patties into place, we find a simpler way to make them. Shape meat into a roll and then cut it into slices. For freezing, insert waxed paper between each patty for easier seperation.

Lost 30 Pounds With Barcentrate

Mrs. B. Perkins, 3622 N. E. 22nd St., Amarillo, Texas, wrote us as follows:

"I lost 30 pounds taking Barcentrate, after taking two bottles and I feel so much better. Many of my friends are now taking Barcentrate with excellent results. We are all grateful for Barcentrate."

Why pay high prices for reducing tablets? Barcentrate is the original citrus reducing home recipe and has stood the test for 15 years.

Costs just $1.69 at any drug counter. If the very first bottle doesn't show you the way to take off ugly fat without starvation diet, return the empty bottle for your money back.

OUR VIEW

A Little-Used Law

Despite the general alarm over the rise in juvenile crime, reports indicate that few Texans have initiated legal proceedings as provided in a law adopted at the last session of the Texas Legislature.

The measure, which is known as the "parental responsibility" law, makes parents responsible up to $300 for vandalism damage to property by children from 10 to 18 years old.

The first suit under that law in this area reportedly was filed in Lubbock recently. No other reports of such suits in West Texas have come to our attention.

The "meat" of the law is in section 1 of the statute, which provides: "Any property owner, including any municipal corporation, county, school district, or other political subdivision of the State of Texas, or any department or agency of the State of Texas, or any person, partnership, corporation or association, or any religious organization whether incorporated or unincorporated, shall be entitled to recover damages in an amount not to exceed $300 from the parents of any minor under the age of 18 years and over the age of 10, who maliciously and wilfully damages or destroys property, real, personal or mixed, belonging to such owner. However, this Act shall not apply to parents whose parental custody and control of such child has been removed by court order, decrees, or judgment."

This statute, of course, was designed to encourage parents to exercise more efficient control over wayward and boisterous youngsters. Previously, there was no clear-cut responsibility for acts of juveniles, based on law, notwithstanding the conventional moral obligations.

And it appears that moral obligations are not universally recognized today.

Joe College Is On Other End Of Line

By HAL BOYLE

NEW YORK (AP)—For the first time in the postward world, Joe College may not find people standing in line to offer him jobs when he says farewell to the campus this June.

What does a young graduate need to get ahead in a business recession?

"First of all, he needs to find himself," said Arthur Rubloff of Chicago, board chairman of one of the nation's largest real estate development firms.

"Failure to find themselves is what defeats most young men. You have to go out and find yourself. Nobody will find you for you.

"A man should like his work. He's a sucker to stay for long at it otherwise. But if he doesn't know what he wants to do, then he certainly will end up having to do something he doesn't want."

Rubloff at 55 has supervised building projects totaling more than half a billion dollars. He went to work in a laundry at the age of 9, quit school at 12.

He sold newspapers, shined shoes, set pins in a bowling alley, worked as a galley boy and deckhand on Great Lakes freighters. He then went into the real estate field at 17—and earned $7,000 in commissions his first year.

Unlike many self-made men, however, Rubloff is a firm advocate of education.

"It has never been more fundamental to business, or more important to success," he says, "because the world is becoming more specialized."

He also believes college graduates are wrong to feel that the present recession is any great or permanent barrier to advancement.

"Some young people seem to feel that the days of great opportunities are past," he said. "Nothing could be farther from the truth. The opportunities today are greater than they ever have been in the history of mankind.

"Even with this so-called recession, there are more $70,000 to $100,000 jobs open than there ever were. The corporations are weeding out their second-best men, and looking for top talent — and they'll pay any price for it."

Here are Rubloff's other practical tips:

"Organize yourself.

"Be well-liked. You do this by being fair.

"Take an active part in community programs. This will give you a rounded conception of human relations you can get in no other way. And understanding human relations is vital today. The well-liked man, who understands people, gets along better than the smarter man who isn't liked.

"If you have persistence and like people, don't worry at your lack of genius. If every one of the 63 million workers in America was a genius, this country would be in a hell of a mess.

"Finally, always give as much or more than you get, and never lose faith in human nature. Because one man has done you wrong, don't turn your ear from the next fellow."

Pastor's Wife Gets 'Mrs. Texas' Crown

GALVESTON (AP)—Mrs. Arthur Murrell, 27, wife of a Henderson pastor, was crowned Mrs. Texas last night.

Mrs. Murrell, whose favorite recipe is pizza pie, won on her looks, cooking, sewing and table setting. She won a chance to vie in the Mrs. America finals in Ft. Lauderdale, Fla., May 1-3.

The wife of the pastor of the First Christian Church in Henderson, Mrs. Murrell is the mother of an 11-month-old daughter, Lisa Ann.

Bomb Fallout Adds Little Radiation

By ALTON BLAKESLEE

NEW YORK (AP)—Fallout is making you radioactive.

But just how much? How much radiation do you actually get?

Only 1 to 2 per cent more than you've always been getting from natural sources — such as from cosmic rays, radium in the earth, and radioactive atoms in your body, says the Atomic Energy Commission.

The AEC says the average American gets:

From natural, unavoidabl radiation: 100 millirads a year.

From all bomb tests so far: 1 to 2 millirads a year.

A millirad is a unit of measurement of the radiation absorbed by body tissues. It's roughly equivalent to a thousandth of a roentgen.

There are wide swings from this average.

In Denver, people get 147 millirads a year from natural radiation. Higher in altitude, Denver gets more cosmic rays. Also it sits on ground containing more radioactive minerals. Memphis, on the other hand, gets only 83 millirads a year from natural radiation.

Thus a resident of Denver gets almost twice as much natural radiation a year as does one in Memphis. Well, then, do people who live in Denver run almost twice the risk of having deformed babies as those who live in Memphis?

Is this higher natural radiation having that kind of bad effect on future generations, on heredity?

No one can say — no one has made such studies. Scientists would have to study many generations of people—who stayed put in Denver and Memphis—to get exact answers about any risk from this natural radiation.

The point is that bomb fallout is adding only a tiny amount.

There is not any AVERAGE fallout, either. It can and does vary.

Northern states have been getting more fallout atoms than Southern states, says the AEC. A main reason is they have had more rain and snow, which carries the atoms down to earth.

Towns near the Nevada test site can, of course, acquire more fallout atoms than distant towns. The closer you are, the more fallout you can expect, if only from dirt sucked up and made radioactive by the bomb explosion. This heavier dust falls sooner than the lighter atoms, which are shot up higher and are carried farther.

The AEC has just reported a comparative study on amounts of fallout and radiation from it.

This measured the fallout accumulating on the ground up until last June 30. From this was calculated the exposure—in X rays—that people living there would get in the next 70 years, based on the current fallout rate.

In Memphis, this total exposure would amount to 75 millirads in 70 years. In Grand Junction, Colo. to 160 millirads, in Salt Lake City, 180 in 70 years.

Some fallout dies out, becomes harmless, very quickly. The rest keeps building up, slowly increasing.

Sometimes the accumulation of fallout takes a big jump.

Last year, the total accumulated strontinm-90 in New York City jumped 50 per cent. That is, one year brought half again as much as had fallen since 1945. Other areas of the United States had similar increases, all from bomb tests, Soviet or American.

Still and all, says the AEC, fallout has added only a tiny percentage to the normal, background radiation.

Most estimates have to be based on AEC studies, since it is the only agency which has made widespread, detailed measurements.

A National Academy of Sciences report, now nearly two years old, put it this way:

In 30 years time, natural radioactivity gives a person 4.3 roentgens exposure. In that same time, fallout would add one tenth to one half of a roentgen.

There seems little room to argue that fallout is adding only slightly to the unavoidable radiation we have to live with.

The real disagreements come on the question of what this addition is doing to us biologically.

Clear Talk Could Reduce Bellowing

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — If president Eisenhower had talked a little more clearly there might have been less bellowing from Congress over his plan to streamline the Defense Department.

And Eisenhower, who seemed prepared a week ago to fight like a tiger for his plan, may have decided against butting his head too hard against the legislators. This would be consistent. He has pretty much avoided all-out fights.

He outlined his proposal in a special message April 3. Since then it has been attacked in Congress on various points, but particularly because of the power it would seem to give Secretary of Defense McElroy over defense spending.

Congress is jealous of its power to vote money for specific purposes. In the case of the Army, Navy and Air Force it has always voted money to each according to its idea of their needs.

But Eisenhower — although he used 7,000 words to explain his proposal — was extremely vague on what kind of control he wanted for McElroy over Defense Department funds.

While the fight roared on Eisenhower had a news conference. That was last week.

From the way he talked reporters concluded he was ready for a knock-down, drag-out fight for his plan. He said he didn't care who was against it, that he'd go on TV as often as he could to battle for it. He was talking of the plan as a whole, and still didn't spell out what he wanted Congress to do about appropriations.

Yesterday, some of the Republican leaders in Congress went to see him.

Senate Republican Leader Knowland of California said later it was a misconception to think Eisenhower wanted McElroy to have complete control of the military purse strings. Knowland said Eisenhower wanted only limited flexibility for McElroy in handling defense spending.

THE LIONS ARE STILL growling up Vernon way.

According to the latest report, the Vernon Lion baseball team is rolling along undefeated, having bested all eight foes they've faced this season.

In case your memory needs refreshing, Vernon is the club that forced the Tigers to three games before yielding the bi-district flag last season.

It must be said the Lions haven't faced as tough opposition as has the Tigers but their 8-0 record is nothing to be "sneezed at" regardless of the caliber of opposition.

The Lions have played only one Class 4A foe, Wichita Falls. All other teams on the Lion slate have been Class 2A teams.

The Tigers, on the other hand, have played 14 of their 15 games to date against Class 4A opposition.

Lions Team To Beat

It looks like Vernon, neverthless, will be the team to beat for the Region 1 title. The Lions are loaded with returning veterans including their top two pitchers of last season.

Mac Percival, one of the returning Lion regulars, is hitting at a blistering .595 pace, coming on 13 hits in 22 trips.

Levelland, the team the Tigers will contend with for the District 1-AAA title, currently owns a 3-4 record.

Like the Tigers, Levelland has been meeting Class 4A teams almost exclusively.

Levelland holds victories over Big Spring and Tom S. Lubbock which indicates the Lobos are sure to give the Tigers plenty of competition in the 1-AAA race.

4-AAA Champ To Have Advantage

Districts 1-AAA and 2-AAA will be at a disadvantage as far as the post-season playoffs are concerned.

The winner of these two districts will clash in a bi-district series following the district races while the 4-AAA champion automatically advances to the regional finals which is one step away from the state tournament.

With the transfer of the Tigers to 1-AAA, it left 3-AAA void of teams, consequently, giving the 4-AAA champ a bye in bi-district.

Mineral Wells stands in the path of Vernon for the 3-AAA flag, these two schools being the only baseball teams in that district.

Very little is known about Mineral Wells but we recall that Mineral Wells had a very fine Pony League All-Star team two years ago. We saw them in action in the district Pony League tournament at Abilene in 1956.

Players on that team, then, are probably playing on the high school team this season. If these boys have improved any then they may be tough customers to handle.

Table Tennis Tourney To Semi-Finals

The Boys Club table tennis tournament reached the semi-final stage last night with completion of the first and second rounds.

Reaching the semi-finals were Bob Taylor, Jr., Jack Hoffman, Ollie Peek and Max von Roeder in the upper bracket and Bob Taylor, Sr., Guy Sullivan, Harold Nolte and Leon Autry in the lower bracket.

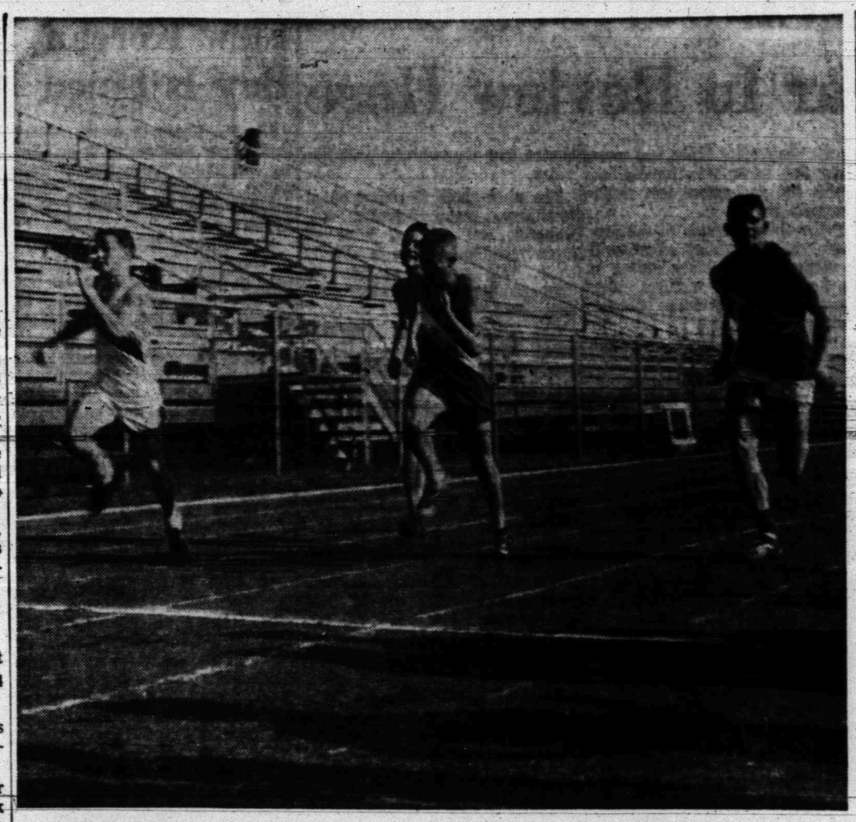

Semi-finals and finals will be played off Thursday night, starting at 7:30 at the Boys Club.

NTS Golfers Upset

STILLWATER, Okla. (AP)—Oklahoma State golfers surprised North Texas yesterday, 13-8.

85 Hogs Report

FAYETTEVILLE, Ark. (AP) — Coach Frank Broyles sent 85 candidates through light drills yesterday at the first spring training session for the Arkansas football team.

'PHOTO FINISH'—Pictured is the finals of the 8th grade 50-yard dash in yesterday's 3rd annual Junior High Invitational Meet at Tiger Stadium. Terry Golden of San Angelo Edison, far left, nipped two members of the Snyder Blue Devil team, Spencer Dyer, center, and David Gan, right, who ran second and third respectively. Moelling of Big Spring, partially hidden by Dyer, placed fourth. Golden's winning time was 6.05. (Lee Watson photograph)

Snyder, Edison, Sweetwater Champs In Jr. Hi Meet Here

Honors were equally divided in the third annual Snyder High Invitational track and field meet held at Tiger Stadium yesterday.

Snyder captured the 9th grade (Freshman) title, while Edison of San Angelo won the 8th grade crown and Sweetwater finished on top in the 7th grade division.

The Tiger Freshmen, led by sprinter Jesse Crawford, rolled up 46 points to 41 for runnerup Sweetwater. Big Spring was a distant third with 19 points.

Edison wrapped up the 8th grade trophy with 41½ points with Snyder finishing second with 24¼ points. Big Spring was third with 15½ and Lamesa fourth with 10.

Sweetwater swept to the 7th grade title with 52 points, followed by Big Spring with 30 and Snyder with 22.

Crawford contributed 18 points to the Tiger 9th grader's cause. Crawford took first in the 50-yard dash and 220-yard dash and in the broad jump and placed second in the 100-yard dash.

Crawford set new records in each of the three events he won. He sped the 50-yard dash in 5.85, the 220-yard dash in 24.2 and made a tremendous leap of 20 feet ½ inch for a new mark in the broad jump. Crawford eclisped the broad jump record by 20½ inches.

Tommy Minton gave the Tiger freshmen their only other first place in winning the shot put. Minton put the round ball 50 feet ¾ inches for a new record.

Several other outstanding marks were recorded in the 9th grade division where the record book was virtually re-written. McKay of Colorado City leaped 5 feet 11 inches in the high jump in the most notable feat of the day. McKay broke the previous record by nine inches.

Walker of Big Spring tossed the discus 158 feet 9 inches for another fine performance.

Terry Golden led Edison to the 8th grade championship with victories in the 50 and 220-yard dashes.

Spencer Dyer of Snyder was the high point man in the 8th grade division with firsts in the 120-yard low hurdles and broadjump and second in the 50-yard dash for 13 points.

Dyer set new records in the lows and broad jump.

Bob Pena gave Snyder its only win in the 7th grade division by winning the shot put with a heave of 38 feet 7 inches.

Yesterday's running completed the meet that began last Saturday. Preliminaries were run Saturday before rains set in to halt activities. Only about one-half of the original field of 15 teams returned for completion of the meet yesterday.

Following are the results:

7TH GRADE

75-yard dash: 1. McKinney, Sweetwater; 2. King, Sweetwater; 3. Wisener, Big Spring 4. Martin, Sweetwater. Time: 9.0 (New record — old record 9.1, set by Lee, Big Spring, 1957).

High jump: 1. Patterson, Sweetwater; 2. Mike Murphy, Snyder; 3. Darrell Aldridge, Snyder; 4. Dement, Sweetwater. Height: 5 feet. (New record — old record 4-11 set by McCormick, Snyder, 1957).

100-yard dash: 1. Rushing, Sweetwater; 2. McKinney, Sweetwater. (Only three entries). Time: 11.5. (New record — old record 11.8 set by Cox, Sweetwater, 1956; and McCormick, Snyder, 1957).

440-yard relay: 1. Sweetwater; 2. Big Spring; 3. Snyder. Time: 52.0. (New record — old record 54.3, set by Andrews, 1956).

Broad jump: 1. King, Sweetwater; 2. Godwin, Big Spring; 3. Gail Read, Snyder; 4. Samples, Big Spring. Distance: 16 feet 6½ inches.

120-yard low hurdles: 1. Brown, Big Spring 2. Pat LaFountain, Snyder; 3. Lamb Big Spring; 4. (Tie) between Jimmy Taylor, Snyder; Patterson, Sweetwater. Time: 17.0.

Discus: 1. Wisener, Big Spring; 2. Stewart Sweetwater; 3. Bob Pena, Snyder; 4. Frush, Lincoln. Distance: 115 feet 5 inches.

Shot put: 1. Bob Pena, Snyder; 2. Brown, Big Spring; 3. Stewart, Sweetwater; 4. Morton, Sweetwater. Distance 38 feet, 7 inches.

50-yard dash: 1. McKinney, Sweetwater; 2. Samples, Big Spring; 3. Geron, Sweetwater; 4. Stuart Long, Snyder. Time: 6.3

880-yard relay: 1. Sweetwater; 2. Big Spring; 3. Snyder. (Only 4 entries). Time: 1:47.65. (New record — old record 1:54 set by Sweetwater, 1956).

Team totals: 1. Sweetwater, 82; 2. Big Spring, 30; 3. Snyder, 22; 4. Lincoln (Abilene) 1.

8TH GRADE

High jump: 1. Guitar, Sweetwater; 2. (Tie) between Medray, Big Spring; Miller, Edison SA; 4. (Tie) between McClure and Keller, Lincoln; Tucker, Big Spring. Height 5 feet 5 inches. (New record — old record 5-0 set by Ely, Sweetwater, 1956).

Discus: 1. Roe, Sweetwater; 2. Tabor, Edison SA; 3. Aldridge, Sweetwater; 4. Rutledge, Sweetwater. Distance: 124 feet 5 inches.

120-yard low hurdles: 1. (Tie) between Spencer Dyer, Snyder; Westmoreland, Lamesa; 3. Cupp, Colorado City; 4. Beal, Lamesa. Time 15.5. (New record — old record 15.7 set by Parsons, Sweetwater, 1956).

220-yard dash: 1. Golden, Edison SA; 2. Allen, Edison SA; 3. Joshua John, Snyder; 4. Westmoreland, Lamesa. Time 25.05.

50-yard dash: 1. Golden, Edison SA; 2. Spencer Dyer, Snyder; 3. David Gan, Snyder; 4. Moelling, Big Spring. Time: 6.05.

100-yard dash: 1. Allen, Edison SA; 2. Williford, Edison SA; 3. Joshua John, Snyder; 4. Martin, Colorado City. Time: 11.25.

Broad jump: 1. Spencer Dyer, Snyder; 2 Westmoreland, Lamesa; 3. Maberry, Big Spring; 4. David Gan, Snyder. Distance: 18 feet 2½ inches. (New record — old record 17-2½ set by Brown, Big Spring, 1956).

Shot put: 1. Tabor, Edison SA; 2. Schwarzenbach, Big Spring; 3. Madry, Big Spring; 4. Northcutt, Colorado City. Distance: 46 feet 6 inches.

440-yard relay: 1. Edison SA; 2. Snyder; 3. Big Spring; 4. Lamesa. Time: 49.55. (New Record — old record 50.4 set by Sweetwater, 1956).

880-yard relay: 1. Edison SA; 2. Big Spring; 3. Snyder. (Only 4 entries). Time: 1:42.55. (New record — old record 1:44.4 set by Sweetwater, 1956).

Team totals: 1. Edison SA, 41½; 2. Snyder, 24¼; 3. Big Spring, 15½; 4. Lamesa, 10; 5.Sweetwater, 8; 6. Lincoln (Abilene), 3½; 7. Colorado City, 5; 8. South (Abilene), ¼.

9TH GRADE

Broad jump: 1. Jesse Crawford, Snyder; 2. McKay, Colorado City; 3. Patterson, Snyder; 4. King, Big Spring. Distance: 20 feet ½ inch. (New record — old record 18-4 set by Craig, Big Spring, 1956).

Pole vault: 1. Gerald, Sweetwater; 2. (Tie) between Bobby Brown, Snyder; Turnbow, Sweetwater; 4. Perry Culwell, Snyder. Height: 9 feet 2 inches. (New event).

100-yard dash: 1. Lassiter, Big Spring; 2. Jesse Crawford, Snyder; 3. Cox, Sweetwater; 4. Burnett, Sweetwater. Time: 10.35. (New record — old record 10.6 set by Watson, Sweetwater, 1957).

330-yard dash: 1. Barrera, Sweetwater; 2. Turnbow, Sweetwater; 3. Helms, Edison SA; 4. Harrison, Colorado City. Time: 39.4. (New record — old record 40.7 set by Craig Big Spring, 1956).

Shot put: 1. Tommy Minton, Snyder; 2. Brenek, Edison SA; 3. Dunlap, Big Spring; 4. Belew, Sweetwater. Distance: 50 feet 5¾ inches. (New record — Old record 49-10 set by Shoemaker, Colorado City, 1956).

120-yard low hurdles: 1. Turnbow, Sweetwater; 2. Morris Craig, Snyder; 3. Miller, Edison; 4. (Tie) between Barrera, Sweetwater; Bobby Brown, Snyder. Time: 14.8. (New record — old record 15.6 set by Anger, Snyder, 1956).

220-yard dash: 1. Jesse Crawford, Snyder; 2. Cox, Sweetwater; 3. Larry Patterson, Snyder; 4. Billy Harless, Snyder. Time: 24.2. (New record — old record 24.4 set by Brown, Big Spring, 1957).

50-yard dash: 1. Jesse Crawford, Snyder; 2. Burnett, Sweetwater; 3. Larry Patterson, Snyder; 4. King, Big Spring. Time: 5.8/5. (New event).

Discus: 1. Walker, Big Spring; 2. Burnett, Sweetwater; 3. Tommy Minton, Snyder; 4. Vesi, Colorado City. Distance: 158 feet 9 inches. (New record — old record 138-7¾ set by Westmoreland, Lamesa, 1957).

440-yard relay: 1. Big Spring; 2. Snyder, 3. Edison SA; 4. Colorado City. Time: 47.55. (New record — old record 49.3 set by Snyder, 1956).

880-yard relay: 1. Big Spring; 2. Snyder; 3. Sweetwater. (Only 4 entries). Time: 1:38.4.

High jump: 1. McKay, Colorado City; 2. Belew, Sweetwater; 3. Turnbow, Sweetwater; Burnett, Sweetwater (Tie) (New record — old record 5-2 set by Dubose, Snyder, 1956.

Team totals: 1. Snyder 46; 2. Sweetwater, 41; 3. Big Spring, 19; 4. Colorado City, 11; 5. Edison SA, 10, 6. Alamo (Midland) 5.

Rookies Have Big Day In National League Openers

By The Associated Press

The rookies had themselves a day as the National League, now a coast-to-coast network, opened the 1958 season.

Three rookies ruined Milwaukee's debut bfore the major's top crowd yesterday, 43,339, at County Stadium. Ron Blackburn and Curt Raydon, a couple of kid right-handers, blanked the Braves over the last four frames, and R. C. Stevens singled the winning run home in a 14-inning, 4-3 victory for the Pittsburgh Pirates.

At San Francisco, rookies Jim Davenport and Orlando Cepeda showed few jitters at the plate while backing up veteran Ruben Gomez's six-hit, 8-0 victory over the Los Angeles Dodgers.

Chuck Essegian and Ray Semproch were big guns as Philadelphia cracked Cincinnati 5-4. And Dolan Nichols and Ed Mayer, though working but briefly, got in on a four-pitcher shutout as the Chicago Cubs whipped the St. Louis Cardinals 4-0 in the lone night game opener in either league.

The Pirates, overcoming Ed Mathews' two home runs, managed a 3-3 tie against Warren S PAHN, THE NL's lone 20-game winner last season, before he gave up at the end of nine innings. Gene Conley was the loser, giving up a two-out double to Dick Groat, a single to Bob Skinner and then the payoff single to first baseman Stevens.

Davenport, taking over at third for the Giants, singled twice, scored twice and drove in a run for the Giants, playing before a crowd of 23,448—all the Seals Stadium can hold.

Gomez fanned six, walked six and drove in a run as the Giants whipped starter-loser Don Drysdale and two relievers for 11 hits.

Jim Brosnan was the winner at St. Louis. Nichols, Mayer and Don Elston all got into the act in the seventh to preserve the shutout. Chicago belted Wilmer (Vinegar Bend) Mizell for three runs and seven hits in the first three frames.

The crowd of 26,246, a record for a night game opener at St. Louis, saw Stan Musial tie Mel Ott's total-bases record in the National League with a single in five trips for a total of 5,041.

Strategist Casey Up To Old Tricks

By ED WILKS

This may be a tougher, tighter American League pennant race as predicted by the managers, but at the moment, Casey Stengel is still pulling rabbits out of hats with his New York Yankees.

The defending champs had some pretty atrocious pitching during spring exhibitions. But, Stengel figured it would improve once the season started.

And most of the spring he had Jerry Lumpe playing third base, only to declare that "Andy Carey still is my man" when announcing his opening day lineup.

So what happened? Don Larsen, he of the weak arm this spring, gave up just four hits, got out of two jams on Carey's dandy fielding at third and shut out the Boston Red Sox 3-0 yesterday before a record Boston opening crowd of 35,223.

The Detroit Tigers, clumped with Boston and Chicago as contenders, snubbed their 7-19 exhibition record (worst in the majors) and defeated the White Sox 4-3 before 28,319 at Chicago with the help of pesty Billy Martin.

Ned Garver shut out Cleveland 5-0 on seven hits while Kansas City gave Herb Score a rough time in his comeback debut with the Indians that drew the AL's biggest crowd of the day, 35,307 at Cleveland. Baltimore ended Washington's stop at the top of the league 6-1 before 34,377.

The AL openers drew 133,226 compared with the 125,882 counted by the National League as Pittsburgh defeated Milwaukee 4-3 in 14 innings, San Francisco beat Los Angeles 8-0, the Chicago Cubs blanked St. Louis 4-0 and Philadelphia defeated Cincinnati 5-4.

Willard Nixon, Boston's onetime Yankee killer, had the champs blanked on one hit, Yogi Berra's leadoff single in the second, for six. But then he walked Mickey Mantle, after getting an 0-2 count on the Mick, in the seventh and Berra belted a homer. Bill Skowron and Carey followed with doubles for a three-run inning.

The Red Sox again were without Thumper Ted Williams, still recovering from food poisoning.

Three unearned runs, two on Sherm Lollar's homer, gave the White Sox a 3-1 lead in the third inning of the duel between Billy Pierce and Jim Bunning, the AL's only 20-game winners of last season. But after the Tigers tied it, Bunning's second double chased Pierce in the seventh and Martin, who had fanned three times, singled him home with the clincher off Ray Moore.

Score, the 24-year-old southpaw swifty, gave way to a pinch hitter after three innings in his first championship appearance since his eye injury of last May 7. He left trailing 3-0.

Gus Triandos and Brooks Robinson split half of Baltimore's 12 hits off four Washington pitchers. Triandos homered among his three, Robinson tripled. Billy O'Dell won it in relief of Connie Johnson. Camilo Pascual was the loser.

TODAY'S GAMES

Los Angeles at San Francisco, 10:... p.m.

Tigers Hand Midland Surprise Defeat, 5-3

The Tiger baseballers continued on their comeback trail yesterday with a surprise 5-3 victory over the Midland Bulldogs at Midland.

Midland, the current leader in the rugged District 4-AAAA race, was a heavy favorite to hand the Tigers their 10th defeat of the season.

But instead the Tigers notched their sixth win of the campaign thanks to some fine relief pitching of Norman Gladson.

Gladson came on in the third inning with two on and one out and gave up only two hits the remaining distance.

The Tigers staked starting-pitcher Tim Roberts to a 5-2 lead after two innings of play but Roberts encountered control trouble and was lifted after putting two Bulldogs on base in the third via a base on balls and a hit batsman.

Gladson came on in the third further damage in the third and then protected the Tiger lead the remaining distance.

Roberts walked four and hit three batsmen during his brief tenure on the hill. Midland got only two hits of the Tiger lefty.

Midland jumped ahead 2-0 in the first inning when pitcher Bill Brown singled in a pair of runs.

Snyder bounced back quickly by scoring all five of their runs in the second inning.

Thee Tigers load the bases on singles by Dick Hayes, David Hale and Jerry Fleming and then Jim Allen cleaned the bases with a tremendous triple to left center.

Allen scored on Kenny Drake's fielders choice and Drake came around to score later on a single by Neil Boyd.

That was all the Tiger offensive works of the afternoon but it proved to be enough with Gladwon's fine relief performance.

Midland's only run off Gladson was unearned. It came in the fifth inning when [illegible] of a hit. Three Tiger errors led to the Bulldog marker in the fifth.

The Tigers will meet Rotan at Towle Park Friday in their next engagement. Then the Bengals will close out the week with a doubleheader at Abilene Saturday.

QUESTION: Was there a real Rip Van Winkle?

• • •

ANSWER: Rip Van Winkle was the hero of a famous story written by Washington Irving. While there was no actual man named Rip, the character was very much like some of the people author Irving had known all his life. Most of the Dutch settlers in the Hudson River Valley of New York where Irving lived were thrifty, hard-working folk. But now and then in every busy village there was a good-natured, lazy fellow who was popular with everyone except perhaps his wife.

Rip was such a person. He loved to slip away from hard work and go hunting with his dog high up in the Catskill Mountains near the Hudson River. On one of these trips, he heard strange voices and odd sounds. Peering over the rocks he saw a group of little men in Dutch costumes. They were playing bowls. Rip finally got up the courage to make himself known. He helped the little men carry some heavy kegs up the steep slope and drank some of the contents. Finally, he fell fast asleep and slept for 20 years. At least that was the way Washington Irving told the story.

• • •

FOR YOU TO DO: The story of Rip Van Winkle does not end when he awakes. You should read the story, which is one of the great ones in American literature

• • •

(Ada Martin of Rose, Okla., wins the $10 award for today's question. Mail your question on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. Tomorrow: When did the U. S. Army use camels?) 4-16

Over 130 Choral Students Will Appear In Review Here

More than 130 high school choral students will be among those featured in the Friday night band-choral musical review.

Tickets, which are 75 cents for all seats, are now on sale by band and choral students, and those left will be sold at the door Friday night. Ther performance will be at 8 p.m. in the high school auditorium.

The choral portion of the program will feature the high school a capella choir, high school girls choir, and a number of choral ensembles.

The high school choral department now has some 139 students participating in the various choral groups. Bob Clinton directs the a capells choir, girls choir, and some ensembles, while Mrs. Landis Lee directs the sophomore and freshmen girls groups.

In the choral portion of the program, various lighting effects will be used, including blacklighting in one a capella choir number, "Dry Bones", with only the "bones" showing.

The a capella choir will join with the high school studio band in doing the final two numbers of the program "Swanee" and "Goodbye Song."

The high school a capella choir has a total of 57 voices and is considered one of the most outstanding in the state, having taken Interscholastic League "sweepstakes honors four times in the past five years.

The girls choir is composed of 78 students, mainly freshmen, sophomores, and juniors, none of them members of the a capella choir. This group has been a "sweepstakes" winner twice in recent years.

One of the ensembles to be featured will be the Teenagers, a group which had a Division I rating, the top Interscholastic League rating, in spring competition. Members of that group are Beth Wiman, Joy Richardson, Deanne Devers, Dotty Dugas Dana Scarborough, Judy Broman, Louise Cates, Paula Dupree, and Molly Carrell.

Another group will be the girls trio, also a Division I winner, composed of Gay Nell Nicks, Darlene Lofton, and Nancy Wiman. For one number "Lollypop" the trio will join with Joy Richardson, Deanne Devers, Bill Crowell, and Tony Anger. That group is called the Harmonettes. Joy Richardson and Deanne Devers are a duet known as the Satisfiers and will sing two numbers. All those ensembles are Division I winners.

The sophomore girls group, the Decades, is also a Division I TIL winner. It is composed of Marilyn Lewis, Patsy Cary, Jan Carey, Vondell Sumruld, Julia Boyd, Linda Roland, Dena Mapes, Carla Gladson, Ginger Fitzsimons, and Carol Moore.

Another ensemble will be the the Debonaires, a group of freshman girls composed of Pat Bills, Lanette Miller, Sue Taylor, Becky Perkins, Paula Keaton, Jolene Sheid, Wandra Williams, Letha Brice, Barbara Shoemake, Brenda Pitts, Judy Wallace, and Gennie Sims.

Shore, Benny Get Top TV Awards

By JAMES BACON

HOLLYWOOD (AP) — Father Knows Best, Dinah Shore and Jack Benny, honored at last, were the stars last night in television's annual Emmy Awards.

The show, telecast over NBC-TV, proved one thing — that the movie industry puts on a better TV show than TV itself.

Entertainmentwise, the Emmy show looked like a junior class play compared with the movies' recent Oscar telecast.

Milton Berle, a TV pioneer who hasn't worked in the medium for three years, gave the Emmy show its only lift with fast quips.

Miss Shore won Emmys for the best musical show and for the best continuing performance by a female.

Benny won the Emmy for the best continuing male performance only seconds after he was voted a special Academy trustees' award. As one member of the National Academy of Television Arts and Sciences explained: "We've been very embarrassed that such a great comedian as Jack Benny has never won an Emmy before. So we decided to make sure he got at least one tonight."

Father Knows Best, a situation family comedy almost dropped two years ago, won an Emmy for Robert Young as the best actor in a series and for Jane Wyatt as best actress in the same category.

"The Comedian," a Playhouse 90 production, was named the best single program of the year. Rod Serling, its author, won the best writing Emmy. Mickey Rooney, whose performance in the title role was judged an all-time TV classic by many critics, didn't get a nod as best actor.

That award was one by Britisher Peter Ustinov for his portrayal of Dr. Samuel Johnson on the Omnibus show. That series also won an Emmy as the best public service program.

Seven Lively Arts, a show already off the air, was named the best new program of the year.

Polly Bergen won the Emmy for best actress in the Playhouse 90 production of "The Helen Morgan Story."

The Phil Silvers Show won as the best comedy series — and its many writers, almost outnumbering Sgt. Bilko's platoon, won for best comedy writing.

The adult Westerns, most popular rated shows on TV, made only one breakthrough, in Gunsmoke. That show, TV's No. 1 rated series won as the best continuing dramatic series.

In other awards, Carl Reiner of the Sid Caesar Show won the best supporting actor Emmy; Ann B. Davis, the man-crazy Schultzy of the Bob Cummings Show, won best supporting actress; Edward R. Murow, best news commentator; composer Leonard Bernstein, best musical contribution; and Playhouse 90, best dramatic anthology.

Fall Of Gaillard Discourages U. S.

By JOHN M. HIGHTOWER

WASHINGTON (AP) — The fall of France's Gaillard government left State Department officials discouraged today about the chances of settling the French-Tunisian crisis and strengthening anti-Communist elements in North Africa.

These officials also were concerned about the impact of Premier Felix Gaillard's loss of power on two other international issues: summit conference negotiations with the Soviet Union and the general problem of French position and prestige within the North Atlantic Alliance.

There was some concern that the government which succeeds Gaillard's may be largely in the heads of right-wing, highly nationalistic men with whom it would be even more difficult than in the past to work on some ultimate solutions of the French North African problem.

Gaillard resigned after the French Assembly, by a 321-255 vote, rejected his call for acceptance of a U.S.-British plan for settling France's dispute with Tunisia.

Earlier, Secretary of State Dulles took issue with French criticism that the United States was trying to dominate French policy and to get France out of North Africa.

"The idea that we are operating there in some devious way to take over North Africa in the interest of American corporations is just about as far from the truth as any statement could be," Dulles said.

Dulles and other top officials would like to see France find some way to end the long and costly fighting in Algeria. Privately, many of these officials say that this would undoubtedly mean working toward some form of Algerian self-government.

But French policy, strongly supported by the rightists in this respect, has dealt with Algeria as a part of metropolitan France for which any idea of independence is wholly unacceptable.

The fear in the State Department is that if the fighting drags on and frictions develop with other North African countries, as they have already with Tunisia, pro-Western leaders like Tunisia's President Habib Bourguiba will find it increasingly difficult to maintain their political balance.

Communist agitators, according to this view, will find new opportunity to whip up anti-Western passions and the situation will become even more difficult for the Western powers to deal with.

Net Income Shows Gain

DALLAS (AP) — Chance Vought Aircraft said yesterday net income for the first quarter of this year was more than twice that of the same period in 1957.

The company forecast a good level of production for the remainder of the year.

Chance Vought reported net income for the first quarter of 1958 of $2,312,451, equal to $2.12 per share. Income for the first quarter of 1957 was $1,010,323 or 93 cents a share.

R. C. Blaylock, vice president, told the annual stockholders meeting 1958 will "see at least 61 per cent increase in research and development efforts aimed at getting new business in military fields."

The new Swedish submarine, "Illern" (which means "The Polecat"), has been raised from where it sunk off Southern Sweden shortly after it was launched. Reason for the sinking was that somebody left a torpedo port open. The submarine is now okay, all torpedo ports closed.

Police Still Interested In Stompanato

BEVERLY HILLS, Calif. (AP) — Even in death, Lana Turner's boy friend interests the police.

Police today continued to delve into the shadowy life of Johnny Stompanato, stabbed to death April 4 by the actress' 14-year-old daughter Cheryl.

The dark, handsome onetime gambler's bodyguard left behind four cartons of personal effects stored in a Beverly Hills warehouse.

The cartons contained signed photographs of Miss Turner, pictures of other beautiful women and copies of loans which police say bear out their evaluation of Stompanato as a gigolo.

Police Chief Clinton Anderson said the Beverly Hills Police Department is interested in learning more about Stompanato's livelihood.

One of the loans, for $8,100, was made to Stompanato by Mrs. Doris Cornell, who said Stompanato never paid it back. She denied any romantic interest in the former bodyguard to ex-gambler Mickey Cohen.

Mrs. Cornell, who works in a pet store, said she loaned Stompanato the money so he could buy a gift shop.

"I was almost a sister-to him," Mrs. Cornell told reporters. "He was nothing but a gentleman."

Stompanato's death was ruled justifiable homicide by a coroner's jury. Miss Turner's daughter, who said she stabbed Stompanato when he threatened to disfigure her mother, is awaiting a hearing April 24 in Juvenile Court. In the meantime, she is being held by juvenile authorities.

Major Who Flew Korean Boy Is Fined

SEOUL, Korea (AP) — An American major who piloted a helicopter carrying a young Korean thief nailed in a box has been reprimanded and fined $200, half a month's pay.

Maj. Thomas G. James of Plymouth, Pa., got the maximum penalty under Article 15 of the Military Code which he chose to accept rather than risk trial by a general court-martial. If convicted by the court, he could have gotten up to three years and nine months in prison, loss of all pay and allowances while imprisoned and dismissal from the Army.

James already has been relieved of his post as commander of the aircraft maintenance center where 14-year-old Kim Choon Il was roughed up Feb. 25.

The Army announced today that a court-martial had been scheduled April 18 for M.Sgt. Robert E. Weidensaul, Pottstown, Pa., also accused of mistreating the boy. A general court last week found Capt. Marvin E. Kemp, Kilmichael, Miss., guilty of assaulting Kim. It fined him $1,200 and relieved him of command for six months.

The Army said the trio caught Kim stealing, knocked him about and nailed him in a three-foot box. James then flew him to another base 25 miles away, where some soldiers heard him whimpering and released him. He is now in a U.S.-supported orphanage.

30-Day Stay Granted To Convicted Slayer

AUSTIN (AP)—A 30-day stay of execution was granted Marshall Lamkin of Lockhart, who seeks freedom with a plea to the Court of Criminal Appeals.

Gov. Daniel granted the stay yesterday on recommendation of the Board of Pardons and Paroles. It moved the execution date from April 20 to May 20.

Lamkin, Negro shoe shine stand operator, was convicted of the shotgun slaying of Ernest Webb Jr., in downtown Luling, June 1956.

Wet Fields Delay Some Farm Work

AUSTIN (AP) — Wet fields continued to delay farmers over much of the state last week but other growers reported good crop prospects, the Department of Agriculture said yesterday.

"All small-grain prospects continue exceptionally promising with an early harvest season shaping up," the weekly report said. "A few fields in the low rolling plains were already heading and on the High Plains some were showing third joints."

In the Lower Valley sorghums were six to eight inches high while in the Coastal Bend the crop was about ready for the first cultivation. Planting of sorghums was underway in the eastern third of the state and just starting in the eastern low rolling plains counties.

Cotton planting moved slowly in south central and upper counties as farmers waited for soils to warm up before risking seed.

Peach and plum prospects continued favorable. Pecans in South Texas were blooming.

Spring and early summer vegetable prospects showed further improvement. The delayed onion harvest increased in the Lower Valley and started in the Laredo area. Movement of the onion crop is about 55 per cent behind last year. Lower Valley spring vegetable crops were helped by warm weather but still lagged behind the season.

Setting of tomato plants began in East Texas and North Texas onions continued to improve. Planting of early summer crops was well underway in much of the Panhandle vegetable area.

Range and pasture grass continued on the upgrade, with all classes of livestock in very good condition.

Four Youth Gang Members Are Convicted In Slaying

By BARRY SCHWEID

NEW YORK — Four members of a youth gang were convicted last night in the slaying of Michael Farmer, 15-year-old polio-crippled son of a city fireman.

All escaped the electric chair. The three other defendants were all acquitted.

An all-male jury returned its verdict 24 hours after receiving the case.

Charles (Big Man) Horton, an 18-year-old Negro, and Louis Alvarez, 17-year-old Puerto Rican, were convicted of murder in the second degree. They face a mandatory term of 20 years to life in prison when they come up for sentencing May 21.

They were the only defendants subject to judgment for first-degree murder, for which the death sentence is mandatory.

Alvarez's father Louis fainted in court when he heard the verdict.

Found guilty of second-degree manslaughter, punishable by up to 15 years in prison, were Leroy (Magician) Birch, a Negro who was the oldest defendant at 19, and Leoncio (Jello) de Leon, 17, a native of the Dominican Republic.

Acquitted were the three remaining members of the Egyptian Dragons on trial: John McCarthy, an epileptic and the "baby" of the group at 15; Richard Hills, 17, who had claimed he was drafted into the gang; and George Melendez, 16-year-old native of Puerto Rico. Hills and McCarthy are white.

Thus ended what was said to be the longest first-degree murder trial in the history of New York City. It began Jan. 10. Estimated cost: $250,000.

The Egyptian Dragons, a racially integrated gang, were engaged in a feud with the Jesters, who were mostly white. Farmer and Roger McShane, now 17, ran into an Egyptian Dragons war party at an upper Manhattan park last July 30. The two boys, both white, were headed for a swim in the park.

Apparently the war party took them for Jesters. Prosecution testimony at the trial indicated that neither of the boys belonged to a gang.

McShane was able to escape his attackers, fleeing with minor injuries. Farmer, unable to run, was slugged to the ground with fists, feet, belts and a dog chain.

Then, it was testified, Horton slashed at Farmer with a machete and Alvarez, president of the Egyptian Dragons, plunged a hunting knife into the Farmer youth's back.

State Farm Moves To Hike Car Sales

Nine thousand banks and the nation's largest auto insurance have joined in an anti-recession measure aimed at boosting sales of new and used cars.

Half a million dollars will be spent by State Farm Mutual Automobile Insurance Company to stimulate car sales through a program developed by the company and cooperating banks throughout the nation, according to Adlai H. Rust, president of the Illinois firm.

State Farm's local agent Roy J. McCloskey said that local banks in this area are cooperating in the program.

A heavy advertising campaign in newspapers, magazines and over network television will describe the "bank plan" to U.S. consumers. Rust said the plan will ease financial arrangements for prospective buyers and can reduce the net cost of an automobile by $75 to as much as $300.

"High financing and insurance 'package deals' have helped keep auto prices out of reach for many buyers," Rust said. "The 'bank plan' combines the lowest financing and insurance rates available in the nation today."

The plan was first developed in 1950, he said.

"When the slow-down in car sales led the economy into this recession, we decided to back the 'bank plan' with an all-out campaign, and we have interrupted our normal advertising program to do this," he pointed out.

The campaign opens this month with double-page advertisements in three of the nation's largest magazines (Life, Look, Reader's Digest). The company will also describe the plan on its weekly network television show (CBS-TV's "Baseball Game of the Week," Saturdays). State Farm's 7,500 agents throughout the country will carry the bank plan message to local markets with advertisements in newspapers and other media.

Rust emphasized that his company has no financial interest in automobile financing, and undertakes only the insurance portion of the transaction. Under the plan, a prospective buyer telephones any State Farm agent, who arranges financing at straight bank rates through any one of the 9,000 cooperating institutions.

"In this way, the agent simply acts as the representative of the buyer, giving him competent guidance through the sometimes puzzling maze of automobile financing," Rust said. "The bank plan makes available to the consumer public a staff of men trained to protect the buyer's interest."

Mule To Get Plastic Shoes

AMARILLO (AP)—Kate, who has worn out two sets of shoes since March 17, is supposed to get some new, specially-made plastic footwear today.

Kate is the mule being ridden by Bob Bradley, Jaycee from Memphis, Tenn., on a journey from Memphis to Los Angeles and the National Junior Chamber of Commerce Convention there.

Bradley said Kate had worn out two sets of shoes on the 875-mile trip from Memphis that started March 17. Amarillo merchants decided to fit her up with some specially made plastic shoes today.

The two ambled into Amarillo yesterday, and Bradley said they'll probably stay over two or three days before hitting the road again.

Donald Oenslager, a top flight designer of Broadway stage settings, was decorated with the Bronze Star for his camouflage work with the U.S. Army Air Force during World War II.

Von Braun Sees Manned Rocket Soon

WASHINGTON (AP) — The United States may rocket a man 150 miles into space within a year—and bring him back alive.

Dr. Wernher von Braun, one of the world's leading missile experts, said he's sure it can be done with his Redstone rocket if the Pentagon gives him a go-ahead.

Von Braun, chief of Army missile development, also told the new House Committee on Space Problems the Soviets could shoot a man 200 miles up with the equipment they have now.

The former German scientist, who developed the Redstone and Jupiter missiles, estimated it would cost 10 million dollars to develop the American space man project.

The man would be shot up in a one-ton bullet-like capsule at a speed reaching 5,000 feet per second.

In his missile, he would hang motionless far higher than man has ever gone for about five minutes. Then a parachute device would slow his descent so that he could land — perhaps unconscious but still alive—in the ocean with a ship waiting to pick him up.

Von Braun said some animals such as chimpanzees would be used on test firings. But he said he had no doubt a human being could survive the ordeal. He said a volunteer had already been picked, but they declined to name him.

He said the project was submitted to the Pentagon several months ago. The question, he said, is whether the cost can be justified by the propaganda value and by the medical findings—that is, the constantly recorded physical changes in the space man.

Utah Man On FBI List Of Wanted Men

WASHINGTON (AP) — Quay Kilburn, described as a smooth-operating criminal with a penchant for classy living, was named today to the FBI's list of "10 Most Wanted Men."

Kilburn, 34 and a native of Salt Lake City, is a fugitive from Utah State Prison at Draper. He escaped last October by using his "press card" as editor of the prison paper. He said he was going to interview prisoners working on an honor farm outside the walls.

Kilburn also is a federal fugitive for violating a 1956 conditional release from Leavenworth after serving time there for a 1951 robbery of a bank at Orem, Utah.

The FBI said that in addition to bank robbery, his convictions include interstate car theft, embezzlement, issuing bad checks and unauthorized sale of GI clothing while in the Army.

The fugitive is described as apparently polished and well-read, and having expensive tastes in clothing, food and automobiles. He is of medium height and build, with dark brown wavy hair, thinning on top, and hazel eyes. He has scars on the right index finger and right wrist.

Kilburn is a replacement on the "most wanted" list for Eugene McCracken, who was captured by FBI agents at Baltimore March 27 while a fugitive from the Tennessee State Penitentiary where he was serving life for killing a police officer.

AIME Group Will Hear Odessa Man

A. W. Smith, Odessa, will be guest speaker at the regular meeting of the Snyder section of the American Institute of Mining and Metallurgical Engineers tonight.

Smith's talk will be on the subject of "The recent development and use of nitrogen cushion in drillstem testing."

Smith is assistant superintendent for Cook Nitrogen Service of Odessa.

The meeting will be held at 6:30 o'clock at the Village restaurant.

$40,000 Painting Is Destroyed By Fire

NEW YORK (AP) — A shimmering 18-foot painting of water lilies by Claude Monet, valued at $40,000, was destroyed yesterday by a fire at the Museum of Modern Art.

Of the 11,000 art objects in the museum, only five other paintings were found damaged in first checks.

Two multi-million-dollar special exhibits escaped harm.

"I thank God with every breath I breathe," Monroe Wheeler, director of exhibitions and publications for the museum, exclaimed at reports that these works by Georges Seurat and Juan Gris were unharmed.

Most precious item in the museum was Seurat's "A Sunday Afternoon on the Island of La Grande Jatte," valued at more than a million dollars.

One workman died in the fire. Three women visitors and 28 firemen were injured.

The art loss was estimated by Alfred H. Barr Jr., director of collections, at under $300,000.

Nelson A. Rockefeller, chairman of the museum board of trustees, told Fire Commissioner Edward F. Cavanagh Jr. that four million dollars worth of art had been saved by fire fighters and the museum's staff. For a time a number of persons were trapped.

Women museum employes, their clothes soaked with water from fire hoses, risked their lives to carry pictures to safety.

Rockefeller, walking along 5th Avenue when fire trucks screamed to the scene, donned a fireman's helmet and raincoat. He and others directed the removal of some pictures and showed firemen how to cut through walls without endangering others.

About 500 staff members and visitors were in the museum when the fire was discovered on the second floor by a workman.

Cavanagh received a report that an explosion had occurred. The fire was believed to have developed in an air-conditioning unit on the second floor.

The dead man, Rubby Geller, 55, an electrician and father of three, was found face down in six inches of water on the third floor.

Run-Away Teen-Agers Are Found

DALLAS (AP) — Two teen-agers who fled their suburban Kansas City homes more than a month ago to get married were picked up yesterday after a fight at a service station.

Karen Long Deffenbaugh, 14-year-old blonde daughter of a Johnson County, Kan., dentist, was reunited with her father last night. Dr. David S. Long flew to Dallas in a private plane. He and his daughter left to return home.

Karen's husband of three weeks, 16-year-old Ronnie Deffenbaugh, remained in custody of Dallas juvenile authorities pending word from his parents, Mr. and Mrs. H. O. Deffenbaugh of Johnson County.

The youngsters were picked up after police were called to a service station where Ronnie had been employed. Police said Ronnie and the station owner got into a fight over repair of a spare tire.

In an interview, Karen confirmed reports that she and Ronnie ran away March 13 because Dr. Long had forbidden her to see Ronnie.

She said they were married March 27 at Rockwall, Tex.

The whipping post as a form of punishment for prisoners ceased to exist in the United States at Trenton, N. J. in 1838.

Atlantic to Pacific and back, across the towering Andes, in 41 hours

CHEVY TAMES THE TOUGHEST TRANSCONTINENTAL HIGHWAY!

'58 Chevrolet station wagon with 250-h.p. Turbo-Thrust* engine swings down to the dock at Buenos Aires, Argentina, ready for record-setting run across South America to Valparaiso, Chile, and back.

Heading for the freezing Andes, with *hood sealed shut* by officials of Automobile Club of Argentina, Chevy arrows across Mendoza desert in 98-degree heat. Not one drop of oil or water was added during run!

Turboglide* shows its velvet competence in fantastic foothills of Andes. Jolt-free powerflow of triple-turbine transmission was particularly important in keeping traction on hundreds of gravel turns.

Mighty Turbo-Thrust V8 seemed virtually unaware of astonishing grades up to 30 percent. Even at summit, 12,572 feet high, drivers found terrific reserves of torque from its 348-cubic-inch displacement.

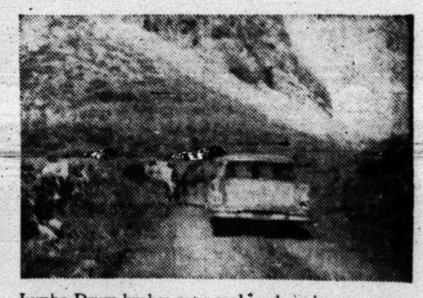

Powdery dust of Argentina's talc mine country proved value of High-Level ventilation, with air intake high above road. Ultra-efficient air cleaner protected V8 from smallest abrasive particles.

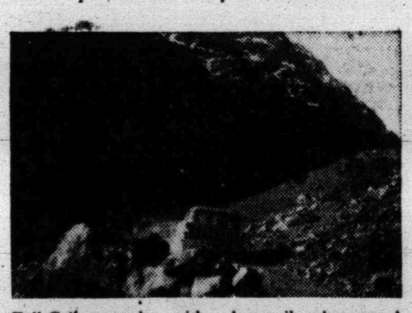

Precision of Chevy's famous Ball-Race steering was a lifesaver on cliff-edge curves; its silk-smooth ease sharply reduced driver fatigue. Vital safety factor was full panoramic visibility of windshield.

Racking hairpin turns on Chilean slope of Andes tested superior torsional strength of Chevy's new Safety-Girder frame, demonstrated the better road-holding permitted by its lower center of gravity.

Jumbo-Drum brakes got a real workout in emergency stops for roving livestock, loose boulders, stream gullies cut across road. Drivers particularly liked Turboglide's special Grade Retarder on long hills.

Full Coil suspension, with a deep coil spring at each wheel, took big rocks and deep chuckholes in stride. Stability of four-link rear suspension held car true and steady on worst sections of road.

Turnaround at Valparaiso on Pacific—and car starts return leg of trip called impossible by A.C.A. experts! Engine was never stopped, oil dip-stick still said "full" at end of 1,900-mile test!

You don't have to cross the Andes to discover Chevy's remarkable ease of handling; riding smoothness and performance. Just see your Chevrolet dealer for a test run.

You'll get the best buy on the best seller!

CHEVROLET

Don't miss your Chevrolet dealer's APRIL SALES SPECTACULAR!
